Further amending said bill, page, and section, Line 62, by deleting the word "**dependant**" and inserting in lieu thereof the following:

"**dependent**"; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Wood, **House Amendment No. 1** was adopted.

Representative Richardson offered **House Amendment No. 2**.

House Amendment No. 2

AMEND Senate Bill No. 719, Page 3, Section 171.181, Line 14, by inserting after all of said line the following:

"177.011. 1. The title of all schoolhouse sites and other school property is vested in the district in which the property is located, or if the directors of both school districts involved agree, a school district may own property outside of the boundaries of the district and operate upon such property for school purposes; provided that, such property may only be used for school purposes for students residing in the school district owning such property or students who are enrolled in such school district as part of a court-ordered desegregation plan. All property leased or rented for school purposes shall be wholly under the control of the school board during such time. **With the exception of lease agreements entered into under the provisions of section 177.088**, no board shall lease or rent any building for school purposes while the district schoolhouse is unoccupied, and no schoolhouse or school site shall be abandoned or sold until another site and house are provided for the school district.

2. Notwithstanding the provisions of section 178.770, the provisions of this section shall not apply to community college districts. Nothing in this subsection shall be construed to impair the duty and authority of the coordinating board for higher education to approve academic programs under section 173.005.

177.088. 1. As used in this section, the following terms shall mean:

(1) "Board", the board of education, board of trustees, board of regents, or board of governors of an educational institution;

(2) "Educational institution", any school district, including all community college districts, and any state college or university organized under chapter 174.

2. The board of any educational institution may enter into agreements as authorized in this section [with a not-for-profit corporation formed under the general not-for-profit corporation law of Missouri, chapter 355,] in order to provide for the acquisition, construction, improvement, extension, repair, remodeling, renovation and financing of sites, buildings, facilities, furnishings and equipment for the use of the educational institution for educational purposes.

3. The board may on such terms as it shall approve:

(1) Lease [from the corporation] sites, buildings, facilities, furnishings and equipment [which the corporation has] acquired or constructed; or

(2) Notwithstanding the provisions of this chapter or any other provision of law to the contrary, sell or lease at fair market value, which may be determined by appraisal, [to the corporation] any existing sites [owned by the educational institution], together with any existing buildings and facilities thereon, in order [for the corporation] to acquire, construct, improve, extend, repair, remodel, renovate, furnish and equip buildings and facilities thereon, and [then] lease back or purchase such sites, buildings and facilities [from the corporation]; provided that upon selling or leasing the sites, buildings or facilities, [the corporation agrees to enter into a lease for] **any lease back to the educational institution is not more than one year [but] in length, and** with not more than twenty-five successive options by the educational institution to renew the lease under the same conditions; and provided further that [the corporation agrees] **there is an agreement** to convey or sell the sites, buildings or facilities, including any improvements, extensions, renovations, furnishings or equipment, back to the educational institution with clear title at the end of the period of successive one-year options or at any time bonds, notes or other obligations issued [by the corporation] to pay for the improvements, extensions, renovations, furnishings or equipment have been paid and discharged.

4. Any consideration, promissory note or deed of trust which an educational institution receives for selling or leasing property [to a not-for-profit corporation] pursuant to this section shall be placed in a separate fund or in escrow, and neither the principal or any interest thereon shall be commingled with any other funds of the educational institutions. At such time as the title or deed for property acquired, constructed, improved, extended, repaired, remodeled or renovated under this section is conveyed to the educational institution, the consideration shall be returned [to the corporation].

5. The board may make rental payments [to the corporation] under such leases out of its general funds or out of any other available funds, provided that in no event shall the educational institution become indebted in an amount exceeding in any year the income and revenue of the educational institution for such year plus any unencumbered balances from previous years.

6. Any bonds, notes and other obligations issued [by a corporation] to pay for the acquisition, construction, improvements, extensions, repairs, remodeling or renovations of sites, buildings and facilities, pursuant to this section, may be secured by a mortgage, pledge or deed of trust of the sites, buildings and facilities and a pledge of the revenues received from the rental thereof to the educational institution. Such bonds, notes and other obligations issued [by a corporation] shall not be a debt of the educational institution and the educational institution shall not be liable thereon, and in no event shall such bonds, notes or other obligations be payable out of any funds or properties other than those acquired for the purposes of this section, and such bonds, notes and obligations shall not constitute an indebtedness of the educational institution within the meaning of any constitutional or statutory debt limitation or restriction.

7. The interest on such bonds, notes and other obligations [of the corporation] and the income therefrom shall be exempt from taxation by the state and its political subdivisions, except for death and gift taxes on transfers. Sites, buildings, facilities, furnishings and equipment owned [by a corporation] in connection with any project pursuant to this section shall be exempt from taxation.

8. The board may make all other contracts or agreements [with the corporation] necessary or convenient in connection with any project pursuant to this section. [The corporation shall comply with sections 290.210 to 290.340.]

9. Notice that the board is considering a project pursuant to this section shall be given by publication in a newspaper published within the county in which all or a part of the educational institution is located which has general circulation within the area of the educational institution, once a week for two consecutive weeks, the last publication to be at least seven days prior to the date of the meeting of the board at which such project will be considered and acted upon.

10. [Provisions of other law to the contrary notwithstanding, the board may refinance any lease purchase agreement that satisfies at least one of the conditions specified in subsection 6 of section 165.011 for the purpose of payment on any lease with the corporation under this section for sites, buildings, facilities, furnishings or equipment which the corporation has acquired or constructed, but such refinance shall not extend the date of maturity of any obligation, and the refinancing obligation shall not exceed the amount necessary to pay or provide for the payment of the principal of the outstanding obligations to be refinanced, together with the interest accrued thereon to the date of maturity or redemption of such obligations and any premium which may be due under the terms of such obligations and any amounts necessary for the payments of costs and expenses related to issuing such refunding obligations and to fund a capital projects reserve fund for the obligations.

11.] Provisions of other law to the contrary notwithstanding, payments made from any source by a school district, after the latter of July 1, 1994, or July 12, 1994, that result in the transfer of the title of real property to the school district, other than those payments made from the capital projects fund, shall be deducted as an adjustment to the funds payable to the district pursuant to section 163.031 beginning in the year following the transfer of title to the district, as determined by the department of elementary and secondary education. No district with modular buildings leased in fiscal year 2004, with the lease payments made from the incidental fund and that initiates the transfer of title to the district after fiscal year 2007, shall have any adjustment to the funds payable to the district under section 163.031 as a result of the transfer of title.

[12.] **11.** Notwithstanding provisions of this section to the contrary, the board of education of any school district may enter into agreements with the county in which the school district is located, or with a city, town, or village wholly or partially located within the boundaries of the school district, in order to provide for the acquisition, construction, improvement, extension, repair, remodeling, renovation, and financing of sites, buildings, facilities, furnishings, and equipment for the use of the school district for educational purposes. Such an agreement may provide for the present or future acquisition of an ownership interest in such facilities by the school district, by lease, lease-purchase agreement, option to purchase agreement, or similar provisions, and may provide for a joint venture between the school district and other entity or entities that are parties to such an agreement providing for the sharing of the costs of acquisition, construction, repair, maintenance, and operation of such facilities. The school district may wholly own such facilities, or may acquire a partial ownership interest along with the county, city, town, or village with which the agreement was executed."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Richardson, **House Amendment No. 2** was adopted.

On motion of Representative Wood, **SB 719, as amended**, was read the third time and passed by the following vote:

2. The judge, either sua sponte or upon motion of a party, may appoint a guardian ad litem to appear for and represent an abused or neglected child involved in proceedings arising under subsection 6 of section 210.152.

[2.] **3.** The guardian ad litem shall be provided with all reports relevant to the case made to or by any agency or person, shall have access to all records of such agencies or persons relating to the child or such child's family members or placements of the child, and upon appointment by the court to a case, shall be informed of and have the right to attend any and all family support team meetings involving the child. Employees of the division, officers of the court, and employees of any agency involved shall fully inform the guardian ad litem of all aspects of the case of which they have knowledge or belief.

[3.] **4.** The appointing judge shall require the guardian ad litem to faithfully discharge such guardian ad litem's duties, and upon failure to do so shall discharge such guardian ad litem and appoint another. The appointing judge shall have the authority to examine the general and criminal background of persons appointed as guardians ad litem, including utilization of the family care safety registry and access line pursuant to sections 210.900 to 210.937, to ensure the safety and welfare of the children such persons are appointed to represent. [4.] **5.** The guardian ad litem may be awarded a reasonable fee for such services to be set by the court. The court, in its discretion, may award such fees as a judgment to be paid by any party to the proceedings or from public funds. However, no fees as a judgment shall be taxed against a party or parties who have not been found to have abused or neglected a child or children. Any such designated person shall receive no compensation from public funds. This shall not preclude reimbursement for reasonable expenses.

[6.] **7.** Any person appointed to perform guardian ad litem duties shall have completed a training program in permanency planning and shall advocate for timely court hearings whenever possible to attain permanency for a child as expeditiously as possible to reduce the effects that prolonged foster care may have on a child. A nonattorney volunteer advocate shall have access to a court appointed attorney guardian ad litem should the circumstances of the particular case so require."; and

SENATE BILLS VETOED FROM SECOND REGULAR SESSION

SS#3 SCS SBS 509 & 496, motion to override, pending - Koenig

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

SIXTY-THIRD DAY, TUESDAY, MAY 6, 2014

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Representative Chuck Gatschenberger.

What if you woke up tomorrow with only the things you thanked God for today?

And he who searches our hearts knows the mind of the Spirit, because the Spirit intercedes for God's people in accordance with the will of God. And we know that in all things God works for the good of those who love him, who have been called according to his purpose. (Romans 8:27-28)

Let us pray.

Morning, Lord. Thank you for all the blessings and guidance You have shown to us. I thank You for letting us represent the good people of Missouri.

Let us remember why we wanted to become representatives and why we are doing what we are doing, Lord. Please give us Your knowledge, wisdom, and compassion to complete this task.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-second day was approved as printed by the following vote:

THIRD READING OF SENATE BILLS

HCS SB 662, relating to notice of sales tax modifications, was taken up by Representative Koenig.

Representative Koenig offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Bill No. 662, Page 1, in the title, Lines 2 and 3, by deleting the words, "notice of sales tax modifications" and inserting in lieu thereof the word, "taxation"; and

Further amend said bill, Page 2, Section 144.021, Line 29, by inserting after all of said section the following:

"144.080. 1. Every person receiving any payment or consideration upon the sale of property or rendering of service, subject to the tax imposed by the provisions of sections 144.010 to 144.525, is exercising the taxable privilege of selling the property or rendering the service at retail and is subject to the tax levied in section 144.020. The person shall be responsible not only for the collection of the amount of the tax imposed on the sale or service to the extent possible under the provisions of section 144.285, but shall, on or before the last day of the month following each calendar quarterly period of three months, file a return with the director of revenue showing the person's gross receipts and the amount of tax levied in section 144.020 for the preceding quarter, and shall remit to the director of revenue, with the return, the taxes levied in section 144.020, except as provided in subsections 2 and 3 of this section. The director of revenue may promulgate rules or regulations changing the filing and payment requirements of sellers, but shall not require any seller to file and pay more frequently than required in this section.

2. Where the aggregate amount levied and imposed upon a seller by section 144.020 is in excess of two hundred and fifty dollars for either the first or second month of a calendar quarter, the seller shall file a return and pay such aggregate amount for such months to the director of revenue by the twentieth day of the succeeding month.

3. Where the aggregate amount levied and imposed upon a seller by section 144.020 is less than forty-five dollars in a calendar quarter, the director of revenue shall by regulation permit the seller to file a return for a calendar year. The return shall be filed and the taxes paid on or before January thirty-first of the succeeding year.

4. The seller of any property or person rendering any service, subject to the tax imposed by sections 144.010 to 144.525, shall collect the tax from the purchaser of such property or the recipient of the service to the extent possible under the provisions of section 144.285, but the seller's inability to collect any part or all of the tax does not relieve the seller of the obligation to pay to the state the tax imposed by section 144.020; except that the collection of the tax imposed by sections 144.010 to 144.525 on motor vehicles and trailers shall be made as provided in sections 144.070 and 144.440.

5. [It shall be unlawful for] Any person [to] **may** advertise or hold out or state to the public or to any customer directly [or indirectly] that the tax or any part thereof imposed by sections 144.010 to 144.525, and required to be collected by the person, will be assumed or absorbed by the person, [or that it will not be separately stated and added to the selling price of the] **provided that the amount of tax assumed or absorbed shall be stated on any invoice or receipt for the property sold or service rendered**, or if added, that it or any part thereof will be refunded]. Any person

violating any of the provisions of this section shall be guilty of a misdemeanor. **This subsection shall not apply to any retailer prohibited from collecting and remitting sales tax under section 66.630.**"; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Koenig, **House Amendment No. 1** was adopted.

Representative Shumake offered **House Amendment No. 2.**

House Amendment No. 2

AMEND House Committee Substitute for Senate Bill No. 662, Page 1, in the title, Lines 2-3, by deleting the words, "notice of sales tax modifications" and inserting in lieu thereof the words, "sales tax"; and

Further amend said bill, Page 2, Section 144.021, Line 29, by inserting after all of said line the following:

"144.030. 1. There is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and from the computation of the tax levied, assessed or payable pursuant to sections 144.010 to 144.525 such retail sales as may be made in commerce between this state and any other state of the United States, or between this state and any foreign country, and any retail sale which the state of Missouri is prohibited from taxing pursuant to the Constitution or laws of the United States of America, and such retail sales of tangible personal property which the general assembly of the state of Missouri is prohibited from taxing or further taxing by the constitution of this state.

2. There are also specifically exempted from the provisions of the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.761 and from the computation of the tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration law (sections 281.220 to 281.310) which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

(4) Motor vehicles registered in excess of fifty-four thousand pounds, and the trailers pulled by such motor vehicles, that are actually used in the normal course of business to haul property on the public highways of the state, and that are capable of hauling loads commensurate with the motor vehicle's registered weight; and the materials, replacement parts, and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of such vehicles. For purposes of this subdivision "motor vehicle" and "public highway" shall have the meaning as ascribed in section 390.020;

(5) Replacement machinery, equipment, and parts and the materials and supplies solely required for the installation or construction of such replacement machinery, equipment, and parts, used directly in manufacturing, mining,

fabricating or producing a product which is intended to be sold ultimately for final use or consumption; and machinery and equipment, and the materials and supplies required solely for the operation, installation or construction of such machinery and equipment, purchased and used to establish new, or to replace or expand existing, material recovery processing plants in this state. For the purposes of this subdivision, a "material recovery processing plant" means a facility that has as its primary purpose the recovery of materials into a useable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(6) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption;

(7) Tangible personal property which is used exclusively in the manufacturing, processing, modification or assembling of products sold to the United States government or to any agency of the United States government;

(8) Animals or poultry used for breeding or feeding purposes, or captive wildlife;

(9) Newsprint, ink, computers, photosensitive paper and film, toner, printing plates and other machinery, equipment, replacement parts and supplies used in producing newspapers published for dissemination of news to the general public;

(10) The rentals of films, records or any type of sound or picture transcriptions for public commercial display;

(11) Pumping machinery and equipment used to propel products delivered by pipelines engaged as common carriers;

(12) Railroad rolling stock for use in transporting persons or property in interstate commerce and motor vehicles licensed for a gross weight of twenty-four thousand pounds or more or trailers used by common carriers, as defined in section 390.020, in the transportation of persons or property;

(13) Electrical energy used in the actual primary manufacture, processing, compounding, mining or producing of a product, or electrical energy used in the actual secondary processing or fabricating of the product, or a material recovery processing plant as defined in subdivision (5) of this subsection, in facilities owned or leased by the taxpayer, if the total cost of electrical energy so used exceeds ten percent of the total cost of production, either primary or secondary, exclusive of the cost of electrical energy so used or if the raw materials used in such processing contain at least twenty-five percent recovered materials as defined in section 260.200. There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. For purposes of this subdivision, "processing" means any mode of treatment, act or series of acts performed upon materials to transform and reduce them to a different state or thing, including treatment necessary to maintain or preserve such processing by the producer at the production facility;

(14) Anodes which are used or consumed in manufacturing, processing, compounding, mining, producing or fabricating and which have a useful life of less than one year;

(15) Machinery, equipment, appliances and devices purchased or leased and used solely for the purpose of preventing, abating or monitoring air pollution, and materials and supplies solely required for the installation, construction or reconstruction of such machinery, equipment, appliances and devices;

(16) Machinery, equipment, appliances and devices purchased or leased and used solely for the purpose of preventing, abating or monitoring water pollution, and materials and supplies solely required for the installation, construction or reconstruction of such machinery, equipment, appliances and devices;

(17) Tangible personal property purchased by a rural water district;

(18) All amounts paid or charged for admission or participation or other fees paid by or other charges to individuals in or for any place of amusement, entertainment or recreation, games or athletic events, including museums, fairs, zoos and planetariums, owned or operated by a municipality or other political subdivision where all the proceeds derived therefrom benefit the municipality or other political subdivision and do not inure to any private person, firm, or corporation, provided, however, that a municipality or other political subdivision may enter into revenue-sharing agreements with private persons, firms, or corporations providing goods or services, including management services, in or for the place of amusement, entertainment or recreation, games or athletic events, and provided further that nothing in this subdivision shall exempt from tax any amounts retained by any private person, firm, or corporation under such revenue-sharing agreement;

(19) All sales of insulin and prosthetic or orthopedic devices as defined on January 1, 1980, by the federal Medicare program pursuant to Title XVIII of the Social Security Act of 1965, including the items specified in Section 1862(a)(12) of that act, and also specifically including hearing aids and hearing aid supplies and all sales of drugs which may be legally dispensed by a licensed pharmacist only upon a lawful prescription of a practitioner licensed to administer those items, including samples and materials used to manufacture samples which may be dispensed by a practitioner authorized to dispense such samples and all sales or rental of medical oxygen, home respiratory equipment and accessories, hospital beds and accessories and ambulatory aids, all sales or rental of manual and powered wheelchairs, stairway lifts, Braille writers, electronic Braille equipment and, if purchased or rented by or on behalf of a person with one or more physical or mental disabilities to enable them to function more independently, all sales or rental of scooters, reading machines, electronic print enlargers and magnifiers, electronic alternative and augmentative communication devices, and items used solely to modify motor vehicles to permit the use of such motor vehicles by individuals with disabilities or sales of over-the-counter or nonprescription drugs to individuals with disabilities, and drugs required by the Food and Drug Administration to meet the over-the-counter drug product labeling requirements in 21 CFR 201.66, or its successor, as prescribed by a health care practitioner licensed to prescribe;

(20) All sales made by or to religious and charitable organizations and institutions in their religious, charitable or educational functions and activities and all sales made by or to all elementary and secondary schools operated at public expense in their educational functions and activities;

(21) All sales of aircraft to common carriers for storage or for use in interstate commerce and all sales made by or to not-for-profit civic, social, service or fraternal organizations, including fraternal organizations which have been declared tax-exempt organizations pursuant to Section 501(c)(8) or (10) of the 1986 Internal Revenue Code, as amended, in their civic or charitable functions and activities and all sales made to eleemosynary and penal institutions and industries of the state, **all sales made at a canteen or commissary established under sections 217.195 and 221.102**, and all sales made to any private not-for-profit institution of higher education not otherwise excluded pursuant to subdivision (20) of this subsection or any institution of higher education supported by public funds, and all sales made to a state relief agency in the exercise of relief functions and activities;

(22) All ticket sales made by benevolent, scientific and educational associations which are formed to foster, encourage, and promote progress and improvement in the science of agriculture and in the raising and breeding of animals, and by nonprofit summer theater organizations if such organizations are exempt from federal tax pursuant to the provisions of the Internal Revenue Code and all admission charges and entry fees to the Missouri state fair or any fair conducted by a county agricultural and mechanical society organized and operated pursuant to sections 262.290 to 262.530;

(2) The taxpayer may elect to compute the portion of income from all sources in this state in the following manner, or the manner set forth in subdivision (3) of this subsection:

(a) The income from all sources shall be determined as provided, excluding therefrom the figures for the operation of any bridge connecting this state with another state.

(b) The amount of sales which are transactions wholly in this state shall be added to one-half of the amount of sales which are transactions partly within this state and partly without this state, and the amount thus obtained shall be divided by the total sales or in cases where sales do not express the volume of business, the amount of business transacted wholly in this state shall be added to one-half of the amount of business transacted partly in this state and partly outside this state and the amount thus obtained shall be divided by the total amount of business transacted, and the net income shall be multiplied by the fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income. The investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction.

(c) For the purposes of this subdivision, a transaction involving the sale of tangible property is:

a. "Wholly in this state" if both the seller's shipping point and the purchaser's destination point are in this state;

b. "Partly within this state and partly without this state" if the seller's shipping point is in this state and the purchaser's destination point is outside this state, or the seller's shipping point is outside this state and the purchaser's destination point is in this state;

(3) The taxpayer may elect to compute the portion of income from all sources in this state in the following manner:

(a) The income from all sources shall be determined as provided, excluding therefrom the figures for the operation of any bridge connecting this state with another state;

(b) The amount of sales which are transactions in this state shall be divided by the total sales, and the net income shall be multiplied by the fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income. The investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction;

(c) For the purposes of this subdivision, a transaction involving the sale of tangible property is:

a. "In this state" if the purchaser's destination point is in this state;

b. Not "in this state" if the purchaser's destination point is outside this state;

(d) For purposes of this subdivision, the purchaser's destination point shall be determined without regard to the FOB point or other conditions of the sale and shall not be in this state if the purchaser received the tangible personal property from the seller in this state for delivery to the purchaser's location outside this state;

(e) For the purposes of this subdivision, a transaction involving the sale other than the sale of tangible property is "in this state" if the taxpayer's market for the sales is in this state. The taxpayer's market for sales is in this state:

a. In the case of sale, rental, lease, or license of real property, if and to the extent the property is located in this state;

b. In the case of rental, lease, or license of tangible personal property, if and to the extent the property is located in this state;

(h) The director may prescribe such rules and regulations as necessary or appropriate to carry out the purposes of this section.

(4) For purposes of this subsection, the following words shall, unless the context otherwise requires, have the following meaning:

(b) "Affiliate", the meaning as set forth in 15 U.S.C. Section 80a-2(a)(3)(C), as may be amended from time to time;

(c) "Distribution services" include, but are not limited to, the services of advertising, servicing, marketing, underwriting or selling shares of an investment company, but, in the case of advertising, servicing or marketing shares, only where such service is performed by a person who is, or in the case of a closed end company, was, either engaged in the services of underwriting or selling investment company shares or affiliated with a person that is engaged in the service of underwriting or selling investment company shares. In the case of an open end company, such service of

underwriting or selling shares must be performed pursuant to a contract entered into pursuant to 15 U.S.C. Section 80a-15(b), as from time to time amended;

(d) "Investment company", any person registered under the federal Investment Company Act of 1940, as amended from time to time, (the act) or a company which would be required to register as an investment company under the act except that such person is exempt to such registration pursuant to Section 80a-3(c)(1) of the act;

(e) "Investment funds service corporation" includes any corporation or S corporation doing business in the state which derives more than fifty percent of its gross income in the ordinary course of business from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. An investment funds service corporation shall include any corporation or S corporation providing management services as an investment advisory firm registered under Section 203 of the Investment Advisors Act of 1940, as amended from time to time, regardless of the percentage of gross revenues consisting of fees from management services provided to or on behalf of an investment company;

(f) "Management services" include but are not limited to, the rendering of investment advice directly or indirectly to an investment company making determinations as to when sales and purchases of securities are to be made on behalf of the investment company, or the selling or purchasing of securities constituting assets of an investment company, and related activities, but only where such activity or activities are performed:

a. Pursuant to a contract with the investment company entered into pursuant to 15 U.S.C. Section 80a-15(a), as from time to time amended;

For purposes of this section, "gross income" is defined as that amount of income earned from qualifying sources without deduction of expenses related to the generation of such income;

(h) "Residence", presumptively the fund shareholder's mailing address on the records of the investment company. If, however, the investment company or the investment funds service corporation has actual knowledge that the fund shareholder's primary residence or principal place of business is different than the fund shareholder's mailing address such presumption shall not control. To the extent an investment funds service corporation does not have access to the records of the investment company, the investment funds service corporation may employ reasonable methods to determine the investment company fund shareholder's residence.

(5) Notwithstanding other provisions of law to the contrary, qualifying sales of an investment funds service corporation, or S corporation, shall be considered wholly in this state only to the extent that the fund shareholders of the investment companies, to which the investment funds service corporation, or S corporation, provide services, are resided in this state. Wholly in this state qualifying sales of an investment funds service corporation, or S corporation, shall be determined as follows:

(a) By multiplying the investment funds service corporation's total dollar amount of qualifying sales from services provided to each investment company by a fraction, the numerator of which shall be the average of the number of shares owned by the investment company's fund shareholders resided in this state at the beginning of and at the end of the investment company's taxable year that ends with or within the investment funds service corporation's taxable year, and the denominator of which shall be the average of the number of shares owned by the investment company's fund shareholders everywhere at the beginning of and at the end of the investment company's taxable year that ends with or within the investment funds service corporation's taxable year;

(b) A separate computation shall be made to determine the wholly in this state qualifying sales from each investment company. The qualifying sales for each investment company shall be multiplied by the respective percentage of each fund, as calculated pursuant to paragraph (a) of this subdivision. The product of this equation shall result in the wholly in this state qualifying sales. The qualifying sales for each investment company which are not wholly in this state will be considered wholly without this state;

(c) To the extent an investment funds service corporation has sales which are not qualifying sales, those nonqualified sales shall be apportioned to this state based on the methodology utilized by the investment funds service corporation without regard to this subdivision.

3. Any corporation described in subdivision (1) of subsection 1 of section 143.441 organized in this state or granted a permit to operate in this state for the transportation or care of passengers shall report its gross earnings within the state on intrastate business and shall also report its gross earnings on all interstate business done in this state which

report shall be subject to inquiry for the purpose of determining the amount of income to be included in Missouri taxable income. The previous sentence shall not apply to a railroad.

4. A corporation described in subdivision (2) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources in this state and all income from each transportation service wholly within this state, from each service where the only lines of such corporation used are those in this state, and such proportion of revenue from each service where the facilities of such corporation in this state and in another state or states are used, as the mileage used over the lines of such corporation in the state shall bear to the total mileage used over the lines of such corporation. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

- (1) The income from all sources shall be determined as provided;
- (2) The amount of investment of such corporation on December thirty-first of each year in this state in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year of any fixed transportation facilities, real estate and improvements in this state leased from any other railroad shall be divided by the sum of the total amount of investment of such corporation on December thirty-first of each year in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year, of any fixed transportation facilities, real estate and improvements leased from any other railroad. Where any fixed transportation facilities, real estate or improvements are leased by more than one railroad, such portion of the value shall be used by each railroad as the rental paid by each shall bear to the rental paid by all lessees. The income shall be multiplied by the fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

5. A corporation described in subdivision (3) of subsection 1 of section 143.441 shall include in its Missouri taxable income one-half of the net income from the operation of a bridge between this and another state. If any such bridge is owned or operated by a railroad corporation or corporations, or by a corporation owning a railroad corporation using such bridge, then the figures for operation of such bridge may be included in the return of such railroad or railroads; or if such bridge is owned or operated by any other corporation which may now or hereafter be required to file an income tax return, one-half of the income or loss to such corporation from such bridge may be included in such return by adding or subtracting same to or from another net income or loss shown by the return.

6. A corporation described in subdivision (4) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources within this state. Income shall include revenue from each telephonic or telegraphic service rendered wholly within this state; from each service rendered for which the only facilities of such corporation used are those in this state; and from each service rendered over the facilities of such corporation in this state and in other state or states, such proportion of such revenue as the mileage involved in this state shall bear to the total mileage involved over the lines of said company in all states. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

- (1) The income from all sources shall be determined as provided;
- (2) The amount of investment of such corporation on December thirty-first of each year in this state in telephonic or telegraphic facilities, real estate and improvements thereon, shall be divided by the amount of the total investment of such corporation on December thirty-first of each year in telephonic or telegraphic facilities, real estate and improvements. The income of the taxpayer shall be multiplied by fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

7. From the income determined in subsections 2, 3, 4, 5 and 6 of this section to be from all sources within this state shall be deducted such of the deductions for expenses in determining Missouri taxable income as were incurred in this state to produce such income and all losses actually sustained in this state in the business of the corporation.

8. If a corporation derives only part of its income from sources within Missouri, its Missouri taxable income shall only reflect the effect of the following listed deductions to the extent applicable to Missouri. The deductions are: (a) its deduction for federal income taxes pursuant to section 143.171, and (b) the effect on Missouri taxable income of the deduction for net operating loss allowed by Section 172 of the Internal Revenue Code. The extent applicable to Missouri shall be determined by multiplying the amount that would otherwise affect Missouri taxable income by the ratio for the year of the Missouri taxable income of the corporation for the year divided by the Missouri taxable income for the year as though the corporation had derived all of its income from sources within Missouri. For the purpose of the preceding sentence, Missouri taxable income shall not reflect the listed deductions.

9. Any investment funds service corporation organized as a corporation or S corporation which has any shareholders resided in this state shall be subject to Missouri income tax as provided in this chapter."; and

"32.383. 1. Notwithstanding the provisions of any other law to the contrary, with respect to taxes administered by the department of revenue under this chapter and chapters 143, 144, and 147, an amnesty from the assessment or payment of all penalties, additions to tax, and interest shall apply with respect to unpaid taxes or taxes due and owing reported and paid in full from July 1, 2014, to September 30, 2014, regardless of whether previously assessed, except for penalties, additions to tax, and interest paid before July 1, 2014. The amnesty shall apply only to tax liabilities due or due but unpaid on or before December 31, 2013, and shall not extend to any taxpayer who at the time of payment is a party to any criminal investigations or to any civil or criminal litigation that is pending in any court of the United States or this state for nonpayment, delinquency, or fraud in relation to any state tax imposed by this state.

2. Upon written application by the taxpayer, on forms prescribed by the director of revenue, and upon compliance with the provisions of this section, the department of revenue shall not seek to collect any penalty, addition to tax, or interest that may be applicable. The department of revenue shall not seek civil or criminal prosecution for any taxpayer for the taxable period for which the amnesty has been granted unless subsequent investigation or audit shows that the taxpayer engaged in fraudulent or criminal conduct in applying for amnesty.

3. Amnesty shall be granted only to those taxpayers who have applied for amnesty within the period stated in this section, who have filed a tax return for each taxable period for which amnesty is requested, who have paid the entire balance by September 30, 2014, and who agree to comply with state tax laws for the next eight years from the date of the agreement. No taxpayer shall be entitled to a waiver of any penalty, addition to tax, or interest under this section unless full payment of the tax due is made in accordance with rules established by the director of revenue.

4. All taxpayers granted amnesty under this section shall in good faith comply with this state's tax laws for the eight years following the date of the amnesty agreement. If any such taxpayer fails to comply with all of this state's tax laws at any time during the eight years following the date of the agreement, all penalties, additions to tax, and interest that were waived under the amnesty agreement shall become due and owing immediately.

5. If a taxpayer is granted amnesty under this section, such taxpayer shall not be eligible to participate in any future amnesty for the same tax.

6. If a taxpayer elects to participate in the amnesty program established in this section as evidenced by full payment of the tax due as established by the director of revenue, that election shall constitute an express and absolute relinquishment of all administrative and judicial rights of appeal. No tax payment received under this section shall be eligible for refund or credit.

7. Nothing in this section shall be interpreted to disallow the department of revenue to adjust a taxpayer's tax return as a result of any state or federal audit.

8. All tax payments received as a result of the amnesty program established in this section, other than revenues earmarked by the Constitution of Missouri or this state's statutes, shall be deposited in the state general revenue fund.

9. The department may promulgate rules or issue administrative guidelines as are necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after July 1, 2014, shall be invalid and void.

10. This section shall become effective on July 1, 2014, and shall expire on December 31, 2022.

11. If any provision of this section or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this section which can be given effect without the invalid provision or application, and to this end the provisions of this section are severable."; and

Further amend said bill, Page 2, Section 144.021, Line 29, by inserting after all of said section and line the following:

"Section B. Because immediate action is necessary to secure adequate state revenue, the enactment of section 32.383 is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and the enactment of section 32.383 is hereby declared to be an emergency act within the meaning of the constitution, and the enactment of section 32.383 shall be in full force and effect on July 1, 2014, or upon its passage and approval, whichever occurs later."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Jones (50), **House Amendment No. 2** was adopted.

Representative Webber offered **House Amendment No. 3**.

House Amendment No. 3

AMEND House Committee Substitute for Senate Bill No. 614, Page 2, Section 477.180, Line 2, by inserting after all of said section and line the following:

"512.180. 1. Any person aggrieved by a judgment in a civil case tried without a jury before an associate circuit judge, other than an associate circuit judge sitting in the probate division or who has been assigned to hear the case on the record under procedures applicable before circuit judges, shall have the right of a trial de novo in all cases tried before municipal court or under the provisions of [chapters] **chapter 482**, 534, and 535].

2. In all other contested civil cases tried with or without a jury before an associate circuit judge or on assignment under such procedures applicable before circuit judges or in any misdemeanor case or county ordinance violation case a record shall be kept, and any person aggrieved by a judgment rendered in any such case may have an appeal upon that record to the appropriate appellate court. At the discretion of the judge, but in compliance with the rules of the supreme court, the record may be a stenographic record or one made by the utilization of electronic, magnetic, or mechanical sound or video recording devices.

534.060. Forcible entries and detainers, and unlawful detainers, may be heard and determined by any associate circuit judge of the county in which they are committed. Neither the provisions of this section or any other section in this chapter shall preclude adoption of a local circuit court rule providing for the centralized filing of such cases, nor the assignment of such cases to particular associate circuit or circuit judges pursuant to local circuit court rule or action by the presiding judge of the circuit. Such cases shall be heard and determined by associate circuit judges unless a circuit judge is transferred or assigned to hear such case or cases or unless the plaintiff pursuant to subsection 2 of section 478.250 has designated the case as one to be heard under the practice and procedure applicable before circuit judges [and the case is heard by a circuit judge. If the case is heard before an associate circuit judge who has not been specially assigned to hear the case on the record]. **All cases under this chapter shall be heard on the record. Unless the plaintiff under subsection 2 of section 478.250 has designated the case as one to be heard under the practice and procedure applicable before circuit judges, to the extent practice and procedure are not provided in this chapter the practice and procedure provided in chapter 517 shall apply.** If the [case is heard initially before an associate circuit judge who has been specially assigned to hear the case on a record or before a circuit judge, the case shall be heard and determined under the same practice and procedure as would apply if the case was being heard upon an application for trial de novo, and in such instances, notwithstanding the specific references to chapter 517 in this chapter,] **plaintiff under subsection 2 of section 478.250 has designated the case as one to be heard under the practice and procedure applicable before circuit judges, the case shall be heard and determined under the rules of practice and procedure provided in the Missouri Rules of Civil Procedure [and the extant provisions of The Civil Code of Missouri shall apply] instead of those contained in chapter 517, notwithstanding the specific references to chapter 517 in this chapter.**

534.350. The judge rendering judgment in any such cause may issue execution at any time after judgment, but such execution shall not be levied until after the expiration of the time allowed for [the filing of an application for trial de novo or] the taking of an appeal, except as in the next succeeding section is provided.

534.360. If it shall appear to the officer having charge of the execution that the defendant therein is about to remove, conceal or dispose of his property, so as to hinder or delay the levy, the rents and profits, damages and costs may be levied before the expiration of the time allowed for [the filing of an application for a trial de novo or] taking an appeal.

534.380. Applications for [trials de novo and] appeals shall be allowed and conducted in the manner provided [in chapter 512] **by the Missouri Rules of Civil Procedure.** Application for [a trial de novo or] appeal shall not stay execution for restitution of the premises unless the defendant gives bond within the time for appeal. The bond shall be for the amount of the judgment and with the condition to stay waste and to pay all subsequently accruing rent, if any, into court within ten days after it becomes due, pending determination of the [trial de novo or] appeal, subject to the judge's discretion. However, in any case in which the defendant receives a reduction in rent due to a local, state or federal subsidy program, the amount of the bond shall be reduced by the amount of said subsidy. Execution other than for restitution shall be stayed if the defendant files a bond in the proper amount at such time as otherwise provided by law.

535.030. 1. Such summons shall be served as in other civil cases at least four days before the court date in the summons. The summons shall include a court date which shall not be more than twenty-one business days from the date the summons is issued unless at the time of filing the affidavit the plaintiff or plaintiff's attorney consents in writing to a later date.

2. In addition to attempted personal service, the plaintiff may request, and thereupon the clerk of the court shall make an order directing that the officer, or other person empowered to execute the summons, shall also serve the same by securely affixing a copy of such summons and the complaint in a conspicuous place on the dwelling of the premises in question at least ten days before the court date in such summons, and by also mailing a copy of the summons and complaint to the defendant at the defendant's last known address by ordinary mail at least ten days before the court date. If the officer, or other person empowered to execute the summons, shall return that the defendant is not found, or that the defendant has absconded or vacated his or her usual place of abode in this state, and if proof be made by affidavit of the posting and of the mailing of a copy of the summons and complaint, the judge shall at the request of the plaintiff proceed to hear the case as if there had been personal service, and judgment shall be rendered and proceedings had as in other cases, except that no money judgment shall be granted the plaintiff where the defendant is in default and service is by the posting and mailing procedure set forth in this section.

3. If the plaintiff does not request service of the original summons by posting and mailing as provided in subsection 2 of this section, and if the officer, or other person empowered to execute the summons, makes return that the defendant is not found, or that the defendant has absconded or vacated the defendant's usual place of abode in this

state, the plaintiff may request the issuance of an alias summons and service of the same by posting and mailing in the time and manner provided in subsection 2 of this section. In addition, the plaintiff or an agent of the plaintiff who is at least eighteen years of age may serve the summons by posting and mailing a copy of the summons in the time and manner provided in subsection 2 of this section. Upon proof by affidavit of the posting and of the mailing of a copy of the summons or alias summons and the complaint, the judge shall proceed to hear the case as if there had been personal service, and judgment shall be rendered and proceedings had as in other cases, except that no money judgment shall be granted the plaintiff where the defendant is in default and service is by the posting and mailing procedure provided in subsection 2 of this section.

4. On the date judgment is rendered as provided in this section where the defendant is in default, the clerk of the court shall mail to the defendant at the defendant's last known address by ordinary mail a notice informing the defendant of the judgment and the date it was entered, and stating that the defendant has ten days from the date of the judgment to file a motion to set aside the judgment [or to file an application for a trial de novo] in the circuit court, as the case may be, and that unless the judgment is set aside [or an application for a trial de novo is filed] within ten days, the judgment will become final and the defendant will be subject to eviction from the premises without further notice.

535.110. Applications for [trials de novo and] appeals shall be allowed and conducted in the manner provided [in chapter 512] **by the Missouri Rules of Civil Procedure**; but no application for [a trial de novo or] **an** appeal shall stay execution unless the defendant give bond, with security sufficient to secure the payment of all damages, costs and rent then due, and with condition to stay waste and to pay all subsequently accruing rent, if any, into court within ten days after it becomes due, pending determination of the [trial de novo or] appeal.

535.160. If the defendant, on the date any money judgment is given in any action pursuant to this chapter, either tenders to the landlord, or brings into the court where the suit is pending, all the rent then in arrears, and all the costs, further proceedings in the action shall cease and be stayed. If on any date after the date of any original trial [but before any trial de novo] the defendant shall satisfy such money judgment and pay all costs, any execution for possession of the subject premises shall cease and be stayed; except that the landlord shall not thereby be precluded from making application for appeal from such money judgment. If for any reason no money judgment is entered against the defendant and judgment for the plaintiff is limited only to possession of the subject premises, no stay of execution shall be had, except as provided by the provisions of section 535.110 or the rules of civil procedure or by agreement of the parties.

535.170. After the execution of any judgment for possession pursuant to this chapter, the lessee and the lessee's assignees, and all other persons deriving title under the lease from such lessee, shall be barred from reentry of such premises and from all relief, and except for error in the record or proceedings, the landlord shall from that day hold the demised premises discharged from the lease. Nothing in this section shall preclude an aggrieved party from perfecting an appeal [or securing a trial de novo] as to any judgment rendered, and may as a result of such appeal [or trial de novo] recover any damage incurred, including damages incurred from an unlawful dispossession.

535.200. 1. In the twenty-second judicial circuit, upon adoption of an ordinance by the city of St. Louis providing for expenditure of city funds for such purpose, a majority of the circuit judges, en banc, may establish a landlord-tenant court, which shall be a division of the circuit court, and may authorize the appointment of not more than two landlord-tenant court commissioners. The landlord-tenant court commissioners shall be appointed by a landlord-tenant court judicial commission consisting of the presiding judge of the circuit, who shall be the chair, one circuit judge elected by the circuit judges, one associate circuit judge elected by the associate circuit judges of the circuit, and two members appointed by the mayor of the city of St. Louis, each of whom shall represent one of the two political parties casting the highest number of votes at the next preceding gubernatorial election. The procedures and operations of the landlord-tenant court judicial commission shall be established by circuit court rule.

2. Landlord-tenant commissioners may be authorized to hear in the first instance disputes involving landlords and their tenants. Landlord-tenant commissioners shall be authorized to make findings of fact and conclusions of law, and to issue orders for the payment of money, for the giving or taking of possession of residential property and any other equitable relief necessary to resolve disputes governed by the laws in chapters 441, 524, 534, and this chapter. Landlord-tenant commissioners may not, by *ex parte* means, hear cases and issue orders.

3. Landlord-tenant commissioners shall be licensed to practice law in this state and shall serve at the pleasure of a majority of the circuit and associate circuit judges, en banc, and shall be residents of the city of St. Louis, and shall receive as annual compensation an amount equal to one-third of the annual compensation of an associate circuit judge. Landlord-tenant commissioners shall not accept or handle cases in their practice of law which are inconsistent with their

duties as a landlord-tenant commissioner and shall not be a judge or prosecutor for any other court. Landlord-tenant commissioners shall not be considered state employees and shall not be members of the state employees' or judicial retirement system or be eligible to receive any other employment benefit accorded state employees or judges.

4. A majority of the judges of the circuit, en banc, shall establish operating procedures for the landlord-tenant court. Proceedings in the landlord-tenant court shall be conducted as in cases tried before an associate circuit judge. The hearing shall be before a landlord-tenant commissioner without jury, and the commissioner shall assume an affirmative duty to determine the merits of the evidence presented and the defenses of the defendant and may question parties and witnesses. Clerks and computer personnel shall be assigned as needed for the efficient operation of the court.

5. The parties to a cause of action before a commissioner of the landlord-tenant court are entitled to file with the court a motion for a hearing in associate circuit court within ten days after the mailing, or within ten days after service.

6. Operating procedures shall be provided for electronic recording of proceedings at city expense. Any person aggrieved by a judgment in a case decided under this section shall have a right to [a trial de novo in circuit court, or] an appeal to the appropriate appellate court, in the same manner as would a person aggrieved by a decision of an associate circuit judge under section 535.110. The procedures for perfecting the right of [a trial de novo or] an appeal shall be the same as that provided pursuant to sections 512.180 to 512.320.

7. Any summons issued for the proceedings in the landlord-tenant court shall have a return date of ten days. The sheriff must attempt to serve any summons within four days of the date of issuance.

8. All costs to establish and operate a landlord-tenant court under this section shall be borne by the city of St. Louis.

535.210. 1. In the sixteenth judicial circuit, upon adoption of an ordinance by Jackson County providing for expenditure of county funds for such purpose, a majority of the circuit court judges, en banc, may establish a landlord-tenant court, which shall be a division of the circuit court, and may authorize the appointment of not more than two landlord-tenant court commissioners. The landlord-tenant court commissioners shall be appointed by a landlord-tenant court judicial commission consisting of the presiding judge of the circuit, who shall be the chair, one circuit judge elected by the circuit judges, one associate circuit judge elected by the associate circuit judges of the circuit, and two members appointed by the county executive of Jackson County, each of whom shall represent one of the two political parties casting the highest number of votes at the next preceding gubernatorial election. The procedures and operations of the landlord-tenant court judicial commission shall be established by circuit court rule.

We know that all things work for good for those who love God, who are called according to his purpose. (Romans 8:28)

Eternal God, Your humble servants bow before You at the altar of prayer. As we remember Your unfailing goodness which has attended us all our days, we pray for Your good Spirit to move within our hearts as we start our deliberations this day.

We acknowledge our shortcomings, our selfishness and our sins. Forgive us when we fall short of Your will for us and Your way for our state. Cleanse the thoughts of our hearts by the inspiration of Your Holy Spirit that we may think better, speak better, and do better than ever before.

We pray for those in positions of influence in Missouri that they may lead our citizens in right and just paths. Lay Your hand in blessing upon our Speaker, the members of this body, and all who labor with them. Give them the assurance that with You great things are possible. Thus may our faith be renewed, our hope restored, and good will revived in all our hearts.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-third day was approved as corrected.

(3) "Sale of a used manufactured home", any subsequent sale of a manufactured home as defined in section 700.010, which does not qualify as "new" as defined in subdivision (9) of section 700.010.

3. In the event of the sale of a new modular unit, forty percent of the retail sale of the unit or forty percent of the manufacturer's sales price of the unit if the manufacturer makes a sale to a consumer that is not a retail sale, plus any carrier charge and freight charges shall be considered the sale of a service and sixty percent shall be the retail sale of tangible personal property. In addition to the exemptions granted under the provisions of section 144.030, the sale of services as defined in this section shall be specifically exempted from the provisions of sections 238.235 and 238.410, the local sales tax law as defined in section 32.085, sections 144.010 to 144.525 and 144.600 to [144.745] **144.761**, and from the computation of the tax levied, assessed, or payable under sections 238.235 and 238.410, the local sales tax law as defined in section 32.085, sections 144.010 to 144.525 and 144.600 to [144.745] **144.761**, and section 238.235.

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Crawford, **House Amendment No. 4** was adopted.

Representative White offered **House Amendment No. 5**.

House Amendment No. 5

AMEND House Committee Substitute for Senate Bill No. 693, Page 15, Section 137.100, Line 47,

"143.041. **1.** A tax is hereby imposed for every taxable year on the income of every nonresident individual which is derived from sources within this state. The tax shall be that amount which bears the same ratio to the tax applicable to the individual if he would have been a resident as (A) his Missouri nonresident adjusted gross income as determined under section 143.181 (Missouri adjusted gross income derived from sources within this state) bears to (B) his Missouri adjusted gross income derived from all sources.

2. The provisions of this section shall not apply to out-of-state businesses or out-of-state employees operating under sections 190.270 to 190.285.

143.071. **1.** For all tax years beginning before September 1, 1993, a tax is hereby imposed upon the Missouri taxable income of corporations in an amount equal to five percent of Missouri taxable income.

2. For all tax years beginning on or after September 1, 1993, a tax is hereby imposed upon the Missouri taxable income of corporations in an amount equal to six and one-fourth percent of Missouri taxable income.

3. The provisions of this section shall not apply to out-of-state businesses operating under sections 190.270 to 190.285.

143.191. **1.** Every employer maintaining an office or transacting any business within this state and making payment of any wages taxable under sections 143.011 to 143.998 to a resident or nonresident individual shall deduct and withhold from such wages for each payroll period the amount provided in subsection 3 of this section.

2. The term "wages" referred to in subsection 1 of this section means wages as defined by section 3401(a) of the Internal Revenue Code of 1986, as amended. The term "employer" means any person, firm, corporation, association, fiduciary of any kind, or other type of organization for whom an individual performs service as an employee, except that if the person or organization for whom the individual performs service does not have control of the payment of compensation for such service, the term "employer" means the person having control of the payment of the

compensation. The term includes the United States, this state, other states, and all agencies, instrumentalities, and subdivisions of any of them.

3. The method of determining the amount to be withheld shall be prescribed by regulations of the director of revenue. The prescribed table, percentages, or other method shall result, so far as practicable, in withholding from the employee's wages during each calendar year an amount substantially equivalent to the tax reasonably estimated to be due from the employee under sections 143.011 to 143.998 with respect to the amount of such wages included in his Missouri adjusted gross income during the calendar year.

