Option 6. Upon the death of the member prior to the member having received sixty monthly payments of the member's reduced allowance, the remainder of the sixty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the sixty monthly payments, the total of the remainder of such sixty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly

allowance in a lump sum payment. If the total of the sixty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum.

(2) The election of an option may be made only in the application for retirement and such application must be filed prior to the date on which the retirement of the member is to be effective. If either the member or the person nominated to receive the survivorship payments dies before the effective date of retirement, the option shall not be effective, provided that:

(a) If the member or a person retired on disability retirement dies after acquiring twenty-five or more years of creditable service or after attaining the age of fifty-five years and acquiring five or more years of creditable service and before retirement, except retirement with disability benefits, and the person named by the member as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either survivorship benefits under option 2 or a payment of the accumulated contributions of the member. If survivorship benefits under option 2 are elected and the member at the time of death would have been eligible to receive an actuarial equivalent of the member's retirement allowance, the designated beneficiary may further elect to defer the option 2 payments until the date the member would have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section;

(b) If the member or a person retired on disability retirement dies before attaining age fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the person named as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either a payment of the member's accumulated contributions, or survivorship benefits under option 2 to begin on the date the member would first have been eligible to receive an actuarial equivalent of the member's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section.

4. If the total of the retirement or disability allowance paid to an individual before the death of the individual is less than the accumulated contributions at the time of retirement, the difference shall be paid to the beneficiary of the individual, or to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the individual in that order of precedence. If an optional benefit as provided in option 2, 3 or 4 in subsection 3 of this section had been elected, and the beneficiary dies after receiving the optional benefit, and if the total retirement allowance paid to the retired individual and the beneficiary of the retired individual is less than the total of the contributions, the difference shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence, unless the retired individual designates a different recipient with the board at or after retirement.

5. If a member dies and his or her financial institution is unable to accept the final payment or payments due to the member, the final payment or payments shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated. If the beneficiary of a deceased member dies and his or her financial institution is unable to accept the final payment or payments, the final payment or payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated.

6. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the death of the member shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or to the estate of the member, in that order of precedence; except that, no such payment shall be made if the beneficiary elects option 2 in subsection 3 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence.

7. If a member ceases to be a public school employee as herein defined and certifies to the board of trustees that such cessation is permanent, or if the membership of the person is otherwise terminated, the member shall be paid the member's accumulated contributions with interest.

8. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, if a member ceases to be a public school employee after acquiring five or more years of membership service in Missouri, the member may at the option of the member leave the member's contributions with the retirement system and claim a retirement allowance any time after reaching the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 169.010 to 169.141 on the basis of the member's age, years

of service, and the provisions of the law in effect at the time the member requests the member's retirement to become effective.

9. The retirement allowance of a member retired because of disability shall be nine-tenths of the allowance to which the member's creditable service would entitle the member if the member's age were sixty, or fifty percent of one-twelfth of the annual salary rate used in determining the member's contributions during the last school year for which the member received a year of creditable service immediately prior to the member's disability, whichever is greater, except that no such allowance shall exceed the retirement allowance to which the member would have been entitled upon retirement at age sixty if the member had continued to teach from the date of disability until age sixty at the same salary rate.

10. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, from October 13, 1961, the contribution rate pursuant to sections 169.010 to 169.141 shall be multiplied by the factor of two-thirds for any member of the system for whom federal Old Age and Survivors Insurance tax is paid from state or local tax funds on account of the member's employment entitling the person to membership in the system. The monetary benefits for a member who elected not to exercise an option to pay into the system a retroactive contribution of four percent on that part of the member's annual salary rate which was in excess of four thousand eight hundred dollars but not in excess of eight thousand four hundred dollars for each year of employment in a position covered by this system between July 1, 1957, and July 1, 1961, as provided in subsection 10 of this section as it appears in RSMo, 1969, shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, and prior to July 1, 1961, the benefits provided in this section as it appears in RSMo, 1959; except that if the member has at least thirty years of creditable service at retirement the member shall receive the benefit payable pursuant to that section as though the member's age were sixty-five at retirement;

(4) For years of membership service after July 1, 1961, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

11. The monetary benefits for each other member for whom federal Old Age and Survivors Insurance tax is or was paid at any time from state or local funds on account of the member's employment entitling the member to membership in the system shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

12. Any retired member of the system who was retired prior to September 1, 1972, or beneficiary receiving payments under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 1, 1972, will be eligible to receive an increase in the retirement allowance of the member of two percent for each year, or major fraction of more than one-half of a year, which the retired member has been retired prior to July 1, 1975. This increased amount shall be payable commencing with January, 1976, and shall thereafter be referred to as the member's retirement allowance. The increase provided for in this subsection shall not affect the retired member's eligibility for compensation provided for in section 169.580 or 169.585, nor shall the amount being paid pursuant to these sections be reduced because of any increases provided for in this section.

13. If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases two percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by two percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board with the provision that the increases provided for in this subsection shall not become effective until the fourth January first following the member's retirement or January 1, 1977, whichever later occurs, or in the case of any member retiring on or after July 1, 2000, the increase provided for in this subsection shall not become effective until the third January first following the member's retirement, or in the case of any member retiring on or after July 1, 2001, the increase provided for in this subsection shall not become effective until the second January first following the member's retirement. Commencing with January 1, 1992, if the board of trustees determines that the cost of living has increased five percent or more in the preceding fiscal year, the board shall increase the retirement allowances by five percent. The total of the increases granted to a retired member or the beneficiary after December 31, 1976, may not exceed eighty percent of the retirement allowance established at retirement

or as previously adjusted by other subsections. If the cost of living increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no increase in allowances for retired members on the following January first.

14. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 13 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; except that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1976.

15. Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

16. Notwithstanding any other provision of law, any person retired prior to September 28, 1983, who is receiving a reduced retirement allowance under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 28, 1983, and whose beneficiary nominated to receive continued retirement allowance payments under the elected option dies or has died, shall upon application to the board of trustees have his or her retirement allowance increased to the amount he or she would have been receiving had the option not been elected, actuarially adjusted to recognize any excessive benefits which would have been paid to him or her up to the time of application.

17. Benefits paid pursuant to the provisions of the public school retirement system of Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code except as provided pursuant to this subsection. Notwithstanding any other law to the contrary, the board of trustees may establish a benefit plan pursuant to Section 415(m) of Title 26 of the United States Code. Such plan shall be created solely for the purpose described in Section 415(m)(3)(A) of Title 26 of the United States Code. The board of trustees may promulgate regulations necessary to implement the provisions of this subsection and to create and administer such benefit plan.

18. Notwithstanding any other provision of law to the contrary, any person retired before, on, or after May 26, 1994, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive an amount based on the person's years of service so that the total amount received pursuant to sections 169.010 to 169.141 shall be at least the minimum amounts specified in subdivisions (1) to (4) of this subsection. In determining the minimum amount to be received, the amounts in subdivisions (3) and (4) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance. In determining the minimum amount to be received, beginning September 1, 1996, the amounts in subdivisions (1) and (2) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance due to election of an optional form of retirement having a continued monthly payment after the person's death. Notwithstanding any other provision of law to the contrary, no person retired before, on, or after May 26, 1994, and no beneficiary of such a person, shall receive a retirement benefit pursuant to sections 169.010 to 169.141 based on the person's years of service less than the following amounts:

- (1) Thirty or more years of service, one thousand two hundred dollars;
- (2) At least twenty-five years but less than thirty years, one thousand dollars;
- (3) At least twenty years but less than twenty-five years, eight hundred dollars;
- (4) At least fifteen years but less than twenty years, six hundred dollars.

19. Notwithstanding any other provisions of law to the contrary, any person retired prior to May 26, 1994, and any designated beneficiary of such a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement or aging and upon request shall give written or oral opinions to the board in response to such requests. Beginning September 1, 1996, as compensation for such service, the member shall have added, pursuant to this subsection, to the member's monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. Beginning September 1, 1999, the designated beneficiary of the deceased member shall as compensation for such service have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. The total compensation provided by this section including the compensation provided by this subsection shall be used in calculating any future cost-of-living adjustments provided by subsection 13 of this section.

20. Any member who has retired prior to July 1, 1998, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of

education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive a payment equivalent to eight and seven-tenths percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

21. Any member who has retired shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such request. As compensation for such duties, the beneficiary of the retired member, or, if there is no beneficiary, the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the retired member, in that order of precedence, shall receive as a part of compensation for these duties a death benefit of five thousand dollars.

22. Any member who has retired prior to July 1, 1999, and the designated beneficiary of a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to five dollars times the member's number of years of creditable service.

23. Any member who has retired prior to July 1, 2000, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a payment equivalent to three and five-tenths percent of the previous month's benefit, which shall be added to the member or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

24. Any member who has retired prior to July 1, 2001, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a dollar amount equal to three dollars times the member's number of years of creditable service, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

169.670. 1. The retirement allowance of a member whose age at retirement is sixty years or more and whose creditable service is five years or more, or whose sum of age and creditable service equals eighty years or more, or whose creditable service is thirty years or more regardless of age, shall be the sum of the following items:

(1) For each year of membership service, one and sixty-one hundredths percent of the member's final average salary;

(2) Six-tenths of the amount payable for a year of membership service for each year of prior service;

(3) Eighty-five one-hundredths of one percent of any amount by which the member's average compensation for services rendered prior to July 1, 1973, exceeds the average monthly compensation on which federal Social Security taxes were paid during the period over which such average compensation was computed, for each year of membership service credit for services rendered prior to July 1, 1973, plus six-tenths of the amount payable for a year of membership service for each year of prior service credit;

(4) In lieu of the retirement allowance otherwise provided by subdivisions (1) to (3) of this subsection, [between July 1, 2001, and July 1, 2013,] a member may elect to receive a retirement allowance of:

(a) One and fifty-nine hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-nine years or more but less than thirty years and the member has not attained the age of fifty-five;

(b) One and fifty-seven hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-eight years or more but less than twenty-nine years, and the member has not attained the age of fifty-five;

(c) One and fifty-five hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-seven years or more but less than twenty-eight years and the member has not attained the age of fifty-five;

(d) One and fifty-three hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-six years or more but less than twenty-seven years and the member has not attained the age of fifty-five;

(e) One and fifty-one hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-five years or more but less than twenty-six years and the member has not attained the age of fifty-five; and

(5) In addition to the retirement allowance provided in subdivisions (1) to (3) of this subsection, a member retiring on or after July 1, 2001, whose creditable service is thirty years or more or whose sum of age and creditable service is eighty years or more, shall receive a temporary retirement allowance equivalent to eight-tenths of one percent of the member's final average salary multiplied by the member's years of service until such time as the member reaches the minimum age for Social Security retirement benefits.

2. If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases five percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by five percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board; provided that, the increase provided in this subsection shall not become effective until the fourth January first following a member's retirement or January 1, 1982, whichever occurs later, and the total of the increases granted to a retired member or the beneficiary after December 31, 1981, may not exceed eighty percent of the retirement allowance established at retirement or as previously adjusted by other provisions of law. If the cost of living increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no increase in allowances for retired members on the following January first.

3. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 2 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; provided that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1981.

4. (1) In lieu of the retirement allowance provided in subsection 1 of this section, called option 1, a member whose creditable service is twenty-five years or more or who has attained age fifty-five with five or more years of creditable service may elect, in the application for retirement, to receive the actuarial equivalent of the member's retirement allowance in reduced monthly payments for life during retirement with the provision that:

Option 2. Upon the member's death, the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member as the member shall have nominated in the member's election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the member elected option 1; OR

Option 3. Upon the death of the member three-fourths of the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the member elected option 1; OR

Option 4. Upon the death of the member one-half of the reduced retirement allowance shall be continued throughout the life of, and paid to, such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance shall be increased to the amount the retired member would be receiving had the member elected option 1; OR

Option 5. Upon the death of the member prior to the member having received one hundred twenty monthly payments of the member's reduced allowance, the remainder of the one hundred twenty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the one hundred twenty monthly payments, the reserve for the remainder of such one hundred twenty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the one hundred twenty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum; OR

Option 6. Upon the death of the member prior to the member having received sixty monthly payments of the member's reduced allowance, the remainder of the sixty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the sixty monthly payments, the reserve for the remainder of such sixty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the sixty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum; OR

Option 7. A plan of variable monthly benefit payments which provides, in conjunction with the member's retirement benefits under the federal Social Security laws, level or near-level retirement benefit payments to the member for life during retirement, and if authorized, to an appropriate beneficiary designated by the member. Such a plan shall be actuarially equivalent to the retirement allowance under option 1 and shall be available for election only if established by the board of trustees under duly adopted rules.

(2) The election of an option may be made only in the application for retirement and such application must be filed prior to the date on which the retirement of the member is to be effective. If either the member or the person nominated dies before the effective date of retirement, the option shall not be effective, provided that:

(a) If the member or a person retired on disability retirement dies after attaining age fifty-five and acquiring five or more years of creditable service or after acquiring twenty-five or more years of creditable service and before retirement, except retirement with disability benefits, and the person named by the member as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either survivorship payments under option 2 or a payment of the member's accumulated contributions. If survivorship benefits under option 2 are elected and the member at the time of death would have been eligible to receive an actuarial equivalent of the member's retirement allowance, the designated beneficiary may further elect to defer the option 2 payments until the date the member would have been eligible to receive the retirement allowance provided in subsection 1 of this section.

(b) If the member or a person retired on disability retirement dies before attaining age fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the person named as the beneficiary has an insurable interest in the life of the deceased member or disability retiree, the designated beneficiary may elect to receive either a payment of the person's accumulated contributions or survivorship benefits under option 2 to begin on the date the member would first have been eligible to receive an actuarial equivalent of the person's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in subsection 1 of this section.

5. If the total of the retirement or disability allowances paid to an individual before the person's death is less than the person's accumulated contributions at the time of the person's retirement, the difference shall be paid to the person's beneficiary or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or person's estate, in that order of precedence; provided, however, that if an optional benefit, as provided in option 2, 3 or 4 in subsection 4 of this section, had been elected and the beneficiary dies after receiving the optional benefit, then, if the total retirement allowances paid to the retired individual and the individual's beneficiary are less than the total of the contributions, the difference shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence, unless the retired individual designates a different recipient with the board at or after retirement.

6. If a member dies and his or her financial institution is unable to accept the final payment or payments due to the member, the final payment or payments shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated. If the beneficiary of a deceased member dies and his or her financial institution is unable to accept the final payment or payments, the final payment or payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated.

7. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the member's death shall be paid to the member's beneficiary or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or to the member's estate; provided, however, that no such payment shall be made if the beneficiary elects option 2 in subsection 4 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that

subsection shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence.

8. If a member ceases to be an employee as defined in section 169.600 and certifies to the board of trustees that such cessation is permanent or if the person's membership is otherwise terminated, the person shall be paid the person's accumulated contributions with interest.

9. Notwithstanding any provisions of sections 169.600 to 169.715 to the contrary, if a member ceases to be an employee as defined in section 169.600 after acquiring five or more years of creditable service, the member may, at the option of the member, leave the member's contributions with the retirement system and claim a retirement allowance any time after the member reaches the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 169.600 to 169.715 on the basis of the member's age and years of service.

10. The retirement allowance of a member retired because of disability shall be nine-tenths of the allowance to which the member's creditable service would entitle the member if the member's age were sixty.

11. Notwithstanding any provisions of sections 169.600 to 169.715 to the contrary, any member who is a member prior to October 13, 1969, may elect to have the member's retirement allowance computed in accordance with sections 169.600 to 169.715 as they existed prior to October 13, 1969.

12. Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

13. Notwithstanding any other provision of law, any person retired prior to August 14, 1984, who is receiving a reduced retirement allowance under option 1 or 2 of subsection 4 of this section, as the option existed prior to August 14, 1984, and whose beneficiary nominated to receive continued retirement allowance payments under the elected option dies or has died, shall upon application to the board of trustees have the person's retirement allowance increased to the amount the person would have been receiving had the person not elected the option actuarially adjusted to recognize any excessive benefits which would have been paid to the person up to the time of the application.

14. Benefits paid pursuant to the provisions of the public education employee retirement system of Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code, except as provided under this subsection. House Amendment No. 1

AMEND House Committee Substitute No. 2 for House Bill No. 698, Page 1, Section A, Line 8, by inserting after all of said line the following:

“32.115. 1. The department of revenue shall grant a tax credit, to be applied in the following order until used, against:

- (1) The annual tax on gross premium receipts of insurance companies in chapter 148;
- (2) The tax on banks determined pursuant to subdivision (2) of subsection 2 of section 148.030;
- (3) The tax on banks determined in subdivision (1) of subsection 2 of section 148.030;
- (4) The tax on other financial institutions in chapter 148;
- (5) The corporation franchise tax in chapter 147;
- (6) The state income tax in chapter 143; and
- (7) The annual tax on gross receipts of express companies in chapter 153.

2. For proposals approved pursuant to section 32.110:

(1) The amount of the tax credit shall not exceed fifty percent of the total amount contributed during the taxable year by the business firm or, in the case of a financial institution, where applicable, during the relevant income period in programs approved pursuant to section 32.110;

(2) Except as provided in subsection 2 or 5 of this section, a tax credit of up to seventy percent may be allowed for contributions to programs where activities fall within the scope of special program priorities as defined with the approval of the governor in regulations promulgated by the director of the department of economic development;

(3) Except as provided in subsection 2 or 5 of this section, the tax credit allowed for contributions to programs located in any community shall be equal to seventy percent of the total amount contributed where such community is a city, town or village which has fifteen thousand or less inhabitants as of the last decennial census and is located in a county which is either located in:

(a) An area that is not part of a standard metropolitan statistical area;

(b) A standard metropolitan statistical area but such county has only one city, town or village which has more than fifteen thousand inhabitants; or

(c) A standard metropolitan statistical area and a substantial number of persons in such county derive their income from agriculture. Such community may also be in an unincorporated area in such county as provided in subdivision (1), (2) or (3) of this subsection. Except in no case shall the total economic benefit of the combined federal and state tax savings to the taxpayer exceed the amount contributed by the taxpayer during the tax year;

(4) Such tax credit allocation, equal to seventy percent of the total amount contributed, shall not exceed four million dollars in fiscal year 1999 and six million dollars in fiscal year 2000 and any subsequent fiscal year. When the maximum dollar limit on the seventy percent tax credit allocation is committed, the tax credit allocation for such programs shall then be equal to fifty percent credit of the total amount contributed. Regulations establishing special program priorities are to be promulgated during the first month of each fiscal year and at such times during the year as the public interest dictates. Such credit shall not exceed two hundred and fifty thousand dollars annually except as provided in subdivision (5) of this subsection. No tax credit shall be approved for any bank, bank and trust company, insurance company, trust company, national bank, savings association, or building and loan association for activities that are a part of its normal course of business. Any tax credit not used in the period the contribution was made may be

carried over the next five succeeding calendar or fiscal years until the full credit has been claimed. Except as otherwise provided for proposals approved pursuant to section 32.111, 32.112 or 32.117, in no event shall the total amount of all other tax credits allowed pursuant to sections 32.100 to 32.125 exceed thirty-two million dollars in any one fiscal year, of which six million shall be credits allowed pursuant to section 135.460. If six million dollars in credits are not approved, then the remaining credits may be used for programs approved pursuant to sections 32.100 to 32.125;

(5) The credit may exceed two hundred fifty thousand dollars annually and shall not be limited if community services, crime prevention, education, job training, physical revitalization or economic development, as defined by section 32.105, is rendered in an area defined by federal or state law as an impoverished, economically distressed, or blighted area or as a neighborhood experiencing problems endangering its existence as a viable and stable neighborhood, or if the community services, crime prevention, education, job training, physical revitalization or economic development is limited to impoverished persons.

3. For proposals approved pursuant to section 32.111:

(1) The amount of the tax credit shall not exceed fifty-five percent of the total amount invested in affordable housing assistance activities or market rate housing in distressed communities as defined in section 135.530 by a business firm. Whenever such investment is made in the form of an equity investment or a loan, as opposed to a donation alone, tax credits may be claimed only where the loan or equity investment is accompanied by a donation which is eligible for federal income tax charitable deduction, and where the total value of the tax credits herein plus the value of the federal income tax charitable deduction is less than or equal to the value of the donation. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. If the affordable housing units or market rate housing units in distressed communities for which a tax is claimed are within a larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable to the entire structure shall be reduced on a prorated basis in proportion to the ratio of the number of square feet devoted to the affordable housing units or market rate housing units in distressed communities, for purposes of determining the amount of the tax credit. The total amount of tax credit granted for programs approved pursuant to section 32.111 for the fiscal year beginning July 1, 1991, shall not exceed two million dollars, to be increased by no more than two million dollars each succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in any fiscal year. **Beginning August 28, 2013, no new tax credits shall be authorized for programs under section 32.111 as provided under section 620.2020. The provisions of this subdivision shall not be construed to limit or impair the ability of any administering agency to issue tax credits authorized prior to August 28, 2013, or the ability of any taxpayer to redeem any such tax credits;**

(2) For any year during the compliance period indicated in the land use restriction agreement, the owner of the affordable housing rental units for which a credit is being claimed shall certify to the commission that all tenants renting claimed units are income eligible for affordable housing units and that the rentals for each claimed unit are in compliance with the provisions of sections 32.100 to 32.125. The commission is authorized, in its discretion, to audit the records and accounts of the owner to verify such certification;

(3) In the case of owner-occupied affordable housing units, the qualifying owner occupant shall, before the end of the first year in which credits are claimed, certify to the commission that the occupant is income eligible during the preceding two years, and at the time of the initial purchase contract, but not thereafter. The qualifying owner occupant shall further certify to the commission, before the end of the first year in which credits are claimed, that during the compliance period indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant for the claimed unit can reasonably be projected to be in compliance with the provisions of sections 32.100 to 32.125. Any succeeding owner occupant acquiring the affordable housing unit during the compliance period indicated in the land use restriction agreement shall make the same certification;

(4) If at any time during the compliance period the commission determines a project for which a proposal has been approved is not in compliance with the applicable provisions of sections 32.100 to 32.125 or rules promulgated therefor, the commission may within one hundred fifty days of notice to the owner either seek injunctive enforcement action against the owner, or seek legal damages against the owner representing the value of the tax credits, or foreclose on the lien in the land use restriction agreement, selling the project at a public sale, and paying to the owner the proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The commission shall remit to the director of revenue the portion of the legal damages collected or the sale proceeds representing the value of the tax credits. However, except in the event of intentional fraud by the taxpayer, the proposal's certificate of eligibility for tax credits shall not be revoked.

4. For proposals approved pursuant to section 32.112, the amount of the tax credit shall not exceed fifty-five percent of the total amount contributed to a neighborhood organization by business firms. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until

the full credit has been allowed. The total amount of tax credit granted for programs approved pursuant to section 32.112 shall not exceed one million dollars for each fiscal year.

5. The total amount of tax credits used for market rate housing in distressed communities pursuant to sections 32.100 to 32.125 shall not exceed thirty percent of the total amount of all tax credits authorized pursuant to sections 32.111 and 32.112.”; and

(6) "Renewable fuel production facility", a facility producing an energy source which is derived from a renewable, domestically grown, organic compound capable of powering machinery, including an engine or power plant, and any by-product derived from such energy source.

3. For all tax years beginning on or after January 1, 1999, a contributor who contributes funds to the authority may receive a credit against the tax or estimated quarterly tax otherwise due pursuant to chapter 143, other than taxes withheld pursuant to sections 143.191 to 143.265, chapter [148 chapter] 147, **or chapter 148**, in an amount of up to one hundred percent of such contribution. Tax credits claimed in a taxable year may be done so on a quarterly basis and applied to the estimated quarterly tax pursuant to this subsection. If a quarterly tax credit claim or series of claims contributes to causing an overpayment of taxes for a taxable year, such overpayment shall not be refunded but shall be applied to the next taxable year. The awarding of such credit shall be at the approval of the authority, based on the least amount of credits necessary to provide incentive for the contributions. A contributor that receives tax credits for a contribution to the authority shall receive no other consideration or compensation for such contribution, other than a federal tax deduction, if applicable, and goodwill.

4. A contributor shall submit to the authority an application for the tax credit authorized by this section on a form provided by the authority. If the contributor meets all criteria prescribed by this section and the authority, the authority shall issue a tax credit certificate in the appropriate amount. For all fiscal years beginning on or after July 1, 2004, tax credits allowed pursuant to this section may be carried back to any of the contributor's three prior tax years and may be carried forward to any of the contributor's five subsequent taxable years. **Through December 31, 2013**, tax credits issued pursuant to this section may be assigned, transferred or sold and the new owner of the tax credit shall have the same rights in the credit as the contributor, **but beginning January 1, 2014, no tax credit issued under this section shall in any manner be transferred, sold, assigned, exchanged, or otherwise conveyed.** Whenever a certificate of tax credit is assigned, transferred, sold or otherwise conveyed, a notarized endorsement shall be filed with the authority specifying the name and address of the new owner of the tax credit or the value of the credit.

5. The funds derived from contributions in this section shall be used for financial assistance or technical assistance for the purposes provided in section 348.407 to rural agricultural business concepts as approved by the authority. The authority may provide or facilitate loans, equity investments, or guaranteed loans for rural agricultural business concepts, but limited to two million dollars per project or the net state economic impact, whichever is less. Loans, equity investments or guaranteed loans may only be provided to feasible projects, and for an amount that is the

least amount necessary to cause the project to occur, as determined by the authority. The authority may structure the loans, equity investments or guaranteed loans in a way that facilitates the project, but also provides for a compensatory return on investment or loan payment to the authority, based on the risk of the project.

6. In any given year, at least ten percent of the funds granted to rural agricultural business concepts shall be awarded to grant requests of twenty-five thousand dollars or less. No single rural agricultural business concept shall receive more than two hundred thousand dollars in grant awards from the authority. Agricultural businesses owned by minority members or women shall be given consideration in the allocation of funds.

 - (b) Control the hiring and firing of management; and
 - (c) Deliver agricultural commodities or products to the entity for processing, unless processing is required by multiple entities;
- (5) "Employee-qualified capital project", an eligible new generation cooperative with capital costs greater than fifteen million dollars which will employ at least sixty employees;
- (6) "Large capital project", an eligible new generation cooperative with capital costs greater than one million dollars;

Tax credits claimed in a taxable year may be done so on a quarterly basis and applied to the estimated quarterly tax pursuant to subsection 3 of this section. If a quarterly tax credit claim or series of claims contributes to causing an overpayment of taxes for a taxable year, such overpayment shall not be refunded but shall be applied to the next taxable year.

5. A producer member shall submit to the authority an application for the tax credit authorized by this section on a form provided by the authority. If the producer member meets all criteria prescribed by this section and is approved by the authority, the authority shall issue a tax credit certificate in the appropriate amount. Tax credits issued pursuant to this section may be carried back to any of the producer member's three prior taxable years and carried forward to any of the producer member's five subsequent taxable years regardless of the type of tax liability to which such credits are applied as authorized pursuant to subsection 3 of this section. **Through December 31, 2013**, tax credits issued pursuant

6. Ten percent of the tax credits authorized pursuant to this section initially shall be offered in any fiscal year to small capital projects. If any portion of the ten percent of tax credits offered to small capital costs projects is unused in any calendar year, then the unused portion of tax credits may be offered to employee-qualified capital projects and large capital projects. 7. Ninety percent of the tax credits authorized pursuant to this section initially shall be offered in any fiscal year to employee-qualified capital projects and large capital projects. The maximum tax credit allowed per employee-qualified capital project is three million dollars and the maximum tax credit allowed per large capital project is one million five hundred thousand dollars. If the authority approves the maximum tax credit allowed for any employee-qualified capital project or any large capital project, then the authority, by rule, shall determine the method of distribution of such maximum tax credit. In addition, if the authority receives more tax credit applications for employee-qualified capital projects and large capital projects than the amount of tax credits authorized therefor, then the authority, by rule, shall determine the method of distribution of tax credits authorized for employee-qualified capital projects and large capital projects."; and

JOURNAL OF THE HOUSE

First Regular Session, 97th GENERAL ASSEMBLY

FIFTY-FOURTH DAY, THURSDAY, APRIL 18, 2013

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

He that loveth not knoweth not God; for God is love. (1 John 4:8)

God of love and Lord of mercy, lay Your hand upon us and hold us steady amid the troubles of life during this session. The days come and go so fast that we lose our grip on life. We hurry here and there and wonder why we are weary and worn out. In fact, our work controls us - rather than in faith, we control our work.

Halt our haste, heal our ailing spirits, direct us in the doing of our duty, stay with us and we with You until we come to ourselves. Then let us arise with a strength born of Your spirit to face the tasks of this day with courage and to keep our faith even against the foolishness of a world which has lost, at times, its true purpose and real destiny.

Abide with us and encourage us to do Your will that we may be open channels through which Your redeeming love may flow to heal the difference between people and political parties.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Micah Bahr.

The Journal of the fifty-third day was approved as printed.

JOURNAL OF THE HOUSE

First Regular Session, 97th GENERAL ASSEMBLY

FIFTY-FIFTH DAY, MONDAY, APRIL 22, 2013

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Representative Lindell Shumake.

Let us pray: Dear Lord, we come before You this morning acknowledging our utter and complete dependence upon You. Today we reach out to You for divine wisdom. As we learn from sacred scripture how King Solomon did not ask for riches, long life, or victory over his enemies, but rather, asked for wisdom to govern Your people, we ask for that kind of wisdom today.

Lord we ask that You remember our fellow Americans who have experienced tragedy in their lives, especially those in Boston and Texas. May their recovery be swift and total. Please remember our own House members and staff who are dealing with sickness, whether their own or that of a family member.

We ask for Your divine guidance as we begin our work week. We cannot thank You enough for the many blessings You have visited upon our great state through the grace of Your Son Jesus.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

OATH OF OFFICE

Representative-elect Mike Moon advanced to the bar and subscribed to the oath of office, which was administered by the Honorable Timothy Jones, Speaker of the Missouri House of Representatives.

JOURNAL OF THE HOUSE

First Regular Session, 97th GENERAL ASSEMBLY

FIFTY-SIXTH DAY, TUESDAY, APRIL 23, 2013

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Teach me Thy way, O Lord, that I may walk in Thy truth. (Psalm 86:11)

Eternal God, Who is the refuge and strength of Your people in every age and our refuge and strength in this present hour, come into our hearts as we bow humbly in Your presence. Help us to realize our dependence upon You, our constant need of Your strength, Your guidance, and Your love. Give us knowledge that You are always with us and that with You we can be made ready for every responsibility and equal to every experience.

We pray for peace in our world, for an end to terrorism, for good will among our people, and for a faith in You which makes us strong, gives us courage, and helps us on our upward way. Keep our firefighters safe and protect us from floods.

May Your spirit touch each one of us with healing power. Kindle our faith, make sensitive our consciences, dedicate our strength, fortify us in our troubles, and send us out into this day strong in You and in the power of Your might.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Alex Ricci, Miranda Nelson, Sabrina Drake, Anna Marie Harmon, Alex Loethen, Savannah Feltrop, Faith Koenig, Jacoby Lefort, Gage Rethorn, James Bomen, Johanna Shumake, Sadie Rowden and Stella Sides.

The Journal of the fifty-fifth day was approved as printed.

The first installment shall be payable after the first collection of general property taxes following the adoption of the assessment ordinance or resolution unless such ordinance or resolution was adopted and certified too late to permit its collection at such time. All assessments shall bear interest at such rate as the governing body determines, not to exceed the rate permitted for bonds by section 108.170. Interest on the assessment between the effective date of the ordinance or resolution assessing the assessment and the date the first installment is payable shall be added to the first installment. The interest for one year on all unpaid installments shall be added to each subsequent installment until paid. In the case of a special assessment by a city, all of the installments, together with the interest accrued or to accrue thereon, may be certified by the city clerk to the county clerk in one instrument at the same time. Such certification shall be good for all of the installments, and the interest thereon payable as special assessments.

The lien may be foreclosed in the same manner as a tax upon real property by land tax sale pursuant to chapter 140 or, **if applicable to that county, chapter 141, or**, [by judicial foreclosure proceeding,] at the option of the governing body, **by judicial foreclosure proceeding**. Upon the foreclosure of any such lien, whether by land tax sale or by judicial foreclosure proceeding, the entire remaining assessment may become due and payable and may be recoverable in such foreclosure proceeding at the option of the governing body.

If the project is reapproved, the two-year period for commencement shall apply.

4. (1) The director shall review the STAR bond project plan, feasibility study, and market study, along with other supporting documentation, and determine whether to approve a request and, if approved, issue an approval letter for a STAR bond project based upon the requirements within the STAR bonds financing act and rules and regulations developed by the director.

(2) A special obligation bond issue shall bear interest at a reasonable rate as of the time of sale of the bonds, taking into account such factors as current market conditions, the nature and degree of risk associated with repayment of the bonds, and other relevant factors.

5. (1) Any city or county that has received approval for a STAR bond project may request STAR bond issuance authority to issue additional STAR bonds in an amount in excess of the amount previously approved by the director. (3) Bonds issued under subdivision (1) of this subsection shall not be general obligations of the city or the county, nor in any event shall they give rise to a charge against the city's or county's general credit or taxing powers, or be payable out of any funds or properties other than any of those set forth in subdivision (1) of this subsection, and such bonds shall so state on their face. Bonds issued under the provisions of subdivision (1) of this subsection shall be special obligations of the city or county and are declared to be negotiable instruments. (5) Removal of real property from one STAR bond project district and addition of all or a portion of that real property to another STAR bond project district may be accomplished by the adoption of an ordinance or resolution, and in such event the determination of the existence or nonexistence of an adverse effect on the county or school district under subsection 2 of section 67.2071 shall apply to both such removal and such addition of real property to a STAR bond project district.

3. (1) Any city or county that has adopted a STAR bond project plan may purchase or otherwise acquire real property in connection with such project plan. Upon a two-thirds vote of the members of the governing body thereof, a city or county may acquire by condemnation any interest in real property, including a fee simple title thereto, that it deems necessary for or in connection with any project plan of an area located within the project district; however, eminent domain shall be used only as provided in state law. Any such city or county may exercise the power of eminent domain in the manner provided in state law. In addition to any compensation or damages allowed under provisions governing eminent domain, such city or county shall also provide for the payment of relocation assistance as provided in subsection 4 of this section.

(2) No real property shall be taken using eminent domain by any municipal or county government for any economic development project, as defined in section 523.271, funded by Star Bonds if such property is acquired in order to be transferred to any private entity prior to the expiration of the Star Bond project.

4. Before any STAR bond project shall be initiated, a relocation assistance plan shall be approved by the governing body of the city or county proposing to undertake the project. Such relocation assistance plan shall:

(1) Provide for relocation payments to be made to persons, families, and businesses who move from real property located in the STAR bond project district, or who move personal property from real property located in the STAR bond project district as a result of the acquisition of the real property by the city or county in carrying out the provisions of the STAR bonds financing act. With respect to any STAR bond project, such payments shall not be less than five hundred dollars;

(2) Provide that no persons or families residing in the STAR bond project district shall be displaced unless and until there is a suitable housing unit available and ready for occupancy by such displaced person or family at rents within the person's or family's ability to pay. Such housing units shall be suitable to the needs of such displaced persons or families and must be a decent, safe, sanitary, and otherwise standard dwelling; and

(3) Provide for the payment of any damages sustained by a seller, as defined in section 144.010, by reason of the liquidation of inventories necessitated by relocation from the STAR bond project district.

5. (1) Notwithstanding any other provision of law to the contrary, copies of all sales, use, and transient guest tax returns of sellers, as defined in section 144.010, filed with the director in connection with a STAR bond project area or STAR bond project, for which sales, use, and transient guest tax revenues are pledged or

otherwise intended to be used in whole or in part for the payment of bonds issued to finance project costs in such STAR bond project area, shall be provided by the director to the bond trustee, escrow agent, or paying agent for such bonds upon the written request of the city or county within fifteen days of receipt by the director. The bond trustee, escrow agent, or paying agent shall keep such sales, use, and transient guest tax returns of sellers and the information contained therein confidential, but may use such information for purposes of allocating and depositing such sales, use, and transient guest tax revenues in connection with the bonds used to finance project costs in such STAR bond project area. Except as otherwise provided herein, the sales, use, and transient guest tax returns received by the bond trustee, escrow agent, or paying agent shall be subject to the confidentiality provisions in chapter 32.

(2) The director shall determine when the amount of sales tax and other revenues that have been collected and distributed to the bond debt service or reserve fund is sufficient to satisfy all principal and interest costs to the maturity date or dates of any special obligation bonds issued by a city or county to finance a STAR bond project. Thereafter, all sales tax and other revenues shall be collected and distributed in accordance with applicable law.

6. For projects involving the use of financing under paragraph (e) of subdivision (1) of subsection 1 of section 67.2072, the director shall set a limit on the total amount of such special obligation bonds that may be issued for a STAR bond project. An issue of special obligation bonds shall bear interest at a reasonable rate as of the time of sale of the bonds, taking into account such factors as current market conditions, the nature and degree of risk associated with repayment of the bonds, and other relevant factors.

7. (1) STAR bond projects using state sales tax financing under section 67.2072 shall be audited by an independent certified public accountant annually at the expense of the city or county. The audit report shall supplement the required annual report required.

(2) Such audits shall determine whether bond financing obtained under section 67.2072 is being used only for authorized purposes. Audit results shall be reported to the governor, the director of the department of economic development, the senate committee on commerce, consumer protection, energy and the environment, the house committee on economic development, and any successor committees thereto, and the director, during the legislative session immediately following the audit.

(3) If audit findings indicate that bond funds have been used for unauthorized or ineligible purposes, the city or county shall repay to the bond fund all such unauthorized or ineligible expenditures. Such city or county shall enter into a repayment agreement with the director specifying the terms of such repayment obligation.

8. The STAR bonds financing act shall expire on June 30, 2018."; and

[(4)] (6) "Owner of real property", the owner of the fee interest in the real property[, except that when the real property is subject to a lease of ten or more years, the lessee rather than the owner of the fee interest shall be considered as the "owner of real property"]. An owner may be either a natural person or a [juridical] **legal** entity.

2. For the purposes of sections 11(c), 16 and 22 of article X of the Constitution of Missouri, section 137.073, and as used in sections 184.800 to 184.880, the following terms shall have the meanings given:

(1) "Approval of the required majority" [or "direct voter approval"], a simple majority;

(2) "Qualified voters", the owners of real property located within the proposed district [or any person residing in the district who is a legal voter within the district].

184.810. 1. A district **where the majority of the property is located within a disaster area** may be created to fund, promote, plan, design, construct, improve, maintain and operate one or more projects relating to [a museum] **one or more museums and cultural assets** or to assist in such activity.

2. A district is a political subdivision of the state.

3. No structures operated by a museum **and cultural** district board pursuant to sections 184.800 to 184.880 shall be named for a commercial venture.

184.815. 1. Whenever the creation of a district is desired, the owners of real property who own at least two-thirds of the real property within the proposed district may file a petition requesting the creation of a district. The petition shall be filed in the circuit court of the county in which the proposed district is located. Any petition to create a museum **and cultural** district pursuant to the provisions of sections 184.800 to 184.880 shall be filed [on or before December 31, 1998] **within five years after the Presidential declaration establishing the disaster area**.

2. The proposed district area [shall be contiguous and] may contain **one or more parcels of real property, which may or may not be contiguous and may further include** any portion of one or more municipalities.

3. The petition shall set forth:

Any objections to the petition shall be raised by answer within the time provided by supreme court rule for the filing of an answer to a petition.

184.820. 1. Any owner of real property within the proposed district [and any legal voter who is a resident within the proposed district] may join in or file a petition supporting or answer opposing the creation of the district and seeking a judgment respecting these same issues.

2. The court shall hear the case without a jury. If the court determines the petition is defective or the proposed district or its plan of operation is unconstitutional, it shall enter its judgment to that effect and shall refuse to incorporate the district as requested in the pleadings. If the court determines the petition is not legally defective and the proposed district and plan of operation are not unconstitutional, the court shall determine and declare the district organized and incorporated and shall approve the plan of operation stated in the petition.

3. Any party having filed a petition or answer to a petition may appeal the circuit court's order or judgment in the same manner as provided for other appeals. Any order either refusing to incorporate the district or incorporating the district shall be deemed a final judgment for purposes of appeal.

184.827. A museum **and cultural** district created pursuant to sections 184.800 to 184.880 shall be governed by a board of directors consisting of [eight] **five** members[. 184.830. 1. Within thirty days after the order declaring the district organized has become final, the circuit clerk of the county in which the petition was filed shall, give notice by causing publication to be made once a week for two consecutive weeks in a newspaper of general circulation in the county, the last publication of which shall be at least ten days before the day of the meeting required by this section, call a meeting of the owners of real property within the district at a day and hour specified in a public place in the county in which the petition was filed for the purpose of electing a board of five directors, to be composed of owners or representatives of owners of real property in the district.

2. The owners of real property, when assembled, shall organize by the election of a chairman and secretary of the meeting who shall conduct the election. At the election, each acre of real property within the district shall be considered as a voting interest, and each owner of real property shall have one vote in person or by proxy for every acre of real property owned within the district for each director to be elected. A director need not be a legal voter of the district.

3. Each director shall serve for a term of three years and until his **or her** successor is duly elected and qualified. Successor directors shall be elected in the same manner as the initial directors at a meeting of the owners of real property called by the board. Each successor director shall serve a three-year term. 4. Directors shall be at least twenty-one years of age.

184.835. 1. The board shall possess and exercise all of the district's legislative and executive powers.

A director may fill more than one office, except that a director may not fill both the office of chairman and secretary.

3. [The board may employ such employees as it deems necessary; provided, however, that the board shall not employ any employee who is related within the fourth degree by blood or marriage to a member of the board.

4.] At the first meeting, the board, by resolution, shall define the first and subsequent fiscal years of the district, and shall adopt a corporate seal.

[5.] 4. A simple majority of the board shall constitute a quorum. If a quorum exists, a **simple** majority of those voting shall have the authority to act in the name of the board, and approve any board resolution.

[6.] 5. Each director shall devote such time to the duties of the office as the faithful discharge thereof may require and may be reimbursed for his or her actual expenditures in the performance of his or her duties on behalf of the district.

184.840. 1. A district may receive and use funds for the purposes of planning, designing, constructing, reconstructing, maintaining and operating [a museum] **one or more museums and cultural assets**, conducting educational programs in connection therewith [for any public purpose] which is reasonably connected with the museum **or cultural asset** and for any other purposes authorized by sections 184.840 to 184.880. Such funds may be derived from any funding method which is authorized by sections 184.800 to 184.880 and from any other source, including but not limited to funds from federal sources, the state of Missouri or an agency thereof, a political subdivision of the state or private sources.

2. The general assembly may annually for a period of twenty years after [July 7, 1997] **January 1, 2013**, make appropriations from general revenue to a district which is created pursuant to the provisions of sections 184.800 to 184.880.

184.845. 1. The board of the district may impose a museum **and cultural** district sales tax by resolution on all retail sales made in such museum **and cultural** district which are subject to taxation pursuant to the provisions of sections 144.010 to 144.525. Such museum **and cultural** district sales tax may be imposed for any museum **or cultural** purpose designated by the board of the museum **and cultural** district. If the resolution is adopted the board of the district may submit the question of whether to impose a sales tax authorized by this section to [either the legal voters of the district and/or to the owners of real property within the district] **the qualified voters**, who shall have the same voting interests as with the election of members of the board of the district.

2. The sales tax authorized by this section shall become effective on the first day of the second calendar quarter following adoption of the tax by the **board or qualified voters, if the board elects to submit the question of whether to impose a sales tax to the** qualified voters.

3. In each museum **and cultural** district in which a sales tax has been imposed in the manner provided by this section, every retailer shall add the tax imposed by the museum **and cultural** district pursuant to this section to the retailer's sale price, and when so added such tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

4. In order to permit sellers required to collect and report the sales tax authorized by this section to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the museum **and cultural** district may establish appropriate brackets which shall be used in the district imposing a tax pursuant to this section in lieu of those brackets provided in section [144.825] **144.285**.

5. All revenue received by a museum **and cultural** district from the tax authorized by this section which has been designated for a certain museum **or cultural** purpose shall be deposited in a special trust fund and shall be used solely for such designated purpose. All funds remaining in the special trust fund shall continue to be used solely for such designated museum **or cultural** purpose. Any funds in such special trust fund which are not needed for current expenditures may be invested by the board of directors in accordance with applicable laws relating to the investment of other museum **or cultural** district funds.

6. The sales tax may be imposed at a rate of one-half of one percent, three-fourths of one percent or one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the museum **and cultural** district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to the provisions of sections 144.010 to 144.525. Any museum **and cultural** district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

7. On and after the effective date of any tax imposed pursuant to this section, the museum **and cultural** district shall perform all functions incident to the administration, collection, enforcement, and operation of the tax. The tax imposed pursuant to this section shall be collected and reported upon such forms and under such administrative rules and regulations as may be prescribed by the museum **and cultural** district.

8. All applicable provisions contained in sections 144.010 to 144.525 governing the state sales tax, sections 32.085 and 32.087, and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section.

9. All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services pursuant to the provisions of sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax imposed by this section.

10. The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the museum **and cultural** district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

11. The penalties provided in section 32.057 and sections 144.010 to 144.525 for violation of those sections are hereby made applicable to violations of this section.

12. For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales except retail sales of motor vehicles shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order shall be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

13. All sales taxes collected by the museum **and cultural** district shall be deposited by the museum **and cultural** district in a special fund to be expended for the purposes authorized in this section. The museum **and cultural** district shall keep accurate records of the amount of money which was collected pursuant to this section, and the records shall be open to the inspection by the officers and directors of each museum **and cultural** district and the Missouri department of revenue. Tax returns filed by businesses within the district shall otherwise be considered as confidential in the same manner as sales tax returns filed with the Missouri department of revenue.

14. No museum **and cultural** district imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district's ability to repay any liabilities which it has

incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued to finance any project or projects.

184.847. 1. The board of a district may impose an admissions fee on every person, firm, association, company or partnership of whatever form offering or managing any form of entertainment, amusement, athletic or other commercial or nonprofit event or venue for which admission is charged and which is presented within the district. The fee shall be at a rate of no more than one dollar per seat or admission sold. This fee is in addition to any state or local tax. Such admission fee may be imposed for any museum and cultural purpose designated by the board of the museum and cultural district. If the resolution is adopted, the board of the district may submit the question of whether to impose such admission fee authorized by this section to the qualified voters, who shall have the same voting interests as with the election of members of the board of the district. The question shall specify the particular types of events or venues that shall be subject to such admission fee.

2. The admission fee authorized by this section shall become effective on the first day of the second calendar quarter following the adoption of the admission fee by the qualified voters.

3. All revenue received by a museum and cultural district from the admission fee authorized by this section shall be deposited in a special trust fund and shall be used solely for such designated purpose. All funds remaining in the special trust fund shall continue to be used solely for such designated museum or cultural purpose. Any funds in such special trust fund which are not needed for current expenditures may be invested by the board of directors in accordance with applicable laws relating to the investment of other museum and cultural district funds.

4. On and after the effective date of any admission fee imposed pursuant to this section, the museum and cultural district shall perform all functions incident to the administration, collection, enforcement, and operation of the admission fee. The admission fee imposed pursuant to this section shall be collected and reported upon such forms and under such administrative rules and regulations as may be prescribed by the museum and cultural district.

4. A district may borrow money for its purposes at such rates of interest as the district may determine.

5. A district may issue bonds, notes and other obligations, and may secure any of such obligations by mortgage, pledge, assignment, security agreement or deed of trust of any or all of the property and income of the district, subject to the restrictions provided in sections 184.800 to 184.880. The district shall also have the power and authority to secure financing on the issuance of bonds for financing through another political subdivision or an agency of the state.

6. A district may enter into labor agreements, establish all bid conditions, decide all contract awards, pay all contractors and generally supervise the construction of [the] **a museum or cultural asset** project.

7. A district may hire employees, enter leases and contracts and otherwise take such actions and enter into such agreements as are necessary or incidental to the ownership, operation, and maintenance of each museum and each cultural asset within the district.

184.865. The district may contract with a federal agency, a state or its agencies and political subdivisions, a corporation, partnership **or limited partnership, limited liability company**, or individual regarding funding, promotion, planning, designing, constructing, improving, maintaining, or operating [a project] **any museum or cultural asset within the district** or to assist in such activity[]; provided, however, that any contract providing for the overall management and operation of the museum for the district shall only be with a governmental entity or a not-for-profit corporation]."; and

However, in no case shall a person detained under the provisions of this section be detained by a school protection officer for more than four hours.

6. Any teacher or administrator of an elementary or secondary school who seeks to be designated as a school protection officer shall request such designation, in writing, and submit it to the superintendent of the school district which employs him or her as a teacher or administrator. Along with this request the teacher or administrator shall also submit proof that he or she has a valid concealed carry endorsement and shall submit a certificate of school protection officer training program completion from a training program approved by the director of the department of public safety which demonstrates that such person has successfully completed the training requirements established by the POST commission under chapter 590 for school protection officers.

7. Notwithstanding any other law, any identifying information collected under the authority of this subsection shall not be considered public information and shall not be subject to a sunshine request made under chapter 610.

9. A school district may revoke the designation of a person as a school protection officer for any reason and shall immediately notify the designated school protection officer, in writing, of the revocation. The school district shall also within thirty days of the revocation notify the director of the department of public safety, in writing, of the revocation of the designation of such person as a school protection officer.

10. The director of the department of public safety shall maintain a listing of all persons designated by school districts as school protection officers and shall make this list available to all law enforcement agencies."; and

"302.181. 1. The license issued pursuant to the provisions of sections 302.010 to 302.340 shall be in such form as the director shall prescribe, but the license shall be a card made of plastic or other comparable material. All licenses shall be manufactured of materials and processes that will prohibit, as nearly as possible, the ability to reproduce, alter, counterfeit, forge, or duplicate any license without ready detection. All licenses shall bear the licensee's Social Security number, if the licensee has one, and if not, a notarized affidavit must be signed by the licensee stating that the licensee does not possess a Social Security number, or, if applicable, a certified statement must be submitted as provided in subsection 4 of this section. The license shall also bear the expiration date of the license, the classification of the license, the name, date of birth, residence address including the county of residence or a code number corresponding to such county established by the department, and brief description and colored photograph or digitized image of the licensee, and a facsimile of the signature of the licensee. The director shall provide by administrative rule the procedure and format for a licensee to indicate on the back of the license together with the designation for an anatomical gift as provided in section 194.240 the name and address of the person designated pursuant to sections 404.800 to 404.865 as the licensee's attorney in fact for the purposes of a durable power of attorney for health care decisions. No license shall be valid until it has been so signed by the licensee. If any portion of the license is prepared by a private firm, any contract with such firm shall be made in accordance with the competitive purchasing procedures as established by the state director of the division of purchasing. For all licenses issued or renewed after March 1, 1992, the applicant's Social Security number shall serve as the applicant's license number. Where the licensee has no Social Security number, or where the licensee is issued a license without a Social Security number in accordance with subsection 4 of this section, the director shall issue a license number for the licensee and such number shall also include an indicator showing that the number is not a Social Security number.

2. All film involved in the production of photographs for licenses shall become the property of the department of revenue.

3. The license issued shall be carried at all times by the holder thereof while driving a motor vehicle, and shall be displayed upon demand of any officer of the highway patrol, or any police officer or peace officer, or any other duly authorized person, for inspection when demand is made therefor. Failure of any operator of a motor vehicle to exhibit his or her license to any duly authorized officer shall be presumptive evidence that such person is not a duly licensed operator.

4. The director of revenue shall issue a commercial or noncommercial driver's license without a Social Security number to an applicant therefor, who is otherwise qualified to be licensed, upon presentation to the director of a certified statement that the applicant objects to the display of the Social Security number on the license. The director shall assign an identification number, that is not based on a Social Security number, to the applicant which shall be displayed on the license in lieu of the Social Security number.

5. The director of revenue shall not issue a license without a facial photograph or digital image of the license applicant, except as provided pursuant to subsection 8 of this section. A photograph or digital image of the applicant's full facial features shall be taken in a manner prescribed by the director. No photograph or digital image will be taken wearing anything which cloaks the facial features of the individual.

6. The department of revenue may issue a temporary license or a full license without the photograph or with the last photograph or digital image in the department's records to members of the Armed Forces, except that where such temporary license is issued it shall be valid only until the applicant shall have had time to appear and have his or her picture taken and a license with his or her photograph issued.

7. The department of revenue shall issue upon request a nondriver's license card containing essentially the same information and photograph or digital image, except as provided pursuant to subsection 8 of this section, as the driver's license upon payment of six dollars. All nondriver's licenses shall expire on the applicant's birthday in the sixth year after issuance. A person who has passed his or her seventieth birthday shall upon application be issued a nonexpiring nondriver's license card. [Notwithstanding any other provision of this chapter, a nondriver's license containing a concealed carry endorsement shall expire three years from the date the certificate of qualification was issued pursuant to section 571.101.] The fee for nondriver's licenses issued for a period exceeding three years is six dollars [or three dollars for nondriver's licenses issued for a period of three years or less]. The nondriver's license card shall be used for identification purposes only and shall not be valid as a license.

8. If otherwise eligible, an applicant may receive a driver's license or nondriver's license without a photograph or digital image of the applicant's full facial features except that such applicant's photograph or digital image shall be taken and maintained by the director and not printed on such license.

In order to qualify for a license without a photograph or digital image pursuant to this section the applicant must:

(1) Present a form provided by the department of revenue requesting the applicant's photograph be omitted from the license or nondriver's license due to religious affiliations. The form shall be signed by the applicant and another member of the religious tenant verifying the photograph or digital image exemption on the license or nondriver's license is required as part of their religious affiliation. The required signatures on the prescribed form shall be properly notarized;

(2) Provide satisfactory proof to the director that the applicant has been a [U.S.] **United States** citizen for at least five years and a resident of this state for at least one year, except that an applicant moving to this state possessing a valid driver's license from another state without a photograph shall be exempt from the one-year state residency requirement. The director may establish rules necessary to determine satisfactory proof of citizenship and residency pursuant to this section;

(3) Applications for a driver's license or nondriver's license without a photograph or digital image must be made in person at a license office determined by the director. The director is authorized to limit the number of offices that may issue a driver's or nondriver's license without a photograph or digital image pursuant to this section.

