The tax authorized in this section shall be not more than one percent, and shall be imposed solely for the purpose of funding the hospital district. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes.

2. No such resolution adopted under this section shall become effective unless the governing body of the hospital district submits to the voters residing within the district at a state general, primary, or special election a proposal to authorize the governing body of the district to impose a tax under this section. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter after the director of revenue receives notification of adoption of the local sales tax. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. All revenue collected under this section by the director of the department of revenue on behalf of the hospital district, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "Hospital District Sales Tax Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the fund and credited to the district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such district. Any funds in the special fund which are

not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. The governing body of any hospital district that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the district. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

5. Whenever the governing body of any hospital district that has adopted the sales tax authorized in this section receives a petition, signed by a number of registered voters of the district equal to at least ten percent of the number of registered voters of the district voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the district a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

6. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the hospital district shall notify the director of the department of revenue of the action at least ninety days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such district, the director shall remit the balance in the account to the district and close the account of that district. The director shall notify each district of each instance of any amount refunded or any check redeemed from receipts due the district."; and

House Committee Amendment No. 2

AMEND Senate Bill No. 20, Page 1, In the Title, Line 3, by deleting all of said line and inserting in lieu thereof the following words, "to sales tax."; and

Further amend said bill, page, Section A, Line 2, by inserting after all of said section and line the following:

"66.620. 1. All county sales taxes collected by the director of revenue under sections 66.600 to 66.630 on behalf of any county, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created, to be known as the "County Sales Tax Trust Fund". The moneys in the county sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each county imposing a county sales tax, and the records shall be open to the inspection of officers of the county and the public. Not later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the county which levied the tax; such funds shall be deposited with the [county] treasurer of the county and all expenditures of funds arising from the county sales tax trust fund shall be by an appropriation act to be enacted by the legislative council of the county, and to the cities, towns and villages located wholly or partly within the county which levied the tax in the manner as set forth in sections 66.600 to 66.630.

2. In any county not adopting an additional sales tax and alternate distribution system as provided in section 67.581, for the purposes of distributing the county sales tax, the county shall be divided into two groups, "Group A" and "Group B". Group A shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which had a city sales tax in effect under the provisions of sections 94.500 to 94.550 on the day prior to the adoption of the county sales tax ordinance, except that beginning January 1, 1980, group A shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which had a city sales tax approved by the voters of such city under the provisions of

sections 94.500 to 94.550 on the day prior to the effective date of the county sales tax. For the purposes of determining the location of consummation of sales for distribution of funds to cities, towns and villages in group A, the boundaries of any such city, town or village shall be the boundary of that city, town or village as it existed on March 19, 1984. Group B shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which did not have a city sales tax in effect under the provisions of sections 94.500 to 94.550 on the day prior to the adoption of the county sales tax ordinance, and shall also include all unincorporated areas of the county which levied the tax; except that, beginning January 1, 1980, group B shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which did not have a city sales tax approved by the voters of such city under the provisions of sections 94.500 to 94.550 on the day prior to the effective date of the county sales tax and shall also include all unincorporated areas of the county which levied the tax.

3. Until January 1, 1994, the director of revenue shall distribute to the cities, towns and villages in group A the taxes based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087. Except for distribution governed by section 66.630, after deducting the distribution to the cities, towns and villages in group A, the director of revenue shall distribute the remaining funds in the county sales tax trust fund to the cities, towns and villages and the county in group B as follows: To the county which levied the tax, a percentage of the distributable revenue equal to the percentage ratio that the population of the unincorporated areas of the county bears to the total population of group B; and to each city, town or village in group B located wholly within the taxing county, a percentage of the distributable revenue equal to the percentage ratio that the population of such city, town or village bears to the total population of group B; and to each city, town or village located partly within the taxing county, a percentage of the distributable revenue equal to the percentage ratio that the population of that part of the city, town or village located within the taxing county bears to the total population of group B.

4. From **[**and after**]** January 1, 1994, **until December 31, 2015,** the director of revenue shall distribute to the cities, towns and villages in group A a portion of the taxes based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087 in accordance with the formula described in this subsection. After deducting the distribution to the cities, towns and villages in group A, the director of revenue shall distribute funds in the county sales tax trust fund to the cities, towns and villages and the county in group B as follows: To the county which levied the tax, ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated since April 1, 1993, multiplied by the total of all sales tax revenues countywide, and a percentage of the remaining distributable revenue equal to the percentage ratio that the population of unincorporated areas of the county bears to the total population of group B; and to each city, town or village in group B located wholly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of such city, town or village bears to the total population of group B; and to each city, town or village located partly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of that part of the city, town or village located within the taxing county bears to the total population of group B.

5. **(1) From and after January 1, 2016, the director of revenue shall distribute to the cities, towns, and villages in group A a portion of the taxes based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087, in accordance with the formula described in this subsection. After deducting the distribution to the cities, towns, and villages in group A, the director of revenue shall distribute funds in the county sales tax trust fund to the cities, towns, and villages, and the county in group B as follows: to the county which levied the tax, ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated since April 1, 1993, multiplied by the total of all sales tax revenues countywide, and a percentage of the remaining distributable revenue equal to the percentage ratio that the population of unincorporated areas of the county bears to the total population of group B as adjusted such that no city, town, or village in group B shall receive a distribution that is less than fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087; and to each city, town, or village in group B located wholly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of such city, town, or village bears to the total population of group B, as adjusted such that no city, town, or village in group B shall receive a distribution that is less than fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087; and to each city, town, or village located partly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of that part of the city, town, or village located within the taxing county bears to the total population of group B, as**

adjusted such that no city, town, or village in group B shall receive a distribution that is less than fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087.

(2) For purposes of making any adjustment required by this subsection, the director of revenue shall, prior to any distribution to the county or to each city, town, or village in group B located wholly or partly within the taxing county, identify each city, town, or village in group B located wholly or partly within the taxing county that would receive a distribution that is less than fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087 if no adjustment were made and calculate the difference between the amount that the distribution to each such city, town, or village would have been without any adjustment and the amount that equals fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087. The director of revenue shall then deduct the amount of such difference from the remaining distributable revenue and distribute the amount of such difference to each such city, town, or village that would otherwise have received a distribution that is less than fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087 if no adjustment were made. Thereafter, the director of revenue shall distribute the remaining distributable revenue, as adjusted, to the county and to each city, town, or village in group B located wholly or partly within the taxing county in the manner provided in this subsection.

(3) For purposes of this subsection, if a city, town, or village is partly in group A and partly in group B, the director of revenue shall calculate fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087 by multiplying fifty percent by the amount of all county sales taxes collected by the director of revenue under sections 66.600 to 66.630, less one percent for cost of collection, that are generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087, regardless of whether such taxes are deemed consummated in group A or group B.

6. (1) For purposes of administering the distribution formula of **[**subsection**]** **subsections** 4 **and 5** of this section, the revenues arising each year from sales occurring within each group A city, town or village shall be distributed as follows: Until such revenues reach the adjusted county average, as hereinafter defined, there shall be distributed to the city, town or village all of such revenues reduced by the percentage which is equal to ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993; and once revenues exceed the adjusted county average, total revenues shall be shared in accordance with the redistribution formula as defined in this subsection.

(2) For purposes of this subsection, the "adjusted county average" is the per capita countywide average of all sales tax distributions during the prior calendar year reduced by the percentage which is equal to ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993; the "redistribution formula" is as follows: During 1994, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of 8.5 multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. During 1995, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of seventeen multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. From January 1, 1996, until January 1, 2000, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of 25.5 multiplied by the logarithm

(to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. From and after January 1, 2000, the distribution formula covering the period from January 1, 1996, until January 1, 2000, shall continue to apply, except that the percentage computed for sales arising within the municipalities shall be not less than 7.5 percent for municipalities within which sales tax revenues exceed the adjusted county average, nor less than 12.5 percent for municipalities within which sales tax revenues exceed the adjusted county average by at least twenty-five percent.

(3) For purposes of applying the redistribution formula to a municipality which is partly within the county levying the tax, the distribution shall be calculated alternately for the municipality as a whole, except that the factor for annexed portion of the county shall not be applied to the portion of the municipality which is not within the county levying the tax, and for the portion of the municipality within the county levying the tax. Whichever calculation results in the larger distribution to the municipality shall be used.

(4) Notwithstanding any other provision of this section, the fifty percent of additional sales taxes as described in section 99.845 arising from economic activities within the area of a redevelopment project established after July 12, 1990, pursuant to sections 99.800 to 99.865, while tax increment financing remains in effect shall be deducted from all calculations of countywide sales taxes, shall be distributed directly to the municipality involved, and shall be disregarded in calculating the amounts distributed or distributable to the municipality. Further, any agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of incremental sales tax revenues to the special allocation fund of a tax increment financing project while tax increment financing remains in effect shall continue to be in full force and effect and the sales taxes so appropriated shall be deducted from all calculations of countywide sales taxes, shall be distributed directly to the municipality involved, and shall be disregarded in calculating the amounts distributed or distributable to the municipality. In addition, and notwithstanding any other provision of this chapter to the contrary, economic development funds shall be distributed in full to the municipality in which the sales producing them were deemed consummated. Additionally, economic development funds shall be deducted from all calculations of countywide sales taxes and shall be disregarded in calculating the amounts distributed or distributable to the municipality. As used in this subdivision, the term "economic development funds" means the amount of sales tax revenue generated in any fiscal year by projects authorized pursuant to chapter 99 or chapter 100 in connection with which such sales tax revenue was pledged as security for, or was guaranteed by a developer to be sufficient to pay, outstanding obligations under any agreement authorized by chapter 100, entered into or adopted prior to September 1, 1993, between a municipality and another public body. The cumulative amount of economic development funds allowed under this provision shall not exceed the total amount necessary to amortize the obligations involved.

[6.**]** **7.** If the qualified voters of any city, town or village vote to change or alter its boundaries by annexing any unincorporated territory included in group B or if the qualified voters of one or more city, town or village in group A and the qualified voters of one or more city, town or village in group B vote to consolidate, the area annexed or the area consolidated which had been a part of group B shall remain a part of group B after annexation or consolidation. After the effective date of the annexation or consolidation, the annexing or consolidated city, town or village shall receive a percentage of the group B distributable revenue equal to the percentage ratio that the population of the annexed or consolidated area bears to the total population of group B and such annexed area shall not be classified as unincorporated area for determination of the percentage allocable to the county. If the qualified voters of any two or more cities, towns or villages in group A each vote to consolidate such cities, towns or villages, then such consolidated cities, towns or villages shall remain a part of group A. For the purpose of sections 66.600 to 66.630, population shall be as determined by the last federal decennial census or the latest census that determines the total population of the county and all political subdivisions therein. For the purpose of calculating the adjustment based on the percentage of unincorporated county population which is annexed after April 1, 1993, the accumulated percentage immediately before each census shall be used as the new percentage base after such census. After any annexation, incorporation or other municipal boundary change affecting the unincorporated area of the county, the chief elected official of the county shall certify the new population of the unincorporated area of the county and the percentage of the population which has been annexed or incorporated since April 1, 1993, to the director of revenue. After the adoption of the county sales tax ordinance, any city, town or village in group A may by adoption of an ordinance by its governing body cease to be a part of group A and become a part of group B. Within ten days after the adoption of the ordinance transferring the city, town or village from one group to the other, the clerk of the transferring city, town or village shall forward to the director of revenue, by registered mail, a certified copy of the ordinance. Distribution to such city as a part of its former group shall cease and as a part of its new group shall begin on the first day of January of the year following notification to the director of revenue, provided such notification is received by the director of revenue on or before the first day of July of the year in which the transferring ordinance is adopted. If such notification is received by the director of revenue after the first day of July of the year in which the transferring ordinance is adopted, then distribution to such city as a part of its former group

shall cease and as a part of its new group shall begin the first day of July of the year following such notification to the director of revenue. Once a group A city, town or village becomes a part of group B, such city may not transfer back to group A.

[7.**]** **8.** If any city, town or village shall hereafter change or alter its boundaries, the city clerk of the municipality shall forward to the director of revenue, by registered mail, a certified copy of the ordinance adding or detaching territory from the municipality. The ordinance shall reflect the effective date thereof, and shall be accompanied by a map of the municipality clearly showing the territory added thereto or detached therefrom. Upon receipt of the ordinance and map, the tax imposed by sections 66.600 to 66.630 shall be redistributed and allocated in accordance with the provisions of this section on the effective date of the change of the municipal boundary so that the proper percentage of group B distributable revenue is allocated to the municipality in proportion to any annexed territory. If any area of the unincorporated county elects to incorporate subsequent to the effective date of the county sales tax as set forth in sections 66.600 to 66.630, the newly incorporated municipality shall remain a part of group B. The city clerk of such newly incorporated municipality shall forward to the director of revenue, by registered mail, a certified copy of the incorporation election returns and a map of the municipality clearly showing the boundaries thereof. The certified copy of the incorporation election returns shall reflect the effective date of the incorporation. Upon receipt of the incorporation election returns and map, the tax imposed by sections 66.600 to 66.630 shall be distributed and allocated in accordance with the provisions of this section on the effective date of the incorporation.

[8.**]** **9.** The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director of revenue shall remit the balance in the account to the county and close the account of that county. The director of revenue shall notify each county of each instance of any amount refunded or any check redeemed from receipts due the county.

[9.**]** **10.** Except as modified in sections 66.600 to 66.630, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under sections 66.600 to 66.630."; and

Further amend said bill, Page 3, Section 144.054, Line 63, by inserting after all of said section and line the following:

"144.080. 1. Every person receiving any payment or consideration upon the sale of property or rendering of service, subject to the tax imposed by the provisions of sections 144.010 to 144.525, is exercising the taxable privilege of selling the property or rendering the service at retail and is subject to the tax levied in section 144.020. The person shall be responsible not only for the collection of the amount of the tax imposed on the sale or service to the extent possible under the provisions of section 144.285, but shall, on or before the last day of the month following each calendar quarterly period of three months, file a return with the director of revenue showing the person's gross receipts and the amount of tax levied in section 144.020 for the preceding quarter, and shall remit to the director of revenue, with the return, the taxes levied in section 144.020, except as provided in subsections 2 and 3 of this section. The director of revenue may promulgate rules or regulations changing the filing and payment requirements of sellers, but shall not require any seller to file and pay more frequently than required in this section.

2. Where the aggregate amount levied and imposed upon a seller by section 144.020 is in excess of two hundred and fifty dollars for either the first or second month of a calendar quarter, the seller shall file a return and pay such aggregate amount for such months to the director of revenue by the twentieth day of the succeeding month.

3. Where the aggregate amount levied and imposed upon a seller by section 144.020 is less than forty-five dollars in a calendar quarter, the director of revenue shall by regulation permit the seller to file a return for a calendar year. The return shall be filed and the taxes paid on or before January thirty-first of the succeeding year.

4. JOURNAL OF THE HOUSE

First Regular Session, 98th GENERAL ASSEMBLY

SIXTY-FIRST DAY, THURSDAY, APRIL 30, 2015

The House met pursuant to adjournment.

Speaker Diehl in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

The righteous shall be glad in the Lord and shall trust in Him. (Psalm 64:10)

Almighty God, we assemble again today in this historic House of Representatives and bow our heads in prayer to You. Look with Your favor upon us, upon our Speaker, each of these Members and their loved ones, and all who labor with them. Grant them health in body, hopefulness in mind, and harmony in spirit that they may think clearly, plan wisely, and work diligently. In deed and in truth may they be instruments of Your will.

As we face each crucial day: God be in our heads and in our understanding; God be in our eyes and in our looking; God be in our mouths and in our speaking; God be in our hearts and in our thinking; God be at our beginning and at our departing.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Sydney Bravo, Melissa Bravo, Dani Colvin, Dorien Morris, Eileen Brandel, Devon Parker, Curtis Phillips, and Julie Ortiz.

MESSAGES FROM THE SENATE

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate refuses to recede from its position on **SS SCS HB 458, as amended**, and grants the House a conference thereon.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed **HB 514** entitled:

An act to repeal section 99.845, RSMo, and to enact in lieu thereof one new section relating to tax increment financing.

With Senate Amendment No. 1.

Senate Amendment No. 1

AMEND House Bill No. 514, Pages 1-10, Section 99.845, by striking all of said section and inserting in lieu thereof the following:

"99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) (a) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the "Special Allocation Fund" of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such taxing district's levy rate for ad valorem tax on real property, any additional revenues generated within an existing redevelopment project area that are directly attributable to the newly voter-approved incremental increase in such taxing district's levy rate shall not be considered payments in lieu of taxes subject to deposit into a special allocation fund without the consent of such taxing district. Revenues will be considered directly attributable to the newly voter-approved incremental increase to the extent that they are generated from the difference between the taxing district's actual levy rate currently imposed and the maximum voter-approved levy rate at the time that the redevelopment project was adopted. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general

state school aid formula provided for in section 163.031 until such time as all redevelopment costs have been paid as provided for in this section and section 99.850.

(b) Notwithstanding any provisions of this section to the contrary, for purposes of determining the limitation on indebtedness of local government pursuant to Article VI, Section 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area selected for redevelopment attributable to the increase above the total initial equalized assessed valuation shall be included in the value of taxable tangible property as shown on the last completed assessment for state or county purposes.

(c) The county assessor shall include the current assessed value of all property within the taxing district in the aggregate valuation of assessed property entered upon the assessor's book and verified pursuant to section 137.245, and such value shall be utilized for the purpose of the debt limitation on local government pursuant to Article VI, Section 26(b) of the Missouri Constitution;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of Article III, Section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of Section 6 of Article X of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, taxes levied for the purpose of public transportation pursuant to section 94.660, taxes imposed on sales pursuant to subsection 2 of section 67.1712 for the purpose of operating and maintaining a metropolitan park and recreation district, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement or levied by such county under section 238.410 for the purpose of the county transit authority operating transportation facilities, or for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 28, 2013, taxes imposed on sales under and pursuant to section 67.700 or 650.399 for the purpose of emergency communication systems, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such taxing district's sales tax or use tax, other than the renewal of an expiring sales or use tax, any additional revenues generated within an existing redevelopment project area that are directly attributable to the newly voter-approved incremental increase in such taxing district's levy rate shall not be considered economic activity taxes subject to deposit into a special allocation fund without the consent of such taxing district.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the

new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. In no event shall the incremental increase include any amounts attributable to retail sales unless the municipality or authority has proven to the Missouri development finance board and the department of economic development and such entities have made a finding that the sales tax increment attributable to retail sales is from new sources which did not exist in the state during the baseline year. The incremental increase in the general revenue portion of state sales tax revenues for an existing or relocated facility shall be the amount that current state sales tax revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan as provided in subsection 10 of this section; or

(2) The state income tax withheld on behalf of new employees by the employer pursuant to section 143.221 at the business located within the project as identified by the municipality. The state income tax withholding allowed by this section shall be the municipality's estimate of the amount of state income tax withheld by the employer within the redevelopment area for new employees who fill new jobs directly created by the tax increment financing project.

9. Subsection 4 of this section shall apply only to **the following:**

(1) Blighted areas located in enterprise zones, pursuant to sections 135.200 to 135.256, blighted areas located in federal empowerment zones, or to blighted areas located in central business districts or urban core areas of cities which districts or urban core areas at the time of approval of the project by ordinance, provided that the enterprise zones, federal empowerment zones or blighted areas contained one or more buildings at least fifty years old; and

[(1)**] (a)** Suffered from generally declining population or property taxes over the twenty-year period immediately preceding the area's designation as a project area by ordinance; or

[(2)**] (b)** Was a historic hotel located in a county of the first classification without a charter form of government with a population according to the most recent federal decennial census in excess of one hundred fifty thousand and containing a portion of a city with a population according to the most recent federal decennial census in excess of three hundred fifty thousand**;**

(2) Blighted areas consisting solely of the site of a former automobile manufacturing plant located in any county with a charter form of government and with more than nine hundred fifty thousand inhabitants. For the purposes of this section, "former automobile manufacturing plant" means a redevelopment area containing a minimum of one hundred acres, and such redevelopment area was previously used primarily for the manufacture of automobiles but ceased such manufacturing after the 2007 calendar year; or

(3) Blighted areas consisting solely of the site of a former insurance company national service center containing a minimum of one hundred acres located in any county with a charter form of government and with more than nine hundred fifty thousand inhabitants.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to **[**subsections 4 and 5**]** **subsection 4** of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the new state revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

(a) The tax increment financing district or redevelopment area, including the businesses identified within the redevelopment area;

(y) For project sites located in a metropolitan statistical area, as defined by the federal Office of Management and Budget, the average hourly wage paid to nonmanagerial employees in this state for the industries involved at the project, as established by the United States Bureau of Labor Statistics;

(2) The methodologies used in the application for determining the base year and determining the estimate of the incremental increase in the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area shall be approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund exceed thirty-two million dollars; **provided, however, that such thirty-two million dollar cap shall not apply to redevelopment plans or projects initially listed by name in the applicable appropriations bill after August 28, 2015, which involve either:**

(a) A former automobile manufacturing plant; or

(b) The retention of a federal employer employing over two thousand geospatial intelligence jobs.

At no time shall the annual amount of the new state revenues for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans and projects eligible under the provisions of paragraph (a) of this subdivision exceed four million dollars in the aggregate. At no time shall the annual amount of the new state revenues for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans and projects eligible under the provisions of paragraph (b) of this subdivision exceed twelve million dollars in the aggregate. To the extent a redevelopment plan or project independently meets the eligibility criteria set forth in both paragraphs (a) and (b) of this subdivision, then at no such time shall the annual amount of new state revenues for disbursements from the Missouri supplemental tax increment financing fund for such eligible redevelopment plan or project exceed twelve million dollars in the aggregate;

(4) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

11. In addition to the areas authorized in subsection 9 of this section, the funding authorized pursuant to subsection 4 of this section shall also be available in a federally approved levee district, where construction of a levee begins after December 23, 1997, and which is contained within a county of the first classification without a charter form

of government with a population between fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a population in excess of four hundred thousand or more inhabitants.

12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of **[**subsections 4 and 5**] subsection 4** of this section if and only if the conditions of subsection 10 of this section are met. The fund shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. Moneys in the Missouri supplemental tax increment financing fund shall be disbursed per project pursuant to state appropriations.

13. Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the Missouri supplemental tax increment financing fund for the ongoing administrative functions associated with such redevelopment project. Such amounts shall be recovered from new state revenues deposited into the Missouri supplemental tax increment financing fund created under this section.

14. For redevelopment plans or projects approved by ordinance that result in net new jobs from the relocation of a national headquarters from another state to the area of the redevelopment project, the economic activity taxes and new state tax revenues shall not be based on a calculation of the incremental increase in taxes as compared to the base year or prior calendar year for such redevelopment project, rather the incremental increase shall be the amount of total taxes generated from the net new jobs brought in by the national headquarters from another state. In no event shall this subsection be construed to allow a redevelopment project to receive an appropriation in excess of up to fifty percent of the new state revenues.

99.866. The state of Missouri, acting through the department of economic development and the office of administration, and any city not within a county, acting directly, through an affiliated entity or through such city's land clearance for redevelopment authority, may enter into a financing agreement relating to the redevelopment of an area contiguous with a former public housing site that has been declared blighted under Missouri law and which may lead to the retention within such city of, and relocation to such blighted area within such city by, a federal employer employing over two thousand geospatial intelligence jobs. Such financing agreement may provide for the appropriation and disbursement of state withholding tax revenues and city tax revenues generated from such employer for up to thirty years to fund costs associated with the retention of such employer; provided, however, that the annual amount of the state appropriation contemplated by this section plus any appropriation of state withholding tax revenues related to such employer from the Missouri supplemental tax increment financing fund pursuant to section 99.845 shall not exceed twelve million dollars per year and shall maintain a positive net fiscal impact for the state over the term. If the state of Missouri income tax rates are reduced or replaced after August 28, 2015, the department of economic development shall request an appropriation from the general assembly of an amount sufficient to offset any reduction in available withholding tax revenues resulting directly from such tax rate reduction or replacement, which in no event shall exceed the amounts that would have been received had the state income tax rates not been reduced or replaced."; and

Further amend the title and enacting clause accordingly.

In which the concurrence of the House is respectfully requested.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate refuses to concur in **HCS SS SCS SB 67, as amended**, and requests the House to recede from its position and failing to do so grant the Senate a conference thereon.

committed on school property, including but not limited to actions on any school bus in service on behalf of the district or while involved in school activities. The policy shall require that any portion of a student's individualized education program that is related to demonstrated or potentially violent behavior shall be provided to any teacher and other school district employees who are directly responsible for the student's education or who otherwise interact with the student on an educational basis while acting within the scope of their assigned duties. The policy shall also contain the consequences of failure to obey standards of conduct set by the local board of education, and the importance of the standards to the maintenance of an atmosphere where orderly learning is possible and encouraged.

3. The policy shall provide that any student who is on suspension for any of the offenses listed in subsection 2 of this section or any act of violence or drug-related activity defined by school district policy as a serious violation of school discipline pursuant to subsection 9 of this section shall have as a condition of his or her suspension the requirement that such student is not allowed, while on such suspension, to be within one thousand feet of any school property in the school district where such student attended school or any activity of that district, regardless of whether or not the activity takes place on district property unless:

(1) Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the superintendent or the superintendent's designee has authorized the student to be on school property;

(2) Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the superintendent or the superintendent's designee has authorized the student to be on school property;

(3) Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the school district where such student attended school; or

(4) Such student resides within one thousand feet of any public school in the school district where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

4. Any student who violates the condition of suspension required pursuant to subsection 3 of this section may be subject to expulsion or further suspension pursuant to the provisions of sections 167.161, 167.164, and 167.171. In making this determination consideration shall be given to whether the student poses a threat to the safety of any child or school employee and whether such student's unsupervised presence within one thousand feet of the school is disruptive to the educational process or undermines the effectiveness of the school's disciplinary policy. Removal of any pupil who is a student with a disability is subject to state and federal procedural rights. This section shall not limit a school district's ability to:

(1) Prohibit all students who are suspended from being on school property or attending an activity while on suspension;

(2) Discipline students for off-campus conduct that negatively affects the educational environment to the extent allowed by law.

5. The policy shall provide for a suspension for a period of not less than one year, or expulsion, for a student who is determined to have brought a weapon to school, including but not limited to the school playground or the school parking lot, brought a weapon on a school bus or brought a weapon to a school activity whether on or off of the school property in violation of district policy, except that:

(1) The superintendent or, in a school district with no high school, the principal of the school which such child attends may modify such suspension on a case-by-case basis; and

(2) This section shall not prevent the school district from providing educational services in an alternative setting to a student suspended under the provisions of this section.

6. For the purpose of this section, the term "weapon" shall mean a firearm as defined under 18 U.S.C. Section 921 and the following items, as defined in section 571.010: a blackjack, a concealable firearm, an explosive weapon, a firearm, a firearm silencer, a gas gun, a knife, knuckles, a machine gun, a projectile weapon, a rifle, a shotgun, a spring gun or a switchblade knife; except that this section shall not be construed to prohibit a school board from adopting a policy to allow a Civil War reenactor to carry a Civil War era weapon on school property for educational purposes so long as the firearm is unloaded. The local board of education shall define weapon in the discipline policy. Such definition shall include the weapons defined in this subsection but may also include other weapons.

7. All school district personnel responsible for the care and supervision of students are authorized to hold every pupil strictly accountable for any disorderly conduct in school or on any property of the school, on any school bus going to or returning from school, during school-sponsored activities, or during intermission or recess periods.

8. Teachers and other authorized district personnel in public schools responsible for the care, supervision, and discipline of schoolchildren, including volunteers selected with reasonable care by the school district, shall not be civilly liable when acting in conformity with the established policies developed by each board, including but not limited to policies of student discipline or when reporting to his or her supervisor or other person as mandated by state law acts of school violence or threatened acts of school violence, within the course and scope of the duties of the teacher, authorized district personnel or volunteer, when such individual is acting in conformity with the established policies developed by the board. Nothing in this section shall be construed to create a new cause of action against such school district, or to relieve the school district from liability for the negligent acts of such persons.

9. Each school board shall define in its discipline policy acts of violence and any other acts that constitute a serious violation of that policy. "Acts of violence" as defined by school boards shall include but not be limited to exertion of physical force by a student with the intent to do serious bodily harm to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. School districts shall for each student enrolled in the school district compile and maintain records of any serious violation of the district's discipline policy. Such records shall be made available to teachers and other school district employees with a need to know while acting within the scope of their assigned duties, and shall be provided as required in section 167.020 to any school district in which the student subsequently attempts to enroll.

10. Spanking, when administered by certificated personnel and in the presence of a witness who is an employee of the school district, or the use of reasonable force to protect persons or property, when administered by personnel of a school district in a reasonable manner in accordance with the local board of education's written policy of discipline, is not abuse within the meaning of chapter 210. The provisions of sections 210.110 to 210.165 notwithstanding, the children's division shall not have jurisdiction over or investigate any report of alleged child abuse arising out of or related to the use of reasonable force to protect persons or property when administered by personnel of a school district or any spanking administered in a reasonable manner by any certificated school personnel in the presence of a witness who is an employee of the school district pursuant to a written policy of discipline established by the board of education of the school district, as long as no allegation of sexual misconduct arises from the spanking or use of force.

11. If a student reports alleged sexual misconduct on the part of a teacher or other school employee to a person employed in a school facility who is required to report such misconduct to the children's division under section 210.115, such person and the superintendent of the school district shall report the allegation to the children's division as set forth in section 210.115. Reports made to the children's division under this subsection shall be investigated by the division in accordance with the provisions of sections 210.145 to 210.153 and shall not be investigated by the school district under subsections 12 to 20 of this section for purposes of determining whether the allegations should or should not be substantiated. The district may investigate the allegations for the purpose of making any decision regarding the employment of the accused employee.

12. Upon receipt of any reports of child abuse by the children's division other than reports provided under subsection 11 of this section, pursuant to sections 210.110 to 210.165 which allegedly involve personnel of a school district, the children's division shall notify the superintendent of schools of the district or, if the person named in the alleged incident is the superintendent of schools, the president of the school board of the school district where the alleged incident occurred.

13. If, after an initial investigation, the superintendent of schools or the president of the school board finds that the report involves an alleged incident of child abuse other than the administration of a spanking by certificated school personnel or the use of reasonable force to protect persons or property when administered by school personnel pursuant to a written policy of discipline or that the report was made for the sole purpose of harassing a public school employee, the superintendent of schools or the president of the school board shall immediately refer the matter back to the children's division and take no further action. In all matters referred back to the children's division, the division shall treat the report in the same manner as other reports of alleged child abuse received by the division.

14. If the report pertains to an alleged incident which arose out of or is related to a spanking administered by certificated personnel or the use of reasonable force to protect persons or property when administered by personnel of a school district pursuant to a written policy of discipline or a report made for the sole purpose of harassing a public school employee, a notification of the reported child abuse shall be sent by the superintendent of schools or the president of the school board to the law enforcement in the county in which the alleged incident occurred.

15. The report shall be jointly investigated by the law enforcement officer and the superintendent of schools or, if the subject of the report is the superintendent of schools, by a law enforcement officer and the president of the school board or such president's designee.

16. The investigation shall begin no later than forty-eight hours after notification from the children's division is received, and shall consist of, but need not be limited to, interviewing and recording statements of the child and the child's parents or guardian within two working days after the start of the investigation, of the school district personnel allegedly involved in the report, and of any witnesses to the alleged incident.

17. The law enforcement officer and the investigating school district personnel shall issue separate reports of their findings and recommendations after the conclusion of the investigation to the school board of the school district within seven days after receiving notice from the children's division.

18. The reports shall contain a statement of conclusion as to whether the report of alleged child abuse is substantiated or is unsubstantiated.

19. The school board shall consider the separate reports referred to in subsection 17 of this section and shall issue its findings and conclusions and the action to be taken, if any, within seven days after receiving the last of the two reports. The findings and conclusions shall be made in substantially the following form:

(1) The report of the alleged child abuse is unsubstantiated. The law enforcement officer and the investigating school board personnel agree that there was not a preponderance of evidence to substantiate that abuse occurred;

(2) The report of the alleged child abuse is substantiated. The law enforcement officer and the investigating school district personnel agree that the preponderance of evidence is sufficient to support a finding that the alleged incident of child abuse did occur;

(3) The issue involved in the alleged incident of child abuse is unresolved. The law enforcement officer and the investigating school personnel are unable to agree on their findings and conclusions on the alleged incident.

20. The findings and conclusions of the school board under subsection 19 of this section shall be sent to the children's division. If the findings and conclusions of the school board are that the report of the alleged child abuse is unsubstantiated, the investigation shall be terminated, the case closed, and no record shall be entered in the children's division central registry. If the findings and conclusions of the school board are that the report of the alleged child abuse is substantiated, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school district and shall include the information in the division's central registry. If the findings and conclusions of the school board are that the issue involved in the alleged incident of child abuse is unresolved, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school board, however, the incident and the names of the parties allegedly involved shall not be entered into the central registry of the children's division unless and until the alleged child abuse is substantiated by a court of competent jurisdiction.

21. Any superintendent of schools, president of a school board or such person's designee or law enforcement officer who knowingly falsifies any report of any matter pursuant to this section or who knowingly withholds any information relative to any investigation or report pursuant to this section is guilty of a class A misdemeanor.

22. In order to ensure the safety of all students, should a student be expelled for bringing a weapon to school, violent behavior, or for an act of school violence, that student shall not, for the purposes of the accreditation process of the Missouri school improvement plan, be considered a dropout or be included in the calculation of that district's educational persistence ratio.

160.261. 1. The local board of education of each school district shall clearly establish a written policy of discipline, including the district's determination on the use of corporal punishment and the procedures in which punishment will be applied. A written copy of the district's discipline policy and corporal punishment procedures, if applicable, shall be provided to the pupil and parent or legal guardian of every pupil enrolled in the district at the beginning of each school year and also made available in the office of the superintendent of such district, during normal business hours, for public inspection. All employees of the district shall annually receive instruction related to the specific contents of the policy of discipline and any interpretations necessary to implement the provisions of the policy in the course of their duties, including but not limited to approved methods of dealing with acts of school violence, disciplining students with disabilities and instruction in the necessity and requirements for confidentiality.

2. The policy shall require school administrators to report acts of school violence to all teachers at the attendance center and, in addition, to other school district employees with a need to know. For the purposes of this chapter or chapter 167, "need to know" is defined as school personnel who are directly responsible for the student's education or who otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. As used in this section, the phrase "act of school violence" or "violent behavior" means the exertion of physical force by a student with the intent to do serious physical injury as defined in subdivision (6) of section 565.002 to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. The policy shall at a minimum require school administrators to report, as soon as reasonably practical, to the appropriate law enforcement agency any of the following crimes, or any act which if committed by an adult would be one of the following crimes:

(1) First degree murder under section 565.020;
(2) Second degree murder under section 565.021;
(3) Kidnapping under section 565.110;
(4) First degree assault under section 565.050;
(5) Rape in the first degree under section 566.030;

(11) Distribution of drugs to a minor under section 195.212;
(12) Arson in the first degree under section 569.040;

(19) The possession of a weapon under chapter 571;
(20) Child molestation in the first degree pursuant to section 566.067;

committed on school property, including but not limited to actions on any school bus in service on behalf of the district or while involved in school activities. The policy shall require that any portion of a student's individualized education program that is related to demonstrated or potentially violent behavior shall be provided to any teacher and other school district employees who are directly responsible for the student's education or who otherwise interact with the student on an educational basis while acting within the scope of their assigned duties. The policy shall also contain the consequences of failure to obey standards of conduct set by the local board of education, and the importance of the standards to the maintenance of an atmosphere where orderly learning is possible and encouraged.

3. The policy shall provide that any student who is on suspension for any of the offenses listed in subsection 2 of this section or any act of violence or drug-related activity defined by school district policy as a serious violation of school discipline pursuant to subsection 9 of this section shall have as a condition of his or her suspension the requirement that such student is not allowed, while on such suspension, to be within one thousand feet of any school property in the school district where such student attended school or any activity of that district, regardless of whether or not the activity takes place on district property unless:

(1) Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the superintendent or the superintendent's designee has authorized the student to be on school property;

(2) Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the superintendent or the superintendent's designee has authorized the student to be on school property;

(4) Such student resides within one thousand feet of any public school in the school district where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

4. Any student who violates the condition of suspension required pursuant to subsection 3 of this section may be subject to expulsion or further suspension pursuant to the provisions of sections 167.161, 167.164, and 167.171. In making this determination consideration shall be given to whether the student poses a threat to the safety of any child or school employee and whether such student's unsupervised presence within one thousand feet of the school is disruptive to the educational process or undermines the effectiveness of the school's disciplinary policy. Removal of any pupil who is a student with a disability is subject to state and federal procedural rights. This section shall not limit a school district's ability to:

(1) Prohibit all students who are suspended from being on school property or attending an activity while on suspension;

(2) Discipline students for off-campus conduct that negatively affects the educational environment to the extent allowed by law.

5. The policy shall provide for a suspension for a period of not less than one year, or expulsion, for a student who is determined to have brought a weapon to school, including but not limited to the school playground or the school parking lot, brought a weapon on a school bus or brought a weapon to a school activity whether on or off of the school property in violation of district policy, except that:

(1) The superintendent or, in a school district with no high school, the principal of the school which such child attends may modify such suspension on a case-by-case basis; and

(2) This section shall not prevent the school district from providing educational services in an alternative setting to a student suspended under the provisions of this section.

6. For the purpose of this section, the term "weapon" shall mean a firearm as defined under 18 U.S.C. Section 921 and the following items, as defined in section 571.010: a blackjack, a concealable firearm, an explosive weapon, a firearm, a firearm silencer, a gas gun, a knife, knuckles, a machine gun, a projectile weapon, a rifle, a shotgun, a spring gun or a switchblade knife; except that this section shall not be construed to prohibit a school board from adopting a policy to allow a Civil War reenactor to carry a Civil War era weapon on school property for educational purposes so

long as the firearm is unloaded. The local board of education shall define weapon in the discipline policy. Such definition shall include the weapons defined in this subsection but may also include other weapons.

7. All school district personnel responsible for the care and supervision of students are authorized to hold every pupil strictly accountable for any disorderly conduct in school or on any property of the school, on any school bus going to or returning from school, during school-sponsored activities, or during intermission or recess periods.

8. Teachers and other authorized district personnel in public schools responsible for the care, supervision, and discipline of schoolchildren, including volunteers selected with reasonable care by the school district, shall not be civilly liable when acting in conformity with the established policies developed by each board, including but not limited to policies of student discipline or when reporting to his or her supervisor or other person as mandated by state law acts of school violence or threatened acts of school violence, within the course and scope of the duties of the teacher, authorized district personnel or volunteer, when such individual is acting in conformity with the established policies developed by the board. Nothing in this section shall be construed to create a new cause of action against such school district, or to relieve the school district from liability for the negligent acts of such persons.

9. Each school board shall define in its discipline policy acts of violence and any other acts that constitute a serious violation of that policy. "Acts of violence" as defined by school boards shall include but not be limited to exertion of physical force by a student with the intent to do serious bodily harm to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. School districts shall for each student enrolled in the school district compile and maintain records of any serious violation of the district's discipline policy. Such records shall be made available to teachers and other school district employees with a need to know while acting within the scope of their assigned duties, and shall be provided as required in section 167.020 to any school district in which the student subsequently attempts to enroll.

10. Spanking, when administered by certificated personnel and in the presence of a witness who is an employee of the school district, or the use of reasonable force to protect persons or property, when administered by personnel of a school district in a reasonable manner in accordance with the local board of education's written policy of discipline, is not abuse within the meaning of chapter 210. The provisions of sections 210.110 to 210.165 notwithstanding, the children's division shall not have jurisdiction over or investigate any report of alleged child abuse arising out of or related to the use of reasonable force to protect persons or property when administered by personnel of a school district or any spanking administered in a reasonable manner by any certificated school personnel in the presence of a witness who is an employee of the school district pursuant to a written policy of discipline established by the board of education of the school district, as long as no allegation of sexual misconduct arises from the spanking or use of force.

11. If a student reports alleged sexual misconduct on the part of a teacher or other school employee to a person employed in a school facility who is required to report such misconduct to the children's division under section 210.115, such person and the superintendent of the school district shall report the allegation to the children's division as set forth in section 210.115. Reports made to the children's division under this subsection shall be investigated by the division in accordance with the provisions of sections 210.145 to 210.153 and shall not be investigated by the school district under subsections 12 to 20 of this section for purposes of determining whether the allegations should or should not be substantiated. The district may investigate the allegations for the purpose of making any decision regarding the employment of the accused employee.

12. Upon receipt of any reports of child abuse by the children's division other than reports provided under subsection 11 of this section, pursuant to sections 210.110 to 210.165 which allegedly involve personnel of a school district, the children's division shall notify the superintendent of schools of the district or, if the person named in the alleged incident is the superintendent of schools, the president of the school board of the school district where the alleged incident occurred.

13. If, after an initial investigation, the superintendent of schools or the president of the school board finds that the report involves an alleged incident of child abuse other than the administration of a spanking by certificated school personnel or the use of reasonable force to protect persons or property when administered by school personnel pursuant to a written policy of discipline or that the report was made for the sole purpose of harassing a public school employee, the superintendent of schools or the president of the school board shall immediately refer the matter back to the children's division and take no further action. In all matters referred back to the children's division, the division shall treat the report in the same manner as other reports of alleged child abuse received by the division.

14. If the report pertains to an alleged incident which arose out of or is related to a spanking administered by certificated personnel or the use of reasonable force to protect persons or property when administered by personnel of a school district pursuant to a written policy of discipline or a report made for the sole purpose of harassing a public school employee, a notification of the reported child abuse shall be sent by the superintendent of schools or the president of the school board to the law enforcement in the county in which the alleged incident occurred.

15. The report shall be jointly investigated by the law enforcement officer and the superintendent of schools or, if the subject of the report is the superintendent of schools, by a law enforcement officer and the president of the school board or such president's designee.

16. The investigation shall begin no later than forty-eight hours after notification from the children's division is received, and shall consist of, but need not be limited to, interviewing and recording statements of the child and the child's parents or guardian within two working days after the start of the investigation, of the school district personnel allegedly involved in the report, and of any witnesses to the alleged incident.

17. The law enforcement officer and the investigating school district personnel shall issue separate reports of their findings and recommendations after the conclusion of the investigation to the school board of the school district within seven days after receiving notice from the children's division.

18. The reports shall contain a statement of conclusion as to whether the report of alleged child abuse is substantiated or is unsubstantiated.

19. The school board shall consider the separate reports referred to in subsection 17 of this section and shall issue its findings and conclusions and the action to be taken, if any, within seven days after receiving the last of the two reports. The findings and conclusions shall be made in substantially the following form:

(1) The report of the alleged child abuse is unsubstantiated. The law enforcement officer and the investigating school board personnel agree that there was not a preponderance of evidence to substantiate that abuse occurred;

(2) The report of the alleged child abuse is substantiated. The law enforcement officer and the investigating school district personnel agree that the preponderance of evidence is sufficient to support a finding that the alleged incident of child abuse did occur;

(3) The issue involved in the alleged incident of child abuse is unresolved. The law enforcement officer and the investigating school personnel are unable to agree on their findings and conclusions on the alleged incident.

20. The findings and conclusions of the school board under subsection 19 of this section shall be sent to the children's division. If the findings and conclusions of the school board are that the report of the alleged child abuse is unsubstantiated, the investigation shall be terminated, the case closed, and no record shall be entered in the children's division central registry. If the findings and conclusions of the school board are that the report of the alleged child abuse is substantiated, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school district and shall include the information in the division's central registry. If the findings and conclusions of the school board are that the issue involved in the alleged incident of child abuse is unresolved, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school board, however, the incident and the names of the parties allegedly involved shall not be entered into the central registry of the children's division unless and until the alleged child abuse is substantiated by a court of competent jurisdiction.

21. Any superintendent of schools, president of a school board or such person's designee or law enforcement officer who knowingly falsifies any report of any matter pursuant to this section or who knowingly withholds any information relative to any investigation or report pursuant to this section is guilty of a class A misdemeanor.