4. For purposes of this section an employee shall be entitled to the same number of personal and dependency withholding exemptions as the number of exemptions to which he is entitled for federal income tax withholding purposes. An employer may rely upon the number of federal withholding exemptions claimed by the employee, except where the employee provides the employer with a form claiming a different number of withholding exemptions in this state.

5. The director of revenue may enter into agreements with the tax departments of other states (which require income tax to be withheld from the payment of wages) so as to govern the amounts to be withheld from the wages of residents of such states under this section. Such agreements may provide for recognition of anticipated tax credits in determining the amounts to be withheld and, under regulations prescribed by the director of revenue, may relieve employers in this state from withholding income tax on wages paid to nonresident employees. The agreements authorized by this subsection are subject to the condition that the tax department of such other states grant similar treatment to residents of this state.

6. The director of revenue shall enter into agreements with the Secretary of the Treasury of the United States or with the appropriate secretaries of the respective branches of the Armed Forces of the United States for the withholding, as required by subsections 1 and 2 of this section, of income taxes due the state of Missouri on wages or other payments for service in the armed services of the United States or on payments received as retirement or retainer pay of any member or former member of the Armed Forces entitled to such pay.

7. Subject to appropriations for the purpose of implementing this section, the director of revenue shall comply with provisions of the laws of the United States as amended and the regulations promulgated thereto in order that all residents of this state receiving monthly retirement income as a civil service annuitant from the federal government taxable by this state may have withheld monthly from any such moneys, whether pension, annuities or otherwise, an amount for payment of state income taxes as required by state law, but such withholding shall not be less than twenty-five dollars per quarter.

8. The provisions of this section shall not apply to out-of-state businesses operating under sections 190.270 to 190.285."; and

Further amend said bill, Page 31, Section 144.030, Line 313, by inserting after all of said section and line the following:

"144.610. 1. A tax is imposed for the privilege of storing, using or consuming within this state any article of tangible personal property, excluding motor vehicles, trailers, motorcycles, mopeds, motortricycles, boats, and outboard motors required to be titled under the laws of the state of Missouri and subject to tax under subdivision (9) of subsection 1 of section 144.020, purchased on or after the effective date of sections 144.600 to 144.745 in an amount equivalent to the percentage imposed on the sales price in the sales tax law in section 144.020. This tax does not apply with respect to the storage, use or consumption of any article of tangible personal property purchased, produced or manufactured outside this state until the transportation of the article has finally come to rest within this state or until the article has become commingled with the general mass of property of this state.

2. Every person storing, using or consuming in this state tangible personal property subject to the tax in subsection 1 of this section is liable for the tax imposed by this law, and the liability shall not be extinguished until the tax is paid to this state, but a receipt from a vendor authorized by the director of revenue under the rules and regulations that he prescribes to collect the tax, given to the purchaser in accordance with the provisions of section 144.650, relieves the purchaser from further liability for the tax to which receipt refers.

3. Because this section no longer imposes a Missouri use tax on the storage, use, or consumption of motor vehicles, trailers, motorcycles, mopeds, motortricycles, boats, and outboard motors required to be titled under the laws of the state of Missouri, in that the state sales tax is now imposed on the titling of such property, the local sales tax, rather than the local use tax, applies.

4. The provisions of this section shall not apply to out-of-state businesses or out-of-state employees operating under sections 190.270 to 190.285."; and

Further amend said bill and said page, Section 144.1030, Line 11, by inserting immediately after said line the following:

"190.270. Sections 190.270 to 190.285 shall be known and may be cited as the "Facilitating Business Rapid Response to State Declared Disasters Act".

190.275. As used in sections 190.270 to 190.285, unless the context clearly indicates otherwise, the following terms mean:

(1) "Declared state disaster" or "emergency", a disaster or emergency event for which a governor's state of emergency proclamation has been issued or that the President of the United States has declared to be a major disaster or emergency;

(2) "Disaster period", the period of time that begins ten days before the governor's proclamation of a state of emergency or the declaration by the President of the United States of a major disaster or emergency, whichever occurs first, and extending for a period of sixty calendar days following the end of the period specified in the proclamation or declaration or sixty calendar days from the proclamation or declaration if no end is provided. The governor may extend the disaster period as warranted.

(3) "Infrastructure", property and equipment owned or used by a public utility, communications network, broadband and internet service provider, cable and video service provider, gas distribution system, or water pipeline that provides service to more than one customer or person, including related support facilities. Infrastructure includes real and personal property such as buildings, offices, power lines, cable lines, poles, communication lines, pipes, structures, and equipment;

(4) "Out-of-state business", a business entity:

(a) That does not have a presence in the state;

(b) That does not conduct business in the state;

(c) That has no registrations, tax filings, or nexus in the state before the declared disaster or emergency;

and

(d) Whose assistance in repairing, renovating, installing, or building infrastructure related to a declared state disaster or emergency is requested by the state, a county, city, town, or other political subdivision of the state or a registered business that owns or uses infrastructure as defined in this section.

Out-of-state business includes a business entity that is affiliated with a registered business solely through common ownership as long as that business entity does not have any registrations, tax filings, or nexus in the state before the declared state disaster or emergency.

For purposes of this section, a prior registration as an out-of-state business for a declared disaster or emergency shall not be considered a registration in this state.

(5) "Out-of-state employee", an individual who does not work in the state except for disaster or emergency related work during a disaster period;

(6) "Registered business", a business entity that is registered or licensed to do business in the state before the declared state disaster or emergency.

190.280. 1. An out-of-state business that conducts operations within the state for purposes of assisting in repairing, renovating, installing, or building infrastructure related to a declared state disaster or emergency during the disaster period shall not be considered to have established a level of presence that would subject the business or any of its out-of-state employees to any of the following state or local employment, licensing, or registration requirements:

(1) Except as set forth in section 190.285, registration with the secretary of state;

(2) Withholding or income tax registration, filing, or remitting requirements; and

(3) Use tax on equipment used or consumed during the disaster period if such equipment does not remain in the state after the disaster period.

2. An out-of-state employee shall not be considered to have established residency or a presence in the state that would require that person or that person's employer to file and pay income taxes, to be subjected to tax withholdings, or to file and pay any other state or local income or withholding tax or fee for work repairing, renovating, installing, or building infrastructure during the disaster period.

3. After the conclusion of a disaster period, an out-of-state business or out-of-state employee that remains in the state is fully subject to the state or local employment, licensing, or registration requirements listed in this section or that were otherwise suspended under sections 190.270 through 190.285 during the disaster period.

190.285. 1. An out-of-state business shall provide notification to the secretary of state within ten days after entry to the state during a disaster period that the out-of-state business is in the state for purposes of responding to the declared state disaster or emergency. The out-of-state business shall provide to the secretary of state information related to the out-of-state business including, but not limited to, the following:

- (1) Name;**
- (2) State of domicile;**
- (3) Principal business address;**
- (4) Federal employer identification number;**
- (5) The date when the out-of-state business entered the state; and**
- (6) Contact information while the out-of-state business is in this state.**

2. A registered business shall provide the notification required in subsection 1 of this section for an affiliate of the registered business that enters the state as an out-of-state business. The notification under this subsection also must include contact information for the registered business in the state.

3. An out-of-state business that remains in the state after a disaster period shall notify the secretary of state within ten days after the end of the disaster period and shall meet all registration, licensing, and filing requirements resulting from any business presence or activity in the state.

4. The secretary of state shall provide information received from out-of-state businesses or registered businesses under this section to the department of revenue within thirty days after receipt of notification.

190.286. The provisions of sections 190.270 to 190.285 shall not grant exemptions authorized by the facilitating business rapid response to state declared disasters act to any out-of-state business performing work pursuant to a request for bid or request for proposal by a state agency or political subdivision.

285.230. 1. As used in this section, "transient employer" means an employer as defined in sections 143.191, 287.030, and 288.032 making payment of wages taxable under chapters 143, 287, and 288 who is not domiciled in this state and who temporarily transacts any business within the state, but shall not include any employer who is not subject to Missouri income tax because of the provisions of 15 U.S.C. 381. The transaction of business shall be considered temporary at any time it cannot be reasonably expected to continue for a period of twenty-four consecutive months. Professional athletic teams and professional entertainers domiciled in a state other than Missouri shall be deemed a "transient employer" for the purposes of this section, unless the person or entity who pays compensation to the nonresident entertainer has fully complied with the provisions of section 143.183 in which case the nonresident entertainer shall not be considered a transient employer.

2. Employers meeting the following criteria shall not be required to file a financial assurance instrument as required by this section:

(1) The principal place of business of the employer must be in a county of another state which is contiguous to the state of Missouri; and

(2) The employer must have been under contract to perform work in Missouri for at least sixty days cumulatively out of twelve months during each of the two calendar years immediately preceding the employer's initial application for exemption from the provisions of this section; and

(3) The employer must have in his possession a tax clearance from the department of revenue and the division of employment security stating that the employer has faithfully complied with the tax laws of this state during the period set out in subdivision (2) of this subsection. Within ninety days of August 13, 1988, such employers must obtain initial tax clearances in accordance with subdivision (3) of this subsection. Any tax clearance issued under the provisions of this section by the division of employment security shall be submitted to the department of revenue. On or before January thirty-first of each year, except January thirty-first following the year during which the employer first meets these criteria, the employer shall submit application to the department of revenue and division of employment security for a renewed tax clearance. Failure to submit such renewal applications or failure to comply with applicable Missouri taxing and employment security laws during the period between annual renewal dates or removal of the employer's principal place of business from a county in another state which is contiguous to Missouri to a state other than Missouri shall immediately subject the employer to all provisions of this section. An employer meeting the requirements of this subsection shall still be subject to the provisions of subsection 5 of this section.

3. Every transient employer shall file with the director of revenue a financial assurance instrument including, but not limited to, a cash bond, a surety bond, or an irrevocable letter of credit as defined in section 400.5-103 issued by any state or federal financial institution. The financial assurance instrument shall be in an amount not less than the average estimated quarterly withholding tax liability of the applicant, but in no case less than five thousand dollars nor more than twenty-five thousand dollars. Any corporate surety shall be licensed to do such business in this state and approved by the director of revenue to act as a surety. The transient employer shall be the principal obligor and the state

of Missouri shall be the obligee. The financial assurance instrument shall be conditioned upon the prompt filing of true reports and the payment by such employer to the director of revenue of any and all withholding taxes which are now or which hereafter may be levied or imposed by the state of Missouri, upon the employer, together with any and all penalties and interest thereon, and generally upon the faithful compliance with the provisions of chapters 143, 287, and 288.

4. Any transient employer who is already otherwise required to file a financial assurance instrument as a condition of any contract, provided said financial assurance instrument guarantees payment of all applicable state taxes and all withholding taxes levied or imposed by the state and provided that such financial assurance instrument is delivered by certified mail to the department of revenue by the applicable awarding entity at least fourteen days before the execution of the contract for the performance of work, may use the same financial assurance instrument to comply with the provisions of this section. Before such financial assurance instrument is approved by the awarding entity, the director of revenue shall be satisfied that such financial assurance instrument is sufficient to cover all taxes imposed by this state and the director shall so notify the awarding entity of the decision within the fourteen days prior to the execution of the contract. Failure to do so by the director shall waive any right to disapprove such financial assurance instrument. Before a financial assurance instrument is released by the entity awarding the contract, a tax clearance shall be obtained from the director of revenue that such transient employer has faithfully complied with all the tax laws of this state.

5. Every transient employer shall certify to the director of revenue that such employer has sufficient workers' compensation insurance either through a self-insurance program or a policy of workers' compensation insurance issued by an approved workers' compensation carrier. The self-insurance program shall be approved by the division of workers' compensation pursuant to section 287.280. The insurance policy shall be in a contract form approved by the department of insurance, financial institutions and professional registration.

6. In the event that liability upon the financial assurance instrument thus filed by the transient employer shall be discharged or reduced, whether by judgment rendered, payment made or otherwise, or if in the opinion of the director of revenue any surety on a bond theretofore given or financial institution shall have become unsatisfactory or unacceptable, then the director of revenue may require the employer to file a new financial assurance instrument in the same form and amount. If such new financial assurance instrument shall be furnished by such employer as above provided, the director of revenue shall upon satisfaction of any liability that has accrued, release the surety on the old bond or financial institution issuing the irrevocable letter of credit.

7. Any surety on any bond or financial institution issuing an irrevocable letter of credit furnished by any transient employer as provided in this section shall be released and discharged from any and all liability to the state of Missouri accruing on such bond or irrevocable letter of credit after the expiration of sixty days from the date upon which such surety or financial institution shall have lodged with the director of revenue a written request to be released and discharged; but the request shall not operate to relieve, release or discharge such surety or financial institution from any liability already accrued or which shall accrue during and before the expiration of said sixty-day period. The director of revenue shall promptly on receipt of notice of such request notify the employer who furnished such bond or irrevocable letter of credit and such employer shall on or before the expiration of such sixty-day period file with the director of revenue a new financial assurance instrument satisfactory to the director of revenue in the amount and form provided in this section.

8. Notwithstanding the limitation as to the amount of any financial assurance instrument fixed by this section, if a transient employer becomes delinquent in the payment of any tax or tenders a check in payment of tax which check is returned unpaid because of insufficient funds, the director may demand an additional instrument of such employer in an amount necessary, in the judgment of the director, to protect the revenue of the state. The penal sum of the additional instrument and the instrument furnished under the provisions of the law requiring such instrument may not exceed two quarters' estimated tax liability.

9. For any period when a transient employer fails to meet the requirements of this section, there shall be added to any deficiency assessed against a transient employer, in addition to any other addition, interest, and penalties, an amount equal to twenty-five percent of the deficiency.

10. A taxpayer commits the crime of failure to file a financial assurance instrument if he knowingly fails to comply with the provisions of this section.

11. Failure to file a financial assurance instrument is a class A misdemeanor. Pursuant to section 560.021, a corporation found guilty of failing to file a financial assurance instrument may be fined up to five thousand dollars or any higher amount not exceeding twice the amount the employer profited from the commission of the offense.

12. Failing to register with the department of revenue and execute the financial assurance instrument herein provided, prior to beginning the performance of any contract, shall prohibit the employer from performing on such contract until he complies with such requirements.

13. Each employer shall keep full and accurate records clearly indicating the names, occupations, and crafts, if applicable, of every person employed by him together with an accurate record of the number of hours worked by each employee and the actual wages paid. The payroll records required to be so kept shall be open to inspection by any authorized representative of the department of revenue at any reasonable time and as often as may be necessary and such records shall not be destroyed or removed from the state for a period of one year following the completion of the contract in connection with which the records are made.

14. The entering into of any contract for the performance of work in the state of Missouri by any such employer shall be deemed to constitute an appointment of the secretary of state as registered agent of such employer for purposes of accepting service of any process, or of any notice or demand required or permitted by law. The service of any such process, notice or demand, when served on the secretary of state shall have the same legal force and validity as if served upon the employer personally within the state.

15. In addition, any employer who fails to file a financial assurance instrument as required by this section shall be prohibited from contracting for or performing labor on any public works project in this state for a period of one year.

16. Whenever a transient employer ceases to engage in activity within the state it shall be the duty of such transient employer to notify the director of revenue in writing at least ten days prior to the time the discontinuance takes effect.

17. The provisions of this section shall not apply to out-of-state businesses operating under sections 190.270 to 190.285.

285.232. 1. Subject to the provisions of section 285.230, any county, city, town, village or any other political subdivision which requires a building permit for a person to perform certain construction projects shall require a transient employer to show proof that the employer has been issued a tax clearance and has filed a financial assurance instrument as required by section 285.230 before such entity issues a building permit to the transient employer. If any transient employer obtains a building permit without providing such proof, provides a fraudulently obtained tax clearance or a fraudulent financial assurance instrument or through any misrepresentation or any other fraudulent act or in any way violates the provisions of sections 285.230 to 285.234, the Missouri department of revenue shall request a temporary restraining order or seek injunctive relief to immediately prohibit further performance of work by the transient employer on such contract or project. The court may direct that any payments due such transient employer be equitably distributed in satisfaction of the transient employer's obligations pursuant to sections 285.230 to 285.234. Upon issuance of such order by a court of competent jurisdiction, the person for whom the work is being performed may engage another contractor as provided by law or any provision of contract and the person shall not be deemed to be in violation of the contract with such transient employer removed by the court. Nothing in this section shall be construed to create or constitute a liability to or a cause of action against a city or county in regard to the issuance of any license pursuant to this section.

2. Any contractor for private or public construction work in this state which contracts with or otherwise engages a subcontractor, which is deemed a transient employer as defined in section 285.230, to perform any portion of such work, shall require such subcontractor to show proof of having filed a financial assurance instrument with the director of revenue as required by section 285.230 and to show proof that the subcontractor holds a current valid certificate of insurance for workers' compensation coverage in this state, prior to the subcontractor performing any work on the project. If the subcontractor is self-insured for purposes of workers' compensation, the contractor shall require proof that such self-insurance by the subcontractor has been approved by the division of workers' compensation. The contractor shall not allow the subcontractor to perform on such contract until proof of compliance as required by this section has been provided to the contractor. If a subcontractor which is deemed to be a transient employer has previously submitted proof of compliance as required by this section to a state agency or political subdivision for which the contract is being performed as a condition of being qualified to perform work for such agency or political subdivision, the general contractor shall not be required to obtain the proofs required by this section. If at any time prior to final payment to a subcontractor for work performed on a project, a contractor is notified in writing by the director of revenue or the director of the division of workers' compensation that a subcontractor is in violation of sections 285.230 to 285.234, the contractor shall withhold all or part of any payment to the subcontractor under the contract for payment in satisfaction of the subcontractor's obligations as a transient employer if so directed by the director of revenue or the director of the division of workers' compensation. Any contractor withholding payment and paying such funds in satisfaction of the subcontractor's obligations as a transient employer if so directed by the director of revenue or the director of the division of workers' compensation. Any contractor withholding payment and paying such funds in satisfaction of the subcontractor's obligations as a transient employer shall be deemed in compliance with the contract with the subcontractor to the extent of the amount paid to fulfill such obligation and with the laws of this state regarding timely payment under construction contracts and shall not be subject to any civil or criminal penalty for withholding such payment.

3. Notwithstanding the provision of section 32.057, the Missouri department of revenue shall at least quarterly submit for publication in the Missouri Register a list of construction contractors performing work on construction projects in Missouri who are known by the department to be deemed transient employers pursuant to section 285.230. The department shall also update such list monthly and make such list available upon request without cost to any person.

4. The provisions of this section shall not apply to out-of-state businesses operating under sections 190.270 to 190.285.

285.233. 1. Any transient employer, as defined in this chapter, failing to conclusively show at any time that he has complied with the provisions of section 285.230, relating to the filing of a financial assurance instrument, shall, before beginning performance on any contract made with a political subdivision, deposit with that political subdivision an amount equal to twenty percent of labor costs as specified in such contract which will be held in escrow by the political subdivision and payable only to the department of revenue, the division of employment security or the division of workers' compensation after the actual amount of tax liability is determined. In the event that labor costs are not separately stated in the contract, the amount to be held in escrow shall be ten percent of the contract amount. Any amount remaining in the escrow fund after payments are made shall be refunded to the contractor. Failure of a political subdivision to properly escrow funds required under this section will make it ineligible to receive state funds for public works projects for a period of one year from the date the infraction is discovered.

2. Any transient employer failing to conclusively show at any time that he has complied with the provisions of section 285.230, relating to the filing of a financial assurance instrument, shall, before beginning performance on any contract made with a private entity deposit with that private entity an amount equal to twenty percent of labor costs as specified in such contract which will be held in escrow by the private entity and payable only to the department of revenue, the division of employment security or the division of workers' compensation after the actual amount of tax liability is determined. In the event that labor costs are not separately stated in the contract, the amount to be held in escrow shall be ten percent of the contract amount. Any amount remaining in the escrow fund after payments are made shall be refunded to the contractor. Failure of a private entity to properly escrow funds required under this section shall make such entity liable for the full amount of the state withholding, workers' compensation, and employment security tax liability resulting from the transient employers' contract with that private entity.

3. In addition to any other penalty, interest, or remedy imposed by this section, any transient employer that fails to post a financial assurance instrument or escrow funds as provided for in this section shall be subject to a writ of attachment as provided for in chapter 521 or any other injunctive relief provided for by law.

4. The provisions of this section shall not apply to out-of-state businesses or out-of-state employees operating under sections 190.270 to 190.285.

285.234. 1. Every transient employer, as defined in section 285.230 shall post in a prominent and easily accessible place at the work site a clearly legible copy of the following:

(1) The notice of registration for employer withholding issued to such transient employer by the director of revenue;

(2) Proof of coverage for workers' compensation insurance or self-insurance signed by the transient employer and verified by the department of revenue through the records of the division of workers' compensation; and

(3) The notice of registration for unemployment insurance issued to such transient employer by the division of employment security.

2. Any transient employer failing to comply with the provisions of this section shall be liable for a penalty of five hundred dollars per day until the notices required by this section are posted as provided by this section.

3. The provisions of this section shall not apply to out-of-state businesses operating under sections 190.270 to 190.285."; and

Notwithstanding the provisions of subsection 2 of section 447.532, section 447.533, and subsection 1 of section 447.545, United States savings bonds, which are unclaimed property and subject to the provisions of sections 447.500 to 447.595 shall be deemed abandoned when they have remained unclaimed for more than three years after their date of maturity and such bonds and the proceeds from such bonds, including all principal and interest due, in the possession of the treasurer or with an owner whose last known address is located in Missouri shall escheat to the state of Missouri three years after becoming unclaimed property by virtue of the provisions of sections 447.500 to 447.595 and all property rights and legal title to and ownership of such United States savings bonds and the proceeds from such bonds, including all rights, powers, and privileges of survivorship of any owner, co-owner, or beneficiary, shall vest solely in the state of Missouri according to the procedure set forth in subsections (1) through (3):

(1) After one hundred eighty days following the second three year period referenced in section 1, if no claim has been approved in accordance with the provisions of section 447.562 for such United States savings bonds or proceeds from such bonds, the treasurer shall commence a civil action in the circuit court of Cole county for a determination that such United States savings bonds and the proceeds from such bonds shall escheat to the state of Missouri. The treasurer may postpone the bringing of such action until sufficient United States savings bonds have accumulated in the treasurer's custody to justify the expense of such proceedings.

(2) If no person shall file a claim or appear at the hearing to substantiate a claim or where the court determines that a claimant is not entitled to the United States savings bonds or proceeds from such bonds claimed by such claimant, then the court, if satisfied by evidence that the treasurer has substantially complied with the

laws of the state of Missouri, shall enter a judgment that the subject United States savings bonds and the proceeds from such bonds have escheated to the state of Missouri, and all property rights and legal title to and ownership of such United States savings bonds and the proceeds from such bonds, including all rights, powers, and privileges of survivorship of any owner, co-owner, or beneficiary, shall vest solely in the state of Missouri.

(3) The treasurer shall redeem such United States savings bonds escheated to the state of Missouri and the proceeds from such redemption of United States savings bonds shall be deposited in the abandoned fund account created by section 447.543.

2. Any person making a claim for the United States savings bonds escheated to the state of Missouri, or for the proceeds from such bonds, may file a claim in accordance with the provisions of section 447.562. Upon providing sufficient proof of the validity of such person's claim, the treasurer may pay such claim in accordance with the provisions of section 447.565.

3. No proceeds from any unclaimed property shall be subject to taxation by the state of Missouri upon escheatment of such property to the state of Missouri under this section.

447.560. 1. The treasurer shall retain a record of the name and last known address of each person appearing from the holders' reports to be entitled to the abandoned moneys and property and of the name and last known address of each insured person or annuitant, and with respect to each policy or contract listed in the report of a life insurance corporation, its number, the name of the corporation, and the amount due. The record shall be available for public inspection at all reasonable business hours.

2. Except as specifically provided by this section, no information furnished to the treasurer in the holder reports, including Social Security numbers or other identifying information, shall be open to public inspection or made public. Any officer, employee or agent of the treasurer who, in violation of the provisions of this section, divulges, discloses or permits the inspection of such information shall be guilty of a misdemeanor.

3. If an amount is turned over to the state that is less than fifty dollars, the amount reported may be made available as public information, along with the name and last known address of the person appearing from the holder report to be entitled to the abandoned moneys; except that, no additional information other than provided for in this section may be released, and any individual other than the person appearing from the holder report to be entitled to the abandoned moneys shall be governed by sections 447.500 to 447.595 and other applicable Missouri law in his or her use or dissemination of such information.

4. If the abandoned property is a military medal, the treasurer is authorized to make any information, other than Social Security numbers, contained in the holder report and record under subsection 1 of this section, and any photograph or other visual depiction of the military medal available to the public in order to facilitate the identification of the original owner or such owner's respective heirs or beneficiaries as described under subdivision (4) of section 447.559.

5. The treasurer shall retain a record of the name and, if known, the last known address of each person named on the United States savings bonds which have escheated to the state of Missouri and which have been redeemed by the treasurer under section 447.534. The record shall be made public and available for public inspection at all reasonable business hours. In addition, if a United States savings bond is redeemed in an amount that is less than fifty dollars, the amount redeemed may be made available as public information. No other information furnished to the treasurer in regard to such United States savings bonds, including Social Security numbers or other identifying information shall be open to public inspection or made public. Any officer, employee or agent of the treasurer who, in violation of the provisions of this section, divulges, discloses, or permits the inspection of such information shall be guilty of a misdemeanor.

447.584. The treasurer, with the approval of the governor, may enter into agreements with any person, firm or corporation to assist in the identification, collection, and processing of abandoned **or escheated** property held by any business entity domiciled and located in another state **or any governmental entity**. The treasurer may agree to pay a fee for such services based in whole or in part on a percentage of the value of any property received pursuant to such agreements. Any expenses paid pursuant to this section may not be deducted from the amount subject to claim [by the owner] under sections 447.500 to 447.595.

Section B. Because of the need to protect the interests of the state, this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and this act shall be in full force and effect upon its passage and approval."; and

On motion of Representative Barnes, **House Amendment No. 12, as amended**, was adopted.

Representative Flanigan offered **House Amendment No. 13**.

House Amendment No. 13

AMEND House Committee Substitute for Senate Bill No. 693, Page 1, Section A, Line 2, by inserting after all of said line and section the following:

"32.383. 1. Notwithstanding the provisions of any other law to the contrary, with respect to taxes administered by the department of revenue under this chapter and chapters 143, 144, and 147, an amnesty from the assessment or payment of all penalties, additions to tax, and interest shall apply with respect to unpaid taxes or taxes due and owing reported and paid in full from July 1, 2014, to September 30, 2014, regardless of whether previously assessed, except for penalties, additions to tax, and interest paid before July 1, 2014. The amnesty shall apply only to tax liabilities due or due but unpaid on or before December 31, 2013, and shall not extend to any taxpayer who at the time of payment is a party to any criminal investigations or to any civil or criminal litigation that is pending in any court of the United States or this state for nonpayment, delinquency, or fraud in relation to any state tax imposed by this state.

2. Upon written application by the taxpayer, on forms prescribed by the director of revenue, and upon compliance with the provisions of this section, the department of revenue shall not seek to collect any penalty, addition to tax, or interest that may be applicable. The department of revenue shall not seek civil or criminal prosecution for any taxpayer for the taxable period for which the amnesty has been granted unless subsequent investigation or audit shows that the taxpayer engaged in fraudulent or criminal conduct in applying for amnesty.

3. Amnesty shall be granted only to those taxpayers who have applied for amnesty within the period stated in this section, who have filed a tax return for each taxable period for which amnesty is requested, who have paid the entire balance by September 30, 2014, and who agree to comply with state tax laws for the next eight years from the date of the agreement. No taxpayer shall be entitled to a waiver of any penalty, addition to tax, or interest under this section unless full payment of the tax due is made in accordance with rules established by the director of revenue.

4. All taxpayers granted amnesty under this section shall in good faith comply with this state's tax laws for the eight years following the date of the amnesty agreement. If any such taxpayer fails to comply with all of this state's tax laws at any time during the eight years following the date of the agreement, all penalties, additions to tax, and interest that were waived under the amnesty agreement shall become due and owing immediately.

5. If a taxpayer is granted amnesty under this section, such taxpayer shall not be eligible to participate in any future amnesty for the same tax.

6. If a taxpayer elects to participate in the amnesty program established in this section as evidenced by full payment of the tax due as established by the director of revenue, that election shall constitute an express and absolute relinquishment of all administrative and judicial rights of appeal. No tax payment received under this section shall be eligible for refund or credit.

7. Nothing in this section shall be interpreted to disallow the department of revenue to adjust a taxpayer's tax return as a result of any state or federal audit.

8. All tax payments received as a result of the amnesty program established in this section, other than revenues earmarked by the Constitution of Missouri or this state's statutes, shall be deposited in the state general revenue fund.

9. The department may promulgate rules or issue administrative guidelines as are necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after July 1, 2014, shall be invalid and void.

10. This section shall become effective on July 1, 2014, and shall expire on December 31, 2022.

11. If any provision of this section or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this section which can be given effect without the invalid provision or application, and to this end the provisions of this section are severable."; and

Further amend said bill, Page 31, Section 407.1610, Line 6, by inserting after all of said section and line the following:

"Section B. Because immediate action is necessary to secure adequate state revenue, the enactment of section 32.383 is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and the enactment of section 32.383 is hereby declared to be an emergency act within the meaning of the constitution, and the enactment of section 32.383 shall be in full force and effect on July 1, 2014, or upon its passage and approval, whichever occurs later."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Flanigan, **House Amendment No. 13** was adopted.

Representative Miller offered **House Amendment No. 14**.

House Amendment No. 14

AMEND House Committee Substitute for Senate Bill No. 693, Page 22, Section 143.451, Line 237, by inserting after said line the following:

"143.801. 1. A claim for credit or refund of an overpayment of any tax imposed by sections 143.011 to 143.996 shall be filed by the taxpayer within three years from the time the return was filed or two years from the time the tax was paid, whichever of such periods expires the later; or if no return was filed by the taxpayer, within two years from the time the tax was paid. No credit or refund shall be allowed or made after the expiration of the period of limitation prescribed in this subsection for the filing of a claim for credit or refund, unless a claim for credit or refund is filed by the taxpayer within such period.

2. If the claim is filed by the taxpayer during the three-year period prescribed in subsection 1 of this section, the amount of the credit or refund shall not exceed the portion of the tax paid within the three years immediately preceding the filing of the claim plus the period of any extension of time for filing the return. If the claim is not filed within such three-year period, but is filed within the two-year period, the amount of the credit or refund shall not exceed the portion of the tax paid during the two years immediately preceding the filing of the claim. If no claim is filed, the credit or refund shall not exceed the amount which would be allowable under either of the preceding sentences, as the case may be, if a claim was filed on the date the credit or refund is allowed.

3. If pursuant to subsection 6 of section 143.711 an agreement for an extension of the period for assessment of income taxes is made within the period prescribed in subsection 1 of this section for the filing of a claim for credit or refund, the period for filing a claim for credit or for making a credit or refund if no claim is filed, shall not expire prior to six months after the expiration of the period within which an assessment may be made pursuant to the agreement or any extension thereof. The amount of such credit or refund shall not exceed the portion of the tax paid after the execution of the agreement and before the filing of the claim or the making of the credit or refund, as the case may be, plus the portion of the tax paid within the period which would be applicable under subsection 1 of this section if a claim had been filed on the date the agreement was executed.

4. If a taxpayer is required by section 143.601 to report a change or correction in federal taxable income reported on his federal income tax return, or to report a change or correction which is treated in the same manner as if it were an overpayment for federal income tax purposes, an amended return or a claim for credit or refund of any resulting overpayment of tax shall be filed by the taxpayer within one year from the time the notice of such change or correction or such amended return was required to be filed with the director of revenue. If the report or amended return required by section 143.601 is not filed within the ninety-day period therein specified, interest on any resulting refund or credit shall cease to accrue after such ninetieth day. The amount of such credit or refund shall not exceed the amount of the reduction in tax attributable to:

(1) The issues on which such federal change or correction or the items amended on the taxpayer's amended federal income tax return are based, and

(2) Any change in the amount of [his] **the taxpayer's** federal income tax deduction under the provisions of subsection 1 of section 143.171. No effect shall be given in the preceding sentence to any federal change or correction or to any item on an amended return unless it is timely under the applicable federal period of limitations. The time and amount provisions of this subsection shall be in lieu of any other provisions of this section. This subsection shall not affect the time within which or the amount for which a claim for credit or refund may be filed apart from this subsection.

5. If the claim for credit or refund relates to an overpayment of tax on account of the deductibility by the taxpayer of a debt as a debt which became worthless or a loss from worthlessness of a security or the effect that the deductibility of a debt or of a loss has on the application to the taxpayer of a carryover, the claim may be made, under regulations prescribed by the director of revenue within seven years from the date prescribed by law for filing the return for the year with respect to which the claim is made.

6. If the claim for credit or refund relates to an overpayment attributable to a net operating loss carryback or a capital loss carryback, in lieu of the three-year period of limitations prescribed in subsection 1 of this section, the period shall be that period which ends with the expiration of the fifteenth day of the fortieth month (or the thirty-ninth month, in the case of a corporation) following the end of the taxable year of the net operating loss or net capital loss which results in such carryback, or the period prescribed in subsection 3 of this section in respect of such taxable year, whichever expires later. In the case of such a claim, the amount of the credit or refund may exceed the portion of the tax paid within the period provided in subsections 2, 3 and 4 of this section, whichever is applicable, to the extent of the amount of the overpayment attributable to such carryback.

7. (1) No period of limitations provided in subsections 1 to 6 of this section shall apply if the director of revenue audits or causes to have audited any return filed and retained as provided in section 143.971 and:

(a) Such examination is conducted after any period of limitations provided in subsections 1 to 6 of this section has expired;

(b) Such examination reveals that the taxpayer is eligible to claim a credit or refund of an overpayment of any tax imposed under this chapter; and

(c) A period of limitations provided in subsections 1 to 6 of this section prohibits the taxpayer from claiming such credit or refund.

(2) The director shall notify the taxpayer of any overpayment discovered under this subsection and inform the taxpayer of the procedure for filing a claim for a credit or refund of such overpayment. If the taxpayer files a claim for such credit or refund, the claim shall be filed in the manner provided in this chapter and shall be filed within one year from the time the director provided notice to the taxpayer."; and

Representative Butler offered **House Amendment No. 15.**

House Amendment No. 15

"67.451. Any city in which voters have approved fees to recover costs associated with enforcement of municipal housing, property maintenance, or nuisance ordinances may issue a special tax bill against the property where such ordinance violations existed. **Notwithstanding the provisions of section 479.011**, the officer in charge of finance shall cause the amount of unrecovered costs **or fines delinquent for more than a year** to be included in a special tax bill or added to the annual real estate tax bill for the property at the collecting official's option, and the costs shall be collected by the city collector or other official collecting taxes in the same manner and procedure for collecting real estate taxes. If the cost is not paid, the tax bill shall be considered delinquent, and the collection of the delinquent bill shall be governed by laws governing delinquent and back taxes. The tax bill shall be deemed a personal debt against the owner from the date of issuance, and shall also be a lien on the property until paid. Notwithstanding any provision of the city's charter to the contrary, the city may provide, by ordinance, that the city may discharge the special tax bill upon a determination by the city that a public benefit will be gained by such discharge, and such discharge shall include any costs of tax collection, accrued interest, or attorney fees related to the special tax bill."; and

", or unless the defendant has indicated on the record that the defendant is permitting the same judge to hear both the preliminary hearing and the trial"; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Representative Barnes offered **House Amendment No. 2**.

House Amendment No. 2

AMEND House Committee Substitute for Senate Bill No. 621, Page 8, Section 408.040, Line 50, by inserting after all of said section and line the following:

"447.534. 1. Notwithstanding the provisions of subsection 2 of section 447.532, section 447.533, and subsection 1 of section 447.545, United States savings bonds, which are unclaimed property and subject to the provisions of sections 447.500 to 447.595 shall be deemed abandoned when they have remained unclaimed for more than three years after their date of maturity and such bonds and the proceeds from such bonds, including all principal and interest due, in the possession of the treasurer or with an owner whose last known address is located in Missouri shall escheat to the state of Missouri three years after becoming unclaimed property by virtue of the provisions of sections 447.500 to 447.595 and all property rights and legal title to and ownership of such United States savings bonds and the proceeds from such bonds, including all rights, powers, and privileges of survivorship of any owner, co-owner, or beneficiary, shall vest solely in the state of Missouri according to the procedure set forth in subsections (1) through (3):

(1) After one hundred eighty days following the second three year period referenced in section 1, if no claim has been approved in accordance with the provisions of section 447.562 for such United States savings bonds or proceeds from such bonds, the treasurer shall commence a civil action in the circuit court of Cole county for a determination that such United States savings bonds and the proceeds from such bonds shall escheat to the state of Missouri. The treasurer may postpone the bringing of such action until sufficient United States savings bonds have accumulated in the treasurer's custody to justify the expense of such proceedings.

(2) If no person shall file a claim or appear at the hearing to substantiate a claim or where the court determines that a claimant is not entitled to the United States savings bonds or proceeds from such bonds claimed by such claimant, then the court, if satisfied by evidence that the treasurer has substantially complied with the laws of the state of Missouri, shall enter a judgment that the subject United States savings bonds and the proceeds from such bonds have escheated to the state of Missouri, and all property rights and legal title to and ownership of such United States savings bonds and the proceeds from such bonds, including all rights, powers, and privileges of survivorship of any owner, co-owner, or beneficiary, shall vest solely in the state of Missouri.

(3) The treasurer shall redeem such United States savings bonds escheated to the state of Missouri and the proceeds from such redemption of United States savings bonds shall be deposited in the abandoned fund account created by section 447.543.

2. Any person making a claim for the United States savings bonds escheated to the state of Missouri, or for the proceeds from such bonds, may file a claim in accordance with the provisions of section 447.562. Upon providing sufficient proof of the validity of such person's claim, the treasurer may pay such claim in accordance with the provisions of section 447.565.

447.560. 1. The treasurer shall retain a record of the name and last known address of each person appearing from the holders' reports to be entitled to the abandoned moneys and property and of the name and last known address of each insured person or annuitant, and with respect to each policy or contract listed in the report of a life insurance corporation, its number, the name of the corporation, and the amount due. The record shall be available for public inspection at all reasonable business hours.

2. Except as specifically provided by this section, no information furnished to the treasurer in the holder reports, including Social Security numbers or other identifying information, shall be open to public inspection or made public. Any officer, employee or agent of the treasurer who, in violation of the provisions of this section, divulges, discloses or permits the inspection of such information shall be guilty of a misdemeanor.

3. If an amount is turned over to the state that is less than fifty dollars, the amount reported may be made available as public information, along with the name and last known address of the person appearing from the holder report to be entitled to the abandoned moneys; except that, no additional information other than provided for in this section may be released, and any individual other than the person appearing from the holder report to be entitled to the abandoned moneys shall be governed by sections 447.500 to 447.595 and other applicable Missouri law in his or her use or dissemination of such information.

4. If the abandoned property is a military medal, the treasurer is authorized to make any information, other than Social Security numbers, contained in the holder report and record under subsection 1 of this section, and any photograph or other visual depiction of the military medal available to the public in order to facilitate the identification of the original owner or such owner's respective heirs or beneficiaries as described under subdivision (4) of section 447.559.

5. The treasurer shall retain a record of the name and, if known, the last known address of each person named on the United States savings bonds which have escheated to the state of Missouri and which have been redeemed by the treasurer under section 447.534. The record shall be made public and available for public inspection at all reasonable business hours. In addition, if a United States savings bond is redeemed in an amount that is less than fifty dollars, the amount redeemed may be made available as public information. No other information furnished to the treasurer in regard to such United States savings bonds, including Social Security numbers or other identifying information shall be open to public inspection or made public. Any officer, employee or agent of the treasurer who, in violation of the provisions of this section, divulges, discloses, or permits the inspection of such information shall be guilty of a misdemeanor.

447.584. The treasurer, with the approval of the governor, may enter into agreements with any person, firm or corporation to assist in the identification, collection, and processing of abandoned **or escheated** property held by any business entity domiciled and located in another state **or any governmental entity**. The treasurer may agree to pay a fee for such services based in whole or in part on a percentage of the value of any property received pursuant to such agreements. Any expenses paid pursuant to this section may not be deducted from the amount subject to claim [by the owner] under sections 447.500 to 447.595."; and

Further amend said bill, Section B, Line 2, by inserting after all of said section and line the following:

"Section C. Because of the need to protect the interests of the state, sections 447.534, 447.560, and 447.584 are deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and this act shall be in full force and effect upon its passage and approval."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Barnes, **House Amendment No. 2** was adopted.

Representative Kelly (45) offered **House Amendment No. 3.**

House Amendment No. 3

AMEND House Committee Substitute for Senate Bill No. 621, Page 8, Section 408.040, Line 50, by inserting after all of said section and line the following:

"456.4-420. 1. If a trust instrument containing a no-contest clause is or has become irrevocable, an interested person may file a petition to the court for an interlocutory determination whether a particular motion, petition, or other claim for relief by the interested person would trigger application of the no-contest clause or would otherwise trigger a forfeiture that is enforceable under applicable law and public policy.

2. The petition described in subsection 1 of this section shall be verified under oath. The petition may be filed by an interested person either as a separate judicial proceeding, or brought with other claims for relief in a single judicial proceeding, all in the manner prescribed generally for such proceedings under this chapter. If a petition is joined with other claims for relief, the court shall enter its order or judgment on the petition before proceeding any further with any other claim for relief joined therein. In ruling on such a petition, the court shall consider the text of the clause, the context to the terms of the trust instrument as a whole, and in the context of the verified factual allegations in the petition. No evidence beyond the pleadings and the trust instrument shall be taken except as required to resolve an ambiguity in the no-contest clause.

3. An order or judgment determining a petition described in subsection 1 of this section shall have the effect set forth in subsections 4 and 5 of this section, and shall be subject to appeal as with other final judgments. If the order disposes of fewer than all claims for relief in a judicial proceeding, that order is subject to interlocutory appeal in accordance with the applicable rules for taking such an appeal. If an interlocutory appeal is taken, the court may stay the pending judicial proceeding until final disposition of said appeal on such terms and conditions as the court deems reasonable and proper under the circumstances. A final ruling on the applicability of a no-contest clause shall not preclude any later filing and adjudication of other claims related to the trust.

4. An order or judgment, in whole or in part, on a petition described in subsection 1 of this section shall result in the no-contest clause being enforceable to the extent of the court's ruling, and shall govern application of the no-contest clause to the extent that the interested person then proceeds forward with the claims described therein. In the event such an interlocutory order or judgment is vacated, reversed, or otherwise modified on appeal, no interested person shall be prejudiced by any reliance, through action, inaction or otherwise, on the order or judgment prior to final disposition of the appeal.

5. An order or judgment shall have effect only as to the specific trust terms and factual basis recited in the petition. If claims are later filed that are materially different than those upon which the order or judgment is based, then to the extent such new claims are raised, the party in whose favor the order or judgment was entered shall have no protection from enforcement of the no-contest clause otherwise afforded by the order and judgment entered under this section.

6. For purposes of this section, a "no-contest clause" shall mean a provision in a trust instrument purporting to rescind a donative transfer to, or a fiduciary appointment of, any person, or that otherwise effects a forfeiture of some or all of an interested person's beneficial interest in a trust estate as a result of some action taken by the beneficiary. This definition shall not be construed in any way as determining whether a no-contest clause is enforceable under applicable law and public policy in a particular factual situation. As used in this section, the term "no-contest clause" shall also mean an "in terrorem clause".

7. A no-contest clause is not enforceable against an interested person in, but not limited to, the following circumstances:

(1) Filing a motion, petition, or other claim for relief objecting to the jurisdiction or venue of the court over a proceeding concerning a trust, or over any person joined, or attempted to be joined, in such a proceeding;

(2) Filing a motion, petition, or other claim for relief concerning an accounting, report, or notice that has or should have been made by a trustee, provided the interested person otherwise has standing to do so under applicable law, including, but not limited to, section 456.6-603;

(3) Filing a motion, petition, or other claim for relief under chapter 475 concerning the appointment of a guardian or conservator for the settlor;

(4) Filing a motion, petition, or other claim for relief under chapter 404 concerning the settlor;

(5) Disclosure to any person of information concerning a trust instrument or that is relevant to a proceeding before the court concerning the trust instrument or property of the trust estate, unless such disclosure is otherwise prohibited by law;

(6) Filing a motion, pleading, or other claim for relief seeking approval of a nonjudicial settlement agreement concerning a trust instrument, as set forth in section 456.1-111;

(7) To the extent a petition under subsection 1 of this section is limited to the procedure and purpose described therein.

8. In any proceeding brought under this section, the court may award costs, expenses, and attorneys' fees to any party, as provided in section 456.10-1004.

474.395. 1. If a will contains a no-contest clause, an interested person may file a petition with the court for a determination whether a particular motion, petition, action, or other claim for relief by the interested person would trigger application of the no-contest clause or would otherwise trigger a forfeiture that is enforceable under applicable law and public policy, which application would be adjudicated in the manner prescribed in section 456.4-420, and subject to the provisions set forth therein.

2. For purposes of this section, a "no-contest clause" shall mean a provision in a will purporting to rescind a donative transfer to, or a fiduciary appointment of, any person who institutes a proceeding challenging the validity of all or part of the will, or that otherwise effects a forfeiture of some or all of an interested person's beneficial interest in the estate as a result of some action taken by the beneficiary. This definition shall not be construed in any way as determining whether a no-contest clause is enforceable under applicable law and public policy in a particular factual situation. As used in this section, the term no-contest clause shall also mean an "in terrorem clause"; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Kelly (45), **House Amendment No. 3** was adopted.

Representative Cox offered **House Amendment No. 4**.

House Amendment No. 4

AMEND House Committee Substitute for Senate Bill No. 621, Page 1, Section A, Line 7, by inserting after all of said section and line the following:

"3.010. [As soon as possible after the final adjournment of the seventieth general assembly and at least every ten years thereafter] **Only upon the adoption of a concurrent resolution by the general assembly**, the revised statutes of Missouri shall be printed, published and distributed in as many volumes as the committee on legislative research (herein called "the committee") shall determine, and such publication shall be under the direction and supervision of the committee. The annotations **or supplements** may be printed separately **and without a concurrent resolution being adopted by the general assembly**. The cost of printing, binding and delivery of such publication shall be paid from funds appropriated from the general revenue for that purpose.

3.066. 1. When the Missouri supreme court or a federal court with competent jurisdiction makes a final ruling that a bill enacted by the Missouri general assembly or a Missouri state statute or any portion of a Missouri state statute contained in a bill enacted by the Missouri general assembly is unconstitutional on procedural grounds, the Missouri revisor of statutes shall:

(1) For a repealed statute or an amended statute contained in such bill, reprint the statute as it existed in the revised statutes of Missouri prior to the enactment of the bill that the court declared unconstitutional;

(2) For a new statute contained in such bill, remove the new statute from the revised statutes of Missouri, if necessary, and publish only a footnote calling attention to the ruling of the court explaining the reason for the removal of such statute from the revised statutes of Missouri.

2. **When a state or federal court with competent jurisdiction issues a permanent order enjoining a bill enacted by the Missouri general assembly or a Missouri state statute or any portion of a Missouri state statute contained in a bill enacted by the Missouri general assembly as unconstitutional on procedural grounds, the Missouri attorney general shall notify the Missouri revisor of statutes of any such order and the Missouri revisor**

of statutes shall publish a footnote to each affected section calling attention to the ruling of the court on any official website of the committee on legislative research. Such footnote shall remain until such time as a final ruling is made by the Missouri supreme court or a federal court with competent jurisdiction, and at such time, the Missouri revisor shall remove such footnote and, if necessary, shall update such website in like manner as provided in subsection 1 of this section.

3.090. 1. The revisor of statutes shall supervise the printing and publication of all editions of the revised statutes of Missouri and all supplements and pocket parts thereto. Further amend said bill, Page 7, Section 67.320, Line 30, by inserting after all of said line the following:

"86.207. 1. **Except as provided in section 86.362**, all persons who become policemen and all policemen who enter or reenter the service of the city after the first day of October, 1957, become members as a condition of their employment and shall receive no pensions or retirement allowance from any other pension or retirement system supported wholly or in part by the city or the state of Missouri, nor shall they be required to make contributions under any other pension or retirement system of the city or the state of Missouri, anything to the contrary notwithstanding.

