JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

THIRTY-SEVENTH DAY, THURSDAY, MARCH 13, 2014

The House met pursuant to adjournment.

Speaker Pro Tem Hoskins in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Be strong and of good courage; be not afraid, neither be thou dismayed; for the Lord your God is with you wherever you go. (Joshua 1:9)

Our Eternal God, our help in ages past and our hope for years to come, our help and our hope in this present hour - in all reverence of mind and with true humility of spirit we lift our hearts unto You seeking strength and wisdom from Your never-failing and ever-faithful presence.

In this hour before we enjoy our spring break, as we turn another page in the glorious history of the Missouri House, may we be strengthened with might by Your Spirit that we may meet these demanding days with creative courage and become more than a match for the mood of these tough times.

Bless our Speaker, our Representatives, those employed by our State, and all those in the Armed Forces. Grant that together we may grow deeper in our faith, have broader sympathy, higher vision, greater love and keep us safe as we travel.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Noah Krueger, Elizabeth Mehmert, Joseph Pletz, Cameron Grayson, Sydney Robertson and Meg Barninger.

The Journal of the thirty-sixth day was approved as corrected.

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

THIRTY-NINTH DAY, MONDAY, MARCH 24, 2014

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Representative Rick Brattin.

Good gracious Heavenly Father,

We come before You today asking for Your Spirit to fall upon everyone here in this general assembly, and upon all who serve the people of our state. We pray that You embolden us, strengthen us to do Your perfect will - to fulfill Your perfect plan on this earth and in this great state.

We are now halfway through this legislative session and now more than ever we need Your Spirit to guide us, and to lead us. We need Your Spirit to remove the veil of sin from our eyes, so that we may do what is right, and good in Your eyes, not for what is right in the sight of man and the world.

Lord, we pray with all of our hearts for Your divine mercy, and for Your divine grace to be poured out upon our state so that we may be that shining city on a hill, the light in the darkness. And we pray all of this in Christ's great name!

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the thirty-seventh day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

FORTIETH DAY, TUESDAY, MARCH 25, 2014

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Be strong and of good courage; be not afraid, neither be thou dismayed; for the Lord your God is with you wherever you go. (Joshua 1:9)

Loving and Almighty God, whose goodness never fails and whose love never fades, as we bow before You in this quiet Missouri moment, we pray that You will fill us with Your Spirit that we may be made ready with steady faith and faithful love to face the shifting scenes of our economic times. In the discharge of our duties, enable us to be confident and courageous, keeping our trust in You, our concerns for the welfare of our state, and our belief in good will among us and the fine people we represent.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Lydia Jouret, Zachariah Jouret, and P.J. Wuennenberg.

(2) "Insurance company" or "insurer", any person, reciprocal exchange, interinsurer, or any other legal entity licensed and authorized by the director to write inland marine coverage;

(3) "Insurance producer" or "producer", a person required to be licensed under the laws of this state to sell, solicit, or negotiate insurance;

(4) "License", the same meaning as such term is defined in section 375.012;

(5) "Location", any physical location in this state or any website, call center site, or similar location directed to residents of this state;

- (6) "Negotiate", the same meaning as such term is defined in section 375.012;

- (8) "Operator", the owner, operator, lessor, or sublessor of a self-service storage facility, or an agent or any other person authorized to manage the facility; except that, the term "operator" does not include a warehouseman unless the operator issues a warehouse receipt, bill of lading, or other document of title for the personal property stored;
- (9) "Person", an individual or business entity;
- (10) "Personal property", movable property which is not affixed to land including, but not limited to, goods, wares, merchandise, motor vehicles, watercraft, household items, and furnishings;
- (11) "Self storage insurance", an insurance policy issued by an insurer which may be offered on a month-to-month or other periodic basis as a group or master commercial inland marine policy issued to an operator of self storage units under which individual occupants may elect to enroll for coverage for hazard insurance coverage for the loss of, or damage to, tangible personal property in storage or in transit during the rental period;
- (12) "Self storage insurance license", a license to sell or solicit self storage insurance;

- (15) "Solicit", the same meaning as such term is defined in section 375.012;
- (16) "Supervising business entity", the insurer or a licensed business entity producer designated by the insurer to supervise the actions of an operator.

379.1645. 1. No operator shall sell or solicit self storage insurance coverage in this state unless such operator has obtained a self storage insurance license.

2. An operator applying for a self storage insurance license shall make an application to the director on the prescribed form as required. On the prescribed form, the operator shall be required to provide the name of an employee or officer of the operator who is designated by the operator as the person responsible for the operator's compliance with the requirements of this section, and such designated responsible person shall not be required to hold an insurance producer license. Such license shall authorize an employee or authorized representative of an operator to sell or offer coverage under a policy of self storage insurance to an occupant at each location at which the operator engages in a self storage transaction.

3. Any operator licensed under sections 379.1640 to 379.1690 shall pay an initial license fee to the director in an amount prescribed by the director by rule, but not to exceed one hundred fifty dollars, and shall pay a renewal fee in an amount prescribed by the director by rule, but not to exceed one hundred dollars. License fees shall be deposited in the insurance dedicated fund.

4. Notwithstanding any provision of sections 375.012 to 375.018, a self storage insurance license, if not renewed by the director by its expiration date, shall terminate on its expiration date and shall not after such date authorize its holder to sell or solicit any self storage insurance under sections 379.1640 to 379.1690.

379.1650. 1. An operator shall have the obligation to ensure that every location that is authorized to sell, solicit, or negotiate self storage insurance to occupants shall have specific brochures available to prospective occupants which:

- (1) Disclose that self storage insurance may provide a duplication of coverage already provided by an occupant's homeowner's, renter's, or other source of coverage;
- (2) State that the enrollment by the occupant in a self storage insurance program is not required in order to lease self storage units;
- (3) Summarize the material terms of the insurance coverage, including:

- (a) The identity of the insurer;
 - (b) The identity of the supervising business entity;
 - (c) The amount of any applicable deductible and how it is to be paid;
 - (d) Benefits of the coverage; and
 - (e) Key terms and conditions of coverage;
- (4) Summarize the process for filing a claim; and
- (5) State that the occupant may cancel enrollment for coverage under a self storage insurance policy at any time and receive a refund of any unearned premium on a pro rata basis.

2. Eligibility and underwriting standards for occupants electing to enroll in coverage shall be established for each self storage insurance program. Each insurer shall maintain all eligibility and underwriting records for a period of five years. Self storage insurance issued under sections 379.1640 to 379.1690 shall be deemed primary coverage over any other collateral coverage and any policy or certificate of coverage issued subsequent to January 1, 2015, shall contain a disclosure to that effect. A policy or certificate of coverage shall be made available to prospective occupants at the point of sale or delivered to an enrolled occupant within sixty days from the date an occupant enrolls for coverage.

3. Insurers offering self storage insurance coverage through operators shall appoint a supervising business entity to supervise the administration of the program. The supervising business entity shall be responsible for the development of a training program for employees and authorized representatives of an operator, and shall include basic instruction about the self storage insurance offered to occupants and the disclosures required under this section.

4. Insurers and applicable supervising business entities offering self storage insurance shall share all complaints, grievances, or inquiries regarding any conduct that is specific to an operator and that may not comply with applicable state laws and regulations.

5. A supervising business entity shall maintain a registry of operator locations which are authorized to sell or solicit self storage insurance coverage in this state. Upon request by the director and with ten days' notice to the supervising business entity, the registry shall be open to inspection and examination by the director during regular business hours of the supervising business entity.

6. Within thirty days of a supervising business entity terminating an operator location's appointment to sell or solicit self storage insurance, the supervising business entity shall update the registry with the effective date of termination. If a supervising business entity has possession of information relating to any cause for discipline under section 375.141, the supervising business entity shall notify the director of such information in writing. The privileges and immunities applicable to insurers under section 375.022 shall apply to supervising business entities for any information reported under this subsection.

7. The supervising business entity shall not charge a fee for adding or removing an operator location from the registry.

8. No employee or authorized representative of an operator shall advertise, represent, or otherwise hold himself or herself out as an insurance producer unless such employee or authorized representative is otherwise licensed as an insurance producer.

9. The training required in subsection 3 of this section shall be delivered to all employees and authorized representatives of the operators who are directly engaged in the activity of selling self storage insurance in this state. The training may be provided in electronic form. However, if conducted in an electronic form, the supervising business entity shall implement a supplemental education program regarding the self storage insurance product that is conducted and overseen by licensed employees of the supervising business entity.

10. The charges for self storage insurance coverage may be billed and collected by the operator. Any charge to the occupant that is not included in the cost associated with the lease of self storage or related services shall be separately itemized on the occupant's bill. If the self storage insurance is included in the lease of a self storage unit, the operator shall clearly and conspicuously disclose to the occupant that the self storage insurance coverage is included with the self storage lease. Operators billing and collecting such charges shall not be required to maintain such funds in a segregated account, provided that the insurer authorized the operator to hold such funds in an alternative manner and remits such amounts to the supervising business entity within forty-five days of receipt. All funds received by an operator from an occupant for the sale of self storage insurance shall be considered funds held in trust by the operator in a fiduciary capacity for the benefit of the insurer. Operators shall maintain all records related to the purchase of self storage insurance for a period of three years from the date of purchase.

379.1655. Persons licensed as operators shall be subject to the provisions of sections 375.012 to 375.014, 375.018, 375.031, 375.046, 375.051, 375.052, 375.071, 375.106, 375.116, 375.141, and 375.144 of the insurance producers act.

379.1660. 1. The director may suspend, revoke, or refuse to issue any license or renew any license required by the provisions of sections 379.1640 to 379.1690 for any reason listed in section 375.141 or for any one or more of the following causes:

- (1) Use of any advertisement or solicitation that is false, misleading, or deceptive to the general public or persons to whom the advertisement or solicitation is primarily directed;
- (2) Obtaining or attempting to obtain any fee, charge, tuition, or other compensation by fraud, deception, or misrepresentation;
- (3) Violation of any professional trust or confidence.

2. The director may impose other penalties that the director deems necessary and reasonable to carry out the purposes of sections 379.1640 to 379.1690, including:

- (1) Suspending the privilege of transacting self storage insurance under sections 379.1640 to 379.1690 at specific locations where violations have occurred; and
- (2) Suspending or revoking the ability of individual employees or authorized representatives to act under the license.

379.1665. Operators shall be subject to the investigation and examination provisions of section 374.190.

379.1670. Premiums received by an operator or supervising business entity shall be deemed received by the insurer. Insurers may require occupants to provide proof of purchase.

379.1675. If the director determines that a person has engaged, is engaging in, or has taken a substantial step toward engaging in an act, practice, or course of business constituting a violation of sections 379.1640 to 379.1690 or rule adopted or order issued thereunder, or that a person has materially aided or is materially aiding an act, practice, omission, or course of business constituting a violation of sections 379.1640 to 379.1690, or a rule adopted or order issued thereunder, the director may:

- (1) Issue such administrative orders as authorized under section 374.046; or
- (2) Maintain a civil action for relief authorized under section 374.048.

A violation of sections 379.1640 to 379.1690 or rule adopted or order issued thereunder is a level two violation under section 374.049.

379.1680. The license of a supervising business entity may be suspended, revoked, renewal refused, or an application refused if the director finds that a violation by a self storage insurance operator was known or should have been known by the supervising business entity, and the violation was neither reported to the director nor corrective action taken. A violation of this section is a level three violation under section 374.049.

379.1685. Notwithstanding any other provision of law:

(1) An insurer may terminate or otherwise change the terms and conditions of a policy of self storage insurance only upon providing the policyholder and enrolled occupants with at least thirty days' notice;

(2) If the insurer changes the terms and conditions of a policy of self storage insurance, the insurer shall provide the operator with a revised policy or endorsement and each enrolled occupant with a revised certificate, endorsement, updated brochure, or other evidence indicating a change in the terms and conditions has occurred and a summary of material changes;

(3) Notwithstanding subdivision (1) of this section, an insurer may terminate an enrolled occupant's enrollment under a self storage insurance policy upon fifteen days' notice for discovery of fraud or material misrepresentation in obtaining coverage or in the presentation of a claim thereunder;

(4) Notwithstanding subdivision (1) of this section, an insurer may immediately terminate an enrolled occupant's enrollment under a self storage insurance policy:

(a) For nonpayment of premium;

(b) If the enrolled occupant ceases to have an active lease agreement with the operator of self storage units; or

(c) If an enrolled occupant exhausts the aggregate limit of liability, if any, under the terms of the self storage insurance policy and the insurer sends notice of termination to the occupant within thirty calendar days after exhaustion of the limit. However, if the notice is not timely sent, enrollment and coverage shall continue, notwithstanding the aggregate limit of liability until the insurer sends notice of termination to the enrolled occupant;

(5) If a self storage insurance policy is terminated by an operator, the operator shall mail or deliver written notice to each enrolled occupant advising the occupant of the termination of the policy and the effective date of termination. The written notice shall be mailed or delivered to the occupant at least thirty days prior to the termination;

(6) Whenever notice is required under this section, it shall be in writing and may be mailed or delivered to the operator at the operator's mailing address and to its affected enrolled occupants' last known mailing addresses on file with the insurer. If notice is mailed, the insurer or operator, as the case may be, shall maintain proof of mailing in a form authorized or accepted by the United States Postal Service or other commercial mail delivery service. Alternatively, an insurer or operator may comply with any notice required by this section by providing electronic notice to an operator or its affected enrolled occupants, as the case may be, by electronic means. Additionally, if an insurer or operator provides electronic notice to an affected enrolled occupant and such delivery by electronic means is not available or is undeliverable, the insurer or operator shall provide written notice to the enrolled occupant by mail in accordance with this section. If notice is accomplished through electronic means, the insurer or operator, as the case may be, shall maintain proof that the notice was sent.

379.1690. 1. The director may promulgate rules to implement the provisions of sections 379.1640 to 379.1690. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in sections 379.1640 to 379.1690 shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. Sections 379.1640 to 379.1690 and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void."; and

Further amend said bill, Section 415.425, Page 5, Line 4, by inserting after all of said section and line the following:

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

FORTY-FIRST DAY, WEDNESDAY, MARCH 26, 2014

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Depart from evil and do good; seek peace and pursue it. (Psalm 34:14)

O Eternal God of our spirits, whose creative Spirit is ever summoning us to new horizons of thought and action – we pause in Your presence to offer unto You the devotion of our hearts as we pray for peace and harmony within our state.

We pray that we with all the citizens of Missouri may be open to the leadership of Your Spirit. As technology has made the world a neighborhood, grant that by Your spiritual guidance we can make the world a family.

May fear, suspicion, and hatred pass away from our hearts. May strife between us cease, may special justice and sincere friendship be established, the oppressed be liberated, the downtrodden be uplifted, and upon those who sit in darkness may Your light shine.

And the House says, “Amen!”

The Pledge of Allegiance to the flag was recited.

Representative Diehl moved that Rule 94 be suspended in observance of the American Cancer Society “Suits & Sneakers” Day.

Which motion was adopted by the following vote:

"302.171. 1. The director shall verify that an applicant for a driver's license is a Missouri resident or national of the United States or a noncitizen with a lawful immigration status, and a Missouri resident before accepting the application. The director shall not issue a driver's license for a period that exceeds the duration of an applicant's lawful immigration status in the United States. The director may establish procedures to verify the Missouri residency or United States naturalization or lawful immigration status and Missouri residency of the applicant and establish the duration of any driver's license issued under this section. An application for a license shall be made upon an approved form furnished by the director. Every application shall state the full name, Social Security number, age, height, weight, color of eyes, sex, residence, mailing address of the applicant, and the classification for which the applicant has been licensed, and, if so, when and by what state, and whether or not such license has ever been suspended, revoked, or disqualified, and, if revoked, suspended or disqualified, the date and reason for such suspension, revocation or disqualification and whether the applicant is making a one dollar donation to promote an organ donation program as prescribed in subsection 2 of this section. A driver's license, nondriver's license, or instruction permit issued under this chapter shall contain the applicant's legal name as it appears on a birth certificate or as legally changed through marriage or court order. No name change by common usage based on common law shall be permitted. The application shall also contain such information as the director may require to enable the director to determine the applicant's qualification for driving a motor vehicle; and shall state whether or not the applicant has been convicted in this or any other state for violating the laws of this or any other state or any ordinance of any municipality, relating to driving without a license, careless driving, or driving while intoxicated, or failing to stop after an accident and disclosing the applicant's identity, or driving a motor vehicle without the owner's consent. The application shall contain a certification by the applicant as to the truth of the facts stated therein. Every person who applies for a license to operate a motor vehicle who is less than twenty-one years of age shall be provided with educational materials relating to the hazards of driving while intoxicated, including information on penalties imposed by law for violation of the intoxication-related offenses of the state. Beginning January 1, 2001, if the applicant is less than eighteen years of age, the applicant must comply with all requirements for the issuance of an intermediate driver's license pursuant to section 302.178. 2. An applicant for a license may make a donation of one dollar to promote an organ donor program. The director of revenue shall collect the donations and deposit all such donations in the state treasury to the credit of the organ donor program fund established in sections 194.297 to 194.304. Moneys in the organ donor program fund shall be used solely for the purposes established in sections 194.297 to 194.304 except that the department of

revenue shall retain no more than one percent for its administrative costs. The donation prescribed in this subsection is voluntary and may be refused by the applicant for the license at the time of issuance or renewal of the license. The director shall make available an informational booklet or other informational sources on the importance of organ and tissue donations to applicants for licensure as designed by the organ donation advisory committee established in sections 194.297 to 194.304. The director shall inquire of each applicant at the time the licensee presents the completed application to the director whether the applicant is interested in making the one dollar donation prescribed in this subsection and whether the applicant is interested in inclusion in the organ donor registry and shall also specifically inform the licensee of the ability to consent to organ donation by completing the form on the reverse of the license that the applicant will receive in the manner prescribed by subdivision (1) of subsection 1 of section 194.225. A symbol shall be placed on the front of the document indicating the applicant's desire to be listed in the registry. The director shall notify the department of health and senior services of information obtained from applicants who indicate to the director that they are interested in registry participation, and the department of health and senior services shall enter the complete name, address, date of birth, race, gender and a unique personal identifier in the registry established in subsection 1 of section 194.304.

3. An applicant for a license may make a donation of one dollar to promote a blindness education, screening and treatment program. The director of revenue shall collect the donations and deposit all such donations in the state treasury to the credit of the blindness education, screening and treatment program fund established in section 192.935. Moneys in the blindness education, screening and treatment program fund shall be used solely for the purposes established in section 192.935 except that the department of revenue shall retain no more than one percent for its administrative costs. The donation prescribed in this subsection is voluntary and may be refused by the applicant for the license at the time of issuance or renewal of the license. The director shall inquire of each applicant at the time the licensee presents the completed application to the director whether the applicant is interested in making the one dollar donation prescribed in this subsection.

4. Beginning July 1, 2005, the director shall deny the driving privilege of any person who commits fraud or deception during the examination process or who makes application for an instruction permit, driver's license, or nondriver's license which contains or is substantiated with false or fraudulent information or documentation, or who knowingly conceals a material fact or otherwise commits a fraud in any such application. The period of denial shall be one year from the effective date of the denial notice sent by the director. The denial shall become effective ten days after the date the denial notice is mailed to the person. The notice shall be mailed to the person at the last known address shown on the person's driving record. The notice shall be deemed received three days after mailing unless returned by the postal authorities. No such individual shall reapply for a driver's examination, instruction permit, driver's license, or nondriver's license until the period of denial is completed. No individual who is denied the driving privilege under this section shall be eligible for a limited driving privilege issued under section 302.309.

5. All appeals of denials under this section shall be made as required by section 302.311.

6. The period of limitation for criminal prosecution under this section shall be extended under subdivision (1) of subsection 3 of section 556.036.

7. The director may promulgate rules and regulations necessary to administer and enforce this section. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536.

8. Notwithstanding any provision of this chapter that requires an applicant to provide proof of Missouri residency for renewal of a noncommercial driver's license, noncommercial instruction permit, or nondriver's license, an applicant who is sixty-five years and older and who was previously issued a Missouri noncommercial driver's license, noncommercial instruction permit, or Missouri nondriver's license is exempt from showing proof of Missouri residency.

9. Notwithstanding any provision of this chapter, for the renewal of a noncommercial driver's license, noncommercial instruction permit, or nondriver's license, a photocopy of an applicant's United States birth certificate along with another form of identification approved by the department of revenue, including, but not limited to, United States military identification or United States military discharge papers, shall constitute sufficient proof of Missouri citizenship.

10. Notwithstanding any other provision of this chapter, if an applicant does not meet the requirements of subsection 8 of this section and does not have the required documents to prove Missouri residency, United States naturalization, or lawful immigration status, the department may issue a one-year driver's license renewal. This one-time renewal shall only be issued to an applicant who previously has held a Missouri noncommercial driver's license, noncommercial instruction permit, or nondriver's license for a period of fifteen years or more and who does not have the required documents to prove Missouri residency, United States naturalization, or lawful immigration status.

After the expiration of the one-year period, no further renewal shall be provided without the applicant producing proof of Missouri residency, United States naturalization, or lawful immigration status.

11. Notwithstanding any other provision of law, no later than January 2, 2016, the department shall implement same-day service for license issuance and renewal in which an applicant's license is printed in the individual license office and is issued to the applicant at the time of his or her application."; and

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

FORTY-SECOND DAY, THURSDAY, MARCH 27, 2014

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

*Rejoice always, pray without ceasing, in everything give thanks for this is the will of God for you.
(1 Thessalonians 5:16, 17, 18)*

Ancient and Eternal God, in the still of this moment we would climb the stairway of prayer that leads to the Upper Room where we may realize anew Your divine presence. You are our refuge and strength and in every hour of trouble You are our ever-present help.

As we pray, light the lamps of faith, hope and love in our hearts that we may see our way more clearly through the tangled trails and maddening maze of this busy day. Guide our feet in the way we should go that we may walk uprightly without anxious fear and with abiding faith. Keep our minds clear, our hearts clean, and our hands clever that our service to Missouri may be constructive and our leadership creative.

By the power of Your Spirit alive within us may we exercise our faith, expand our sympathy, and extend our horizons. Through all of life make us mindful of Your presence which goes with us always and all the way to heaven.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Sarah Kempker and Kaci Ann Byrd.

Representative Tim Jones
Speaker of the House of Representatives
State Capitol
Jefferson City, MO 65101

Dear Mr. Speaker,

The following House Resolutions have been offered and submitted to your Committee on Rules. Your Committee on Rules approves the following 2014 Resolution requests.

HR 904, HR 1270 and HR 585

These resolutions request the use of the House Chamber for various organizational meetings, when it is not in use. As in the past, the procedure is to instruct Brad Werner to schedule the use of the Chamber for those groups. This practice saves floor time and has worked well in the past years.

Thank you for your attention to this matter.

Very truly yours,

HOUSE RESOLUTIONS

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

FORTY-THIRD DAY, MONDAY, MARCH 31, 2014

The House met pursuant to adjournment.

Speaker Pro Tem Hoskins in the Chair.

Prayer by Representative Lindell Shumake.

May we echo today what the psalmist said in *Psalms 118 verse 24*, "This is the day the Lord hath made, we will rejoice and be glad in it."

Lord, we come before You, as the people of Missouri, in acknowledgment of our utter need and dependence on You. As we approach the business of a new day and a new week, we ask for Your divine favor and wisdom. Help us all, Lord, to understand our position as Your servants, and also servants of those we represent. I ask, Lord, that You would bless each one in this assembly in their own right. Remember those who are experiencing sicknesses or the recent loss of loved ones. Strengthen our family relationships that we also may serve as examples to our fellow citizens.

Show us those issues of the day that are closest to Your heart. Help us remember, Lord, as we communicate one with another, that we are all made in Your image and likeness. Please remember also, the needs of those who serve in our executive and judicial branches of government. Thank you, Lord, for being who You are and blessing the people of the Great State of Missouri. In Jesus' name.

And the House says, "Amen."

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-second day was approved as corrected.

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

FORTY-FOURTH DAY, TUESDAY, APRIL 1, 2014

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

God is spirit; and they that worship Him must worship Him in spirit and in truth. (John 4:24)

O God of Mercy, who has spoken to Your past and who is speaking to us in the present, help us to hear Your word this day. Each time we come to You we bring the same discouragements and the same desires. We ask for help without any honest endeavor on our part to discipline ourselves to receive it. Help us to learn discipline!

Forgive us, O Lord, forgive our petitions made without any promise of performance on our part, our requests spoken without any renewal of spirit in our hearts, our words uttered without any serious intention in our minds. Grant us light by which to see, love by which to live, and faith by which to act that we may be redeemed from the error of our ways and be delivered from the evil that infests the world.

Help us now to make a new beginning, to remove the spirit of bitterness and resentment, to reduce our anxieties and our prejudices, and to work together for the good of Missouri, and the welfare and peace of all people.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Austin Collier, Emilee Goebel, Rory Hetz and David Cleveland.

The Journal of the forty-third day was approved as printed.

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

FORTY-FIFTH DAY, WEDNESDAY, APRIL 2, 2014

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Let the word of God dwell in you richly with all wisdom. (Colossians 3:16)

Almighty God, in whose presence our anxious spirits are quieted, our tense minds become rested, and our worried souls find peace, we wait upon You in this moment of prayer, seeking a renewal of our strength, a restoration of our patience, and a reawakening of our faith on this rainy day.

Today could be a time of trial and trouble, of distress and disappointment, of stress and strain. We need the guidance of Your Spirit and the power of Your presence. Give them to us as we pray that we may lead our citizens and Missouri into the paths of peace with liberty and justice for all.

Bless all who work under the dome of this Capitol. May Your Spirit dwell richly in their hearts as they carry their responsibilities, do their duties, and direct the affairs of our beloved state. With the faith of our Founding Fathers and Mothers, may we fly the flag of freedom forever and forever.

Finally, we remember our colleague, Representative Rory Ellinger whose health is impaired. Grant him strength, peace, and joy.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Alan J. Gray, III and Ethan Amare Gray.

The Journal of the forty-fourth day was approved as printed.

HOUSE RESOLUTIONS

HR 777 - Scharnhorst

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

FORTY-SIXTH DAY, THURSDAY, APRIL 3, 2014

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Thou shalt keep the commandments of the Lord, thy God, to walk in His ways and to fear Him. (Deuteronomy 8:6)

O Lord, our God, Ruler of nations and the Creator of all, we come together in this opening moment to unite our hearts in prayer to You.

Continue to look with Your favor upon our state and upon our people. Protect us from storms. We have become great among the states of the United States and we pray that You will keep us great – in faith, in fellowship, and in the fruits of our political life. Help us to remember that this greatness comes from You and that we are to use it in Your service and for the good of all.