22. In order to ensure the safety of all students, should a student be expelled for bringing a weapon to school, violent behavior, or for an act of school violence, that student shall not, for the purposes of the accreditation process of the Missouri school improvement plan, be considered a dropout or be included in the calculation of that district's educational persistence ratio."; and

Further amend said substitute, Page 30, Section 178.550, Line 87, by inserting after all of said line the following:

"**633.420. 1. For the purposes of this section, the term "dyslexia" means a disorder that is neurological in origin, characterized by difficulties with accurate and fluent word recognition, and poor spelling and decoding abilities that typically result from a deficit in the phonological component of language, often unexpected in relation to other cognitive abilities and the provision of effective classroom instruction, and of which secondary consequences may include problems in reading comprehension and reduced reading experience that can impede growth of vocabulary and background knowledge. Nothing in this section shall prohibit a district from assessing students for dyslexia and offering students specialized reading instruction if a determination is made that a student suffers from dyslexia. Unless required by federal law, nothing in this definition shall require a student with dyslexia to be automatically determined eligible as a student with a disability.**

A chairperson shall be selected by the members of the task force. Any vacancy on the task force shall be filled in the same manner as the original appointment. House Amendment No. 8

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 172, Page 9, Section 161.855, Line 66, by inserting immediately after said line the following:

"**161.1010. 1. There is hereby established the "Missouri Course Access Program" to allow public school students to enroll in online, blended, and face-to-face courses to supplement coursework offered at the school where the student is enrolled. The Missouri course access program is separate and distinct from the virtual online school program established under section 161.670 and shall not be considered part of the virtual online school program for any purpose.**

2. For purposes of sections 161.1010 to 161.1020, the following terms mean:

(1) "Course provider", an entity authorized by the department of elementary and secondary education to offer individual courses in person, online, or a combination of the two, including but not limited to online education providers, public or private elementary and secondary education institutions, education service agencies, private for profit or not-for-profit providers, postsecondary education institutions, and vocational or technical course providers;

(2) "Department", the department of elementary and secondary education;

(3) "Eligible funded student", any eligible participating student who is currently enrolled in a public school, including a public charter school, and who was previously enrolled in such school for at least one full school year;

(4) "Eligible participating student", any K-12 student who resides in the state;

(5) "Local education agency", a public authority legally constituted by the state as an administrative agency to provide control and direction for kindergarten through twelfth grade public educational institutions, including public charter schools;

(6) "State course access catalog", the website developed for the department of elementary and secondary education that provides a listing of all courses authorized and available to students in the state, detailed information about the courses to inform student enrollment decisions, and the ability for students to submit their course enrollments;

(7) "State course access program" or "program", the program created under sections 161.1010 to 161.1020.

161.1011. 1. Any eligible participating student may enroll in state course access program courses with the approval of such student's guidance counselor, as provided under subsection 3 of this section. An eligible funded student may enroll in state course access program courses that are funded by the program up to a maximum of seven credit hours per semester.

2. The families of eligible funded students and other eligible participating students may pay to enroll in state course access program courses above the maximum seven-credit hour limit specified in subsection 1 of this section.

3. Prior to enrolling in any state course access program course, a student shall first receive approval from his or her guidance counselor. Guidance counselors shall approve or disapprove a student's request to enroll based on the counselor's assessment of whether participation in the program and enrollment in a particular course is in the student's best interest. The department shall develop a procedure under which a student may appeal the decision of a guidance counselor made under the provisions of this section.

4. The local education agency where eligible funded students are enrolled full time may review enrollment requests to ensure courses are academically appropriate, logistically feasible, keep the student on track for an on-time graduation, and do not extend a student beyond a full-time course load. The local education agency may only reject enrollment requests for those reasons.

5. Local education agencies shall inform students and families of their right to appeal any enrollment denials in state course access program courses to the department, which shall provide a final enrollment decision within seven calendar days.

161.1012. 1. The department shall:

(1) Establish an authorization process for course providers that includes multiple opportunities for submission each year;

(2) Not later than ninety calendar days from initial submission date, authorize course providers that:

(a) Meet the criteria established under section 161.1013; and

(b) Provide courses which offer the instructional rigor and scope required under section 161.1013; and

(3) Not later than ninety calendar days from initial submission date, provide a written explanation to any course providers that are denied.

2. If a course provider is denied authorization, the provider may reapply in the future.

3. The department shall publish the process established under this section, including any deadlines and any guidelines applicable to the submission and authorization process for providers.

4. If the department determines that there are insufficient funds available for evaluating and authorizing course providers, the department may charge applicant providers a fee up to but no greater than the amount of the costs in order to ensure that evaluation occurs. The department shall establish and publish a fee schedule for purposes of this subsection.

161.1013. 1. To be authorized to offer a course through the state course access program, a provider shall:

(1) Comply with all applicable anti-discrimination provisions as well as applicable state and federal student data privacy provisions such as the Family Educational Rights and Privacy Act (FERPA);

(2) Provide an assurance that all online information and resources for online or blended courses are fully accessible for students of all abilities, including that:

(a) All of the courses submitted for approval are reviewed to ensure they meet legal accessibility standards;

(b) The provider has created and promulgated an Accessibility Online Learning Policy;

(c) The provider has designated an ADA Coordinator, a grievance policy, and annual notifications;

(d) The provider has policies and activities to ensure their organizational and course websites meet accessibility requirements; and

(e) The provider has no gateway exam or test where a specific score is required to participate in course access program courses beyond completion of prerequisite coursework or demonstrated mastery of prerequisite material;

(3) Demonstrate either:

(a) Prior evidence of delivering quality outcomes for students as demonstrated by completion rates, student level growth, proficiency, or other quantifiable outcomes; or

(b) For course providers applying to offer a subject or grade level for the first time, provide a detailed justification, in a manner determined by the department, of how their organization's subject matter, instructional, or technical expertise will lead to successful outcomes for students;

(4) Ensure instructional and curricular quality through a detailed curriculum and student performance accountability plan that aligns with, and measures student attainment of, relevant state academic standards or other relevant standards in courses without state academic standards;

(5) Provide assurances that the course provider shall electronically provide, in a manner and format determined by the department, a detailed student record of enrollment, performance, completion, and grading information with the school systems where eligible participating students are enrolled full time.

2. Additional criteria developed by the department shall be used to evaluate providers and may include nationally recognized third-party quality standards.

161.1014. 1. The department shall establish a course review and approval process. The process may be implemented by the department or by an entity designated by the department.

2. In order to be approved and added to the state course access catalog, a course shall:

(1) Be, at a minimum, the equivalent in instructional rigor and scope to a course that is provided in a traditional classroom setting;

(2) Be aligned to relevant state academic standards or industry standards;

(3) Possess an assessment component for determining student proficiency, as well as student growth where applicable; and

(4) Be designed and implemented consistently with criteria established by the department and nationally recognized third-party quality standards.

3. The department may negotiate changes in the proposal to offer a course, if the department determines that changes are necessary in order to authorize the course.

161.1015. 1. The initial authorization of the course provider and approved courses shall be for a period of three years.

2. Providers shall annually report, in such a manner as directed by the department:

(1) Student enrollment data;

(2) Student outcomes, growth measures when available, proficiency rates, and completion rates for each subject area and grade level; and

(3) Student and parental feedback on overall satisfaction and quality, including availability of support from teachers, and their comments.

3. After the second year of the initial authorization period, the department shall conduct a thorough review of the course provider's activities and the academic performance of the students enrolled in courses offered by the course provider.

4. If the performance of the students enrolled in courses offered by the course provider does not meet agreed upon performance standards at any time, the course provider shall be placed on probation and required

to submit a plan for improvement to the department. The department shall establish terms of probation and develop specific criteria the provider must meet in order to return to good standing. Course providers shall be given at least sixty days to meet the terms of probation. Determinations as to whether the provider has met the conditions of probation shall be at the sole discretion of the department. If the department determines that the provider has failed to meet the conditions of probation within the time frame established by the department, the department may terminate the provider's status. Course providers who are terminated by the department under the provisions of this subsection shall be ineligible for reinstatement as a course provider for two years from the time the provider's status was revoked.

5. After the initial three-year authorization period, the department may reauthorize the course provider for additional periods of not less than three years after thorough review of the course provider's activities and the achievement of students enrolled in courses offered by the course provider.

6. The department may exclude a course provided by an authorized provider at any time if the department determines that:

(1) The course is no longer adequately aligned with the state academic standards;

(2) The course no longer provides a detailed and quality curriculum and accountability plan; or

(3) The course fails to deliver outcomes as measured by course completion or student outcomes and performance on state or nationally accepted assessments.

161.1016. The department may enter into a reciprocity agreement with other states for the purpose of authorizing and approving high quality providers and courses for the state course access program and the operation of the state course access catalog.

161.1017. 1. The department shall:

(1) Publish the criteria required by section 161.1013 for courses that may be offered through the state course access program;

(2) Be responsible for creating the state course access catalog; the department may enter into an agreement with other states or organizations to develop or operate one or more aspects of the state course access catalog and state course access program;

(3) Publish a link to the state course access catalog in a prominent location on the department's website, which includes a listing of courses offered by authorized providers available through the state course access program, a detailed description of the courses, and any available student completion and outcome data; and

(4) Establish and publish a time frame or specific dates by which students are able to withdraw from a course provided through the state course access program without the student, local education agency, or course provider incurring a penalty.

2. The department shall maintain on its official website in a prominent location an informed choice report. Each report under this section shall:

(1) Be updated within thirty calendar days of additional provider authorizations;

(2) Describe each course offered through the state course access program and include information such as course requirements and the school year calendar for the course, including any options for continued participation outside of the standard school year calendar;

(3) Include student and parental comments and feedback as detailed under section 161.1014; and

(4) Be published online in an open format that can be retrieved, downloaded, indexed, and searched by commonly used web search applications.

3. The department shall submit an annual report on the state course access program and the participation of entities to the governor, and the chairperson and vice-chairperson of the joint committee on education. The report shall at a minimum include the following information:

(1) The annual number of unique students participating in courses authorized under sections 161.1010 to 161.1020 and the total number of courses students are enrolled in;

(2) The number of authorized providers;

(3) The number of authorized courses and the number of students enrolled in each course;

(4) The number of courses available by subject and grade level;

(5) The number of students enrolled in courses by subject and grade level;

(6) Student outcome data, including completion rates, student learning gains, student performance on state or nationally accepted assessments, by subject and grade level by provider. This outcome data should be published in a manner that protects student privacy; and

(7) The department shall note any data that is not yet available at the time of publication and when it will become available, and include that data in future reports.

4. The report and underlying data shall be published online in an open format that can be retrieved, downloaded, indexed, and searched by commonly used web search applications.

5. For purposes of this section, an "open format" is one that is platform independent, machine readable, and made available to the public without restrictions that would impede the reuse of that information.

161.1018. 1. A school district or charter school shall:

(1) Notify students and parents as part of any course enrollment period or process of the availability of state course access program courses in correspondence that is written in simple and accurate language;

(2) Provide information by letter or email to students and parents at home and by at least two other means, such as community flyers, newspaper postings, on student report cards, or other methods;

(3) Publish information and eligibility guidelines on the school and school district's websites.

2. Each local school system shall establish policies and procedures whereby, for each eligible participating student as identified in section 161.1011, the following shall apply:

(1) Credits earned through the course provider shall appear on each student's official transcript and count fully towards the requirements of any approved state diploma; and

(2) Coordinate with course providers to ensure that required state assessments are administered to each such student attending a public school.

3. The performance data of students who are enrolled in a course under sections 161.1010 to 161.1020 and in accordance with subsection 1 of this section shall be counted in the school performance score for the school in which the student is enrolled full time.

4. Nothing in sections 161.1010 to 161.1020 shall be construed to prevent a school entity from establishing its own online course or program in accordance with sections 161.1010 to 161.1020.

5. The department shall adopt rules necessary to implement sections 161.1010 to 161.1020, including but not limited to the requirements of school governing authorities or local school systems whose students enroll in courses offered by authorized course providers. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2015, shall be invalid and void.

161.1019. 1. Per-course tuition shall be determined as follows:

(1) The course provider shall receive per-course tuition for each eligible funded student at a fair and reasonable rate negotiated by the department and the course provider that is inclusive of all required course materials. Determinations of course prices may take into account prices for similar levels of service in other jurisdictions. Funding for courses in which students are enrolled shall be made by the department to the local education agency where the student is enrolled full time; within ninety days of receiving funding from the department, the local education agency shall remit appropriate payment to the authorized course provider;

(2) The course provider shall receive payment from the local education agency only for the courses in which an eligible funded student is enrolled; the remaining funds received from the department by the local education agency shall remain with the local education agency in which the student is enrolled full time;

(3) The course provider shall accept the amount specified in subdivision (1) of this subsection as total tuition and fees for the eligible funded student;

(4) The course provider may charge tuition to any eligible participating student up to an amount determined by the course provider and department. An eligible participating student who is not an eligible funded student shall pay any such tuition and shall not receive any state funding for participation in state course access program courses.

2. Payment of tuition to course providers shall be based upon student success and made as follows:

(1) Fifty percent of the amount of tuition to be paid or transferred to the course provider shall be transferred upon student enrollment in a course and fifty percent shall be dependent upon student success in the course. Student success may initially be measured based on course completion, but the department shall create new measures of student success by Year 3 for use in courses where externally validated measures are available. These measures of student outcomes, based on either proficiency or growth, shall include results from independent end-of-course exams, advanced placement exams, receipt of industry recognized credentials, receipt of credit from institutions of higher education, or other externally validated measures;

(2) Partial payments for delayed completions shall be determined as follows: if a student does not successfully complete a course according to the published course length in which the course provider has received the first payment under subsection 1 of this section, the provider shall receive twenty percent of the tuition that is dependent upon student success as defined in subsection 1 of this section only if the student completes and receives credit for the course within one additional semester. At that point, remaining tuition shall be returned to the local education agency where a student is enrolled full time or to the eligible participating student if such student paid the tuition under subdivision (4) of subsection 1 of this section.

161.1020. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under sections 161.1010 to 161.1020 shall automatically sunset six years after the effective date of sections 161.1010 to 161.1020 unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under sections 161.1010 to 161.1020 shall automatically sunset twelve years after the effective date of the reauthorization of sections 161.1010 to 161.1020; and

(3) Sections 161.1010 to 161.1020 shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under sections 161.1010 to 161.1020 is sunset."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

143.2030. 1. For all taxable years beginning on or after January 1, 2016, a taxpayer shall be allowed a deduction in an amount equal to fifty percent of the income derived from the transfer of agricultural assets to a beginning farmer, to the extent that such amounts are included in federal adjusted gross income or federal taxable income when determining the taxpayer's Missouri adjusted gross income.

2. To qualify for the agricultural assets transfer agreement deduction authorized by this section, a taxpayer shall meet the following criteria:

(1) Be a taxpayer able to acquire or otherwise obtain or lease agricultural land in this state;

(2) Execute an agricultural assets transfer agreement with a beginning farmer; and

(3) Any other criteria required by the department under a promulgated rule.

3. For partnerships, limited liability companies, S corporations, estates, or trusts entitled to a deduction and electing to have pass through taxation, the deduction shall be split among the individuals entitled to earnings from the entity in proportion to the amount of earnings to which they are entitled.

4. The agricultural assets transfer agreement required by this section shall provide for the lease of agricultural land located in this state, including any improvements, and may provide for the rental of agricultural equipment. The agreement shall:

(1) Include a lease made on a cash basis or on a commodity share basis which includes a share of the crops or livestock produced on the agricultural land;

(2) Be in writing;

(3) Be for at least seven years; and

(4) Not be assignable or transferable and the land subject to the agreement cannot be subleased.

5. For an agreement that includes a lease on a cash basis, the taxpayer may claim a deduction equal to fifty percent of the gross amount paid to the taxpayer under the agreement for each tax year that the deduction is allowed.

6. For an agreement that includes a lease on a commodity share basis, the taxpayer may claim a deduction equal to fifty percent of the amount paid to the taxpayer from crops or livestock sold under the agreement in which the payment is exclusively made from the sale of crops or livestock.

7. The amount of the deduction claimed shall not exceed the amount of the taxpayer's Missouri adjusted gross income or Missouri taxable income for the taxable year for which the deduction is claimed. If the amount of the deduction exceeds the taxpayer's Missouri adjusted gross income or Missouri taxable income for the tax year the deduction is earned, the excess may be carried forward for up to three subsequent tax years to allow the taxpayer to claim such excess deduction.

8. A taxpayer shall not claim a deduction under this section unless a deduction certificate issued by the department is attached to the taxpayer's tax return for the tax year for which the deduction is claimed. The department shall review and approve an application for a deduction as provided by rules promulgated by the

department. The application shall include a copy of the agricultural assets transfer agreement. The department may approve an application and issue a deduction certificate to a taxpayer who has previously been allowed a deduction under this section. The department may require that the parties to an agricultural assets transfer agreement meet the same qualification as required for an original application. The department shall not approve an application or issue a deduction certificate to a taxpayer for an amount in excess of four hundred thousand dollars.

9. A taxpayer or beginning farmer may terminate an agricultural assets transfer agreement as provided in the agreement or by law. The taxpayer shall immediately notify the department of the termination. If the department determines that the taxpayer is not at fault for the termination, the department shall not issue a deduction certificate to the taxpayer for a subsequent tax year based on the approved application. Any prior deduction is allowed as provided in this section. The taxpayer may apply for and be issued another deduction certificate for the same agricultural assets as provided in this section for any remaining tax year for which a certificate was not issued. If the department determines that the taxpayer is at fault for the termination, any prior deduction allowed under this section is disallowed. The amount of the deduction shall be included as income in the taxpayer's next tax year. If a taxpayer does not immediately notify the department of the termination, the taxpayer shall be conclusively deemed at fault for the termination.

143.2035. 1. For all taxable years beginning on or after January 1, 2016, a taxpayer shall be allowed a deduction in an amount equal to fifty percent of the income derived from a custom farming contract with a beginning farmer, to the extent that such amounts are included in federal adjusted gross income when determining the taxpayer's Missouri adjusted gross income.

2. To qualify for the custom farming contract deduction authorized by this section, a taxpayer shall be a taxpayer able to acquire or otherwise obtain or lease agricultural land in this state and meet any other qualification established by rules promulgated by the department.

3. A custom farming contract deduction is allowed only for the amount paid by the taxpayer to a qualified beginning farmer under a custom farming contract as provided in rules promulgated by the department. The contract shall provide for the production of crops located on agricultural land or the production of livestock principally located on agricultural land.

4. The custom farming contract shall provide that the taxpayer pay the beginning farmer on a cash basis. The contract shall be in writing and for a term of not more than twelve months. The total cash payment shall equal at least one thousand dollars.

5. The taxpayer shall make all management decisions substantially contributing to or affecting the production of crops located on the agricultural land or the production of livestock principally located on the agricultural land. However, nothing in this section prohibits a qualified beginning farmer from regularly or frequently taking part in making day-to-day operational decisions affecting production. The beginning farmer shall provide for all of the following:

(1) Production items principally used to produce crops located on the agricultural land or to produce livestock principally located on the agricultural land; and

(2) Labor principally used to produce crops located on the agricultural land or to produce livestock principally located on the agricultural land. The beginning farmer shall personally provide such labor on a regular, continuous, and substantial basis.

6. A custom farming contract deduction is not allowed if the taxpayer and qualified beginning farmer are related as any of the following:

(1) Persons who hold a legal or equitable interest in the same agricultural land, including as individuals or as general partners, limited partners, shareholders, or members in the same business entity;

(2) Family members related as spouse, child, stepchild, brother, or sister; or

(3) Partners in the same partnership which holds agricultural land, shareholders in the same family farm corporation, or members in the same limited liability company.

7. A custom farming contract deduction shall be calculated based on the gross amount paid to the beginning farmer under the custom farming contract. The taxpayer may claim a deduction equal to fifty percent of the gross amount paid to the beginning farmer under the contract for each tax year that the deduction is allowed.

8. The amount of the deduction claimed shall not exceed the amount of the taxpayer's Missouri adjusted gross income for the taxable year for which the deduction is claimed. If the amount of the deduction exceeds the taxpayer's Missouri adjusted gross income for the tax year the deduction is earned, the taxpayer may request a deduction certificate be issued by the department for up to three subsequent tax years to allow the taxpayer to claim such excess deduction.

9. A taxpayer shall not claim a deduction under this section unless a deduction certificate issued by the department is attached to the taxpayer's tax return of the tax year for which the deduction is claimed. The department shall review and approve an application for a deduction as provided by rules promulgated by the department. The application shall include a copy of the custom farming contract. The department may approve an application and issue a deduction certificate to a taxpayer who has previously been allowed a deduction under this section. The department may require that the parties to the contract provide additional information as determined relevant by the department. The department shall review an application for a deduction certificate which includes the renewal of a contract to determine that the parties to the renewed contract meet the same qualifications as required for an original application. The department shall not approve an application or issue a deduction certificate to a taxpayer for an amount in excess of four hundred thousand dollars.

143.2040. 1. The total amount of deductions that may be issued under sections 143.2025 to 143.2040 shall not in the aggregate exceed one hundred million dollars in any fiscal year. Of the aggregate amount, two-thirds shall be allocated for the agricultural assets transfer deduction established in section 143.2030 and one-third shall be allocated for the custom farming contract deduction established in section 143.2035. The department may adjust the allocation amounts to ensure maximum utilization of the deductions but in no event shall more than one hundred million dollars in the aggregate be issued under both programs.

2. The department of agriculture shall promulgate rules to implement the provisions of sections 143.2025 to 143.2045. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2015, shall be invalid and void.

143.2045. 1. For all taxable years beginning on or after January 1, 2016, in addition to all other modifications allowed by law, there shall be subtracted from the federal adjusted gross income of an individual taxpayer twenty-five percent of the income realized from the sale of land classified as agricultural and horticultural property sold to a beginning farmer, to the extent that such amount is included in federal adjusted gross income when determining such individual's Missouri adjusted gross income.

2. If within seven years of being sold, the property which allowed the taxpayer to receive the deduction in subsection 1 of this section ceases to be classified as agricultural and horticultural property or owned by a beginning farmer, the buyer of such property shall include as income in the year such property changes classifications a portion of the deduction previously received by the seller. The amount such buyer shall include as income shall be equal to the number of years remaining until the land has been sold by the seller for seven years divided by seven and then multiply such fraction by the amount of the deduction received by the taxpayer.

3. As used in this section, the following terms shall mean:

(1) "Agricultural and horticultural property", the same as defined in section 137.016;

(2) "Beginning farmer", the same as defined in section 143.2025.

4. The department of revenue may promulgate rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2015, shall be invalid and void.

144.030. 1. There is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and from the computation of the tax levied, assessed or payable pursuant to sections 144.010 to 144.525 such retail sales as may be made in commerce between this state and any other state of the United States, or between this state and any foreign country, and any retail sale which the state of Missouri is prohibited from taxing pursuant to the Constitution or laws of the United States of America, and such retail sales of tangible personal property which the general assembly of the state of Missouri is prohibited from taxing or further taxing by the constitution of this state.

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. House Amendment No. 3

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 115, Page 15, Section 99.845, Line 311, by inserting immediately after said line the following:

"137.016. 1. As used in section 4(b) of article X of the Missouri Constitution, the following terms mean:

(1) "Residential property", all real property improved by a structure which is used or intended to be used for residential living by human occupants, vacant land in connection with an airport, land used as a golf course, manufactured home parks**, bed and breakfast inns in which the owner resides and uses as a primary residence with four or fewer rooms for rent**, and time-share units as defined in section 407.600, except to the extent such units are actually rented and subject to sales tax under subdivision (6) of subsection 1 of section 144.020, but residential property shall not include other similar facilities used primarily for transient housing. For the purposes of this section, "transient housing" means all rooms available for rent or lease for which the receipts from the rent or lease of such rooms are subject to state sales tax pursuant to subdivision (6) of subsection 1 of section 144.020;

(2) "Agricultural and horticultural property", all real property used for agricultural purposes and devoted primarily to the raising and harvesting of crops; to the feeding, breeding and management of livestock which shall include breeding, showing, and boarding of horses; to dairying, or to any other combination thereof; and buildings and structures customarily associated with farming, agricultural, and horticultural uses. Agricultural and horticultural property shall also include land devoted to and qualifying for payments or other compensation under a soil conservation or agricultural assistance program under an agreement with an agency of the federal government. Agricultural and horticultural property shall further include land and improvements, exclusive of structures, on privately owned airports that qualify as reliever airports under the National Plan of Integrated Airports System, to receive federal airport improvement project funds through the Federal Aviation Administration. Real property classified as forest croplands

shall not be agricultural or horticultural property so long as it is classified as forest croplands and shall be taxed in accordance with the laws enacted to implement section 7 of article X of the Missouri Constitution. Agricultural and horticultural property shall also include any sawmill or planing mill defined in the U.S. Department of Labor's Standard Industrial Classification (SIC) Manual under Industry Group 242 with the SIC number 2421;

(3) "Utility, industrial, commercial, railroad and other real property", all real property used directly or indirectly for any commercial, mining, industrial, manufacturing, trade, professional, business, or similar purpose, including all property centrally assessed by the state tax commission but shall not include floating docks, portions of which are separately owned and the remainder of which is designated for common ownership and in which no one person or business entity owns more than five individual units. All other real property not included in the property listed in subclasses (1) and (2) of section 4(b) of article X of the Missouri Constitution, as such property is defined in this section, shall be deemed to be included in the term "utility, industrial, commercial, railroad and other real property".

2. Pursuant to article X of the state constitution, any taxing district may adjust its operating levy to recoup any loss of property tax revenue, except revenues from the surtax imposed pursuant to article X, subsection 2 of section 6 of the constitution, as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units if such adjustment of the levy does not exceed the highest tax rate in effect subsequent to the 1980 tax year. For purposes of this section, loss in revenue shall include the difference between the revenue that would have been collected on such property under its classification prior to enactment of this section and the amount to be collected under its classification under this section. The county assessor of each county or city not within a county shall provide information to each taxing district within its boundaries regarding the difference in assessed valuation of such property as the result of such change in classification.

3. All reclassification of property as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units shall apply to assessments made after December 31, 1994.

4. Where real property is used or held for use for more than one purpose and such uses result in different classifications, the county assessor shall allocate to each classification the percentage of the true value in money of the property devoted to each use; except that, where agricultural and horticultural property, as defined in this section, also contains a dwelling unit or units, the farm dwelling, appurtenant residential-related structures and up to five acres immediately surrounding such farm dwelling shall be residential property, as defined in this section.

5. All real property which is vacant, unused, or held for future use; which is used for a private club, a not-for-profit or other nonexempt lodge, club, business, trade, service organization, or similar entity; or for which a determination as to its classification cannot be made under the definitions set out in subsection 1 of this section, shall be classified according to its immediate most suitable economic use, which use shall be determined after consideration of:

(1) Immediate prior use, if any, of such property;

(2) Location of such property;

(3) Zoning classification of such property; except that, such zoning classification shall not be considered conclusive if, upon consideration of all factors, it is determined that such zoning classification does not reflect the immediate most suitable economic use of the property;

(4) Other legal restrictions on the use of such property;

(5) Availability of water, electricity, gas, sewers, street lighting, and other public services for such property;

(6) Size of such property;

(7) Access of such property to public thoroughfares; and

(8) Any other factors relevant to a determination of the immediate most suitable economic use of such property.

6. All lands classified as forest croplands shall not, for taxation purposes, be classified as subclass (1), subclass (2), or subclass (3) real property, as such classes are prescribed in section 4(b) of article X of the Missouri Constitution and defined in this section, but shall be taxed in accordance with the laws enacted to implement section 7 of article X of the Missouri Constitution."; and

The purchase, rental or lease of motor vehicles, trailers, motorcycles, mopeds, motortricycles, boats, and outboard motors shall be taxed and the tax paid as provided in this section and section 144.070. 3. Within such time following the end of the fiscal year as the state auditor shall prescribe by rule, the governing body of each political subdivision shall cause a copy of the annual financial report to be remitted to the state auditor.

4. The state auditor shall immediately on receipt of each financial report acknowledge the receipt of the report.

5. In any fiscal year no member of the governing body of any political subdivision of the state shall receive any compensation or payment of expenses after the end of the time within which the financial statement of the political subdivision is required to be filed with the state auditor and until such time as the notice from the state auditor of the filing of the annual financial report for the fiscal year has been received.

Failure of the district to make application for a hearing or to submit the required annual financial statement timely shall cause the fine to be collected as provided for in subsection 8 of this section.

2. In addition to the names of all record owners or the names of all owners appearing on the land tax book it is only necessary in the printed and published list to state in the aggregate the amount of taxes, penalty, interest and cost due thereon, each year separately stated.

3. To the list shall be attached and in like manner printed and published a notice of said lands and lots stating that said land and lots will be sold at public auction to discharge the taxes, penalty, interest, and costs due thereon at the time of sale in or adjacent to the courthouse of such county, on the fourth Monday in August next thereafter, commencing at ten o'clock of said day and continuing from day to day thereafter until all are offered.

8. If, in the opinion of the county collector, an adequate legal description of the delinquent land and lots cannot be obtained through researching the documents available through the recorder of deeds, the collector may commission a professional land surveyor to prepare an adequate legal description of the delinquent land and lots in question. The costs of any commissioned land survey deemed necessary by the county collector shall be taxed as part of the costs of the sale of any land or lots contained in the list prepared under this section.

5. 5. The reasonable and customary costs of sale needed to redeem any land or lot sold for taxes under this section shall be determined by the collector.

140.350. **[**Infants**] Minors** and incapacitated and disabled persons as defined in chapter 475 may redeem any lands belonging to them sold for taxes, within **[**one year after the expiration of such disability**] five years of the date of the last payment of taxes encumbering the real estate by the minor, incapacitated or disabled person, the party's predecessors in interest, or any representative of such person**, in the same manner as provided in section 140.340 for redemption by other persons.

140.405. 1. Any person purchasing property at a delinquent land tax auction shall not acquire the deed to the real estate, as provided for in section 140.250 or 140.420, until the person meets the requirements of this section, except that such requirements shall not apply to post-third-year sales, which shall be conducted under subsection 4 of section 140.250. The purchaser shall obtain a title search report from a licensed attorney or licensed title company detailing the ownership and encumbrances on the property. **[**Such title search report shall be declared invalid if the effective date is more than one hundred twenty days from the date the purchaser applies for a collector's deed under section 140.250 or 140.420.**]**

At the conclusion of the applicable redemption period, the purchaser shall make an affidavit in accordance with subsection **[**4**] 5** of this section.

3. If the owner of record or the holder of any other publicly recorded claim on the property intends to transfer ownership or execute any additional liens or encumbrances on the property, such owner shall first redeem such property under section 140.340. The failure to comply with redeeming the property first before executing any of such actions or agreements on the property shall require the owner of record or any other publicly recorded claim on the property to reimburse the purchaser for the total bid as recorded on the certificate of purchase and all the costs of the sale required in sections 140.150 to 140.405.

4. In the case that both the certified notice return receipt card is returned unsigned and the first class mail is returned for any reason except refusal, where the notice is returned undeliverable, then the purchaser shall attempt additional notice and certify in the purchaser's affidavit to the collector that such additional notice was attempted and by what means.

To the affidavit, the purchaser shall attach a copy of a valid title search report as described in subsection 1 of this section as well as completed copies of the following for each recipient:

6. If any real estate is purchased at a third-offering tax auction and has a publicly recorded unreleased deed of trust, mortgage, lease, lien, judgment, or any other publicly recorded claim upon the real estate under this section, the purchaser of said property shall within forty-five days after the purchase at the sale notify such person of the person's right to redeem the property within ninety days from the postmark date on the notice. Notice shall be sent by both first class mail and certified mail return receipt requested to such person's last known available address. The purchaser shall notify the county collector by affidavit of the date the required notice was sent to the owner of record and, if applicable, the holder of any other publicly recorded claim on the property, that such person shall have ninety days to redeem said property or be forever barred from redeeming said property.

7. If the county collector chooses to have the title search done then the county collector may charge the purchaser the cost of the title search before giving the purchaser a deed pursuant to section 140.420.

8. **[**If the property is redeemed, the person redeeming the property shall pay the costs incurred by the purchaser in providing notice under this section. 140.410. In all cases where lands have been or may hereafter be sold for delinquent taxes, penalty, interest and costs due thereon, and a certificate of purchase has been or may hereafter be issued, it is hereby made the duty of such purchaser, his **or her** heirs or assigns, to cause all subsequent taxes to be paid on the property purchased prior to the issuance of any collector's deed, and the purchaser shall further cause a deed to be executed and placed on record in the proper county all within **[**two years**]** **eighteen months** from the date of said sale; provided, that on failure of said purchaser, his **or her** heirs or assigns so to do, then and in that case the amount due such purchaser shall cease to be a lien on said lands so purchased as herein provided. Upon the purchaser's forfeiture of all rights of the property acquired by the certificate of purchase issued, and including the nonpayment of all subsequent years' taxes as described in this section, it shall be the responsibility of the collector to record the cancellation of the certificate of purchase in the office of the recorder of deeds of the county. However, any person purchasing property at a delinquent land tax sale who meets the requirements of this section, prior to receiving a collector's deed, shall pay to the collector the fee necessary for the recording of such collector's deed to be issued. It shall be the responsibility of the collector to record the deed before delivering such deed to the purchaser of the property.

140.420. HCS SCS SB 300, relating to retirement benefits, was taken up by Representative Leara.

House Amendment No. 1

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 300, Page 35, Section 169.450, Line 117, by inserting the following after all of said line:

"169.560. Any person retired and currently receiving a retirement allowance pursuant to sections 169.010 to 169.141, other than for disability, may be employed in any capacity in a district included in the retirement system created by those sections on either a part-time or temporary-substitute basis not to exceed a total of five hundred fifty hours in any one school year, and through such employment may earn up to fifty percent of the annual compensation payable under the **[**employing**]** district's salary schedule for the position or positions filled by the retiree, given such person's level of experience and education, without a discontinuance of the person's retirement allowance. If the **[**employing**]** school district does not utilize a salary schedule, or if the position in question is not subject to the **[**employing**]** district's salary schedule, a retiree employed in accordance with the provisions of this section may earn up to fifty percent of the annual compensation paid to the person or persons who last held such position or positions. If the position or positions did not previously exist, the compensation limit shall be determined in accordance with rules duly adopted by the board of trustees of the retirement system; provided that, it shall not exceed fifty percent of the annual compensation payable for the position in the **[**employing**]** school district that is most comparable to the position filled by the retiree. In any case where a retiree fills more than one position during the school year, the fifty-percent limit on permitted earning shall be based solely on the annual compensation of the highest paid position occupied by the retiree for at least one-fifth of the total hours worked during the year. Such a person shall not contribute to the retirement system or to the public education employee retirement system established by sections 169.600 to 169.715 because of earnings during such period of employment. If such a person is employed in any capacity by such a district **[**on a regular, full-time basis,**]** **in excess of the limitations set forth in this section,** the person shall not be eligible to receive the person's retirement allowance for any month during which the person is so employed**. In addition, such person [**and**]** shall contribute to the retirement system**, if the person satisfies the retirement system's membership eligibility requirements. In addition to the conditions set forth above, this section shall apply to any person retired and currently receiving a retirement allowance under sections 169.010 to 169.141, other than for disability, who is employed by a third party or is performing work as an independent contractor if such person is performing work in a district included in the retirement system as a temporary or long-term substitute teacher or in any other position that would normally require that person to be duly certificated under the laws governing the certification of teachers in Missouri if**

such person was employed by the district. The retirement system may require the district, the third-party employer, the independent contractor, and the retiree subject to this section to provide documentation showing compliance with this section. If such documentation is not provided, the retirement system may deem the retiree to have exceeded the limitations provided in this section."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Representative Richardson offered **House Amendment No. 2**.

House Amendment No. 2

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 300, Page 24, Section 94.579, Line 139, by inserting after all of said section and line the following:

"**104.037. If a retired member of the Missouri department of transportation and highway patrol employees' retirement system or the Missouri state employees' retirement system is elected to any state office, appointed to any state office, or is reemployed by a department and such member reimburses the retirement system for any amount received as retirement benefits, increased by an additional amount to account for interest which would have accrued should the retirement benefits not have been paid, such member shall be considered an active member of the retirement system, and upon retirement, the member's creditable service shall be calculated as if the member had never retired and received any retirement benefits.**

104.380. **1. Except as provided in subsection 2 of this section,** if a retired member is elected to any state office or is appointed to any state office or is employed by a department in a position normally requiring the performance by the person of duties during not less than one thousand forty hours per year, the member shall not receive an annuity for any month or part of a month for which the member serves as an officer or employee, but the member shall be considered to be a new employee with no previous creditable service and must accrue creditable service continuously for at least one year in order to receive any additional annuity. Any retired member who again becomes an employee and who accrues additional creditable service and later retires shall receive an additional amount of monthly annuity calculated to include only the creditable service and the average compensation earned by the member since such employment or creditable service earned as a member of the general assembly. Years of membership service and twelfths of a year are to be used in calculating any additional annuity except for creditable service earned as a member of the general assembly, and such additional annuity shall be based on the type of service accrued. In either event, the original annuity and the additional annuity, if any, shall be paid commencing with the end of the first month after the month during which the member's term of office has been completed, or the member's employment terminated. If a retired member is employed by a department in a position that does not normally require the person to perform duties during at least one thousand forty hours per year, the member shall not be considered an employee as defined pursuant to section 104.010. A retired member who becomes reemployed as an employee on or after August 28, 2001, in a position covered by the Missouri department of transportation and highway patrol employees' retirement system shall not be eligible to receive retirement benefits or additional creditable service from the state employees' retirement system. Annual benefit increases paid under section 104.415 shall not accrue while a retired member is employed as described in this section. Any future annual benefit increases paid after the member terminates such employment will be paid in the same month as the member's original annual benefit increases were paid. Benefits paid under subsection 3 of section 104.374 are not applicable to any additional annuity paid under this section.

2. If a retired member of the Missouri department of transportation and highway patrol employees' retirement system or the Missouri state employees' retirement system is elected to any state office, appointed to any state office, or is reemployed by a department and such member reimburses the retirement system for any amount received as retirement benefits, increased by an additional amount to account for interest which would have accrued should the retirement benefits not have been paid, such member shall be considered an active member of the retirement system, and upon retirement, the member's creditable service shall be calculated as if the member had never retired and received any retirement benefits.

104.1039. **1. Except as provided in subsection 2 of this section,** if a retiree is employed as an employee by a department, the retiree shall not receive an annuity payment for any calendar month in which the retiree is so employed. While reemployed the retiree shall be considered to be a new employee with no previous credited service and must

accrue credited service continuously for at least one year in order to receive any additional annuity. Such retiree shall receive an additional annuity in addition to the original annuity, calculated based only on the credited service and the pay earned by such retiree during reemployment and paid in accordance with the annuity option originally elected; provided such retiree who ceases to receive an annuity pursuant to this section shall not receive such additional annuity if such retiree is employed by a department in a position that is covered by a state-sponsored defined benefit retirement plan not created pursuant to this chapter. The original annuity and any additional annuity shall be paid commencing as of the end of the first month after the month during which the retiree's reemployment terminates. Cost-of-living adjustments paid under section 104.1045 shall not accrue while a retiree is employed as described in this section. Any future cost-of-living adjustments paid after the retiree terminates such employment will be paid in the same month as the retiree's original annual benefit increases were paid.

2. If a retired member of the Missouri department of transportation and highway patrol employees' retirement system or the Missouri state employees' retirement system is elected to any state office, appointed to any state office, or is reemployed by a department and such member reimburses the retirement system for any amount received as retirement benefits, increased by an additional amount to account for interest which would have accrued should the retirement benefits not have been paid, such member shall be considered an active member of the retirement system, and upon retirement, the member's creditable service shall be calculated as if the member had never retired and received any retirement benefits."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Richardson, **House Amendment No. 2** was adopted.

Representative Bernskoetter offered **House Amendment No. 3**.

[3.**]** **4.** Any sales tax imposed under this section shall be administered, collected, enforced, and operated as required in section 32.087. All sales taxes collected by the director of the department of revenue under this section on behalf of any city, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created in the state treasury, to be known as the "City Public Safety Sales Tax Trust Fund". The moneys in the trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The provisions of section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of the general revenue fund. The director shall keep accurate records of the amount of money in the trust fund and which was collected in each city imposing a sales tax under this section, and the records shall be open to the inspection of officers of the city and the public. Not later than the tenth day of each month the director shall distribute all moneys deposited in the trust fund during the preceding month to the city which levied the tax. Such funds shall be deposited with the city treasurer of each such city, and all expenditures of funds arising from the trust fund shall be by an appropriation act to be enacted by the governing body of each such city. Expenditures may be made from the fund for any functions authorized in the ordinance or order adopted by the governing body submitting the tax to the voters. If the tax is repealed, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes. Any funds in the special trust fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

[4.**] 5.** The director of the department of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any city for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such cities. If any city abolishes the tax, the city shall notify the director of the action at least ninety days before the effective date of the repeal, and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such city, the director shall remit the balance in the account to the city and close the account of that city. The director shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city.

[5.**] 6.** The governing body of any city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the city. The ballot of submission shall be in substantially the following form:

Shall ..... (insert the name of the city) repeal the sales tax imposed at a rate of ..... (insert rate of percent) percent for the purpose of improving the public safety of the city?

[ ] YES [ ] NO

If a majority of the votes cast on the proposal are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters, and the repeal is approved by a majority of the qualified voters voting on the question.

[6.**] 7.** Whenever the governing body of any city that has adopted the sales tax authorized in this section receives a petition, signed by ten percent of the registered voters of the city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the city a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the tax shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

[7.**] 8.** Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under this section."; and

JOURNAL OF THE HOUSE

First Regular Session, 98th GENERAL ASSEMBLY

SIXTY-SECOND DAY, MONDAY, MAY 4, 2015

The House met pursuant to adjournment.

Speaker Diehl in the Chair.

Prayer by Representative John McCaherty.

Father, today we come to You with humility, admiration, and repentance. Help us to follow You, to be kind to one another. Even when we disagree let us lift each other up and not tear each other down. Forgive us when we fail You, when we fail each other and remind us that You are our comforter, our guidance, and source of strength when we need help.

Guide us in the last two weeks of session, guide our decisions and our attitudes. Let us do what is good, right, and acceptable in Your eyes, and that which is best for the great State of Missouri.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Alexander Chipman, Konnor Chipman, Xavier Chipman, Chloe Chipman, and Elane Chipman.

THIRD READING OF SENATE BILLS

HCS SB 13, relating to the career and technical education, was taken up by Representative Spencer.

House Amendment No. 1

AMEND House Committee Substitute for Senate Bill No. 13, Page 1, In the Title, Lines 2 and 3, by deleting the words "career and technical" and inserting in lieu thereof the words "elementary and secondary"; and

Further amend said bill and page, Section A, Line 2, by inserting immediately after all of said line and section the following:

"**161.1010. 1. There is hereby established the "Missouri Course Access Program" to allow public school students to enroll in online, blended, and face-to-face courses to supplement coursework offered at the school where the student is enrolled. The Missouri course access program is separate and distinct from the virtual online school program established under section 161.670 and shall not be considered part of the virtual online school program for any purpose.**

2. For purposes of sections 161.1010 to 161.1020, the following terms mean:

(1) "Course provider", an entity authorized by the department of elementary and secondary education to offer individual courses in person, online, or a combination of the two, including but not limited to online education providers, public or private elementary and secondary education institutions, education service agencies, private for profit or not-for-profit providers, postsecondary education institutions, and vocational or technical course providers;

(2) "Department", the department of elementary and secondary education;

(3) "Eligible funded student", any eligible participating student who is currently enrolled in a public school, including a public charter school;

(4) "Eligible participating student", any K-12 student who resides in the state;

(6) "State course access catalog", the website developed for the department of elementary and secondary education that provides a listing of all courses authorized and available to students in the state, detailed

information about the courses to inform student enrollment decisions, and the ability for students to submit their course enrollments;

(7) "State course access program" or "program", the program created under sections 161.1010 to 161.1020.

161.1011. 1. Any eligible participating student may enroll in state course access program courses with the approval of such student's guidance counselor, as provided under subsection 3 of this section. An eligible funded student may enroll in state course access program courses that are funded by the program up to a maximum of seven credit hours per semester.

2. The families of eligible funded students and other eligible participating students may pay to enroll in state course access program courses above the maximum seven-credit hour limit specified in subsection 1 of this section.

3. Prior to enrolling in any state course access program course, a student shall first receive approval from his or her guidance counselor. Guidance counselors shall approve or disapprove a student's request to enroll based on the counselor's assessment of whether participation in the program and enrollment in a particular course is in the student's best interest. The department shall develop a procedure under which a student may appeal the decision of a guidance counselor made under the provisions of this section.

4. The local education agency where eligible funded students are enrolled full time may review enrollment requests to ensure courses are academically appropriate, logistically feasible, keep the student on track for an on-time graduation, and do not extend a student beyond a full-time course load. The local education agency may only reject enrollment requests for those reasons.

5. Local education agencies shall inform students and families of their right to appeal any enrollment denials in state course access program courses to the department, which shall provide a final enrollment decision within seven calendar days.

161.1012. 1. The department shall:

(1) Establish an authorization process for course providers that includes multiple opportunities for submission each year;

(2) Not later than ninety calendar days from initial submission date, authorize course providers that:

(a) Meet the criteria established under section 161.1013; and

(b) Provide courses which offer the instructional rigor and scope required under section 161.1013; and

(3) Not later than ninety calendar days from initial submission date, provide a written explanation to any course providers that are denied.