2. If any member ceases to be in service for more than one year unless the member has attained the age of fifty-five or has twenty years or more of creditable service, or if the member withdraws the member's accumulated contributions or if the member receives benefits under the retirement system or dies, the member thereupon ceases to be a member; except in the case of a member who has served in the Armed Forces of the United States and has subsequently been reinstated as a policeman. A member who has terminated employment as a police officer, has actually retired and is receiving retirement benefits under the system shall be considered a retired member.

3. A reserve officer shall not be considered a member of the system for the purpose of determining creditable service, nor shall any contributions be due. A reserve officer shall not be entitled to any benefits from the system other than those awarded when the reserve officer originally retired under section 86.250, nor shall service as a reserve officer prohibit distribution of those benefits.

86.362. 1. Notwithstanding any provision of law to the contrary, employees of the employees retirement system of the city of St. Louis who are earning creditable service in the employees retirement system of the city of St. Louis and who are transferred to the St. Louis metropolitan police department as policemen shall elect within ninety days of the effective date of this section to either remain a member of the employees retirement system of the city of St. Louis or transfer membership and creditable service to the police retirement system of St. Louis. The election shall be made in writing after the employee has received a detailed analysis comparing retirement, life insurance, disability benefits, and medical benefits of a member of the employees retirement system of the city of St. Louis with the corresponding benefits provided a member of the police retirement system of St. Louis. The employees retirement system of the city of St. Louis and the police retirement system of St. Louis shall work together to provide the detailed analysis under this subsection, ensure that affected members receive

such analysis, and design appropriate forms for plan membership election. In electing plan membership, the employee shall acknowledge and agree that an election made under this subsection is irrevocable and constitutes a waiver to receive retirement, life insurance, disability benefits, and medical benefits except as provided by the system elected by the employee. Furthermore, in connection with the election, the employee shall be required to acknowledge that the benefits provided by virtue of membership in either system, and any associated costs to the employee, may be different now or in the future as a result of the election and that the employee agrees to hold both systems harmless with regard to benefit differences resulting from the election.

2. The employees retirement system of the city of St. Louis shall pay to the police retirement system of St. Louis an amount actuarially determined to equal the liability at the time of the transfer for any employee who elects under subsection 1 of this section to transfer to the police retirement system of St. Louis, to the extent that liability is funded as of the most recent actuarial valuation and based on the actuarial value of assets not to exceed one hundred percent. Such transfer shall be made within sixty days of the employee's election.

3. In no event shall any employee receive service credit for the same period of service under more than one retirement system as a result of the provisions of this section.

4. The provisions of this section shall not be effective until a corresponding authorizing ordinance is passed by the board of aldermen with the city of St. Louis.

(1) "Employee", any person regularly employed by any city, within the authorization of this section, who receives remuneration from the city for personal services rendered the city. The term "employee" shall not include any person:

(2) "Officer", any officer or elected official of the city who has been delegated some substantial part of the sovereign power to be independently exercised with some continuity and without control of a superior power other than the law;

except that any employee earning creditable service in the pension plan adopted under subsection 2 of this section who is transferred to the St. Louis metropolitan police department as a policeman and elects to remain in the pension plan adopted under subsection 2 of this section as provided in section 86.362 shall be considered an employee in the plan for purposes of retirement, life insurance, disability benefits, and medical benefits.

2. Any city of this state that now has or may hereafter have a population of more than four hundred and fifty thousand inhabitants is hereby authorized to provide by ordinance or otherwise for the pensioning of its employees and officers, in one or more plans, whether performing city or county functions, and the widows and minor children of deceased employees and officers and to appropriate and utilize its municipal revenues and other available funds for such purposes.

3. 4. The employees and officers of any administrative board or board of control organized and existing under the general laws of the state of Missouri for the purpose of furnishing library services or maintaining and operating an art museum or a zoological park or similar public service to the inhabitants of such city may be included within the provisions of any pension plan adopted in pursuance of subsection 2, but the cost of paying pensions to such employees and officers and widows and minor children thereof, as well as their pro rata share of the expenses of administration and the operation of the pension system, as a whole, shall be borne by the funds or revenues of such administrative board or board of control; provided, however, that the employees and officers of any such board or board of control shall not be included in any such pension plan unless the ordinance of such city providing for the inclusion of such employees and officers shall be accepted by resolution of such administrative board or board of control."; and

Further amend said bill, Page 23, Section B, Line 2, by inserting after all of said line the following:

SENATE CONCURRENT RESOLUTIONS

SS SCR 22 - Ross

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

SIXTY-FIFTH DAY, THURSDAY, MAY 8, 2014

The House met pursuant to adjournment.

Speaker Pro Tem Hoskins in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Be strong in the Lord and in the power of His might. (Ephesians 6:10)

God of Grace and God of Glory, pour on Your people Your power and as we wait upon You at this moment of prayer may the power of Your presence permeate our hearts.

When doubts disturb us, and worries weaken us, and frustrations follow us be our guiding light that we may see that the way of truth is the way of wisdom, the path of honesty is the path of honor, and the road of faithfulness is the road of faith.

Call us to commanding convictions, refresh us with Your renewing spirit, strengthen us with Your steadfast presence so essential to worthy tasks worthily accepted. By Your Spirit make us courteous in our conversations, friendly in our relationships, ready to serve our state with all our hearts, and to truly represent those who have sent us here. Bless Missouri with Your favor, make conflicts cease and cause peace to come to all.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Audrey Erdman, Taylor York, Sydnee Brandt and Jacob Cummings.

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

SIXTY-SIXTH DAY, MONDAY, MAY 12, 2014

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Representative John McCaherty.

This is the message which we have heard from Him and declare to you, that God is light and in Him is no darkness at all. If we say that we have fellowship with Him, and walk in darkness, we lie and do not practice the truth. But if we walk in the light as He is in the light, we have fellowship with one another, and the blood of Jesus Christ His Son cleanses us from all sin.

If we say that we have no sin, we deceive ourselves, and the truth is not in us. If we confess our sins, He is faithful and just to forgive us our sins and to cleanse us from all unrighteousness. (John 1:5)

Father, as we bow before Your throne of grace this afternoon, we come with open hearts, open minds, and the knowledge of our own shortcomings.

We need You! As we face this final week in the legislative session, we need You. As we remember those we have lost this year, decisions that were made, good times and bad, we need You. As we seek what is right for this great state, we need You. As we seek fellowship with one another, as we seek to work together for the good of those we serve, we need You!

Lead us, guide us, and allow Your great grace to shine upon us, that You may receive glory and honor and praise forever and ever.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Rebecca Wolter, Vera Voronenko and Lia Yeghoyants.

The Journal of the sixty-fifth day was approved as corrected.

"160.545. 1. There is hereby established within the department of elementary and secondary education the "A+ Schools Program" to be administered by the commissioner of education. The program shall [consist of grant awards made to] **require** public secondary schools that **apply to be an A+ school to** demonstrate a commitment to ensure that:

- (1) All students be graduated from school;
- (2) All students complete a selection of high school studies that is challenging and for which there are identified learning expectations; and
- (3) All students proceed from high school graduation to a college or postsecondary vocational or technical school or high-wage job with work place skill development opportunities.

2. The state board of education shall promulgate rules and regulations for the approval of [grants made under the program to] schools that:

- (1) Establish measurable districtwide performance standards for the goals of the program outlined in subsection 1 of this section; and
- (2) Specify the knowledge, skills and competencies, in measurable terms, that students must demonstrate to successfully complete any individual course offered by the school, and any course of studies which will qualify a student for graduation from the school; and

- (3) Do not offer a general track of courses that, upon completion, can lead to a high school diploma; and
- (4) Require rigorous coursework with standards of competency in basic academic subjects for students pursuing vocational and technical education as prescribed by rule and regulation of the state board of education; and

(5) Have a partnership plan developed in cooperation and with the advice of local business persons, labor leaders, parents, and representatives of college and postsecondary vocational and technical school representatives, with the plan then approved by the local board of education. The plan shall specify a mechanism to receive information on an annual basis from those who developed the plan in addition to senior citizens, community leaders, and teachers to update the plan in order to best meet the goals of the program as provided in subsection 1 of this section. Further, the plan shall detail the procedures used in the school to identify students that may drop out of school and the intervention services to be used to meet the needs of such students. The plan shall outline counseling and mentoring services provided to students who will enter the work force upon graduation from high school, address apprenticeship and intern programs, and shall contain procedures for the recruitment of volunteers from the community of the school to serve in schools receiving program grants.

3. A school district may participate in the program irrespective of its accreditation classification by the state board of education, provided it meets all other requirements.

4. [By rule and regulation, the state board of education may determine a local school district variable fund match requirement in order for a school or schools in the district to receive a grant under the program. However, no school in any district shall receive a grant under the program unless the district designates a salaried employee to serve as the program coordinator, with the district assuming a minimum of one-half the cost of the salary and other benefits provided to the coordinator. Further, no school in any district shall receive a grant under the program unless the district makes available facilities and services for adult literacy training as specified by rule of the state board of education.

5. For any school that meets the requirements for the approval of the grants authorized by this section and specified in subsection 2 of this section for three successive school years, by August first following the third such school year, the commissioner of education shall present a plan to the superintendent of the school district in which such school is located for the waiver of rules and regulations to promote flexibility in the operations of the school and to enhance and encourage efficiency in the delivery of instructional services in the school. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257 in the school. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school related to the authority of the state board of education to classify school districts pursuant to subdivision (9) of section 161.092 and such other rules and regulations as determined by the commissioner of education, except such waivers shall be confined to the school and not other schools in the school district unless such other schools meet the requirements of this subsection. However, any waiver provided to any school as outlined in this subsection shall be void on June

thirtieth of any school year in which the school fails to meet the requirements for the approval of the grants authorized by this section as specified in subsection 2 of this section.

6. For any school year, grants authorized by subsections 1 to 3 of this section shall be funded with the amount appropriated for this program, less those funds necessary to reimburse eligible students pursuant to subsection 7 of this section.

7.] The commissioner of **higher** education shall, by rule and regulation of the [state board of education] **coordinating board for higher education** and with the advice of the [coordinating board for higher education] **state board of education**, establish a procedure for the reimbursement of the cost of tuition, books and fees to any public community college or vocational or technical school or within the limits established in subsection [9] **8** of this section for any two-year private vocational or technical school for any student:

(1) Who has attended a public high school in the state for at least three years immediately prior to graduation that meets the requirements of subsection 2 of this section, except that students who are active duty military dependents, and students who are dependants of retired military who relocate to Missouri within one year of the date of the parent's retirement from active duty, who, in the school year immediately preceding graduation, meet all other requirements of this subsection and are attending a school that meets the requirements of subsection 2 of this section shall be exempt from the three-year attendance requirement of this subdivision; and

(2) Who has made a good faith effort to first secure all available federal sources of funding that could be applied to the reimbursement described in this subsection; and

(3) Who has earned a minimal grade average while in high school as determined by rule of the state board of education, and other requirements for the reimbursement authorized by this subsection as determined by rule and regulation of said board.

[8.] **5. Beginning with academic year 2015-16, the department of higher education shall develop a procedure to permit the reimbursement of educational costs beyond tuition and general fees incurred at an A+ eligible postsecondary institution by a student who qualifies for reimbursement under subsection 4 of this section and applies for such reimbursement upon the following conditions:**

(1) **The reimbursement shall be an amount no greater than tuition and related academic fees, including book purchase or rental, for dual credit courses paid by the student while in high school;**

(2) **The dual credit course was provided by an institution that is a qualified A+ postsecondary institution under subsection 4 or 8 of this section;**

(3) **The dual credit course is accepted for credit by the institution at which the student uses the A+ program.**

The provisions of this subsection shall be applicable only to postsecondary students at vocational-technical centers and those pursuing a certificate or an associate of science or associate of applied science degree at any other qualified A+ postsecondary institution.

6. If insufficient funds are available to provide full reimbursement of all permitted costs under this section, the reimbursement shall be prioritized in the following order from highest to lowest:

(1) **Tuition;**

(2) **General fees;**

(3) **Other educational costs as defined by federal student financial aid regulations.**

7. The commissioner of education **and the commissioner of higher education** shall develop a procedure for evaluating the effectiveness of the program described in this section **for improving high school outcomes and for effectiveness in providing access and completion of postsecondary programs**. Such evaluation shall be conducted annually with the results of the evaluation provided to the governor, speaker of the house, and president pro tempore of the senate.

[9.] **8.** For a two-year private vocational or technical school to obtain reimbursements under subsection [7] **4** of this section, the following requirements shall be satisfied:

(1) Such two-year private vocational or technical school shall be a member of the North Central Association and be accredited by the Higher Learning Commission as of July 1, 2008, and maintain such accreditation;

(2) Such two-year private vocational or technical school shall be designated as a 501(c)(3) nonprofit organization under the Internal Revenue Code of 1986, as amended;

(3) No two-year private vocational or technical school shall receive tuition reimbursements in excess of the tuition rate charged by a public community college for course work offered by the private vocational or technical school within the service area of such college; and

(4) The reimbursements provided to any two-year private vocational or technical school shall not violate the provisions of Article IX, Section 8, or Article I, Section 7, of the Missouri Constitution or the first amendment of the United States Constitution."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Upon appropriation, money in the fund shall be used solely for the administration of this section. Any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. As part of the initiative, the department of higher education shall develop a process to award grants to Missouri public two- and four-year institutions of higher education and school districts that have entered into articulation agreements to offer information technology certification through technical course work leading to postsecondary academic credit through the program established in section 173.675.

5. The general assembly may appropriate funds to the science, technology, engineering, and mathematics fund to match institution funds to support the following programs:

(1) Endowed teaching professor programs, which provide funds to support faculty who teach undergraduate courses in science, technology, engineering, or mathematics fields at public institutions of higher education;

(2) Scholarship programs, which provide financial aid or loan forgiveness awards to Missouri students who study in the science, technology, engineering, or mathematics fields or who plan to enter the teaching field in Missouri with an emphasis on science, technology, engineering, and mathematics areas;

(3) Experiential youth programs at public colleges or universities, designed to provide Missouri middle school, junior high, and high school students with the opportunity to experience science, technology, engineering, and mathematics fields through camps or other educational offerings;

(4) Career enhancement programs for current elementary and secondary teachers and professors at Missouri public and private colleges and universities in the science, technology, engineering, or mathematics fields to improve the quality of teaching.

173.675. 1. The department of higher education shall develop a program to offer information technology certification through technical course work that leads to postsecondary academic credit. The program shall be available to students enrolled in a public high school in Missouri that has entered into an articulation agreement with a Missouri public two- or four-year institution of higher education to offer such course work. The program shall provide instruction on skills and competencies essential for the workplace and requested by employers and shall include the following components:

(1) A web-enabled online curriculum;

(2) Instructional software for classroom and student use;

(3) Training for teachers to advance technical education skills;

2. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void.

173.680. 1. The department of higher education shall conduct a study to identify the information technology industry certifications most frequently requested by employers in Missouri. The department of higher education may conduct the study with the assistance of other state departments and agencies, the Missouri mathematics and science coalition, and the governor's advisory council on science, technology, engineering, and mathematical issues.

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

SIXTY-SEVENTH DAY, TUESDAY, MAY 13, 2014

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Pastor Paul Meinsen.

O LORD our God, there is much to know, much to learn and there is much to pray for each one of us from the Proverbs of Your servant, King Solomon.

I pray, O Father, that each one of us will be humble in heart for “It is not good to eat much honey, nor is it glory to search out one’s own glory.” (Proverbs 25:27)

I pray that each will surround himself or herself with good counselors as “He who walks with wise men will be wise, but the companion of fools will suffer harm” (Proverbs 13:20) and “If a ruler listens to falsehood, all his officials will become wicked.” (Proverbs 29:12)

Lord, may each guard his or her words. May truth be spoken for “Excellent speech is not fitting for a fool, much less are lying lips to a prince.” (Proverbs 17:7) And may each of us speak with much gentleness, “A gentle answer turns away wrath, But a harsh word stirs up anger. The tongue of the wise makes knowledge acceptable, But the mouth of fools spouts folly.” (Proverbs 15:1-2)

May we all seek wisdom for You have commanded to “Acquire wisdom! Acquire understanding! Do not forsake her, and she will guard you; love her and she will watch over you.” (Proverbs 4:5a-6)

I pray that we will all pursue righteousness for “Righteousness exalts a nation...” (Proverbs 14:34a) and “It is an abomination for kings to commit wicked acts for a throne is established on righteousness.” (Proverbs 16:12)

May we fear You and You alone; for “The fear of the LORD is the beginning of knowledge; Fools despise wisdom and instruction.” (Proverbs 1:7)

O Lord, draw each one unto Yourself.

We call upon You in this prayer. Please answer and be glorified. For You are good and Your love endures forever.

To the honor of Your name, O Lord, I pray in Jesus’ name. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Bobby Dominique, Nick Bernskoetter, Kylie Bernskoetter, Evan Walter, Aidan Walter, Nathan Lewton, Cooper Lewis, John Fowler, Keaton Bartz, Ayden Nichols, Ashlyn Nichols, Shelbie Mays, Olivia Clark, Emilee Carleton, Hannah Lewis, Hannah Brattin, Garrett Gordon, Juniper Justus, and Jerico Justus.

The Journal of the sixty-sixth day was approved as printed.

"99.805. As used in sections 99.800 to 99.865, unless the context clearly requires otherwise, the following terms shall mean:

(1) "Blighted area", an area which, by reason of the predominance of defective or inadequate street layout, unsanitary or unsafe conditions, deterioration of site improvements, improper subdivision or obsolete platting, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, retards the provision of housing accommodations or constitutes an economic or social liability or a menace to the public health, safety, morals, or welfare in its present condition and use;

(2) "Collecting officer", the officer of the municipality responsible for receiving and processing payments in lieu of taxes or economic activity taxes from taxpayers or the department of revenue;

(3) "Conservation area", any improved area within the boundaries of a redevelopment area located within the territorial limits of a municipality in which fifty percent or more of the structures in the area have an age of thirty-five years or more. Such an area is not yet a blighted area but is detrimental to the public health, safety, morals, or welfare and may become a blighted area because of any one or more of the following factors: dilapidation; obsolescence; deterioration; illegal use of individual structures; presence of structures below minimum code standards; abandonment; excessive vacancies; overcrowding of structures and community facilities; lack of ventilation, light or sanitary facilities; inadequate utilities; excessive land coverage; deleterious land use or layout; depreciation of physical maintenance; and lack of community planning. A conservation area shall meet at least three of the factors provided in this subdivision for projects approved on or after December 23, 1997;

(4) "Economic activity taxes", the total additional revenue from taxes which are imposed by a municipality and other taxing districts, and which are generated by economic activities within a redevelopment area over the amount of such taxes generated by economic activities within such redevelopment area in the calendar year prior to the adoption of the ordinance designating such a redevelopment area, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, licenses, fees or special assessments. For redevelopment projects or redevelopment plans approved after December 23, 1997, if a retail establishment relocates within one year from one facility to another facility within the same county and the governing body of the municipality finds that the relocation is a direct beneficiary of tax increment financing, then for purposes of this definition, the economic activity taxes generated by the retail establishment shall equal the total additional revenues from economic activity taxes which are imposed by a municipality or other taxing district over the amount of economic activity taxes generated by the retail establishment in the calendar year prior to its relocation to the redevelopment area;

(5) "Economic development area", any area or portion of an area located within the territorial limits of a municipality, which does not meet the requirements of subdivisions (1) and (3) of this section, and in which the governing body of the municipality finds that redevelopment will not be solely used for development of commercial businesses which unfairly compete in the local economy and is in the public interest because it will:

(a) Discourage commerce, industry or manufacturing from moving their operations to another state; or

- (b) Result in increased employment in the municipality; or
- (c) Result in preservation or enhancement of the tax base of the municipality;
- (6) "Gambling establishment", an excursion gambling boat as defined in section 313.800 and any related business facility including any real property improvements which are directly and solely related to such business facility, whose sole purpose is to provide goods or services to an excursion gambling boat and whose majority ownership interest is held by a person licensed to conduct gambling games on an excursion gambling boat or licensed to operate an excursion gambling boat as provided in sections 313.800 to 313.850. This subdivision shall be applicable only to a redevelopment area designated by ordinance adopted after December 23, 1997;
- (7) "Greenfield area", any vacant, unimproved, or agricultural property that is located wholly outside the incorporated limits of a city, town, or village, or that is substantially surrounded by contiguous properties with agricultural zoning classifications or uses unless said property was annexed into the incorporated limits of a city, town, or village ten years prior to the adoption of the ordinance approving the redevelopment plan for such greenfield area;
- (8) "Municipality", a city, village, or incorporated town or any county of this state. For redevelopment areas or projects approved on or after December 23, 1997, "municipality" applies only to cities, villages, incorporated towns or counties established for at least one year prior to such date;
- (9) "Obligations", bonds, loans, debentures, notes, special certificates, or other evidences of indebtedness issued by a municipality to carry out a redevelopment project or to refund outstanding obligations;
- (10) "Ordinance", an ordinance enacted by the governing body of a city, town, or village or a county or an order of the governing body of a county whose governing body is not authorized to enact ordinances;
- (11) "Payment in lieu of taxes", those estimated revenues from real property in the area selected for a redevelopment project, which revenues according to the redevelopment project or plan are to be used for a private use, which taxing districts would have received had a municipality not adopted tax increment allocation financing, and which would result from levies made after the time of the adoption of tax increment allocation financing during the time the current equalized value of real property in the area selected for the redevelopment project exceeds the total initial equalized value of real property in such area until the designation is terminated pursuant to subsection 2 of section 99.850;
- (12) "Redevelopment area", an area designated by a municipality, in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as a blighted area, a conservation area, an economic development area, an enterprise zone pursuant to sections 135.200 to 135.256, or a combination thereof, which area includes only those parcels of real property directly and substantially benefitted by the proposed redevelopment project;
- (13) "Redevelopment plan", the comprehensive program of a municipality for redevelopment intended by the payment of redevelopment costs to reduce or eliminate those conditions, the existence of which qualified the redevelopment area as a blighted area, conservation area, economic development area, or combination thereof, and to thereby enhance the tax bases of the taxing districts which extend into the redevelopment area. Each redevelopment plan shall conform to the requirements of section 99.810;
- (14) "Redevelopment project", any development project within a redevelopment area in furtherance of the objectives of the redevelopment plan; any such redevelopment project shall include a legal description of the area selected for the redevelopment project;
- (15) "Redevelopment project costs" include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan or redevelopment project, as applicable. Such costs include, but are not limited to, the following:
 - (a) Costs of studies, surveys, plans, and specifications;
 - (b) Professional service costs, including, but not limited to, architectural, engineering, legal, marketing, financial, planning or special services. Except the reasonable costs incurred by the commission established in section 99.820 for the administration of sections 99.800 to 99.865, such costs shall be allowed only as an initial expense which, to be recoverable, shall be included in the costs of a redevelopment plan or project;
 - (c) Property assembly costs, including, but not limited to [,]:
 - a.** Acquisition of land and other property, real or personal, or rights or interests therein [,]; **and**
 - b.** Demolition of buildings, and the clearing and grading of land;
 - (d) Costs of rehabilitation, reconstruction, or repair or remodeling of existing buildings and fixtures;
 - (e) Initial costs for an economic development area;
 - (f) Costs of construction of public works or improvements;
 - (g) Financing costs, including, but not limited to, all necessary and incidental expenses related to the issuance of obligations, and which may include payment of interest on any obligations issued pursuant to sections 99.800 to 99.865 accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not more than eighteen months thereafter, and including reasonable reserves related thereto;

(h) All or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred in furtherance of the objectives of the redevelopment plan and project, to the extent the municipality by written agreement accepts and approves such costs;

(I) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or are required to be paid by federal or state law;

(j) Payments in lieu of taxes;

(16) "Special allocation fund", the fund of a municipality or its commission which contains at least two separate segregated accounts for each redevelopment plan, maintained by the treasurer of the municipality or the treasurer of the commission into which payments in lieu of taxes are deposited in one account, and economic activity taxes and other revenues are deposited in the other account;

(17) "Taxing districts", any political subdivision of this state having the power to levy taxes;

(18) "Taxing districts' capital costs", those costs of taxing districts for capital improvements that are found by the municipal governing bodies to be necessary and to directly result from the redevelopment project; and

(19) "Vacant land", any parcel or combination of parcels of real property not used for industrial, commercial, or residential buildings.

99.825. 1. Prior to the adoption of an ordinance proposing the designation of a redevelopment area, or approving a redevelopment plan or redevelopment project, the commission shall fix a time and place for a public hearing as required in subsection 4 of section 99.820 and notify each taxing district located wholly or partially within the boundaries of the proposed redevelopment area, plan or project. At the public hearing any interested person or affected taxing district may file with the commission written objections to, or comments on, and may be heard orally in respect to, any issues embodied in the notice. The commission shall hear and consider all protests, objections, comments and other evidence presented at the hearing. The hearing may be continued to another date without further notice other than a motion to be entered upon the minutes fixing the time and place of the subsequent hearing; provided, if the commission is created under subsection 3 of section 99.820, the hearing shall not be continued for more than thirty days beyond the date on which it is originally opened unless such longer period is requested by the chief elected official of the municipality creating the commission and approved by a majority of the commission. Prior to the conclusion of the hearing, changes may be made in the redevelopment plan, redevelopment project, or redevelopment area, provided that each affected taxing district is given written notice of such changes at least seven days prior to the conclusion of the hearing. After the public hearing but prior to the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, changes may be made to the redevelopment plan, redevelopment projects or redevelopment areas without a further hearing, if such changes do not enlarge the exterior boundaries of the redevelopment area or areas, and do not substantially affect the general land uses established in the redevelopment plan or substantially change the nature of the redevelopment projects, provided that notice of such changes shall be given by mail to each affected taxing district and by publication in a newspaper of general circulation in the area of the proposed redevelopment not less than ten days prior to the adoption of the changes by ordinance. After the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, no ordinance shall be adopted altering the exterior boundaries, affecting the general land uses established pursuant to the redevelopment plan or changing the nature of the redevelopment project without complying with the procedures provided in this section pertaining to the initial approval of a redevelopment plan or redevelopment project and designation of a redevelopment area. Hearings with regard to a redevelopment project, redevelopment area, or redevelopment plan may be held simultaneously.

2. [Effective January 1, 2008,] If, after concluding the hearing required under this section, the commission makes a recommendation under section 99.820 in opposition to a proposed redevelopment plan, redevelopment project, or designation of a redevelopment area, or any amendments thereto, a municipality desiring to approve such project, plan, designation, or amendments shall do so only upon a two-thirds majority vote of the governing body of such municipality. **For plans, projects, designations, or amendments approved by a municipality over the recommendation in opposition by the commission formed under subsection 3 of section 99.820 or a commission located in any county of the first classification with more than one hundred fifty thousand but fewer than two hundred thousand inhabitants, the economic activity taxes and payments in lieu of taxes generated by such plan, project, designation, or amendment shall not exceed the costs associated with those contained in subparagraph b of paragraph (c) of subdivision (15) of section 99.805 per redevelopment project.**

3. Tax incremental financing projects within an economic development area shall apply to and fund only the following infrastructure projects: highways, roads, streets, bridges, sewers, traffic control systems and devices, water

distribution and supply systems, curbing, sidewalks and any other similar public improvements, but in no case shall it include buildings."; and

Further amend the title and enacting clause accordingly.

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

SIXTY-EIGHTH DAY, WEDNESDAY, MAY 14, 2014

The House met pursuant to adjournment.

Speaker Pro Tem Hoskins in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

He who is slow to anger is better than the mighty, and he who rules his spirit than he who takes a city. (Proverbs 16:32)

O Loving God, before whom we bow in adoration and unto whom we lift our hearts in prayer, help us to improve our self-control that we may do our duties and respond to our responsibilities with deep courage and true happiness.

May we feel Your guiding hand through all the scattered details of our daily life and in the stress of this hour may we hear Your still small voice and feel underneath us Your everlasting arms holding us steady, keeping us strong, and leading us in the way we should go.

Bless all efforts to remove harmful pride and reduce discord and prosper all endeavors to redouble our good will and reaffirm our faith in You and our state.

Finally, grant eternal rest to Governor Joseph P. Teasdale who served as our chief executive from 1977-1981. May his soul rest in peace and his family have comfort.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Louise Pfeifer and Nathan Hunter Wilkerson.

The Journal of the sixty-seventh day was approved as printed.

THIRD READING OF SENATE BILLS

SB 500, relating to no-contest clauses, was taken up by Representative Kelly (45).

Representative Austin offered **House Amendment No. 1**.

House Amendment No. 1

AMEND Senate Bill No. 500, Page 1, in the title, Line 3, by deleting the words "no-contest clauses" and inserting in lieu thereof the words "trust instruments"; and

Further amend said bill and said page, Section A, Line 3, by inserting immediately after said line the following:

"456.950. 1. As used in this section, "qualified spousal trust" means a trust:

(1) The settlors of which are husband and wife at the time of the creation of the trust; and
(2) The terms of which provide that during the joint lives of the settlors all property or interests in property transferred to, or held by, the trustee are:

(a) Held and administered in one trust for the benefit of both settlors, revocable by either or both settlors acting together while either or both are alive, and each settlor having the right to receive distributions of income or principal, whether mandatory or within the discretion of the trustee, from the entire trust for the joint lives of the settlors and for the survivor's life; or

(b) Held and administered in two separate shares of one trust for the benefit of each of the settlors, with the trust revocable by each settlor with respect to that settlor's separate share of that trust without the participation or consent of the other settlor, and each settlor having the right to receive distributions of income or principal, whether mandatory or within the discretion of the trustee, from that settlor's separate share for that settlor's life; or

(c) Held and administered under the terms and conditions contained in paragraphs (a) and (b) of this subdivision.

2. A qualified spousal trust may contain any other trust terms that are not inconsistent with the provisions of this section.

3. **Any** property or interests in property [held as tenants by the entirety by a husband and wife] that is at any time transferred to the trustee of a qualified spousal trust of which the husband and wife are the settlors, shall **thereafter** be [held and] administered as provided by the trust terms in accordance with paragraph (a), (b), or (c) of subdivision (2) of subsection 1 of this section[, and all such]. **All trust** property and interests in property **that is deemed for purposes of this section to be held as tenants by the entirety**, including the proceeds thereof, the income thereon, and any property into which such property, proceeds, or income may be converted, shall [thereafter] have the same immunity from the claims of the separate creditors of the settlors as would have existed if the settlors had continued to hold that property as husband and wife as tenants by the entirety. **Property or interest in property held by a husband and wife as tenants by the entirety or as joint tenants or other form of joint ownership with right of survivorship shall be conclusively deemed for purposes of this section to be held as tenants by the entirety upon its transfer to the qualified spousal trust. All such transfers shall retain said immunity**, so long as:

(1) Both settlors are alive and remain married; and

(2) The property, proceeds, or income continue to be held in trust by the trustee of the qualified spousal trust.

4. Property or interests in property held by a husband and wife or held in the sole name of a husband or wife that is not held as tenants by the entirety **or deemed held as tenants by the entirety for purposes of this section** and is transferred to a qualified spousal trust shall be held as directed in the qualified spousal trust's governing instrument or in the instrument of transfer and the rights of any claimant to any interest in that property shall not be affected by this section.

5. Upon the death of each settlor, all property and interests in property held by the trustee of the qualified spousal trust shall be distributed as directed by the then current terms of the governing instrument of such trust. Upon

the death of the first settlor to die, if immediately prior to death the predeceased settlor's interest in the qualified spousal trust was then held in such settlor's separate share, the property or interests in property in such settlor's separate share may pass into an irrevocable trust for the benefit of the surviving settlor upon such terms as the governing instrument shall direct, including without limitation a spendthrift provision as provided in section 456.5-502.

6. No transfer by a husband and wife as settlors to a qualified spousal trust shall affect or change either settlor's marital property rights to the transferred property or interest therein immediately prior to such transfer in the event of dissolution of marriage of the spouses, unless both spouses otherwise expressly agree in writing.

7. This section shall apply to all trusts which fulfill the criteria set forth in this section for a qualified spousal trust regardless of whether such trust was created before or after August 28, 2011.

456.2-205. 1. Subject to the exception in subsection 2 of this section, a provision in a trust instrument requiring the mediation or arbitration of disputes between or among the beneficiaries, a fiduciary, a person granted nonfiduciary powers under the trust instrument, or any combination of such persons is enforceable.

2. A provision in a trust instrument requiring the mediation or arbitration of disputes relating to the validity of a trust is not enforceable unless all interested persons with regard to the dispute consent to the mediation or arbitration of the dispute."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Further amend said bill, Page 27, Section 452.556, Line 4 of said page, by inserting after all of said line the following:

"453.010. 1. Any person desiring to adopt another person as his or her child shall petition the juvenile division of the **Missouri** circuit court of the county in which:

- (1) The person seeking to adopt resides **or within one hundred and fifty miles of such county;**
- (2) The child sought to be adopted was born;
- (3) The child is located at the time of the filing of the petition; [or]
- (4) Either birth person resides **or within one hundred and fifty miles of such county; or**
- (5) **The placing agency or intermediary has offices.**

2. A petition to adopt shall not be dismissed or denied on the grounds that the petitioner is not domiciled or does not reside in any of the venues set forth in subdivision (2), (3) or (4) of subsection 1 of this section.

3. If the person sought to be adopted is a child who is under the prior and continuing jurisdiction of a court pursuant to the provision of chapter 211, any person desiring to adopt such person as his or her child shall petition the juvenile division of the circuit court which has jurisdiction over the child for permission to adopt such person as his or her child. Upon receipt of a motion from the petitioner and consent of the receiving court, the juvenile division of the circuit court which has jurisdiction over the child may transfer jurisdiction to the juvenile division of a circuit court within any of the alternative venues set forth in subsection 1 of this section.

4. If the petitioner has a spouse living and competent to join in the petition, such spouse may join therein, and in such case the adoption shall be by them jointly. If such a spouse does not join the petition the court in its discretion may, after a hearing, order such joinder, and if such order is not complied with may dismiss the petition.

5. Upon receipt of a properly filed petition, a court, as defined in this section, shall hear such petition in a timely fashion. A court or any child-placing agency shall not deny or delay the placement of a child for adoption when an approved family is available, regardless of the approved family's residence or domicile. The court shall expedite the placement of a child for adoption pursuant to subsection 3 of this section.

6. A licensed child-placing agency may file a petition for transfer of custody if a birth parent consents in writing by power of attorney for placement of a minor child, a consent to adoption, or any other document which evidences a desire to place the child with the licensed child-placing agency for the purposes of transfer of custody of the child to the licensed child-placing agency. The written consent obtained from the birth parent shall strictly comply with section 453.030.

453.040. The consent to the adoption of a child is not required of:

- (1) A parent whose rights with reference to the child have been terminated pursuant to law, including section 211.444 or section 211.447 or other similar laws in other states;
- (2) A parent of a child who has legally consented to a future adoption of the child;
- (3) A parent whose identity is unknown and cannot be ascertained at the time of the filing of the petition;
- (4) A man who has not been established to be the father and who is not presumed by law to be the father, and who, after the conception of the child, executes a verified statement denying paternity and disclaiming any interest in the child and acknowledging that this statement is irrevocable when executed and follows the consent as set forth in section 453.030;
- (5) A parent or other person who has not executed a consent and who, after proper service of process, fails to file an answer or make an appearance in a proceeding for adoption or for termination of parental rights at the time such cause is heard;
- (6) A parent who has a mental condition which is shown by competent evidence either to be permanent or such that there is no reasonable likelihood that the condition can be reversed and which renders the parent unable to knowingly provide the child the necessary care, custody and control;
- (7) A parent who has for a period of at least six months, for a child one year of age or older, or at least sixty days, for a child under one year of age, immediately prior to the filing of the petition for adoption, willfully abandoned the child or, for a period of at least six months immediately prior to the filing of the petition for adoption, willfully, substantially and continuously neglected to provide him with necessary care and protection;
- (8) **A man who is on notice that he may be the biological father of a child under section 453.061 but who has not developed a consistent and substantial relationship with his child under section 453.045 and whose consent is not required under section 453.030 or not required or is waived under subsection 7 of section 192.016;**
- (9) A parent whose rights to the child may be terminated for any of the grounds set forth in section 211.447 and whose rights have been terminated after hearing and proof of such grounds as required by sections 211.442 to 211.487. Such petition for termination may be filed as a count in an adoption petition.

453.045. 1. A man whose consent to adoption is waived or not required under sections 192.016, 453.030, or 453.040 nonetheless preserves his rights to intervene in an action for termination of parental rights or in an action for adoption or to file a paternity action for a child after a petition for either adoption or termination of parental rights has been filed with the court, where he can prove that he has previously developed a consistent and substantial relationship with the child commensurate with his means and abilities, including but not limited to, by providing his share of consistent prenatal financial support and consistent prenatal and natal medical care for the mother and baby, consistent child support payments commensurate with his ability to pay, consistent contact and visitation with the child, and assistance with educational and medical care of the child, unless he can prove that he was actively thwarted from doing so by the mother, or other actual or legal custodian.

2. Failure to develop such relationship pursuant to subsection 1 of this section waives such man's rights to intervene in an action for termination of parental rights or in an action for adoption or to file a paternity action for a child after a petition for either adoption or termination of parental rights has been filed with the court.

453.080. 1. The court shall conduct a hearing to determine whether the adoption shall be finalized. **Out of state adoptive petitioners may appear by their attorney and by video conference rather than in person, as long as the child also appears by video conference or in person.** During such hearing, the court shall ascertain whether:

- (1) The person sought to be adopted, if a child, has been in the lawful and actual custody of the petitioner for a period of at least six months prior to entry of the adoption decree; except that the six-month period may be waived if the person sought to be adopted is a child who is under the prior and continuing jurisdiction of a court pursuant to chapter 211 and the person desiring to adopt the child is the child's current foster parent. "Lawful and actual custody" shall include a transfer of custody pursuant to the laws of this state, another state, a territory of the United States, or another country;
- (2) The court has received and reviewed a postplacement assessment on the monthly contacts with the adoptive family pursuant to section 453.077, except for good cause shown in the case of a child adopted from a foreign country;
- (3) The court has received and reviewed an updated financial affidavit;
- (4) The court has received the recommendations of the guardian ad litem and has received and reviewed the recommendations of the person placing the child, the person making the assessment and the person making the postplacement assessment;
- (5) [There is compliance with the uniform child custody jurisdiction act, sections 452.440 to 452.550;

(6)] There is compliance with the Indian Child Welfare Act, if applicable;

[(7)] (6) There is compliance with the Interstate Compact on the Placement of Children pursuant to section 210.620; and

[(8)] (7) It is fit and proper that such adoption should be made.

2. If a petition for adoption has been filed pursuant to section 453.010 and a transfer of custody has occurred pursuant to section 453.110, the court may authorize the filing for finalization in another state if the adoptive parents are domiciled in that state.

3. If the court determines the adoption should be finalized, a [decree] **judgment** shall be issued setting forth the facts and ordering that from the date of the [decree] **judgment** the adoptee shall be for all legal intents and purposes the child of the petitioner or petitioners. The court may decree that the name of the person sought to be adopted be changed, according to the prayer of the petition.

4. Before the completion of an adoption, the exchange of information among the parties shall be at the discretion of the parties. **Prospective adoptive parents and parents of a prospective adoptee may enter into a post adoption contact agreement to allow communication, exchange of photographs or contact after the adoption between the parents, siblings, or other relatives of the adoptee and the adoptee and adoptive parents. The court shall not order any party to enter into a post adoption contact agreement.** Upon completion of an adoption, further contact among the parties shall be at the discretion of the adoptive parents, **and such adoptive parents may exercise their discretion to enter into a post adoption contact agreement with the former parents of an adoptee to allow contact between a former parent or sibling of the adoptee and the adoptee or adoptive parents. The agreement shall be in writing and be approved by the court at or before the finalization of the adoption. The agreement shall include:**

(1) **An acknowledgment by the former parents that the adoption is irrevocable, even if the adoptive parents do not abide by the post adoption contact agreement; and**

(2) **An acknowledgment by the adoptive parents that the agreement grants the former parents the right to seek to enforce the post adoption privileges set forth in the agreement.**

The court shall not approve an agreement unless the agreement is approved by the adoptive parents with whom the agreement is being made. The court shall enforce a written agreement made in accordance with this subsection unless enforcement is not within the best interests of the adoptee. The court shall not have jurisdiction to deny continuing contact between the adopted person and the birth parent, or an adoptive parent and a birth parent. Additionally, the court shall not have jurisdiction to deny an exchange of identifying information between an adoptive parent and a birth parent.

5. For purposes of this section, “post adoption contact agreement”, shall mean a written agreement approved by the court pursuant to the provisions listed under subsection 4 of this section.

453.110. 1. No person, agency, organization or institution shall surrender custody of a minor child, or transfer the custody of such a child to another, and no person, agency, organization or institution shall take possession or charge of a minor child so transferred, without first having filed a petition before the circuit court sitting as a juvenile court of the county where the child may be, praying that such surrender or transfer may be made, and having obtained such an order from such court approving or ordering transfer of custody. **Where filing such petition is impractical prior to lawful placement for care pursuant to subsection 5 of this section, such petition shall be filed within twenty days of execution of proper power of attorney or when the Interstate Compact for Placement of Children approval under section 210.620 is obtained, whichever is later.**

2. If any **filing is made late or** such surrender or transfer is made without first obtaining such an order **or compliance with subsection 5 of this section**, such court shall, on petition of any public official or interested person, agency, organization or institution, order an investigation and report as described in section 453.070 to be completed by the division of family services and shall make such order as to the custody of such child in the best interest of such child.

3. Any person violating the terms of this section shall be guilty of a class D felony.

4. The investigation required by subsection 2 of this section shall be initiated by the **children's** division [of family services] within forty-eight hours of the filing of the court order requesting the investigation and report and shall be completed within thirty days. The court shall order the person having custody in violation of the provisions of this section to pay the costs of the investigation and report.

5. This section shall not be construed to prohibit any parent, agency, organization or institution from placing a child with another individual for care **under proper power of attorney** if the right to supervise the care of the child

and to resume custody thereof is retained, or from placing a child with a licensed foster home within the state **under proper power of attorney** through a child-placing agency licensed by this state as part of a preadoption placement.

6. After the filing of a petition for the transfer of custody for the purpose of adoption, the court may enter an order of transfer of custody if the court finds all of the following:

- (1) A family assessment has been made as required in section 453.070 and has been reviewed by the court;
- (2) A recommendation has been made by the guardian ad litem;
- (3) A petition for transfer of custody for adoption has been properly filed or an order terminating parental rights has been properly filed;
- (4) The financial affidavit has been filed as required under section 453.075;
- (5) The written report regarding the child who is the subject of the petition containing the information has been submitted as required by section 453.026;

- (8) The parties have notified the court of any persons not a party to the adoption who have physical custody or claims to have rights of legal custody, physical custody, or visitation rights with respect to minor child; of any other legal proceedings concerning the minor child; and have affirmed a continuing duty to inform the court of any proceeding in this or any other state that could affect the current proceeding.**

7. A hearing on the transfer of custody for the purpose of adoption is not required if:

- (1) The conditions set forth in subsection 6 of this section are met;
- (2) The parties agree and the court grants leave; and
- (3) Parental rights have been terminated pursuant to section 211.444 or 211.447."; and

2. Child abuse medical resource centers may collaborate directly or through the use of technology with SAFE CARE providers to promote improved services to children who are suspected victims of abuse that will need to have a forensic medical evaluation conducted by providing specialized training for forensic medical evaluations for children conducted in a hospital, child advocacy center, or by a private health care professional without the need for a collaborative agreement between the child abuse medical resource center and a SAFE CARE provider.

3. AMEND Senate Substitute for Senate Committee Substitute House Committee Substitute for House Bill No. 1231, Page 27, Section 452.556, Line 4 of said page, by inserting after all of said line the following:

"454.500. 1. At any time after the entry of an order pursuant to sections 454.470 and 454.475, the obligated parent, the division, or the person or agency having custody of the dependent child may file a motion for modification with the director. Such motion shall be in writing, shall set forth the reasons for modification, and shall state the address of the moving party. The motion shall be served by the moving party in the manner provided for in subsection 5 of section 454.465 upon the obligated parent or the party holding the support rights, as appropriate. In addition, if the support rights are held by the division of family services on behalf of the state, a true copy of the motion shall be mailed by the moving party by certified mail to the person having custody of the dependent child at the last known address of that person. A hearing on the motion shall then be provided in the same manner, and determinations shall be based on considerations set out in section 454.475, unless the party served fails to respond within thirty days, in which case the director may enter an order by default. If the child for whom the order applies is no longer in the custody of a person receiving public assistance or receiving support enforcement services from the department, or a division thereof, pursuant to section 454.425, the director may certify the matter for hearing to the circuit court in which the order was filed pursuant to section 454.490 in lieu of holding a hearing pursuant to section 454.475. If the director certifies the matter for hearing to the circuit court, service of the motion to modify shall be had in accordance with the provisions of subsection 5 of section 452.370. If the director does not certify the matter for hearing to the circuit court, service of the motion to modify shall be considered complete upon personal service, or on the date of mailing, if sent by certified mail.

For the purpose of 42 U.S.C. 666(a)(9)(C), the director shall be considered the appropriate agent to receive the notice of the motion to modify for the obligee or the obligor, but only in those instances in which the matter is not certified to circuit court for hearing, and only when service of the motion is attempted on the obligee or obligor by certified mail.

2. A motion for modification made pursuant to this section shall not stay the director from enforcing and collecting upon the existing order pending the modification proceeding unless so ordered by the court.

3. Only payments accruing subsequent to the service of the motion for modification upon all named parties to the motion may be modified. Modification may be granted only upon a showing of a change of circumstances so substantial and continuing as to make the terms unreasonable. In a proceeding for modification of any child support award, the director, in determining whether or not a substantial change in circumstances has occurred, shall consider all financial resources of both parties, including the extent to which the reasonable expenses of either party are, or should be, shared by a spouse or other person with whom he or she cohabits, and the earning capacity of a party who is not employed. If the application of the guidelines and criteria set forth in supreme court rule 88.01 to the financial circumstances of the parties would result in a change of child support from the existing amount by twenty percent or more, then a prima facie showing has been made of a change of circumstances so substantial and continuing as to make the present terms unreasonable.

4. **If the division has entered an order under section 454.470 or 454.500, and an additional child or children not the subject of the order are born to the parties, the division may, following the filing of a motion to modify, service of process, and opportunity for a hearing pursuant to this section, modify the underlying child support order to include a single child support obligation for all children of the parties in conformity with the criteria set forth in supreme court rule 88.01.**

5. The circuit court may, upon such terms as may be just, relieve a parent from an administrative order entered against that parent because of mistake, inadvertence, surprise, or excusable neglect.

[5.] 6. No order entered pursuant to section 454.476 shall be modifiable pursuant to this section, except that an order entered pursuant to section 454.476 shall be amended by the director to conform with any modification made by the court that entered the court order upon which the director based his or her order.

[6.] 7. When the party seeking modifications has met the burden of proof set forth in subsection 3 of this section, then the child support shall be determined in conformity with the criteria set forth in supreme court rule 88.01.

[7.] 8. The last four digits of the Social Security number of the parents shall be recorded on any order entered pursuant to this section. The full Social Security number of each party and each child shall be retained in the manner required by section 509.520."; and

Further amend the title and enacting clause accordingly.

In which the concurrence of the House is respectfully requested.

AMEND Senate Committee Substitute for House Committee Substitute for House Bill No. 2141, Page 6, Section 142.869, Line 41, by inserting after all of said line the following:

"305.230. 1. The state highways and transportation commission shall administer an aeronautics program within this state. The commission shall encourage, foster and participate with the political subdivisions of this state in the promotion and development of aeronautics. The commission may provide financial assistance in the form of grants from funds appropriated for such purpose to any political subdivision or instrumentality of this state acting independently or jointly or to the owner or owners of any privately owned airport designated as a reliever by the Federal Aviation Administration for the planning, acquisition, construction, improvement or maintenance of airports, or for other aeronautical purposes.