Save us from pride and prejudice, from superficiality and stupidity. Make us ever mindful of the needs of others and keep us resolute in our determination to promote harmony among all, to produce justice for all, and to proclaim freedom to all.

And the House says, “Amen!”

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Nieasia Taylor.

The Journal of the forty-fifth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

FORTY-SEVENTH DAY, MONDAY, APRIL 7, 2014

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Representative Ken Wilson.

Father, as we pray for Your blessings upon the members of this House of Representatives, we are not unmindful of those in the gallery who join us in this prayer. Today Father we pray for Your gift of contentment, that we may not waste our time desiring more, but learn to use and enjoy what we have. We pray that the members of this body may work together in this Chamber, in committees and in our offices. We pray for strength to stand up under the strains and tensions of problems and decisions, of meetings and the endless demands made upon us.

Father, You have taught us that we do not need to be rich to be generous; we do not have to have all wisdom to be understanding. Our influence may not be great, but it can be good. Our speech may not be eloquent, but it can be truthful and sincere. May we be able to disagree without being disagreeable and differ without being difficult. May our conscience be clear that we can have peace of mind among all of us. May we be kind to one another, tender-hearted, and forgive one another, just as You have forgiven each of us. Then shall we be wise.

And the House says, "Amen."

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Emily Hays.

The Journal of the forty-sixth day was approved as printed.

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

FORTY-EIGHTH DAY, TUESDAY, APRIL 8, 2014

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Msgr. Robert A. Kurwicky, Chaplain.

You shall know the truth, and the truth shall make you free. (John 8:32)

Almighty God, we pause in Your presence in the midst of this busy day, lifting our spirits to You to whom all hearts are open, all desires known, and from whom no secrets are hidden. Teach us to pray that Your Spirit may increasingly be a reality in our hearts and, becoming real, hold us steady and keep us steadfast that we may not act hastily without facts but hopefully with faith and love.

We are distressed by the difficulties we are facing, weighed down by worry, burdened by bitterness, and disturbed by doubt. Help us to be creatively concerned and with confident certainty to make decisions wisely for our good and for the good of all in our state.

Give us the strength to carry on, believing that every experience that comes our way and every event that takes place in Missouri we can meet and meet with honor to ourselves, to our fellow citizens, and to You.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Sarah Williams, Mason Wodicker, and Toby Stagner.

The Journal of the forty-seventh day was approved as printed.

AMEND House Committee Substitute for House Bill Nos. 1179 & 1765, Page 1, in the Title, Line 4, by inserting after the word, "events," the following words, "motor fuel,"; and

Further amend said bill, page, Section 136.300, Line 13, by inserting after all of said section the following:

"142.815. 1. Motor fuel used for the following nonhighway purposes is exempt from the fuel tax imposed by this chapter, and a refund may be claimed by the consumer, except as provided for in subdivision (1) of this subsection, if the tax has been paid and no refund has been previously issued:

(1) Motor fuel used for nonhighway purposes including fuel for farm tractors or stationary engines owned or leased and operated by any person and used exclusively for agricultural purposes and including, beginning January 1, 2006, bulk sales of one hundred gallons or more of gasoline made to farmers and delivered by the ultimate vender to a farm location for agricultural purposes only. As used in this section, the term "farmer" shall mean any person engaged in farming in an authorized farm corporation, family farm, or family farm corporation as defined in section 350.010. At the discretion of the ultimate vender, the refund may be claimed by the ultimate vender on behalf of the consumer for sales made to farmers and to persons engaged in construction for agricultural purposes as defined in section 142.800. After December 31, 2000, the refund may be claimed only by the consumer and may not be claimed by the ultimate vender unless bulk sales of gasoline are made to a farmer after January 1, 2006, as provided in this subdivision and the farmer provides an exemption certificate to the ultimate vender, in which case the ultimate vender may make a claim for refund under section 142.824 but shall be liable for any erroneous refund;

(2) Kerosene sold for use as fuel to generate power in aircraft engines, whether in aircraft or for training, testing or research purposes of aircraft engines;

(3) Diesel fuel used as heating oil, or in railroad locomotives or any other motorized flanged-wheel rail equipment, or used for other nonhighway purposes other than as expressly exempted pursuant to another provision.

2. Subject to the procedural requirements and conditions set out in this chapter, the following uses are exempt from the tax imposed by section 142.803 on motor fuel, and a deduction or a refund may be claimed:

(1) Motor fuel for which proof of export is available in the form of a terminal-issued destination state shipping paper and which is either:

(a) Exported by a supplier who is licensed in the destination state or through the bulk transfer system;

(b) Removed by a licensed distributor for immediate export to a state for which all the applicable taxes and fees (however nominated in that state) of the destination state have been paid to the supplier, as a trustee, who is licensed to remit tax to the destination state; or which is destined for use within the destination state by the federal government for which an exemption has been made available by the destination state subject to procedural rules and regulations promulgated by the director; or

(c) Acquired by a licensed distributor and which the tax imposed by this chapter has previously been paid or accrued either as a result of being stored outside of the bulk transfer system immediately prior to loading or as a diversion across state boundaries properly reported in conformity with this chapter and was subsequently exported from this state on behalf of the distributor; The exemption pursuant to paragraph (a) of this subdivision shall be claimed by a deduction on the report of the supplier which is otherwise responsible for remitting the tax upon removal of the product from a terminal or refinery in this state. The exemption pursuant to paragraphs (b) and (c) of this subdivision shall be claimed by the distributor, upon a refund application made to the director within three years. A refund claim may be made monthly or whenever the claim exceeds one thousand dollars;

(2) Undyed K-1 kerosene sold at retail through dispensers which have been designed and constructed to prevent delivery directly from the dispenser into a vehicle fuel supply tank, and undyed K-1 kerosene sold at retail through nonbarricaded dispensers in quantities of not more than twenty-one gallons for use other than for highway purposes. Exempt use of undyed kerosene shall be governed by rules and regulations of the director. If no rules or regulations are promulgated by the director, then the exempt use of undyed kerosene shall be governed by rules and regulations of the Internal Revenue Service. A distributor or supplier delivering to a retail facility shall obtain an exemption certificate from the owner or operator of such facility stating that its sales conform to the dispenser requirements of this subdivision. A licensed distributor, having obtained such certificate, may provide a copy to his or her supplier and obtain undyed kerosene without the tax levied by section 142.803. Having obtained such certificate in good faith, such supplier shall be relieved of any responsibility if the fuel is later used in a taxable manner. An ultimate vendor who obtained undyed kerosene upon which the tax levied by section 142.803 had been paid and makes sales qualifying pursuant to this subsection may apply for a refund of the tax pursuant to application, as provided in section 142.818, to the director provided the ultimate vendor did not charge such tax to the consumer;

(3) Motor fuel sold to the United States or any agency or instrumentality thereof. This exemption shall be claimed as provided in section 142.818;

(4) Motor fuel used solely and exclusively as fuel to propel motor vehicles on the public roads and highways of this state when leased or owned and when being operated by a federally recognized Indian tribe in the performance of essential governmental functions, such as providing police, fire, health or water services. The exemption for use pursuant to this subdivision shall be made available to the tribal government upon a refund application stating that the motor fuel was purchased for the exclusive use of the tribe in performing named essential governmental services;

(5) That portion of motor fuel used to operate equipment attached to a motor vehicle, if the motor fuel was placed into the fuel supply tank of a motor vehicle that has a common fuel reservoir for travel on a highway and for the operation of equipment, or if the motor fuel was placed in a separate fuel tank and used only for the operation of auxiliary equipment. The exemption for use pursuant to this subdivision shall be claimed by a refund claim filed by the consumer who shall provide evidence of an allocation of use satisfactory to the director;

(6) Motor fuel acquired by a consumer out-of-state and carried into this state, retained within and consumed from the same vehicle fuel supply tank within which it was imported, except interstate motor fuel users;

(7) Motor fuel which was purchased tax-paid and which was lost or destroyed as a direct result of a sudden and unexpected casualty or which had been accidentally contaminated so as to be unsalable as highway fuel as shown by proper documentation as required by the director. The exemption pursuant to this subdivision shall be refunded to the person or entity owning the motor fuel at the time of the contamination or loss. Such person shall notify the director in writing of such event and the amount of motor fuel lost or contaminated within ten days from the date of discovery of such loss or contamination, and within thirty days after such notice, shall file an affidavit sworn to by the person having immediate custody of such motor fuel at the time of the loss or contamination, setting forth in full the circumstances and the amount of the loss or contamination and such other information with respect thereto as the director may require;

(8) Dyed diesel fuel or dyed kerosene used for an exempt purpose. This exemption shall be claimed as follows:

(a) A supplier or importer shall take a deduction against motor fuel tax owed on their monthly report for those gallons of dyed diesel fuel or dyed kerosene imported or removed from a terminal or refinery destined for delivery to a point in this state as shown on the shipping papers;

(b) This exemption shall be claimed by a deduction on the report of the supplier which is otherwise responsible for remitting the tax on removal of the product from a terminal or refinery in this state;

(c) This exemption shall be claimed by the distributor, upon a refund application made to the director within three years. A refund claim may be made monthly or whenever the claim exceeds one thousand dollars.

(9) Motor fuel delivered to any marina within this state that sells such fuel solely for use in any watercraft, as such term is defined in section 306.010, and not accessible to other motor vehicles, is exempt from the fuel tax imposed by this chapter. Any motor fuel distributor that delivers motor fuel to any marina in this state for use solely in any watercraft, as such term is defined in section 306.010, at a location other than a marina within this state may claim the exemption provided in this subsection by filing a claim for refund of the fuel tax."; and

Further amend said bill, Page 8, Section 144.020, Line 66, by inserting after all of said line the following:

"144.030. 1. There is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and from the computation of the tax levied, assessed or payable pursuant to sections 144.010 to 144.525 such retail sales as may be made in commerce between this state and any other state of the United States, or between this state and any foreign country, and any retail sale which the state of Missouri is prohibited from taxing pursuant to the Constitution or laws of the United States of America, and such retail sales of tangible personal property which the general assembly of the state of Missouri is prohibited from taxing or further taxing by the constitution of this state.

2. There are also specifically exempted from the provisions of the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.761 and from the computation of the tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration law (sections 281.220 to 281.310) which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

(4) Motor vehicles registered in excess of fifty-four thousand pounds, and the trailers pulled by such motor vehicles, that are actually used in the normal course of business to haul property on the public highways of the state, and that are capable of hauling loads commensurate with the motor vehicle's registered weight; and the materials, replacement parts, and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of such vehicles. For purposes of this subdivision "motor vehicle" and "public highway" shall have the meaning as ascribed in section 390.020;

(5) Replacement machinery, equipment, and parts and the materials and supplies solely required for the installation or construction of such replacement machinery, equipment, and parts, used directly in manufacturing, mining, fabricating or producing a product which is intended to be sold ultimately for final use or consumption; and machinery and equipment, and the materials and supplies required solely for the operation, installation or construction of such machinery and equipment, purchased and used to establish new, or to replace or expand existing, material recovery processing plants in this state. For the purposes of this subdivision, a "material recovery processing plant" means a facility that has as its primary purpose the recovery of materials into a useable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(6) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption;

(7) Tangible personal property which is used exclusively in the manufacturing, processing, modification or assembling of products sold to the United States government or to any agency of the United States government;

(8) Animals or poultry used for breeding or feeding purposes, or captive wildlife;

(9) Newsprint, ink, computers, photosensitive paper and film, toner, printing plates and other machinery, equipment, replacement parts and supplies used in producing newspapers published for dissemination of news to the general public;

(10) The rentals of films, records or any type of sound or picture transcriptions for public commercial display;

(11) Pumping machinery and equipment used to propel products delivered by pipelines engaged as common carriers;

(12) Railroad rolling stock for use in transporting persons or property in interstate commerce and motor vehicles licensed for a gross weight of twenty-four thousand pounds or more or trailers used by common carriers, as defined in section 390.020, in the transportation of persons or property;

(13) Electrical energy used in the actual primary manufacture, processing, compounding, mining or producing of a product, or electrical energy used in the actual secondary processing or fabricating of the product, or a material recovery processing plant as defined in subdivision (5) of this subsection, in facilities owned or leased by the taxpayer, if the total cost of electrical energy so used exceeds ten percent of the total cost of production, either primary or secondary, exclusive of the cost of electrical energy so used or if the raw materials used in such processing contain at least twenty-five percent recovered materials as defined in section 260.200. There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. For purposes of this subdivision, "processing" means any mode of treatment, act or series of acts performed upon materials to transform and reduce them to a different state or thing, including treatment necessary to maintain or preserve such processing by the producer at the production facility;

(14) Anodes which are used or consumed in manufacturing, processing, compounding, mining, producing or fabricating and which have a useful life of less than one year;

(15) Machinery, equipment, appliances and devices purchased or leased and used solely for the purpose of preventing, abating or monitoring air pollution, and materials and supplies solely required for the installation, construction or reconstruction of such machinery, equipment, appliances and devices;

(16) Machinery, equipment, appliances and devices purchased or leased and used solely for the purpose of preventing, abating or monitoring water pollution, and materials and supplies solely required for the installation, construction or reconstruction of such machinery, equipment, appliances and devices;

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

FORTY-NINTH DAY, WEDNESDAY, APRIL 9, 2014

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Msgr. Robert A. Kurwicky, Chaplain.

Now the God of peace be with you all. (Romans 15:33)

Most Merciful and Gracious God, beyond whose love and care we cannot drift, in the glory of a new day we come lifting our hearts to You as we prepare ourselves for the many tasks before us. We would be still in Your presence and receive from Your hand strength for the day, wisdom for these hours, and faith for every moment to carry us through with high honor and creative courage.

Amid the debates of these days may we hear Your voice calling us to be faithful and true, strong and steady, and hearing may we respond with all our hearts.

We pray for our wonderful state sometimes going separate ways to different ends. May we not increase division by our dissension but may we seek to increase the circle of intelligent good will whereby the people of Missouri can learn the fine art of living together in peace. Give to us this peace in our time, O Lord.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-eighth day was approved as printed.

A moment of silence was observed in memory of Representative Rory Ellinger.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Joe Kaiser, Lauryn Allgeyer, RJ Morgan, and Payton Elli.

PERFECTION OF HOUSE BILLS

HB 1539, relating to training requirements for a concealed carry permit, was taken up by Representative Kelley (127).

Representative McGaugh offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Bill No. 1539, Page 1, in the title, Line 3, by deleting the words, "training requirements for a concealed carry permit" and inserting in lieu thereof the words, "public safety"; and

Further amend said bill, Page 1, Section A, Line 2, by inserting after all of said line the following:

"563.031. 1. A person may, subject to the provisions of subsection 2 of this section, use physical force upon another person when and to the extent he or she reasonably believes such force to be necessary to defend himself or herself or a third person from what he or she reasonably believes to be the use or imminent use of unlawful force by such other person, unless:

(1) The actor was the initial aggressor; except that in such case his or her use of force is nevertheless justifiable provided:

(a) He or she has withdrawn from the encounter and effectively communicated such withdrawal to such other person but the latter persists in continuing the incident by the use or threatened use of unlawful force; or

(b) He or she is a law enforcement officer and as such is an aggressor [pursuant to] **under** section 563.046; or

(c) The aggressor is justified under some other provision of this chapter or other provision of law;

(2) Under the circumstances as the actor reasonably believes them to be, the person whom he or she seeks to protect would not be justified in using such protective force;

(3) The actor was attempting to commit, committing, or escaping after the commission of a forcible felony.

2. A person may not use deadly force upon another person under the circumstances specified in subsection 1 of this section unless:

(1) He or she reasonably believes that such deadly force is necessary to protect himself, or herself or her unborn child, or another against death, serious physical injury, or any forcible felony;

(2) Such force is used against a person who unlawfully enters, remains after unlawfully entering, or attempts to unlawfully enter a dwelling, residence, or vehicle lawfully occupied by such person; or

(3) Such force is used against a person who unlawfully enters, remains after unlawfully entering, or attempts to unlawfully enter private property that is owned or leased by an individual, **or is occupied by an individual who has been given specific authority by the property owner to occupy the property**, claiming a justification of using protective force under this section.

3. A person does not have a duty to retreat from a dwelling, residence, or vehicle where the person is not unlawfully entering or unlawfully remaining. A person does not have a duty to retreat from private property that is owned or leased by such individual **or if the individual has been given specific authority by the property owner to occupy the property.**

4. The justification afforded by this section extends to the use of physical restraint as protective force provided that the actor takes all reasonable measures to terminate the restraint as soon as it is reasonable to do so.

5. The defendant shall have the burden of injecting the issue of justification under this section. If a defendant asserts that his or her use of force is described under subdivision (2) of subsection 2 of this section, the burden shall then be on the state to prove beyond a reasonable doubt that the defendant did not reasonably believe that the use of such force was necessary to defend against what he or she reasonably believed was the use or imminent use of unlawful force." ; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Speaker Jones resumed the Chair.

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

FIFTIETH DAY, THURSDAY, APRIL 10, 2014

The House met pursuant to adjournment.

Speaker Pro Tem Hoskins in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

With God all things are possible. (Matthew 19:26)

Eternal God, amid these spring days enter our hearts, lift us up, lead us on, light the way, and give us courage to go forward with You. In this high hour, preserve us, O God, for in You do we put our trust.

Hear us as we pray for all those in positions of influence in our government that they may make wise decisions and choose right paths for Missouri. Guide our Speaker, these Representatives of our people, and all who work beneath this dome of our state that in Your strength they may be made strong, with Your wisdom may they be made wise, and by Your good Spirit may they, too, be good.

Give us the assurance that with You all good things are possible, even in these trying times. Help us, O God, help us this day and forever. Finally, grant our colleague, Representative Rory Ellinger, eternal rest and peace.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-ninth day was approved as printed.

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

FIFTY-FIRST DAY, MONDAY, APRIL 14, 2014

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by D. Adam Crumbliss, Chief Clerk.

O Lord our God.

Thank You for Your amazing blessings in this life. In seven days You created the heavens and earth, but in our entire lifetime we do not understand the mysteries and mystifying nature of what You achieved in even one of those days.

We are taught that hope, faith and love are the cornerstones of a fulfilled life. Too often, we are surrounded by those tragic and unfathomable circumstances that yield for us more questions than answers, but take solace in Your warmth, Your safety and Your refuge.

Lord, last week we lost one of our own. Please be with the family and loved ones of the Honorable Rory Ellinger as we all seek to better understand the need for taking him so early. Then, Lord, more of our colleagues have suffered loss.

First, Don Spencer, father of Representative Bryan Spencer has passed away. Also, the mother of our doorkeeper, Terry Surface has passed away. Finally, Maxine Smith, mother-in-law of Representative Sue Entlicher, has also passed on.

We have had many tragedies in our state since our last session day. Let us direct our thoughts and prayers to the Wittrock family and the entire community of Warrensburg as they are struggling to understand the circumstances that led Kyle Wittrock to commit suicide. Additionally, we have had a tragedy that struck our state and the Midwest region this weekend. Three lives have been taken in what appears to have been a racially and faith-based attack occurring in Kansas City. Teresa Lamanno, Reat Underwood, and his grandfather Dr. William Corporon were taken home to be with our Creator in a senseless act of violence.

Please shield us in Your love, Your hope and Your righteousness, as we all recognize the sacrifices that You made to ensure our salvation.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fiftieth day was approved as printed.

Further amend said bill, Page 1, Section A, Line 2, by inserting after all of said line the following:

"563.031. 1. A person may, subject to the provisions of subsection 2 of this section, use physical force upon another person when and to the extent he or she reasonably believes such force to be necessary to defend himself or herself or a third person from what he or she reasonably believes to be the use or imminent use of unlawful force by such other person, unless:

(1) The actor was the initial aggressor; except that in such case his or her use of force is nevertheless justifiable provided:

(a) He or she has withdrawn from the encounter and effectively communicated such withdrawal to such other person but the latter persists in continuing the incident by the use or threatened use of unlawful force; or

(b) He or she is a law enforcement officer and as such is an aggressor [pursuant to] **under** section 563.046; or

(c) The aggressor is justified under some other provision of this chapter or other provision of law;

(2) Under the circumstances as the actor reasonably believes them to be, the person whom he or she seeks to protect would not be justified in using such protective force;

(3) The actor was attempting to commit, committing, or escaping after the commission of a forcible felony.

2. A person may not use deadly force upon another person under the circumstances specified in subsection 1 of this section unless:

(1) He or she reasonably believes that such deadly force is necessary to protect himself, or herself or her unborn child, or another against death, serious physical injury, or any forcible felony;

(2) Such force is used against a person who unlawfully enters, remains after unlawfully entering, or attempts to unlawfully enter a dwelling, residence, or vehicle lawfully occupied by such person; or

(3) Such force is used against a person who unlawfully enters, remains after unlawfully entering, or attempts to unlawfully enter private property that is owned or leased by an individual, **or is occupied by an individual who has been given specific authority by the property owner to occupy the property**, claiming a justification of using protective force under this section.

3. A person does not have a duty to retreat from a dwelling, residence, or vehicle where the person is not unlawfully entering or unlawfully remaining. A person does not have a duty to retreat from private property that is owned or leased by such individual **or if the individual has been given specific authority by the property owner to occupy the property**.

4. The justification afforded by this section extends to the use of physical restraint as protective force provided that the actor takes all reasonable measures to terminate the restraint as soon as it is reasonable to do so.

5. The defendant shall have the burden of injecting the issue of justification under this section. If a defendant asserts that his or her use of force is described under subdivision (2) of subsection 2 of this section, the burden shall then be on the state to prove beyond a reasonable doubt that the defendant did not reasonably believe that the use of such force was necessary to defend against what he or she reasonably believed was the use or imminent use of unlawful force."; and

HOUSE RESOLUTIONS

HR 1485 - Diehl

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

FIFTY-SECOND DAY, TUESDAY, APRIL 15, 2014

The House met pursuant to adjournment.

Speaker Pro Tem Hoskins in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

The Lord is gracious and full of compassion; slow to anger and of great mercy. (Psalm 145:8)

O Lord Almighty, by whose mercy we have come to the beginning of another day, grant that we may enter it with humble and contrite hearts. Confirm our purpose to walk more sincerely in Your way and to work more surely in Your service.

Let not the mistakes of the past master us but forgive and set us free. Lead us into a closer companionship with You that we may continue to walk in the ways of honesty, truth, and good will. Give us the confidence that strengthens, the faith that breeds courage, and the integrity of mind that holds us steady amid the pressures of this long day!

Lay Your hand in blessing upon each one of us on this taxday. Make us worthy of this day, adequate for our tasks, and ready to lead our state into the paths of peace.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Jacie Buschjost.

The Journal of the fifty-first day was approved as corrected.

HR 1485 - Diehl

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

FIFTY-THIRD DAY, WEDNESDAY, APRIL 16, 2014

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Cast thy burden upon the Lord and He shall sustain thee. (Psalm 55:22)

Ever-loving God, source of all true wisdom and the fountain of flowing love, in the quiet of this moment we pledge our lives anew to You and to the cause of freedom for all.

Help us to overcome the negative spirit which oppresses loving people, opposes free thought, and would enslave our souls.

Grant unto us and to good people everywhere the common faith that promotes justice by all, produces understanding among all, provides equality of opportunity for all, and proclaims the fruits of freedom to all.

Strengthen us that with humble spirit and honorable service we may keep Missouri strong in her devotion to You, wise in her relationship with other states, and great in her desire for leadership.

And the House says, "Amen!"

The Joplin High School JROTC presented the Colors.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Hailey Luebbert, Andrew Hipp, Mia Tyler, Kynadi Hyde, Dylan Brown, and Jera White.

HB 1174, relating to precious metals, was taken up by Representative Curtman.

Representative Miller offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Bill No. 1174, Page 1, Section A, Line 2, by inserting immediately after said line the following:

"143.801. 1. A claim for credit or refund of an overpayment of any tax imposed by sections 143.011 to 143.996 shall be filed by the taxpayer within three years from the time the return was filed or two years from the time the tax was paid, whichever of such periods expires the later; or if no return was filed by the taxpayer, within two years from the time the tax was paid. No credit or refund shall be allowed or made after the expiration of the period of limitation prescribed in this subsection for the filing of a claim for credit or refund, unless a claim for credit or refund is filed by the taxpayer within such period.

2. If the claim is filed by the taxpayer during the three-year period prescribed in subsection 1 **of this section**, the amount of the credit or refund shall not exceed the portion of the tax paid within the three years immediately preceding the filing of the claim plus the period of any extension of time for filing the return. If the claim is not filed within such three-year period, but is filed within the two-year period, the amount of the credit or refund shall not exceed the portion of the tax paid during the two years immediately preceding the filing of the claim. If no claim is filed, the credit or refund shall not exceed the amount which would be allowable under either of the preceding sentences, as the case may be, if a claim was filed on the date the credit or refund is allowed.

3. If pursuant to subsection 6 of section 143.711 an agreement for an extension of the period for assessment of income taxes is made within the period prescribed in subsection 1 of this section for the filing of a claim for credit or refund, the period for filing a claim for credit or for making a credit or refund if no claim is filed, shall not expire prior to six months after the expiration of the period within which an assessment may be made pursuant to the agreement or any extension thereof. The amount of such credit or refund shall not exceed the portion of the tax paid after the

execution of the agreement and before the filing of the claim or the making of the credit or refund, as the case may be, plus the portion of the tax paid within the period which would be applicable under subsection 1 of this section if a claim had been filed on the date the agreement was executed.

4. If a taxpayer is required by section 143.601 to report a change or correction in federal taxable income reported on his federal income tax return, or to report a change or correction which is treated in the same manner as if it were an overpayment for federal income tax purposes, an amended return or a claim for credit or refund of any resulting overpayment of tax shall be filed by the taxpayer within one year from the time the notice of such change or correction or such amended return was required to be filed with the director of revenue. If the report or amended return required by section 143.601 is not filed within the ninety-day period therein specified, interest on any resulting refund or credit shall cease to accrue after such ninetieth day. The amount of such credit or refund shall not exceed the amount of the reduction in tax attributable to:

(1) The issues on which such federal change or correction or the items amended on the taxpayer's amended federal income tax return are based, and

(2) Any change in the amount of [his] **the taxpayer's** federal income tax deduction under the provisions of subsection 1 of section 143.171. No effect shall be given in the preceding sentence to any federal change or correction or to any item on an amended return unless it is timely under the applicable federal period of limitations. The time and amount provisions of this subsection shall be in lieu of any other provisions of this section. This subsection shall not affect the time within which or the amount for which a claim for credit or refund may be filed apart from this subsection.

5. If the claim for credit or refund relates to an overpayment of tax on account of the deductibility by the taxpayer of a debt as a debt which became worthless or a loss from worthlessness of a security or the effect that the deductibility of a debt or of a loss has on the application to the taxpayer of a carryover, the claim may be made, under regulations prescribed by the director of revenue within seven years from the date prescribed by law for filing the return for the year with respect to which the claim is made.