9. The department of revenue shall make available, at one or more locations within the state, an opportunity for individuals to have their full facial photograph taken by an employee of the department of revenue, or their designee, who is of the same sex as the individual being photographed, in a segregated location.

10. Beginning July 1, 2005, the director shall not issue a driver's license or a nondriver's license for a period that exceeds an applicant's lawful presence in the United States. The director may, by rule or regulation, establish procedures to verify the lawful presence of the applicant and establish the duration of any driver's license or nondriver's license issued under this section.

11. No rule or portion of a rule promulgated pursuant to the authority of this chapter shall become effective unless it is promulgated pursuant to the provisions of chapter 536."; and

Further amend said bill, Page 7, Section 571.030, Line 151, by inserting after said line the following:

"571.101. 1. All applicants for concealed carry endorsements issued pursuant to subsection 7 of this section must satisfy the requirements of sections 571.101 to 571.121. Upon receipt of such certificate, the certificate holder shall apply for a driver's license or nondriver's license with the director of revenue in order to obtain a concealed carry endorsement. Any person who has been issued a concealed carry endorsement on a driver's license or nondriver's license and such endorsement or license has not been suspended, revoked, cancelled, or denied may carry concealed firearms on or about his or her person or within a vehicle. A concealed carry endorsement shall be valid for [a period of three years from the date of issuance or renewal] **life unless it is suspended or revoked**. The concealed carry endorsement is valid throughout this state.

An application shall be filed in writing, signed under oath and under the penalties of perjury, and shall state whether the applicant complies with each of the

requirements specified in subsection 2 of this section. In addition to the completed application, the applicant for a certificate of qualification for a concealed carry endorsement must also submit the following:

- (1) A photocopy of a firearms safety training certificate of completion or other evidence of completion of a firearms safety training course that meets the standards established in subsection 1 or 2 of section 571.111; and
- (2) A nonrefundable certificate of qualification fee as provided by subsection 10 [or 11] of this section.

5. Before an application for a certificate of qualification for a concealed carry endorsement is approved, the sheriff shall make only such inquiries as he or she deems necessary into the accuracy of the statements made in the application. The sheriff may require that the applicant display a Missouri driver's license or nondriver's license or military identification and orders showing the person being stationed in Missouri. In order to determine the applicant's suitability for a certificate of qualification for a concealed carry endorsement, the applicant shall be fingerprinted. The sheriff shall request a criminal background check through the appropriate law enforcement agency within three working days after submission of the properly completed application for a certificate of qualification for a concealed carry endorsement. If no disqualifying record is identified by the fingerprint check at the state level, the fingerprints shall be forwarded to the Federal Bureau of Investigation for a national criminal history record check. Upon receipt of the completed background check, the sheriff shall issue a certificate of qualification for a concealed carry endorsement within three working days. The sheriff shall issue the certificate within forty-five calendar days if the criminal background check has not been received, provided that the sheriff shall revoke any such certificate and endorsement within twenty-four hours of receipt of any background check that results in a disqualifying record, and shall notify the department of revenue.

6. The sheriff may refuse to approve an application for a certificate of qualification for a concealed carry endorsement if he or she determines that any of the requirements specified in subsection 2 of this section have not been met, or if he or she has a substantial and demonstrable reason to believe that the applicant has rendered a false statement regarding any of the provisions of sections 571.101 to 571.121. If the applicant is found to be ineligible, the sheriff is required to deny the application, and notify the applicant in writing, stating the grounds for denial and informing the applicant of the right to submit, within thirty days, any additional documentation relating to the grounds of the denial. Upon receiving any additional documentation, the sheriff shall reconsider his or her decision and inform the applicant within thirty days of the result of the reconsideration. The applicant shall further be informed in writing of the right to appeal the denial pursuant to subsections 2, 3, 4, and 5 of section 571.114. After two additional reviews and denials by the sheriff, the person submitting the application shall appeal the denial pursuant to subsections 2, 3, 4, and 5 of section 571.114.

7. If the application is approved, the sheriff shall issue a certificate of qualification for a concealed carry endorsement to the applicant within a period not to exceed three working days after his or her approval of the application. The applicant shall sign the certificate of qualification in the presence of the sheriff or his or her designee and shall within seven days of receipt of the certificate of qualification take the certificate of qualification to the department of revenue. Upon verification of the certificate of qualification and completion of a driver's license or nondriver's license application pursuant to chapter 302, the director of revenue shall issue a new driver's license or nondriver's license with an endorsement which identifies that the applicant has received a certificate of qualification to carry concealed weapons issued pursuant to sections 571.101 to 571.121 if the applicant is otherwise qualified to receive such driver's license or nondriver's license. [Notwithstanding any other provision of chapter 302, a nondriver's license with a concealed carry endorsement shall expire three years from the date the certificate of qualification was issued pursuant to this section.] The requirements for the director of revenue to issue a concealed carry endorsement pursuant to this subsection shall not be effective until July 1, 2004, and the certificate of qualification issued by a county sheriff pursuant to subsection 1 of this section shall allow the person issued such certificate to carry a concealed weapon pursuant to the requirements of subsection 1 of section 571.107 in lieu of the concealed carry endorsement issued by the director of revenue from October 11, 2003, until the concealed carry endorsement is issued by the director of revenue on or after July 1, 2004, unless such certificate of qualification has been suspended or revoked for cause.

8. The sheriff shall keep a record of all applications for a certificate of qualification for a concealed carry endorsement and his or her action thereon. The sheriff shall report the issuance of a certificate of qualification to the Missouri uniform law enforcement system. All information on any such certificate that is protected information on any driver's or nondriver's license shall have the same personal protection for purposes of sections 571.101 to 571.121. An applicant's status as a holder of a certificate of qualification or a concealed carry endorsement shall not be public information and shall be considered personal protected information. Any person who violates the provisions of this subsection by disclosing protected information shall be guilty of a class A misdemeanor.

9. Information regarding any holder of a certificate of qualification or a concealed carry endorsement is a closed record.

10. For processing an application for a certificate of qualification for a concealed carry endorsement pursuant to sections 571.101 to 571.121, the sheriff in each county shall charge a nonrefundable fee not to exceed one hundred dollars which shall be paid to the treasury of the county to the credit of the sheriff's revolving fund.

11. [For processing a renewal for a certificate of qualification for a concealed carry endorsement pursuant to sections 571.101 to 571.121, the sheriff in each county shall charge a nonrefundable fee not to exceed fifty dollars which shall be paid to the treasury of the county to the credit of the sheriff's revolving fund.

12.] For the purposes of sections 571.101 to 571.121, the term "sheriff" shall include the sheriff of any county or city not within a county or his or her designee and in counties of the first classification the sheriff may designate the chief of police of any city, town, or municipality within such county.

571.104. 1. (1) A concealed carry endorsement issued pursuant to sections 571.101 to 571.121 shall be suspended or revoked if the concealed carry endorsement holder becomes ineligible for such concealed carry endorsement under the criteria established in subdivisions (2), (3), (4), (5), and (7) of subsection 2 of section 571.101 or upon the issuance of a valid full order of protection.

(2) When a valid full order of protection, or any arrest warrant, discharge, or commitment for the reasons listed in subdivision (2), (3), (4), (5), or (7) of subsection 2 of section 571.101, is issued against a person holding a concealed carry endorsement issued pursuant to sections 571.101 to 571.121 upon notification of said order, warrant, discharge or commitment or upon an order of a court of competent jurisdiction in a criminal proceeding, a commitment proceeding or a full order of protection proceeding ruling that a person holding a concealed carry endorsement presents a risk of harm to themselves or others, then upon notification of such order, the holder of the concealed carry endorsement shall surrender the driver's license or nondriver's license containing the concealed carry endorsement to the court, to the officer, or other official serving the order, warrant, discharge, or commitment.

(3) The official to whom the driver's license or nondriver's license containing the concealed carry endorsement is surrendered shall issue a receipt to the licensee for the license upon a form, approved by the director of revenue, that serves as a driver's license or a nondriver's license and clearly states the concealed carry endorsement has been suspended. The official shall then transmit the driver's license or a nondriver's license containing the concealed carry endorsement to the circuit court of the county issuing the order, warrant, discharge, or commitment. The concealed carry endorsement issued pursuant to sections 571.101 to 571.121 shall be suspended until the order is terminated or until the arrest results in a dismissal of all charges. Upon dismissal, the court holding the driver's license or nondriver's license containing the concealed carry endorsement shall return it to the individual.

(4) Any conviction, discharge, or commitment specified in sections 571.101 to 571.121 shall result in a revocation. Upon conviction, the court shall forward a notice of conviction or action and the driver's license or nondriver's license with the concealed carry endorsement to the department of revenue. The department of revenue shall notify the sheriff of the county which issued the certificate of qualification for a concealed carry endorsement and shall report the change in status of the concealed carry endorsement to the Missouri uniform law enforcement system. The director of revenue shall immediately remove the endorsement issued pursuant to sections 571.101 to 571.121 from the individual's driving record within three days of the receipt of the notice from the court. The director of revenue shall notify the licensee that he or she must apply for a new license pursuant to chapter 302 which does not contain such endorsement. This requirement does not affect the driving privileges of the licensee. The notice issued by the department of revenue shall be mailed to the last known address shown on the individual's driving record. The notice is deemed received three days after mailing.

2. [A concealed carry endorsement shall be renewed for a qualified applicant upon receipt of the properly completed renewal application and the required renewal fee by the sheriff of the county of the applicant's residence. The renewal application shall contain the same required information as set forth in subsection 3 of section 571.101, except that in lieu of the fingerprint requirement of subsection 5 of section 571.101 and the firearms safety training, the applicant need only display his or her current driver's license or nondriver's license containing a concealed carry endorsement. Upon successful completion of all renewal requirements, the sheriff shall issue a certificate of qualification which contains the date such certificate was renewed.

3. A person who has been issued a certificate of qualification for a concealed carry endorsement who fails to file a renewal application on or before its expiration date must pay an additional late fee of ten dollars per month for each month it is expired for up to six months. After six months, the sheriff who issued the expired certificate shall notify the director of revenue that such certificate is expired. The director of revenue shall immediately cancel the concealed carry endorsement and remove such endorsement from the individual's driving record and notify the individual of such cancellation. The notice of cancellation of the endorsement shall be conducted in the same manner as described in subsection 1 of this section. Any person who has been issued a certificate of qualification for a concealed carry

endorsement pursuant to sections 571.101 to 571.121 who fails to renew his or her application within the six-month period must reapply for a new certificate of qualification for a concealed carry endorsement and pay the fee for a new application. The director of revenue shall not issue an endorsement on a renewed driver's license or renewed nondriver's license unless the applicant for such license provides evidence that he or she has renewed the certification of qualification for a concealed carry endorsement in the manner provided for such renewal pursuant to sections 571.101 to 571.121.] If an applicant for renewal of a driver's license or nondriver's license containing a concealed carry endorsement does not want to maintain the concealed carry endorsement, the applicant shall inform the director at the time of license renewal of his or her desire to remove the endorsement. When a driver's or nondriver's license applicant informs the director of his or her desire to remove the concealed carry endorsement, the director shall renew the driver's license or nondriver's license without the endorsement appearing on the license if the applicant is otherwise qualified for such renewal.

[4.] 3. Any person issued a concealed carry endorsement pursuant to sections 571.101 to 571.121 shall notify the department of revenue and the sheriffs of both the old and new jurisdictions of the endorsement holder's change of residence within thirty days after the changing of a permanent residence. The endorsement holder shall furnish proof to the department of revenue and the sheriff in the new jurisdiction that the endorsement holder has changed his or her residence. The sheriff of the new jurisdiction may charge a processing fee of not more than ten dollars for any costs associated with notification of a change in residence. The change of residence shall be made by the department of revenue onto the individual's driving record and the new address shall be accessible by the Missouri uniform law enforcement system within three days of receipt of the information.

[5.] 4. Any person issued a driver's license or nondriver's license containing a concealed carry endorsement pursuant to sections 571.101 to 571.121 shall notify the sheriff or his or her designee of the endorsement holder's county or city of residence within seven days after actual knowledge of the loss or destruction of his or her driver's license or nondriver's license containing a concealed carry endorsement. The endorsement holder shall furnish a statement to the sheriff that the driver's license or nondriver's license containing the concealed carry endorsement has been lost or destroyed. After notification of the loss or destruction of a driver's license or nondriver's license containing a concealed carry endorsement, the sheriff shall reissue a new certificate of qualification within three working days of being notified by the concealed carry endorsement holder of its loss or destruction. The reissued certificate of qualification shall contain the same personal information, including expiration date, as the original certificate of qualification. The applicant shall then take the certificate to the department of revenue, and the department of revenue shall proceed on the certificate in the same manner as provided in subsection 7 section 571.101. Upon application for a license pursuant to chapter 302, the director of revenue shall issue a driver's license or nondriver's license containing a concealed carry endorsement if the applicant is otherwise eligible to receive such license.

[6.] 5. If a person issued a concealed carry endorsement changes his or her name, the person to whom the endorsement was issued shall obtain a corrected certificate of qualification for a concealed carry endorsement with a change of name from the sheriff who issued such certificate upon the sheriff's verification of the name change. The sheriff may charge a processing fee of not more than ten dollars for any costs associated with obtaining a corrected certificate of qualification. The endorsement holder shall furnish proof of the name change to the department of revenue and the sheriff within thirty days of changing his or her name and display his or her current driver's license or nondriver's license containing a concealed carry endorsement. The endorsement holder shall apply for a new driver's license or nondriver's license containing his or her new name. Such application for a driver's license or nondriver's license shall be made pursuant to chapter 302. The director of revenue shall issue a driver's license or nondriver's license with concealed carry endorsement with the endorsement holder's new name if the applicant is otherwise eligible for such license. The director of revenue shall take custody of the old driver's license or nondriver's license. The name change shall be made by the department of revenue onto the individual's driving record and the new name shall be accessible by the Missouri uniform law enforcement system within three days of receipt of the information.

[7.] 6. A concealed carry endorsement shall be automatically invalid after thirty days if the endorsement holder has changed his or her name or changed his or her residence and not notified the department of revenue and sheriff of a change of name or residence as required in subsections 4 and 6 of this section.

571.117. 1. Any person who has knowledge that another person, who was issued a certificate of qualification for a concealed carry endorsement pursuant to sections 571.101 to 571.121, never was or no longer is eligible for such endorsement under the criteria established in sections 571.101 to 571.121 may file a petition with the clerk of the small claims court to revoke that person's certificate of qualification for a concealed carry endorsement and such person's concealed carry endorsement. The petition shall be in a form substantially similar to the petition for revocation of concealed carry endorsement provided in this section. Appeal forms shall be provided by the clerk of the small claims court free of charge to any person:

House Amendment No. 2

AMEND House Committee Substitute for House Bill No. 387, Page 1, Section A, Line 2, by inserting immediately after said line the following:

"334.104. 1. A physician may enter into collaborative practice arrangements with registered professional nurses. Collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols, or standing orders for the delivery of health care services. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer or dispense drugs and provide treatment as long as the delivery of such health care services is within the scope of practice of the registered professional nurse and is consistent with that nurse's skill, training and competence.

2. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer, dispense or prescribe drugs and provide treatment if the registered professional nurse is an advanced practice nurse as defined in subdivision (2) of section 335.016. Collaborative practice arrangements may delegate to an advanced practice registered nurse, as defined in section 335.016, the authority to administer, dispense, or prescribe controlled substances listed in Schedules III, IV, and V of section 195.017; except that, the collaborative practice arrangement shall not delegate the authority to administer any controlled substances listed in schedules III, IV, and V of section 195.017 for the purpose of inducing sedation or general anesthesia for therapeutic, diagnostic, or surgical procedures. Schedule III narcotic controlled substance prescriptions shall be limited to a one hundred twenty-hour supply without refill. Such collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols or standing orders for the delivery of health care services.

3. The written collaborative practice arrangement shall contain at least the following provisions:

(1) Complete names, home and business addresses, zip codes, and telephone numbers of the collaborating physician and the advanced practice registered nurse;

(2) A list of all other offices or locations besides those listed in subdivision (1) of this subsection where the collaborating physician authorized the advanced practice registered nurse to prescribe;

(3) A requirement that there shall be posted at every office where the advanced practice registered nurse is authorized to prescribe, in collaboration with a physician, a prominently displayed disclosure statement informing patients that they may be seen by an advanced practice registered nurse and have the right to see the collaborating physician;

(4) All specialty or board certifications of the collaborating physician and all certifications of the advanced practice registered nurse;

(5) The manner of collaboration between the collaborating physician and the advanced practice registered nurse, including how the collaborating physician and the advanced practice registered nurse will:

(a) Engage in collaborative practice consistent with each professional's skill, training, education, and competence;

(b) Maintain geographic proximity, **except the collaborative practice arrangement may allow for geographic proximity to be waived for a maximum of twenty-eight days per calendar year for rural health clinics as defined by P.L. 95-210, as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. This exception to geographic proximity shall apply only to independent rural health clinics and provider-based rural health clinics where the main location of the hospital sponsor is more than fifty miles from the clinic. The collaborating physician is required to maintain documentation related to this requirement and to present it to the state board of registration for the healing arts if requested;** and

(c) Provide coverage during absence, incapacity, infirmity, or emergency by the collaborating physician;

(6) A description of the advanced practice registered nurse's controlled substance prescriptive authority in collaboration with the physician, including a list of the controlled substances the physician authorizes the nurse to prescribe and documentation that it is consistent with each professional's education, knowledge, skill, and competence;

(7) A list of all other written practice agreements of the collaborating physician and the advanced practice registered nurse;

(8) The duration of the written practice agreement between the collaborating physician and the advanced practice registered nurse;

(9) A description of the time and manner of the collaborating physician's review of the advanced practice registered nurse's delivery of health care services. The description shall include provisions that the advanced practice

registered nurse shall submit a minimum of ten percent of the charts documenting the advanced practice registered nurse's delivery of health care services to the collaborating physician for review by the collaborating physician, or any other physician designated in the collaborative practice arrangement, every fourteen days; and

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the advanced practice registered nurse prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection.

4. The state board of registration for the healing arts pursuant to section 334.125 and the board of nursing pursuant to section 335.036 may jointly promulgate rules regulating the use of collaborative practice arrangements. Such rules shall be limited to specifying geographic areas to be covered, the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017.

8. A collaborating physician shall not enter into a collaborative practice arrangement with more than three full-time equivalent advanced practice registered nurses. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating

physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other agreement shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advanced practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Burlison, **House Amendment No. 2** was adopted.

Representative Hinson offered **House Amendment No. 3**.

AMEND House Committee Substitute for House Bill No. 415, Page 4, Section 227.517, Line 4, by inserting after all of said section and line the following:

"301.140. 1. Upon the transfer of ownership of any motor vehicle or trailer, the certificate of registration and the right to use the number plates shall expire and the number plates shall be removed by the owner at the time of the transfer of possession, and it shall be unlawful for any person other than the person to whom such number plates were originally issued to have the same in his or her possession whether in use or not, unless such possession is solely for charitable purposes; except that the buyer of a motor vehicle or trailer who trades in a motor vehicle or trailer may attach the license plates from the traded-in motor vehicle or trailer to the newly purchased motor vehicle or trailer. The operation of a motor vehicle with such transferred plates shall be lawful for no more than thirty days. As used in this subsection, the term "trade-in motor vehicle or trailer" shall include any single motor vehicle or trailer sold by the buyer of the newly purchased vehicle or trailer, as long as the license plates for the trade-in motor vehicle or trailer are still valid.

2. In the case of a transfer of ownership the original owner may register another motor vehicle under the same number, upon the payment of a fee of two dollars, if the motor vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that originally registered. When such motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, applicant shall pay a transfer fee of two dollars and a pro rata portion for the difference in fees. When such vehicle is of less horsepower, gross weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, applicant shall not be entitled to a refund.

3. License plates may be transferred from a motor vehicle which will no longer be operated to a newly purchased motor vehicle by the owner of such vehicles. The owner shall pay a transfer fee of two dollars if the newly purchased vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that of the vehicle which will no longer be operated. When the newly purchased motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars and a pro rata portion of the difference in fees. When the newly purchased vehicle is of less horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

4. The director of the department of revenue shall have authority to produce or allow others to produce a weather resistant, nontearing temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days from the date of purchase. The temporary permit authorized under this section may be purchased by the purchaser of a motor vehicle or trailer from the central office of the department of revenue or from an authorized agent of the department of revenue upon proof of purchase of a motor vehicle or trailer for which the buyer has no

registration plate available for transfer and upon proof of financial responsibility, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has registered and is awaiting receipt of registration plates. The director of the department of revenue or a producer authorized by the director of the department of revenue may make temporary permits available to registered dealers in this state, authorized agents of the department of revenue or the department of revenue. The price paid by a motor vehicle dealer, an authorized agent of the department of revenue or the department of revenue for a temporary permit shall not exceed five dollars for each permit. The director of the department of revenue shall direct motor vehicle dealers and authorized agents to obtain temporary permits from an authorized producer. Amounts received by the director of the department of revenue for temporary permits shall constitute state revenue; however, amounts received by an authorized producer other than the director of the department of revenue shall not constitute state revenue and any amounts received by motor vehicle dealers or authorized agents for temporary permits purchased from a producer other than the director of the department of revenue shall not constitute state revenue. In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers or other producers for their role in producing temporary permits as authorized under this section. Amounts that do not constitute state revenue under this section shall also not constitute fees for registration or certificates of title to be collected by the director of the department of revenue under section 301.190. No motor vehicle dealer, authorized agent or the department of revenue shall charge more than five dollars for each permit issued. The permit shall be valid for a period of thirty days from the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle or trailer by a motor vehicle dealer for which the purchaser obtains a permit as set out above. No permit shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility. Each temporary permit issued shall be securely fastened to the back or rear of the motor vehicle in a manner and place on the motor vehicle consistent with registration plates so that all parts and qualities of the temporary permit thereof shall be plainly and clearly visible, reasonably clean and are not impaired in any way.

5. The permit shall be issued on a form prescribed by the director of the department of revenue and issued only for the applicant's temporary operation of the motor vehicle or trailer purchased to enable the applicant to temporarily operate the motor vehicle while proper title and registration plates are being obtained, or while awaiting receipt of registration plates, and shall be displayed on no other motor vehicle. Temporary permits issued pursuant to this section shall not be transferable or renewable and shall not be valid upon issuance of proper registration plates for the motor vehicle or trailer. The director of the department of revenue shall determine the size, material, design, numbering configuration, construction, and color of the permit. The director of the department of revenue, at his or her discretion, shall have the authority to reissue, and thereby extend the use of, a temporary permit previously and legally issued for a motor vehicle or trailer while proper title and registration are being obtained.

6. Every motor vehicle dealer that issues temporary permits shall keep, for inspection by proper officers, an accurate record of each permit issued by recording the permit number, the motor vehicle dealer's number, buyer's name and address, the motor vehicle's year, make, and manufacturer's vehicle identification number, and the permit's date of issuance and expiration date. Upon the issuance of a temporary permit by either the central office of the department of revenue, a motor vehicle dealer or an authorized agent of the department of revenue, the director of the department of revenue shall make the information associated with the issued temporary permit immediately available to the law enforcement community of the state of Missouri.

7. Upon the transfer of ownership of any currently registered motor vehicle wherein the owner cannot transfer the license plates due to a change of motor vehicle category, the owner may surrender the license plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the license plates are surrendered. No refunds shall be made on the unused portion of any license plates surrendered for such credit.

8. The provisions of subsections 4, 5, and 6 of this section shall expire July 1, 2019.

9. An additional temporary license plate produced in a manner and of materials determined by the director to be the most cost-effective means of production with a configuration that matches an existing or newly issued plate may be purchased by a motor vehicle owner to be placed in the interior of the vehicle's rear window such that the driver's view out of the rear window is not obstructed and the plate configuration is clearly visible from the outside of the vehicle to serve as the visible plate when a bicycle rack or other item obstructs the view of the actual plate. Such temporary plate is only authorized for use when the matching actual plate is affixed to the vehicle in the manner prescribed in subsection 5 of section 301.130. The fee charged for the temporary plate shall be equal to the fee charged for a temporary permit issued under subsection 4 of this section. Replacement temporary plates authorized in this subsection may be issued as needed upon the payment of a fee equal to the fee charged for a temporary permit under subsection 4 of this section.

The newly produced third plate may only be used on the vehicle with the matching plate, and the additional plate shall be clearly recognizable as a third plate and only used for the purpose specified in this subsection.

10. Notwithstanding the provisions of section 301.127, the director may issue a temporary permit to an individual who possesses a salvage motor vehicle which requires an inspection under subsection 9 of section 301.190. The operation of a salvage motor vehicle for which the permit has been issued shall be limited to the most direct route from the residence, maintenance, or storage facility of the individual in possession of such motor vehicle to the nearest authorized inspection facility and return to the originating location. Notwithstanding any other requirements for the issuance of a temporary permit under this section, an individual obtaining a temporary permit for the purpose of operating a motor vehicle to and from an examination facility as prescribed in this subsection shall also purchase the required motor vehicle examination form which is required to be completed for an examination under subsection 9 of section 301.190 and provide satisfactory evidence that such vehicle has passed a motor vehicle safety inspection for such vehicle as required in section 307.350.

11. The director of the department of revenue may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

[11.] **12.** The repeal and reenactment of this section shall become effective on the date the department of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits described in subsection 4 of such section, or on July 1, 2013, whichever occurs first. If the director of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits prior to July 1, 2013, the director of the department of revenue shall notify the revisor of statutes of such fact.

[301.140. 1. Upon the transfer of ownership of any motor vehicle or trailer, the certificate of registration and the right to use the number plates shall expire and the number plates shall be removed by the owner at the time of the transfer of possession, and it shall be unlawful for any person other than the person to whom such number plates were originally issued to have the same in his or her possession whether in use or not, unless such possession is solely for charitable purposes; except that the buyer of a motor vehicle or trailer who trades in a motor vehicle or trailer may attach the license plates from the traded-in motor vehicle or trailer to the newly purchased motor vehicle or trailer. The operation of a motor vehicle with such transferred plates shall be lawful for no more than thirty days. As used in this subsection, the term "trade-in motor vehicle or trailer" shall include any single motor vehicle or trailer sold by the buyer of the newly purchased vehicle or trailer, as long as the license plates for the trade-in motor vehicle or trailer are still valid.

2. In the case of a transfer of ownership the original owner may register another motor vehicle under the same number, upon the payment of a fee of two dollars, if the motor vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that originally registered. When such motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, applicant shall pay a transfer fee of two dollars and a pro rata portion for the difference in fees. When such vehicle is of less horsepower, gross weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, applicant shall not be entitled to a refund.

3. License plates may be transferred from a motor vehicle which will no longer be operated to a newly purchased motor vehicle by the owner of such vehicles. The owner shall pay a transfer fee of two dollars if the newly purchased vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that of the vehicle which will no longer be operated. When the newly purchased motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars and a pro rata portion of the difference in fees. When the newly purchased vehicle is of less horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

4. Upon the sale of a motor vehicle or trailer by a dealer, a buyer who has made application for registration, by mail or otherwise, may operate the same for a period of thirty days after taking possession thereof, if during such period the motor vehicle or trailer shall have attached thereto, in the manner required by section 301.130, number plates issued to the dealer. Upon application and presentation of proof of financial responsibility as required under subsection 5 of this section and satisfactory evidence that the buyer has applied for registration, a dealer may furnish such number plates to the buyer for such temporary use. In such event, the dealer shall require the buyer to deposit the sum of ten dollars and fifty cents to be returned to the buyer upon return of the number plates as a guarantee that said buyer will return to the dealer such number plates within thirty days. The director shall issue a temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days of the date of purchase.

5. The temporary permit shall be made available by the director of revenue and may be purchased from the department of revenue upon proof of purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer and upon proof of financial responsibility, or from a dealer upon purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer. The director shall make temporary permits available to registered dealers in this state or authorized agents of the department of revenue in sets of ten permits. The fee for the temporary permit shall be seven dollars and fifty cents for each permit or plate issued. The permit shall be valid for a period of thirty days from the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle or trailer by a dealer for which the purchaser obtains a permit as set out above. No permit shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility.

6. The permit shall be issued on a form prescribed by the director and issued only for the applicant's use in the operation of the motor vehicle or trailer purchased to enable the applicant to legally operate the vehicle while proper title and registration plate are being obtained, and shall be displayed on no other vehicle. The director shall determine the size and numbering configuration, construction, and color of the permit.

8. Upon the transfer of ownership of any currently registered motor vehicle wherein the owner cannot transfer the license plates due to a change of vehicle category, the owner may surrender the license plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the license plates are surrendered. No refunds shall be made on the unused portion of any license plates surrendered for such credit.

9. An additional temporary license plate produced in a manner and of materials determined by the director to be the most cost-effective means of production with a configuration that matches an existing or newly issued plate may be purchased by a motor vehicle owner to be placed in the interior of the vehicle's rear window such that the driver's view out of the rear window is not obstructed and the plate configuration is clearly visible from the outside of the vehicle to serve as the visible plate when a bicycle rack or other item obstructs the view of the actual plate. Such temporary plate is only authorized for use when the matching actual plate is affixed to the vehicle in the manner prescribed in subsection 5 of section 301.130. The fee charged for the temporary plate shall be equal to the fee charged for a temporary permit issued under subsection 5 of this section. The newly produced third plate may only be used on the vehicle with the matching plate, and the additional plate shall be clearly recognizable as a third plate and only used for the purpose specified in this subsection.

the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. 3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, taxes levied for the purpose of public transportation pursuant to section 94.660, **taxes imposed on sales pursuant to section 650.399 for the purpose of emergency communication systems** licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, or any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement or levied by such county under section 238.410 for the purpose of the county transit authority operating transportation facilities, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund.

4. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. The department of economic development may request the appropriation following application approval;
- (3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. AMEND House Committee Substitute for House Bill No. 881, Page 52, Section 536.024, Line 19, by inserting after all of said line the following:

"537.556. In all civil actions involving claims that arise from the ownership, maintenance, management, or control of underground hard rock mining or hard rock milling sites that ceased operations prior to January 1, 1975, or that arise from chat or tailings generated at those sites, brought against persons or entities alleged to have owned, maintained, managed, or controlled such sites, chat, or tailings at any time, such persons and entities shall be exempt from punitive or exemplary damages with respect to all claims that relate in any way to the ownership, maintenance, management, or control of such sites, chat, or tailings, so long as such persons or entities or their employees, agents, owners, parent, subsidiary, or any related companies have made or are making good faith efforts to remediate such sites. Any evidence may be introduced to demonstrate good faith efforts to remediate; however, substantial compliance with an order or permit issued by or negotiated with either the state of Missouri or the United States concerning remediation or closure shall be deemed to be good faith efforts to remediate. The exemption from punitive damages provided for in this section shall not apply if the trier of fact

In the event that good faith efforts to remediate a site have not been made or the injury is found to be attended by circumstances of fraud, malice, or willful and wanton conduct, then the total of any awards of punitive or exemplary damages shall not exceed five hundred thousand dollars in the aggregate as to all defendants in a civil action within this section. The provision of section 537.675 shall not apply to such action, and one-half of any such awards for punitive or exemplary damages shall be paid into the Missouri lead abatement loan fund established under section 701.337. Nothing in this section shall be construed as precluding any party from pursuing compensatory damages, including claims for natural resource damages."; and

(1) It is the policy of the State of Missouri to acquire land for future generations. However, nothing in this section shall compel the State to accept a donation of land.

(2) Any claim of natural resources damages against a potentially responsible party for a release shall be offset by a credit for the full value of any economic and ecological benefits to the State of Missouri and its citizens of any land or other property rights donated to the State of Missouri by that potentially responsible party or its predecessor in interest calculated from the later of (1) the date of the donation of land or property rights; (2) the initial date of the release; or (3) the earliest date for which natural resources damages are assessed or claimed.

(3) In determining the economic benefits of any land or other property rights donated to the State of Missouri, the trustee shall include any fees and other revenues directly received or to be received by the State of Missouri as well as indirect economic benefits to the State of Missouri and its citizens, including recognition of user spending in the area and the economic multiplier effects on the geographic region, household income, and jobs.

(4) In determining the ecological benefits of land or other property rights donated to the State of Missouri, the trustee shall include the full value of all past, present, and future ecological benefits related to the biota, including any values calculated consistent with the valuation of damages by the trustees or the National Contingency Plan.

2. Any assessment or claim for natural resources damages of the State of Missouri shall be governed by this section, and the natural resources trustee designated by the Governor of the State of Missouri shall not transfer any such authority to assess or recover damages to such natural resources, whether by agreement or otherwise, to any federal or other trustee of natural resources."; and

3. Upon passage of such question by the voters, the board of trustees shall sell and dispose of such property, or lease or transfer such property, in the manner proposed by the board of trustees. Every county in this state, [and] **except** the city of St. Louis, shall elect a public administrator at the general election in the year 1880, and every four years thereafter, who shall be ex officio public guardian and conservator in and for the public administrator's county. A candidate for public administrator shall be at least twenty-one years of age and a resident of the state of Missouri and the county in which he or she is a candidate for at least one year prior to the date of the general election for such office. The candidate shall also be a registered voter and shall be current in the payment of all personal and business taxes. Before entering on the duties of the public administrator's office, the public administrator shall take the oath required by the constitution, and enter into bond to the state of Missouri in a sum not less than ten thousand dollars, with two or more securities, approved by the court and conditioned that the public administrator will faithfully discharge all the duties of the public administrator's office, which bond shall be given and oath of office taken on or before the first day of January following the public administrator's election, and it shall be the duty of the judge of the court to require the public administrator to make a statement annually, under oath, of the amount of property in the public administrator's hands or under the public administrator's control as such administrator, for the purpose of ascertaining the amount of bond necessary to secure such property; and such court may from time to time, as occasion shall require, demand additional security of such administrator, and, in default of giving the same within twenty days after such demand, may remove the administrator and appoint another.

2. The public administrator in all counties, in the performance of the duties required by chapters 473, 474, and 475, is a public officer. The duties specified by section 475.120 are discretionary. The county shall defend and indemnify the public administrator against any alleged breach of duty, provided that any such alleged breach of duty arose out of an act or omission occurring within the scope of duty or employment.

3. After January 1, 2001, all salaried public administrators shall be considered county officials for purposes of section 50.333, subject to the minimum salary requirements set forth in section 473.742.

4. The public administrator for the city of St. Louis shall be appointed by a majority of the circuit judges and associate circuit judges of the twenty-second judicial circuit, en banc. Such public administrator shall meet the same qualifications and requirements specified in subsection 1 of this section for elected public administrators. The elected public administrator holding office on the effective date of this section shall continue to hold such office for the remainder of his or her term.

473.733. The public administrator's certificate of election, **if applicable**, official oath and bond shall be filed and recorded with the probate clerk, and copies thereof, certified under the seal of such court, shall be evidence. Any person injured by the breach of such bond may sue upon the same in the name of the state for his own use.

473.737. 1. Each public administrator elected **or appointed**, as now or as hereafter provided for in sections 473.730 to 473.767, is hereby declared to be an officer for the county in which such administrator is elected [and for the city of St. Louis, if elected therein] **or appointed**. The county commissions of each county in this state shall make suitable provision for an office for the public administrator in the courthouse of the county if suitable space may be had for such an office, and shall be provided as soon as the county commission shall be of the opinion that the business in charge of the public administrator is such as to reasonably require a separate office for the convenience of the public.

The public administrator of the city of St. Louis shall have suitable and convenient offices provided for him or her in the civil courts building by that city.

2. Each public administrator of a county, except a county of the first classification having a charter form of government, in which a state mental hospital is located, or any county of the second classification which contains a habilitation center operated by the department of mental health and which does not adjoin a county of the first classification shall be entitled to one secretary for one hundred cases or more handled by the office of the public administrator in the immediately preceding calendar year. Each secretary employed pursuant to the provisions of this subsection shall be paid in the same pay range as a court clerk II in the circuit court personnel system. All compensation paid secretaries employed pursuant to the provisions of this subsection shall be paid out of the county treasury and the commissioner of administration shall annually reimburse each county for the compensation so paid upon proper demand being made out of appropriations made for that purpose. The public administrator in such counties may also appoint a person to act as public administrator to serve during the absence of the public administrator.

3. The governing bodies of each county and each city not within a county of this state may provide clerical personnel, not qualifying as status of deputy, for the public administrator of the county, and such personnel shall be provided when the governing body is of the opinion that the business in charge of the public administrator is such as to reasonably require such personnel for the welfare of the public."; and

Further amend said bill, Page 2, Section 78.090, Line 23, by inserting immediately after said line the following:

"190.335. 1. In lieu of the tax levy authorized under section 190.305 for emergency telephone services, the county commission of any county may impose a county sales tax for the provision of central dispatching of fire protection, including law enforcement agencies, emergency ambulance service or any other emergency services, including emergency telephone services, which shall be collectively referred to herein as "emergency services", and which may also include the purchase and maintenance of communications and emergency equipment, including the operational costs associated therein, in accordance with the provisions of this section.

2. Such county commission may, by a majority vote of its members, submit to the voters of the county, at a public election, a proposal to authorize the county commission to impose a tax under the provisions of this section. If the residents of the county present a petition signed by a number of residents equal to ten percent of those in the county who voted in the most recent gubernatorial election, then the commission shall submit such a proposal to the voters of the county.

3. The ballot of submission shall be in substantially the following form:

Shall the county of (insert name of county) impose a county sales tax of (insert rate of percent) percent for the purpose of providing central dispatching of fire protection, emergency ambulance service, including emergency telephone services, and other emergency services?

☐ YES

☐ NO

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance shall be in effect as provided herein. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the county commission shall have no power to impose the tax authorized by this section unless and until the county commission shall again have submitted another proposal to authorize the county commission to impose the tax under the provisions of this section, and such proposal is approved by a majority of the qualified voters voting thereon.

4. The sales tax may be imposed at a rate not to exceed one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within any county adopting such tax, if such property and services are subject to taxation by the state of Missouri under the provisions of sections 144.010 to 144.525. The sales tax shall not be collected prior to thirty-six months before operation of the central dispatching of emergency services.

5. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under this section.

6. Any tax imposed pursuant to section 190.305 shall terminate at the end of the tax year in which the tax imposed pursuant to this section for emergency services is certified by the board to be fully operational. Any revenues collected from the tax authorized under section 190.305 shall be credited for the purposes for which they were intended.

7. At least once each calendar year, the board shall establish a tax rate, not to exceed the amount authorized, that together with any surplus revenues carried forward will produce sufficient revenues to fund the expenditures authorized by this act. Amounts collected in excess of that necessary within a given year shall be carried forward to subsequent years. The board shall make its determination of such tax rate each year no later than September first and shall fix the new rate which shall be collected as provided in this act. Immediately upon making its determination and fixing the rate, the board shall publish in its minutes the new rate, and it shall notify every retailer by mail of the new rate.

8. Immediately upon the affirmative vote of voters of such a county on the ballot proposal to establish a county sales tax pursuant to the provisions of this section, the county commission shall appoint the initial members of a board to administer the funds and oversee the provision of emergency services in the county. Beginning with the general election in 1994, all board members shall be elected according to this section and other applicable laws of this state. At the time of the appointment of the initial members of the board, the commission shall relinquish and no longer exercise the duties prescribed in this chapter with regard to the provision of emergency services and such duties shall be exercised by the board.

9. The initial board shall consist of seven members appointed without regard to political affiliation, who shall be selected from, and who shall represent, the fire protection districts, ambulance districts, sheriff's department, municipalities, any other emergency services and the general public. This initial board shall serve until its successor board is duly elected and installed in office. The commission shall ensure geographic representation of the county by appointing no more than four members from each district of the county commission.

10. Beginning in 1994, three members shall be elected from each district of the county commission and one member shall be elected at large, such member to be the chairman of the board. Of those first elected, four members from districts of the county commission shall be elected for terms of two years and two members from districts of the county commission and the member at large shall be elected for terms of four years. In 1996, and thereafter, all terms of office shall be four years. **Notwithstanding any other provision of law, if there is no candidate for an open position on the board, then no election shall be held for that position and it shall be considered vacant, to be filled pursuant to the provisions of section 190.339, and, if there is only one candidate for each open position, no election shall be held and the candidate or candidates shall assume office at the same time and in the same manner as if elected.**

11. Notwithstanding the provisions of subsections 8 to 10 of this section to the contrary, in any county of the first classification with more than two hundred forty thousand three hundred but fewer than two hundred forty thousand four hundred inhabitants, any emergency telephone service 911 board appointed by the county under section 190.309 which is in existence on the date the voters approve a sales tax under this section shall continue to exist and shall have the powers set forth under section 190.339.

12. (1) Notwithstanding the provisions of subsections 8 to 10 of this section to the contrary, in any county of the second classification with more than fifty-four thousand two hundred but fewer than fifty-four thousand three hundred inhabitants or any county of the first classification with more than fifty thousand but fewer than seventy thousand inhabitants that has approved a sales tax under this section, the county commission shall appoint the members of the board to administer the funds and oversee the provision of emergency services in the county.

(2) The board shall consist of seven members appointed without regard to political affiliation. Except as provided in subdivision (4) of this subsection, each member shall be one of the following:

- (a) The head of any of the county's fire protection districts, or a designee;

- (d) The head of any of the police departments in the county, or a designee; and
- (e) The head of any of the county's emergency management organizations, or a designee.

(3) Upon the appointment of the board under this subsection, the board shall have the power provided in section 190.339 and shall exercise all powers and duties exercised by the county commission under this chapter, and the commission shall relinquish all powers and duties relating to the provision of emergency services under this chapter to the board.

SCS SCR 5 - Frederick

JOURNAL OF THE HOUSE

First Regular Session, 97th GENERAL ASSEMBLY

FIFTY-SEVENTH DAY, WEDNESDAY, APRIL 24, 2013

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Let not your heart be troubled; believe in God. (John 14:1)

O Loving God, Who is ever seeking to strengthen Your children, make us strong as we face the arduous tasks of this day and as we carry the heavy responsibilities placed upon us - keeping common sense alive and promoting justice and good will among our citizens. Give to us the faith which will enable us to meet fearlessly the forces of confusion, which threaten to engulf us.

Bless the members of this body. Lead them in their labors, direct them in their decisions, fortify their faith, strengthen their spirits, and elevate their endeavors that they may lead Missouri into wider areas of truth and righteousness.

Finally, bless our men and women in the service of our country - many exposed to danger and death. Heal the wounded, strengthen their families, relieve the suffering, and comfort the sorrowing. Hasten the day when everyone will learn to live in peace.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Justice Hoard, Nia Montgomery, Kori Roach, Jack Vollmer, Madisen Schieber, Alysa Schieber, Rachel Schieber, Eli Meniffee, Joy Farrar and Seth Rothermich.

The Journal of the fifty-sixth day was approved as printed.

A corporation described in subdivision (1) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income from sources within this state, including that from the transaction of business in this state and that from the transaction of business partly done in this state and partly done in another state or states. However:

(1) Where income results from a transaction partially in this state and partially in another state or states, and income and deductions of the portion in the state cannot be segregated, then such portions of income and deductions shall be allocated in this state and the other state or states as will distribute to this state a portion based upon the portion of the transaction in this state and the portion in such other state or states.

(2) The taxpayer may elect to compute the portion of income from all sources in this state in the following manner, **or the manner set forth in subdivision (3) of this subsection**:

(a) The income from all sources shall be determined as provided, excluding therefrom the figures for the operation of any bridge connecting this state with another state.

(b) The amount of sales which are transactions wholly in this state shall be added to one-half of the amount of sales which are transactions partly within this state and partly without this state, and the amount thus obtained shall be divided by the total sales or in cases where sales do not express the volume of business, the amount of business transacted wholly in this state shall be added to one-half of the amount of business transacted partly in this state and partly outside this state and the amount thus obtained shall be divided by the total amount of business transacted, and the net income shall be multiplied by the fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income. The investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction.

[(3)] **(c)** For the purposes of this [section] **subdivision**, a transaction involving the sale of tangible property is:

[(a)] **a.** "Wholly in this state" if both the seller's shipping point and the purchaser's destination point are in this state;

[(b)] **b.** "Partly within this state and partly without this state" if the seller's shipping point is in this state and the purchaser's destination point is outside this state, or the seller's shipping point is outside this state and the purchaser's destination point is in this state;

[(c)] **c.** Not "wholly in this state" or not "partly within this state and partly without this state" only if both the seller's shipping point and the purchaser's destination point are outside this state[;].

(d) For purposes of this subdivision:

a. The purchaser's destination point shall be determined without regard to the FOB point or other conditions of the sale[;]; and

b. The seller's shipping point is determined without regard to the location of the seller's principle office or place of business.

(3) The taxpayer may elect to compute the portion of income from all sources in this state in the following manner:

(a) The income from all sources shall be determined as provided, excluding therefrom the figures for the operation of any bridge connecting this state with another state;

(b) The amount of sales which are transactions in this state shall be divided by the total sales, and the net income shall be multiplied by the fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income. The investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction;

(c) For the purposes of this subdivision, a transaction involving the sale of tangible property is:

a. "In this state" if the purchaser's destination point is in this state;

b. Not "in this state" if the purchaser's destination point is outside this state;

(d) For purposes of this subdivision, the purchaser's destination point shall be determined without regard to the FOB point or other conditions of the sale and shall not be in this state if the purchaser received the tangible personal property from the seller in this state for delivery to the purchaser's location outside this state.

(4) For purposes of this subsection, the following words shall, unless the context otherwise requires, have the following meaning:

(a) "Administration services" include, but are not limited to, clerical, fund or shareholder accounting, participant record keeping, transfer agency, bookkeeping, data processing, custodial, internal auditing, legal and tax services performed for an investment company;

(b) "Affiliate", the meaning as set forth in 15 U.S.C. Section 80a-2(a)(3)(C), as may be amended from time to time;

(c) "Distribution services" include, but are not limited to, the services of advertising, servicing, marketing, underwriting or selling shares of an investment company, but, in the case of advertising, servicing or marketing shares, only where such service is performed by a person who is, or in the case of a closed end company, was, either engaged in the services of underwriting or selling investment company shares or affiliated with a person that is engaged in the service of underwriting or selling investment company shares. In the case of an open end company, such service of underwriting or selling shares must be performed pursuant to a contract entered into pursuant to 15 U.S.C. Section 80a-15(b), as from time to time amended;

(d) "Investment company", any person registered under the federal Investment Company Act of 1940, as amended from time to time, (the act) or a company which would be required to register as an investment company under the act except that such person is exempt to such registration pursuant to Section 80a-3(c)(1) of the act;

(e) "Investment funds service corporation" includes any corporation or S corporation doing business in the state which derives more than fifty percent of its gross income in the ordinary course of business from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. An investment funds service corporation shall include any corporation or S corporation providing management services as an investment advisory firm registered under Section 203 of the Investment Advisors Act of 1940, as amended from time to time, regardless of the percentage of gross revenues consisting of fees from management services provided to or on behalf of an investment company;

(f) "Management services" include but are not limited to, the rendering of investment advice directly or indirectly to an investment company making determinations as to when sales and purchases of securities are to be made on behalf of the investment company, or the selling or purchasing of securities constituting assets of an investment company, and related activities, but only where such activity or activities are performed:

a. Pursuant to a contract with the investment company entered into pursuant to 15 U.S.C. Section 80a-15(a), as from time to time amended;

b. For a person that has entered into such contract with the investment company; or

c. For a person that is affiliated with a person that has entered into such contract with an investment company;

(g) "Qualifying sales", gross income derived from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. For purposes of this section, gross income is defined as that amount of income earned from qualifying sources without deduction of expenses related to the generation of such income;

(h) "Residence", presumptively the fund shareholder's mailing address on the records of the investment company. If, however, the investment company or the investment funds service corporation has actual knowledge that the fund shareholder's primary residence or principal place of business is different than the fund shareholder's mailing address such presumption shall not control. To the extent an investment funds service corporation does not have access

to the records of the investment company, the investment funds service corporation may employ reasonable methods to determine the investment company fund shareholder's residence.

(5) Notwithstanding other provisions of law to the contrary, qualifying sales of an investment funds service corporation, or S corporation, shall be considered wholly in this state only to the extent that the fund shareholders of the investment companies, to which the investment funds service corporation, or S corporation, provide services, are resided in this state. Wholly in this state qualifying sales of an investment funds service corporation, or S corporation, shall be determined as follows:

(a) By multiplying the investment funds service corporation's total dollar amount of qualifying sales from services provided to each investment company by a fraction, the numerator of which shall be the average of the number of shares owned by the investment company's fund shareholders resided in this state at the beginning of and at the end of the investment company's taxable year that ends with or within the investment funds service corporation's taxable year, and the denominator of which shall be the average of the number of shares owned by the investment company's fund shareholders everywhere at the beginning of and at the end of the investment company's taxable year that ends with or within the investment funds service corporation's taxable year;

(b) A separate computation shall be made to determine the wholly in this state qualifying sales from each investment company. The qualifying sales for each investment company shall be multiplied by the respective percentage of each fund, as calculated pursuant to paragraph (a) of this subdivision. The product of this equation shall result in the wholly in this state qualifying sales. The qualifying sales for each investment company which are not wholly in this state will be considered wholly without this state;

(c) To the extent an investment funds service corporation has sales which are not qualifying sales, those nonqualified sales shall be apportioned to this state based on the methodology utilized by the investment funds service corporation without regard to this subdivision.

3. Any corporation described in subdivision (1) of subsection 1 of section 143.441 organized in this state or granted a permit to operate in this state for the transportation or care of passengers shall report its gross earnings within the state on intrastate business and shall also report its gross earnings on all interstate business done in this state which report shall be subject to inquiry for the purpose of determining the amount of income to be included in Missouri taxable income. The previous sentence shall not apply to a railroad.

4. A corporation described in subdivision (2) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources in this state and all income from each transportation service wholly within this state, from each service where the only lines of such corporation used are those in this state, and such proportion of revenue from each service where the facilities of such corporation in this state and in another state or states are used, as the mileage used over the lines of such corporation in the state shall bear to the total mileage used over the lines of such corporation. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year of any fixed transportation facilities, real estate and improvements in this state leased from any other railroad shall be divided by the sum of the total amount of investment of such corporation on December thirty-first of each year in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year, of any fixed transportation facilities, real estate and improvements leased from any other railroad. Where any fixed transportation facilities, real estate or improvements are leased by more than one railroad, such portion of the value shall be used by each railroad as the rental paid by each shall bear to the rental paid by all lessees. The income shall be multiplied by the fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

5. A corporation described in subdivision (3) of subsection 1 of section 143.441 shall include in its Missouri taxable income one-half of the net income from the operation of a bridge between this and another state. If any such bridge is owned or operated by a railroad corporation or corporations, or by a corporation owning a railroad corporation using such bridge, then the figures for operation of such bridge may be included in the return of such railroad or railroads; or if such bridge is owned or operated by any other corporation which may now or hereafter be required to file an income tax return, one-half of the income or loss to such corporation from such bridge may be included in such return by adding or subtracting same to or from another net income or loss shown by the return.

6. A corporation described in subdivision (4) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources within this state. Income shall include revenue from each telephonic or telegraphic service rendered wholly within this state; from each service rendered for which the only facilities of such corporation used are those in this state; and from each service rendered over the facilities of such corporation in this state and in other state or states, such proportion of such revenue as the mileage involved in this state shall bear to the total

mileage involved over the lines of said company in all states. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

- (1) The income from all sources shall be determined as provided;
- (2) The amount of investment of such corporation on December thirty-first of each year in this state in telephonic or telegraphic facilities, real estate and improvements thereon, shall be divided by the amount of the total investment of such corporation on December thirty-first of each year in telephonic or telegraphic facilities, real estate and improvements. The income of the taxpayer shall be multiplied by fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

7. From the income determined in subsections 2, 3, 4, 5 and 6 of this section to be from all sources within this state shall be deducted such of the deductions for expenses in determining Missouri taxable income as were incurred in this state to produce such income and all losses actually sustained in this state in the business of the corporation.

8. If a corporation derives only part of its income from sources within Missouri, its Missouri taxable income shall only reflect the effect of the following listed deductions to the extent applicable to Missouri. The deductions are: (a) its deduction for federal income taxes pursuant to section 143.171, and (b) the effect on Missouri taxable income of the deduction for net operating loss allowed by Section 172 of the Internal Revenue Code. The extent applicable to Missouri shall be determined by multiplying the amount that would otherwise affect Missouri taxable income by the ratio for the year of the Missouri taxable income of the corporation for the year divided by the Missouri taxable income for the year as though the corporation had derived all of its income from sources within Missouri. For the purpose of the preceding sentence, Missouri taxable income shall not reflect the listed deductions.

9. Any investment funds service corporation organized as a corporation or S corporation which has any shareholders resided in this state shall be subject to Missouri income tax as provided in this chapter."; and

"2. **Beginning July 1, 2014, eligibility for MO HealthNet benefits shall be amended as follows:**

(1) **Persons eligible under subdivisions (3) and (25) of subsection 1 of this section shall no longer be eligible for MO HealthNet benefits as provided in this section, except for those persons eligible under subdivision (25) who do not have access to employer-sponsored health insurance coverage or subsidized insurance coverage through an exchange at any point after diagnosis, whose income is above one hundred percent of the federal poverty level;**

The department may direct the pregnant women to choose an exchange plan and the department may provide a premium subsidy equal to the amount of the percentage of income required for premium payments or coinsurance to the pregnant women by federal rule. 208.186. 1. Any person participating in the MO HealthNet program who has pled guilty to or been found guilty of a crime involving alcohol or a controlled substance or any crime in which alcohol or substance abuse was, in the opinion of the court, a contributing factor to the person's commission of the crime shall be required to obtain an assessment by a treatment provider approved by the department of mental health to determine the need for services. Recommendations of the treatment provider may be used by the court in sentencing.

2. Any person participating in the MO HealthNet program who is a parent of a child subject to proceedings in juvenile court under subsection 1 or 2 of section 211.031, whose misuse of controlled substances or alcohol is found to be a significant, contributing factor to the reason the child was adjudicated, shall be required to obtain an assessment by a treatment provider approved by the department of mental health to determine the need for services. Recommendations of the treatment provider shall be included in the child's permanency plan. The court may order the parent or guardian to successfully complete treatment before the child is reunified with the parent or guardian.