2. Any political subdivision or instrumentality of this state or the owner or owners of any privately owned airport designated as a reliever by the Federal Aviation Administration receiving state funds for the purchase, construction, or improvement, except maintenance, of an airport shall agree before any funds are paid to it to control by ownership or lease the airport for a period equal to the useful life of the project as determined by the commission following the last payment of state or federal funds to it. In the event an airport authority ceases to exist for any reason, this obligation shall be carried out by the governing body which created the authority.

3. Unless otherwise provided, grants to political subdivisions, instrumentalities or to the owner or owners of any privately owned airport designated as a reliever by the Federal Aviation Administration shall be made from the aviation trust fund. In making grants, the commission shall consider whether the local community has given financial support to the airport in the past. Priority shall be given to airports with local funding for the past five years with no reduction in such funding. The aviation trust fund is a revolving trust fund exempt from the provisions of section 33.080 relating to the transfer of funds to the general revenue funds of the state by the state treasurer. All interest earned upon the balance in the aviation trust fund shall be deposited to the credit of the same fund.

4. The moneys in the aviation trust fund shall be administered by the commission and, when appropriated, shall be used for the following purposes:

(1) As matching funds on an up to ninety percent state/ten percent local basis, except in the case where federal funds are being matched, when the ratio of state and local funds used to match the federal funds shall be fifty percent state/fifty percent local:

(a) For preventive maintenance of runways, taxiways and aircraft parking areas, and for emergency repairs of the same;

(b) For the acquisition of land for the development and improvement of airports;

(c) For the earthwork and drainage necessary for the construction, reconstruction or repair of runways, taxiways, and aircraft parking areas;

(d) For the construction, or restoration of runways, taxiways, or aircraft parking areas;

(e) For the acquisition of land or easements necessary to satisfy Federal Aviation Administration safety requirements;

(f) For the identification, marking or removal of natural or manmade obstructions to airport control zone surfaces and safety areas;

(g) For the installation of runway, taxiway, boundary, ramp, or obstruction lights, together with any work directly related to the electrical equipment;

(h) For the erection of fencing on or around the perimeter of an airport;

(i) For purchase, installation or repair of air navigational and landing aid facilities and communication equipment;

(j) For engineering related to a project funded under the provisions of this section and technical studies or consultation related to aeronautics;

(k) For airport planning projects including master plans and site selection for development of new airports, for updating or establishing master plans [and], airport layout plans, **airport business plans, and strategic plans** at existing airports;

(l) For the purchase, installation, or repair of safety equipment and such other capital improvements and equipment as may be required for the safe and efficient operation of the airport;

(m) If at least [six] **four million five hundred thousand** dollars is deposited into the aviation trust fund in the previous calendar year, [up to two million dollars may be expended annually upon] **funds may be spent for** the study or promotion of expanded domestic or international scheduled commercial service, the study or promotion of intrastate scheduled commercial service, **the promotion of aviation in the state**, or to assist airport sponsors participating in a federally funded air service program supporting intrastate scheduled commercial service, **subject to the following provisions:**

a. No more than two million dollars may be spent from the aviation trust fund for the purposes provided in this paragraph in any calendar year; and

b. The commission shall be required to expend at least four million dollars of the annual, calendar year deposits into the aviation trust fund for purposes other than the purposes described in this paragraph;

(2) As total funds, with no local match:

(a) For providing air markers, windsocks, and other items determined to be in the interest of the safety of the general flying public;

(b) For the printing and distribution of state aeronautical charts and state airport directories on an annual basis, and a newsletter on a quarterly basis or the publishing and distribution of any public interest information deemed necessary by the commission;

(c) For the conducting of aviation safety workshops;

(d) For the promotion of aerospace education;

(3) As total funds with no local match, up to five hundred thousand dollars per year may be used for the cost of operating existing air traffic control towers that do not receive funding from the Federal Aviation Administration or the United States Department of Defense, except no more than one hundred sixty-seven thousand dollars per year may be used for any individual control tower;

(4) As total funds with a local match, up to five hundred thousand dollars per year may be used for air traffic control towers partially funded by the federal government under a cost-share program. Any expenditures under this program require a nonfederal match, comprised of a ratio of fifty percent state and fifty percent local funds. No more than one hundred thousand dollars per year may be expended for any individual control tower.

5. In the event of a natural or manmade disaster which closes any runway or renders inoperative any electronic or visual landing aid at an airport, any funds appropriated for the purpose of capital improvements or maintenance of airports may be made immediately available for necessary repairs once they are approved by the commission. For projects designated as emergencies by the commission, all requirements relating to normal procurement of engineering and construction services are waived.

6. As used in this section, the term "instrumentality of the state" shall mean any state educational institution as defined in section 176.010 or any state agency which owned or operated an airport on January 1, 1997, and continues to own or operate such airport."; and

Further amend the title and enacting clause accordingly.

In which the concurrence of the House is respectfully requested.

"210.027. For child-care providers who receive state or federal funds for providing child-care [services in the home] **fee assistance**, either by direct payment or through reimbursement to a child-care beneficiary, the department of social services shall:

(1) **Establish publicly available website access to provider-specific information about any health and safety licensing or regulatory requirements for the providers, and including dates of inspections, history of violations, and compliance actions taken, as well as the consumer education information required under subdivision (12) of this section;**

(2) **Establish or designate one hotline for parents to submit complaints about child care providers;**

(a) **Compliance with state and local fire, health, and building codes, which shall include the ability to evacuate children in the case of an emergency; and**

(b) **Emergency preparedness and response planning.**

Child care providers shall meet these minimum requirements prior to receiving federal assistance. Where there are no local ordinances or regulations regarding smoke detectors, **the department shall** require providers, by rule, to install and maintain an adequate number of smoke detectors in the residence **or other building** where child care is provided;

[(4)] (6) **Require providers to be tested for tuberculosis on the schedule required for employees in licensed facilities;**

The system shall describe the standards used to assess the quality of child care providers and the measurement approaches for such assessment. The system shall indicate whether the provider meets Missouri's registration or licensing standards, is in compliance with applicable health and safety requirements, and the nature of any violations related to registration or licensing requirements. The system shall also indicate if the provider utilizes nationally-recognized curricula and if the provider is in compliance with staff**

Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void. The department of health and senior services shall promulgate rules regarding contract procedures and the documentation of care provided under paragraphs (b), (c), (d), (e), and (f) of subdivision (3) of subsection 2 of this section. The limitation on payments from the state legal expense fund or any policy of insurance procured pursuant to the provisions of section 105.721, provided in subsection 7 of this section, shall not apply to any claim or judgment arising under paragraph (a), (b), (c), (d), (e), or (f) of subdivision (3) of subsection 2 of this section. Any claim or judgment arising under paragraph (a), (b), (c), (d), (e), or (f) of subdivision (3) of subsection 2 of this section shall be paid by the state legal expense fund or any policy of insurance procured pursuant to section 105.721, to the extent damages are allowed under sections 538.205 to 538.235. 4. The attorney general shall promulgate rules regarding contract procedures and the documentation of legal practice provided under subdivision (5) of subsection 2 of this section. The limitation on payments from the state legal expense fund or any policy of insurance procured pursuant to section 105.721 as provided in subsection 7 of this section shall not apply to any claim or judgment arising under subdivision (5) of subsection 2 of this section. Any claim or judgment arising under subdivision (5) of subsection 2 of this section shall be paid by the state legal expense fund or any policy of insurance procured pursuant to section 105.721 to the extent damages are allowed under sections 538.205 to 538.235. Even if subdivision (5) of subsection 2 of this section is repealed or amended, the state legal expense fund shall be available for damages that occur while the pertinent subdivision (5) of subsection 2 of this section is in effect.

5. All payments shall be made from the state legal expense fund by the commissioner of administration with the approval of the attorney general. Payment from the state legal expense fund of a claim or final judgment award against a health care professional licensed or registered under chapter 330, 331, 332, 334, 335, 336, 337, or 338, described in paragraph (a), (b), (c), (d), (e), or (f) of subdivision (3) of subsection 2 of this section, or against an attorney in subdivision (5) of subsection 2 of this section, shall only be made for services rendered in accordance with the conditions of such paragraphs. In the case of any claim or judgment against an officer or employee of the state or any agency of the state based upon conduct of such officer or employee arising out of and performed in connection with his or her official duties on behalf of the state or any agency of the state that would give rise to a cause of action under section 537.600, the state legal expense fund shall be liable, excluding punitive damages, for:

- (1) Economic damages to any one claimant; and
- (2) Up to three hundred fifty thousand dollars for noneconomic damages.

The state legal expense fund shall be the exclusive remedy and shall preclude any other civil actions or proceedings for money damages arising out of or relating to the same subject matter against the state officer or employee, or the officer's or employee's estate. No officer or employee of the state or any agency of the state shall be individually liable in his or her personal capacity for conduct of such officer or employee arising out of and performed in connection with his or her official duties on behalf of the state or any agency of the state. The provisions of this subsection shall not apply to any defendant who is not an officer or employee of the state or any agency of the state in any proceeding against an officer or employee of the state or any agency of the state. Nothing in this subsection shall limit the rights and remedies otherwise available to a claimant under state law or common law in proceedings where one or more defendants is not an officer or employee of the state or any agency of the state.

6. The limitation on awards for noneconomic damages provided for in this subsection shall be increased or decreased on an annual basis effective January first of each year in accordance with the Implicit Price Deflator for Personal Consumption Expenditures as published by the Bureau of Economic Analysis of the United States Department of Commerce. The current value of the limitation shall be calculated by the director of the department of insurance, financial institutions and professional registration, who shall furnish that value to the secretary of state, who shall publish such value in the Missouri Register as soon after each January first as practicable, but it shall otherwise be exempt from the provisions of section 536.021.

7. Except as provided in subsection 3 of this section, in the case of any claim or judgment that arises under sections 537.600 and 537.610 against the state of Missouri, or an agency of the state, the aggregate of payments from the state legal expense fund and from any policy of insurance procured pursuant to the provisions of section 105.721 shall not exceed the limits of liability as provided in sections 537.600 to 537.610. No payment shall be made from the state legal expense fund or any policy of insurance procured with state funds pursuant to section 105.721 unless and until the benefits provided to pay the claim by any other policy of liability insurance have been exhausted.

8. The provisions of section 33.080 notwithstanding, any moneys remaining to the credit of the state legal expense fund at the end of an appropriation period shall not be transferred to general revenue.

9. Any rule or portion of a rule, as that term is defined in section 536.010, that is promulgated under the authority delegated in sections 105.711 to 105.726 shall become effective only if it has been promulgated pursuant to the provisions of chapter 536. Nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to August 28, 1999, if it fully complied with the provisions of chapter 536. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 1999, shall be invalid and void."; and

"301.067. 1. For each trailer or semitrailer there shall be paid an annual fee of seven dollars fifty cents, and in addition thereto such permit fee authorized by law against trailers used in combination with tractors operated under the supervision of the motor carrier and railroad safety division of the department of economic development. The fees

for tractors used in any combination with trailers or semitrailers or both trailers and semitrailers (other than on passenger-carrying trailers or semitrailers) shall be computed on the total gross weight of the vehicles in the combination with load.

2. Any trailer or semitrailer may at the option of the registrant be registered for a period of three years upon payment of a registration fee of twenty-two dollars and fifty cents.

3. Any trailer as defined in section 301.010 or semitrailer [which is operated coupled to a towing vehicle by a fifth wheel and kingpin assembly or by a trailer converter dolly] may, at the option of the registrant, be registered permanently upon the payment of a registration fee of fifty-two dollars and fifty cents. The permanent plate and registration fee is vehicle specific. The plate and the registration fee paid is nontransferable and nonrefundable, except those covered under the provisions of section 301.442.

301.227. 1. Whenever a vehicle is sold for salvage, dismantling or rebuilding, the purchaser shall forward to the director of revenue within ten days the certificate of ownership or salvage certificate of title and the proper application and fee of eight dollars and fifty cents, and the director shall issue a negotiable salvage certificate of title to the purchaser of the salvaged vehicle. On vehicles purchased during a year that is no more than six years after the manufacturer's model year designation for such vehicle, it shall be mandatory that the purchaser apply for a salvage title. On vehicles purchased during a year that is more than six years after the manufacturer's model year designation for such vehicle, then application for a salvage title shall be optional on the part of the purchaser. Whenever a vehicle is sold for destruction and a salvage certificate of title, junking certificate, or certificate of ownership exists, the seller, if licensed under sections 301.217 to 301.221, shall forward the certificate to the director of revenue within ten days, with the notation of the date sold for destruction and the name of the purchaser clearly shown on the face of the certificate.

2. Whenever a vehicle is classified as "junk", as defined in section 301.010, the purchaser may forward to the director of revenue the salvage certificate of title or certificate of ownership and the director shall issue a negotiable junking certificate [to the purchaser of the vehicle] **which shall authorize the holder to possess, transport, or, by assignment, transfer ownership in such parts, scrap, or junk.** The director may also issue a junking certificate to a possessor of a vehicle manufactured twenty-six years or more prior to the current model year who has a bill of sale for said vehicle but does not possess a certificate of ownership, provided no claim of theft has been made on the vehicle and the highway patrol has by letter stated the vehicle is not listed as stolen after checking the registration number through its nationwide computer system. Such certificate may be granted within thirty days of the submission of a request.

3. [Upon receipt of a properly completed application for a junking certificate, the director of revenue shall issue to the applicant a junking certificate which shall authorize the holder to possess, transport, or, by assignment, transfer ownership in such parts, scrap or junk, and a certificate of title shall not again be issued for such vehicle; except that, the initial purchaser] **Notwithstanding any other provision of law, for any vehicle with a junk or substantially equivalent designation, whether so designated in Missouri or any other state, regardless of whether such designation has been subsequently changed erroneously or by law in this or any other state, the department shall only issue a junking certificate, and a salvage or original certificate of title shall not thereafter be issued for such vehicle. If the vehicle has not previously been designated as junk or any other substantially equivalent designation from this state or any other state, the applicant making the original junking certification application shall, within ninety days, be allowed to rescind [his] the application for a junking certificate by surrendering the junking certificate and apply for a salvage certificate of title in [his] the applicant's name.** The seller of a vehicle for which a junking certificate has been applied for or issued shall disclose such fact in writing to any prospective buyers before sale of such vehicle; otherwise the sale shall be voidable at the option of the buyer.

4. No scrap metal operator shall acquire or purchase a motor vehicle or parts thereof without, at the time of such acquisition, receiving the original certificate of title or salvage certificate of title or junking certificate from the seller of the vehicle or parts, unless the seller is a licensee under sections 301.219 to 301.221.

5. All titles and certificates required to be received by scrap metal operators from nonlicensees shall be forwarded by the operator to the director of revenue within ten days of the receipt of the vehicle or parts.

6. The scrap metal operator shall keep a record, for three years, of the seller's name and address, the salvage business license number of the licensee, date of purchase, and any vehicle or parts identification numbers open for inspection as provided in section 301.225.

7. Notwithstanding any other provision of this section, a motor vehicle dealer as defined in section 301.550 and licensed under the provisions of sections 301.550 to 301.572 may negotiate one reassignment of a salvage certificate of title on the back thereof.

8. Notwithstanding the provisions of subsection 1 of this section, an insurance company which settles a claim for a stolen vehicle may apply for and shall be issued a negotiable salvage certificate of title without the payment of any fee upon proper application within thirty days after settlement of the claim for such stolen vehicle. However, if the insurance company upon recovery of a stolen vehicle determines that the stolen vehicle has not sustained damage to the extent that the vehicle would have otherwise been declared a salvage vehicle pursuant to subdivision (51) of section 301.010, then the insurance company may have the vehicle inspected by the Missouri state highway patrol, or other law enforcement agency authorized by the director of revenue, in accordance with the inspection provisions of subsection 9 of section 301.190. Upon receipt of title application, applicable fee, the completed inspection, and the return of any previously issued negotiable salvage certificate, the director shall issue an original title with no salvage or prior salvage designation. Upon the issuance of an original title the director shall remove any indication of the negotiable salvage title previously issued to the insurance company from the department's electronic records.

[9. Notwithstanding subsection 4 of this section or any other provision of the law to the contrary, if a motor vehicle is inoperable and is at least ten model years old, or the parts are from a motor vehicle that is inoperable and is at least ten model years old, a scrap metal operator may purchase or acquire such motor vehicle or parts without receiving the original certificate of title, salvage certificate of title, or junking certificate from the seller of the vehicle or parts, provided the scrap metal operator verifies with the department of revenue, via the department's online record access, that the motor vehicle is not subject to any recorded security interest or lien and the scrap metal operator complies with the requirements of this subsection. In lieu of forwarding certificates of titles for such motor vehicles as required by subsection 5 of this section, the scrap metal operator shall forward a copy of the seller's state identification along with a bill of sale to the department of revenue. The bill of sale form shall be designed by the director and such form shall include, but not be limited to, a certification that the motor vehicle is at least ten model years old, is inoperable, is not subject to any recorded security interest or lien, and a certification by the seller that the seller has the legal authority to sell or otherwise transfer the seller's interest in the motor vehicle or parts. Upon receipt of the information required by this subsection, the department of revenue shall cancel any certificate of title and registration for the motor vehicle. If the motor vehicle is inoperable and at least twenty model years old, then the scrap metal operator shall not be required to verify with the department of revenue whether the motor vehicle is subject to any recorded security interests or liens. As used in this subsection, the term "inoperable" means a motor vehicle that is in a rusted, wrecked, discarded, worn out, extensively damaged, dismantled, and mechanically inoperative condition and the vehicle's highest and best use is for scrap purposes. The director of the department of revenue is directed to promulgate rules and regulations to implement and administer the provisions of this section, including but not limited to, the development of a uniform bill of sale. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.]"; and

Speaker Jones declared the bill passed.

HCS SS#2 SB 754, relating to health care, was taken up by Representative Flanigan.

Representative Allen offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Substitute No. 2 for Senate Bill No. 754, Page 5, Section 196.990, Line 90, by inserting after all of said section and line the following:

"208.631. 1. Notwithstanding any other provision of law to the contrary, the MO HealthNet division shall establish a program to pay for health care for uninsured children. Coverage pursuant to sections 208.631 to [208.659] **208.658** is subject to appropriation. The provisions of sections 208.631 to [208.569] **208.658**, health care for uninsured children, shall be void and of no effect if there are no funds of the United States appropriated by Congress to be provided to the state on the basis of a state plan approved by the federal government under the federal Social Security Act. If funds are appropriated by the United States Congress, the department of social services is authorized to manage the state children's health insurance program (SCHIP) allotment in order to ensure that the state receives maximum federal financial participation. Children in households with incomes up to one hundred fifty percent of the federal poverty level may meet all Title XIX program guidelines as required by the Centers for Medicare and Medicaid Services. Children in households with incomes of one hundred fifty percent to three hundred percent of the federal poverty level shall continue to be eligible as they were and receive services as they did on June 30, 2007, unless changed by the Missouri general assembly.

2. For the purposes of sections 208.631 to [208.659] **208.658**, "children" are persons up to nineteen years of age. "Uninsured children" are persons up to nineteen years of age who are emancipated and do not have access to affordable employer-subsidized health care insurance or other health care coverage or persons whose parent or guardian have not had access to affordable employer-subsidized health care insurance or other health care coverage for their children [for six months] prior to application, are residents of the state of Missouri, and have parents or guardians who meet the requirements in section 208.636. A child who is eligible for MO HealthNet benefits as authorized in section 208.151 is not uninsured for the purposes of sections 208.631 to [208.659] **208.658**.

208.636. Parents and guardians of uninsured children eligible for the program established in sections 208.631 to [208.657] **208.658** shall:

(1) Furnish to the department of social services the uninsured child's Social Security number or numbers, if the uninsured child has more than one such number;

(2) Cooperate with the department of social services in identifying and providing information to assist the state in pursuing any third-party insurance carrier who may be liable to pay for health care;

(3) Cooperate with the department of social services, division of child support enforcement in establishing paternity and in obtaining support payments, including medical support; **and**

(4) Demonstrate upon request their child's participation in wellness programs including immunizations and a periodic physical examination. This subdivision shall not apply to any child whose parent or legal guardian objects in writing to such wellness programs including immunizations and an annual physical examination because of religious beliefs or medical contraindications]; and

(5) Demonstrate annually that their total net worth does not exceed two hundred fifty thousand dollars in total value].

208.640. 1. Parents and guardians of uninsured children with incomes of more than one hundred fifty but less than three hundred percent of the federal poverty level who do not have access to affordable employer-sponsored health care insurance or other affordable health care coverage may obtain coverage for their children under this section. Health insurance plans that do not cover an eligible child's preexisting condition shall not be considered affordable employer-sponsored health care insurance or other affordable health care coverage. For the purposes of sections 208.631 to [208.659] **208.658**, "affordable employer-sponsored health care insurance or other affordable health care coverage" refers to health insurance requiring a monthly premium of:

(1) Three percent of one hundred fifty percent of the federal poverty level for a family of three for families with a gross income of more than one hundred fifty and up to one hundred eighty-five percent of the federal poverty level for a family of three;

(2) Four percent of one hundred eighty-five percent of the federal poverty level for a family of three for a family with a gross income of more than one hundred eighty-five and up to two hundred twenty-five percent of the federal poverty level;

(3) Five percent of two hundred twenty-five percent of the federal poverty level for a family of three for a family with a gross income of more than two hundred twenty-five but less than three hundred percent of the federal poverty level.

The parents and guardians of eligible uninsured children pursuant to this section are responsible for a monthly premium as required by annual state appropriation; provided that the total aggregate cost sharing for a family covered by these sections shall not exceed five percent of such family's income for the years involved. No co-payments or other cost sharing is permitted with respect to benefits for well-baby and well-child care including age-appropriate immunizations. Cost-sharing provisions for their children under sections 208.631 to [208.659] **208.658** shall not exceed the limits established by 42 U.S.C. Section 1397cc(e). If a child has exceeded the annual coverage limits for all health care services, the child is not considered insured and does not have access to affordable health insurance within the meaning of this section.

2. The department of social services shall study the expansion of a presumptive eligibility process for children for medical assistance benefits.

208.643. 1. The department of social services shall implement policies establishing a program to pay for health care for uninsured children by rules promulgated pursuant to chapter 536, either statewide or in certain geographic areas, subject to obtaining necessary federal approval and appropriation authority. The rules may provide for a health care services package that includes all medical services covered by section 208.152, except nonemergency transportation.

2. Available income shall be determined by the department of social services by rule, which shall comply with federal laws and regulations relating to the state's eligibility to receive federal funds to implement the insurance program established in sections 208.631 to [208.657] **208.658**.

208.646. There shall be a thirty-day waiting period after enrollment for uninsured children in families with an income of more than two hundred twenty-five percent of the federal poverty level before the child becomes eligible for insurance under the provisions of sections 208.631 to [208.660] **208.658**. If the parent or guardian with an income of more than two hundred twenty-five percent of the federal poverty level fails to meet the co-payment or premium requirements, the child shall not be eligible for coverage under sections 208.631 to [208.660] **208.658** for [six months] **ninety days** after the department provides notice of such failure to the parent or guardian."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Allen, **House Amendment No. 1** was adopted.

Representative Frederick offered **House Amendment No. 2.**

4. A practitioner shall not accept any portion of a controlled substance unused by a patient, for any reason, if such practitioner did not originally dispense the drug.

5. An individual practitioner shall not prescribe or dispense a controlled substance for such practitioner's personal use except in a medical emergency."; and

Further amend said bill, Page 5, Section 208.798, Line 2, by inserting after all of said line the following:

"334.035. **Except as otherwise provided in section 334.036**, every applicant for a permanent license as a physician and surgeon shall provide the board with satisfactory evidence of having successfully completed such postgraduate training in hospitals or medical or osteopathic colleges as the board may prescribe by rule.

(c) Has not completed an approved postgraduate residency and has successfully completed Step 2 of the United States Medical Licensing Examination or the equivalent of such step of any other board-approved medical licensing examination within the immediately preceding two-year period unless when such two-year anniversary occurs he or she was serving as a resident physician in an accredited residency in the United States and continued to do so within thirty days prior to application for licensure as an assistant physician; and

(b) No supervision requirements in addition to the minimum federal law shall be required.

3. (1) For purposes of this section, the licensure of assistant physicians shall take place within processes established by rules of the state board of registration for the healing arts. The board of healing arts is authorized to establish rules under chapter 536 establishing licensure and renewal procedures, supervision, collaborative practice arrangements, fees, and addressing such other matters as are necessary to protect the public and discipline the profession. An application for licensure may be denied or the licensure of an assistant physician may be suspended or revoked by the board in the same manner and for violation of the standards as set forth by section 334.100, or such other standards of conduct set by the board by rule.

(2) Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void.

Any renewal of licensure under this section shall include verification of actual practice under a collaborative practice arrangement in accordance with this subsection during the immediately preceding licensure period.

334.037. 1. A physician may enter into collaborative practice arrangements with assistant physicians. Collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols, or standing orders for the delivery of health care services. Collaborative practice arrangements, which shall be in writing, may delegate to an assistant physician the authority to administer or dispense drugs and provide treatment as long as the delivery of such health care services is within the scope of practice of the assistant physician and is consistent with that assistant physician's skill, training, and competence and the skill and training of the collaborating physician.

2. The written collaborative practice arrangement shall contain at least the following provisions:

(b) Maintain geographic proximity; except, the collaborative practice arrangement may allow for geographic proximity to be waived for a maximum of twenty-eight days per calendar year for rural health clinics as defined by P.L. 95-210, as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. Such exception to geographic proximity shall apply only to independent

rural health clinics, provider-based rural health clinics if the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics if the main location of the hospital sponsor is greater than fifty miles from the clinic. The collaborating physician shall maintain documentation related to such requirement and present it to the state board of registration for the healing arts when requested; and

(c) Provide coverage during absence, incapacity, infirmity, or emergency by the collaborating physician;

(6) A description of the assistant physician's controlled substance prescriptive authority in collaboration with the physician, including a list of the controlled substances the physician authorizes the assistant physician to prescribe and documentation that it is consistent with each professional's education, knowledge, skill, and competence;

(7) A list of all other written practice agreements of the collaborating physician and the assistant physician;

(8) The duration of the written practice agreement between the collaborating physician and the assistant physician;

(9) A description of the time and manner of the collaborating physician's review of the assistant physician's delivery of health care services. The description shall include provisions that the assistant physician shall submit a minimum of ten percent of the charts documenting the assistant physician's delivery of health care services to the collaborating physician for review by the collaborating physician, or any other physician designated in the collaborative practice arrangement, every fourteen days; and

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the assistant physician prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection.

3. The state board of registration for the healing arts under section 334.125 shall promulgate rules regulating the use of collaborative practice arrangements for assistant physicians. Such rules shall specify:

(1) Geographic areas to be covered;

(2) The methods of treatment that may be covered by collaborative practice arrangements;

(3) In conjunction with deans of medical schools and primary care residency program directors in the state, the development and implementation of educational methods and programs undertaken during the collaborative practice service which shall facilitate the advancement of the assistant physician's medical knowledge and capabilities, and which may lead to credit toward a future residency program for programs that deem such documented educational achievements acceptable; and

(4) The requirements for review of services provided under collaborative practice arrangements, including delegating authority to prescribe controlled substances.

Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. The state board of registration for the healing arts shall promulgate rules applicable to assistant physicians that shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

4. The state board of registration for the healing arts shall not deny, revoke, suspend, or otherwise take disciplinary action against a collaborating physician for health care services delegated to an assistant physician provided the provisions of this section and the rules promulgated thereunder are satisfied.

5. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice arrangement, including collaborative practice arrangements delegating the authority to prescribe controlled substances, and also report to the board the name of each assistant physician with whom the physician has entered into such arrangement. The board may make such information available to the public. The board shall track the reported information and may routinely conduct random reviews of such arrangements to ensure that arrangements are carried out for compliance under this chapter.

6. A collaborating physician shall not enter into a collaborative practice arrangement with more than three full-time equivalent assistant physicians. Such limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

7. The collaborating physician shall determine and document the completion of at least a one-month period of time during which the assistant physician shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. Such limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

8. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

9. No contract or other agreement shall require a physician to act as a collaborating physician for an assistant physician against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular assistant physician. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any assistant physician, but such requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by a hospital's medical staff.

10. No contract or other agreement shall require any assistant physician to serve as a collaborating assistant physician for any collaborating physician against the assistant physician's will. An assistant physician shall have the right to refuse to collaborate, without penalty, with a particular physician.

11. All collaborating physicians and assistant physicians in collaborative practice arrangements shall wear identification badges while acting within the scope of their collaborative practice arrangement. The identification badges shall prominently display the licensure status of such collaborating physicians and assistant physicians.

12. (1) An assistant physician with a certificate of controlled substance prescriptive authority as provided in this section may prescribe any controlled substance listed in schedule III, IV, or V of section 195.017 when delegated the authority to prescribe controlled substances in a collaborative practice arrangement. Such authority shall be filed with the state board of registration for the healing arts. The collaborating physician shall maintain the right to limit a specific scheduled drug or scheduled drug category that the assistant physician is permitted to prescribe. Any limitations shall be listed in the collaborative practice arrangement. Assistant physicians shall not prescribe controlled substances for themselves or members of their families. Schedule III controlled substances shall be limited to a five-day supply without refill. Assistant physicians who are authorized to prescribe controlled substances under this section shall register with the federal Drug Enforcement Administration and the state bureau of narcotics and dangerous drugs, and shall include the Drug Enforcement Administration registration number on prescriptions for controlled substances.

(2) The collaborating physician shall be responsible to determine and document the completion of at least one hundred twenty hours in a four-month period by the assistant physician during which the assistant physician shall practice with the collaborating physician on-site prior to prescribing controlled substances when the collaborating physician is not on-site. Such limitation shall not apply to assistant physicians of population-based public health services as defined in 20 CSR 2150-5.100 as of April 30, 2009.

(3) An assistant physician shall receive a certificate of controlled substance prescriptive authority from the state board of registration for the healing arts upon verification of licensure under section 334.036.

334.735. 1. As used in sections 334.735 to 334.749, the following terms mean:

(5) "License", a document issued to an applicant by the board acknowledging that the applicant is entitled to practice as a physician assistant;

(6) "Physician assistant", a person who has graduated from a physician assistant program accredited by the American Medical Association's Committee on Allied Health Education and Accreditation or by its successor agency, who has passed the certifying examination administered by the National Commission on Certification of Physician Assistants and has active certification by the National Commission on Certification of Physician Assistants who provides health care services delegated by a licensed physician. (8) "Supervision", control exercised over a physician assistant working with a supervising physician and oversight of the activities of and accepting responsibility for the physician assistant's delivery of care. The physician assistant shall only practice at a location where the physician routinely provides patient care, except existing patients of the supervising physician in the patient's home and correctional facilities. The supervising physician must be immediately available in person or via telecommunication during the time the physician assistant is providing patient care. Prior to commencing practice, the supervising physician and physician assistant shall attest on a form provided by the board that the physician shall provide supervision appropriate to the physician assistant's training and that the physician assistant shall not practice beyond the physician assistant's training and experience. Appropriate supervision shall require the supervising physician to be working within the same facility as the physician assistant for at least four hours within one calendar day for every fourteen days on which the physician assistant provides patient care as described in subsection 3 of this section. Only days in which the physician assistant provides patient care as described in subsection 3 of this section shall be counted toward the fourteen-day period. The requirement of appropriate supervision shall be applied so that no more than thirteen calendar days in which a physician assistant provides patient care shall pass between the physician's four hours working within the same facility. The board shall promulgate rules pursuant to chapter 536 for documentation of joint review of the physician assistant activity by the supervising physician and the physician assistant.

2. (1) A supervision agreement shall limit the physician assistant to practice only at locations described in subdivision (8) of subsection 1 of this section, where the supervising physician is no further than fifty miles by road using the most direct route available and where the location is not so situated as to create an impediment to effective intervention and supervision of patient care or adequate review of services.

(2) For a physician-physician assistant team working in a rural health clinic under the federal Rural Health Clinic Services Act, P.L. 95-210, as amended, no supervision requirements in addition to the minimum federal law shall be required.

3. The scope of practice of a physician assistant shall consist only of the following services and procedures:

No physician assistant shall practice or attempt to practice without physician supervision or in any location where the supervising physician is not immediately available for consultation, assistance and intervention, except as otherwise provided in this section, and in an emergency situation, nor shall any physician assistant bill a patient independently or directly for any services or procedure by the physician assistant; **except that, nothing in this subsection shall be construed to prohibit a physician assistant from enrolling with the department of social services as a MO HealthNet provider while acting under a supervision agreement between the physician and physician assistant.**

6. For purposes of this section, the licensing of physician assistants shall take place within processes established by the state board of registration for the healing arts through rule and regulation. All applicants for physician assistant licensure who complete a physician assistant training program after January 1, 2008, shall have a master's degree from a physician assistant program.

7. "Physician assistant supervision agreement" means a written agreement, jointly agreed-upon protocols or standing order between a supervising physician and a physician assistant, which provides for the delegation of health care services from a supervising physician to a physician assistant and the review of such services. The agreement shall contain at least the following provisions:

- (1) Complete names, home and business addresses, zip codes, telephone numbers, and state license numbers of the supervising physician and the physician assistant;
- (2) A list of all offices or locations where the physician routinely provides patient care, and in which of such offices or locations the supervising physician has authorized the physician assistant to practice;
- (3) All specialty or board certifications of the supervising physician;
- (4) The manner of supervision between the supervising physician and the physician assistant, including how the supervising physician and the physician assistant shall:
 - (a) Attest on a form provided by the board that the physician shall provide supervision appropriate to the physician assistant's training and experience and that the physician assistant shall not practice beyond the scope of the physician assistant's training and experience nor the supervising physician's capabilities and training; and
 - (b) Provide coverage during absence, incapacity, infirmity, or emergency by the supervising physician;

House Amendment No. 5

AMEND House Committee Substitute for Senate Substitute No. 2 for Senate Bill No. 754, Page 5, Section 196.990, Line 90, by inserting after all of said section and line the following:

"208.662. 1. There is hereby established within the department of social services the "Show-Me Healthy Babies Program" as a separate children's health insurance program (CHIP) for any low-income unborn child. The program shall be established under the authority of Title XXI of the federal Social Security Act, the State Children's Health Insurance Program, as amended, and 42 CFR 457.1.

2. For an unborn child to be enrolled in the show-me healthy babies program, his or her mother shall not be eligible for coverage under Title XIX of the federal Social Security Act, the Medicaid program, as it is administered by the state, and shall not have access to affordable employer-subsidized health care insurance or other affordable health care coverage that includes coverage for the unborn child. In addition, the unborn child shall be in a family with income eligibility of no more than three hundred percent of the federal poverty level, or the equivalent modified adjusted gross income, unless the income eligibility is set lower by the general assembly through appropriations. In calculating family size as it relates to income eligibility, the family shall include, in addition to other family members, the unborn child, or in the case of a mother with a multiple pregnancy, all unborn children.

3. Coverage for an unborn child enrolled in the show-me healthy babies program shall include all prenatal care and pregnancy-related services that benefit the health of the unborn child and that promote healthy labor, delivery, and birth. Coverage need not include services that are solely for the benefit of the pregnant mother, that are unrelated to maintaining or promoting a healthy pregnancy, and that provide no benefit to the unborn child. However, the department may include pregnancy-related assistance as defined in 42 U.S.C. 1397II.

4. There shall be no waiting period before an unborn child may be enrolled in the show-me healthy babies program. In accordance with the definition of child in 42 CFR 457.10, coverage shall include the period from conception to birth. The department shall develop a presumptive eligibility procedure for enrolling an unborn child. There shall be verification of the pregnancy.

5. Coverage for the child shall continue for up to one year after birth, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations.

6. Pregnancy-related and postpartum coverage for the mother shall begin on the day the pregnancy ends and extend through the last day of the month that includes the sixtieth day after the pregnancy ends, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations. The department may include pregnancy-related assistance as defined in 42 U.S.C. 1397II.

7. The department shall provide coverage for an unborn child enrolled in the show-me healthy babies program in the same manner in which the department provides coverage for the children's health insurance program (CHIP) in the county of the primary residence of the mother.

8. The department shall provide information about the show-me healthy babies program to maternity homes as defined in section 135.600, pregnancy resource centers as defined in section 135.630, and other similar agencies and programs in the state that assist unborn children and their mothers. The department shall consider allowing such agencies and programs to assist in the enrollment of unborn children in the program, and in making determinations about presumptive eligibility and verification of the pregnancy.

9. Within sixty days after the effective date of this section, the department shall submit a state plan amendment or seek any necessary waivers from the federal Department of Health and Human Services requesting approval for the show-me healthy babies program.

10. At least annually, the department shall prepare and submit a report to the governor, the speaker of the house of representatives, and the president pro tempore of the senate analyzing and projecting the cost savings and benefits, if any, to the state, counties, local communities, school districts, law enforcement agencies, correctional centers, health care providers, employers, other public and private entities, and persons by enrolling unborn children in the show-me healthy babies program. The analysis and projection of cost savings and benefits, if any, may include but need not be limited to:

(1) The higher federal matching rate for having an unborn child enrolled in the show-me healthy babies program versus the lower federal matching rate for a pregnant woman being enrolled in MO HealthNet or other federal programs;

(2) The efficacy in providing services to unborn children through managed care organizations, group or individual health insurance providers or premium assistance, or through other nontraditional arrangements of providing health care;

(3) The change in the proportion of unborn children who receive care in the first trimester of pregnancy due to a lack of waiting periods, by allowing presumptive eligibility, or by removal of other barriers, and any resulting or projected decrease in health problems and other problems for unborn children and women throughout pregnancy; at labor, delivery, and birth; and during infancy and childhood;

(4) The change in healthy behaviors by pregnant women, such as the cessation of the use of tobacco, alcohol, illicit drugs, or other harmful practices, and any resulting or projected short-term and long-term decrease in birth defects; poor motor skills; vision, speech, and hearing problems; breathing and respiratory problems; feeding and digestive problems; and other physical, mental, educational, and behavioral problems; and

(5) The change in infant and maternal mortality, pre-term births and low birth weight babies and any resulting or projected decrease in short-term and long-term medical and other interventions.

11. The show-me healthy babies program shall not be deemed an entitlement program, but instead shall be subject to a federal allotment or other federal appropriations and matching state appropriations.

12. Nothing in this section shall be construed as obligating the state to continue the show-me healthy babies program if the allotment or payments from the federal government end or are not sufficient for the program to operate, or if the general assembly does not appropriate funds for the program.

13. Nothing in this section shall be construed as expanding MO HealthNet or fulfilling a mandate imposed by the federal government on the state."; and

3. The department of health and senior services shall promulgate rules regarding contract procedures and the documentation of care provided under paragraphs (b), (c), (d), (e), and (f) of subdivision (3) of subsection 2 of this section. The limitation on payments from the state legal expense fund or any policy of insurance procured pursuant to the provisions of section 105.721, provided in subsection 7 of this section, shall not apply to any claim or judgment arising under paragraph (a), (b), (c), (d), (e), or (f) of subdivision (3) of subsection 2 of this section. Any claim or judgment arising under paragraph (a), (b), (c), (d), (e), or (f) of subdivision (3) of subsection 2 of this section shall be paid by the state legal expense fund or any policy of insurance procured pursuant to section 105.721, to the extent damages are allowed under sections 538.205 to 538.235. Liability or malpractice insurance obtained and maintained in force by any health care professional licensed or registered under chapter 330, 331, 332, 334, 335, 336, 337, or 338 for coverage concerning his or her private practice and assets shall not be considered available under subsection 7 of this section to pay that portion of a judgment or claim for which the state legal expense fund is liable under paragraph (a), (b), (c), (d), (e), or (f) of subdivision (3) of subsection 2 of this section. However, a health care professional licensed or registered under chapter 330, 331, 332, 334, 335, 336, 337, or 338 may purchase liability or malpractice insurance for coverage of liability claims or judgments based upon care rendered under paragraphs (c), (d), (e), and (f) of subdivision (3) of subsection 2 of this section which exceed the amount of liability coverage provided by the state legal expense fund under those paragraphs. Even if paragraph (a), (b), (c), (d), (e), or (f) of subdivision (3) of subsection 2 of this section is repealed or modified, the state legal expense fund shall be available for damages which occur while the pertinent paragraph (a), (b), (c), (d), (e), or (f) of subdivision (3) of subsection 2 of this section is in effect.

4. The attorney general shall promulgate rules regarding contract procedures and the documentation of legal practice provided under subdivision (5) of subsection 2 of this section. The limitation on payments from the state legal expense fund or any policy of insurance procured pursuant to section 105.721 as provided in subsection 7 of this section shall not apply to any claim or judgment arising under subdivision (5) of subsection 2 of this section. Any claim or judgment arising under subdivision (5) of subsection 2 of this section shall be paid by the state legal expense fund or any policy of insurance procured pursuant to section 105.721 to the extent damages are allowed under sections 538.205 to

538.235. Liability or malpractice insurance otherwise obtained and maintained in force shall not be considered available under subsection 7 of this section to pay that portion of a judgment or claim for which the state legal expense fund is liable under subdivision (5) of subsection 2 of this section. However, an attorney may obtain liability or malpractice insurance for coverage of liability claims or judgments based upon legal practice rendered under subdivision (5) of subsection 2 of this section that exceed the amount of liability coverage provided by the state legal expense fund under subdivision (5) of subsection 2 of this section. Even if subdivision (5) of subsection 2 of this section is repealed or amended, the state legal expense fund shall be available for damages that occur while the pertinent subdivision (5) of subsection 2 of this section is in effect.

5. All payments shall be made from the state legal expense fund by the commissioner of administration with the approval of the attorney general. Payment from the state legal expense fund of a claim or final judgment award against a health care professional licensed or registered under chapter 330, 331, 332, 334, 335, 336, 337, or 338, described in paragraph (a), (b), (c), (d), (e), or (f) of subdivision (3) of subsection 2 of this section, or against an attorney in subdivision (5) of subsection 2 of this section, shall only be made for services rendered in accordance with the conditions of such paragraphs. In the case of any claim or judgment against an officer or employee of the state or any agency of the state based upon conduct of such officer or employee arising out of and performed in connection with his or her official duties on behalf of the state or any agency of the state that would give rise to a cause of action under section 537.600, the state legal expense fund shall be liable, excluding punitive damages, for:

- (1) Economic damages to any one claimant; and
- (2) Up to three hundred fifty thousand dollars for noneconomic damages.

The state legal expense fund shall be the exclusive remedy and shall preclude any other civil actions or proceedings for money damages arising out of or relating to the same subject matter against the state officer or employee, or the officer's or employee's estate. No officer or employee of the state or any agency of the state shall be individually liable in his or her personal capacity for conduct of such officer or employee arising out of and performed in connection with his or her official duties on behalf of the state or any agency of the state. The provisions of this subsection shall not apply to any defendant who is not an officer or employee of the state or any agency of the state in any proceeding against an officer or employee of the state or any agency of the state. Nothing in this subsection shall limit the rights and remedies otherwise available to a claimant under state law or common law in proceedings where one or more defendants is not an officer or employee of the state or any agency of the state.

6. The limitation on awards for noneconomic damages provided for in this subsection shall be increased or decreased on an annual basis effective January first of each year in accordance with the Implicit Price Deflator for Personal Consumption Expenditures as published by the Bureau of Economic Analysis of the United States Department of Commerce. The current value of the limitation shall be calculated by the director of the department of insurance, financial institutions and professional registration, who shall furnish that value to the secretary of state, who shall publish such value in the Missouri Register as soon after each January first as practicable, but it shall otherwise be exempt from the provisions of section 536.021.

7. Except as provided in subsection 3 of this section, in the case of any claim or judgment that arises under sections 537.600 and 537.610 against the state of Missouri, or an agency of the state, the aggregate of payments from the state legal expense fund and from any policy of insurance procured pursuant to the provisions of section 105.721 shall not exceed the limits of liability as provided in sections 537.600 to 537.610. No payment shall be made from the state legal expense fund or any policy of insurance procured with state funds pursuant to section 105.721 unless and until the benefits provided to pay the claim by any other policy of liability insurance have been exhausted.

8. The provisions of section 33.080 notwithstanding, any moneys remaining to the credit of the state legal expense fund at the end of an appropriation period shall not be transferred to general revenue.

9. Any rule or portion of a rule, as that term is defined in section 536.010, that is promulgated under the authority delegated in sections 105.711 to 105.726 shall become effective only if it has been promulgated pursuant to the provisions of chapter 536. Nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to August 28, 1999, if it fully complied with the provisions of chapter 536. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 1999, shall be invalid and void."; and

Further amend said bill, Page 2, Section 191.1140, Line 14, by inserting after all of said line the following:

"192.769. 1. On completion of a mammogram, a mammography facility certified by the United States Food and Drug Administration (FDA) or by a certification agency approved by the FDA shall provide to the patient the following notice:

"If your mammogram demonstrates that you have dense breast tissue, which could hide abnormalities, and you have other risk factors for breast cancer that have been identified, you might benefit from supplemental screening tests that may be suggested by your ordering physician. Dense breast tissue, in and of itself, is a relatively common condition. Therefore, this information is not provided to cause undue concern, but rather to raise your awareness and to promote discussion with your physician regarding the presence of other risk factors, in addition to dense breast tissue. A report of your mammography results will be sent to you and your physician. You should contact your physician if you have any questions or concerns regarding this report."

2. Nothing in this section shall be construed to create a duty of care beyond the duty to provide notice as set forth in this section.

3. The information required by this section or evidence that a person violated this section is not admissible in a civil, judicial, or administrative proceeding.

4. A mammography facility is not required to comply with the requirements of this section until January 1, 2015."; and

2. An electronic web-based prior authorization system using the best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need.

3. The department shall promulgate rules for the implementation of this section, including setting forth rules for the required documentation by the physician and the informed consent to be provided to and signed by the parent or guardian of the participant. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536, are nonseverable, and if any of the powers vested with the general assembly under chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void."; and

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 860, Page 5, Section 144.080, Line 37, by inserting immediately after said line the following:

"144.083. 1. The director of revenue shall require all persons who are responsible for the collection of taxes under the provisions of section 144.080 to procure a retail sales license at no cost to the licensee which shall be prominently displayed at the licensee's place of business, and the license is valid until revoked by the director or surrendered by the person to whom issued when sales are discontinued. The director shall issue the retail sales license within ten working days following the receipt of a properly completed application. Any person applying for a retail sales license or reinstatement of a revoked sales tax license who owes any tax under sections 144.010 to 144.510 or sections 143.191 to 143.261 must pay the amount due plus interest and penalties before the department may issue the applicant a license or reinstate the revoked license. All persons beginning business subsequent to August 13, 1986, and who are required to collect the sales tax shall secure a retail sales license prior to making sales at retail. Such license may, after ten days' notice, be revoked by the director of revenue only in the event the licensee shall be in default for a period of sixty days in the payment of any taxes levied under section 144.020 or sections 143.191 to 143.261. Notwithstanding the provisions of section 32.057 in the event of revocation, the director of revenue may publish the status of the business account including the date of revocation in a manner as determined by the director.

2. The possession of a retail sales license and a statement from the department of revenue that the licensee owes no tax due under sections 144.010 to 144.510, **sections 144.600 to 144.745**, or sections 143.191 to [143.261] **143.265** shall be a prerequisite to the issuance or renewal of any city or county occupation license or any state license which is required for conducting any business where goods are sold at retail. The date of issuance on the statement that the licensee owes no tax due shall be no more than ninety days before the date of submission for application or renewal of the local license. The revocation of a retailer's license by the director shall render the occupational license or the state license null and void.

3. No person responsible for the collection of taxes under section 144.080 shall make sales at retail unless such person is the holder of a valid retail sales license. After all appeals have been exhausted, the director of revenue may notify the county or city law enforcement agency representing the area in which the former licensee's business is located that the retail sales license of such person has been revoked, and that any county or city occupation license of such person is also revoked. The county or city may enforce the provisions of this section, and may prohibit further sales at retail by such person.

4. In addition to the provisions of subsection 2 of this section, beginning January 1, [2009] **2018**, the possession of a statement from the department of revenue stating no tax is due **for any individual or corporation subject to the tax** under sections [143.191 to 143.265 or sections 144.010 to 144.510] **143.011 to 143.071** shall also be a prerequisite to the issuance or renewal of any city or county occupation license or any state license required for conducting any business where goods are sold at retail. The statement of no tax due shall be dated no [longer] **more** than ninety days before the date of submission for application or renewal of the city or county license.