6. If the claim for credit or refund relates to an overpayment attributable to a net operating loss carryback or a capital loss carryback, in lieu of the three-year period of limitations prescribed in subsection 1 of this section, the period shall be that period which ends with the expiration of the fifteenth day of the fortieth month (or the thirty-ninth month, in the case of a corporation) following the end of the taxable year of the net operating loss or net capital loss which results in such carryback, or the period prescribed in subsection 3 of this section in respect of such taxable year, whichever expires later. In the case of such a claim, the amount of the credit or refund may exceed the portion of the tax paid within the period provided in subsections 2, 3 and 4 of this section, whichever is applicable, to the extent of the amount of the overpayment attributable to such carryback.

7. (1) No period of limitations provided in subsections 1 to 6 of this section shall apply if the director of revenue examines or causes to have examined any return filed and retained as provided in section 143.971 and:

(a) Such examination is conducted after any period of limitations provided in subsections 1 to 6 of this section has expired;

(b) Such examination reveals that the taxpayer is eligible to claim a credit or refund of an overpayment of any tax imposed under this chapter; and

© A period of limitations provided in subsections 1 to 6 of this section prohibits the taxpayer from claiming such credit or refund.

(2) The director shall notify the taxpayer of any overpayment discovered under this subsection and inform the taxpayer of the procedure for filing a claim for a credit or refund of such overpayment. If the taxpayer files a claim for such credit or refund, the claim shall be filed in the manner provided in this chapter and shall be filed within one year from the time the director provided notice to the taxpayer."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

House Amendment No. 2

AMEND House Bill No. 1174, Page 1, in the title, Line 3, by deleting the words "precious metals" and inserting in lieu thereof the words "taxation"; and

Further amend said bill and said page, Section 143.111, Line 10, by inserting immediately after said line the following:

"143.221. 1. Every employer required to deduct and withhold tax under sections 143.011 to 143.996 shall, for each calendar quarter, on or before the last day of the month following the close of such calendar quarter, file a withholding return as prescribed by the director of revenue and pay over to the director of revenue or to a depository designated by the director of revenue the taxes so required to be deducted and withheld.

2. Where the aggregate amount required to be deducted and withheld by any employer exceeds fifty dollars for at least two of the preceding twelve months, the director, by regulation, may require a monthly return. The due dates of the monthly return and the monthly payment or deposit for the first two months of each quarter shall be by the fifteenth day of the succeeding month. The due dates of the monthly return and the monthly payment or deposit for the last month of each quarter shall be by the last day of the succeeding month. The director may increase the amount required for making a monthly employer withholding payment and return to more than fifty dollars or decrease such required amount, however, the decreased amount shall not be less than fifty dollars.

3. Where the aggregate amount required to be deducted and withheld by any employer is less than [twenty] **one hundred** dollars in each of the four preceding quarters, **and to the extent the employer does not meet the requirements in subsection 1 or 2 of this section for filing a withholding return on a quarterly or monthly basis**, the employer shall file a withholding return for a calendar year. The director, by regulation, may also allow other employers to file annual returns. The return shall be filed and the taxes if any paid on or before January thirty-first of the succeeding year. The director may increase the amount required for making an annual employer withholding payment and return to more than [twenty] **one hundred** dollars or decrease such required amount, however, the decreased amount shall not be less than [twenty] **one hundred** dollars.

4. If the director of revenue finds that the collection of taxes required to be deducted and withheld by an employer may be jeopardized by delay, he may require the employer to pay over the tax or make a return at any time. A lien outstanding with regard to any tax administered by the director shall be a sufficient basis for this action."; and

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

FIFTY-FOURTH DAY, THURSDAY, APRIL 17, 2014

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

*Be of good comfort, be of one mind, live in peace; and the God of love and peace shall be with you.
(II Corinthians 13:11)*

Eternal God, strong to save and eager to help, who is always speaking and revealing Your way to all, speak to us this moment and make known Your will as we pray that Your Spirit may live in our hearts.

Make us great in our devotion to truth, gallant in our desire for honor, gentle in our dedication to good will, and genuine in our decision to seek peace and to pursue it until we possess it.

Bless these Representatives of Missouri that they may walk with You as they make decisions looking forward to a better day. Strengthen our people that with genuine faith, humble spirit, and patriotic fervor they may find themselves by doing Your will, and by living together in peace, usher in a new day of unity for our state.

Finally, grant us safety as we travel home for our Easter recess.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-third day was approved as printed.

HOUSE RESOLUTIONS

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

FIFTY-FIFTH DAY, TUESDAY, APRIL 22, 2014

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Representative Nate Walker.

Dear Heavenly Father,

As we return back today to the Missouri State Capitol from our time off, in the observance for many of us Easter and the Resurrection, and for others the Celebration of Passover, may we all be reminded that in scripture it is said in Matthew 6:34, *“Therefore do not worry about tomorrow, for tomorrow will worry about itself. Each day has enough trouble of its own.”*

Today we give thanks for the opportunity to serve, for the opportunity to represent, and for the opportunity to help others. May we keep our lives and service in perspective – not getting too far ahead, but may we also have a vision. In Proverbs 29:18 it is written: *“Where there is no vision, the people perish: but he that keepeth the law, happy is he.”*

May we all reflect upon our own personal religious beliefs and commit ourselves to do the work of the people of our great State of Missouri.

And the House says, “Amen!”

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-fourth day was approved as printed.

SPECIAL RECOGNITION

United States Senator Roy Blunt was introduced by Speaker Jones.

Senator Blunt addressed the House.

525.025. 1. The person who serves the garnishment upon the garnishee shall also serve a copy of the summons and writ upon the judgment debtor. The writ shall be served by delivering it to the judgment debtor as provided by supreme court rule or by mailing the documents to the judgment debtor's last known address. Service by mail shall be complete upon mailing. At the time of mailing, a certificate of service shall be filed with the court. The certificate shall show the caption of the case, the name of the party served, the date and manner of service, the designation of the documents, and the signature of the serving party or attorney.

2. If the garnishor has chosen to serve the garnishee by certified mail under section 525.020, the judgment debtor may be served simultaneously as provided in this section, but in all cases the judgment debtor shall be served no later than five days after notice of service upon the garnishee. The failure of the garnishor to serve the judgment debtor within the amount of time required by this subsection shall not affect the validity or priority of the garnishment, but shall extend the time for the judgment debtor to claim exemptions to twenty days after being served with the summons and writ of garnishment or twenty days after funds are first withheld, whichever occurs first.

3. Every writ of garnishment shall have clearly and legibly printed thereon a notice to the person against whom the garnishment has issued that a garnishment has been levied, that certain funds may be exempt under sections 513.430 and 513.440, and that the person has the right to hold the funds as exempt from garnishment. The notice shall also generally state that there are certain exemptions under state and federal law that the judgment debtor may be able to claim with respect to the funds levied upon and describe the procedure for claiming the funds as exempt.

4. The judgment debtor may claim any exemption by filing and serving the garnishor with a verified request to claim exemptions within twenty days after being served with the garnishment. The party requesting the garnishment may object to any claim for exemption within twenty days of the filing of the verified request by filing a request for court review. If a request for court review is not timely filed, the garnishee shall release from garnishment the funds claimed as exempt by the judgment debtor, or, in the event any such exempt funds shall have been previously paid to the court or the garnishor, such exempt funds shall be returned to the judgment debtor upon notice from said judgment debtor.

5. Any hearing required by the court shall be expedited, shall be held not later than thirty days after the filing of the request for court review, and shall be held upon not less than three days notice of the hearing to all parties in interest."; and

"595.030. 1. No compensation shall be paid unless the claimant has incurred an out-of-pocket loss of at least fifty dollars or has lost two continuous weeks of earnings or support from gainful employment. "Out-of-pocket loss" shall mean unreimbursed or unreimbursable expenses or indebtedness reasonably incurred:

(1) For medical care or other services, including psychiatric, psychological or counseling expenses, necessary as a result of the crime upon which the claim is based, except that the amount paid for psychiatric, psychological or counseling expenses per eligible claim shall not exceed two thousand five hundred dollars; or

(2) As a result of personal property being seized in an investigation by law enforcement. Compensation paid for an out-of-pocket loss under this subdivision shall be in an amount equal to the loss sustained, but shall not exceed two hundred fifty dollars.

2. No compensation shall be paid unless the department of public safety finds that a crime was committed, that such crime directly resulted in personal physical injury to, or the death of, the victim, and that police records show that such crime was promptly reported to the proper authorities. In no case may compensation be paid if the police records show that such report was made more than forty-eight hours after the occurrence of such crime, unless the department of public safety finds that the report to the police was delayed for good cause. If the victim is under eighteen years of age such report may be made by the victim's parent, guardian or custodian; by a physician, a nurse, or hospital emergency room personnel; by the division of family services personnel; or by any other member of the victim's family. In the case of a sexual offense, filing a report of the offense to the proper authorities may include, but not be limited to, the filing of the report of the forensic examination by the appropriate medical provider, as defined in section 595.220, with the prosecuting attorney of the county in which the alleged incident occurred.

3. No compensation shall be paid for medical care if the service provider is not a medical provider as that term is defined in section 595.027, and the individual providing the medical care is not licensed by the state of Missouri or the state in which the medical care is provided.

4. No compensation shall be paid for psychiatric treatment or other counseling services, including psychotherapy, unless the service provider is a:

(1) Physician licensed pursuant to chapter 334 or licensed to practice medicine in the state in which the service is provided;

(2) Psychologist licensed pursuant to chapter 337 or licensed to practice psychology in the state in which the service is provided;

(3) Clinical social worker licensed pursuant to chapter 337; or

(4) Professional counselor licensed pursuant to chapter 337.

5. Any compensation paid pursuant to sections 595.010 to 595.075 for death or personal injury shall be in an amount not exceeding out-of-pocket loss, together with loss of earnings or support from gainful employment, not

to exceed [two] **four** hundred dollars per week, resulting from such injury or death. In the event of death of the victim, an award may be made for reasonable and necessary expenses actually incurred for preparation and burial not to exceed five thousand dollars.

6. Any compensation for loss of earnings or support from gainful employment shall be in an amount equal to the actual loss sustained not to exceed [two] **four** hundred dollars per week; provided, however, that no award pursuant to sections 595.010 to 595.075 shall exceed twenty-five thousand dollars. If two or more persons are entitled to compensation as a result of the death of a person which is the direct result of a crime or in the case of a sexual assault, the compensation shall be apportioned by the department of public safety among the claimants in proportion to their loss.

7. The method and timing of the payment of any compensation pursuant to sections 595.010 to 595.075 shall be determined by the department."; and

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

FIFTY-SIXTH DAY, WEDNESDAY, APRIL 23, 2014

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

They that seek the Lord shall not want any good thing. (Psalm 34:10)

O God in whose presence our heads bow and our hearts are open, we thank You for our state - for her glorious past, her glowing present, and her growing future. Help us to see that the greatness of Missouri does not depend on wealth or fame or success but upon character rooted in honesty, faith, and harmony between us.

In this quiet moment we remember again President Lincoln. May his words ring out anew in our day - "with malice toward none, with charity for all; with firmness in the right, as God gives us to see the right, let us strive on to finish the work we are in; to bind up our wounds; to care for those who shall have borne the battle and for their families - to do all which may achieve and cherish a just and lasting peace among ourselves and with all."

Finally, let our prayers rise to You as on eagle's wings.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Jade Thomas.

The Journal of the fifty-fifth day was approved as printed.

SPECIAL RECOGNITION

Clark, a bald eagle from the World Bird Sanctuary, was introduced by Speaker Jones and flew over the Hall of the House of Representatives.

Upon presentation of the annual statement and payment of a twenty-five dollar fee in addition to the regular registration fees, and presentation of any documents which may be required by law, the director of revenue shall issue to the vehicle owner a special license plate which shall bear the emblem of the Breast Cancer Foundation of the Ozarks. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. In addition, upon such set of license plates shall be inscribed, in lieu of the words "SHOW-ME STATE", the words "BCFO.ORG". 3. A vehicle owner who was previously issued a plate with the Breast Cancer Foundation of the Ozarks emblem authorized by this section, but who does not provide an emblem-use authorization statement at a subsequent time of registration, shall be issued a new plate which does not bear the Breast Cancer Foundation of the Ozarks emblem, as otherwise provided by law. The director of revenue shall make necessary rules and regulations for the enforcement of this section, and shall design all necessary forms required by this section.

4. Prior to the issuance of a Breast Cancer Foundation of the Ozarks specialty plate authorized under this section the department of revenue must be in receipt of an application, as prescribed by the director, which shall be accompanied by a list of at least two hundred potential applicants who plan to purchase the specialty plate, the proposed art design for the specialty license plate, and an application fee, not to exceed five thousand dollars, to defray the department's cost for issuing, developing, and programming the implementation of the specialty plate. Once the plate design is approved, the director of revenue shall not authorize the manufacture of the material to produce such specialized license plates with the individual seal, logo, or emblem until such time as the director has received two hundred applications, the twenty-five dollar specialty plate fee per application, and emblem-use statements, if applicable, and other required documents or fees for such plates."; and

House Amendment No. 2

AMEND House Committee Substitute for House Bill No. 1231, Pages 20-24, Section 211.447, Lines 1-177, by deleting all of said section and lines and inserting in lieu thereof the following:

"211.447. 1. Any information that could justify the filing of a petition to terminate parental rights may be referred to the juvenile officer by any person. The juvenile officer shall make a preliminary inquiry and if it does not appear to the juvenile officer that a petition should be filed, such officer shall so notify the informant in writing within thirty days of the referral. Such notification shall include the reasons that the petition will not be filed. Thereupon, the informant may bring the matter directly to the attention of the judge of the juvenile court by presenting the information in writing, and if it appears to the judge that the information could justify the filing of a petition, the judge may order the juvenile officer to take further action, including making a further preliminary inquiry or filing a petition.

2. Except as provided for in subsection 4 of this section, a petition to terminate the parental rights of the child's parent or parents shall be filed by the juvenile officer or the division, or if such a petition has been filed by another party, the juvenile officer or the division shall seek to be joined as a party to the petition, when:

(1) Information available to the juvenile officer or the division establishes that the child has been in foster care for at least fifteen of the most recent twenty-two months; or

(2) A court of competent jurisdiction has determined the child to be an abandoned infant. For purposes of this subdivision, an "infant" means any child one year of age or under at the time of filing of the petition. The court may find that an infant has been abandoned if:

(a) The parent has left the child under circumstances that the identity of the child was unknown and could not be ascertained, despite diligent searching, and the parent has not come forward to claim the child; or

(b) The parent has, without good cause, left the child without any provision for parental support and without making arrangements to visit or communicate with the child, although able to do so; or

- (c) The parent has voluntarily relinquished a child under section 210.950; or
- (3) A court of competent jurisdiction has determined that the parent has:
 - (a) Committed murder of another child of the parent; or
 - (b) Committed voluntary manslaughter of another child of the parent; or
 - (c) Aided or abetted, attempted, conspired or solicited to commit such a murder or voluntary manslaughter;

or

(d) Committed a felony assault that resulted in serious bodily injury to the child or to another child of the parent.

3. A termination of parental rights petition shall be filed by the juvenile officer or the division, or if such a petition has been filed by another party, the juvenile officer or the division shall seek to be joined as a party to the petition, within sixty days of the judicial determinations required in subsection 2 of this section, except as provided in subsection 4 of this section. Failure to comply with this requirement shall not deprive the court of jurisdiction to adjudicate a petition for termination of parental rights which is filed outside of sixty days.

4. If grounds exist for termination of parental rights pursuant to subsection 2 of this section, the juvenile officer or the division may, but is not required to, file a petition to terminate the parental rights of the child's parent or parents if:

- (1) The child is being cared for by a relative; or
- (2) There exists a compelling reason for determining that filing such a petition would not be in the best interest of the child, as documented in the permanency plan which shall be made available for court review; or
- (3) The family of the child has not been provided such services as provided for in section 211.183.

5. The juvenile officer or the division may file a petition to terminate the parental rights of the child's parent when it appears that one or more of the following grounds for termination exist:

(1) The child has been abandoned. For purposes of this subdivision a "child" means any child over one year of age at the time of filing of the petition. The court shall find that the child has been abandoned if, for a period of six months or longer:

(a) The parent has left the child under such circumstances that the identity of the child was unknown and could not be ascertained, despite diligent searching, and the parent has not come forward to claim the child; or

(b) The parent has, without good cause, left the child without any provision for parental support and without making arrangements to visit or communicate with the child, although able to do so;

(2) The child has been abused or neglected. In determining whether to terminate parental rights pursuant to this subdivision, the court shall consider and make findings on the following conditions or acts of the parent:

(a) A mental condition which is shown by competent evidence either to be permanent or such that there is no reasonable likelihood that the condition can be reversed and which renders the parent unable to knowingly provide the child the necessary care, custody and control;

(b) Chemical dependency which prevents the parent from consistently providing the necessary care, custody and control of the child and which cannot be treated so as to enable the parent to consistently provide such care, custody and control;

(c) A severe act or recurrent acts of physical, emotional or sexual abuse toward the child or any child in the family by the parent, including an act of incest, or by another under circumstances that indicate that the parent knew or should have known that such acts were being committed toward the child or any child in the family; or

(d) Repeated or continuous failure by the parent, although physically or financially able, to provide the child with adequate food, clothing, shelter, or education as defined by law, or other care and control necessary for the child's physical, mental, or emotional health and development.

Nothing in this subdivision shall be construed to permit discrimination on the basis of disability or disease;

(3) The child has been under the jurisdiction of the juvenile court for a period of one year, and the court finds that the conditions which led to the assumption of jurisdiction still persist, or conditions of a potentially harmful nature continue to exist, that there is little likelihood that those conditions will be remedied at an early date so that the child can be returned to the parent in the near future, or the continuation of the parent-child relationship greatly diminishes the child's prospects for early integration into a stable and permanent home. In determining whether to terminate parental rights under this subdivision, the court shall consider and make findings on the following:

(a) The terms of a social service plan entered into by the parent and the division and the extent to which the parties have made progress in complying with those terms;

(b) The success or failure of the efforts of the juvenile officer, the division or other agency to aid the parent on a continuing basis in adjusting his circumstances or conduct to provide a proper home for the child;

(c) A mental condition which is shown by competent evidence either to be permanent or such that there is no reasonable likelihood that the condition can be reversed and which renders the parent unable to knowingly provide the child the necessary care, custody and control;

(d) Chemical dependency which prevents the parent from consistently providing the necessary care, custody and control over the child and which cannot be treated so as to enable the parent to consistently provide such care, custody and control; or

(4) The parent has been found guilty or pled guilty to a felony violation of chapter 566 when the child or any child in the family was a victim, or a violation of section 568.020 when the child or any child in the family was a victim. As used in this subdivision, a "child" means any person who was under eighteen years of age at the time of the crime and who resided with such parent or was related within the third degree of consanguinity or affinity to such parent; or

(5) The child was conceived and born as a result of an act of forcible rape or rape in the first degree. When the biological father has pled guilty to, or is convicted of, the forcible rape or rape in the first degree of the birth mother, such a plea or conviction shall be conclusive evidence supporting the termination of the biological father's parental rights; or

(6) [The parent is unfit to be a party to the parent and child relationship because of a consistent pattern of committing a specific abuse, including but not limited to abuses as defined in section 455.010, child abuse or drug abuse before the child or of specific conditions directly relating to the parent and child relationship either of which are determined by the court to be of a duration or nature that renders the parent unable, for the reasonably foreseeable future, to care appropriately for the ongoing physical, mental or emotional needs of the child. It is presumed that a parent is unfit to be a party to the parent-child relationship upon a showing that within a three-year period immediately prior to the termination adjudication, the parent's parental rights to one or more other children were involuntarily terminated pursuant to subsection 2 or 4 of this section or subdivisions (1), (2), (3) or (4) of this subsection or similar laws of other states.] **(a) The parent is unfit to be a party to the parent and child relationship because of a consistent pattern of committing a specific abuse including, but not limited to, specific conditions directly relating to the parent and child relationship which are determined by the court to be of a duration or nature that renders the parent unable for the reasonably foreseeable future to care appropriately for the ongoing physical, mental, or emotional needs of the child.**

(b) It is presumed that a parent is unfit to be a party to the parent and child relationship upon a showing that:

a. Within a three-year period immediately prior to the termination adjudication, the parent's parental rights to one or more other children were involuntarily terminated pursuant to subsection 2 or 4 of this section or subdivisions (1), (2), (3), or (4) of this subsection or similar laws of other states;

b. If the parent is the birth mother and while the child was in utero or within eight hours after the child's birth, the child's birth mother tested positive for alcohol, cocaine, heroin, methamphetamine, a controlled substance as defined in section 195.010, or a prescription drug as defined in section 196.973, excepting those controlled substances or prescription drugs present in the mother's body as a result of medical treatment administered to the mother, and the birth mother is the biological mother of at least one other child who was adjudicated an abused or neglected minor by the mother or the mother has previously failed to complete recommended treatment services by the children's division through a family-centered services case;

c. If the parent is the birth mother and at the time of the child's birth or within eight hours after a child's birth the child tested positive for alcohol, cocaine, heroin, methamphetamine, a controlled substance as defined in section 195.010, or a prescription drug as defined in section 196.973, excepting those controlled substances or prescription drugs present in the mother's body as a result of medical treatment administered to the mother, and the birth mother is the biological mother of at least one other child who was adjudicated an abused or neglected minor by the mother or the mother has previously failed to complete recommended treatment services by the children's division through a family-centered services case; or

d. Within a three-year period immediately prior to the termination adjudication, the parent has pled guilty to or has been convicted of a felony involving the possession, distribution, or manufacture of cocaine, heroin, or methamphetamine, and the parent is the biological parent of at least one other child who was adjudicated an abused or neglected minor by such parent or such parent has previously failed to complete recommended treatment services by the children's division through a family-centered services case.

6. The juvenile court may terminate the rights of a parent to a child upon a petition filed by the juvenile officer or the division, or in adoption cases, by a prospective parent, if the court finds that the termination is in the best interest of the child and when it appears by clear, cogent and convincing evidence that grounds exist for termination pursuant to subsection 2, 4 or 5 of this section.

7. When considering whether to terminate the parent-child relationship pursuant to subsection 2 or 4 of this section or subdivision (1), (2), (3) or (4) of subsection 5 of this section, the court shall evaluate and make findings on the following factors, when appropriate and applicable to the case:

- (1) The emotional ties to the birth parent;
- (2) The extent to which the parent has maintained regular visitation or other contact with the child;
- (3) The extent of payment by the parent for the cost of care and maintenance of the child when financially able to do so including the time that the child is in the custody of the division or other child-placing agency;
- (4) Whether additional services would be likely to bring about lasting parental adjustment enabling a return of the child to the parent within an ascertainable period of time;
- (5) The parent's disinterest in or lack of commitment to the child;
- (6) The conviction of the parent of a felony offense that the court finds is of such a nature that the child will be deprived of a stable home for a period of years; provided, however, that incarceration in and of itself shall not be grounds for termination of parental rights;
- (7) Deliberate acts of the parent or acts of another of which the parent knew or should have known that subjects the child to a substantial risk of physical or mental harm.

8. The court may attach little or no weight to infrequent visitations, communications, or contributions. It is irrelevant in a termination proceeding that the maintenance of the parent-child relationship may serve as an inducement for the parent's rehabilitation.

9. In actions for adoption pursuant to chapter 453, the court may hear and determine the issues raised in a petition for adoption containing a prayer for termination of parental rights filed with the same effect as a petition permitted pursuant to subsection 2, 4, or 5 of this section.

10. The disability or disease of a parent shall not constitute a basis for a determination that a child is a child in need of care, for the removal of custody of a child from the parent, or for the termination of parental rights without a specific showing that there is a causal relation between the disability or disease and harm to the child."; and

[(4)] (7) "Qualified [alternative fuel vehicle refueling] property", [property in this state owned by an eligible applicant and used for storing alternative fuels and for dispensing such alternative fuels into fuel tanks of motor vehicles owned by such eligible applicant or private citizens] **an electric vehicle recharging property or an alternative fuel vehicle refueling property** which, if constructed after August 28, [2008] **2014**, was constructed with at least fifty-one percent of the costs being paid to qualified Missouri contractors for the:

- (a) Fabrication of premanufactured equipment or process piping used in the construction of such facility;
- (b) Construction of such facility; and
- (c) General maintenance of such facility during the time period in which such facility receives any tax credit under this section.

If no qualified Missouri contractor is located within seventy-five miles of the property, the requirement that fifty-one percent of the costs shall be paid to qualified Missouri contractors shall not apply[;]

(5) "Qualified Missouri contractor", a contractor whose principal place of business is located in Missouri and has been located in Missouri for a period of not less than five years[.].

2. For all tax years beginning on or after January 1, [2009] **2015**, but before January 1, [2012] **2018**, any eligible applicant who installs and operates a qualified [alternative fuel vehicle refueling] property shall be allowed a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or due under chapter 147 or chapter 148 for any tax year in which the applicant is constructing the [refueling] **qualified** property. The credit allowed in this section per **eligible applicant who is a private citizen shall not exceed fifteen hundred dollars or per** eligible applicant **that is a business entity** shall not exceed the lesser of twenty thousand dollars or twenty percent of the total costs directly associated with the purchase and installation of any alternative fuel storage and dispensing equipment **or any recharging equipment** on any qualified [alternative fuel vehicle refueling] property, which shall not include the following:

(1) Costs associated with the purchase of land upon which to place a qualified [alternative fuel vehicle refueling] property;

(2) Costs associated with the purchase of an existing qualified [alternative fuel vehicle refueling] property; or

(3) Costs for the construction or purchase of any structure.

3. Tax credits allowed by this section shall be claimed by the eligible applicant at the time such applicant files a return for the tax year in which the storage and dispensing **or recharging** facilities were placed in service at a qualified [alternative fuel vehicle refueling] property, and shall be applied against the income tax liability imposed by chapter 143, chapter 147, or chapter 148 after all other credits provided by law have been applied. The cumulative amount of tax credits which may be claimed by eligible applicants claiming all credits authorized in this section shall not exceed [the following amounts:

(1) In taxable year 2009, three million dollars;

(2) In taxable year 2010, two million dollars; and

(3) In taxable year 2011,] one million dollars **in any calendar year**.

4. If the amount of the tax credit exceeds the eligible applicant's tax liability, the difference shall not be refundable. Any amount of credit that an eligible applicant is prohibited by this section from claiming in a taxable year may be carried forward to any of such applicant's two subsequent taxable years. Tax credits allowed under this section may be assigned, transferred, sold, or otherwise conveyed.