3. The MO HealthNet division shall certify a MO HealthNet participant's enrollment in MO HealthNet if requested by the court under this section. A letter signed by the director of the MO HealthNet division or his or her designee or the family support division certifying that the individual is a participant in the MO HealthNet program shall be prima facie evidence of such participation and shall be admissible into evidence without further foundation for that purpose. The letter may specify additional information such as anticipated dates of coverage as may be deemed necessary by the department.

208.631. 1. Notwithstanding any other provision of law to the contrary, the MO HealthNet division shall establish a program to pay for health care for uninsured children. Coverage pursuant to sections 208.631 to 208.659 is subject to appropriation. The provisions of sections 208.631 to 208.659, health care for uninsured children, shall be void and of no effect if there are no funds of the United States appropriated by Congress to be provided to the state on the basis of a state plan approved by the federal government under the federal Social Security Act. If funds are appropriated by the United States Congress, the department of social services is authorized to manage the state children's health insurance program (CHIP) allotment in order to ensure that the state receives maximum federal financial participation. Children in households with incomes up to one hundred fifty percent of the federal poverty level may meet all Title XIX program guidelines as required by the Centers for Medicare and Medicaid Services. Children in households with incomes of one hundred fifty percent to three hundred percent of the federal poverty level shall continue to be eligible as they were and receive services as they did on June 30, 2007, unless changed by the Missouri general assembly.

2. For the purposes of sections 208.631 to 208.659, "children" are persons up to nineteen years of age. "Uninsured children" are persons up to nineteen years of age who are emancipated and do not have access to affordable employer-subsidized health care insurance or other health care coverage or persons whose parent or guardian have not had access to affordable employer-subsidized health care insurance or other health care coverage for their children for six months prior to application, are residents of the state of Missouri, and have parents or guardians who meet the requirements in section 208.636. A child who is eligible for MO HealthNet benefits as authorized in section 208.151 is not uninsured for the purposes of sections 208.631 to 208.659.

3. Beginning October 1, 2019, a child eligible under sections 208.631 to 208.658 shall only remain eligible if, in addition to the other requirements, his or her parents do not have access to health insurance coverage for the child through their employment or through a health insurance plan in a health care exchange, whether federally facilitated, state based, or operated on a partnership basis because the parents are not eligible for a

premium subsidy for the child or family through such exchange. This subsection shall not go into effect unless and until, for a six-month period preceding the additional requirements, there are health insurance premium tax credits available for children and family coverage under Section 36B of the Internal Revenue Code of 1986, as amended, available to persons through the purchase of a health insurance plan in a health care exchange, whether federally facilitated, state based, or operated on a partnership basis, which have been in place for a six-month period.

4. The department shall inform participants six months prior to coverage being discontinued under subsection 3 of this section as to the possibility of insurance coverage through the purchase of a subsidized health insurance plan available through a health care exchange.

208.659. 1. The MO HealthNet division shall revise the eligibility requirements for the uninsured women's health program, as established in 13 CSR Section 70-4.090, to include women who are at least eighteen years of age and with a net family income of at or below one hundred eighty-five percent of the federal poverty level. In order to be eligible for such program, the applicant shall not have assets in excess of two hundred and fifty thousand dollars, nor shall the applicant have access to employer-sponsored health insurance. Such change in eligibility requirements shall not result in any change in services provided under the program.

2. Beginning July 1, 2014, the provisions of this section shall no longer be in effect. Such change in eligibility shall not take place unless and until:

(1) For a six-month period preceding the discontinuance of benefits under this subsection there are health insurance premium tax credits available for children and family coverage under Section 36B of the Internal Revenue Code of 1986, as amended, available to persons through the purchase of a health insurance plan in a health care exchange, whether federally facilitated, state based, or operated on a partnership basis, which have been in place for a six-month period, and notice has been provided to the revisor of statutes; and

(2) Eligibility of persons set out in subsection 3 of section 208.995 has received any necessary approvals from the federal Department of Health and Human Services, has been implemented by the department, and notice has been provided to the revisor of statutes.

3. The department shall inform participants six months prior to coverage being discontinued under subsection 2 of this section as to the possibility of insurance coverage through the purchase of a subsidized health insurance plan available through a health care exchange.

208.661. 1. The department shall develop incentive programs, submit state plan amendments and apply for necessary waivers to permit rural health clinics, federally-qualified health centers, or other primary care practices to co-locate on the property of public elementary and secondary schools with fifty percent or more students who are eligible for free or reduced price lunch.

2. No school-based health care clinic established under this section shall perform or refer for abortion services, or provide or refer for contraceptive drugs or devices.

3. The consent of a parent or legal guardian shall be required before a minor may receive health care services under this section.

4. The provisions of this section shall be null and void unless and until any waivers necessary to the implementation of subsections 2 and 3 of this section are granted by the federal government.

208.662. 1. There is hereby established within the department of social services the "Show-Me Healthy Babies Program" as a separate children's health insurance program (CHIP) for any low-income, unborn child, neither of whose parents have access to affordable health insurance coverage for the unborn child through his or her employment or through a health insurance plan in a health care exchange, whether federally facilitated, state based, or operated on a partnership basis. The program shall be established under the authority of Title XXI of the federal Social Security Act, the State Children's Health Insurance Program, as amended, and 42 CFR 457.1.

2. For an unborn child to be enrolled in the show-me healthy babies program, his or her mother shall not be eligible for coverage under Title XIX of the federal Social Security Act, the Medicaid program, as it is administered by the state, and shall not have access to affordable employer-subsidized health care insurance or other affordable health care coverage that includes coverage for the unborn child including any health insurance plan in a health care exchange, whether federally facilitated, state based, or operated on a partnership basis.

3. Coverage for an unborn child enrolled in the show-me healthy babies program shall include all prenatal care and pregnancy-related services that benefit the health of the unborn child and that promote healthy labor, delivery, and birth, as determined by regulations of the department. Coverage shall not include services

that are solely for the benefit of the pregnant mother, that are unrelated to maintaining or promoting a healthy pregnancy, and that provide no benefit to the unborn child.

4. There shall be no waiting period before an unborn child may be enrolled in the show-me healthy babies program. In accordance with the definition of child in 42 CFR 457.10, coverage shall include the period from conception to birth. The department shall develop a presumptive eligibility procedure for enrolling an unborn child.

5. Coverage for the child shall continue for up to one year after birth, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations.

6. Pregnancy-related and postpartum coverage for the mother shall begin on the day the pregnancy ends and extend through the last day of the month that includes the sixtieth day after the pregnancy ends, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations. Coverage for the mother shall be limited to pregnancy-related and postpartum care.

7. Nothing in this section shall be construed to prohibit an unborn child from being enrolled in the show-me healthy babies program at the same time his or her mother is enrolled in MO HealthNet, the children's health insurance program (CHIP), Medicare, or other governmental or government-subsidized health care program. The department shall ensure that there is no duplication of payments for services for an unborn child enrolled in the show-me healthy babies program that are payable under a governmental or nongovernmental health care program for services to an eligible pregnant woman.

8. The department may provide coverage for an unborn child enrolled in the show-me healthy babies program through:

(1) Direct coverage whereby the state pays health care providers directly or by contracting with a managed care organization or with a group or individual health insurance provider;

(3) A combination of direct coverage, such as when the unborn child is first enrolled, and premium assistance, such as after the child is born; or

(4) Any other similar arrangement whereby there:

(a) Are lower program costs without sacrificing health care coverage for the unborn child or the child up to one year after birth;

(b) Are greater covered services for the unborn child or the child up to one year after birth;

(c) Is a similar cost for coverage of the participant and also will provide coverage for siblings or other family members; or

(d) Will be an ability for the child to transition more easily to nongovernment or less government-subsidized group or individual health insurance coverage after the child is no longer enrolled in the show-me healthy babies program.

9. The department shall provide information about the show-me healthy babies program to maternity homes as defined in section 135.600, pregnancy resource centers as defined in section 135.630, and other similar agencies and programs in the state that assist unborn children and their mothers. 11. (2) The efficacy in providing services through managed care organizations, group or individual health insurance providers or premium assistance, or through other nontraditional arrangements of providing health care;

(3) The change in the proportion of unborn children who receive care in the first trimester of pregnancy due to a lack of waiting periods, presumptive eligibility, or removal of other barriers, and the attendant decrease in health problems and other problems for unborn children and women throughout pregnancy; at labor, delivery, and birth; and during infancy and childhood;

(4) The change in healthy behaviors by pregnant women, such as the cessation of the use of tobacco, alcohol, illicit drugs, or other harmful practices, and the attendant short-term and long-term decrease in birth defects; poor motor skills; vision, speech, and hearing problems; breathing and respiratory problems; feeding and digestive problems; and other physical, mental, educational, and behavioral problems; and

(5) The change in infant and maternal mortality, preterm births and low birth weight babies and the attendant decrease in short-term and long-term medical and other interventions.

12. The show-me healthy babies program shall not be deemed an entitlement program, but instead shall be subject to a federal allotment or other federal appropriations and matching state appropriations.

13. Nothing in this section shall be construed as obligating the state to continue the show-me healthy babies program if the allotment or payments from the federal government end or are not sufficient for the program to operate, or if the general assembly does not appropriate funds for the program.

14. Nothing in this section shall be construed as expanding MO HealthNet or fulfilling a mandate imposed by the federal government on the state."; and

The provisions of subsections 3 to 8 of this section shall not be implemented unless such waivers and enhanced federal funding rates are granted by the federal government.

11. If at any time the director receives notice that the federal funds at the disposal of the state for payments of money benefits to or on behalf of any persons under subsection 3 of this section shall at any time become less than ninety percent of the funds necessary or are not appropriated to pay the percentages specified in Section 2001 of Public Law 111-148, as that section existed on March 23, 2010, subsections 3 to 8 of this section shall no longer be effective for the individuals whose benefits are no longer matchable at the specified percentages. The date benefits cease shall be stated in a notice sent to the affected individuals.

208.997. 1. The MO HealthNet division shall develop and implement the "Health Care Homes Program" as a provider-directed care coordination program for MO HealthNet recipients who are not enrolled in a prepaid MO HealthNet benefits option and who are receiving services on a fee-for-service basis. The health care homes program shall provide payment to primary care clinics for care coordination for individuals who are deemed medically frail. Clinics shall meet certain criteria, including but not limited to the following:

(1) The capacity to develop care plans;

- (2) A dedicated care coordinator;
- (3) An adequate number of clients, evaluation mechanisms, and quality improvement processes to qualify for reimbursement; and
- (4) The capability to maintain and use a disease registry.

2. For purposes of this section, "primary care clinic" means a medical clinic designated as the patient's first point of contact for medical care, available twenty-four hours a day, seven days a week, that provides or arranges the patient's comprehensive health care needs and provides overall integration, coordination, and continuity over time and referrals for specialty care. A primary care clinic may include a community mental health center.

3. The health care home for recipients of MO HealthNet services defined in paragraph (f) of subdivision (7) of subsection 1 of section 208.995 shall be the primary provider of home- and community-based services received by the recipient if such provider has a qualified, licensed designee to serve as the recipient's care coordinator and the provider can demonstrate the ability to meet the requirements in subsections 1 and 2 of this section. The qualifications for such designees shall be defined by the department by rule.

4. Providers of behavioral, social, and psychophysiological services for the prevention, treatment, or management of physical health problems and screening and brief intervention shall be reimbursed for utilizing the behavior assessment and intervention, and screening and brief intervention reimbursement codes 96150 to 96155 and 99408 to 99409 or their successor codes under the Current Procedural Terminology (CPT) coding system. Location of service may be limited to NCQA Level 3 Patient-Centered Medical Homes and CARF-accredited health homes.

5. The department may designate that the health care homes program be administered through an organization with a statewide primary care presence, experience with Medicaid population health management, and an established health homes outcomes monitoring and improvement system.

6. This section shall be implemented in such a way that it does not conflict with federal requirements for health care home participation by MO HealthNet participants.

7. The department or appropriate divisions of the department may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

8. Nothing in this section shall be construed to limit the department's ability to create health care homes for participants in a managed care plan.

208.998. 1. Except for individuals who meet the definition of medically frail, individuals who qualify for coverage under subsections 2 and 3 of section 208.995 shall receive covered services through health plans offered by managed care entities which are authorized by the department. Health plans authorized by the department:

- (1) Shall resemble commercially available health plans while complying with federal Medicaid requirements as authorized by federal law or through a federal waiver, and may include accountable care organizations, administrative service organizations, or managed care organizations paid on a capitated basis;
- (2) Shall promote, to the greatest extent possible, the opportunity for children and their parents to be covered under the same plan;
- (3) Shall offer plans statewide;
- (4) Shall include cost sharing for outpatient services to the maximum extent allowed by federal law;
- (5) May include other co-payments and provide incentives that encourage and reward the prudent use of the health benefit provided;
- (6) Shall encourage access to care through provider rates that include pay-for-performance and are comparable to commercial rates;
- (7) Shall provide incentives, including shared risk and savings, to health plans and providers to encourage cost-effective delivery of care;
- (8) May provide multiple plan options and reward participants for choosing a low-cost plan; and
- (9) Shall include the services of health providers as defined in 42 U.S.C. Section 1396d(l)(1) and (2) and meet the payment requirements for such health providers as provided in 42 U.S.C. Sections 1396a(a)(15) and 1396a(bb).

2. The department may designate that certain health care services be excluded from such health plans if it is determined cost effective by the department.

3. (1) The department may accept regional plan proposals as an additional option for beneficiaries. Such proposals may be submitted by accountable care organizations or other organizations and entities.

(2) The department shall advance the development of systems of care for medically complex children who are recipients of MO HealthNet benefits by accepting cost-effective regional proposals from and contracting with appropriate pediatric care networks, pediatric centers for excellence, and medical homes for children to provide MO HealthNet benefits when the department determines it is cost effective to do so. Such entities shall be treated as accountable care organizations.

(3) The provisions of subsection 1 of this section shall not apply to this subsection.

4. The department shall establish, in collaboration with plans and providers, uniform utilization review protocols to be used by all authorized health plans.

5. The department shall establish a competitive bidding process for contracting with managed care plans.

(1) The department shall solicit bids only from bidders who offer, or through an associated company offer, an identical or substantially similar plan, in services provided and network, within a health care exchange in this state, whether federally facilitated, state based, or operated on a partnership basis. The bidder, if the bidder offers an identical or similar plan, in services provided or network continuity, including primary care providers, or the bidder and the associated company, if the bidder has formed a partnership for purposes of its bid, shall include a process in its bid by which MO HealthNet recipients who choose its plan will be automatically enrolled in the corresponding plan offered within the health care exchange if the recipient's income increases resulting in the recipient's ineligibility for MO HealthNet benefits. The bidder also shall include in its bid a process by which an individual enrolled in an identical or substantially similar plan, in services provided or network continuity, including primary care providers, within a health care exchange in this state, whether federally facilitated, state based, or operated on a partnership basis whose income decreases resulting in eligibility for MO HealthNet benefits shall be enrolled in MO HealthNet after an application is received and the participant is determined eligible for MO HealthNet benefits.

(2) The department shall select a minimum of three winning bids and may select up to a maximum number of bids equal to the quotient derived from dividing the total number of participants anticipated by the department in a region by one hundred thousand.

(3) The department shall accept the lowest conforming bid. For determining other accepted bids, the department shall consider the following factors:

- (a) The cost to Missouri taxpayers;
- (b) The extent of the network of health care providers offering services within the bidder's plan;
- (c) Additional services offered to recipients under the bidder's plan;
- (d) The bidder's history of providing managed care plans for similar populations in Missouri or other states;
- (e) Any other criteria the department deems relevant to ensuring MO HealthNet benefits are provided to recipients in such manner as to save taxpayer money and improve health outcomes of recipients.

6. Any managed care organization that enters into a contract with the state to provide managed care plans shall be required to fulfill the terms of the contract and provide such plans for at least twelve months, or longer if the contract so provides. The state shall not increase the reimbursement rate provided to the managed care organization during the contract period above the rate included in the contract. If the managed care organization breaches the contract, the state shall be entitled to bring an action against the managed care organization for any remedy allowed by law or equity and shall also recover any and all damages provided by law, including liquidated damages in an amount determined by the department during the bidding process. Nothing in this subsection shall be construed to preclude the department or the state of Missouri from terminating the contract as specified in the terms of the contract, including for breach of contract, lack of appropriated funds, or exercising any remedies for breach as may be provided in the contract.

7. (1) Participants enrolling in managed care plans under this section shall have the ability to choose their plan. In the enrollment process, participants shall be provided a list of all plans available ranked by the relative actuarial value of each plan. Each participant shall be informed in the enrollment process that he or she will be eligible to receive a portion of the amount saved by Missouri taxpayers if he or she chooses a lower cost plan offered in his or her region. The portion received by a participant shall be determined by the department according to the department's best judgment as to the portion which will bring the maximum savings to Missouri taxpayers.

(2) If a participant fails or refuses to choose a plan as set forth in subdivision (1) of this subsection, the department shall determine rules for auto-assignment, which shall include incentives for low-cost bids and improved health outcomes as determined by the department.

8. This section shall not be construed to require the department to terminate any existing managed care contract or to extend any managed care contract.

9. All MO HealthNet plans under this section shall provide coverage for the following services unless they are specifically excluded under subsection 2 of this section and instead are provided by an administrative services organization:

- (1) Ambulatory patient services;
- (2) Emergency services;
- (3) Hospitalization;
- (4) Maternity and newborn care;
- (5) Mental health and substance abuse treatment, including behavioral health treatment;
- (6) Prescription drugs;
- (7) Rehabilitative and habilitative services and devices;
- (8) Laboratory services;
- (9) Preventive and wellness care, and chronic disease management;
- (10) Pediatric services, including oral and vision care; and
- (11) Any other services required by federal law.

10. No MO HealthNet plan or program shall provide coverage for an abortion unless a physician certifies in writing to the MO HealthNet agency that, in the physician's professional judgment, the life of the mother would be endangered if the fetus were carried to term.

11. The MO HealthNet program shall provide a high deductible health plan option for uninsured adults nineteen years of age or older and under sixty-five years of age with incomes of less than one hundred percent of the federal poverty level. The high deductible health plan shall include:

(1) After meeting a one thousand dollar deductible, coverage for benefits as specified by rule of the department;

(2) An account, funded by the department, of at least one thousand dollars per adult to pay medical costs for the initial deductible funded by the department;

(3) Preventive care, as defined by the department by rule, that is not subject to the deductible and does not require a payment of moneys from the account described in subdivision (2) of this subsection;

(4) A basic benefits package if annual medical costs exceed one thousand dollars;

(5) A minimum deductible of one thousand dollars;

(6) As soon as practicable, the establishment and maintenance of a record-keeping system for each health care visit or service received by recipients under this subsection. The plan shall require that the recipient's prepaid card number be entered, or electronic strip be swiped, by the health care provider for purposes of maintaining a record of every health care visit or service received by the recipient from such provider, regardless of any balance on the recipient's card. Such information shall include only the date, provider name, and general description of the visit or service provided. The plan shall maintain a complete history of all health care visits and services for which the recipient's prepaid card is entered or swiped in accordance with this subdivision. If required under the federal Health Insurance Portability and Accountability Act (HIPAA) or other relevant state or federal law or regulation, a recipient shall, as a condition of participation in the prepaid card incentive, be required to provide a written waiver for disclosure of any information required under this subdivision;

(7) The determination of a proportion of the amount left in a participant's account described in subdivision (2) of this subsection which shall be paid to the participant for saving taxpayer money. The amount and method of payment shall be determined by the department; and

(8) The determination of a proportion of a participant's account described in subdivision (2) of this subsection which shall be used to subsidize premiums to facilitate a participant's transition from health coverage under MO HealthNet to private health insurance based on cost-effective principles determined by the department.

12. All participants with chronic conditions, as specified by the department, shall be included in an incentive program for MO HealthNet recipients who obtain specified primary care and preventive services, and who participate or refrain from participation in specified activities to improve the overall health of the recipient. Recipients who complete the requirements of the program shall be eligible to receive an annual cash payment for successful completion of the program. The department shall establish, by rule, the specific primary care and preventive services, activities to be included in the incentive program, and the amount of any annual cash payments to recipients.

13. A MO HealthNet recipient shall be eligible for participation in only one of either the high deductible health plan under subsection 11 of this section or the incentive program under subsection 12 of this section.

14. No cash payments, incentives, or credits paid to or on behalf of a MO HealthNet participant under a program established by the department under this section shall be deemed to be income to the participant in any means-tested benefit program unless otherwise specifically required by law or rule of the department.

15. Managed care entities shall inform participants who choose the high deductible health plan under subsection 11 of this section that the participant may lose his or her incentive payment under subdivision (7) of subsection 11 of this section if the participant utilizes visits to the emergency department for non-emergent purposes. Such information shall be included on every electronic and paper correspondence between the managed care plan and the participant.

16. The department shall provide participants formerly enrolled in the Ticket to Work Health Assurance Program any services formerly received under the program that are not provided through health insurance plans purchased through a health insurance exchange. These services shall include home health services, consumer directed services, Medicare Part D co-payments, durable medical equipment, psychiatric rehabilitation services, comprehensive substance treatment and rehabilitation, division of developmental disabilities waiver services, and targeted case management for mental health services.

17. The department shall seek all necessary waivers and state plan amendments from the federal Department of Health and Human Services necessary to implement the provisions of this section. The provisions of this section shall not be implemented unless such waivers and state plan amendments are approved. If this section is approved in part by the federal government, the department is authorized to proceed on those sections for which approval has been granted; except that, any increase in eligibility shall be contingent upon the receipt of all necessary waivers and state plan amendments. The provisions of this section shall not be implemented until eligibility of persons set out in subsection 3 of section 208.995 has been approved by the federal Department of Health and Human Services and has been implemented by the department. However, nothing shall prevent the department from expanding managed care for populations under other granted authority.

18. The department may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as the term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

208.999. Subject to appropriations, the department shall develop incentive programs to encourage the construction and operation of urgent care clinics which operate outside normal business hours and are in or adjoining emergency room facilities which receive a high proportion of patients who are participating in MO HealthNet, to the extent that the incentives are eligible for federal matching funds.

376.961. 1. There is hereby created a nonprofit entity to be known as the "Missouri Health Insurance Pool". All insurers issuing health insurance in this state and insurance arrangements providing health plan benefits in this state shall be members of the pool.

2. Of the initial eight members appointed, three shall serve a three-year term, three shall serve a two-year term, and two shall serve a one-year term. All subsequent appointments to the board shall be for three-year terms. Members of the board shall have a background and experience in health insurance plans or health maintenance organization plans, in health care finance, or as a health care provider or a member of the general public; except that, the director shall not be required to appoint members from each of the categories listed. The director may reappoint members of the board. The director shall fill vacancies on the board in the same manner as appointments are made at the expiration of a member's term and may remove any member of the board for neglect of duty, misfeasance, malfeasance, or nonfeasance in office.

3. Beginning August 28, 2007, the board of directors shall consist of fourteen members. The board shall consist of the director and the eight members described in subsection 2 of this section and shall consist of the following additional five members:

4. The members appointed under subsection 3 of this section shall serve in an ex officio capacity. The terms of the members of the board of directors appointed under subsection 3 of this section shall expire on December 31, 2009. On such date, the membership of the board shall revert back to nine members as provided for in subsection 2 of this section.

5. Beginning on August 28, 2013, the board of directors on behalf of the pool, the executive director, and any other employees of the pool shall have the authority to provide assistance or resources to any department, agency, public official, employee, or agent of the federal government for the specific purpose of transitioning individuals enrolled in the pool to coverage outside of the pool beginning on or before January 1, 2014. Such authority does not extend to authorizing the pool to implement, establish, create, administer, or otherwise operate a state-based exchange.

376.962. 1. The board of directors on behalf of the pool shall submit to the director a plan of operation for the pool and any amendments thereto necessary or suitable to assure the fair, reasonable and equitable administration of the pool. After notice and hearing, the director shall approve the plan of operation, provided it is determined to be suitable to assure the fair, reasonable and equitable administration of the pool, and it provides for the sharing of pool gains or losses on an equitable proportionate basis. The plan of operation shall become effective upon approval in writing by the director consistent with the date on which the coverage under sections 376.960 to 376.989 becomes available. If the pool fails to submit a suitable plan of operation within one hundred eighty days after the appointment of the board of directors, or at any time thereafter fails to submit suitable amendments to the plan, the director shall, after notice and hearing, adopt and promulgate such reasonable rules as are necessary or advisable to effectuate the provisions of this section. Such rules shall continue in force until modified by the director or superseded by a plan submitted by the pool and approved by the director.

2. In its plan, the board of directors of the pool shall:

- (1) Establish procedures for the handling and accounting of assets and moneys of the pool;
- (2) Select an administering insurer **or third-party administrator** in accordance with section 376.968;
- (3) Establish procedures for filling vacancies on the board of directors; **and**

(4) Establish procedures for the collection of assessments from all members to provide for claims paid under the plan and for administrative expenses incurred or estimated to be incurred during the period for which the assessment is made. The level of payments shall be established by the board pursuant to the provisions of section 376.973. Assessment shall occur at the end of each calendar year and shall be due and payable within thirty days of receipt of the assessment notice[;

(5) Develop and implement a program to publicize the existence of the plan, the eligibility requirements, and procedures for enrollment, and to maintain public awareness of the plan].

3. On or before September 1, 2013, the board shall submit such amendments to the plan of operation as are necessary or suitable to ensure a reasonable transition period to allow for the termination of issuance of policies by the pool.

4. The amendments to the plan of operation submitted by the board shall include all of the requirements outlined in subsection 2 of this section and shall address the transition of individuals covered under the pool to alternative health insurance coverage as it is available after January 1, 2014. The plan of operation shall also address procedures for finalizing the financial matters of the pool, including assessments, claims expenses, and other matters identified in subsection 2 of this section.

5. The director shall review the plan of operation submitted under subsection 3 of this section and shall promulgate rules to effectuate the transitional plan of operation. Such rule shall be effective no later than October 1, 2013. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

376.964. The board of directors and administering insurers of the pool shall have the general powers and authority granted under the laws of this state to insurance companies licensed to transact health insurance as defined in section 376.960, and, in addition thereto, the specific authority to:

(1) Enter into contracts as are necessary or proper to carry out the provisions and purposes of sections 376.960 to 376.989, including the authority, with the approval of the director, to enter into contracts with similar pools of other states for the joint performance of common administrative functions, or with persons or other organizations for the performance of administrative functions;

(2) Sue or be sued, including taking any legal actions necessary or proper for recovery of any assessments for, on behalf of, or against pool members;

(3) Take such legal actions as necessary to avoid the payment of improper claims against the pool or the coverage provided by or through the pool;

(4) Establish appropriate rates, rate schedules, rate adjustments, expense allowances, agents' referral fees, claim reserve formulas and any other actuarial function appropriate to the operation of the pool. Rates shall not be unreasonable in relation to the coverage provided, the risk experience and expenses of providing the coverage. Rates and rate schedules may be adjusted for appropriate risk factors such as age and area variation in claim costs and shall take into consideration appropriate risk factors in accordance with established actuarial and underwriting practices;

(5) Assess members of the pool in accordance with the provisions of this section, and to make advance interim assessments as may be reasonable and necessary for the organizational and interim operating expenses. Any such interim assessments are to be credited as offsets against any regular assessments due following the close of the fiscal year;

(6) **Prior to January 1, 2014, issue policies of insurance in accordance with the requirements of sections 376.960 to 376.989. In no event shall new policies of insurance be issued on or after January 1, 2014;**

(7) Appoint, from among members, appropriate legal, actuarial and other committees as necessary to provide technical assistance in the operation of the pool, policy or other contract design, and any other function within the authority of the pool;

(8) Establish rules, conditions and procedures for reinsuring risks of pool members desiring to issue pool plan coverages in their own name. Such reinsurance facility shall not subject the pool to any of the capital or surplus requirements, if any, otherwise applicable to reinsurers;

(9) Negotiate rates of reimbursement with health care providers on behalf of the association and its members;

(10) Administer separate accounts to separate federally defined eligible individuals and trade act eligible individuals who qualify for plan coverage from the other eligible individuals entitled to pool coverage and apportion the costs of administration among such separate accounts.

376.966. 1. No employee shall involuntarily lose his or her group coverage by decision of his or her employer on the grounds that such employee may subsequently enroll in the pool. The department shall have authority to promulgate rules and regulations to enforce this subsection.

(2) A federally defined eligible individual who has not experienced a significant break in coverage;

(3) A trade act eligible individual;

If application for pool coverage is made not later than sixty-three days after the involuntary termination, the effective date of the coverage shall be the date of termination of the previous coverage;

(7) Any person whose premiums for health insurance coverage have increased above the rate established by the board under paragraph (a) of subdivision (1) of subsection 3 of this section;

(8) Any person currently insured who would have qualified as a federally defined eligible individual or a trade act eligible individual between the effective date of the federal Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 and the effective date of this act.

3. The following individual persons shall not be eligible for coverage under the pool:

(1) Persons who have, on the date of issue of coverage by the pool, or obtain coverage under health insurance or an insurance arrangement substantially similar to or more comprehensive than a plan policy, or would be eligible to have coverage if the person elected to obtain it, except that:

(a) This exclusion shall not apply to a person who has such coverage but whose premiums have increased to one hundred fifty percent to two hundred percent of rates established by the board as applicable for individual standard risks;

(b) A person may maintain other coverage for the period of time the person is satisfying any preexisting condition waiting period under a pool policy; and

(c) A person may maintain plan coverage for the period of time the person is satisfying a preexisting condition waiting period under another health insurance policy intended to replace the pool policy;

(2) Any person who is at the time of pool application receiving health care benefits under section 208.151;

(3) Any person having terminated coverage in the pool unless twelve months have elapsed since such termination, unless such person is a federally defined eligible individual;

(5) Inmates or residents of public institutions, unless such person is a federally defined eligible individual, and persons eligible for public programs;

(6) Any person whose medical condition which precludes other insurance coverage is directly due to alcohol or drug abuse or self-inflicted injury, unless such person is a federally defined eligible individual or a trade act eligible individual;

(7) Any person who is eligible for Medicare coverage.

4. Any person who ceases to meet the eligibility requirements of this section may be terminated at the end of such person's policy period.

5. If an insurer issues one or more of the following or takes any other action based wholly or partially on medical underwriting considerations which is likely to render any person eligible for pool coverage, the insurer shall notify all persons affected of the existence of the pool, as well as the eligibility requirements and methods of applying for pool coverage:

(1) A notice of rejection or cancellation of coverage;

(2) A notice of reduction or limitation of coverage, including restrictive riders, if the effect of the reduction or limitation is to substantially reduce coverage compared to the coverage available to a person considered a standard risk for the type of coverage provided by the plan.

6. Coverage under the pool shall expire on January 1, 2014.

376.968. The board shall select an insurer [or] , insurers, or **third-party administrators** through a competitive bidding process to administer the pool. The board shall evaluate bids submitted based on criteria established by the board which shall include:

(1) The insurer's proven ability to handle individual accident and health insurance;

(2) The efficiency of the insurer's claim-paying procedures;

(3) An estimate of total charges for administering the plan;

(4) The insurer's ability to administer the pool in a cost-efficient manner.

376.970. 1. The administering insurer shall serve for a period of three years subject to removal for cause. At least one year prior to the expiration of each three-year period of service by an administering insurer, the board shall invite all insurers, including the current administering insurer, to submit bids to serve as the administering insurer for the succeeding three-year period. Selection of the administering insurer for the succeeding period shall be made at least six months prior to the end of the current three-year period.

2. The administering insurer shall:

(1) Perform all eligibility and administrative claim-payment functions relating to the pool;

(2) Establish a premium billing procedure for collection of premium from insured persons. Billings shall be made on a period basis as determined by the board;

(3) Perform all necessary functions to assure timely payment of benefits to covered persons under the pool including:

(a) Making available information relating to the proper manner of submitting a claim for benefits to the pool and distributing forms upon which submission shall be made;

(b) Evaluating the eligibility of each claim for payment by the pool;

(4) Submit regular reports to the board regarding the operation of the pool. The frequency, content and form of the report shall be determined by the board;

(5) Following the close of each calendar year, determine net written and earned premiums, the expense of administration, and the paid and incurred losses for the year and report this information to the board and the department on a form prescribed by the director;

(6) Be paid as provided in the plan of operation for its expenses incurred in the performance of its services.

3. On or before September 1, 2013, the board shall invite all insurers and third-party administrators, including the current administering insurer, to submit bids to serve as the administering insurer or third-party administrator for the pool. Selection of the administering insurer or third-party administrator shall be made prior to January 1, 2014.

4. Beginning January 1, 2014, the administering insurer or third-party administrator shall:

(1) Submit to the board and director a detailed plan outlining the winding down of operations of the pool. The plan shall be submitted no later than January 31, 2014, and shall be updated quarterly thereafter;

(2) Perform all administrative claim-payment functions relating to the pool;

(3) Perform all necessary functions to assure timely payment of benefits to covered persons under the pool including:

(a) Making available information relating to the proper manner of submitting a claim for benefits to the pool and distributing forms upon which submission shall be made; and

(b) Evaluating the eligibility of each claim for payment by the pool;

(4) Submit regular reports to the board regarding the operation of the pool. The frequency, content and form of the report shall be determined by the board;

(5) Following the close of each calendar year, determine the expense of administration, and the paid and incurred losses for the year, and report such information to the board and department on a form prescribed by the director; and

(6) Be paid as provided in the plan of operation for its expenses incurred in the performance of its services.

376.973. 1. Following the close of each fiscal year, the pool administrator shall determine the net premiums (premiums less administrative expense allowances), the pool expenses of administration and the incurred losses for the year, taking into account investment income and other appropriate gains and losses. Health insurance premiums and benefits paid by an insurance arrangement that are less than an amount determined by the board to justify the cost of collection shall not be considered for purposes of determining assessments. The total cost of pool operation shall be the amount by which all program expenses, including pool expenses of administration, incurred losses for the year, and other appropriate losses exceeds all program revenues, including net premiums, investment income, and other appropriate gains.

2. Each insurer's assessment shall be determined by multiplying the total cost of pool operation by a fraction, the numerator of which equals that insurer's premium and subscriber contract charges for health insurance written in the state during the preceding calendar year and the denominator of which equals the total of all premiums, subscriber contract charges written in the state and one hundred ten percent of all claims paid by insurance arrangements in the state during the preceding calendar year; provided, however, that the assessment for each health maintenance organization shall be determined through the application of an equitable formula based upon the value of services provided in the preceding calendar year.

3. Each insurance arrangement's assessment shall be determined by multiplying the total cost of pool operation calculated under subsection 1 of this section by a fraction, the numerator of which equals one hundred ten percent of the benefits paid by that insurance arrangement on behalf of insureds in this state during the preceding calendar year and the denominator of which equals the total of all premiums, subscriber contract charges and one hundred ten percent of all benefits paid by insurance arrangements made on behalf of insureds in this state during the preceding calendar year. Insurance arrangements shall report to the board claims payments made in this state on an annual basis on a form prescribed by the director.

4. If assessments exceed actual losses and administrative expenses of the pool, the excess shall be held at interest and used by the board to offset future losses or to reduce pool premiums. As used in this subsection, "future losses" include reserves for incurred but not paid claims.

5. Assessments shall continue until such time as the director of the pool provides notice to the board and director that all claims have been paid.

6. Any assessment funds remaining at the time the director provides notice that all claims have been paid shall be deposited in the state general revenue fund.

Section 1. 1. Notwithstanding any other provision of law to the contrary, beginning July 1, 2014, any MO HealthNet recipient who elects to receive medical coverage through a private health insurance plan instead of through the MO HealthNet program shall be eligible for a private insurance premium subsidy to assist the recipient in paying the costs of such private insurance if it is determined to be cost effective by the department.

The subsidy shall be provided on a sliding scale based on income, with a graduated reduction in subsidy over a period of time not to exceed two years.

2. The department may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void."; and

House Amendment No. 3

AMEND House Committee Substitute for Senate Substitute No. 2 for Senate Committee Substitute for Senate Bill Nos. 26, 11 & 31, Page 104, Section 143.151, Line 13, by inserting after all of said section and line the following:

"143.451. 1. Missouri taxable income of a corporation shall include all income derived from sources within this state.

2. A corporation described in subdivision (1) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income from sources within this state, including that from the transaction of business in this state and that from the transaction of business partly done in this state and partly done in another state or states. However:

(1) Where income results from a transaction partially in this state and partially in another state or states, and income and deductions of the portion in the state cannot be segregated, then such portions of income and deductions shall be allocated in this state and the other state or states as will distribute to this state a portion based upon the portion of the transaction in this state and the portion in such other state or states.

(2) The taxpayer may elect to compute the portion of income from all sources in this state in the following manner, **or the manner set forth in subdivision (3) of this subsection**:

(a) The income from all sources shall be determined as provided, excluding therefrom the figures for the operation of any bridge connecting this state with another state.

(b) The amount of sales which are transactions wholly in this state shall be added to one-half of the amount of sales which are transactions partly within this state and partly without this state, and the amount thus obtained shall be divided by the total sales or in cases where sales do not express the volume of business, the amount of business transacted wholly in this state shall be added to one-half of the amount of business transacted partly in this state and partly outside this state and the amount thus obtained shall be divided by the total amount of business transacted, and the net income shall be multiplied by the fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income. The investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction.

[(3)] (c) For the purposes of this [section] **subdivision**, a transaction involving the sale of tangible property is:

[(a)] **a.** "Wholly in this state" if both the seller's shipping point and the purchaser's destination point are in this state;

[(b)] **b.** "Partly within this state and partly without this state" if the seller's shipping point is in this state and the purchaser's destination point is outside this state, or the seller's shipping point is outside this state and the purchaser's destination point is in this state;

[(c)] **c.** Not "wholly in this state" or not "partly within this state and partly without this state" only if both the seller's shipping point and the purchaser's destination point are outside this state[;].

(d) For purposes of this subdivision:

a. The purchaser's destination point shall be determined without regard to the FOB point or other conditions of the sale[;]; and

b. The seller's shipping point is determined without regard to the location of the seller's principle office or place of business.

(3) The taxpayer may elect to compute the portion of income from all sources in this state in the following manner:

(a) The income from all sources shall be determined as provided, excluding therefrom the figures for the operation of any bridge connecting this state with another state;

(b) The amount of sales which are transactions in this state shall be divided by the total sales, and the net income shall be multiplied by the fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income. The investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction;

(c) For the purposes of this subdivision, a transaction involving the sale of tangible property is:

a. "In this state" if the purchaser's destination point is in this state;

b. Not "in this state" if the purchaser's destination point is outside this state;

(d) For purposes of this subdivision, the purchaser's destination point shall be determined without regard to the FOB point or other conditions of the sale and shall not be in this state if the purchaser received the tangible personal property from the seller in this state for delivery to the purchaser's location outside this state.

(4) For purposes of this subsection, the following words shall, unless the context otherwise requires, have the following meaning:

(a) "Administration services" include, but are not limited to, clerical, fund or shareholder accounting, participant record keeping, transfer agency, bookkeeping, data processing, custodial, internal auditing, legal and tax services performed for an investment company;

(b) "Affiliate", the meaning as set forth in 15 U.S.C. Section 80a-2(a)(3)(C), as may be amended from time to time;

(c) "Distribution services" include, but are not limited to, the services of advertising, servicing, marketing, underwriting or selling shares of an investment company, but, in the case of advertising, servicing or marketing shares, only where such service is performed by a person who is, or in the case of a closed end company, was, either engaged in the services of underwriting or selling investment company shares or affiliated with a person that is engaged in the service of underwriting or selling investment company shares. In the case of an open end company, such service of underwriting or selling shares must be performed pursuant to a contract entered into pursuant to 15 U.S.C. Section 80a-15(b), as from time to time amended;

(d) "Investment company", any person registered under the federal Investment Company Act of 1940, as amended from time to time, (the act) or a company which would be required to register as an investment company under the act except that such person is exempt to such registration pursuant to Section 80a-3(c)(1) of the act;

(e) "Investment funds service corporation" includes any corporation or S corporation doing business in the state which derives more than fifty percent of its gross income in the ordinary course of business from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. An investment funds service corporation shall include any corporation or S corporation providing management services as an investment advisory firm registered under Section 203 of the Investment Advisors Act of 1940, as amended from time to time, regardless of the percentage of gross revenues consisting of fees from management services provided to or on behalf of an investment company;

(f) "Management services" include but are not limited to, the rendering of investment advice directly or indirectly to an investment company making determinations as to when sales and purchases of securities are to be made on behalf of the investment company, or the selling or purchasing of securities constituting assets of an investment company, and related activities, but only where such activity or activities are performed:

a. Pursuant to a contract with the investment company entered into pursuant to 15 U.S.C. Section 80a-15(a), as from time to time amended;

b. For a person that has entered into such contract with the investment company; or

c. For a person that is affiliated with a person that has entered into such contract with an investment company;
 (g) "Qualifying sales", gross income derived from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. For purposes of this section, gross income is defined as that amount of income earned from qualifying sources without deduction of expenses related to the generation of such income;

(h) "Residence", presumptively the fund shareholder's mailing address on the records of the investment company. If, however, the investment company or the investment funds service corporation has actual knowledge that the fund shareholder's primary residence or principal place of business is different than the fund shareholder's mailing address such presumption shall not control. To the extent an investment funds service corporation does not have access to the records of the investment company, the investment funds service corporation may employ reasonable methods to determine the investment company fund shareholder's residence.

(5) Notwithstanding other provisions of law to the contrary, qualifying sales of an investment funds service corporation, or S corporation, shall be considered wholly in this state only to the extent that the fund shareholders of the investment companies, to which the investment funds service corporation, or S corporation, provide services, are resided in this state. Wholly in this state qualifying sales of an investment funds service corporation, or S corporation, shall be determined as follows:

(a) By multiplying the investment funds service corporation's total dollar amount of qualifying sales from services provided to each investment company by a fraction, the numerator of which shall be the average of the number of shares owned by the investment company's fund shareholders resided in this state at the beginning of and at the end of the investment company's taxable year that ends with or within the investment funds service corporation's taxable year, and the denominator of which shall be the average of the number of shares owned by the investment company's fund shareholders everywhere at the beginning of and at the end of the investment company's taxable year that ends with or within the investment funds service corporation's taxable year;

(b) A separate computation shall be made to determine the wholly in this state qualifying sales from each investment company. The qualifying sales for each investment company shall be multiplied by the respective percentage of each fund, as calculated pursuant to paragraph (a) of this subdivision. The product of this equation shall result in the wholly in this state qualifying sales. The qualifying sales for each investment company which are not wholly in this state will be considered wholly without this state;

(c) To the extent an investment funds service corporation has sales which are not qualifying sales, those nonqualified sales shall be apportioned to this state based on the methodology utilized by the investment funds service corporation without regard to this subdivision.

3. Any corporation described in subdivision (1) of subsection 1 of section 143.441 organized in this state or granted a permit to operate in this state for the transportation or care of passengers shall report its gross earnings within the state on intrastate business and shall also report its gross earnings on all interstate business done in this state which report shall be subject to inquiry for the purpose of determining the amount of income to be included in Missouri taxable income. The previous sentence shall not apply to a railroad.

4. A corporation described in subdivision (2) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources in this state and all income from each transportation service wholly within this state, from each service where the only lines of such corporation used are those in this state, and such proportion of revenue from each service where the facilities of such corporation in this state and in another state or states are used, as the mileage used over the lines of such corporation in the state shall bear to the total mileage used over the lines of such corporation. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year of any fixed transportation facilities, real estate and improvements in this state leased from any other railroad shall be divided by the sum of the total amount of investment of such corporation on December thirty-first of each year in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year, of any fixed transportation facilities, real estate and improvements leased from any other railroad. Where any fixed transportation facilities, real estate or improvements are leased by more than one railroad, such portion of the value shall be used by each railroad as the rental paid by each shall bear to the rental paid by all lessees. The income shall be multiplied by the fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

5. A corporation described in subdivision (3) of subsection 1 of section 143.441 shall include in its Missouri taxable income one-half of the net income from the operation of a bridge between this and another state. If any such bridge is owned or operated by a railroad corporation or corporations, or by a corporation owning a railroad corporation

using such bridge, then the figures for operation of such bridge may be included in the return of such railroad or railroads; or if such bridge is owned or operated by any other corporation which may now or hereafter be required to file an income tax return, one-half of the income or loss to such corporation from such bridge may be included in such return by adding or subtracting same to or from another net income or loss shown by the return.

6. A corporation described in subdivision (4) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources within this state. Income shall include revenue from each telephonic or telegraphic service rendered wholly within this state; from each service rendered for which the only facilities of such corporation used are those in this state; and from each service rendered over the facilities of such corporation in this state and in other state or states, such proportion of such revenue as the mileage involved in this state shall bear to the total mileage involved over the lines of said company in all states. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in telephonic or telegraphic facilities, real estate and improvements thereon, shall be divided by the amount of the total investment of such corporation on December thirty-first of each year in telephonic or telegraphic facilities, real estate and improvements. The income of the taxpayer shall be multiplied by fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

7. From the income determined in subsections 2, 3, 4, 5 and 6 of this section to be from all sources within this state shall be deducted such of the deductions for expenses in determining Missouri taxable income as were incurred in this state to produce such income and all losses actually sustained in this state in the business of the corporation.

8. If a corporation derives only part of its income from sources within Missouri, its Missouri taxable income shall only reflect the effect of the following listed deductions to the extent applicable to Missouri. The deductions are: (a) its deduction for federal income taxes pursuant to section 143.171, and (b) the effect on Missouri taxable income of the deduction for net operating loss allowed by Section 172 of the Internal Revenue Code. The extent applicable to Missouri shall be determined by multiplying the amount that would otherwise affect Missouri taxable income by the ratio for the year of the Missouri taxable income of the corporation for the year divided by the Missouri taxable income for the year as though the corporation had derived all of its income from sources within Missouri. For the purpose of the preceding sentence, Missouri taxable income shall not reflect the listed deductions.

9. Any investment funds service corporation organized as a corporation or S corporation which has any shareholders resided in this state shall be subject to Missouri income tax as provided in this chapter."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

JOURNAL OF THE HOUSE

First Regular Session, 97th GENERAL ASSEMBLY

FIFTY-EIGHTH DAY, THURSDAY, APRIL 25, 2013

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Blessed are they that hear the word of God and keep it. (Luke 11:28)

Eternal God, so high above us that we cannot comprehend You and yet so deep within us that we cannot escape You, make Yourself real to us as we pray today.

We are tired of our smallness and pray that You will lift us into the fellowship of great minds. Tired are we of our thoughts of discouragement and pray that You will lift us into the companionship of great hearts. In this fellowship and from this companionship may our faith be renewed, our hope strengthened, and our courage confirmed.

Bless these Representatives of our people. During these days may they be wise with Your wisdom, strong in Your power, and faithful through Your faithfulness to them. According to our needs may the riches of Your grace enter the heart of every one of us.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Catherine Perlik, Claire Giefer, Alec Tapia, Emma Schroeder, Connor Gibbs, Mason Gibbs and Adalyn Gibbs.

The Journal of the fifty-seventh day was approved as printed.

Representative Barnes assumed the Chair.

PERFECTION OF HOUSE BILLS

HCS HB 630, relating to the Manufacturing Jobs Act, was taken up by Representative McCaherty.

Representative White offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for House Bill No. 630, Page 1, Section A, Line 2, by inserting after all of said section the following:

"620.1881. 1. The department of economic development shall respond within thirty days to a company who provides a notice of intent with either an approval or a rejection of the notice of intent. The department shall give preference to qualified companies and projects targeted at an area of the state which has recently been classified as a disaster area by the federal government. Failure to respond on behalf of the department of economic development shall result in the notice of intent being deemed an approval for the purposes of this section. A qualified company who is provided an approval for a project shall be allowed a benefit as provided in this program in the amount and duration provided in this section. A qualified company may receive additional periods for subsequent new jobs at the same facility after the full initial period if the minimum thresholds are met as set forth in sections 620.1875 to 620.1890. There is no limit on the number of periods a qualified company may participate in the program, as long as the minimum thresholds are achieved and the qualified company provides the department with the required reporting and is in proper compliance for this program or other state programs. A qualified company may elect to file a notice of intent to start a new project period concurrent with an existing project period if the minimum thresholds are achieved and the qualified company provides the department with the required reporting and is in proper compliance for this program and other state programs; however, the qualified company may not receive any further benefit under the original approval for jobs created after the date of the new notice of intent, and any jobs created before the new notice of intent may not be included as new jobs for the purpose of benefit calculation in relation to the new approval. When a qualified company has filed and received approval of a notice of intent and subsequently files another notice of intent, the department shall apply the definition of project facility under subdivision (19) of section 620.1878 to the new notice of intent as well as all previously approved notices of intent and shall determine the application of the definitions of new job, new payroll, project facility base employment, and project facility base payroll accordingly.

2. Notwithstanding any provision of law to the contrary, any qualified company that is awarded benefits under this program may not simultaneously receive tax credits or exemptions under sections 135.100 to 135.150, sections 135.200 to 135.286, section 135.535, or sections 135.900 to 135.906 at the same project facility. The benefits available to the company under any other state programs for which the company is eligible and which utilize withholding tax from the new jobs of the company must first be credited to the other state program before the withholding retention level applicable under the Missouri quality jobs act will begin to accrue. These other state programs include, but are not limited to, the new jobs training program under sections 178.892 to 178.896, the job retention program under sections 178.760 to 178.764, the real property tax increment allocation redevelopment act, sections 99.800 to 99.865, or the Missouri downtown and rural economic stimulus act under sections 99.915 to 99.980. If any qualified company also participates in the new jobs training program in sections 178.892 to 178.896, the company shall retain no withholding tax, but the department shall issue a refundable tax credit for the full amount of benefit allowed under this subdivision. The calendar year annual maximum amount of tax credits which may be issued to a qualifying company that also participates in the new job training program shall be increased by an amount equivalent to the withholding tax retained by that company under the new jobs training program. However, if the combined benefits of the quality jobs program and the new jobs training program exceed the projected state benefit of the project, as determined by the department of economic development through a cost-benefit analysis, the increase in the maximum tax credits shall be limited to the amount that would not cause the combined benefits to exceed the projected state benefit. Any taxpayer who is awarded benefits under this program who knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained.

3. The types of projects and the amount of benefits to be provided are:

(1) Small and expanding business projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may

retain an amount equal to the withholding tax as calculated under subdivision (33) of section 620.1878 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 for a period of three years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds the county average wage or for a period of five years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds one hundred twenty percent of the county average wage;

(2) Technology business projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount equal to a maximum of five percent of new payroll for a period of five years from the date the required number of jobs were created from the withholding tax of the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 if the average wage of the new payroll equals or exceeds the county average wage. An additional one-half percent of new payroll may be added to the five percent maximum if the average wage of the new payroll in any year exceeds one hundred twenty percent of the county average wage in the county in which the project facility is located, plus an additional one-half percent of new payroll may be added if the average wage of the new payroll in any year exceeds one hundred forty percent of the average wage in the county in which the project facility is located. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subdivision and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subdivision;

(3) High impact projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount from the withholding tax of the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265, equal to three percent of new payroll for a period of five years from the date the required number of jobs were created if the average wage of the new payroll equals or exceeds the county average wage of the county in which the project facility is located. For high-impact projects in a facility located within two adjacent counties, the new payroll shall equal or exceed the higher county average wage of the adjacent counties. The percentage of payroll allowed under this subdivision shall be three and one-half percent of new payroll if the average wage of the new payroll in any year exceeds one hundred twenty percent of the county average wage in the county in which the project facility is located. The percentage of payroll allowed under this subdivision shall be four percent of new payroll if the average wage of the new payroll in any year exceeds one hundred forty percent of the county average wage in the county in which the project facility is located. An additional one percent of new payroll may be added to these percentages if local incentives equal between ten percent and twenty-four percent of the new direct local revenue; an additional two percent of new payroll is added to these percentages if the local incentives equal between twenty-five percent and forty-nine percent of the new direct local revenue; or an additional three percent of payroll is added to these percentages if the local incentives equal fifty percent or more of the new direct local revenue. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subdivision and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subdivision;

(4) Job retention projects: a qualified company may receive a tax credit for the retention of jobs in this state, provided the qualified company and the project meets all of the following conditions:

(a) For each of the twenty-four months preceding the year in which application for the program is made the qualified company must have maintained at least one thousand full-time employees at the employer's site in the state at which the jobs are based, and the average wage of such employees must meet or exceed the county average wage;

(b) The qualified company retained at the project facility the level of full-time employees that existed in the taxable year immediately preceding the year in which application for the program is made;

(c) The qualified company is considered to have a significant statewide effect on the economy, and has been determined to represent a substantial risk of relocation from the state by the quality jobs advisory task force established in section 620.1887; provided, however, until such time as the initial at-large members of the quality jobs advisory task force are appointed, this determination shall be made by the director of the department of economic development;

(d) The qualified company in the project facility will cause to be invested a minimum of seventy million dollars in new investment prior to the end of two years or will cause to be invested a minimum of thirty million dollars in new investment prior to the end of two years and maintain an annual payroll of at least seventy million dollars during each of the years for which a credit is claimed; and

(e) The local taxing entities shall provide local incentives of at least fifty percent of the new direct local revenues created by the project over a ten-year period. The quality jobs advisory task force may recommend to the department of economic development that appropriate penalties be applied to the company for violating the agreement.