5. Notwithstanding any law or rule to the contrary, sales tax shall only apply to the sale price paid by the final purchaser and not to any off-invoice discounts or other pricing discounts or mechanisms negotiated between manufacturers, wholesalers, and retailers."; and

"334.950. 1. As used in this section, the following terms shall mean:

(1) "Child abuse medical resource centers", medical institutions affiliated with accredited children's hospitals or recognized institutions of higher education with accredited medical school programs that provide training, support, mentoring, and peer review to SAFE CARE providers in Missouri;

(2) "SAFE CARE provider", a physician, advanced practice nurse, or physician's assistant licensed in this state who provides medical diagnosis and treatment to children suspected of being victims of abuse and who receives:

(a) Missouri-based initial intensive training regarding child maltreatment from the SAFE CARE network;

(b) Ongoing update training on child maltreatment from the SAFE CARE network;

(c) Peer review and new provider mentoring regarding the forensic evaluation of children suspected of being victims of abuse from the SAFE CARE network;

(3) "Sexual assault forensic examination child abuse resource education network" or "SAFE CARE network", a network of SAFE CARE providers and child abuse medical resource centers that collaborate to provide forensic evaluations, medical training, support, mentoring, and peer review for SAFE CARE providers for the medical evaluation of child abuse victims in this state to improve outcomes for children who are victims of or at risk for child maltreatment by enhancing the skills and role of the medical provider in a multidisciplinary context.

2. Child abuse medical resource centers may collaborate directly or through the use of technology with SAFE CARE providers to promote improved services to children who are suspected victims of abuse that will need to have a forensic medical evaluation conducted by providing specialized training for forensic medical evaluations for children conducted in a hospital, child advocacy center, or by a private health care professional without the need for a collaborative agreement between the child abuse medical resource center and a SAFE CARE provider.

3. SAFE CARE providers who are a part of the SAFE CARE network in Missouri may collaborate directly or through the use of technology with other SAFE CARE providers and child abuse medical resource centers to promote improved services to children who are suspected victims of abuse that will need to have a forensic medical evaluation conducted by providing specialized training for forensic medical evaluations for children conducted in a hospital, child advocacy center, or by a private health care professional without the need for a collaborative agreement between the child abuse medical resource center and a SAFE CARE provider.

4. The SAFE CARE network shall develop recommendations concerning medically based screening processes and forensic evidence collection for children who may be in need of an emergency examination following an alleged sexual assault. Such recommendations shall be provided to the SAFE CARE providers, child advocacy centers, hospitals and licensed practitioners that provide emergency examinations for children suspected of being victims of abuse.

5. The department of public safety shall establish rules and make payments to SAFE CARE providers, out of appropriations made for that purpose, who provide forensic examinations of persons under eighteen years of age who are alleged victims of physical abuse.

6. The department shall establish maximum reimbursement rates for charges submitted under this section, which shall reflect the reasonable cost of providing the forensic exam.

7. The department shall only reimburse providers for forensic evaluations and case reviews. The department shall not reimburse providers for medical procedures, facility fees, supplies or laboratory/radiology tests.

8. In order for the department to provide reimbursement, the child shall be the subject of a child abuse investigation or reported to the children's division as a result of the examination.

9. A minor may consent to examination under this section. Such consent is not subject to disaffirmance because of the individual's status as a minor, and the consent of a parent or guardian of the minor is not required for such examination."; and

Further amend said bill, Page 4, Section 105.935, Line 54, by inserting after all of said line the following:

"287.243. 1. This section shall be known and may be cited as the "Line of Duty Compensation Act".

2. As used in this section, unless otherwise provided, the following words shall mean:

(1) "Air ambulance pilot", a person certified as an air ambulance pilot in accordance with sections 190.001 to 190.245 and corresponding regulations applicable to air ambulances adopted by the department of health and senior services, division of regulation and licensure, 19 CSR 30-40.005, et seq.;

(4) "Firefighter", any person, including a volunteer firefighter, employed by the state or a local governmental entity as an employer defined under subsection 1 of section 287.030, or otherwise serving as a member or officer of a fire department either for the purpose of the prevention or control of fire or the underwater recovery of drowning victims;

(5) "Killed in the line of duty", when [a] **any** person defined in this section loses [one's] **his or her** life [as a result of an injury received in the active performance of his or her duties within the ordinary scope of his or her respective profession while the individual is on duty and but for the individual's performance, death would have not occurred] **when:**

(a) Death is caused by an accident or the willful act of violence of another;

(b) The law enforcement officer, emergency medical technician, air ambulance pilot, air ambulance registered professional nurse, or firefighter is in the active performance of his or her duties in his or her respective profession and there is a relationship between the accident or commission of the act of violence and the performance of the duty, even if the individual is off duty; the law enforcement officer, emergency medical technician, air ambulance pilot, air ambulance registered professional nurse, or firefighter is traveling to or from employment; or the law enforcement officer, emergency medical technician, air ambulance pilot, air ambulance registered professional nurse, or firefighter is taking any meal break or other break which takes place while that individual is on duty;

(c) Death is the natural and probable consequence of the injury; and

(d) Death occurs within three hundred weeks from the date the injury was received.

The term excludes death resulting from the willful misconduct or intoxication of the law enforcement officer, emergency medical technician, air ambulance pilot, air ambulance registered professional nurse, or firefighter. The division of workers' compensation shall have the burden of proving such willful misconduct or intoxication;

(6) "Law enforcement officer", any person employed by the state or a local governmental entity as a police officer, peace officer certified under chapter 590, or serving as an auxiliary police officer or in some like position involving the enforcement of the law and protection of the public interest at the risk of that person's life;

(8) "State", the state of Missouri and its departments, divisions, boards, bureaus, commissions, authorities, and colleges and universities;

(9) "Volunteer firefighter", a person having principal employment other than as a firefighter, but who is carried on the rolls of a regularly constituted fire department either for the purpose of the prevention or control of fire or the underwater recovery of drowning victims, the members of which are under the jurisdiction of the corporate authorities of a city, village, incorporated town, or fire protection district. Volunteer firefighter shall not mean an individual who volunteers assistance without being regularly enrolled as a firefighter.

3. (1) A claim for compensation under this section shall be filed by the estate of the deceased with the division of workers' compensation not later than one year from the date of death of a law enforcement officer, emergency medical technician, air ambulance pilot, air ambulance registered professional nurse, or firefighter. If a claim is made within one year of the date of death of a law enforcement officer, emergency medical technician, air ambulance pilot, air ambulance registered professional nurse, or firefighter killed in the line of duty, compensation shall be paid, if the division finds that the claimant is entitled to compensation under this section.

(2) The amount of compensation paid to the claimant shall be twenty-five thousand dollars, subject to appropriation, for death occurring on or after June 19, 2009.

4. Notwithstanding subsection 3 of this section, no compensation is payable under this section unless a claim is filed within the time specified under this section setting forth:

(1) The name, address, and title or designation of the position in which the law enforcement officer, emergency medical technician, air ambulance pilot, air ambulance registered professional nurse, or firefighter was serving at the time of his or her death;

(2) The name and address of the claimant;

(3) A full, factual account of the circumstances resulting in or the course of events causing the death at issue; and

(4) Such other information that is reasonably required by the division.

When a claim is filed, the division of workers' compensation shall make an investigation for substantiation of matters set forth in the application.

5. The compensation provided for under this section is in addition to, and not exclusive of, any pension rights, death benefits, or other compensation the claimant may otherwise be entitled to by law.

6. Neither employers nor workers' compensation insurers shall have subrogation rights against any compensation awarded for claims under this section. Such compensation shall not be assignable, shall be exempt from attachment, garnishment, and execution, and shall not be subject to setoff or counterclaim, or be in any way liable for any debt, except that the division or commission may allow as lien on the compensation, reasonable attorney's fees for services in connection with the proceedings for compensation if the services are found to be necessary. Such fees are subject to regulation as set forth in section 287.260.

7. Any person seeking compensation under this section who is aggrieved by the decision of the division of workers' compensation regarding his or her compensation claim, may make application for a hearing as provided in section 287.450. The procedures applicable to the processing of such hearings and determinations shall be those established by this chapter. Decisions of the administrative law judge under this section shall be binding, subject to review by either party under the provisions of section 287.480.

8. Pursuant to section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset six years after June 19, [2009] 2019, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.

9. The provisions of this section, unless specified, shall not be subject to other provisions of this chapter.

10. There is hereby created in the state treasury the "Line of Duty Compensation Fund", which shall consist of moneys appropriated to the fund and any voluntary contributions, gifts, or bequests to the fund. The state treasurer shall be custodian of the fund and shall approve disbursements from the fund in accordance with sections 30.170 and 30.180. Upon appropriation, money in the fund shall be used solely for paying claims under this section. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

11. The division shall promulgate rules to administer this section, including but not limited to the appointment of claims to multiple claimants, record retention, and procedures for information requests. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after June 19, 2009, shall be invalid and void."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

SIXTY-NINTH DAY, THURSDAY, MAY 15, 2014

The House met pursuant to adjournment.

Speaker Pro Tem Hoskins in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Watch ye, stand fast in the faith, quit you like men, be strong. (I Corinthians 16:13)

God of the Ages, everywhere present, everywhere available, and everywhere seeking to enter the heart of all to strengthen and sustain us, be with us this day and reveal Your way to our waiting hearts. Make us so conscious of Your presence and so receptive to the leading of Your Spirit that we shall be directed into right paths, make wise decisions, and formulate great plans for the welfare of all our people and the well-being of Missouri.

With patience and perseverance may we meet the problems that confront us, and the conflicts that rage about us. Together may we stand firm in our faith, be strong, and do all things in love.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Hailee A. Ford, Joseph L. Ford, Evan Matt, Robbie Crader, Megan Crader, Landon Fraker, Logan Fraker, and Colton Plaster.

The Journal of the sixty-eighth day was approved as printed by the following vote:

VACANCIES: 004

Speaker Jones declared the bill passed.

HCS SCS SB 664, relating to natural resources, was taken up by Representative Miller.

Representative Ross offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 664, Page 6, Section 444.772, Line 108, by inserting after all of said section and line the following:

- "537.296. 1. As used in this section, the following terms mean:
- (1) "Claimant", a person who asserts a claim of private nuisance;
 - (2) "Fair market value", the price that a buyer who is willing but not compelled to buy would pay and a seller who is willing but not compelled to sell would accept for property;
 - (3) "Fair rental value", the price a lessee who is willing but not compelled to lease would pay and a lessor who is willing but not compelled to lease would accept;
 - (4) "Ownership interest", holding legal or equitable title to property in fee or, in a life, or in a leasehold interest;
 - (5) "Possessory interest", lawfully possessing property but does not include mere occupancy;
 - (6) "Property", real property.
2. The exclusive compensatory damages that may be awarded to a claimant for a private nuisance where the alleged nuisance emanates from property primarily used for crop or animal production purposes shall be as follows:
- (1) If the nuisance is a permanent nuisance, compensatory damages shall be measured by the reduction in the fair market value of the claimant's property caused by the nuisance, but not to exceed the fair market value of the property;
 - (2) If the nuisance is a temporary nuisance, compensatory damages shall be measured by the diminution in the fair rental value of the claimant's property caused by the nuisance;
 - (3) If the nuisance is shown by objective and documented medical evidence to have caused a medical condition to claimant, compensatory damages arising from that medical condition may be awarded in addition to the exclusive damages permitted under subdivisions (1) and (2) of this subsection.
3. Concerning a private nuisance where the alleged nuisance emanates from property primarily used for crop or animal production purposes, if any claimant or claimant's successor with ownership interest brings any subsequent claim against the same defendant or defendant's successors for temporary nuisance related to a similar activity or use of the defendant's property, and such activity or use of property is deemed a nuisance, the activity or use of property at issue shall be considered a permanent nuisance and such claimant and claimant's successors shall be limited to and bound by the remedies available for a permanent nuisance.
4. If a defendant in a private nuisance case where the nuisance is alleged to emanate from property used for crop or animal production purposes demonstrates a good faith effort to abate a condition that is determined to constitute a nuisance, the nuisance shall be deemed to be not capable of abatement. Substantial compliance with a court order regarding such property shall constitute such a good faith effort as a matter of law.
5. Concerning a private nuisance where the alleged nuisance emanates from property primarily used for crop or animal production purposes, no person shall have standing to bring an action for private nuisance unless the person has an ownership interest in the property alleged to be affected by the nuisance.

6. Nothing in this section shall:

(1) Prohibit a person from recovering damages for annoyance, discomfort, sickness, or emotional distress; provided that such damages are awarded on the basis of other causes of action independent of a claim of nuisance; or

(2) Prohibit the recovery of any damages, direct, consequential, or otherwise, resulting from or relating to crop destruction, crop damage, contamination of the seed supply, or a diminution of crop value resulting from contamination of the seed or grain supply, herbicide drift, or other diminution of crop value.

7. If any party requests the court or jury visit the property alleged to be affected by the nuisance in an action for private nuisance where the amount in controversy exceeds one million dollars, the court or jury shall visit the property.

8. A copy of the final judgment in any action alleging a private nuisance shall be filed with the recorder of deeds in the county in which the final judgment was issued and shall operate as notice to any purchaser of the claimant's property that the property was related to a previous claim for nuisance.

9. No action shall be brought under this section if the owner of the property that is the defendant of the action is in good faith compliance with any order or permit issued by the department of natural resources, the United State Environmental Protection Agency, or the office of the attorney general."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Representative Miller offered **House Amendment No. 2.**

House Amendment No. 1

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 664, Pages 3-6, Section 444.772, Lines 1-108, by deleting all of said section and lines from the bill; and

Further amend said bill, Page 8, Section 644.058, Line 9, by inserting after all of said section and line the following:

"644.145. 1. When issuing permits under this chapter that incorporate a new requirement for discharges from publicly owned combined or separate sanitary or storm sewer systems or treatment works, or when enforcing provisions of this chapter or the Federal Water Pollution Control Act, 33 U.S.C. 1251, et seq., pertaining to any portion of a publicly owned combined or separate sanitary or storm sewer system or treatment works, the department of natural resources shall make a finding of affordability **on the costs to be incurred and the impact of any rate changes on ratepayers** upon which to base such permits and decisions, to the extent allowable under this chapter and the Federal Water Pollution Control Act.

2. (1) The department of natural resources shall not be required under this section to make a finding of affordability when:

(a) Issuing collection system extension permits;

(b) Issuing National Pollution Discharge Elimination System operating permit renewals which include no new environmental requirements; or

(c) The permit applicant certifies that the applicable requirements are affordable to implement or otherwise waives the requirement for an affordability finding; however, at no time shall the department require that any applicant certify, as a condition to approving any permit, administrative or civil action, that a requirement, condition, or penalty is affordable.

(2) The exceptions provided under paragraph (c) of subdivision (1) of this subsection do not apply when the community being served has less than three thousand three hundred residents.

3. When used in this chapter and in standards, rules and regulations promulgated pursuant to this chapter, the following words and phrases mean:

(1) "Affordability", with respect to payment of a utility bill, a measure of whether an individual customer or household **with an income equal to the lower of the median household income for their community or the state of Missouri** can pay the bill without undue hardship or unreasonable sacrifice in the essential lifestyle or spending patterns of the individual or household, taking into consideration the criteria described in subsection 4 of this section;

(2) "Financial capability", the financial capability of a community to make investments necessary to make water quality-related improvements;

(3) "**Finding of affordability**", a department statement as to whether an individual or a household receiving as income an amount equal to the lower of the median household income for the applicant

community or the state of Missouri would be required to make unreasonable sacrifices in their essential lifestyle or spending patterns or undergo hardships in order to make the projected monthly payments for sewer services. The department shall make a statement that the proposed changes meet the definition of affordable, or fail to meet the definition of affordable, or are implemented as a federal mandate regardless of affordability.

4. The department of natural resources shall adopt procedures by which it will make affordability findings that evaluate the affordability of permit requirements and enforcement actions described in subsection 1 of this section, and may begin implementing such procedures prior to promulgating implementing regulations. The commission shall have the authority to promulgate rules to implement this section pursuant to chapters 536 and 644, and shall promulgate such rules as soon as practicable. Affordability findings shall be based upon reasonably verifiable data and shall include an assessment of affordability with respect to persons or entities affected. The department shall offer the permittee an opportunity to review a draft affordability finding, and the permittee may suggest changes and provide additional supporting information, subject to subsection 6 of this section. The finding shall be based upon the following criteria:

- (1) A community's financial capability and ability to raise or secure necessary funding;
- (2) Affordability of pollution control options for the individuals or households **at or below the median household income level** of the community;
- (3) An evaluation of the overall costs and environmental benefits of the control technologies;
- (4) **Inclusion of ongoing costs of operating and maintaining the existing wastewater collection and treatment system, including payments on outstanding debts for wastewater collection and treatment systems when calculating projected rates;**

(5) An inclusion of ways to reduce economic impacts on distressed populations in the community, including but not limited to low- and fixed-income populations. This requirement includes but is not limited to:

(a) Allowing adequate time in implementation schedules to mitigate potential adverse impacts on distressed populations resulting from the costs of the improvements and taking into consideration local community economic considerations; and

(b) Allowing for reasonable accommodations for regulated entities when inflexible standards and fines would impose a disproportionate financial hardship in light of the environmental benefits to be gained;

[5] (6) An assessment of other community investments **and operating costs** relating to environmental improvements **and public health protection;**

[6] (7) An assessment of factors set forth in the United States Environmental Protection Agency's guidance, including but not limited to the "Combined Sewer Overflow Guidance for Financial Capability Assessment and Schedule Development" that may ease the cost burdens of implementing wet weather control plans, including but not limited to small system considerations, the attainability of water quality standards, and the development of wet weather standards; and

[7] (8) An assessment of any other relevant local community economic condition.

5. Prescriptive formulas and measures used in determining financial capability, affordability, and thresholds for expenditure, such as median household income, should not be considered to be the only indicator of a community's ability to implement control technology and shall be viewed in the context of other economic conditions rather than as a threshold to be achieved.

6. Reasonable time spent preparing draft affordability findings, allowing permittees to review draft affordability findings or draft permits, or revising draft affordability findings, shall be allowed in addition to the department's deadlines for making permitting decisions pursuant to section 644.051.

7. If the department of natural resources fails to make a finding of affordability where required by this section, then the resulting permit or decision shall be null, void and unenforceable.

8. The department of natural resources' findings under this section may be appealed to the commission pursuant to subsection 6 of section 644.051.

9. **The department shall file an annual report by the beginning of the fiscal year with the governor, the speaker of the house of representatives, the president pro tempore of the senate, and the chairs of the committees in both houses having primary jurisdiction over natural resource issues showing at least the following information on the findings of affordability completed in the previous calendar year:**

(1) **The total number of findings of affordability issued by the department, those categorized as affordable, those categorized as not meeting the definition of affordable, and those implemented as a federal mandate regardless of affordability;**

(2) The average increase in sewer rates both in dollars and percentage for all findings found to be affordable;

(3) The average increase in sewer rates as a percentage of median house income in the communities for those findings determined to be affordable and a separate calculation of average increases in sewer rates for those found not to meet the definition of affordable;

(4) A list of all the permit holders receiving findings, and for each permittee the following data taken from the finding of affordability shall be listed:

(a) Current and projected monthly residential sewer rates in dollars;

(b) Projected monthly residential sewer rates as a percentage of median house income;

(c) Percentage of households at or below the state poverty rate."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

House Amendment No. 2

AMEND House Committee Substitute for Senate Bill No. 584, Page 9, Section 143.221, Line 28, by inserting after said section and line the following:

"143.451. 1. Missouri taxable income of a corporation shall include all income derived from sources within this state.

2. A corporation described in subdivision (1) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income from sources within this state, including that from the transaction of business in this state and that from the transaction of business partly done in this state and partly done in another state or states. However:

(1) Where income results from a transaction partially in this state and partially in another state or states, and income and deductions of the portion in the state cannot be segregated, then such portions of income and deductions shall be allocated in this state and the other state or states as will distribute to this state a portion based upon the portion of the transaction in this state and the portion in such other state or states.

(2) The taxpayer may elect to compute the portion of income from all sources in this state in the following manner, or the manner set forth in subdivision (3) of this subsection:

(a) The income from all sources shall be determined as provided, excluding therefrom the figures for the operation of any bridge connecting this state with another state.

(b) The amount of sales which are transactions wholly in this state shall be added to one-half of the amount of sales which are transactions partly within this state and partly without this state, and the amount thus obtained shall be divided by the total sales or in cases where sales do not express the volume of business, the amount of business transacted wholly in this state shall be added to one-half of the amount of business transacted partly in this state and partly outside this state and the amount thus obtained shall be divided by the total amount of business

transacted, and the net income shall be multiplied by the fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income. The investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction.

(c) For the purposes of this subdivision, a transaction involving the sale of tangible property is:

a. "Wholly in this state" if both the seller's shipping point and the purchaser's destination point are in this state;

b. "Partly within this state and partly without this state" if the seller's shipping point is in this state and the purchaser's destination point is outside this state, or the seller's shipping point is outside this state and the purchaser's destination point is in this state;

c. Not "wholly in this state" or not "partly within this state and partly without this state" only if both the seller's shipping point and the purchaser's destination point are outside this state.

(d) For purposes of this subdivision:

a. The purchaser's destination point shall be determined without regard to the FOB point or other conditions of the sale; and

b. The seller's shipping point is determined without regard to the location of the seller's principle office or place of business.

(3) The taxpayer may elect to compute the portion of income from all sources in this state in the following manner:

(a) The income from all sources shall be determined as provided, excluding therefrom the figures for the operation of any bridge connecting this state with another state;

(b) The amount of sales which are transactions in this state shall be divided by the total sales, and the net income shall be multiplied by the fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income. The investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction;

(c) For the purposes of this subdivision, a transaction involving the sale of tangible property is:

a. "In this state" if the purchaser's destination point is in this state;

b. Not "in this state" if the purchaser's destination point is outside this state;

(d) For purposes of this subdivision, the purchaser's destination point shall be determined without regard to the FOB point or other conditions of the sale and shall not be in this state if the purchaser received the tangible personal property from the seller in this state for delivery to the purchaser's location outside this state;

(e) For the purposes of this subdivision, a transaction involving the sale other than the sale of tangible property is "in this state" if the taxpayer's market for the sales is in this state. The taxpayer's market for sales is in this state:

a. In the case of sale, rental, lease, or license of real property, if and to the extent the property is located in this state;

b. In the case of rental, lease, or license of tangible personal property, if and to the extent the property is located in this state;

c. In the case of sale of a service, if and to the extent the benefit of the service is delivered to a purchaser location in this state; and

d. In the case of intangible property:

(i) That is rented, leased, or licensed, if and to the extent the property is used in this state by the rentee, lessee, or licensee, provided that intangible property utilized in marketing a good or service to a consumer is "used in this state" if that good or service is purchased by a consumer who is in this state. Franchise fees or royalties received for the rent, lease, license, or use of a trade name, trademark, service mark, or franchise system or provides a right to conduct business activity in a specific geographic area are "used in this state" to the extent the franchise location is in this state; and

(ii) That is sold, if and to the extent the property is used in this state, provided that:

i. A contract right, government license, or similar intangible property that authorizes the holder to conduct a business activity in a specific geographic area is "used in this state" if the geographic area includes all or part of this state;

ii. Receipts from intangible property sales that are contingent on the productivity, use, or disposition of the intangible property shall be treated as receipts from the rental, lease, or licensing of such intangible property under item (i) of this subparagraph; and

iii. All other receipts from a sales of intangible property shall be excluded from the numerator and denominator of the sales factor;

(f) If the state or states of assignment under paragraph (e) of this subdivision cannot be determined, the state or states of assignment shall be reasonably approximated;

(g) If the state of assignment cannot be determined under paragraph (e) of this subdivision or reasonably approximated under paragraph (f) of this subdivision, such sales shall be excluded from the denominator of the sales factor;

(h) The director may prescribe such rules and regulations as necessary or appropriate to carry out the purposes of this section.

(4) For purposes of this subsection, the following words shall, unless the context otherwise requires, have the following meaning:

(a) "Administration services" include, but are not limited to, clerical, fund or shareholder accounting, participant record keeping, transfer agency, bookkeeping, data processing, custodial, internal auditing, legal and tax services performed for an investment company;

(b) "Affiliate", the meaning as set forth in 15 U.S.C. Section 80a-2(a)(3)(C), as may be amended from time to time;

(c) "Distribution services" include, but are not limited to, the services of advertising, servicing, marketing, underwriting or selling shares of an investment company, but, in the case of advertising, servicing or marketing shares, only where such service is performed by a person who is, or in the case of a closed end company, was, either engaged in the services of underwriting or selling investment company shares or affiliated with a person that is engaged in the service of underwriting or selling investment company shares. In the case of an open end company, such service of underwriting or selling shares must be performed pursuant to a contract entered into pursuant to 15 U.S.C. Section 80a-15(b), as from time to time amended;

(d) "Investment company", any person registered under the federal Investment Company Act of 1940, as amended from time to time, (the act) or a company which would be required to register as an investment company under the act except that such person is exempt to such registration pursuant to Section 80a-3(c)(1) of the act;

(e) "Investment funds service corporation" includes any corporation or S corporation doing business in the state which derives more than fifty percent of its gross income in the ordinary course of business from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. An investment funds service corporation shall include any corporation or S corporation providing management services as an investment advisory firm registered under Section 203 of the Investment Advisors Act of 1940, as amended from time to time, regardless of the percentage of gross revenues consisting of fees from management services provided to or on behalf of an investment company;

(f) "Management services" include but are not limited to, the rendering of investment advice directly or indirectly to an investment company making determinations as to when sales and purchases of securities are to be made on behalf of the investment company, or the selling or purchasing of securities constituting assets of an investment company, and related activities, but only where such activity or activities are performed:

a. Pursuant to a contract with the investment company entered into pursuant to 15 U.S.C. Section 80a-15(a), as from time to time amended;

b. For a person that has entered into such contract with the investment company; or

c. For a person that is affiliated with a person that has entered into such contract with an investment company;

(g) "Qualifying sales", gross income derived from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. For purposes of this section, "gross income" is defined as that amount of income earned from qualifying sources without deduction of expenses related to the generation of such income;

(h) "Residence", presumptively the fund shareholder's mailing address on the records of the investment company. If, however, the investment company or the investment funds service corporation has actual knowledge that the fund shareholder's primary residence or principal place of business is different than the fund shareholder's mailing address such presumption shall not control. To the extent an investment funds service corporation does not have access to the records of the investment company, the investment funds service corporation may employ reasonable methods to determine the investment company fund shareholder's residence.

(5) Notwithstanding other provisions of law to the contrary, qualifying sales of an investment funds service corporation, or S corporation, shall be considered wholly in this state only to the extent that the fund shareholders of the investment companies, to which the investment funds service corporation, or S corporation, provide services, are resided in this state. Wholly in this state qualifying sales of an investment funds service corporation, or S corporation, shall be determined as follows:

(a) By multiplying the investment funds service corporation's total dollar amount of qualifying sales from services provided to each investment company by a fraction, the numerator of which shall be the average of the number of shares owned by the investment company's fund shareholders resided in this state at the beginning of and at the end of the investment company's taxable year that ends with or within the investment funds service corporation's taxable year, and the denominator of which shall be the average of the number of shares owned by the investment company's fund shareholders everywhere at the beginning of and at the end of the investment company's taxable year that ends with or within the investment funds service corporation's taxable year;

(b) A separate computation shall be made to determine the wholly in this state qualifying sales from each investment company. The qualifying sales for each investment company shall be multiplied by the respective percentage of each fund, as calculated pursuant to paragraph (a) of this subdivision. The product of this equation shall result in the wholly in this state qualifying sales. The qualifying sales for each investment company which are not wholly in this state will be considered wholly without this state;

(c) To the extent an investment funds service corporation has sales which are not qualifying sales, those nonqualified sales shall be apportioned to this state based on the methodology utilized by the investment funds service corporation without regard to this subdivision.

3. Any corporation described in subdivision (1) of subsection 1 of section 143.441 organized in this state or granted a permit to operate in this state for the transportation or care of passengers shall report its gross earnings within the state on intrastate business and shall also report its gross earnings on all interstate business done in this state which report shall be subject to inquiry for the purpose of determining the amount of income to be included in Missouri taxable income. The previous sentence shall not apply to a railroad.

4. A corporation described in subdivision (2) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources in this state and all income from each transportation service wholly within this state, from each service where the only lines of such corporation used are those in this state, and such proportion of revenue from each service where the facilities of such corporation in this state and in another state or states are used, as the mileage used over the lines of such corporation in the state shall bear to the total mileage used over the lines of such corporation. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year of any fixed transportation facilities, real estate and improvements in this state leased from any other railroad shall be divided by the sum of the total amount of investment of such corporation on December thirty-first of each year in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year, of any fixed transportation facilities, real estate and improvements leased from any other railroad. Where any fixed transportation facilities, real estate or improvements are leased by more than one railroad, such portion of the value shall be used by each railroad as the rental paid by each shall bear to the rental paid by all lessees. The income shall be multiplied by the fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

5. A corporation described in subdivision (3) of subsection 1 of section 143.441 shall include in its Missouri taxable income one-half of the net income from the operation of a bridge between this and another state. If any such bridge is owned or operated by a railroad corporation or corporations, or by a corporation owning a railroad corporation using such bridge, then the figures for operation of such bridge may be included in the return of such railroad or railroads; or if such bridge is owned or operated by any other corporation which may now or hereafter be required to file an income tax return, one-half of the income or loss to such corporation from such bridge may be included in such return by adding or subtracting same to or from another net income or loss shown by the return.

6. A corporation described in subdivision (4) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources within this state. Income shall include revenue from each telephonic or telegraphic service rendered wholly within this state; from each service rendered for which the only facilities of such corporation used are those in this state; and from each service rendered over the facilities of

such corporation in this state and in other state or states, such proportion of such revenue as the mileage involved in this state shall bear to the total mileage involved over the lines of said company in all states. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in telephonic or telegraphic facilities, real estate and improvements thereon, shall be divided by the amount of the total investment of such corporation on December thirty-first of each year in telephonic or telegraphic facilities, real estate and improvements. The income of the taxpayer shall be multiplied by fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

7. From the income determined in subsections 2, 3, 4, 5 and 6 of this section to be from all sources within this state shall be deducted such of the deductions for expenses in determining Missouri taxable income as were incurred in this state to produce such income and all losses actually sustained in this state in the business of the corporation.

8. If a corporation derives only part of its income from sources within Missouri, its Missouri taxable income shall only reflect the effect of the following listed deductions to the extent applicable to Missouri. The deductions are: (a) its deduction for federal income taxes pursuant to section 143.171, and (b) the effect on Missouri taxable income of the deduction for net operating loss allowed by Section 172 of the Internal Revenue Code. The extent applicable to Missouri shall be determined by multiplying the amount that would otherwise affect Missouri taxable income by the ratio for the year of the Missouri taxable income of the corporation for the year divided by the Missouri taxable income for the year as though the corporation had derived all of its income from sources within Missouri. For the purpose of the preceding sentence, Missouri taxable income shall not reflect the listed deductions.

9. Any investment funds service corporation organized as a corporation or S corporation which has any shareholders resided in this state shall be subject to Missouri income tax as provided in this chapter."; and

The commission of any regional jail district may impose, by order, a sales tax in the amount of one-eighth of one percent, one-fourth of one percent, three-eighths of one percent, or one-half of one percent on all retail sales made in such region which are subject to taxation pursuant to the provisions of sections 144.010 to 144.525 for the purpose of providing jail services and court facilities and equipment for such region. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no order imposing a sales tax pursuant to this section shall be effective unless the commission submits to the voters of the district, on any election date authorized in chapter 115, a proposal to authorize the commission to impose a tax.

2. The ballot of submission shall contain, but need not be limited to, the following language:

Shall the regional jail district of (counties' names) impose a region-wide sales tax of (insert amount) for the purpose of providing jail services and court facilities and equipment for the region?

YES NO

If you are in favor of the question, place an "X" in the box opposite "Yes". If you are opposed to the question, place an "X" in the box opposite "No".

If a majority of the votes cast on the proposal by the qualified voters of the district voting thereon are in favor of the proposal, then the order and any amendment to such order shall be in effect on the first day of the second quarter immediately following the election approving the proposal. If the proposal receives less than the required majority, the commission shall have no power to impose the sales tax authorized pursuant to this section unless and until the commission shall again have submitted another proposal to authorize the commission to impose the sales tax authorized by this section and such proposal is approved by the required majority of the qualified voters of the district voting on such proposal; however, in no event shall a proposal pursuant to this section be submitted to the voters sooner than twelve months from the date of the last submission of a proposal pursuant to this section.

3. All revenue received by a district from the tax authorized pursuant to this section shall be deposited in a special trust fund and shall be used solely for providing jail services and court facilities and equipment for such district for so long as the tax shall remain in effect.

4. Once the tax authorized by this section is abolished or terminated by any means, all funds remaining in the special trust fund shall be used solely for providing jail services and court facilities and equipment for the district. Any funds in such special trust fund which are not needed for current expenditures may be invested by the commission in accordance with applicable laws relating to the investment of other county funds.

5. All sales taxes collected by the director of revenue pursuant to this section on behalf of any district, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created, to be known as the "Regional Jail District Sales Tax Trust Fund". The moneys in the regional jail district sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each district imposing a sales tax pursuant to this section, and the records shall be open to the inspection of officers of each member county and the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the district which levied the tax. Such funds shall be deposited with the treasurer of each such district, and all expenditures of funds arising from the regional jail district sales tax trust fund shall be paid pursuant to an appropriation adopted by the commission and shall be approved by the commission. Expenditures may be made from the fund for any function authorized in the order adopted by the commission submitting the regional jail district tax to the voters.

6. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such districts. If any district abolishes the tax, the commission shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal, and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such district, the director of revenue shall remit the balance in the account to the district and close the account of that district. The director of revenue shall notify each district in each instance of any amount refunded or any check redeemed from receipts due the district.

7. Except as provided in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed pursuant to this section.

8. The provisions of this section shall expire September 30, [2015] **2027.**"; and

"210.027. 1. For child-care providers who receive state or federal funds for providing child-care [services in the home] **fee assistance**, either by direct payment or through reimbursement to a child-care beneficiary, the department of social services shall:

(1) **Establish publicly available website access to provider-specific information about any health and safety licensing or regulatory requirements for the providers, and including dates of inspections, history of violations, and compliance actions taken, as well as the consumer education information required under subdivision (12) of this section;**

(2) **Establish or designate one hotline for parents to submit complaints about child care providers;**

(3) Be authorized to revoke the registration of a registered provider for due cause;

(a) **Compliance with state and local fire, health, and building codes, which shall include the ability to evacuate children in the case of an emergency; and**

(b) **Emergency preparedness and response planning.**

Child care providers shall meet these minimum requirements prior to receiving federal assistance. [4] (6) **Require providers to be tested for tuberculosis on the schedule required for employees in licensed facilities;**

[5] (7) Require providers to notify parents if the provider does not have immediate access to a telephone;

The system shall indicate whether the provider meets Missouri's registration or licensing standards, is in compliance with applicable health and safety requirements, and the nature of any violations related to registration or licensing requirements. The system shall also indicate if the provider utilizes curricula and if the provider is in compliance with staff educational requirements. Such system of quality indicators established under this subdivision with the input from stakeholders shall be promulgated by rules. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void. 2. No state agency shall enforce the provisions of this section until October 1, 2015, or six months after the implementation of federal regulations mandating such provisions, whichever is later."; and

Further amend said bill, Page 16, Section 210.183, Line 42, by inserting after all of said line the following:

It shall be unlawful for any person to establish, maintain or operate a child-care facility for children, or to advertise or hold himself or herself out as being able to perform any of the services as defined in section 210.201, without having in effect a written license granted by the department of health and senior services; except that nothing in sections 210.203 to 210.245 shall apply to:

(1) Any person who is caring for four or fewer children. For purposes of this subdivision, children who are related by blood, marriage or adoption to such person within the third degree shall not be considered in the total number of children being cared for;

(4) Any graded boarding school, summer camp, hospital, sanitarium or home which is conducted in good faith primarily to provide education, recreation, medical treatment, or nursing or convalescent care for children;

(5) Any child-care facility maintained or operated under the exclusive control of a religious organization. (6) Any residential facility or day program licensed by the department of mental health pursuant to sections 630.705 to 630.760 which provides care, treatment and habilitation exclusively to children who have a primary diagnosis of mental disorder, mental illness, mental retardation or developmental disability, as defined in section 630.005; and

(7) Any nursery school.

2. Notwithstanding the provisions of subsection 1 of this section, no child-care facility shall be exempt from licensure if such facility receives any state or federal funds for providing care for children, except for federal funds for those programs which meet the requirements for participation in the Child and Adult Care Food Program pursuant to 42 U.S.C. 1766. Grants to parents for child care pursuant to sections 210.201 to 210.257 shall not be construed to be funds received by a person or facility listed in subdivisions (1) and (5) of subsection 1 of this section.

3. Any child care facility not exempt from licensure shall disclose the licensure status of the facility to the parents or guardians of children for which the facility provides care. No child care facility exempt from licensure shall represent to any parent or guardian of children for which the facility provides care that the facility is licensed when such facility is in fact not licensed.

4. Any in-home licensed child care facility that is organized as a corporation, association, firm, partnership, proprietorship, limited liability company, or any other type of business entity in this state shall qualify for the exemption for related children for children who are related to the member of the corporation, association, firm, partnership, proprietorship, limited liability company, or other type of business entity who is responsible for the daily operation of the child care facility and who meets the requirements of the child care provider. All child care facilities under this subsection shall disclose the licensure status of the facility to the parents or guardians of children for which the facility provides care. A parent or guardian shall sign a written notice indicating he or she is aware of the licensure status of the facility. The facility shall keep a copy of this signed written notice on file. All child care facilities shall provide the parent or guardian enrolling a child in the facility with a written explanation of the disciplinary philosophy and policies of the child care facility.

211.171. 1. The procedure to be followed at the hearing shall be determined by the juvenile court judge and may be as formal or informal as he or she considers desirable, consistent with constitutional and statutory requirements. The judge may take testimony and inquire into the habits, surroundings, conditions and tendencies of the child and the family to enable the court to render such order or judgment as will best promote the welfare of the child and carry out the objectives of this chapter.

2. The hearing may, in the discretion of the court, proceed in the absence of the child and may be adjourned from time to time.

3. The current foster parents of a child, or any preadoptive parent or relative currently providing care for the child, shall be provided with notice of, and an opportunity to be heard in, any hearing to be held with respect to the child, **and a foster parent shall have standing to participate in all court hearings pertaining to a child in their care.** [This subsection shall not be construed to require that any such foster parent, preadoptive parent or relative providing care for a child be made a party to the case solely on the basis of such notice and opportunity to be heard.]

4. All cases of children shall be heard separately from the trial of cases against adults.

5. Stenographic notes or an authorized recording of the hearing shall be required if the court so orders or, if requested by any party interested in the proceeding.

6. The general public shall be excluded and only such persons admitted as have a direct interest in the case or in the work of the court except in cases where the child is accused of conduct which, if committed by an adult, would be considered a class A or B felony; or for conduct which would be considered a class C felony, if the child has previously been formally adjudicated for the commission of two or more unrelated acts which would have been class A, B or C felonies, if committed by an adult.

7. The practice and procedure customary in proceedings in equity shall govern all proceedings in the juvenile court; except that, the court shall not grant a continuance in such proceedings absent compelling extenuating circumstances, and in such cases, the court shall make written findings on the record detailing the specific reasons for granting a continuance.

8. The court shall allow the victim of any offense to submit a written statement to the court. The court shall allow the victim to appear before the court personally or by counsel for the purpose of making a statement, unless the court finds that the presence of the victim would not serve justice. The statement shall relate solely to the facts of the case and any personal injuries or financial loss incurred by the victim. A member of the immediate family of the victim may appear personally or by counsel to make a statement if the victim has died or is otherwise unable to appear as a result of the offense committed by the child."; and

House Amendment No. 4

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 869, Page 4, Section 37.710, Line 45, by inserting after all of said section and line the following:

"208.631. 1. Notwithstanding any other provision of law to the contrary, the MO HealthNet division shall establish a program to pay for health care for uninsured children. Coverage pursuant to sections 208.631 to [208.659] **208.658** is subject to appropriation. The provisions of sections 208.631 to [208.569] **208.658**, health care for uninsured children, shall be void and of no effect if there are no funds of the United States appropriated by Congress to be provided to the state on the basis of a state plan approved by the federal government under the federal Social Security Act. If funds are appropriated by the United States Congress, the department of social services is authorized to manage the state children's health insurance program (SCHIP) allotment in order to ensure that the state receives maximum federal financial participation. Children in households with incomes up to one hundred fifty percent of the federal poverty level may meet all Title XIX program guidelines as required by the Centers for Medicare and Medicaid Services. Children in households with incomes of one hundred fifty percent to three hundred percent of the federal poverty level shall continue to be eligible as they were and receive services as they did on June 30, 2007, unless changed by the Missouri general assembly.

2. For the purposes of sections 208.631 to [208.659] **208.658**, "children" are persons up to nineteen years of age. "Uninsured children" are persons up to nineteen years of age who are emancipated and do not have access to affordable employer-subsidized health care insurance or other health care coverage or persons whose parent or guardian have not had access to affordable employer-subsidized health care insurance or other health care coverage for their children [for six months] prior to application, are residents of the state of Missouri, and have parents or guardians who meet the requirements in section 208.636. A child who is eligible for MO HealthNet benefits as authorized in section 208.151 is not uninsured for the purposes of sections 208.631 to [208.659] **208.658**.

208.636. Parents and guardians of uninsured children eligible for the program established in sections 208.631 to [208.657] **208.658** shall:

(1) Furnish to the department of social services the uninsured child's Social Security number or numbers, if the uninsured child has more than one such number;

- (2) Cooperate with the department of social services in identifying and providing information to assist the state in pursuing any third-party insurance carrier who may be liable to pay for health care;
- (3) Cooperate with the department of social services, division of child support enforcement in establishing paternity and in obtaining support payments, including medical support; **and**
- (4) Demonstrate upon request their child's participation in wellness programs including immunizations and a periodic physical examination. This subdivision shall not apply to any child whose parent or legal guardian objects in writing to such wellness programs including immunizations and an annual physical examination because of religious beliefs or medical contraindications[; and
- (5) Demonstrate annually that their total net worth does not exceed two hundred fifty thousand dollars in total value].

208.640. 1. Parents and guardians of uninsured children with incomes of more than one hundred fifty but less than three hundred percent of the federal poverty level who do not have access to affordable employer-sponsored health care insurance or other affordable health care coverage may obtain coverage for their children under this section. Health insurance plans that do not cover an eligible child's preexisting condition shall not be considered affordable employer-sponsored health care insurance or other affordable health care coverage. For the purposes of sections 208.631 to [208.659] **208.658**, "affordable employer-sponsored health care insurance or other affordable health care coverage" refers to health insurance requiring a monthly premium of:

- (1) Three percent of one hundred fifty percent of the federal poverty level for a family of three for families with a gross income of more than one hundred fifty and up to one hundred eighty-five percent of the federal poverty level for a family of three;
- (2) Four percent of one hundred eighty-five percent of the federal poverty level for a family of three for a family with a gross income of more than one hundred eighty-five and up to two hundred twenty-five percent of the federal poverty level;
- (3) Five percent of two hundred twenty-five percent of the federal poverty level for a family of three for a family with a gross income of more than two hundred twenty-five but less than three hundred percent of the federal poverty level.

The parents and guardians of eligible uninsured children pursuant to this section are responsible for a monthly premium as required by annual state appropriation; provided that the total aggregate cost sharing for a family covered by these sections shall not exceed five percent of such family's income for the years involved. No co-payments or other cost sharing is permitted with respect to benefits for well-baby and well-child care including age-appropriate immunizations. Cost-sharing provisions for their children under sections 208.631 to [208.659] **208.658** shall not exceed the limits established by 42 U.S.C. Section 1397cc(e). If a child has exceeded the annual coverage limits for all health care services, the child is not considered insured and does not have access to affordable health insurance within the meaning of this section.

Senate Amendment No. 1

AMEND Senate Committee Substitute for House Bill No. 1390, Page 1, Section A, Line 4, by inserting after all of said line the following:

"160.545. 1. There is hereby established within the department of elementary and secondary education the "A+ Schools Program" to be administered by the commissioner of education. The program shall consist of grant awards made to public secondary schools that demonstrate a commitment to ensure that:

- (1) All students be graduated from school;
- (2) All students complete a selection of high school studies that is challenging and for which there are identified learning expectations; and
- (3) All students proceed from high school graduation to a college or postsecondary vocational or technical school or high-wage job with work place skill development opportunities.

2. The state board of education shall promulgate rules and regulations for the approval of grants made under the program to schools that:

- (1) Establish measurable districtwide performance standards for the goals of the program outlined in subsection 1 of this section; and
- (2) Specify the knowledge, skills and competencies, in measurable terms, that students must demonstrate to successfully complete any individual course offered by the school, and any course of studies which will qualify a student for graduation from the school; and

- (3) Do not offer a general track of courses that, upon completion, can lead to a high school diploma; and
- (4) Require rigorous coursework with standards of competency in basic academic subjects for students pursuing vocational and technical education as prescribed by rule and regulation of the state board of education; and

- (5) Have a partnership plan developed in cooperation and with the advice of local business persons, labor leaders, parents, and representatives of college and postsecondary vocational and technical school representatives, with the plan then approved by the local board of education. The plan shall specify a mechanism to receive information on an annual basis from those who developed the plan in addition to senior citizens, community leaders, and teachers to update the plan in order to best meet the goals of the program as provided in subsection 1 of this section. Further, the plan shall detail the procedures used in the school to identify students that may drop out of school and the intervention services to be used to meet the needs of such students. The plan shall outline counseling and mentoring services provided to students who will enter the work force upon graduation from high school, address apprenticeship and intern programs, and shall contain procedures for the recruitment of volunteers from the community of the school to serve in schools receiving program grants.

3. A school district may participate in the program irrespective of its accreditation classification by the state board of education, provided it meets all other requirements.

4. By rule and regulation, the state board of education may determine a local school district variable fund match requirement in order for a school or schools in the district to receive a grant under the program. However, no school in any district shall receive a grant under the program unless the district designates a salaried employee to serve as the program coordinator, with the district assuming a minimum of one-half the cost of the salary and other benefits provided to the coordinator. Further, no school in any district shall receive a grant under the program unless the district makes available facilities and services for adult literacy training as specified by rule of the state board of education.

5. For any school that meets the requirements for the approval of the grants authorized by this section and specified in subsection 2 of this section for three successive school years, by August first following the third such school year, the commissioner of education shall present a plan to the superintendent of the school district in which such school is located for the waiver of rules and regulations to promote flexibility in the operations of the school and to enhance and encourage efficiency in the delivery of instructional services in the school. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257 in the school. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school related to the authority of the state board of education to classify school districts pursuant to subdivision (9) of section 161.092 and such other rules and regulations as determined by the commissioner of education, except such waivers shall be confined to the school and not other schools in the school district unless such other schools meet the requirements of this subsection. However, any waiver provided to any school as outlined in this subsection shall be void on June thirtieth of any school year in which the school fails to meet the requirements for the approval of the grants authorized by this section as specified in subsection 2 of this section.

6. For any school year, grants authorized by subsections 1 [to 3], **2, and 4** of this section shall be funded with the amount appropriated for this program, less those funds necessary to reimburse eligible students pursuant to subsection 7 of this section.

7. The [commissioner] **department of higher** education shall, by rule [and regulation of the state board of education and with the advice of the coordinating board for higher education], establish a procedure for the reimbursement of the cost of tuition, books and fees to any public community college or vocational or technical school or within the limits established in subsection 9 of this section for any two-year private vocational or technical school for any student:

(1) Who has attended a public high school in the state for at least three years immediately prior to graduation that meets the requirements of subsection 2 of this section[.]; except that students who are active duty military dependents, and students who are dependants of retired military who relocate to Missouri within one year of the date of the parent's retirement from active duty, who, in the school year immediately preceding graduation, meet all other requirements of this subsection and are attending a school that meets the requirements of subsection 2 of this section shall be exempt from the three-year attendance requirement of this subdivision; and

(2) Who has made a good faith effort to first secure all available federal sources of funding that could be applied to the reimbursement described in this subsection; and

(3) Who has earned a minimal grade average while in high school as determined by rule of the [state board] **department of higher** education, and other requirements for the reimbursement authorized by this subsection as determined by rule and regulation of [said board] **the department**.