5. [An alternative fuel vehicle refueling] **Any qualified** property, for which an eligible applicant receives tax credits under this section, which ceases to sell alternative fuel **or recharge electric vehicles** shall cause the forfeiture of such eligible applicant's tax credits provided under this section for the taxable year in which the [alternative fuel vehicle refueling] **qualified** property ceased to sell alternative fuel **or recharge electric vehicles** and for future taxable years with no recapture of tax credits obtained by an eligible applicant with respect to such applicant's tax years which ended before the sale of alternative fuel **or recharging of electric vehicles** ceased.

6. The director of revenue shall establish the procedure by which the tax credits in this section may be claimed, and shall establish a procedure by which the cumulative amount of tax credits is apportioned equally among all eligible applicants claiming the credit. To the maximum extent possible, the director of revenue shall establish the procedure described in this subsection in such a manner as to ensure that eligible applicants can claim all the tax credits possible up to the cumulative amount of tax credits available for the taxable year. No eligible applicant claiming a tax credit under this section shall be liable for any interest or penalty for filing a tax return after the date fixed for filing such return as a result of the apportionment procedure under this subsection.

7. Any eligible applicant desiring to claim a tax credit under this section shall submit the appropriate application for such credit with the department. The application for a tax credit under this section shall include any

information required by the department. The department shall review the applications and certify to the department of revenue each eligible applicant that qualifies for the tax credit.

8. The department and the department of revenue may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

9. [Pursuant to] **The provisions of section 23.253 of the Missouri sunset act notwithstanding:**

(1) The provisions of the new program authorized under this section shall automatically sunset [six] **three** years after [August 28, 2008] **December 31, 2014**, unless reauthorized by an act of the general assembly; and

(3) This section shall terminate on December thirty-first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset; and

(4) **The provisions of this subsection shall not be construed to limit or in any way impair the department's ability to redeem tax credits authorized on or before the date the program authorized under this section expires or a taxpayer's ability to redeem such tax credits.**

137.010. The following words, terms and phrases when used in laws governing taxation and revenue in the state of Missouri shall have the meanings ascribed to them in this section, except when the context clearly indicates a different meaning:

(3) "Intangible personal property", for the purpose of taxation, shall include all property other than real property and tangible personal property, as defined by this section;

(4) "Real property" includes land itself, whether laid out in town lots or otherwise, and all growing crops, buildings, structures, improvements and fixtures of whatever kind thereon, hydroelectric power generating equipment, the installed poles used in the transmission or reception of electrical energy, audio signals, video signals or similar purposes, provided the owner of such installed poles is also an owner of a fee simple interest, possessor of an easement, holder of a license or franchise, or is the beneficiary of a right-of-way dedicated for public utility purposes for the underlying land; attached wires, transformers, amplifiers, substations, and other such devices and appurtenances used in the transmission or reception of electrical energy, audio signals, video signals or similar purposes when owned by the owner of the installed poles, otherwise such items are considered personal property; and stationary property used for transportation **or storage** of liquid and gaseous products, including, but not limited to, petroleum products, natural gas, **propane or LP gas equipment**, water, and sewage;

(5) "Tangible personal property" includes every tangible thing being the subject of ownership or part ownership whether animate or inanimate, other than money, and not forming part or parcel of real property as herein defined, but does not include household goods, furniture, wearing apparel and articles of personal use and adornment, as defined by the state tax commission, owned and used by a person in his home or dwelling place."; and

"135.1624. 1. As used in this section, the term "small business" means any business in this state with an annual Missouri adjusted gross income of no more than five hundred thousand dollars.

2. For all tax years beginning on or after January 1, 2015, any small business shall be allowed to claim any tax credit, tax deduction, and any other exemption from tax that any corporation as defined in chapter 143 in this state is allowed to claim under state law. 3. The department of revenue may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void.

4. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset on December thirty-first six years after the effective date of this section unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset on December thirty-first twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset. The termination of the program as described in this subsection shall not be construed to preclude any taxpayer who claims any benefit under any program that is sunset under this subsection from claiming such benefit for all allowable activities related to such claim that were completed before the program was sunset, or to eliminate any responsibility of the administering agency to verify the continued eligibility of projects receiving tax credits and to enforce other requirements of law that applied before the program was sunset."; and

Representative Gatschenberger offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Bill No. 2079, Page 1, Section A, Line 2, by inserting immediately after said line the following:

"67.313. 1. If approved by a majority of the voters voting on the proposal, any city, town, village, sewer district, or water supply district located within this state may, by order or ordinance, levy and impose annually, upon lateral sewer service lines providing sewer service to residential property having four or fewer dwelling units within the jurisdiction of such city, town, village, sewer district, or water supply district, a fee not to exceed three dollars per month or thirty-six dollars annually.

2. The ballot of submission shall be in substantially the following form:

For the purpose of repair or replacement of lateral sewer service lines extending from the residential dwelling to its connection with the public sewer system line, due to failure of the line, shall (city, town, village, sewer district, or water supply district) be authorized to impose a fee not to exceed three dollars per month or thirty-six dollars annually on residential property for each lateral sewer service line providing sewer service within the (city, town, village, sewer district, or water supply district) to residential property having four or fewer dwelling units for the purpose of paying for the costs of necessary lateral sewer service line repairs or replacements?

3. For the purpose of this section, a lateral sewer service line may be defined by local order or ordinance, but shall not include more than the portion of the sewer line which extends from the sewer mains owned by the utility or municipality to the point of entry into the premises receiving sewer service, and may not include facilities owned by the utility or municipality. For purposes of this section, repair may be defined and limited by local ordinance, and may include replacement or repairs.

4. If a majority of the voters voting thereon approve the proposal authorized in subsection 1 of this section, the governing body of the city, town, village, sewer district, or water supply district may enact an order or ordinance for the collection of such fee. The funds collected under such ordinance shall be deposited in a special account to be used solely for the purpose of paying for the reasonable costs associated with and necessary to administer and carry out the lateral sewer service line repairs as defined in the order or ordinance and to reimburse the necessary costs of lateral sewer service line repair or replacement. All interest generated on deposited funds shall be accrued to the special account established for the repair of lateral sewer service lines.

5. The city, town, village, sewer district, or water supply district may establish, as provided in the order or ordinance, regulations necessary for the administration of collections, claims, repairs, replacements, and all other activities necessary and convenient for the implementation of any order or ordinance adopted and approved under this section. The city, town, village, sewer district, or water supply district may administer the program or may contract with one or more persons, through a competitive process, to provide for administration of any portion of implementation activities of any order or ordinance adopted and approved under this section, and reasonable costs of administering the program may be paid from the special account established under this section not to exceed five percent of the fund on an annual basis.

6. Notwithstanding any other provision of law to the contrary, the collector in any city, town, village, sewer district, or water supply district that adopts an order or ordinance under this section, who now or hereafter collects any fee to provide for, ensure, or guarantee the repair of lateral sewer service lines, may add such fee to the general tax levy bills of property owners within the city, town, village, sewer district, or water supply district. All revenues received on such combined bill which are for the purpose of providing for, ensuring, or guaranteeing the repair of lateral sewer service lines shall be separated from all other revenues so collected and credited to the appropriate fund or account of the city, town, village, sewer district, or water supply district. The collector of the city, town, village, sewer district, or water supply district may collect such fee in the same manner and to the same extent as the collector now or hereafter may collect delinquent real estate taxes and tax bills."; and

"578.018. 1. Any duly authorized [public health official or] law enforcement official may seek a warrant from the appropriate **circuit** court to enable him or her to enter private property in order to inspect, care for, or [impound] **confiscate** neglected or abused animals **as set forth in said warrant**. All requests for such warrants shall be **signed, witnessed, and** accompanied by an affidavit stating the probable cause to believe a violation of sections 578.005 to [578.023] **578.025** has occurred. A person acting under the authority of a warrant shall:

(1) [Be given a] **Appear at a** disposition hearing before the court through which the warrant was issued, within thirty days [of the filing of the request] **of confiscation** for the purpose of granting immediate disposition of the animals [impounded] . **No animal shall be sterilized prior to the completion of such disposition hearing unless necessary to save life or relieve suffering;**

(2) Place [impounded] animals in the care or custody of a veterinarian, the appropriate animal control authority, [or] an animal shelter, **or third party approved by the court**. If no appropriate veterinarian, animal control authority, [or] animal shelter, **or third party** is available, the animal shall not be [impounded] **confiscated** unless it is diseased or disabled beyond recovery for any useful purpose;

(4) Not be liable for any **reasonable and necessary** damage to property while acting under such warrant.

2. **(1) The owner of any animal that has been confiscated under this section shall not be responsible for the animal's care and keeping prior to a disposition hearing if the owner is acquitted or there is a final discharge without conviction.**

(2) After completion of the disposition hearing, the owner or custodian or any person claiming an interest in any animal that has been [impounded] **confiscated** because of neglect or abuse may prevent disposition of the animal **after the disposition hearing and until final judgment, settlement, or dismissal of the case** by posting **reasonable** bond or security **within seventy-two hours of the disposition hearing** in an amount sufficient to provide for the animal's care and keeping [for at least thirty days, inclusive of the date on which the animal was taken into custody] **and consistent with the fair market cost of boarding such an animal in an appropriate retail boarding facility**. Notwithstanding the fact that **reasonable** bond may be posted pursuant to this [subsection] **subdivision**, the authority having custody of the animal may humanely dispose of the animal at the end of the time for which **reasonable** expenses are covered by the bond or security, unless there is a court order prohibiting such disposition. Such order shall provide for a **reasonable** bond or other security in the amount necessary to protect the authority having custody of the animal from any cost of the care, keeping or disposal of the animal.

(3) The authority taking custody of an animal shall give notice of the provisions of this section [by posting a copy of this section at the place where the animal was taken into custody or] by delivering it to a person residing on the property.

4. **All animals confiscated under this section shall receive proper care as determined by state law and regulations for each specific animal and facility or organization where the animal is placed after such confiscation. Any such facility or organization shall be liable to the owner for damages for any negligent acts or abuse of such animal which occurs while the animal is in the care, custody, and control of such facility or organization.**

5. **If the owner posted a sufficient bond and is acquitted or there is a final discharge without conviction, unless there is a settlement agreement, consent judgment, or a suspended imposition of sentence, the owner may demand the return of the animal held in custody. Any entity with care, custody, and control of such animal shall immediately return such animal to the owner upon demand and proof of such acquittal or final discharge without conviction. Upon acquittal or final discharge without conviction, unless there is a settlement agreement, consent judgment, or a suspended imposition of sentence, the owner shall not be liable for any costs incurred relating to the placement or care of the animal during the pendency of the charges.**

6. **Any person or entity that intentionally euthanizes, other than as permissible under this section, or intentionally sterilizes an animal prior to a disposition hearing or during any period for which reasonable bond was secured for the animal's care is guilty of a class B misdemeanor and shall be liable to the owner of the animal for damages including the actual value of the animal. Each individual animal for which a violation occurs is a separate offense. Any second or subsequent violation is a class A misdemeanor and any entity licensed under state law shall be subject to licensure sanction by its governing body.**

578.030. 1. The provisions of section 43.200 notwithstanding, any member of the state highway patrol or other law enforcement officer may apply for and serve a search warrant, and shall have the power of search and seizure in order to enforce the provisions of sections 578.025 to 578.050. **All requests for such warrants shall be signed, witnessed, and accompanied by an affidavit stating the probable cause to believe a violation of sections 578.025 to 578.050 has occurred.**

Such officer, after taking possession of such dogs, animals, paraphernalia, implements or other property or things, shall file with the court before whom the complaint is made against any person so arrested an affidavit stating therein the name of the person charged in such complaint, a description of the property so taken and the time and place of the taking thereof together with the name of the person from whom the same was taken and the name of the person who claims to own such property, if known, and that the affiant has reason to believe and does believe, stating the ground of such belief, that the property so taken was used or employed, or was about to be used or employed, in such violation of section 578.025. He **or she** shall thereupon deliver the property so taken to the court, which shall, by order in writing, place the same in the custody of an officer or other proper person named and designated in such order, to be kept by him **or her** until the conviction or final discharge of such person complained against, and shall send a copy of such order without delay to the prosecuting attorney of the county. The officer or person so named and designated in such order shall immediately thereupon assume the custody of such property and shall retain the same, subject to the order of the court before which such person so complained against may be required to appear for trial. **If the property includes animals, the placement of the animals shall be handled in accordance with the provisions of section 578.018.** Upon the conviction of the person so charged, all property so seized shall be adjudged by the court to be forfeited and shall thereupon be destroyed or otherwise disposed of as the court may order. JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

FIFTY-SEVENTH DAY, THURSDAY, APRIL 24, 2014

The House met pursuant to adjournment.

Speaker Pro Tem Hoskins in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

I will lift up mine eyes unto the hills, from whence cometh my help. (Psalm 121:1)

O God of all, who is the source of truth and the giver of all good, lead us to the hills from where our help comes and where in steadiness of thought and stability of feeling we may be secure in mind and heart.

In these moments of prayer help us to receive Your Spirit that the life of this day may be different and this difference make a difference in the day for us and the people we serve.

Strengthen our faith, increase our courage, and stimulate our high endeavors that we may never lose heart in the struggle for the reign of justice and the right of people to determine their own future of love and service.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

House Amendment No. 2

AMEND House Committee Substitute for House Bill No. 1898, Page 3, Section 192.380, Line 78, by inserting after all of said section and line the following:

"208.662. 1. There is hereby established within the department of social services the "Show-Me Healthy Babies Program" as a separate children's health insurance program (CHIP) for any low-income unborn child. The program shall be established under the authority of Title XXI of the federal Social Security Act, the State Children's Health Insurance Program, as amended, and 42 CFR 457.1.

2. For an unborn child to be enrolled in the show-me healthy babies program, his or her mother shall not be eligible for coverage under Title XIX of the federal Social Security Act, the Medicaid program, as it is administered by the state, and shall not have access to affordable employer-subsidized health care insurance or other affordable health care coverage that includes coverage for the unborn child. In addition, the unborn child shall be in a family with income eligibility of no more than three hundred percent of the federal poverty level, or the equivalent modified adjusted gross income, unless the income eligibility is set lower by the general assembly through appropriations. In calculating family size as it relates to income eligibility, the family shall include, in addition to other family members, the unborn child, or in the case of a mother with a multiple pregnancy, all unborn children.

3. Coverage for an unborn child enrolled in the show-me healthy babies program shall include all prenatal care and pregnancy-related services that benefit the health of the unborn child and that promote healthy labor, delivery, and birth. Coverage need not include services that are solely for the benefit of the pregnant mother, that are unrelated to maintaining or promoting a healthy pregnancy, and that provide no benefit to the unborn child. However, the department may include pregnancy-related assistance as defined in 42 U.S.C. 1397II.

4. There shall be no waiting period before an unborn child may be enrolled in the show-me healthy babies program. In accordance with the definition of child in 42 CFR 457.10, coverage shall include the period from conception to birth. The department shall develop a presumptive eligibility procedure for enrolling an unborn child. There shall be verification of the pregnancy.

5. Coverage for the child shall continue for up to one year after birth, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations.

6. Pregnancy-related and postpartum coverage for the mother shall begin on the day the pregnancy ends and extend through the last day of the month that includes the sixtieth day after the pregnancy ends, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations. The department may include pregnancy-related assistance as defined in 42 U.S.C. 1397II.

7. The department may provide coverage for an unborn child enrolled in the show-me healthy babies program through:

(1) Direct coverage whereby the state pays health care providers directly or by contracting with a managed care organization or with a group or individual health insurance provider;

(2) A premium assistance program whereby the state assists in payment of the premiums, co-payments, coinsurance, or deductibles for a person who is eligible for health coverage through an employer, former employer, labor union, credit union, church, spouse, other organizations, other individuals, or through an individual health insurance policy that includes coverage for the unborn child, when such person needs assistance in paying such premiums, co-payments, coinsurance, or deductibles;

(3) A combination of direct coverage, such as when the unborn child is first enrolled, and premium assistance, such as after the child is born; or

(4) Any other similar arrangement whereby there:

(a) Are lower program costs without sacrificing health care coverage for the unborn child or the child up to one year after birth;

(b) Are greater covered services for the unborn child or the child up to one year after birth;

(c) Is also coverage for siblings or other family members, including the unborn child's mother, such as by providing pregnancy-related assistance under 42 U.S.C. 1397II, relating to coverage of targeted low-income pregnant women through the children's health insurance program (CHIP); or

(d) Will be an ability for the child to transition more easily to non-government or less government-subsidized group or individual health insurance coverage after the child is no longer enrolled in the show-me healthy babies program.

8. The department shall provide information about the show-me healthy babies program to maternity homes as defined in section 135.600, pregnancy resource centers as defined in section 135.630, and other similar agencies and programs in the state that assist unborn children and their mothers. The department shall consider allowing such agencies and programs to assist in the enrollment of unborn children in the program, and in making determinations about presumptive eligibility and verification of the pregnancy.

9. Within sixty days after the effective date of this section, the department shall submit a state plan amendment or seek any necessary waivers from the federal Department of Health and Human Services requesting approval for the show-me healthy babies program.

10. At least annually, the department shall prepare and submit a report to the governor, the speaker of the house of representatives, and the president pro tempore of the senate analyzing and projecting the cost savings and benefits, if any, to the state, counties, local communities, school districts, law enforcement agencies, correctional centers, health care providers, employers, other public and private entities, and persons by enrolling unborn children in the show-me healthy babies program. The analysis and projection of cost savings and benefits, if any, may include but need not be limited to:

(1) The higher federal matching rate for having an unborn child enrolled in the show-me healthy babies program versus the lower federal matching rate for a pregnant woman being enrolled in MO HealthNet or other federal programs;

(2) The efficacy in providing services to unborn children through managed care organizations, group or individual health insurance providers or premium assistance, or through other nontraditional arrangements of providing health care;

(3) The change in the proportion of unborn children who receive care in the first trimester of pregnancy due to a lack of waiting periods, by allowing presumptive eligibility, or by removal of other barriers, and any resulting or projected decrease in health problems and other problems for unborn children and women throughout pregnancy; at labor, delivery, and birth; and during infancy and childhood;

(4) The change in healthy behaviors by pregnant women, such as the cessation of the use of tobacco, alcohol, illicit drugs, or other harmful practices, and any resulting or projected short-term and long-term decrease in birth defects; poor motor skills; vision, speech, and hearing problems; breathing and respiratory problems; feeding and digestive problems; and other physical, mental, educational, and behavioral problems; and

(5) The change in infant and maternal mortality, pre-term births and low birth weight babies and any resulting or projected decrease in short-term and long-term medical and other interventions.

11. The show-me healthy babies program shall not be deemed an entitlement program, but instead shall be subject to a federal allotment or other federal appropriations and matching state appropriations.

12. Nothing in this section shall be construed as obligating the state to continue the show-me healthy babies program if the allotment or payments from the federal government end or are not sufficient for the program to operate, or if the general assembly does not appropriate funds for the program.

13. Nothing in this section shall be construed as expanding MO HealthNet or fulfilling a mandate imposed by the federal government on the state."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Franklin, **House Amendment No. 2** was adopted.

Representative Scharnhorst offered **House Amendment No. 3**.

House Amendment No. 3

AMEND House Committee Substitute for House Bill No. 1898, Page 1, in the title, Line 2, by deleting the words "perinatal care" and inserting in lieu thereof the words "public health"; and

Further amend said bill, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

"191.761. 1. Beginning July 1, 2015, the department of health and senior services shall provide a courier service to transport collected, donated umbilical cord blood samples to a nonprofit umbilical cord blood bank located in a city not within a county in existence as of the effective date of this section. The collection sites shall only be those facilities designated and trained by the blood bank in the collection and handling of umbilical cord blood specimens.

2. The department may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void." ; and

Further amend said bill, Page 3, Section 192.380, Line 78, by inserting after all of said section and line the following:

"197.168. Each year between October first and March first and in accordance with the latest recommendations of the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention, each hospital licensed under this chapter shall offer, prior to discharge and with the approval of the attending physician or other practitioner authorized to order vaccinations or as authorized by physician-approved hospital policies or protocols for influenza vaccinations pursuant to state hospital regulations, immunizations against influenza virus to all inpatients sixty-five years of age and older unless contraindicated for such patient and contingent upon the availability of the vaccine." ; and

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

FIFTY-NINTH DAY, TUESDAY, APRIL 29, 2014

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Representative Sue Entlicher.

Let us pray.

Psalm 15 in the Message asks: God, who gets invited to dinner at Your place? How do we get on Your guest list? God says: Walk straight, act right, tell the truth, don't hurt your friend, don't blame your neighbor, keep your word even when it costs you, make an honest living, and never take a bribe. If you live like this you'll be invited.

So today Lord, we ask for Your presence in this House. Keep us ever mindful God of Your love for us, Your protection over us and Your provision that sustains us. Help us God, to throw off our shackles of destruction that destroy us, and God give us a glorious new song. Abide in us today to keep these words of the Psalmist David foremost in our minds as we do the work set before us.

In Your precious Son's name we pray, Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Caroline Burke, Brynn Hollister, Christopher Mesfin, Evan Thomassen, Ruthie Underwood, Makayla Voris, and Christian Heston.

The Journal of the fifty-eighth day was approved as printed.

Representative Keeney declared the bill passed.

SCS SB 526, relating to a database for workers' compensation claims, was taken up by Representative Fraker.

Representative Richardson offered **House Amendment No. 1**.

House Amendment No. 1

AMEND Senate Committee Substitute for Senate Bill No. 526, Page 1, in the title, Lines 2-3, by deleting "a database for workers' compensation claims" and inserting in lieu thereof "workers' compensation"; and

Further amend said bill and page, Section A, Line 2, by inserting after all of said line the following:

"287.140. 1. In addition to all other compensation paid to the employee under this section, the employee shall receive and the employer shall provide such medical, surgical, chiropractic, and hospital treatment, including nursing, custodial, ambulance and medicines, as may reasonably be required after the injury or disability, to cure and relieve from the effects of the injury. If the employee desires, he shall have the right to select his own physician, surgeon, or other such requirement at his own expense. Where the requirements are furnished by a public hospital or other institution, payment therefor shall be made to the proper authorities. Regardless of whether the health care provider is selected by the employer or is selected by the employee at the employee's expense, the health care provider shall have the affirmative duty to communicate fully with the employee regarding the nature of the employee's injury and recommended treatment exclusive of any evaluation for a permanent disability rating. Failure to perform such duty to communicate shall constitute a disciplinary violation by the provider subject to the provisions of chapter 620. When an employee is required to submit to medical examinations or necessary medical treatment at a place outside of the local or metropolitan area from the employee's principal place of employment, the employer or its insurer shall advance or reimburse the employee for all necessary and reasonable expenses; except that an injured employee who resides outside the state of Missouri and who is employed by an employer located in Missouri shall have the option of selecting the location of services provided in this section either at a location within one hundred miles of the injured employee's residence, place of injury or place of hire by the employer. The choice of provider within the location selected shall continue to be made by the employer. In case of a medical examination if a dispute arises as to what expenses shall be paid by the employer, the matter shall be presented to the legal advisor, the administrative law judge or the commission, who shall set the sum to be paid and same shall be paid by the employer prior to the medical examination. In no event, however, shall the employer or its insurer be required to pay transportation costs for a greater distance than two hundred fifty miles each way from place of treatment.

2. If it be shown to the division or the commission that the requirements are being furnished in such manner that there is reasonable ground for believing that the life, health, or recovery of the employee is endangered thereby, the division or the commission may order a change in the physician, surgeon, hospital or other requirement.

3. All fees and charges under this chapter shall be fair and reasonable, shall be subject to regulation by the division or the commission, or the board of rehabilitation in rehabilitation cases. A health care provider shall not charge a fee for treatment and care which is governed by the provisions of this chapter greater than the usual and customary fee the provider receives for the same treatment or service when the payor for such treatment or service is a private individual or a private health insurance carrier. The division or the commission, or the board of rehabilitation in rehabilitation cases, shall also have jurisdiction to hear and determine all disputes as to such charges. A health care provider is bound by the determination upon the reasonableness of health care bills.

4. The division shall, by regulation, establish methods to resolve disputes concerning the reasonableness of medical charges, services, or aids. This regulation shall govern resolution of disputes between employers and medical providers over fees charged, whether or not paid, and shall be in lieu of any other administrative procedure under this chapter. The employee shall not be a party to a dispute over medical charges, nor shall the employee's recovery in any way be jeopardized because of such dispute. Any application for payment of additional reimbursement, as such term is used in 8 CSR 50-2.030, as amended, shall be filed not later than:

(1) Two years from the date the first notice of dispute of the medical charge was received by the health care provider if such services were rendered before July 1, 2013; and

(2) One year from the date the first notice of dispute of the medical charge was received by the health care provider if such services were rendered after July 1, 2013.

Notice shall be presumed to occur no later than five business days after transmission by certified United States mail. **For the purposes of this section, the phrase "notice of dispute" shall include, but not be limited to, an explanation of benefits delivered with final payment of the medical fee or charge that evidences that the payment is considered to be the full payment of the fee or charge.**

5. No compensation shall be payable for the death or disability of an employee, if and insofar as the death or disability may be caused, continued or aggravated by any unreasonable refusal to submit to any medical or surgical treatment or operation, the risk of which is, in the opinion of the division or the commission, inconsiderable in view of the seriousness of the injury. If the employee dies as a result of an operation made necessary by the injury, the death shall be deemed to be caused by the injury.

6. The testimony of any physician or chiropractic physician who treated the employee shall be admissible in evidence in any proceedings for compensation under this chapter, subject to all of the provisions of section 287.210.

7. Every hospital or other person furnishing the employee with medical aid shall permit its record to be copied by and shall furnish full information to the division or the commission, the employer, the employee or his dependents and any other party to any proceedings for compensation under this chapter, and certified copies of the records shall be admissible in evidence in any such proceedings.

8. The employer may be required by the division or the commission to furnish an injured employee with artificial legs, arms, hands, surgical orthopedic joints, or eyes, or braces, as needed, for life whenever the division or the commission shall find that the injured employee may be partially or wholly relieved of the effects of a permanent injury by the use thereof. The director of the division shall establish a procedure whereby a claim for compensation may be reactivated after settlement of such claim is completed. The claim shall be reactivated only after the claimant can show good cause for the reactivation of this claim and the claim shall be made only for the payment of medical procedures involving life-threatening surgical procedures or if the claimant requires the use of a new, or the modification, alteration or exchange of an existing, prosthetic device. For the purpose of this subsection, "life threatening" shall mean a situation or condition which, if not treated immediately, will likely result in the death of the injured worker.

9. Nothing in this chapter shall prevent an employee being provided treatment for his injuries by prayer or spiritual means if the employer does not object to the treatment.

10. The employer shall have the right to select the licensed treating physician, surgeon, chiropractic physician, or other health care provider; provided, however, that such physicians, surgeons or other health care providers shall offer only those services authorized within the scope of their licenses. For the purpose of this subsection, subsection 2 of section 287.030 shall not apply.