The amount of the job retention credit granted may be equal to up to fifty percent of the amount of withholding tax generated by the full-time jobs at the project facility for a period of five years. The calendar year annual maximum amount of tax credit that may be issued to any qualified company for a job retention project or combination of job retention projects shall be seven hundred fifty thousand dollars per year, but the maximum amount may be increased up to one million dollars if such action is proposed by the department and approved by the quality jobs advisory task force established in section 620.1887; provided, however, until such time as the initial at-large members of the quality jobs advisory task force are appointed, this determination shall be made by the director of the department of economic development. In considering such a request, the task force shall rely on economic modeling and other information supplied by the department when requesting the increased limit on behalf of the job retention project. In no event shall the total amount of all tax credits issued for the entire job retention program under this subdivision exceed three million dollars annually. Notwithstanding the above, no tax credits shall be issued for job retention projects approved by the department after August 30, 2013;

(5) Small business job retention and flood survivor relief: a qualified company may receive a tax credit under sections 620.1875 to 620.1890 for the retention of jobs and flood survivor relief in this state for each job retained over a three-year period, provided that:

(a) The qualified company did not receive any state or federal benefits, incentives, or tax relief or abatement in locating its facility in a flood plain;

(b) The qualified company and related companies have fewer than one hundred employees at the time application for the program is made;

(c) The average wage of the qualified company's and related companies' employees must meet or exceed the county average wage;

(d) All of the qualified company's and related companies' facilities are located in this state;

(e) The facilities at the primary business site in this state have been directly damaged by floodwater rising above the level of a five hundred year flood at least two years, but fewer than eight years, prior to the time application is made;

(f) The qualified company made significant efforts to protect the facilities prior to any impending danger from rising floodwaters;

(g) For each year it receives tax credits under sections 620.1875 to 620.1890, the qualified company and related companies retained, at the company's facilities in this state, at least the level of full-time, year-round employees that existed in the taxable year immediately preceding the year in which application for the program is made; and

(h) In the years it receives tax credits under sections 620.1875 to 620.1890, the company cumulatively invests at least two million dollars in capital improvements in facilities and equipment located at such facilities that are not located within a five hundred year flood plain as designated by the Federal Emergency Management Agency, and amended from time to time. The amount of the small business job retention and flood survivor relief credit granted may be equal to up to one hundred percent of the amount of withholding tax generated by the full-time jobs at the project facility for a period of three years. The calendar year annual maximum amount of tax credit that may be issued to any qualified company for a small business job retention and survivor relief project shall be two hundred fifty thousand dollars per year, but the maximum amount may be increased up to five hundred thousand dollars if such action is proposed by the department and approved by the quality jobs advisory task force established in section 620.1887. In considering such a request, the task force shall rely on economic modeling and other information supplied by the department when requesting an increase in the limit on behalf of the small business job retention and flood survivor relief project. In no event shall the total amount of all tax credits issued for the entire small business job retention and flood survivor relief program under this subdivision exceed five hundred thousand dollars annually. Notwithstanding the provisions of this subdivision to the contrary, no tax credits shall be issued for small business job retention and flood survivor relief projects approved by the department after August 30, 2010.

(6) A manufacturer of firearms, ammunition, or parts thereof that relocates to Missouri or an existing manufacturer of firearms, ammunition, or parts thereof that expands in Missouri, in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the relocation or expansion, a qualified company may retain an amount equal to the withholding tax as calculated under subdivision (33) of section 620.1878 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 for a period of three years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds the county average wage or for a period of five years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds one hundred twenty percent of the county average wage. The maximum amount that may be retained by a qualifying company under this subsection is three million dollars annually. This subsection shall sunset six years after this subsection becomes effective.

4. The qualified company shall provide an annual report of the number of jobs and such other information as may be required by the department to document the basis for the benefits of this program. The department may withhold the approval of any benefits until it is satisfied that proper documentation has been provided, and shall reduce the benefits to reflect any reduction in full-time employees or new payroll. Upon approval by the department, the qualified company may begin the retention of the withholding taxes when it reaches the minimum number of new jobs and the average wage exceeds the county average wage. Tax credits, if any, may be issued upon satisfaction by the department that the qualified company has exceeded the county average wage and the minimum number of new jobs. In such annual report, if the average wage is below the county average wage, the qualified company has not maintained the employee insurance as required, or if the number of new jobs is below the minimum, the qualified company shall not receive tax credits or retain the withholding tax for the balance of the benefit period. In the case of a qualified company that initially filed a notice of intent and received an approval from the department for high-impact benefits and the minimum number of new jobs in an annual report is below the minimum for high-impact projects, the company shall not receive tax credits for the balance of the benefit period but may continue to retain the withholding taxes if it otherwise meets the requirements of a small and expanding business under this program.

5. The maximum calendar year annual tax credits issued for the entire program shall not exceed eighty million dollars. Notwithstanding any provision of law to the contrary, the maximum annual tax credits authorized under section 135.535 are hereby reduced from ten million dollars to eight million dollars, with the balance of two million dollars transferred to this program. There shall be no limit on the amount of withholding taxes that may be retained by approved companies under this program.

6. The department shall allocate the annual tax credits based on the date of the approval, reserving such tax credits based on the department's best estimate of new jobs and new payroll of the project, and the other factors in the determination of benefits of this program. However, the annual issuance of tax credits is subject to the annual verification of the actual new payroll. The allocation of tax credits for the period assigned to a project shall expire if, within two years from the date of commencement of operations, or approval if applicable, the minimum thresholds have not been achieved. The qualified company may retain authorized amounts from the withholding tax under this section once the minimum new jobs thresholds are met for the duration of the project period. No benefits shall be provided under this program until the qualified company meets the minimum new jobs thresholds. In the event the qualified company does not meet the minimum new job threshold, the qualified company may submit a new notice of intent or the department may provide a new approval for a new project of the qualified company at the project facility or other facilities.

7. For a qualified company with flow-through tax treatment to its members, partners, or shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the qualified company's tax period.

8. Tax credits may be claimed against taxes otherwise imposed by chapters 143 and 148, and may not be carried forward but shall be claimed within one year of the close of the taxable year for which they were issued, except as provided under subdivision (4) of subsection 3 of this section.

9. Tax credits authorized by this section may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department.

10. Prior to the issuance of tax credits, the department shall verify through the department of revenue, or any other state department, that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes. Such delinquency shall not affect the authorization of the application for such tax credits, except that at issuance credits shall be first applied to the delinquency and any amount issued shall be reduced by the applicant's tax delinquency. If the department of revenue or the department of insurance, financial institutions and professional registration, or any other state department, concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

11. Except as provided under subdivision (4) of subsection 3 of this section, the director of revenue shall issue a refund to the qualified company to the extent that the amount of credits allowed in this section exceeds the amount of the qualified company's income tax.

12. An employee of a qualified company will receive full credit for the amount of tax withheld as provided in section 143.211.

13. If any provision of sections 620.1875 to 620.1890 or application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or application of these sections which can be given effect without the invalid provisions or application, and to this end, the provisions of sections 620.1875 to 620.1890 are hereby declared severable."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

(11) A conspicuous warning that false statements made by the applicant will result in prosecution for perjury pursuant to the laws of the state of Missouri.

4. An application for a certificate of qualification for a concealed carry endorsement shall be made to the sheriff of the county or any city not within a county in which the applicant resides. An application shall be filed in writing, signed under oath and under the penalties of perjury, and shall state whether the applicant complies with each of the requirements specified in subsection 2 of this section. In addition to the completed application, the applicant for a certificate of qualification for a concealed carry endorsement must also submit the following:

(1) A photocopy of a firearms safety training certificate of completion or other evidence of completion of a firearms safety training course that meets the standards established in subsection 1 or 2 of section 571.111; [and]

(2) A nonrefundable certificate of qualification fee as provided by subsection [10 or] 11 **or 12** of this section; **and**

(3) A nonrefundable anonymous fingerprint background check fee as provided for in subsection 11 of this section, if an anonymous fingerprint background check is requested by the applicant.

5. Before an application for a certificate of qualification for a concealed carry endorsement is approved, the sheriff shall make only such inquiries as he or she deems necessary into the accuracy of the statements made in the application. The sheriff may require that the applicant display a Missouri driver's license or nondriver's license or military identification and orders showing the person being stationed in Missouri. In order to determine the applicant's suitability for a certificate of qualification for a concealed carry endorsement, the applicant shall be fingerprinted. The sheriff shall request a criminal background check through the appropriate law enforcement agency within three working days after submission of the properly completed application for a certificate of qualification for a concealed carry

endorsement. If no disqualifying record is identified by the fingerprint check at the state level, the fingerprints shall be forwarded to the Federal Bureau of Investigation for a national criminal history record check. Upon receipt of the completed background check, the sheriff shall issue a certificate of qualification for a concealed carry endorsement within three working days. The sheriff shall issue the certificate within forty-five calendar days if the criminal background check has not been received, provided that the sheriff shall revoke any such certificate and endorsement within twenty-four hours of receipt of any background check that results in a disqualifying record, and shall notify the department of revenue.

6. An applicant may request that the fingerprint background check be done anonymously. If such request is made the sheriff shall submit the fingerprint background check with a tracking number instead of any personal identifying information. The appropriate law enforcement agencies shall report the results of anonymous fingerprint background checks to the sheriff in the same manor as those submitted with personal identifying information. The sheriff may charge an additional fee for the anonymous fingerprint background check as provided in subsection 11 of this section.

7. The sheriff may refuse to approve an application for a certificate of qualification for a concealed carry endorsement if he or she determines that any of the requirements specified in subsection 2 of this section have not been met, or if he or she has a substantial and demonstrable reason to believe that the applicant has rendered a false statement regarding any of the provisions of sections 571.101 to 571.121. If the applicant is found to be ineligible, the sheriff is required to deny the application, and notify the applicant in writing, stating the grounds for denial and informing the applicant of the right to submit, within thirty days, any additional documentation relating to the grounds of the denial. Upon receiving any additional documentation, the sheriff shall reconsider his or her decision and inform the applicant within thirty days of the result of the reconsideration. The applicant shall further be informed in writing of the right to appeal the denial pursuant to subsections 2, 3, 4, and 5 of section 571.114. After two additional reviews and denials by the sheriff, the person submitting the application shall appeal the denial pursuant to subsections 2, 3, 4, and 5 of section 571.114.

[7.] 8. If the application is approved, the sheriff shall issue a certificate of qualification for a concealed carry endorsement to the applicant within a period not to exceed three working days after his or her approval of the application. The applicant shall sign the certificate of qualification in the presence of the sheriff or his or her designee and shall within seven days of receipt of the certificate of qualification take the certificate of qualification to the department of revenue. Upon verification of the certificate of qualification and completion of a driver's license or nondriver's license application pursuant to chapter 302, the director of revenue shall issue a new driver's license or nondriver's license with an endorsement which identifies that the applicant has received a certificate of qualification to carry concealed weapons issued pursuant to sections 571.101 to 571.121 if the applicant is otherwise qualified to receive such driver's license or nondriver's license. Notwithstanding any other provision of chapter 302, a nondriver's license with a concealed carry endorsement shall expire three years from the date the certificate of qualification was issued pursuant to this section. The requirements for the director of revenue to issue a concealed carry endorsement pursuant to this subsection shall not be effective until July 1, 2004, and the certificate of qualification issued by a county sheriff pursuant to subsection 1 of this section shall allow the person issued such certificate to carry a concealed weapon pursuant to the requirements of subsection 1 of section 571.107 in lieu of the concealed carry endorsement issued by the director of revenue from October 11, 2003, until the concealed carry endorsement is issued by the director of revenue on or after July 1, 2004, unless such certificate of qualification has been suspended or revoked for cause.

[8.] 9. The sheriff shall keep a record of all applications for a certificate of qualification for a concealed carry endorsement and his or her action thereon. The sheriff shall report the issuance of a certificate of qualification to the Missouri uniform law enforcement system. All information on any such certificate that is protected information on any driver's or nondriver's license shall have the same personal protection for purposes of sections 571.101 to 571.121. An applicant's status as a holder of a certificate of qualification or a concealed carry endorsement shall not be public information and shall be considered personal protected information. Any person who violates the provisions of this subsection by disclosing protected information shall be guilty of a class A misdemeanor.

[9.] 10. Information regarding any holder of a certificate of qualification or a concealed carry endorsement is a closed record.

[10.] 11. For processing an application for a certificate of qualification for a concealed carry endorsement pursuant to sections 571.101 to 571.121, the sheriff in each county shall charge a nonrefundable fee not to exceed one hundred dollars which shall be paid to the treasury of the county to the credit of the sheriff's revolving fund. **For processing an anonymous fingerprint background check requested under subsection 6 of this section, the sheriff in each county may charge an additional nonrefundable fee in an amount not to exceed one hundred dollars, which shall be paid to the treasury of the county to the credit of the sheriff's revolving fund.**

[11.] **12.** For processing a renewal for a certificate of qualification for a concealed carry endorsement pursuant to sections 571.101 to 571.121, the sheriff in each county shall charge a nonrefundable fee not to exceed fifty dollars which shall be paid to the treasury of the county to the credit of the sheriff's revolving fund.

13. The Missouri state highway patrol is hereby authorized to conduct anonymous fingerprint background checks under this section and to charge up to, but no more than, the same fee charged for the complete criminal background check required under this section.

14. Whenever an applicant has requested an anonymous fingerprint background check and the results of that check do not disqualify the applicant for a certificate of qualification for a concealed carry endorsement, all records of the fingerprints submitted anonymously, including all methods of storage or archiving shall be purged of any record of the applicant's fingerprints in both the sheriff's records and the records of any law enforcement agency to which the fingerprints were submitted.

[12.] **15.** For the purposes of sections 571.101 to 571.121, the term "sheriff" shall include the sheriff of any county or city not within a county or his or her designee and in counties of the first classification the sheriff may designate the chief of police of any city, town, or municipality within such county."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

4. An application for a certificate of qualification for a concealed carry endorsement shall be made to the sheriff of the county or any city not within a county in which the applicant resides. An application shall be filed in writing, signed under oath and under the penalties of perjury, and shall state whether the applicant complies with each of the requirements specified in subsection 2 of this section. In addition to the completed application, the applicant for a certificate of qualification for a concealed carry endorsement must also submit the following:

5. Before an application for a certificate of qualification for a concealed carry endorsement is approved, the sheriff shall make only such inquiries as he or she deems necessary into the accuracy of the statements made in the application. The sheriff may require that the applicant display a Missouri driver's license or nondriver's license or military identification and orders showing the person being stationed in Missouri. In order to determine the applicant's suitability for a certificate of qualification for a concealed carry endorsement, the applicant shall be fingerprinted. The sheriff shall request a criminal background check through the appropriate law enforcement agency within three working days after submission of the properly completed application for a certificate of qualification for a concealed carry endorsement. If no disqualifying record is identified by the fingerprint check at the state level, the fingerprints shall be forwarded to the Federal Bureau of Investigation for a national criminal history record check. Upon receipt of the completed background check, the sheriff shall issue a certificate of qualification for a concealed carry endorsement within three working days. The sheriff shall issue the certificate within forty-five calendar days if the criminal background check has not been received, provided that the sheriff shall revoke any such certificate and endorsement within twenty-four hours of receipt of any background check that results in a disqualifying record, and shall notify the department of revenue.

6. If the applicant is found to be ineligible, the sheriff is required to deny the application, and notify the applicant in writing, stating the grounds for denial and informing the applicant of the right to submit, within thirty days, any additional documentation relating to the grounds of the denial. Upon receiving any additional documentation, the sheriff shall reconsider his or her decision and inform the applicant within thirty days of the result of the reconsideration. The applicant shall further be informed in writing of the right to appeal the denial pursuant to subsections 2, 3, 4, and 5 of section 571.114. After two additional reviews and denials by the sheriff, the person submitting the application shall appeal the denial pursuant to subsections 2, 3, 4, and 5 of section 571.114.

7. If the application is approved, the sheriff shall issue a certificate of qualification for a concealed carry endorsement to the applicant within a period not to exceed three working days after his or her approval of the application. The applicant shall sign the certificate of qualification in the presence of the sheriff or his or her designee and shall within seven days of receipt of the certificate of qualification take the certificate of qualification to the department of revenue. Upon verification of the certificate of qualification and completion of a driver's license or nondriver's license application pursuant to chapter 302, the director of revenue shall issue a new driver's license or nondriver's license with an endorsement which identifies that the applicant has received a certificate of qualification to carry concealed weapons issued pursuant to sections 571.101 to 571.121 if the applicant is otherwise qualified to receive such driver's license or nondriver's license. Notwithstanding any other provision of chapter 302, a nondriver's license with a concealed carry endorsement shall expire three years from the date the certificate of qualification was issued pursuant to this section. The requirements for the director of revenue to issue a concealed carry endorsement pursuant to this subsection shall not be effective until July 1, 2004, and the certificate of qualification issued by a county sheriff pursuant to subsection 1 of this section shall allow the person issued such certificate to carry a concealed weapon pursuant to the requirements of subsection 1 of section 571.107 in lieu of the concealed carry endorsement issued by the director of revenue from October 11, 2003, until the concealed carry endorsement is issued by the director of revenue on or after July 1, 2004, unless such certificate of qualification has been suspended or revoked for cause.

8. The sheriff shall keep a record of all applications for a certificate of qualification for a concealed carry endorsement and his or her action thereon. The sheriff shall report the issuance of a certificate of qualification to the Missouri uniform law enforcement system. All information on any such certificate that is protected information on any driver's or nondriver's license shall have the same personal protection for purposes of sections 571.101 to 571.121. An applicant's status as a holder of a certificate of qualification or a concealed carry endorsement shall not be public information and shall be considered personal protected information. Any person who violates the provisions of this subsection by disclosing protected information shall be guilty of a class A misdemeanor.

9. Information regarding any holder of a certificate of qualification or a concealed carry endorsement is a closed record.

10. For processing an application for a certificate of qualification for a concealed carry endorsement pursuant to sections 571.101 to 571.121, the sheriff in each county shall charge a nonrefundable fee not to exceed one hundred dollars which shall be paid to the treasury of the county to the credit of the sheriff's revolving fund.

Representative Conway (104) offered **House Amendment No. 2.**

House Amendment No. 2

AMEND House Bill No. 555, Page 2, Section 302.020, Line 37, by inserting after all of said section and line the following:

"302.341. 1. If a Missouri resident charged with a moving traffic violation of this state or any county or municipality of this state fails to dispose of the charges of which the resident is accused through authorized prepayment of fine and court costs and fails to appear on the return date or at any subsequent date to which the case has been continued, or without good cause fails to pay any fine or court costs assessed against the resident for any such violation within the period of time specified or in such installments as approved by the court or as otherwise provided by law, any court having jurisdiction over the charges shall within ten days of the failure to comply inform the defendant by ordinary mail at the last address shown on the court records that the court will order the director of revenue to suspend the defendant's driving privileges if the charges are not disposed of and fully paid within thirty days from the date of mailing. Thereafter, if the defendant fails to timely act to dispose of the charges and fully pay any applicable fines and court costs, the court shall notify the director of revenue of such failure and of the pending charges against the defendant. Upon receipt of this notification, the director shall suspend the license of the driver, effective immediately, and provide notice of the suspension to the driver at the last address for the driver shown on the records of the department of revenue. Such suspension shall remain in effect until the court with the subject pending charge requests setting aside the noncompliance suspension pending final disposition, or satisfactory evidence of disposition of pending charges and payment of fine and court costs, if applicable, is furnished to the director by the individual. Upon proof of disposition of charges and payment of fine and court costs, if applicable, and payment of the reinstatement fee as set forth in section 302.304, the director shall return the license and remove the suspension from the individual's driving record if the individual was not operating a commercial motor vehicle or a commercial driver's license holder at the time of the offense. The filing of financial responsibility with the bureau of safety responsibility, department of revenue, shall not be required as a condition of reinstatement of a driver's license suspended solely under the provisions of this section.

2. If any city, town [or], village, **or county** receives more than [thirty-five] **twenty** percent of its annual general operating revenue from fines and court costs for traffic violations, **including amended charges from any traffic violation**, occurring [on state highways] **within the city, town, village, or county**, all revenues from such violations in excess of [thirty-five] **twenty** percent of the annual general operating revenue of the city, town [or], village, **or county** shall be sent to the director of the department of revenue and shall be distributed annually to the schools of the county in the same manner that proceeds of all penalties, forfeitures and fines collected for any breach of the penal laws of the state are distributed. [For the purpose of this section the words "state highways" shall mean any state or federal highway, including any such highway continuing through the boundaries of a city, town or village with a designated street name other than the state highway number.] The director of the department of revenue shall set forth by rule a procedure whereby excess revenues as set forth above shall be sent to the department of revenue. If any city, town, [or] village, **or county** disputes a determination that it has received excess revenues required to be sent to the department of revenue, such city, town, [or], village, **or county** may submit to an annual audit by the state auditor under the authority of article IV, section 13 of the Missouri Constitution. **An accounting of the percent of annual general operating revenue from fines and court costs for traffic violations, including amended charges from any charged traffic violation, occurring within the city, town, village, or county and charged in the municipal court of that city, town, village, or county shall be included in the Comprehensive Annual Financial Report submitted to the state auditor by the city, town, village, or county under section 105.145. Any city, town, village, or county which fails to make an accurate or timely report, or to send excess revenues from such violations to the director of the department of revenue by the date on which the report is due to the state auditor shall suffer an immediate loss of jurisdiction of the municipal court of said city, town, village, or county on all traffic-related charges until all requirements of this section are satisfied.** Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

3. **As used in subsection 2 of this section, traffic violations shall include all ordinance violations which are detected through the use of an automated traffic enforcement system, regardless of whether the ordinance violation is prosecuted as a civil infraction or not. An "automated traffic enforcement system" means a camera, optical device, electronic system, or other surveillance system designed to record and produce photographic images, video, or other digital data of a motor vehicle, a motor vehicle's operator, or both, violating a traffic**

control signal, speed restriction, or other traffic law, ordinance or regulation. Automated traffic enforcement systems shall also include automated speed enforcement systems. The term "automated speed enforcement system" means a device with one or more motor vehicle sensors, including, but not limited to, photographic devices, radar devices, laser devices, or other electrical or mechanical devices, designed to record the speed of a motor vehicle and to obtain a clear photograph or other recorded image of the motor vehicle and the motor vehicle's license plate, which automatically produces one or more photographs, one or more microphotographs, a videotape, or other recorded image of a motor vehicle at the time it is used or operated in violation of the posted speed limit."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

The circuit courts of this state shall have power, herein provided, to place on probation or to parole persons convicted of any offense over which they have jurisdiction, except as otherwise provided in sections 195.275 to 195.296, section 558.018, section 559.115, section 565.020, sections 566.030, 566.060, 566.067, 566.151, and 566.213, section 571.015, and subsection 3 of section 589.425.

2. The circuit court shall have the power to revoke the probation or parole previously granted under section 559.036 and commit the person to the department of corrections. The circuit court shall determine any conditions of probation or parole for the defendant that it deems necessary to ensure the successful completion of the probation or parole term, including the extension of any term of supervision for any person while on probation or parole. The circuit court may require that the defendant pay restitution for his crime. The probation or parole may be revoked under section 559.036 for failure to pay restitution or for failure to conform his behavior to the conditions imposed by the circuit court. The circuit court may, in its discretion, credit any period of probation or parole as time served on a sentence.

3. Restitution, whether court ordered as provided in subsection 2 of this section or agreed to by the parties, or as enforced under section 558.011, shall be paid through the office of the prosecuting attorney or circuit attorney. When ordered by the court, interest shall be allowed under subsection 1 of section 408.040. In addition to all other costs and fees allowed by law, each prosecuting attorney or circuit attorney who takes any action to collect restitution shall collect an administrative handling cost from the person paying restitution. The cost shall

be twenty-five dollars for restitution less than one hundred dollars and fifty dollars for restitution of one hundred dollars but less than two hundred fifty dollars. For restitution of two hundred fifty dollars or more an additional fee of ten percent of the total restitution shall be assessed, with a maximum fee for administrative handling costs not to exceed seventy-five dollars total. In addition to the administrative handling costs, an installment cost shall be assessed in the amount of two dollars per installment, excepting the first installment, until such total amount of restitution is paid in full. Notwithstanding the provisions of sections 50.525 to 50.745, the costs provided for in this subsection shall be deposited by the county treasurer into a separate interest-bearing fund to be expended by the prosecuting attorney or circuit attorney. This fund shall be known as the "Administrative Handling Cost Fund", and it shall be the fund for deposits under this section and under section 570.120. The funds shall be expended, upon warrants issued by the prosecuting attorney or circuit attorney directing the treasurer to issue checks thereon, only for purposes related to that authorized by subsection 4 of this section. Notwithstanding the provisions of any other law, in addition to the administrative handling cost, the prosecuting attorney or circuit attorney shall collect an additional cost of five dollars per each crime victim to whom restitution is paid for deposit to the Missouri office of prosecution services fund established in subsection 2 of section 56.765. All moneys collected under this section which are payable to the Missouri office of prosecution services fund shall be transmitted at least monthly by the county treasurer to the director of revenue who shall deposit the amount collected to the credit of the Missouri office of prosecution services fund under the procedure established under subsection 2 of section 56.765. As used in this subsection, "crime victim" means any natural person or his or her survivors or legal guardians, the estate of a deceased person, a for-profit corporation or business entity, a nonprofit corporation or entity, a charitable entity, or any governmental body or a political subdivision thereof.

4. The moneys deposited in the fund may be used by the prosecuting attorney or circuit attorney for office supplies, postage, books, training, office equipment, capital outlay, expenses of trial and witness preparation, additional employees for the staff of the prosecuting or circuit attorney, employees' salaries, and for other lawful expenses incurred by the prosecuting or circuit attorney in the operation of that office.

5. This fund may be audited by the state auditor's office or the appropriate auditing agency.

6. If the moneys collected and deposited into this fund are not totally expended annually, then the unexpended balance shall remain in the fund and the balance shall be kept in the fund to accumulate from year to year.

7. Nothing in this section shall be construed to prohibit a crime victim from pursuing other lawful remedies against a defendant for restitution.

559.105. 1. Any person who has been found guilty of or has pled guilty to [a violation of subdivision (2) of subsection 1 of section 569.080 or paragraph (a) of subdivision (3) of subsection 3 of section 570.030] **an offense** may be ordered by the court to make restitution to the victim for the victim's losses due to such offense. Restitution pursuant to this section shall include, but not be limited to[, the following:

- (1)] a victim's reasonable expenses to participate in the prosecution of the crime[;
- (2) A victim's payment for any repairs or replacement of the motor vehicle, watercraft, or aircraft; and
- (3) A victim's costs associated with towing or storage fees for the motor vehicle caused by the acts of the defendant].

2. No person ordered by the court to pay restitution pursuant to this section shall be released from probation until such restitution is complete. If full restitution is not made within the original term of probation, the court shall order the maximum term of probation allowed for such offense.

3. Any person eligible to be released on parole [for a violation of subdivision (2) of subsection 1 of section 569.080 or paragraph (a) of subdivision (3) of subsection 3 of section 570.030 may] **shall** be required, as a condition of parole, to make restitution pursuant to this section. The board of probation and parole shall not release any person from any term of parole for such offense until the person has completed such restitution, or until the maximum term of parole for such offense has been served.

4. **The court may set an amount of restitution to be paid by the defendant. Said amount may be taken from the inmate's account at the department of corrections while the defendant is incarcerated. Upon conditional release or parole, if any amount of such court-ordered restitution is unpaid, the payment of the unpaid balance may be collected as a condition of conditional release or parole by the prosecuting attorney or circuit attorney under section 559.100. The prosecuting attorney or circuit attorney may refer any failure to make such restitution as a condition of conditional release or parole to the parole board for enforcement.**"; and

Further amend said bill, Section 566.226, Page 62, Line 18, by inserting after all of said section and line the following:

"570.120. 1. A person commits the crime of passing a bad check when:

(1) With purpose to defraud, the person makes, issues or passes a check or other similar sight order or any other form of presentment involving the transmission of account information for the payment of money, knowing that it will not be paid by the drawee, or that there is no such drawee; or

(2) The person makes, issues, or passes a check or other similar sight order or any other form of presentment involving the transmission of account information for the payment of money, knowing that there are insufficient funds in or on deposit with that account for the payment of such check, sight order, or other form of presentment involving the transmission of account information in full and all other checks, sight orders, or other forms of presentment involving the transmission of account information upon such funds then outstanding, or that there is no such account or no drawee and fails to pay the check or sight order or other form of presentment involving the transmission of account information within ten days after receiving actual notice in writing that it has not been paid because of insufficient funds or credit with the drawee or because there is no such drawee.

2. As used in subdivision (2) of subsection 1 of this section, "actual notice in writing" means notice of the nonpayment which is actually received by the defendant. Such notice may include the service of summons or warrant upon the defendant for the initiation of the prosecution of the check or checks which are the subject matter of the prosecution if the summons or warrant contains information of the ten-day period during which the instrument may be paid and that payment of the instrument within such ten-day period will result in dismissal of the charges. The requirement of notice shall also be satisfied for written communications which are tendered to the defendant and which the defendant refuses to accept.

3. The face amounts of any bad checks passed pursuant to one course of conduct within any ten-day period may be aggregated in determining the grade of the offense.

4. Passing bad checks is a class A misdemeanor, unless:

(1) The face amount of the check or sight order or the aggregated amounts is five hundred dollars or more; or

(2) The issuer had no account with the drawee or if there was no such drawee at the time the check or order was issued, in which cases passing bad checks is a class C felony.

5. (1) In addition to all other costs and fees allowed by law, each prosecuting attorney or circuit attorney who takes any action pursuant to the provisions of this section shall collect from the issuer in such action an administrative handling cost. The cost shall be twenty-five dollars for checks of less than one hundred dollars, and fifty dollars for checks of one hundred dollars but less than two hundred fifty dollars. For checks of two hundred fifty dollars or more an additional fee of ten percent of the face amount shall be assessed, with a maximum fee for administrative handling costs not to exceed seventy-five dollars total. Notwithstanding the provisions of sections 50.525 to 50.745, the costs provided for in this subsection shall be deposited by the county treasurer into a separate interest-bearing fund to be expended by the prosecuting attorney or circuit attorney. **This fund shall be known as the "Administrative Handling Cost Fund", and it shall be the fund for deposits under this section and under section 559.100.** The funds shall be expended, upon warrants issued by the prosecuting attorney or circuit attorney directing the treasurer to issue checks thereon, only for purposes related to that previously authorized in this section. Any revenues that are not required for the purposes of this section may be placed in the general revenue fund of the county or city not within a county. Notwithstanding any law to the contrary, in addition to the administrative handling cost, the prosecuting attorney or circuit attorney shall collect an additional cost of five dollars per check for deposit to the Missouri office of prosecution services fund established in subsection 2 of section 56.765. All moneys collected pursuant to this section which are payable to the Missouri office of prosecution services fund shall be transmitted at least monthly by the county treasurer to the director of revenue who shall deposit the amount collected pursuant to the credit of the Missouri office of prosecution services fund under the procedure established pursuant to subsection 2 of section 56.765.

(2) The moneys deposited in the fund may be used by the prosecuting or circuit attorney for office supplies, postage, books, training, office equipment, capital outlay, expenses of trial and witness preparation, additional employees for the staff of the prosecuting or circuit attorney, employees' salaries, and for other lawful expenses incurred by the circuit or prosecuting attorney in operation of that office.

(3) This fund may be audited by the state auditor's office or the appropriate auditing agency.

(4) If the moneys collected and deposited into this fund are not totally expended annually, then the unexpended balance shall remain in said fund and the balance shall be kept in said fund to accumulate from year to year.

6. Notwithstanding any other provision of law to the contrary:

(1) In addition to the administrative handling costs provided for in subsection 5 of this section, the prosecuting attorney or circuit attorney may collect from the issuer, in addition to the face amount of the check, a reasonable service

charge, which along with the face amount of the check, shall be turned over to the party to whom the bad check was issued;

(2) If a check that is dishonored or returned unpaid by a financial institution is not referred to the prosecuting attorney or circuit attorney for any action pursuant to the provisions of this section, the party to whom the check was issued, or his or her agent or assignee, or a holder, may collect from the issuer, in addition to the face amount of the check, a reasonable service charge, not to exceed twenty-five dollars, plus an amount equal to the actual charge by the depository institution for the return of each unpaid or dishonored instrument.

7. When any financial institution returns a dishonored check to the person who deposited such check, it shall be in substantially the same physical condition as when deposited, or in such condition as to provide the person who deposited the check the information required to identify the person who wrote the check."; and

Any circuit court, or any county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants with a county municipal court established under section 66.010, may establish a docket or court to provide an alternative for the judicial system to dispose of cases in which a person has pleaded guilty to driving while intoxicated or driving with excessive blood alcohol content and:

(1) The person was operating a motor vehicle with at least fifteen-hundredths of one percent or more by weight of alcohol in such person's blood; or

(2) The person has previously pleaded guilty to or has been found guilty of one or more intoxication-related traffic offenses as defined by section 577.023; or

(3) The person has two or more previous alcohol-related enforcement contacts as defined in section 302.525.

2. This docket or court shall combine judicial supervision, drug testing, continuous alcohol monitoring, substance abuse traffic offender program compliance, and treatment of DWI court participants. The court may assess any and all necessary costs for participation in DWI court against the participant. Any money received from such assessed costs by a court from a defendant shall not be considered court costs, charges, or fines. This docket or court may operate in conjunction with a drug court established pursuant to sections 478.001 to 478.006.

3. If the department of probation and parole is otherwise unavailable to assist in the judicial supervision of any person who wishes to enter a DWI court, a court-approved private probation service may be utilized by the DWI court to fill the department's role. In such case, any and all necessary additional costs may be assessed against the participant. In no case shall any person be rejected from participating in DWI court for the reason that the person does not reside in the city or county where the applicable DWI court is located."; and

Representative Mayfield offered **House Amendment No. 4.**

House Amendment No. 4

AMEND House Committee Substitute for House Bill No. 371, Page 33, Section 443.723, Line 37, by inserting after all of said section and line the following:

"452.375. 1. As used in this chapter, unless the context clearly indicates otherwise:

(1) **"Coerce" means to force a person to act in a given manner or to compel by pressure or threat;**

(2) **"Custody" means joint legal custody, sole legal custody, joint physical custody or sole physical custody or any combination thereof;**

[(2)] (3) **"Joint legal custody" means that the parents share the decision-making rights, responsibilities, and authority relating to the health, education and welfare of the child, and, unless allocated, apportioned, or decreed, the parents shall confer with one another in the exercise of decision-making rights, responsibilities, and authority;**

[(3)] (4) **"Joint physical custody" means an order awarding each of the parents significant, but not necessarily equal, periods of time during which a child resides with or is under the care and supervision of each of the parents. Joint physical custody shall be shared by the parents in such a way as to assure the child of frequent, continuing and meaningful contact with both parents;**

[(4)] (5) **"Third-party custody" means a third party designated as a legal and physical custodian pursuant to subdivision (5) of subsection 5 of this section.**

2. The court shall determine custody in accordance with the best interests of the child. The court shall consider all relevant factors including:

(1) The wishes of the child's parents as to custody and the proposed parenting plan submitted by both parties;

(2) The needs of the child for a frequent, continuing and meaningful relationship with both parents and the ability and willingness of parents to actively perform their functions as mother and father for the needs of the child;

(3) The interaction and interrelationship of the child with parents, siblings, and any other person who may significantly affect the child's best interests;

(4) Which parent is more likely to allow the child frequent, continuing and meaningful contact with the other parent;

- (5) The child's adjustment to the child's home, school, and community;
- (6) The mental and physical health of all individuals involved, including any history of abuse of any individuals involved. If the court finds that a pattern of domestic violence as defined in section 455.010 has occurred, and, if the court also finds that awarding custody to the abusive parent is in the best interest of the child, then the court shall enter written findings of fact and conclusions of law. Custody and visitation rights shall be ordered in a manner that best protects the child and any other child or children for whom the parent has custodial or visitation rights, and the parent or other family or household member who is the victim of domestic violence from any further harm;
- (7) The intention of either parent to relocate the principal residence of the child; and
- (8) The wishes of a child as to the child's custodian. The fact that a parent sends his or her child or children to a home school, as defined in section 167.031, shall not be the sole factor that a court considers in determining custody of such child or children.

3. (1) In any court proceedings relating to custody of a child, the court shall not award custody or unsupervised visitation of a child to a parent if such parent or any person residing with such parent has been found guilty of, or pled guilty to, any of the following offenses when a child was the victim:

- (a) A felony violation of section 566.030, 566.032, 566.040, 566.060, 566.062, 566.064, 566.067, 566.068, 566.070, 566.083, 566.090, 566.100, 566.111, 566.151, 566.203, 566.206, 566.209, 566.212, or 566.215;
- (b) A violation of section 568.020;
- (c) A violation of subdivision (2) of subsection 1 of section 568.060;
- (d) A violation of section 568.065;
- (e) A violation of section 568.080;
- (f) A violation of section 568.090; or
- (g) A violation of section 568.175.

(2) For all other violations of offenses in chapters 566 and 568 not specifically listed in subdivision (1) of this subsection or for a violation of an offense committed in another state when a child is the victim that would be a violation of chapter 566 or 568 if committed in Missouri, the court may exercise its discretion in awarding custody or visitation of a child to a parent if such parent or any person residing with such parent has been found guilty of, or pled guilty to, any such offense.

4. The general assembly finds and declares that it is the public policy of this state that frequent, continuing and meaningful contact with both parents after the parents have separated or dissolved their marriage is in the best interest of the child, except for cases where the court specifically finds that such contact is not in the best interest of the child, and that it is the public policy of this state to encourage parents to participate in decisions affecting the health, education and welfare of their children, and to resolve disputes involving their children amicably through alternative dispute resolution. In order to effectuate these policies, the court shall determine the custody arrangement which will best assure both parents participate in such decisions and have frequent, continuing and meaningful contact with their children so long as it is in the best interests of the child.

5. Prior to awarding the appropriate custody arrangement in the best interest of the child, the court shall consider each of the following as follows:

(1) Joint physical and joint legal custody to both parents, which shall not be denied solely for the reason that one parent opposes a joint physical and joint legal custody award. The residence of one of the parents shall be designated as the address of the child for mailing and educational purposes;

(2) Joint physical custody with one party granted sole legal custody. The residence of one of the parents shall be designated as the address of the child for mailing and educational purposes;

(3) Joint legal custody with one party granted sole physical custody;

(4) Sole custody to either parent; or

(5) Third-party custody or visitation:

(a) When the court finds that each parent is unfit, unsuitable, or unable to be a custodian, or the welfare of the child requires, and it is in the best interests of the child, then custody, temporary custody or visitation may be awarded to any other person or persons deemed by the court to be suitable and able to provide an adequate and stable environment for the child. Before the court awards custody, temporary custody or visitation to a third person under this subdivision, the court shall make that person a party to the action;

(b) Under the provisions of this subsection, any person may petition the court to intervene as a party in interest at any time as provided by supreme court rule.

6. If the parties have not agreed to a custodial arrangement, or the court determines such arrangement is not in the best interest of the child, the court shall include a written finding in the judgment or order based on the public policy in subsection 4 of this section and each of the factors listed in subdivisions (1) to (8) of subsection 2 of this section detailing the specific relevant factors that made a particular arrangement in the best interest of the child. If a proposed

custodial arrangement is rejected by the court, the court shall include a written finding in the judgment or order detailing the specific relevant factors resulting in the rejection of such arrangement.

7. Upon a finding by the court that either parent has refused to exchange information with the other parent, which shall include but not be limited to information concerning the health, education and welfare of the child, the court shall order the parent to comply immediately and to pay the prevailing party a sum equal to the prevailing party's cost associated with obtaining the requested information, which shall include but not be limited to reasonable attorney's fees and court costs.

8. As between the parents of a child, no preference may be given to either parent in the awarding of custody because of that parent's age, sex, or financial status, nor because of the age or sex of the child.

9. Any judgment providing for custody shall include a specific written parenting plan setting forth the terms of such parenting plan arrangements specified in subsection 7 of section 452.310. Such plan may be a parenting plan submitted by the parties pursuant to section 452.310 or, in the absence thereof, a plan determined by the court, but in all cases, the custody plan approved and ordered by the court shall be in the court's discretion and shall be in the best interest of the child.

10. Unless a parent has been denied custody rights pursuant to this section or visitation rights under section 452.400, both parents shall have access to records and information pertaining to a minor child, including, but not limited to, medical, dental, and school records. If the parent without custody has been granted restricted or supervised visitation because the court has found that the parent with custody or any child has been the victim of domestic violence, as defined in section 455.010, by the parent without custody, the court may order that the reports and records made available pursuant to this subsection not include the address of the parent with custody or the child. Unless a parent has been denied custody rights pursuant to this section or visitation rights under section 452.400, any judgment of dissolution or other applicable court order shall specifically allow both parents access to such records and reports.

11. Except as otherwise precluded by state or federal law, if any individual, professional, public or private institution or organization denies access or fails to provide or disclose any and all records and information, including, but not limited to, past and present dental, medical and school records pertaining to a minor child, to either parent upon the written request of such parent, the court shall, upon its finding that the individual, professional, public or private institution or organization denied such request without good cause, order that party to comply immediately with such request and to pay to the prevailing party all costs incurred, including, but not limited to, attorney's fees and court costs associated with obtaining the requested information.

12. An award of joint custody does not preclude an award of child support pursuant to section 452.340 and applicable supreme court rules. The court shall consider the factors contained in section 452.340 and applicable supreme court rules in determining an amount reasonable or necessary for the support of the child.

13. If the court finds that domestic violence or abuse, as defined in section 455.010 has occurred, the court shall make specific findings of fact to show that the custody or visitation arrangement ordered by the court best protects the child and the parent or other family or household member who is the victim of domestic violence, as defined in section 455.010, and any other children for whom such parent has custodial or visitation rights from any further harm.

14. If the court finds that a parent of a child, while the child was unborn, attempted to coerce the mother of the child to obtain an abortion, the court may deny custody to the parent."; and

Further amend said bill, Page 34, Section 452.400, Line 26, by inserting after all of said line the following:

"(c) The court may exercise its discretion in granting visitation to a parent not granted custody if such parent, while the child was unborn, attempted to coerce the mother of the child to obtain an abortion."; and

JOURNAL OF THE HOUSE

First Regular Session, 97th GENERAL ASSEMBLY

SIXTY-FIRST DAY, WEDNESDAY, MAY 1, 2013

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Thou shalt rejoice in every good thing which the Lord, thy God, hath given unto thee. (Deuteronomy 26:11)

Almighty God, grant that through the ministry of this moment of meditation we may draw near to You and receive from Your hands the wisdom to make wise decisions, good will to relate ourselves affirmatively to others, and faith to hold us steady amid the frustrations of this time. May we be with You, and through all our discussions we pray that You will keep us mindful of Your presence.

We pray for our citizens that on this beautiful May Day in Missouri we may be Your channel for peace in our state and Your servant for good will among all people. As leaders and as a people may we grow in spirit, and as mature persons assume our position of responsible leadership among the states.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Isaiah Mims, Alexis Kleekamp and Leah Kleekamp.

The Journal of the sixtieth day was approved as printed.

The Missouri angel investment incentive act shall be administered by the MTC and the department, with the primary goal of encouraging individuals to provide seed-capital financing for emerging Missouri businesses engaged in the development, implementation, and commercialization of innovative technologies, products, and services. The MTC shall review applications from businesses requesting designation as a qualified Missouri business and allocate the amount of available tax credits among the qualified Missouri businesses. The department shall establish its own rules of procedure, including the form and substance of applications to be used by the MTC and the criteria to be considered by the MTC when evaluating a qualified Missouri business, such applications and criteria to be not less than the minimum requirements set forth in subsection 5 of this section. The department shall issue tax credits to qualified investors that make cash investments in qualified Missouri businesses that have been allocated available tax credits by the MTC.

4. (1) A tax credit shall be allowed for an investor's cash investment in the qualified securities of a qualified Missouri business. The credit shall be in a total amount equal to fifty percent of such investor's cash investment in any qualified Missouri business, subject to the limitations set forth in this subsection. This tax credit may be used in its entirety in the taxable year in which the cash investment is made except that no tax credit shall be allowed in a year prior to the year beginning January 1, 2014. If the amount by which that portion of the credit allowed by this section exceeds the investor's liability in any one taxable year, the remaining portion of the credit may be carried forward five years or until the total amount of the credit is used, whichever occurs first. If the investor is a permitted entity investor, the credit provided by this section shall be claimed by the owners of the permitted entity investor in proportion to their equity investment in the permitted entity investor.

(2) A cash investment in a qualified security shall be deemed to have been made on the date of acquisition of the qualified security, as such date is determined in accordance with the provisions of the Internal Revenue Code of 1986, as amended.

(3) The department shall not allow tax credits of more than fifty thousand dollars for a single qualified Missouri business or a total of two hundred fifty thousand dollars in tax credits for a single year per investor who is a natural person or owner of a permitted entity investor. No tax credits authorized by this section and section

348.274 shall be allowed for any cash investments in qualified securities for any year beginning after December 31, 2019. The total amount of tax credits allocated under this section shall not exceed six million dollars per year.

(4) At the beginning of each calendar year, the department shall equally designate the tax credits available during that year for investments made in companies within each congressional district of the state. At the beginning of each calendar quarter, the department shall allocate to each congressional district one-fourth of the total tax credits designated to such district for the calendar year such that the MTC can allocate tax credits among the qualified Missouri businesses within such district. The department shall then issue tax credits to qualified investors for cash investments in such qualified Missouri businesses during that calendar quarter.

(5) At the end of each calendar quarter, the MTC shall report to the department any unallocated tax credits for the preceding quarter for each congressional district. Such report shall meet the requirements set forth in section 348.274. The department shall aggregate all such tax credits and reallocate them equally among the congressional districts as soon as possible during the next consecutive calendar quarter. Each congressional district shall receive such reallocation in addition to the new allocation of designated tax credits for such quarter.

(6) During the fourth calendar quarter, a congressional district in need of additional tax credits for transactions closing in the fourth calendar quarter may receive unallocated tax credits to the extent such credits are available. When the MTC transfers unallocated tax credits to another congressional district under this subdivision, the MTC shall provide to the department a written confirmation authorizing such transfer and the MTC shall include a copy of such written confirmation in its reports provided under section 348.274.

5. (1) Before an investor may be entitled to receive tax credits under this section and section 348.274, such investor shall have made a cash investment in a qualified security of a qualified Missouri business. The business shall have been approved by the MTC as a qualified Missouri business before the date on which the cash investment was made. To be designated as a qualified Missouri business, a business shall make application to the MTC in accordance with the provisions of this section.

(3) The designation of a business as a qualified Missouri business shall be made by the MTC, and such designation shall be renewed annually. A business shall be so designated if the MTC determines, based upon the application submitted by the business and any additional investigation the MTC shall make, that such business meets the criteria established by the department. Such criteria shall include at least the following:

- (a) The business shall not have had annual gross revenues of more than five million dollars in the most recent tax year of the business;

The department is authorized to issue tax credits to qualified investors in such qualified Missouri businesses. Such tax credits shall be allocated to those qualified Missouri businesses which, as determined by the MTC, are most likely to provide the greatest economic benefit to the region, the state, or both. (5) At the end of the one hundred twenty-day period, if the qualified Missouri business is still not in substantial compliance, the department shall send a notice of loss of designation to the business, the MTC, the director of the department of revenue and to all known investors in the business.

(9) The portions of documents and other materials submitted the MTC or the department that contain trade secrets shall be kept confidential and shall be maintained in a secured environment by the MTC and the department, as applicable. For the purposes of this section and section 348.273, "trade secrets" means any customer lists, formula, compound, production data, or compilation of information that will allow individuals within a commercial concern using such information the means to fabricate, produce, or compound an article of trade or perform any service having commercial value, which gives the user an opportunity to obtain a business advantage over competitors who do not know or use such service.

(10) The MTC and the department may prepare and adopt procedures concerning the performance of the duties placed upon each respective entity by this section and section 348.273.

(27) "Related facility base payroll", the annualized payroll of the related facility base payroll or the total amount of taxable wages paid by the qualified company to full-time employees of the qualified company located at a related facility in the twelve months prior to the filing of the notice of intent. For purposes of calculating the benefits under this program, the amount of related facility base payroll shall increase each year based on an appropriate measure, as determined by the department;

(28) "Rural area", a county in Missouri with a population less than seventy-five thousand or that does not contain an individual city with a population greater than fifty thousand according to the most recent federal decennial census;

(29) "Tax credits", tax credits issued by the department to offset the state taxes imposed by chapters 143 and 148, or which may be sold or refunded as provided for in this program;

(30) "Withholding tax", the state tax imposed by sections 143.191 to 143.265. For purposes of this program, the withholding tax shall be computed using a schedule as determined by the department based on average wages; and

(31) This section is subject to the provisions of section 196.1127.

620.2010. 1. In exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created, a qualified company may, for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, retain an amount equal to the withholding tax as calculated

under subdivision (30) of section 620.2005 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 if:

(1) The qualified company creates ten or more new jobs, and the average wage of the new payroll equals or exceeds ninety percent of the county average wage;

(2) The qualified company creates two or more new jobs at a project facility located in a rural area, the average wage of the new payroll equals or exceeds ninety percent of the county average wage, and the qualified company commits to making at least one hundred thousand dollars of new capital investment at the project facility within two years; or

(3) The qualified company creates two or more new jobs at a project facility located within a zone designated under sections 135.950 to 135.963, the average wage of the new payroll equals or exceeds eighty percent of the county average wage, and the qualified company commits to making at least one hundred thousand dollars in new capital investment at the project facility within two years of approval;

2. In addition to any benefits available under subsection 1 of this section, the department may award a qualified company that satisfies subdivision (1) of subsection 1 of this section additional tax credits, issued each year for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, in an amount equal to or less than six percent of new payroll; provided that in no event may the total amount of benefits awarded to a qualified company under this section exceed nine percent of new payroll in any calendar year. The amount of tax credits awarded to a qualified company under this subsection shall not exceed the projected net fiscal benefit to the state, as determined by the department, and shall not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. In determining the amount of tax credits to award to a qualified company under this subsection, the department shall consider the following factors:

(1) The significance of the qualified company's need for program benefits;

(2) The amount of projected net fiscal benefit to the state of the project and the period in which the state would realize such net fiscal benefit;

(3) The overall size and quality of the proposed project, including the number of new jobs, new capital investment, proposed wages, growth potential of the qualified company, the potential multiplier effect of the project, and similar factors;

(4) The financial stability and creditworthiness of the qualified company;

(5) The level of economic distress in the area;

(6) An evaluation of the competitiveness of alternative locations for the project facility, as applicable; and

(7) The percent of local incentives committed;

3. Upon approval of a notice of intent to receive tax credits under subsections 2 and 5 of this section, the department and the qualified company shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

(1) The committed number of new jobs, new payroll, and new capital investment for each year during the project period;

(2) The date or time period during which the tax credits shall be issued, which may be immediately or over a period not to exceed two years from the date of approval of the notice of intent;

(3) Clawback provisions, as may be required by the department; and

(4) Any other provisions the department may require.

4. In lieu of the benefits available under sections 1 and 2 of this section, and in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may, for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, retain an amount equal to the withholding tax as calculated under subdivision (30) of section 620.2005 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 equal to:

(1) Six percent of new payroll for a period of five years from the date the required number of new jobs were created if the qualified company creates one hundred or more new jobs and the average wage of the new payroll equals or exceeds one hundred twenty percent of the county average wage of the county in which the project facility is located; or

(2) Seven percent of new payroll for a period of five years from the date the required number of jobs were created if the qualified company creates one hundred or more new jobs and the average wage of the new payroll equals or exceeds one hundred forty percent of the county average wage of the county in which the project facility is located.

The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subsection and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subsection.

5. In addition to the benefits available under subsections 4 of this section, the department may award a qualified company that satisfies the provisions of subsection 4 of this section additional tax credits, issued each year for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, in an amount equal to or less than three percent of new payroll; provided that in no event may the total amount of benefits awarded to a qualified company under this section exceed nine percent of new payroll in any calendar year. The amount of tax credits awarded to a qualified company under this subsection shall not exceed the projected net fiscal benefit to the state, as determined by the department, and shall not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. In determining the amount of tax credits to award to a qualified company under this subsection, the department shall consider the factors provided under subsection 2 of this section.

6. No benefits shall be available under this section for any qualified company that has performed significant, project-specific site work at the project facility, purchased machinery or equipment related to the project, or has publicly announced its intention to make new capital investment at the project facility prior to approval of its notice of intent.

620.2015. 1. In exchange for the consideration provided by the tax revenues and other economic stimuli that will be generated by the retention of jobs and the making of new capital investment in this state, a qualified company may be eligible to receive the benefits described in this section if the department determines that there is a significant probability that the qualified company would relocate to another state in the absence of the benefits authorized under this section. In no event shall the total amount of benefits available to all qualified companies under this section exceed six million dollars in any fiscal year.

2. A qualified company meeting the requirements of this section may be authorized to retain an amount not to exceed one hundred percent of the withholding tax from full-time jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265, for a period of ten years if the average wage of the retained jobs equals or exceeds ninety percent of the county average wage. In order to receive benefits under this section, a qualified company shall enter into written agreement with the department containing detailed performance requirements and repayment penalties in event of nonperformance. The amount of benefits awarded to a qualified company under this section shall not exceed the projected net fiscal benefit and shall not exceed the least amount necessary to obtain the qualified company's commitment to retain the necessary number of jobs and make the required new capital investment.

3. In order to be eligible to receive benefits under this section, the qualified company shall meet each of the following conditions:

(1) The qualified company shall agree to retain, for a period of ten years from the date of approval of the notice of intent, at least fifty retained jobs; and

(2) The qualified company shall agree to make a new capital investment at the project facility within three years of the approval in an amount equal to one-half the total benefits, available under this section, which are offered to the qualified company by the department.

4. In awarding benefits under this section, the department shall consider the factors set forth in subsection 2 of section 620.2010.

5. Upon approval of a notice of intent to request benefits under this section, the department and the qualified company shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

(1) The committed number of retained jobs, payroll, and new capital investment for each year during the project period;

(2) Clawback provisions, as may be required by the department; and

(3) Any other provisions the department may require.

620.2020. 1. The department shall respond to a written request, by or on behalf of a qualified company, for a proposed benefit award under the provisions of this program within five business days of receipt of such request. Such response shall contain either a proposal of benefits for the qualified company, or a written response refusing to provide such a proposal and stating the reasons for such refusal. A qualified company that intends to seek benefits under the program shall submit to the department a notice of intent. The department shall

respond within thirty days to a notice of intent with an approval or a rejection, provided that the department may withhold approval or provide a contingent approval until it is satisfied that proper documentation of eligibility has been provided. Failure to respond on behalf of the department shall result in the notice of intent being deemed approved. A qualified company receiving approval for program benefits may receive additional benefits for subsequent new jobs at the same facility after the full initial project period if the applicable minimum job requirements are met. There shall be no limit on the number of project periods a qualified company may participate in the program, and a qualified company may elect to file a notice of intent to begin a new project period concurrent with an existing project period if the applicable minimum job requirements are achieved, the qualified company provides the department with the required annual reporting, and the qualified company is in compliance with this program and any other state programs in which the qualified company is currently or has previously participated. However, the qualified company shall not receive any further program benefits under the original approval for any new jobs created after the date of the new notice of intent, and any jobs created before the new notice of intent shall not be included as new jobs for purposes of the benefit calculation for the new approval. When a qualified company has filed and received approval of a notice of intent and subsequently files another notice of intent, the department shall apply the definition of project facility under subdivision (18) of section 620.2005 to the new notice of intent as well as all previously approved notices of intent and shall determine the application of the definitions of new job, new payroll, project facility base employment, and project facility base payroll accordingly.