2. If a course provider is denied authorization, the provider may reapply in the future.

3. The department shall publish the process established under this section, including any deadlines and any guidelines applicable to the submission and authorization process for providers.

4. If the department determines that there are insufficient funds available for evaluating and authorizing course providers, the department may charge applicant providers a fee up to but no greater than the amount of the costs in order to ensure that evaluation occurs. The department shall establish and publish a fee schedule for purposes of this subsection.

161.1013. 1. To be authorized to offer a course through the state course access program, a provider shall:

(1) Comply with all applicable anti-discrimination provisions as well as applicable state and federal student data privacy provisions such as the Family Educational Rights and Privacy Act (FERPA);

(2) Provide an assurance that all online information and resources for online or blended courses are fully accessible for students of all abilities, including that:

(a) All of the courses submitted for approval are reviewed to ensure they meet legal accessibility standards;

(b) The provider has created and promulgated an Accessibility Online Learning Policy;

(c) The provider has designated an ADA Coordinator, a grievance policy, and annual notifications;

(d) The provider has policies and activities to ensure their organizational and course websites meet accessibility requirements; and

(e) The provider has no gateway exam or test where a specific score is required to participate in course access program courses beyond completion of prerequisite coursework or demonstrated mastery of prerequisite material;

(3) Demonstrate either:

(a) Prior evidence of delivering quality outcomes for students as demonstrated by completion rates, student level growth, proficiency, or other quantifiable outcomes; or

(b) For course providers applying to offer a subject or grade level for the first time, provide a detailed justification, in a manner determined by the department, of how their organization's subject matter, instructional, or technical expertise will lead to successful outcomes for students;

(4) Ensure instructional and curricular quality through a detailed curriculum and student performance accountability plan that aligns with, and measures student attainment of, relevant state academic standards or other relevant standards in courses without state academic standards;

(5) Provide assurances that the course provider shall electronically provide, in a manner and format determined by the department, a detailed student record of enrollment, performance, completion, and grading information with the school systems where eligible participating students are enrolled full time.

2. Additional criteria developed by the department shall be used to evaluate providers and may include nationally recognized third-party quality standards.

161.1014. 1. The department shall establish a course review and approval process. The process may be implemented by the department or by an entity designated by the department.

2. In order to be approved and added to the state course access catalog, a course shall:

(1) Be, at a minimum, the equivalent in instructional rigor and scope to a course that is provided in a traditional classroom setting;

(2) Be aligned to relevant state academic standards or industry standards;

(3) Possess an assessment component for determining student proficiency, as well as student growth where applicable; and

(4) Be designed and implemented consistently with criteria established by the department and nationally recognized third-party quality standards.

3. The department may negotiate changes in the proposal to offer a course, if the department determines that changes are necessary in order to authorize the course.

161.1015. 1. The initial authorization of the course provider and approved courses shall be for a period of three years.

2. Providers shall annually report, in such a manner as directed by the department:

(1) Student enrollment data;

(2) Student outcomes, growth measures when available, proficiency rates, and completion rates for each subject area and grade level; and

(3) Student and parental feedback on overall satisfaction and quality, including availability of support from teachers, and their comments.

3. After the second year of the initial authorization period, the department shall conduct a thorough review of the course provider's activities and the academic performance of the students enrolled in courses offered by the course provider.

4. If the performance of the students enrolled in courses offered by the course provider does not meet agreed upon performance standards at any time, the course provider shall be placed on probation and required to submit a plan for improvement to the department. The department shall establish terms of probation and develop specific criteria the provider must meet in order to return to good standing. Course providers shall be given at least sixty days to meet the terms of probation. Determinations as to whether the provider has met the conditions of probation shall be at the sole discretion of the department. If the department determines that the provider has failed to meet the conditions of probation within the time frame established by the department, the department may terminate the provider's status. Course providers who are terminated by the department under the provisions of this subsection shall be ineligible for reinstatement as a course provider for two years from the time the provider's status was revoked.

5. After the initial three-year authorization period, the department may reauthorize the course provider for additional periods of not less than three years after thorough review of the course provider's activities and the achievement of students enrolled in courses offered by the course provider.

6. The department may exclude a course provided by an authorized provider at any time if the department determines that:

(1) The course is no longer adequately aligned with the state academic standards;

(2) The course no longer provides a detailed and quality curriculum and accountability plan; or

(3) The course fails to deliver outcomes as measured by course completion or student outcomes and performance on state or nationally accepted assessments.

161.1016. The department may enter into a reciprocity agreement with other states for the purpose of authorizing and approving high quality providers and courses for the state course access program and the operation of the state course access catalog.

(4) Establish and publish a time frame or specific dates by which students are able to withdraw from a course provided through the state course access program without the student, local education agency, or course provider incurring a penalty.

2. The department shall maintain on its official website in a prominent location an informed choice report. Each report under this section shall:

(1) Be updated within thirty calendar days of additional provider authorizations;

(2) Describe each course offered through the state course access program and include information such as course requirements and the school year calendar for the course, including any options for continued participation outside of the standard school year calendar;

(3) Include student and parental comments and feedback as detailed under section 161.1014; and

(4) Be published online in an open format that can be retrieved, downloaded, indexed, and searched by commonly used web search applications.

3. The department shall submit an annual report on the state course access program and the participation of entities to the governor, and the chairperson and vice-chairperson of the joint committee on education. The report shall at a minimum include the following information:

(1) The annual number of unique students participating in courses authorized under this sections 161.1010 to 161.1020 and the total number of courses students are enrolled in;

(6) Student outcome data, including completion rates, student learning gains, student performance on state or nationally accepted assessments, by subject and grade level by provider. This outcome data should be published in a manner that protects student privacy; and

(7) The department shall note any data that is not yet available at the time of publication and when it will become available, and include that data in future reports.

4. The report and underlying data shall be published online in an open format that can be retrieved, downloaded, indexed, and searched by commonly used web search applications.

5. For purposes of this section, an "open format" is one that is platform independent, machine readable, and made available to the public without restrictions that would impede the reuse of that information.

161.1018. 1. A school district or charter school shall:

(1) Notify students and parents as part of any course enrollment period or process of the availability of state course access program courses in correspondence that is written in simple and accurate language;

(2) Provide information by letter or email to students and parents at home and by at least two other means, such as community flyers, newspaper postings, on student report cards, or other methods;

(3) Publish information and eligibility guidelines on the school and school district's websites.

2. Each local school system shall establish policies and procedures whereby, for each eligible participating student as identified in section 161.1011, the following shall apply:

(2) Coordinate with course providers to ensure that required state assessments are administered to each such student attending a public school.

3. The performance data of students who are enrolled in a course under sections 161.1010 to 161.1020 and in accordance with subsection 1 of this section shall be counted in the school performance score for the school in which the student is enrolled full time.

4. Nothing in sections 161.1010 to 161.1020 shall be construed to prevent a school entity from establishing its own online course or program in accordance with sections 161.1010 to 161.1020.

5. The department shall adopt rules necessary to implement sections 161.1010 to 161.1020, including but not limited to the requirements of school governing authorities or local school systems whose students enroll in courses offered by authorized course providers. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2015, shall be invalid and void.

161.1019. 1. Per-course tuition shall be determined as follows:

(1) The course provider shall receive per-course tuition for each eligible funded student at a fair and reasonable rate negotiated by the department and the course provider that is inclusive of all required course materials. Determinations of course prices may take into account prices for similar levels of service in other jurisdictions. Funding for courses in which students are enrolled shall be made by the department to the local education agency where the student is enrolled full time; within ninety days of receiving funding from the department, the local education agency shall remit appropriate payment to the authorized course provider;

(2) The course provider shall receive payment from the local education agency only for the courses in which an eligible funded student is enrolled; the remaining funds received from the department by the local education agency shall remain with the local education agency in which the student is enrolled full time;

(3) The course provider shall accept the amount specified in subdivision (1) of this subsection as total tuition and fees for the eligible funded student;

(4) The course provider may charge tuition to any eligible participating student up to an amount determined by the course provider and department.

2. Payment of tuition to course providers shall be based upon student success and made as follows:

(1) Fifty percent of the amount of tuition to be paid or transferred to the course provider shall be transferred upon student enrollment in a course and fifty percent shall be dependent upon student success in the course. Student success may initially be measured based on course completion, but the department shall create new measures of student success by Year 3 for use in courses where externally validated measures are available. These measures of student outcomes, based on either proficiency or growth, shall include results from independent end-of-course exams, advanced placement exams, receipt of industry recognized credentials, receipt of credit from institutions of higher education, or other externally validated measures;

(2) Partial payments for delayed completions shall be determined as follows: if a student does not successfully complete a course according to the published course length in which the course provider has received the first payment under subsection 1 of this section, the provider shall receive twenty percent of the tuition that is dependent upon student success as defined in subsection 1 of this section only if the student completes and receives credit for the course within one additional semester. At that point, remaining tuition shall be returned to the local education agency where a student is enrolled full time.

161.1020. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under sections 161.1010 to 161.1020 shall automatically sunset six years after the effective date of sections 161.1010 to 161.1020 unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under sections 161.1010 to 161.1020 shall automatically sunset twelve years after the effective date of the reauthorization of sections 161.1010 to 161.1020; and

(3) Sections 161.1010 to 161.1020 shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under sections 161.1010 to 161.1020 is sunset."; and

Any award amount shall be reduced by the amount of a student's payment from the A+ schools program or any successor program to it. For purposes of this subsection, the term "increment group" shall mean a group organized by expected family contribution in five hundred dollar increments into which all eligible students shall be placed.

3. If appropriated funds are insufficient to fund the program as described, the maximum award shall be reduced across all sectors by the percentage of the shortfall. If appropriated funds exceed the amount necessary to fund the

program, the additional funds shall be used to increase the number of recipients by raising the cutoff for the expected family contribution rather than by increasing the size of the award.

4. Every three years, beginning with academic year 2009-10, the award amount may be adjusted to increase no more than the Consumer Price Index for All Urban Consumers (CPI-U), 1982-1984 = 100, not seasonally adjusted, as defined and officially recorded by the United States Department of Labor, or its successor agency, for the previous academic year. The coordinating board shall prepare a report prior to the legislative session for use of the general assembly and the governor in determining budget requests which shall include the amount of funds necessary to maintain full funding of the program based on the baseline established for the program upon the effective date of sections 173.1101 to 173.1107. Any increase in the award amount shall not become effective unless an increase in the amount of money appropriated to the program necessary to cover the increase in award amount is passed by the general assembly.

173.1107. A recipient of financial assistance may transfer from one approved public **[**or**],** private**, or virtual** institution to another without losing eligibility for assistance under sections 173.1101 to 173.1107, but the coordinating board shall make any necessary adjustments in the amount of the award. If a recipient of financial assistance at any time is entitled to a refund of any tuition, fees, or other charges under the rules and regulations of the institution in which he or she is enrolled, the institution shall pay the portion of the refund which may be attributed to the state grant to the coordinating board. The coordinating board will use these refunds to make additional awards under the provisions of sections 173.1101 to 173.1107."; and

(12) To any person who is under the age of eighteen years, if such person's parents or legal guardians file a certified document with the department of revenue stating that the director shall not issue such person a driver's license. Each document filed by the person's parents or legal guardians shall be made upon a form furnished by the director and shall include identifying information of the person for whom the parents or legal guardians are denying the driver's license. The document shall also contain identifying information of the person's parents or legal guardians. The document shall be certified by the parents or legal guardians to be true and correct. This provision shall not apply to any person who is legally emancipated. The parents or legal guardians may later file an additional document with the department of revenue which reinstates the person's ability to receive a driver's license.

2. Any person whose license is reinstated under the provisions of subdivision (9) or (10) of subsection 1 of this section shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement. The ignition interlock device required for reinstatement under this subsection and for obtaining a limited driving privilege under paragraph (a) or (b) of subdivision (8) of subsection 3 of section 302.309 shall have a photo identification technology feature, and a court may require a global positioning system feature for such device. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device **within the last three months of the six-month period of required installation of the ignition interlock device**, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended **[**for an additional six months**] until the person has completed three consecutive months with no violations**

as described in this section. If the person fails to maintain such proof with the director, the license shall be suspended **[**for the remainder of the six-month period or**]** until proof as required by this section is filed with the director. **[**Upon the completion of the six-month period, the license shall be shown as reinstated, if the person is otherwise eligible.**]**

3. Any person who petitions the court for reinstatement of his or her license pursuant to subdivision (9) or (10) of subsection 1 of this section shall make application with the Missouri state highway patrol as provided in section 43.540, and shall submit two sets of fingerprints collected pursuant to standards as determined by the highway patrol. One set of fingerprints shall be used by the highway patrol to search the criminal history repository and the second set shall be forwarded to the Federal Bureau of Investigation for searching the federal criminal history files. At the time of application, the applicant shall supply to the highway patrol the court name and case number for the court where he or she has filed his or her petition for reinstatement. The applicant shall pay the fee for the state criminal history check pursuant to section 43.530 and pay the appropriate fee determined by the Federal Bureau of Investigation for the federal criminal history record. The Missouri highway patrol, upon receipt of the results of the criminal history check, shall forward a copy of the results to the circuit court designated by the applicant and to the department. Notwithstanding the provisions of section 610.120, all records related to any criminal history check shall be accessible and available to the director and the court.

302.304. 1. The director shall notify by ordinary mail any operator of the point value charged against the operator's record when the record shows four or more points have been accumulated in a twelve-month period.

2. In an action to suspend or revoke a license or driving privilege under this section points shall be accumulated on the date of conviction. No case file of any conviction for a driving violation for which points may be assessed pursuant to section 302.302 may be closed until such time as a copy of the record of such conviction is forwarded to the department of revenue.

3. The director shall suspend the license and driving privileges of any person whose driving record shows the driver has accumulated eight points in eighteen months.

4. The license and driving privilege of any person whose license and driving privilege have been suspended under the provisions of sections 302.010 to 302.540 except those persons whose license and driving privilege have been suspended under the provisions of subdivision (8) of subsection 1 of section 302.302 or has accumulated sufficient points together with a conviction under subdivision (10) of subsection 1 of section 302.302 and who has filed proof of financial responsibility with the department of revenue, in accordance with chapter 303, and is otherwise eligible, shall be reinstated as follows:

(1) In the case of an initial suspension, thirty days after the effective date of the suspension;

(2) In the case of a second suspension, sixty days after the effective date of the suspension;

(3) In the case of the third and subsequent suspensions, ninety days after the effective date of the suspension.

Unless proof of financial responsibility is filed with the department of revenue, a suspension shall continue in effect for two years from its effective date.

5. The period of suspension of the driver's license and driving privilege of any person under the provisions of subdivision (8) of subsection 1 of section 302.302 or who has accumulated sufficient points together with a conviction under subdivision (10) of subsection 1 of section 302.302 shall be thirty days, followed by a sixty-day period of restricted driving privilege as defined in section 302.010. Upon completion of such period of restricted driving privilege, upon compliance with other requirements of law and upon filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. If a person, otherwise subject to the provisions of this subsection, files proof of installation with the department of revenue that any vehicle operated by such person is equipped with a functioning, certified ignition interlock device, there shall be no period of suspension. However, in lieu of a suspension the person shall instead complete a ninety-day period of restricted driving privilege. If the person fails to maintain such proof of the device with the director of revenue as required, the restricted driving privilege shall be terminated. Upon completion of such ninety-day period of restricted driving privilege, upon compliance with other requirements of law, and upon filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. However, if the monthly monitoring reports during such ninety-day period indicate that the ignition interlock device has registered a confirmed blood alcohol concentration level above the alcohol setpoint established by the department of transportation or such reports indicate that the ignition interlock device has been tampered with or circumvented, then the license and driving privilege of such person shall not be reinstated until the person completes an additional thirty-day period of restricted driving privilege.

6. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, or, if applicable, if the person fails to maintain proof that any vehicle operated is equipped with a functioning, certified ignition

interlock device installed pursuant to subsection 5 of this section, the person's driving privilege and license shall be resuspended.

7. The director shall revoke the license and driving privilege of any person when the person's driving record shows such person has accumulated twelve points in twelve months or eighteen points in twenty-four months or twenty-four points in thirty-six months. The revocation period of any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303 and is otherwise eligible, shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of revenue, except as provided in subsection 2 of section 302.541, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, the person's license and driving privilege shall be rerevoked. Any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 shall, upon receipt of the notice of termination of the revocation from the director, pass the complete driver examination and apply for a new license before again operating a motor vehicle upon the highways of this state.

8. If, prior to conviction for an offense that would require suspension or revocation of a person's license under the provisions of this section, the person's total points accumulated are reduced, pursuant to the provisions of section 302.306, below the number of points required for suspension or revocation pursuant to the provisions of this section, then the person's license shall not be suspended or revoked until the necessary points are again obtained and accumulated.

9. If any person shall neglect or refuse to surrender the person's license, as provided herein, the director shall direct the state highway patrol or any peace or police officer to secure possession thereof and return it to the director.

10. Upon the issuance of a reinstatement or termination notice after a suspension or revocation of any person's license and driving privilege under the provisions of sections 302.010 to 302.540, the accumulated point value shall be reduced to four points, except that the points of any person serving as a member of the Armed Forces of the United States outside the limits of the United States during a period of suspension or revocation shall be reduced to zero upon the date of the reinstatement or termination of notice. It shall be the responsibility of such member of the Armed Forces to submit copies of official orders to the director of revenue to substantiate such overseas service. Any other provision of sections 302.010 to 302.540 to the contrary notwithstanding, the effective date of the four points remaining on the record upon reinstatement or termination shall be the date of the reinstatement or termination notice.

11. No credit toward reduction of points shall be given during periods of suspension or revocation or any period of driving under a limited driving privilege granted by a court or the director of revenue.

12. Any person or nonresident whose license or privilege to operate a motor vehicle in this state has been suspended or revoked under this or any other law shall, before having the license or privilege to operate a motor vehicle reinstated, pay to the director a reinstatement fee of twenty dollars which shall be in addition to all other fees provided by law.

13. Notwithstanding any other provision of law to the contrary, if after two years from the effective date of any suspension or revocation issued under this chapter, except any suspension or revocation issued under section 302.410, 302.462, or 302.574, the person or nonresident has not paid the reinstatement fee of twenty dollars, the director shall reinstate such license or privilege to operate a motor vehicle in this state. Any person who has had his or her license suspended or revoked under section 302.410, 302.462, or 302.574, shall be required to pay the reinstatement fee.

14. No person who has had a license to operate a motor vehicle suspended or revoked as a result of an assessment of points for a violation under subdivision (8), (9) or (10) of subsection 1 of section 302.302 shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. Assignment recommendations, based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion pursuant to the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a like offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section

577.001 or of a person determined to have operated a motor vehicle with fifteen-hundredths of one percent or more by weight in such person's blood. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted pursuant to this subsection shall not be necessary unless directed by the court.

15. The fees for the program authorized in subsection 14 of this section, or a portion thereof to be determined by the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee in an amount to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010 or a program determined to be comparable by the department of mental health. The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due the division of alcohol and drug abuse pursuant to this section and shall accrue at a rate not to exceed the annual rate established pursuant to the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health pursuant to this section shall be deposited in the mental health earnings fund which is created in section 630.053.

16. Any administrator who fails to remit to the division of alcohol and drug abuse of the department of mental health the supplemental fees and interest for all persons enrolled in the program pursuant to this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due the division pursuant to this section. If the supplemental fees, interest, and penalties are not remitted to the division of alcohol and drug abuse of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action of the collection of said fees and interest accrued. The court shall assess attorney fees and court costs against any delinquent program.

17. Any person who has had a license to operate a motor vehicle suspended or revoked as a result of an assessment of points for a conviction for an intoxication-related traffic offense as defined under section 577.001, and who has a prior alcohol-related enforcement contact as defined under section 302.525, shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement of the license. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device **within the last three months of the six-month period of required installation of the ignition interlock device**, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended **[**for an additional six months**] until the person has completed three consecutive months with no violations as described in this section**. If the person fails to maintain such proof with the director, the license shall be resuspended or revoked and the person shall be guilty of a class A misdemeanor.

302.309. 1. Whenever any license is suspended pursuant to sections 302.302 to 302.309, the director of revenue shall return the license to the operator immediately upon the termination of the period of suspension and upon compliance with the requirements of chapter 303.

2. Any operator whose license is revoked pursuant to these sections, upon the termination of the period of revocation, shall apply for a new license in the manner prescribed by law.

3. (1) All circuit courts, the director of revenue, or a commissioner operating under section 478.007 shall have jurisdiction to hear applications and make eligibility determinations granting limited driving privileges, except as provided under subdivision (8) of this subsection. Any application may be made in writing to the director of revenue and the person's reasons for requesting the limited driving privilege shall be made therein.

(2) When any court of record having jurisdiction or the director of revenue finds that an operator is required to operate a motor vehicle in connection with any of the following:

(a) A business, occupation, or employment;

(b) Seeking medical treatment for such operator;

(c) Attending school or other institution of higher education;

(d) Attending alcohol or drug treatment programs;

(e) Seeking the required services of a certified ignition interlock device provider; or

(f) Any other circumstance the court or director finds would create an undue hardship on the operator,

the court or director may grant such limited driving privilege as the circumstances of the case justify if the court or director finds undue hardship would result to the individual, and while so operating a motor vehicle within the restrictions and limitations of the limited driving privilege the driver shall not be guilty of operating a motor vehicle without a valid license.

(3) An operator may make application to the proper court in the county in which such operator resides or in the county in which is located the operator's principal place of business or employment. Any application for a limited driving privilege made to a circuit court shall name the director as a party defendant and shall be served upon the director prior to the grant of any limited privilege, and shall be accompanied by a copy of the applicant's driving record as certified by the director. Any applicant for a limited driving privilege shall have on file with the department of revenue proof of financial responsibility as required by chapter 303. Any application by a person who transports persons or property as classified in section 302.015 may be accompanied by proof of financial responsibility as required by chapter 303, but if proof of financial responsibility does not accompany the application, or if the applicant does not have on file with the department of revenue proof of financial responsibility, the court or the director has discretion to grant the limited driving privilege to the person solely for the purpose of operating a vehicle whose owner has complied with chapter 303 for that vehicle, and the limited driving privilege must state such restriction. When operating such vehicle under such restriction the person shall carry proof that the owner has complied with chapter 303 for that vehicle.

(4) No limited driving privilege shall be issued to any person otherwise eligible under the provisions of **[**paragraph (a) of**]** subdivision (6) of this subsection **[**on a license revocation resulting from a conviction under subdivision (9) of subsection 1 of section 302.302, or**] if such person has** a license denial under paragraph (a) or (b) of subdivision (8) of this subsection**[**, or a license revocation under paragraph (g) of subdivision (6) of this subsection,**] or on a license revocation resulting from a conviction under subdivision (9) of subsection 1 of section 302.302, or a license revocation under subdivision (2) of subsection 2 of section 302.525, or sections 302.574 or 577.041,** until the applicant has filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of limited driving privilege. The ignition interlock device required for obtaining a limited driving privilege under paragraph (a) or (b) of subdivision (8) of this subsection shall have a photo identification technology feature, and a court may require a global positioning system feature for such device.

(5) The court order or the director's grant of the limited or restricted driving privilege shall indicate the termination date of the privilege, which shall be not later than the end of the period of suspension or revocation. The court order or the director's grant of the limited or restricted driving privilege shall also indicate whether a functioning, certified ignition interlock device is required as a condition of operating a motor vehicle with the limited driving privilege. A copy of any court order shall be sent by the clerk of the court to the director, and a copy shall be given to the driver which shall be carried by the driver whenever such driver operates a motor vehicle. The director of revenue upon granting a limited driving privilege shall give a copy of the limited driving privilege to the applicant. The applicant shall carry a copy of the limited driving privilege while operating a motor vehicle. A conviction which results in the assessment of points pursuant to section 302.302, other than a violation of a municipal stop sign ordinance where no accident is involved, against a driver who is operating a vehicle pursuant to a limited driving privilege terminates the privilege, as of the date the points are assessed to the person's driving record. If the date of arrest is prior to the issuance of the limited driving privilege, the privilege shall not be terminated. Failure of the driver to maintain proof of financial responsibility, as required by chapter 303, or to maintain proof of installation of a functioning, certified ignition interlock device, as applicable, shall terminate the privilege. The director shall notify by ordinary mail the driver whose privilege is so terminated.

(6) Except as provided in subdivision (8) of this subsection, no person is eligible to receive a limited driving privilege whose license at the time of application has been suspended or revoked for the following reasons:

(a) **[**A conviction of violating the provisions of section 577.010 or 577.012, or any similar provision of any federal or state law, or a municipal or county law where the judge in such case was an attorney and the defendant was represented by or waived the right to an attorney in writing, until the person has completed the first thirty days of a suspension or revocation imposed pursuant to this chapter;

(b)**]** A conviction of any felony in the commission of which a motor vehicle was used **and such conviction occurred within the five year period prior to the date of application. However, any felony conviction for leaving the scene of an accident under section 577.060 shall not render the applicant ineligible for a limited driving privilege under this section**;

[(c)**] (b)** Ineligibility for a license because of the provisions of subdivision (1), (2), (4), (5), (6), (7), (8), (9), **or** (10) **[**or (11)**]** of subsection 1 of section 302.060; **or**

[(d) Because of operating a motor vehicle under the influence of narcotic drugs, a controlled substance as defined in chapter 195, or having left the scene of an accident as provided in section 577.060;

(e) Due to a revocation for failure to submit to a chemical test pursuant to section 302.574 or due to a refusal to submit to a chemical test in any other state, unless such person has completed the first ninety days of such revocation and files proof of installation with the department of revenue that any vehicle operated by such person is equipped with a functioning, certified ignition interlock device, provided the person is not otherwise ineligible for a limited driving privilege;

(f)**] (c)** Due to a suspension pursuant to **subdivision (8) or (10) of subsection 1 of section 302.302 or** subsection 2 of section 302.525 **[**and who has not completed the first thirty days of such suspension, provided the person is not otherwise ineligible for a limited driving privilege; or

(g) Due to a revocation pursuant to subsection 2 of section 302.525 if such person has not completed the first forty-five days of such revocation, provided the person is not otherwise ineligible for a limited driving privilege**]**.

(7) No person who possesses a commercial driver's license shall receive a limited driving privilege issued for the purpose of operating a commercial motor vehicle if such person's driving privilege is suspended, revoked, cancelled, denied, or disqualified. Nothing in this section shall prohibit the issuance of a limited driving privilege for the purpose of operating a noncommercial motor vehicle provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege.

(8) (a) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of ten years, as prescribed in subdivision (9) of subsection 1 of section 302.060, to apply for a limited driving privilege pursuant to this subsection. Such person shall present evidence satisfactory to the court or the director that such person's habits and conduct show that the person no longer poses a threat to the public safety of this state. A circuit court shall grant a limited driving privilege to any individual who otherwise is eligible to receive a limited driving privilege, has filed proof of installation of a certified ignition interlock device, and has had no alcohol-related enforcement contacts since the alcohol-related enforcement contact that resulted in the person's license denial.

(b) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege or convicted of acting with criminal negligence while driving while intoxicated to cause the death of another person, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of five years because of two convictions of driving while intoxicated, as prescribed in subdivision (10) of subsection 1 of section 302.060, to apply for a limited driving privilege pursuant to this subsection. Such person shall present evidence satisfactory to the court or the director that such person's habits and conduct show that the person no longer poses a threat to the public safety of this state. Any person who is denied a license permanently in this state because of an alcohol-related conviction subsequent to a restoration of such person's driving privileges pursuant to subdivision (9) of section 302.060 shall not be eligible for limited driving privilege pursuant to the provisions of this subdivision. A circuit court shall grant a limited driving privilege to any individual who otherwise is eligible to receive a limited driving privilege, has filed proof of installation of a certified ignition interlock device, and has had no alcohol-related enforcement contacts since the alcohol-related enforcement contact that resulted in the person's license denial.

(9) A DWI docket or court established under section 478.007 may grant a limited driving privilege to a participant in or graduate of the program who would otherwise be ineligible for such privilege under another provision of law. **[**The DWI docket or court shall not grant a limited driving privilege to a participant during his or her initial forty-five days of participation.**]**

4. Any person who has received notice of denial of a request of limited driving privilege by the director of revenue may make a request for a review of the director's determination in the circuit court of the county in which the person resides or the county in which is located the person's principal place of business or employment within thirty days of the date of mailing of the notice of denial. Such review shall be based upon the records of the department of revenue and other competent evidence and shall be limited to a review of whether the applicant was statutorily entitled to the limited driving privilege.

5. The director of revenue shall promulgate rules and regulations necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

302.525. 1. The license suspension or revocation shall become effective fifteen days after the subject person has received the notice of suspension or revocation as provided in section 302.520, or is deemed to have received the

notice of suspension or revocation by mail as provided in section 302.515. If a request for a hearing is received by or postmarked to the department within that fifteen-day period, the effective date of the suspension or revocation shall be stayed until a final order is issued following the hearing; provided, that any delay in the hearing which is caused or requested by the subject person or counsel representing that person without good cause shown shall not result in a stay of the suspension or revocation during the period of delay.

2. The period of license suspension or revocation under this section shall be as follows:

(1) If the person's driving record shows no prior alcohol-related enforcement contacts during the immediately preceding five years, the period of suspension shall be thirty days after the effective date of suspension, followed by a sixty-day period of restricted driving privilege as defined in section 302.010 and issued by the director of revenue. The restricted driving privilege shall not be issued until he or she has filed proof of financial responsibility with the department of revenue, in accordance with chapter 303, and is otherwise eligible. The restricted driving privilege shall indicate whether a functioning, certified ignition interlock device is required as a condition of operating a motor vehicle. A copy of the restricted driving privilege shall be given to the person and such person shall carry a copy of the restricted driving privilege while operating a motor vehicle. In no case shall restricted driving privileges be issued pursuant to this section or section 302.535 until the person has completed the first thirty days of a suspension under this section. If a person otherwise subject to the provisions of this subdivision files proof of installation with the department of revenue that any vehicle that he or she operates is equipped with a functioning, certified ignition interlock device, there shall be no period of suspension. However, in lieu of a suspension the person shall instead complete a ninety-day period of restricted driving privilege. Upon completion of such ninety-day period of restricted driving privilege, compliance with other requirements of law, and filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. However, if the monthly monitoring reports during such ninety-day period indicate that the ignition interlock device has registered a confirmed blood alcohol concentration level above the alcohol setpoint established by the department of transportation or such reports indicate that the ignition interlock device has been tampered with or circumvented, then the license and driving privilege of such person shall not be reinstated until the person completes an additional thirty-day period of restricted driving privilege. If the person fails to maintain such proof of the device with the director of revenue as required, the restricted driving privilege shall be terminated;

(2) The period of revocation shall be one year if the person's driving record shows one or more prior alcohol-related enforcement contacts during the immediately preceding five years;

(3) In no case shall restricted driving privileges be issued under this section to any person whose driving record shows one or more prior alcohol-related enforcement contacts until the person has **[**completed the first thirty days of a suspension under this section and has**]** filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of the restricted driving privilege. If the person fails to maintain such proof the restricted driving privilege shall be terminated.

3. For purposes of this section, "alcohol-related enforcement contacts" shall include any suspension or revocation under sections 302.500 to 302.540, any suspension or revocation entered in this or any other state for a refusal to submit to chemical testing under an implied consent law, and any conviction in this or any other state for a violation which involves driving while intoxicated, driving while under the influence of drugs or alcohol, or driving a vehicle while having an unlawful alcohol concentration.

4. Where a license is suspended or revoked under this section and the person is also convicted on charges arising out of the same occurrence for a violation of section 577.010 or 577.012 or for a violation of any county or municipal ordinance prohibiting driving while intoxicated or alcohol-related traffic offense, both the suspension or revocation under this section and any other suspension or revocation arising from such convictions shall be imposed, but the period of suspension or revocation under sections 302.500 to 302.540 shall be credited against any other suspension or revocation arising from such convictions, and the total period of suspension or revocation shall not exceed the longer of the two suspension or revocation periods.

5. Any person who has had a license to operate a motor vehicle revoked under this section or suspended under this section with one or more prior alcohol-related enforcement contacts showing on their driver record shall be required to file proof with the director of revenue that any motor vehicle operated by that person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device **within the last three months of the six-month period of required installation of the ignition interlock device**, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be

extended **[**for an additional six months**]** **until the person has completed three consecutive months with no violations as described in this section.** If the person fails to maintain such proof with the director, the license shall be suspended or revoked, **[**as applicable**]** **until proof as required by this section is filed with the director, and the person shall be guilty of a class A misdemeanor**.

302.574. 1. If a person who was operating a vehicle refuses upon the request of the officer to submit to any chemical test under section 577.041, the officer shall, on behalf of the director of revenue, serve the notice of license revocation personally upon the person and shall take possession of any license to operate a vehicle issued by this state which is held by that person. The officer shall issue a temporary permit, on behalf of the director of revenue, which is valid for fifteen days and shall also give the person notice of his or her right to file a petition for review to contest the license revocation.

2. Such officer shall make a certified report under penalties of perjury for making a false statement to a public official. The report shall be forwarded to the director of revenue and shall include the following:

(1) That the officer has:

(a) Reasonable grounds to believe that the arrested person was driving a motor vehicle while in an intoxicated condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer has reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater;

(2) That the person refused to submit to a chemical test;

(3) Whether the officer secured the license to operate a motor vehicle of the person;

(4) Whether the officer issued a fifteen-day temporary permit;

(5) Copies of the notice of revocation, the fifteen-day temporary permit, and the notice of the right to file a petition for review. The notices and permit may be combined in one document; and

(6) Any license, which the officer has taken into possession, to operate a motor vehicle.

3. Upon receipt of the officer's report, the director shall revoke the license of the person refusing to take the test for a period of one year; or if the person is a nonresident, such person's operating permit or privilege shall be revoked for one year; or if the person is a resident without a license or permit to operate a motor vehicle in this state, an order shall be issued denying the person the issuance of a license or permit for a period of one year.

4. If a person's license has been revoked because of the person's refusal to submit to a chemical test, such person may petition for a hearing before a circuit division or associate division of the court in the county in which the arrest or stop occurred. The person may request such court to issue an order staying the revocation until such time as the petition for review can be heard. If the court, in its discretion, grants such stay, it shall enter the order upon a form prescribed by the director of revenue and shall send a copy of such order to the director. Such order shall serve as proof of the privilege to operate a motor vehicle in this state and the director shall maintain possession of the person's license to operate a motor vehicle until termination of any revocation under this section. Upon the person's request, the clerk of the court shall notify the prosecuting attorney of the county and the prosecutor shall appear at the hearing on behalf of the director of revenue. At the hearing, the court shall determine only:

(1) Whether the person was arrested or stopped;

(2) Whether the officer had:

(a) Reasonable grounds to believe that the person was driving a motor vehicle while in an intoxicated or drugged condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer had reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater; and

(3) Whether the person refused to submit to the test.

5. If the court determines any issue not to be in the affirmative, the court shall order the director to reinstate the license or permit to drive.

6. Requests for review as provided in this section shall go to the head of the docket of the court wherein filed.

7. No person who has had a license to operate a motor vehicle suspended or revoked under the provisions of this section shall have that license reinstated until such person has participated in and successfully completed a substance

abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. Assignment recommendations, based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion under the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a similar offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001, or of a person determined to have operated a motor vehicle with a blood alcohol content of fifteen-hundredths of one percent or more by weight. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted under this subsection shall not be necessary unless directed by the court.

8. The fees for the substance abuse traffic offender program, or a portion thereof, to be determined by the division of alcohol and drug abuse of the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010. The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due to the division of alcohol and drug abuse under this section, and shall accrue at a rate not to exceed the annual rates established under the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health under this section shall be deposited in the mental health earnings fund, which is created in section 630.053.

9. Any administrator who fails to remit to the division of alcohol and drug abuse of the department of mental health the supplemental fees and interest for all persons enrolled in the program under this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due to the division under this section. If the supplemental fees, interest, and penalties are not remitted to the division of alcohol and drug abuse of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action for the collection of said fees and accrued interest. The court shall assess attorneys' fees and court costs against any delinquent program.

In such case, any and all necessary additional costs may be assessed against the participant. No person shall be rejected from participating in DWI court solely for the reason that the person does not reside in the city or county where the applicable DWI court is located but the DWI court can base acceptance into a treatment court program on its ability to adequately provide services for the person or handle the additional caseload.

9. No additional fee shall be paid to the director for the issuance of the special license plates provided in this section, except for special personalized license plates and other license plates described in this subsection. Priority for any specific set of special license plates shall be given to the applicant who received the number in the immediately preceding license period subject to the applicant's compliance with the provisions of this section and any applicable rules or regulations issued by the director. Any physically disabled person, or the parent or guardian of any such person, or any not-for-profit group, organization, or other entity which transports more than one physically disabled person, may apply to the director of revenue for a removable windshield placard. The placard may be used in motor vehicles which do not bear the permanent handicap symbol on the license plate. Such placards must be hung from the front, middle rearview mirror of a parked motor vehicle and may not be hung from the mirror during operation. These placards may only be used during the period of time when the vehicle is being used by a disabled person, or when the vehicle is being used to pick up, deliver, or collect a disabled person. When there is no rearview mirror, the placard shall be displayed on the dashboard on the driver's side.

11. The removable windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The removable windshield placard shall be renewed every four years. The director may stagger the expiration dates to equalize workload. Only one removable placard may be issued to an applicant who has been issued disabled person license plates. Upon request, one additional windshield placard may be issued to an applicant who has not been issued disabled person license plates.

12. A temporary windshield placard shall be issued to any physically disabled person, or the parent or guardian of any such person who otherwise qualifies except that the physical disability, in the opinion of the physician, is not expected to exceed a period of one hundred eighty days. The temporary windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. A person or entity shall be qualified to possess and display a temporary removable windshield placard for six months and the placard may be renewed once for an additional six months if a physician's statement pursuant to this section is supplied to the director of revenue at the time of renewal.

13. Application for license plates or windshield placards issued pursuant to this section shall be made to the director of revenue and shall be accompanied by a statement signed by a licensed physician or other authorized health care practitioner which certifies that the applicant, user, or member of the applicant's household is a physically disabled person as defined by this section.

14. The placard shall be renewable only by the person or entity to which the placard was originally issued. Any placard issued pursuant to this section shall only be used when the physically disabled occupant for whom the disabled plate or placard was issued is in the motor vehicle at the time of parking or when a physically disabled person is being delivered or collected. A disabled license plate and/or a removable windshield hanging placard are not transferable and may not be used by any other person whether disabled or not.

15. At the time the disabled plates or windshield hanging placards are issued, the director shall issue a registration certificate which shall include the applicant's name, address, and other identifying information as prescribed by the director, or if issued to an agency, such agency's name and address. This certificate shall further contain the disabled license plate number or, for windshield hanging placards, the registration or identifying number stamped on the placard. The validated registration receipt given to the applicant shall serve as the registration certificate.

16. The director shall, upon issuing any disabled registration certificate for license plates and/or windshield hanging placards, provide information which explains that such plates or windshield hanging placards are nontransferable, and the restrictions explaining who and when a person or vehicle which bears or has the disabled plates or windshield hanging placards may be used or be parked in a disabled reserved parking space, and the penalties prescribed for violations of the provisions of this act.

17. Every new applicant for a disabled license plate or placard shall be required to present a new physician's statement dated no more than ninety days prior to such application. Renewal applicants will be required to submit a physician's statement dated no more than ninety days prior to such application upon their first renewal occurring on or after August 1, 2005. Upon completing subsequent renewal applications, a physician's statement dated no more than ninety days prior to such application shall be required every fourth year. Such physician's statement shall state the expiration date for the temporary windshield placard. If the physician fails to record an expiration date on the physician's statement, the director shall issue the temporary windshield placard for a period of thirty days. The director may stagger the requirement of a physician's statement on all renewals for the initial implementation of a four-year period.

18. The director of revenue upon receiving a physician's statement pursuant to this subsection shall check with the state board of registration for the healing arts created in section 334.120, or the Missouri state board of nursing established in section 335.021, with respect to physician's statements signed by advanced practice registered nurses, **or the advisory commission for physical therapists established in section 334.625, with respect to physician's statements signed by licensed physical therapists,** or the Missouri state board of chiropractic examiners established in section 331.090, with respect to physician's statements signed by licensed chiropractors, or with the board of optometry established in section 336.130, with respect to physician's statements signed by licensed optometrists, or the state board of podiatric medicine created in section 330.100, with respect to physician's statements signed by physicians of the foot or podiatrists to determine whether the physician is duly licensed and registered pursuant to law. If such applicant obtaining a disabled license plate or placard presents proof of disability in the form of a statement from the United States Veterans' Administration verifying that the person is permanently disabled, the applicant shall be exempt from the four-year certification requirement of this subsection for renewal of the plate or placard. Initial applications shall be accompanied by the physician's statement required by this section. Notwithstanding the provisions of paragraph (f) of subdivision (4) of subsection 1 of this section, any person seventy-five years of age or older who provided the physician's statement with the original application shall not be required to provide a physician's statement for the purpose of renewal of disabled persons license plates or windshield placards.

19. The boards shall cooperate with the director and shall supply information requested pursuant to this subsection. The director shall, in cooperation with the boards which shall assist the director, establish a list of all Missouri physicians and other authorized health care practitioners and of any other information necessary to administer this section.

20. Where the owner's application is based on the fact that the vehicle is used at least fifty percent of the time by a physically disabled person, the applicant shall submit a statement stating this fact, in addition to the physician's statement. The statement shall be signed by both the owner of the vehicle and the physically disabled person. The applicant shall be required to submit this statement with each application for license plates. No person shall willingly or knowingly submit a false statement and any such false statement shall be considered perjury and may be punishable pursuant to section 301.420.

21. The director of revenue shall retain all physicians' statements and all other documents received in connection with a person's application for disabled license plates and/or disabled windshield placards.

22. The director of revenue shall enter into reciprocity agreements with other states or the federal government for the purpose of recognizing disabled person license plates or windshield placards issued to physically disabled persons.

23. When a person to whom disabled person license plates or a removable or temporary windshield placard or both have been issued dies, the personal representative of the decedent or such other person who may come into or otherwise take possession of the disabled license plates or disabled windshield placard shall return the same to the director of revenue under penalty of law. Failure to return such plates or placards shall constitute a class B misdemeanor.

24. The director of revenue may order any person issued disabled person license plates or windshield placards to submit to an examination by a chiropractor, osteopath, or physician, or to such other investigation as will determine whether such person qualifies for the special plates or placards.

25. If such person refuses to submit or is found to no longer qualify for special plates or placards provided for in this section, the director of revenue shall collect the special plates or placards, and shall furnish license plates to replace the ones collected as provided by this chapter.

26. In the event a removable or temporary windshield placard is lost, stolen, or mutilated, the lawful holder thereof shall, within five days, file with the director of revenue an application and an affidavit stating such fact, in order to purchase a new placard. The fee for the replacement windshield placard shall be four dollars.

27. Fraudulent application, renewal, issuance, procurement or use of disabled person license plates or windshield placards shall be a class A misdemeanor. It is a class B misdemeanor for a physician, chiropractor, podiatrist or optometrist to certify that an individual or family member is qualified for a license plate or windshield placard based on a disability, the diagnosis of which is outside their scope of practice or if there is no basis for the diagnosis."; and

If the insurance maintained by the driver does not otherwise exclude coverage for loss or injury while the driver is logged on to a transportation network's digital network or while the driver provides a prearranged ride, but does not provide insurance coverage at the minimum limits required by subsection 2 or 3 of this section, the transportation network company shall maintain insurance coverage that provides excess coverage beyond the driver's policy limits up to the limits required by subsection 2 or 3 of this section, as applicable.

5. Coverage under an automobile insurance policy maintained by the transportation network company shall not be dependent on a personal automobile insurer first denying a claim nor shall a personal automobile insurance policy be required to first deny a claim.

6. Insurance required by this section may be placed with an insurer authorized to issue policies of automobile insurance in the state of Missouri or with an eligible surplus lines insurer under chapter 384.

379.1704. The transportation network company shall disclose in writing to transportation network company drivers the following before they are allowed to accept a request for a prearranged ride on the transportation network company's digital network:

(1) The insurance coverage, including the types of coverage and the limits for each coverage, that the transportation network company provides while the transportation network company driver uses a personal vehicle in connection with a transportation network company's digital network; and

379.1705. A transportation network company shall make the following disclosure to a prospective driver in the prospective driver's terms of service:

IF THE VEHICLE THAT YOU PLAN TO USE TO PROVIDE TRANSPORTATION NETWORK COMPANY SERVICES HAS A LIEN AGAINST IT, USING THE VEHICLE FOR TRANSPORTATION NETWORK COMPANY SERVICES MAY VIOLATE THE TERMS OF YOUR CONTRACT WITH THE LIENHOLDER.