8. The commissioner of education shall develop a procedure for evaluating the effectiveness of the program described in this section. Such evaluation shall be conducted annually with the results of the evaluation provided to the governor, speaker of the house, and president pro tempore of the senate.

9. For a two-year private vocational or technical school to obtain reimbursements under subsection 7 of this section, the following requirements shall be satisfied:

(1) Such two-year private vocational or technical school shall be a member of the North Central Association and be accredited by the Higher Learning Commission as of July 1, 2008, and maintain such accreditation;

(2) Such two-year private vocational or technical school shall be designated as a 501(c)(3) nonprofit organization under the Internal Revenue Code of 1986, as amended;

(3) No two-year private vocational or technical school shall receive tuition reimbursements in excess of the tuition rate charged by a public community college for course work offered by the private vocational or technical school within the service area of such college; and

(4) The reimbursements provided to any two-year private vocational or technical school shall not violate the provisions of article IX, section 8, or article I, section 7, of the Missouri Constitution or the first amendment of the United States Constitution.

(c) Earn a minimal grade point average while in high school as determined by rule of the department of higher education and other requirements for the reimbursement authorized by this subsection as determined by administrative rule of the department.

(2) Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this subsection shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void."; and

After the land management company receives a copy of the notice from the utility, the land management company shall send a complete copy of that notice, by certified mail or by private delivery service which requires a return receipt, to the railroad or railroad corporation within two business days. No utility may commence a crossing until the railroad or railroad corporation has approved the crossing. The railroad or railroad corporation shall have thirty days from the receipt of the notice to review and approve or reject the proposed crossing. The railroad or railroad corporation shall reject a proposed crossing only if special circumstances exist. If the railroad or railroad corporation rejects a proposed crossing, the utility may submit an amended proposal for a crossing. The railroad or railroad corporation shall have an additional thirty days from receipt of the amended proposal to review and approve or reject the amended crossing proposal. The railroad or railroad corporation shall not unreasonably withhold approval. Once the railroad or railroad corporation grants such approval, and upon payment of the fee and any other payments authorized pursuant to sections 389.586 or 389.587, the utility shall be deemed to have authorization to commence the crossing activity. The utility shall provide the railroad or railroad corporation with written notification of the commencement of the crossing activity before beginning such activity.

2. The land management company and the utility shall maintain and repair its own property within the land management corridor and each shall bear responsibility for its own acts and omissions, except that the utility shall be responsible for any bodily injury or property damage arising from the installation, maintenance, repair and its use of the crossing. The railroad or railroad corporation may require the utility and the land management company to obtain reasonable amounts of comprehensive general liability insurance and railroad protective liability insurance coverage for a crossing, and that this insurance coverage name the railroad or railroad corporation as an insured.

Further, the land management company and the utility shall provide the railroad or railroad corporation with proof that they have liability insurance coverage which meets such requirements, if any.

3. A utility shall have immediate access to a crossing for repair and maintenance of existing facilities in case of an immediate threat to life and upon notification to the applicable railroad or railroad corporation. Before commencing any such work, the utility must first contact the railroad or railroad corporation's dispatch center, command center or other facility which is designated to receive emergency communications.

The engineering specifications shall comply with the clearance requirements as established by the National Electrical Safety Code, the American Railway Engineering and Maintenance of Way Association and the standards of the applicable railroad or railroad corporation which are in effect and which apply to conditions at a particular crossing. The land management company and utility shall further be responsible for any modifications, upgrades or other changes which may be needed to comply with changes in said standards.

5. The utility, the railroad or railroad corporation, and the land management company shall agree to such other terms and conditions as may be necessary to provide for reasonable use of a land management corridor by a utility.]

[389.587. Unless otherwise agreed by the parties and subject to section 389.588, a utility that locates its facilities within the railroad right-of-way for a crossing, other than a crossing along a state highway or other public road, shall pay the land management company a one-time standard crossing fee of one thousand five hundred dollars for each crossing plus the costs associated with modifications to existing insurance contracts of the land management company. The standard crossing fee shall be in lieu of any license, permit, application, plan review, or any other fees or charges to reimburse the land management company for the direct expenses incurred by the land management company as a result of the crossing. The utility shall also reimburse the land management company for any actual flagging expenses associated with a crossing in addition to the standard crossing fee. The railroad or railroad corporation has the right to halt work at the crossing if the flagging does not meet the standards of the railroad or railroad corporation. Nothing in this section is intended to otherwise restrict or limit any authority or right a utility may have to locate facilities at a crossing along a state highway or any other public road or to otherwise enter upon lands where authorized by law.]

[389.588. 1. Notwithstanding the provisions of section 389.586, nothing shall prevent a land management company and a utility from otherwise negotiating the terms and conditions applicable to a crossing or the resolution of any disputes relating to the crossing so long as they do not interfere with the rights of a railroad or railroad corporation. No agreement between a land management company and a utility shall affect the rights, interests or operations of a railroad or railroad corporation.

2. Notwithstanding subsection 1 of this section, the provisions of this section shall not impair the authority of a utility to secure crossing rights by easement pursuant to the exercise of the power of eminent domain.]

[389.589. 1. If the parties cannot agree that special circumstances exist, the dispute shall be submitted to binding arbitration.

2. Either party may give written notice to the other party of the commencement of a binding arbitration proceeding in accordance with the commercial rules of arbitration in the American Arbitration Association. Any decision by the board of arbitration shall be final, binding and conclusive as to the parties. Nothing provided in this section shall prevent either party from submission of disputes to the courts. Land management companies and utilities may seek enforcement of sections 389.586 through 389.591 in a court of proper jurisdiction and shall be entitled to reasonable attorney fees if they prevail.

3. If the dispute over special circumstances concerns only the compensation associated with a crossing, then the utility may proceed with installation of the crossing during the pendency of the arbitration.]

[389.591. 1. Notwithstanding any provision of law to the contrary, sections 389.585 to 389.591 shall apply in all crossings of land management corridors involving a land management company and a utility and shall govern in the event of any conflict with any other provision of law, except that sections 389.585 to 389.591 shall not override or nullify the condemnation laws of this state nor confer the power of eminent domain on any entity not granted such power prior to August 28, 2013.

2. The provisions of sections 389.585 to 389.591 shall apply to a crossing commenced after August 28, 2013. These provisions shall also apply to a crossing commenced before August 28, 2013, but only upon the expiration or termination of the agreement for such crossing.]"; and

JOURNAL OF THE HOUSE

Second Regular Session, 97th GENERAL ASSEMBLY

SEVENTIETH DAY, FRIDAY, MAY 16, 2014

The House met pursuant to adjournment.

Speaker Jones in the Chair.

Prayer by Msgr. Robert A. Kurwicky, Chaplain.

What is impossible with people is possible with God. (Luke 18:27)

O God of Life and Love, by whose creative Spirit we have the gift of this final day of our legislative session and whose sustaining presence we are given strength for these last hectic hours, we pause in silence before You as the pressure of persistent duties lays its demanding hands upon us once more.

We yield our lives to You and go forth into this last day strengthened with Your unfailing Spirit in our hearts and sustained by an unfaltering trust in the wisdom of Your ways. In these long and trying few hours give us the courage that never fails, the faith that never falters, and the hope that never fades.

Upon our Speaker, the members of this body, the leaders of our political parties, upon all who make decisions which determine our destiny, grant wisdom that they may be wise, strength that they may be made strong, and love that they may be filled with compassion. Together may we meet the issues of this last full day with honor to ourselves, to our great state, and to You.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Clark James Cornejo and Justin Alferman.

The Journal of the sixty-ninth day was approved as corrected.

HOUSE COURTESY RESOLUTIONS OFFERED AND ISSUED

House Resolution No. 3333 through House Resolution No. 3362

THIRD READING OF SENATE BILLS

SCS SB 642, relating to surface mining, was taken up by Representative Engler.

Representative Miller offered **House Amendment No. 1**.

House Amendment No. 1

AMEND Senate Committee Substitute for Senate Bill No. 642, Page 1, in the title, Line 3, by deleting the words "surface mining" and inserting in lieu thereof the words "natural resources"; and

Further amend said bill and page, Section A, Line 3, by inserting after all of said section and line the following:

"260.273. 1. Any person purchasing a new tire may present to the seller the used tire or remains of such used tire for which the new tire purchased is to replace.

2. A fee for each new tire sold at retail shall be imposed on any person engaging in the business of making retail sales of new tires within this state. The fee shall be charged by the retailer to the person who purchases a tire for use and not for resale. Such fee shall be imposed at the rate of fifty cents for each new tire sold. Such fee shall be added to the total cost to the purchaser at retail after all applicable sales taxes on the tires have been computed. The fee imposed, less six percent of fees collected, which shall be retained by the tire retailer as collection costs, shall be paid to the department of revenue in the form and manner required by the department of revenue and shall include the total number of new tires sold during the preceding month. The department of revenue shall promulgate rules and regulations necessary to administer the fee collection and enforcement. The terms "sold at retail" and "retail sales" do not include the sale of new tires to a person solely for the purpose of resale, if the subsequent retail sale in this state is to the ultimate consumer and is subject to the fee.

3. The department of revenue shall administer, collect and enforce the fee authorized pursuant to this section pursuant to the same procedures used in the administration, collection and enforcement of the general state sales and use tax imposed pursuant to chapter 144 except as provided in this section. The proceeds of the new tire fee, less four percent of the proceeds, which shall be retained by the department of revenue as collection costs, shall be transferred by the department of revenue into an appropriate subaccount of the solid waste management fund, created pursuant to section 260.330.

4. Up to five percent of the revenue available may be allocated, upon appropriation, to the department of natural resources to be used cooperatively with the department of elementary and secondary education for the purposes of developing environmental educational materials, programs, and curriculum that assist in the department's implementation of sections 260.200 to 260.345.

5. Up to fifty percent of the moneys received pursuant to this section may, upon appropriation, be used to administer the programs imposed by this section. Up to forty-five percent of the moneys received under this section may, upon appropriation, be used for the grants authorized in subdivision (2) of subsection 6 of this section. All remaining moneys shall be allocated, upon appropriation, for the projects authorized in section 260.276, except that any unencumbered moneys may be used for public health, environmental, and safety projects in response to environmental or public health emergencies and threats as determined by the director.

6. The department shall promulgate, by rule, a statewide plan for the use of moneys received pursuant to this section to accomplish the following:

- (1) Removal of [waste] **scrap** tires from illegal tire dumps;
- (2) Providing grants to persons that will use products derived from [waste] **scrap** tires, or [used waste] **use scrap** tires as a fuel or fuel supplement; and
- (3) Resource recovery activities conducted by the department pursuant to section 260.276.

7. The fee imposed in subsection 2 of this section shall begin the first day of the month which falls at least thirty days but no more than sixty days immediately following August 28, 2005, and shall terminate January 1, [2015] **2020**.

260.279. In letting contracts for the performance of any job or service for the removal or clean up of [waste] **scrap** tires under this chapter, the department of natural resources shall, in addition to the requirements of sections 34.073 and 34.076 and any other points awarded during the evaluation process, give to any vendor that meets one or more of the following factors a five percent preference and ten bonus points for each factor met:

(1) The bid is submitted by a vendor that has resided or maintained its headquarters or principal place of business in Missouri continuously for the two years immediately preceding the date on which the bid is submitted;

(2) The bid is submitted by a nonresident corporation vendor that has an affiliate or subsidiary that employs at least twenty state residents and has maintained its headquarters or principal place of business in Missouri continuously for the two years immediately preceding the date on which the bid is submitted;

(3) The bid is submitted by a vendor that resides or maintains its headquarters or principal place of business in Missouri and, for the purposes of completing the bid project and continuously over the entire term of the project, an average of at least seventy-five percent of such vendor's employees are Missouri residents who have resided in the state continuously for at least two years immediately preceding the date on which the bid is submitted. Such vendor must certify the residency requirements of this subdivision and submit a written claim for preference at the time the bid is submitted;

(4) The bid is submitted by a nonresident vendor that has an affiliate or subsidiary that employs at least twenty state residents and has maintained its headquarters or principal place of business in Missouri and, for the purposes of completing the bid project and continuously over the entire term of the project, an average of at least seventy-five percent of such vendor's employees are Missouri residents who have resided in the state continuously for at least two years immediately preceding the date on which the bid is submitted. Such vendor must certify the residency requirements of this section and submit a written claim for preference at the time the bid is submitted;

(5) The bid is submitted by any vendor that provides written certification that the end use of the tires collected during the project will be for fuel purposes or for the manufacture of a useable good or product. For the purposes of this section, the landfilling of [waste] **scrap** tires, [waste] **scrap** tire chips, or [waste] **scrap** tire shreds in any manner, including landfill cover, shall not permit the vendor a preference.

260.355. Exempted from the provisions of sections 260.350 to 260.480 are:

- (1) Radioactive wastes regulated under section 2011, et seq., of title 42 of United States Code;
- (2) Emissions to the air subject to regulation of and which are regulated by the Missouri air conservation commission pursuant to chapter 643;
- (3) Discharges to the waters of this state pursuant to a permit issued by the Missouri clean water commission pursuant to chapter 204;
- (4) Fluids injected or returned into subsurface formations in connection with oil or gas operations regulated by the Missouri oil and gas council pursuant to chapter 259;
- (5) Mining wastes used in reclamation of mined lands pursuant to a permit issued by the Missouri [land reclamation] **mining** commission pursuant to chapter 444.

260.380. 1. After six months from the effective date of the standards, rules and regulations adopted by the commission pursuant to section 260.370, hazardous waste generators located in Missouri shall:

(1) Promptly file and maintain with the department, on registration forms it provides for this purpose, information on hazardous waste generation and management as specified by rules and regulations. Hazardous waste generators shall pay a one hundred dollar registration fee upon initial registration, and a one hundred dollar registration renewal fee annually thereafter to maintain an active registration. Such fees shall be deposited in the hazardous waste fund created in section 260.391;

(2) Containerize and label all hazardous wastes as specified by standards, rules and regulations;

(3) Segregate all hazardous wastes from all nonhazardous wastes and from noncompatible wastes, materials and other potential hazards as specified by standards, rules and regulations;

(4) Provide safe storage and handling, including spill protection, as specified by standards, rules and regulations, for all hazardous wastes from the time of their generation to the time of their removal from the site of generation;

(5) Unless provided otherwise in the rules and regulations, utilize only a hazardous waste transporter holding a license pursuant to sections 260.350 to 260.430 for the removal of all hazardous wastes from the premises where they were generated;

(6) Unless provided otherwise in the rules and regulations, provide a separate manifest to the transporter for each load of hazardous waste transported from the premises where it was generated. The generator shall specify the destination of such load on the manifest. The manner in which the manifest shall be completed, signed and filed with the department shall be in accordance with rules and regulations;

(7) Utilize for treatment, resource recovery, disposal or storage of all hazardous wastes, only a hazardous waste facility authorized to operate pursuant to sections 260.350 to 260.430 or the federal Resource Conservation and Recovery Act, or a state hazardous waste management program authorized pursuant to the federal Resource Conservation and Recovery Act, or any facility exempted from the permit required pursuant to section 260.395;

(8) Collect and maintain such records, perform such monitoring or analyses, and submit such reports on any hazardous waste generated, its transportation and final disposition, as specified in sections 260.350 to 260.430 and rules and regulations adopted pursuant to sections 260.350 to 260.430;

(9) Make available to the department upon request samples of waste and all records relating to hazardous waste generation and management for inspection and copying and allow the department to make unhampered inspections at any reasonable time of hazardous waste generation and management facilities located on the generator's property and hazardous waste generation and management practices carried out on the generator's property;

(10) (a) Pay annually, on or before January first of each year, effective January 1, 1982, a fee to the state of Missouri to be placed in the hazardous waste fund. The fee shall be five dollars per ton or portion thereof of hazardous waste registered with the department as specified in subdivision (1) of this subsection for the twelve-month period ending June thirtieth of the previous year. However, the fee shall not exceed fifty-two thousand dollars per generator site per year nor be less than one hundred fifty dollars per generator site per year.

(b) All moneys payable pursuant to the provisions of this subdivision shall be promptly transmitted to the department of revenue, which shall deposit the same in the state treasury to the credit of the hazardous waste fund created in section 260.391.

(2) The department may determine that a specific quantity of a specific hazardous waste requires special management. Upon such determination and after public notice by press release or advertisement thereof, including instructions for handling and delivery, generators exempted pursuant to this subsection shall deliver, but without a manifest or the requirement to use a licensed hazardous waste transporter, such waste to:

(a) Any storage, treatment or disposal site authorized to operate pursuant to sections 260.350 to 260.430 or the federal Resource Conservation and Recovery Act, or a state hazardous waste management program authorized pursuant to the federal Resource Conservation and Recovery Act which the department designates for this purpose; or

No excavation of fill dirt shall be deemed surface mining regardless of the site of disposition or whether construction occurs at the site of excavation.

444.768. 1. Notwithstanding any statutory fee amounts or maximums to the contrary, the director of the department of natural resources may conduct a comprehensive review and propose changes to the fee, bond, or assessment structure as set forth in chapter 444. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from regulated entities and any other interested parties. Upon completion of the comprehensive review, the department shall submit a proposed fee, bond, or assessment structure with stakeholder agreement to the Missouri mining commission. Failure to pay any fee, bond, or assessment, or any portion thereof, referenced in this section by the due date may result in the imposition of a late fee equal to fifteen percent of the unpaid amount, plus ten percent interest per annum. Any order issued by the department under chapter 444 may require payment of such amounts. The department may bring an action in the appropriate circuit court to collect any unpaid fee, late fee, interest, or attorney's fees and costs incurred directly in fee collection. Such action may be brought in the circuit court of the county in which the facility is located, or in the circuit court of Cole County.

444.770. 1. It shall be unlawful for any operator to engage in surface mining without first obtaining from the commission a permit to do so, in such form as is hereinafter provided, including any operator involved in any gravel mining operation where the annual tonnage of gravel mined by such operator is less than five thousand tons, except as provided in subsection 2 of this section.

2. (1) A property owner or operator conducting gravel removal at the request of a property owner for the primary purpose of managing seasonal gravel accretion on property not used primarily for gravel mining, or a political subdivision who contracts with an operator for excavation to obtain sand and gravel material solely for the use of such political subdivision shall be exempt from obtaining a permit as required in subsection 1 of this section. Such gravel removal shall be conducted solely on the property owner's or political subdivision's property and shall be in accordance with department guidelines, rules, and regulations. The property owner shall notify the department before any person or operator conducts gravel removal from the property owner's property if the gravel is sold. Notification shall include the nature of the activity, name of the county and stream in which the site is located and the property owner's name. The property owner shall not be required to notify the department regarding any gravel removal at each site location for up to one year from the original notification regarding that site. The property owner shall renotify the department before any person or operator conducts gravel removal at any site after the expiration of one year from the previous notification regarding that site. At the time of each notification to the department, the department shall provide the property owner with a copy of the department's guidelines, rules, and regulations relevant to the activity reported. Said guidelines, rules and regulations may be transmitted either by mail or via the internet.

(2) The annual tonnage of gravel mined by such property owner or operator conducting gravel removal at the request of a property owner shall be less than two thousand tons, with a site limitation of one thousand tons annually. Any operator conducting gravel removal at the request of a property owner that has removed two thousand tons of sand and gravel material within one calendar year shall have a watershed management practice plan approved by the commission in order to remove any future sand or gravel material the remainder of the calendar year. The application for approval shall be accompanied by an application fee equivalent to the fee paid under section 444.772 and shall contain the name of the watershed from which the operator will be conducting sand and gravel removal, the location within the watershed district that the sand and gravel will be removed, and the description of the vehicles and equipment used for removal. Upon approval of the watershed management practice plan, the department shall provide a copy of the relevant commission regulations to the operator.

(3) No property owner or operator conducting gravel removal at the request of a property owner for the primary purpose of managing seasonal gravel accretion on property not used primarily for gravel mining shall conduct gravel removal from any site located within a distance, to be determined by the commission and included in the guidelines, rules, and regulations given to the property owner at the time of notification, of any building, structure, highway, road, bridge, viaduct, water or sewer line, and pipeline or utility line.

3. Sections 444.760 to 444.790 shall apply only to those areas which are opened on or after January 1, 1972, or to the extended portion of affected areas extended after that date. The effective date of this section for minerals not previously covered under the provisions of sections 444.760 to 444.790 shall be August 28, 1990.

4. All surface mining operations where land is affected after September 28, 1971, which are under the control of any government agency whose regulations are equal to or greater than those imposed by section 444.774, are not subject to the further provisions of sections 444.760 to 444.790, except that such operations shall be registered with the [land reclamation] **Missouri mining** commission.

5. Any portion of a surface mining operation which is subject to the provisions of sections 260.200 to 260.245 and the regulations promulgated thereunder, shall not be subject to the provisions of sections 444.760 to 444.790, and any bonds or portions thereof applicable to such operations shall be promptly released by the commission, and the associated permits cancelled by the commission upon presentation to it of satisfactory evidence that the operator has received a permit pursuant to section 260.205 and the regulations promulgated thereunder. Any land reclamation bond associated with such released permits shall be retained by the commission until presentation to the commission of satisfactory evidence that:

(1) The operator has complied with sections 260.226 and 260.227, and the regulations promulgated thereunder, pertaining to closure and postclosure plans and financial assurance instruments; and

(2) The operator has commenced operation of the solid waste disposal area or sanitary landfill as those terms are defined in chapter 260.

6. Notwithstanding the provisions of subsection 1 of this section, any political subdivision which uses its own personnel and equipment or any private individual for personal use may conduct in-stream gravel operations without obtaining from the commission a permit to conduct such an activity.

7. Any person filing a complaint of an alleged violation of this section with the department shall identify himself by name and telephone number, provide the date and location of the violation, and provide adequate information, as determined by the department, that there has been a violation.

Any records, statements, or communications submitted by any person to the department relevant to the complaint shall remain confidential and used solely by the department to investigate such alleged violation."; and

Further amend said bill, Page 7, Section 444.773, Line 92, by inserting after all of said section and line the following:

640.015. 1. All provisions of the law to the contrary notwithstanding, all rules that prescribe environmental conditions or standards promulgated by the department of natural resources, a board or a commission, pursuant to authorities granted in this chapter and chapters 260, 278, 319, 444, 643, and 644, the hazardous waste management commission in chapter 260, the state soil and water districts commission in chapter 278, the [land reclamation] **Missouri mining** commission in chapter 444, the safe drinking water commission in this chapter, the air conservation commission in chapter 643, and the clean water commission in chapter 644 shall cite the specific section of law or legal authority. The rule shall also be based on the regulatory impact report provided in this section.

2. The regulatory impact report required by this section shall include:

- (1) A report on the peer-reviewed scientific data used to commence the rulemaking process;
- (2) A description of persons who will most likely be affected by the proposed rule, including persons that will bear the costs of the proposed rule and persons that will benefit from the proposed rule;
- (3) A description of the environmental and economic costs and benefits of the proposed rule;
- (4) The probable costs to the agency and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenue;
- (5) A comparison of the probable costs and benefits of the proposed rule to the probable costs and benefits of inaction, which includes both economic and environmental costs and benefits;
- (6) A determination of whether there are less costly or less intrusive methods for achieving the proposed rule;
- (7) A description of any alternative method for achieving the purpose of the proposed rule that were seriously considered by the department and the reasons why they were rejected in favor of the proposed rule;

- (10) The identification of the sources of scientific information used in evaluating the risk and a summary of such information;
- (11) A description and impact statement of any uncertainties and assumptions made in conducting the analysis on the resulting risk estimate;
- (12) A description of any significant countervailing risks that may be caused by the proposed rule; and
- (13) The identification of at least one, if any, alternative regulatory approaches that will produce comparable human health, public welfare, or environmental outcomes.

3. The department, board, or commission shall develop the regulatory impact report required by this section using peer-reviewed and published data or when the peer-reviewed data is not reasonably available, a written explanation shall be filed at the time of the rule promulgation notice explaining why the peer-reviewed data was not available to support the regulation. If the peer-reviewed data is not available, the department must provide all scientific references and the types, amount, and sources of scientific information that was used to develop the rule at the time of the rule promulgation notice.

4. The department, board, or commission shall publish in at least one newspaper of general circulation, qualified pursuant to chapter 493, with an average circulation of twenty thousand or more and on the department, board, or commission website a notice of availability of any regulatory impact report conducted pursuant to this section and shall make such assessments and analyses available to the public by posting them on the department, board, or commission website. The department, board, or commission shall allow at least sixty days for the public to submit comments and shall post all comments and respond to all significant comments prior to promulgating the rule.

5. The department, board, or commission shall file a copy of the regulatory impact report with the joint committee on administrative rules concurrently with the filing of the proposed rule pursuant to section 536.024.

6. If the department, board, or commission fails to conduct the regulatory impact report as required for each proposed rule pursuant to this section, such rule shall be void unless the written explanation delineating why the peer-reviewed data was not available has been filed at the time of the rule promulgation notice.

7. Any other provision of this section to the contrary notwithstanding, the department, board, or commission referenced in subsection 1 of this section may adopt a rule without conducting a regulatory impact report if the director of the department determines that immediate action is necessary to protect human health, public welfare, or the environment; provided, however, in doing so, the department, board, or commission shall be required to provide written justification as to why it deviated from conducting a regulatory impact report and shall complete the regulatory impact report within one hundred eighty days of the adoption of the rule.

8. The provisions of this section shall not apply if the department adopts environmental protection agency rules and rules from other applicable federal agencies without variance.

640.016. 1. The department of natural resources shall not place in any permit any requirement, provision, stipulation, or any other restriction which is not prescribed or authorized by regulation or statute, unless the requirement, provision, stipulation, or other restriction is pursuant to the authority addressed in statute.

2. Prior to submitting a permit to public comment the department of natural resources shall deliver such permit to the permit applicant at the contact address on the permit application for final review. In the interest of expediting permit issuance, permit applicants may waive the opportunity to review draft permits prior to public notice. The permit applicant shall have ten days to review the permit for errors. Upon receipt of the applicant's review of the permit, the department of natural resources shall correct the permit where nonsubstantive drafting errors exist. The department of natural resources shall make such changes within ten days and submit the permit for public comment. If the permit applicant is not provided the opportunity to review permits prior to submission for public comment, the permit applicant shall have the authority to correct drafting errors in their permits after they are issued without paying any fee for such changes or modifications.

3. In any matter where a permit is denied by the department of natural resources pursuant to authorities granted in this chapter and chapters 260, 278, 319, 444, 643, and 644, the hazardous waste management commission in chapter 260, the state soil and water districts commission in chapter 278, the [land reclamation] **Missouri mining** commission in chapter 444, the safe drinking water commission in this chapter, the air conservation commission in chapter 643, and the clean water commission in chapter 644, such denial shall clearly state the basis for such denial.

4. Once a permit or action has been approved by the department, the department shall not revoke or change, without written permission from the permittee, the decision for a period of one year or unless the department determines that immediate action is necessary to protect human health, public welfare, or the environment.

640.100. 1. The safe drinking water commission created in section 640.105 shall promulgate rules necessary for the implementation, administration and enforcement of sections 640.100 to 640.140 and the federal Safe Drinking Water Act as amended.

2. No standard, rule or regulation or any amendment or repeal thereof shall be adopted except after a public hearing to be held by the commission after at least thirty days' prior notice in the manner prescribed by the rulemaking provisions of chapter 536 and an opportunity given to the public to be heard; the commission may solicit the views, in writing, of persons who may be affected by, knowledgeable about, or interested in proposed rules and regulations, or standards. Any person heard or registered at the hearing, or making written request for notice, shall be given written notice of the action of the commission with respect to the subject thereof. Any rule or portion of a rule, as that term is defined in section 536.010, that is promulgated to administer and enforce sections 640.100 to 640.140 shall become effective only if the agency has fully complied with all of the requirements of chapter 536, including but not limited to section 536.028, if applicable, after June 9, 1998. All rulemaking authority delegated prior to June 9, 1998, is of no force and effect and repealed as of June 9, 1998, however, nothing in this section shall be interpreted to repeal or affect the validity of any rule adopted or promulgated prior to June 9, 1998. If the provisions of section 536.028 apply, the provisions of this section are nonseverable and if any of the powers vested with the general assembly pursuant to section 536.028 to review, to delay the effective date, or to disapprove and annul a rule or portion of a rule are held unconstitutional or invalid, the purported grant of rulemaking authority and any rule so proposed and contained in the order of rulemaking shall be invalid and void, except that nothing in this chapter or chapter 644 shall affect the validity of any rule adopted and promulgated prior to June 9, 1998.

3. The commission shall promulgate rules and regulations for the certification of public water system operators, backflow prevention assembly testers and laboratories conducting tests pursuant to sections 640.100 to 640.140. Any person seeking to be a certified backflow prevention assembly tester shall satisfactorily complete standard, nationally recognized written and performance examinations designed to ensure that the person is competent to determine if the assembly is functioning within its design specifications. Any such state certification shall satisfy any need for local certification as a backflow prevention assembly tester. However, political subdivisions may set additional testing standards for individuals who are seeking to be certified as backflow prevention assembly testers. Notwithstanding any other provision of law to the contrary, agencies of the state or its political subdivisions shall only require carbonated beverage dispensers to conform to the backflow protection requirements established in the National Sanitation Foundation standard eighteen, and the dispensers shall be so listed by an independent testing laboratory. The commission shall promulgate rules and regulations for collection of samples and analysis of water furnished by municipalities, corporations, companies, state establishments, federal establishments or individuals to the public. The department of natural resources or the department of health and senior services shall, at the request of any supplier, make any analyses or tests required pursuant to the terms of section 192.320 and sections 640.100 to 640.140. The department shall collect fees to cover the reasonable cost of laboratory services, both within the department of natural resources and the department of health and senior services, laboratory certification and program administration as required by sections

640.100 to 640.140. The laboratory services and program administration fees pursuant to this subsection shall not exceed two hundred dollars for a supplier supplying less than four thousand one hundred service connections, three hundred dollars for supplying less than seven thousand six hundred service connections, five hundred dollars for supplying seven thousand six hundred or more service connections, and five hundred dollars for testing surface water. Such fees shall be deposited in the safe drinking water fund as specified in section 640.110. The analysis of all drinking water required by section 192.320 and sections 640.100 to 640.140 shall be made by the department of natural resources laboratories, department of health and senior services laboratories or laboratories certified by the department of natural resources.

4. The department of natural resources shall establish and maintain an inventory of public water supplies and conduct sanitary surveys of public water systems. Such records shall be available for public inspection during regular business hours.

5. (1) For the purpose of complying with federal requirements for maintaining the primacy of state enforcement of the federal Safe Drinking Water Act, the department is hereby directed to request appropriations from the general revenue fund and all other appropriate sources to fund the activities of the public drinking water program and in addition to the fees authorized pursuant to subsection 3 of this section, an annual fee for each customer service connection with a public water system is hereby authorized to be imposed upon all customers of public water systems in this state. [The fees collected shall not exceed the amounts specified in this subsection and the commission may set the fees, by rule, in a lower amount by proportionally reducing all fees charged pursuant to this subsection from the specified maximum amounts. Reductions shall be roughly proportional but in each case shall be divisible by twelve.] Each customer of a public water system shall pay an annual fee for each customer service connection.

(2) The annual fee per customer service connection for unmetered customers and customers with meters not greater than one inch in size shall be based upon the number of service connections in the water system serving that customer, and shall not exceed:

1 to 1,000 connections.....	\$ 3.24
1,001 to 4,000 connections.....	3.00
4,001 to 7,000 connections.....	2.76
7,001 to 10,000 connections.....	2.40
10,001 to 20,000 connections.....	2.16
20,001 to 35,000 connections.....	1.92
35,001 to 50,000 connections.....	1.56
50,001 to 100,000 connections.....	1.32
More than 100,000 connections.....	1.08.

(3) The annual user fee for customers having meters greater than one inch but less than or equal to two inches in size shall not exceed seven dollars and forty-four cents; for customers with meters greater than two inches but less than or equal to four inches in size shall not exceed forty-one dollars and sixteen cents; and for customers with meters greater than four inches in size shall not exceed eighty-two dollars and forty-four cents.

(4) Customers served by multiple connections shall pay an annual user fee based on the above rates for each connection, except that no single facility served by multiple connections shall pay a total of more than five hundred dollars per year.

6. Fees imposed pursuant to subsection 5 of this section shall become effective on August 28, 2006, and shall be collected by the public water system serving the customer beginning September 1, 2006, and continuing until such time that the safe drinking water commission, at its discretion, specifies a [lower] **different** amount under [subdivision (1) of] subsection [5] **8** of this section. The commission shall promulgate rules and regulations on the procedures for billing, collection and delinquent payment. Fees collected by a public water system pursuant to subsection 5 of this section **and fees established by the commission pursuant to subsection 8 of this section** are state fees. The annual fee shall be enumerated separately from all other charges, and shall be collected in monthly, quarterly or annual increments. Such fees shall be transferred to the director of the department of revenue at frequencies not less than quarterly. Two percent of the revenue arising from the fees shall be retained by the public water system for the purpose of reimbursing its expenses for billing and collection of such fees.

7. Imposition and collection of the fees authorized in subsection 5 **and fees established by the commission pursuant to subsection 8** of this section shall be suspended on the first day of a calendar quarter if, during the preceding calendar quarter, the federally delegated authority granted to the safe drinking water program within the department of natural resources to administer the Safe Drinking Water Act, 42 U.S.C. 300g-2, is withdrawn. The fee shall not be reinstated until the first day of the calendar quarter following the quarter during which such delegated authority is reinstated.

8. [Fees imposed pursuant to subsection 5 of this section shall expire on September 1, 2017.] **Notwithstanding any statutory fee amounts or maximums to the contrary, the department of natural resources may conduct a comprehensive review and propose changes to the fee structure set forth in this section. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from public and private water suppliers, and any other interested parties. Upon completion of the comprehensive review, the department shall submit a proposed fee structure with stakeholder agreement to the safe drinking water commission. The commission shall review such recommendations at a forthcoming regular or special meeting, but shall not vote on the fee structure until a subsequent meeting. If the commission approves, by vote of two-thirds majority or six of nine commissioners, the fee structure recommendations, the commission shall authorize the department to file a notice of proposed rulemaking containing the recommended fee structure, and after considering public comments may authorize the department to file the final order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the following calendar year, at which point the existing fee structure shall expire. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly within the first sixty calendar days of the regular session immediately following the filing of such regulation, disapproves the regulation by concurrent resolution. If the general assembly so disapproves any regulation filed under this subsection, the department and the commission shall not implement the proposed fee structure and shall continue to use the previous fee structure. The authority of the commission to further revise the fee structure as provided by this subsection shall expire on August 28, 2024.**

643.055. 1. Other provisions of law notwithstanding, the Missouri air conservation commission shall have the authority to promulgate rules and regulations, pursuant to chapter 536, to establish standards and guidelines to ensure that the state of Missouri is in compliance with the provisions of the federal Clean Air Act, as amended (42 U.S.C. Section 7401, et seq.). The standards and guidelines so established shall not be any stricter than those required under the provisions of the federal Clean Air Act, as amended; nor shall those standards and guidelines be enforced in any area of the state prior to the time required by the federal Clean Air Act, as amended. The restrictions of this section shall not apply to the parts of a state implementation plan developed by the commission to bring a nonattainment area into compliance and to maintain compliance when needed to have a United States Environmental Protection Agency approved state implementation plan. The determination of which parts of a state implementation plan are not subject to the restrictions of this section shall be based upon specific findings of fact by the air conservation commission as to the rules, regulations and criteria that are needed to have a United States Environmental Protection Agency approved plan.

2. The Missouri air conservation commission shall also have the authority to grant exceptions and variances from the rules set under subsection 1 of this section when the person applying for the exception or variance can show that compliance with such rules:

- (1) Would cause economic hardship; or
- (2) Is physically impossible; or
- (3) Is more detrimental to the environment than the variance would be; or
- (4) Is impractical or of insignificant value under the existing conditions.

3. The department shall not regulate the manufacture, performance, or use of residential wood burning heaters or appliances through a state implementation plan or otherwise, unless first specifically authorized to do so by the general assembly. No rule or regulation respecting the establishment or the enforcement of performance standards for residential wood burning heaters or appliances shall become effective unless and until first approved by the joint committee on administrative rules.

4. New rules or regulations shall not be applied to existing wood burning furnaces, stoves, fireplaces, or heaters that individuals are currently using as their source of heat for their homes or businesses. All wood burning furnaces, stoves, fireplaces, and heaters existing on August 28, 2014 shall be not subject to any rules or regulations enacted after such date. No employee of the state or state agency shall enforce any new rules or regulations against such existing wood burning furnaces, stoves, fireplaces, and heaters.

643.079. 1. Any air contaminant source required to obtain a permit issued under sections 643.010 to 643.355 shall pay annually beginning April 1, 1993, a fee as provided herein. For the first year the fee shall be twenty-five dollars per ton of each regulated air contaminant emitted. Thereafter, the fee shall be set every three years by the commission by rule and shall be at least twenty-five dollars per ton of regulated air contaminant emitted but not more than forty dollars per ton of regulated air contaminant emitted in the previous calendar year. If necessary, the commission may make annual adjustments to the fee by rule. The fee shall be set at an amount consistent with the need to fund the reasonable cost of administering sections 643.010 to 643.355, taking into account other moneys received pursuant to sections 643.010 to 643.355. For the purpose of determining the amount of air contaminant emissions on which the fees authorized under this section are assessed, a facility shall be considered one source under the definition of subsection 2 of section 643.078, except that a facility with multiple operating permits shall pay the emission fees authorized under this section separately for air contaminants emitted under each individual permit.

2. A source which produces charcoal from wood shall pay an annual emission fee under this subsection in lieu of the fee established in subsection 1 of this section. The fee shall be based upon a maximum fee of twenty-five dollars per ton and applied upon each ton of regulated air contaminant emitted for the first four thousand tons of each contaminant emitted in the amount established by the commission pursuant to subsection 1 of this section, reduced according to the following schedule:

- (1) For fees payable under this subsection in the years 1993 and 1994, the fee shall be reduced by one hundred percent;
- (2) For fees payable under this subsection in the years 1995, 1996 and 1997, the fee shall be reduced by eighty percent;
- (3) For fees payable under this subsection in the years 1998, 1999 and 2000, the fee shall be reduced by sixty percent.

3. The fees imposed in subsection 2 of this section shall not be imposed or collected after the year 2000 unless the general assembly reimposes the fee.

4. Each air contaminant source with a permit issued under sections 643.010 to 643.355 shall pay the fee for the first four thousand tons of each regulated air contaminant emitted each year but no air contaminant source shall pay fees on total emissions of regulated air contaminants in excess of twelve thousand tons in any calendar year. A permitted air contaminant source which emitted less than one ton of all regulated pollutants shall pay a fee equal to the amount per ton set by the commission. An air contaminant source which pays emission fees to a holder of a certificate of authority issued pursuant to section 643.140 may deduct such fees from any amount due under this section. The fees imposed in this section shall not be applied to carbon oxide emissions. The fees imposed in subsection 1 and this subsection shall not be applied to sulfur dioxide emissions from any Phase I affected unit subject to the requirements of Title IV, Section 404, of the federal Clean Air Act, as amended, 42 U.S.C. 7651, et seq., any sooner than January 1, 2000. The fees imposed on emissions from Phase I affected units shall be consistent with and shall not exceed the provisions of the federal Clean Air Act, as amended, and the regulations promulgated thereunder. Any such fee on emissions from any Phase I affected unit shall be reduced by the amount of the service fee paid by that Phase I affected unit pursuant to subsection 8 of this section in that year. Any fees that may be imposed on Phase I sources shall follow the procedures set forth in subsection 1 and this subsection and shall not be applied retroactively.

5. Moneys collected under this section shall be transmitted to the director of revenue for deposit in appropriate subaccounts of the natural resources protection fund created in section 640.220. A subaccount shall be maintained for fees paid by air contaminant sources which are required to be permitted under Title V of the federal Clean Air Act, as amended, 42 U.S.C. Section 7661, et seq., and used, upon appropriation, to fund activities by the department to implement the operating permits program authorized by Title V of the federal Clean Air Act, as amended. Another subaccount shall be maintained for fees paid by air contaminant sources which are not required to be permitted under Title V of the federal Clean Air Act as amended, and used, upon appropriation, to fund other air pollution control program activities. Another subaccount shall be maintained for service fees paid under subsection 8 of this section by Phase I affected units which are subject to the requirements of Title IV, Section 404, of the federal Clean Air Act Amendments of 1990, as amended, 42 U.S.C. 7651, and used, upon appropriation, to fund air pollution control program activities. The provisions of section 33.080 to the contrary notwithstanding, moneys in the fund shall not revert to general revenue at the end of each biennium. Interest earned by moneys in the subaccounts shall be retained in the subaccounts. The per-ton fees established under subsection 1 of this section may be adjusted annually, consistent with the need to fund the reasonable costs of the program, but shall not be less than twenty-five dollars per ton of regulated air contaminant nor more than forty dollars per ton of regulated air contaminant. The first adjustment shall apply to moneys payable on April 1, 1994, and shall be based upon the general price level for the twelve-month period ending on August thirty-first of the previous calendar year.

6. The department may initiate a civil action in circuit court against any air contaminant source which has not remitted the appropriate fees within thirty days. In any judgment against the source, the department shall be awarded interest at a rate determined pursuant to section 408.030 and reasonable attorney's fees. In any judgment against the department, the source shall be awarded reasonable attorney's fees.

7. The department shall not suspend or revoke a permit for an air contaminant source solely because the source has not submitted the fees pursuant to this section.

8. Any Phase I affected unit which is subject to the requirements of Title IV, Section 404, of the federal Clean Air Act, as amended, 42 U.S.C. 7651, shall pay annually beginning April 1, 1993, and terminating December 31, 1999, a service fee for the previous calendar year as provided herein. For the first year, the service fee shall be twenty-five thousand dollars for each Phase I affected generating unit to help fund the administration of sections 643.010 to 643.355. Thereafter, the service fee shall be annually set by the commission by rule, following public hearing, based on an annual allocation prepared by the department showing the details of all costs and expenses upon which such fees are based consistent with the department's reasonable needs to administer and implement sections 643.010 to 643.355 and to fulfill its responsibilities with respect to Phase I affected units, but such service fee shall not exceed twenty-five thousand dollars per generating unit. Any such Phase I affected unit which is located on one or more contiguous tracts of land with any Phase II generating unit that pays fees under subsection 1 or subsection 2 of this section shall be exempt from paying service fees under this subsection. A "contiguous tract of land" shall be defined to mean adjacent land, excluding public roads, highways and railroads, which is under the control of or owned by the permit holder and operated as a single enterprise.

9. The department of natural resources shall determine the fees due pursuant to this section by the state of Missouri and its departments, agencies and institutions, including two- and four-year institutions of higher education. The director of the department of natural resources shall forward the various totals due to the joint committee on capital improvements and the directors of the individual departments, agencies and institutions. The departments, as part of the budget process, shall annually request by specific line item appropriation funds to pay said fees and capital funding for projects determined to significantly improve air quality. If the general assembly fails to appropriate funds for emissions fees as specifically requested, the departments, agencies and institutions shall pay said fees from other sources of revenue or funds available. The state of Missouri and its departments, agencies and institutions may receive assistance from the small business technical assistance program established pursuant to section 643.173.

10. **Notwithstanding any statutory fee amounts or maximums to the contrary**, the [director of the] department of natural resources may conduct a comprehensive review [of] **and propose changes to** the fee structure [set forth in this section. The comprehensive review shall include] **authorized by sections 643.073, 643.075, 643.079, 643.225, 643.228, 643.232, 643.237, and 643.242 after holding** stakeholder meetings in order to solicit stakeholder input from each of the following groups: **the asbestos industry**, electric utilities, mineral and metallic mining and processing facilities, cement kiln representatives, and any other interested industrial or business entities or interested parties. [Upon completion of the comprehensive review,] The department shall submit a proposed [changes to the] fee structure with stakeholder agreement to the air conservation commission. The commission shall[, upon receiving the department's recommendations,] review such recommendations at the forthcoming regular or special meeting, **but shall not vote on the fee structure until a subsequent meeting**. [The commission shall review fee structure recommendations from the department. The commission shall not take a vote on the fee structure recommendations until the following regular or special meeting.] If the commission approves, by vote of two-thirds majority or five of seven commissioners, the fee structure recommendations, the commission shall [promulgate by regulation and publish the recommended fee structure no later than October first of the same year. The commission shall] **authorize the department to file a notice of proposed rulemaking containing the recommended fee structure, and after considering public comments, may authorize the department to** file the order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the [next odd-numbered] **following calendar** year and the **previous** fee structure [set out in this section] shall expire upon the effective date of the commission-adopted fee structure. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty calendar days of the regular session immediately following the [promulgation] **filing** of such regulation, by concurrent resolution[, shall disapprove the fee structure contained in such regulation] **disapproves the regulation by concurrent resolution**. If the general assembly so disapproves any regulation [promulgated] **filed** under this subsection, the [air conservation] commission shall continue to use the **previous** fee structure [set forth in the most recent preceding regulation promulgated under this subsection]. **The authority of the commission to further revise the fee structure as provided by** this subsection shall expire on August 28, [2023] **2024**.