2. Notwithstanding any provision of law to the contrary, the benefits available to the qualified company under any other state programs for which the company is eligible and which utilize withholding tax from the new or retained jobs of the company shall first be credited to the other state program before the withholding retention level applicable under this program will begin to accrue. If any qualified company also participates in a job training program utilizing withholding tax, the company shall retain no withholding tax under this program, but the department shall issue a refundable tax credit for the full amount of benefit allowed under this program. The calendar year annual maximum amount of tax credits which may be issued to a qualifying company that also participates in a job training program shall be increased by an amount equivalent to the withholding tax retained by that company under a jobs training program.

3. A qualified company receiving benefits under this program shall provide an annual report of the number of jobs and such other information as may be required by the department to document the basis for program benefits available no later than 90 days prior to the end of the qualified company's tax year immediately following the tax year for which the benefits provided under the program are attributed. In such annual report, if the average wage is below the applicable percentage of the county average wage, the qualified company has not maintained the employee insurance as required, or if the number of jobs is below the number required, the qualified company shall not receive tax credits or retain the withholding tax for the balance of the project period. Failure to timely file the annual report required under this section shall result in the forfeiture of tax credits attributable to the year for which the reporting was required and a recapture of withholding taxes retained by the qualified company during such year.

4. The department may withhold the approval of any benefits under this program until it is satisfied that proper documentation has been provided, and shall reduce the benefits to reflect any reduction in full-time employees or payroll. Upon approval by the department, the qualified company may begin the retention of the withholding taxes when it reaches the required number of jobs and the average wage meets or exceeds the applicable percentage of county average wage. Tax credits, if any, may be issued upon satisfaction by the department that the qualified company has exceeded the applicable percentage of county average wage and the required number of jobs.

5. Any qualified company approved for benefits under this program shall provide to the department, upon request, any and all information and records reasonably required to monitor compliance with program requirements. This program shall be considered a business recruitment tax credit under subdivision (4) of subsection 2 of section 135.800, and any qualified company approved for benefits under this program shall be subject to the provisions of section 135.800 to 135.830.

6. Any taxpayer who is awarded benefits under this program who knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained.

7. The maximum amount of tax credits that may be authorized under this program for any fiscal year shall be limited as follows, less the amount of any tax credits previously obligated for that fiscal year under any of the tax credit programs referenced in subsection 13 of this section:

(1) For the fiscal year beginning on July 1, 2013, but ending on or before June 30, 2014, no more than one hundred and six million dollars in tax credits may be authorized;

(2) For the fiscal year beginning on July 1, 2014, but ending on or before June 30, 2015, no more than one hundred and eleven million dollars in tax credits may be authorized; and

(3) For any fiscal year beginning on or after July 1, 2015, no more than one hundred and sixteen million dollars in tax credits may be authorized for each fiscal year.

8. For tax credits for the creation of new jobs under section 620.2010, the department shall allocate the annual tax credits based on the date of the approval, reserving such tax credits based on the department's best estimate of new jobs and new payroll of the project, and any other applicable factors in determining the amount of benefits available to the qualified company under this program. However, the annual issuance of tax credits shall be subject to annual verification of actual payroll by the department. Any authorization of tax credits shall expire if, within two years from the date of commencement of operations, or approval if applicable, the qualified company has failed to meet the applicable minimum job requirements. The qualified company may retain authorized amounts from the withholding tax under the project once the applicable minimum job requirements have been met for the duration of the project period. No benefits shall be provided under this program until the qualified company meets the applicable minimum new job requirements. In the event the qualified company does not meet the applicable minimum new job requirements, the qualified company may submit a new notice of intent or the department may provide a new approval for a new project of the qualified company at the project facility or other facilities.

9. Tax credits provided under this program may be claimed against taxes otherwise imposed by chapters 143 and 148, and may not be carried forward, but shall be claimed within one year of the close of the taxable year for which they were issued. Tax credits provided under this program may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department. For a qualified company with flow-through tax treatment to its members, partners, or shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the qualified company's tax period.

10. Prior to the issuance of tax credits or the qualified company beginning to retain withholding taxes, the department shall verify through the department of revenue and any other applicable state department, that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes or other fees. Such delinquency shall not affect the approval, except that any tax credits issued shall be first applied to the delinquency and any amount issued shall be reduced by the applicant's tax delinquency. If the department of revenue, the department of insurance, financial institutions and professional registration, or any other state department concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

11. The director of revenue shall issue a refund to the qualified company to the extent that the amount of tax credits allowed under this program exceeds the amount of the qualified company's tax liability under chapter 143 or 148.

12. An employee of a qualified company shall receive full credit for the amount of tax withheld as provided in section 143.211.

13. Notwithstanding any provision of law to the contrary, beginning August 28, 2013, no new benefits shall be authorized for any project that had not received from the department a proposal or approval for such benefits prior to August 28, 2013, under the development tax credit program created under sections 32.100 to 32.125, , the rebuilding communities tax credit program created under section 135.535, the enhanced enterprise zone tax credit program created under sections 135.950 to 135.973, and the Missouri quality jobs program created under sections 620.1875 to 620.1890. The provisions of this subsection shall not be construed to limit or impair the ability of any administering agency to authorize or issue benefits for any project that had received an approval or a proposal from the department under any of the programs referenced in this subsection prior to August 28,

2013, or the ability of any taxpayer to redeem any such tax credits or to retain any withholding tax under an approval issued prior to that date. The provisions of this subsection shall not be construed to limit or in any way impair the ability of any governing authority to provide any local abatement or designate a new zone under the enhanced enterprise zone program created by sections 135.950 to 135.963. Notwithstanding any provision of law to the contrary, no qualified company that is awarded benefits under this program shall:

(1) Simultaneously receive benefits under the programs referenced in this subsection at the same capital investment; or

(2) Receive benefits under the provisions of section 620.1910 for the same jobs.

14. If any provision of sections 620.2000 to 620.2020 or application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or application of these sections which can be given effect without the invalid provisions or application, and to this end, the provisions of sections 620.2000 to 620.2020 are hereby declared severable.

15. By no later than January 1, 2014, and the first day of each calendar quarter thereafter, the department shall present a quarterly report to the general assembly detailing the benefits authorized under this program during the immediately preceding calendar quarter to the extent such information may be disclosed under state and federal law. The report shall include, at a minimum:

(1) A list of all approved and disapproved applicants for each tax credit;

(2) A list of the aggregate amount of new or retained jobs that are directly attributable to the tax credits authorized;

(3) A statement of the aggregate amount of new capital investment directly attributable to the tax credits authorized;

(4) Documentation of the estimated net state fiscal benefit for each authorized project and, to the extent available, the actual benefit realized upon completion of such project or activity; and

(5) The department's response time for each request for a proposed benefit award under this program.

16. The department may adopt such rules, statements of policy, procedures, forms, and guidelines as may be necessary to carry out the provisions of sections 620.2000 to 620.2020. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

17. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under sections 620.2000 to 620.2020 shall automatically sunset six years after the effective date of this section unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of this reauthorization of sections 620.2000 to 620.2020; and

(3) Sections 620.2000 to 620.2020 shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under sections 620.2000 to 620.2020 is sunset."; and

135.1555. 1. For all fiscal years beginning on or after July 1, 2013, a claiming freight forwarder shall be entitled to an air export tax credit for the shipment of cargo on a qualifying outbound flight in an amount equal to forty cents per chargeable kilo.

2. The department shall index, and the secretary of state shall publish in the Missouri Register, the amount of the air export tax credits to adjust each year depending upon fluctuations in the cost of fuel for over-the-road transportation.

135.1560. 1. 135.1570. If the amount of any tax credit authorized under sections 135.1550 to 135.1575 exceeds the total tax liability for the year in which the applicant is entitled to receive a tax credit, the amount that exceeds the state tax liability may be carried forward for credit against the taxes imposed under chapters 143, 147, and 148, except those in sections 143.191 to 143.265, for the succeeding six years, or until the full credit is used, whichever occurs first. (3) "Contract sales price", the total price paid by a taxpayer for the purchase of a qualified principal residence;

(4) "Qualified principal residence", any single-family residence located in the state of Missouri, whether detached or attached, that is owner occupied or will be owner occupied after purchase by the taxpayer claiming the deduction allowed by this section as his or her primary residence, for which construction began and has been completed between August 28, 2013, and December 31, 2015, and that has not been previously occupied. For the purposes of this section, a manufactured home, modular unit, recreational park trailer, or recreational vehicle as defined in section 700.010, shall not be considered a single-family residence. For the purposes of this section, the value of land or any pre-existing structures on such land shall not be included in the value of such residence. The taxpayer shall submit an appraisal to the department that separately states the value of the land and any existing structures in order to claim the deduction;

(5) "Recapture period", the two taxable years beginning with the first taxable year following the taxable year in which the taxpayer occupied the qualified principal residence for which a deduction is allowed under this section, except that such recapture period shall be deemed to have expired immediately upon the date of the death of any person deemed a taxpayer under this section;

(6) "Taxpayer", an individual who purchases a fee simple ownership interest in a qualified principal residence during a taxable year and has not previously received a deduction issued pursuant to this section in any taxable year.

2. In addition to all deductions listed in this chapter, for taxable years beginning on or after January 1, 2013, and ending on or before December 31, 2015, a taxpayer shall be allowed a deduction for the purchase of a qualified principal residence in this state. The deduction amount shall be equal to the lesser of:

(1) One-third of the contract sales price of the qualified principal residence in this state; or

(2) One hundred sixty-six thousand six hundred sixty-seven dollars.

3. No taxpayer shall claim a tax deduction for the purchase of more than one qualified principal residence under this section. Such tax deduction shall be limited to a maximum tax benefit of ten thousand dollars.

4. If the amount of the deduction allowed under this section exceeds the total Missouri adjusted gross income for the taxpayer in the same tax year in which the deduction is allowed without taking into account the deduction allowed by this section, the amount that exceeds the total Missouri adjusted gross income for the taxpayer without taking into account the deduction allowed by this section may be carried forward to any subsequent tax year until the full deduction is claimed.

5. If a taxpayer disposes of his or her qualified principal residence for which a deduction was allowed under this section or such qualified principal residence ceases to be the principal residence of the taxpayer (and if married the taxpayer's spouse) before the end of the recapture period, then any remaining unused deduction shall be cancelled, and the taxpayer shall be subject to an addition to his or her Missouri adjusted gross income of any amount deducted under this section in any preceding tax year. The provisions of this subsection shall not apply in the case of a transfer of a qualified principal residence from an individual taxpayer to a spouse (or to a

former spouse if the transfer is incident to a divorce) or from an individual taxpayer to a grantor-trust or a single-member limited liability company owned by the taxpayer.

6. If a Missouri taxpayer self-constructs a qualified principal residence, such taxpayer shall be eligible for a tax deduction allowed by this section by satisfying the department of revenue's proof of documentation requirements to verify the contract sale price of a qualified principle residence.

7. The department of revenue shall establish the procedure by which the deduction provided in this section may be claimed and may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

8. Pursuant to section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset December 31, 2015, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset December thirty-first one year after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset."; and

House Amendment No. 8

AMEND House Committee Substitute for Senate Bill No. 23, Page 10, Section 92.387, Line 2, by inserting after all of said section and line the following:

"99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable

real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) (a) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031 until such time as all redevelopment costs have been paid as provided for in this section and section 99.850;

(b) Notwithstanding any provisions of this section to the contrary, for purposes of determining the limitation on indebtedness of local government pursuant to article VI, section 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area selected for redevelopment attributable to the increase above the total initial equalized assessed valuation shall be included in the value of taxable tangible property as shown on the last completed assessment for state or county purposes;

(c) The county assessor shall include the current assessed value of all property within the taxing district in the aggregate valuation of assessed property entered upon the assessor's book and verified pursuant to section 137.245, and such value shall be utilized for the purpose of the debt limitation on local government pursuant to article VI, section 26(b) of the Missouri Constitution;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of article III, section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of section 6 of article X of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the

amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, taxes levied for the purpose of public transportation pursuant to section 94.660, **taxes imposed on sales pursuant to section 650.399 for the purpose of emergency communication systems** licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, or any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement or levied by such county under section 238.410 for the purpose of the county transit authority operating transportation facilities, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. In no event shall the incremental increase include any amounts attributable to retail sales unless the municipality or authority has proven to the Missouri development finance board and the department of economic development and such entities have made a finding that the sales tax increment attributable to retail sales is from new sources which did not exist in the state during the baseline year. The state income tax withholding allowed by this section shall be the municipality's estimate of the amount of state income tax withheld by the employer within the redevelopment area for new employees who fill new jobs directly created by the tax increment financing project.

9. Subsection 4 of this section shall apply only to blighted areas located in enterprise zones, pursuant to sections 135.200 to 135.256, blighted areas located in federal empowerment zones, or to blighted areas located in central business

(2) Was a historic hotel located in a county of the first classification without a charter form of government with a population according to the most recent federal decennial census in excess of one hundred fifty thousand and containing a portion of a city with a population according to the most recent federal decennial census in excess of three hundred fifty thousand.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsections 4 and 5 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the new state revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

(a) The tax increment financing district or redevelopment area, including the businesses identified within the redevelopment area;

Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. (4) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

11. 12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of subsections 4 and 5 of this section if and only if the conditions of subsection 10 of this section are met. [No tax credits shall be issued under this section until after January 1, 2008.]

4. If the amount of such tax credit exceeds the total tax liability for the year in which the applicant is entitled to receive a tax credit, the amount that exceeds the state tax liability may be carried forward for credit against the taxes imposed under chapters 143, 147, and 148 for the succeeding six years, or until the full credit is used, whichever occurs first. The applicant shall not be entitled to a tax credit for taxes imposed under sections 143.191 to 143.265. Applicants entitled to receive such tax credits may transfer, sell, or assign the tax credits. Tax credits granted to a partnership, a limited liability company taxed as a partnership, or multiple owners of property shall be passed through to the partners, members, or owners respectively pro rata or pursuant to an executed agreement among the partners, members, or owners documenting an alternate distribution method.

5. A purchaser, transferee, or assignee of the tax credits authorized under this section may use acquired tax credits to offset up to one hundred percent of the tax liabilities otherwise imposed under chapters 143, 147, and 148, except for sections 143.191 to 143.265. A seller, transferor, or assignor shall perfect such transfer by notifying the department in writing within thirty calendar days following the effective date of the transfer and shall provide any information as may be required by the department to administer and carry out the provisions of this section.

6. To claim tax credits authorized under this section, an applicant shall submit to the department an application for a certificate. An applicant shall identify the boundaries of the eligible project area in the application. The department shall verify that the applicant has submitted a valid application in the form and format required by the department. The department shall verify that the municipal authority held the requisite hearings and gave the requisite notices for such hearings in accordance with the applicable economic incentive act, and municipal ordinances. On [an annual] **a quarterly** basis, an applicant may file for the tax credit for the acquisition costs, and for the tax credit for the interest costs, subject to the limitations of this section. If an applicant applying for the tax credit meets the criteria required under this section, the department shall issue a certificate in the appropriate amount. If an applicant receives a tax credit for maintenance costs as a part of the applicant's acquisition costs, the department shall post on its internet website the amount and type of maintenance costs and a description of the redevelopment project for which the applicant received a tax credit within thirty days after the department issues the certificate to the applicant.

7. The total aggregate amount of tax credits authorized under this section **after August 28, 2013,** shall not exceed ninety-five million dollars. At no time shall the annual amount of the tax credits issued under this section exceed [twenty] **thirty** million dollars. If the tax credits that are to be issued under this section exceed, in any year, the [twenty] **thirty** million dollar limitation, the department shall either:

(1) Issue tax credits to the applicant in the amount of [twenty] **thirty** million dollars, if there is only one applicant entitled to receive tax credits in that year; or

(2) (a) Issue the tax credits [on a pro rata basis] to all applicants entitled to receive tax credits in that year as provided in this subdivision. The department shall determine on an ongoing basis during the course of each calendar year the amount of tax credits that have been issued to each applicant for each eligible project area during such year, and the amount of tax credits remaining available for issuance with respect to such calendar year, if any.

(b) Applicants applying for tax credits with respect to projects located in eligible project areas qualified as such under subparagraph c. of paragraph (b) of subdivision (8) of subsection 2 of this section shall not, in the aggregate, be issued tax credits in excess of fifty percent of the annual thirty million dollar limitation with respect to such calendar year. If more than one applicant qualifies for issuance of tax credits under the preceding sentence in a given calendar year, such tax credits shall be issued on a pro rata basis. Applicants applying for tax credits with respect to projects located in any other eligible project areas shall not, in the aggregate, be issued tax credits in excess of fifty percent of the annual thirty million dollar limitation with respect to such calendar year. If more than one applicant qualifies for issuance of tax credits under the preceding sentence in a given calendar year, such tax credits shall be issued on a pro rata basis.

(c) In the event that the department determines, as of December thirty-first of a given calendar year, that the full amount of tax credits available for such calendar year under paragraph (b) of this subdivision with respect to projects located in eligible project areas qualified as such under subparagraph c. of paragraph (b) of subdivision (8) of subsection 2 of this section, was not issued, then the department shall make available for allocation to qualifying applicants with respect to projects located in any other eligible project areas the unissued amount of such tax credits. In the event that the department determines, as of December thirty-first of a given calendar year, that the full amount of tax credits available for such calendar year under paragraph (b) of this subdivision with respect to projects not located in eligible project areas qualified as such under subparagraph c. of paragraph (b) of subdivision (8) of subsection 2 of this section, was not issued, then the department shall make available for allocation to qualifying applicants with respect to projects located in eligible project areas which qualified as such under subparagraph c. of paragraph (b) of subdivision (8) of subsection 2 of this section, the unissued amount of such tax credits.

(d) Any amount of tax credits, which an applicant is, or applicants are, entitled to receive on an annual basis and are not issued due to the [twenty] **thirty** million dollar limitation, shall be carried forward for the benefit of the applicant or applicants to subsequent years.

No tax credits provided under this section shall be authorized after August 28, [2013] **2019**. Any tax credits which have been authorized on or before August 28, [2013] **2019**, but not issued, may be issued, subject to the limitations provided under this subsection, until all such authorized tax credits have been issued.

8. Upon issuance of any tax credits pursuant to this section, the department shall report to the municipal authority the applicant's name and address, the parcel numbers of the eligible parcels for which the tax credits were issued, the itemized acquisition costs and interest costs for which tax credits were issued, and the total value of the tax credits issued. The municipal authority and the state shall not consider the amount of the tax credits as an applicant's cost, but shall include [the] **issued** tax credits in any **subsequent** sources and uses and cost benefit analysis reviewed or created for the purpose of awarding other economic incentives. The amount of the tax credits shall not be considered an applicant's cost in the evaluation of the amount of any award of any other economic incentives, but shall be considered in measuring the reasonableness of the rate of return to the applicant with respect to such award of other economic incentives. The municipal authority shall provide the report to any relevant commission, board, or entity responsible for the evaluation and recommendation or approval of other economic incentives to assist in the redevelopment of the eligible project area. Tax credits authorized under this section shall constitute redevelopment tax credits, as such term is defined under section 135.800, and shall be subject to all provisions applicable to redevelopment tax credits provided under sections 135.800 to 135.830.

9. Following its initial application for tax credits under this section for eligible costs incurred in 2013 or any following year, and during the period it continues to seek tax credits under this section, an applicant shall submit to the department on a quarterly basis at the end of each calendar quarter a report affirming such applicant's continued qualification as an applicant under this section, describing the applicant's progress toward meeting the deadlines for commencement of work and for project completion established under its redevelopment agreement with the applicable municipal authority, and including copies of any written notices from such municipal authority asserting or threatening a termination of such development agreement due to a breach or default in the performance of such applicant's obligations under such redevelopment agreement. The department shall review annually the eligibility of each applicant to receive tax credits under this section. The department shall not issue to an applicant any tax credits provided under this section after the date upon which the governing body of the municipality, or municipalities, or in the case of any city not within a county, the board of aldermen,

makes a finding that the applicant has failed to comply with deadlines regarding project commencement or completion or other material provisions of its redevelopment agreement with an applicant, and in furtherance of such finding, the governing body validly adopts an ordinance terminating its redevelopment agreement with the applicant, with the result that such applicant no longer satisfies the requirements of paragraph (b) of subdivision (2) of subsection 2 of this section. The governing body shall notify the department of the governing body's findings and shall deliver to the department a certified copy of the ordinance terminating such redevelopment agreement as soon as practicable.

10. The department may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void."; and

The formulas and tables may be changed from time to time if recommended by the retirement system's actuary and approved by the board of trustees;

A break in service also occurs when a regular employee retires under the retirement system established by section 169.280 and does not again become a regular employee until after fifteen consecutive school or work days have elapsed. A "school or work day" is a day on which the employee's employer requires (or if the position no longer exists, would require, based on past practice) employees having the former employee's last job description to report to their place of employment for any reason;

(1) Four trustees to be appointed for terms of four years by the board of education; provided, however, that the terms of office of the first four trustees so appointed shall begin immediately upon their appointment and shall expire one, two, three and four years from the date the retirement system becomes operative, respectively;

No vacancy or vacancies on the board of trustees shall impair the power of the remaining trustees to administer the retirement system pending the filling of such vacancy or vacancies.

3. In the event of a lapse of the school district's corporate organization as described in subsections 1 and 4 of section 162.081, the general administration and responsibility for the proper operation of the retirement system shall continue to be vested in a twelve-person board of trustees, all of whom shall be resident taxpayers of a city, other than a city not within a county, of four hundred thousand or more. In such event, if vacancies occur in the offices of the four trustees appointed, prior to the lapse, by the board of education, or in the offices of the four trustees elected, prior to the lapse, by the members of the retirement system, or in the office of trustee held, prior to the lapse, by the superintendent of schools in the school district, as provided in subdivisions (1), (2) and (3) of subsection 1 of this section, the board of trustees shall appoint a qualified person to fill each vacancy and subsequent vacancies in the office of trustee for terms of up to four years, as determined by the board of trustees.

Such oath shall be subscribed to by the trustee making it and filed in the office of the clerk of the circuit court.

5. Each trustee shall be entitled to one vote in the board of trustees. Seven trustees shall constitute a quorum at any meeting of the board of trustees. At any meeting of the board of trustees where a quorum is present, the vote of at least seven of the trustees in support of a motion, resolution or other matter is necessary to be the decision of the board;

provided, however, that in the event of a lapse in the school district's corporate organization as described in subsections 1 and 4 of section 162.081, a majority of the trustees then in office shall constitute a quorum at any meeting of the board of trustees, and the vote of a majority of the trustees then in office in support of a motion, resolution or other matter shall be necessary to be the decision of the board.

6. The board of trustees shall have exclusive original jurisdiction in all matters relating to or affecting the funds herein provided for, including, in addition to all other matters, all claims for benefits or refunds, and its action, decision or determination in any matter shall be reviewable in accordance with chapter 536 or chapter 621. Subject to the limitations of sections 169.270 to 169.400, the board of trustees shall, from time to time, establish rules and regulations for the administration of funds of the retirement system, for the transaction of its business, and for the limitation of the time within which claims may be filed.

7. The trustees shall serve without compensation. The board of trustees shall elect from its membership a chairman and a vice chairman. The board of trustees shall appoint an executive director who shall serve as the administrative officer of the retirement system and as secretary to the board of trustees. It shall employ one or more persons, firms or corporations experienced in the investment of moneys to serve as investment counsel to the board of trustees. The compensation of all persons engaged by the board of trustees and all other expenses of the board necessary for the operation of the retirement system shall be paid at such rates and in such amounts as the board of trustees shall approve, and shall be paid from the investment income.

8. The board of trustees shall keep in convenient form such data as shall be necessary for actuarial valuations of the various funds of the retirement system and for checking the experience of the system.

9. The board of trustees shall keep a record of all its proceedings which shall be open to public inspection. It shall prepare annually and furnish to the board of education and to each member of the retirement system who so requests a report showing the fiscal transactions of the retirement system for the preceding fiscal year, the amount of accumulated cash and securities of the system, and the last balance sheet showing the financial condition of the system by means of an actuarial valuation of the assets and liabilities of the retirement system.

10. The board of trustees shall have, in its own name, power to sue and to be sued, to enter into contracts, to own property, real and personal, and to convey the same; but the members of such board of trustees shall not be personally liable for obligations or liabilities of the board of trustees or of the retirement system.

11. The board of trustees shall arrange for necessary legal advice for the operation of the retirement system.

12. Such person shall be qualified as an actuary by membership as a Fellow of the Society of Actuaries or by similar objective standards.

14. At least once in each five-year period the actuary shall make an investigation into the actuarial experience of the members, retirants and beneficiaries of the retirement system and, taking into account the results of such investigation, the board of trustees shall adopt for the retirement system such actuarial assumptions as the board of trustees deems necessary for the financial soundness of the retirement system.

15. On the basis of such actuarial assumptions as the board of trustees adopts, the actuary shall make annual valuations of the assets and liabilities of the funds of the retirement system.

16. The rate of contribution payable by the [employer] **employers** shall equal one and ninety-nine one-hundredths percent, effective July 1, 1993; three and ninety-nine one-hundredths percent, effective July 1, 1995; five and ninety-nine one-hundredths percent, effective July 1, 1996; seven and one-half percent effective January 1, 1999, and for [all] subsequent **calendar** years **through 2013. For calendar year 2014 and each subsequent year, the rate of contribution payable by the employers for each year shall be determined by the actuary for the retirement system in the manner provided in subsection 4 of section 169.350 and shall be certified by the board of trustees to the employers at least six months prior to the date such rate is to be effective.**

17. In the event of a lapse of a school district's corporate organization as described in subsections 1 and 4 of section 162.081, no retirement system, nor any of the assets of any retirement system, shall be transferred to or merged with another retirement system without prior approval of such transfer or merge by the board of trustees of the retirement system.

169.301. 1. Any active member who has completed five or more years of actual (not purchased) creditable service shall be entitled to a vested retirement benefit equal to the annual service retirement allowance provided in sections 169.270 to 169.400 payable after attaining the minimum normal retirement age and calculated in accordance with the law in effect on the last date such person was a regular employee; provided, that such member does not withdraw such person's accumulated contributions pursuant to section 169.328 prior to attaining the minimum normal retirement age.

2. Any member who elected on October 13, 1961, or within thirty days thereafter, to continue to contribute and to receive benefits under sections 169.270 to 169.400 may continue to be a member of the retirement system under the terms and conditions of the plan in effect immediately prior to October 13, 1961, or may, upon written request to the board of trustees, transfer to the present plan, provided that the member pays into the system any additional contributions with interest the member would have credited to the member's account if such person had been a member of the current plan since its inception or, if the person's contributions and interest are in excess of what the person would have paid, such person will receive a refund of such excess. The board of trustees shall adopt appropriate rules and regulations governing the operation of the plan in effect immediately prior to October 13, 1961.

3. Should a retirant again become an active member, such person's retirement allowance payments shall cease during such membership and shall be recalculated upon subsequent retirement to include any creditable service earned during the person's latest period of active membership in accordance with subsection 2 of section 169.324.

4. In the event of the complete termination of the retirement system established by section 169.280 or the complete discontinuance of contributions to such retirement system, the rights of all members to benefits accrued to the date of such termination or discontinuance, to the extent then funded, shall be fully vested and nonforfeitable.

The sum calculated pursuant to this subsection shall not exceed the greater of sixty percent of the person's average final compensation as of the second retirement date or the amount determined pursuant to subdivision (1) of this subsection. Compensation earned prior to the person's first retirement date shall be considered in determining the person's average final compensation as of the second retirement date if such compensation would otherwise be included in determining the person's average final compensation.

3. The board of trustees shall determine annually whether the investment return on funds of the system can provide for an increase in benefits for retirants eligible for such increase. A retirant shall and will be eligible for an increase awarded pursuant to this section as of the second January following the date the retirant commenced receiving retirement benefits. Any such increase shall also apply to any monthly joint and survivor retirement allowance payable to such retirant's beneficiaries, regardless of age. The board shall make such determination as follows:

(1) After determination by the actuary of the investment return for the preceding year as of December thirty-first (the "valuation year"), the actuary shall recommend to the board of trustees what portion of the investment return is available to provide such benefits increase, if any, and shall recommend the amount of such benefits increase, if any, to be implemented as of the first day of the thirteenth month following the end of the valuation year, and [the] first payable on or about the first day of the fourteenth month following the end of the valuation year. The actuary shall make

such recommendations so as not to affect the financial soundness of the retirement system, recognizing the following safeguards:

(a) The retirement system's funded ratio as of January first of the year preceding the year of a proposed increase shall be at least one hundred percent after adjusting for the effect of the proposed increase. The funded ratio is the ratio of assets to the pension benefit obligation;

(b) The actuarially required contribution rate, after adjusting for the effect of the proposed increase, may not exceed the [statutory] **then applicable employer and member contribution rate as determined under subsection 4 of section 169.350;**

(c) The actuary shall certify to the board of trustees that the proposed increase will not impair the actuarial soundness of the retirement system;

(d) A benefit increase, under this section, once awarded, cannot be reduced in succeeding years;

(2) The board of trustees shall review the actuary's recommendation and report and shall, in their discretion, determine if any increase is prudent and, if so, shall determine the amount of increase to be awarded.

4. This section does not guarantee an annual increase to any retiree.

5. If an inactive member becomes an active member after June 30, 2001, and after a break in service, unless the person earns at least four additional years of creditable service without another break in service, upon retirement the person's retirement allowance shall be calculated separately for each separate period of service ending in a break in service. The retirement allowance shall be the sum of the separate retirement allowances computed for each such period of service using the benefit formula in effect, the person's average final compensation as of the last day of such period of service and the creditable service the person earned during such period of service; provided, however, if the person earns at least four additional years of creditable service without another break in service, all of the person's creditable service prior to and including such service shall be aggregated and, upon retirement, the retirement allowance shall be computed using the benefit formula in effect and the person's average final compensation as of the last day of such period of four or more years and all of the creditable service the person earned prior to and during such period.

6. Notwithstanding anything contained in this section to the contrary, the amount of the annual service retirement allowance payable to any retiree pursuant to the provisions of sections 169.270 to 169.400, including any adjustments made pursuant to subsection 3 of this section, shall at all times comply with the provisions and limitations of Section 415 of the Internal Revenue Code of 1986, as amended, and the regulations thereunder, the terms of which are specifically incorporated herein by reference.

7. All retirement systems established by the laws of the state of Missouri shall develop a procurement action plan for utilization of minority and women money managers, brokers and investment counselors. Such retirement systems shall report their progress annually to the joint committee on public employee retirement and the governor's minority advocacy commission.

169.350. 1. All of the assets of the retirement system (other than tangible real or personal property owned by the retirement system for use in carrying out its duties, such as office supplies and furniture) shall be credited, according to the purpose for which they are held, in either the employees' contribution fund or the general reserve fund.

(1) The employees' contribution fund shall be the fund in which shall be accumulated the contributions of the members. The employer shall, except as provided in subdivision (5) of this subsection, cause to be deducted from the compensation of each member on each and every payroll, for each and every payroll period, the pro rata portion of five and nine-tenths percent of his annualized compensation. Effective January 1, 1999, **through December 31, 2013**, the employer shall deduct an additional one and six-tenths percent of the member's annualized compensation. **For 2014 and for each subsequent year, the employer shall deduct from each member's annualized compensation the rate of contribution determined for such year by the actuary for the retirement system in the manner provided in subsection 4 of this section.**

(2) The employer shall pay all such deductions and any amount it may elect to pay pursuant to subdivision (5) of this subsection to the retirement system at once. The retirement system shall credit such deductions and such amounts to the individual account of each member from whose compensation the deduction was made or with respect to whose compensation the amount was paid pursuant to subdivision (5) of this subsection. In determining the deduction for a member in any payroll period, the board of trustees may consider the rate of compensation payable to such member on the first day of the payroll period as continuing throughout such period.

(3) The deductions provided for herein are declared to be a part of the compensation of the member and the making of such deductions shall constitute payments by the member out of the person's compensation and such deductions shall be made notwithstanding that the amount actually paid to the member after such deductions is less than the minimum compensation provided by law for any member. Every member shall be deemed to consent to the deductions made and provided for herein, and shall receipt for the person's full compensation, and the making of the

deduction and the payment of compensation less the deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for services rendered during the period covered by the payment except as to benefits provided by sections 169.270 to 169.400.

(4) The accumulated contributions with interest of a member withdrawn by the person or paid to the person's estate or designated beneficiary in the event of the person's death before retirement shall be paid from the employees' contribution fund. Upon retirement of a member the member's accumulated contributions with interest shall be transferred from the employees' contribution fund to the general reserve fund.

(5) The employer may elect to pay on behalf of all members all or part of the amount that the members would otherwise be required to contribute to the employees' contribution fund pursuant to subdivision (1) of this subsection. Such amounts paid by the employer shall be in lieu of members' contributions and shall be treated for all purposes of sections 169.270 to 169.400 as contributions made by members. Notwithstanding any other provision of this chapter to the contrary, no member shall be entitled to receive such amounts directly. The election shall be made by a duly adopted resolution of the employer's board and shall remain in effect for at least one year from the effective date thereof. The election may be thereafter terminated only by an affirmative act of the employer's board notwithstanding any limitation in the term thereof in the adopting resolution. Any such termination resolution shall be adopted at least sixty days prior to the effective date thereof, and the effective date thereof shall coincide with a fiscal year-end of the employer. In the absence of such a termination resolution, the election shall remain in effect from fiscal year to fiscal year.

2. The general reserve fund shall be the fund in which shall be accumulated all reserves for the payment of all benefit expenses and other demands whatsoever upon the retirement system except those items heretofore allocated to the employees' contribution fund.

(1) All contributions by the employer, except those the employer elects to make on behalf of the members pursuant to subdivision (5) of subsection 1 of this section, shall be credited to the general reserve fund.

(2) Should a retirant be restored to active service and again become a member of the retirement system, the excess, if any, of the person's accumulated contributions over benefits received by the retirant shall be transferred from the general reserve fund to the employees' contribution fund and credited to the person's account.

3. Gifts, devises, bequests and legacies may be accepted by the board of trustees and deposited in the general reserve fund to be held, invested and used at its discretion for the benefit of the retirement system except where specific direction for the use of a gift is made by a donor.

4. Beginning in 2013, the actuary for the retirement system shall annually calculate the rate of employer contributions and member contributions for 2014 and for each subsequent calendar year, expressed as a level percentage of the annualized compensation of the members, subject to the following:

(1) The rate of contribution for any calendar year shall be determined based on an actuarial valuation of the retirement system as of the first day of the prior calendar year. Such actuarial valuation shall be performed using the actuarial cost method and actuarial assumptions adopted by the board of trustees and in accordance with accepted actuarial standards of practice in effect at the time the valuation is performed, as promulgated by the actuarial standards board or its successor;

(2) The target combined employer and member contribution rate shall be the amount actuarially required to cover the normal cost and amortize any unfunded accrued actuarial liability over a period that shall not exceed thirty years from the date of the valuation;

(3) The target combined rate as so determined shall be allocated equally between the employer contribution rate and the member contribution rate, provided, however, that the level rate of contributions to be paid by the employers and the level rate of contributions to be deducted from the compensation of members for any calendar year shall each be limited as follows:

(a) The contribution rate shall not be less than seven and one-half percent;

(b) The contribution rate shall not exceed nine percent; and

(c) Changes in the contribution rate from year to year shall be in increments of one-half percent such that the contribution rate for any year shall not be greater than or less than the rate in effect for the prior year by more than one-half percent;

(4) The board of trustees shall certify to the employers the contribution rate for the following calendar year no later than six months prior to the date such rate is to be effective."; and

The combined rate of the state sales tax and all local sales taxes shall be the sum of the rates, multiplying the combined rate times the amount of the sale.

(2) **Notwithstanding any other provision of law to the contrary, local taxing jurisdictions, except those in which voters previously have approved a local use tax under section 144.757, shall have placed on the ballot on or after the general election in November 2014, but no later than the general election in November 2016, whether to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors that are subject to state sales tax under section 144.020 and purchased from a source other than a licensed Missouri dealer. The ballot question presented to the local voters shall contain substantially the following language:**

Shall the (local jurisdiction's name) discontinue applying and collecting the local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors that were purchased from a source other than a licensed Missouri dealer? Approval of this measure will result in a reduction of local revenue to provide for vital services for (local jurisdiction's name) and it will place Missouri dealers of motor vehicles, outboard motors, boats, and trailers at a competitive disadvantage to non- Missouri dealers of motor vehicles, outboard motors, boats, and trailers.

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

(3) If the ballot question set forth in subdivision (2) of this subsection receives a majority of the votes cast in favor of the proposal, or if the local taxing jurisdiction fails to place the ballot question before the voters on or before the general election in November 2016, the local taxing jurisdiction shall cease applying the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors that were purchased from a source other than a licensed Missouri dealer.

(4) In addition to the requirement that the ballot question set forth in subdivision (2) of this subsection be placed before the voters, the governing body of any local taxing jurisdiction that previously had imposed a local use tax on the use of motor vehicles, trailers, boats, and outboard motors may, at any time, place a proposal on the ballot at any election to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are in favor of the proposal to repeal application of the local sales tax to such titling, then the local sales tax shall no longer be applied to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes

cast by the registered voters voting thereon are opposed to the proposal to repeal application of the local sales tax to such titling, such application shall remain in effect.

(5) In addition to the requirement that the ballot question set forth in subdivision (2) of this subsection be placed before the voters on or after the general election in November 2014, and on or before the general election in November 2016, whenever the governing body of any local taxing jurisdiction imposing a local sales tax on the sale of motor vehicles, trailers, boats, and outboard motors receives a petition, signed by fifteen percent of the registered voters of such jurisdiction voting in the last gubernatorial election and calling for a proposal to be placed on the ballot at any election to repeal application of the local sales tax to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer, the governing body shall submit to the voters of such jurisdiction a proposal to repeal application of the local sales tax to such titling. If a majority of the votes cast by the registered voters voting thereon are in favor of the proposal to repeal application of the local sales tax to such titling, then the local sales tax shall no longer be applied to the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer. If a majority of the votes cast by the registered voters voting thereon are opposed to the proposal to repeal application of the local sales tax to such titling, such application shall remain in effect.

(6) Nothing in this subsection shall be construed to authorize the voters of any jurisdiction to repeal application of any state sales or use tax.

(7) If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is repealed, such repeal shall take effect on the first day of the second calendar quarter after the election. If any local sales tax on the titling of motor vehicles, trailers, boats, and outboard motors purchased from a source other than a licensed Missouri dealer is required to cease to be applied or collected due to failure of a local taxing jurisdiction to hold an election under subdivision (2) of this subsection, such cessation shall take effect on March 1, 2017.

[6.] 5. On and after the effective date of any local sales tax imposed under the provisions of the local sales tax law, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect in addition to the sales tax for the state of Missouri all additional local sales taxes authorized under the authority of the local sales tax law. All local sales taxes imposed under the local sales tax law together with all taxes imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue.

[7.] 6. All applicable provisions contained in sections 144.010 to 144.525 governing the state sales tax and section 32.057, the uniform confidentiality provision, shall apply to the collection of any local sales tax imposed under the local sales tax law except as modified by the local sales tax law.

[8.] 7. All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services under the provisions of sections 144.010 to 144.525, as these sections now read and as they may hereafter be amended, it being the intent of this general assembly to ensure that the same sales tax exemptions granted from the state sales tax law also be granted under the local sales tax law, are hereby made applicable to the imposition and collection of all local sales taxes imposed under the local sales tax law.

[9.] 8. The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of the local sales tax law, and no additional permit or exemption certificate or retail certificate shall be required; except that the director of revenue may prescribe a form of exemption certificate for an exemption from any local sales tax imposed by the local sales tax law.

[10.] 9. All discounts allowed the retailer under the provisions of the state sales tax law for the collection of and for payment of taxes under the provisions of the state sales tax law are hereby allowed and made applicable to any local sales tax collected under the provisions of the local sales tax law.

[11.] 10. The penalties provided in section 32.057 and sections 144.010 to 144.525 for a violation of the provisions of those sections are hereby made applicable to violations of the provisions of the local sales tax law.

[12. (1)] 11. For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, all sales[, except the sale of motor vehicles, trailers, boats, and outboard motors, shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's agent or employee shall be deemed to be consummated at the place of business from which he works.

(2) For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, all sales of motor vehicles, trailers, boats, and outboard motors shall be deemed to be consummated at the residence of the purchaser and not at the place of business of the retailer, or the place of business from which the retailer's agent or employee works.

(3) For the purposes of any local tax imposed by an ordinance or under the local sales tax law on charges for mobile telecommunications services, all taxes of mobile telecommunications service shall be imposed as provided in the Mobile Telecommunications Sourcing Act, 4 U.S.C. Sections 116 through 124, as amended] **shall be sourced as provided by sections 144.040 to 144.043 and section 144.069.**

[13.] **12.** Local sales taxes [imposed pursuant to the local sales tax law on the purchase and sale] **shall not be imposed on the seller** of motor vehicles, trailers, boats, and outboard motors [shall not be collected and remitted by the seller,] **required to be titled under the laws of the state of Missouri**, but shall be collected **from the purchaser** by the director of revenue at the time application is made for a certificate of title, if the address of the applicant is within a taxing entity imposing a local sales tax under the local sales tax law.

[14.] **13.** The director of revenue and any of [his] **the director's** deputies, assistants and employees who have any duties or responsibilities in connection with the collection, deposit, transfer, transmittal, disbursement, safekeeping, accounting, or recording of funds which come into the hands of the director of revenue under the provisions of the local sales tax law shall enter a surety bond or bonds payable to any and all taxing entities in whose behalf such funds have been collected under the local sales tax law in the amount of one hundred thousand dollars for each such tax; but the director of revenue may enter into a blanket bond covering [himself] **the director** and all such deputies, assistants and employees. The cost of any premium for such bonds shall be paid by the director of revenue from the share of the collections under the sales tax law retained by the director of revenue for the benefit of the state.

[15.] **14.** The director of revenue shall annually report on [his] **the director's** management of each trust fund which is created under the local sales tax law and administration of each local sales tax imposed under the local sales tax law. [He] **The director** shall provide each taxing entity imposing one or more local sales taxes authorized by the local sales tax law with a detailed accounting of the source of all funds received by [him] **the director** for the taxing entity. Notwithstanding any other provisions of law, the state auditor shall annually audit each trust fund. A copy of the director's report and annual audit shall be forwarded to each taxing entity imposing one or more local sales taxes.

[16.] **15.** Within the boundaries of any taxing entity where one or more local sales taxes have been imposed, if any person is delinquent in the payment of the amount required to be paid by [him] **such person** under the local sales tax law or in the event a determination has been made against [him] **such person** for taxes and penalty under the local sales tax law, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided in sections 144.010 to 144.525. Where the director of revenue has determined that suit must be filed against any person for the collection of delinquent taxes due the state under the state sales tax law, and where such person is also delinquent in payment of taxes under the local sales tax law, the director of revenue shall notify the taxing entity in the event any person fails or refuses to pay the amount of any local sales tax due so that appropriate action may be taken by the taxing entity.

[17.] **16.** Where property is seized by the director of revenue under the provisions of any law authorizing seizure of the property of a taxpayer who is delinquent in payment of the tax imposed by the state sales tax law, and where such taxpayer is also delinquent in payment of any tax imposed by the local sales tax law, the director of revenue shall permit the taxing entity to join in any sale of property to pay the delinquent taxes and penalties due the state and to the taxing entity under the local sales tax law. The proceeds from such sale shall first be applied to all sums due the state, and the remainder, if any, shall be applied to all sums due such taxing entity.

[18.] **17.** If a local sales tax has been in effect for at least one year under the provisions of the local sales tax law and voters approve reimposition of the same local sales tax at the same rate at an election as provided for in the local sales tax law prior to the date such tax is due to expire, the tax so reimposed shall become effective the first day of the first calendar quarter after the director receives a certified copy of the ordinance, order or resolution accompanied by a map clearly showing the boundaries thereof and the results of such election, provided that such ordinance, order or resolution and all necessary accompanying materials are received by the director at least thirty days prior to the expiration of such tax. Any administrative cost or expense incurred by the state as a result of the provisions of this subsection shall be paid by the city or county reimposing such tax.

18. If the boundaries of a city in which a sales tax or use tax has been imposed shall thereafter be changed or altered, the city clerk shall forward to the director of revenue by United States registered mail or certified mail a certified copy of the ordinance adding or detaching territory from the city within ten days of adoption of the ordinance. The ordinance shall reflect the effective date of the ordinance and shall be accompanied by a map of the city clearly showing the territory added or detached from the city boundaries. Upon receipt of the ordinance and map, the tax imposed under the local sales tax law or local use tax law shall be

effective in the added territory or abolished in the detached territory on the first day of a calendar quarter after one hundred twenty days' notice to sellers.

19. Any change to any local sales tax or local use tax boundary or rate shall be effective on the first day of a calendar quarter after one hundred twenty days' notice to sellers.

66.620. 1. All county sales taxes collected by the director of revenue under sections 66.600 to 66.630 on behalf of any county[, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087,] shall be deposited in a special trust fund, which is hereby created, to be known as the "County Sales Tax Trust Fund". [The moneys in the county sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state.] The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each county imposing a county sales tax, and the records shall be open to the inspection of officers of the county and the public. Not later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the county which levied the tax; such funds shall be deposited with the county treasurer of the county and all expenditures of funds arising from the county sales tax trust fund shall be by an appropriation act to be enacted by the legislative council of the county, and to the cities, towns and villages located wholly or partly within the county which levied the tax in the manner as set forth in sections 66.600 to 66.630.

2. In any county not adopting an additional sales tax and alternate distribution system as provided in section 67.581, for the purposes of distributing the county sales tax, the county shall be divided into two groups, "Group A" and "Group B". Group A shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which had a city sales tax in effect under the provisions of sections 94.500 to 94.550 on the day prior to the adoption of the county sales tax ordinance, except that beginning January 1, 1980, group A shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which had a city sales tax approved by the voters of such city under the provisions of sections 94.500 to 94.550 on the day prior to the effective date of the county sales tax. For the purposes of determining the location of consummation of sales for distribution of funds to cities, towns and villages in group A, the boundaries of any such city, town or village shall be the boundary of that city, town or village as it existed on March 19, 1984. Group B shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which did not have a city sales tax in effect under the provisions of sections 94.500 to 94.550 on the day prior to the adoption of the county sales tax ordinance, and shall also include all unincorporated areas of the county which levied the tax; except that, beginning January 1, 1980, group B shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which did not have a city sales tax approved by the voters of such city under the provisions of sections 94.500 to 94.550 on the day prior to the effective date of the county sales tax and shall also include all unincorporated areas of the county which levied the tax.

3. Until January 1, 1994, the director of revenue shall distribute to the cities, towns and villages in group A the taxes based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087. Except for distribution governed by section 66.630, after deducting the distribution to the cities, towns and villages in group A, the director of revenue shall distribute the remaining funds in the county sales tax trust fund to the cities, towns and villages and the county in group B as follows: To the county which levied the tax, a percentage of the distributable revenue equal to the percentage ratio that the population of the unincorporated areas of the county bears to the total population of group B; and to each city, town or village in group B located wholly within the taxing county, a percentage of the distributable revenue equal to the percentage ratio that the population of such city, town or village bears to the total population of group B; and to each city, town or village located partly within the taxing county, a percentage of the distributable revenue equal to the percentage ratio that the population of that part of the city, town or village located within the taxing county bears to the total population of group B.

4. From and after January 1, 1994, the director of revenue shall distribute to the cities, towns and villages in group A a portion of the taxes based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087 in accordance with the formula described in this subsection. After deducting the distribution to the cities, towns and villages in group A, the director of revenue shall distribute funds in the county sales tax trust fund to the cities, towns and villages and the county in group B as follows: To the county which levied the tax, ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated since April 1, 1993, multiplied by the total of all sales tax revenues countywide, and a percentage of the remaining distributable revenue equal to the percentage ratio that the population of unincorporated areas of the county bears to the total population of group B; and to each city, town or village in group B located wholly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of such city, town or village bears to the total population of group B; and to each city, town or village located partly within the taxing

county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of that part of the city, town or village located within the taxing county bears to the total population of group B.

5. (1) For purposes of administering the distribution formula of subsection 4 of this section, the revenues arising each year from sales occurring within each group A city, town or village shall be distributed as follows: Until such revenues reach the adjusted county average, as hereinafter defined, there shall be distributed to the city, town or village all of such revenues reduced by the percentage which is equal to ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993; and once revenues exceed the adjusted county average, total revenues shall be shared in accordance with the redistribution formula as defined in this subsection.

(2) For purposes of this subsection, the "adjusted county average" is the per capita countywide average of all sales tax distributions during the prior calendar year reduced by the percentage which is equal to ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993; the "redistribution formula" is as follows: During 1994, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of 8.5 multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. During 1995, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of seventeen multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. From January 1, 1996, until January 1, 2000, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of 25.5 multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. From and after January 1, 2000, the distribution formula covering the period from January 1, 1996, until January 1, 2000, shall continue to apply, except that the percentage computed for sales arising within the municipalities shall be not less than 7.5 percent for municipalities within which sales tax revenues exceed the adjusted county average, nor less than 12.5 percent for municipalities within which sales tax revenues exceed the adjusted county average by at least twenty-five percent.

(3) For purposes of applying the redistribution formula to a municipality which is partly within the county levying the tax, the distribution shall be calculated alternately for the municipality as a whole, except that the factor for annexed portion of the county shall not be applied to the portion of the municipality which is not within the county levying the tax, and for the portion of the municipality within the county levying the tax. Whichever calculation results in the larger distribution to the municipality shall be used.

(4) Notwithstanding any other provision of this section, the fifty percent of additional sales taxes as described in section 99.845 arising from economic activities within the area of a redevelopment project established after July 12, 1990, pursuant to sections 99.800 to 99.865, while tax increment financing remains in effect shall be deducted from all calculations of countywide sales taxes, shall be distributed directly to the municipality involved, and shall be disregarded in calculating the amounts distributed or distributable to the municipality. Further, any agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of incremental sales tax revenues to the special allocation fund of a tax increment financing project while tax increment financing remains in effect shall continue to be in full force and effect and the sales taxes so appropriated shall be deducted from all calculations of countywide sales taxes, shall be distributed directly to the municipality involved, and shall be disregarded in calculating the amounts distributed or distributable to the municipality. In addition, and notwithstanding any other provision of this chapter to the contrary, economic development funds shall be distributed in full to the municipality in which the sales producing them were deemed consummated. Additionally, economic development funds shall be deducted from all calculations of countywide sales taxes and shall be disregarded in calculating the amounts distributed or distributable to the municipality. As used in this subdivision, the term "economic development funds" means the amount of sales tax revenue generated in any fiscal year by projects authorized pursuant

to chapter 99 or chapter 100 in connection with which such sales tax revenue was pledged as security for, or was guaranteed by a developer to be sufficient to pay, outstanding obligations under any agreement authorized by chapter 100, entered into or adopted prior to September 1, 1993, between a municipality and another public body. The cumulative amount of economic development funds allowed under this provision shall not exceed the total amount necessary to amortize the obligations involved.

6. If the qualified voters of any city, town or village vote to change or alter its boundaries by annexing any unincorporated territory included in group B or if the qualified voters of one or more city, town or village in group A and the qualified voters of one or more city, town or village in group B vote to consolidate, the area annexed or the area consolidated which had been a part of group B shall remain a part of group B after annexation or consolidation. After the effective date of the annexation or consolidation, the annexing or consolidated city, town or village shall receive a percentage of the group B distributable revenue equal to the percentage ratio that the population of the annexed or consolidated area bears to the total population of group B and such annexed area shall not be classified as unincorporated area for determination of the percentage allocable to the county. If the qualified voters of any two or more cities, towns or villages in group A each vote to consolidate such cities, towns or villages, then such consolidated cities, towns or villages shall remain a part of group A. For the purpose of sections 66.600 to 66.630, population shall be as determined by the last federal decennial census or the latest census that determines the total population of the county and all political subdivisions therein. For the purpose of calculating the adjustment based on the percentage of unincorporated county population which is annexed after April 1, 1993, the accumulated percentage immediately before each census shall be used as the new percentage base after such census. After any annexation, incorporation or other municipal boundary change affecting the unincorporated area of the county, the chief elected official of the county shall certify the new population of the unincorporated area of the county and the percentage of the population which has been annexed or incorporated since April 1, 1993, to the director of revenue. After the adoption of the county sales tax ordinance, any city, town or village in group A may by adoption of an ordinance by its governing body cease to be a part of group A and become a part of group B. Within ten days after the adoption of the ordinance transferring the city, town or village from one group to the other, the clerk of the transferring city, town or village shall forward to the director of revenue, by registered mail, a certified copy of the ordinance. Distribution to such city as a part of its former group shall cease and as a part of its new group shall begin on the first day of January of the year following notification to the director of revenue, provided such notification is received by the director of revenue on or before the first day of July of the year in which the transferring ordinance is adopted. If such notification is received by the director of revenue after the first day of July of the year in which the transferring ordinance is adopted, then distribution to such city as a part of its former group shall cease and as a part of its new group shall begin the first day of July of the year following such notification to the director of revenue. Once a group A city, town or village becomes a part of group B, such city may not transfer back to group A.

7. If any city, town or village shall hereafter change or alter its boundaries, the city clerk of the municipality shall forward to the director of revenue, by registered mail, a certified copy of the ordinance adding or detaching territory from the municipality. The ordinance shall reflect the effective date thereof, and shall be accompanied by a map of the municipality clearly showing the territory added thereto or detached therefrom. Upon receipt of the ordinance and map, the tax imposed by sections 66.600 to 66.630 shall be redistributed and allocated in accordance with the provisions of this section on the effective date of the change of the municipal boundary so that the proper percentage of group B distributable revenue is allocated to the municipality in proportion to any annexed territory. If any area of the unincorporated county elects to incorporate subsequent to the effective date of the county sales tax as set forth in sections 66.600 to 66.630, the newly incorporated municipality shall remain a part of group B. The city clerk of such newly incorporated municipality shall forward to the director of revenue, by registered mail, a certified copy of the incorporation election returns and a map of the municipality clearly showing the boundaries thereof. The certified copy of the incorporation election returns shall reflect the effective date of the incorporation. Upon receipt of the incorporation election returns and map, the tax imposed by sections 66.600 to 66.630 shall be distributed and allocated in accordance with the provisions of this section on the effective date of the incorporation.

8. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director of revenue shall remit the balance in the account to the county and close the account of that county. The director of

revenue shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county.

9. Except as modified in sections 66.600 to 66.630, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under sections 66.600 to 66.630.

67.395. 1. All sales taxes collected by the director of revenue under sections 67.391 to 67.395 on behalf of any county[, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087] shall be deposited with the state treasurer in a special trust fund, which is hereby created, to be known as the "County AntiDrug Sales Tax Trust Fund". [The moneys in the county antidrug sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state.] The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each county imposing a sales tax under sections 67.391 to 67.395, and the records shall be open to the inspection of officers of the county and the public. Not later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the county which levied the tax. Such funds shall be deposited with the county treasurer of each such county, and all expenditures of funds arising from the county antidrug sales tax trust fund shall be by an appropriation act to be enacted by the governing body of each such county.

2. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director of revenue shall authorize the state treasurer to remit the balance in the account to the county and close the account of that county. The director of revenue shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county.

3. Except as modified in sections 67.391 to 67.395, all provisions of sections 32.085 [and] **to** 32.087 shall apply to the tax imposed under sections 67.391 to 67.395.

67.525. 1. All county sales taxes collected by the director of revenue under sections 67.500 to 67.545 on behalf of any county[, less one percent for cost of collection, which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087.] shall be deposited with the state treasurer in a county sales tax trust fund, which fund shall be separate and apart from the county sales tax trust fund established by section 66.620. [The moneys in such county sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state.] The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each county imposing a county sales tax, and the records shall be open to the inspection of officers of the county and to the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month by distributing to the county treasurer, or such other officer as may be designated by the county ordinance or order, of each county imposing the tax authorized by sections 67.500 to 67.545, the sum due the county as certified by the director of revenue.

2. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal, and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director of revenue shall authorize the state treasurer to remit the balance in the account to the county and close the account of that county. The director of revenue shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county.

3. Except as modified in sections 67.500 to 67.545, all provisions of sections 32.085 [and] **to** 32.087 shall apply to the tax imposed under sections 67.500 to 67.545.

67.571. 1. The governing body of any county of the first classification with a population of more than eighty-two thousand inhabitants and less than ninety thousand inhabitants may, in addition to any tourism sales tax

imposed pursuant to sections 67.671 to 67.685, by a majority vote, impose a sales tax for the funding of museums and festivals. For purposes of this section, the term "funding of museums and festivals" shall mean:

(1) Funding of museums operating in the county, which are registered with the United States Internal Revenue Service as a 501(C)(3) corporation and which are considered by the board to be tourism attractions; and

(2) Funding of organizations that are registered as 501(C)(3) corporations which promote cultural heritage tourism including festivals and the arts.

2. Any question submitted to the voters of such county to establish a sales tax pursuant to this section shall be submitted in substantially the following form:

Shall the county of (insert the name of the county) impose a sales tax of (insert rate of percent) percent to be used to fund (museums, cultural heritage, festivals) in certain areas of the county?

☐ YES

☐ NO

3. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, and the tax takes effect pursuant to this section, the museums and festivals board appointed pursuant to subsection 5 of this section shall determine in what manner the tax revenue moneys will be expended, and disbursements of these moneys shall be made strictly in accordance with directions of the board which are consistent with the provisions of sections 67.571 to 67.577. Expenditures of these tax moneys may be made for the employment of personnel selected by the board to assist in carrying out the duties of the board, and the board is expressly authorized to employ such personnel. Expenditures of these tax moneys may be made directly to corporations pursuant to subsection 1 of this section. No such tax revenue moneys shall be disbursed to or on behalf of any corporation, organization or entity that is not duly registered with the Internal Revenue Service as a 501(C)(3) organization.

4. Any sales tax imposed pursuant to this section shall be imposed at a rate not to exceed two-tenths of one percent on receipts from the sale of certain tangible personal property or taxable services within the county pursuant to sections 67.571 to 67.577.

5. The governing body of any county which imposes a sales tax pursuant to this section may establish a museums and festivals board for the purpose of expending funds collected from any sales tax submitted and approved by the county's voters pursuant to this section. The board shall be comprised of six members who are appointed by the governing body of the county from a list of candidates supplied by the chair of each of the two major political parties of the county. The board shall be comprised of three members from each of the two political parties. Members shall serve for three-year terms, but of the members first appointed, one shall be appointed for a term of one year, two shall be appointed for a term of two years, and two shall be appointed for a term of three years. Each member shall be a resident of the county from which he or she is appointed. The members of the board shall not receive compensation for service on the board, but shall be reimbursed from the tax revenue money for any reasonable and necessary expenses incurred in service on the board.

6. In the area of each county in which a sales tax has been imposed in the manner provided by sections 67.571 to 67.577, every retailer within such area shall add the tax imposed by the provisions of sections 67.571 to 67.577 to his sale price, and this tax shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

7. In counties imposing a tax under the provisions of sections 67.571 to 67.577, in order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the governing body may authorize the use of a bracket system similar to that authorized by the provisions of section 144.285, and notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions.

8. Except as modified in this section, all provisions of sections 32.085 to 32.087 shall apply to the tax imposed under this section.

67.576. 1. The following provisions shall govern the collection of the tax imposed by the provisions of sections 67.571 to 67.577:

(1) All applicable provisions contained in sections 144.010 to 144.510 governing the state sales tax and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax imposed by the provisions of sections 67.571 to 67.577;

(2) All exemptions granted to agencies of government, organizations, and persons under the provisions of sections 144.010 to 144.510 are hereby made applicable to the imposition and collection of the tax imposed by sections 67.571 to 67.577.

2. The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.510 for the administration and collection of the state sales tax shall satisfy the requirements of sections 67.571 to

67.577, and no additional permit or exemption certificate or retail certificate shall be required; except that, the director of revenue may prescribe a form of exemption certificate for an exemption from the tax imposed by sections 67.571 to 67.577.

3. All discounts allowed the retailer pursuant to the provisions of the state sales tax law for the collection of and for payment of taxes pursuant to that act are hereby allowed and made applicable to any taxes collected pursuant to the provisions of sections 67.571 to 67.577.

4. The penalties provided in section 32.057 and sections 144.010 to 144.510 for a violation of those acts are hereby made applicable to violations of the provisions of sections 67.571 to 67.577.

5. [For the purposes of the sales tax imposed by an order pursuant to sections 67.571 to 67.577, all retail sales shall be deemed to be consummated at the place of business of the retailer] **Except as provided in sections 67.571 to 67.577, all provisions of sections 32.085 to 32.087 shall apply to the tax imposed under sections 67.571 to 67.577.**

67.578. 1. For purposes of this section, the term "museums" means museums operating in the county, which are registered with the United States Internal Revenue Service as a 501(c)(3) corporation and which are considered by the board to be a tourism attraction. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no sales tax shall be imposed pursuant to this section unless the governing authority submits to the voters of the county, at a county or state general, primary, or special election, a proposal to authorize the governing authority to impose the tax.

2. The ballot of submission shall contain, but need not be limited to, the following language:

Shall the county of (insert the name of the county) impose a sales tax of (insert rate of percent) percent for the funding of museums? "Museums" means museums operating in the county, which are registered with the United States Internal Revenue Service as a 501(c)(3) corporation and which are considered by the museum board to be a tourism attraction.

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO". If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the sales tax shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of the adoption of the tax. If the proposal receives less than the required majority of votes, then the governing authority shall have no power to impose the tax unless and until the governing authority has again submitted another proposal to authorize the governing authority to impose the sales tax authorized by this section and such proposal is approved by the required majority of the qualified voters voting thereon.

3. On or after the effective date of the tax, the director of revenue shall be responsible for the administration, collection, enforcement, and operation of the tax, and sections 32.085 [and] to 32.087 shall apply. The director may retain an amount not to exceed one percent for deposit in the general revenue fund to offset the costs of collection. In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the governing authority may authorize the use of a bracket system similar to that authorized in section 144.285, and notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions. Beginning with the effective date of the tax, every retailer in the county shall add the sales tax to the sale price, and this tax shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. For purposes of this section, all retail sales shall be deemed to be consummated at the place of business of the retailer.

4. All applicable provisions in sections 144.010 to 144.525 governing the state sales tax, and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax, and all exemptions granted to agencies of government, organizations, and persons pursuant to sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax. The same sales tax permit, exemption certificate, and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that, the director of revenue may prescribe a form of exemption certificate for an exemption from the tax. All discounts allowed the retailer pursuant to the state sales tax law for the collection of and for payment of taxes are hereby allowed and made applicable to the tax. The penalties for violations provided in section 32.057 and sections 144.010 to 144.525 are hereby

made applicable to violations of this section. If any person is delinquent in the payment of the amount required to be paid pursuant to this section, or in the event a determination has been made against the person for taxes and penalty pursuant to this section, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided in sections 144.010 to 144.525.

5. The governing authority may authorize any museum board already existing in the county, or may establish a museum board, to expend revenue collected pursuant to this section. In the event that no museum board already exists, the board established pursuant to this section shall consist of six members who are appointed by the governing authority from a list of candidates supplied by the chair of each of the two major political parties of the county, with three members from each of the two parties. Members shall serve for three-year terms, but of the members first appointed, [one] **two** shall be appointed for a term of one year, two shall be appointed for a term of two years, and two shall be appointed for a term of three years. Each member shall be a resident of the county. The members shall not receive compensation for service on the board, but shall be reimbursed from the revenues collected pursuant to this section for any reasonable and necessary expenses incurred in service on the board. The board shall determine in what manner the revenues will be expended, and disbursements of these moneys shall be made strictly in accordance with this section. Expenditures may be made for the employment of personnel selected by the board to assist in carrying out the duties of the board, and the board is expressly authorized to employ such personnel.

6. The governing authority may submit the question of repeal of the tax to the voters at any county or state general, primary, or special election. The ballot of submission shall contain, but need not be limited to, the following language:

Shall the county of (insert name of county) repeal the sales tax of (insert rate of percent) percent for the funding of museums?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES".

If you are opposed to the question, place an "X" in the box opposite "NO". [If a majority of the votes cast on the proposal are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which the repeal was approved.]

67.581. 1. In addition to the sales tax permitted by sections 66.600 to 66.630, any county of the first class having a charter form of government and having a population of nine hundred thousand or more may impose an additional countywide sales tax upon approval by a vote of the qualified voters of the county. The proposal may be submitted to the voters by the governing body of the county and shall be submitted to the voters at the next general election upon petitions signed by a number of qualified voters residing in the county equal to at least eight percent of the votes cast in the county in the next preceding gubernatorial election filed with the governing body of the county. The submission shall include the levying of a sales tax at a rate of not to exceed two hundred seventy-five one-thousandths of one percent on the receipts from the sale at retail of all tangible personal property or taxable services within the county which are also taxable under the provisions of sections 66.600 to 66.630, and shall provide for the distribution of the proceeds in the manner provided in either subsection 4 or subsection 5 of this section. If either of the alternative distribution systems as provided in subsection 4 or subsection 5 of this section is approved by the voters, then the alternative system of distribution may not be submitted to the voters for at least three years from the date of such voter approval.

2. The ballot of submission shall contain, but is not limited to, the following language:

Shall the County of levy an additional sales tax at the rate of (insert rate) and distribute the proceeds in the manner provided in (insert proper reference) (subsection 4)(subsection 5) of section 67.581, RSMo?

☐ YES

☐ NO

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, the additional sales tax shall be levied and collected and the proceeds from the additional tax shall be distributed as provided in either subsection 4 or subsection 5 of this section. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal, then the governing body of the county shall have no power to impose the additional sales tax authorized by this section unless and until a proposal for the levy of such tax is submitted to and approved by the voters of the county.

3. The provisions of sections 66.600 to 66.630 and sections 32.085 [and] to 32.087, except to the extent otherwise provided in this section, shall govern the levy, collection, distribution and other procedures related to an additional sales tax imposed pursuant to this section.

4. In any county adopting an additional sales tax pursuant to the provisions of this section, and selecting the method of distribution provided in this subsection, the proceeds from the sales tax imposed pursuant to this section, less one percent collection cost, shall be distributed first to those municipalities that did not receive during the preceding calendar year ninety-five percent of the amount the municipality would have received by multiplying the population of the municipality by the average per capita sales tax receipt for such county in an amount which will bring each municipality receipt of sales tax moneys up to ninety-five percent of the average per capita receipts from the proceeds of the sales tax imposed pursuant to sections 66.600 to 66.630. Any remainder of the money received from the sales tax imposed pursuant to this section shall be distributed to all municipalities on the ratio that the population of each municipality bears to the total population of the county. The average per capita sales tax distribution shall be calculated by dividing the sum of the total sales tax revenue derived from the tax imposed pursuant to sections 66.600 to 66.630 by the total population of the county. Population of each municipality, of the unincorporated area of the county, and the total population of the county shall be determined on the basis of the most recent federal decennial census. For the purposes of this subsection, any city, town, village or the unincorporated area of the county shall be considered a municipality.

5. In any county adopting an additional sales tax pursuant to the provisions of this section and selecting the method of distribution provided in this subsection, the proceeds from the sales tax imposed pursuant to this section, less one percent collection cost, shall be distributed to all cities, towns and villages, and the unincorporated areas of the county in group B and to such cities, towns and villages in group A as necessary so that no city, town, or village in group A receives from the combined proceeds of both the sales tax imposed pursuant to this section and the sales tax imposed pursuant to sections 66.600 to 66.630, less than the per capita amount received by the cities, towns and villages and the unincorporated area of the county in group B receives from the total proceeds from both sales taxes.

6. The governing body of any county which is imposing a sales tax under the provisions of sections 66.600 to 66.630 may on its own motion and shall, upon petitions filed with the governing body of the county signed by a number of qualified voters residing in the county equal to at least eight percent of the votes cast in the county at the next preceding gubernatorial election, submit to the qualified voters of the county a proposal to change the method of distribution of sales tax proceeds from the manner provided in subsection 2 of section 66.620 to the method provided in this subsection. The ballot of submission shall be in substantially the following form:

Shall the proceeds from the county sales tax be distributed among the county of and the various cities, towns and villages therein in the manner provided in subdivisions (1) and (2) of subsection 6 of section 67.581, RSMo, in lieu of the present manner of distribution?

☐ YES

☐ NO

If a majority of the votes cast on the proposal by the qualified voters of the county voting thereon are in favor of the proposal, the sales tax imposed by the county under the provisions of sections 66.600 to 66.630 shall be distributed in the manner provided in this subsection and not in the manner provided in subsection 2 of section 66.620. If a majority of the votes cast by the qualified voters of the county voting thereon are opposed to the proposal, then the governing body of the county shall have no power to order the proceeds from the sales tax imposed pursuant to the provisions of sections 66.600 to 66.630 in the manner provided in this subsection in lieu of the method provided in subsection 2 of section 66.620, unless and until a proposal authorizing such method of distribution is submitted to and approved by the voters of the county. If the voters approve the change in the method of distribution of the sales tax proceeds in the manner provided in this subsection, the county clerk of the county shall notify the director of revenue of the change in the method of distribution within ten days after adoption of the proposal and shall inform the director of the effective date of the change in the method of distribution, which shall be on the first day of the third calendar quarter after the director of revenue receives notice. After the effective date of the change in the manner of distribution, the director of revenue shall distribute the proceeds of the sales tax imposed by such county under the provisions of sections 66.600 to 66.630 in the manner provided in this subsection in lieu of the manner of distribution provided in subsection 2 of section 66.620. The proceeds of the sales tax imposed under the provisions of sections 66.600 to 66.630 in any county which elects to have the proceeds distributed in the manner provided in this subsection shall be distributed in the following manner:

(1) The proceeds from the sales taxes shall be distributed to the cities, towns and villages in group A and to the cities, towns and villages, and the county in group B as defined in section 66.620 in the manner provided in subsection 2 of section 66.620, until an amount equal to the total amount distributed under section 66.620, for the

twelve-month period immediately preceding the effective date of the tax levied pursuant to the provisions of this section has been distributed;

(2) All moneys received in excess of the total amount distributed under section 66.620 for the twelve-month period immediately preceding the effective date of the tax levied pursuant to the provisions of this section shall be distributed to all cities, towns and villages and to the county on the basis that the population of each city, town or village, and in the case of the county the basis that the population of the unincorporated area of the county, bears to the total population of the county. The average per capita sales tax distribution shall be calculated by dividing the sum of the remaining amount of the total sales tax revenues by the total population of the county. Population of each city, town or village, of the unincorporated area of the county, and the total population of the county shall be determined on the basis of the most recent federal decennial census.

7. No municipality incorporated after the adoption of the tax authorized by this section shall be included as other than part of the unincorporated area of the county nor receive any share of either the proceeds from the tax levied pursuant to the provisions of this section or the tax levied pursuant to the provisions of sections 66.600 to 66.630 unless, at the time of incorporation, such municipality had a population of ten thousand or more.

8. The county sales tax imposed pursuant to this section on the purchase and sale of motor vehicles shall not be collected and remitted by the seller, but shall be collected by the director of revenue at the time application is made for a certificate of title, if the address of the applicant is within the county imposing the additional sales tax. [The amounts so collected, less one percent collection cost, shall be deposited in the county sales tax trust fund to be distributed in accordance with section 66.620. The purchase or sale of motor vehicles shall be deemed to be consummated at the address of the applicant for a certificate of title.]

9. No tax shall be imposed pursuant to this section for the purpose of funding in whole or in part the construction, operation or maintenance of a sports stadium, field house, indoor or outdoor recreational facility, center, playing field, parking facility or anything incidental or necessary to a complex suitable for any type of professional sport, either upon, above or below the ground.

10. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director of revenue shall remit the balance in the account to the county and close the account of that county. The director of revenue shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county.

67.582. 1. The governing body of any county, except a county of the first class with a charter form of government with a population of greater than four hundred thousand inhabitants, is hereby authorized to impose, by ordinance or order, a sales tax in the amount of up to one-half of one percent on all retail sales made in such county which are subject to taxation under the provisions of sections 144.010 to 144.525 for the purpose of providing law enforcement services for such county. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no ordinance or order imposing a sales tax under the provisions of this section shall be effective unless the governing body of the county submits to the voters of the county, at a county or state general, primary or special election, a proposal to authorize the governing body of the county to impose a tax.

2. The ballot of submission shall contain, but need not be limited to, the following language:

(1) If the proposal submitted involves only authorization to impose the tax authorized by this section the ballot shall contain substantially the following:

Shall the county of (county's name) impose a countywide sales tax of (insert amount) for the purpose of providing law enforcement services for the county?

If you are in favor of the question, place an "X" in the box opposite "Yes". If you are opposed to the question, place an "X" in the box opposite "No"; or

If you are in favor of the question, place an "X" in the box opposite "Yes". If you are opposed to the question, place an "X" in the box opposite "No".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal submitted pursuant to subdivision (1) of this subsection, then the ordinance or order and any amendments thereto shall be in effect [on the first day of the second quarter immediately following the election approving the proposal] **as provided by section 32.087**. If the constitutionally required percentage of the voters voting thereon are in favor of the proposal submitted pursuant to subdivision (2) of this subsection, then the ordinance or order and any amendments thereto shall be in effect [on the first day of the second quarter immediately following the election approving the proposal] **as provided by section 32.087**. If a proposal receives less than the required majority, then the governing body of the county shall have no power to impose the sales tax herein authorized unless and until the governing body of the county shall again have submitted another proposal to authorize the governing body of the county to impose the sales tax authorized by this section and such proposal is approved by the required majority of the qualified voters voting thereon. However, in no event shall a proposal pursuant to this section be submitted to the voters sooner than twelve months from the date of the last proposal pursuant to this section.

3. All revenue received by a county from the tax authorized under the provisions of this section shall be deposited in a special trust fund and shall be used solely for providing law enforcement services for such county for so long as the tax shall remain in effect. Revenue placed in the special trust fund may also be utilized for capital improvement projects for law enforcement facilities and for the payment of any interest and principal on bonds issued for said capital improvement projects.

Any funds in such special trust fund which are not needed for current expenditures may be invested by the governing body in accordance with applicable laws relating to the investment of other county funds.

5. All sales taxes collected by the director of revenue under this section on behalf of any county[, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087,] shall be deposited in a special trust fund, which is hereby created, to be known as the "County Law Enforcement Sales Tax Trust Fund". [The moneys in the county law enforcement sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state.] The director of revenue shall keep accurate records of the amount of money in the trust and which was collected in each county imposing a sales tax under this section, and the records shall be open to the inspection of officers of the county and the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the county which levied the tax; such funds shall be deposited with the county treasurer of each such county, and all expenditures of funds arising from the county law enforcement sales tax trust fund shall be by an appropriation act to be enacted by the governing body of each such county. Every issue of such bonds, notes, or other obligations shall be payable out of property and revenues of the district and may be further secured by other property of the district, which may be pledged, assigned, mortgaged, or a security interest granted for such payment, without preference or priority of the first bonds issued, subject to any agreement with the holders of any other bonds pledging any specified property or revenues. Such bonds, notes, or other obligations shall be authorized by resolution of the district board, and shall bear such date or dates, and shall mature at such time or times, but not in excess of thirty years, as the resolution shall specify. Such bonds, notes, or other obligations shall be in such denomination, bear interest at such rate or rates, be in such form, either coupon or registered, be issued as current interest bonds, compound interest bonds, variable rate bonds, convertible bonds, or zero coupon bonds, be issued in such manner, be payable in such place or places, and be subject to redemption as such resolution may provide, notwithstanding section 108.170. (11) To have and exercise all rights and powers necessary or incidental to or implied from the specific powers granted by this section.

10. There is hereby created the "Exhibition Center and Recreational Facility District Sales Tax Trust Fund", which shall consist of all sales tax revenue collected pursuant to this section. The director of revenue shall be custodian of the trust fund, and moneys in the trust fund shall be used solely for the purposes authorized in this section. [Moneys in the trust fund shall be considered nonstate funds pursuant to section 15, article IV, Constitution of Missouri.] The director of revenue shall invest moneys in the trust fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the trust fund. All sales taxes collected by the director of revenue pursuant to this section on behalf of the district, less one percent for the cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087,

shall be deposited in the trust fund. The director of revenue shall keep accurate records of the amount of moneys in the trust fund which was collected in the district imposing a sales tax pursuant to this section, and the records shall be open to the inspection of the officers of each district and the general public. Not later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the district. The director of revenue may authorize refunds from the amounts in the trust fund and credited to the district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of the district.

11. The sales tax authorized by this section is in addition to all other sales taxes allowed by law. **After the effective date of any tax imposed under the provisions of this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax and collect, in addition to the sales tax for the state of Missouri, the additional tax authorized under the authority of this section. The tax imposed under this section and the tax imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue.**

12. Except as modified in this section, all provisions of sections 32.085 [and] to 32.087 apply to the sales tax imposed pursuant to this section.

[12.] 13. Any sales tax imposed pursuant to this section shall not extend past the initial term approved by the voters unless an extension of the sales tax is submitted to and approved by the qualified voters in each county in the manner provided in this section. Each extension of the sales tax shall be for a period not to exceed twenty years. The ballot of submission for the extension shall be in substantially the following form:

Shall the (name of district) extend the sales tax of one-fourth of one percent for a period of (insert number of years) years to fund the acquisition, construction, maintenance, operation, improvement, and promotion of an exhibition center and recreational facilities?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast favor the extension, then the sales tax shall remain in effect at the rate and for the time period approved by the voters. If a sales tax extension is not approved, the district may submit another sales tax proposal as authorized in this section, but the district shall not submit such a proposal to the voters sooner than twelve months from the date of the last extension submitted.

[13.] 14. Once the sales tax authorized by this section is abolished or terminated by any means, all funds remaining in the trust fund shall be used solely for the purposes approved in the ballot question authorizing the sales tax. The sales tax shall not be abolished or terminated while the district has any financing or other obligations outstanding; provided that any new financing, debt, or other obligation or any restructuring or refinancing of an existing debt or obligation incurred more than ten years after voter approval of the sales tax provided in this section or more than ten years after any voter-approved extension thereof shall not cause the extension of the sales tax provided in this section or cause the final maturity of any financing or other obligations outstanding to be extended. Any funds in the trust fund which are not needed for current expenditures may be invested by the district in the securities described in subdivisions (1) to (12) of subsection 1 of section 30.270 or repurchase agreements secured by such securities. If the district abolishes the sales tax, the district shall notify the director of revenue of the action at least ninety days before the effective date of the repeal, and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the sales tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the sales tax in the district, the director of revenue shall remit the balance in the account to the district and close the account of the district. The director of revenue shall notify the district of each instance of any amount refunded or any check redeemed from receipts due the district.

[14.] 15. In the event that the district is dissolved or terminated by any means, the governing bodies of the counties in the district shall appoint a person to act as trustee for the district so dissolved or terminated. Before beginning the discharge of duties, the trustee shall take and subscribe an oath to faithfully discharge the duties of the office, and shall give bond with sufficient security, approved by the governing bodies of the counties, to the use of the dissolved or terminated district, for the faithful discharge of duties. The trustee shall have and exercise all powers necessary to liquidate the district, and upon satisfaction of all remaining obligations of the district, shall pay over to the county treasurer of each county in the district and take receipt for all remaining moneys in amounts based on the ratio the levy of each county bears to the total levy for the district in the previous three years or since the establishment of the district,

whichever time period is shorter. Upon payment to the county treasurers, the trustee shall deliver to the clerk of the governing body of any county in the district all books, papers, records, and deeds belonging to the dissolved district.

67.2030. 1. The governing authority of any city of the fourth classification with more than one thousand six hundred but less than one thousand seven hundred inhabitants and located in any county of the first classification with more than seventy-three thousand seven hundred but less than seventy-three thousand eight hundred inhabitants is hereby authorized to impose, by ordinance or order, a sales tax in the amount not to exceed one-half of one percent on all retail sales made in such city which are subject to taxation pursuant to sections 144.010 to 144.525 for the promotion of tourism in such city. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no ordinance or order imposing a sales tax pursuant to this section shall be effective unless the governing authority of the city submits to the qualified voters of the city, at any municipal or state general, primary, or special election, a proposal to authorize the governing authority of the city to impose a tax.

2. The ballot of submission shall be in substantially the following form:

Shall the city of (city's name) impose a citywide sales tax of (insert amount) for the purpose of promoting tourism in the city?

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance or order and any amendments thereto shall be in effect [on the first day of the first calendar quarter immediately following notification to the director of the department of revenue of the election approving the proposal] **as provided by section 32.087.** If a proposal receives less than the required majority, then the governing authority of the city shall have no power to impose the sales tax unless and until the governing authority of the city has submitted another proposal to authorize the imposition of the sales tax authorized by this section and such proposal is approved by the required majority of the qualified voters voting thereon. However, in no event shall a proposal pursuant to this section be submitted to the voters sooner than twelve months from the date of the last proposal pursuant to this section.

3. [On and after the effective date of any tax authorized in this section, the city may adopt one of the two following provisions for the collection and administration of the tax:

(1) The city may adopt rules and regulations for the internal collection of such tax by the city officers usually responsible for collection and administration of city taxes; or

(2) The city may enter into an agreement with the director of revenue of the state of Missouri for the purpose of collecting the tax authorized in this section. In the event any city enters into an agreement with the director of revenue of the state of Missouri for the collection of the tax authorized in this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of such tax, and the director of revenue shall collect the additional tax authorized in this section. The tax authorized in this section shall be collected and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue, and the director of revenue shall retain an amount not to exceed one percent for cost of collection.

4. If a tax is imposed by a city pursuant to this section, the city may collect a penalty of one percent and interest not to exceed two percent per month on unpaid taxes which shall be considered delinquent thirty days after the last day of each quarter] **After the effective date of any tax imposed under the provisions of this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax and collect, in addition to the sales tax for the state of Missouri, the additional tax authorized under the authority of this section. The tax imposed under this section and the tax imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue.**

[5.] 4. (1) The governing authority of any city that has adopted any sales tax pursuant to this section shall, upon filing of a petition calling for the repeal of such sales tax signed by at least ten percent of the qualified voters in the city, submit the question of repeal of the sales tax to the qualified voters at any primary or general election. The ballot of submission shall be in substantially the following form:

Shall (insert name of city) repeal the sales tax of (insert rate of percent) percent for tourism purposes now in effect in (insert name of city)?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. **If the city or county abolishes the tax, the city or county shall notify the director of revenue of the action at least one hundred twenty days prior to the effective date of the repeal.**

(2) Once the tax is repealed as provided in this section, all funds remaining in any trust fund or account established to receive revenues generated by the tax shall be used solely for the original stated purpose of the tax. Any funds which are not needed for current expenditures may be invested by the governing authority in accordance with applicable laws relating to the investment of other city funds.

(3) The governing authority of a city repealing a tax pursuant to this section shall notify the director of revenue of the action at least forty-five days before the effective date of the repeal and the director of revenue may order retention in any trust fund created in the state treasury associated with the tax, for a period of one year, of two percent of the amount collected after receipt of such notice to cover refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of repeal of the tax in the city, the director of revenue shall remit the balance in the trust fund to the city and close the account of that city. The director of revenue shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city.

(4) In the event that the repeal of a sales tax pursuant to this section dissolves or terminates a taxing district, the governing authority of the city shall appoint a person to act as trustee for the district so dissolved or terminated. Before beginning the discharge of duties, the trustee shall take and subscribe an oath to faithfully discharge the duties of the office, and shall give bond with sufficient security, approved by the governing authority of the city, to the use of the dissolved or terminated district, for the faithful discharge of duties. The trustee shall have and exercise all powers necessary to liquidate the district, and upon satisfaction of all remaining obligations of the district, shall pay over to the city treasurer or the equivalent official and take receipt for all remaining moneys. Upon payment to the city treasurer, the trustee shall deliver to the clerk of the governing authority of the city all books, papers, records, and deeds belonging to the dissolved district.

If a voter has no such mechanism, then its vote shall be cast as determined by a majority of the persons who run the day-to-day affairs of the voter. The results of the meeting shall be certified by the temporary chairman and secretary to the municipal clerk if the district is established by a municipality described in this section, or to the circuit clerk if the district is established by a circuit court.

6. 15. In addition to all other powers granted by sections 67.2500 to 67.2530, the district shall have the following general powers:

(1) To sue and be sued in its own name, and to receive service of process, which shall be served upon the district secretary;

(2) To fix compensation of its employees and contractors;

(3) To enter into contracts, franchises, and agreements with any person or entity, public or private, affecting the affairs of the district, including contracts with any municipality, district, or state, or the United States, and any of their agencies, political subdivisions, or instrumentalities, for the funding, including without limitation, interest rate exchange or swap agreements, planning, development, construction, acquisition, maintenance, or operation of a district facility or to assist in such activity;

(14) To exercise such other powers necessary or convenient for the district to accomplish its purposes which are not inconsistent with its express powers.

16. A district may at any time authorize or issue notes, bonds, or other obligations for any of its powers or purposes. Such notes, bonds, or other obligations:

(1) Shall be in such amounts as deemed necessary by the district, including costs of issuance thereof;

(2) Shall be payable out of all or any portion of the revenues or other assets of the district;

(3) May be secured by any property of the district which may be pledged, assigned, mortgaged, or otherwise encumbered for payment;

The provisions of this subsection are applicable to the district notwithstanding the provisions of section 108.170.

67.2530. 1. Any note, bond, or other indebtedness of the district may be refunded at any time by the district by issuing refunding bonds in such amount as the district may deem necessary. Such bonds shall be subject to and shall have the benefit of the foregoing provisions regarding notes, bonds, and other obligations. Without limiting the generality of the foregoing, refunding bonds may include amounts necessary to finance any premium, unpaid interest, and costs of issuance in connection with the refunding bonds. Any such refunding may be effected whether the bonds to be refunded then shall have matured or thereafter shall mature, either by sale of the refunding bonds and the application of the proceeds thereof to the payment of the obligations being refunded or the exchange of the refunding bonds for the obligations being refunded with the consent of the holders of the obligations being refunded.

2. Notes, bonds, or other indebtedness of the district shall be exclusively the responsibility of the district payable solely out of the district funds and property and shall not constitute a debt or liability of the state of Missouri or any agency or political subdivision of the state. Any notes, bonds, or other indebtedness of the district shall state on their face that they are not obligations of the state of Missouri or any agency or political subdivision thereof other than the district.

3. Any district may by resolution impose a district sales tax of up to one-half of one percent on all retail sales made in such district that are subject to taxation pursuant to the provisions of sections 144.010 to 144.525. Upon voter approval, and receiving the necessary certifications from the governing body of the municipality in which the district is located, or from the circuit court if the district was formed by the circuit court, the board of directors shall have the power to impose a sales tax at its first meeting, or any meeting thereafter. Voter approval of the question of the imposing sales tax shall be in accordance with section 67.2520. [The sales tax shall become effective in those subdistricts that approve the sales tax on the first day of the first calendar quarter immediately following the passage of a resolution by the board of directors imposing the sales tax.

4. In each district in which a sales tax has been imposed in the manner provided by this section, every retailer shall add the tax imposed by the district pursuant to this section to the retailer's sale price, and when so added, such tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

5. In order to permit sellers required to collect and report the sales tax authorized by this section to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the district may establish appropriate brackets which shall be used in the district imposing a tax pursuant to this section in lieu of those brackets provided in section 144.285.

6.] 4. All revenue received by a district from the sales tax authorized by this section shall be deposited in a special trust fund and shall be used solely for the purposes of the district. Any funds in such special trust fund which are not needed for the district's current expenditures may be invested by the district board of directors in accordance with applicable laws relating to the investment of other district funds.

[7.] 5. The sales tax may be imposed at a rate of up to one-half of one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to the provisions of sections 144.010 to 144.525. Any district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the subdistricts approving the sales tax.

[8. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525 and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax and the tax shall be reported and returned to and collected by the district.

9. (1) On and after the effective date of any sales tax imposed pursuant to this section, the district shall perform all functions incident to the administration, collection, enforcement, and operation of the tax. The sales tax imposed pursuant to this section shall be collected and reported upon such forms and under such administrative rules and regulations as may be prescribed by the district.

(2)] 6. **After the effective date of any tax imposed under the provisions of this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax and collect, in addition to the sales tax for the state of Missouri, the additional tax authorized under the authority of this section. The tax imposed under this section and the tax imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue.**

7. All [such] sales taxes [collected by the district] shall be deposited by the district in a special fund to be expended for the purposes authorized in this section. The district shall keep accurate records of the amount of money which was collected pursuant to this section, and the records shall be open to the inspection of officers of each district and the general public.

[(3) The district may contract with the municipality that the district is within for the municipality to collect any revenue received by the district and, after deducting the cost of such collection, but not to exceed one percent of the total amount collected, deposit such revenue in a special trust account. Such revenue and interest may be applied by the municipality to expenses, costs, or debt service of the district at the direction of the district as set forth in a contract between the municipality and the district.

10. (1) All applicable provisions contained in sections 144.010 to 144.525 governing the state sales tax, sections 32.085 and 32.087, and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section.

(2) All exemptions granted to agencies of government, organizations, persons, and to the sale of certain articles and items of tangible personal property and taxable services pursuant to the provisions of sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax imposed by this section.

(3) The same sales tax permit, exemption certificate, and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

(4) All discounts allowed the retailer pursuant to the provisions of the state sales tax laws for the collection of and for payment of taxes pursuant to such laws are hereby allowed and made applicable to any taxes collected pursuant to the provisions of this section.

(5) The penalties provided in section 32.057 and sections 144.010 to 144.525 for violation of those sections are hereby made applicable to violations of this section.

(6) For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the

sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment, or billing.

A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

(7)] **8.** Subsequent to the initial approval by the voters and implementation of a sales tax in the district, the rate of the sales tax may be increased, but not to exceed a rate of one-half of one percent on retail sales as provided in this subsection. The election shall be conducted in accordance with section 67.2520; provided, however, that the district board of directors may place the question of the increase of the sales tax before the voters of the district by resolution, and the municipal clerk of the city, town, or village which originally conducted the incorporation of the district, or the circuit clerk of the court which originally conducted the incorporation of the district, shall conduct the subsequent election. In subsequent elections, the election judges shall certify the election results to the district board of directors. The ballot of submission shall be in substantially the following form:

(3) When the sale is sourced under this section to the location where the order is received by the seller, only the sales tax for the location where the order is received by the seller may be levied. No additional sales or use tax based on the location where the product is delivered to the purchaser may be levied on that sale. The purchaser shall not be entitled to any refund if the combined state and local rate or rates at the location where the product is received by the purchaser is lower than the rate where the order is received by the seller.

(4) A purchaser shall have no additional liability to the state for tax, penalty or interest on a sale for which the purchaser remits tax to the seller in the amount invoiced by the seller if such invoice amount is calculated at either the rate applicable to the location where receipt by the purchaser occurs or at the rate applicable to the location where the order is received by the seller. A purchaser may rely on a written representation by the seller as to the location where the order for such sale was received by the seller. When the purchaser does not have a written representation by the seller as to the location where the order for such sale was received by the seller, the purchaser may use a location indicated by a business address for the seller that is available from the business records of the purchaser that are maintained in the ordinary course of the purchaser's business to determine the rate applicable to the location where the order was received.

(5) The location where the order is received by or on behalf of the seller means the physical location of a seller or third party such as an established outlet, office location or automated order receipt system operated by or on behalf of the seller where an order is initially received by or on behalf of the seller and not where the order may be subsequently accepted, completed or fulfilled. An order is received when all of the information from the purchaser necessary to the determination whether the order can be accepted has been received by or on behalf of the seller. The location from which a product is shipped shall not be used in determining the location where the order is received by the seller.

(6) When taxable services are sold with tangible personal property or digital products pursuant to a single contract or in the same transaction, are billed on the same billing statement or statements, and, because of the application of this section, would be sourced to different jurisdictions, this subsection shall apply to determine the source for tax.

2. Except as provided in subsection 7 of this section, when the location where the order is received by the seller and the location where the receipt of the product by the purchaser (or the purchaser's donee, designated as such by the purchaser) occurs are in different states, the retail sale, excluding lease or rental, of a product shall be sourced as follows:

(1) When the product is received by the purchaser at a business location of the seller, the sale shall be sourced to such business location;

(2) When the product is not received by the purchaser at a business location of the seller, the sale shall be sourced to the location where receipt by the purchaser (or the purchaser's donee, designated as such by the purchaser) occurs, including the location indicated by instructions for delivery to the purchaser or donee, known to the seller;

(3) When subdivisions (1) and (2) of this subsection do not apply, the sale shall be sourced to the location indicated by an address for the purchaser that is available from the business records of the seller that are maintained in the ordinary course of the seller's business when use of this address does not constitute bad faith;

(4) When subdivisions (1), (2), and (3) of this subsection do not apply, the sale shall be sourced to the location indicated by an address for the purchaser obtained during the consummation of the sale, including the address of a purchaser's payment instrument, if no other address is available, when use of this address does not constitute bad faith;

(5) When none of the previous rules of subdivisions (1), (2), (3), and (4) of this subsection do not apply, including the circumstances in which the seller is without sufficient information to apply the previous rules, then the location will be determined by the address from which tangible personal property was shipped, from which the digital good or computer software delivered electronically was first available for transmission from the seller, or from which the service was provided (disregarding for these purposes any location that merely provided the digital transfer of the product sold).

3. Notwithstanding subsections 1 and 2 of this section, all sales of motor vehicles, trailers, semitrailers, watercraft and aircraft that do not qualify as transportation equipment shall be sourced to the address of the owner thereof.

4. The lease or rental of tangible personal property, other than property identified in subsection 2 or 3 of this section or transactions regulated under sections 407.660 to 407.665, shall be sourced as follows:

(1) For a lease or rental that requires recurring periodic payments, the first periodic payment is sourced the same as a retail sale in accordance with the provisions of subsection 1 of this section. Periodic payments made subsequent to the first payment are sourced to the primary property location for each period covered by the payment. The primary property location shall be as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith. The property location shall not be altered by intermittent use at different locations, such as use of business property that accompanies employees on business trips and service calls;

(2) For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with the provisions of subsection 1 of this section;

(3) This subsection does not affect the imposition or computation of sales or use tax on leases or rentals based on a lump sum or accelerated basis, or on the acquisition of property for lease.

5. The lease or rental of motor vehicles, trailers, semitrailers, or aircraft that do not qualify as transportation equipment, as defined in section 144.010, shall be sourced as follows:

(1) For a lease or rental that requires recurring periodic payments, each periodic payment is sourced to the primary property location. The primary property location shall be as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of such address does not constitute bad faith. Such location shall not be altered by intermittent use at different locations;

(2) For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with the provisions of subsection 1 of this section;

(3) This subsection does not affect the imposition or computation of sales or use tax on leases or rentals based on a lump sum or accelerated basis, or on the acquisition of property for lease.

6. The retail sale, including lease or rental, of transportation equipment shall be sourced the same as a retail sale in accordance with the provisions of subsection 1 of this section, notwithstanding the exclusion of lease or rental in subsection 1 of this section.

7. (1) The retail sale of a product shall be sourced in accordance with this section. The provisions of this section shall apply regardless of the characterization of a product as tangible personal property, a digital good, or a service. The provisions of this section shall only apply to determine a seller's obligation to pay or collect and remit sales or use tax with respect to the seller's retail sale of a product. The provisions of this subsection shall not affect the obligation of a purchaser or lessee to remit tax on the use of the product to the taxing jurisdictions of that use.

(2) This section shall not apply to sales or use taxes levied on the following:

- (a) Retail sales or transfers of watercraft, modular homes, manufactured homes, or mobile homes; and

(2) If the purchaser provides the permit, certificate or statement referred to in paragraph (a) or (b) of subdivision (1) of subsection 1 of this section, the seller, in the absence of bad faith, is relieved of all obligations to collect, pay, or remit any tax on any transaction involving advertising and promotional direct mail to which the permit, certificate or statement applies. The purchaser shall source the sale to the jurisdictions to which the advertising and promotional direct mail is to be delivered to the recipients and shall report and pay any applicable tax due.

(3) If the purchaser provides the seller information showing the jurisdictions to which the advertising and promotional direct mail is to be delivered to recipients, the seller shall source the sale to the jurisdictions to which the advertising and promotional direct mail is to be delivered and shall collect and remit the applicable tax. In the absence of bad faith, the seller is relieved of any further obligation to collect any additional tax on the sale of advertising and promotional direct mail where the seller has sourced the sale according to the delivery information provided by the purchaser.

(4) If the purchaser does not provide the seller with any of the items listed in paragraph (a), (b) or (c) of subdivision (1) of subsection 1 of this section, the sale shall be sourced according to subdivision (5) of subsection 2 of section 144.040. The state to which the advertising and promotional direct mail is delivered may disallow credit for tax paid on sales sourced under this subdivision.

(5) Notwithstanding section 144.040, this subsection shall apply to sales of advertising and promotional direct mail.

2. (1) Except as otherwise provided in this subsection, sales of other direct mail are sourced in accordance with subdivision (3) of subsection 2 of section 144.040.

(2) A purchaser of other direct mail may provide the seller with either:

- (a) A direct pay permit; or
- (b) An agreement certificate of exemption claiming direct mail (or other written statement approved, authorized or accepted by the state).

(3) If the purchaser provides the permit, certificate or statement referred to in paragraph (a) or (b) of subdivision (2) of this subsection, the seller, in the absence of bad faith, is relieved of all obligations to collect, pay or remit any tax on any transaction involving other direct mail to which the permit, certificate or statement apply. Notwithstanding subdivision (1) of this subsection, the sale shall be sourced to the jurisdictions to which the other direct mail is to be delivered to the recipients and the purchaser shall report and pay applicable tax due.

(4) Notwithstanding section 144.040, this subsection shall apply to sales of other direct mail.

3. (1) (a) This section applies to a transaction characterized under state law as the sale of services only if the service is an integral part of the production and distribution of printed material that meets the definition of direct mail.

(b) This section does not apply to any transaction that includes the development of billing information or the provision of any data processing service that is more than incidental regardless of whether advertising and promotional direct mail is included in the same mailing.

(2) If a transaction is a bundled transaction that includes advertising and promotion direct mail, this section applies only if the primary purpose of the transaction is the sale of products or services that meet the definition of advertising and promotional direct mail.

(3) Nothing in this section shall limit any purchaser's:

- (a) Obligation for sales or use tax to any state to which the direct mail is delivered;
- (b) Right under local, state, federal or constitutional law, to a credit for sales or use taxes legally due and paid to other jurisdictions; or

[5.] 4. Any person, company, or corporation engaged in the business of renting or leasing motor vehicles, trailers, boats, or outboard motors, which are to be used exclusively for rental or lease purposes, and not for resale, may apply to the director of revenue for authority to operate as a leasing company. Any company approved by the director of revenue may pay the tax due on any motor vehicle, trailer, boat, or outboard motor as required in section 144.020 at the time of registration thereof or in lieu thereof may pay a sales tax as provided in sections 144.010, 144.020, 144.070 and 144.440. A sales tax shall be charged to and paid by a leasing company which does not exercise the option of paying in accordance with section 144.020, on the amount charged for each rental or lease agreement while the motor vehicle, trailer, boat, or outboard motor is domiciled in this state. Any motor vehicle, trailer, boat, or outboard motor which is leased as the result of a contract executed in this state shall be presumed to be domiciled in this state.

[6.] 5. Any corporation may have one or more of its divisions separately apply to the director of revenue for authorization to operate as a leasing company, provided that the corporation:

[7.] 6. If the owner of any motor vehicle, trailer, boat, or outboard motor desires to charge and collect sales tax as provided in this section, the owner shall make application to the director of revenue for a permit to operate as a motor vehicle, trailer, boat, or outboard motor leasing company. The director of revenue shall promulgate rules and regulations determining the qualifications of such a company, and the method of collection and reporting of sales tax charged and collected. Such regulations shall apply only to owners of motor vehicles, trailers, boats, or outboard motors, electing to qualify as motor vehicle, trailer, boat, or outboard motor leasing companies under the provisions of subsection 5 of this section, and no motor vehicle renting or leasing, trailer renting or leasing, or boat or outboard motor renting or leasing company can come under sections 144.010, 144.020, 144.070 and 144.440 unless all motor vehicles, trailers, boats, and outboard motors held for renting and leasing are included.

In the event this subsection or any portion thereof is held to violate article IV, section 30(b) of the Missouri Constitution, no motor vehicle dealer shall be authorized to collect and remit sales taxes on motor vehicles under this section. No motor vehicle dealer shall seek compensation from the state of Missouri or its agencies if a court of competent jurisdiction declares that the retention of two percent of the motor vehicle sales tax is unconstitutional and orders the return of such revenues."; and

Further amend said bill, Page 26, Section 144.071, Line 17, by inserting after all of said line the following:

"144.080. 1. Every person receiving any payment or consideration upon the sale of property or rendering of service, subject to the tax imposed by the provisions of sections 144.010 to 144.525, is exercising the taxable privilege of selling the property or rendering the service at retail and is subject to the tax levied in section 144.020. 2. [Where the aggregate amount levied and imposed upon a seller by section 144.020 is in excess of two hundred and fifty dollars for either the first or second month of a calendar quarter, the seller shall file a return and pay such aggregate amount for such months to the director of revenue by the twentieth day of the succeeding month.

3.] Where the aggregate amount levied and imposed upon a seller by section 144.020 is less than forty-five dollars in a calendar quarter, the director of revenue shall by regulation permit the seller to file a return for a calendar year. The return shall be filed and the taxes paid on or before January thirty-first of the succeeding year.

[4.] 3. The seller of any property or person rendering any service, subject to the tax imposed by sections 144.010 to 144.525, shall collect the tax from the purchaser of such property or the recipient of the service to the extent possible under the provisions of section 144.285, but the seller's inability to collect any part or all of the tax does not relieve the seller of the obligation to pay to the state the tax imposed by section 144.020; except that the collection of the tax imposed by sections 144.010 to 144.525 on motor vehicles and trailers shall be made as provided in sections 144.070 and 144.440.

[5.] 4. It shall be unlawful for any person to advertise or hold out or state to the public or to any customer directly or indirectly that the tax or any part thereof imposed by sections 144.010 to 144.525, and required to be collected by the person, will be assumed or absorbed by the person, or that it will not be separately stated and added to the selling price of the property sold or service rendered, or if added, that it or any part thereof will be refunded. Any person violating any of the provisions of this section shall be guilty of a misdemeanor.

144.082. 1. The director shall participate in an online registration system that will allow sellers to register in this state and other member states.

2. By registering, the seller agrees to collect and remit sales and use taxes for all taxable sales into this state as well as the other member states, including member states joining after the seller's registration. Withdrawal or revocation of this state from the agreement shall not relieve a seller of its responsibility to remit taxes previously or subsequently collected on behalf of this state.

3. If the seller has a requirement to register prior to registering under the agreement, such seller shall obtain a retail sales license under section 144.083 and register under section 144.650.

4. Registration with the central registration system and the collection of sales and use taxes in this state shall not be used as a factor in determining whether the seller has nexus with this state for any tax at any time.

144.083. 1. The director of revenue shall require all persons who are responsible for the collection of taxes under the provisions of section 144.080 to procure a retail sales license at no cost to the licensee which shall be prominently displayed at the licensee's place of business, and the license is valid until revoked by the director or surrendered by the person to whom issued when sales are discontinued. The director shall issue the retail sales license

within ten working days following the receipt of a properly completed application. Any person applying for a retail sales license or reinstatement of a revoked sales tax license who owes any tax under sections 144.010 to 144.510 or sections 143.191 to 143.261 must pay the amount due plus interest and penalties before the department may issue the applicant a license or reinstate the revoked license. All persons beginning business subsequent to August 13, 1986, and who are required to collect the sales tax shall secure a retail sales license prior to making sales at retail. Such license may, after ten days' notice, be revoked by the director of revenue only in the event the licensee shall be in default for a period of sixty days in the payment of any taxes levied under section 144.020 or sections 143.191 to 143.261. Notwithstanding the provisions of section 32.057 in the event of revocation, the director of revenue may publish the status of the business account including the date of revocation in a manner as determined by the director.

2. The possession of a retail sales license and a statement from the department of revenue that the licensee owes no tax due under sections 144.010 to 144.510 or sections 143.191 to 143.261 shall be a prerequisite to the issuance or renewal of any city or county occupation license or any state license which is required for conducting any business where goods are sold at retail. The date of issuance on the statement that the licensee owes no tax due shall be no more than ninety days before the date of submission for application or renewal of the local license. The revocation of a retailer's license by the director shall render the occupational license or the state license null and void.

3. No person responsible for the collection of taxes under section 144.080 shall make sales at retail unless such person is the holder of a valid retail sales license. After all appeals have been exhausted, the director of revenue may notify the county or city law enforcement agency representing the area in which the former licensee's business is located that the retail sales license of such person has been revoked, and that any county or city occupation license of such person is also revoked. The county or city may enforce the provisions of this section, and may prohibit further sales at retail by such person.

4. In addition to the provisions of subsection 2 of this section, beginning January 1, 2009, the possession of a statement from the department of revenue stating no tax is due under sections 143.191 to 143.265 or sections 144.010 to 144.510 shall also be a prerequisite to the issuance or renewal of any city or county occupation license or any state license required for conducting any business where goods are sold at retail. The statement of no tax due shall be dated no longer than ninety days before the date of submission for application or renewal of the city or county license.

[5. Notwithstanding any law or rule to the contrary, sales tax shall only apply to the sale price paid by the final purchaser and not to any off-invoice discounts or other pricing discounts or mechanisms negotiated between manufacturers, wholesalers, and retailers.]

144.084. 1. The director shall promulgate rules and regulations for remittance of returns. Such rules shall:

- (1) Allow for electronic payments by all remitters by both ACH credit and ACH debit;**
- (2) Provide an alternative method for making "same day" payments if an electronic funds transfer fails;**
- (3) Provide that if a due date falls on a legal banking holiday in the state, the taxes shall be due on the next succeeding business day; and**
- (4) Require that any data that accompanies a remittance be formatted using uniform tax type and payment type codes approved by the streamlined sales and use tax governing board.**

2. All model 1, model 2, and model 3 sellers shall file returns electronically. Any model 1, model 2, or model 3 seller shall submit its sales and use tax returns in a simplified format approved by the director at such times as may be prescribed by the director.

144.100. 1. Every person making any taxable sales of property or service, except transactions provided for in sections 144.070 and 144.440, individually or by duly authorized officer or agent, shall make and file a written return with the director of revenue in such manner as he may prescribe.

2. The returns shall be on blanks designed and furnished by the director of the department of revenue and shall be filed at the times provided in sections 144.080 and 144.090. The returns shall [show the amount of gross receipts from sales of taxable property and services by the person and the amount of tax due thereon by that person during and for the period covered by the return] **state:**

- (1) The name and address of the retailer;**
- (2) The total amount of gross sales of all tangible personal property and taxable services rendered by the retailer during the period for which the return is made;**
- (3) The total amount received during the period for which the return is made on charge and time sales of tangible personal property made and taxable services rendered prior to the period for which the return is made;**

(4) Deductions allowed by law from such total amount of gross sales and from total amount received during the period for which the return is made on such charge and time sales;

(5) Receipts during the period for which the return is made from the total amount of sales of tangible personal property and taxable services rendered during such period in the course of such business, after deductions allowed by law have been made;

(6) Receipts during the period for which the return is made from charge and time sales of tangible personal property made and taxable services rendered prior to such period in the course of such business, after deductions allowed by law have been made;

(7) Gross receipts during the period for which the return is made from sales of tangible personal property and taxable services rendered in the course of such business upon the basis of which the tax is imposed; and

(8) Such other pertinent information as the director may require.

3. In making such return, the retailer shall determine the market value of any consideration, other than money, received in connection with the sale of any tangible personal property in the course of the business and shall include such value in the return. Such value shall be subject to review and revision by the director as hereinafter provided. Refunds made by a retailer during the period for which the return is made on account of tangible personal property returned to the retailer shall be allowed as a deduction under subdivision (4) of subsection 2 of this section in case the retailer has included the receipts from such sale in a return made by such retailer and paid taxes on such sale. The retailer shall, at the time of making such return, pay to the director the amount of tax owed, except as otherwise provided in this section. The director may extend the time for making returns and paying the tax required by this section for any period not to exceed sixty days under such rules and regulations as the director of revenue may prescribe.