IF A TRANSPORTATION NETWORK COMPANY'S INSURER MAKES A PAYMENT FOR A CLAIM COVERED UNDER COMPREHENSIVE COVERAGE OR COLLISION COVERAGE, THE TRANSPORTATION NETWORK COMPANY SHALL CAUSE ITS INSURER TO ISSUE THE PAYMENT DIRECTLY TO THE BUSINESS REPAIRING THE VEHICLE OR JOINTLY TO THE OWNER OF THE VEHICLE AND THE PRIMARY LIENHOLDER ON THE COVERED VEHICLE.

The disclosure set forth in this subsection shall be placed prominently in the prospective driver's written terms of service, and the prospective driver shall acknowledge the terms of service electronically or by signature.

379.1706. 1. Insurers that write automobile insurance in Missouri may exclude or limit any and all coverage afforded under an automobile insurance policy, including a motor vehicle liability policy, issued to an owner or operator of a personal vehicle for any loss or injury that occurs while:

(1) Liability coverage for bodily injury and property damage;

(2) Uninsured and underinsured motorist coverage;

(3) Medical payments coverage;

(4) Comprehensive physical damage coverage; and

(5) Collision physical damage coverage.

Such exclusions shall apply notwithstanding any financial responsibility requirement or uninsured motorist coverage requirement under the motor vehicle financial responsibility law, chapter 303 or section 379.203, respectively. Nothing in this section implies or requires that a personal automobile insurance policy provide coverage while the driver is logged on to the transportation network company's digital network, while the driver is engaged in a prearranged ride, or while the driver otherwise uses a vehicle to transport passengers or property for compensation.

3. Nothing shall be deemed to preclude an insurer from providing coverage for the transportation network company driver's vehicle, if it chooses to do so by contract or endorsement.

4. Automobile insurers that exclude the coverage described in section 379.1702 shall have no duty to defend or indemnify any claim expressly excluded thereunder. 5. An automobile insurer that defends or indemnifies a claim against a driver that is excluded under the terms of its policy shall have a right of contribution against other insurers that provide automobile insurance to the same driver in satisfaction of the coverage requirements of section 379.1702 at the time of loss.

6. In a claims coverage investigation, transportation network companies and any insurer potentially providing coverage under section 379.1702 shall cooperate to facilitate the exchange of relevant information with each other and any insurer of the transportation network company driver if applicable, including the precise times that a transportation network company driver logged on and off of the transportation network company's

6. JOURNAL OF THE HOUSE

First Regular Session, 98th GENERAL ASSEMBLY

SIXTY-THIRD DAY, TUESDAY, MAY 5, 2015

The House met pursuant to adjournment.

Speaker Diehl in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Bretheren, ye have been called unto liberty; only use not liberty for an occasion to the flesh, but by love serve one another. (Galatians 5:13)

O Glorious God, in the quiet of this moment of prayer and with all sincerity of mind and heart we come to You who is the source of all wisdom, of all goodness and of all love.

You have called us to work with You on behalf of our citizens and for the good of Missouri. Hasten our love for our State and our concern for all people. Now and always may we keep our dedication to freedom, our devotion to truth, our delight in our democratic ways and our desire to make this state a better place for all. Grant us courage to be faithful in the struggle to make liberty the law and the life of all lands.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-second day was approved as printed.

Senate Amendment No. 1

AMEND Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill Nos. 517 & 754, Page 1, Section A, Line 4, by inserting after all of said line the following:

"94.579. 1. The governing body of any home rule city with more than one hundred fifty-one thousand five hundred but fewer than one hundred fifty-one thousand six hundred inhabitants is hereby authorized to impose, by order or ordinance, a sales tax on all retail sales made within the city which are subject to sales tax under chapter 144. The tax authorized in this section shall not exceed one percent, and shall be imposed solely for the purpose of providing revenues for the operation of public safety departments, including police and fire departments, and for pension programs, and health care for employees and pensioners of the public safety departments. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes. The order or ordinance shall not become effective unless the governing body of the city submits to the voters residing within the city at a state general, primary, or special election a proposal to authorize the governing body of the city to impose a tax under this section. If the tax authorized in this section is not approved by the voters, then the city shall have an additional year during which to meet its required contribution payment beyond the time period described in section 105.683. If the city meets its required contribution payment in this time, then, notwithstanding the provisions of section 105.683 to the contrary, the delinquency shall not constitute a lien on the funds of the political subdivision, the board of such plan shall not be authorized to compel payment by application for writ of mandamus, and the state treasurer and the director of the department of revenue shall not withhold twenty-five percent of the certified contribution deficiency from the total moneys due the political subdivision from the state. The one-year extension shall only be available to the city on a one-time basis.

2. The ballot of submission for the tax authorized in this section shall be in substantially the following form:

Shall ..... (insert the name of the city) impose a sales tax at a rate of ..... (up to one) percent, solely for the purpose of providing revenues for the operation of public safety departments of the city?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter immediately following notification to the department of revenue. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. All revenue collected under this section by the director of the department of revenue on behalf of any city, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "Public Safety Protection Sales Tax Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the trust fund and credited to the city for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such city. Any funds in the special trust fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund. The director shall keep accurate records of the amounts in the fund, and such records shall be open to the inspection of the officers of such city and to the public. Not later than the tenth day of each month, the director shall distribute all moneys deposited in the fund during the preceding month to the city. Such funds shall be deposited with the treasurer of the city, and all expenditures of moneys from the fund shall be by an appropriation ordinance enacted by the governing body of the city.

4. On or after the effective date of the tax, the director of revenue shall be responsible for the administration, collection, enforcement, and operation of the tax, and sections 32.085 and 32.087 shall apply. In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the governing body of the city may authorize the use of a bracket system similar to that authorized in section 144.285, and notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions. Beginning with the effective date of the tax, every retailer in the city shall add the sales tax to the sale price, and this tax shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. For purposes of this section, all retail sales shall be deemed to be consummated at the place of business of the retailer.

5. All applicable provisions in sections 144.010 to 144.525 governing the state sales tax, and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax, and all exemptions granted to agencies of government, organizations, and persons under sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax. The same sales tax permit, exemption certificate, and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that, the director of revenue may prescribe a form of exemption certificate for an exemption from the tax. All discounts allowed the retailer under the state sales tax for the collection of and for payment of taxes are hereby allowed and made applicable to the tax. The penalties for violations provided in section 32.057 and sections 144.010 to 144.525 are hereby made applicable to violations of this section. If any person is delinquent in the payment of the amount required to be paid under this section, or in the event a determination has been made against the person for the tax and penalties under this section, the limitation for bringing suit for the collection of the delinquent tax and penalties shall be the same as that provided in sections 144.010 to 144.525.

6. The governing body of any city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the city. The ballot of submission shall be in substantially the following form:

Shall ..... (insert the name of the city) repeal the sales tax imposed at a rate of ..... (up to one) percent for the purpose of providing revenues for the operation of public safety departments of the city?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved.

If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

7. The governing body of any city that has adopted the sales tax authorized in this section shall submit the question of **[**repeal**]** **continuation** of the tax to the voters every five years from the date of its inception on a date available for elections for the city. The ballot of submission shall be in substantially the following form:

Shall ..... (insert the name of the city) **[**repeal the**]** **continue collecting a** sales tax imposed at a rate of ..... (up to one) percent for the purpose of providing revenues for the operation of public safety departments of the city?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are **[**in favor of repeal, that**]** **opposed to continuation,** repeal shall become effective on December thirty-first of the calendar year in which such **[**repeal was**]** **continuation was failed to be** approved. If a majority of the votes cast on the question by the qualified voters voting thereon are **[**opposed to the repeal**]** **in favor of continuation**, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and **[**the repeal is**]** **continuation fails to be** approved by a majority of the qualified voters voting on the question.

8. Whenever the governing body of any city that has adopted the sales tax authorized in this section receives a petition, signed by a number of registered voters of the city equal to at least two percent of the number of registered voters of the city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the city a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

9. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the city shall notify the director of the department of revenue of the action at least ninety days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such city, the director shall remit the balance in the account to the city and close the account of that city. The director shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city."; and

Further amend the title and enacting clause accordingly.

House Amendment No. 1

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 210, Page 1, In the Title, Line 3, by deleting the words "reimbursement allowance taxes" and inserting in lieu thereof the words" health care"; and

Further amend said bill and page, Section 198.439, Line 1, by inserting after all of said line and section the following:

"208.152. 1. MO HealthNet payments shall be made on behalf of those eligible needy persons as defined in section 208.151 who are unable to provide for it in whole or in part, with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Inpatient hospital services, except to persons in an institution for mental diseases who are under the age of sixty-five years and over the age of twenty-one years; provided that the MO HealthNet division shall provide through rule and regulation an exception process for coverage of inpatient costs in those cases requiring treatment beyond the seventy-fifth percentile professional activities study (PAS) or the MO HealthNet children's diagnosis length-of-stay schedule; and provided further that the MO HealthNet division shall take into account through its payment system for hospital services the situation of hospitals which serve a disproportionate number of low-income patients;

(2) All outpatient hospital services, payments therefor to be in amounts which represent no more than eighty percent of the lesser of reasonable costs or customary charges for such services, determined in accordance with the principles set forth in Title XVIII A and B, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. Section 301, et seq.), but the MO HealthNet division may evaluate outpatient hospital services rendered under this section and deny payment for services which are determined by the MO HealthNet division not to be medically necessary, in accordance with federal law and regulations;

(3) Laboratory and X-ray services;

(4) Nursing home services for participants, except to persons with more than five hundred thousand dollars equity in their home or except for persons in an institution for mental diseases who are under the age of sixty-five years, when residing in a hospital licensed by the department of health and senior services or a nursing home licensed by the department of health and senior services or appropriate licensing authority of other states or government-owned and -operated institutions which are determined to conform to standards equivalent to licensing requirements in Title XIX of the federal Social Security Act (42 U.S.C. Section 301, et seq.), as amended, for nursing facilities. The MO HealthNet division may recognize through its payment methodology for nursing facilities those nursing facilities which serve a high volume of MO HealthNet patients. The MO HealthNet division when determining the amount of the benefit payments to be made on behalf of persons under the age of twenty-one in a nursing facility may consider nursing facilities furnishing care to persons under the age of twenty-one as a classification separate from other nursing facilities;

(5) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection for those days, which shall not exceed twelve per any period of six consecutive months, during which the participant is on a temporary leave of absence from the hospital or nursing home, provided that no such participant shall be allowed a temporary leave of absence unless it is specifically provided for in his plan of care. As used in this subdivision, the term "temporary leave of absence" shall include all periods of time during which a participant is away from the hospital or nursing home overnight because he is visiting a friend or relative;

(6) Physicians' services, whether furnished in the office, home, hospital, nursing home, or elsewhere;

(7) Drugs and medicines when prescribed by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse; except that no payment for drugs and medicines prescribed on and after January 1, 2006, by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse may be made on behalf of any person who qualifies for prescription drug coverage under the provisions of P.L. 108-173;

(8) Emergency ambulance services and, effective January 1, 1990, medically necessary transportation to scheduled, physician-prescribed nonelective treatments;

(9) Early and periodic screening and diagnosis of individuals who are under the age of twenty-one to ascertain their physical or mental defects, and health care, treatment, and other measures to correct or ameliorate defects and chronic conditions discovered thereby. Such services shall be provided in accordance with the provisions of Section 6403 of P.L. 101-239 and federal regulations promulgated thereunder;

(10) Home health care services;

(11) Family planning as defined by federal rules and regulations; provided, however, that such family planning services shall not include abortions unless such abortions are certified in writing by a physician to the MO HealthNet agency that, in the physician's professional judgment, the life of the mother would be endangered if the fetus were carried to term;

(12) Inpatient psychiatric hospital services for individuals under age twenty-one as defined in Title XIX of the federal Social Security Act (42 U.S.C. Section 1396d, et seq.);

(13) Outpatient surgical procedures, including presurgical diagnostic services performed in ambulatory surgical facilities which are licensed by the department of health and senior services of the state of Missouri; except, that such outpatient surgical services shall not include persons who are eligible for coverage under Part B of Title XVIII, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended, if exclusion of such persons is permitted under Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended;

(14) Personal care services which are medically oriented tasks having to do with a person's physical requirements, as opposed to housekeeping requirements, which enable a person to be treated by his or her physician on an outpatient rather than on an inpatient or residential basis in a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be rendered by an individual not a member of the participant's family who is qualified to provide such services where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a licensed nurse. Persons eligible to receive personal care services shall be those persons who would otherwise require placement in a hospital, intermediate care facility, or skilled nursing facility. Benefits payable for personal care services shall not exceed for any one participant one hundred percent of the

average statewide charge for care and treatment in an intermediate care facility for a comparable period of time. Such services, when delivered in a residential care facility or assisted living facility licensed under chapter 198 shall be authorized on a tier level based on the services the resident requires and the frequency of the services. A resident of such facility who qualifies for assistance under section 208.030 shall, at a minimum, if prescribed by a physician, qualify for the tier level with the fewest services. The rate paid to providers for each tier of service shall be set subject to appropriations. Subject to appropriations, each resident of such facility who qualifies for assistance under section 208.030 and meets the level of care required in this section shall, at a minimum, if prescribed by a physician, be authorized up to one hour of personal care services per day. Authorized units of personal care services shall not be reduced or tier level lowered unless an order approving such reduction or lowering is obtained from the resident's personal physician. Such authorized units of personal care services or tier level shall be transferred with such resident if he or she transfers to another such facility. Such provision shall terminate upon receipt of relevant waivers from the federal Department of Health and Human Services. If the Centers for Medicare and Medicaid Services determines that such provision does not comply with the state plan, this provision shall be null and void. The MO HealthNet division shall notify the revisor of statutes as to whether the relevant waivers are approved or a determination of noncompliance is made;

(15) Mental health services. The state plan for providing medical assistance under Title XIX of the Social Security Act, 42 U.S.C. Section 301, as amended, shall include the following mental health services when such services are provided by community mental health facilities operated by the department of mental health or designated by the department of mental health as a community mental health facility or as an alcohol and drug abuse facility or as a child-serving agency within the comprehensive children's mental health service system established in section 630.097. The department of mental health shall establish by administrative rule the definition and criteria for designation as a community mental health facility and for designation as an alcohol and drug abuse facility. Such mental health services shall include:

(a) Outpatient mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(b) Clinic mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(c) Rehabilitative mental health and alcohol and drug abuse services including home and community-based preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health or alcohol and drug abuse professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management. As used in this section, mental health professional and alcohol and drug abuse professional shall be defined by the department of mental health pursuant to duly promulgated rules. With respect to services established by this subdivision, the department of social services, MO HealthNet division, shall enter into an agreement with the department of mental health. Matching funds for outpatient mental health services, clinic mental health services, and rehabilitation services for mental health and alcohol and drug abuse shall be certified by the department of mental health to the MO HealthNet division. The agreement shall establish a mechanism for the joint implementation of the provisions of this subdivision. In addition, the agreement shall establish a mechanism by which rates for services may be jointly developed;

(16) Such additional services as defined by the MO HealthNet division to be furnished under waivers of federal statutory requirements as provided for and authorized by the federal Social Security Act (42 U.S.C. Section 301, et seq.) subject to appropriation by the general assembly;

(17) The services of an advanced practice registered nurse with a collaborative practice agreement to the extent that such services are provided in accordance with chapters 334 and 335, and regulations promulgated thereunder;

(18) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection to reserve a bed for the participant in the nursing home during the time that the participant is absent due to admission to a hospital for services which cannot be performed on an outpatient basis, subject to the provisions of this subdivision:

(a) The provisions of this subdivision shall apply only if:

a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO HealthNet certified licensed beds, according to the most recent quarterly census provided to the department of health and senior services which was taken prior to when the participant is admitted to the hospital; and

b. The patient is admitted to a hospital for a medical condition with an anticipated stay of three days or less;

(b) The payment to be made under this subdivision shall be provided for a maximum of three days per hospital stay;

(c) For each day that nursing home costs are paid on behalf of a participant under this subdivision during any period of six consecutive months such participant shall, during the same period of six consecutive months, be ineligible for payment of nursing home costs of two otherwise available temporary leave of absence days provided under subdivision (5) of this subsection; and

(d) The provisions of this subdivision shall not apply unless the nursing home receives notice from the participant or the participant's responsible party that the participant intends to return to the nursing home following the hospital stay. If the nursing home receives such notification and all other provisions of this subsection have been satisfied, the nursing home shall provide notice to the participant or the participant's responsible party prior to release of the reserved bed;

(19) Prescribed medically necessary durable medical equipment. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(20) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(21) Prescribed medically necessary dental services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(22) Prescribed medically necessary optometric services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(23) Blood clotting products-related services. For persons diagnosed with a bleeding disorder, as defined in section 338.400, reliant on blood clotting products, as defined in section 338.400, such services include:

(a) Home delivery of blood clotting products and ancillary infusion equipment and supplies, including the emergency deliveries of the product when medically necessary;

(b) Medically necessary ancillary infusion equipment and supplies required to administer the blood clotting products; and

(c) Assessments conducted in the participant's home by a pharmacist, nurse, or local home health care agency trained in bleeding disorders when deemed necessary by the participant's treating physician;

(24) The MO HealthNet division shall, by January 1, 2008, and annually thereafter, report the status of MO HealthNet provider reimbursement rates as compared to one hundred percent of the Medicare reimbursement rates and compared to the average dental reimbursement rates paid by third-party payors licensed by the state. The MO HealthNet division shall, by July 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare reimbursement rates and for third-party payor average dental reimbursement rates. Such plan shall be subject to appropriation and the division shall include in its annual budget request to the governor the necessary funding needed to complete the four-year plan developed under this subdivision.

2. Additional benefit payments for medical assistance shall be made on behalf of those eligible needy children, pregnant women and blind persons with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Dental services;

(2) Services of podiatrists as defined in section 330.010;

(3) Optometric services as defined in section 336.010;

(4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids, and wheelchairs;

(5) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet division shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3. The MO HealthNet division may require any participant receiving MO HealthNet benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services except for those services covered under subdivisions (14) and (15) of subsection 1 of this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. Section 1396, et seq.) and regulations thereunder. When substitution of a generic drug is permitted by the prescriber according to section 338.056, and a generic drug is substituted for a name-brand drug, the MO HealthNet division may not lower or delete the requirement to make a co-payment pursuant to regulations of Title XIX of the federal Social Security Act. A provider of goods or services described under this section must collect from all participants the additional payment that may be required by the MO HealthNet division under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by participants under this section shall be in addition to and not in lieu of payments made by the state for goods or services described herein except the participant portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a participant is unable to pay a required payment. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give participants advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not approve the **[**Missouri**]** MO HealthNet state plan amendment submitted by the department of social services that would allow a provider to deny future services to an individual with uncollected co-payments, the denial of services shall not be allowed. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

4. The MO HealthNet division shall have the right to collect medication samples from participants in order to maintain program integrity.

5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available under the state plan for MO HealthNet benefits at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. Section 1396a and federal regulations promulgated thereunder.

6. Beginning July 1, 1990, reimbursement for services rendered in federally funded health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated thereunder.

7. Beginning July 1, 1990, the department of social services shall provide notification and referral of children below age five, and pregnant, breast-feeding, or postpartum women who are determined to be eligible for MO HealthNet benefits under section 208.151 to the special supplemental food programs for women, infants and children administered by the department of health and senior services. Such notification and referral shall conform to the requirements of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

8. Providers of long-term care services shall be reimbursed for their costs in accordance with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. Section 1396a, as amended, and regulations promulgated thereunder.

9. Reimbursement rates to long-term care providers with respect to a total change in ownership, at arm's length, for any facility previously licensed and certified for participation in the MO HealthNet program shall not increase payments in excess of the increase that would result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C. Section 1396a (a)(13)(C).

10. The MO HealthNet division, may enroll qualified residential care facilities and assisted living facilities, as defined in chapter 198, as MO HealthNet personal care providers.

11. Any income earned by individuals eligible for certified extended employment at a sheltered workshop under chapter 178 shall not be considered as income for purposes of determining eligibility under this section.

12. If the Missouri Medicaid audit and compliance unit changes any interpretation or application of the requirements for reimbursement for MO HealthNet services from the interpretation or application that has been applied previously by the state in any audit of a MO HealthNet provider, the Missouri Medicaid audit and compliance unit shall notify all affected MO HealthNet providers five business days before such change shall take effect. Failure of the Missouri Medicaid audit and compliance unit to notify a provider of such change shall entitle the provider to continue to receive and retain reimbursement until such notification is provided and shall waive any liability of such provider for recoupment or other loss of any payments previously made prior to the five business days after such notice has been sent. Each provider shall provide the Missouri Medicaid audit and compliance unit a valid email address and shall agree to receive communications electronically. The notification required under this section shall be delivered in writing by the United States Postal Service or electronic mail to each provider.

13. Nothing in this section shall be construed to abrogate or limit the department's statutory requirement to promulgate rules under chapter 536."; and

"408.140. 1. No further or other charge or amount whatsoever shall be directly or indirectly charged, contracted for or received for interest, service charges or other fees as an incident to any such extension of credit except as provided and regulated by sections 367.100 to 367.200 and except:

(1) On loans for thirty days or longer which are other than "open-end credit" as such term is defined in the federal Consumer Credit Protection Act and regulations thereunder, a fee, not to exceed ten percent of the principal amount loaned not to exceed **[**seventy-five**] one hundred** dollars may be charged by the lender; however, no such fee shall be permitted on any extension, refinance, restructure or renewal of any such loan, unless any investigation is made on the application to extend, refinance, restructure or renew the loan;

(2) The lawful fees actually and necessarily paid out by the lender to any public officer for filing, recording, or releasing in any public office any instrument securing the loan, which fees may be collected when the loan is made or at any time thereafter; however, premiums for insurance in lieu of perfecting a security interest required by the lender may be charged if the premium does not exceed the fees which would otherwise be payable;

(3) If the contract so provides, a charge for late payment on each installment or minimum payment in default for a period of not less than fifteen days in an amount not to exceed five percent of each installment due or the minimum payment due or fifteen dollars, whichever is greater, not to exceed fifty dollars. If the contract so provides, a charge for late payment on each twenty-five dollars or less installment in default for a period of not less than fifteen days shall not exceed five dollars;

(5) Charges or premiums for insurance written in connection with any loan against loss of or damage to property or against liability arising out of ownership or use of property as provided in section 367.170; however, notwithstanding any other provision of law, with the consent of the borrower, such insurance may cover property all or part of which is pledged as security for the loan, and charges or premiums for insurance providing life, health, accident, or involuntary unemployment coverage;

contract or promissory note, together with any court costs assessed. The attorney fees shall only be applicable where the contract or promissory note is referred for collection to an attorney, and is not handled by a salaried employee of the holder of the contract;

(9) Provided the debtor agrees in writing, the lender may collect a fee in advance for allowing the debtor to defer up to three monthly loan payments, so long as the fee is no more than the lesser of fifty dollars or ten percent of the loan payments deferred, no extensions are made until the first loan payment is collected and no more than one deferral in a twelve-month period is agreed to and collected on any one loan; this subdivision applies to nonprecomputed loans only and does not affect any other subdivision;

(10) If the open-end credit contract is tied to a transaction account in a depository institution, such account is in the institution's assets and such contract provides for loans of thirty-one days or longer which are "open-end credit", as such term is defined in the federal Consumer Credit Protection Act and regulations thereunder, the creditor may charge a credit advance fee of up to the lesser of seventy-five dollars or ten percent of the credit advanced from time to time from the line of credit; such credit advance fee may be added to the open-end credit outstanding along with any interest, and shall not be considered the unlawful compounding of interest as that term is defined in section 408.120;

(11) A deficiency waiver addendum, guaranteed asset protection, or a similar product purchased as part of a loan transaction with collateral and at the borrower's consent, provided the cost of the product is disclosed in the loan contract, is reasonable, and the requirements of section 408.380 are met.

2. Other provisions of law to the contrary notwithstanding, an open-end credit contract under which a credit card is issued by a company, financial institution, savings and loan or other credit issuing company whose credit card operations are located in Missouri may charge an annual fee, provided that no finance charge shall be assessed on new purchases other than cash advances if such purchases are paid for within twenty-five days of the date of the periodic statement therefor.

HCS SCS SB 35, as amended, with House Amendment No. 3, pending, relating to public assistance, was again taken up by Representative Haefner.

House Amendment No. 3 was withdrawn.

Representative Barnes offered **House Amendment No. 4**.

House Amendment No. 4

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 35, Page 2, Section 208.078, Line 4, by inserting after all of said section and line the following:

"208.670. 1. As used in this section, these terms shall have the following meaning:

(1) "Provider", any provider of medical services and mental health services, including all other medical disciplines;

(2) "Telehealth", the use of medical information exchanged from one site to another via electronic communications to improve the health status of a patient.

2. The department of social services, in consultation with the departments of mental health and health and senior services, shall promulgate rules governing the practice of telehealth in the MO HealthNet program. Such rules shall address, but not be limited to, appropriate standards for the use of telehealth, certification of agencies offering telehealth, and payment for services by providers. Telehealth providers shall be required to obtain patient consent before telehealth services are initiated and to ensure confidentiality of medical information.

3. Telehealth may be utilized to service individuals who are qualified as MO HealthNet participants under Missouri law. Reimbursement for such services shall be made in the same way as reimbursement for in-person contacts.

4. The provisions of section 208.671 shall apply to the use of asynchronous store-and-forward technology in the practice of telehealth.

208.671. 1. As used in this section and section 208.673, the following terms shall mean:

(1) "Asynchronous store-and-forward", the transfer of a patient's clinically important digital samples, such as still images, videos, audio, and text files, and relevant data from an originating site through the use of a camera or similar recording device that stores digital samples that are forwarded via telecommunication to a distant site for consultation by a consulting provider without requiring the simultaneous presence of the patient and the patient's treating provider;

(2) "Asynchronous store-and-forward technology", cameras or other recording devices that store images which may be forwarded via telecommunication devices at a later time;

(3) "Consultation", a type of evaluation and management service as defined by the most recent edition of the Current Procedural Terminology published annually by the American Medical Association;

(4) "Consulting provider", a provider who, upon referral by the treating provider, evaluates a patient and appropriate medical data or images delivered through asynchronous store-and-forward technology. If a consulting provider is unable to render an opinion due to insufficient information, the consulting provider may request additional information to facilitate the rendering of an opinion or decline to render an opinion;

(5) "Distant site", a site where the consulting provider is located at the time the consultation service is provided;

(6) "Originating site", the site where a MO HealthNet participant receiving services and such participant's treating provider are both physically located;

(7) "Provider", any provider of medical services, mental health services, or dental services, including all other medical disciplines, licensed in this state who has the authority to refer patients for medical services or mental health services within the scope of practice and licensure of the provider;

(8) "Telehealth", the same meaning as such term is defined in section 208.670. Telehealth shall include the use of asynchronous store-and-forward technology for orthopedics, dermatology, ophthalmology in cases of diabetic retinopathy, burn and wound care, and maternal-fetal medicine ultrasounds;

(9) "Treating provider", a provider who:

(a) Evaluates a patient;

(b) Determines the need for a consultation;

(c) Arranges the services of a consulting provider for the purpose of diagnosis and treatment;

(d) Provides or supplements the patient's history and provides pertinent physical examination findings and medical information to the consulting provider; and

(e) Is physically present in the same location as the patient during the time of the asynchronous store-and-forward services.

2. The department of social services, in consultation with the departments of mental health and health and senior services, shall promulgate rules governing the use of asynchronous store-and-forward technology in the practice of telehealth in the MO HealthNet program. Such rules shall address, but not be limited to:

(1) Appropriate standards for the use of asynchronous store-and-forward technology in the practice of telehealth;

(2) Certification of agencies offering asynchronous store-and-forward technology in the practice of telehealth;

(3) Time lines for completion and communication of a consulting provider's consultation or opinion, or if the consulting provider is unable to render an opinion, time lines for communicating a request for additional information or that the consulting provider declines to render an opinion;

(4) Length of time digital files of such asynchronous store-and-forward services are to be maintained;

(5) Security and privacy of such digital files;

(6) Patient consent for asynchronous store-and-forward services; and

(7) Payment for services by providers; except that, consulting providers who decline to render an opinion shall not receive payment under this section unless and until an opinion is rendered.

Telehealth providers using asynchronous store-and-forward technology shall be required to obtain patient consent before asynchronous store-and-forward services are initiated and to ensure confidentiality of medical information.

3. Asynchronous store-and-forward technology in the practice of telehealth may be utilized to service individuals who are qualified as MO HealthNet participants under Missouri law. The total payment for both the treating provider and the consulting provider shall not exceed the payment for a face-to-face consultation of the same level.

4. The standard of care for the use of asynchronous store-and-forward technology in the practice of telehealth shall be the same as the standard of care for face-to-face care.

208.673. 1. There is hereby established the "Telehealth Services Advisory Committee" to advise the department of social services and propose rules regarding the coverage of telehealth services utilizing asynchronous store-and-forward technology.

The first appointments to the committee shall consist of three members to serve three-year terms, two members to serve two-year terms, and two members to serve one-year terms as designated by the governor. Each member of the committee shall serve for a term of three years thereafter.

4. Members of the committee shall not receive any compensation for their services but shall be reimbursed for any actual and necessary expenses incurred in the performance of their duties.

5. Any member appointed by the governor may be removed from office by the governor without cause. If there is a vacancy for any cause, the governor shall make an appointment to become effective immediately for the unexpired term.

6. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2015, shall be invalid and void.

208.675. For purposes of the provision of telehealth services, the following individuals, licensed in Missouri, shall be considered eligible health care providers:

An originating site shall be one of the following locations:

3. If, after implementation, the department determines that the program established under this section is not cost effective, the department may discontinue the program and stop providing reimbursement under the MO HealthNet program for home telemonitoring services.

4. The department shall determine whether the provision of home telemonitoring services to persons who are eligible to receive benefits under both the MO HealthNet and Medicare programs achieves cost savings for the Medicare program.

5. If, before implementing any provision of this section, the department determines that a waiver or authorization from a federal agency is necessary for implementation of that provision, the department shall request the waiver or authorization and may delay implementing that provision until the waiver or authorization is granted.

6. The department shall promulgate rules and regulations to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2015, shall be invalid and void."; and

House Committee Amendment No. 1

AMEND Senate Bill No. 533, Page 3, Section 210.003, Line 57, by inserting after all of said section and line the following:

"210.221. 1. The department of health and senior services shall have the following powers and duties:

(1) After inspection, to grant licenses to persons to operate child-care facilities if satisfied as to the good character and intent of the applicant and that such applicant is qualified and equipped to render care or service conducive to the welfare of children, and to renew the same when expired. No license shall be granted for a term exceeding two years. Each license shall specify the kind of child-care services the licensee is authorized to perform, the number of children that can be received or maintained, and their ages and sex;

(2) To inspect the conditions of the homes and other places in which the applicant operates a child-care facility, inspect their books and records, premises and children being served, examine their officers and agents, deny, suspend, place on probation or revoke the license of such persons as fail to obey the provisions of sections 210.201 to 210.245 or the rules and regulations made by the department of health and senior services. The director also may revoke or suspend a license when the licensee fails to renew or surrenders the license;

(3) To promulgate and issue rules and regulations the department deems necessary or proper in order to establish standards of service and care to be rendered by such licensees to children. No rule or regulation promulgated by the division shall in any manner restrict or interfere with any religious instruction, philosophies or ministries provided by the facility and shall not apply to facilities operated by religious organizations which are not required to be licensed; **[**and**]**

(4) **To approve training concerning the safe sleep recommendations of the American Academy of Pediatrics in accordance with section 210.223; and**

(5) To determine what records shall be kept by such persons and the form thereof, and the methods to be used in keeping such records, and to require reports to be made to the department at regular intervals.

2. Any child-care facility may request a variance from a rule or regulation promulgated pursuant to this section. The request for a variance shall be made in writing to the department of health and senior services and shall include the reasons the facility is requesting the variance. The department shall approve any variance request that does not endanger the health or safety of the children served by the facility. The burden of proof at any appeal of a disapproval of a variance application shall be with the department of health and senior services. Local inspectors may grant a variance, subject to approval by the department of health and senior services.

3. The department shall deny, suspend, place on probation or revoke a license if it receives official written notice that the local governing body has found that license is prohibited by any local law related to the health and safety of children. The department may, after inspection, find the licensure, denial of licensure, suspension or revocation to be in the best interest of the state.

4. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in sections 210.201 to 210.245 shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. All rulemaking authority delegated prior to August 28, 1999, is of no force and effect and repealed. Nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to August 28, 1999, if it fully complied with all applicable provisions of law. This section and chapter 536 are nonseverable and if any of the powers vested with the general

assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 1999, shall be invalid and void.

210.223. 1. All licensed child care facilities that provide care for children less than one year of age shall implement and maintain a written safe sleep policy in accordance with the most recent safe sleep recommendations of the American Academy of Pediatrics. The purpose of the safe sleep policy is to maintain a safe sleep environment that reduces the risk of sudden infant death syndrome and sudden unexpected infant deaths in children less than one year of age.

2. When, in the opinion of the infant's licensed health care provider, an infant requires alternative sleep positions or special sleeping arrangements that differ from those set forth in the most recent sleep recommendations of the American Academy of Pediatrics, the child care facility shall be provided with written instructions, signed by the infant's licensed health care provider, detailing the alternative sleep positions or special sleeping arrangements for such infant. The child care facility shall put the infant to sleep in accordance with such written instructions.

3. As used in this section, the following terms shall mean:

(1) "Sudden infant death syndrome", the sudden death of an infant less than one year of age that cannot be explained after a thorough investigation has been conducted, including a complete autopsy, an examination of the death scene, and a review of the clinical history;

(2) "Sudden unexpected infant death", the sudden and unexpected death of an infant less than one year of age in which the manner and cause of death are not immediately obvious prior to investigation. Causes of sudden unexpected infant death include, but are not limited to, metabolic disorders, hypothermia or hyperthermia, neglect or homicide, poisoning, and accidental suffocation.

4. All employees of licensed child care facilities who care for infants less than one year of age or any volunteer who may be assisting at the facility shall successfully complete department-approved training on the most recent safe sleep recommendations of the American Academy of Pediatrics every three years.

5. The department shall promulgate rules to implement the provisions of this section. Such rules shall include, but not be limited to:

(1) Amending any current rules which are not in compliance with the most recent safe sleep recommendations of the American Academy of Pediatrics, including but not limited to 19 CSR 30.62-092(1)C which permits the use of bumper pads in cribs and playpens;

(2) Keeping soft or loose bedding away from sleeping infants and out of safe sleep environments including, but not limited to, bumper pads, pillows, quilts, comforters, sleep positioning devices, sheepskins, blankets, flat sheets, cloth diapers, bibs, and other similar items; and

(3) Prohibiting blankets or other soft or loose bedding from being hung on the sides of cribs.

6. The department may adopt emergency rules to implement the requirements of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this section shall be invalid and void."; and

595.015. 1. The department of public safety shall, pursuant to the provisions of sections 595.010 to 595.075, have jurisdiction to determine and award compensation to, or on behalf of, victims of crimes. In making such determinations and awards, the department shall ensure the compensation sought is reasonable and consistent with the limitations described in sections 595.010 to 595.075. Additionally, if compensation being sought includes medical expenses, the department shall further ensure that such expenses are medically necessary. The department of public safety may pay directly to the provider of the services compensation for medical or funeral expenses, or expenses for other services as described in section 595.030, incurred by the claimant. The department is not required to provide compensation in any case, nor is it required to award the full amount claimed. The department shall make its award of compensation based upon independent verification obtained during its investigation.

2. Such claims shall be made by filing an application for compensation with the department of public safety. The application form shall be furnished by the department and the signature shall be notarized. The application shall include:

(1) The name and address of the victim;

(2) If the claimant is not the victim, the name and address of the claimant and relationship to the victim, the names and addresses of the victim's dependents, if any, and the extent to which each is so dependent;

(9) Such other information as the department determines is necessary.

3. In addition to the application, the department may require that the claimant submit materials substantiating the facts stated in the application.

4. If the department finds that an application does not contain the required information or that the facts stated therein have not been substantiated, it shall notify the claimant in writing of the specific additional items of information or materials required and that the claimant has thirty days from the date of mailing in which to furnish those items to the department. Unless a claimant requests and is granted an extension of time by the department, the department shall reject with prejudice the claim of the claimant for failure to file the additional information or materials within the specified time.

5. The claimant may file an amended application or additional substantiating materials to correct inadvertent errors or omissions at any time before the department has completed its consideration of the original application.

6. The claimant, victim or dependent shall cooperate with law enforcement officials in the apprehension and prosecution of the offender in order to be eligible, or the department has found that the failure to cooperate was for good cause.

7. Any state or local agency, including a prosecuting attorney or law enforcement agency, shall make available without cost to the fund all reports, files and other appropriate information which the department requests in order to make a determination that a claimant is eligible for an award pursuant to sections 595.010 to 595.075.

8. If the victim is deceased, the victim's family or next of kin may sign a notarized statement designating the funeral home as a claimant eligible for compensation from the crime victims' compensation fund provided such funeral home complies with the provisions of this section.

595.030. 1. No compensation shall be paid unless the claimant has incurred an out-of-pocket loss of at least fifty dollars or has lost two continuous weeks of earnings or support from gainful employment. "Out-of-pocket loss" shall mean unreimbursed or unreimbursable expenses or indebtedness reasonably incurred:

(2) As a result of personal property being seized in an investigation by law enforcement. Compensation paid for an out-of-pocket loss under this subdivision shall be in an amount equal to the loss sustained, but shall not exceed two hundred fifty dollars.

2. No compensation shall be paid unless the department of public safety finds that a crime was committed, that such crime directly resulted in personal physical injury to, or the death of, the victim, and that police records show that such crime was promptly reported to the proper authorities. In no case may compensation be paid if the police records show that such report was made more than forty-eight hours after the occurrence of such crime, unless the department of public safety finds that the report to the police was delayed for good cause. If the victim is under eighteen years of age such report may be made by the victim's parent, guardian or custodian; by a physician, a nurse, or hospital emergency room personnel; by the children's division personnel; or by any other member of the victim's family. In the case of a sexual offense, filing a report of the offense to the proper authorities may include, but not be limited to, the filing of the report of the forensic examination by the appropriate medical provider, as defined in section 595.220, with the prosecuting attorney of the county in which the alleged incident occurred.

3. No compensation shall be paid for medical care if the service provider is not a medical provider as that term is defined in section 595.027, and the individual providing the medical care is not licensed by the state of Missouri or the state in which the medical care is provided.

(3) Clinical social worker licensed pursuant to chapter 337; or

(4) Professional counselor licensed pursuant to chapter 337.

5. Any compensation paid pursuant to sections 595.010 to 595.075 for death or personal injury shall be in an amount not exceeding out-of-pocket loss, together with loss of earnings or support from gainful employment, not to exceed two hundred dollars per week, resulting from such injury or death. In the event of death of the victim, an award may be made for reasonable and necessary expenses actually incurred for preparation and burial not to exceed five thousand dollars.

6. Any compensation for loss of earnings or support from gainful employment shall be in an amount equal to the actual loss sustained not to exceed two hundred dollars per week; provided, however, that no award pursuant to sections 595.010 to 595.075 shall exceed twenty-five thousand dollars. If two or more persons are entitled to compensation as a result of the death of a person which is the direct result of a crime or in the case of a sexual assault, the compensation shall be apportioned by the department of public safety among the claimants in proportion to their loss.

7. The method and timing of the payment of any compensation pursuant to sections 595.010 to 595.075 shall be determined by the department**; except that, if a funeral home has been designated as a claimant under subsection 8 of section 595.015, the payment of any compensation under sections 595.010 to 595.075 shall be made within one year of the filing of such claim**."; and

House Committee Amendment No. 3

AMEND Senate Substitute for Senate Bill No. 476, Page 56, Section 644.056, Line 87, by inserting after all of said section and line the following:

"644.145. 1. When issuing permits under this chapter that incorporate a new requirement for discharges from publicly owned combined or separate sanitary or storm sewer systems or **water or sewer** treatment works, or when enforcing provisions of this chapter or the Federal Water Pollution Control Act, 33 U.S.C. Section 1251, et seq., pertaining to any portion of a publicly owned combined or separate sanitary or storm sewer system or **water or sewer** treatment works, the department of natural resources shall make a finding of affordability on the costs to be incurred and the impact of any rate changes on ratepayers upon which to base such permits and decisions, to the extent allowable under this chapter and the Federal Water Pollution Control Act.

2. (1) The department of natural resources shall not be required under this section to make a finding of affordability when:

(a) Issuing collection system extension permits;

(b) Issuing National Pollution Discharge Elimination System operating permit renewals which include no new environmental requirements; or

(c) The permit applicant certifies that the applicable requirements are affordable to implement or otherwise waives the requirement for an affordability finding; however, at no time shall the department require that any applicant certify, as a condition to approving any permit, administrative or civil action, that a requirement, condition, or penalty is affordable.

(2) The exceptions provided under paragraph (c) of subdivision (1) of this subsection do not apply when the community being served has less than three thousand three hundred residents.

3. When used in this chapter and in standards, rules and regulations promulgated pursuant to this chapter, the following words and phrases mean:

(1) "Affordability", with respect to payment of a utility bill, a measure of whether an individual customer or household with an income equal to **[**the**]** **or** lower **[**of**]** **than** the median household income for their community **[**or the state of Missouri**]** can pay the bill without undue hardship or unreasonable sacrifice in the essential lifestyle or spending patterns of the individual or household, taking into consideration the criteria described in subsection 4 of this section;

(2) "Financial capability", the financial capability of a community to make investments necessary to make water quality-related improvements;

(3) "Finding of affordability", a department statement as to whether an individual or a household receiving as income an amount equal to **[**the**]** **or** lower **[**of**]** **than** the median household income for the applicant community **[**or the state of Missouri**]** would be required to make unreasonable sacrifices in **[**their**]** **the individual's or the household's** essential lifestyle or spending patterns or undergo hardships in order to make the projected monthly payments for sewer services. The department shall make a statement that the proposed changes meet the definition of affordable, or fail to meet the definition of affordable, or are implemented as a federal mandate regardless of affordability.

4. The department of natural resources shall adopt procedures by which it will make affordability findings that evaluate the affordability of permit requirements and enforcement actions described in subsection 1 of this section, and may begin implementing such procedures prior to promulgating implementing regulations. The commission shall have the authority to promulgate rules to implement this section pursuant to chapters 536 and 644, and shall promulgate such rules as soon as practicable. Affordability findings shall be based upon reasonably verifiable data and shall include an assessment of affordability with respect to persons or entities affected. The department shall offer the permittee an opportunity to review a draft affordability finding, and the permittee may suggest changes and provide additional supporting information, subject to subsection 6 of this section. The finding shall be based upon the following criteria:

(1) A community's financial capability and ability to raise or secure necessary funding;

(2) Affordability of pollution control options for the individuals or households at or below the median household income level of the community;

(3) An evaluation of the overall costs and environmental benefits of the control technologies;

(4) Inclusion of ongoing costs of operating and maintaining the existing wastewater collection and treatment system, including payments on outstanding debts for wastewater collection and treatment systems when calculating projected rates;

(5) An inclusion of ways to reduce economic impacts on distressed populations in the community, including but not limited to low- and fixed-income populations. This requirement includes but is not limited to:

(a) Allowing adequate time in implementation schedules to mitigate potential adverse impacts on distressed populations resulting from the costs of the improvements and taking into consideration local community economic considerations; and

(b) Allowing for reasonable accommodations for regulated entities when inflexible standards and fines would impose a disproportionate financial hardship in light of the environmental benefits to be gained;

(6) An assessment of other community investments and operating costs relating to environmental improvements and public health protection;

The executive board shall within sixty days revise and resubmit the plan for approval or request a hearing in accordance with section 260.235. Any plan submitted by a district shall stand approved one hundred twenty days after submission unless the department disapproves the plan or some provision thereof.

7. The director may institute appropriate action under section 260.240 to compel submission of plans in accordance with sections 260.200 to 260.345 and the rules and regulations adopted pursuant to sections 260.200 to 260.345.

8. **[**The provisions of section 260.215 to the contrary notwithstanding, any county within a region which on or after January 1, 1995, is not a member of a district shall by June 30, 1995, submit a solid waste management plan to the department of natural resources. Any county which withdraws from a district and all cities within the county with a population over five hundred shall submit a solid waste plan or a revision to an existing plan to the department of natural resources within one hundred eighty days of its decision not to participate. The plan shall meet the requirements of section 260.220 and this section.