11. Any physician or other health care provider who orders, directs or refers a patient for treatment, testing, therapy or rehabilitation at any institution or facility shall, at or prior to the time of the referral, disclose in writing if such health care provider, any of his partners or his employer has a financial interest in the institution or facility to which the patient is being referred, to the following:

(1) The patient;

(2) The employer of the patient with workers' compensation liability for the injury or disease being treated;

(3) The workers' compensation insurer of such employer; and

(4) The workers' compensation adjusting company for such insurer.

12. Violation of subsection 11 of this section is a class A misdemeanor.

13. (1) No hospital, physician or other health care provider, other than a hospital, physician or health care provider selected by the employee at his own expense pursuant to subsection 1 of this section, shall bill or attempt to collect any fee or any portion of a fee for services rendered to an employee due to a work-related injury or report to any credit reporting agency any failure of the employee to make such payment, when an injury covered by this chapter has occurred and such hospital, physician or health care provider has received actual notice given in writing by the employee, the employer or the employer's insurer. Actual notice shall be deemed received by the hospital, physician or health care provider five days after mailing by certified mail by the employer or insurer to the hospital, physician or health care provider.

(2) The notice shall include:

(a) The name of the employer;

(b) The name of the insurer, if known;

(c) The name of the employee receiving the services;

(d) The general nature of the injury, if known; and

(e) Where a claim has been filed, the claim number, if known.

(3) When an injury is found to be noncompensable under this chapter, the hospital, physician or other health care provider shall be entitled to pursue the employee for any unpaid portion of the fee or other charges for authorized services provided to the employee. Any applicable statute of limitations for an action for such fees or other charges shall be tolled from the time notice is given to the division by a hospital, physician or other health care provider pursuant to subdivision (6) of this subsection, until a determination of noncompensability in regard to the injury which is the basis of such services is made, or in the event there is an appeal to the labor and industrial relations commission, until a decision is rendered by that commission.

(4) If a hospital, physician or other health care provider or a debt collector on behalf of such hospital, physician or other health care provider pursues any action to collect from an employee after such notice is properly given, the employee shall have a cause of action against the hospital, physician or other health care provider for actual damages sustained plus up to one thousand dollars in additional damages, costs and reasonable attorney's fees.

(5) If an employer or insurer fails to make payment for authorized services provided to the employee by a hospital, physician or other health care provider pursuant to this chapter, the hospital, physician or other health care provider may proceed pursuant to subsection 4 of this section with a dispute against the employer or insurer for any fees or other charges for services provided.

(6) A hospital, physician or other health care provider whose services have been authorized in advance by the employer or insurer may give notice to the division of any claim for fees or other charges for services provided for a work-related injury that is covered by this chapter, with copies of the notice to the employee, employer and the employer's insurer. Where such notice has been filed, the administrative law judge may order direct payment from the proceeds of any settlement or award to the hospital, physician or other health care provider for such fees as are determined by the division. The notice shall be on a form prescribed by the division.

14. The employer may allow or require an employee to use any of the employee's accumulated paid leave, personal leave, or medical or sick leave to attend to medical treatment, physical rehabilitation, or medical evaluations during work time. The intent of this subsection is to specifically supercede and abrogate any case law that contradicts the express language of this section."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Representative Roorda raised a point of order that **House Amendment No. 1** goes beyond the scope of the bill.

Representative Keeney requested a parliamentary ruling.

The Parliamentary Committee ruled the point of order not well taken.

Representative Jones (50) offered **House Amendment No. 2.**

House Amendment No. 2

AMEND Senate Committee Substitute for Senate Bill No. 526, Page 1, in the title, Lines 2 through 3, by deleting the words "a database for workers' compensation claims" and inserting in lieu thereof the words "workers' compensation"; and

Further amend said bill and page, Section A, Line 2, by inserting immediately after all of said line the following:

"287.040. 1. Any person who has work done under contract on or about his premises which is an operation of the usual business which he there carries on shall be deemed an employer and shall be liable under this chapter to such contractor, his subcontractors, and their employees, when injured or killed on or about the premises of the employer while doing work which is in the usual course of his business.

2. The provisions of this section shall not apply to the owner of premises upon which improvements are being erected, demolished, altered or repaired by an independent contractor but such independent contractor shall be deemed to be the employer of the employees of his subcontractors and their subcontractors when employed on or about the premises where the principal contractor is doing work.

3. In all cases mentioned in the preceding subsections, the immediate contractor or subcontractor shall be liable as an employer of the employees of his subcontractors. All persons so liable may be made parties to the proceedings on the application of any party. The liability of the immediate employer shall be primary, and that of the others secondary in their order, and any compensation paid by those secondarily liable may be recovered from those primarily liable, with attorney's fees and expenses of the suit. Such recovery may be had on motion in the original proceedings. No such employer shall be liable as in this section provided, if the employee was insured by his immediate or any intermediate employer.

4. The provisions of this section shall not apply to:

(1) The relationship between a for-hire motor carrier operating within a commercial zone as defined in section 390.020 or 390.041 or operating under a certificate issued by the Missouri department of transportation or by the United States Department of Transportation, or any of its subagencies, and an owner, as defined in subdivision (43) of section 301.010, and operator of a motor vehicle; **or**

(2) **An independent contractor providing application of agricultural materials used in crop dusting, seeding, spraying or fertilizing operations from an aircraft.**"; and

House Amendment No. 3

AMEND House Amendment No. 3 to Senate Committee Substitute for Senate Bill No. 526, Page 1, Line 11, by deleting all of said line and inserting in lieu thereof the following:

"loss benefits under subsection 11 of section 287.220.

287.957. The experience rating plan shall contain reasonable eligibility standards, provide adequate incentives for loss prevention, and shall provide for sufficient premium differentials so as to encourage safety. The uniform experience rating plan shall be the exclusive means of providing prospective premium adjustment based upon measurement of the loss-producing characteristics of an individual insured. An insurer may submit a rating plan or plans providing for retrospective premium adjustments based upon an insured's past experience. Such system shall provide for retrospective adjustment of an experience modification and premiums paid pursuant to such experience modification where a prior reserved claim produced an experience modification that varied by greater than fifty percent from the experience modification that would have been established based on the settlement amount of that claim. The rating plan shall prohibit an adjustment to the experience modification of an employer if the total medical cost does not exceed [one thousand dollars] **twenty percent of the current split point of primary and excess losses under the uniform experience rating plan**, and the employer pays all of the total medical costs and there is no lost time from the employment, other than the first three days or less of disability under subsection 1 of section 287.160, and no claim is filed. An employer opting to utilize this provision maintains an obligation to report the injury under subsection 1 of section 287.380.

287.975. 1. The advisory organization shall file with the director every pure premium rate, every manual of rating rules, every rating schedule and every change or amendment, or modification of any of the foregoing, proposed for use in this state no more than thirty days after it is distributed to members, subscribers or others.

2. The advisory organization which makes a uniform classification system for use in setting rates in this state shall collect data for two years after January 1, 1994, on the payroll differential between employers within the construction group of code classifications, including, but not limited to, payroll costs of the employer and number of hours worked by all employees of the employer engaged in construction work. Such data shall be transferred to the department of insurance, financial institutions and professional registration in a form prescribed by the director of the department of insurance, financial institutions and professional registration, and the department shall compile the data and develop a formula to equalize premium rates for employers within the construction group of code classifications based on such payroll differential within three years after the data is submitted by the advisory organization.

3. The formula to equalize premium rates for employers within the construction group of code classifications established under subsection 2 of this section shall be the formula in effect on January 1, 1999. This subsection shall become effective on January 1, 2014.

House Amendment No. 4

AMEND Senate Committee Substitute for Senate Bill No. 526, Page 1, in the title, Line 3, by deleting all of said line and inserting in lieu thereof "workers' compensation."; and

Further amend said bill and page, Section A, Line 2, by inserting the following after all of said line:

"287.120. 1. Every employer subject to the provisions of this chapter shall be liable, irrespective of negligence, to furnish compensation under the provisions of this chapter for personal injury or death of the employee by accident or occupational disease arising out of and in the course of the employee's employment. Any employee of such employer shall not be liable for any injury or death for which compensation is recoverable under this chapter and every employer and employees of such employer shall be released from all other liability whatsoever, whether to the employee or any other person, except that an employee shall not be released from liability for injury or death if the employee engaged in an affirmative negligent act that purposefully and dangerously caused or increased the risk of injury. The term "accident" as used in this section shall include, but not be limited to, injury or death of the employee caused by the unprovoked violence or assault against the employee by any person.

2. The rights and remedies herein granted to an employee shall exclude all other rights and remedies of the employee, his wife, her husband, parents, personal representatives, dependents, heirs or next kin, at common law or otherwise, on account of such injury or death by accident or occupational disease, except such rights and remedies as are not provided for by this chapter.

3. No compensation shall be allowed under this chapter for the injury or death due to the employee's intentional self-inflicted injury, but the burden of proof of intentional self-inflicted injury shall be on the employer or the person contesting the claim for allowance.

4. Where the injury is caused by the failure of the employer to comply with any statute in this state or any lawful order of the division or the commission, the compensation and death benefit provided for under this chapter shall be increased [fifteen] **twenty-five** percent.

5. Where the injury is caused by the failure of the employee to use safety devices where provided by the employer, or from the employee's failure to obey any reasonable rule adopted by the employer for the safety of employees, the compensation and death benefit provided for herein shall be reduced [at least twenty-five but not more than fifty] **twenty-five** percent; provided, that it is shown that the employee had actual knowledge of the rule so adopted by the employer; and provided, further, that the employer had, prior to the injury, made a reasonable effort to cause his or her employees to use the safety device or devices and to obey or follow the rule so adopted for the safety of the employees.

6. (1) Where the employee fails to obey any rule or policy adopted by the employer relating to a drug-free workplace or the use of alcohol or nonprescribed controlled drugs in the workplace, the compensation and death benefit provided for herein shall be reduced fifty percent if the injury was sustained in conjunction with the use of alcohol or nonprescribed controlled drugs.

(2) If, however, the use of alcohol or nonprescribed controlled drugs in violation of the employer's rule or policy is the proximate cause of the injury, then the benefits or compensation otherwise payable under this chapter for death or disability shall be forfeited.

(3) The voluntary use of alcohol to the percentage of blood alcohol sufficient under Missouri law to constitute legal intoxication shall give rise to a rebuttable presumption that the voluntary use of alcohol under such circumstances was the proximate cause of the injury. A preponderance of the evidence standard shall apply to rebut such presumption. An employee's refusal to take a test for alcohol or a nonprescribed controlled substance, as defined by section 195.010, at the request of the employer shall result in the forfeiture of benefits under this chapter if the employer had sufficient cause to suspect use of alcohol or a nonprescribed controlled substance by the claimant or if the employer's policy clearly authorizes post-injury testing.

7. Where the employee's participation in a recreational activity or program is the prevailing cause of the injury, benefits or compensation otherwise payable under this chapter for death or disability shall be forfeited regardless that the employer may have promoted, sponsored or supported the recreational activity or program, expressly or impliedly, in whole or in part. The forfeiture of benefits or compensation shall not apply when:

- (1) The employee was directly ordered by the employer to participate in such recreational activity or program;
- (2) The employee was paid wages or travel expenses while participating in such recreational activity or program; or
- (3) The injury from such recreational activity or program occurs on the employer's premises due to an unsafe condition and the employer had actual knowledge of the employee's participation in the recreational activity or program and of the unsafe condition of the premises and failed to either curtail the recreational activity or program or cure the unsafe condition.

8. Mental injury resulting from work-related stress does not arise out of and in the course of the employment, unless it is demonstrated that the stress is work related and was extraordinary and unusual. The amount of work stress shall be measured by objective standards and actual events.

9. A mental injury is not considered to arise out of and in the course of the employment if it resulted from any disciplinary action, work evaluation, job transfer, layoff, demotion, termination or any similar action taken in good faith by the employer.

10. The ability of a firefighter to receive benefits for psychological stress under section 287.067 shall not be diminished by the provisions of subsections 8 and 9 of this section."; and

Nothing in this subdivision is intended to exempt employment where the inmate, patient or resident was hired by a state, county or municipal government agency after direct competition with persons who are not inmates, patients or residents and the compensation for the position of employment is not contingent upon or affected by the worker's status as an inmate, patient or resident;

Speaker Jones declared the bill passed.

SCS SB 612, relating to nonresident entertainer income taxes, was taken up by Representative Hoskins.

Representative Jones (50) offered **House Amendment No. 1**.

House Amendment No. 1

AMEND Senate Committee Substitute for Senate Bill No. 612, Page 1, in the title, Line 3, by deleting the words, "nonresident entertainer income taxes" and inserting in lieu thereof the words "taxation"; and

Further amend said bill, Page 5, Section 143.183, Line 142, by inserting immediately after said line the following:

"143.451. 1. Missouri taxable income of a corporation shall include all income derived from sources within this state.

2. A corporation described in subdivision (1) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income from sources within this state, including that from the transaction of business in this state and that from the transaction of business partly done in this state and partly done in another state or states. However:

(1) Where income results from a transaction partially in this state and partially in another state or states, and income and deductions of the portion in the state cannot be segregated, then such portions of income and deductions shall be allocated in this state and the other state or states as will distribute to this state a portion based upon the portion of the transaction in this state and the portion in such other state or states.

(2) The taxpayer may elect to compute the portion of income from all sources in this state in the following manner, or the manner set forth in subdivision (3) of this subsection:

(a) The income from all sources shall be determined as provided, excluding therefrom the figures for the operation of any bridge connecting this state with another state.

(b) The amount of sales which are transactions wholly in this state shall be added to one-half of the amount of sales which are transactions partly within this state and partly without this state, and the amount thus obtained shall be divided by the total sales or in cases where sales do not express the volume of business, the amount of business transacted wholly in this state shall be added to one-half of the amount of business transacted partly in this state and partly outside this state and the amount thus obtained shall be divided by the total amount of business transacted, and the net income shall be multiplied by the fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income. The investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction.

(c) For the purposes of this subdivision, a transaction involving the sale of tangible property is:

a. "Wholly in this state" if both the seller's shipping point and the purchaser's destination point are in this state;

b. "Partly within this state and partly without this state" if the seller's shipping point is in this state and the purchaser's destination point is outside this state, or the seller's shipping point is outside this state and the purchaser's destination point is in this state;

c. Not "wholly in this state" or not "partly within this state and partly without this state" only if both the seller's shipping point and the purchaser's destination point are outside this state.

(d) For purposes of this subdivision:

a. The purchaser's destination point shall be determined without regard to the FOB point or other conditions of the sale; and

b. The seller's shipping point is determined without regard to the location of the seller's principle office or place of business.

(3) The taxpayer may elect to compute the portion of income from all sources in this state in the following manner:

(a) The income from all sources shall be determined as provided, excluding therefrom the figures for the operation of any bridge connecting this state with another state;

(b) The amount of sales which are transactions in this state shall be divided by the total sales, and the net income shall be multiplied by the fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income. The investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction;

(c) For the purposes of this subdivision, a transaction involving the sale of tangible property is:

a. "In this state" if the purchaser's destination point is in this state;

b. Not "in this state" if the purchaser's destination point is outside this state;

(d) For purposes of this subdivision, the purchaser's destination point shall be determined without regard to the FOB point or other conditions of the sale and shall not be in this state if the purchaser received the tangible personal property from the seller in this state for delivery to the purchaser's location outside this state;

(e) For the purposes of this subdivision, a transaction involving the sale other than the sale of tangible property is "in this state" if the taxpayer's market for the sales is in this state. The taxpayer's market for sales is in this state:

a. In the case of sale, rental, lease, or license of real property, if and to the extent the property is located in this state;

b. In the case of rental, lease, or license of tangible personal property, if and to the extent the property is located in this state;

c. In the case of sale of a service, if and to the extent the benefit of the service is delivered to a purchaser location in this state; and

d. In the case of intangible property:

(i) That is rented, leased, or licensed, if and to the extent the property is used in this state by the rentee, lessee, or licensee, provided that intangible property utilized in marketing a good or service to a consumer is "used in this state" if that good or service is purchased by a consumer who is in this state. Franchise fees or royalties received for the rent, lease, license, or use of a trade name, trademark, service mark, or franchise system or provides a right to conduct business activity in a specific geographic area are "used in this state" to the extent the franchise location is in this state; and

(ii) That is sold, if and to the extent the property is used in this state, provided that:

i. A contract right, government license, or similar intangible property that authorizes the holder to conduct a business activity in a specific geographic area is "used in this state" if the geographic area includes all or part of this state;

ii. Receipts from intangible property sales that are contingent on the productivity, use, or disposition of the intangible property shall be treated as receipts from the rental, lease, or licensing of such intangible property under item (I) of this subparagraph; and

iii. All other receipts from a sales of intangible property shall be excluded from the numerator and denominator of the sales factor;

(f) If the state or states of assignment under paragraph (e) of this subdivision cannot be determined, the state or states of assignment shall be reasonably approximated;

(g) If the state of assignment cannot be determined under paragraph (e) of this subdivision or reasonably approximated under paragraph (f) of this subdivision, such sales shall be excluded from the denominator of the sales factor;

(h) The director may prescribe such rules and regulations as necessary or appropriate to carry out the purposes of this section.

(4) For purposes of this subsection, the following words shall, unless the context otherwise requires, have the following meaning:

(a) "Administration services" include, but are not limited to, clerical, fund or shareholder accounting, participant record keeping, transfer agency, bookkeeping, data processing, custodial, internal auditing, legal and tax services performed for an investment company;

(b) "Affiliate", the meaning as set forth in 15 U.S.C. Section 80a-2(a)(3)(C), as may be amended from time to time;

(c) "Distribution services" include, but are not limited to, the services of advertising, servicing, marketing, underwriting or selling shares of an investment company, but, in the case of advertising, servicing or marketing shares, only where such service is performed by a person who is, or in the case of a closed end company, was, either engaged in the services of underwriting or selling investment company shares or affiliated with a person that is engaged in the service of underwriting or selling investment company shares. In the case of an open end company, such service of underwriting or selling shares must be performed pursuant to a contract entered into pursuant to 15 U.S.C. Section 80a-15(b), as from time to time amended;

(d) "Investment company", any person registered under the federal Investment Company Act of 1940, as amended from time to time, (the act) or a company which would be required to register as an investment company under the act except that such person is exempt to such registration pursuant to Section 80a-3(c)(1) of the act;

(e) "Investment funds service corporation" includes any corporation or S corporation doing business in the state which derives more than fifty percent of its gross income in the ordinary course of business from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. An investment funds service corporation shall include any corporation or S corporation providing management services as an investment advisory firm registered under Section 203 of the Investment Advisors Act of 1940, as amended from time to time, regardless of the percentage of gross revenues consisting of fees from management services provided to or on behalf of an investment company;

(f) "Management services" include but are not limited to, the rendering of investment advice directly or indirectly to an investment company making determinations as to when sales and purchases of securities are to be made on behalf of the investment company, or the selling or purchasing of securities constituting assets of an investment company, and related activities, but only where such activity or activities are performed:

a. Pursuant to a contract with the investment company entered into pursuant to 15 U.S.C. Section 80a-15(a), as from time to time amended;

b. For a person that has entered into such contract with the investment company; or

c. For a person that is affiliated with a person that has entered into such contract with an investment company;

(g) "Qualifying sales", gross income derived from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. For purposes of this section, "gross income" is defined as that amount of income earned from qualifying sources without deduction of expenses related to the generation of such income;

(h) "Residence", presumptively the fund shareholder's mailing address on the records of the investment company. If, however, the investment company or the investment funds service corporation has actual knowledge that the fund shareholder's primary residence or principal place of business is different than the fund shareholder's mailing address such presumption shall not control. To the extent an investment funds service corporation does not have access to the records of the investment company, the investment funds service corporation may employ reasonable methods to determine the investment company fund shareholder's residence.

(5) Notwithstanding other provisions of law to the contrary, qualifying sales of an investment funds service corporation, or S corporation, shall be considered wholly in this state only to the extent that the fund shareholders of the investment companies, to which the investment funds service corporation, or S corporation, provide services, are resided in this state. Wholly in this state qualifying sales of an investment funds service corporation, or S corporation, shall be determined as follows:

(a) By multiplying the investment funds service corporation's total dollar amount of qualifying sales from services provided to each investment company by a fraction, the numerator of which shall be the average of the number of shares owned by the investment company's fund shareholders resided in this state at the beginning of and at the end of the investment company's taxable year that ends with or within the investment funds service corporation's taxable year, and the denominator of which shall be the average of the number of shares owned by the investment company's fund shareholders everywhere at the beginning of and at the end of the investment company's taxable year that ends with or within the investment funds service corporation's taxable year;

(b) A separate computation shall be made to determine the wholly in this state qualifying sales from each investment company. The qualifying sales for each investment company shall be multiplied by the respective percentage of each fund, as calculated pursuant to paragraph (a) of this subdivision. The product of this equation shall result in the wholly in this state qualifying sales. The qualifying sales for each investment company which are not wholly in this state will be considered wholly without this state;

(c) To the extent an investment funds service corporation has sales which are not qualifying sales, those nonqualified sales shall be apportioned to this state based on the methodology utilized by the investment funds service corporation without regard to this subdivision.

3. Any corporation described in subdivision (1) of subsection 1 of section 143.441 organized in this state or granted a permit to operate in this state for the transportation or care of passengers shall report its gross earnings within the state on intrastate business and shall also report its gross earnings on all interstate business done in this state which report shall be subject to inquiry for the purpose of determining the amount of income to be included in Missouri taxable income. The previous sentence shall not apply to a railroad.

4. A corporation described in subdivision (2) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources in this state and all income from each transportation service wholly within this state, from each service where the only lines of such corporation used are those in this state, and such proportion of revenue from each service where the facilities of such corporation in this state and in another state or states are used, as the mileage used over the lines of such corporation in the state shall bear to the total mileage used over the lines of such corporation. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year of any fixed transportation facilities, real estate and improvements in this state leased from any other railroad shall be divided by the sum of the total amount of investment of such corporation on December thirty-first of each year in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year, of any fixed transportation facilities, real estate and improvements leased from any other railroad. Where any fixed transportation facilities, real estate or improvements are leased by more than one railroad, such portion of the value shall be used by each railroad as the rental paid by each shall bear to the rental paid by all lessees. The income shall be multiplied by the fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

5. A corporation described in subdivision (3) of subsection 1 of section 143.441 shall include in its Missouri taxable income one-half of the net income from the operation of a bridge between this and another state. If any such bridge is owned or operated by a railroad corporation or corporations, or by a corporation owning a railroad corporation using such bridge, then the figures for operation of such bridge may be included in the return of such railroad or railroads; or if such bridge is owned or operated by any other corporation which may now or hereafter be required to file an income tax return, one-half of the income or loss to such corporation from such bridge may be included in such return by adding or subtracting same to or from another net income or loss shown by the return.

6. A corporation described in subdivision (4) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources within this state. Income shall include revenue from each telephonic or telegraphic service rendered wholly within this state; from each service rendered for which the only facilities of such corporation used are those in this state; and from each service rendered over the facilities of such corporation in this state and in other state or states, such proportion of such revenue as the mileage involved in this state shall bear to the total mileage involved over the lines of said company in all states. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in telephonic or telegraphic facilities, real estate and improvements thereon, shall be divided by the amount of the total investment of such corporation on December thirty-first of each year in telephonic or telegraphic facilities, real estate and improvements. The income of the taxpayer shall be multiplied by fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

7. From the income determined in subsections 2, 3, 4, 5 and 6 of this section to be from all sources within this state shall be deducted such of the deductions for expenses in determining Missouri taxable income as were incurred in this state to produce such income and all losses actually sustained in this state in the business of the corporation.

8. If a corporation derives only part of its income from sources within Missouri, its Missouri taxable income shall only reflect the effect of the following listed deductions to the extent applicable to Missouri. The deductions are: (a) its deduction for federal income taxes pursuant to section 143.171, and (b) the effect on Missouri taxable income of the deduction for net operating loss allowed by Section 172 of the Internal Revenue Code. The extent applicable to Missouri shall be determined by multiplying the amount that would otherwise affect Missouri taxable income by the ratio for the year of the Missouri taxable income of the corporation for the year divided by the Missouri taxable income for the year as though the corporation had derived all of its income from sources within Missouri. For the purpose of the preceding sentence, Missouri taxable income shall not reflect the listed deductions.

9. Any investment funds service corporation organized as a corporation or S corporation which has any shareholders resided in this state shall be subject to Missouri income tax as provided in this chapter."; and

Further amend said bill, Page 5, Section 143.183, Line 142, by inserting immediately after said line the following:

"144.021. 1. The purpose and intent of sections 144.010 to 144.510 is to impose a tax upon the privilege of engaging in the business, in this state, of selling tangible personal property and those services listed in section 144.020 and for the privilege of titling new and used motor vehicles, trailers, boats, and outboard motors purchased or acquired for use on the highways or waters of this state which are required to be registered under the laws of the state of Missouri. Except as otherwise provided, the primary tax burden is placed upon the seller making the taxable sales of property or service and is levied at the rate provided for in section 144.020. Excluding subdivision (9) of subsection 1 of section 144.020 and sections 144.070, 144.440 and 144.450, the extent to which a seller is required to collect the tax from the purchaser of the taxable property or service is governed by section 144.285 and in no way affects sections 144.080 and 144.100, which require all sellers to report to the director of revenue their "gross receipts", defined herein to mean the aggregate amount of the sales price of all sales at retail, and remit tax at four percent of their gross receipts.

2. If the amount of taxes due under sections 144.010 to 144.510 is modified by a decision of:

- (1) The director of revenue;**
- (2) The administrative hearing commission; or**
- (3) A court of competent jurisdiction;**

which changes which items of tangible personal property or services are taxable, all affected sellers shall be notified by the department of revenue before such modification shall take effect for such sellers. Failure of the department of revenue to notify a seller shall relieve such seller of liability for taxes that would be due under the modification until the seller is notified. The waiver of liability for taxes under this subsection shall only apply to sellers actively selling the type of tangible personal property or service affected by the decision on the date the decision is made or handed down.

144.054. 1. As used in this section, the following terms mean:

(1) "Processing", any mode of treatment, act, or series of acts performed upon materials to transform or reduce them to a different state or thing, including treatment necessary to maintain or preserve such processing by the producer at the production facility;

(2) "Recovered materials", those materials which have been diverted or removed from the solid waste stream for sale, use, reuse, or recycling, whether or not they require subsequent separation and processing.