4. The director shall only require a single tax return for each taxing period and such return shall include only the taxing jurisdictions in which the seller makes sales within the state. With each return, the person shall remit to the director of revenue the full amount of the tax due.

[3.] 5. In case of charge and time sales the gross receipts thereof shall be included as sales in the returns as and when payments are received by the person, without any deduction therefrom whatsoever.

[4.] 6. If an error or omission is discovered in a return or a change be necessary to show the true facts, the error may be corrected, the omission supplied, or the change made in the return next filed with the director for the filing period immediately following the filing period in which the error was made or the omission occurred, as prescribed by law, except that no refund under this chapter shall be allowed for any amount of tax paid by a seller which is based upon charges incident to credit card discounts. Any other omission or error must be corrected by filing an amended return for the erroneously reported period if the amount of tax is less than that originally reported, or an additional return if the amount of tax is greater than that originally reported. An additional return shall be deemed filed on the date the envelope in which it is mailed is postmarked or the date it is received by the director, whichever is earlier. Any payment of tax, interest, penalty or additions to tax shall be deemed filed on the date the envelope containing the payment is postmarked or the date the payment is received by the director, whichever is earlier. If a refund or credit results from the filing of an amended return, no refund or credit shall be allowed unless an application for refund or credit is properly completed and submitted to the director pursuant to section 144.190.

[5.] 7. The amount of gross receipts from sales and the amount of tax due returned by the person, as well as all matters contained in the return, is subject to review and revision in the manner herein provided for the correction of the returns.

144.104. 1. A seller shall be allowed a deduction from taxable sales for bad debts attributable to taxable sales of such seller that have become uncollectable. Any deduction taken that is attributed to bad debts shall not include interest.

2. The amount of the bad debt deduction shall be calculated pursuant to 26 U.S.C. Section 166(b), as amended, except that such amount shall be adjusted to exclude financing charges or interest, sales, or use taxes charged on the purchase price, uncollectable amounts on property that remain in the possession of the seller until the full purchase price is paid, and expenses incurred in attempting to collect any debt or repossessed property.

3. Bad debts may be deducted on the return for the period during which the bad debt is written off as uncollectable in the seller's books and records and is eligible to be deducted for federal income tax purposes. For purposes of this subsection, a seller who is not required to file federal income tax returns may deduct a bad debt on a return filed for the period in which the bad debt is written off as uncollectable in the seller's books and records and would be eligible for a bad debt deduction for federal income tax purposes if the seller was required to file a federal income tax return.

4. If a deduction is taken for a bad debt and the debt is subsequently collected in whole or in part, the tax on the amount so collected shall be paid and reported on the return filed for the period in which the collection is made.

5. When the amount of bad debt exceeds the amount of taxable sales for the period during which the bad debt is written off, a refund claim may be filed by the seller within the applicable statute of limitations for refund claim; however, the statute of limitations shall be measured from the due date of the return on which the bad debt could first be claimed.

6. Where filing responsibilities have been assumed by a certified service provider, such service provider may claim, on behalf of the seller, any bad debt allowance provided by this section. The certified service provider shall credit or refund the full amount of any bad debt allowance or refund received to the seller.

7. For the purposes of reporting a payment received on a previously claimed bad debt, any payments made on a debt or account shall first be applied proportionally to the taxable price of the property or service and the sales tax thereon, and secondly to interest, service charges, and any other charges.

8. In situations where the books and records of the seller, or certified service provider on behalf of the seller, claiming the bad debt allowance support an allocation of the bad debts among the member states, such an allocation shall be permitted.

144.105. 1. The state shall review software submitted to the streamlined sales and use tax governing board for certification as a certified automated system (CAS) under Section 501 of the streamlined sales and use tax agreement. Such review shall include a review to determine that the program adequately classifies the state's product-based exemptions. Upon completion of the review, the state shall certify to the governing board its acceptance of the classifications made by the system. The state shall relieve a certified service provider (CSP) or model 2 seller from liability to this state and its local jurisdictions for failure to collect sales or use taxes resulting from the CSP or model 2 seller's reliance on the certification provided by the state.

2. The streamlined sales and use tax governing board and this state shall not be responsible for classification of an item or transaction with the product-based exemptions. The relief from liability provided in this section shall not be available for a CSP or model 2 seller that has incorrectly classified an item or transaction into a product-based exemption certified by this state. This subsection shall apply to the individual listing of items or transactions within a product definition approved by the governing board or the state.

3. If the state determines that an item or transaction is incorrectly classified as to its taxability, it shall notify the CSP or model 2 seller of the incorrect classification. The CSP or model 2 seller shall have ten days to revise the classification after receipt of notice from the state of the determination. Upon expiration of the ten days, such CSP or model 2 seller shall be liable for failure to collect the correct amount of sales or use taxes due and owing to the state.

144.123. 1. The director shall provide and maintain a database that describes boundary changes for all taxing jurisdictions and the effective dates of such changes for sales and use tax purposes.

2. The director shall provide and maintain a database of all sales and use tax rates for all taxing jurisdictions. For the identification of counties and cities, codes corresponding to the rates shall be provided according to Federal Information Processing Standards (FIPS) as developed by the National Institute of Standards and Technology. For the identification of all other jurisdictions, codes corresponding to the rates shall be in a format determined by the director.

3. The director shall provide and maintain a database that assigns each five- and nine-digit zip code to the proper rates and taxing jurisdictions. The lowest combined tax rate imposed in the zip code area shall apply if the area includes more than one tax rate in any level of taxing jurisdiction. If a nine-digit zip code designation is not available for a street address, or if a seller or a certified service provider (CSP) is unable to determine the nine-digit zip code designation applicable to a purchase after exercising due diligence to determine the designation, the seller or CSP may apply the rate for the five-digit zip code area. For purposes of this section, there shall be a rebuttable presumption that a seller or CSP has exercised due diligence if the seller has attempted to determine the nine-digit zip code designation by utilizing software approved by the secretary that makes this designation from the street address and the five-digit zip code applicable to a purchase.

4. The director may provide address-based boundary database records for assigning taxing jurisdictions and associated rates which shall be in addition to the requirements of subsection 3 of this section. The database records shall be in the same approved format as the database records required under subsection 3 of this section and shall meet the requirements developed under the federal Mobile Telecommunications Sourcing Act, 4 U.S.C. Section 119(a), as amended. If the director develops address-based assignment database records under the

agreement, sellers that register under the agreement shall be required to use such database. A seller or CSP shall use such database records in place of the five- and nine-digit zip code database records provided for in subsection 3 of this section. If a seller or CSP is unable to determine the applicable rate and jurisdiction using an address-based database record after exercising due diligence, the seller or CSP may apply the nine-digit zip code designation applicable to a purchase. If a nine-digit zip code designation is not available for a street address or if a seller or CSP is unable to determine the nine-digit zip code designation applicable to a purchase after exercising due diligence to determine the designation, the seller or CSP may apply the rate for the five-digit zip code area. For the purposes of this section, there shall be a rebuttable presumption that a seller or CSP has exercised due diligence if the seller or CSP has attempted to determine the tax rate and jurisdiction by utilizing software approved by the director and makes the assignment from the address and zip code information applicable to the purchase. If the director has met the requirements of subsection 3 of this section, the director may also elect to certify vendor provided address-based databases for assigning tax rates and jurisdictions. The databases shall be in the same approved format as the database records under this section and meet the requirements developed under the federal Mobile Telecommunications Sourcing Act, 4 U.S.C. Section 119(a), as amended. If the director certifies a vendor address-based database, a seller or CSP may use such database in place of the database provided for in this subsection.

5. The electronic databases provided for in subsections 1, 2, 3, and 4 of this section shall be in downloadable format as determined by the director. The databases may be directly provided by the director or provided by a vendor as designated by the director. A database provided by a vendor as designated by the director shall be applicable and subject to the provisions of section 144.1031 and this section. The databases shall be provided at no cost to the user of the database. The provisions of subsections 3 and 4 of this section shall not apply when the purchased product is received by the purchaser at the business location of the seller.

6. No seller or CSP shall be liable for reliance upon erroneous data provided by the director on tax rates, boundaries, or taxing jurisdiction assignments.

144.124. 1. The director shall complete a taxability matrix. The state's entries in the matrix shall be provided and maintained by the director in a database that is in a downloadable format.

2. The director shall provide reasonable notice of changes in the taxability of the products or services listed in the taxability matrix.

3. A seller or certified service provider (CSP) shall be relieved from liability to this state or any local taxing jurisdiction for having charged and collected the incorrect amount of state or local sales or use tax resulting from such seller's or CSP's reliance upon erroneous data provided by the director in the taxability matrix.

144.125. 1. (1) Amnesty shall be granted for uncollected or unpaid sales or use tax to a seller who registers to pay or to collect and remit applicable sales or use tax on sales made to purchasers in this state in accordance with the terms of the agreement, provided that the seller was not so registered in this state in the twelve-month period preceding the effective date of this state's participation in the agreement.

(2) Amnesty shall preclude assessment for uncollected or unpaid sales or use tax together with penalty or interest for sales made during the period the seller was not registered in this state, provided registration occurs within twelve months of the effective date of this state's participation in the agreement.

(3) Amnesty shall be provided if this state joins the agreement after the seller has registered.

2. Amnesty shall not be available to a seller with respect to any matter or matters for which the seller received notice of the commencement of an audit and which audit is not yet finally resolved including any related administrative and judicial processes. The amnesty shall not be available for sales or use taxes already paid or remitted to this state or to taxes collected by the seller.

3. Amnesty provided under this section shall be fully effective, absent the seller's fraud or intentional misrepresentation of a material fact, as long as the seller continues registration and payment or collection and remittance of applicable sales or use taxes for a period of at least thirty-six months. The statute of limitations applicable to asserting a tax liability during this thirty-six month period shall be tolled.

4. Amnesty provided under this section shall be applicable only to sales or use taxes due from a seller in its capacity as a seller and not to sales or use taxes due from a seller in its capacity as a purchaser.

5. The provisions of this section shall become effective as of the date that the state joins and becomes a member state of the agreement.

144.140. 1. From every remittance to the director of revenue made on or before the date when the same becomes due, the person required to remit the same shall be entitled to deduct and retain an amount equal to two percent thereof.

2. If the director of the department of revenue enters into the streamlined sales and use tax agreement under section 32.070, the director shall provide a monetary allowance from the taxes collected to each of the following:

(1) A certified service provider, in accordance with the agreement and under the terms of the contract signed with the provider, provided that such allowance shall not exceed two percent of the amount collected;

(2) Any vendor registered under the agreement that selects a certified automated system to perform part of its sales or use tax functions;

(3) Any vendor registered under the agreement that uses a proprietary system to calculate taxes due and has entered into a performance agreement with states that are members to the streamlined sales and use tax agreement.

3. The monetary allowance provided for vendors in subdivision (2) or (3) of subsection 2 of this section shall be in an amount equal to two percent of the taxes collected.

4. Any vendor receiving an allowance under subsection 2 of this section shall not be entitled simultaneously to deduct the allowance provided for in subsection 1 of this section.

144.210. 1. The burden of proving that a sale of tangible personal property, services, substances or things was not a sale at retail shall be upon the person who made the sale, except that with respect to sales, services, or transactions provided for in section 144.070. [The seller shall obtain and maintain exemption certificates signed by the purchaser or his agent as evidence for any exempt sales claimed; provided, however, that before any administrative tribunal of this state, a seller may prove that sale is exempt from tax under this chapter in accordance with proof admissible under the applicable rules of evidence; except that when a purchaser has purchased tangible personal property or services sales tax free under a claim of exemption which is found to be improper, the director of revenue may collect the proper amount of tax, interest, additions to tax and penalty from the purchaser directly. Any tax, interest, additions to tax or penalty collected by the director from the purchaser shall be credited against the amount otherwise due from the seller on the purchases or sales where the exemption was claimed.]

2. If the director of revenue is not satisfied with the return and payment of the tax made by any person, he is hereby authorized and empowered to make an additional assessment of tax due from such person, based upon the facts contained in the return or upon any information within his possession or that shall come into his possession.

3. The director of revenue shall give to the person written notice of such additional or revised assessment by certified or registered mail to the person at his or its last known address.

144.212. 1. In addition to all other provisions of law provided for exemptions, when an exemption is claimed by a purchaser:

(1) The seller shall obtain identifying information of the purchaser and the reason for claiming a tax exemption at the time of the purchase;

(2) A purchaser shall not be required to provide a signature to claim an exemption from tax unless a paper exemption certificate is used;

(3) The seller shall use the standard form for claiming an exemption electronically prescribed by the director of the department of revenue and acceptable to the streamlined sales and use tax governing board;

(4) The seller shall obtain the same information for proof of a claimed exemption regardless of the medium in which the transaction occurred;

(5) The seller shall maintain proper records of exempt transactions and provide such records to the director of the department of revenue or the director's designee upon request;

(6) In the case of drop shipment sales, a third-party vendor, such as a drop shipper, may claim a resale exemption based on an exemption certificate provided by its customer or any other acceptable information available to the third-party vendor evidencing qualification for a resale exemption, regardless of whether the customer is registered to collect and remit sales and use tax in the state where the sale is sourced.

2. Sellers that comply with the requirements of this section shall be relieved from collecting and remitting tax otherwise applicable if it is determined that the purchaser improperly claimed an exemption and such purchaser shall be liable for the nonpayment of tax. Relief from liability provided under this section shall not apply to a seller who fraudulently fails to collect tax; to a seller who solicits purchasers to participate in the unlawful claim of an exemption; to a seller who accepts an exemption certificate when the purchaser claims an entity-based exemption when the subject of the transaction sought to be covered by the exemption certificate is

actually received by the purchaser at a location operated by the seller and the state in which that location resides provides an exemption certificate that clearly and affirmatively indicates that the claimed exemption is not available in such state; or to a seller who accepts an exemption certificate claiming multiple points of use for tangible personal property other than computer software for which an exemption claiming multiple points of use not available in such state.

(1) A seller shall be relieved from collecting and remitting tax otherwise applicable if the seller obtains a fully completed exemption certificate or captures the relevant data elements required under the agreement within ninety days subsequent to the date of sale.

(2) If a seller fails to obtain an exemption certificate or all relevant data elements as provided in this section, the seller may, within one hundred twenty days subsequent to a request for substantiation by the director of the department of revenue or the director's designee, either prove that the transaction was not subject to tax by other means or obtain a fully completed exemption certificate from the purchaser, taken in good faith.

3. Nothing in this section shall affect the ability of the director of the department of revenue or the director's designee to require purchasers to update exemption certificate information or to reapply with the state to claim certain exemptions.

4. Notwithstanding the provisions of subsection 2 of this section to the contrary, the director shall relieve a seller of the tax otherwise applicable if the seller obtains a blanket exemption certificate for a purchaser with which the seller has a recurring business relationship. The director shall not request from the seller renewal of blanket certificates or updates of exemption certificate information or data elements when there is a recurring business relationship between the buyer and seller. For purposes of this section, a recurring business relationship exists when a period of no more than twelve months elapses between sales transactions.

144.285. 1. [In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the director of revenue shall establish brackets, showing the amounts of tax to be collected on sales of specified amounts, which shall be applicable to all taxable transactions] **When the seller is computing the amount of tax owed by the purchaser and remitted to the state:**

(1) Tax computation shall be carried to the third decimal place; and

(2) The tax shall be rounded to a whole cent using a method that rounds up to the next cent whenever the third decimal place is greater than four.

2. [In all instances where statements covering taxable purchases are rendered to the taxpayer on a monthly or other periodic basis, the amount of tax shall be determined by applying the applicable tax rate to the taxable purchases represented on the statement, rounded to the nearest whole cent, or by application of the brackets established by the director of revenue, at the option of the retail vendor] **Sellers may elect to compute the tax due on a transaction on an item or an invoice basis. The provision of this subsection may be applied to the aggregated state and local taxes.**

3. No vendor or seller shall knowingly charge or receive from a purchaser as a sales tax any sum in excess of the sums provided for in this section.

4. [A vendor may, at his option, determine the amount charged to and received from each purchaser by use of a formula which applies the applicable tax rate to each taxable purchase, rounded to the nearest whole cent. The formula shall be uniformly and consistently applied to all purchases similarly situated.

5.] Amounts which a vendor charges to and receives from the purchaser in accordance with this section shall not be includable in his gross receipts if the amounts are separately charged or stated.

[6.] 5. If sales tax for one or more local political subdivisions is owed by a taxpayer pursuant to chapter 66, 67, 92, or 94 and that taxpayer remits less than all sales tax due for a filing period specified in section 144.080, the director of revenue shall deposit the tax remitted proportionately to each taxing jurisdiction in accordance with the percentage that each such jurisdiction's share of the tax due for the filing period bears to the total tax due from such taxpayer for such period. The unpaid balance due along with penalties and interest shall be similarly prorated among the state and all local jurisdictions for which tax was due during the filing period for which an underpayment occurs. The provisions of this subsection shall apply to all returns or remittances relating to sales made on or after January 1, 1984."; and

Further amend said bill, Page 29, Section 144.525, Line 9, by inserting after all of said line the following:

"144.526. 1. This section shall be known and may be cited as the "Show Me Green Sales Tax Holiday".

2. [For purposes of this section, the following terms mean:

(1) "Appliance", clothes washers and dryers, water heaters, trash compactors, dishwashers, conventional ovens, ranges, stoves, air conditioners, furnaces, refrigerators and freezers; and

(2) "Energy star certified", any appliance approved by both the United States Environmental Protection Agency and the United States Department of Energy as eligible to display the energy star label, as amended from time to time.

3.] In each year beginning on or after January 1, 2009, there is hereby specifically exempted from state sales tax law all retail sales of any [energy star certified] new appliance **that is an energy star qualified product**, up to one thousand five hundred dollars per appliance, during a seven-day period beginning at 12:01 a.m. on April nineteenth and ending at midnight on April twenty-fifth.

[4. A political subdivision may allow the sales tax holiday under this section to apply to its local sales taxes by enacting an ordinance to that effect. Any such political subdivision shall notify the department of revenue not less than forty-five calendar days prior to the beginning date of the sales tax holiday occurring in that year of any such ordinance or order.

5. This section may not apply to any retailer when less than two percent of the retailer's merchandise offered for sale qualifies for the sales tax holiday. The retailer shall offer a sales tax refund in lieu of the sales tax holiday.]; and

Further amend said bill, Page 34, Section 144.615, Line 21, by inserting after all of said line the following:

"144.655. 1. Every vendor, on or before the last day of the month following each calendar quarterly period of three months, shall file with the director of revenue a return of all taxes collected for the preceding quarter in the form prescribed by the director of revenue, showing the total sales price of the tangible personal property sold by the vendor, the storage, use or consumption of which is subject to the tax levied by this law, and other information the director of revenue deems necessary. The return shall be accompanied by a remittance of the amount of the tax required to be collected by the vendor during the period covered by the return. Returns shall be signed by the vendor or the vendor's authorized agent. The director of revenue may promulgate rules or regulations changing the filing and payment requirements of vendors, but shall not require any vendor to file and pay more frequently than required in this section.

2. Where the aggregate amount of tax required to be collected by a vendor is in excess of two hundred and fifty dollars for either the first or second month of a calendar quarter, the vendor shall pay such aggregate amount for such months to the director of revenue by the twentieth day of the succeeding month. The amount so paid shall be allowed as a credit against the liability shown on the vendor's quarterly return required by this section.

3. Where the aggregate amount of tax required to be collected by a vendor is less than forty-five dollars in a calendar quarter, the director of revenue shall by regulation permit the vendor to file a return for a calendar year. The return shall be filed and the taxes paid on or before January thirty-first of the succeeding year.

4. Except as provided in subsection 5 of this section, every person purchasing tangible personal property, the storage, use or consumption of which is subject to the tax levied by sections 144.600 to 144.748, who has not paid the tax due to a vendor registered in accordance with the provisions of section 144.650, shall file with the director of revenue a return for the preceding reporting period in the form and manner that the director of revenue prescribes, showing the total sales price of the tangible property purchased during the preceding reporting period and any other information that the director of revenue deems necessary for the proper administration of sections 144.600 to 144.748. 5. Any person purchasing tangible personal property subject to the taxes imposed by sections 144.600 to 144.748 shall not be required to file a use tax return with the director of revenue if such purchases on which such taxes were not paid do not exceed in the aggregate two thousand dollars in any calendar year.

3. In each museum **and cultural** district in which a sales tax has been imposed in the manner provided by this section, every retailer shall add the tax imposed by the museum **and cultural** district pursuant to this section to the retailer's sale price, and when so added such tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

4. In order to permit sellers required to collect and report the sales tax authorized by this section to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the museum **and cultural** district may establish appropriate brackets which shall be used in the district imposing a tax pursuant to this section in lieu of those brackets provided in section [144.825] **144.285.**

5. All revenue received by a museum **and cultural** district from the tax authorized by this section which has been designated for a certain museum **or cultural** purpose shall be deposited in a special trust fund and shall be used solely for such designated purpose. additional permit or exemption certificate or retail certificate shall be required; except that the museum **and cultural** district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

11. The penalties provided in section 32.057 and sections 144.010 to 144.525 for violation of those sections are hereby made applicable to violations of this section.

12. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order shall be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

13. All sales taxes collected by the museum **and cultural** district shall be deposited by the museum **and cultural** district in a special fund to be expended for the purposes authorized in this section. The museum **and cultural** district shall keep accurate records of the amount of money which was collected pursuant to this section, and the records shall be open to the inspection by the officers and directors of each museum **and cultural** district and the Missouri department of revenue. Tax returns filed by businesses within the district shall otherwise be considered as confidential in the same manner as sales tax returns filed with the Missouri department of revenue.

14. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no order imposing a sales tax pursuant to this section shall be effective unless the commission submits to the voters of the district, on any election date authorized in chapter 115, a proposal to authorize the commission to impose a tax.

2. The ballot of submission shall contain, but need not be limited to, the following language:

If you are in favor of the question, place an "X" in the box opposite "Yes". If you are opposed to the question, place an "X" in the box opposite "No".

If a majority of the votes cast on the proposal by the qualified voters of the district voting thereon are in favor of the proposal, then the order and any amendment to such order shall be in effect on the first day of the second **calendar** quarter [immediately following the election approving the proposal] **after the director of revenue receives notification of adoption of the local sales tax**. If the proposal receives less than the required majority, the commission shall have no power to impose the sales tax authorized pursuant to this section unless and until the commission shall again have submitted another proposal to authorize the commission to impose the sales tax authorized by this section and such proposal is approved by the required majority of the qualified voters of the district voting on such proposal; however, in no event shall a proposal pursuant to this section be submitted to the voters sooner than twelve months from the date of the last submission of a proposal pursuant to this section.

3. All revenue received by a district from the tax authorized pursuant to this section shall be deposited in a special trust fund and shall be used solely for providing jail services and court facilities and equipment for such district for so long as the tax shall remain in effect.

4. Once the tax authorized by this section is abolished or terminated by any means, all funds remaining in the special trust fund shall be used solely for providing jail services and court facilities and equipment for the district. Any funds in such special trust fund which are not needed for current expenditures may be invested by the commission in accordance with applicable laws relating to the investment of other county funds.

The tax imposed under this section and the tax imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue. In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the applicable provisions of section 144.285 shall apply to all taxable transactions.

In the event a retailer has more than one place of business in this state which participates in the sale, the

sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which he works.

The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any transit authority for erroneous payments and overpayments made, and may authorize the state treasurer to redeem dishonored checks and drafts deposited to the credit of such transit authorities. If any transit authority abolishes the tax, the transit authority shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. The amounts so collected, less the one percent collection cost, shall be deposited in the county transit authority sales tax trust fund. The purchase or sale of motor vehicles, trailers, boats, and outboard motors shall be deemed to be consummated at the address of the applicant. In the event any person fails or refuses to pay the amount of any sales tax due under this section, the director of revenue shall promptly notify the transit authority to which the tax would be due so that appropriate action may be taken by the transit authority.

[14.] 13. Where property is seized by the director of revenue under the provisions of any law authorizing seizure of the property of a taxpayer who is delinquent in payment of the tax imposed by the state sales tax law, and where such taxpayer is also delinquent in payment of any tax imposed by this section, the director of revenue shall permit

the transit authority to join in any sale of property to pay the delinquent taxes and penalties due the state and to the transit authority under this section. The proceeds from such sale shall first be applied to all sums due the state, and the remainder, if any, shall be applied to all sums due such transit authority under this section.

[15. The transit authority created under the provisions of sections 238.400 to 238.412 shall notify any and all affected businesses of the change in tax rate caused by the imposition of the tax authorized by sections 238.400 to 238.412.

(a) Restricting variances between the state and local tax bases;

(8) The agreement should require each state to adopt a uniform policy for certified service providers that protects the privacy of consumers and maintains the confidentiality of tax information; and

"160.261. 1. The local board of education of each school district shall clearly establish a written policy of discipline, including the district's determination on the use of corporal punishment and the procedures in which punishment will be applied. A written copy of the district's discipline policy and corporal punishment procedures, if applicable, shall be provided to the pupil and parent or legal guardian of every pupil enrolled in the district at the beginning of each school year and also made available in the office of the superintendent of such district, during normal business hours, for public inspection. All employees of the district shall annually receive instruction related to the specific contents of the policy of discipline and any interpretations necessary to implement the provisions of the policy in the course of their duties, including but not limited to approved methods of dealing with acts of school violence, disciplining students with disabilities and instruction in the necessity and requirements for confidentiality.

2. The policy shall require school administrators to report acts of school violence to all teachers at the attendance center and, in addition, to other school district employees with a need to know. For the purposes of this chapter or chapter 167, "need to know" is defined as school personnel who are directly responsible for the student's education or who otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. As used in this section, the phrase "act of school violence" or "violent behavior" means the exertion of physical force by a student with the intent to do serious physical injury as defined in subdivision (6) of section 565.002 to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. The policy shall at a minimum require school administrators to report, as soon as reasonably practical, to the appropriate law enforcement agency any of the following crimes, or any act which if committed by an adult would be one of the following crimes:

- (1) First degree murder under section 565.020;
- (2) Second degree murder under section 565.021;
- (3) Kidnapping under section 565.110;
- (4) First degree assault under section 565.050;
- (5) Forcible rape under section 566.030;

- (7) Burglary in the first degree under section 569.160;
- (8) Burglary in the second degree under section 569.170;
- (9) Robbery in the first degree under section 569.020;
- (10) Distribution of drugs under section 195.211;
- (11) Distribution of drugs to a minor under section 195.212;
- (12) Arson in the first degree under section 569.040;

- (14) Involuntary manslaughter under section 565.024;
- (15) Second degree assault under section 565.060;
- (16) Sexual assault under section 566.040;
- (17) Felonious restraint under section 565.120;
- (18) Property damage in the first degree under section 569.100;
- (19) The possession of a weapon under chapter 571;
- (20) Child molestation in the first degree pursuant to section 566.067;
- (21) Deviate sexual assault pursuant to section 566.070;
- (22) Sexual misconduct involving a child pursuant to section 566.083;
- (23) Sexual abuse pursuant to section 566.100;
- (24) Harassment under section 565.090; [or]
- (25) Stalking under section 565.225; **or**
- (26) Making a terrorist threat under section 574.115;**

committed on school property, including but not limited to actions on any school bus in service on behalf of the district or while involved in school activities. The policy shall require that any portion of a student's individualized education program that is related to demonstrated or potentially violent behavior shall be provided to any teacher and other school district employees who are directly responsible for the student's education or who otherwise interact with the student on an educational basis while acting within the scope of their assigned duties. The policy shall also contain the consequences of failure to obey standards of conduct set by the local board of education, and the importance of the standards to the maintenance of an atmosphere where orderly learning is possible and encouraged.

3. The policy shall provide that any student who is on suspension for any of the offenses listed in subsection 2 of this section or any act of violence or drug-related activity defined by school district policy as a serious violation of school discipline pursuant to subsection 9 of this section shall have as a condition of his or her suspension the requirement that such student is not allowed, while on such suspension, to be within one thousand feet of any school property in the school district where such student attended school or any activity of that district, regardless of whether or not the activity takes place on district property unless:

- (1) Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the superintendent or the superintendent's designee has authorized the student to be on school property;
- (2) Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the superintendent or the superintendent's designee has authorized the student to be on school property;

(3) Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the school district where such student attended school; or

(4) Such student resides within one thousand feet of any public school in the school district where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

4. Any student who violates the condition of suspension required pursuant to subsection 3 of this section may be subject to expulsion or further suspension pursuant to the provisions of sections 167.161, 167.164, and 167.171. In making this determination consideration shall be given to whether the student poses a threat to the safety of any child or school employee and whether such student's unsupervised presence within one thousand feet of the school is disruptive to the educational process or undermines the effectiveness of the school's disciplinary policy. Removal of any pupil who is a student with a disability is subject to state and federal procedural rights. This section shall not limit a school district's ability to:

(1) Prohibit all students who are suspended from being on school property or attending an activity while on suspension;

(2) Discipline students for off-campus conduct that negatively affects the educational environment to the extent allowed by law.

5. The policy shall provide for a suspension for a period of not less than one year, or expulsion, for a student who is determined to have brought a weapon to school, including but not limited to the school playground or the school parking lot, brought a weapon on a school bus or brought a weapon to a school activity whether on or off of the school property in violation of district policy, except that:

(1) The superintendent or, in a school district with no high school, the principal of the school which such child attends may modify such suspension on a case-by-case basis; and

(2) This section shall not prevent the school district from providing educational services in an alternative setting to a student suspended under the provisions of this section.

6. For the purpose of this section, the term "weapon" shall mean a firearm as defined under 18 U.S.C. 921 and the following items, as defined in section 571.010: a blackjack, a concealable firearm, an explosive weapon, a firearm, a firearm silencer, a gas gun, a knife, knuckles, a machine gun, a projectile weapon, a rifle, a shotgun, a spring gun or a switchblade knife; except that this section shall not be construed to prohibit a school board from adopting a policy to allow a Civil War reenactor to carry a Civil War era weapon on school property for educational purposes so long as the firearm is unloaded. The local board of education shall define weapon in the discipline policy. Such definition shall include the weapons defined in this subsection but may also include other weapons.

7. All school district personnel responsible for the care and supervision of students are authorized to hold every pupil strictly accountable for any disorderly conduct in school or on any property of the school, on any school bus going to or returning from school, during school-sponsored activities, or during intermission or recess periods.

8. Teachers and other authorized district personnel in public schools responsible for the care, supervision, and discipline of schoolchildren, including volunteers selected with reasonable care by the school district, shall not be civilly liable when acting in conformity with the established policies developed by each board, including but not limited to policies of student discipline or when reporting to his or her supervisor or other person as mandated by state law acts of school violence or threatened acts of school violence, within the course and scope of the duties of the teacher, authorized district personnel or volunteer, when such individual is acting in conformity with the established policies developed by the board. Nothing in this section shall be construed to create a new cause of action against such school district, or to relieve the school district from liability for the negligent acts of such persons.

9. Each school board shall define in its discipline policy acts of violence and any other acts that constitute a serious violation of that policy. "Acts of violence" as defined by school boards shall include but not be limited to exertion of physical force by a student with the intent to do serious bodily harm to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. School districts shall for each student enrolled in the school district compile and maintain records of any serious violation of the district's discipline policy. Such records shall be made available to teachers and other school district employees with a need to know while acting within the scope of their assigned duties, and shall be provided as required in section 167.020 to any school district in which the student subsequently attempts to enroll.

10. Spanking, when administered by certificated personnel and in the presence of a witness who is an employee of the school district, or the use of reasonable force to protect persons or property, when administered by personnel of a school district in a reasonable manner in accordance with the local board of education's written policy of discipline, is not abuse within the meaning of chapter 210. The provisions of sections 210.110 to 210.165 notwithstanding, the children's division shall not have jurisdiction over or investigate any report of alleged child abuse arising out of or related to the use of reasonable force to protect persons or property when administered by personnel of a school district or any

spanking administered in a reasonable manner by any certificated school personnel in the presence of a witness who is an employee of the school district pursuant to a written policy of discipline established by the board of education of the school district, as long as no allegation of sexual misconduct arises from the spanking or use of force.

11. If a student reports alleged sexual misconduct on the part of a teacher or other school employee to a person employed in a school facility who is required to report such misconduct to the children's division under section 210.115, such person and the superintendent of the school district shall forward the allegation to the children's division within twenty-four hours of receiving the information. Reports made to the children's division under this subsection shall be investigated by the division in accordance with the provisions of sections 210.145 to 210.153 and shall not be investigated by the school district under subsections 12 to 20 of this section for purposes of determining whether the allegations should or should not be substantiated. The district may investigate the allegations for the purpose of making any decision regarding the employment of the accused employee.

12. Upon receipt of any reports of child abuse by the children's division other than reports provided under subsection 11 of this section, pursuant to sections 210.110 to 210.165 which allegedly involve personnel of a school district, the children's division shall notify the superintendent of schools of the district or, if the person named in the alleged incident is the superintendent of schools, the president of the school board of the school district where the alleged incident occurred.

13. If, after an initial investigation, the superintendent of schools or the president of the school board finds that the report involves an alleged incident of child abuse other than the administration of a spanking by certificated school personnel or the use of reasonable force to protect persons or property when administered by school personnel pursuant to a written policy of discipline or that the report was made for the sole purpose of harassing a public school employee, the superintendent of schools or the president of the school board shall immediately refer the matter back to the children's division and take no further action. In all matters referred back to the children's division, the division shall treat the report in the same manner as other reports of alleged child abuse received by the division.

14. If the report pertains to an alleged incident which arose out of or is related to a spanking administered by certificated personnel or the use of reasonable force to protect persons or property when administered by personnel of a school district pursuant to a written policy of discipline or a report made for the sole purpose of harassing a public school employee, a notification of the reported child abuse shall be sent by the superintendent of schools or the president of the school board to the law enforcement in the county in which the alleged incident occurred.

15. The report shall be jointly investigated by the law enforcement officer and the superintendent of schools or, if the subject of the report is the superintendent of schools, by a law enforcement officer and the president of the school board or such president's designee.

16. The investigation shall begin no later than forty-eight hours after notification from the children's division is received, and shall consist of, but need not be limited to, interviewing and recording statements of the child and the child's parents or guardian within two working days after the start of the investigation, of the school district personnel allegedly involved in the report, and of any witnesses to the alleged incident.

17. The law enforcement officer and the investigating school district personnel shall issue separate reports of their findings and recommendations after the conclusion of the investigation to the school board of the school district within seven days after receiving notice from the children's division.

18. The reports shall contain a statement of conclusion as to whether the report of alleged child abuse is substantiated or is unsubstantiated.

19. The school board shall consider the separate reports referred to in subsection 17 of this section and shall issue its findings and conclusions and the action to be taken, if any, within seven days after receiving the last of the two reports. The findings and conclusions shall be made in substantially the following form:

(1) The report of the alleged child abuse is unsubstantiated. The law enforcement officer and the investigating school board personnel agree that there was not a preponderance of evidence to substantiate that abuse occurred;

(2) The report of the alleged child abuse is substantiated. The law enforcement officer and the investigating school district personnel agree that the preponderance of evidence is sufficient to support a finding that the alleged incident of child abuse did occur;

(3) The issue involved in the alleged incident of child abuse is unresolved. The law enforcement officer and the investigating school personnel are unable to agree on their findings and conclusions on the alleged incident.

20. The findings and conclusions of the school board under subsection 19 of this section shall be sent to the children's division. If the findings and conclusions of the school board are that the report of the alleged child abuse is unsubstantiated, the investigation shall be terminated, the case closed, and no record shall be entered in the children's division central registry. If the findings and conclusions of the school board are that the report of the alleged child abuse is substantiated, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school district and shall include the information in the division's central

registry. If the findings and conclusions of the school board are that the issue involved in the alleged incident of child abuse is unresolved, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school board, however, the incident and the names of the parties allegedly involved shall not be entered into the central registry of the children's division unless and until the alleged child abuse is substantiated by a court of competent jurisdiction.

21. Any superintendent of schools, president of a school board or such person's designee or law enforcement officer who knowingly falsifies any report of any matter pursuant to this section or who knowingly withholds any information relative to any investigation or report pursuant to this section is guilty of a class A misdemeanor.

22. In order to ensure the safety of all students, should a student be expelled for bringing a weapon to school, violent behavior, or for an act of school violence, that student shall not, for the purposes of the accreditation process of the Missouri school improvement plan, be considered a dropout or be included in the calculation of that district's educational persistence ratio."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Lauer, **House Amendment No. 23** was adopted.

Representative Gatschenberger offered **House Amendment No. 24**.

House Amendment No. 24

AMEND House Committee Substitute for Senate Bill No. 23, Section 67.2050, Page 10, Line 73, by inserting after all of said line the following:

"71.012. 1. Notwithstanding the provisions of sections 71.015 and 71.860 to 71.920, the governing body of any city, town or village may annex unincorporated areas which are contiguous and compact to the existing corporate limits of the city, town or village pursuant to this section. The term "contiguous and compact" does not include a situation whereby the unincorporated area proposed to be annexed is contiguous to the annexing city, town or village only by a railroad line, trail, pipeline or other strip of real property less than one-quarter mile in width within the city, town or village so that the boundaries of the city, town or village after annexation would leave unincorporated areas between the annexed area and the prior boundaries of the city, town or village connected only by such railroad line, trail, pipeline or other such strip of real property. The term "contiguous and compact" does not prohibit voluntary annexations pursuant to this section merely because such voluntary annexation would create an island of unincorporated area within the city, town or village, so long as the owners of the unincorporated island were also given the opportunity to voluntarily annex into the city, town or village. Notwithstanding the provisions of this section, the governing body of any city, town or village in any county of the third classification which borders a county of the fourth classification, a county of the second classification and ~~the~~ Mississippi River may annex areas along a road or highway up to two miles from existing boundaries of the city, town or village or the governing body in any city, town or village in any county of the third classification without a township form of government with a population of at least twenty-four thousand inhabitants but not more than thirty thousand inhabitants and such county contains a state correctional center may voluntarily annex such correctional center pursuant to the provisions of this section if the correctional center is along a road or highway within two miles from the existing boundaries of the city, town or village.

2. (1) When a [verified] **notarized** petition, requesting annexation and signed by the owners of all fee interests of record in all tracts of real property located within the area proposed to be annexed, or a request for annexation signed under the authority of the governing body of any common interest community and approved by a majority vote of unit owners located within the area proposed to be annexed is presented to the governing body of the city, town or village, the governing body shall hold a public hearing concerning the matter not less than fourteen nor more than sixty days after the petition is received, and the hearing shall be held not less than seven days after notice of the hearing is published in a newspaper of general circulation qualified to publish legal matters and located within the boundary of the petitioned city, town or village. If no such newspaper exists within the boundary of such city, town or village, then the notice shall be published in the qualified newspaper nearest the petitioned city, town or village. For the purposes of this subdivision, the term "common-interest community" shall mean a condominium as said term is used in chapter 448, or a common-interest community, a cooperative, or a planned community.

(a) A "common-interest community" shall be defined as real property with respect to which a person, by virtue of such person's ownership of a unit, is obliged to pay for real property taxes, insurance premiums, maintenance or

improvement of other real property described in a declaration. "Ownership of a unit" does not include a leasehold interest of less than twenty years in a unit, including renewal options;

(b) A "cooperative" shall be defined as a common-interest community in which the real property is owned by an association, each of whose members is entitled by virtue of such member's ownership interest in the association to exclusive possession of a unit;

(c) A "planned community" shall be defined as a common-interest community that is not a condominium or a cooperative. A condominium or cooperative may be part of a planned community.

(2) At the public hearing any interested person, corporation or political subdivision may present evidence regarding the proposed annexation.

If, after holding the hearing, the governing body of the city, town or village determines that the annexation is reasonable and necessary to the proper development of the city, town or village, and the city, town or village has the ability to furnish normal municipal services to the area to be annexed within a reasonable time, it may, subject to the provisions of subdivision (3) of this subsection, annex the territory by ordinance without further action.

(3) If a written objection to the proposed annexation is filed with the governing body of the city, town or village not later than fourteen days after the public hearing by at least five percent of the qualified voters of the city, town or village, or two qualified voters of the area sought to be annexed if the same contains two qualified voters, the provisions of sections 71.015 and 71.860 to 71.920, shall be followed.

3. If no objection is filed, the city, town or village shall extend its limits by ordinance to include such territory, specifying with accuracy the new boundary lines to which the city's, town's or village's limits are extended. Upon duly enacting such annexation ordinance, the city, town or village shall cause three certified copies of the same to be filed with the county assessor and the clerk of the county wherein the city, town or village is located, and one certified copy to be filed with the election authority, if different from the clerk of the county which has jurisdiction over the area being annexed, whereupon the annexation shall be complete and final and thereafter all courts of this state shall take judicial notice of the limits of that city, town or village as so extended.

4. That a petition requesting annexation is not or was not verified or notarized shall not affect the validity of an annexation heretofore or hereafter undertaken in accordance with this section.

5. Any action of any kind seeking to deannex from any city, town, or village any area annexed under this section, or seeking in any way to reverse, invalidate, set aside, or otherwise challenge such annexation or oust such city, town, or village from jurisdiction over such annexed area shall be brought within three years of the date of adoption of the annexation ordinance.

71.014. 1. Notwithstanding the provisions of section 71.015, the governing body of any city, town, or village which is located within a county which borders a county of the first classification with a charter form of government with a population in excess of six hundred fifty thousand, proceeding as otherwise authorized by law or charter, may annex unincorporated areas which are contiguous and compact to the existing corporate limits upon [verified] **notarized** petition requesting such annexation signed by the owners of all fee interests of record in all tracts located within the area to be annexed. **That a petition requesting annexation is not or was not verified or notarized shall not affect the validity of an annexation heretofore or hereafter undertaken in accordance with this section.**

2. Any action of any kind seeking to deannex from any city, town, or village any area annexed under this section, or seeking in any way to reverse, invalidate, set aside, or otherwise challenge such annexation or oust such city, town, or village from jurisdiction over such annexed area shall be brought within three years of the date of adoption of the annexation ordinance.

71.015. 1. Should any city, town, or village, not located in any county of the first classification which has adopted a constitutional charter for its own local government, seek to annex an area to which objection is made, the following shall be satisfied:

(1) Before the governing body of any city, town, or village has adopted a resolution to annex any unincorporated area of land, such city, town, or village shall first as a condition precedent determine that the land to be annexed is contiguous to the existing city, town, or village limits and that the length of the contiguous boundary common to the existing city, town, or village limit and the proposed area to be annexed is at least fifteen percent of the length of the perimeter of the area proposed for annexation.

(2) The governing body of any city, town, or village shall propose an ordinance setting forth the following:

(a) The area to be annexed and affirmatively stating that the boundaries comply with the condition precedent referred to in subdivision (1) above;

(b) That such annexation is reasonable and necessary to the proper development of the city, town, or village;

- (c) That the city has developed a plan of intent to provide services to the area proposed for annexation;
- (d) That a public hearing shall be held prior to the adoption of the ordinance;
- (e) When the annexation is proposed to be effective, the effective date being up to thirty-six months from the date of any election held in conjunction thereto.

(3) The city, town, or village shall fix a date for a public hearing on the ordinance and make a good faith effort to notify all fee owners of record within the area proposed to be annexed by certified mail, not less than thirty nor more than sixty days before the hearing, and notify all residents of the area by publication of notice in a newspaper of general circulation qualified to publish legal matters in the county or counties where the proposed area is located, at least once a week for three consecutive weeks prior to the hearing, with at least one such notice being not more than twenty days and not less than ten days before the hearing.

(4) At the hearing referred to in subdivision (3), the city, town, or village shall present the plan of intent and evidence in support thereof to include:

- (a) A list of major services presently provided by the city, town, or village including, but not limited to, police and fire protection, water and sewer systems, street maintenance, parks and recreation, **and** refuse collection[, etc.];

- (b) A proposed time schedule whereby the city, town, or village plans to provide such services to the residents of the proposed area to be annexed within three years from the date the annexation is to become effective;

- (c) The level at which the city, town, or village assesses property and the rate at which it taxes that property;

- (d) How the city, town, or village proposes to zone the area to be annexed;

- (e) When the proposed annexation shall become effective.

(5) Following the hearing, and either before or after the election held in subdivision (6) of this subsection, should the governing body of the city, town, or village vote favorably by ordinance to annex the area, the governing body of the city, town or village shall file an action in the circuit court of the county in which such unincorporated area is situated, under the provisions of chapter 527, praying for a declaratory judgment authorizing such annexation. The petition in such action shall state facts showing:

- (a) The area to be annexed and its conformity with the condition precedent referred to in subdivision (1) of this subsection;

- (b) That such annexation is reasonable and necessary to the proper development of the city, town, or village; and

- (c) The ability of the city, town, or village to furnish normal municipal services of the city, town, or village to the unincorporated area within a reasonable time not to exceed three years after the annexation is to become effective. Such action shall be a class action against the inhabitants of such unincorporated area under the provisions of section 507.070.

(6) Except as provided in subsection 3 of this section, if the court authorizes the city, town, or village to make an annexation, the legislative body of such city, town, or village shall not have the power to extend the limits of the city, town, or village by such annexation until an election is held at which the proposition for annexation is approved by a majority of the total votes cast in the city, town, or village and by a separate majority of the total votes cast in the unincorporated territory sought to be annexed. However, should less than a majority of the total votes cast in the area proposed to be annexed vote in favor of the proposal, but at least a majority of the total votes cast in the city, town, or village vote in favor of the proposal, then the proposal shall again be voted upon in not more than one hundred twenty days by both the registered voters of the city, town, or village and the registered voters of the area proposed to be annexed. If at least two-thirds of the qualified electors voting thereon are in favor of the annexation, then the city, town, or village may proceed to annex the territory. If the proposal fails to receive the necessary majority, no part of the area sought to be annexed may be the subject of another proposal to annex for a period of two years from the date of the election, except that, during the two-year period, the owners of all fee interests of record in the area or any portion of the area may petition the city, town, or village for the annexation of the land owned by them pursuant to the procedures in section 71.012. The elections shall if authorized be held, except as herein otherwise provided, in accordance with the general state law governing special elections, and the entire cost of the election or elections shall be paid by the city, town, or village proposing to annex the territory.

(7) Failure to comply in providing services to the said area or to zone in compliance with the plan of intent within three years after the effective date of the annexation, unless compliance is made unreasonable by an act of God, shall give rise to a cause of action for deannexation which may be filed in the circuit court by any resident of the area who was residing in the area at the time the annexation became effective.

(8) No city, town, or village which has filed an action under this section as this section read prior to May 13, 1980, which action is part of an annexation proceeding pending on May 13, 1980, shall be required to comply with subdivision (5) of this subsection in regard to such annexation proceeding.

(9) If the area proposed for annexation includes a public road or highway but does not include all of the land adjoining such road or highway, then such fee owners of record, of the lands adjoining said highway shall be permitted to intervene in the declaratory judgment action described in subdivision (5) of this subsection.

2. Notwithstanding any provision of subsection 1 of this section, for any annexation by any city with a population of three hundred fifty thousand or more inhabitants which is located in more than one county that becomes effective after August 28, 1994, if such city has not provided water and sewer service to such annexed area within three years of the effective date of the annexation, a cause of action shall lie for deannexation, unless the failure to provide such water and sewer service to the annexed area is made unreasonable by an act of God. The cause of action for deannexation may be filed in the circuit court by any resident of the annexed area who is presently residing in the area at the time of the filing of the suit and was a resident of the annexed area at the time the annexation became effective. If the suit for deannexation is successful, the city shall be liable for all court costs and attorney fees.

3. Notwithstanding the provisions of subdivision (6) of subsection 1 of this section, all cities, towns, and villages located in any county of the first classification with a charter form of government with a population of two hundred thousand or more inhabitants which adjoins a county with a population of nine hundred thousand or more inhabitants shall comply with the provisions of this subsection. If the court authorizes any city, town, or village subject to this subsection to make an annexation, the legislative body of such city, town or village shall not have the power to extend the limits of such city, town, or village by such annexation until an election is held at which the proposition for annexation is approved by a majority of the total votes cast in such city, town, or village and by a separate majority of the total votes cast in the unincorporated territory sought to be annexed; except that:

(1) In the case of a proposed annexation in any area which is contiguous to the existing city, town or village and which is within an area designated as flood plain by the Federal Emergency Management Agency and which is inhabited by no more than thirty registered voters and for which a final declaratory judgment has been granted prior to January 1, 1993, approving such annexation and where notarized affidavits expressing approval of the proposed annexation are obtained from a majority of the registered voters residing in the area to be annexed, the area may be annexed by an ordinance duly enacted by the governing body and no elections shall be required; and

(2) In the case of a proposed annexation of unincorporated territory in which no qualified electors reside, if at least a majority of the qualified electors voting on the proposition are in favor of the annexation, the city, town or village may proceed to annex the territory and no subsequent election shall be required. If the proposal fails to receive the necessary separate majorities, no part of the area sought to be annexed may be the subject of any other proposal to annex for a period of two years from the date of such election, except that, during the two-year period, the owners of all fee interests of record in the area or any portion of the area may petition the city, town, or village for the annexation of the land owned by them pursuant to the procedures in section 71.012 **or 71.014**. The election shall, if authorized, be held, except as otherwise provided in this section, in accordance with the general state laws governing special elections, and the entire cost of the election or elections shall be paid by the city, town, or village proposing to annex the territory. Failure of the city, town or village to comply in providing services to the area or to zone in compliance with the plan of intent within three years after the effective date of the annexation, unless compliance is made unreasonable by an act of God, shall give rise to a cause of action for deannexation which may be filed in the circuit court **not later than four years after the effective date of the annexation** by any resident of the area who was residing in such area at the time the annexation became effective or by any nonresident owner of real property in such area. **Except for a cause of action for deannexation under this subdivision (2) of this subsection, any action of any kind seeking to deannex from any city, town, or village any area annexed under this section, or seeking in any way to reverse, invalidate, set aside, or otherwise challenge such annexation or oust such city, town, or village from jurisdiction over such annexed area shall be brought within three years of the date of the adoption of the annexation ordinance.**"; and

SCS SB 106, relating to educational credits for veterans, was taken up by Representative Davis.

Representative Davis offered **House Amendment No. 1**.

House Amendment No. 1

AMEND Senate Committee Substitute for Senate Bill No. 106, Page 3, Section 324.007, Line 23, by inserting immediately after said line the following:

"452.413. 1. As used in this section, the following terms shall mean:

(1) "Deploying parent", a parent of a child less than eighteen years of age whose parental rights have not been terminated by a court of competent jurisdiction or a guardian of a child less than eighteen years of age who is deployed or who has received written orders to deploy with the United States Army, Navy, Air Force, Marine Corps, Coast Guard, National Guard, or any other reserve component thereof;

(2) "Deployment", military service in compliance with military orders received by a member of the United States Army, Navy, Air Force, Marine Corps, Coast Guard, National Guard, or any other reserve component thereof to report for combat operations, contingency operations, peacekeeping operations, temporary duty (TDY), a remote tour of duty, or other service for which the deploying parent is required to report unaccompanied by any family member. Military service includes a period during which a military parent remains subject to deployment orders and remains deployed on account of sickness, wounds, leave, or other lawful cause;

(3) "Military parent", a parent of a child less than eighteen years of age whose parental rights have not been terminated by a court of competent jurisdiction or a guardian of a child less than eighteen years of age who is a service member of the United States Army, Navy, Air Force, Marine Corps, Coast Guard, National Guard, or any other reserve component thereof;

(4) "Nondeploying parent", a parent or guardian not subject to deployment.

2. If a military parent is required to be separated from a child due to deployment, a court shall not enter a final order modifying the terms establishing custody or visitation contained in an existing order until ninety days after the deployment ends unless there is a written agreement by both parties.

3. In accordance with section 452.412, deployment or the potential for future deployment shall not be the sole factor supporting a change in circumstances or grounds sufficient to support a permanent modification of the custody or visitation terms established in an existing order.

4. (1) An existing order establishing the terms of custody or visitation in place at the time a military parent is deployed may be temporarily modified to make reasonable accommodation for the parties due to the deployment.

(2) A temporary modification order issued under this section shall provide that the deploying parent shall have custody of the child or reasonable visitation, whichever is applicable under the original order, during a period of leave granted to the deploying parent, unless it is not in the best interest of the child.

(3) Any court order modifying a previously ordered custody or visitation due to deployment shall specify that the deployment is the basis for the order and shall be entered by the court as a temporary order.

(4) Any such temporary custody or visitation order shall require the nondeploying parent to provide the court and the deploying parent with written notice of the nondeploying parent's address and telephone number, and update such information within seven days of any change. However, if a valid order of protection under chapter 455 from this or another jurisdiction is in effect that requires that the address or contact information of the parent who is not deployed be kept confidential, the notification shall be made to the court only, and a copy of the order shall be included in the notification. Nothing in this subdivision shall be construed to eliminate the requirements under section 452.377.

(5) Upon motion of a deploying parent, with reasonable advance notice and for good cause shown, the court shall hold an expedited hearing in any custody or visitation matters instituted under this section when the military duties of the deploying parent have a material effect on his or her ability or anticipated ability to appear in person at a regularly scheduled hearing.

5. (1) A temporary modification of such an order automatically ends no later than thirty days after the return of the deploying parent and the original terms of the custody or visitation order in place at the time of deployment are automatically reinstated.

(2) Nothing in this section shall limit the power of the court to conduct an expedited or emergency hearing regarding custody or visitation upon return of the deploying parent, and the court shall do so within ten days of the filing of a motion alleging an immediate danger or irreparable harm to the child.

(3) The nondeploying parent shall bear the burden of showing that reentry of the custody or visitation order in effect before the deployment is no longer in the child's best interests. The court shall set any nonemergency motion by the nondeploying parent for hearing within thirty days of the filing of the motion.

6. (1) Upon motion of the deploying parent or upon motion of a family member of the deploying parent with his or her consent, the court may delegate his or her visitation rights, or a portion of such rights, to a family member with a close and substantial relationship to the minor child or children for the duration of the deployment if it is in the best interest of the child.

(2) Such delegated visitation time or access does not create an entitlement or standing to assert separate rights to parent time or access for any person other than a parent, and shall terminate by operation of law upon the end of the deployment, as set forth in this section.