260.330. 1. Except as otherwise provided in subsection 6 of this section, effective October 1, 1990, each operator of a solid waste sanitary landfill shall collect a charge equal to one dollar and fifty cents per ton or its volumetric equivalent of solid waste accepted and each operator of the solid waste demolition landfill shall collect a charge equal to one dollar per ton or its volumetric equivalent of solid waste accepted. Each operator shall submit the charge, less collection costs, to the department of natural resources for deposit in the "Solid Waste Management Fund" which is hereby created. On October 1, 1992, and thereafter, the charge imposed herein shall be adjusted annually by the same percentage as the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor index, as defined and officially recorded by the United States Department of Labor or its successor agency. No annual adjustment shall be made to the charge

imposed under this subsection during October 1, 2005, to October 1, **[**2017**]** **2027**, except an adjustment amount consistent with the need to fund the operating costs of the department and taking into account any annual percentage increase in the total of the volumetric equivalent of solid waste accepted in the prior year at solid waste sanitary landfills and demolition landfills and solid waste to be transported out of this state for disposal that is accepted at transfer stations. No annual increase during October 1, 2005, to October 1, **[**2017**]** **2027**, shall exceed the percentage increase measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor index, as defined and officially recorded by the United States Department of Labor or its successor agency and calculated on the percentage of revenues dedicated under subdivision (1) of subsection 2 of section 260.335. Any such annual adjustment shall only be made at the discretion of the director, subject to appropriations. Collection costs shall be established by the department and shall not exceed two percent of the amount collected pursuant to this section.

2. The department shall, by rule and regulation, provide for the method and manner of collection.

3. The charges established in this section shall be enumerated separately from the disposal fee charged by the landfill and may be passed through to persons who generated the solid waste. Moneys **[**shall be**]** transmitted to the department shall be no less than the amount collected less collection costs and in a form, manner and frequency as the department shall prescribe. The provisions of section 33.080 to the contrary notwithstanding, moneys in the account shall not lapse to general revenue at the end of each biennium. Failure to collect the charge does not relieve the operator from responsibility for transmitting an amount equal to the charge to the department.

4. The department may examine or audit financial records and landfill activity records and measure landfill usage to verify the collection and transmittal of the charges established in this section. The department may promulgate by rule and regulation procedures to ensure and to verify that the charges imposed herein are properly collected and transmitted to the department.

5. Effective October 1, 1990, any person who operates a transfer station in Missouri shall transmit a fee to the department for deposit in the solid waste management fund which is equal to one dollar and fifty cents per ton or its volumetric equivalent of solid waste accepted. Such fee shall be applicable to all solid waste to be transported out of the state for disposal. On October 1, 1992, and thereafter, the charge imposed herein shall be adjusted annually by the same percentage as the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor index, as defined and officially recorded by the United States Department of Labor or its successor agency. No annual adjustment shall be made to the charge imposed under this subsection during October 1, 2005, to October 1, **[**2017**]** **2027**, except an adjustment amount consistent with the need to fund the operating costs of the department and taking into account any annual percentage increase in the total of the volumetric equivalent of solid waste accepted in the prior year at solid waste sanitary landfills and demolition landfills and solid waste to be transported out of this state for disposal that is accepted at transfer stations. No annual increase during October 1, 2005, to October 1, **[**2017**]** **2027**, shall exceed the percentage increase measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor index, as defined and officially recorded by the United States Department of Labor or its successor agency and calculated on the percentage of revenues dedicated under subdivision (1) of subsection 2 of section 260.335. Any such annual adjustment shall only be made at the discretion of the director, subject to appropriations. The department shall prescribe rules and regulations governing the transmittal of fees and verification of waste volumes transported out of state from transfer stations. Collection costs shall also be established by the department and shall not exceed two percent of the amount collected pursuant to this subsection. A transfer station with the sole function of separating materials for recycling or resource recovery activities shall not be subject to the fee imposed in this subsection.

6. Each political subdivision which owns an operational solid waste disposal area may designate, pursuant to this section, up to two free disposal days during each calendar year. On any such free disposal day, the political subdivision shall allow residents of the political subdivision to dispose of any solid waste which may be lawfully disposed of at such solid waste disposal area free of any charge, and such waste shall not be subject to any state fee pursuant to this section. Notice of any free disposal day shall be posted at the solid waste disposal area site and in at least one newspaper of general circulation in the political subdivision no later than fourteen days prior to the free disposal day.

260.335. 1. Each fiscal year eight hundred thousand dollars from the solid waste management fund shall be made available, upon appropriation, to the department and the environmental improvement and energy resources authority to fund activities that promote the development and maintenance of markets for recovered materials. Each fiscal year up to two hundred thousand dollars from the solid waste management fund **may** be used by the department upon appropriation for grants to solid waste management districts for district grants and district operations. Only those solid waste management districts that are allocated fewer funds under subsection 2 of this

section than if revenues had been allocated based on the criteria in effect in this section on August 27, 2004, are eligible for these grants. An eligible district shall receive a proportionate share of these grants based on that district's share of the total reduction in funds for eligible districts calculated by comparing the amount of funds allocated under subsection 2 of this section with the amount of funds that would have been allocated using the criteria in effect in this section on August 27, 2004. The department and the authority shall establish a joint interagency agreement with the department of economic development to identify state priorities for market development and to develop the criteria to be used to judge proposed projects. Additional moneys may be appropriated in subsequent fiscal years if requested. The authority shall establish a procedure to measure the effectiveness of the grant program under this subsection and shall provide a report to the governor and general assembly by January fifteenth of each year regarding the effectiveness of the program.

2. All remaining revenues deposited into the fund each fiscal year after moneys have been made available under subsection 1 of this section shall be allocated as follows:

(1) Thirty-nine percent of the revenues shall be dedicated, upon appropriation, to the elimination of illegal solid waste disposal, to identify and prosecute persons disposing of solid waste illegally, to conduct solid waste permitting activities, to administer grants and perform other duties imposed in sections 260.200 to 260.345 and section 260.432. In addition to the thirty-nine percent of the revenues, the department may receive any annual increase in the charge during October 1, 2005, to October 1, **[**2014**] 2027**, under section 260.330 and such increases shall be used solely to fund the operating costs of the department;

(2) Sixty-one percent of the revenues, except any annual increases in the charge under section 260.330 during October 1, 2005, to October 1, **[**2014**] 2027**, which shall be used solely to fund the operating costs of the department, shall be allocated **[**through grants, upon appropriation, to participating cities, counties, and**] to solid waste management** districts. Revenues to be allocated under this subdivision shall be divided as follows: forty percent shall be allocated based on the population of each district in the latest decennial census, and sixty percent shall be allocated based on the amount of revenue generated within each district. For the purposes of this subdivision, revenue generated within each district shall be determined from the previous year's data. No more than fifty percent of the revenue allocable under this subdivision may be allocated to the districts upon approval of the department for implementation of a solid waste management plan and district operations, and at least fifty percent of the revenue allocable to the districts under this subdivision shall be allocated to the cities and counties of the district or to persons or entities providing solid waste management, waste reduction, recycling and related services in these cities and counties. Each district shall receive a minimum of seventy-five thousand dollars under this subdivision. After August 28, **[**2005**] 2015**, each district shall receive a minimum of ninety-five thousand dollars under this subdivision for district grants and district operations. Each district receiving moneys under this subdivision shall expend such moneys pursuant to a solid waste management plan required under section 260.325, and only in the case that the district is in compliance with planning requirements established by the department. Moneys shall be awarded based upon grant applications. **The following criteria may be considered to establish the order of district grant priority:**

(a) Grants to facilities of organizations employing individuals with disabilities under sections 178.900 to 178.960 or sections 205.968 to 205.972;

(b) Grants for proposals that will promote and maximize the sharing of district resources;

(c) Grants for proposals which provide methods of recycling and solid waste reduction; and

(d) All other grants.

Any **allocated district** moneys remaining in any fiscal year due to insufficient or inadequate **grant** applications **[**may**] shall** be reallocated **[**pursuant to this subdivision**] for solid waste management projects other than district operations, including a district's next request for solid waste management project proposals. Any allocated district moneys remaining after a period of five years shall revert to the credit of the solid waste management fund created under section 260.330**;

(3) Except for the amount up to one-fourth of the department's previous fiscal year expense, any remaining unencumbered funds generated under subdivision (1) of this subsection in prior fiscal years shall be reallocated under this section;

(4) Funds may be made available under this subsection for the administration and grants of the used motor oil program described in section 260.253;

(5) The department and the environmental improvement and energy resources authority shall conduct sample audits of grants provided under this subsection.

3. **In addition to the criteria listed in this section,** the advisory board created in section 260.345 shall recommend criteria to be used to allocate grant moneys to districts, cities and counties. These criteria shall establish a priority for proposals which provide methods of solid waste reduction and recycling. The department shall

promulgate criteria for evaluating grants by rule and regulation. Projects of cities and counties located within a district which are funded by grants under this section shall conform to the district solid waste management plan.

4. The funds awarded to the districts**[**, counties and cities**]** pursuant to this section shall be used for the purposes set forth in sections 260.300 to 260.345, and shall be used in addition to existing funds appropriated by counties and cities for solid waste management and shall not supplant county or city appropriated funds.

5. **Once grants are approved by the solid waste management district, the district shall submit to the department the appropriate forms associated with the grant application and any supporting information to verify that appropriate public notice procedures were followed, that grant proposals were reviewed and ranked by the district, and that only eligible costs as set forth in regulations are to be funded. Within thirty days, the department shall review the grant application. If the department finds any deficiencies, or needs more information in order to evaluate the grant application, the department shall notify the district in writing. The district shall have an additional thirty days to respond to the department's request and to submit any additional information to the department. Within thirty days of receiving additional information, the department shall either approve or deny the grant application. If the department takes no action, the grant application shall be deemed approved.** The department, in conjunction with the solid waste advisory board, shall review the performance of all grant recipients to ensure that grant moneys were appropriately and effectively expended to further the purposes of the grant, as expressed in the recipient's grant application. The grant application shall contain specific goals and implementation dates, and grant recipients shall be contractually obligated to fulfill same. The department may require the recipient to submit periodic reports and such other data as are necessary, both during the grant period and up to five years thereafter, to ensure compliance with this section. The department may audit the records of any recipient to ensure compliance with this section. Recipients of grants under sections 260.300 to 260.345 shall maintain such records as required by the department. If a grant recipient fails to maintain records or submit reports as required herein, refuses the department access to the records, or fails to meet the department's performance standards, the department may withhold subsequent grant payments, if any, and may compel the repayment of funds provided to the recipient pursuant to a grant.

6. The department shall provide for a security interest in any machinery or equipment purchased through grant moneys distributed pursuant to this section.

7. If the moneys are not transmitted to the department within the time frame established by the rule promulgated, interest shall be imposed on the moneys due the department at the rate of ten percent per annum from the prescribed due date until payment is actually made. These interest amounts shall be deposited to the credit of the solid waste management fund.

260.345. **1.** A state "Solid Waste Advisory Board" is created within the department of natural resources. The advisory board shall be composed of the chairman of the executive board of each of the solid waste management districts **or his or her designee,** and other members as provided in this section. Up to five additional members shall be appointed by the **program** director **of the solid waste management program** of which two members shall represent the solid waste management industry and have an economic interest in or activity with any solid waste facility or operation, one member may represent the solid waste composting or recycling industry businesses, and the remaining members shall be public members who have demonstrated interest in solid waste management issues and shall have no economic interest in or activity with any solid waste facility or operation but may own stock in a publicly traded corporation which may be involved in waste management as long as such holdings are not substantial. **Beginning January 1, 2016,** the advisory board shall **[**advise**]** **prepare an annual report due on or before January first advising** the department regarding:

(1) The efficacy of its technical assistance program;

(2) Solid waste management problems experienced by solid waste management districts;

(3) The effects of proposed rules and regulations upon solid waste management within the districts;

(4) Criteria to be used in awarding grants pursuant to section 260.335;

(5) Waste management issues pertinent to the districts;

(6) The development of improved methods of solid waste minimization, recycling and resource recovery; **[**and**]**

(7) **Unfunded solid waste management projects; and**

(8) Such other matters as the advisory board may determine.

2. The advisory board shall also prepare a report on the subjects listed in subdivisions (1) to (8) of subsection 1 of this section for any standing, statutory, interim, or select committee or task force of the general assembly having jurisdiction over solid waste. If a report is so prepared, it shall be delivered to the chair and vice-chair of each committee or task force having such jurisdiction. Such a report shall not be generated and distributed on more than an annual basis.

3. The advisory board shall hold regular meetings on a quarterly basis. A special meeting of the advisory board may occur upon a majority vote of all advisory board members at a regular quarterly meeting. Reasonable written notice of all meetings shall be given by the director of the solid waste management program to all members of the advisory board. A majority of advisory board members shall constitute a quorum for the transaction of business. All actions of the advisory board shall be taken at regular quarterly meetings open to the public."; and

"162.720. 1. Where a sufficient number of children are determined to be gifted and their development requires programs or services beyond the level of those ordinarily provided in regular public school programs, districts may establish special programs for such gifted children.

2. The state board of education shall determine standards for such programs. Approval of such programs shall be made by the state department of elementary and secondary education based upon project applications submitted by July fifteenth of each year.

3. No district shall make a determination as to whether a child is gifted based on the child's participation in an advanced placement course or international baccalaureate course. Districts shall only determine a child is gifted if the child meets the definition of "gifted children" as provided in section 162.675.

163.031. 1. The department of elementary and secondary education shall calculate and distribute to each school district qualified to receive state aid under section 163.021 an amount determined by multiplying the district's weighted average daily attendance by the state adequacy target, multiplying this product by the dollar value modifier for the district, and subtracting from this product the district's local effort and, in years not governed under subsection 4 of this section, subtracting payments from the classroom trust fund under section 163.043.

2. Other provisions of law to the contrary notwithstanding:

2. The state auditor shall audit any political subdivision of the state, including counties having a county auditor, if requested to do so by a petition **submitted by a person who resides or owns real property within the boundaries or area of service of the political subdivision and such petition is submitted to the state auditor within one year from requesting the petition from the state auditor and is** signed by the requisite percent of the qualified voters of the political subdivision. The requisite percent of qualified voters to cause such an audit to be conducted shall be determined as follows:

(1) If the number of qualified voters of the political subdivision determined on the basis of the votes cast in the last gubernatorial election held prior to the filing of the petition is less than one thousand, twenty-five percent of the qualified voters of the political subdivision determined on the basis of the registered voters eligible to vote at the last gubernatorial election held prior to the filing of the petition;

(2) If the number of qualified voters of the political subdivision determined on the basis of the votes cast in the last gubernatorial election held prior to the filing of the petition is one thousand or more but less than five thousand, fifteen percent of the qualified voters of the political subdivision determined on the basis of the votes cast in the last gubernatorial election held prior to the filing of the petition, provided that the number of qualified voters signing such petition is not less than two hundred;

If the city or county has proceeded under the provisions of subdivision (5) of subsection 1 of this section, all moneys in excess of that necessary to comply with the provisions of subdivision (5) of subsection 1 of this section for the removal, securing, repair and cleanup of the building or structure, and the lot on which it is located, less salvage value, shall be paid to the insured;

The amount of the lowest bid, including offset for salvage value, if any, plus reasonable anticipated costs of collection, including attorney's fees, shall be certified to the city clerk or officer in charge of finance, who shall cause a special tax bill to be issued against the property owner to be prepared and collected by the city collector or other official collecting taxes. The municipal clerk or other officer in charge of finance shall discharge the special tax bill upon documentation by the property owner of the completion of the ordered repair or demolition work. Upon determination by the municipal clerk or other officer in charge of finance that a public benefit is secured prior to payment of the special tax bill, the municipal clerk or other officer in charge of finance may discharge the special tax bill upon the transfer of the property. Except as provided in subsection 2 of this section, at the request of the taxpayer the tax bill for the difference may be paid in installments over a period of not more than ten years. The tax bill for the difference from the date of its issuance shall be deemed a personal debt against the property owner and shall also be a lien on the property until paid.

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter immediately following notification to the department of revenue. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. All revenue collected under this section by the director of the department of revenue on behalf of any city, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "Public Safety Protection Sales Tax Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the trust fund and credited to the city for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such city. Any funds in the special trust fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund. The director shall keep accurate records of the amounts in the fund, and such records shall be open to the inspection of the officers of such city and to the public. Not later than the tenth day of each month, the director shall distribute all moneys deposited in the fund during the preceding month to the city. Such funds shall be deposited with the treasurer of the city, and all expenditures of moneys from the fund shall be by an appropriation ordinance enacted by the governing body of the city.

4. On or after the effective date of the tax, the director of revenue shall be responsible for the administration, collection, enforcement, and operation of the tax, and sections 32.085 and 32.087 shall apply. In

order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the governing body of the city may authorize the use of a bracket system similar to that authorized in section 144.285, and notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions. Beginning with the effective date of the tax, every retailer in the city shall add the sales tax to the sale price, and this tax shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. For purposes of this section, all retail sales shall be deemed to be consummated at the place of business of the retailer.

5. All applicable provisions in sections 144.010 to 144.525 governing the state sales tax, and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax, and all exemptions granted to agencies of government, organizations, and persons under sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax. The same sales tax permit, exemption certificate, and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that, the director of revenue may prescribe a form of exemption certificate for an exemption from the tax. All discounts allowed the retailer under the state sales tax for the collection of and for payment of taxes are hereby allowed and made applicable to the tax. The penalties for violations provided in section 32.057 and sections 144.010 to 144.525 are hereby made applicable to violations of this section. If any person is delinquent in the payment of the amount required to be paid under this section, or in the event a determination has been made against the person for the tax and penalties under this section, the limitation for bringing suit for the collection of the delinquent tax and penalties shall be the same as that provided in sections 144.010 to 144.525.

6. The governing body of any city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the city. The ballot of submission shall be in substantially the following form:

Shall ..... (insert the name of the city) repeal the sales tax imposed at a rate of ..... (up to one) percent for the purpose of providing revenues for the operation of public safety departments of the city?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved.

If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

7. The governing body of any city that has adopted the sales tax authorized in this section shall submit the question of **[**repeal**]** **continuation** of the tax to the voters every five years from the date of its inception on a date available for elections for the city. The ballot of submission shall be in substantially the following form:

Shall ..... (insert the name of the city) **[**repeal the**]** **continue collecting a** sales tax imposed at a rate of ..... (up to one) percent for the purpose of providing revenues for the operation of public safety departments of the city?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are **[**in favor of repeal, that**]** **opposed to continuation,** repeal shall become effective on December thirty-first of the calendar year in which such **[**repeal was**]** **continuation was failed to be** approved. If a majority of the votes cast on the question by the qualified voters voting thereon are **[**opposed to the repeal**]** **in favor of continuation**, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and **[**the repeal is**]** **continuation fails to be** approved by a majority of the qualified voters voting on the question.

8. Whenever the governing body of any city that has adopted the sales tax authorized in this section receives a petition, signed by a number of registered voters of the city equal to at least two percent of the number of registered voters of the city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the city a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the

sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

9. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the city shall notify the director of the department of revenue of the action at least ninety days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such city, the director shall remit the balance in the account to the city and close the account of that city. The director shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city."; and

The tax authorized in this section may be imposed in an amount of up to one-half of one percent, and shall be imposed solely for the purpose of improving the public safety for such city, including but not limited to expenditures on equipment, city employee salaries and benefits, and facilities for police, fire and emergency medical providers. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes. The order or ordinance imposing a sales tax under this section shall not become effective unless the governing body of the city submits to the voters residing within the city, at a county or state general, primary, or special election, a proposal to authorize the governing body of the city to impose a tax under this section.

[2.**] 3.** The ballot of submission for the tax authorized in this section shall be in substantially the following form:

Shall the city of ..... (city's name) impose a citywide sales tax at a rate of ..... (insert rate of percent) percent for the purpose of improving the public safety of the city?

□ YES □ NO

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance or order and any amendments to the order or ordinance shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of the adoption of the sales tax. If a majority of the votes cast on the proposal by the qualified voters voting thereon are opposed to the proposal, then the tax shall not become effective unless the proposal is resubmitted under this section to the qualified voters and such proposal is approved by a majority of the qualified voters voting on the proposal. However, in no event shall a proposal under this section be submitted to the voters sooner than twelve months from the date of the last proposal under this section.

All sales taxes collected by the director of the department of revenue under this section on behalf of any city, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created in the state treasury, to be known as the "City Public Safety Sales Tax Trust Fund". The moneys in the trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The provisions of section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of the general revenue fund. The director shall keep accurate records of the amount of money in the trust fund and which was collected in each city imposing a sales tax under this section, and the records shall be open to the inspection of officers of the city and the public. Not later than the tenth day of each month the director shall distribute all moneys deposited in the trust fund during the preceding month to the city which levied the tax. Such funds shall be deposited with the city treasurer of each such city, and all expenditures of funds arising from the trust fund shall be by an appropriation act to be enacted by the governing body of each such city. Expenditures may be made from the fund for any functions authorized in the ordinance or order adopted by the governing body submitting the tax to the voters. If the tax is repealed, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes. Any funds in the special trust fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

[4.**] 5.** The director of the department of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any city for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such cities. After one year has elapsed after the effective date of abolition of the tax in such city, the director shall remit the balance in the account to the city and close the account of that city. The director shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city.

[5.**] 6.** The governing body of any city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the city. The ballot of submission shall be in substantially the following form:

If a majority of the votes cast on the proposal are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. [6.**] 7.** Whenever the governing body of any city that has adopted the sales tax authorized in this section receives a petition, signed by ten percent of the registered voters of the city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the city a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the tax shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

108.280. **1.** Nothing contained in sections 108.240 to 108.300 shall prevent any county commission, city council, board of aldermen, board of trustees of any incorporated village, board of directors of any school district, board of supervisors of any drainage or levee district, or board of commissioners of any special road district, or other authority from levying a larger tax for the payment of maturing bonds**[**, or from applying other means to such purpose**] . Except as provided in subsection 2 of this section, the levy rate shall be set at the rate needed to meet the obligation of the bond payment and may be adjusted solely to meet such obligation**. It shall be the duty of the treasurer of such county, city, village, township, school district, drainage district or levee district, special or common road district, to certify, at least once in every fiscal year, to the state auditor the several amounts and numbers of bonds and coupons by him or through him redeemed, of his respective county, city, village, township, school district, drainage district, levee district, common or special road district, as the case may be, and he shall return such bonds and coupons, properly cancelled, to prevent their reissue, to the maker thereof, and the state shall not be deemed in any manner liable on account of any such bonds or coupons.

2. Notwithstanding the provisions of subsection 1 of this section, the levy rate set by any drainage or levee district for the payment of bonds shall be set at a rate determined by the board of supervisors in accordance with the provisions of chapters 242, 245, and 246.

The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no order imposing a sales tax pursuant to this section shall be effective unless the commission submits to the voters of the district, on any election date authorized in chapter 115, a proposal to authorize the commission to impose a tax.

2. The ballot of submission shall contain, but need not be limited to, the following language:

Shall the regional jail district of ..... (counties' names) impose a region-wide sales tax of ..... (insert amount) for the purpose of providing jail services and court facilities and equipment for the region?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "Yes". If you are opposed to the question, place an "X" in the box opposite "No".

If a majority of the votes cast on the proposal by the qualified voters of the district voting thereon are in favor of the proposal, then the order and any amendment to such order shall be in effect on the first day of the second quarter immediately following the election approving the proposal. If the proposal receives less than the required majority, the commission shall have no power to impose the sales tax authorized pursuant to this section unless and until the commission shall again have submitted another proposal to authorize the commission to impose the sales tax authorized by this section and such proposal is approved by the required majority of the qualified voters of the district voting on such proposal; however, in no event shall a proposal pursuant to this section be submitted to the voters sooner than twelve months from the date of the last submission of a proposal pursuant to this section.

3. All revenue received by a district from the tax authorized pursuant to this section shall be deposited in a special trust fund and shall be used solely for providing jail services and court facilities and equipment for such district for so long as the tax shall remain in effect.

4. Once the tax authorized by this section is abolished or terminated by any means, all funds remaining in the special trust fund shall be used solely for providing jail services and court facilities and equipment for the district. Any funds in such special trust fund which are not needed for current expenditures may be invested by the commission in accordance with applicable laws relating to the investment of other county funds.

5. All sales taxes collected by the director of revenue pursuant to this section on behalf of any district, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created, to be known as the "Regional Jail District Sales Tax Trust Fund". The moneys in the regional jail district sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each district imposing a sales tax pursuant to this section, and the records shall be open to the inspection of officers of each member county and the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the district which levied the tax. Such funds shall be deposited with the treasurer of each such district, and all expenditures of funds arising from the regional jail district sales tax trust fund shall be paid pursuant to an appropriation adopted by the commission and shall be approved by the commission. Expenditures may be made from the fund for any function authorized in the order adopted by the commission submitting the regional jail district tax to the voters.

6. The director of revenue may [authorize the state treasurer to] make refunds from the amounts in the trust fund and credited to any district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such districts. If any district abolishes the tax, the commission shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal, and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such district, the director of revenue shall remit the balance in the account to the district and close the account of that district. The director of revenue shall notify each district in each instance of any amount refunded or any check redeemed from receipts due the district.

7. Except as provided in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed pursuant to this section.

"sections relating to professional registration."; and

Further amend said bill, Page 4, Section 214.208, Line 38, by inserting immediately after said line the following:

"324.001. 1. **(1) The purpose of sections 324.001 to 324.1109 is to promote the general welfare by establishing guidelines for the regulation of occupations and professions not regulated prior to January 1, 2016.**

(2) All individuals may engage in the occupation of their choice, free from unreasonable government regulation. The state may not impose a substantial burden on an individual's pursuit of his or her occupation or profession unless there is an important governmental interest for the state to protect the general welfare. If such an interest exists, the regulation adopted by the state shall be the least restrictive type of regulation consistent to the public interest to be protected.

(3) All bills introduced in the legislature to regulate an occupation or profession for the first time shall be reviewed according to the following criteria. An occupation or profession shall be regulated by the state only if:

(a) Unregulated practice has caused significant harm and endangered the general welfare and the potential for further harm and endangerment is easily recognizable and not remote or dependent upon tenuous argument;

(b) The public needs and can reasonably be expected to benefit from an assurance of initial personal qualifications; and

(c) The general welfare cannot be effectively protected by other means.

(4) After evaluating the criteria in subdivision (3) of this subsection and considering governmental, economic, and societal costs and benefits, if the legislature finds that the state has an important interest in regulating an occupation or profession not previously regulated by law, the least restrictive type of regulation shall be implemented, consistent with the need to protect the general welfare and this section. If:

(a) Market competition, common law, statutory civil actions, and criminal prohibitions are insufficient to eradicate actual harm, the regulation shall provide for stricter civil actions and criminal prosecutions;

(b) A service is being performed for individuals involves a hazard to the general welfare, the regulation shall impose inspection requirements and enable an appropriate state agency to enforce violations by injunctive relief in court including, but not limited to, regulation of the business activity providing the service rather than practitioners;

(c) The threat to the general welfare resulting from the practitioner's services is relatively small, easily identifiable or predictable, the regulation shall implement a system of insurance, bonding, or registration;

(d) The consumer possesses significantly less information so that the practitioner puts the consumer in a disadvantageous position relative to the practitioner to judge the quality of the practitioner's services, the regulation shall implement a voluntary system of certification; or

(e) There is no other type of regulation that will protect the general welfare other than licensing, the regulation shall implement a system of licensing.

5. A legislative proposal which contains a continuing education requirement shall be accompanied by a detailed explanation of how such requirement could be effective for the profession addressed in the legislation.

7. There is hereby established a "Division of Professional Registration" assigned to the department of insurance, financial institutions and professional registration as a type III transfer, headed by a director appointed by the governor with the advice and consent of the senate. All of the general provisions, definitions and powers

enumerated in section 1 of the Omnibus State Reorganization Act of 1974 and Executive Order 06-04 shall apply to this department and its divisions, agencies, and personnel.

[3.**]** **8.** The director of the division of professional registration shall promulgate rules and regulations which designate for each board or commission assigned to the division the renewal date for licenses or certificates. After the initial establishment of renewal dates, no director of the division shall promulgate a rule or regulation which would change the renewal date for licenses or certificates if such change in renewal date would occur prior to the date on which the renewal date in effect at the time such new renewal date is specified next occurs. Each board or commission shall by rule or regulation establish licensing periods of one, two, or three years. Registration fees set by a board or commission shall be effective for the entire licensing period involved, and shall not be increased during any current licensing period. Persons who are required to pay their first registration fees shall be allowed to pay the pro rata share of such fees for the remainder of the period remaining at the time the fees are paid. Each board or commission shall provide the necessary forms for initial registration, and thereafter the director may prescribe standard forms for renewal of licenses and certificates. Each board or commission shall by rule and regulation require each applicant to provide the information which is required to keep the board's records current. Each board or commission shall have the authority to collect and analyze information required to support workforce planning and policy development. Such information shall not be publicly disclosed so as to identify a specific health care provider, as defined in section 376.1350. Each board or commission shall issue the original license or certificate.

[4.**]** **9.** The division shall provide clerical and other staff services relating to the issuance and renewal of licenses for all the professional licensing and regulating boards and commissions assigned to the division. The division shall perform the financial management and clerical functions as they each relate to issuance and renewal of licenses and certificates. "Issuance and renewal of licenses and certificates" means the ministerial function of preparing and delivering licenses or certificates, and obtaining material and information for the board or commission in connection with the renewal thereof. It does not include any discretionary authority with regard to the original review of an applicant's qualifications for licensure or certification, or the subsequent review of licensee's or certificate holder's qualifications, or any disciplinary action contemplated against the licensee or certificate holder. The division may develop and implement microfilming systems and automated or manual management information systems.

[5.**]** **10.** The director of the division shall maintain a system of accounting and budgeting, in cooperation with the director of the department, the office of administration, and the state auditor's office, to ensure proper charges are made to the various boards for services rendered to them. The general assembly shall appropriate to the division and other state agencies from each board's funds moneys sufficient to reimburse the division and other state agencies for all services rendered and all facilities and supplies furnished to that board.

[6.**]** **11.** For accounting purposes, the appropriation to the division and to the office of administration for the payment of rent for quarters provided for the division shall be made from the "Professional Registration Fees Fund", which is hereby created, and is to be used solely for the purpose defined in subsection **[**5**]** **10** of this section. The fund shall consist of moneys deposited into it from each board's fund. Each board shall contribute a prorated amount necessary to fund the division for services rendered and rent based upon the system of accounting and budgeting established by the director of the division as provided in subsection **[**5**]** **10** of this section. Transfers of funds to the professional registration fees fund shall be made by each board on July first of each year; provided, however, that the director of the division may establish an alternative date or dates of transfers at the request of any board. Such transfers shall be made until they equal the prorated amount for services rendered and rent by the division. The provisions of section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of general revenue.

[7.**]** **12.** The director of the division shall be responsible for collecting and accounting for all moneys received by the division or its component agencies. Any money received by a board or commission shall be promptly given, identified by type and source, to the director. The director shall keep a record by board and state accounting system classification of the amount of revenue the director receives. The director shall promptly transmit all receipts to the department of revenue for deposit in the state treasury to the credit of the appropriate fund. The director shall provide each board with all relevant financial information in a timely fashion. Each board shall cooperate with the director by providing necessary information.

[8.**]** **13.** All educational transcripts, test scores, complaints, investigatory reports, and information pertaining to any person who is an applicant or licensee of any agency assigned to the division of professional registration by statute or by the department are confidential and may not be disclosed to the public or any member of the public, except with the written consent of the person whose records are involved. The agency which possesses the records or information shall disclose the records or information if the person whose records or information is

involved has consented to the disclosure. Each agency is entitled to the attorney-client privilege and work-product privilege to the same extent as any other person. Provided, however, that any board may disclose confidential information without the consent of the person involved in the course of voluntary interstate exchange of information, or in the course of any litigation concerning that person, or pursuant to a lawful request, or to other administrative or law enforcement agencies acting within the scope of their statutory authority. Information regarding identity, including names and addresses, registration, and currency of the license of the persons possessing licenses to engage in a professional occupation and the names and addresses of applicants for such licenses is not confidential information.

[9.**]** **14.** Any deliberations conducted and votes taken in rendering a final decision after a hearing before an agency assigned to the division shall be closed to the parties and the public. Once a final decision is rendered, that decision shall be made available to the parties and the public.

[10.**]** **15.** A compelling governmental interest shall be deemed to exist for the purposes of section 536.025 for licensure fees to be reduced by emergency rule, if the projected fund balance of any agency assigned to the division of professional registration is reasonably expected to exceed an amount that would require transfer from that fund to general revenue.

[11.**]** **16.** (1) The following boards and commissions are assigned by specific type transfers to the division of professional registration: Missouri state board of accountancy, chapter 326; board of cosmetology and barber examiners, chapters 328 and 329; Missouri board for architects, professional engineers, professional land surveyors and landscape architects, chapter 327; Missouri state board of chiropractic examiners, chapter 331; state board of registration for the healing arts, chapter 334; Missouri dental board, chapter 332; state board of embalmers and funeral directors, chapter 333; state board of optometry, chapter 336; Missouri state board of nursing, chapter 335; board of pharmacy, chapter 338; state board of podiatric medicine, chapter 330; Missouri real estate appraisers commission, chapter 339; and Missouri veterinary medical board, chapter 340. The governor shall appoint members of these boards by and with the advice and consent of the senate.

(2) The boards and commissions assigned to the division shall exercise all their respective statutory duties and powers, except those clerical and other staff services involving collecting and accounting for moneys and financial management relating to the issuance and renewal of licenses, which services shall be provided by the division, within the appropriation therefor. Nothing herein shall prohibit employment of professional examining or testing services from professional associations or others as required by the boards or commissions on contract. Nothing herein shall be construed to affect the power of a board or commission to expend its funds as appropriated. However, the division shall review the expense vouchers of each board. The results of such review shall be submitted to the board reviewed and to the house and senate appropriations committees annually.

(3) Notwithstanding any other provisions of law, the director of the division shall exercise only those management functions of the boards and commissions specifically provided in the Reorganization Act of 1974, and those relating to the allocation and assignment of space, personnel other than board personnel, and equipment.

(4) "Board personnel", as used in this section or chapters 317, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, and 345, shall mean personnel whose functions and responsibilities are in areas not related to the clerical duties involving the issuance and renewal of licenses, to the collecting and accounting for moneys, or to financial management relating to issuance and renewal of licenses; specifically included are executive secretaries (or comparable positions), consultants, inspectors, investigators, counsel, and secretarial support staff for these positions; and such other positions as are established and authorized by statute for a particular board or commission. Boards and commissions may employ legal counsel, if authorized by law, and temporary personnel if the board is unable to meet its responsibilities with the employees authorized above. Any board or commission which hires temporary employees shall annually provide the division director and the appropriation committees of the general assembly with a complete list of all persons employed in the previous year, the length of their employment, the amount of their remuneration, and a description of their responsibilities.

(5) Board personnel for each board or commission shall be employed by and serve at the pleasure of the board or commission, shall be supervised as the board or commission designates, and shall have their duties and compensation prescribed by the board or commission, within appropriations for that purpose, except that compensation for board personnel shall not exceed that established for comparable positions as determined by the board or commission pursuant to the job and pay plan of the department of insurance, financial institutions and professional registration. Nothing herein shall be construed to permit salaries for any board personnel to be lowered except by board action.

[12.**]** **17.** All the powers, duties, and functions of the division of athletics, chapter 317, and others, are assigned by type I transfer to the division of professional registration.

[13.**] 18.** Wherever the laws, rules, or regulations of this state make reference to the "division of professional registration of the department of economic development", such references shall be deemed to refer to the division of professional registration.

621.280 1. For any new board or commission created after July 1, 2015, and charged with regulating or licensing an occupation or profession, those practitioners actively engaged in the newly regulated occupation or profession for at least one year prior to the effective date of the regulatory statute shall have a property right in their continued legal ability to engage in their occupation or profession.

2. Any pre-existing practitioner denied licensure shall have the right to file an appeal to the administrative hearing commission on their license denial within thirty days after the decision of the newly-created board or commission. If the pre-existing practitioner does not timely appeal, their right to continue practicing the occupation or profession shall extinguish immediately. In the event of a timely appeal, the pre-existing practitioner's right to practice their occupation or profession shall continue until a final decision of the administrative hearing commission. The burden of proof in any hearing under this section shall be on the new board or commission to show that the pre-existing practitioner does not meet the requirements of the new regulatory regime."; and

Collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols, or standing orders for the delivery of health care services. 5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for

the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017.

8. A collaborating physician shall not enter into a collaborative practice arrangement with more than three full-time equivalent advanced practice registered nurses. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008, **nor to collaborative arrangements between a physician and an advanced practice registered nurse, if the collaborative physician is new to a patient population to which the collaborating advanced practice registered nurse is already familiar.**

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other agreement shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advance practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician."; and

"sections relating to professional registration."; and

Further amend said bill, Page 5, Section 193.145, Line 99, by inserting immediately after said line the following:

"324.001. 1. **(1) The purpose of sections 324.001 to 324.1109 is to promote the general welfare by establishing guidelines for the regulation of occupations and professions not regulated prior to January 1, 2016.**

(2) All individuals may engage in the occupation of their choice, free from unreasonable government regulation. The state may not impose a substantial burden on an individual's pursuit of his or her occupation or profession unless there is an important governmental interest for the state to protect the general welfare. If such an interest exists, the regulation adopted by the state shall be the least restrictive type of regulation consistent to the public interest to be protected.

(3) All bills introduced in the legislature to regulate an occupation or profession for the first time shall be reviewed according to the following criteria. An occupation or profession shall be regulated by the state only if:

(b) The public needs and can reasonably be expected to benefit from an assurance of initial personal qualifications; and

(c) The general welfare cannot be effectively protected by other means.

(4) After evaluating the criteria in subdivision (3) of this subsection and considering governmental, economic, and societal costs and benefits, if the legislature finds that the state has an important interest in regulating an occupation or profession not previously regulated by law, the least restrictive type of regulation shall be implemented, consistent with the need to protect the general welfare and this section. If:

(a) Market competition, common law, statutory civil actions, and criminal prohibitions are insufficient to eradicate actual harm, the regulation shall provide for stricter civil actions and criminal prosecutions;

(c) The threat to the general welfare resulting from the practitioner's services is relatively small, easily identifiable or predictable, the regulation shall implement a system of insurance, bonding, or registration;

(d) The consumer possesses significantly less information so that the practitioner puts the consumer in a disadvantageous position relative to the practitioner to judge the quality of the practitioner's services, the regulation shall implement a voluntary system of certification; or

(e) There is no other type of regulation that will protect the general welfare other than licensing, the regulation shall implement a system of licensing.

5. A legislative proposal which contains a continuing education requirement shall be accompanied by a detailed explanation of how such requirement could be effective for the profession addressed in the legislation.

Nothing in this section shall be construed to create a right of action against a private party or to require a private party to do business with an individual who is not licensed, certified or registered with the government or to create a right of action against the state, county, municipal, or other level of government in the state.

7. There is hereby established a "Division of Professional Registration" assigned to the department of insurance, financial institutions and professional registration as a type III transfer, headed by a director appointed by the governor with the advice and consent of the senate. All of the general provisions, definitions and powers enumerated in section 1 of the Omnibus State Reorganization Act of 1974 and Executive Order 06-04 shall apply to this department and its divisions, agencies, and personnel.

[3.**] 8.** The director of the division of professional registration shall promulgate rules and regulations which designate for each board or commission assigned to the division the renewal date for licenses or certificates. After the initial establishment of renewal dates, no director of the division shall promulgate a rule or regulation which would change the renewal date for licenses or certificates if such change in renewal date would occur prior to the date on which the renewal date in effect at the time such new renewal date is specified next occurs. Each board or commission shall by rule or regulation establish licensing periods of one, two, or three years. Registration fees set by a board or commission shall be effective for the entire licensing period involved, and shall not be increased during any current licensing period. Persons who are required to pay their first registration fees shall be allowed to pay the pro rata share of such fees for the remainder of the period remaining at the time the fees are paid. Each board or commission shall provide the necessary forms for initial registration, and thereafter the director may prescribe standard forms for renewal of licenses and certificates. Each board or commission shall by rule and regulation require each applicant to provide the information which is required to keep the board's records current. Each board or commission shall have the authority to collect and analyze information required to support workforce planning and policy development. Such information shall not be publicly disclosed so as to identify a specific health care provider, as defined in section 376.1350. Each board or commission shall issue the original license or certificate.

[4.**] 9.** The division shall provide clerical and other staff services relating to the issuance and renewal of licenses for all the professional licensing and regulating boards and commissions assigned to the division. The division shall perform the financial management and clerical functions as they each relate to issuance and renewal of licenses and certificates. "Issuance and renewal of licenses and certificates" means the ministerial function of preparing and delivering licenses or certificates, and obtaining material and information for the board or commission in connection with the renewal thereof. It does not include any discretionary authority with regard to the original review of an applicant's qualifications for licensure or certification, or the subsequent review of licensee's or certificate holder's qualifications, or any disciplinary action contemplated against the licensee or certificate holder. The division may develop and implement microfilming systems and automated or manual management information systems.

[5.**] 10.** The director of the division shall maintain a system of accounting and budgeting, in cooperation with the director of the department, the office of administration, and the state auditor's office, to ensure proper charges are made to the various boards for services rendered to them. The general assembly shall appropriate to the division and other state agencies from each board's funds moneys sufficient to reimburse the division and other state agencies for all services rendered and all facilities and supplies furnished to that board.

[6.**] 11.** For accounting purposes, the appropriation to the division and to the office of administration for the payment of rent for quarters provided for the division shall be made from the "Professional Registration Fees Fund", which is hereby created, and is to be used solely for the purpose defined in subsection **[**5**] 10** of this section. The fund shall consist of moneys deposited into it from each board's fund. Each board shall contribute a prorated amount necessary to fund the division for services rendered and rent based upon the system of accounting and budgeting established by the director of the division as provided in subsection **[**5**] 10** of this section. Transfers of funds to the professional registration fees fund shall be made by each board on July first of each year; provided, however, that the director of the division may establish an alternative date or dates of transfers at the request of any board. Such transfers shall be made until they equal the prorated amount for services rendered and rent by the division. The provisions of section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of general revenue.

[7.**] 12.** The director of the division shall be responsible for collecting and accounting for all moneys received by the division or its component agencies. Any money received by a board or commission shall be promptly given, identified by type and source, to the director. The director shall keep a record by board and state accounting system classification of the amount of revenue the director receives. The director shall promptly transmit all receipts to the department of revenue for deposit in the state treasury to the credit of the appropriate fund. The director shall provide each board with all relevant financial information in a timely fashion. Each board shall cooperate with the director by providing necessary information.

[8.**] 13.** All educational transcripts, test scores, complaints, investigatory reports, and information pertaining to any person who is an applicant or licensee of any agency assigned to the division of professional registration by statute or by the department are confidential and may not be disclosed to the public or any member of the public, except with the written consent of the person whose records are involved. The agency which possesses the records or information shall disclose the records or information if the person whose records or information is involved has consented to the disclosure. Each agency is entitled to the attorney-client privilege and work-product privilege to the same extent as any other person. Provided, however, that any board may disclose confidential

information without the consent of the person involved in the course of voluntary interstate exchange of information, or in the course of any litigation concerning that person, or pursuant to a lawful request, or to other administrative or law enforcement agencies acting within the scope of their statutory authority. Information regarding identity, including names and addresses, registration, and currency of the license of the persons possessing licenses to engage in a professional occupation and the names and addresses of applicants for such licenses is not confidential information.

[9.**] 14.** Any deliberations conducted and votes taken in rendering a final decision after a hearing before an agency assigned to the division shall be closed to the parties and the public. Once a final decision is rendered, that decision shall be made available to the parties and the public.

[10.**] 15.** A compelling governmental interest shall be deemed to exist for the purposes of section 536.025 for licensure fees to be reduced by emergency rule, if the projected fund balance of any agency assigned to the division of professional registration is reasonably expected to exceed an amount that would require transfer from that fund to general revenue.

[11.**] 16.** (1) The following boards and commissions are assigned by specific type transfers to the division of professional registration: Missouri state board of accountancy, chapter 326; board of cosmetology and barber examiners, chapters 328 and 329; Missouri board for architects, professional engineers, professional land surveyors and landscape architects, chapter 327; Missouri state board of chiropractic examiners, chapter 331; state board of registration for the healing arts, chapter 334; Missouri dental board, chapter 332; state board of embalmers and funeral directors, chapter 333; state board of optometry, chapter 336; Missouri state board of nursing, chapter 335; board of pharmacy, chapter 338; state board of podiatric medicine, chapter 330; Missouri real estate appraisers commission, chapter 339; and Missouri veterinary medical board, chapter 340. The governor shall appoint members of these boards by and with the advice and consent of the senate.