644.026. 1. The commission shall:

- (1) Exercise general supervision of the administration and enforcement of sections 644.006 to 644.141 and all rules and regulations and orders promulgated thereunder;
- (2) Develop comprehensive plans and programs for the prevention, control and abatement of new or existing pollution of the waters of the state;
- (3) Advise, consult, and cooperate with other agencies of the state, the federal government, other states and interstate agencies, and with affected groups, political subdivisions and industries in furtherance of the purposes of sections 644.006 to 644.141;
- (4) Accept gifts, contributions, donations, loans and grants from the federal government and from other sources, public or private, for carrying out any of its functions, which funds shall not be expended for other than the purposes for which provided;
- (5) Encourage, participate in, or conduct studies, investigations, and research and demonstrations relating to water pollution and causes, prevention, control and abatement thereof as it may deem advisable and necessary for the discharge of its duties pursuant to sections 644.006 to 644.141;
- (6) Collect and disseminate information relating to water pollution and the prevention, control and abatement thereof;
- (7) After holding public hearings, identify waters of the state and prescribe water quality standards for them, giving due recognition to variations, if any, and the characteristics of different waters of the state which may be deemed by the commission to be relevant insofar as possible pursuant to any federal water pollution control act. These shall be reevaluated and modified as required by any federal water pollution control act;
- (8) Adopt, amend, promulgate, or repeal after due notice and hearing rules and regulations to enforce, implement, and effectuate the powers and duties of sections 644.006 to 644.141 and any required of this state by any federal water pollution control act, and as the commission may deem necessary to prevent, control and abate existing or potential pollution. In addition to opportunities to submit written statements or provide testimony at public hearings in support of or in opposition to proposed rulemakings as required by section 536.021, any person who submits written comments or oral testimony on a proposed rule shall, at any public meeting to vote on an order of rulemaking or other commission policy, have the opportunity to respond to the proposed order of rulemaking or department of natural resources' response to comments to the extent that such response is limited to issues raised in oral or written comments made during the public notice comment period or public hearing on the proposed rule;
- (9) Issue, modify or revoke orders prohibiting or abating discharges of water contaminants into the waters of the state or adopting other remedial measures to prevent, control or abate pollution;
- (10) Administer state and federal grants and loans to municipalities and political subdivisions for the planning and construction of sewage treatment works;
- (11) Hold such hearings, issue such notices of hearings and subpoenas requiring the attendance of such witnesses and the production of such evidence, administer such oaths, and take such testimony as the commission deems necessary or as required by any federal water pollution control act. Any of these powers may be exercised on behalf of the commission by any members thereof or a hearing officer designated by it;
- (12) Require the prior submission of plans and specifications, or other data including the quantity and types of water contaminants, and inspect the construction of treatment facilities and sewer systems or any part thereof in connection with the issuance of such permits or approval as are required by sections 644.006 to 644.141, except that manholes and polyvinyl chloride (PVC) pipe used for gravity sewers and with a diameter no greater than twenty-seven inches shall not be required to be tested for leakage;
- (13) Issue, continue in effect, revoke, modify or deny, under such conditions as it may prescribe, to prevent, control or abate pollution or any violations of sections 644.006 to 644.141 or any federal water pollution control act, permits for the discharge of water contaminants into the waters of this state, and for the installation, modification or operation of treatment facilities, sewer systems or any parts thereof. Such permit conditions, in addition to all other requirements of this subdivision, shall ensure compliance with all effluent regulations or limitations, water quality related effluent limitations, national standards of performance and toxic and pretreatment effluent standards, and all requirements and time schedules thereunder as established by sections 644.006 to 644.141 and any federal water pollution control act; however, no permit shall be required of any person for any emission into publicly owned treatment facilities or into publicly owned sewer systems tributary to publicly owned treatment works;
- (14) Establish permits by rule. Such permits shall only be available for those facilities or classes of facilities that control potential water contaminants that pose a reduced threat to public health or the environment and that are in compliance with commission water quality standards rules, effluent rules or rules establishing permits by rule. Such permits by rule shall have the same legal standing as other permits issued pursuant to this chapter. Nothing in this section shall prohibit the commission from requiring a site-specific permit or a general permit for individual facilities;

(15) Require proper maintenance and operation of treatment facilities and sewer systems and proper disposal of residual waste from all such facilities and systems;

(16) Exercise all incidental powers necessary to carry out the purposes of sections 644.006 to 644.141, assure that the state of Missouri complies with any federal water pollution control act, retains maximum control thereunder and receives all desired federal grants, aid and benefits;

(17) Establish effluent and pretreatment and toxic material control regulations to further the purposes of sections 644.006 to 644.141 and as required to ensure compliance with all effluent limitations, water quality-related effluent limitations, national standards of performance and toxic and pretreatment effluent standards, and all requirements and any time schedules thereunder, as established by any federal water pollution control act for point sources in this state, and where necessary to prevent violation of water quality standards of this state;

(18) Prohibit all discharges of radiological, chemical, or biological warfare agent or high-level radioactive waste into waters of this state;

(19) Require that all publicly owned treatment works or facilities which receive or have received grants or loans from the state or the federal government for construction or improvement make all charges required by sections 644.006 to 644.141 or any federal water pollution control act for use and recovery of capital costs, and the operating authority for such works or facility is hereby authorized to make any such charges;

(20) Represent the state of Missouri in all matters pertaining to interstate water pollution including the negotiation of interstate compacts or agreements;

(21) Develop such facts and make such investigations as are consistent with the purposes of sections 644.006 to 644.141, and, in connection therewith, to enter or authorize any representative of the commission to enter at all reasonable times and upon reasonable notice in or upon any private or public property for any purpose required by any federal water pollution control act or sections 644.006 to 644.141 for the purpose of developing rules, regulations, limitations, standards, or permit conditions, or inspecting or investigating any records required to be kept by sections 644.006 to 644.141 or any permit issued pursuant to sections 644.006 to 644.141, any condition which the commission or director has probable cause to believe to be a water contaminant source or the site of any suspected violation of sections 644.006 to 644.141, regulations, standards, or limitations, or permits issued pursuant to sections 644.006 to 644.141. The results of any such investigation shall be reduced to writing, and shall be furnished to the owner or operator of the property. No person shall refuse entry or access, requested for the purposes of inspection pursuant to this subdivision, to an authorized representative in carrying out the inspection. A suitably restricted search warrant, upon a showing of probable cause in writing and upon oath, shall be issued by any judge or associate circuit judge having jurisdiction to any representative for the purpose of enabling him or her to make such inspection. Information obtained pursuant to this section shall be available to the public unless it constitutes trade secrets or confidential information, other than effluent data, of the person from whom it is obtained, except when disclosure is required pursuant to any federal water pollution control act;

(22) Retain, employ, provide for, and compensate, within appropriations available therefor, such consultants, assistants, deputies, clerks and other employees on a full- or part-time basis as may be necessary to carry out the provisions of sections 644.006 to 644.141 and prescribe the times at which they shall be appointed and their powers and duties;

(23) Secure necessary scientific, technical, administrative and operation services, including laboratory facilities, by contract or otherwise, with any educational institution, experiment station, or any board, department, or other agency of any political subdivision of the state or the federal government;

(24) Require persons owning or engaged in operations which do or could discharge water contaminants, or introduce water contaminants or pollutants of a quality and quantity to be established by the commission, into any publicly owned treatment works or facility, to provide and maintain any facilities and conduct any tests and monitoring necessary to establish and maintain records and to file reports containing information relating to measures to prevent, lessen or render any discharge less harmful or relating to rate, period, composition, temperature, and quality and quantity of the effluent, and any other information required by any federal water pollution control act or the director, and to make them public, except as provided in subdivision (21) of this section. The commission shall develop and adopt such procedures for inspection, investigation, testing, sampling, monitoring and entry respecting water contaminant and point sources as may be required for approval of such a program pursuant to any federal water pollution control act;

(25) Take any action necessary to implement continuing planning processes and areawide waste treatment management as established pursuant to any federal water pollution control act or sections 644.006 to 644.141;

(26) Exercise general supervision of the department as the sole designated state agency with authority to administer the federal Clean Water Act in the state of Missouri, which shall include authority to approve any stream or wetland mitigation used in connection with any section 401 water quality certification.

2. No rule or portion of a rule promulgated pursuant to this chapter shall become effective unless it has been promulgated pursuant to chapter 536.

644.051. 1. It is unlawful for any person:

(1) To cause pollution of any waters of the state or to place or cause or permit to be placed any water contaminant in a location where it is reasonably certain to cause pollution of any waters of the state;

(2) To discharge any water contaminants into any waters of the state which reduce the quality of such waters below the water quality standards established by the commission;

(3) To violate any pretreatment and toxic material control regulations, or to discharge any water contaminants into any waters of the state which exceed effluent regulations or permit provisions as established by the commission or required by any federal water pollution control act;

(4) To discharge any radiological, chemical, or biological warfare agent or high-level radioactive waste into the waters of the state.

2. It shall be unlawful for any person to operate, use or maintain any water contaminant or point source in this state that is subject to standards, rules or regulations promulgated pursuant to the provisions of sections 644.006 to 644.141 unless such person holds an operating permit from the commission, subject to such exceptions as the commission may prescribe by rule or regulation. However, no operating permit shall be required of any person for any emission into publicly owned treatment facilities or into publicly owned sewer systems tributary to publicly owned treatment works.

3. It shall be unlawful for any person to construct, build, replace or make major modification to any point source or collection system that is principally designed to convey or discharge human sewage to waters of the state, unless such person obtains a construction permit from the commission, except as provided in this section. The following activities shall be excluded from construction permit requirements:

(1) Facilities greater than one million gallons per day that are authorized through a local supervised program, and are not receiving any department financial assistance;

(2) All sewer extensions or collection projects that are one thousand feet in length or less with fewer than two lift stations;

(3) All sewer collection projects that are authorized through a local supervised program; and

(4) Any other exclusions the commission may promulgate by rule.

[However, nothing shall prevent the department from taking action to assure protection of the environment and human health.] A construction permit may be required [where necessary as determined by the department, including] **by the department in the following circumstances:**

(a) Substantial deviation from the commission's design standards;

(b) To [correct] **address** noncompliance;

(c) When an unauthorized discharge has occurred or has the potential to occur; or

(d) To correct a violation of water quality standards.

In addition, any point source that proposes to construct an earthen storage structure to hold, convey, contain, store or treat domestic, agricultural, or industrial process wastewater also shall be subject to the construction permit provisions of this subsection. All other construction-related activities at point sources shall be exempt from the construction permit requirements. All activities that are exempted from the construction permit requirement are subject to the following conditions:

a. Any point source system designed to hold, convey, contain, store or treat domestic, agricultural or industrial process wastewater shall be designed by a professional engineer registered in Missouri in accordance with the commission's design rules;

b. Such point source system shall be constructed in accordance with the registered professional engineer's design and plans; and

c. Such point source system may receive a post-construction site inspection by the department prior to receiving operating permit approval. A site inspection may be performed by the department, upon receipt of a complete operating permit application or submission of an engineer's statement of work complete.

A governmental unit may apply to the department for authorization to operate a local supervised program, and the department may authorize such a program. A local supervised program would recognize the governmental unit's engineering capacity and ability to conduct engineering work, supervise construction and maintain compliance with relevant operating permit requirements.

4. Before issuing any permit required by this section, the director shall issue such notices, conduct such hearings, and consider such factors, comments and recommendations as required by sections 644.006 to 644.141 or any federal water pollution control act. The director shall determine if any state or any provisions of any federal water pollution control act the state is required to enforce, any state or federal effluent limitations or regulations, water quality-related effluent limitations, national standards of performance, toxic and pretreatment standards, or water quality standards which apply to the source, or any such standards in the vicinity of the source, are being exceeded, and shall determine the impact on such water quality standards from the source. The director, in order to effectuate the purposes of sections 644.006 to 644.141, shall deny a permit if the source will violate any such acts, regulations, limitations or standards or will appreciably affect the water quality standards or the water quality standards are being substantially exceeded, unless the permit is issued with such conditions as to make the source comply with such requirements within an acceptable time schedule.

5. The director shall grant or deny the permit within sixty days after all requirements of the Federal Water Pollution Control Act concerning issuance of permits have been satisfied unless the application does not require any permit pursuant to any federal water pollution control act. The director or the commission may require the applicant to provide and maintain such facilities or to conduct such tests and monitor effluents as necessary to determine the nature, extent, quantity or degree of water contaminant discharged or released from the source, establish and maintain records and make reports regarding such determination.

6. The director shall promptly notify the applicant in writing of his or her action and if the permit is denied state the reasons therefor. The applicant may appeal to the commission from the denial of a permit or from any condition in any permit by filing notice of appeal with the commission within thirty days of the notice of denial or issuance of the permit. After a final action is taken on a new or reissued general permit, a potential applicant for the general permit who can demonstrate that he or she is or may be adversely affected by any permit term or condition may appeal the terms and conditions of the general permit within thirty days of the department's issuance of the general permit. In no event shall a permit constitute permission to violate the law or any standard, rule or regulation promulgated pursuant thereto.

7. In any hearing held pursuant to this section that involves a permit, license, or registration, the burden of proof is on the party specified in section 640.012. Any decision of the commission made pursuant to a hearing held pursuant to this section is subject to judicial review as provided in section 644.071.

8. In any event, no permit issued pursuant to this section shall be issued if properly objected to by the federal government or any agency authorized to object pursuant to any federal water pollution control act unless the application does not require any permit pursuant to any federal water pollution control act.

9. Permits may be modified, reissued, or terminated at the request of the permittee. All requests shall be in writing and shall contain facts or reasons supporting the request.

10. No manufacturing or processing plant or operating location shall be required to pay more than one operating fee. Operating permits shall be issued for a period not to exceed five years after date of issuance, except that general permits shall be issued for a five-year period, and also except that neither a construction nor an annual permit shall be required for a single residence's waste treatment facilities. Applications for renewal of a site-specific operating permit shall be filed at least one hundred eighty days prior to the expiration of the existing permit. Applications seeking to renew coverage under a general permit shall be submitted at least thirty days prior to the expiration of the general permit, unless the permittee has been notified by the director that an earlier application must be made. General permits may be applied for and issued electronically once made available by the director.

11. Every permit issued to municipal or any publicly owned treatment works or facility shall require the permittee to provide the clean water commission with adequate notice of any substantial new introductions of water contaminants or pollutants into such works or facility from any source for which such notice is required by sections 644.006 to 644.141 or any federal water pollution control act. Such permit shall also require the permittee to notify the clean water commission of any substantial change in volume or character of water contaminants or pollutants being introduced into its treatment works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility by a source which was introducing water contaminants or pollutants into its works

at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility and the anticipated impact of such introduction on the quality or quantity of effluent to be released from such works or facility into waters of the state.

12. The director or the commission may require the filing or posting of a bond as a condition for the issuance of permits for construction of temporary or future water treatment facilities or facilities that utilize innovative technology for wastewater treatment in an amount determined by the commission to be sufficient to ensure compliance with all provisions of sections 644.006 to 644.141, and any rules or regulations of the commission and any condition as to such construction in the permit. For the purposes of this section, "innovative technology for wastewater treatment" shall mean a completely new and generally unproven technology in the type or method of its application that bench testing or theory suggest has environmental, efficiency, and cost benefits beyond the standard technologies. No bond shall be required for designs approved by any federal agency or environmental regulatory agency of another state. The bond shall be signed by the applicant as principal, and by a corporate surety licensed to do business in the state of Missouri and approved by the commission. The bond shall remain in effect until the terms and conditions of the permit are met and the provisions of sections 644.006 to 644.141 and rules and regulations promulgated pursuant thereto are complied with.

13. (1) The department shall issue or deny applications for construction and site-specific operating permits received after January 1, 2001, within one hundred eighty days of the department's receipt of an application. For general construction and operating permit applications received after January 1, 2001, that do not require a public participation process, the department shall issue or deny the permits within sixty days of the department's receipt of an application. For an application seeking coverage under a renewed general permit that does not require an individual public participation process, the director shall issue or deny the permit within sixty days of the director's receipt of the application, or upon issuance of the general permit, whichever is later. In regard to an application seeking coverage under an initial general permit that does not require an individual public participation process, the director shall issue or deny the permit within sixty days of the department's receipt of the application. For an application seeking coverage under a renewed general permit that requires an individual public participation process, the director shall issue or deny the permit within ninety days of the director's receipt of the application, or upon issuance of the general permit, whichever is later. In regard to an application for an initial general permit that requires an individual public participation process, the director shall issue or deny the permit within ninety days of the director's receipt of the application.

(2) If the department fails to issue or deny with good cause a construction or operating permit application within the time frames established in subdivision (1) of this subsection, the department shall refund the full amount of the initial application fee within forty-five days of failure to meet the established time frame. If the department fails to refund the application fee within forty-five days, the refund amount shall accrue interest at a rate established pursuant to section 32.065.

(3) Permit fee disputes may be appealed to the commission within thirty days of the date established in subdivision (2) of this subsection. If the applicant prevails in a permit fee dispute appealed to the commission, the commission may order the director to refund the applicant's permit fee plus interest and reasonable attorney's fees as provided in sections 536.085 and 536.087. A refund of the initial application or annual fee does not waive the applicant's responsibility to pay any annual fees due each year following issuance of a permit.

(4) No later than December 31, 2001, the commission shall promulgate regulations defining shorter review time periods than the time frames established in subdivision (1) of this subsection, when appropriate, for different classes of construction and operating permits. In no case shall commission regulations adopt permit review times that exceed the time frames established in subdivision (1) of this subsection. The department's failure to comply with the commission's permit review time periods shall result in a refund of said permit fees as set forth in subdivision (2) of this subsection. On a semiannual basis, the department shall submit to the commission a report which describes the different classes of permits and reports on the number of days it took the department to issue each permit from the date of receipt of the application and show averages for each different class of permits.

(5) During the department's technical review of the application, the department may request the applicant submit supplemental or additional information necessary for adequate permit review. The department's technical review letter shall contain a sufficient description of the type of additional information needed to comply with the application requirements.

(6) Nothing in this subsection shall be interpreted to mean that inaction on a permit application shall be grounds to violate any provisions of sections 644.006 to 644.141 or any rules promulgated pursuant to sections 644.006 to 644.141.

14. The department shall respond to all requests for individual certification under Section 401 of the Federal Clean Water Act within the lesser of sixty days or the allowed response period established pursuant to applicable federal regulations without request for an extension period unless such extension is determined by the commission to be necessary to evaluate significant impacts on water quality standards and the commission establishes a timetable for completion of such evaluation in a period of no more than one hundred eighty days.

15. All permit fees generated pursuant to this chapter shall not be used for the development or expansion of total maximum daily loads studies on either the Missouri or Mississippi rivers.

16. The department shall implement permit shield provisions equivalent to the permit shield provisions implemented by the U.S. Environmental Protection Agency pursuant to the Clean Water Act, Section 402(k), 33 U.S.C. 1342(k), and its implementing regulations, for permits issued pursuant to chapter 644.

17. Prior to the development of a new general permit or reissuance of a general permit for aquaculture, land disturbance requiring a storm water permit, or reissuance of a general permit under which fifty or more permits were issued under a general permit during the immediately preceding five-year period for a designated category of water contaminant sources, the director shall implement a public participation process complying with the following minimum requirements:

(1) For a new general permit or reissuance of a general permit, a general permit template shall be developed for which comments shall be sought from permittees and other interested persons prior to issuance of the general permit;

(2) The director shall publish notice of his intent to issue a new general permit or reissue a general permit by posting notice on the department's website at least one hundred eighty days before the proposed effective date of the general permit;

(3) The director shall hold a public informational meeting to provide information on anticipated permit conditions and requirements and to receive informal comments from permittees and other interested persons. The director shall include notice of the public informational meeting with the notice of intent to issue a new general permit or reissue a general permit under subdivision (2) of this subsection. The notice of the public informational meeting, including the date, time and location, shall be posted on the department's website at least thirty days in advance of the public meeting. If the meeting is being held for reissuance of a general permit, notice shall also be made by electronic mail to all permittees holding the current general permit which is expiring. Notice to current permittees shall be made at least twenty days prior to the public meeting;

(4) The director shall hold a thirty-day public comment period to receive comments on the general permit template with the thirty-day comment period expiring at least sixty days prior to the effective date of the general permit. Scanned copies of the comments received during the public comment period shall be posted on the department's website within five business days after close of the public comment period;

(5) A revised draft of a general permit template and the director's response to comments submitted during the public comment period shall be posted on the department's website at least forty-five days prior to issuance of the general permit. At least forty-five days prior to issuance of the general permit the department shall notify all persons who submitted comments to the department that these documents have been posted to the department's website;

(6) Upon issuance of a new or renewed general permit, the general permit shall be posted to the department's website.

18. Notices required to be made by the department pursuant to subsection 17 of this section may be made by electronic mail. The department shall not be required to make notice to any permittee or other person who has not provided a current electronic mail address to the department. In the event the department chooses to make material modifications to the general permit before its expiration, the department shall follow the public participation process described in subsection 17 of this section.

19. The provisions of subsection 17 of this section shall become effective beginning January 1, 2013.

644.057. **Notwithstanding any statutory fee amounts or maximums to the contrary**, the director of the department of natural resources may conduct a comprehensive review [of] **and propose changes to** the clean water fee structure set forth in sections 644.052 [and], 644.053, **and 644.061**. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from each of the following groups: agriculture, industry, municipalities, public and private wastewater facilities, and the development community. Upon completion of the comprehensive review, the department shall submit a proposed [changes to the] fee structure with stakeholder agreement to the clean water commission. The commission shall[, upon receiving the department's recommendations,] review such recommendations at the forthcoming regular or special meeting [under subsection 3 of section 644.021], **but shall not vote on the fee structure until a subsequent meeting**. [The commission shall not take a vote on the clean water fee structure recommendations until the following regular or special meeting.] In no case shall the clean water commission adopt or recommend any clean water fee in excess of five thousand dollars. If the commission approves, by vote of two-

thirds majority or five of seven commissioners, the [clean water] fee structure recommendations, the commission shall [promulgate by regulation and publish the recommended clean water fee structure no later than October first of the same year. The commission shall] **authorize the department to file a notice of proposed rulemaking containing the recommended fee structure, and after considering public comments, may authorize the department to** file the order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the [next odd-numbered] **following calendar** year and the fee structures set forth in sections 644.052 [and], 644.053, **and 644.061** shall expire upon the effective date of the commission-adopted fee structure, contrary to section 644.054. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty calendar days of the regular session immediately following the [promulgation] **filing** of such regulation[, by concurrent resolution, shall disapprove the fee structure contained in such regulation] **disapproves the regulation by concurrent resolution**. If the general assembly so disapproves any regulation [promulgated] **filed** under this subsection, the [clean water commission shall continue to use the fee structure set forth in the most recent preceding regulation promulgated under this subsection.] **department and the commission shall not implement the proposed fee structure and shall continue to use the previous fee structure. The authority of the commission to further revise the fee structure provided by** this section shall expire on August 28, [2023] **2024**.

644.058. Notwithstanding the provisions of section 644.026 to the contrary, in promulgating water quality standards, the commission shall only revise water quality standards upon the completion of an assessment by the department finding that there is an environmental need for such revision. As part of the implementation of any revised water quality standards modifications of twenty-five percent or more, the department shall conduct an evaluation which shall include the environmental and economic impacts of the revised water quality standards on a subbasin basis. This evaluation shall be conducted at the eight-digit hydrologic unit code level. The department shall document these evaluations and use them in making individual site-specific permit decisions.

644.145. 1. When issuing permits under this chapter that incorporate a new requirement for discharges from publicly owned combined or separate sanitary or storm sewer systems or treatment works, or when enforcing provisions of this chapter or the Federal Water Pollution Control Act, 33 U.S.C. 1251, et seq., pertaining to any portion of a publicly owned combined or separate sanitary or storm sewer system or treatment works, the department of natural resources shall make a finding of affordability **on the costs to be incurred and the impact of any rate changes on ratepayers** upon which to base such permits and decisions, to the extent allowable under this chapter and the Federal Water Pollution Control Act.

2. (1) The department of natural resources shall not be required under this section to make a finding of affordability when:

- (a) Issuing collection system extension permits;
- (b) Issuing National Pollution Discharge Elimination System operating permit renewals which include no new environmental requirements; or

(c) The permit applicant certifies that the applicable requirements are affordable to implement or otherwise waives the requirement for an affordability finding; however, at no time shall the department require that any applicant certify, as a condition to approving any permit, administrative or civil action, that a requirement, condition, or penalty is affordable.

(2) The exceptions provided under paragraph (c) of subdivision (1) of this subsection do not apply when the community being served has less than three thousand three hundred residents.

3. When used in this chapter and in standards, rules and regulations promulgated pursuant to this chapter, the following words and phrases mean:

(1) "Affordability", with respect to payment of a utility bill, a measure of whether an individual customer or household **with an income equal to the lower of the median household income for their community or the state of Missouri** can pay the bill without undue hardship or unreasonable sacrifice in the essential lifestyle or spending patterns of the individual or household, taking into consideration the criteria described in subsection 4 of this section;

(2) "Financial capability", the financial capability of a community to make investments necessary to make water quality-related improvements;

(3) **"Finding of affordability", a department statement as to whether an individual or a household receiving as income an amount equal to the lower of the median household income for the applicant community or the state of Missouri would be required to make unreasonable sacrifices in their essential lifestyle or spending patterns or undergo hardships in order to make the projected monthly payments for sewer services. The department shall make a statement that the proposed changes meet the definition of affordable, or fail to meet the definition of affordable, or are implemented as a federal mandate regardless of affordability.**

4. The department of natural resources shall adopt procedures by which it will make affordability findings that evaluate the affordability of permit requirements and enforcement actions described in subsection 1 of this section, and may begin implementing such procedures prior to promulgating implementing regulations. The commission shall have the authority to promulgate rules to implement this section pursuant to chapters 536 and 644, and shall promulgate such rules as soon as practicable. Affordability findings shall be based upon reasonably verifiable data and shall include an assessment of affordability with respect to persons or entities affected. The department shall offer the permittee an opportunity to review a draft affordability finding, and the permittee may suggest changes and provide additional supporting information, subject to subsection 6 of this section. The finding shall be based upon the following criteria:

- (1) A community's financial capability and ability to raise or secure necessary funding;
- (2) Affordability of pollution control options for the individuals or households **at or below the median household income level** of the community;
- (3) An evaluation of the overall costs and environmental benefits of the control technologies;
- (4) **Inclusion of ongoing costs of operating and maintaining the existing wastewater collection and treatment system, including payments on outstanding debts for wastewater collection and treatment systems when calculating projected rates;**

(5) An inclusion of ways to reduce economic impacts on distressed populations in the community, including but not limited to low- and fixed-income populations. This requirement includes but is not limited to:

(a) Allowing adequate time in implementation schedules to mitigate potential adverse impacts on distressed populations resulting from the costs of the improvements and taking into consideration local community economic considerations; and

(b) Allowing for reasonable accommodations for regulated entities when inflexible standards and fines would impose a disproportionate financial hardship in light of the environmental benefits to be gained;

[(5)] (6) An assessment of other community investments **and operating costs** relating to environmental improvements **and public health protection**;

[(6)] (7) An assessment of factors set forth in the United States Environmental Protection Agency's guidance, including but not limited to the "Combined Sewer Overflow Guidance for Financial Capability Assessment and Schedule Development" that may ease the cost burdens of implementing wet weather control plans, including but not limited to small system considerations, the attainability of water quality standards, and the development of wet weather standards; and

[(7)] (8) An assessment of any other relevant local community economic condition.

5. Prescriptive formulas and measures used in determining financial capability, affordability, and thresholds for expenditure, such as median household income, should not be considered to be the only indicator of a community's ability to implement control technology and shall be viewed in the context of other economic conditions rather than as a threshold to be achieved.

6. Reasonable time spent preparing draft affordability findings, allowing permittees to review draft affordability findings or draft permits, or revising draft affordability findings, shall be allowed in addition to the department's deadlines for making permitting decisions pursuant to section 644.051.

7. If the department of natural resources fails to make a finding of affordability where required by this section, then the resulting permit or decision shall be null, void and unenforceable.

8. The department of natural resources' findings under this section may be appealed to the commission pursuant to subsection 6 of section 644.051.

9. The department shall file an annual report by the beginning of the fiscal year with the governor, the speaker of the house of representatives, the president pro tempore of the senate, and the chairs of the committees in both houses having primary jurisdiction over natural resource issues showing at least the following information on the findings of affordability completed in the previous calendar year:

(1) **The total number of findings of affordability issued by the department, those categorized as affordable, those categorized as not meeting the definition of affordable, and those implemented as a federal mandate regardless of affordability;**

(2) **The average increase in sewer rates both in dollars and percentage for all findings found to be affordable;**

(3) The average increase in sewer rates as a percentage of median house income in the communities for those findings determined to be affordable and a separate calculation of average increases in sewer rates for those found not to meet the definition of affordable;

(4) A list of all the permit holders receiving findings, and for each permittee the following data taken from the finding of affordability shall be listed:

- (a) Current and projected monthly residential sewer rates in dollars;**
- (b) Projected monthly residential sewer rates as a percentage of median house income;**
- (c) Percentage of households at or below the state poverty rate.";** and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Representative Haahr offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 575, Pages 16-18, Section 210.153, Lines 1-64, by deleting all of said section from the bill and inserting in lieu thereof the following:

"210.153. 1. There is hereby created in the department of social services the "Child Abuse and Neglect Review Board", which shall provide an independent review of child abuse and neglect determinations in instances in which the alleged perpetrator is aggrieved by the decision of the children's division. The division may establish more than one board to assure timely review of the determination. **In providing an independent review, the boards and their members shall objectively decide whether a preponderance of the evidence establishes that the individual is responsible for child abuse or neglect, and shall make decisions based only on the facts presented to the board. The boards shall be independent of any control or interference by the division in their deliberations. The boards shall act independently of the division so as to assure that due process of the law is afforded to all parties involved in the proceedings. This section shall not be construed to prohibit the department of social services or the children's division from providing any training or administrative support to the boards.**

2. [The] **Each** board shall consist of nine members, who shall be appointed by the governor with the advice and consent of the senate[, and shall include:

- (1) A physician, nurse or other medical professional;

3. Other members of the board may be selected from:

- (1) A person from another profession or field who has an interest in child abuse or neglect;
- (2) A college or university professor or elementary or secondary teacher;
- (3) A child advocate;
- (4) A parent, foster parent or grandparent[.] **Each board member shall be a resident of the state of Missouri.**

The term of office of each board member shall be three years. At the time of their appointment, no more than five members of any board shall be of the same political party as the governor. This requirement shall be effective for all nominations made after August 28, 2014.

[4.] **3.** The following persons may participate [in a child abuse and neglect review board review] **in review proceedings before the board:**

- (1) Appropriate children's division staff and legal counsel for the department;
- (2) The alleged perpetrator, who may be represented pro se or be represented by legal counsel. The alleged perpetrator's presence is not required for the review to be conducted. The alleged perpetrator may submit a written statement for the board's consideration in lieu of personal appearance; and
- (3) Witnesses providing information on behalf of the child, the alleged perpetrator or the department. [Witnesses] **Such persons** shall only be allowed to attend that portion of the review in which they are presenting information.

4. The members of the board shall serve without compensation, but shall receive reimbursement for reasonable and necessary expenses actually incurred in the performance of their duties.

[6.] **5.** All records and information compiled, obtained, prepared or maintained by the child abuse and neglect review board in the course of any review shall be confidential information.

[7.] 6. The department shall promulgate rules and regulations governing the operation of the child abuse and neglect review board except as otherwise provided for in this section. These rules and regulations shall, at a minimum, [describe the length of terms,] **describe** the selection of the chairperson, confidentiality, notification of parties and time frames for the completion of the review.

[8.] 7. Findings [of probable cause to suspect prior to August 28, 2004, or findings] by a preponderance of the evidence [after August 28, 2004,] of child abuse and neglect by the division which are substantiated by court adjudication shall not be heard by the child abuse and neglect review board.

Speaker Jones declared the bill passed.

HCS SB 696, relating to motor vehicles, was taken up by Representative Cornejo.

Representative Schatz offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Bill No. 696, Page 1, Section A, Line 3, by inserting immediately after said line the following:

"301.067. 1. For each trailer or semitrailer there shall be paid an annual fee of seven dollars fifty cents, and in addition thereto such permit fee authorized by law against trailers used in combination with tractors operated under the supervision of the motor carrier and railroad safety division of the department of economic development. The fees for tractors used in any combination with trailers or semitrailers or both trailers and semitrailers (other than on passenger-carrying trailers or semitrailers) shall be computed on the total gross weight of the vehicles in the combination with load.

2. Any trailer or semitrailer may at the option of the registrant be registered for a period of three years upon payment of a registration fee of twenty-two dollars and fifty cents.

3. Any trailer as defined in section 301.010 or semitrailer [which is operated coupled to a towing vehicle by a fifth wheel and kingpin assembly or by a trailer converter dolly] may, at the option of the registrant, be registered permanently upon the payment of a registration fee of fifty-two dollars and fifty cents. The permanent plate and registration fee is vehicle specific. The plate and the registration fee paid is nontransferable and nonrefundable, except those covered under the provisions of section 301.442.

301.227. 1. Whenever a vehicle is sold for salvage, dismantling or rebuilding, the purchaser shall forward to the director of revenue within ten days the certificate of ownership or salvage certificate of title and the proper application and fee of eight dollars and fifty cents, and the director shall issue a negotiable salvage certificate of title to the purchaser of the salvaged vehicle. On vehicles purchased during a year that is no more than six years after the manufacturer's model year designation for such vehicle, it shall be mandatory that the purchaser apply for a salvage title. On vehicles purchased during a year that is more than six years after the manufacturer's model year designation for such vehicle, then application for a salvage title shall be optional on the part of the purchaser. Whenever a vehicle is sold for destruction and a salvage certificate of title, junking certificate, or certificate of ownership exists, the seller, if licensed under sections 301.217 to 301.221, shall forward the certificate to the director of revenue within ten days, with the notation of the date sold for destruction and the name of the purchaser clearly shown on the face of the certificate.

2. Whenever a vehicle is classified as "junk", as defined in section 301.010, the purchaser may forward to the director of revenue the salvage certificate of title or certificate of ownership and the director shall issue a negotiable junking certificate [to the purchaser of the vehicle] **which shall authorize the holder to possess, transport, or, by assignment, transfer ownership in such parts, scrap, or junk.** The director may also issue a junking certificate to a possessor of a vehicle manufactured twenty-six years or more prior to the current model year who has a bill of sale for said vehicle but does not possess a certificate of ownership, provided no claim of theft has been made on the vehicle and the highway patrol has by letter stated the vehicle is not listed as stolen after checking the registration number through its nationwide computer system. Such certificate may be granted within thirty days of the submission of a request.

3. [Upon receipt of a properly completed application for a junking certificate, the director of revenue shall issue to the applicant a junking certificate which shall authorize the holder to possess, transport, or, by assignment, transfer ownership in such parts, scrap or junk, and a certificate of title shall not again be issued for such vehicle; except that, the initial purchaser] **Notwithstanding any other provision of law, for any vehicle with a junk or substantially equivalent designation, whether so designated in Missouri or any other state, regardless of whether such designation has been subsequently changed erroneously or by law in this or any other state, the department shall only issue a junking certificate, and a salvage or original certificate of title shall not thereafter be issued for such vehicle. If the vehicle has not previously been designated as junk or any other substantially equivalent designation from this state or any other state, the applicant making the original junking certification application shall, within ninety days, be allowed to rescind [his] the application for a junking certificate by surrendering the junking certificate and apply for a salvage certificate of title in [his] the applicant's name.** The seller of a vehicle for which a junking certificate has been applied for or issued shall disclose such fact in

writing to any prospective buyers before sale of such vehicle; otherwise the sale shall be voidable at the option of the buyer.

4. No scrap metal operator shall acquire or purchase a motor vehicle or parts thereof without, at the time of such acquisition, receiving the original certificate of title or salvage certificate of title or junking certificate from the seller of the vehicle or parts, unless the seller is a licensee under sections 301.219 to 301.221.

5. All titles and certificates required to be received by scrap metal operators from nonlicensees shall be forwarded by the operator to the director of revenue within ten days of the receipt of the vehicle or parts.

6. The scrap metal operator shall keep a record, for three years, of the seller's name and address, the salvage business license number of the licensee, date of purchase, and any vehicle or parts identification numbers open for inspection as provided in section 301.225.

7. Notwithstanding any other provision of this section, a motor vehicle dealer as defined in section 301.550 and licensed under the provisions of sections 301.550 to 301.572 may negotiate one reassignment of a salvage certificate of title on the back thereof.

8. Notwithstanding the provisions of subsection 1 of this section, an insurance company which settles a claim for a stolen vehicle may apply for and shall be issued a negotiable salvage certificate of title without the payment of any fee upon proper application within thirty days after settlement of the claim for such stolen vehicle. However, if the insurance company upon recovery of a stolen vehicle determines that the stolen vehicle has not sustained damage to the extent that the vehicle would have otherwise been declared a salvage vehicle pursuant to subdivision (51) of section 301.010, then the insurance company may have the vehicle inspected by the Missouri state highway patrol, or other law enforcement agency authorized by the director of revenue, in accordance with the inspection provisions of subsection 9 of section 301.190. Upon receipt of title application, applicable fee, the completed inspection, and the return of any previously issued negotiable salvage certificate, the director shall issue an original title with no salvage or prior salvage designation. Upon the issuance of an original title the director shall remove any indication of the negotiable salvage title previously issued to the insurance company from the department's electronic records.

9. Notwithstanding subsection 4 of this section or any other provision of the law to the contrary, if a motor vehicle is inoperable and is at least ten model years old, or the parts are from a motor vehicle that is inoperable and is at least ten model years old, a scrap metal operator may purchase or acquire such motor vehicle or parts without receiving the original certificate of title, salvage certificate of title, or junking certificate from the seller of the vehicle or parts, provided the scrap metal operator verifies with the department of revenue, via the department's online record access, that the motor vehicle is not subject to any recorded security interest or lien and the scrap metal operator complies with the requirements of this subsection. In lieu of forwarding certificates of titles for such motor vehicles as required by subsection 5 of this section, the scrap metal operator shall forward a copy of the seller's state identification along with a bill of sale to the department of revenue. The bill of sale form shall be designed by the director and such form shall include, but not be limited to, a certification that the motor vehicle is at least ten model years old, is inoperable, is not subject to any recorded security interest or lien, and a certification by the seller that the seller has the legal authority to sell or otherwise transfer the seller's interest in the motor vehicle or parts. Upon receipt of the information required by this subsection, the department of revenue shall cancel any certificate of title and registration for the motor vehicle. If the motor vehicle is inoperable and at least twenty model years old, then the scrap metal operator shall not be required to verify with the department of revenue whether the motor vehicle is subject to any recorded security interests or liens. As used in this subsection, the term "inoperable" means a motor vehicle that is in a rusted, wrecked, discarded, worn out, extensively damaged, dismantled, and mechanically inoperative condition and the vehicle's highest and best use is for scrap purposes. The director of the department of revenue is directed to promulgate rules and regulations to implement and administer the provisions of this section, including but not limited to, the development of a uniform bill of sale. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Schatz, **House Amendment No. 1** was adopted.

The Lord is good to all; and His tender mercies are over all His works. (Psalm 145:9)

Almighty God, Creator and Ruler of All Peoples, the source of all goodness and beauty, all truth and love, to You we now turn from the noise, chaos and stress of these final hours of this session to peace and quiet.

Help us to accept our victories with gratitude, our defeats with fortitude, and our responsibilities with fidelity. Deliver us from any lasting petty annoyances which disturb us and from tiny irritations which upset us now. Let us instead recall our many blessed experiences, our friendships made, our family ties strengthened and our devotion to our beloved State and its House increased.

Make us totally equal to our experiences and truly adequate and blessed for the summer at hand to keep charity for all, justice for all, and hope for all who live in the great “Show Me State”.

And the House says, “Amen!”

CONSTITUTIONAL OBJECTION

May 30, 2014

Mr. Adam Crumbliss, Chief Clerk
Missouri House of Representatives
State Capitol 317-A
Jefferson City, MO 65101

Dear Mr. Crumbliss:

House Bill 1326 contains several amendments that directly conflict with Article IV, Section 40(a) of the Missouri Constitution. Specifically, amendments to sections 144.010(5), 262.900(6), 265.300(6), 267.565(13) and 277.020(1) RSMo add the term “captive cervids” within the definition of “livestock” for the purposes of those particular chapters. The term cervid includes all members of the deer family. The intent of these amendments is to transfer all authority of the Missouri Conservation Commission over deer held in captivity to the Missouri Department of Agriculture.

Article IV, Section 40(a) of the Missouri Constitution gives the Missouri Conservation Commission authority for “control, management, restoration, conservation and regulation of the bird, fish, **game**, forestry, **and all wildlife resources of the state.**” White-tailed deer are game and wildlife resources, regardless of whether they are held in captivity or free-ranging. The same is true for other wildlife species held in captivity and regulated by the Conservation Commission, such as quail, black bear, mountain lions, pheasants, raccoons, and squirrels. **Senate Bill 506** and **House Bill 1326** are unconstitutional to the extent it usurps the Conservation Commission’s constitutionally granted authority over game and wildlife resources by reclassifying a species of wildlife as livestock.

Please contact my office should you have any questions.

Sincerely,

/s/ TJ McKenna
State Representative
114th District

All other business of the House was suspended while **SS SCS HCS HB 1326** was read at length and was signed by the Speaker to the end that the same may become law.

CONSTITUTIONAL OBJECTION

May 30, 2014

Ms. Terry Spieler, Secretary of the Senate
Missouri Senate
State Capitol 325
Jefferson City, MO 65101

Dear Ms. Spieler:

Senate Bill 506 contains several amendments that directly conflict with Article IV, Section 40(a) of the Missouri Constitution. Specifically, amendments to sections 144.010(5), 262.900(6), 265.300(6), 267.565(13) and 277.020(1) RSMo add the term “captive cervids” within the definition of “livestock” for the purposes of those particular chapters. The term cervid includes all members of the deer family. The intent of these amendments is to transfer all authority of the Missouri Conservation Commission over deer held in captivity to the Missouri Department of Agriculture.

Article IV, Section 40(a) of the Missouri Constitution gives the Missouri Conservation Commission authority for “control, management, restoration, conservation and regulation of the bird, fish, **game**, forestry, **and all wildlife resources of the state.**” White-tailed deer are game and wildlife resources, regardless of whether they are held in captivity or free-ranging. The same is true for other wildlife species held in captivity and regulated by the Conservation Commission, such as quail, black bear, mountain lions, pheasants, raccoons, and squirrels. **Senate Bill 506** and **House Bill 1326** are unconstitutional to the extent it usurps the Conservation Commission’s constitutionally granted authority over game and wildlife resources by reclassifying a species of wildlife as livestock.

Please contact my office should you have any questions.

Sincerely,

/s/ TJ McKenna
State Representative
114th District

WEDNESDAY, SEPTEMBER 10, 2014

Speaker Jones in the Chair.

Prayer by Msgr. Robert A. Kurwicky, Chaplain.

Happy is the person that discovers wisdom and the person that receives understanding. (Proverbs 3:13)

Almighty and compassionate God, we are united today again in the beautiful and historic chamber of the People's House for the annual veto session. Since our last gathering together in May, much has happened in our State, some of it good, some of it bad. We now have the serious task of intelligently deciding those laws which will truly be a benefit for our good people both now and in the future.

We pray for our new members who have taken their solemn oath today. We beg God to give them wisdom and understanding. May their time here be an experience of learning one's hopes and limitations.

Finally we ask You to heal our wounds, ease tensions, encourage dialogue and grant economic opportunity to all of our citizens, in order that the Show-Me State might be a leader in justice and peace in our nation.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

MESSAGES FROM THE GOVERNOR

July 9, 2014

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Bill No. 1132** entitled:

“AN ACT”

To repeal sections 135.600, 135.630, and 135.647, RSMo, and to enact in lieu thereof three new sections relating to benevolent tax credits.

I disapprove of **Senate Committee Substitute for House Bill No. 1132**. My reasons for disapproval are as follows:

Senate Committee Substitute for House Bill No. 1132 would increase the caps on three current tax credit programs by a total of \$1.5 million annually. While these programs may have worthwhile intentions, expanding their size and thereby growing the state’s overall tax credit expenditures will make it more difficult to fund education and other core governmental services. I have repeatedly called on the General Assembly to rein in tax credits. By growing these tax credit expenditures without making them subject to appropriation or restructuring them to be revenue-neutral, Senate Committee Substitute for House Bill No. 1132 moves in the opposite direction and therefore cannot receive my approval.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Bill No. 1132** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon
Governor

July 2, 2014

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **House Committee Substitute for House Bill No. 1261** entitled:

“AN ACT”

To repeal sections 105.145, 238.222, and 238.272, RSMo, and to enact in lieu thereof three new sections relating to transportation development districts.

I disapprove of **House Committee Substitute for House Bill No. 1261**. My reasons for disapproval are as follows:

As introduced, House Bill No. 1261 would have modified current law to require the State Auditor’s Office (SAO) to notify the Department of Revenue (DOR) of a transportation development district’s failure to file an annual financial statement with the SAO. Upon notification, DOR would be required to collect a statutorily prescribed fine from the delinquent TDD and after retention of two percent of the sum collected, remit the remaining funds to the school districts of the county in which the TDD was located. House Bill No. 1261 would have also required newly formed TDD’s to notify the SAO of their establishment upon the first meeting of the TDD board and modified the maximum amount the SAO could charge a TDD for audits.

House Committee Substitute for House Bill No. 1261 amended the introduced legislation to include a provision that would risk unwarranted invasions of taxpayer privacy. The modifications to Section 105.145 in House Committee Substitute for House Bill No. 1261 provide blanket immunity from civil and criminal liability under Section 32.057, RSMo, for the improper disclosure of personally identifiable taxpayer information by those preparing financial reports and auditing a transportation development district. This would allow individuals to sell, share, or otherwise disclose confidential taxpayer information without fear of criminal prosecution. This sweeping grant of immunity for the disclosure of confidential taxpayer information would jeopardize the competitiveness of businesses located within the TDD by enabling competitors to obtain sensitive, proprietary information, such as income and sales receipts. Authorizing such immunity for the disclosure of confidential taxpayer information is bad public policy and could create a chilling effect on the willingness of businesses to fully disclose information necessary to ensure the proper administration of Missouri’s tax system.

In accordance with the above stated reasons for disapproval, I am returning **House Committee Substitute for House Bill No. 1261** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon

June 11, 2014

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Committee Substitute for House Bill No. 1296** entitled:

“AN ACT”

To repeal sections 143.451, 144.049, and 144.080, RSMo, and to enact in lieu thereof three new sections relating to taxes based on sales, with an existing penalty provision.

I disapprove of **Senate Committee Substitute for House Committee Substitute for House Bill No. 1296**. My reasons for disapproval are as follows:

Senate Committee Substitute for House Committee Substitute for House Bill No. 1296 would continue a damaging trend by the General Assembly to enact special tax exemptions and credits that pick winners and losers through the tax code and shift a greater proportion of the tax burden to the majority of Missourians unable to utilize such loopholes. Not a penny of the special breaks in this bill or in the others that I am vetoing today¹ was taken into account in the Fiscal Year 2015 budget passed by the General Assembly, leaving it significantly out of balance and requiring swift action to protect the State’s fiscal well-being. This is fiscally irresponsible and cannot receive my support.

In enacting Senate Committee Substitute for House Committee Substitute for House Bill No. 1296 and its brethren in the final hours of the legislative session, the General Assembly disregarded the normal legislative process, slipping in costly provisions without public hearings and without fiscal notes reflecting the impact on the state budget. And just as legislators ignored the legislative process, so too did they disregard the budget process by passing a budget just a week earlier that failed to account for this final day spending spree. Unlike the fiscal impact of Senate Substitute No. 3 for Senate Committee Substitute for Senate Bill Nos. 509 & 496, which today’s lawmakers have conveniently foisted off on future budgets for education, public safety and other vital public services, the fiscal impact of the special breaks I am vetoing today would begin impacting budgets in the fiscal year starting in less than 30 days. There are no delays, triggers, or other gimmicks that could be touted as shielding education, public safety, and other vital public services from the \$776 million in state and local revenue legislators voted to send to narrow special interests on the last day of session. While the General Assembly may have abdicated its fiscal responsibilities in failing to account for this budgetary impact, the resulting imbalance cannot be ignored and will have to be corrected through dramatic spending reductions.

Senate Committee Substitute for House Committee Substitute for House Bill No. 1296 and the other measures I am vetoing today would add to the more than 260 sales tax exemptions and tax credits that litter Missouri’s tax code without requiring the creation of a single new job. The continued erosion of the tax base through such individualized exemptions and credits violates well-established principles of sound tax policy calling for a broad tax base so that tax rates can remain low. The General Assembly has ignored repeated calls to reduce these costly and inefficient carve-outs and has instead rushed through many more, leaving Missouri families to pick up the tab for education and vital public services.

The unabated growth of such special carve-outs and the fiscal irresponsibility of failing to budget for them are all the more troubling when the General Assembly is simultaneously seeking to raise taxes on all Missourians with what could be the largest tax hike in Missouri history. While the benefits of the more than one billion dollars in annual tax breaks

passed by the legislature over the past two months will go disproportionately to the wealthy, the burden of this multi-billion dollar tax increase for transportation would fall disproportionately on Missouri's working families and seniors.

Throughout my time as Governor, I have worked with legislators on fiscally responsible ways to improve our tax code while protecting our state's fiscal health, including the four tax cuts that I have signed into law. Even during this legislative session, I worked directly with legislators to put forward a specific, concrete proposal that would have lowered taxes for Missourians and reined in costly and inefficient tax credits for special interests, broadened the overall tax base and reduced tax rates, while protecting our ability to invest in education and other vital public services. Unfortunately, the General Assembly refused to enact this broad tax relief in favor of narrow giveaways like those contained in Senate Committee Substitute for House Committee Substitute for House Bill No. 1296 and other bills that I am vetoing today. For the reasons stated herein, this is an endeavor I cannot support.

Sales Tax Holiday Expansion

Senate Committee Substitute for House Committee Substitute for House Bill No. 1296 expands the back-to-school sales tax holiday by adding graphing calculators to the list of items that can be purchased tax-free. This expansion is projected to reduce state revenue by as much as \$200,000 annually, which the General Assembly failed to account for in the Fiscal Year 2015 budget they passed. Like many of the tax provisions passed during the final day of session, this provision was not the subject of a public hearing in any Senate committee.

Because Senate Committee Substitute for House Committee Substitute for House Bill No. 1296 expands the current sales tax holiday without the General Assembly accounting for the accompanying revenue reduction in the budget they enacted, this expansion does not receive my approval.