2. In addition to all other exemptions granted under this chapter, there is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and 144.600 to 144.761, and from the computation of the tax levied, assessed, or payable under sections 144.010 to 144.525 and 144.600 to 144.761, electrical energy and gas, whether natural, artificial, or propane, water, coal, and energy sources, chemicals, machinery, equipment, and materials used or consumed in the manufacturing, processing, compounding, mining, or producing of any product, or used or consumed in the processing of recovered materials, or used in research and development related to manufacturing, processing, compounding, mining, or producing any product. The exemptions granted in this subsection shall not apply to local sales taxes as defined in section 32.085 and the provisions of this subsection shall be in addition to any state and local sales tax exemption provided in section 144.030.

3. In addition to all other exemptions granted under this chapter, there is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and 144.600 to 144.761, and section 238.235, and the local sales tax law as defined in section 32.085, and from the computation of the tax levied, assessed, or payable under sections 144.010 to 144.525 and 144.600 to 144.761, and section 238.235, and the local sales tax law as defined in section 32.085, all utilities, machinery, and equipment used or consumed directly in television or radio broadcasting and all sales and purchases of tangible personal property, utilities, services, or any other transaction that would otherwise be subject to the state or local sales or use tax when such sales are made to or purchases are made by a contractor for use in fulfillment of any obligation under a defense contract with the United States government, and all sales and leases of tangible personal property by any county, city, incorporated town, or village, provided such sale or lease is authorized under chapter 100, and such transaction is certified for sales tax exemption by the department of economic development, and tangible personal property used for railroad infrastructure brought into this state for processing, fabrication, or other modification for use outside the state in the regular course of business.

4. In addition to all other exemptions granted under this chapter, there is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and 144.600 to 144.761, and section 238.235, and the local sales tax law as defined in section 32.085, and from the computation of the tax levied, assessed, or payable under sections 144.010 to 144.525 and 144.600 to 144.761, and section 238.235, and the local sales tax law as defined in section 32.085, all sales and purchases of tangible personal property, utilities, services, or any other transaction that would otherwise be subject to the state or local sales or use tax when such sales are made to or purchases are made by a private partner for use in completing a project under sections 227.600 to 227.669.

5. In addition to all other exemptions granted under this chapter, there is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and 144.600 to 144.761, and section 238.235, and the local sales tax law as defined in section 32.085, and from the computation of the tax levied, assessed, or payable under sections 144.010 to 144.525 and 144.600 to 144.761, and section 238.235, and the local sales tax law as defined in section 32.085, all materials, manufactured goods, machinery and parts, electrical energy and gas, whether natural, artificial or propane, water, coal and other energy sources, chemicals, soaps, detergents, cleaning and sanitizing agents, and other ingredients and materials inserted by commercial or industrial laundries to treat, clean, and sanitize textiles in facilities which process at least five hundred pounds of textiles per hour and at least sixty thousand pounds per week.."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Jones (50), **House Amendment No. 1** was adopted.

Representative Kelley (127) offered **House Amendment No. 2**.

House Amendment No. 2

AMEND Senate Committee Substitute for Senate Bill No. 612, Page 5, Section 143.183, Line 142, by inserting immediately after said line the following:

"143.221. 1. Every employer required to deduct and withhold tax under sections 143.011 to 143.996 shall, for each calendar quarter, on or before the last day of the month following the close of such calendar quarter, file a withholding return as prescribed by the director of revenue and pay over to the director of revenue or to a depository designated by the director of revenue the taxes so required to be deducted and withheld.

2. Where the aggregate amount required to be deducted and withheld by any employer exceeds fifty dollars for at least two of the preceding twelve months, the director, by regulation, may require a monthly return. The due dates of the monthly return and the monthly payment or deposit for the first two months of each quarter shall be by the fifteenth day of the succeeding month. The due dates of the monthly return and the monthly payment or deposit for the last month of each quarter shall be by the last day of the succeeding month. The director may increase the amount required for making a monthly employer withholding payment and return to more than fifty dollars or decrease such required amount, however, the decreased amount shall not be less than fifty dollars.

3. Where the aggregate amount required to be deducted and withheld by any employer is less than [twenty] **one hundred** dollars in each of the four preceding quarters, **and to the extent the employer does not meet the requirements in subsection 1 or 2 of this section for filing a withholding return on a quarterly or monthly basis**, the employer shall file a withholding return for a calendar year. The director, by regulation, may also allow other employers to file annual returns. The return shall be filed and the taxes if any paid on or before January thirty-first of the succeeding year. The director may increase the amount required for making an annual employer withholding payment and return to more than [twenty] **one hundred** dollars or decrease such required amount, however, the decreased amount shall not be less than [twenty] **one hundred** dollars.

4. If the director of revenue finds that the collection of taxes required to be deducted and withheld by an employer may be jeopardized by delay, he may require the employer to pay over the tax or make a return at any time. A lien outstanding with regard to any tax administered by the director shall be a sufficient basis for this action."; and

"144.080. 1. Every person receiving any payment or consideration upon the sale of property or rendering of service, subject to the tax imposed by the provisions of sections 144.010 to 144.525, is exercising the taxable privilege of selling the property or rendering the service at retail and is subject to the tax levied in section 144.020. The person shall be responsible not only for the collection of the amount of the tax imposed on the sale or service to the extent possible under the provisions of section 144.285, but shall, on or before the last day of the month following each calendar quarterly period of three months, file a return with the director of revenue showing the person's gross receipts and the amount of tax levied in section 144.020 for the preceding quarter, and shall remit to the director of revenue, with the return, the taxes levied in section 144.020, except as provided in subsections 2 and 3 of this section. The director of revenue may promulgate rules or regulations changing the filing and payment requirements of sellers, but shall not require any seller to file and pay more frequently than required in this section.

2. Where the aggregate amount levied and imposed upon a seller by section 144.020 is in excess of two hundred and fifty dollars for either the first or second month of a calendar quarter, the seller shall file a return and pay such aggregate amount for such months to the director of revenue by the twentieth day of the succeeding month.

3. Where the aggregate amount levied and imposed upon a seller by section 144.020 is less than forty-five dollars in a calendar quarter, the director of revenue shall by regulation permit the seller to file a return for a calendar year. The return shall be filed and the taxes paid on or before January thirty-first of the succeeding year.

4. The seller of any property or person rendering any service, subject to the tax imposed by sections 144.010 to 144.525, shall collect the tax from the purchaser of such property or the recipient of the service to the extent possible under the provisions of section 144.285, but the seller's inability to collect any part or all of the tax does not relieve the seller of the obligation to pay to the state the tax imposed by section 144.020; except that the collection of the tax imposed by sections 144.010 to 144.525 on motor vehicles and trailers shall be made as provided in sections 144.070 and 144.440.

Further amend said bill, page, Section A, Line 2, by inserting after all of said line and section the following:

"32.383. 1. Notwithstanding the provisions of any other law to the contrary, with respect to taxes administered by the department of revenue under this chapter and chapters 143, 144, and 147, an amnesty from the assessment or payment of all penalties, additions to tax, and interest shall apply with respect to unpaid taxes or taxes due and owing reported and paid in full from July 1, 2014, to September 30, 2014, regardless of whether previously assessed, except for penalties, additions to tax, and interest paid before July 1, 2014. The amnesty shall

apply only to tax liabilities due or due but unpaid on or before December 31, 2013, and shall not extend to any taxpayer who at the time of payment is a party to any criminal investigations or to any civil or criminal litigation that is pending in any court of the United States or this state for nonpayment, delinquency, or fraud in relation to any state tax imposed by this state.

2. Upon written application by the taxpayer, on forms prescribed by the director of revenue, and upon compliance with the provisions of this section, the department of revenue shall not seek to collect any penalty, addition to tax, or interest that may be applicable. The department of revenue shall not seek civil or criminal prosecution for any taxpayer for the taxable period for which the amnesty has been granted unless subsequent investigation or audit shows that the taxpayer engaged in fraudulent or criminal conduct in applying for amnesty.

3. Amnesty shall be granted only to those taxpayers who have applied for amnesty within the period stated in this section, who have filed a tax return for each taxable period for which amnesty is requested, who have paid the entire balance by September 30, 2014, and who agree to comply with state tax laws for the next eight years from the date of the agreement. No taxpayer shall be entitled to a waiver of any penalty, addition to tax, or interest under this section unless full payment of the tax due is made in accordance with rules established by the director of revenue.

4. All taxpayers granted amnesty under this section shall in good faith comply with this state's tax laws for the eight years following the date of the amnesty agreement. If any such taxpayer fails to comply with all of this state's tax laws at any time during the eight years following the date of the agreement, all penalties, additions to tax, and interest that were waived under the amnesty agreement shall become due and owing immediately.

5. If a taxpayer is granted amnesty under this section, such taxpayer shall not be eligible to participate in any future amnesty for the same tax.

6. If a taxpayer elects to participate in the amnesty program established in this section as evidenced by full payment of the tax due as established by the director of revenue, that election shall constitute an express and absolute relinquishment of all administrative and judicial rights of appeal. No tax payment received under this section shall be eligible for refund or credit.

7. Nothing in this section shall be interpreted to disallow the department of revenue to adjust a taxpayer's tax return as a result of any state or federal audit.

8. All tax payments received as a result of the amnesty program established in this section, other than revenues earmarked by the Constitution of Missouri or this state's statutes, shall be deposited in the state general revenue fund.

9. The department may promulgate rules or issue administrative guidelines as are necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after July 1, 2014, shall be invalid and void.

10. This section shall become effective on July 1, 2014, and shall expire on December 31, 2022.

11. If any provision of this section or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this section which can be given effect without the invalid provision or application, and to this end the provisions of this section are severable."; and

Further amend said bill, Page 5, Section 143.183, Line 142, by inserting after all of said section and line the following:

"Section B. Because immediate action is necessary to secure adequate state revenue, the enactment of section 32.383 is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and the enactment of section 32.383 is hereby declared to be an emergency act within the meaning of the constitution, and the enactment of section 32.383 shall be in full force and effect on July 1, 2014, or upon its passage and approval, whichever occurs later."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Flanigan, **House Amendment No. 4** was adopted.

Representative Miller offered **House Amendment No. 5.**

House Amendment No. 5

AMEND Senate Committee Substitute for Senate Bill No. 612, Page 5, Section 143.183, Line 142, by inserting after all of said line the following:

"143.801. 1. A claim for credit or refund of an overpayment of any tax imposed by sections 143.011 to 143.996 shall be filed by the taxpayer within three years from the time the return was filed or two years from the time the tax was paid, whichever of such periods expires the later; or if no return was filed by the taxpayer, within two years from the time the tax was paid. No credit or refund shall be allowed or made after the expiration of the period of limitation prescribed in this subsection for the filing of a claim for credit or refund, unless a claim for credit or refund is filed by the taxpayer within such period.

2. If the claim is filed by the taxpayer during the three-year period prescribed in subsection 1 **of this section**, the amount of the credit or refund shall not exceed the portion of the tax paid within the three years immediately preceding the filing of the claim plus the period of any extension of time for filing the return. If the claim is not filed within such three-year period, but is filed within the two-year period, the amount of the credit or refund shall not exceed the portion of the tax paid during the two years immediately preceding the filing of the claim. If no claim is filed, the credit or refund shall not exceed the amount which would be allowable under either of the preceding sentences, as the case may be, if a claim was filed on the date the credit or refund is allowed.

3. If pursuant to subsection 6 of section 143.711 an agreement for an extension of the period for assessment of income taxes is made within the period prescribed in subsection 1 of this section for the filing of a claim for credit or refund, the period for filing a claim for credit or for making a credit or refund if no claim is filed, shall not expire prior to six months after the expiration of the period within which an assessment may be made pursuant to the agreement or any extension thereof. The amount of such credit or refund shall not exceed the portion of the tax paid after the execution of the agreement and before the filing of the claim or the making of the credit or refund, as the case may be, plus the portion of the tax paid within the period which would be applicable under subsection 1 of this section if a claim had been filed on the date the agreement was executed.

4. If a taxpayer is required by section 143.601 to report a change or correction in federal taxable income reported on his federal income tax return, or to report a change or correction which is treated in the same manner as if it were an overpayment for federal income tax purposes, an amended return or a claim for credit or refund of any resulting overpayment of tax shall be filed by the taxpayer within one year from the time the notice of such change or correction or such amended return was required to be filed with the director of revenue. If the report or amended return required by section 143.601 is not filed within the ninety-day period therein specified, interest on any resulting refund or credit shall cease to accrue after such ninetieth day. The amount of such credit or refund shall not exceed the amount of the reduction in tax attributable to:

(1) The issues on which such federal change or correction or the items amended on the taxpayer's amended federal income tax return are based, and

(2) Any change in the amount of [his] **the taxpayer's** federal income tax deduction under the provisions of subsection 1 of section 143.171. No effect shall be given in the preceding sentence to any federal change or correction or to any item on an amended return unless it is timely under the applicable federal period of limitations. The time and amount provisions of this subsection shall be in lieu of any other provisions of this section. This subsection shall not affect the time within which or the amount for which a claim for credit or refund may be filed apart from this subsection.

5. If the claim for credit or refund relates to an overpayment of tax on account of the deductibility by the taxpayer of a debt as a debt which became worthless or a loss from worthlessness of a security or the effect that the deductibility of a debt or of a loss has on the application to the taxpayer of a carryover, the claim may be made, under regulations prescribed by the director of revenue within seven years from the date prescribed by law for filing the return for the year with respect to which the claim is made.

6. If the claim for credit or refund relates to an overpayment attributable to a net operating loss carryback or a capital loss carryback, in lieu of the three-year period of limitations prescribed in subsection 1 of this section, the period shall be that period which ends with the expiration of the fifteenth day of the fortieth month (or the thirty-ninth month, in the case of a corporation) following the end of the taxable year of the net operating loss or net capital loss which results in such carryback, or the period prescribed in subsection 3 of this section in respect of such taxable year, whichever expires later. In the case of such a claim, the amount of the credit or refund may exceed the portion of the tax paid within the period provided in subsections 2, 3 and 4 of this section, whichever is applicable, to the extent of the amount of the overpayment attributable to such carryback.

7. (1) No period of limitations provided in subsections 1 to 6 of this section shall apply if the director of revenue examines or causes to have examined any return filed and retained as provided in section 143.971 and:

(a) Such examination is conducted after any period of limitations provided in subsections 1 to 6 of this section has expired;

(b) Such examination reveals that the taxpayer is eligible to claim a credit or refund of an overpayment of any tax imposed under this chapter; and

(c) A period of limitations provided in subsections 1 to 6 of this section prohibits the taxpayer from claiming such credit or refund.

(2) The director shall notify the taxpayer of any overpayment discovered under this subsection and inform the taxpayer of the procedure for filing a claim for a credit or refund of such overpayment. If the taxpayer files a claim for such credit or refund, the claim shall be filed in the manner provided in this chapter and shall be filed within one year from the time the director provided notice to the taxpayer."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

SIXTIETH DAY, WEDNESDAY, APRIL 30, 2014

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Representative Joshua Peters.

(Prayer of Saint Francis)

Lord, make this House an instrument of Your peace;
Where there is hatred, let us sow love;
Where there is injury, let us pardon;
Where there is error, let us bring truth;
Where there is doubt, let us have faith;
Where there is despair, let there be hope;
Where there is darkness, let there be light;
And where there is sadness, may we bring joy.
Divine Master, grant that we may not so much seek;
To be understood, as to understand;
For it is in giving that we receive;
It is in pardoning that we are pardoned;
And it is in dying that we are born to eternal life.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: GiGi Brinkmeier and Nora Rechtien.

The Journal of the fifty-ninth day was approved as printed.

160.041. 1. [The "minimum school day" consists of three hours for schools with a five-day school week or four hours for schools with a four-day school week in which the pupils are under the guidance and direction of teachers in the teaching process. A "school month" consists of four weeks of five days each for schools with a five-day school week or four weeks of four days each for schools with a four-day school week.] The "school year" commences on the first day of July and ends on the thirtieth day of June following.

2. Beginning with school year 2015-16, in any regular or summer school term scheduled for the month of June, July, or August, the school week shall be limited to no more than four days. In any summer school term, school days shall be scheduled so that no school day shall be scheduled during the calendar week of July fourth if the holiday falls on a business day; if the holiday falls on a weekend, school days shall be scheduled so that students shall have at least four days off in any configuration during the calendar week that includes a Saturday holiday or the calendar week that includes a Sunday holiday.

[2.] 3. Notwithstanding the provisions of [subsection 1 of this section] **subdivision (9) of section 160.011**, the commissioner of education is authorized to reduce the required number of hours [and days] in which the pupils are under the guidance and direction of teachers in the teaching process if:

(1) There is damage to or destruction of a public school facility which requires the dual utilization of another school facility; or

(2) Flooding or other inclement weather as defined in subsection 1 of section 171.033 prevents students from attending the public school facility.

Such reduction shall not extend beyond two calendar years in duration.

163.021. 1. A school district shall receive state aid for its education program only if it:

(1) Provides for a minimum of one [hundred seventy-four days and one thousand forty-four hours] **thousand eighty hours** of actual pupil attendance in a term scheduled by the board pursuant to [section 160.041] **171.031** for each pupil or group of pupils, except that the board shall provide a minimum of [one hundred seventy-four days and five hundred twenty-two] **five hundred forty** hours of actual pupil attendance in a term for kindergarten pupils]. If any school is dismissed because of inclement weather after school has been in session for three hours, that day shall count as a school day including afternoon session kindergarten students. When the aggregate hours lost in a term due to inclement weather decreases the total hours of the school term below the required minimum number of hours by more than twelve hours for all-day students or six hours for one-half-day kindergarten students, all such hours below the minimum must be made up in one-half day or full day additions to the term, except as provided in section 171.033];

(2) Maintains adequate and accurate records of attendance, personnel and finances, as required by the state board of education, which shall include the preparation of a financial statement which shall be submitted to the state board of education the same as required by the provisions of section 165.111 for districts;

(3) Levies an operating levy for school purposes of not less than one dollar and twenty-five cents after all adjustments and reductions on each one hundred dollars assessed valuation of the district; **and**

(4) Computes average daily attendance as defined in subdivision (2) of section 163.011 as modified by section 171.031. Whenever there has existed within the district an infectious disease, contagion, epidemic, plague or similar condition whereby the school attendance is substantially reduced for an extended period in any school year, the apportionment of school funds and all other distribution of school moneys shall be made on the basis of the school year next preceding the year in which such condition existed.

2. For the 2006-07 school year and thereafter, no school district shall receive more state aid, as calculated under subsections 1 and 2 of section 163.031, for its education program, exclusive of categorical add-ons, than it received per weighted average daily attendance for the school year 2005-06 from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts, unless it has an operating levy for school purposes, as determined pursuant to section 163.011, of not less than two dollars and seventy-five cents after all adjustments and reductions. Any district which is required, pursuant to Article X, Section 22 of the Missouri Constitution, to reduce its operating levy below the minimum tax rate otherwise required under this subsection shall not be construed to be in violation of this subsection for making such tax rate reduction. Pursuant to Section 10(c) of Article X of the state constitution, a school district may levy the operating levy for school purposes required by this subsection less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution if such rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. Nothing in this section shall be construed to mean that a school district is guaranteed to receive an amount not less than the amount the school district received per eligible pupil for the school year 1990-91. The provisions of this subsection shall not apply to any school district located in a county of the second classification which has a nuclear power plant located in such district or to any school district located in a county of the third classification which has an electric power generation unit with a rated generating capacity of more than one hundred fifty megawatts which is owned or operated or both by a rural electric cooperative except that such school districts may levy for current school purposes and capital projects an operating levy not to exceed two dollars and seventy-five cents less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution.

3. No school district shall receive more state aid, as calculated in section 163.031, for its education program, exclusive of categorical add-ons, than it received per eligible pupil for the school year 1993-94, if the state board of education determines that the district was not in compliance in the preceding school year with the requirements of section 163.172, until such time as the board determines that the district is again in compliance with the requirements of section 163.172.

4. No school district shall receive state aid, pursuant to section 163.031, if such district was not in compliance, during the preceding school year, with the requirement, established pursuant to section 160.530 to allocate revenue to the professional development committee of the district.

5. No school district shall receive more state aid, as calculated in subsections 1 and 2 of section 163.031, for its education program, exclusive of categorical add-ons, than it received per weighted average daily attendance for the school year 2005-06 from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts, if the district did not comply in the preceding school year with the requirements of subsection 6 of section 163.031.

6. Any school district that levies an operating levy for school purposes that is less than the performance levy, as such term is defined in section 163.011, shall provide written notice to the department of elementary and secondary education asserting that the district is providing an adequate education to the students of such district. If a school district asserts that it is not providing an adequate education to its students, such inadequacy shall be deemed to be a result of insufficient local effort. The provisions of this subsection shall not apply to any special district established under sections 162.815 to 162.940.

163.073. 1. When an education program, as approved under section 219.056, is provided for pupils by the division of youth services in one of the facilities operated by the division for children who have been assigned there by the courts, the division of youth services shall be entitled to state aid for pupils being educated by the division of youth services in an amount to be determined as follows: the total amount apportioned to the division of youth services shall be an amount equal to the average per weighted average daily attendance amount apportioned for the preceding school year under section 163.031, multiplied by the number of full-time equivalent students served by facilities operated by the division of youth services. The number of full-time equivalent students shall be determined by dividing by one [hundred seventy-four days] **thousand eighty hours** the number of [student-days] **student-hours** of education service provided by the division of youth services to elementary and secondary students who have been assigned to the division by the courts and who have been determined as inappropriate for attendance in a local public

school. A student [day] **hour** shall mean one [day] **hour** of education services provided for one student. In addition, other provisions of law notwithstanding, the division of youth services shall be entitled to funds under section 163.087. The number of full-time equivalent students as defined in this section shall be considered as "September membership" and as "average daily attendance" for the apportioning of funds under section 163.087.

2. The educational program approved under section 219.056 as provided for pupils by the division of youth services shall qualify for funding for those services provided to handicapped or severely handicapped children. The department of elementary and secondary education shall cooperate with the division of youth services in arriving at an equitable funding for the services provided to handicapped children in the facilities operated by the division of youth services.

3. Each local school district or special school district constituting the domicile of a child placed in programs or facilities operated by the division of youth services or residing in another district pursuant to assignment by the division of youth services shall pay toward the per pupil cost of educational services provided by the serving district or agency an amount equal to the average sum produced per child by the local tax effort of that district. A special school district shall pay the average sum produced per child by the local tax efforts of the component districts. This amount paid by the local school district or the special school district shall be on the basis of full-time equivalence as determined in section 163.011, not to exceed the actual per pupil local tax effort."; and

Further amend said bill and page, Section 168.205, Line 6, by inserting after all of said line the following:

"171.031. 1. Each school board shall prepare annually a calendar for the school term, specifying the opening date, **days of planned attendance**, and providing a minimum term of at least one [hundred seventy-four days for schools with a five-day school week or one hundred forty-two days for schools with a four-day school week, and one thousand forty-four] **thousand eighty** hours of actual pupil attendance. In addition, such calendar shall include [six make-up days] **thirty-six make-up hours** for possible loss of attendance due to inclement weather as defined in subsection 1 of section 171.033.

2. Each local school district may set its opening date each year, which date shall be no earlier than ten calendar days prior to the first Monday in September. No public school district shall select an earlier start date unless the district follows the procedure set forth in subsection 3 of this section.

3. A district may set an opening date that is more than ten calendar days prior to the first Monday in September only if the local school board first gives public notice of a public meeting **to be held on a separate date from a regularly scheduled board meeting** to discuss the proposal of opening school on a date more than ten days prior to the first Monday in September, and the local school board holds said meeting and, at the same public meeting, a majority of the board votes to allow an earlier opening date. If all of the previous conditions are met, the district may set its opening date more than ten calendar days prior to the first Monday in September. The [condition provided in this subsection must be satisfied by the] local school board **shall follow the procedure of this subsection** each year that the board proposes an opening date more than ten days before the first Monday in September.

4. If any local district violates the provisions of this section, the department of elementary and secondary education shall withhold an amount equal to one quarter of the state funding the district generated under section 163.031 for each date the district was in violation of this section.

5. The provisions of subsections 2 to 4 of this section shall not apply to school districts in which school is in session for twelve months of each calendar year.

6. The state board of education may grant an exemption from this section to a school district that demonstrates highly unusual and extenuating circumstances justifying exemption from the provisions of subsections 2 to 4 of this section. Any exemption granted by the state board of education shall be valid for one academic year only.

7. No school day [for schools with a five-day school week] shall be longer than seven hours except for vocational schools which may adopt an eight-hour day in a metropolitan school district and a school district in a first class county adjacent to a city not within a county[, and any school that adopts a four-day school week in accordance with section 171.029].

171.033. 1. "Inclement weather", for purposes of this section, shall be defined as ice, snow, extreme cold, flooding, or a tornado, but such term shall not include excessive heat.

2. A district shall be required to make up the first [six days] **thirty-six hours** of school lost or cancelled due to inclement weather and half the number of [days] **hours** lost or cancelled in excess of [six days] **thirty-six hours** if the makeup of the [days] **hours** is necessary to ensure that the district's students will attend a minimum of

one [hundred forty-two days and a minimum of one thousand forty-four] **thousand eighty** hours for the school year except as otherwise provided in this section. [Schools with a four-day school week may schedule such make-up days on Fridays.]

3. [In the 2008-09 school year a school district may be exempt from the requirement to make up days of school lost or cancelled due to inclement weather in the school district when the school district has made up the six days required under subsection 2 of this section and half the number of additional lost or cancelled days up to eight days, resulting in no more than ten total make-up days required by this section.

4.] In the 2009-10 school year and subsequent years, a school district may be exempt from the requirement to make up [days of] school lost or cancelled due to inclement weather in the school district when the school district has made up the [six days] **thirty-six hours** required under subsection 2 of this section and half the number of additional lost or cancelled [days] **hours** up to [eight days] **forty-eight hours**, resulting in no more than [ten] **sixty** total make-up [days] **hours** required by this section.

[5.] 4. The commissioner of education may provide, for any school district [in which schools are in session for twelve months of each calendar year] that cannot meet the minimum school calendar requirement of at least one [hundred seventy-four days for schools with a five-day school week or one hundred forty-two days for schools with a four-day school week and one thousand forty-four] **thousand eighty** hours of actual pupil attendance, upon request, a waiver to be excused from such requirement. This waiver shall be requested from the commissioner of education and may be granted if the school was closed due to circumstances beyond school district control, including inclement weather[, flooding] or fire.

[171.029. 1. The school board of any school district in the state, upon adoption of a resolution by the vote of a majority of all its members to authorize such action, may establish a four-day school week or other calendar consisting of less than one hundred seventy-four days in lieu of a five-day school week. Upon adoption of a four-day school week or other calendar consisting of less than one hundred seventy-four days, the school shall file a calendar with the department of elementary and secondary education in accordance with section 171.031. Such calendar shall include, but not be limited to, a minimum term of one hundred forty-two days and one thousand forty-four hours of actual pupil attendance.