(2) The boards and commissions assigned to the division shall exercise all their respective statutory duties and powers, except those clerical and other staff services involving collecting and accounting for moneys and financial management relating to the issuance and renewal of licenses, which services shall be provided by the division, within the appropriation therefor. Nothing herein shall prohibit employment of professional examining or testing services from professional associations or others as required by the boards or commissions on contract. Nothing herein shall be construed to affect the power of a board or commission to expend its funds as appropriated. However, the division shall review the expense vouchers of each board. The results of such review shall be submitted to the board reviewed and to the house and senate appropriations committees annually.

(3) Notwithstanding any other provisions of law, the director of the division shall exercise only those management functions of the boards and commissions specifically provided in the Reorganization Act of 1974, and those relating to the allocation and assignment of space, personnel other than board personnel, and equipment.

(4) "Board personnel", as used in this section or chapters 317, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, and 345, shall mean personnel whose functions and responsibilities are in areas not related to the clerical duties involving the issuance and renewal of licenses, to the collecting and accounting for moneys, or to financial management relating to issuance and renewal of licenses; specifically included are executive secretaries (or comparable positions), consultants, inspectors, investigators, counsel, and secretarial support staff for these positions; and such other positions as are established and authorized by statute for a particular board or commission. Boards and commissions may employ legal counsel, if authorized by law, and temporary personnel if the board is unable to meet its responsibilities with the employees authorized above. Any board or commission which hires temporary employees shall annually provide the division director and the appropriation committees of the general assembly with a complete list of all persons employed in the previous year, the length of their employment, the amount of their remuneration, and a description of their responsibilities.

(5) Board personnel for each board or commission shall be employed by and serve at the pleasure of the board or commission, shall be supervised as the board or commission designates, and shall have their duties and compensation prescribed by the board or commission, within appropriations for that purpose, except that compensation for board personnel shall not exceed that established for comparable positions as determined by the board or commission pursuant to the job and pay plan of the department of insurance, financial institutions and professional registration. Nothing herein shall be construed to permit salaries for any board personnel to be lowered except by board action.

[12.**] 17.** All the powers, duties, and functions of the division of athletics, chapter 317, and others, are assigned by type I transfer to the division of professional registration.

[13.**] 18.** Wherever the laws, rules, or regulations of this state make reference to the "division of professional registration of the department of economic development", such references shall be deemed to refer to the division of professional registration.

621.280 1. For any new board or commission created after July 1, 2015, and charged with regulating or licensing an occupation or profession, those practitioners actively engaged in the newly regulated occupation or profession for at least one year prior to the effective date of the regulatory statute shall have a property right in their continued legal ability to engage in their occupation or profession.

2. Any decision of a newly-created board or commission to refuse licensure to a pre-existing practitioner shall be in writing, shall inform the pre-existing practitioner of the specific reasons for the denial, and shall inform the pre-existing practitioner of their right to appeal before a neutral decision-maker at the administrative hearing commission. Any pre-existing practitioner denied licensure shall have the right to file an appeal to the administrative hearing commission on their license denial within thirty days after the decision of the newly-created board or commission. If the pre-existing practitioner does not timely appeal, their right to continue practicing the occupation or profession shall extinguish immediately. In the event of a timely appeal, the pre-existing practitioner's right to practice their occupation or profession shall continue until a final decision of the administrative hearing commission. The burden of proof in any hearing under this section shall be on the new board or commission to show that the pre-existing practitioner does not meet the requirements of the new regulatory regime."; and

This exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics where the provider is a critical access hospital as provided in 42 U.S.C. 1395i-4, and provider-based rural health clinics where the main location of the hospital sponsor is greater than fifty miles from the clinic. The collaborating physician is required to maintain documentation related to this requirement and to present it to the state board of registration for the healing arts when requested; and

(c) Provide coverage during absence, incapacity, infirmity, or emergency by the collaborating physician;

(6) A description of the advanced practice registered nurse's controlled substance prescriptive authority in collaboration with the physician, including a list of the controlled substances the physician authorizes the nurse to prescribe and documentation that it is consistent with each professional's education, knowledge, skill, and competence;

(7) A list of all other written practice agreements of the collaborating physician and the advanced practice registered nurse;

(8) The duration of the written practice agreement between the collaborating physician and the advanced practice registered nurse;

(9) A description of the time and manner of the collaborating physician's review of the advanced practice registered nurse's delivery of health care services. The description shall include provisions that the advanced practice registered nurse shall submit a minimum of ten percent of the charts documenting the advanced practice registered nurse's delivery of health care services to the collaborating physician for review by the collaborating physician, or any other physician designated in the collaborative practice arrangement, every fourteen days**. In performing the review, the collaborating physician need not be present at the health care practitioner's site**; and

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the advanced practice registered nurse prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection.

4. The state board of registration for the healing arts pursuant to section 334.125 and the board of nursing pursuant to section 335.036 may jointly promulgate rules regulating the use of collaborative practice arrangements. Such rules shall be limited to specifying geographic areas to be covered, the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for

the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017.

8. A collaborating physician shall not enter into a collaborative practice arrangement with more than three full-time equivalent advanced practice registered nurses. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008, **nor to collaborative arrangements between a physician and an advanced practice registered nurse, if the collaborative physician is new to a patient population to which the collaborating advanced practice registered nurse is already familiar.**

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other agreement shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advance practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician."; and

2. For all taxable years beginning on or after January 1, 2015, a resident individual who is allowed a federal earned income tax credit under Section 32 of the Internal Revenue Code of 1986, as amended, shall be allowed a credit against the tax otherwise due under chapter 143, not including sections 143.191 to 143.265, in an amount equal to twenty percent of the allowable federal earned income tax credit. The tax credit allowed by this section shall be claimed by such individual at the time such individual files a return and shall be applied against the income tax liability imposed by chapter 143 after reduction for all other credits allowed thereon. For taxpayers whose filing status is married filing separately, such taxpayers may elect to apply the tax credit to the income tax liability of either taxpayer, or may elect to apply the tax credit evenly to the income tax liability of each spouse. 5. The department shall contract with one or more nonprofit groups to provide notice of the earned income tax credit to eligible taxpayers. The department shall require evidence of the effectiveness of the nonprofit group, the connection with the community in which the group operates, and the ability to contact taxpayers that are unlikely to claim the federal earned income tax credit including, but not limited to, non-English speakers, elderly, tenants, and very low-income taxpayers who do not file tax returns annually. MESSAGE FROM THE GOVERNOR

May 5, 2015

TO THE CHIEF CLERK OF THE
HOUSE OF REPRESENTATIVES
98TH GENERAL ASSEMBLY
FIRST REGULAR SESSION
STATE OF MISSOURI

Herewith I return to you **House Bill No. 150** entitled:

AN ACT

To repeal sections 288.036, 288.120, 288.122, and 288.330, RSMo, and to enact in lieu thereof five new sections relating to employment security, with penalty provisions.

I disapprove of **House Bill No. 150**. My reasons for disapproval are as follows:

Like a similar bill that did not meet my approval in 2014, House Bill No. 150 would reduce the maximum duration of unemployment benefits from 20 weeks to 13 weeks for Missourians who find themselves unemployed through no fault of their own. House Bill No. 150 would also reduce unemployment benefits for those Missourians who upon losing their job are provided some severance pay. These changes are unnecessary and unfair and will not receive my approval.

The unemployment system, jointly administered by the federal and state governments, is intended to serve as a bridge to future employment for those who are out of work due to circumstances beyond their control. Those receiving benefits are required to show that they are looking for work, and they are provided job placement and career advancement services. Moreover, the weekly benefits the system provides in Missouri are far from lucrative: Missouri's average weekly benefit of $243.63 ranks 43rd out of all 50 states; Missouri's current cap of 20 weeks of benefits places Missouri among eight states that pay less than the national norm of 26 weeks; and only roughly one third of Missourians who apply for unemployment benefits actually receive them. At the same time, Missouri's unemployment trust fund – from which benefits are paid – remains, and is projected to remain, solvent and ready to provide those benefits when needed. The minimal benefit to the fund of reducing benefits from 20 to 13 weeks is greatly exceeded by the pain such a change would inflict on Missourians who are out of work.

House Bill No. 150 also seeks to reduce workers' benefits by offsetting any severance pay that those workers receive upon loss of their jobs. However, House Bill No. 150 fails to take into account that severance packages are often lower than what they would otherwise be *precisely because* those negotiating the arrangement assume that employees will qualify for unemployment compensation. Moreover, when compared with the impact this reduction would have on workers, the projected savings of this provision to the unemployment trust fund of up to $4.6 million pales, in that the trust fund is projected to have a balance of $366 million by the end of 2015. This proposed change seeks to solve a nonexistent problem.

Finally, House Bill No. 150 would tie the reduction from 20 to 13 weeks of possible benefits to Missouri's unemployment rate. But like a similar bill that did not receive my approval in 2014, House Bill No. 150 does not account for localized increases in unemployment, such as when a large employer closes its doors, which may not be materially reflected in the statewide unemployment rate to which benefits are indexed. As a result, the legislation would disproportionately impact Missouri communities with unemployment rates significantly higher than the state average.

Eighty years ago, America was in the throes of the Great Depression. This dark moment in our Nation's history lasted far longer than 13 weeks. And the recession experienced earlier this decade did not abate after a mere three months either. But in the 1930s, the early 21st century, and other difficult economic periods in between, the pain of these economic conditions was significantly and meaningfully mitigated by the unemployment system relied upon by generations of American workers. Unemployment benefits not only provide a safety net for workers, they also

provide an important boost when the economy is struggling, as those workers buy food, clothing, and other essentials. The unemployment system has proven to be vital to economic stability and recovery. The changes sought by House Bill No. 150 are unnecessary and unfair, and accordingly this bill fails to receive my approval.

In accordance with the above stated reasons for disapproval, I am returning **House Bill No. 150** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon
Governor

JOURNAL OF THE HOUSE

First Regular Session, 98th GENERAL ASSEMBLY

SIXTY-FOURTH DAY, WEDNESDAY, MAY 6, 2015

The House met pursuant to adjournment.

Speaker Diehl in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

The kingdom of God is not in word, but in power. (I Corinthians 4:20)

O Merciful God who is seeking to lead us along the paths of freedom and righteousness and good will, grant that in these decisive days we, the leaders of our people, may make wise decisions, be strengthened by Your spirit to stand for what is sacred in life, and be given insight to see Your way and inspiration to walk in it.

May we keep extending to one another the hands of friendship as together we vote and march forward to the great task of establishing genuine peace and harmony among all our citizens of our great State.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Lindsey Claire Hervey and Halle Oliver.

The Journal of the sixty-third day was approved as corrected.

submit officially adopted revisions of its plan as it deems necessary or the department may require. In developing the district's solid waste management plan, the board shall consider the model plan distributed to the board pursuant to section 260.225. Districts may contract with a licensed professional engineer or as provided in chapter 70 for the development and submission of a joint plan.

2. The board shall hold at least one public hearing in each county in the district when it prepares a proposed plan or substantial revisions to a plan in order to solicit public comments on the plan.

(7) Take into consideration existing comprehensive plans, population trend projections, engineering and economics so as to delineate those portions of the district which may reasonably be expected to be served by a solid waste management system;

(8) Specify how the district will achieve a reduction in solid waste placed in sanitary landfills through waste minimization, reduction and recycling;

(9) Establish a timetable, with milestones, for the reduction of solid waste placed in a landfill through waste minimization, reduction and recycling;

(10) Establish an education program to inform the public about responsible waste management practices;

All other districts shall be monitored biennially by the department and, based upon the findings within the monitoring report, may be required to arrange for an independent financial statement audit for the biennial monitoring period under review**. Subject to limitations caused by the availability **of** resources, the department shall conduct a performance audit of grants to each district at least once every **[**three**] five** years**, or as deemed necessary by the department based upon district grantee performance**.

260.330. 1. Except as otherwise provided in subsection 6 of this section, effective October 1, 1990, each operator of a solid waste sanitary landfill shall collect a charge equal to one dollar and fifty cents per ton or its volumetric equivalent of solid waste accepted and each operator of the solid waste demolition landfill shall collect a charge equal to one dollar per ton or its volumetric equivalent of solid waste accepted. Each operator shall submit the charge, less collection costs, to the department of natural resources for deposit in the "Solid Waste Management Fund" which is hereby created. On October 1, 1992, and thereafter, the charge imposed herein shall be adjusted annually by the same percentage as the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor index, as defined and officially recorded by the United States Department of Labor or its successor agency. No annual adjustment shall be made to the charge imposed under this subsection during October 1, 2005, to October 1, **[**2017**] 2027**, except an adjustment amount consistent with the need to fund the operating costs of the department and taking into account any annual percentage increase in the total of the volumetric equivalent of solid waste accepted in the prior year at solid waste sanitary landfills and demolition landfills and solid waste to be transported out of this state for disposal that is accepted at transfer stations. No annual increase during October 1, 2005, to October 1, **[**2017**] 2027**, shall exceed the percentage increase measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor index, as defined and officially recorded by the United States Department of Labor or its successor agency and calculated on the percentage of revenues dedicated under subdivision (1) of subsection 2 of section 260.335. Any such annual adjustment shall only be made at the discretion of the director, subject to appropriations. Collection costs shall be established by the department and shall not exceed two percent of the amount collected pursuant to this section.

2. The department shall, by rule and regulation, provide for the method and manner of collection.

3. The charges established in this section shall be enumerated separately from the disposal fee charged by the landfill and may be passed through to persons who generated the solid waste. Moneys **[**shall be**]** transmitted to the department shall be no less than the amount collected less collection costs and in a form, manner and frequency as the department shall prescribe. The provisions of section 33.080 to the contrary notwithstanding, moneys in the account shall not lapse to general revenue at the end of each biennium. Failure to collect the charge does not relieve the operator from responsibility for transmitting an amount equal to the charge to the department.

4. The department may examine or audit financial records and landfill activity records and measure landfill usage to verify the collection and transmittal of the charges established in this section. The department may promulgate by rule and regulation procedures to ensure and to verify that the charges imposed herein are properly collected and transmitted to the department.

5. Effective October 1, 1990, any person who operates a transfer station in Missouri shall transmit a fee to the department for deposit in the solid waste management fund which is equal to one dollar and fifty cents per ton or its volumetric equivalent of solid waste accepted. Such fee shall be applicable to all solid waste to be transported out of the state for disposal. On October 1, 1992, and thereafter, the charge imposed herein shall be adjusted annually by the same percentage as the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor index, as defined and officially recorded by the United States Department of Labor or its successor agency. No annual adjustment shall be made to the charge imposed under this subsection during October 1, 2005, to October 1, **[**2017**] 2027**, except an adjustment amount consistent with the need to fund the operating costs of the department and taking into account any annual percentage increase in the total of the volumetric equivalent of solid waste accepted in the prior year at solid waste sanitary landfills and demolition landfills and solid waste to be transported out of this state for disposal that is accepted at transfer stations. No annual increase during October 1, 2005, to October 1, **[**2017**] 2027**, shall exceed the percentage increase measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor index, as defined and officially recorded by the United States Department of Labor or its successor agency and calculated on the percentage of revenues dedicated under

subdivision (1) of subsection 2 of section 260.335. Any such annual adjustment shall only be made at the discretion of the director, subject to appropriations. The department shall prescribe rules and regulations governing the transmittal of fees and verification of waste volumes transported out of state from transfer stations. Collection costs shall also be established by the department and shall not exceed two percent of the amount collected pursuant to this subsection. A transfer station with the sole function of separating materials for recycling or resource recovery activities shall not be subject to the fee imposed in this subsection.

6. Each political subdivision which owns an operational solid waste disposal area may designate, pursuant to this section, up to two free disposal days during each calendar year. On any such free disposal day, the political subdivision shall allow residents of the political subdivision to dispose of any solid waste which may be lawfully disposed of at such solid waste disposal area free of any charge, and such waste shall not be subject to any state fee pursuant to this section. Notice of any free disposal day shall be posted at the solid waste disposal area site and in at least one newspaper of general circulation in the political subdivision no later than fourteen days prior to the free disposal day.

260.335. 1. Each fiscal year eight hundred thousand dollars from the solid waste management fund shall be made available, upon appropriation, to the department and the environmental improvement and energy resources authority to fund activities that promote the development and maintenance of markets for recovered materials. Each fiscal year up to two hundred thousand dollars from the solid waste management fund **may** be used by the department upon appropriation for grants to solid waste management districts for district grants and district operations. Only those solid waste management districts that are allocated fewer funds under subsection 2 of this section than if revenues had been allocated based on the criteria in effect in this section on August 27, 2004, are eligible for these grants. An eligible district shall receive a proportionate share of these grants based on that district's share of the total reduction in funds for eligible districts calculated by comparing the amount of funds allocated under subsection 2 of this section with the amount of funds that would have been allocated using the criteria in effect in this section on August 27, 2004. The department and the authority shall establish a joint interagency agreement with the department of economic development to identify state priorities for market development and to develop the criteria to be used to judge proposed projects. Additional moneys may be appropriated in subsequent fiscal years if requested. The authority shall establish a procedure to measure the effectiveness of the grant program under this subsection and shall provide a report to the governor and general assembly by January fifteenth of each year regarding the effectiveness of the program.

2. All remaining revenues deposited into the fund each fiscal year after moneys have been made available under subsection 1 of this section shall be allocated as follows:

(1) Thirty-nine percent of the revenues shall be dedicated, upon appropriation, to the elimination of illegal solid waste disposal, to identify and prosecute persons disposing of solid waste illegally, to conduct solid waste permitting activities, to administer grants and perform other duties imposed in sections 260.200 to 260.345 and section 260.432. In addition to the thirty-nine percent of the revenues, the department may receive any annual increase in the charge during October 1, 2005, to October 1, **[**2014**] 2027**, under section 260.330 and such increases shall be used solely to fund the operating costs of the department;

(2) Sixty-one percent of the revenues, except any annual increases in the charge under section 260.330 during October 1, 2005, to October 1, **[**2014**] 2027**, which shall be used solely to fund the operating costs of the department, shall be allocated **[**through grants, upon appropriation, to participating cities, counties, and**] to solid waste management** districts. Revenues to be allocated under this subdivision shall be divided as follows: forty percent shall be allocated based on the population of each district in the latest decennial census, and sixty percent shall be allocated based on the amount of revenue generated within each district. For the purposes of this subdivision, revenue generated within each district shall be determined from the previous year's data. No more than fifty percent of the revenue allocable under this subdivision may be allocated to the districts upon approval of the department for implementation of a solid waste management plan and district operations, and at least fifty percent of the revenue allocable to the districts under this subdivision shall be allocated to the cities and counties of the district or to persons or entities providing solid waste management, waste reduction, recycling and related services in these cities and counties. Each district shall receive a minimum of seventy-five thousand dollars under this subdivision. After August 28, **[**2005**] 2015**, each district shall receive a minimum of ninety-five thousand dollars under this subdivision for district grants and district operations. Each district receiving moneys under this subdivision shall expend such moneys pursuant to a solid waste management plan required under section 260.325, and only in the case that the district is in compliance with planning requirements established by the department. Moneys shall be awarded based upon grant applications. **The following criteria may be considered to establish the order of district grant priority:**

(a) Grants to facilities of organizations employing individuals with disabilities under sections 178.900 to 178.960 or sections 205.968 to 205.972;

(b) Grants for proposals that will promote and maximize the sharing of district resources;

(c) Grants for proposals which provide methods of recycling and solid waste reduction; and
(d) All other grants.

Any **allocated district** moneys remaining in any fiscal year due to insufficient or inadequate **grant** applications **[**may**]** **shall** be reallocated **[**pursuant to this subdivision**]** **for grant applications in subsequent years or for solid waste management projects other than district operations, including a district's next request for solid waste management project proposals. Any allocated district moneys remaining after a period of five years shall revert to the credit of the solid waste management fund created under section 260.330**;

(3) Except for the amount up to one-fourth of the department's previous fiscal year expense, any remaining unencumbered funds generated under subdivision (1) of this subsection in prior fiscal years shall be reallocated under this section;

(4) Funds may be made available under this subsection for the administration and grants of the used motor oil program described in section 260.253;

(5) The department and the environmental improvement and energy resources authority shall conduct sample audits of grants provided under this subsection.

3. **In addition to the criteria listed in this section,** the advisory board created in section 260.345 shall recommend criteria to be used to allocate grant moneys to districts, cities and counties. These criteria shall establish a priority for proposals which provide methods of solid waste reduction and recycling. The department shall promulgate criteria for evaluating grants by rule and regulation. Projects of cities and counties located within a district which are funded by grants under this section shall conform to the district solid waste management plan.

4. The funds awarded to the districts**[**, counties and cities**]** pursuant to this section shall be used for the purposes set forth in sections 260.300 to 260.345, and shall be used in addition to existing funds appropriated by counties and cities for solid waste management and shall not supplant county or city appropriated funds.

5. **Once grants are approved by the solid waste management district, the district shall submit to the department the appropriate forms associated with the grant application and any supporting information to verify that appropriate public notice procedures were followed, that grant proposals were reviewed and ranked by the district, and that only eligible costs as set forth in regulations are to be funded. Within thirty days, the department shall review the grant application. If the department finds any deficiencies, or needs more information in order to evaluate the grant application, the department shall notify the district in writing. The department may require the recipient to submit periodic reports and such other data as are necessary, both during the grant period and up to five years thereafter, to ensure compliance with this section. The department may audit the records of any recipient to ensure compliance with this section. Recipients of grants under sections 260.300 to 260.345 shall maintain such records as required by the department. If a grant recipient fails to maintain records or submit reports as required herein, refuses the department access to the records, or fails to meet the department's performance standards, the department may withhold subsequent grant payments, if any, and may compel the repayment of funds provided to the recipient pursuant to a grant.

6. The department shall provide for a security interest in any machinery or equipment purchased through grant moneys distributed pursuant to this section.

7. If the moneys are not transmitted to the department within the time frame established by the rule promulgated, interest shall be imposed on the moneys due the department at the rate of ten percent per annum from the prescribed due date until payment is actually made. Senate Amendment No. 3

AMEND Senate Substitute for House Bill No. 92, Page 88, Section 644.056, Line 25, of said page, by inserting after all of said line the following:

"644.145. 1. When issuing permits under this chapter that incorporate a new requirement for discharges from publicly owned combined or separate sanitary or storm sewer systems or **water or sewer** treatment works, or when enforcing provisions of this chapter or the Federal Water Pollution Control Act, 33 U.S.C. Section 1251, et seq., pertaining to any portion of a publicly owned combined or separate sanitary or storm sewer system or **water or sewer** treatment works, the department of natural resources shall make a finding of affordability on the costs to be incurred and the impact of any rate changes on ratepayers upon which to base such permits and decisions, to the extent allowable under this chapter and the Federal Water Pollution Control Act.

2. (1) The department of natural resources shall not be required under this section to make a finding of affordability when:

(a) Issuing collection system extension permits;

(b) Issuing National Pollution Discharge Elimination System operating permit renewals which include no new environmental requirements; or

(c) The permit applicant certifies that the applicable requirements are affordable to implement or otherwise waives the requirement for an affordability finding; however, at no time shall the department require that any applicant certify, as a condition to approving any permit, administrative or civil action, that a requirement, condition, or penalty is affordable.

(2) The exceptions provided under paragraph (c) of subdivision (1) of this subsection do not apply when the community being served has less than three thousand three hundred residents.

3. When used in this chapter and in standards, rules and regulations promulgated pursuant to this chapter, the following words and phrases mean:

(1) "Affordability", with respect to payment of a utility bill, a measure of whether an individual customer or household with an income equal to **[**the**] or** lower **[**of**] than** the median household income for their community **[**or the state of Missouri**]** can pay the bill without undue hardship or unreasonable sacrifice in the essential lifestyle or spending patterns of the individual or household, taking into consideration the criteria described in subsection 4 of this section;

(2) "Financial capability", the financial capability of a community to make investments necessary to make water quality-related improvements;

(3) "Finding of affordability", a department statement as to whether an individual or a household receiving as income an amount equal to **[**the**] or** lower **[**of**] than** the median household income for the applicant community **[**or the state of Missouri**]** would be required to make unreasonable sacrifices in **[**their**] the individual's or the household's** essential lifestyle or spending patterns or undergo hardships in order to make the projected monthly payments for sewer services. The department shall make a statement that the proposed changes meet the definition of affordable, or fail to meet the definition of affordable, or are implemented as a federal mandate regardless of affordability.

4. The department of natural resources shall adopt procedures by which it will make affordability findings that evaluate the affordability of permit requirements and enforcement actions described in subsection 1 of this section, and may begin implementing such procedures prior to promulgating implementing regulations. The commission shall have the authority to promulgate rules to implement this section pursuant to chapters 536 and 644, and shall promulgate such rules as soon as practicable. Affordability findings shall be based upon reasonably verifiable data and shall include an assessment of affordability with respect to persons or entities affected. The department shall offer the permittee an opportunity to review a draft affordability finding, and the permittee may suggest changes and provide additional supporting information, subject to subsection 6 of this section. The finding shall be based upon the following criteria:

(1) A community's financial capability and ability to raise or secure necessary funding;

(2) Affordability of pollution control options for the individuals or households at or below the median household income level of the community;

(3) An evaluation of the overall costs and environmental benefits of the control technologies;

(4) Inclusion of ongoing costs of operating and maintaining the existing wastewater collection and treatment system, including payments on outstanding debts for wastewater collection and treatment systems when calculating projected rates;

(5) An inclusion of ways to reduce economic impacts on distressed populations in the community, including but not limited to low- and fixed-income populations. This requirement includes but is not limited to:

(a) Allowing adequate time in implementation schedules to mitigate potential adverse impacts on distressed populations resulting from the costs of the improvements and taking into consideration local community economic considerations; and

(b) Allowing for reasonable accommodations for regulated entities when inflexible standards and fines would impose a disproportionate financial hardship in light of the environmental benefits to be gained;

(6) An assessment of other community investments and operating costs relating to environmental improvements and public health protection;

(7) An assessment of factors set forth in the United States Environmental Protection Agency's guidance, including but not limited to the "Combined Sewer Overflow Guidance for Financial Capability Assessment and Schedule Development" that may ease the cost burdens of implementing wet weather control plans, including but not limited to small system considerations, the attainability of water quality standards, and the development of wet weather standards; and

(8) An assessment of any other relevant local community economic condition.

5. Prescriptive formulas and measures used in determining financial capability, affordability, and thresholds for expenditure, such as median household income, should not be considered to be the only indicator of a community's

ability to implement control technology and shall be viewed in the context of other economic conditions rather than as a threshold to be achieved.

6. Reasonable time spent preparing draft affordability findings, allowing permittees to review draft affordability findings or draft permits, or revising draft affordability findings, shall be allowed in addition to the department's deadlines for making permitting decisions pursuant to section 644.051.

7. If the department of natural resources fails to make a finding of affordability where required by this section, then the resulting permit or decision shall be null, void and unenforceable.

8. The department of natural resources' findings under this section may be appealed to the commission pursuant to subsection 6 of section 644.051.

9. The department shall file an annual report by the beginning of the fiscal year with the governor, the speaker of the house of representatives, the president pro tempore of the senate, and the chairs of the committees in both houses having primary jurisdiction over natural resource issues showing at least the following information on the findings of affordability completed in the previous calendar year:

(1) The total number of findings of affordability issued by the department, those categorized as affordable, those categorized as not meeting the definition of affordable, and those implemented as a federal mandate regardless of affordability;

(2) The average increase in sewer rates both in dollars and percentage for all findings found to be affordable;

(3) The average increase in sewer rates as a percentage of median house income in the communities for those findings determined to be affordable and a separate calculation of average increases in sewer rates for those found not to meet the definition of affordable;

(4) A list of all the permit holders receiving findings, and for each permittee the following data taken from the finding of affordability shall be listed:

(a) Current and projected monthly residential sewer rates in dollars;

(b) Projected monthly residential sewer rates as a percentage of median **[**house**]** **household** income;

(c) Percentage of households at or below the state poverty rate."; and

Collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols, or standing orders for the delivery of health care services. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer or dispense drugs and provide treatment as long as the delivery of such health care services is within the scope of practice of the registered professional nurse and is consistent with that nurse's skill, training and competence.

2. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer, dispense or prescribe drugs and provide treatment if the registered professional nurse

is an advanced practice registered nurse as defined in subdivision (2) of section 335.016. Collaborative practice arrangements may delegate to an advanced practice registered nurse, as defined in section 335.016, the authority to administer, dispense, or prescribe controlled substances listed in Schedules III, IV, and V of section 195.017**, and Schedule II - hydrocodone**; except that, the collaborative practice arrangement shall not delegate the authority to administer any controlled substances listed in schedules III, IV, and V of section 195.017**, or Schedule II - hydrocodone** for the purpose of inducing sedation or general anesthesia for therapeutic, diagnostic, or surgical procedures. Schedule III narcotic controlled substance **and Schedule II - hydrocodone** prescriptions shall be limited to a one hundred twenty-hour supply without refill. Such collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols or standing orders for the delivery of health care services.

3. The written collaborative practice arrangement shall contain at least the following provisions:

(1) Complete names, home and business addresses, zip codes, and telephone numbers of the collaborating physician and the advanced practice registered nurse;

(2) A list of all other offices or locations besides those listed in subdivision (1) of this subsection where the collaborating physician authorized the advanced practice registered nurse to prescribe;

(3) A requirement that there shall be posted at every office where the advanced practice registered nurse is authorized to prescribe, in collaboration with a physician, a prominently displayed disclosure statement informing patients that they may be seen by an advanced practice registered nurse and have the right to see the collaborating physician;

(4) All specialty or board certifications of the collaborating physician and all certifications of the advanced practice registered nurse;

(5) The manner of collaboration between the collaborating physician and the advanced practice registered nurse, including how the collaborating physician and the advanced practice registered nurse will:

(a) Engage in collaborative practice consistent with each professional's skill, training, education, and competence;

(b) Maintain geographic proximity, except the collaborative practice arrangement may allow for geographic proximity to be waived for a maximum of twenty-eight days per calendar year for rural health clinics as defined by P.L. 95-210, as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. This exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics where the provider is a critical access hospital as provided in 42 U.S.C. 1395i-4, and provider-based rural health clinics where the main location of the hospital sponsor is greater than fifty miles from the clinic. The collaborating physician is required to maintain documentation related to this requirement and to present it to the state board of registration for the healing arts when requested; and

(c) Provide coverage during absence, incapacity, infirmity, or emergency by the collaborating physician;

(6) A description of the advanced practice registered nurse's controlled substance prescriptive authority in collaboration with the physician, including a list of the controlled substances the physician authorizes the nurse to prescribe and documentation that it is consistent with each professional's education, knowledge, skill, and competence;

(7) A list of all other written practice agreements of the collaborating physician and the advanced practice registered nurse;

(8) The duration of the written practice agreement between the collaborating physician and the advanced practice registered nurse;

(9) A description of the time and manner of the collaborating physician's review of the advanced practice registered nurse's delivery of health care services. The description shall include provisions that the advanced practice registered nurse shall submit a minimum of ten percent of the charts documenting the advanced practice registered nurse's delivery of health care services to the collaborating physician for review by the collaborating physician, or any other physician designated in the collaborative practice arrangement, every fourteen days; and

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the advanced practice registered nurse prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection.

4. The state board of registration for the healing arts pursuant to section 334.125 and the board of nursing pursuant to section 335.036 may jointly promulgate rules regulating the use of collaborative practice arrangements. Such rules shall be limited to specifying geographic areas to be covered, the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances

by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017**, or Schedule II - hydrocodone**.

8. A collaborating physician shall not enter into a collaborative practice arrangement with more than three full-time equivalent advanced practice registered nurses. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other agreement shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advanced practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician.

334.747. 1. A physician assistant with a certificate of controlled substance prescriptive authority as provided in this section may prescribe any controlled substance listed in schedule III, IV, or V of section 195.017**, and may have restricted authority in Schedule II,** when delegated the authority to prescribe controlled substances in a supervision agreement. Such authority shall be listed on the supervision verification form on file with the state board of healing arts. The supervising physician shall maintain the right to limit a specific scheduled drug or scheduled drug category that the physician assistant is permitted to prescribe. Any limitations shall be listed on the supervision form. **Prescriptions for Schedule II medications prescribed by a physician assistant with authority to prescribe delegated in a supervision agreement are restricted to only those medications containing hydrocodone.** Physician assistants shall not prescribe controlled substances for themselves or members of their families. Schedule III controlled substances **and Schedule II - hydrocodone prescriptions** shall be limited to a five-day supply without refill. Physician assistants who are authorized to prescribe controlled substances under this section shall register with the federal Drug Enforcement Administration and the state bureau of narcotics and dangerous drugs, and shall include the Drug Enforcement Administration registration number on prescriptions for controlled substances.

2. The supervising physician shall be responsible to determine and document the completion of at least one hundred twenty hours in a four-month period by the physician assistant during which the physician assistant shall practice with the supervising physician on-site prior to prescribing controlled substances when the supervising physician is not on-site. Such limitation shall not apply to physician assistants of population-based public health services as defined in 20 CSR 2150-5.100 as of April 30, 2009.

3. A physician assistant shall receive a certificate of controlled substance prescriptive authority from the board of healing arts upon verification of the completion of the following educational requirements:

(1) Successful completion of an advanced pharmacology course that includes clinical training in the prescription of drugs, medicines, and therapeutic devices. A course or courses with advanced pharmacological content in a physician assistant program accredited by the Accreditation Review Commission on Education for the Physician Assistant (ARC-PA) or its predecessor agency shall satisfy such requirement;

(2) Completion of a minimum of three hundred clock hours of clinical training by the supervising physician in the prescription of drugs, medicines, and therapeutic devices;

(3) Completion of a minimum of one year of supervised clinical practice or supervised clinical rotations. One year of clinical rotations in a program accredited by the Accreditation Review Commission on Education for the Physician Assistant (ARC-PA) or its predecessor agency, which includes pharmacotherapeutics as a component of its clinical training, shall satisfy such requirement. Proof of such training shall serve to document experience in the prescribing of drugs, medicines, and therapeutic devices;

(4) A physician assistant previously licensed in a jurisdiction where physician assistants are authorized to prescribe controlled substances may obtain a state bureau of narcotics and dangerous drugs registration if a supervising physician can attest that the physician assistant has met the requirements of subdivisions (1) to (3) of this subsection and provides documentation of existing federal Drug Enforcement Agency registration."; and

House Amendment No. 5

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 380, Page 15, Section 301.142, Line 217, by inserting immediately after said line the following:

"324.001. 1. For the purposes of this section, the following terms mean:

(1) "Department", the department of insurance, financial institutions and professional registration;

(2) "Director", the director of the division of professional registration; and

(3) "Division", the division of professional registration.

2. There is hereby established a "Division of Professional Registration" assigned to the department of insurance, financial institutions and professional registration as a type III transfer, headed by a director appointed by the governor with the advice and consent of the senate. All of the general provisions, definitions and powers enumerated in section 1 of the Omnibus State Reorganization Act of 1974 and Executive Order 06-04 shall apply to this department and its divisions, agencies, and personnel.

3. The director of the division of professional registration shall promulgate rules and regulations which designate for each board or commission assigned to the division the renewal date for licenses or certificates. After the initial establishment of renewal dates, no director of the division shall promulgate a rule or regulation which would change the renewal date for licenses or certificates if such change in renewal date would occur prior to the date on which the renewal date in effect at the time such new renewal date is specified next occurs. Each board or commission shall by rule or regulation establish licensing periods of one, two, or three years. Registration fees set by a board or commission shall be effective for the entire licensing period involved, and shall not be increased during any current licensing period. Persons who are required to pay their first registration fees shall be allowed to pay the pro rata share of such fees for the remainder of the period remaining at the time the fees are paid. Each board or commission shall provide the necessary forms for initial registration, and thereafter the director may prescribe standard forms for renewal of licenses and certificates. Each board or commission shall by rule and regulation require each applicant to provide the information which is required to keep the board's records current. Each board or commission shall have the authority to collect and analyze information required to support workforce planning and policy development. Such information shall not be publicly disclosed so as to identify a specific health care provider, as defined in section 376.1350. Each board or commission shall issue the original license or certificate.

4. The division shall provide clerical and other staff services relating to the issuance and renewal of licenses for all the professional licensing and regulating boards and commissions assigned to the division. The division shall perform the financial management and clerical functions as they each relate to issuance and renewal of licenses and certificates. "Issuance and renewal of licenses and certificates" means the ministerial function of preparing and delivering licenses or certificates, and obtaining material and information for the board or commission in connection with the renewal thereof. It does not include any discretionary authority with regard to the original review of an applicant's qualifications for licensure or certification, or the subsequent review of licensee's or certificate holder's qualifications,

or any disciplinary action contemplated against the licensee or certificate holder. The division may develop and implement microfilming systems and automated or manual management information systems.

5. The director of the division shall maintain a system of accounting and budgeting, in cooperation with the director of the department, the office of administration, and the state auditor's office, to ensure proper charges are made to the various boards for services rendered to them. The general assembly shall appropriate to the division and other state agencies from each board's funds moneys sufficient to reimburse the division and other state agencies for all services rendered and all facilities and supplies furnished to that board.

6. For accounting purposes, the appropriation to the division and to the office of administration for the payment of rent for quarters provided for the division shall be made from the "Professional Registration Fees Fund", which is hereby created, and is to be used solely for the purpose defined in subsection 5 of this section. The fund shall consist of moneys deposited into it from each board's fund. Each board shall contribute a prorated amount necessary to fund the division for services rendered and rent based upon the system of accounting and budgeting established by the director of the division as provided in subsection 5 of this section. Transfers of funds to the professional registration fees fund shall be made by each board on July first of each year; provided, however, that the director of the division may establish an alternative date or dates of transfers at the request of any board. Such transfers shall be made until they equal the prorated amount for services rendered and rent by the division. The provisions of section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of general revenue.

7. The director of the division shall be responsible for collecting and accounting for all moneys received by the division or its component agencies. Any money received by a board or commission shall be promptly given, identified by type and source, to the director. The director shall keep a record by board and state accounting system classification of the amount of revenue the director receives. The director shall promptly transmit all receipts to the department of revenue for deposit in the state treasury to the credit of the appropriate fund. The director shall provide each board with all relevant financial information in a timely fashion. Each board shall cooperate with the director by providing necessary information.

8. All educational transcripts, test scores, complaints, investigatory reports, and information pertaining to any person who is an applicant or licensee of any agency assigned to the division of professional registration by statute or by the department are confidential and may not be disclosed to the public or any member of the public, except with the written consent of the person whose records are involved. The agency which possesses the records or information shall disclose the records or information if the person whose records or information is involved has consented to the disclosure. Each agency is entitled to the attorney-client privilege and work-product privilege to the same extent as any other person. Provided, however, that any board may disclose confidential information without the consent of the person involved in the course of voluntary interstate exchange of information, or in the course of any litigation concerning that person, or pursuant to a lawful request, or to other administrative or law enforcement agencies acting within the scope of their statutory authority. Information regarding identity, including names and addresses, registration, and currency of the license of the persons possessing licenses to engage in a professional occupation and the names and addresses of applicants for such licenses is not confidential information.

9. Any deliberations conducted and votes taken in rendering a final decision after a hearing before an agency assigned to the division shall be closed to the parties and the public. Once a final decision is rendered, that decision shall be made available to the parties and the public.

10. A compelling governmental interest shall be deemed to exist for the purposes of section 536.025 for licensure fees to be reduced by emergency rule, if the projected fund balance of any agency assigned to the division of professional registration is reasonably expected to exceed an amount that would require transfer from that fund to general revenue.

11. (1) The following boards and commissions are assigned by specific type transfers to the division of professional registration: Missouri state board of accountancy, chapter 326; board of cosmetology and barber examiners, chapters 328 and 329; Missouri board for architects, professional engineers, professional land surveyors and landscape architects, chapter 327; Missouri state board of chiropractic examiners, chapter 331; state board of registration for the healing arts, chapter 334; Missouri dental board, chapter 332; state board of embalmers and funeral directors, chapter 333; state board of optometry, chapter 336; Missouri state board of nursing, chapter 335; board of pharmacy, chapter 338; state board of podiatric medicine, chapter 330; Missouri real estate appraisers commission, chapter 339; and Missouri veterinary medical board, chapter 340. The governor shall appoint members of these boards by and with the advice and consent of the senate.

(2) The boards and commissions assigned to the division shall exercise all their respective statutory duties and powers, except those clerical and other staff services involving collecting and accounting for moneys and financial management relating to the issuance and renewal of licenses, which services shall be provided by the division, within the appropriation therefor. Nothing herein shall prohibit employment of professional examining or testing services from

professional associations or others as required by the boards or commissions on contract. Nothing herein shall be construed to affect the power of a board or commission to expend its funds as appropriated. However, the division shall review the expense vouchers of each board. The results of such review shall be submitted to the board reviewed and to the house and senate appropriations committees annually.

(3) Notwithstanding any other provisions of law, the director of the division shall exercise only those management functions of the boards and commissions specifically provided in the Reorganization Act of 1974, and those relating to the allocation and assignment of space, personnel other than board personnel, and equipment.

(4) "Board personnel", as used in this section or chapters 317, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, and 345, shall mean personnel whose functions and responsibilities are in areas not related to the clerical duties involving the issuance and renewal of licenses, to the collecting and accounting for moneys, or to financial management relating to issuance and renewal of licenses; specifically included are executive secretaries (or comparable positions), consultants, inspectors, investigators, counsel, and secretarial support staff for these positions; and such other positions as are established and authorized by statute for a particular board or commission. Boards and commissions may employ legal counsel, if authorized by law, and temporary personnel if the board is unable to meet its responsibilities with the employees authorized above. Any board or commission which hires temporary employees shall annually provide the division director and the appropriation committees of the general assembly with a complete list of all persons employed in the previous year, the length of their employment, the amount of their remuneration, and a description of their responsibilities.

(5) Board personnel for each board or commission shall be employed by and serve at the pleasure of the board or commission, shall be supervised as the board or commission designates, and shall have their duties and compensation prescribed by the board or commission, within appropriations for that purpose, except that compensation for board personnel shall not exceed that established for comparable positions as determined by the board or commission pursuant to the job and pay plan of the department of insurance, financial institutions and professional registration. Nothing herein shall be construed to permit salaries for any board personnel to be lowered except by board action.

12. All the powers, duties, and functions of the division of athletics, chapter 317, and others, are assigned by type I transfer to the division of professional registration.

13. Wherever the laws, rules, or regulations of this state make reference to the "division of professional registration of the department of economic development", such references shall be deemed to refer to the division of professional registration.

14. (1) The state board of nursing, board of pharmacy, Missouri dental board, state committee of psychologists, or state board of registration for the healing arts may individually or collectively enter into a contractual agreement with the department of health and senior services, a public institution of higher education, or a nonprofit entity for the purpose of collecting and analyzing workforce data from its licensees, registrants, or permit holders for future workforce planning and to assess the accessibility and availability of qualified health care services and practitioners in Missouri. The boards shall work collaboratively with other state governmental entities to ensure coordination and avoid duplication of efforts.

(2) The boards may expend appropriated funds necessary for operational expenses of the program formed under this subsection. Each board is authorized to accept grants to fund the collection or analysis authorized in this subsection. Any such funds shall be deposited in the respective board's fund.

(3) Data collection shall be controlled and approved by the applicable state board conducting or requesting the collection. Notwithstanding the provisions of sections 324.010 and 334.001, the boards may release identifying data to the contractor to facilitate data analysis of the health care workforce including, but not limited to, geographic, demographic, and practice or professional characteristics of licensees. The state board shall not request or be authorized to collect income or other financial earnings data.

(4) Data collected under this subsection shall be deemed the property of the state board requesting the data. Data shall be maintained by the state board in accordance with chapter 610, provided any information deemed closed or confidential under subsection 8 of this section or any other provision of state law shall not be disclosed without consent of the applicable licensee or entity or as otherwise authorized by law. Data shall only be released in an aggregate form in a manner that cannot be used to identify a specific individual or entity.

(5) Contractors shall maintain the confidentiality of data received or collected under this subsection and shall not use, disclose, or release any data without approval of the applicable state board.