Corporate Income Allocation

Senate Committee Substitute for House Committee Substitute for House Bill No. 1296 would enable additional businesses to reduce their corporate income taxes by utilizing an alternative method of calculating the amount of their income that is derived in Missouri. Legislation enacted last year authorized this alternative allocation method for manufacturers and other businesses selling tangible personal property. This provision would expand this alternative method to sellers of intangible personal property and service providers such as law firms, accounting firms, stock brokers, bond traders, real estate holding companies, and consultants.

Like many of the tax measures enacted during the final hours of the legislative session, this provision was never the subject of a public hearing and was not accounted for in the Fiscal Year 2015 budget passed by the General Assembly. A change to Missouri's tax policy that would reduce state revenues by up to \$15 million annually according to the legislature's own estimate should be the subject of open debate, and the foregone revenue must be accounted for in the budget in order to receive my support.

In accordance with the above-stated reasons for disapproval, I am returning **Senate Committee Substitute for House Committee Substitute for House Bill No. 1296** without my approval.

Sincerely,

/s/ Jeremiah W. (Jay) Nixon
Governor

July 2, 2014

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Committee Substitute for House Bill Nos. 1307 & 1313** entitled:

“AN ACT”

To repeal sections 188.027 and 188.039, and to enact in lieu thereof two new sections relating to the required waiting period before having an abortion.

I disapprove of **Senate Committee Substitute for House Committee Substitute for House Bill Nos. 1307 & 1313**. My reasons for disapproval are as follows:

Senate Committee Substitute for House Committee Substitute for House Bill Nos. 1307 & 1313 is a disrespectful measure that would unnecessarily prolong the suffering of rape and incest victims and jeopardize the health and wellbeing of women.

Missouri law currently mandates, and has had in effect since 2006, a waiting period of “at least 24 hours” for a woman seeking an abortion. This required waiting period includes in-person counseling by the physician or a qualified professional as a prerequisite to obtaining informed consent given freely and voluntarily by the woman. These mandates under current law are comprehensive and require that the physician or qualified professional, at least 24 hours in advance of the procedure, provide the woman, in person, both orally and in writing: the name of the physician; “medically accurate information,” including a description of the method, and purported risks to the woman; alternatives to the procedure; the location of a hospital within thirty miles where the woman may receive follow-up care; gestational age; anatomical and physiological characteristics; and a statement that the physician is available for questions, along with the phone number of the physician. Current law further requires, at least 24 hours in advance of the procedure, that the physician or qualified professional provide the woman, in person and in print: materials describing, and color photographs depicting, anatomical and physiological characteristics in two-week increments; printed materials describing methods of termination; printed materials regarding the possibility of pain after a certain gestational age; names of agencies providing alternative services, including a statement that there are “public and private agencies willing and able to help you carry your child to term, and to assist you and your child after your child is born . . .;” and the legal obligations of the father, including paternity laws and child support. Furthermore, the physician or qualified professional must discuss with the woman, 24 hours in advance, indicators, contraindications, and physical, psychological or situational risk factors. The woman must also be given the opportunity to view an ultrasound. Finally, at least 24 hours in advance, the woman must be given printed materials in person prominently displaying the statement that, “[t]he life of each human being begins at conception. Abortion will terminate the life of a separate, unique, living human being.”

Despite the existence of this extensive 24-hour mandate, Senate Committee Substitute for House Committee Substitute for House Bill Nos. 1307 & 1313 would triple the current mandatory waiting period to at least 72 hours, giving Missouri the longest mandatory delay in the country, along with Utah and South Dakota. In addition, because the bill makes no exception for rape and incest, Missouri and South Dakota would be the only states in the country with a mandatory waiting period of at least 72 hours but without exceptions for rape and incest if the bill became law.

There are several specific reasons why this bill, which contains no exceptions for rape and incest while tripling the length of the waiting period already required under Missouri law, does not meet with my approval.

I cannot condone the absence of an exception for rape and incest in Senate Committee Substitute for House Committee Substitute for House Bill Nos. 1307 & 1313. This glaring omission is wholly insensitive to women who find themselves in horrific circumstances, and demonstrates a callous disregard for their wellbeing. It victimizes these women by prolonging their grief and their nightmare. Consider, for example, a rape victim who is a 32-year-old, happily married mother of two children. Every minute, and every hour, she is reminded of the horrific circumstance in which she finds herself, through no fault of her own. For her, mandating a longer delay is punitive, not contemplative. Rape is a crime that knows no boundaries, and awful though it is to consider, could happen to the woman who sings in the church choir,

or the woman who teaches your children, or even your wife. No woman should be further victimized by a government that forces her to endure even longer the horror that is the crime of rape.

Likewise, there is no sound rationale for prolonging the agony of an incest victim by extending the mandatory delay. An incest survivor molested by an abusive uncle, for example, finds herself in a circumstance too awful for most of us to even contemplate. Yet, under Senate Committee Substitute for House Committee Substitute for House Bill Nos. 1307 & 1313, government would mandate that she, too, endure more suffering, even after she has undergone the extensive counseling and consent process that already exists under Missouri law. Underlying this bill, and the expansion of the governmental interference it would mandate, is a paternalistic presumption that rape and incest victims are somehow unable to grasp the horror that has befallen them, and that government must force them to take more time to come to grips with their plight. That misplaced paternalism defies logic. It is patently unreasonable to presuppose that rape and incest victims would need to take more time to think about the reality, and the horror, of their heartbreaking situation.

Furthermore, even if Senate Committee Substitute for House Committee Substitute for House Bill Nos. 1307 & 1313 contained exceptions for rape and incest, it would still not meet with my approval. As detailed above, Missouri law already mandates a waiting period of “at least 24 hours” that includes extensive counseling and requires that consent be informed, voluntary and given freely without coercion. Lengthening the mandate to “at least” 72 hours serves no demonstrable purpose other than to create emotional and financial hardships for women who have undoubtedly already spent considerable time wrestling with perhaps the most difficult decision they may ever have to make. Moreover, as with rape and incest victims, expanding the mandatory waiting period presupposes that women are unable to make up their own minds without further government intervention. This is insulting to women, particularly in light of what the law already requires.

Finally, Senate Committee Substitute for House Committee Substitute for House Bill Nos. 1307 & 1313 is harmful to a woman’s health. A mandate that moves the procedure to a time later in a pregnancy increases the risk of complications. Lengthening the mandated delay is in contravention of sound medical advice and forces government even further into the relationship between the physician and the woman. A woman’s health could be unnecessarily jeopardized by extending the mandatory delay.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Committee Substitute for House Bill Nos. 1307 & 1313** without my approval.

Respectfully submitted,

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1326** entitled:

“AN ACT”

To repeal sections 144.010, 262.900, 265.300, 267.565, 275.352, 277.020, 277.040, 281.065, 304.180, 340.381, 340.396, 442.571, and 537.325, RSMo, and to enact in lieu thereof seventeen new sections relating to agriculture.

I disapprove of **Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1326**. My reasons for disapproval are as follows:

Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1326 would redefine the term “livestock” to include “captive cervids,” which are members of the deer family, including white-tailed deer. These changes would eliminate the role of the Missouri Department of Conservation in regulating white-tailed deer. Because doing so would be at odds with longstanding successful conservation practices and would violate the Missouri Constitution, this legislation does not receive my approval.

For more than 75 years, the Missouri Department of Conservation has restored and protected Missouri’s forest, fish, and wildlife resources. The Department has created countless opportunities for Missourians to enjoy the outdoors, while also making Missouri a national leader in conservation. In 1934, before Missourians voted by more than a two-thirds majority to establish the Conservation Commission in the Missouri Constitution, Missouri had less than 2,000 white-tailed deer. Today, Missouri has an estimated 1.3 million white-tailed deer. Each fall, half-a-million hunters go afield to harvest deer in Missouri, contributing \$1 billion to our economy. Growing and managing our deer herd and fostering the hunting opportunities that we enjoy takes hard work and sound science, and the Department of Conservation should be commended for employing both to preserve this important part of our heritage, not stripped of its authority to do so in order to protect narrow interests.

Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1326 also does not receive my support because it very clearly violates the Missouri Constitution. Article IV, Section 40(a) of the Missouri Constitution vests the Missouri Conservation Commission with the exclusive authority for:

The control, management, restoration, conservation, and regulation of the bird fish, game, forestry and all wildlife resources of the state, including hatcheries, sanctuaries, refuges, reservations and all other property owned, acquired, or used for such purposes and the acquisition and establishment thereof.

White-tailed deer are wildlife, and they are also a game animal. Putting them behind a fence does not change that fact. The Constitution makes clear that the Conservation Commission has the sole authority to control, manage, restore, conserve, and regulate “game ... and all wildlife” (emphasis added). The citizen-supported, citizen-led effort to conserve our forests, fish, and wildlife through this constitutional provision has in its more than 75 years made Missouri a national leader in conservation. And in granting the Commission this broad constitutional authority, the 71% of Missouri citizens who voted to do so certainly did not countenance that a statutory enactment to simply redefine the term “livestock” could suffice to undermine that authority.

I note that it is unfortunate that the legislature insisted on amending this unconstitutional provision to two pieces of legislation that otherwise contain worthy provisions advancing Missouri agriculture.

In accordance with the above stated reasons for disapproval, I am returning **Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1326** without my approval.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **House Bill No. 1359** entitled:

“AN ACT”

To repeal section 8.007, RSMo, and to enact in lieu thereof two new sections relating to contracts for the sale of certain items at events held in state-owned buildings.

I disapprove of **House Bill No. 1359**. My reasons for disapproval are as follows:

For the next ten years, House Bill No. 1359 would allow alcohol sales inside the Missouri State Capitol at events commemorating the anniversaries of the state capitol and the Missouri Bicentennial, and at events held at the Missouri State Penitentiary site.

While I acknowledge the purpose of the legislation articulated by its proponents – to generate additional funds for Capitol restoration and maintenance – I do not agree with the means of accomplishing that purpose. The Capitol is and should remain a place that thousands of children and their families feel comfortable visiting every year. These children and their families come to the Capitol to learn more about this historic symbol of our great state. They come to experience what two authors accurately describe as its “architectural elegance and artistic excellence.”¹ They come to see our system of government in operation, and they come to make their opinions known. They do not come to see the sale of liquor by the drink. Moreover, the introduction of alcohol sales in the Capitol is particularly troubling because the bill does not restrict sales in the presence of minors, nor does it limit sales to certain hours of operation.

Of the many issues that taxpayers expect their elected representatives to address, selling alcohol in the Capitol is not one of them. The additional revenues for Capitol restoration and maintenance that proponents assert would result from House Bill No. 1359 becoming law are outweighed by the message it sends to children and families. We should not sell alcohol in the Capitol.

In accordance with the above stated reasons for disapproval, I am returning **House Bill No. 1359** without my approval.

Herewith I return to you **House Bill No. 1455** entitled:

“AN ACT”

To repeal section 136.300, RSMo, and to enact in lieu thereof one new section relating to tax liability disputes.

I disapprove of **House Bill No. 1455**. My reasons for disapproval are as follows:

House Bill No. 1455 would continue a damaging trend by the General Assembly to enact special tax exemptions and credits that pick winners and losers and shift a greater proportion of the tax burden to the majority of Missourians unable to utilize such loopholes. Not a penny of the special breaks that I am vetoing today² or the provisions of this bill making

such special breaks far easier to exploit was taken into account in the Fiscal Year 2015 budget passed by the General Assembly, leaving it significantly out of balance and requiring swift action to protect the State's fiscal well-being. This is fiscally irresponsible and cannot receive my support.

In enacting House Bill No. 1455 and its brethren in the final hours of the legislative session, the General Assembly disregarded the normal legislative process, slipping in costly provisions without public hearings and without fiscal notes reflecting the impact on the state budget. And just as legislators ignored the legislative process, so too did they disregard the budget process by passing a budget just a week earlier that failed to account for this final day spending spree. Unlike the fiscal impact of Senate Substitute No. 3 for Senate Committee Substitute for Senate Bill Nos. 509 & 496, which today's lawmakers have conveniently foisted off on future budgets for education, public safety and vital public services, the fiscal impact of the special breaks I have vetoed today would begin impacting budgets in the fiscal year that starts in less than 30 days. There are no delays, triggers, or other gimmicks that could be touted as shielding education, public safety, and other vital public services, at both the state and local level, from the projected \$776 million in state and local revenue legislators voted to send to narrow special interests on the last day of session. While the General Assembly may have abdicated its fiscal responsibilities in failing to account for this budgetary impact, the resulting imbalance cannot be ignored and will have to be corrected through dramatic spending reductions.

Throughout my time as Governor, I have worked with legislators on fiscally responsible ways to improve our tax code while protecting our state's fiscal health, including the four tax cuts that I have signed into law. Even during this legislative session, I worked directly with legislators to put forward a specific, concrete proposal that would have lowered taxes for Missourians and reined in costly and inefficient tax credits for special interests, broadened the overall tax base and reduced tax rates, while protecting our ability to invest in education and vital public services. Unfortunately, the General Assembly refused to enact this broad tax relief in favor of narrow giveaways like those contained in the bills that I am vetoing today and which would be facilitated by House Bill No. 1455. For the reasons stated herein, this is an endeavor I cannot support.

Proving Eligibility for Tax Exemptions

While the other bills that I am vetoing today create broad new tax exemptions, House Bill No. 1455 would make these new exemptions, as well as the more than 200 sales tax exemptions in current law, far easier to exploit by no longer requiring a business claiming a tax exemption to prove it is actually eligible for the claimed exemption.

While I support eliminating the arbitrary limitation in current law that puts the burden of proof on some businesses but not others in determining tax liability, when it comes to someone trying to claim a tax exemption, they should at a minimum be required to show that they are entitled to it. Claiming a special carve-out or loophole without evidence to support it is unfair to the vast majority of Missouri taxpayers who lack the influence to get special tax exemptions crafted for them by the General Assembly. With the help of the legislature and the best accounting and legal advice, those fortunate enough to take advantage of special exemptions would be now given every incentive to push the outer boundaries of any exemptions that could conceivably apply, further eroding the tax base and shifting an even greater tax burden to the majority of taxpayers. Not content with merely showering the fortunate with a cavalcade of new tax breaks, the General Assembly has gone further to stack the deck in their favor to provide an added incentive to try on an exemption just to see if it fits. This is not a tax policy that I can support.

In accordance with the above-stated reasons for disapproval and for the reasons stated in the other veto messages issued this day, I am returning **House Bill No. 1455** without my approval.

Sincerely,

/s/ Jeremiah W. (Jay) Nixon

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Bill No. 1553** entitled:

“AN ACT”

To repeal sections 50.660, 50.783, 67.281, 72.401, 82.300, 82.1025, 82.1027, 82.1028, 82.1029, 82.1030, 94.579, 99.805, 99.825, 162.481, 182.802, 349.045, and 483.140, RSMo, and to enact in lieu thereof nineteen new sections relating to political subdivisions.

I disapprove of **Conference Committee Substitute for Senate Committee Substitute for House Bill No. 1553**. My reasons for disapproval are as follows:

Conference Committee Substitute for Senate Committee Substitute for House Bill No. 1553 contains a number of worthwhile provisions that can become law through my action on other legislation. However, Conference Committee Substitute for Senate Committee Substitute for House Bill No. 1553 does not receive my approval because it contains a provision that would infringe upon private property rights. For this reason, Conference Committee Substitute for Senate Committee Substitute for House Bill No. 1553 does not receive my approval.

The offending provision in Conference Committee Substitute for Senate Committee Substitute for House Bill No. 1553 is identical to that found in Senate Committee Substitute for Senate Bill No. 731, which I have also vetoed today. Senate Committee Substitute for Senate Bill No. 731, began as a well-meaning measure intended to provide additional tools for neighborhood organizations and property owners to hold negligent property owners accountable for diminished property values and unsafe conditions. However, an amendment added on the Senate floor would infringe upon private property rights by creating a broad new immunity for polluters creating environmental hazards and contamination that reduce nearby property values. For this reason, Conference Committee Substitute for Senate Committee Substitute for House Bill No. 1553 does not receive my approval.

The Senate floor amendment to Senate Committee Substitute for Senate Bill No. 731, found in section 1 of Conference Committee Substitute for Senate Committee Substitute for House Bill No. 1553, would provide:

No action shall be brought under section 82.1025 or sections 82.1027 to 82.1030 if the owner of the property that is the subject of the action is in good faith compliance with *any* order issued by the department of natural resources, the United States Environmental Protection Agency, or the office of attorney general.

(emphasis added). This broad immunity would bar statutory nuisance actions by private property owners and neighborhood organizations in the counties of Jefferson, Platte, Franklin, Cass, Clay, Cole, and Cape Girardeau, and the cities of Springfield, St. Louis and Kansas City in the circumstances outlined. This would diminish the rights of property owners under current law to hold someone accountable for actions that reduce property values and create hazards to health, safety and the environment. For example, assume private property owners in St. Louis County are attempting to bring a statutory nuisance action seeking damages from the owner of a landfill that is contaminating nearby properties, creating noxious fumes, and decreasing area property values. Although such an action might proceed under current law, this bill would prohibit it if the Environmental Protection Agency (EPA), the Department of Natural Resources (DNR), or the Attorney General has ordered the landfill operator to clean up the contamination and the company is attempting to comply with that order.

Not only would this new immunity deprive private property owners of rights they enjoy under current law, its ambiguous wording would confer immunity even when the referenced government order does not apply to the property creating the nuisance. For example, assume DNR issues an order requiring a utility company to clean up contamination at a former facility in Randolph County. If the utility is complying with that clean-up order, this bill would also give the company

immunity for operations creating a nuisance at its facilities in Franklin, St. Louis, Jefferson, Cape Girardeau, and Cole counties.

In addition, the ambiguous language of this immunity provision does not even require the party creating the nuisance to actually be in compliance with any of the referenced government orders. Instead, the immunity would be triggered upon “good faith,” as opposed to *actual*, compliance. This could prevent private property owners from bringing a statutory nuisance action even when the party creating the nuisance is currently violating a government order. For example, a quarry in Cape Girardeau could be violating a DNR order to control dust emissions contaminating nearby property, but under this bill adjoining property owners would be barred from bringing a statutory nuisance action to protect their property so long as the quarry is attempting, even if unsuccessfully, to comply with the DNR order. Similarly, a chemical company in Cass County attempting to comply with a DNR order to clean up hazardous waste on its property may be immune from suit even if contamination from the buried chemicals has migrated into the drinking water used by neighboring property owners.

The provisions of Senate Committee Substitute for Senate Bill No. 731 that were inserted into Conference Committee Substitute for Senate Committee Substitute for House Bill No. 1553 would grant a broad new immunity for those damaging the property of others. This I cannot support.

In accordance with the above stated reasons for disapproval, I am returning **Conference Committee Substitute for Senate Committee Substitute for House Bill No. 1553** without my approval.

Respectfully submitted,

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Substitute for House Bill No. 1707** entitled:

“AN ACT”

To repeal sections 174.709, 174.712, 178.862, 300.320, 304.154, 610.120, and 610.122, RSMo, and to enact in lieu thereof seven new sections relating to the operation of motor vehicles.

I disapprove of **Conference Committee Substitute for Senate Substitute for House Bill No. 1707**. My reasons for disapproval are as follows:

Conference Committee Substitute for Senate Substitute for House Bill No. 1707 would impose new regulations on the towing industry. These new regulations, contained in section 304.154.1 of the bill, attempt to augment the regulations currently contained in that same provision. Additional regulation in this area is appropriate and would receive my approval if not for a drafting problem that would create a period of more than four months where none of the regulations—present or future—found in section 304.154.1 would apply to the towing industry.

Conference Committee Substitute for Senate Substitute for House Bill No. 1707 would repeal the current section 304.154.1 and replace it with the amended section 304.154.1 on August 28, 2014. However, the new section 304.154.1 specifically states that the regulations set forth in that provision become effective “[b]eginning January 1, 2015.” As a result, the towing industry would not be subject to any of the regulations found in section 304.154.1 between August 28, 2014 and January 1, 2015.

It is unfortunate that this drafting problem will prevent other worthwhile provisions in Conference Committee Substitute for Senate Substitute for House Bill No. 1707 from becoming law today. However, I will not approve legislation designed to more stringently regulate an industry that instead would leave it temporarily unregulated.

In accordance with the above stated reasons for disapproval, I am returning **Conference Committee Substitute for Senate Substitute for House Bill No. 1707** without my approval.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Substitute for Senate Committee Substitute for House Bill No. 1865** entitled:

“AN ACT”

To repeal section 143.451, RSMo, and to enact in lieu thereof two new sections relating to taxation.

I disapprove of **Senate Substitute for Senate Committee Substitute for House Bill No. 1865**. My reasons for disapproval are as follows:

Senate Substitute for Senate Committee Substitute for House Bill No. 1865 would continue a damaging trend by the General Assembly to enact special tax exemptions and credits that pick winners and losers through the tax code and shift a greater proportion of the tax burden to the majority of Missourians unable to utilize such loopholes. Not a penny of the special breaks in this bill or in the others that I am vetoing today¹ was taken into account in the Fiscal Year 2015 budget passed by the General Assembly, leaving it significantly out of balance and requiring swift action to protect the State’s fiscal well-being. This is fiscally irresponsible and cannot receive my support.

In enacting Senate Substitute for Senate Committee Substitute for House Bill No. 1865 and its brethren in the final hours of the legislative session, the General Assembly disregarded the normal legislative process, slipping in costly provisions without public hearings and without fiscal notes reflecting the impact on the state budget. And just as legislators ignored the legislative process, so too did they disregard the budget process by passing a budget just a week earlier that failed to account for this final day spending spree. Unlike the fiscal impact of Senate Substitute No. 3 for Senate Committee Substitute for Senate Bill Nos. 509 & 496, which today’s lawmakers have conveniently foisted off on future budgets for education, public safety and other vital public services, the fiscal impact of the special breaks I am vetoing today would begin impacting budgets in the fiscal year starting in less than 30 days. There are no delays, triggers, or other gimmicks that could be touted as shielding education, public safety, and other vital public services from the \$776 million in state and local revenue legislators voted to send to narrow special interests on the last day of session. While the General Assembly may have abdicated its fiscal responsibilities in failing to account for this budgetary impact, the resulting imbalance cannot be ignored and will have to be corrected through dramatic spending reductions.

Senate Substitute for Senate Committee Substitute for House Bill No. 1865 and the other measures I am vetoing today would add to the more than 260 sales tax exemptions and tax credits that litter Missouri's tax code without requiring the creation of a single new job. The continued erosion of the tax base through such individualized exemptions and credits violates well-established principles of sound tax policy calling for a broad tax base so that tax rates can remain low. The General Assembly has ignored repeated calls to reduce these costly and inefficient carve-outs and has instead rushed through many more, leaving Missouri families to pick up the tab for education and vital public services.

The unabated growth of such special carve-outs and the fiscal irresponsibility of failing to budget for them are all the more troubling when the General Assembly is simultaneously seeking to raise taxes on all Missourians with what could be the largest tax hike in Missouri history. While the benefits of the more than one billion dollars in annual tax breaks passed by the legislature over the past two months will go disproportionately to the wealthy, the burden of this multi-billion dollar tax increase for transportation would fall disproportionately on Missouri's working families and seniors.

The special breaks in Senate Substitute for Senate Committee Substitute for House Bill No. 1865 and the other bills I am vetoing today are not the mere clarifications that their supporters claim. Instead, they seek to overrule no fewer than twenty Missouri Supreme Court decisions going back to 1977 that have been followed by the department of revenue over the course of previous and current administrations. In nearly every one of the cases sought to be overturned, the court ruled that the law enacted by the General Assembly required a tax to be collected, notwithstanding that a particular business had hoped to be excused from the legal obligations we all share. While it is well within the rights of a losing litigant to petition their elected representatives, it is wholly disingenuous to call doing so here anything other than what it is—seeking a special exemption from the law, as currently written and as confirmed by the courts.

Throughout my time as Governor, I have worked with legislators on fiscally responsible ways to improve our tax code while protecting our state's fiscal health, including the four tax cuts that I have signed into law. Even during this legislative session, I worked directly with legislators to put forward a specific, concrete proposal that would have lowered taxes for Missourians and reined in costly and inefficient tax credits for special interests, broadened the overall tax base and reduced tax rates, while protecting our ability to invest in education and other vital public services. Unfortunately, the General Assembly refused to enact this broad tax relief in favor of narrow giveaways like those contained in Senate Substitute for Senate Committee Substitute for House Bill No. 1865 and other bills that I am vetoing today. For the reasons stated herein, this is an endeavor I cannot support.

Special Exemptions for Restaurants, Convenience Stores, and Grocery Stores

Senate Substitute for Senate Committee Substitute for House Bill No. 1865 would create new exemptions from state sales and use taxes for utilities and electricity used by restaurants, cafeterias, fast food restaurants, delicatessens, bakeries, grocery stores, convenience stores, and other facilities selling prepared food. This provision is projected to reduce state revenue by up to \$51 million annually, although the General Assembly failed to account for this reduction in the budget they enacted for the fiscal year that will begin July 1. Unlike many of the new tax exemptions passed on the last day of the legislative session, the new exemptions in Senate Substitute for Senate Committee Substitute for House Bill No. 1865 were included in an introduced bill and were the subject of public hearings in both the House and the Senate. Also unlike many of the other new exemptions passed on the last day of session, the new exemptions in Senate Substitute for Senate Committee Substitute for House Bill No. 1865 are made expressly inapplicable to the local sales tax and are thereby limited solely to the state taxes. *See* Section 144.055.3 ("The exemptions granted in this section shall not apply to the local sales tax law as defined in section 32.085").

However, the new exemptions in Senate Substitute for Senate Committee Substitute for House Bill No. 1865 bear resemblance to the others passed on the last day of the legislative session in that proponents characterize them as mere clarifications of current law. However, that is not the case. Instead, these new exemptions for restaurants, convenience stores, grocery stores and the like would abrogate three Missouri Supreme Court decisions, which held that such entities were not entitled to the tax exemptions available to manufacturers and instead must continue paying taxes as they had always done. *See Brinker Missouri, Inc. v. Director of Revenue*, 319 S.W.3d 433, 435 (Mo. banc 2010) (affirming the denial of a refund claim for taxes paid by chain restaurants); *Aquila Foreign Qualifications Corp. v. Director of Revenue*, 362 S.W.3d 1, 2 (Mo. banc 2012) (affirming the denial of a refund claim for taxes paid by chain convenience stores); *Union Elec. Co. v. Director of Revenue*, 425 S.W.3d 118, 120 (Mo. banc 2014) (affirming the denial of a refund claim for taxes paid by chain grocery stores). After failing repeatedly to persuade a court to excuse them from their legal

obligations, the affected businesses sought new, made-to-order tax loopholes from the General Assembly that would treat cooking a cheeseburger as “manufacturing” and frying up a glazed doughnut as “processing.”

Special tax exemptions such as those in Senate Substitute for Senate Committee Substitute for House Bill No. 1865 erode the overall tax base and shift a greater tax burden to the majority of Missourians unable to utilize such loopholes. None of these new exemptions requires the creation of any new jobs. Instead, they simply provide a new subsidy to selected businesses without a clearly articulated economic reason for doing so and without accounting for the resulting revenue loss in the state budget. This is fiscally irresponsible and therefore cannot receive my support.

Corporate Income Allocation

Senate Substitute for Senate Committee Substitute for House Bill No. 1865 would enable additional businesses to reduce their corporate income taxes by utilizing an alternative method of calculating the amount of their income that is derived in Missouri. Legislation enacted last year authorized this alternative allocation method for manufacturers and other businesses selling tangible personal property. This provision would expand this alternative method to sellers of intangible personal property and service providers such as law firms, accounting firms, stock brokers, bond traders, real estate holding companies, and consultants.

Like many of the tax measures enacted during the final hours of the legislative session, this provision was never the subject of a public hearing and was not accounted for in the Fiscal Year 2015 budget passed by the General Assembly. A change to Missouri’s tax policy that would reduce state revenues by up to \$15 million annually according to the legislature’s own estimate should be the subject of open debate, and the foregone revenue must be accounted for in the budget in order to receive my support.

In accordance with the above-stated reasons for disapproval, I am returning **Senate Substitute for Senate Committee Substitute for House Bill No. 1865** without my approval.

Sincerely,

/s/ Jeremiah W. (Jay) Nixon

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **House Committee Substitute for House Bill No. 1999** entitled:

“AN ACT”

To repeal section 301.640, RSMo, and to enact in lieu thereof one new section relating to the electronic transmission of motor vehicle lien documents.

I disapprove of **House Committee Substitute for House Bill No. 1999**. My reasons for disapproval are as follows:

House Committee Substitute for House Bill No.1999 attempts to create a system by which liens on motor vehicle titles could be released electronically. Such a system would expedite the release of vehicle liens, would allow real-time verification of the status of liens and would be an important step in establishing an overall electronic vehicle titling system.

While House Committee Substitute for House Bill No.1999 is designed to inject greater efficiencies into the motor vehicle titling system, unfortunately the legislation contains problematic drafting which would render it meaningless. Under section 301.640.6 of the bill, the director of revenue would be authorized to adopt rules “to allow a lienholder who files a lien electronically **under this section** to electronically release such lien.” (emphasis added). As a result, the

electronic releasing of a lien would be limited to liens filed electronically under section 301.640, RSMo. However, liens are not filed under section 301.640, RSMo, but instead are filed under section 301.600, RSMo. Despite the well-intentioned goals of its supporters, House Committee Substitute for House Bill No. 1999 would not statutorily authorize or permit the electronic releasing of vehicle liens. Indeed, the legislation would do nothing and does not receive my approval.

In accordance with the above stated reasons for disapproval, I am returning **House Committee Substitute for House Bill No. 1999** without my approval.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2002** entitled:

“AN ACT”

To appropriate money for the expenses, grants, refunds, and distributions of the State Board of Education and the Department of Elementary and Secondary Education, and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2014 and ending June 30, 2015; provided that no funds from these sections shall be expended for the purpose of costs associated with the offices of the Governor, Lieutenant Governor, Secretary of State, State Auditor, State Treasurer, or Attorney General, and further provided that the Department of Elementary and Secondary Education shall employ no more than 811.30 full-time equivalent employees (FTE) from the General Revenue Fund.

The General Assembly passed the Fiscal Year 2015 budget on May 8, 2014. One week later, during the final hours of the legislative session, the General Assembly passed a number of bills that put this budget severely out of balance. On June 11, 2014 I vetoed each of these bills, providing detailed reasons for my objections, including the General Assembly’s failure to account for these measures in the Fiscal Year 2015 budget. Further, I objected to these measures because of the significant damage they would inflict on the budgets of local jurisdictions. Contained within these bills are loopholes and special breaks that would permanently and immediately begin reducing state revenue by more than \$425 million annually and local revenue by more than \$351 million annually.

Despite my veto of these bills, the Governor’s Constitutional obligation to ensure a balanced budget requires that I account for their potential fiscal impact. I must consider all possible actions that the legislature may take. Therefore, it is essential that I make the fiscally responsible decision to include the impact of these bills in the budget actions I am taking today.

Maintaining a balanced budget also requires the consideration of three other fiscal realities that were not taken into account in the Fiscal Year 2015 budget. First, the General Assembly counted on but ultimately failed to pass tax amnesty legislation, resulting in \$51.8 million less in general revenue for the budget. Second, the General Assembly’s budget included \$50 million in tobacco settlement payments the Attorney General has indicated will likely not be available during Fiscal Year 2015. Third, the economic uncertainty facing all states is exacerbated in Missouri by the legislature’s inaction on Medicaid expansion. The legislature’s continued refusal to bring Missouri taxpayer dollars home and make up for federal health care cuts with an expansion of Medicaid is forcing hospitals to lay off workers and scale back services across the state. The fiscal consequences of these and other policies are already being seen in reduced revenue available to fund priority programs.

The combination of these fiscal realities and the 10 tax loophole bills passed by the General Assembly has resulted in a state budget that is severely out of balance. Compounding the problem, the General Assembly went on a spending spree, funding more than 30 new programs and the construction of new government buildings. In total, the General Assembly added funding above my recommendations for more than 100 spending items in the Fiscal Year 2015 budget.

The fiscal imbalance created by the General Assembly in enacting tax loopholes and exemptions without accounting for them in the budget, while at the same time adding funding for new government programs, must be corrected through my actions today to balance the state budget. In total, I am vetoing \$275.7 million in spending authority from the Fiscal Year 2015 budget, including \$144.6 million general revenue. In addition, I am restricting \$846.3 million in spending, including \$641.6 million general revenue; some or all of these restrictions may be released if funds are available. Combined, these actions will ensure the budget remains balanced and the state remains on a strong fiscal footing, one that will preserve resources for the highest priority state services and help to protect the state's spotless AAA credit rating.

For the aforementioned reasons and to ensure that the state budget remains balanced, I am vetoing the line-items specified below:

Section 2.016

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2003** entitled:

“AN ACT”

To appropriate money for the expenses, grants, refunds, and distributions of the Department of Higher Education, the several divisions, programs, and institutions of higher education included therein to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2014 and ending June 30, 2015; provided that no funds from these sections shall be expended for the purpose of costs associated with the offices of the Governor, Lieutenant Governor, Secretary of State, State Auditor, State Treasurer, or Attorney General, and further provided that no funds shall be expended at public institutions of higher education that knowingly offer a tuition rate to an unlawfully present covered student pursuant to 173.1110, RSMo, that is less than the tuition rate charged to citizens or nationals of the United States whose residence is not in Missouri, and further provided that the Department of Higher Education shall employ no more than 14.88 full-time equivalent employees (FTE) from the General Revenue Fund.

The General Assembly passed the Fiscal Year 2015 budget on May 8, 2014. One week later, during the final hours of the legislative session, the General Assembly passed a number of bills that put this budget severely out of balance. On June 11, 2014 I vetoed each of these bills, providing detailed reasons for my objections, including the General Assembly’s failure to account for these measures in the Fiscal Year 2015 budget. Further, I objected to these measures because of the significant damage they would inflict on the budgets of local jurisdictions. Contained within these bills are loopholes and special breaks that would permanently and immediately begin reducing state revenue by more than \$425 million annually and local revenue by more than \$351 million annually.

Despite my veto of these bills, the Governor’s Constitutional obligation to ensure a balanced budget requires that I account for their potential fiscal impact. I must consider all possible actions that the legislature may take. Therefore, it is essential that I make the fiscally responsible decision to include the impact of these bills in the budget actions I am taking today.

Maintaining a balanced budget also requires the consideration of three other fiscal realities that were not taken into account in the Fiscal Year 2015 budget. First, the General Assembly counted on but ultimately failed to pass tax amnesty legislation, resulting in \$51.8 million less in general revenue for the budget. Second, the General Assembly’s budget included \$50 million in tobacco settlement payments the Attorney General has indicated will likely not be available during Fiscal Year 2015. Third, the economic uncertainty facing all states is exacerbated in Missouri by the legislature’s

inaction on Medicaid expansion. The legislature's continued refusal to bring Missouri taxpayer dollars home and make up for federal health care cuts with an expansion of Medicaid is forcing hospitals to lay off workers and scale back services across the state. The fiscal consequences of these and other policies are already being seen in reduced revenue available to fund priority programs.

The combination of these fiscal realities and the 10 tax loophole bills passed by the General Assembly has resulted in a state budget that is severely out of balance. Compounding the problem, the General Assembly went on a spending spree, funding more than 30 new programs and the construction of new government buildings. In total, the General Assembly added funding above my recommendations for more than 100 spending items in the Fiscal Year 2015 budget.

The fiscal imbalance created by the General Assembly in enacting tax loopholes and exemptions without accounting for them in the budget, while at the same time adding funding for new government programs, must be corrected through my actions today to balance the state budget. In total, I am vetoing \$275.7 million in spending authority from the Fiscal Year 2015 budget, including \$144.6 million general revenue. In addition, I am restricting \$846.3 million in spending, including \$641.6 million general revenue; some or all of these restrictions may be released if funds are available. Combined, these actions will ensure the budget remains balanced and the state remains on a strong fiscal footing, one that will preserve resources for the highest priority state services and help to protect the state's spotless AAA credit rating.

For the aforementioned reasons and to ensure that the state budget remains balanced, I am vetoing the line-items specified below:

Section 3.005

I hereby veto \$55,000 general revenue for Higher Education Coordination and for grant and scholarship program administration.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2007** entitled:

“AN ACT”

To appropriate money for the expenses, grants, refunds, and distributions of the Department of Economic Development, Department of Insurance, Financial Institutions and Professional Registration, Department of Labor and Industrial Relations and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2014 and ending June 30, 2015; provided that no funds from these sections shall be expended for the purpose of costs associated with the offices of the Governor, Lieutenant Governor, Secretary of State, State Auditor, State Treasurer, or Attorney General, and further provided that the Department of Economic Development shall employ no more than 69.69 full-time equivalent employees (FTE) from the General Revenue Fund, and further provided that the Department of Labor and Industrial Relations shall employ no more than 28.62 full-time equivalent employees (FTE) from the General Revenue Fund.

The General Assembly passed the Fiscal Year 2015 budget on May 8, 2014. One week later, during the final hours of the legislative session, the General Assembly passed a number of bills that put this budget severely out of balance. On June 11, 2014 I vetoed each of these bills, providing detailed reasons for my objections, including the General

Assembly's failure to account for these measures in the Fiscal Year 2015 budget. Further, I objected to these measures because of the significant damage they would inflict on the budgets of local jurisdictions. Contained within these bills are loopholes and special breaks that would permanently and immediately begin reducing state revenue by more than \$425 million annually and local revenue by more than \$351 million annually.

Despite my veto of these bills, the Governor's Constitutional obligation to ensure a balanced budget requires that I account for their potential fiscal impact. I must consider all possible actions that the legislature may take. Therefore, it is essential that I make the fiscally responsible decision to include the impact of these bills in the budget actions I am taking today.

Maintaining a balanced budget also requires the consideration of three other fiscal realities that were not taken into account in the Fiscal Year 2015 budget. First, the General Assembly counted on but ultimately failed to pass tax amnesty legislation, resulting in \$51.8 million less in general revenue for the budget. Second, the General Assembly's budget included \$50 million in tobacco settlement payments the Attorney General has indicated will likely not be available during Fiscal Year 2015. Third, the economic uncertainty facing all states is exacerbated in Missouri by the legislature's inaction on Medicaid expansion. The legislature's continued refusal to bring Missouri taxpayer dollars home and make up for federal health care cuts with an expansion of Medicaid is forcing hospitals to lay off workers and scale back services across the state. The fiscal consequences of these and other policies are already being seen in reduced revenue available to fund priority programs.

The combination of these fiscal realities and the 10 tax loophole bills passed by the General Assembly has resulted in a state budget that is severely out of balance. Compounding the problem, the General Assembly went on a spending spree, funding more than 30 new programs and the construction of new government buildings. In total, the General Assembly added funding above my recommendations for more than 100 spending items in the Fiscal Year 2015 budget.

The fiscal imbalance created by the General Assembly in enacting tax loopholes and exemptions without accounting for them in the budget, while at the same time adding funding for new government programs, must be corrected through my actions today to balance the state budget. In total, I am vetoing \$275.7 million in spending authority from the Fiscal Year 2015 budget, including \$144.6 million general revenue. In addition, I am restricting \$846.3 million in spending, including \$641.6 million general revenue; some or all of these restrictions may be released if funds are available. Combined, these actions will ensure the budget remains balanced and the state remains on a strong fiscal footing, one that will preserve resources for the highest priority state services and help to protect the state's spotless AAA credit rating.

For the aforementioned reasons and to ensure that the state budget remains balanced, I am vetoing the line-items specified below:

June 24, 2014

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2011** entitled:

“AN ACT”

To appropriate money for the expenses, grants, and distributions of the Department of Social Services and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2014 and ending June 30, 2015; provided that no funds from these sections shall be expended for the purpose of costs

associated with the offices of the Governor, Lieutenant Governor, Secretary of State, State Auditor, State Treasurer, or Attorney General, and further provided that the Department of Social Services shall employ no more than 1,753.87 full-time equivalent (FTE) employees from the General Revenue Fund.

The General Assembly passed the Fiscal Year 2015 budget on May 8, 2014. One week later, during the final hours of the legislative session, the General Assembly passed a number of bills that put this budget severely out of balance. On June 11, 2014 I vetoed each of these bills, providing detailed reasons for my objections, including the General Assembly's failure to account for these measures in the Fiscal Year 2015 budget. Further, I objected to these measures because of the significant damage they would inflict on the budgets of local jurisdictions. Contained within these bills are loopholes and special breaks that would permanently and immediately begin reducing state revenue by more than \$425 million annually and local revenue by more than \$351 million annually.

Despite my veto of these bills, the Governor's Constitutional obligation to ensure a balanced budget requires that I account for their potential fiscal impact. I must consider all possible actions that the legislature may take. Therefore, it is essential that I make the fiscally responsible decision to include the impact of these bills in the budget actions I am taking today.

Maintaining a balanced budget also requires the consideration of three other fiscal realities that were not taken into account in the Fiscal Year 2015 budget. First, the General Assembly counted on but ultimately failed to pass tax amnesty legislation, resulting in \$51.8 million less in general revenue for the budget. Second, the General Assembly's budget included \$50 million in tobacco settlement payments the Attorney General has indicated will likely not be available during Fiscal Year 2015. Third, the economic uncertainty facing all states is exacerbated in Missouri by the legislature's inaction on Medicaid expansion. The legislature's continued refusal to bring Missouri taxpayer dollars home and make up for federal health care cuts with an expansion of Medicaid is forcing hospitals to lay off workers and scale back services across the state. The fiscal consequences of these and other policies are already being seen in reduced revenue available to fund priority programs.

The combination of these fiscal realities and the 10 tax loophole bills passed by the General Assembly has resulted in a state budget that is severely out of balance. Compounding the problem, the General Assembly went on a spending spree, funding more than 30 new programs and the construction of new government buildings. In total, the General Assembly added funding above my recommendations for more than 100 spending items in the Fiscal Year 2015 budget.

The fiscal imbalance created by the General Assembly in enacting tax loopholes and exemptions without accounting for them in the budget, while at the same time adding funding for new government programs, must be corrected through my actions today to balance the state budget. In total, I am vetoing \$275.7 million in spending authority from the Fiscal Year 2015 budget, including \$144.6 million general revenue. In addition, I am restricting \$846.3 million in spending, including \$641.6 million general revenue; some or all of these restrictions may be released if funds are available. Combined, these actions will ensure the budget remains balanced and the state remains on a strong fiscal footing, one that will preserve resources for the highest priority state services and help to protect the state's spotless AAA credit rating.

For the aforementioned reasons and to ensure that the state budget remains balanced, I am vetoing the line-items specified below:

Therefore, it is essential that I make the fiscally responsible decision to include the impact of these bills in the budget actions I am taking today.

Maintaining a balanced budget also requires the consideration of three other fiscal realities that were not taken into account in the Fiscal Year 2015 budget. First, the General Assembly counted on but ultimately failed to pass tax amnesty legislation, resulting in \$51.8 million less in general revenue for the budget. Second, the General Assembly's budget included \$50 million in tobacco settlement payments the Attorney General has indicated will likely not be available during Fiscal Year 2015. Third, the economic uncertainty facing all states is exacerbated in Missouri by the legislature's inaction on Medicaid expansion. The legislature's continued refusal to bring Missouri taxpayer dollars home and make up for federal health care cuts with an expansion of Medicaid is forcing hospitals to lay off workers and scale back services across the state. The fiscal consequences of these and other policies are already being seen in reduced revenue available to fund priority programs.

The combination of these fiscal realities and the 10 tax loophole bills passed by the General Assembly has resulted in a state budget that is severely out of balance. Compounding the problem, the General Assembly went on a spending spree, funding more than 30 new programs and the construction of new government buildings. In total, the General Assembly added funding above my recommendations for more than 100 spending items in the Fiscal Year 2015 budget.

The fiscal imbalance created by the General Assembly in enacting tax loopholes and exemptions without accounting for them in the budget, while at the same time adding funding for new government programs, must be corrected through my actions today to balance the state budget. In total, I am vetoing \$275.7 million in spending authority from the Fiscal Year 2015 budget, including \$144.6 million general revenue. In addition, I am restricting \$846.3 million in spending, including \$641.6 million general revenue; some or all of these restrictions may be released if funds are available. Combined, these

actions will ensure the budget remains balanced and the state remains on a strong fiscal footing, one that will preserve resources for the highest priority state services and help to protect the state's spotless AAA credit rating.

For the aforementioned reasons and to ensure that the state budget remains balanced, I am vetoing the line-items specified below:

Section 12.115

I hereby veto \$180,000 Library Networking Fund for library networking grants and donations.

From \$1,080,000 to \$900,000 from Library Networking Fund.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2013** entitled:

“AN ACT”

To appropriate money for real property leases, related services, utilities, systems furniture, structural modifications, and related expenses for the several departments of state government and the divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to appropriate money for capital improvements and the other expenses of the Office of Administration and the divisions and programs thereof, and to transfer money among certain funds for the period beginning July 1, 2014 and ending June 30, 2015; provided that no funds from these sections shall be expended for the purpose

of costs associated with travel or staffing for the offices of the Governor, Lieutenant Governor, Secretary of State, State Auditor, State Treasurer, or Attorney General.

The General Assembly passed the Fiscal Year 2015 budget on May 8, 2014. One week later, during the final hours of the legislative session, the General Assembly passed a number of bills that put this budget severely out of balance. On June 11, 2014 I vetoed each of these bills, providing detailed reasons for my objections, including the General Assembly's failure to account for these measures in the Fiscal Year 2015 budget. Further, I objected to these measures because of the significant damage they would inflict on the budgets of local jurisdictions. Contained within these bills are loopholes and special breaks that would permanently and immediately begin reducing state revenue by more than \$425 million annually and local revenue by more than \$351 million annually.

Despite my veto of these bills, the Governor's Constitutional obligation to ensure a balanced budget requires that I account for their potential fiscal impact. I must consider all possible actions that the legislature may take. Therefore, it is essential that I make the fiscally responsible decision to include the impact of these bills in the budget actions I am taking today.

Maintaining a balanced budget also requires the consideration of three other fiscal realities that were not taken into account in the Fiscal Year 2015 budget. For the Department of Natural Resources.
From \$448,031 to \$401,463 from General Revenue Fund.

For the Department of Social Services.
From \$9,488,954 to \$9,415,070 from General Revenue Fund.
From \$41,384,740 to \$41,264,288 in total for the section.

Section 13.010

I hereby veto \$6,000,000 general revenue for the renovation and modification of the old St. Mary's Hospital.

HOUSE RESOLUTION NO. 1

BE IT RESOLVED, that the Chief Clerk of the House of Representatives of the Ninety-seventh General Assembly, Second Regular Session, inform the Governor and the Senate that the House is duly convened and is now in session in the 2014 Constitutional Veto Session and ready for consideration of business.

HOUSE RESOLUTION NO. 2

WHEREAS, there were thousands of lines of items contained in the appropriation bills truly agreed to and finally passed by the Ninety-seventh General Assembly, Second Regular Session; and

WHEREAS, during the Ninety-seventh General Assembly, Second Regular Session, due to the number of items contained in the appropriation bills, it was necessary to place a limitation on the total time of floor debate on all appropriation bills collectively to six hours. This time was divided equally between the floor handler of the underlying bills and the floor leader of the political party other than that of the floor handler; and

WHEREAS, the Honorable Jeremiah W. (Jay) Nixon, Governor of the State of Missouri, vetoed 160 line items of the items contained in the appropriation bills truly agreed to and finally passed by the Ninety-seventh General Assembly, Second Regular Session.

NOW THEREFORE BE IT RESOLVED that we, the members of the Missouri House of Representatives, Ninety-seventh General Assembly, find it necessary to limit the time of the floor debate on the override of vetoes of all appropriation bill line items.

BE IT RESOLVED that the Missouri House of Representatives, Ninety-seventh General Assembly, adopt a temporary rule designating a four-hour limitation on the total time of floor debate allowed for the purpose of discussing the override of vetoes of all appropriation bill line items. Such time will be divided equally between, and controlled by, the floor handler of the underlying bill and the floor leader of the political party other than that of the floor handler, or their respective designee(s). The floor handler shall always have the right to have the final one minute of designated time. If time has been allocated and unused by either side and no member from that side is seeking recognition, the Speaker may declare additional time waived and recognize the members of the other side to complete use of their time. Nothing in this rule shall entitle any member to speak longer than the House Rules otherwise allow.