(3) Such delegated visitation time shall not exceed the visitation time granted to the deploying parent under the existing order; except that, the court may take into consideration the travel time necessary to transport the child for such delegated visitation time.

(4) In addition, there is a rebuttable presumption that a deployed parent's visitation rights shall not be delegated to a family member who has a history of perpetrating domestic violence as defined under section 455.010 against another family or household member, or delegated to a family member with an individual in the family member's household who has a history of perpetrating domestic violence against another family or household member.

(5) The person or persons to whom delegated visitation time has been granted shall have full legal standing to enforce such rights.

7. Upon motion of a deploying parent and upon reasonable advance notice and for good cause shown, the court shall permit such parent to present testimony and evidence by affidavit or electronic means in support, custody, and visitation matters instituted under this section when the military duties of such parent have a material effect on his or her ability to appear in person at a regularly scheduled hearing. Electronic means includes communication by telephone, video conference, or the internet.

8. Any order entered under this section shall require that the nondeploying parent:

(1) Make the child or children reasonably available to the deploying parent when the deploying parent has leave;

(2) Facilitate opportunities for telephonic and electronic mail contact between the deploying parent and the child or children during deployment; and

(3) Receive timely information regarding the deploying parent's leave schedule.

9. (1) If there is no existing order establishing the terms of custody and visitation and it appears that deployment is imminent, upon the filing of initial pleadings and motion by either parent, the court shall expedite a hearing to establish temporary custody or visitation to ensure the deploying parent has access to the child, to ensure disclosure of information, to grant other rights and duties set forth in this section, and to provide other appropriate relief.

(2) Any initial pleading filed to establish custody or visitation for a child of a deploying parent shall be so identified at the time of filing by stating in the text of the pleading the specific facts related to deployment.

10. (1) Since military necessity may preclude court adjudication before deployment, the parties shall cooperate with each other in an effort to reach a mutually agreeable resolution of custody, visitation, and child support.

(2) A deploying parent shall provide a copy of his or her orders to the nondeploying parent promptly and without delay prior to deployment. Notification shall be made within ten days of receipt of deployment orders. If less than ten days notice is received by the deploying parent, notice shall be given immediately upon receipt of military orders. If all or part of the orders are classified or restricted as to release, the deploying parent shall provide, under the terms of this subdivision, all such nonclassified or nonrestricted information to the nondeploying parent.

11. In an action brought under this chapter, whenever the court declines to grant or extend a stay of proceedings under the Servicemembers Civil Relief Act, 50 U.S.C. Appendix Sections 521-522, and decides to proceed in the absence of the deployed parent, the court shall appoint a guardian ad litem to represent the minor child's interests.

12. Service of process on a nondeploying parent whose whereabouts are unknown may be accomplished in accordance with the provisions of section 506.160.

13. In determining whether a parent has failed to exercise visitation rights, the court shall not count any time periods during which the parent did not exercise visitation due to the material effect of such parent's military duties on visitation time.

14. Once an order for custody has been entered in Missouri, any absence of a child from this state during deployment shall be denominated a temporary absence for the purposes of application of the Uniform Child Custody Jurisdiction and Enforcement Act (UCCJEA). For the duration of the deployment, Missouri shall retain exclusive jurisdiction under the UCCJEA and deployment shall not be used as a basis to assert inconvenience of the forum under the UCCJEA.

15. In making determinations under this section, the court may award attorney's fees and costs based on the court's consideration of:

(1) The failure of either party to reasonably accommodate the other party in custody or visitation matters related to a military parent's service;

(2) Unreasonable delay caused by either party in resolving custody or visitation related to a military parent's service;

(3) Failure of either party to timely provide military orders, income, earnings, or payment information, housing or education information, or physical location of the child to the other party; and

(4) Other factors as the court may consider appropriate and as may be required by law."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Davis, **House Amendment No. 1** was adopted.

Representative Solon offered **House Amendment No. 2**.

House Amendment No. 2

AMEND Senate Committee Substitute for Senate Bill No. 106, Page 3, Section 324.007, Line 23, by inserting after all of said line the following:

"478.1100. 1. Sections 478.1100 to 478.1120 shall be known and may be cited as the "Veterans Treatment Intervention Act".

2. For purposes of sections 478.1100 to 478.1120, the following terms shall mean:

(1) "Servicemember", any person serving as a member of the United States Armed Forces on active duty or state active duty and all members of the Missouri National Guard and United States Reserve Forces;

(2) "Veteran", any person defined as a veteran by the United States Department of Veterans Affairs or its successor agency.

478.1105. The presiding judge of any judicial circuit or a combination of circuit courts, upon agreement of the presiding judges of such circuit courts, in this state may establish a "Military Veterans and Servicemembers Court Program" under which veterans and servicemembers who suffer from a military-related mental illness, traumatic brain injury, substance abuse disorder, or psychological problem may be sentenced in a manner that appropriately addresses the severity of the mental illness, traumatic brain injury, substance abuse disorder, or psychological problem through services tailored to the individual needs of the participant. Entry into any military veterans and servicemembers court program shall be based upon the sentencing court's assessment of the defendant's criminal history, military service, substance abuse treatment needs, mental health treatment needs, amenability to the services of the program, the recommendation of the prosecuting attorney and the victim, if any, and the defendant's agreement to enter the program.

478.1110. 1. Any person who is charged with a felony, other than a felony listed in subsection 2 of this section, identified as a veteran or servicemember who suffers from a military service-related mental illness, traumatic brain injury, substance abuse disorder, or psychological problem is eligible for admission into a veterans' treatment intervention program approved by the presiding judge of the circuit upon motion of either party or the court's own motion, except:

(1) If a defendant was previously offered admission to a veterans' treatment intervention program at any time before trial and the defendant rejected such offer on the record, the court may deny the defendant's admission to such a program;

(2) If a defendant previously entered a court-ordered veterans' treatment program, the court may deny the defendant's admission into the veterans' treatment program.

In order to maintain compliance with federal law, nothing in sections 478.1100 to 478.1120 shall apply to any offense committed by a holder of a commercial driver's license or any person operating a commercial motor vehicle when the offense was committed, if the provisions of sections 478.1100 to 478.1120 as applied to such offenses results in this state's failure to comply with applicable federal laws and regulations.

2. Any person charged with the following felonies, including attempt of such felonies, shall not be eligible for admission into a veterans' treatment intervention program under sections 478.1100 to 478.1120:

(1) Murder or manslaughter under chapter 565;

(2) Kidnapping or false imprisonment under chapter 565;

(3) Aggravated assault under chapter 565;

(4) Stalking under chapter 565;

(5) Elder abuse under chapter 565;

(6) Sexual offenses under chapter 566;

(7) Offenses against the family under chapter 568;

(8) Robbery or burglary under chapter 569;

(9) Arson under chapter 569;

(10) Water contamination under chapter 569;

(11) Child pornography under chapter 573;

(12) Treason; and

(13) Any offense committed in another jurisdiction which would be a felony offense listed in this subsection if committed in this state.

3. (1) While enrolled in an intervention program authorized by this section, the participant shall be subject to a coordinated strategy developed by a veterans' treatment intervention team. The coordinated strategy shall be modeled after the therapeutic jurisprudence principles and key components listed in subdivision (2) of this subsection, with treatment specific to the needs of veterans and servicemembers. The coordinated strategy may include a protocol of sanctions that may be imposed upon the participant for noncompliance with program rules. The protocol of sanctions may include, but not be limited to, placement in a treatment program offered by a licensed service provider or in a jail-based treatment program. The coordinated strategy shall be provided in writing to the participant before the participant agrees to enter into a veterans' treatment intervention program or other intervention program. Any person whose charges are dismissed after successful completion of the veterans' treatment intervention program, if otherwise eligible, may have his or her arrest record of the dismissed charges expunged under chapter 610.

(2) The treatment program shall include:

(a) Integrate alcohol and other drug treatment services with justice system case processing;

(b) Use a nonadversarial approach in which prosecution and defense counsel promote public safety while protecting participants' due process rights;

(c) Eligible participants are identified early and promptly placed in the treatment program;

(d) The treatment program provides access to a continuum of alcohol, drug, and other related treatment and rehabilitation services;

(e) Abstinence is monitored by frequent and random testing for alcohol and other drugs;

(f) A coordinated strategy governs treatment program responses to participants' compliance;

(g) Ongoing judicial interaction with each treatment program participant is essential;

(h) Monitoring and evaluation measure the achievement of program goals and gauge treatment program effectiveness;

(i) Continuing interdisciplinary education promotes effective treatment program planning, implementation, and operations;

(j) Forging partnerships among treatment programs, public agencies, and community-based organizations generates local support and enhances treatment program effectiveness.

4. At the end of the intervention period, the court shall consider the recommendation of the treatment program and the recommendation of the prosecuting attorney as to disposition of the pending charges. The court shall determine, by written finding, whether the defendant has successfully completed

the intervention program. If the court finds that the defendant has not successfully completed the intervention program, the court may order the person to continue in education and treatment, which may include treatment programs offered by licensed service providers or jail-based treatment programs, or order that the charges revert to normal channels for prosecution. The court shall dismiss the charges upon a finding that the defendant has successfully completed the intervention program.

478.1115. 1. Any veteran or servicemember who suffers from a military service-related mental illness, traumatic brain injury, substance abuse disorder, or psychological problem, and who is charged with a misdemeanor is eligible for admission into a veterans' treatment intervention program approved by the presiding judge of the circuit for a period based on the program's requirements and the treatment plan for the offender, upon motion of either party or the court's own motion. However, the court may deny the defendant admission into a veterans' treatment intervention program if the defendant has previously entered a court-ordered veterans' treatment program.

2. While enrolled in an intervention program authorized by this section, the participant shall be subject to a coordinated strategy developed by a veterans' treatment intervention team. The coordinated strategy shall be modeled after the therapeutic jurisprudence principles and key components in subdivision (2) of subsection 3 of section 478.1110, with treatment specific to the needs of veterans and servicemembers. The coordinated strategy may include a protocol of sanctions that may be imposed upon the participant for noncompliance with program rules. The protocol of sanctions may include, but not be limited to, placement in a treatment program offered by a licensed service provider or in a jail-based treatment program. The coordinated strategy shall be provided in writing to the participant before the participant agrees to enter into a veterans' treatment intervention program. Any person whose charges are dismissed after successful completion of the veterans' treatment intervention program, if otherwise eligible, may have his or her arrest record of the dismissed charges expunged under chapter 610.

3. At the end of the intervention period, the court shall consider the recommendation of the treatment program and the recommendation of the prosecuting attorney as to disposition of the pending charges. The court shall determine, by written finding, whether the defendant successfully completed the intervention program. Notwithstanding the coordinated strategy developed by a team under subdivision (2) of subsection 2 of section 478.1110 or by the veterans' treatment intervention team, if the court finds that the defendant has not successfully completed the intervention program, the court may order the person to continue in education and treatment or return the charges to the criminal docket for prosecution. The court shall dismiss the charges upon finding that the defendant has successfully completed the intervention program.

4. Any public or private entity providing a substance abuse education and treatment program under this section shall contract with the county or appropriate governmental entity. Except for services provided by the United States Department of Veterans Affairs, the terms of the contract shall include, but not be limited to, the following requirements:

- (1) The extent of the services to be rendered by the entity providing supervision or rehabilitation;
- (2) Staff qualifications and criminal record checks of staff in accordance with essential standards established by the American Correctional Association;
- (3) Staffing levels;
- (4) The number of face-to-face contacts with the offender;
- (5) Procedures for handling the collection of all offender fees and restitution;
- (6) Procedures for handling indigent offenders which ensure placement irrespective of ability to pay;
- (7) Circumstances under which revocation of an offender's probation may be recommended;
- (8) Reporting and record-keeping requirements;
- (9) Default and contract termination procedures;
- (10) Procedures that aid offenders with job assistance; and
- (11) Procedures for accessing criminal history records of probationers. In addition, the entity shall supply the presiding judge's office with a quarterly report summarizing the number of offenders supervised by the private entity, payment of the required contribution under supervision or rehabilitation, and the number of offenders for whom supervision or rehabilitation will be terminated. All records of the entity shall be open to inspection upon the request of the county, the court, the state auditor, and the office of administration, or agents thereof.

478.1120. For a person on probation who is a veteran or servicemember who suffers from a military service-related mental illness, traumatic brain injury, substance abuse disorder, or psychological problem, the court may, in addition to any other conditions imposed, impose a condition requiring the probationer to participate in a treatment program capable of treating the probationer's mental illness, traumatic brain injury, substance abuse disorder, or psychological problem. The court shall give preference to treatment programs for which the probationer is eligible through the United States Department of Veterans Affairs. The department of corrections is not required to spend state funds to implement this subsection."; and

House Amendment No. 3

AMEND Senate Committee Substitute for Senate Bill No. 106, Page 1, Section A, Line 3, by inserting after said line the following:

"168.021. 1. Certificates of license to teach in the public schools of the state shall be granted as follows:

(1) By the state board, under rules and regulations prescribed by it:

(a) Upon the basis of college credit;

(b) Upon the basis of examination;

(2) By the state board, under rules and regulations prescribed by the state board with advice from the advisory council established by section 168.015 to any individual who presents to the state board a valid doctoral degree from an accredited institution of higher education accredited by a regional accrediting association such as North Central Association. Such certificate shall be limited to the major area of postgraduate study of the holder, shall be issued only after successful completion of the examination required for graduation pursuant to rules adopted by the state board of education, and shall be restricted to those certificates established pursuant to subdivision (1) of subsection 3 of this section;

(3) By the state board, which shall issue the professional certificate classification in both the general and specialized areas most closely aligned with the current areas of certification approved by the state board, commensurate with the years of teaching experience of the applicant, and based upon the following criteria:

(a) Recommendation of a state-approved baccalaureate-level teacher preparation program;

(b) Successful attainment of the Missouri qualifying score on the exit assessment for teachers or administrators designated by the state board of education. Applicants who have not successfully achieved a qualifying score on the designated examinations will be issued a two-year nonrenewable provisional certificate; and

(c) Upon completion of a background check as prescribed in section 168.133 and possession of a valid teaching certificate in the state from which the applicant's teacher preparation program was completed;

(4) By the state board, under rules prescribed by it, on the basis of a relevant bachelor's degree, or higher degree, and a passing score for the designated exit examination, for individuals whose academic degree and professional experience are suitable to provide a basis for instruction solely in the subject matter of banking or financial responsibility, at the discretion of the state board. Such certificate shall be limited to the major area of study of the holder and shall be restricted to those certificates established under subdivision (1) of subsection 3 of this section. Holders of certificates granted under this subdivision shall be exempt from the teacher tenure act under sections 168.102 to 168.130 and each school district shall have the decision-making authority on whether to hire the holders of such certificates; or

(5) By the state board, under rules and regulations prescribed by it, on the basis of certification by the American Board for Certification of Teacher Excellence (ABCTE) and verification of ability to work with children as demonstrated by sixty contact hours in any one of the following areas as validated by the school principal: sixty contact hours in the classroom, of which at least forty-five must be teaching; sixty contact hours as a substitute teacher, with at least thirty consecutive hours in the same classroom; sixty contact hours of teaching in a private school; or sixty contact hours of teaching as a paraprofessional, for an initial four-year ABCTE certificate of license to teach, except that such certificate shall not be granted for the areas of early childhood education, elementary education, or special education. Upon the completion of the requirements listed in paragraphs (a), (b), (c), and (d) of this subdivision, an applicant shall be eligible to apply for a career continuous professional certificate under subdivision (2) of subsection 3 of this section:

(a) Completion of thirty contact hours of professional development within four years, which may include hours spent in class in an appropriate college curriculum;

(b) Validated completion of two years of the mentoring program of the American Board for Certification of Teacher Excellence or a district mentoring program approved by the state board of education;

(c) Attainment of a successful performance-based teacher evaluation; and

(d) Participate in a beginning teacher assistance program.

2. All valid teaching certificates issued pursuant to law or state board policies and regulations prior to September 1, 1988, shall be exempt from the professional development requirements of this section and shall continue in effect until they expire, are revoked or suspended, as provided by law. When such certificates are required to be renewed, the state board or its designee shall grant to each holder of such a certificate the certificate most nearly equivalent to the one so held. Anyone who holds, as of August 28, 2003, a valid PC-I, PC-II, or

continuous professional certificate shall, upon expiration of his or her current certificate, be issued the appropriate level of certificate based upon the classification system established pursuant to subsection 3 of this section.

3. Certificates of license to teach in the public schools of the state shall be based upon minimum requirements prescribed by the state board of education which shall include completion of a background check as prescribed in section 168.133. The state board shall provide for the following levels of professional certification: an initial professional certificate and a career continuous professional certificate.

(1) The initial professional certificate shall be issued upon completion of requirements established by the state board of education and shall be valid based upon verification of actual teaching within a specified time period established by the state board of education. The state board shall require holders of the four-year initial professional certificate to:

- (a) Participate in a mentoring program approved and provided by the district for a minimum of two years;
- (b) Complete thirty contact hours of professional development, which may include hours spent in class in an appropriate college curriculum, or for holders of a certificate under subdivision (4) of subsection 1 of this section, an amount of professional development in proportion to the certificate holder's hours in the classroom, if the certificate holder is employed less than full time; and

(c) Participate in a beginning teacher assistance program;

(2) (a) The career continuous professional certificate shall be issued upon verification of completion of four years of teaching under the initial professional certificate and upon verification of the completion of the requirements articulated in paragraphs (a), (b), and (c) of subdivision (1) of this subsection or paragraphs (a), (b), (c), and (d) of subdivision (5) of subsection 1 of this section.

(b) The career continuous professional certificate shall be continuous based upon verification of actual employment in an educational position as provided for in state board guidelines and completion of fifteen contact hours of professional development per year which may include hours spent in class in an appropriate college curriculum. Should the possessor of a valid career continuous professional certificate fail, in any given year, to meet the fifteen-hour professional development requirement, the possessor may, within two years, make up the missing hours. In order to make up for missing hours, the possessor shall first complete the fifteen-hour requirement for the current year and then may count hours in excess of the current year requirement as make-up hours. Should the possessor fail to make up the missing hours within two years, the certificate shall become inactive. In order to reactivate the certificate, the possessor shall complete twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating his or her certificate. The requirements of this paragraph shall be monitored and verified by the local school district which employs the holder of the career continuous professional certificate.

(c) A holder of a career continuous professional certificate shall be exempt from the professional development contact hour requirements of paragraph (b) of this subdivision if such teacher has a local professional development plan in place within such teacher's school district and meets two of the three following criteria:

- a. Has ten years of teaching experience as defined by the state board of education;
- b. Possesses a master's degree; or
- c. Obtains a rigorous national certification as approved by the state board of education.

4. Policies and procedures shall be established by which a teacher who was not retained due to a reduction in force may retain the current level of certification. There shall also be established policies and procedures allowing a teacher who has not been employed in an educational position for three years or more to reactivate his or her last level of certification by completing twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating his or her certificate.

5. The state board shall, upon completion of a background check as prescribed in section 168.133, issue a professional certificate classification in the areas most closely aligned with an applicant's current areas of certification, commensurate with the years of teaching experience of the applicant, to any person who is hired to teach in a public school in this state and who possesses a valid teaching certificate from another state or certification under subdivision (4) of subsection 1 of this section, provided that the certificate holder shall annually complete the state board's requirements for such level of certification, and shall establish policies by which residents of states other than the state of Missouri may be assessed a fee for a certificate license to teach in the public schools of Missouri. Such fee shall be in an amount sufficient to recover any or all costs associated with the issuing of a certificate of license to teach. The board shall promulgate rules to authorize the issuance of a provisional certificate of license, which shall allow the holder to assume classroom duties pending the completion of a criminal background check under section 168.133, for any applicant who:

- (1) Is the spouse of a member of the Armed Forces stationed in Missouri;

(2) Relocated from another state within one year of the date of application;
(3) Underwent a criminal background check in order to be issued a teaching certificate of license from another state; and

(4) Otherwise qualifies under this section.

6. The state board may assess to holders of an initial professional certificate a fee, to be deposited into the excellence in education revolving fund established pursuant to section 160.268, for the issuance of the career continuous professional certificate. However, such fee shall not exceed the combined costs of issuance and any criminal background check required as a condition of issuance. Applicants for the initial ABCTE certificate shall be responsible for any fees associated with the program leading to the issuance of the certificate, but nothing in this section shall prohibit a district from developing a policy that permits fee reimbursement.

7. Any member of the public school retirement system of Missouri who entered covered employment with ten or more years of educational experience in another state or states and held a certificate issued by another state and subsequently worked in a school district covered by the public school retirement system of Missouri for ten or more years who later became certificated in Missouri shall have that certificate dated back to his or her original date of employment in a Missouri public school.

[8. The provisions of subdivision (5) of subsection 1 of this section, as well as any other provision of this section relating to the American Board for Certification of Teacher Excellence, shall terminate on August 28, 2014.]"; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Funderburk, **House Amendment No. 3** was adopted.

Representative Roorda offered **House Amendment No. 4**.

2. For the purpose of this section, the dollar amount of authorized shares is the par value thereof in the case of shares with par value and is one dollar per share in the case of shares without par value.

3. 2. The secretary of state shall collect a fee of ten dollars upon being served with process under this chapter. The party to a proceeding causing service of process is entitled to recover the fee paid the secretary of state as costs if the party prevails in the proceeding.

3. The secretary of state shall collect the following fees for copying and certifying the copy of any filed document relating to a domestic or foreign corporation: in a written format fifty cents per page plus five dollars for certification, or in an electronic format five dollars for certification and copies.

4. Fees mandated in subdivisions (1) and (2) of subsection 1 of this section shall be waived when an initial officer or director of the nonprofit corporation includes a member of the Missouri National Guard or any other active duty military, resides in the state of Missouri, and verifiable proof is shown to the secretary of state of such service.

357.060. 1. For incorporation under this chapter as herein provided, there shall be paid to and collected by the state director of revenue a fee of fifty dollars for the first fifty thousand dollars or less of capital stock, and the further sum of five dollars for each additional ten thousand dollars of its capital stock. The limitation upon the aggregate amount of capital stock shall be the same as in respect to other corporations.

2. Fees mandated in subsection 1 of this section shall be waived when the association of persons signing the written articles of association and agreement includes a member of the Missouri National Guard or any other active duty military, resides in the state of Missouri, and verifiable proof is shown to the secretary of state of such service.

358.440. 1. To register as a limited liability partnership pursuant to this section, a written application shall be filed with the office of the secretary of state. The application shall set forth:

- (1) The name of the partnership;
- (2) The address of a registered office and the name and address of a registered agent for service of process required to be maintained by section 358.470;
- (3) The number of partners in the partnership at the date of application;
- (4) A brief statement of the principal business in which the partnership engages;
- (5) That the partnership thereby applies for registration as a registered limited liability partnership; and
- (6) Any other information the partnership determines to include in the application.

2. The application shall be signed on behalf of the partnership by a majority of the partners or by one or more partners authorized by a majority in interest of the partners to sign the application on behalf of the partnership.

3. The application shall be accompanied by a fee payable to the secretary of state of twenty-five dollars for each partner of the partnership, but the fee shall not exceed one hundred dollars. All moneys from the payment of this fee shall be deposited into the general revenue fund.

4. A person who files a document according to this section as an agent or fiduciary need not exhibit evidence of the partner's authority as a prerequisite to filing. Any signature on such document may be a facsimile. If the secretary of state finds that the filing conforms to law, the secretary of state shall:

- (1) Endorse on the copy the word "Filed" and the month, day and year of the filing;
- (2) File the original in the secretary of state's office; and
- (3) Return the copy to the person who filed it or to the person's representative.

5. A partnership becomes a registered limited liability partnership on the date of the filing in the office of the secretary of state of an application that, as to form, meets the requirements of subsections 1 and 2 of this section and that is accompanied by the fee specified in subsection 3 of this section, or at any later time specified in the application.

6. An initial application filed under subsection 1 of this section by a partnership registered by the secretary of state as a limited liability partnership expires one year after the date of registration unless earlier withdrawn or revoked or unless renewed in accordance with subsection 9 of this section.

7. If a person is included in the number of partners of a registered limited liability partnership set forth in an application, a renewal application or a certificate of amendment of an application or a renewal application, the inclusion of such person shall not be admissible as evidence in any action, suit or proceeding, whether civil, criminal, administrative or investigative, for the purpose of determining whether such person is liable as a partner of such registered limited liability partnership. The status of a partnership as a registered limited liability partnership and the liability of a partner of such registered limited liability partnership shall not be adversely affected if the number of partners stated in an application, a renewal application or a certificate of amendment of an application or a renewal application is erroneously stated provided that the application, renewal application or certificate of amendment of an application or a renewal application was filed in good faith.

8. Any person who files an application or a renewal application in the office of the secretary of state pursuant to this section shall not be required to file any other documents pursuant to chapter 417 which requires filing for fictitious names.

9. An effective registration may be renewed before its expiration by filing in duplicate with the secretary of state an application containing current information of the kind required in an initial application, including the registration number as assigned by the secretary of state. The renewal application shall be accompanied by a fee of one hundred dollars on the date of renewal plus, if the renewal increases the number of partners, fifty dollars for each partner added, but the fee shall not exceed two hundred dollars. All moneys from such fees shall be deposited into the general revenue fund. A renewal application filed under this section continues an effective registration for one year after the date the effective registration would otherwise expire.

10. A registration may be withdrawn by filing with the secretary of state a written withdrawal notice signed on behalf of the partnership by a majority of the partners or by one or more partners authorized by a majority of the partners to sign the notice on behalf of the partnership. A withdrawal notice shall include the name of the partnership, the date of registration of the partnership's last application under this section, and a current street address of the partnership's principal office in this state or outside the state, as applicable. A withdrawal notice terminates the registration of the partnership as a limited liability partnership as of the date of filing the notice in the office of the secretary of state. The withdrawal notice shall be accompanied by a filing fee of twenty dollars.

11. If a partnership that has registered pursuant to this section ceases to be registered as provided in subsection 6 or 10 of this section, that fact shall not affect the status of the partnership as a registered limited liability partnership prior to the date the partnership ceased to be registered pursuant to this section.

12. A document filed under this section may be amended or corrected by filing with the secretary of state articles of amendment, signed by a majority of the partners or by one or more partners authorized by a majority of the partners. The articles of amendment shall contain:

- (1) The name of the partnership;
- (2) The identity of the document being amended;
- (3) The part of the document being amended; and
- (4) The amendment or correction.

The articles of amendment shall be accompanied by a filing fee of twenty dollars plus, if the amendment increases the number of partners, fifty dollars for each partner added, but the fee shall not exceed two hundred dollars; provided that no amendment of an application or a renewal application is required as a result of a change after the application or renewal application is filed in the number of partners of the registered limited liability partnership or in the business in which the registered limited liability partnership engages. All moneys from such fees shall be deposited into the general revenue fund. The status of a partnership as a registered limited liability partnership shall not be affected by changes after the filing of an application or a renewal application in the information stated in the application or renewal application.

13. No later than ninety days after the happening of any of the following events, an amendment to an application or a renewal application reflecting the occurrence of the event or events shall be executed and filed by a majority in interest of the partners or by one or more partners authorized by a majority of the partners to execute an amendment to the application or renewal application:

- (1) A change in the name of the registered limited liability partnership;
- (2) Except as provided in subsections 2 and 3 of section 358.470, a change in the address of the registered office or a change in the name or address of the registered agent of the registered limited liability partnership.

14. Unless otherwise provided in this chapter or in the certificate of amendment of an application or a renewal application, a certificate of amendment of an application or a renewal application or a withdrawal notice of an application or a renewal application shall be effective at the time of its filing with the secretary of state.

15. The secretary of state may provide forms for the application specified in subsection 1 of this section, the renewal application specified in subsection 9 of this section, the withdrawal notice specified in subsection 10 of this section, and the amendment or correction specified in subsection 12 of this section.

16. The secretary of state may remove from its active records the registration of a partnership whose registration has been withdrawn, revoked or has expired.

17. The secretary of state may revoke the filing of a document filed under this section if the secretary of state determines that the filing fee for the document was paid by an instrument that was dishonored when presented by the state for payment. The secretary of state shall return the document and give notice of revocation to the filing party by regular mail. Failure to give or receive notice does not invalidate the revocation. A revocation of a filing does not affect an earlier filing.

18. If any person signs a document required or permitted to be filed pursuant to sections 358.440 to 358.500 which the person knows is false in any material respect with the intent that the document be delivered on behalf of a partnership to the secretary of state for filing, such person shall be guilty of a class A misdemeanor. Unintentional errors in the information set forth in an application filed pursuant to subsection 1 of this section, or changes in the information after the filing of the application, shall not affect the status of a partnership as a registered limited liability partnership.

19. Before transacting business in this state, a foreign registered limited liability partnership shall:

(1) Comply with any statutory or administrative registration or filing requirements governing the specific type of business in which the partnership is engaged; and

(2) Register as a limited liability partnership as provided in this section by filing an application which shall, in addition to the other matters required to be set forth in such application, include a statement:

(a) That the secretary is irrevocably appointed the agent of the foreign limited liability partnership for service of process if the limited liability partnership fails to maintain a registered agent in this state or if the agent cannot be found or served with the exercise of reasonable diligence; and

(b) Of the address of the office required to be maintained in the jurisdiction of its organization by the laws of that jurisdiction or, if not so required, of the principal office of the foreign limited liability partnership.

20. A partnership that registers as a limited liability partnership shall not be deemed to have dissolved as a result thereof and is for all purposes the same partnership that existed before the registration and continues to be a partnership under the laws of this state. If a registered limited liability partnership dissolves, a partnership which is a successor to such registered limited liability partnership and which intends to be a registered limited liability partnership shall not be required to file a new registration and shall be deemed to have filed any documents required or permitted under this chapter which were filed by the predecessor partnership.

21. Fees mandated in subsection 3 of this section shall be waived when a general partner of the partnership is a member of the Missouri National Guard or any other active duty military, resides in the state of Missouri, and verifiable proof is shown to the secretary of state of such service.

359.651. 1. The secretary of state shall charge the fee specified for filing the following:

(1) Certificates of limited partnership: One hundred dollars;

(2) Applications for registration of foreign limited partnerships and issuance of a certificate of registration to transact business in this state:
One hundred dollars;

(3) Amendments to and restatements of certificates of limited partnerships or to applications for registration of foreign limited partnerships or any other filing not otherwise provided for: Twenty dollars;

(4) Cancellations of certificates of limited partnerships or of registration of foreign limited partnerships:

(7) A partner list: One dollar each page;

(8) Reservation of name: Twenty dollars;

2. Fees mandated in subdivision (1) of subsection 1 of this section shall be waived when a general partner of the partnership is a member of the Missouri National Guard or any other active duty military, resides in the state of Missouri, and verifiable proof is shown to the secretary of state of such service.

394.250. 1. There shall be charged and collected for:

- (1) Filing articles of incorporation, ten dollars;
- (2) Filing articles of amendment, one dollar;
- (3) Filing articles of consolidation or merger, ten dollars;
- (4) Filing articles of conversion, ten dollars;
- (5) Filing certificate of election to dissolve, one dollar;
- (6) Filing articles of dissolution, two dollars; and
- (7) Filing certificate of change of principal office, two dollars.

2. All fees shall be made payable to and collected by the state director of revenue.

3. Fees mandated in subdivision (1) of subsection 1 of this section shall be waived when an initial member of the cooperative includes a member of the Missouri National Guard or any other active duty military, resides in the state of Missouri, and verifiable proof is shown to the secretary of state of such service.

417.220. 1. For the registration or renewal of each fictitious name under sections 417.200 to 417.230 there shall be paid to the state director of revenue a fee of two dollars if filed electronically in a format prescribed by the secretary of state or if filed in a written format prescribed by the secretary of state.

2. Representative Davis offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 117, Page 2, Section 253.048, Line 6, by inserting immediately after said line the following:

"452.413. 1. As used in this section, the following terms shall mean:

(1) "Deploying parent", a parent of a child less than eighteen years of age whose parental rights have not been terminated by a court of competent jurisdiction or a guardian of a child less than eighteen years of age who is deployed or who has received written orders to deploy with the United States Army, Navy, Air Force, Marine Corps, Coast Guard, National Guard, or any other reserve component thereof;

(2) "Deployment", military service in compliance with military orders received by a member of the United States Army, Navy, Air Force, Marine Corps, Coast Guard, National Guard, or any other reserve component thereof to report for combat operations, contingency operations, peacekeeping operations, temporary duty (TDY), a remote tour of duty, or other service for which the deploying parent is required to report unaccompanied by any family member. Military service includes a period during which a military parent remains subject to deployment orders and remains deployed on account of sickness, wounds, leave, or other lawful cause;

(3) "Military parent", a parent of a child less than eighteen years of age whose parental rights have not been terminated by a court of competent jurisdiction or a guardian of a child less than eighteen years of age who is a service member of the United States Army, Navy, Air Force, Marine Corps, Coast Guard, National Guard, or any other reserve component thereof;

(4) "Nondeploying parent", a parent or guardian not subject to deployment.

2. If a military parent is required to be separated from a child due to deployment, a court shall not enter a final order modifying the terms establishing custody or visitation contained in an existing order until ninety days after the deployment ends unless there is a written agreement by both parties.

3. In accordance with section 452.412, deployment or the potential for future deployment shall not be the sole factor supporting a change in circumstances or grounds sufficient to support a permanent modification of the custody or visitation terms established in an existing order.

4. (1) An existing order establishing the terms of custody or visitation in place at the time a military parent is deployed may be temporarily modified to make reasonable accommodation for the parties due to the deployment.

(2) A temporary modification order issued under this section shall provide that the deploying parent shall have custody of the child or reasonable visitation, whichever is applicable under the original order, during a period of leave granted to the deploying parent, unless it is not in the best interest of the child.

(3) Any court order modifying a previously ordered custody or visitation due to deployment shall specify that the deployment is the basis for the order and shall be entered by the court as a temporary order.

(4) Any such temporary custody or visitation order shall require the nondeploying parent to provide the court and the deploying parent with written notice of the nondeploying parent's address and telephone number, and update such information within seven days of any change. However, if a valid order of protection under chapter 455 from this or another jurisdiction is in effect that requires that the address or contact information of the parent who is not deployed be kept confidential, the notification shall be made to the court only, and a copy of the order shall be included in the notification. Nothing in this subdivision shall be construed to eliminate the requirements under section 452.377.

(5) Upon motion of a deploying parent, with reasonable advance notice and for good cause shown, the court shall hold an expedited hearing in any custody or visitation matters instituted under this section when the military duties of the deploying parent have a material effect on his or her ability or anticipated ability to appear in person at a regularly scheduled hearing.

5. (1) A temporary modification of such an order automatically ends no later than thirty days after the return of the deploying parent and the original terms of the custody or visitation order in place at the time of deployment are automatically reinstated.

(2) Nothing in this section shall limit the power of the court to conduct an expedited or emergency hearing regarding custody or visitation upon return of the deploying parent, and the court shall do so within ten days of the filing of a motion alleging an immediate danger or irreparable harm to the child.

(3) The nondeploying parent shall bear the burden of showing that reentry of the custody or visitation order in effect before the deployment is no longer in the child's best interests. The court shall set any nonemergency motion by the nondeploying parent for hearing within thirty days of the filing of the motion.

6. (1) Upon motion of the deploying parent or upon motion of a family member of the deploying parent with his or her consent, the court may delegate his or her visitation rights, or a portion of such rights, to a family member with a close and substantial relationship to the minor child or children for the duration of the deployment if it is in the best interest of the child.

(2) Such delegated visitation time or access does not create an entitlement or standing to assert separate rights to parent time or access for any person other than a parent, and shall terminate by operation of law upon the end of the deployment, as set forth in this section.

(3) Such delegated visitation time shall not exceed the visitation time granted to the deploying parent under the existing order; except that, the court may take into consideration the travel time necessary to transport the child for such delegated visitation time.

(4) In addition, there is a rebuttable presumption that a deployed parent's visitation rights shall not be delegated to a family member who has a history of perpetrating domestic violence as defined under section 455.010 against another family or household member, or delegated to a family member with an individual in the family member's household who has a history of perpetrating domestic violence against another family or household member.

(5) The person or persons to whom delegated visitation time has been granted shall have full legal standing to enforce such rights.

7. Upon motion of a deploying parent and upon reasonable advance notice and for good cause shown, the court shall permit such parent to present testimony and evidence by affidavit or electronic means in support, custody, and visitation matters instituted under this section when the military duties of such

parent have a material effect on his or her ability to appear in person at a regularly scheduled hearing. Electronic means includes communication by telephone, video conference, or the internet.

8. Any order entered under this section shall require that the nondeploying parent:

(1) Make the child or children reasonably available to the deploying parent when the deploying parent has leave;

(2) Facilitate opportunities for telephonic and electronic mail contact between the deploying parent and the child or children during deployment; and

(3) Receive timely information regarding the deploying parent's leave schedule.

9. (1) If there is no existing order establishing the terms of custody and visitation and it appears that deployment is imminent, upon the filing of initial pleadings and motion by either parent, the court shall expedite a hearing to establish temporary custody or visitation to ensure the deploying parent has access to the child, to ensure disclosure of information, to grant other rights and duties set forth in this section, and to provide other appropriate relief.

(2) Any initial pleading filed to establish custody or visitation for a child of a deploying parent shall be so identified at the time of filing by stating in the text of the pleading the specific facts related to deployment.

10. (1) Since military necessity may preclude court adjudication before deployment, the parties shall cooperate with each other in an effort to reach a mutually agreeable resolution of custody, visitation, and child support.

(2) A deploying parent shall provide a copy of his or her orders to the nondeploying parent promptly and without delay prior to deployment. Notification shall be made within ten days of receipt of deployment orders. If less than ten days notice is received by the deploying parent, notice shall be given immediately upon receipt of military orders. If all or part of the orders are classified or restricted as to release, the deploying parent shall provide, under the terms of this subdivision, all such nonclassified or nonrestricted information to the nondeploying parent.

11. In an action brought under this chapter, whenever the court declines to grant or extend a stay of proceedings under the Servicemembers Civil Relief Act, 50 U.S.C. Appendix Sections 521-522, and decides to proceed in the absence of the deployed parent, the court shall appoint a guardian ad litem to represent the minor child's interests.

12. Service of process on a nondeploying parent whose whereabouts are unknown may be accomplished in accordance with the provisions of section 506.160.

13. In determining whether a parent has failed to exercise visitation rights, the court shall not count any time periods during which the parent did not exercise visitation due to the material effect of such parent's military duties on visitation time.

14. Once an order for custody has been entered in Missouri, any absence of a child from this state during deployment shall be denominated a temporary absence for the purposes of application of the Uniform Child Custody Jurisdiction and Enforcement Act (UCCJEA). For the duration of the deployment, Missouri shall retain exclusive jurisdiction under the UCCJEA and deployment shall not be used as a basis to assert inconvenience of the forum under the UCCJEA.

15. In making determinations under this section, the court may award attorney's fees and costs based on the court's consideration of:

(1) The failure of either party to reasonably accommodate the other party in custody or visitation matters related to a military parent's service;

The coordinated strategy shall be modeled after the therapeutic jurisprudence principles and key components listed in subdivision (2) of this subsection, with treatment specific to the needs of veterans and servicemembers. The coordinated strategy may include a protocol of sanctions that may be imposed upon the participant for noncompliance with program rules. The protocol of sanctions may include, but not be limited to, placement in a treatment program offered by a licensed service provider or in a jail-based treatment program. The coordinated strategy shall be provided in writing to the participant before the participant agrees to enter into a veterans' treatment intervention program or other intervention program. A revocation of a filing does not affect an earlier filing.

18. If any person signs a document required or permitted to be filed pursuant to sections 358.440 to 358.500 which the person knows is false in any material respect with the intent that the document be delivered on behalf of a partnership to the secretary of state for filing, such person shall be guilty of a class A misdemeanor. HCS SS SB 34, relating to a workers' compensation claims database, was taken up by Representative Fraker.

Representative Schatz offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 34, Page 1, Section 287.980, Line 8, by inserting the following after all of said line:

"287.957. The experience rating plan shall contain reasonable eligibility standards, provide adequate incentives for loss prevention, and shall provide for sufficient premium differentials so as to encourage safety. The uniform experience rating plan shall be the exclusive means of providing prospective premium adjustment based upon measurement of the loss-producing characteristics of an individual insured. An insurer may submit a rating plan or plans providing for retrospective premium adjustments based upon an insured's past experience. Such system shall provide for retrospective adjustment of an experience modification and premiums paid pursuant to such experience modification where a prior reserved claim produced an experience modification that varied by greater than fifty percent from the experience modification that would have been established based on the settlement amount of that claim. The rating plan shall prohibit an adjustment to the experience modification of an employer if the total medical cost does not exceed [one thousand dollars] **twenty percent of the current split point of primary and excess losses under the uniform experience rating plan** and the employer pays all of the total medical costs and there is no lost time from the employment, other than the first three days or less of disability under subsection 1 of section 287.160, and no claim is filed. An employer opting to utilize this provision maintains an obligation to report the injury under subsection 1 of section 287.380.

287.975. 1. The advisory organization shall file with the director every pure premium rate, every manual of rating rules, every rating schedule and every change or amendment, or modification of any of the foregoing, proposed for use in this state no more than thirty days after it is distributed to members, subscribers or others.

2. The advisory organization which makes a uniform classification system for use in setting rates in this state shall collect data for two years after January 1, 1994, on the payroll differential between employers within the construction group of code classifications, including, but not limited to, payroll costs of the employer and number of hours worked by all employees of the employer engaged in construction work. Such data shall be transferred to the department of insurance, financial institutions and professional registration in a form prescribed by the director of the department of insurance, financial institutions and professional registration, and the department shall compile the data and develop a formula to equalize premium rates for employers within the construction group of code classifications based on such payroll differential within three years after the data is submitted by the advisory organization.

3. The formula to equalize premium rates for employers within the construction group of code classifications established under subsection 2 of this section shall be the formula in effect on January 1, 1999. This subsection shall be effective on January 1, 2014.

4. For purposes of calculating the premium credit under the Missouri contracting classification premium adjustment program, an employer within the construction group of code classifications may submit to the advisory organization the required payroll record information for the first, second, third, or fourth calendar quarter of the year prior to the workers' compensation policy beginning or renewal date, provided that the employer clearly indicates for which quarter the payroll information is being submitted."; and

House Amendment No. 2

AMEND House Committee Substitute for Senate Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 1, Page 24, Section 287.220, Line 192, by inserting after all of said section and line, the following:

"287.280. 1. Every employer subject to the provisions of this chapter shall, on either an individual or group basis, insure his **or her** entire liability [thereunder] **including workers' compensation and employer**

liability, except as hereafter provided, with some insurance carrier authorized to insure such liability in this state, except that an employer or group of employers may themselves carry the whole or any part of the liability without insurance upon satisfying the division of their ability so to do. If an employer or group of employers have qualified to self-insure their liability under this chapter, the division of workers' compensation may, if it finds after a hearing that the employer or group of employers are willfully and intentionally violating the provisions of this chapter with intent to defraud their employees of their right to compensation, suspend or revoke the right of the employer or group of employers to self-insure their liability. If the employer or group of employers fail to comply with this section, an injured employee or his dependents may elect after the injury either to bring an action against such employer or group of employers to recover damages for personal injury or death and it shall not be a defense that the injury or death was caused by the negligence of a fellow servant, or that the employee had assumed the risk of the injury or death, or that the injury or death was caused to any degree by the negligence of the employee; or to recover under this chapter with the compensation payments commuted and immediately payable; or, if the employee elects to do so, he or she may file a request with the division for payment to be made for medical expenses out of the second injury fund as provided in subsection 5 of section 287.220. If the employer or group of employers are carrying their own insurance, on the application of any person entitled to compensation and on proof of default in the payment of any installment, the division shall require the employer or group of employers to furnish security for the payment of the compensation, and if not given, all other compensation shall be commuted and become immediately payable; provided, that employers engaged in the mining business shall be required to insure only their liability hereunder to the extent of the equivalent of the maximum liability under this chapter for ten deaths in any one accident, but the employer or group of employers may carry their own risk for any excess liability. When a group of employers enter into an agreement to pool their liabilities under this chapter, individual members will not be required to qualify as individual self-insurers.

2. Groups of employers qualified to insure their liability pursuant to chapter 537 or this chapter, shall utilize a uniform experience rating plan promulgated by an approved advisory organization. Such groups shall develop experience ratings for their members based on the plan. Nothing in this section shall relieve an employer from remitting, without any charge to the employer, the employer's claims history to an approved advisory organization.

3. For every entity qualified to group self-insure their liability pursuant to this chapter or chapter 537, each entity shall not authorize total discounts for any individual member exceeding twenty-five percent beginning January 1, 1999. All discounts shall be based on objective quantitative factors and applied uniformly to all trust members.

4. Any group of employers that have qualified to self-insure their liability pursuant to this chapter shall file with the division premium rates, based on pure premium rate data, adjusted for loss development and loss trending as filed by the advisory organization with the department of insurance, financial institutions and professional registration pursuant to section 287.975, plus any estimated expenses and other factors or based on average rate classifications calculated by the department of insurance, financial institutions and professional registration as taken from the premium rates filed by the twenty insurance companies providing the greatest volume of workers' compensation insurance coverage in this state. The rate is inadequate if funds equal to the full ultimate cost of anticipated losses and loss adjustment expenses are not produced when the prospective loss costs are applied to anticipated payrolls. The provisions of this subsection shall not apply to those political subdivisions of this state that have qualified to self-insure their liability pursuant to this chapter as authorized by section 537.620 on an assessment plan. Any such group may file with the division a composite rate for all coverages provided under that section.

5. Any finding or determination made by the division under this section may be reviewed as provided in sections 287.470 and 287.480.

6. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

7. Any records submitted pursuant to this section, and pursuant to any rule promulgated by the division pursuant to this section, shall be considered confidential and not subject to chapter 610. Any party to a workers' compensation case involving the party that submitted the records shall be able to subpoena the records for use in a workers' compensation case, if the information is otherwise relevant."; and

House Amendment No. 4

AMEND House Committee Substitute for Senate Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 1, Page 4-5, Section 287.067, Lines 1-45, by deleting all of said section and lines from the bill and insert in lieu thereof the following:

"287.067. 1. In this chapter the term "occupational disease" is hereby defined to mean, unless a different meaning is clearly indicated by the context, an identifiable disease arising with or without human fault out of and in the course of the employment. Ordinary diseases of life to which the general public is exposed outside of the employment shall not be compensable, except where the diseases follow as an incident of an occupational disease as defined in this section. The disease need not to have been foreseen or expected but after its contraction it must appear to have had its origin in a risk connected with the employment and to have flowed from that source as a rational consequence.

2. An injury by occupational disease is compensable only if the occupational exposure was the prevailing factor in causing both the resulting medical condition and disability. The "prevailing factor" is defined to be the primary factor, in relation to any other factor, causing both the resulting medical condition and disability. Ordinary, gradual deterioration, or progressive degeneration of the body caused by aging or by the normal activities of day-to-day living shall not be compensable.

3. An injury due to repetitive motion is recognized as an occupational disease for purposes of this chapter. An occupational disease due to repetitive motion is compensable only if the occupational exposure was the prevailing factor in causing both the resulting medical condition and disability. The "prevailing factor" is defined to be the primary factor, in relation to any other factor, causing both the resulting medical condition and disability. Ordinary, gradual deterioration, or progressive degeneration of the body caused by aging or by the normal activities of day-to-day living shall not be compensable.

4. "Loss of hearing due to industrial noise" is recognized as an occupational disease for purposes of this chapter and is hereby defined to be a loss of hearing in one or both ears due to prolonged exposure to harmful noise in employment. "Harmful noise" means sound capable of producing occupational deafness.

5. "Radiation disability" is recognized as an occupational disease for purposes of this chapter and is hereby defined to be that disability due to radioactive properties or substances or to Roentgen rays (X-rays) or exposure to ionizing radiation caused by any process involving the use of or direct contact with radium or radioactive properties or substances or the use of or direct exposure to Roentgen rays (X-rays) or ionizing radiation.

6. Disease of the lungs or respiratory tract, hypotension, hypertension, or disease of the heart or cardiovascular system, including carcinoma, may be recognized as occupational diseases for the purposes of this chapter and are defined to be disability due to exposure to smoke, gases, carcinogens, inadequate oxygen, of paid firefighters of a paid fire department or paid police officers of a paid police department certified under chapter 590 if a direct causal relationship is established, or psychological stress of firefighters of a paid fire department **or paid peace officers of a police department who are certified under chapter 590** if a direct causal relationship is established.

7. Any employee who is exposed to and contracts any contagious or communicable disease arising out of and in the course of his or her employment shall be eligible for benefits under this chapter as an occupational disease.

8. With regard to occupational disease due to repetitive motion, if the exposure to the repetitive motion which is found to be the cause of the injury is for a period of less than three months and the evidence demonstrates that the exposure to the repetitive motion with the immediate prior employer was the prevailing factor in causing the injury, the prior employer shall be liable for such occupational disease."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

(5) "Killed in the line of duty", when [a person defined in this section] **any law enforcement officer, emergency medical technician, air ambulance pilot, air ambulance registered professional nurse, paramedic, or firefighter** loses [one's] **his or her** life as a result of an injury received in the active performance of [his or her duties within the ordinary scope of] **duties in** his or her respective profession [while the individual is on duty and but for the individual's performance, death would have not occurred], **if the death occurs as a natural and probable consequence of the injury or disease caused by the accident or violence of another within three hundred weeks from the date the injury was received and if that injury arose from violence of another or**

accidental cause subject to the provisions of this subdivision. The term excludes death resulting from the willful misconduct or intoxication of the law enforcement officer, emergency medical technician, air ambulance pilot, air ambulance registered professional nurse, **paramedic**, or firefighter. The division of workers' compensation shall have the burden of proving such willful misconduct or intoxication. **For law enforcement officers, emergency medical technicians, air ambulance pilots, air ambulance registered professional nurses, paramedics, and firefighters, the term shall include the death caused as a result of a willful act of violence committed by a person other than the officer, emergency medical technician, air ambulance pilot, air ambulance registered professional nurse, paramedic, or firefighter, and a relationship exists between the commission of such act and the individual's performance of his or her duties as a law enforcement officer, emergency medical technician, air ambulance pilot, air ambulance registered professional nurse, paramedic, or firefighter, regardless of whether the injury is received while the individual is on duty; or the injury is received by a law enforcement officer while he or she is attempting to prevent the commission of a criminal act of another person or attempting to apprehend an individual suspected of committing a crime, regardless of whether the injury is received while the individual is on duty as a law enforcement officer; or the injury is received by the individual while traveling to or from his or her employment or during any meal break, or other break, which takes place during the period in which the law enforcement officer, air ambulance pilot, air ambulance registered professional nurse, emergency medical technician, paramedic, or firefighter, is on duty;**

(6) "Law enforcement officer", any person employed by the state or a local governmental entity as a police officer, peace officer certified under chapter 590, or serving as an auxiliary police officer or in some like position involving the enforcement of the law and protection of the public interest at the risk of that person's life;

(7) "Local governmental entity", includes counties, municipalities, townships, board or other political subdivision, cities under special charter, or under the commission form of government, fire protection districts, ambulance districts, and municipal corporations;

(8) "State", the state of Missouri and its departments, divisions, boards, bureaus, commissions, authorities, and colleges and universities;

(9) "Volunteer firefighter", a person having principal employment other than as a firefighter, but who is carried on the rolls of a regularly constituted fire department either for the purpose of the prevention or control of fire or the underwater recovery of drowning victims, the members of which are under the jurisdiction of the corporate authorities of a city, village, incorporated town, or fire protection district. Volunteer firefighter shall not mean an individual who volunteers assistance without being regularly enrolled as a firefighter.

3. (1) A claim for compensation under this section shall be filed by the estate of the deceased with the division of workers' compensation not later than one year from the date of death of a law enforcement officer, emergency medical technician, air ambulance pilot, air ambulance registered professional nurse, or firefighter. If a claim is made within one year of the date of death of a law enforcement officer, emergency medical technician, air ambulance pilot, air ambulance registered professional nurse, or firefighter killed in the line of duty, compensation shall be paid, if the division finds that the claimant is entitled to compensation under this section.

(2) The amount of compensation paid to the claimant shall be twenty-five thousand dollars, subject to appropriation, for death occurring on or after June 19, 2009.

4. Notwithstanding subsection 3 of this section, no compensation is payable under this section unless a claim is filed within the time specified under this section setting forth:

(1) The name, address, and title or designation of the position in which the law enforcement officer, emergency medical technician, air ambulance pilot, air ambulance registered professional nurse, or firefighter was serving at the time of his or her death;

(2) The name and address of the claimant;

(3) A full, factual account of the circumstances resulting in or the course of events causing the death at issue; and

(4) Such other information that is reasonably required by the division.

When a claim is filed, the division of workers' compensation shall make an investigation for substantiation of matters set forth in the application.

5. The compensation provided for under this section is in addition to, and not exclusive of, any pension rights, death benefits, or other compensation the claimant may otherwise be entitled to by law.

6. Neither employers nor workers' compensation insurers shall have subrogation rights against any compensation awarded for claims under this section. Such compensation shall not be assignable, shall be exempt from attachment, garnishment, and execution, and shall not be subject to setoff or counterclaim, or be in any way liable for any debt, except that the division or commission may allow as lien on the compensation, reasonable

attorney's fees for services in connection with the proceedings for compensation if the services are found to be necessary. Such fees are subject to regulation as set forth in section 287.260.

7. Any person seeking compensation under this section who is aggrieved by the decision of the division of workers' compensation regarding his or her compensation claim, may make application for a hearing as provided in section 287.450. The procedures applicable to the processing of such hearings and determinations shall be those established by this chapter. Decisions of the administrative law judge under this section shall be binding, subject to review by either party under the provisions of section 287.480.

8. Pursuant to section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset six years after June 19, 2009, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.

9. The provisions of this section, unless specified, shall not be subject to other provisions of this chapter.

10. There is hereby created in the state treasury the "Line of Duty Compensation Fund", which shall consist of moneys appropriated to the fund and any voluntary contributions, gifts, or bequests to the fund. The state treasurer shall be custodian of the fund and shall approve disbursements from the fund in accordance with sections 30.170 and 30.180. Upon appropriation, money in the fund shall be used solely for paying claims under this section. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

11. The division shall promulgate rules to administer this section, including but not limited to the appointment of claims to multiple claimants, record retention, and procedures for information requests. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after June 19, 2009, shall be invalid and void."; and