(6) Each board may promulgate rules subject to the provisions of this subsection and chapter 536 to effectuate and implement the workforce data collection and analysis authorized by this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with

the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2015, shall be invalid and void."; and

"208.152. 1. MO HealthNet payments shall be made on behalf of those eligible needy persons as defined in section 208.151 who are unable to provide for it in whole or in part, with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Inpatient hospital services, except to persons in an institution for mental diseases who are under the age of sixty-five years and over the age of twenty-one years; provided that the MO HealthNet division shall provide through rule and regulation an exception process for coverage of inpatient costs in those cases requiring treatment beyond the seventy-fifth percentile professional activities study (PAS) or the MO HealthNet children's diagnosis length-of-stay schedule; and provided further that the MO HealthNet division shall take into account through its payment system for hospital services the situation of hospitals which serve a disproportionate number of low-income patients;

(2) All outpatient hospital services, payments therefor to be in amounts which represent no more than eighty percent of the lesser of reasonable costs or customary charges for such services, determined in accordance with the principles set forth in Title XVIII A and B, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. Section 301, et seq.), but the MO HealthNet division may evaluate outpatient hospital services rendered under this section and deny payment for services which are determined by the MO HealthNet division not to be medically necessary, in accordance with federal law and regulations;

(3) Laboratory and X-ray services;

(4) Nursing home services for participants, except to persons with more than five hundred thousand dollars equity in their home or except for persons in an institution for mental diseases who are under the age of sixty-five years, when residing in a hospital licensed by the department of health and senior services or a nursing home licensed by the department of health and senior services or appropriate licensing authority of other states or government-owned and -operated institutions which are determined to conform to standards equivalent to licensing requirements in Title XIX of the federal Social Security Act (42 U.S.C. Section 301, et seq.), as amended, for nursing facilities. The MO HealthNet division may recognize through its payment methodology for nursing facilities those nursing facilities which serve a high volume of MO HealthNet patients. The MO HealthNet division when determining the amount of the benefit payments to be made on behalf of persons under the age of twenty-one in a nursing facility may consider nursing facilities furnishing care to persons under the age of twenty-one as a classification separate from other nursing facilities;

(5) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection for those days, which shall not exceed twelve per any period of six consecutive months, during which the participant is on a temporary leave of absence from the hospital or nursing home, provided that no such participant shall be allowed a temporary leave of absence unless it is specifically provided for in his plan of care. As used in this subdivision, the term "temporary leave of absence" shall include all periods of time during which a participant is away from the hospital or nursing home overnight because he is visiting a friend or relative;

(6) Physicians' services, whether furnished in the office, home, hospital, nursing home, or elsewhere;

(7) Drugs and medicines when prescribed by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse; except that no payment for drugs and medicines prescribed on and after January 1, 2006, by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse may be made on behalf of any person who qualifies for prescription drug coverage under the provisions of P.L. 108-173;

(8) Emergency ambulance services and, effective January 1, 1990, medically necessary transportation to scheduled, physician-prescribed nonelective treatments;

(9) Early and periodic screening and diagnosis of individuals who are under the age of twenty-one to ascertain their physical or mental defects, and health care, treatment, and other measures to correct or ameliorate defects and chronic conditions discovered thereby. Such services shall be provided in accordance with the provisions of Section 6403 of P.L. 101-239 and federal regulations promulgated thereunder;

(10) Home health care services;

(11) Family planning as defined by federal rules and regulations; provided, however, that such family planning services shall not include abortions unless such abortions are certified in writing by a physician to the MO HealthNet agency that, in the physician's professional judgment, the life of the mother would be endangered if the fetus were carried to term;

(12) Inpatient psychiatric hospital services for individuals under age twenty-one as defined in Title XIX of the federal Social Security Act (42 U.S.C. Section 1396d, et seq.);

(13) Outpatient surgical procedures, including presurgical diagnostic services performed in ambulatory surgical facilities which are licensed by the department of health and senior services of the state of Missouri; except, that such outpatient surgical services shall not include persons who are eligible for coverage under Part B of Title XVIII, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended, if exclusion of such persons is permitted under Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended;

(14) Personal care services which are medically oriented tasks having to do with a person's physical requirements, as opposed to housekeeping requirements, which enable a person to be treated by his or her physician on an outpatient rather than on an inpatient or residential basis in a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be rendered by an individual not a member of the participant's family who is qualified to provide such services where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a licensed nurse. Persons eligible to receive personal care services shall be those persons who would otherwise require placement in a hospital, intermediate care facility, or skilled nursing facility. Benefits payable for personal care services shall not exceed for any one participant one hundred percent of the average statewide charge for care and treatment in an intermediate care facility for a comparable period of time. Such services, when delivered in a residential care facility or assisted living facility licensed under chapter 198 shall be authorized on a tier level based

on the services the resident requires and the frequency of the services. A resident of such facility who qualifies for assistance under section 208.030 shall, at a minimum, if prescribed by a physician, qualify for the tier level with the fewest services. The rate paid to providers for each tier of service shall be set subject to appropriations. Subject to appropriations, each resident of such facility who qualifies for assistance under section 208.030 and meets the level of care required in this section shall, at a minimum, if prescribed by a physician, be authorized up to one hour of personal care services per day. Authorized units of personal care services shall not be reduced or tier level lowered unless an order approving such reduction or lowering is obtained from the resident's personal physician. Such authorized units of personal care services or tier level shall be transferred with such resident if he or she transfers to another such facility. Such provision shall terminate upon receipt of relevant waivers from the federal Department of Health and Human Services. If the Centers for Medicare and Medicaid Services determines that such provision does not comply with the state plan, this provision shall be null and void. The MO HealthNet division shall notify the revisor of statutes as to whether the relevant waivers are approved or a determination of noncompliance is made;

(15) Mental health services. The state plan for providing medical assistance under Title XIX of the Social Security Act, 42 U.S.C. Section 301, as amended, shall include the following mental health services when such services are provided by community mental health facilities operated by the department of mental health or designated by the department of mental health as a community mental health facility or as an alcohol and drug abuse facility or as a child-serving agency within the comprehensive children's mental health service system established in section 630.097. The department of mental health shall establish by administrative rule the definition and criteria for designation as a community mental health facility and for designation as an alcohol and drug abuse facility. Such mental health services shall include:

(a) Outpatient mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(b) Clinic mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(c) Rehabilitative mental health and alcohol and drug abuse services including home and community-based preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health or alcohol and drug abuse professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management. As used in this section, mental health professional and alcohol and drug abuse professional shall be defined by the department of mental health pursuant to duly promulgated rules. With respect to services established by this subdivision, the department of social services, MO HealthNet division, shall enter into an agreement with the department of mental health. Matching funds for outpatient mental health services, clinic mental health services, and rehabilitation services for mental health and alcohol and drug abuse shall be certified by the department of mental health to the MO HealthNet division. The agreement shall establish a mechanism for the joint implementation of the provisions of this subdivision. In addition, the agreement shall establish a mechanism by which rates for services may be jointly developed;

(16) Such additional services as defined by the MO HealthNet division to be furnished under waivers of federal statutory requirements as provided for and authorized by the federal Social Security Act (42 U.S.C. Section 301, et seq.) subject to appropriation by the general assembly;

(17) The services of an advanced practice registered nurse with a collaborative practice agreement to the extent that such services are provided in accordance with chapters 334 and 335, and regulations promulgated thereunder;

(18) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection to reserve a bed for the participant in the nursing home during the time that the participant is absent due to admission to a hospital for services which cannot be performed on an outpatient basis, subject to the provisions of this subdivision:

(a) The provisions of this subdivision shall apply only if:

a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO HealthNet certified licensed beds, according to the most recent quarterly census provided to the department of health and senior services which was taken prior to when the participant is admitted to the hospital; and

b. The patient is admitted to a hospital for a medical condition with an anticipated stay of three days or less;

(b) The payment to be made under this subdivision shall be provided for a maximum of three days per hospital stay;

(c) For each day that nursing home costs are paid on behalf of a participant under this subdivision during any period of six consecutive months such participant shall, during the same period of six consecutive months, be ineligible for payment of nursing home costs of two otherwise available temporary leave of absence days provided under subdivision (5) of this subsection; and

(d) The provisions of this subdivision shall not apply unless the nursing home receives notice from the participant or the participant's responsible party that the participant intends to return to the nursing home following the hospital stay. If the nursing home receives such notification and all other provisions of this subsection have been satisfied, the nursing home shall provide notice to the participant or the participant's responsible party prior to release of the reserved bed;

(19) Prescribed medically necessary durable medical equipment. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(20) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(21) Prescribed medically necessary dental services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(22) Prescribed medically necessary optometric services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(23) Blood clotting products-related services. For persons diagnosed with a bleeding disorder, as defined in section 338.400, reliant on blood clotting products, as defined in section 338.400, such services include:

(a) Home delivery of blood clotting products and ancillary infusion equipment and supplies, including the emergency deliveries of the product when medically necessary;

(b) Medically necessary ancillary infusion equipment and supplies required to administer the blood clotting products; and

(c) Assessments conducted in the participant's home by a pharmacist, nurse, or local home health care agency trained in bleeding disorders when deemed necessary by the participant's treating physician;

(24) The MO HealthNet division shall, by January 1, 2008, and annually thereafter, report the status of MO HealthNet provider reimbursement rates as compared to one hundred percent of the Medicare reimbursement rates and compared to the average dental reimbursement rates paid by third-party payors licensed by the state. The MO HealthNet division shall, by July 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare reimbursement rates and for third-party payor average dental reimbursement rates. Such plan shall be subject to appropriation and the division shall include in its annual budget request to the governor the necessary funding needed to complete the four-year plan developed under this subdivision.

2. Additional benefit payments for medical assistance shall be made on behalf of those eligible needy children, pregnant women and blind persons with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Dental services;

(2) Services of podiatrists as defined in section 330.010;

(3) Optometric services as defined in section 336.010;

(4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids, and wheelchairs;

(5) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement

and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet division shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3. The MO HealthNet division may require any participant receiving MO HealthNet benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services except for those services covered under subdivisions (14) and (15) of subsection 1 of this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. Section 1396, et seq.) and regulations thereunder. When substitution of a generic drug is permitted by the prescriber according to section 338.056, and a generic drug is substituted for a name-brand drug, the MO HealthNet division may not lower or delete the requirement to make a co-payment pursuant to regulations of Title XIX of the federal Social Security Act. A provider of goods or services described under this section must collect from all participants the additional payment that may be required by the MO HealthNet division under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by participants under this section shall be in addition to and not in lieu of payments made by the state for goods or services described herein except the participant portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a participant is unable to pay a required payment. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give participants advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not approve the Missouri MO HealthNet state plan amendment submitted by the department of social services that would allow a provider to deny future services to an individual with uncollected co-payments, the denial of services shall not be allowed. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

4. The MO HealthNet division shall have the right to collect medication samples from participants in order to maintain program integrity.

5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available under the state plan for MO HealthNet benefits at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. Section 1396a and federal regulations promulgated thereunder.

6. Beginning July 1, 1990, reimbursement for services rendered in federally funded health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated thereunder.

7. Beginning July 1, 1990, the department of social services shall provide notification and referral of children below age five, and pregnant, breast-feeding, or postpartum women who are determined to be eligible for MO HealthNet benefits under section 208.151 to the special supplemental food programs for women, infants and children administered by the department of health and senior services. Such notification and referral shall conform to the requirements of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

8. Providers of long-term care services shall be reimbursed for their costs in accordance with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. Section 1396a, as amended, and regulations promulgated thereunder.

9. Reimbursement rates to long-term care providers with respect to a total change in ownership, at arm's length, for any facility previously licensed and certified for participation in the MO HealthNet program shall not increase payments in excess of the increase that would result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C. Section 1396a (a)(13)(C).

10. The MO HealthNet division, may enroll qualified residential care facilities and assisted living facilities, as defined in chapter 198, as MO HealthNet personal care providers.

Such rules shall address, but not be limited to, appropriate standards for the use of telehealth, certification of agencies offering telehealth, and payment for services by providers. Telehealth providers shall be required to obtain patient consent before telehealth services are initiated and to ensure confidentiality of medical information.

3. Telehealth may be utilized to service individuals who are qualified as MO HealthNet participants under Missouri law. Reimbursement for such services shall be made in the same way as reimbursement for in-person contacts.

4. The provisions of section 208.671 shall apply to the use of asynchronous store-and-forward technology in the practice of telehealth.

"To repeal section 66.620 RSMo, and to enact in lieu thereof one new section relating to political subdivisions."; and

Further amend said bill, Page 1, Section 1, Line 1, by inserting before all of said line the following:

"66.620. 1. All county sales taxes collected by the director of revenue under sections 66.600 to 66.630 on behalf of any county, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created, to be known as the "County Sales Tax Trust Fund". The moneys in the county sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each county imposing a county sales tax, and the records shall be open to the inspection of officers of the county and the public. Not later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the county which levied the tax; such funds shall be deposited with the **[**county**]** treasurer of the county and all expenditures of funds arising from the county sales tax trust fund shall be by an appropriation act to be enacted by the legislative council of the county, and to the cities, towns and villages located wholly or partly within the county which levied the tax in the manner as set forth in sections 66.600 to 66.630.

2. In any county not adopting an additional sales tax and alternate distribution system as provided in section 67.581, for the purposes of distributing the county sales tax, the county shall be divided into two groups, "Group A" and "Group B". For the purposes of determining the location of consummation of sales for distribution of funds to cities, towns and villages in group A, the boundaries of any such city, town or village shall be the boundary of that city, town or village as it existed on March 19, 1984. Group B shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which did not have a city sales tax in effect under the provisions of sections 94.500 to 94.550 on the day prior to the adoption of the county sales tax ordinance, and shall also include all unincorporated areas of the county which levied the tax; except that, beginning January 1, 1980, group B shall consist of all cities, towns and villages which are located wholly or partly within the county which levied the tax and which did not have a city sales tax approved by the voters of such city under the

3. Until January 1, 1994, the director of revenue shall distribute to the cities, towns and villages in group A the taxes based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087. Except for distribution governed by section 66.630, after deducting the distribution to the cities, towns and villages in group A, the director of revenue shall distribute the remaining funds in the county sales tax trust fund to the cities, towns and villages and the county in group B as follows: To the county which levied the tax, a percentage of the distributable revenue equal to the percentage ratio that the population of the unincorporated areas of the county bears to the total population of group B; and to each city, town or village in group B located wholly within the taxing county, a percentage of the distributable revenue equal to the percentage ratio that the population of such city, town or village bears to the total population of group B; and to each city, town or village located partly within the taxing county, a percentage of the distributable revenue equal to the percentage ratio that the population of that part of the city, town or village located within the taxing county bears to the total population of group B.

4. From **[**and after**]** January 1, 1994, **until December 31, 2015,** the director of revenue shall distribute to the cities, towns and villages in group A a portion of the taxes based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087 in accordance with the formula described in this subsection. After deducting the distribution to the cities, towns and villages in group A, the director of revenue shall distribute funds in the county sales tax trust fund to the cities, towns and villages and the county in group B as follows: To the county which levied the tax, ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated since April 1, 1993, multiplied by the total of all sales tax revenues countywide, and a percentage of the remaining distributable revenue equal to the percentage ratio that the population of unincorporated areas of the county bears to the total population of group B; and to each city, town or village in group B located wholly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of such city, town or village bears to the total population of group B; and to each city, town or village located partly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of that part of the city, town or village located within the taxing county bears to the total population of group B.

5. **(1) From and after January 1, 2016, the director of revenue shall distribute to the cities, towns, and villages in group A a portion of the taxes based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087, in accordance with the formula described in this subsection. After deducting the distribution to the cities, towns, and villages in group A, the director of revenue shall distribute funds in the county sales tax trust fund to the cities, towns, and villages, and the county in group B as follows: to the county which levied the tax, ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated since April 1, 1993, multiplied by the total of all sales tax revenues countywide, and a percentage of the remaining distributable revenue equal to the percentage ratio that the population of unincorporated areas of the county bears to the total population of group B as adjusted such that no city, town, or village in group B shall receive a distribution that is less than fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087; and to each city, town, or village in group B located wholly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of such city, town, or village bears to the total population of group B, as adjusted such that no city, town, or village in group B shall receive a distribution that is less than fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087; and to each city, town, or village located partly within the taxing county, a percentage of the remaining distributable revenue equal to the percentage ratio that the population of that part of the city, town, or village located within the taxing county bears to the total population of group B, as adjusted such that no city, town, or village in group B shall receive a distribution that is less than fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087.**

(2) For purposes of making any adjustment required by this subsection, the director of revenue shall, prior to any distribution to the county or to each city, town, or village in group B located wholly or partly within the taxing county, identify each city, town, or village in group B located wholly or partly within the taxing county that would receive a distribution that is less than fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087 if no adjustment were made and calculate the difference between the amount that

the distribution to each such city, town, or village would have been without any adjustment and the amount that equals fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087. The director of revenue shall then deduct the amount of such difference from the remaining distributable revenue and distribute the amount of such difference to each such city, town, or village that would otherwise have received a distribution that is less than fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087 if no adjustment were made. Thereafter, the director of revenue shall distribute the remaining distributable revenue, as adjusted, to the county and to each city, town, or village in group B located wholly or partly within the taxing county in the manner provided in this subsection.

(3) For purposes of this subsection, if a city, town, or village is partly in group A and partly in group B, the director of revenue shall calculate fifty percent of the amount of taxes generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087 by multiplying fifty percent by the amount of all county sales taxes collected by the director of revenue under sections 66.600 to 66.630, less one percent for cost of collection, that are generated within such city, town, or village based on the location in which the sales were deemed consummated under section 66.630 and subsection 12 of section 32.087, regardless of whether such taxes are deemed consummated in group A or group B.

6. (1) For purposes of administering the distribution formula of **[**subsection**]** **subsections** 4 **and 5** of this section, the revenues arising each year from sales occurring within each group A city, town or village shall be distributed as follows: Until such revenues reach the adjusted county average, as hereinafter defined, there shall be distributed to the city, town or village all of such revenues reduced by the percentage which is equal to ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993; and once revenues exceed the adjusted county average, total revenues shall be shared in accordance with the redistribution formula as defined in this subsection.

(2) For purposes of this subsection, the "adjusted county average" is the per capita countywide average of all sales tax distributions during the prior calendar year reduced by the percentage which is equal to ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993; the "redistribution formula" is as follows: During 1994, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of 8.5 multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. During 1995, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of seventeen multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. From January 1, 1996, until January 1, 2000, each group A city, town and village shall receive that portion of the revenues arising from sales occurring within the municipality that remains after deducting therefrom an amount equal to the cumulative sales tax revenues arising from sales within the municipality multiplied by the percentage which is the sum of ten percent multiplied by the percentage of the population of unincorporated county which has been annexed or incorporated after April 1, 1993, and the percentage, if greater than zero, equal to the product of 25.5 multiplied by the logarithm (to base 10) of the product of 0.035 multiplied by the total of cumulative per capita sales taxes arising from sales within the municipality less the adjusted county average. From and after January 1, 2000, the distribution formula covering the period from January 1, 1996, until January 1, 2000, shall continue to apply, except that the percentage computed for sales arising within the municipalities shall be not less than 7.5 percent for municipalities within which sales tax revenues exceed the adjusted county average, nor less than 12.5 percent for municipalities within which sales tax revenues exceed the adjusted county average by at least twenty-five percent.

(3) For purposes of applying the redistribution formula to a municipality which is partly within the county levying the tax, the distribution shall be calculated alternately for the municipality as a whole, except that the factor for annexed portion of the county shall not be applied to the portion of the municipality which is not within the county

levying the tax, and for the portion of the municipality within the county levying the tax. Whichever calculation results in the larger distribution to the municipality shall be used.

(4) Notwithstanding any other provision of this section, the fifty percent of additional sales taxes as described in section 99.845 arising from economic activities within the area of a redevelopment project established after July 12, 1990, pursuant to sections 99.800 to 99.865, while tax increment financing remains in effect shall be deducted from all calculations of countywide sales taxes, shall be distributed directly to the municipality involved, and shall be disregarded in calculating the amounts distributed or distributable to the municipality. Further, any agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of incremental sales tax revenues to the special allocation fund of a tax increment financing project while tax increment financing remains in effect shall continue to be in full force and effect and the sales taxes so appropriated shall be deducted from all calculations of countywide sales taxes, shall be distributed directly to the municipality involved, and shall be disregarded in calculating the amounts distributed or distributable to the municipality. In addition, and notwithstanding any other provision of this chapter to the contrary, economic development funds shall be distributed in full to the municipality in which the sales producing them were deemed consummated. Additionally, economic development funds shall be deducted from all calculations of countywide sales taxes and shall be disregarded in calculating the amounts distributed or distributable to the municipality. As used in this subdivision, the term "economic development funds" means the amount of sales tax revenue generated in any fiscal year by projects authorized pursuant to chapter 99 or chapter 100 in connection with which such sales tax revenue was pledged as security for, or was guaranteed by a developer to be sufficient to pay, outstanding obligations under any agreement authorized by chapter 100, entered into or adopted prior to September 1, 1993, between a municipality and another public body. The cumulative amount of economic development funds allowed under this provision shall not exceed the total amount necessary to amortize the obligations involved.

[6.**]** **7.** If the qualified voters of any city, town or village vote to change or alter its boundaries by annexing any unincorporated territory included in group B or if the qualified voters of one or more city, town or village in group A and the qualified voters of one or more city, town or village in group B vote to consolidate, the area annexed or the area consolidated which had been a part of group B shall remain a part of group B after annexation or consolidation. After the effective date of the annexation or consolidation, the annexing or consolidated city, town or village shall receive a percentage of the group B distributable revenue equal to the percentage ratio that the population of the annexed or consolidated area bears to the total population of group B and such annexed area shall not be classified as unincorporated area for determination of the percentage allocable to the county. If the qualified voters of any two or more cities, towns or villages in group A each vote to consolidate such cities, towns or villages, then such consolidated cities, towns or villages shall remain a part of group A. For the purpose of sections 66.600 to 66.630, population shall be as determined by the last federal decennial census or the latest census that determines the total population of the county and all political subdivisions therein. For the purpose of calculating the adjustment based on the percentage of unincorporated county population which is annexed after April 1, 1993, the accumulated percentage immediately before each census shall be used as the new percentage base after such census. After any annexation, incorporation or other municipal boundary change affecting the unincorporated area of the county, the chief elected official of the county shall certify the new population of the unincorporated area of the county and the percentage of the population which has been annexed or incorporated since April 1, 1993, to the director of revenue. After the adoption of the county sales tax ordinance, any city, town or village in group A may by adoption of an ordinance by its governing body cease to be a part of group A and become a part of group B. Within ten days after the adoption of the ordinance transferring the city, town or village from one group to the other, the clerk of the transferring city, town or village shall forward to the director of revenue, by registered mail, a certified copy of the ordinance. Distribution to such city as a part of its former group shall cease and as a part of its new group shall begin on the first day of January of the year following notification to the director of revenue, provided such notification is received by the director of revenue on or before the first day of July of the year in which the transferring ordinance is adopted. If such notification is received by the director of revenue after the first day of July of the year in which the transferring ordinance is adopted, then distribution to such city as a part of its former group shall cease and as a part of its new group shall begin the first day of July of the year following such notification to the director of revenue. Once a group A city, town or village becomes a part of group B, such city may not transfer back to group A.

[7.**]** **8.** If any city, town or village shall hereafter change or alter its boundaries, the city clerk of the municipality shall forward to the director of revenue, by registered mail, a certified copy of the ordinance adding or detaching territory from the municipality. The ordinance shall reflect the effective date thereof, and shall be accompanied by a map of the municipality clearly showing the territory added thereto or detached therefrom. Upon receipt of the ordinance and map, the tax imposed by sections 66.600 to 66.630 shall be redistributed and allocated in accordance with the provisions of this section on the effective date of the change of the municipal boundary so that the

proper percentage of group B distributable revenue is allocated to the municipality in proportion to any annexed territory. If any area of the unincorporated county elects to incorporate subsequent to the effective date of the county sales tax as set forth in sections 66.600 to 66.630, the newly incorporated municipality shall remain a part of group B. The city clerk of such newly incorporated municipality shall forward to the director of revenue, by registered mail, a certified copy of the incorporation election returns and a map of the municipality clearly showing the boundaries thereof. The certified copy of the incorporation election returns shall reflect the effective date of the incorporation. Upon receipt of the incorporation election returns and map, the tax imposed by sections 66.600 to 66.630 shall be distributed and allocated in accordance with the provisions of this section on the effective date of the incorporation.

[8.**]** **9.** The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county, the director of revenue shall remit the balance in the account to the county and close the account of that county. ""94.860. 1. Notwithstanding the provisions of subsection 1 of section 67.582, the governing body of a county with a charter form of government and with more than nine hundred fifty thousand inhabitants is authorized to impose by ordinance a sales tax in the amount of up to one-half of one percent on all retail sales made in the part of the county outside of incorporated cities, towns and villages which are subject to taxation pursuant to sections 144.010 to 144.525 for the purpose of providing law enforcement services to such county. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no ordinance imposing a sales tax pursuant to this section shall be effective unless the governing body of the county submits to the voters residing in the part of the county outside of incorporated cities, towns and villages, at a county or state general, primary or special election, a proposal to authorize the governing body of the county to impose a tax.

2. The ballot submission for the proposal to authorize imposition of the tax authorized by this section shall contain substantially the following language:

Shall (name of charter county) impose a sales tax of (insert amount) in the part of (name of charter county) outside of incorporated cities, towns and villages for the purpose of providing law enforcement services for the county?

Yes □ **No** □

If you are in favor of the question, place an "X" in the box opposite "Yes." If you are opposed to the question, place an "X" in the box opposite "No."

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal submitted pursuant to this subsection, then the ordinance and any amendments thereto shall be in effect on the first day of the second quarter immediately following the election approving the proposal. If a proposal receives less than the required majority, then the governing body of the county shall have no power to impose the

sales tax herein authorized unless and until the governing body of the county shall again have submitted another proposal to authorize the governing body of the county to impose the sales tax authorized by this section and such proposal is approved by the required majority of the qualified voters voting thereon. However, in no event shall a proposal pursuant to this section be submitted sooner than twelve months from the date of the last proposal pursuant to this section.

3. The revenue received by a county treasurer from the tax authorized under the provisions of this section shall be deposited in a special trust fund and used solely for providing law enforcement services in the part of the county outside of incorporated cities, towns and villages, for so long as the tax shall remain in effect. Any funds in such special trust fund which are not needed for current expenditures may be invested by the governing body in accordance with applicable laws relating to the investment of other county funds.

4. The sales taxes collected by the director of revenue pursuant to this section on behalf of a county with a charter form of government and with more than nine hundred fifty thousand inhabitants shall be deposited in the "County Law Enforcement Sales Tax Trust Fund" created by subsection 5 of section 67.582, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087. The moneys in the trust funds shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trusts and which were collected in each county imposing a sales tax under this section, and the records shall be open to the inspection of the officers of the county and the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during each month to the county which levied the tax; such funds shall be deposited with the county treasurer of each such county, and all expenditures of funds arising from the tax authorized by this section shall be by an appropriation act to be enacted by the governing body of each such county. Expenditures may be made from the funds for any functions authorized in the ordinance adopted by the governing body submitting the tax to the voters.

5. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any county for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties. If any county abolishes the tax, the county shall notify the director of revenue of the action at least ninety days before the effective date of the repeal and the director of revenue may order retention in the appropriate trust fund, for a period of one year, or two percent of the amount collected after receipt of such notice to cover possible refunds and overpayments of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the abolition of the tax in such county, the director of revenue shall remit the balance in the account to the county and close the accounts of that county established pursuant to this section. The director of revenue shall notify each county of each instance of any amount refunded or any check redeemed from the receipts due to the county.

House Committee Amendment No. 1

AMEND Senate Bill No. 497, Page 4, Section 67.955, Line 11, by inserting the following after all of said line:

"221.407. 1. The commission of any regional jail district may impose, by order, a sales tax in the amount of one-eighth of one percent, one-fourth of one percent, three-eighths of one percent, or one-half of one percent on all retail sales made in such region which are subject to taxation pursuant to the provisions of sections 144.010 to 144.525 for the purpose of providing jail services and court facilities and equipment for such region. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no order imposing a sales tax pursuant to this section shall be effective unless the commission submits to the voters of the district, on any election date authorized in chapter 115, a proposal to authorize the commission to impose a tax.

2. The ballot of submission shall contain, but need not be limited to, the following language:

Shall the regional jail district of ..... (counties' names) impose a region-wide sales tax of ..... (insert amount) for the purpose of providing jail services and court facilities and equipment for the region?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "Yes". If you are opposed to the question, place an "X" in the box opposite "No".

If a majority of the votes cast on the proposal by the qualified voters of the district voting thereon are in favor of the proposal, then the order and any amendment to such order shall be in effect on the first day of the second quarter immediately following the election approving the proposal. If the proposal receives less than the required majority, the commission shall have no power to impose the sales tax authorized pursuant to this section unless and until the

commission shall again have submitted another proposal to authorize the commission to impose the sales tax authorized by this section and such proposal is approved by the required majority of the qualified voters of the district voting on such proposal; however, in no event shall a proposal pursuant to this section be submitted to the voters sooner than twelve months from the date of the last submission of a proposal pursuant to this section.

3. All revenue received by a district from the tax authorized pursuant to this section shall be deposited in a special trust fund and shall be used solely for providing jail services and court facilities and equipment for such district for so long as the tax shall remain in effect.

4. Once the tax authorized by this section is abolished or terminated by any means, all funds remaining in the special trust fund shall be used solely for providing jail services and court facilities and equipment for the district. Any funds in such special trust fund which are not needed for current expenditures may be invested by the commission in accordance with applicable laws relating to the investment of other county funds.

5. All sales taxes collected by the director of revenue pursuant to this section on behalf of any district, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created, to be known as the "Regional Jail District Sales Tax Trust Fund". The moneys in the regional jail district sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each district imposing a sales tax pursuant to this section, and the records shall be open to the inspection of officers of each member county and the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the district which levied the tax. Such funds shall be deposited with the treasurer of each such district, and all expenditures of funds arising from the regional jail district sales tax trust fund shall be paid pursuant to an appropriation adopted by the commission and shall be approved by the commission. Expenditures may be made from the fund for any function authorized in the order adopted by the commission submitting the regional jail district tax to the voters.

6. The director of revenue may **[**authorize the state treasurer to**]** make refunds from the amounts in the trust fund and credited to any district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such districts. If any district abolishes the tax, the commission shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal, and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such district, the director of revenue shall remit the balance in the account to the district and close the account of that district. The director of revenue shall notify each district in each instance of any amount refunded or any check redeemed from receipts due the district.

7. Except as provided in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed pursuant to this section.

8. The provisions of this section shall expire September 30, **[**2015**]** **2027**."; and

JOURNAL OF THE HOUSE

First Regular Session, 98th GENERAL ASSEMBLY

SIXTY-FIFTH DAY, THURSDAY, MAY 7, 2015

The House met pursuant to adjournment.

Speaker Diehl in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

My meat is to do the will of Him who sent me and to finish His work. (John 4:34)

O Lord, our God, grant unto us the spirit to think and the mind to do what is right and good that we may live according to Your will on this National Day of Prayer.

Make us truly aware of what we are doing from day to day. We feel that we have so many things to do, so many meetings to attend, so many letters to write that we fail at times to see some of the things we ought to do and know full well should be done. Help us to take time for those things that matter most and less time for those things that matter least.

Help us to think clearly, to choose wisely, and to make wise use of our time for Your glory, for the good of Missouri, and for the benefit of all, especially on this upcoming Mother's Day weekend!

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Madison Lee Coltrane and Harper Rhyan Coltrane.

The Journal of the sixty-fourth day was approved as printed.

e. Purchased creditable prior service pursuant to section 104.344 or section 105.691 based on service as a juvenile court employee in a position that was financed in whole or in part by a public or private grant, they shall receive a refund based on the amount paid for such purchased service;

(2) Juvenile court employee positions added after December 31, 1997, shall be terminated and not subject to the provisions of subdivision (1) of this subsection, unless the office of the state courts administrator requests and receives an appropriation specifically for such positions;

(3) The salary of any juvenile court employee who becomes a state employee, effective July 1, 1999, shall be limited to the salary provided by the state of Missouri, which shall be set in accordance with guidelines established by the state pursuant to a salary survey conducted by the office of the state courts administrator, but such salary shall in no event be less than the amount specified in paragraph (a) of subdivision (1) of this subsection. Notwithstanding any provision to the contrary in subsection 1 of section 211.394, such employees shall not be entitled to additional compensation paid by a county as a public officer or employee. Such employees shall be considered employees of the judicial branch of state government for all purposes;

(4) All other employees of a multicounty circuit who are not juvenile court employees as defined in subsection 1 of this section shall be county employees subject to the county's own terms and conditions of employment**;**

(5) Any juvenile court employee in a single county circuit that changed from a multicounty circuit on or after August 28, 2015, shall be a state employee, receive state-provided benefits, including retirement benefits from the state retirement plan, and not be subject to subsection 2 of this section.

4. The receipt of creditable prior service as described in paragraph (c) of subdivision (1) of subsection 2 of this section and paragraph (c) of subdivision (1) of subsection 3 of this section is contingent upon the office of the state courts administrator providing the state retirement plan information, in a form subject to verification and acceptable to the state retirement plan, indicating the dates of service and amount of monthly salary paid to each juvenile court employee for such creditable prior service.

5. No juvenile court employee employed by any single or multicounty circuit shall be eligible to participate in the county employees' retirement system fund pursuant to sections 50.1000 to 50.1200.

6. Each county in every circuit in which a juvenile court employee becomes a state employee shall maintain each year in the local juvenile court budget an amount, defined as "maintenance of effort funding", not less than the total amount budgeted for all employees of the juvenile court including any juvenile officer, deputy juvenile officer, or other juvenile court employees in calendar year 1997, minus the state reimbursements as described in this section received for the calendar year 1997 personnel costs for the salaries of all such juvenile court employees who become state employees. The juvenile court shall provide a proposed budget to the county commission each year. The budget shall contain a separate section specifying all funds to be expended in the juvenile court. Such funding may be used for contractual costs for detention services, guardians ad litem, transportation costs for those circuits without detention facilities to transport children to and from detention and hearings, short-term residential services, indebtedness for juvenile facilities, expanding existing detention facilities or services, continuation of services funded by public grants or subsidy, and enhancing the court's ability to provide prevention, probation, counseling and treatment services. The county commission may review such budget and may appeal the proposed budget to the judicial finance commission pursuant to section 50.640.

7. Any person who is employed on or after July 1, 1999, in a position covered by the state retirement plan or the transportation department and highway patrol retirement system and who has rendered service as a juvenile court employee in a judicial circuit that was not a single county of the first classification shall be eligible to receive creditable prior service in such plan or system as provided in subsections 2 and 3 of this section. For purposes of this subsection, the provisions of paragraphs (c) and (d) of subdivision (1) of subsection 2 of this section and paragraphs (c) and (d) of subdivision (1) of subsection 3 of this section that apply to the state retirement plan shall also apply to the transportation department and highway patrol retirement system.

8. (1) Any juvenile officer who is employed as a state employee in a multicounty circuit on or after July 1, 1999, shall not be eligible to participate in the state retirement plan as provided by this section unless such juvenile officer elects to:

(a) Receive retirement benefits from the state retirement plan based on all years of service as a juvenile officer and a final average salary which shall include salary paid by the county and the state; and

(b) Forfeit any county retirement benefits from any county retirement plan based on service rendered as a juvenile officer.

(2) Upon making the election described in this subsection, the county retirement plan shall transfer to the state retirement plan an amount equal to the actuarial accrued liability for the forfeited creditable service determined as if the person was going to continue to be an active member of the county retirement plan, less the amount of any refunds of member contributions.

9. The elections described in this section shall be made on forms developed and made available by the state retirement plan."; and

Further amend the title and enacting clause accordingly.

THIRD READING OF SENATE BILLS

HCS SCS SB 230, relating to health care, was taken up by Representative Barnes.

Representative Barnes offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 230, Page 11, Section 192.667, Line 217, by inserting after all of said section and line the following:

"**196.990. 1. As used in this section, the following terms shall mean:**

(1) "Administer", the direct application of an epinephrine auto-injector to the body of an individual;

(2) "Authorized entity", any entity or organization at or in connection with which allergens capable of causing anaphylaxis may be present, including but not limited to restaurants, recreation camps, youth sports leagues, amusement parks, and sports arenas;

(3) "Caretaker", a person or entity under whose care a child has been entrusted by such child's parent or guardian for consideration;

(4) "Epinephrine auto-injector", a single-use device used for the automatic injection of a premeasured dose of epinephrine into the human body;

(5) "Physician", a physician licensed in this state under chapter 334;

(6) "Provide", the supply of one or more epinephrine auto-injectors to an individual;

(7) "Self-administration", a person's discretionary use of an epinephrine auto-injector.

2. A physician may prescribe epinephrine auto-injectors in the name of an authorized entity for use in accordance with this section, and pharmacists, physicians, and other persons authorized to dispense prescription medications may dispense epinephrine auto-injectors under a prescription issued in the name of an authorized entity.

3. An authorized entity may acquire and stock a supply of epinephrine auto-injectors under a prescription issued in accordance with this section. Such epinephrine auto-injectors shall be stored in a location readily accessible in an emergency and in accordance with the epinephrine auto-injector's instructions for use and any additional requirements established by the department of health and senior services by rule. An authorized entity shall designate employees or agents who have completed the training required under this section to be responsible for the storage, maintenance, and general oversight of epinephrine auto-injectors acquired by the authorized entity.

4. An employee or agent of an authorized entity or any other person who has completed the training required under this section may use epinephrine auto-injectors prescribed under this section on the premises of or in connection with the authorized entity to:

(1) Provide an epinephrine auto-injector to any individual who the employee, agent, or other person believes in good faith is experiencing anaphylaxis for immediate self-administration, regardless of whether the individual has a prescription for an epinephrine auto-injector or has previously been diagnosed with an allergy;

(2) Administer an epinephrine auto-injector to any individual who the employee, agent, or other person believes in good faith is experiencing anaphylaxis, regardless of whether the individual has a prescription for an epinephrine auto-injector or has previously been diagnosed with an allergy.

5. Notwithstanding the provisions of subsection 4 of this section, an employee or agent of an authorized entity shall not provide or administer an epinephrine auto-injector to any individual who is twelve years of age or younger without the verbal consent of a parent or guardian who is present at the time when provision or administration of the epinephrine auto-injector is needed. Provided, however, that an employee or agent of an authorized entity may provide or administer an epinephrine auto-injector to such an individual without the consent of a parent or guardian if the parent or guardian is not physically present and the employee or agent reasonably believes the individual shall be in imminent danger without the provision or administration of the epinephrine auto-injector.

6. An employee, agent, or other person described in subsection 4 of this section shall successfully complete an anaphylaxis training program prior to providing or administering an epinephrine auto-injector made available by an authorized entity and at least every two years following successful completion of the initial anaphylaxis training program. Such training shall be conducted by a nationally recognized organization experienced in training laypersons in emergency health treatment or other entity or person approved by the department of health and senior services. Training may be conducted online or in person and, at a minimum, shall cover:

(1) Techniques on how to recognize symptoms of severe allergic reactions, including anaphylaxis;

(2) Standards and procedures for the storage and administration of an epinephrine auto-injector; and

(3) Emergency follow-up procedures.

The entity that conducts the training shall issue a certificate, on a form developed or approved by the department of health and senior services, to each person who successfully completes the anaphylaxis training program.

7. The following persons and entities shall not be liable for any injuries or related damages that result from the administration of, self-administration of, or failure to administer an epinephrine auto-injector in accordance with this section that may constitute ordinary negligence:

(1) An authorized entity that possesses and makes available epinephrine auto-injectors and its employees, agents, and other trained persons;

(2) Any person who uses an epinephrine auto-injector made available under this section;

(3) A physician that prescribes epinephrine auto-injectors to an authorized entity; or

(4) Any person or entity that conducts the training described in subsection 6 of this section.

Such immunity does not apply to acts or omissions constituting a reckless disregard for the safety of others or willful or wanton conduct. The administration of an epinephrine auto-injector in accordance with this section shall not be considered the practice of medicine. The immunity from liability provided under this subsection is in addition to and not in lieu of that provided under section 537.037. An authorized entity located in this

state shall not be liable for any injuries or related damages that result from the provision or administration of an epinephrine auto-injector by its employees or agents outside of this state if the entity or its employee or agent are not liable for such injuries or related damages under the laws of the state in which such provision or administration occurred.

8. No immunity provided under this section shall apply to a caretaker if the individual who experienced anaphylaxis:

(1) Was a minor child;

(2) Had a known allergy at the time of anaphylaxis;

(3) Was under the care or supervision of a caretaker other than a parent or guardian;

(4) Was prescribed an epinephrine auto-injector;

(5) Was not administered an epinephrine auto-injector by a caretaker; and

(6) Had an epinephrine auto-injector available to him or her at the time of anaphylaxis due to one of following:

(a) The minor child being in possession of his or her epinephrine auto-injector, an epinephrine auto-injector present on the premises where the anaphylaxis occured, or the caretaker being in possession of an epinephrine auto-injector;

(b) The parent of guardian of the minor child providing an epinephrine auto-injector to the caretaker; or

(c) The caretaker representing to the parent of guardian of the minor child that an epinephrine auto-injector is available on the premises where the anaphylaxis occurred.

9. No immunity provided under this section shall apply to any licensed health care provider if the administration of an epinephrine auto-injector is within his or her scope of practice except when the alleged liability is based upon:

(1) Such provider's actions in prescribing or dispensing the prescription; or

(2) Such provider's action in providing training to authorized entities under this section.

10. An authorized entity that possesses and makes available epinephrine auto-injectors shall submit to the department of health and senior services, on a form developed by the department, a report of each incident on the authorized entity's premises involving the administration of an epinephrine auto-injector. The department shall annually publish a report that summarizes all reports submitted to it under this subsection, but shall not include any identifying information regarding the persons to whom such epinephrine auto-injectors were administered.

11. An authorized entity that acquires a stock supply of epinephrine auto-injectors under a prescription issued in accordance with this section may make such epinephrine auto-injectors available to individuals other than the trained persons described in subsection 4 of this section if the epinephrine auto-injectors are stored in a locked secure container in accordance with manufacturer specifications and are made available only upon remote authorization by a physician via audio, televideo, or other similar means of electronic communication. Consultation with a physician for such purpose shall not be considered the practice of telemedicine or otherwise be construed as violating any law or rule regulating the physician's professional practice."; and

(3) Transmitting the individual payment directly to the personal care attendant on behalf of the consumer;

(4) Monitoring the performance of the personal care assistance services plan.

3. No state or federal financial assistance shall be authorized or expended to pay for services provided to a consumer under sections 208.900 to 208.927, if the primary benefit of the services is to the household unit, or is a household task that the members of the consumer's household may reasonably be expected to share or do for one another when they live in the same household, unless such service is above and beyond typical activities household members may reasonably provide for another household member without a disability.

4. No state or federal financial assistance shall be authorized or expended to pay for personal care assistance services provided by a personal care attendant who is listed on any of the background check lists in the

(2) The department of health and senior services, in collaboration with other appropriate agencies, including centers for independent living, shall establish telephone tracking system pilot projects, implemented in two regions of the state, with one in an urban area and one in a rural area. Each pilot project shall meet the requirements of this section and section 208.918. The department of health and senior services shall, by December 31, 2013, submit a report to the governor and general assembly detailing the outcomes of these pilot projects. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.

6. **[**In the event that a consensus between centers for independent living and representatives from the executive branch cannot be reached, the telephony report issued to the general assembly and governor shall include a minority report which shall detail those elements of substantial dissent from the main report.