2. If a school district that attends less than one hundred seventy-four days meets at least two fewer performance standards on two successive annual performance reports than it met on its last annual performance report received prior to implementing a calendar year of less than one hundred seventy-four days, it shall be required to revert to a one hundred seventy-four-day school year in the school year following the report of the drop in the number of performance standards met. When the number of performance standards met reaches the earlier number, the district may return to the four-day week or other calendar consisting of less than one hundred seventy-four days in the next school year.]

Section B. The repeal of section 171.029 and the repeal and reenactment of sections 160.011, 160.041, 163.021, 163.073, 171.031, and 171.033 of this act shall become effective on July 1, 2015." ; and

House Amendment No. 3

AMEND Senate Bill No. 701, Page 1, in the title, Lines 2 through 3, by deleting the words "school superintendents" and inserting in lieu thereof the words "elementary and secondary education"; and

Further amend said bill and page, Section A, Line 2, by inserting after all of said section and line the following:

"160.522. 1. The department of elementary and secondary education shall produce or cause to be produced, at least annually, a school accountability report card for each public school district, each public school building in a school district, and each charter school in the state. The report card shall be designed to satisfy state and federal requirements for the disclosure of statistics about students, staff, finances, academic achievement, and other indicators. The purpose of the report card shall be to provide educational statistics and accountability information for parents, taxpayers, school personnel, legislators, and the print and broadcast news media in a standardized, easily accessible form.

2. The department of elementary and secondary education shall develop a standard form for the school accountability report card. The information reported shall include, but not be limited to, the district's most recent accreditation rating, enrollment, rates of pupil attendance, high school dropout rate and graduation rate, the number and rate of suspensions of ten days or longer and expulsions of pupils, the district ratio of students to administrators and students to classroom teachers, the average years of experience of professional staff and advanced degrees earned, student achievement as measured through the assessment system developed pursuant to section 160.518, student scores on the ACT, along with the percentage of graduates taking the test, average teachers' and

administrators' salaries compared to the state averages, average per pupil current expenditures for the district as a whole and by attendance center as reported to the department of elementary and secondary education, the adjusted tax rate of the district, assessed valuation of the district, percent of the district operating budget received from state, federal, and local sources, the percent of students eligible for free or reduced-price lunch, data on the percent of students continuing their education in postsecondary programs, information about the job placement rate for students who complete district vocational education programs, whether the school district currently has a state-approved gifted education program, and the percentage and number of students who are currently being served in the district's state-approved gifted education program.

3. The report card shall permit the disclosure of data on a school-by-school basis, but the reporting shall not be personally identifiable to any student or education professional in the state.

4. The report card shall identify each school or attendance center that has been identified as a priority school under sections 160.720 and 161.092. The report also shall identify attendance centers that have been categorized under federal law as needing improvement or requiring specific school improvement strategies.

5. The report card shall not limit or discourage other methods of public reporting and accountability by local school districts. Districts shall provide information included in the report card to parents, community members, the print and broadcast news media, and legislators by December first annually or as soon thereafter as the information is available to the district, giving preference to methods that incorporate the reporting into substantive official communications such as student report cards. The school district shall provide a printed copy of the district-level or school-level report card to any patron upon request and shall make reasonable efforts to supply businesses such as, but not limited to, real estate and employment firms with copies or other information about the reports so that parents and businesses from outside the district who may be contemplating relocation have access.

6. For purposes of completing and distributing the annual report card as prescribed in this section 160.522, a school district may include the data from a charter school located within such school district, provided the local board of education or special administrative board for such district and the charter school reach mutual agreement for the inclusion of the data from the charter schools and the terms of such agreement are approved by the state board of education. The charter school shall not be required to be a part of the local educational agency of such school district and may maintain a separate local educational agency status."; and

2. The program is designed to utilize current telehealth technology to disseminate knowledge of best practices for the treatment of chronic, common, and complex diseases from a multidisciplinary team of medical experts to local primary care providers who will deliver the treatment protocol to patients, which will alleviate the need of many patients to travel to see specialists and will allow patients to receive treatment more quickly.

3. The program shall utilize local community health care workers with knowledge of local social determinants as a force multiplier to obtain better patient compliance and improved health outcomes."; and

Further amend said bill, Page 2, Section 197.168, Line 9, by inserting after all of said section and line the following:

"208.662. 1. There is hereby established within the department of social services the "Show-Me Healthy Babies Program" as a separate children's health insurance program (CHIP) for any low-income unborn child. The program shall be established under the authority of Title XXI of the federal Social Security Act, the State Children's Health Insurance Program, as amended, and 42 CFR 457.1.

2. For an unborn child to be enrolled in the show-me healthy babies program, his or her mother shall not be eligible for coverage under Title XIX of the federal Social Security Act, the Medicaid program, as it is administered by the state, and shall not have access to affordable employer-subsidized health care insurance or other affordable health care coverage that includes coverage for the unborn child. In addition, the unborn child shall be in a family with income eligibility of no more than three hundred percent of the federal poverty level, or the equivalent modified adjusted gross income, unless the income eligibility is set lower by the general assembly through appropriations. In calculating family size as it relates to income eligibility, the family shall include, in addition to other family members, the unborn child, or in the case of a mother with a multiple pregnancy, all unborn children.

3. Coverage for an unborn child enrolled in the show-me healthy babies program shall include all prenatal care and pregnancy-related services that benefit the health of the unborn child and that promote healthy labor, delivery, and birth. Coverage need not include services that are solely for the benefit of the pregnant mother, that are unrelated to maintaining or promoting a healthy pregnancy, and that provide no benefit to the unborn child. However, the department may include pregnancy-related assistance as defined in 42 U.S.C. 1397II.

4. There shall be no waiting period before an unborn child may be enrolled in the show-me healthy babies program. In accordance with the definition of child in 42 CFR 457.10, coverage shall include the period from conception to birth. The department shall develop a presumptive eligibility procedure for enrolling an unborn child. There shall be verification of the pregnancy.

5. Coverage for the child shall continue for up to one year after birth, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations.

6. Pregnancy-related and postpartum coverage for the mother shall begin on the day the pregnancy ends and extend through the last day of the month that includes the sixtieth day after the pregnancy ends, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations. The department may include pregnancy-related assistance as defined in 42 U.S.C. 1397II.

7. The department shall provide coverage for an unborn child enrolled in the show-me healthy babies program in the same manner in which the department provides coverage for the children's health insurance program (CHIP) in the county of the primary residence of the mother.

8. The department shall provide information about the show-me healthy babies program to maternity homes as defined in section 135.600, pregnancy resource centers as defined in section 135.630, and other similar agencies and programs in the state that assist unborn children and their mothers. The department shall consider allowing such agencies and programs to assist in the enrollment of unborn children in the program, and in making determinations about presumptive eligibility and verification of the pregnancy.

9. Within sixty days after the effective date of this section, the department shall submit a state plan amendment or seek any necessary waivers from the federal Department of Health and Human Services requesting approval for the show-me healthy babies program.

10. At least annually, the department shall prepare and submit a report to the governor, the speaker of the house of representatives, and the president pro tempore of the senate analyzing and projecting the cost savings and benefits, if any, to the state, counties, local communities, school districts, law enforcement agencies, correctional centers, health care providers, employers, other public and private entities, and persons by enrolling unborn children in the show-me healthy babies program. The analysis and projection of cost savings and benefits, if any, may include but need not be limited to:

(1) The higher federal matching rate for having an unborn child enrolled in the show-me healthy babies program versus the lower federal matching rate for a pregnant woman being enrolled in MO HealthNet or other federal programs;

(2) The efficacy in providing services to unborn children through managed care organizations, group or individual health insurance providers or premium assistance, or through other nontraditional arrangements of providing health care;

(3) The change in the proportion of unborn children who receive care in the first trimester of pregnancy due to a lack of waiting periods, by allowing presumptive eligibility, or by removal of other barriers, and any resulting or projected decrease in health problems and other problems for unborn children and women throughout pregnancy; at labor, delivery, and birth; and during infancy and childhood;

(4) The change in healthy behaviors by pregnant women, such as the cessation of the use of tobacco, alcohol, illicit drugs, or other harmful practices, and any resulting or projected short-term and long-term decrease in birth defects; poor motor skills; vision, speech, and hearing problems; breathing and respiratory problems; feeding and digestive problems; and other physical, mental, educational, and behavioral problems; and

(5) The change in infant and maternal mortality, pre-term births and low birth weight babies and any resulting or projected decrease in short-term and long-term medical and other interventions.

11. The show-me healthy babies program shall not be deemed an entitlement program, but instead shall be subject to a federal allotment or other federal appropriations and matching state appropriations.

12. Nothing in this section shall be construed as obligating the state to continue the show-me healthy babies program if the allotment or payments from the federal government end or are not sufficient for the program to operate, or if the general assembly does not appropriate funds for the program.

13. Nothing in this section shall be construed as expanding MO HealthNet or fulfilling a mandate imposed by the federal government on the state."; and

(4) The requirements for review of services provided under collaborative practice arrangements, including delegating authority to prescribe controlled substances.

Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. The state board of registration for the healing arts shall promulgate rules applicable to assistant physicians that shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

4. The state board of registration for the healing arts shall not deny, revoke, suspend, or otherwise take disciplinary action against a collaborating physician for health care services delegated to an assistant physician provided the provisions of this section and the rules promulgated thereunder are satisfied.

5. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice arrangement, including collaborative practice arrangements delegating the authority to prescribe controlled substances, and also report to the board the name of each assistant physician with whom the physician has entered into such arrangement. The board may make such information available to the public. The board shall track the reported information and may routinely conduct random reviews of such arrangements to ensure that arrangements are carried out for compliance under this chapter.

6. A collaborating physician shall not enter into a collaborative practice arrangement with more than three full-time equivalent assistant physicians. Such limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

7. The collaborating physician shall determine and document the completion of at least a one-month period of time during which the assistant physician shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. Such limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

8. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

9. No contract or other agreement shall require a physician to act as a collaborating physician for an assistant physician against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular assistant physician. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any assistant physician, but such requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by a hospital's medical staff.

10. No contract or other agreement shall require any assistant physician to serve as a collaborating assistant physician for any collaborating physician against the assistant physician's will. An assistant physician shall have the right to refuse to collaborate, without penalty, with a particular physician.

11. All collaborating physicians and assistant physicians in collaborative practice arrangements shall wear identification badges while acting within the scope of their collaborative practice arrangement. The identification badges shall prominently display the licensure status of such collaborating physicians and assistant physicians.

12. (1) An assistant physician assistant with a certificate of controlled substance prescriptive authority as provided in this section may prescribe any controlled substance listed in schedule III, IV, or V of section 195.017 when delegated the authority to prescribe controlled substances in a collaborative practice arrangement. Such authority shall be filed with the state board of registration for the healing arts. The collaborating physician shall maintain the right to limit a specific scheduled drug or scheduled drug category that the assistant physician is permitted to prescribe. Any limitations shall be listed in the collaborative practice arrangement. Assistant physicians shall not prescribe controlled substances for themselves or members of their families. Schedule III controlled substances shall be limited to a five-day supply without refill. Assistant physicians who are authorized to prescribe controlled substances under this section shall register with the federal Drug Enforcement Administration and the state bureau of narcotics and dangerous drugs, and shall include the Drug Enforcement Administration registration number on prescriptions for controlled substances.

(2) The collaborating physician shall be responsible to determine and document the completion of at least one hundred twenty hours in a four-month period by the assistant physician during which the assistant physician shall practice with the collaborating physician on-site prior to prescribing controlled substances when the collaborating physician is not on-site. Such limitation shall not apply to assistant physicians of population-based public health services as defined in 20 CSR 2150-5.100 as of April 30, 2009.

(3) An assistant physician shall receive a certificate of controlled substance prescriptive authority from the state board of registration for the healing arts upon verification of licensure under section 334.036.

(2) A participating county or municipality that includes a medically underserved area may provide start-up money for a medical clinic over a two-year period. The department shall not provide more than one hundred thousand dollars to such county or municipality in a fiscal year unless the department makes a specific finding of need in the medically underserved area.

House Amendment No. 5

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 716, Page 2, Section 197.168, Line 9, by inserting after all of said section and line the following:

"630.167. 1. Upon receipt of a report, the department or the department of health and senior services, if such facility or program is licensed pursuant to chapter 197, shall initiate an investigation within twenty-four hours. **The department, or the department of health and senior services if such facility or program is licensed under chapter 197, shall complete all investigations within sixty days, unless good cause for the failure to complete the investigation is documented.**

2. If the investigation indicates possible abuse or neglect of a patient, resident or client, the investigator shall refer the complaint together with the investigator's report to the department director for appropriate action. If, during the investigation or at its completion, the department has reasonable cause to believe that immediate removal from a facility not operated or funded by the department is necessary to protect the residents from abuse or neglect, the department or the local prosecuting attorney may, or the attorney general upon request of the department shall, file a petition for temporary care and protection of the residents in a circuit court of competent jurisdiction. The circuit court in which the petition is filed shall have equitable jurisdiction to issue an ex parte order granting the department authority for the temporary care and protection of the resident for a period not to exceed thirty days.

3. (1) Except as otherwise provided in this section, reports referred to in section 630.165 and the investigative reports referred to in this section shall be confidential, shall not be deemed a public record, and shall not be subject to the provisions of section 109.180 or chapter 610. Investigative reports pertaining to abuse and neglect shall remain confidential until a final report is complete, subject to the conditions contained in this section. Final reports of substantiated abuse or neglect issued on or after August 28, 2007, are open and shall be available for release in accordance with chapter 610. The names and all other identifying information in such final substantiated reports, including diagnosis and treatment information about the patient, resident, or client who is the subject of such report, shall be confidential and may only be released to the patient, resident, or client who has not been adjudged incapacitated under chapter 475, the custodial parent or guardian parent, or other guardian of the patient, resident or client. The names and other descriptive information of the complainant, witnesses, or other persons for whom findings are not made against in the final substantiated report shall be confidential and not deemed a public record. Final reports of unsubstantiated allegations of abuse and neglect shall remain closed records and shall only be released to the parents or other guardian of the patient, resident, or client who is the subject of such report, patient, resident, or client and the department vendor, provider, agent, or facility where the patient, resident, or client was receiving department services at the time of the unsubstantiated allegations of abuse and neglect, but the names and any other descriptive information of the complainant or any other person mentioned in the reports shall not be disclosed unless such complainant or person specifically consents to such disclosure. Requests for final reports of substantiated or unsubstantiated abuse or neglect from a patient, resident or client who has not been adjudged incapacitated under chapter 475 may be denied or withheld if the director of the department or his or her designee determines that such release would jeopardize the person's therapeutic care, treatment, habilitation, or rehabilitation, or the safety of others and provided that the reasons for such denial or withholding are submitted in writing to the patient, resident or client who has not been adjudged incapacitated under chapter 475. All reports referred to in this section shall be admissible in any judicial proceedings or hearing in accordance with section 621.075 or any administrative hearing before the director of the department of mental health, or the director's designee. All such

reports may be disclosed by the department of mental health to law enforcement officers and public health officers, but only to the extent necessary to carry out the responsibilities of their offices, and to the department of social services, and the department of health and senior services, and to boards appointed pursuant to sections 205.968 to 205.990 that are providing services to the patient, resident or client as necessary to report or have investigated abuse, neglect, or rights violations of patients, residents or clients provided that all such law enforcement officers, public health officers, department of social services' officers, department of health and senior services' officers, and boards shall be obligated to keep such information confidential.

Such committees may exist, either within department facilities or its agents, contractors, or vendors, as applicable. Except as otherwise provided in this section, no person who was in attendance at any investigation or committee proceeding shall be permitted or required to disclose any information acquired in connection with or in the course of such proceeding or to disclose any opinion, recommendation or evaluation of the committee or board or any member thereof; provided, however, that information otherwise discoverable or admissible from original sources is not to be construed as immune from discovery or use in any proceeding merely because it was presented during proceedings before any committee or in the course of any investigation, nor is any member, employee or agent of such committee or other person appearing before it to be prevented from testifying as to matters within their personal knowledge and in accordance with the other provisions of this section, but such witness cannot be questioned about the testimony or other proceedings before any investigation or before any committee.

(3) Nothing in this section shall limit authority otherwise provided by law of a health care licensing board of the state of Missouri to obtain information by subpoena or other authorized process from investigation committees or to require disclosure of otherwise confidential information relating to matters and investigations within the jurisdiction of such health care licensing boards; provided, however, that such information, once obtained by such board and associated persons, shall be governed in accordance with the provisions of this subsection.

(4) Nothing in this section shall limit authority otherwise provided by law in subdivisions (5) and (6) of subsection 2 of section 630.140 concerning access to records by the entity or agency authorized to implement a system to protect and advocate the rights of persons with developmental disabilities under the provisions of 42 U.S.C. Sections 15042 to 15044 and the entity or agency authorized to implement a system to protect and advocate the rights of persons with mental illness under the provisions of 42 U.S.C. 10801. However, such information, once obtained by such entity or agency, shall be governed in accordance with the provisions of this subsection.

4. [Anyone] **Any person** who makes a report pursuant to this section or who testifies in any administrative or judicial proceeding arising from the report shall be immune from any civil liability for making such a report or for testifying unless such person acted in bad faith or with malicious purpose.

5. (1) Within five working days after a report required to be made pursuant to this section is received, the person making the report shall be notified in writing of its receipt and of the initiation of the investigation.

(2) **For investigations alleging neglect of a patient, resident, or client, the guardian or family of such patient, resident, or client shall be:**

(b) **Within five working days of the completion of the investigation and decision of the department or the department of health and senior services:**

b. **If the report is found to be unsubstantiated and no person will be placed on the disqualification registry, notified of the guardian's or family's right to appeal the department or the department of health and senior services' decision.**

6. No person who directs or exercises any authority in a residential facility, day program or specialized service shall evict, harass, dismiss or retaliate against a patient, resident or client or employee because he or she or any member of his or her family has made a report of any violation or suspected violation of laws, ordinances or regulations applying to the facility which he or she has reasonable cause to believe has been committed or has occurred.

7. Any person who is discharged as a result of an administrative substantiation of allegations contained in a report of abuse or neglect may, after exhausting administrative remedies as provided in chapter 36, appeal such decision to the circuit court of the county in which such person resides within ninety days of such final administrative decision. The court may accept an appeal up to twenty-four months after the party filing the appeal received notice of the department's determination, upon a showing that:

- (1) Good cause exists for the untimely commencement of the request for the review;
- (2) If the opportunity to appeal is not granted it will adversely affect the party's opportunity for employment; and
- (3) There is no other adequate remedy at law.

Section 1. 1. The department of mental health shall develop guidelines for the screening and assessment of persons receiving services from the department or its contracted, licensed, certified, or funded providers that address the interaction between physical and mental health to ensure that all potential causes of changes in behavior or mental status caused by or associated with a medical condition are assessed. Such guidelines shall be issued by the department to its contracted, licensed, certified, and funded providers.

2. The department of mental health shall develop training that addresses appropriate assessment of behavior or mental status changes in persons receiving services from the department or its contracted, licensed, certified, or funded providers. Such training shall be made available by the department to its contracted, licensed, certified, or funded providers.

3. The provisions of this section shall not apply to long-term care facilities licensed under chapter 198 or hospitals licensed under chapter 197."; and

No person shall engage in the practice of pharmacy unless he is licensed under the provisions of this chapter. This chapter shall not be construed to prohibit the use of auxiliary personnel under the direct supervision of a pharmacist from assisting the pharmacist in any of his or her duties. This assistance in no way is intended to relieve the pharmacist from his or her responsibilities for compliance with this chapter and

he or she will be responsible for the actions of the auxiliary personnel acting in his or her assistance. This chapter shall also not be construed to prohibit or interfere with any legally registered practitioner of medicine, dentistry, or podiatry, or veterinary medicine only for use in animals, or the practice of optometry in accordance with and as provided in sections 195.070 and 336.220 in the compounding, administering, prescribing, or dispensing of his or her own prescriptions.

2. Any pharmacist who accepts a prescription order for a medication therapeutic plan shall have a written protocol from the physician who refers the patient for medication therapy services. The written protocol and the prescription order for a medication therapeutic plan shall come from the physician only, and shall not come from a nurse engaged in a collaborative practice arrangement under section 334.104, or from a physician assistant engaged in a supervision agreement under section 334.735.

3. Nothing in this section shall be construed as to prevent any person, firm or corporation from owning a pharmacy regulated by sections 338.210 to 338.315, provided that a licensed pharmacist is in charge of such pharmacy.

4. Nothing in this section shall be construed to apply to or interfere with the sale of nonprescription drugs and the ordinary household remedies and such drugs or medicines as are normally sold by those engaged in the sale of general merchandise.

Such rules shall require protocols to include provisions allowing for timely communication between the pharmacist and the referring physician, and any other patient protection provisions deemed appropriate by both boards. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither board shall separately promulgate rules regulating the use of protocols for prescription orders for medication therapy services and administration of viral influenza vaccines. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

8. The state board of pharmacy may grant a certificate of medication therapeutic plan authority to a licensed pharmacist who submits proof of successful completion of a board-approved course of academic clinical study beyond a bachelor of science in pharmacy, including but not limited to clinical assessment skills, from a nationally accredited college or university, or a certification of equivalence issued by a nationally recognized professional organization and approved by the board of pharmacy.

9. Any pharmacist who has received a certificate of medication therapeutic plan authority may engage in the designing, initiating, implementing, and monitoring of a medication therapeutic plan as defined by a prescription order from a physician that is specific to each patient for care by a pharmacist.

10. Nothing in this section shall be construed to allow a pharmacist to make a therapeutic substitution of a pharmaceutical prescribed by a physician unless authorized by the written protocol or the physician's prescription order.

(1) A pharmacist shall administer vaccines in accordance with treatment guidelines established by the Centers for Disease Control and Prevention (CDC);

(2) A pharmacist who is administering a vaccine shall request a patient to remain in the pharmacy a safe amount of time after administering the vaccine to observe any adverse reactions. Such pharmacist shall have adopted emergency treatment protocols;

- (6) A physician assistant may only dispense starter doses of medication to cover a period of time for seventy-two hours or less.

5. A physician assistant shall clearly identify himself or herself as a physician assistant and shall not use or permit to be used in the physician assistant's behalf the terms "doctor", "Dr." or "doc" nor hold himself or herself out in any way to be a physician or surgeon. No physician assistant shall practice or attempt to practice without physician supervision or in any location where the supervising physician is not immediately available for consultation, assistance and intervention, except as otherwise provided in this section, and in an emergency situation, nor shall any physician assistant bill a patient independently or directly for any services or procedure by the physician assistant; **except that, nothing in this subsection shall be construed to prohibit a physician assistant from enrolling with the department of social services as a MO HealthNet provider while acting under a supervision agreement between the physician and physician assistant.**

6. For purposes of this section, the licensing of physician assistants shall take place within processes established by the state board of registration for the healing arts through rule and regulation. The board of healing arts is authorized to establish rules pursuant to chapter 536 establishing licensing and renewal procedures, supervision, supervision agreements, fees, and addressing such other matters as are necessary to protect the public and discipline the profession. An application for licensing may be denied or the license of a physician assistant may be suspended or revoked by the board in the same manner and for violation of the standards as set forth by section

334.100, or such other standards of conduct set by the board by rule or regulation. Persons licensed pursuant to the provisions of chapter 335 shall not be required to be licensed as physician assistants. All applicants for physician assistant licensure who complete a physician assistant training program after January 1, 2008, shall have a master's degree from a physician assistant program.

7. "Physician assistant supervision agreement" means a written agreement, jointly agreed-upon protocols or standing order between a supervising physician and a physician assistant, which provides for the delegation of health care services from a supervising physician to a physician assistant and the review of such services. The agreement shall contain at least the following provisions:

(1) Complete names, home and business addresses, zip codes, telephone numbers, and state license numbers of the supervising physician and the physician assistant;

(4) The manner of supervision between the supervising physician and the physician assistant, including how the supervising physician and the physician assistant shall:

(a) Attest on a form provided by the board that the physician shall provide supervision appropriate to the physician assistant's training and experience and that the physician assistant shall not practice beyond the scope of the physician assistant's training and experience nor the supervising physician's capabilities and training; and

(b) Provide coverage during absence, incapacity, infirmity, or emergency by the supervising physician;

(5) The duration of the supervision agreement between the supervising physician and physician assistant; and

(6) A description of the time and manner of the supervising physician's review of the physician assistant's delivery of health care services. Such description shall include provisions that the supervising physician, or a designated supervising physician listed in the supervision agreement review a minimum of ten percent of the charts of the physician assistant's delivery of health care services every fourteen days.

8. When a physician assistant supervision agreement is utilized to provide health care services for conditions other than acute self-limited or well-defined problems, the supervising physician or other physician designated in the supervision agreement shall see the patient for evaluation and approve or formulate the plan of treatment for new or significantly changed conditions as soon as practical, but in no case more than two weeks after the patient has been seen by the physician assistant.

9. At all times the physician is responsible for the oversight of the activities of, and accepts responsibility for, health care services rendered by the physician assistant.

10. It is the responsibility of the supervising physician to determine and document the completion of at least a one-month period of time during which the licensed physician assistant shall practice with a supervising physician continuously present before practicing in a setting where a supervising physician is not continuously present.

11. No contract or other agreement shall require a physician to act as a supervising physician for a physician assistant against the physician's will. A physician shall have the right to refuse to act as a supervising physician, without penalty, for a particular physician assistant. No contract or other agreement shall limit the supervising physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any physician assistant, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by the hospital's medical staff.

12. Physician assistants shall file with the board a copy of their supervising physician form.

13. No physician shall be designated to serve as supervising physician for more than three full-time equivalent licensed physician assistants. This limitation shall not apply to physician assistant agreements of hospital employees providing inpatient care service in hospitals as defined in chapter 197."; and

"160.522. 1. The department of elementary and secondary education shall produce or cause to be produced, at least annually, a school accountability report card for each public school district, each public school building in a school district, and each charter school in the state. The report card shall be designed to satisfy state and federal requirements for the disclosure of statistics about students, staff, finances, academic achievement, and other indicators. The purpose of the report card shall be to provide educational statistics and accountability information for parents, taxpayers, school personnel, legislators, and the print and broadcast news media in a standardized, easily accessible form.

2. The department of elementary and secondary education shall develop a standard form for the school accountability report card. The information reported shall include, but not be limited to, the district's most recent accreditation rating, enrollment, rates of pupil attendance, high school dropout rate and graduation rate, the number and rate of suspensions of ten days or longer and expulsions of pupils, the district ratio of students to administrators and students to classroom teachers, the average years of experience of professional staff and advanced degrees earned, student achievement as measured through the assessment system developed pursuant to section 160.518, student scores on the ACT, along with the percentage of graduates taking the test, average teachers' and administrators' salaries compared to the state averages, average per pupil current expenditures for the district as a whole and by attendance center as reported to the department of elementary and secondary education, the adjusted

tax rate of the district, assessed valuation of the district, percent of the district operating budget received from state, federal, and local sources, the percent of students eligible for free or reduced-price lunch, data on the percent of students continuing their education in postsecondary programs, information about the job placement rate for students who complete district vocational education programs, whether the school district currently has a state-approved gifted education program, and the percentage and number of students who are currently being served in the district's state-approved gifted education program.

3. The report card shall permit the disclosure of data on a school-by-school basis, but the reporting shall not be personally identifiable to any student or education professional in the state.

4. The report card shall identify each school or attendance center that has been identified as a priority school under sections 160.720 and 161.092. The report also shall identify attendance centers that have been categorized under federal law as needing improvement or requiring specific school improvement strategies.

5. The report card shall not limit or discourage other methods of public reporting and accountability by local school districts. Districts shall provide information included in the report card to parents, community members, the print and broadcast news media, and legislators by December first annually or as soon thereafter as the information is available to the district, giving preference to methods that incorporate the reporting into substantive official communications such as student report cards. The school district shall provide a printed copy of the district-level or school-level report card to any patron upon request and shall make reasonable efforts to supply businesses such as, but not limited to, real estate and employment firms with copies or other information about the reports so that parents and businesses from outside the district who may be contemplating relocation have access.

6. For purposes of completing and distributing the annual report card as prescribed in this section 160.522, a school district may include the data from a charter school located within such school district, provided the local board of education or special administrative board for such district and the charter school reach mutual agreement for the inclusion of the data from the charter schools and the terms of such agreement are approved by the state board of education. The charter school shall not be required to be a part of the local educational agency of such school district and may maintain a separate local educational agency status."; and

4. Any consideration, promissory note or deed of trust which an educational institution receives for selling or leasing property [to a not-for-profit corporation] pursuant to this section shall be placed in a separate fund or in escrow, and neither the principal or any interest thereon shall be commingled with any other funds of the educational institutions. 7. 10. [Provisions of other law to the contrary notwithstanding, the board may refinance any lease purchase agreement that satisfies at least one of the conditions specified in subsection 6 of section 165.011 for the purpose of payment on any lease with the corporation under this section for sites, buildings, facilities, furnishings or equipment which the corporation has acquired or constructed, but such refinance shall not extend the date of maturity of any obligation, and the refinancing obligation shall not exceed the amount necessary to pay or provide for the payment of the principal of the outstanding obligations to be refinanced, together with the interest accrued thereon to the date of maturity or redemption of such obligations and any premium which may be due under the terms of such obligations and any amounts necessary for the payments of costs and expenses related to issuing such refunding obligations and to fund a capital projects reserve fund for the obligations.

11.] Provisions of other law to the contrary notwithstanding, payments made from any source by a school district, after the latter of July 1, 1994, or July 12, 1994, that result in the transfer of the title of real property to the school district, other than those payments made from the capital projects fund, shall be deducted as an adjustment to the funds payable to the district pursuant to section 163.031 beginning in the year following the transfer of title to the district, as determined by the department of elementary and secondary education. No district with modular buildings leased in fiscal year 2004, with the lease payments made from the incidental fund and that initiates the transfer of title to the district after fiscal year 2007, shall have any adjustment to the funds payable to the district under section 163.031 as a result of the transfer of title.

[12.] 11. Notwithstanding provisions of this section to the contrary, the board of education of any school district may enter into agreements with the county in which the school district is located, or with a city, town, or village wholly or partially located within the boundaries of the school district, in order to provide for the acquisition, construction, improvement, extension, repair, remodeling, renovation, and financing of sites, buildings, facilities, furnishings, and equipment for the use of the school district for educational purposes. Such an agreement may provide for the present or future acquisition of an ownership interest in such facilities by the school district, by lease, lease-purchase agreement, option to purchase agreement, or similar provisions, and may provide for a joint venture between the school district and other entity or entities that are parties to such an agreement providing for the sharing of the costs of acquisition, construction, repair, maintenance, and operation of such facilities. The school district may wholly own such facilities, or may acquire a partial ownership interest along with the county, city, town, or village with which the agreement was executed."; and

House Amendment No. 6

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 672, Page 24, Section 192.310, Line 7, by inserting after all of said line the following:

"249.424. 1. If approved by a majority of the voters voting on the proposal, and upon the adoption of a resolution by a majority of the sewer district's board of trustees, any sewer district established and organized under this chapter, may levy and impose annually a fee not to exceed thirty-six dollars per year within its boundaries for the repair of lateral sewer service lines on or connecting residential property having six or fewer dwelling units, except that the fee shall not be imposed on property in the sewer district that is located within any city, town, village, or unincorporated area of a county that already imposes a fee under section 249.422. Any sewer district that establishes or increases the fee used to repair any portion of the lateral sewer service line shall include all defective portions of the lateral sewer service line from the residential structure to its connection with the public sewer system line. Notwithstanding any provision of chapter 448, the fee imposed pursuant to this chapter shall be imposed upon condominiums that have six or fewer condominium units per building and each condominium unit shall be responsible for its proportionate share of any fee charged pursuant to this chapter, and in addition, any condominium unit shall, if determined to be responsible for and served by its own individual lateral sewer line, be treated as an individual residence regardless of the number of units in the development. It shall be the responsibility of the condominium owner or condominium association to notify the sewer district that they are not properly classified as provided in this section.

2. The question shall be submitted to the registered voters who reside within the boundaries of the sewer district, excluding any voters who live within the boundaries of any city, town, village, or unincorporated area of a county that already imposes a fee under section 249.422. The question shall be submitted in substantially the following form:

Shall a maximum charge not to exceed thirty-six dollars be assessed annually on residential property for each lateral sewer service line serving six or fewer dwelling units on that property and condominiums that have six or fewer condominium units per building and any condominium responsible for its own individual lateral sewer line to provide funds to pay the cost of certain repairs of those lateral sewer service lines which may be billed quarterly or annually?

YES

NO

3. If a majority of the voters voting thereon approve the proposal provided for in subsection 2 of this section, any sewer district established and organized under this chapter may, upon the adoption of a resolution by a majority of the sewer district's board of trustees, collect and administer such fee in order to protect the public health, welfare, peace, and safety. The funds collected shall be deposited in a special account to be used solely for the purpose of paying for all or a portion of the costs reasonably associated with and necessary to administer and carry out the defective lateral sewer service line repairs. All interest generated on deposited funds shall be accrued to the special account established for the repair of lateral sewer service lines.

4. The collector in any county containing a sewer district that adopts a resolution under this section to collect a fee for the repair of lateral sewer service lines may add such fee to the general tax levy bills of property owners within the boundaries of the sewer district, excluding property located in any city, town, village, or unincorporated area of the county that already imposes a fee under section 249.422. The petition shall contain a statement of the reasons for which recall is sought which shall not be more than two hundred words in length. Such petition for recall shall be filed with the appropriate county clerk or election authority within sixty days after the date of the earliest signature on the petition. The reasons for recall are misconduct in office, incompetence, or failure to perform duties prescribed by law. The signatures to the petition need not all be appended to one paper, but each signer shall add to the signer's signature the signer's place of residence, giving the street and number and the date signed. One of the signers of each such paper shall make oath before an officer competent to administer oaths that the statements therein made are true as the signer believes and that each signature to the paper appended is the genuine signature of the person whose name it purports to be.

3. Within ten days from the date of filing such petition, the county clerk of the county in which such city is located shall examine and from the voters' register ascertain whether the petition is signed by the requisite number of voters, and if necessary, the board of aldermen shall allow the clerk extra help for the purpose. The clerk shall attach to the petition a certificate showing the result of the examination. If by the clerk's certificate the petition is shown to be insufficient, it may be amended within ten days from the date of such certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition, and if the clerk's certificate shall show the amended petition to be insufficient, the amended petition shall be returned to the person filing it, without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be deemed to be sufficient, the clerk shall submit the same to the board of aldermen without delay. If the petition shall be found to be sufficient, the board of aldermen shall order the question to be submitted to the voters of the city.

4. A special election shall be held on the recall petition as soon as practicable and as may be determined by the election authority of the county. The question to be presented to the voters at such election shall be in substantially the following form:

- FOR the removal of (name of officer) from the office of (title of office)

"339.507. 1. There is hereby created within the division of professional registration the "Missouri Real Estate Appraisers Commission", which shall consist of seven members appointed by the governor with the advice and consent of the senate, six of whom shall be appraiser members, and one shall be a public member. Each member shall be a resident of this state and a registered voter for a period of one year prior to the person's appointment. The president of the Missouri Appraiser Advisory Council in office at the time shall, at least ninety days prior to the expiration of the term of the commission member, other than the public member, or as soon as feasible after the vacancy on the commission otherwise occurs, submit to the director of the division of professional registration a list of five appraisers qualified and willing to fill the vacancy in question, with the request and recommendation that the governor appoint one of the five persons so listed, and with the list so submitted, the president of the Missouri Appraiser Advisory Council shall include in his or her letter of transmittal a description of the method by which the names were chosen by that association. The public member shall have never been engaged in the businesses of real estate appraisal, real estate sales or making loans secured by real estate.

2. The real estate appraiser members appointed by the governor shall be Missouri residents who have real estate appraisal experience in the state of Missouri for not less than five years immediately preceding their appointment. Appraiser members of the commission shall be appointed from the registry of state-certified real estate appraisers and state-licensed real estate appraisers. **Real estate appraiser commission members, appointed after August 28, 2014, shall not be from the same United States congressional district.**

3. All members shall be appointed for three-year terms. All members shall serve until their successors have been appointed and qualified. Vacancies occurring in the membership of the commission for any reason shall be filled by appointment by the governor for the unexpired term. Upon expiration of their terms, members of the commission shall continue to hold office until the appointment and qualification of their successors. No more than four members of the commission shall be members of the same political party. No person shall be appointed for more than two consecutive terms. The governor may remove a member for cause.

4. The commission shall meet at least once each calendar quarter to conduct its business. A quorum of the commission shall consist of four members.

5. Each member of the commission shall be entitled to a per diem allowance of fifty dollars for each meeting of the commission at which the member is present and shall be entitled to reimbursement of the member's expenses necessarily incurred in the discharge of the member's official duties. Each member of the commission shall be entitled to reimbursement of travel expenses necessarily incurred in attending meetings of the commission.

6. The commission shall prepare an annual report outlining business conducted by the commission during the previous calendar year and shall submit a copy to the general assembly by April first of each year. The report shall include:

- (1) The number of complaints that were filed against licensees;
- (2) The number and disposition of investigations conducted by the commission pursuant to the filing of a complaint; and
- (3) An accounting of all expenditures of the commission.

339.531. 1. Any person may file a complaint with the commission alleging that a licensee has committed any combination of the acts or omissions provided in subsection 2 of section 339.532. A complaint shall be in writing and shall be signed by the complainant, but a complainant is not required to specify the provisions of law or regulations alleged to have been violated in the complaint.

2. Upon the receipt of a complaint against a licensee, the commission shall refer the complaint to the probable cause committee. The commission shall appoint a probable cause committee of four members, one of whom shall be a current member of the commission and three past commission members selected by the commission. The probable cause committee shall serve in an advisory capacity to the commission and review complaints and make a recommendation to the commission regarding the disposition of the complaint. The commission shall provide by rule for the selection process, length of committee member terms, and other procedures necessary for the functioning of the committee.

3. Each complaint shall be considered a grievance until reviewed by the probable cause committee. When a grievance is filed under subsection 1 of this section, a copy shall be provided to the licensee, who shall have ten working days to respond documenting why the grievance may have no merit. If the licensee responds within the allowable time, the probable cause committee shall review the grievance and response. If the probable cause committee determines that the grievance has no merit, the grievance shall be dismissed and no complaint shall be placed on the licensee's record. If the probable cause committee determines that the grievance has merit, it shall present the case to the commission, and the commission shall decide whether or not to proceed with an investigation of the grievance as a complaint. If the commission decides to proceed with an investigation of a complaint, at that time the complaint shall become a part of the licensee's record.

4. When the commission determines to proceed with a complaint against a licensee, the commission shall investigate the actions of the licensee against whom the complaint is made. In conducting an investigation, the commission may request the licensee under investigation to:

- (1) Answer the charges made against him or her in writing;
- (2) Produce relevant documentary evidence pertaining to the specific complaint causing the investigation; and
- (3) Appear before the commission.

5. A copy of any written answer of the licensee requested under subsection 4 of this section may be furnished to the complainant, as long as furnishing the written answer does not require disclosure of confidential information under the Uniform Standards of Professional Appraisal Practice.

6. The commission shall notify the complainant and the licensee that an investigation has been commenced within ten working days of the date of the commission's decision to proceed with a complaint under subsection 4 of this section. The commission shall also notify and inform the complainant and licensee of the status of the investigation every sixty days following the commencement of the investigation. No investigation shall last longer than twelve months. Once an investigation is closed or dismissed it shall not be reopened.

7. In the event that the commission fails to meet the notification and investigation requirements of this section or does not finish the investigation within twelve months, then the commission shall provide the complainant at the commission's expense with an appraisal and an appraisal report of the real estate originally appraised by the licensee under investigation.

8. A real estate appraiser member of the commission shall recuse themselves from any matter in which their knowledge of the parties, circumstances, or subject matter will substantially affect their ability to be fair and impartial.

9. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this section shall be invalid and void."; and

Tax credits allowed under this section may be assigned, transferred, sold, or otherwise conveyed.

5. [An alternative fuel vehicle refueling] **Any qualified** property, for which an eligible applicant receives tax credits under this section, which ceases to sell alternative fuel **or recharge electric vehicles** shall cause the forfeiture of such eligible applicant's tax credits provided under this section for the taxable year in which the [alternative fuel vehicle refueling] **qualified** property ceased to sell alternative fuel **or recharge electric vehicles** and for future taxable years with no recapture of tax credits obtained by an eligible applicant with respect to such applicant's tax years which ended before the sale of alternative fuel **or recharging of electric vehicles** ceased.

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

SIXTY-FIRST DAY, THURSDAY, MAY 1, 2014

The House met pursuant to adjournment.

Speaker Pro Tem Hoskins in the Chair.

Prayer by Representative Vicki Englund.

Dear Heavenly Father, thank You for allowing us to be in Your presence today.

For it is Your love that has brought us all together to this legislative family. We, as the Missouri House, are humbled by Your glory.

We know Lord, that our time here is fleeting. But our time here in this majestic Capitol is one of the most valuable and important times of our lives. It is here in this chamber where we have the opportunity to do Your work, dear Lord. It is an honor to serve both You and the people of the state of Missouri. We do so as we work together, for the betterment of all Your children.

Dear Heavenly Father, please also give us the strength to remember why we are here, who we serve, and that we also serve each other. May the respect we have for You shine forth in the respect we have for each other. May the collaboration that we have shown in this chamber remind us of the bonds of friendship we have formed and will keep for the rest of our lives.

Let us enter these last few days of session with a renewed sense of faith. Let us remember the faith we had on the first day of our legislative careers and use it to guide us, while we remember the words of President Franklin Delano Roosevelt: "The only limit to our realization of tomorrow will be our doubts of today. Let us move forward with strong and active faith."

In God's name we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Ainsley Gardner.

"173.005. 1. There is hereby created a "Department of Higher Education", and the division of higher education of the department of education is abolished and all its powers, duties, functions, personnel and property are transferred as provided by the Reorganization Act of 1974, Appendix B, RSMo.

2. The commission on higher education is abolished and all its powers, duties, personnel and property are transferred by type I transfer to the "Coordinating Board for Higher Education", which is hereby created, and the coordinating board shall be the head of the department. The coordinating board shall consist of nine members appointed by the governor with the advice and consent of the senate, and not more than five of its members shall be of the same political party. None of the members shall be engaged professionally as an educator or educational administrator with a public or private institution of higher education at the time appointed or during his term. Moreover, no person shall be appointed to the coordinating board who shall not be a citizen of the United States, and who shall not have been a resident of the state of Missouri two years next prior to appointment, and at least one but not more than two persons shall be appointed to said board from each congressional district. The term of service of a member of the coordinating board shall be six years and said members, while attending the meetings of the board, shall be reimbursed for their actual expenses. Notwithstanding any provision of law to the contrary, nothing in this section relating to a change in the composition and configuration of congressional districts in this state shall prohibit a member who is serving a term on August 28, 2011, from completing his or her term. The coordinating board may, in order to carry out the duties prescribed for it in subsections 1, 2, 3, 7, and 8 of this section, employ such professional, clerical and research personnel as may be necessary to assist it in performing those duties, but this staff shall not, in any fiscal year, exceed twenty-five full-time equivalent employees regardless of the source of funding. In addition to all other powers, duties and functions transferred to it, the coordinating board for higher education shall have the following duties and responsibilities:

(1) The coordinating board for higher education shall have approval of proposed new degree programs to be offered by the state institutions of higher education. **In the case of educator preparation programs, the coordinating board for higher education and the state board of education shall jointly approve proposed new degree programs offered by state institutions of higher education;**

(2) The coordinating board for higher education may promote and encourage the development of cooperative agreements between Missouri public four-year institutions of higher education which do not offer graduate degrees and Missouri public four-year institutions of higher education which do offer graduate degrees for the purpose of offering graduate degree programs on campuses of those public four-year institutions of higher education which do not otherwise offer graduate degrees. Such agreements shall identify the obligations and duties of the parties, including assignment of administrative responsibility. Any diploma awarded for graduate degrees under such a cooperative agreement shall include the names of both institutions inscribed thereon. Any cooperative agreement in place as of August 28, 2003, shall require no further approval from the coordinating board for higher education. Any costs incurred with respect to the administrative provisions of this subdivision may be paid from state funds allocated to the institution assigned the administrative authority for the program. The provisions of this subdivision shall not be construed to invalidate the provisions of subdivision (1) of this subsection;

(3) In consultation with the heads of the institutions of higher education affected and against a background of carefully collected data on enrollment, physical facilities, manpower needs, **and** institutional missions, the coordinating board for higher education shall establish guidelines for appropriation requests by those institutions of higher education; however, other provisions of the Reorganization Act of 1974 notwithstanding, all funds shall be appropriated by the general assembly to the governing board of each public four-year institution of higher education which shall prepare expenditure budgets for the institution;

(4) No new state-supported senior colleges or residence centers shall be established except as provided by law and with approval of the coordinating board for higher education;

(5) The coordinating board for higher education shall establish admission guidelines consistent with institutional missions;

(6) The coordinating board for higher education shall require all public two-year and four-year higher education institutions to replicate best practices in remediation identified by the coordinating board and institutions from research undertaken by regional educational laboratories, higher education research organizations, and similar organizations with expertise in the subject, and identify and reduce methods that have been found to be ineffective in preparing or retaining students or that delay students from enrollment in college-level courses;

(7) The coordinating board shall establish policies and procedures for institutional decisions relating to the residence status of students;

(8) The coordinating board shall establish guidelines to promote and facilitate the transfer of students between institutions of higher education within the state and, with the assistance of the committee on transfer and articulation, shall require all public two-year and four-year higher education institutions to create by July 1, 2014, a statewide core transfer library of at least twenty-five lower division courses across all institutions that are transferable among all public higher education institutions. The coordinating board shall establish policies and procedures to ensure such courses are accepted in transfer among public institutions and treated as equivalent to similar courses at the receiving institutions. The coordinating board shall develop a policy to foster reverse transfer for any student who has accumulated enough hours in combination with at least one public higher education institution in Missouri that offers an associate degree and one public four-year higher education institution in the prescribed courses sufficient to meet the public higher education institution's requirements to be awarded an associate degree. The department of elementary and secondary education shall maintain the alignment of the assessments found in section 160.518 and successor assessments with the competencies previously established under this subdivision for entry-level collegiate courses in English, mathematics, foreign language, sciences, and social sciences associated with an institution's general education core;

(9) The coordinating board shall collect the necessary information and develop comparable data for all institutions of higher education in the state. The coordinating board shall use this information to delineate the areas of competence of each of these institutions and for any other purposes deemed appropriate by the coordinating board;

(10) Compliance with requests from the coordinating board for institutional information and the other powers, duties and responsibilities, herein assigned to the coordinating board, shall be a prerequisite to the receipt of any funds which the coordinating board is responsible for administering;

(11) If any institution of higher education in this state, public or private, willfully fails or refuses to follow any lawful guideline, policy or procedure established or prescribed by the coordinating board, or knowingly deviates from any such guideline, or knowingly acts without coordinating board approval where such approval is required, or willfully fails to comply with any other lawful order of the coordinating board, the coordinating board may, after a public hearing, withhold or direct to be withheld from that institution any funds the disbursement of which is subject to the control of the coordinating board, or may remove the approval of the institution as an approved institution within the meaning of section 173.1102. If any such public institution willfully disregards board policy, the commissioner of higher education may order such institution to remit a fine in an amount not to exceed one percent of the institution's current fiscal year state operating appropriation to the board. The board shall hold such funds until such time that the institution, as determined by the commissioner of higher education, corrects the violation, at which time the board shall refund such amount to the institution. If the commissioner determines that the institution has not redressed the violation within one year, the fine amount shall be deposited into the general revenue fund, unless the institution appeals such decision to the full coordinating board, which shall have the authority to make a binding and final decision, by means of a majority vote, regarding the matter. However, nothing in this section shall prevent any institution of higher education in this state from presenting additional budget requests or from explaining or further clarifying its budget requests to the governor or the general assembly; and

(12) (a) As used in this subdivision, the term "out-of-state public institution of higher education" shall mean an education institution located outside of Missouri that:

a. Is controlled or administered directly by a public agency or political subdivision or is classified as a public institution by the state;

b. Receives appropriations for operating expenses directly or indirectly from a state other than Missouri;

d. Meets the standards for accreditation by an accrediting body recognized by the United States Department of Education or any successor agency; and

e. Permits faculty members to select textbooks without influence or pressure by any religious or sectarian source.

(b) No later than July 1, 2008, the coordinating board shall promulgate rules regarding:

a. The board's approval process of proposed new degree programs and course offerings by any out-of-state public institution of higher education seeking to offer degree programs or course work within the state of Missouri; and

b. The board's approval process of degree programs and courses offered by any out-of-state public institutions of higher education that, prior to July 1, 2008, were approved by the board to operate a school in compliance with the provisions of sections 173.600 to 173.618. The rules shall ensure that, as of July 1, 2008, all out-of-state public institutions seeking to offer degrees and courses within the state of Missouri are evaluated in a manner similar to Missouri public higher education institutions. Such out-of-state public institutions shall be held to standards no lower than the standards established by the coordinating board for program approval and the policy guidelines of the coordinating board for data collection, cooperation, and resolution of disputes between Missouri institutions of higher education under this section. Any such out-of-state public institutions of higher education wishing to continue operating within this state must be approved by the board under the rules promulgated under this subdivision. The coordinating board may charge and collect fees from out-of-state public institutions to cover the costs of reviewing and assuring the quality of programs offered by out-of-state public institutions. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

(c) Nothing in this subdivision or in section 173.616 shall be construed or interpreted so that students attending an out-of-state public institution are considered to be attending a Missouri public institution of higher education for purposes of obtaining student financial assistance.

3. The coordinating board shall meet at least four times annually with an advisory committee who shall be notified in advance of such meetings. The coordinating board shall have exclusive voting privileges. The advisory committee shall consist of thirty-two members, who shall be the president or other chief administrative officer of the University of Missouri; the chancellor of each campus of the University of Missouri; the president of each state-supported four-year college or university, including Harris-Stowe State University, Missouri Southern State University, Missouri Western State University, and Lincoln University; the president of State Technical College of Missouri; the president or chancellor of each public community college district; and representatives of each of five accredited private institutions selected biennially, under the supervision of the coordinating board, by the presidents of all of the state's privately supported institutions; but always to include at least one representative from one privately supported community college, one privately supported four-year college, and one privately supported university. The conferences shall enable the committee to advise the coordinating board of the views of the institutions on matters within the purview of the coordinating board.

4. The University of Missouri, Lincoln University, and all other state-governed colleges and universities, chapters 172, 174, 175, and others, are transferred by type III transfers to the department of higher education subject to the provisions of subsection 2 of this section.

5. The state historical society, chapter 183, is transferred by type III transfer to the University of Missouri.

6. The state anatomical board, chapter 194, is transferred by type II transfer to the department of higher education.

7. All the powers, duties and functions vested in the division of public schools and state board of education relating to community college state aid and the supervision, formation of districts and all matters otherwise related to the state's relations with community college districts and matters pertaining to community colleges in public school districts, chapters 163, 178, and others, are transferred to the coordinating board for higher education by type I transfer. Provided, however, that all responsibility for administering the federal-state programs of vocational-technical education, except for the 1202a postsecondary educational amendments of 1972 program, shall remain with the department of elementary and secondary education. The department of elementary and secondary education and the coordinating board for higher education shall cooperate in developing the various plans for vocational-technical education; however, the ultimate responsibility will remain with the state board of education.

8. All the powers, duties, functions, and properties of the state poultry experiment station, chapter 262, are transferred by type I transfer to the University of Missouri, and the state poultry association and state poultry board are abolished. In the event the University of Missouri shall cease to use the real estate of the poultry experiment station for the purposes of research or shall declare the same surplus, all real estate shall revert to the governor of the state of Missouri and shall not be disposed of without legislative approval."; and

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

SIXTY-SECOND DAY, MONDAY, MAY 5, 2014

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Representative Paul Fitzwater.

Almighty God, we acknowledge our dependence upon Thee, and we beg Thy blessings upon us, our parents, our teachers and our country.

O Lord our God, Your servant, Moses, led the congregation of Israel in singing "The Lord is my strength and song, and He has become my salvation; This is my God, and I will praise Him; My father's God, and I will extol Him. Who among the gods is like you, O Lord? Who is like You - majestic in holiness, awesome in glory, working wonders?" (Exodus 15:2, 11) Lord, as we enter the last days of the legislative session I pray for each legislator, each staff person, each lobbyist and each guest in this chamber.

May each one of us, O Lord, recall two things: First of all, may we all remember Your command through the songwriter to "Delight yourself also in the Lord and He shall give you the desires of your heart." (Psalm 37:4) We all seek true peace, true contentment, true love and true happiness. May we learn that these desires cannot be found in money, power, prestige, nature, knowledge, or in other people - but only in You. May we seek diligently after You.

Secondly, Lord, may we also pay heed to Your warning of calling what You have called "evil" as "good," and labeling what You have deemed "good" as "evil." (Isaiah 5:20)

May the last few days of session be characterized by humility, truth and righteousness. May we fear You and You alone. Draw each one unto Yourself. We call upon You in this prayer. Please answer and be glorified. For You are good and Your love endures forever.

To the honor of Your name, O Lord, I pray in Your Son's name. Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-first day was approved as printed.