House Amendment No. 4

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 230, Page 11, Section 192.667, Line 217, by inserting after all of said section and line the following:

"208.152. 1. MO HealthNet payments shall be made on behalf of those eligible needy persons as defined in section 208.151 who are unable to provide for it in whole or in part, with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Inpatient hospital services, except to persons in an institution for mental diseases who are under the age of sixty-five years and over the age of twenty-one years; provided that the MO HealthNet division shall provide through rule and regulation an exception process for coverage of inpatient costs in those cases requiring treatment beyond the seventy-fifth percentile professional activities study (PAS) or the MO HealthNet children's diagnosis length-of-stay schedule; and provided further that the MO HealthNet division shall take into account through its payment system for hospital services the situation of hospitals which serve a disproportionate number of low-income patients;

(2) All outpatient hospital services, payments therefor to be in amounts which represent no more than eighty percent of the lesser of reasonable costs or customary charges for such services, determined in accordance with the principles set forth in Title XVIII A and B, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. Section 301, et seq.), but the MO HealthNet division may evaluate outpatient hospital services rendered under this section and deny payment for services which are determined by the MO HealthNet division not to be medically necessary, in accordance with federal law and regulations;

(3) Laboratory and X-ray services;

(4) Nursing home services for participants, except to persons with more than five hundred thousand dollars equity in their home or except for persons in an institution for mental diseases who are under the age of sixty-five years, when residing in a hospital licensed by the department of health and senior services or a nursing home licensed by the department of health and senior services or appropriate licensing authority of other states or government-owned and -operated institutions which are determined to conform to standards equivalent to licensing requirements in Title XIX of the federal Social Security Act (42 U.S.C. Section 301, et seq.), as amended, for nursing facilities. The MO HealthNet division may recognize through its payment methodology for nursing facilities those nursing facilities which serve a high volume of MO HealthNet patients. The MO HealthNet division when determining the amount of the benefit payments to be made on behalf of persons under the age of twenty-one in a nursing facility may consider nursing facilities furnishing care to persons under the age of twenty-one as a classification separate from other nursing facilities;

(5) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection for those days, which shall not exceed twelve per any period of six consecutive months, during which the participant is on a temporary leave of absence from the hospital or nursing home, provided that no such participant shall be allowed a temporary leave of absence unless it is specifically provided for in his plan of care. As used in this subdivision, the term "temporary leave of absence" shall include all periods of time during which a participant is away from the hospital or nursing home overnight because he is visiting a friend or relative;

(6) Physicians' services, whether furnished in the office, home, hospital, nursing home, or elsewhere;

(7) Drugs and medicines when prescribed by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse; except that no payment for drugs and medicines prescribed on and after January 1, 2006, by a licensed physician, dentist, podiatrist, or an advanced practice registered nurse may be made on behalf of any person who qualifies for prescription drug coverage under the provisions of P.L. 108-173;

(8) Emergency ambulance services and, effective January 1, 1990, medically necessary transportation to scheduled, physician-prescribed nonelective treatments;

(9) Early and periodic screening and diagnosis of individuals who are under the age of twenty-one to ascertain their physical or mental defects, and health care, treatment, and other measures to correct or ameliorate defects and chronic conditions discovered thereby. Such services shall be provided in accordance with the provisions of Section 6403 of P.L. 101-239 and federal regulations promulgated thereunder;

(10) Home health care services;

(11) Family planning as defined by federal rules and regulations; provided, however, that such family planning services shall not include abortions unless such abortions are certified in writing by a physician to the MO HealthNet agency that, in the physician's professional judgment, the life of the mother would be endangered if the fetus were carried to term;

(12) Inpatient psychiatric hospital services for individuals under age twenty-one as defined in Title XIX of the federal Social Security Act (42 U.S.C. Section 1396d, et seq.);

(13) Outpatient surgical procedures, including presurgical diagnostic services performed in ambulatory surgical facilities which are licensed by the department of health and senior services of the state of Missouri; except, that such outpatient surgical services shall not include persons who are eligible for coverage under Part B of Title XVIII, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended, if exclusion of such persons is permitted under Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act, as amended;

(14) Personal care services which are medically oriented tasks having to do with a person's physical requirements, as opposed to housekeeping requirements, which enable a person to be treated by his or her physician on an outpatient rather than on an inpatient or residential basis in a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be rendered by an individual not a member of the participant's family who is qualified to provide such services where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a licensed nurse. Persons eligible to receive personal care services shall be those persons who would otherwise require placement in a hospital, intermediate care facility, or skilled nursing facility. Benefits payable for personal care services shall not exceed for any one participant one hundred percent of the

average statewide charge for care and treatment in an intermediate care facility for a comparable period of time. Such services, when delivered in a residential care facility or assisted living facility licensed under chapter 198 shall be authorized on a tier level based on the services the resident requires and the frequency of the services. A resident of such facility who qualifies for assistance under section 208.030 shall, at a minimum, if prescribed by a physician, qualify for the tier level with the fewest services. The rate paid to providers for each tier of service shall be set subject to appropriations. Subject to appropriations, each resident of such facility who qualifies for assistance under section 208.030 and meets the level of care required in this section shall, at a minimum, if prescribed by a physician, be authorized up to one hour of personal care services per day. Authorized units of personal care services shall not be reduced or tier level lowered unless an order approving such reduction or lowering is obtained from the resident's personal physician. Such authorized units of personal care services or tier level shall be transferred with such resident if he or she transfers to another such facility. Such provision shall terminate upon receipt of relevant waivers from the federal Department of Health and Human Services. If the Centers for Medicare and Medicaid Services determines that such provision does not comply with the state plan, this provision shall be null and void. The MO HealthNet division shall notify the revisor of statutes as to whether the relevant waivers are approved or a determination of noncompliance is made;

(15) Mental health services. The state plan for providing medical assistance under Title XIX of the Social Security Act, 42 U.S.C. Section 301, as amended, shall include the following mental health services when such services are provided by community mental health facilities operated by the department of mental health or designated by the department of mental health as a community mental health facility or as an alcohol and drug abuse facility or as a child-serving agency within the comprehensive children's mental health service system established in section 630.097. The department of mental health shall establish by administrative rule the definition and criteria for designation as a community mental health facility and for designation as an alcohol and drug abuse facility. Such mental health services shall include:

(a) Outpatient mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(b) Clinic mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(c) Rehabilitative mental health and alcohol and drug abuse services including home and community-based preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health or alcohol and drug abuse professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management. As used in this section, mental health professional and alcohol and drug abuse professional shall be defined by the department of mental health pursuant to duly promulgated rules. With respect to services established by this subdivision, the department of social services, MO HealthNet division, shall enter into an agreement with the department of mental health. Matching funds for outpatient mental health services, clinic mental health services, and rehabilitation services for mental health and alcohol and drug abuse shall be certified by the department of mental health to the MO HealthNet division. The agreement shall establish a mechanism for the joint implementation of the provisions of this subdivision. In addition, the agreement shall establish a mechanism by which rates for services may be jointly developed;

(16) Such additional services as defined by the MO HealthNet division to be furnished under waivers of federal statutory requirements as provided for and authorized by the federal Social Security Act (42 U.S.C. Section 301, et seq.) subject to appropriation by the general assembly;

(17) The services of an advanced practice registered nurse with a collaborative practice agreement to the extent that such services are provided in accordance with chapters 334 and 335, and regulations promulgated thereunder;

(18) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection to reserve a bed for the participant in the nursing home during the time that the participant is absent due to admission to a hospital for services which cannot be performed on an outpatient basis, subject to the provisions of this subdivision:

(a) The provisions of this subdivision shall apply only if:

a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO HealthNet certified licensed beds, according to the most recent quarterly census provided to the department of health and senior services which was taken prior to when the participant is admitted to the hospital; and

b. The patient is admitted to a hospital for a medical condition with an anticipated stay of three days or less;

(b) The payment to be made under this subdivision shall be provided for a maximum of three days per hospital stay;

(c) For each day that nursing home costs are paid on behalf of a participant under this subdivision during any period of six consecutive months such participant shall, during the same period of six consecutive months, be ineligible for payment of nursing home costs of two otherwise available temporary leave of absence days provided under subdivision (5) of this subsection; and

(d) The provisions of this subdivision shall not apply unless the nursing home receives notice from the participant or the participant's responsible party that the participant intends to return to the nursing home following the hospital stay. If the nursing home receives such notification and all other provisions of this subsection have been satisfied, the nursing home shall provide notice to the participant or the participant's responsible party prior to release of the reserved bed;

(19) Prescribed medically necessary durable medical equipment. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(20) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(21) Prescribed medically necessary dental services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(22) Prescribed medically necessary optometric services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(23) Blood clotting products-related services. For persons diagnosed with a bleeding disorder, as defined in section 338.400, reliant on blood clotting products, as defined in section 338.400, such services include:

(a) Home delivery of blood clotting products and ancillary infusion equipment and supplies, including the emergency deliveries of the product when medically necessary;

(b) Medically necessary ancillary infusion equipment and supplies required to administer the blood clotting products; and

(c) Assessments conducted in the participant's home by a pharmacist, nurse, or local home health care agency trained in bleeding disorders when deemed necessary by the participant's treating physician;

(24) The MO HealthNet division shall, by January 1, 2008, and annually thereafter, report the status of MO HealthNet provider reimbursement rates as compared to one hundred percent of the Medicare reimbursement rates and compared to the average dental reimbursement rates paid by third-party payors licensed by the state. The MO HealthNet division shall, by July 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare reimbursement rates and for third-party payor average dental reimbursement rates. Such plan shall be subject to appropriation and the division shall include in its annual budget request to the governor the necessary funding needed to complete the four-year plan developed under this subdivision.

2. Additional benefit payments for medical assistance shall be made on behalf of those eligible needy children, pregnant women and blind persons with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Dental services;

(2) Services of podiatrists as defined in section 330.010;

(3) Optometric services as defined in section 336.010;

(4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids, and wheelchairs;

(5) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet division shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3. The MO HealthNet division may require any participant receiving MO HealthNet benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services except for those services covered under subdivisions (14) and (15) of subsection 1 of this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. Section 1396, et seq.) and regulations thereunder. When substitution of a generic drug is permitted by the prescriber according to section 338.056, and a generic drug is substituted for a name-brand drug, the MO HealthNet division may not lower or delete the requirement to make a co-payment pursuant to regulations of Title XIX of the federal Social Security Act. A provider of goods or services described under this section must collect from all participants the additional payment that may be required by the MO HealthNet division under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by participants under this section shall be in addition to and not in lieu of payments made by the state for goods or services described herein except the participant portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a participant is unable to pay a required payment. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give participants advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not approve the Missouri MO HealthNet state plan amendment submitted by the department of social services that would allow a provider to deny future services to an individual with uncollected co-payments, the denial of services shall not be allowed. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

4. The MO HealthNet division shall have the right to collect medication samples from participants in order to maintain program integrity.

5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available under the state plan for MO HealthNet benefits at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. Section 1396a and federal regulations promulgated thereunder.

6. Beginning July 1, 1990, reimbursement for services rendered in federally funded health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated thereunder.

7. Beginning July 1, 1990, the department of social services shall provide notification and referral of children below age five, and pregnant, breast-feeding, or postpartum women who are determined to be eligible for MO HealthNet benefits under section 208.151 to the special supplemental food programs for women, infants and children administered by the department of health and senior services. Such notification and referral shall conform to the requirements of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

8. Providers of long-term care services shall be reimbursed for their costs in accordance with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. Section 1396a, as amended, and regulations promulgated thereunder.

9. Reimbursement rates to long-term care providers with respect to a total change in ownership, at arm's length, for any facility previously licensed and certified for participation in the MO HealthNet program shall not increase payments in excess of the increase that would result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C. Section 1396a (a)(13)(C).

10. The MO HealthNet division, may enroll qualified residential care facilities and assisted living facilities, as defined in chapter 198, as MO HealthNet personal care providers.

11. Any income earned by individuals eligible for certified extended employment at a sheltered workshop under chapter 178 shall not be considered as income for purposes of determining eligibility under this section.

12. Subject to appropriations, providers of behavioral, social, and psychophysiological services for the prevention, treatment, or management of physical health problems shall be reimbursed utilizing the behavior assessment and intervention reimbursement codes 96150 to 96154 or their successor codes under the Current Procedural Terminology (CPT) coding system. Providers eligible for such reimbursement shall include psychologists."; and

(5) Any city of the third classification with more than four thousand but fewer than four thousand five hundred inhabitants and located in any county of the first classification with more than two hundred thousand but fewer than two hundred sixty thousand inhabitants.

2. The governing body of any city listed in subsection 1 of this section may impose, by order or ordinance, a sales tax on all retail sales made in the city which are subject to taxation under chapter 144. The tax authorized in this section may be imposed in an amount of up to one-half of one percent, and shall be imposed solely for the purpose of improving the public safety for such city, including but not limited to expenditures on equipment, city employee salaries and benefits, and facilities for police, fire and emergency medical providers. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes. The order or ordinance imposing a sales tax under this section shall not become effective unless the governing body of the city submits to the voters residing within the city, at a county or state general, primary, or special election, a proposal to authorize the governing body of the city to impose a tax under this section.

[2.**]** **3.** The ballot of submission for the tax authorized in this section shall be in substantially the following form:

Shall the city of ..... (city's name) impose a citywide sales tax at a rate of ..... (insert rate of percent) percent for the purpose of improving the public safety of the city?

□ YES □ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance or order and any amendments to the order or ordinance shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of the adoption of the sales tax. If a majority of the votes cast on the proposal by the qualified voters voting thereon are opposed to the proposal, then the tax shall not become effective unless the proposal is resubmitted under this section to the qualified voters and such proposal is approved by a majority of the qualified voters voting on the proposal. However, in no event shall a proposal under this section be submitted to the voters sooner than twelve months from the date of the last proposal under this section.

[3.**]** **4.** Any sales tax imposed under this section shall be administered, collected, enforced, and operated as required in section 32.087. All sales taxes collected by the director of the department of revenue under this section on behalf of any city, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created in the state treasury, to be known as the "City Public Safety Sales Tax Trust Fund". The moneys in the trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The provisions of section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of the general revenue fund. The director shall keep accurate records of the amount of money in the trust fund and which was collected in each city imposing a sales tax under this section, and the records shall be open to the inspection of officers of the city and the public. Not later than the tenth day of each month the director shall distribute all moneys deposited in the trust fund during the preceding month to the city which levied the tax. Such funds shall be deposited with the city treasurer of each such city, and all expenditures of funds arising from the trust fund shall be by an appropriation act to be enacted by the governing body of each such

city. Expenditures may be made from the fund for any functions authorized in the ordinance or order adopted by the governing body submitting the tax to the voters. If the tax is repealed, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes. Any funds in the special trust fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

[4.**]** **5.** The director of the department of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any city for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such cities. If any city abolishes the tax, the city shall notify the director of the action at least ninety days before the effective date of the repeal, and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such city, the director shall remit the balance in the account to the city and close the account of that city. The director shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city.

[5.**]** **6.** The governing body of any city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the city. The ballot of submission shall be in substantially the following form:

Shall ..... (insert the name of the city) repeal the sales tax imposed at a rate of ..... (insert rate of percent) percent for the purpose of improving the public safety of the city?

□ YES □ NO

If a majority of the votes cast on the proposal are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters, and the repeal is approved by a majority of the qualified voters voting on the question.

[6.**]** **7.** Whenever the governing body of any city that has adopted the sales tax authorized in this section receives a petition, signed by ten percent of the registered voters of the city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the city a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the tax shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

[7.**]** **8.** Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under this section."; and

AMEND House Bill No. 1133, Pages 1 through 9, Sections 404.830, 404.1100, 404.1101, 404.1102, 404.1103, 404.1104, 404.1105, 404.1106, 404.1107, 404.1108, 404.1109, and 404.1110, by deleting all of said sections from the bill and inserting in lieu thereof the following:

"404.1100. Sections 404.1100 to 404.1110 shall be known and may be cited as the "Designated Health Care Decision-Maker Act".

404.1101. As used in sections 404.1100 to 404.1110 the following terms mean:

(1) "Artificially supplied nutrition and hydration", any medical procedure whereby nutrition or hydration is supplied through a tube inserted into a person's nose, mouth, stomach, or intestines, or nutrients or fluids are administered into a person's bloodstream or provided subcutaneously;

(2) "Best interests":

(a) Overseeing that the incapacitated person has the right to enjoy the highest attainable standard of health for that person;

(b) Advocating that the person who is incapacitated receive the same range, quality, and standard of health care, care, and comfort as is provided to an individual without a disability;

(c) Monitoring health care providers and health care facilities to ensure that they provide health care, care, and comfort of the same quality to the person who is incapacitated as they provide to other individuals without disabilities; and

(d) Ensuring there is no discriminatory denial of health care, care, or comfort, or food or fluids on the basis that the person who is incapacitated is considered an individual with a disability;

(3) "Designated health care decision-maker", the person designated to make health care decisions for a patient under section 404.1104, not including a person acting as a guardian or an agent under a durable power of attorney for health care or any other person legally authorized to consent for the patient under any other law to make health care decisions for an incapacitated patient;

(4) "Health care", a procedure to diagnose or treat a human disease, ailment, defect, abnormality, or complaint, whether of physical or mental origin and includes:

(a) Assisted living services, or intermediate or skilled nursing care provided in a facility licensed under chapter 198;

(b) Services for the rehabilitation or treatment of injured, disabled, or sick persons; or

(c) Making arrangements for placement in or removal from a health care facility or health care provider that provides such forms of care;

(5) "Health care facility", any hospital, hospice, inpatient facility, nursing facility, skilled nursing facility, residential care facility, intermediate care facility, dialysis treatment facility, assisted living facility, home health or hospice agency; any entity that provides home or community-based health care services; or any other facility that provides or contracts to provide medical treatment, and which is licensed, certified, or otherwise authorized or permitted by law to provide medical treatment;

(6) "Health care provider", any individual who provides medical treatment to persons and who is licensed, certified, registered, or otherwise authorized or permitted by law to provide medical treatment;

(7) "Incapacitated", a person who is unable by reason of any physical or mental condition to receive and evaluate information or to communicate decisions to such an extent that the person lacks capacity to meet essential requirements for food, clothing, shelter, safety, or other care such that serious physical injury, illness, or disease is likely to occur;

(8) "Patient", any adult person or any person otherwise authorized to make treatment decisions for himself or herself under Missouri law;

(9) "Physician", a treating, attending, or consulting physician licensed to practice medicine under Missouri law;

(10) "Reasonable medical judgment", a medical judgment that would be made by a reasonably prudent physician, knowledgeable about the case and the treatment possibilities with respect to the medical conditions involved.

404.1102. The determination that a patient is incapacitated shall be made as set forth in section 404.825. A health care provider or health care facility may rely in the exercise of good faith and in accordance with reasonable medical judgment upon the health care decisions made for a patient by a designated health care decision-maker selected in accordance with section 404.1104, provided two licensed physicians determine, after reasonable inquiry and in accordance with reasonable medical judgment, that

such patient is incapacitated and has neither a guardian with medical decision-making authority appointed in accordance with chapter 475, an attorney in fact appointed in a durable power of attorney for health care in accordance with sections 404.800 to 404.865, nor any other known person who has the legal authority to make health care decisions.

404.1103. Upon a determination that a patient is incapacitated, the physician or another health care provider acting at the direction of the physician shall make reasonable efforts to inform potential designated health care decision-makers set forth in section 404.1104 of whom the physician or physician's designee is aware, of the need to appoint a designated health care decision-maker. Reasonable efforts includes, without limitation, identifying a member of the patient's family, a guardian with medical decision-making authority appointed in accordance with chapter 475, an attorney in fact appointed in a durable power of attorney for health care in accordance with sections 404.800 to 404.865, or any other known person who has the legal authority to make health care decisions, by examining the patient's personal effects and medical records. If a family member, attorney-in-fact for health care or guardian with health care decision-making authority is identified, a documented attempt to contact that person by telephone, with all known telephone numbers and other contact information used, shall be made within twenty-four hours after a determination of incapacity is made as provided in section 404.1102.

404.1104. 1. If a patient is incapacitated under the circumstances described in section 404.1102 and is unable to provide consent regarding his or her own health care, and does not have a legally appointed guardian, an agent under a health care durable power of attorney, or any other person who has legal authority to consent for the patient, decisions concerning the patient's health care may be made by the following competent persons in the following order of priority:

(1) The spouse of the patient, unless the spouse and patient are separated under one of the following:

(a) A current dissolution of marriage or separation action;

(b) A signed written property or marital settlement agreement;

(c) A permanent order of separate maintenance or support or a permanent order approving a property or marital settlement agreement between the parties;

(2) An adult child of the patient;

(3) A parent;

(4) An adult sibling;

(5) Grandparent or adult grandchild;

(6) Niece or nephew or the next nearest other relative of the patient, by consanguinity or affinity;

(7) Any nonrelative who can demonstrate that he or she has a close personal relationship with the patient and is familiar with the patient's personal values; or

(8) Any other person designated by the unanimous mutual agreement of the persons listed above who are involved in the patient's care.

2. If a person who is a member of the classes listed in subsection 1 of this section, regardless of priority, or a health care provider or a health care facility involved in the care of the patient, disagree on whether certain health care should be provided to or withheld or withdrawn from a patient, any such person, provider, or facility, or any other person interested in the welfare of the patient may petition the probate court for an order for the appointment of a temporary or permanent guardian in accordance with subsection 7 of this section to act in the best interest of the patient.

3. Priority under this section shall not be given to persons in any of the following circumstances:

(1) If a report of abuse or neglect of the patient has been made under section 198.070, 208.912, 210.115, 565.188, or 660.300 and if the health care provider knows of such a report of abuse, then unless the report has been determined to be unsubstantiated or unfounded, or a contrary determination was finally reversed after administrative or judicial review, the person reported as the alleged perpetrator shall not be given priority or authority to make health care decisions under subsection 1 of this section, provided that such a report shall not be based on the person's support for, or direction to provide, health care to the patient;

(2) If the patient's physician or the physician's designee reasonably determines, after making a diligent effort to contact the designated health care decision-maker using known telephone numbers and other contact information and receiving no response, that such person is not reasonably available to make medical decisions as needed or is not willing to make health care decisions for the patient; or

(3) If a probate court in a proceeding under subsection 7 of this section finds that the involvement of the person in decisions concerning the patient's health care is contrary to instructions that the patient had unambiguously, and without subsequent contradiction or change, expressed before he or she became incapacitated. Such a statement to the patient's physician or other health care provider contemporaneously

recorded in the patient's medical record and signed by the patient's physician or other health care provider shall be deemed such an instruction, subject to the ability of a party to a proceeding under subsection 7 of this section to dispute its accuracy, weight, or interpretation.

4. (1) The designated health care decision-maker shall make reasonable efforts to obtain information regarding the patient's treatment preferences from health care providers, family, friends, or others who may have credible information.

(2) The designated health care decision-maker, and the probate court in any proceeding under subsection 7 of this section, shall always make health care decisions in the patient's best interests, and if the patient's religious and moral beliefs and treatment preferences are known and not inconsistent with the patient's best interests, in accordance with those beliefs and preferences.

5. This section does not authorize the provision or withholding of health care services that the patient has unambiguously, without subsequent contradiction or change of instruction, expressed to the patient's physician or other health care provider that he or she would or would not want at a time when such patient had capacity. Such a statement to the patient's physician or other health care provider, contemporaneously recorded in the patient's medical record and signed by the patient's physician or other health care provider, shall be deemed such evidence, subject to the ability of a party to a proceeding under subsection 7 of this section to dispute its accuracy, weight, or interpretation.

6. A designated health care decision-maker shall be deemed a personal representative for the purposes of access to and disclosure of private medical information under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), 42 USC Section 1320d and 45 CFR 160-164.

7. Nothing in sections 404.1100 to 404.1110 shall preclude any person interested in the welfare of a patient, including but not limited to a designated health care decision-maker, a member of the classes listed in subsection 1 of this section regardless of priority, or a health care provider or health care facility involved in the care of the patient, from petitioning the probate court for the appointment of a temporary or permanent guardian for the patient, including expedited adjudication under chapter 475.

8. Pending the final outcome of proceedings initiated under subsection 7 of this section, the designated health care decision-maker, health care provider, or health care facility shall not withhold or withdraw, or direct the withholding or withdrawal, of health care, nutrition, or hydration whose withholding or withdrawal, in reasonable medical judgment, would result in or hasten the death of the patient, would jeopardize the health or limb of the patient, or would result in disfigurement or impairment of the patient's faculties, except to the extent that all parties to the court proceeding including the person, provider, or facility who or which filed the petition, agree in a written stipulation that certain specified health care may be withheld or withdrawn. No such stipulation shall violate the provisions of section 404.1105. If a health care provider or a health care facility objects to the provision of such health care, nutrition, or hydration on the basis of religious beliefs or sincerely held moral convictions, the provider or facility shall not impede the transfer of the patient to another health care provider or health care facility willing to provide it, and shall provide such health care, nutrition, or hydration to the patient pending the completion of the transfer. For purposes of this section, artificially supplied nutrition and hydration may be withheld or withdrawn during the pendency of the guardianship proceeding only if, based on reasonable medical judgment, the patient's physician and a second licensed physician certify that the patient meets the standard set forth in subdivision (2) of subsection 1 of section 404.1105. If tolerated by the patient and adequate to supply the patient's needs for nutrition or hydration, natural feeding shall be the preferred method.

404.1105. 1. No designated health care decision-maker shall, with the intent of hastening or causing the death of the patient, authorize the withdrawal or withholding of nutrition or hydration supplied through either natural or artificial means. A designated health care decision-maker may authorize the withdrawal or withholding of artificially supplied nutrition and hydration only when the physician and a second licensed physician certify in the patient's medical record based on reasonable medical judgment that:

(1) Artificially supplied nutrition or hydration are not necessary for comfort care or the relief of pain and would serve only to prolong artificially the dying process and where death will occur within a short period of time whether such artificially supplied nutrition or hydration is withheld or withdrawn; or

(2) Artificially supplied nutrition or hydration cannot be physiologically assimilated or tolerated by the patient.

2. When tolerated by the patient and adequate to supply the patient's need for nutrition or hydration, natural feeding shall be the preferred method.

3. The provisions of this section shall not apply to section 459.010.

404.1106. If any of the individuals specified in section 404.1104 or the designated health care decision-maker or physician believes the patient is no longer incapacitated, the patient's physician shall reexamine the patient and determine in accordance with reasonable medical judgment whether the patient is no longer incapacitated, shall certify the decision and the basis therefor in the patient's medical record, and shall notify the patient, the designated health care decision-maker, and the person who initiated the redetermination of capacity. Rights of the designated health care decision-maker end upon the physician's certification that the patient is no longer incapacitated.

404.1107. Any health care provider or health care facility that makes good faith and reasonable attempts to identify, locate, and communicate with potential designated health care decision-makers in accordance with sections 404.1100 to 404.1110 shall not be subject to civil or criminal liability or regulatory sanction for the effort to identify, locate, and communicate with such potential designated health care decision-makers.

404.1108. 1. A health care provider or a health care facility may decline to comply with the medical treatment decision of a patient or a designated health care decision-maker if such decision is contrary to the religious beliefs or sincerely held moral convictions of a health care provider or health care facility.

2. If at any time, a health care facility or health care provider determines that any known or anticipated treatment preferences expressed by the patient to the health care provider or health care facility, or as expressed through the patient's designated health care decision-maker, are contrary to the religious beliefs or sincerely held moral convictions of the health care provider or health care facility, such provider or facility shall promptly inform the patient or the patient's designated health care decision-maker.

3. If a health care provider declines to comply with such medical treatment decision, the health care provider or health care facility shall not impede the transfer of the patient to another health care provider or health care facility willing to comply with the medical treatment decision.

4. Nothing in this section shall relieve or exonerate a health care provider or a health care facility from the duty to provide for the medical treatment, care, and comfort of a patient pending transfer under this section. If withholding or withdrawing certain health care would, in reasonable medical judgment, result in or hasten the death of the patient, such health care shall be provided pending completion of the transfer. Notwithstanding any other provision of this section, no such health care shall be denied on the basis of a view that treats extending the life of an elderly, disabled, or terminally ill individual as of lower value than extending the life of an individual who is younger, nondisabled, or not terminally ill, or on the basis of the health care provider's or facility's disagreement with how the patient or individual authorized to act on the patient's behalf values the tradeoff between extending the length of the patient's life and the risk of disability.

404.1109. A health care decision-maker shall not withhold or withdraw medical treatment from a pregnant patient, consistent with existing law, as set forth in section 459.025.

404.1110. Nothing in sections 404.1100 to 404.1110 is intended to:

(1) Encourage or discourage any particular medical treatment or to interfere with or affect any method of religious or spiritual healing otherwise permitted by law;

(2) Be construed as condoning, authorizing, or approving euthanasia or mercy killing; or

(3) Be construed as permitting any affirmative or deliberate act to end a person's life, except to permit natural death as provided by sections 404.1100 to 404.1110."; and

May 8, 2015

TO THE CHIEF CLERK OF THE
HOUSE OF REPRESENTATIVES
98th GENERAL ASSEMBLY
FIRST REGULAR SESSION
STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2** entitled:

AN ACT

To appropriate money for the expenses, grants, refunds, and distributions of the State Board of Education and the Department of Elementary and Secondary Education, and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2015 and ending June 30, 2016; provided that no funds from these sections shall be expended for the purpose of costs associated with the travel or staffing of the offices of the Governor, Lieutenant Governor, Secretary of State, State Auditor, State Treasurer, or Attorney General, and further provided that no funds from these sections shall be expended for the purpose of aerial travel within the state of Missouri.

On May 8, 2015, I approved **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2**. However, section 2.070 of Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2 contains language that is inconsistent with existing law relating to the state's education assessment plan. The legislature may not create new and different mandates or amend current legal requirements through the appropriations process. It is well-settled that "to inject general legislation of any sort into an appropriation act is repugnant to the constitution." *See State ex rel. Hueller v. Thompson*, 289 S.W. 338, 340 (Mo. banc 1926). Indeed, "**[**a**]**ppropriations of money for payment of state obligations and the amendment of a general statute are entirely different and separate subjects for legislative action." *Igoe v. Bradford*, 611 S.W.2d 343, 350 (Mo.App. 1980). To the extent section 2.070 of Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2 attempts to legislate through the appropriations process in violation of the single-subject requirement of Article III, Section 23 of the Missouri Constitution, existing substantive law must prevail.

Section 2.070 seeks to require "that no later than February 1, 2016 the Department of Elementary and Secondary Education shall submit a plan for the development and implementation of a new, Missouri-based state assessment plan for review and approval by the House Budget Committee and Senate Appropriations Committee…." Existing state law does not mandate the development of a new state assessment plan by a date certain, and the legislature may not seek to impose such a requirement through an appropriations bill. Moreover, the attempt to extend approval authority of a new state assessment plan to the House Budget Committee and Senate Appropriations Committee is similarly flawed due to its conflict with current law. Section 160.526.2, RSMo, provides a process by which the entire General Assembly can veto implementation, modification, or revision to the state assessment plan by concurrent resolution adopted by majority vote of both chambers. This duly enacted statute cannot be altered, amended or affected by a phrase inserted into an appropriations bill. If a new state assessment plan is proposed, the State Board of Education and the Department of Elementary and Secondary Education will comply with the process set forth in Missouri statutes.

Section 2.070 of Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2 further states "that no funds from this section shall be used for assessments which generate results used to lower a public school district's accreditation or a teacher's evaluation." This language broadly prohibits, without limitation, the use of assessment results to lower a district's accreditation or in a teacher's evaluation. By contrast, section 161.855.4, RSMo, - enacted only last year - limits the use of such results in the accreditation of districts and in the evaluation of teachers only in the *first* year a new or changed statewide assessment system is utilized. The inconsistency between the substantive law and the language in the appropriations bill must be resolved in favor of the substantive law. The impact of assessment results on a school district's accreditation or in a teacher's evaluation will be guided by section 161.855.4, RSMo.

The aforementioned language contained in section 2.070 of Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2 conflicts with existing state law and thereby violates Article III, Section 23 of the Missouri Constitution. Accordingly, this language is void and unenforceable and will be viewed as legal surplusage in its implementation.

JOURNAL OF THE HOUSE

First Regular Session, 98th GENERAL ASSEMBLY

SIXTY-SEVENTH DAY, MONDAY, MAY 11, 2015

The House met pursuant to adjournment.

Speaker Diehl in the Chair.

Prayer by Representative Ken Wilson.

Father, just as a battery is recharged without sound or motion, we pray that Your spirit be upon this assembly and will recharge the hearts and minds of each of us here. Father, please help us to be mindful of our hearts and tongues as we go about our work today. We may not know everything, but we pray that we may know Your will. That we do not have to be rich to be generous, we do not have to have the Wisdom of Solomon to be understanding. Our influence may not be great but it can be good. Our speech may not be eloquent but it can be truthful and sincere.

May these few minutes of prayer find each one of us, in his own way, recharged, and reaching out to You, for help and guidance. Hear our prayers and be with us this day.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Cole Tarvin, Ella Tarvin, Russell Shankland, Coltin Burkhart, and Aleeah Burkhart.

The Journal of the sixty-fifth day was approved as printed.

The Journal of the sixty-sixth day was approved as printed.

Which motion was adopted.

THIRD READING OF SENATE BILLS

SS SCS SB 15, relating to a commission to study state tax policy, was taken up by Representative Koenig.

Representative Koenig offered **House Amendment No. 1**.

House Amendment No. 1

AMEND Senate Substitute for Senate Committee Substitute for Senate Bill No. 15, Page 1, In the Title, Lines 2-3, by deleting the words, "a commission to study state tax policy" and inserting in lieu thereof the word, "taxation"; and

Further amend said bill, Page 4, Section 136.450, Line 92, by inserting after all of said section and line the following:

"144.190. 1. If a tax has been incorrectly computed by reason of a clerical error or mistake on the part of the director of revenue, such fact shall be set forth in the records of the director of revenue, and the amount of the overpayment shall be credited on any taxes then due from the person legally obligated to remit the tax pursuant to sections 144.010 to 144.525, and the balance shall be refunded to the person legally obligated to remit the tax, such person's administrators or executors, as provided for in section 144.200.

2. If any tax, penalty or interest has been paid more than once, or has been erroneously or illegally collected, or has been erroneously or illegally computed, such sum shall be credited on any taxes then due from the person legally obligated to remit the tax pursuant to sections 144.010 to 144.525, and the balance, with interest as determined by section 32.065, shall be refunded to the person legally obligated to remit the tax, but no such credit or refund shall be allowed unless duplicate copies of a claim for refund are filed within three years from date of overpayment.

3. Every claim for refund must be in writing and signed by the applicant, and must state the specific grounds upon which the claim is founded. Any refund or any portion thereof which is erroneously made, and any credit or any portion thereof which is erroneously allowed, may be recovered in any action brought by the director of revenue against the person legally obligated to remit the tax. In the event that a tax has been illegally imposed against a person legally obligated to remit the tax, the director of revenue shall authorize the cancellation of the tax upon the **[**director's**] director of revenue's** record.

4. Notwithstanding the provisions of section 32.057, a purchaser that originally paid sales or use tax to a vendor or seller may submit a refund claim directly to the director of revenue for such sales or use taxes paid to such vendor or seller and remitted to the director **of revenue**, provided no sum shall be refunded more than once, any such claim shall be subject to any offset, defense, or other claim the director **of revenue** otherwise would have against either the purchaser or vendor or seller **if such offset or claim has been assessed under section 144.240 or 144.670 and such assessment is no longer subject to appeal**, and such claim for refund is accompanied by either:

(1) A notarized assignment of rights statement by the vendor or seller to the purchaser allowing the purchaser to seek the refund on behalf of the vendor or seller. An assignment of rights statement shall contain the Missouri sales or use tax registration number of the vendor or seller, a list of the transactions covered by the assignment, the tax periods and location for which the original sale was reported to the director of revenue by the vendor or seller, and a notarized statement signed by the vendor or seller affirming that the vendor or seller has not received a refund or credit, will not apply for a refund or credit of the tax collected on any transactions covered by the assignment, and authorizes the director **of revenue** to amend the seller's return to reflect the refund; or

(2) In the event the vendor or seller fails or refuses to provide an assignment of rights statement within **[**sixty**] thirty** days from the date of such purchaser's written request to the vendor or seller, or the purchaser is not able to locate the vendor or seller or the vendor or seller is no longer in business, the purchaser may provide the director **of revenue** a notarized statement confirming the efforts that have been made to obtain an assignment of rights from the vendor or seller. Such statement shall contain a list of the transactions covered by the assignment, the tax periods and location for which the original sale was reported to the director of revenue by the vendor or seller.

The director **of revenue** shall not require such vendor, seller, or purchaser to submit amended returns for refund claims submitted under the provisions of this subsection. Notwithstanding the provisions of section 32.057, if the seller is registered with the director **of revenue** for collection and remittance of sales tax, the director **of revenue** shall notify the seller at the seller's last known address of the claim for refund. **[**If the seller objects to the refund within thirty days of

the date of the notice, the director shall not pay the refund. If the seller agrees that the refund is warranted or fails to respond within thirty days, the**]** **The** director **of revenue** may issue the refund and amend the seller's return to reflect the refund. For purposes of section 32.069, the refund claim shall **[**not**]** be considered to have been filed **[**until the seller agrees that the refund is warranted or**]** thirty days after the date the director **of revenue** notified the seller **[**and the seller failed to respond**]**.

5. Notwithstanding the provisions of section 32.057, when a vendor files a refund claim on behalf of a purchaser and such refund claim is denied by the director **of revenue**, notice of such denial and the reason for the denial shall be sent by the director **of revenue** to the vendor and each purchaser whose name and address is submitted with the refund claim form filed by the vendor. A purchaser shall be entitled to appeal the denial of the refund claim within sixty days of the date such notice of denial is mailed by the director **of revenue** as provided in section 144.261. The provisions of this subsection shall apply to all refund claims filed after August 28, 2012. The provisions of this subsection allowing a purchaser to appeal the **[**director's**] director of revenue's** decision to deny a refund claim shall also apply to any refund claim denied by the director **of revenue** on or after January 1, 2007, if an appeal of the denial of the refund claim is filed by the purchaser no later than September 28, 2012, and if such claim is based solely on the issue of the exemption of the electronic transmission or delivery of computer software.

6. Notwithstanding the provisions of this section, the director of revenue shall authorize direct-pay agreements to purchasers which have annual purchases in excess of seven hundred fifty thousand dollars pursuant to rules and regulations adopted by the director of revenue. For the purposes of such direct-pay agreements, the taxes authorized pursuant to chapters 66, 67, 70, 92, 94, 162, 190, 238, 321, and 644 shall be remitted based upon the location of the place of business of the purchaser.

7. Special rules applicable to error corrections requested by customers of mobile telecommunications service are as follows:

(1) For purposes of this subsection, the terms "customer", "home service provider", "place of primary use", "electronic database", and "enhanced zip code" shall have the same meanings as defined in the Mobile Telecommunications Sourcing Act incorporated by reference in section 144.013;

(2) Notwithstanding the provisions of this section, if a customer of mobile telecommunications services believes that the amount of tax, the assignment of place of primary use or the taxing jurisdiction included on a billing is erroneous, the customer shall notify the home service provider, in writing, within three years from the date of the billing statement. The customer shall include in such written notification the street address for the customer's place of primary use, the account name and number for which the customer seeks a correction of the tax assignment, a description of the error asserted by the customer and any other information the home service provider reasonably requires to process the request;

(3) Within sixty days of receiving the customer's notice, the home service provider shall review its records and the electronic database or enhanced zip code to determine the customer's correct taxing jurisdiction. If the home service provider determines that the review shows that the amount of tax, assignment of place of primary use or taxing jurisdiction is in error, the home service provider shall correct the error and, at its election, either refund or credit the amount of tax erroneously collected to the customer for a period of up to three years from the last day of the home service provider's sixty-day review period. If the home service provider determines that the review shows that the amount of tax, the assignment of place of primary use or the taxing jurisdiction is correct, the home service provider shall provide a written explanation of its determination to the customer.

8. For all refund claims submitted to the department of revenue on or after September 1, 2003, notwithstanding any provision of this section to the contrary, if a person legally obligated to remit the tax levied pursuant to sections 144.010 to 144.525 has received a refund of such taxes for a specific issue and submits a subsequent claim for refund of such taxes on the same issue for a tax period beginning on or after the date the original refund check issued to such person, no refund shall be allowed. This subsection shall not apply and a refund shall be allowed if **the refund claim is filed by a purchaser under the provisions of subsection 4 of this section, the refund claim is for use tax remitted by the purchaser, or** an additional refund claim is filed **by a person legally obligated to remit the tax** due to any of the following:

(1) Receipt of additional information or an exemption certificate from the purchaser of the item at issue;

(2) A decision of a court of competent jurisdiction or the administrative hearing commission; or

(3) Changes in regulations or policy by the department of revenue.

9. Notwithstanding any provision of law to the contrary, the director of revenue shall respond to a request for a binding letter ruling filed in accordance with section 536.021 within sixty days of receipt of such request. If the director of revenue fails to respond to such letter ruling request within sixty days of receipt by the director **of revenue**, the director of revenue shall be barred from pursuing collection of any assessment of sales or use tax with respect to the issue which is the subject of the letter ruling request. For purposes of this subsection, the term "letter ruling" means a

written interpretation of law by the director **of revenue** to a specific set of facts provided by a specific taxpayer or his or her agent.

10. If any tax was paid more than once, was incorrectly collected, or was incorrectly computed, such sum shall be credited on any taxes then due from the person legally obligated to remit the tax pursuant to sections 144.010 to 144.510 against any deficiency or tax due discovered through an audit of the person by the department of revenue through adjustment during the same tax filing period for which the audit applied.

11. The provisions of this section are intended to clarify the limitations on refund claims as originally enacted in this chapter."; and

On motion of Representative Koenig, **House Amendment No. 1** was adopted.

Representative Dugger offered **House Amendment No. 2**.

Further amend said bill, page, Section A, Line 2, by inserting after all of said section and line the following:

"65.620. 1. Whenever any county abolishes township organization the county treasurer and ex officio collector shall immediately settle his accounts as treasurer with the county commission and shall thereafter perform all duties, exercise all powers, have all rights and be subject to all liabilities imposed and conferred upon the county collector of revenue under chapter 52 until the first Monday in March after the general election next following the abolishment of township organization and until a collector of revenue for the county is elected and qualified. 2. Upon abolition of township organization, title to all property of all kinds theretofore owned by the several townships of the county shall vest in the county and the county shall be liable for all outstanding obligations and liabilities of the several townships.

3. The terms of office of all township officers shall expire on the abolition of township organization and the township trustee of each township shall immediately settle his accounts with the county clerk and all township officers shall promptly deliver to the appropriate county officers, as directed by the county commission, all books, papers, records and property pertaining to their offices.

4. For a period of one calendar year following the abolition of the townships or until the voters of the county have approved a tax levy for road and bridge purposes, whichever occurs first, the county collector shall continue to collect a property tax on a county-wide basis in an amount equal to the tax levied by the township that had the lowest total tax rate in the county immediately prior to the abolishment of the townships. The continued collection of the tax shall be considered a continuation of an existing tax and shall not be considered a new tax levy."; and

Further amend said bill, Page 4, Section 136.450, Line 92, by inserting after all of said section and line the following:

"Section B. Further amend said bill, Page 4, Section 136.450, Line 92, by inserting after all of said section and line the following:

"144.010. 1. The following words, terms, and phrases when used in sections 144.010 to 144.525 have the meanings ascribed to them in this section, except when the context indicates a different meaning:

(1) "Admission" includes seats and tables, reserved or otherwise, and other similar accommodations and charges made therefor and amount paid for admission, exclusive of any admission tax imposed by the federal government or by sections 144.010 to 144.525;

(2) "Business" includes any activity engaged in by any person, or caused to be engaged in by him, with the object of gain, benefit or advantage, either direct or indirect, and the classification of which business is of such character as to be subject to the terms of sections 144.010 to 144.525. A person is "engaging in business" in this state for purposes of sections 144.010 to 144.525 if such person "engages in business in this state" or "maintains a place of business in this state" under section 144.605. The isolated or occasional sale of tangible personal property, service, substance, or thing, by a person not engaged in such business, does not constitute engaging in business within the meaning of sections 144.010 to 144.525 unless the total amount of the gross receipts from such sales, exclusive of receipts from the sale of tangible personal property by persons which property is sold in the course of the partial or complete liquidation of a household, farm or nonbusiness enterprise, exceeds three thousand dollars in any calendar year. The provisions of this subdivision shall not be construed to make any sale of property which is exempt from sales tax or use tax on June 1, 1977, subject to that tax thereafter;

(3) "Captive wildlife", includes but is not limited to exotic partridges, gray partridge, northern bobwhite quail, ring-necked pheasant, captive waterfowl, captive white-tailed deer, captive elk, and captive furbearers held under permit issued by the Missouri department of conservation for hunting purposes. The provisions of this subdivision shall not apply to sales tax on a harvested animal;

(4) "Gross receipts", except as provided in section 144.012, means the total amount of the sale price of the sales at retail including any services other than charges incident to the extension of credit that are a part of such sales made by the businesses herein referred to, capable of being valued in money, whether received in money or otherwise; except that, the term "gross receipts" shall not include the sale price of property returned by customers when the full sale price thereof is refunded either in cash or by credit. In determining any tax due under sections 144.010 to 144.525 on the gross receipts, charges incident to the extension of credit shall be specifically exempted. For the purposes of sections 144.010 to 144.525 the total amount of the sale price above mentioned shall be deemed to be the amount received. It shall also include the lease or rental consideration where the right to continuous possession or use of any article of tangible personal property is granted under a lease or contract and such transfer of possession would be taxable if outright sale were made and, in such cases, the same shall be taxable as if outright sale were made and considered as a sale of such article, and the tax shall be computed and paid by the lessee upon the rentals paid;

(5) "Livestock", cattle, calves, sheep, swine, ratite birds, including but not limited to, ostrich and emu, aquatic products as defined in section 277.024, llamas, alpaca, buffalo, elk documented as obtained from a legal source and not from the wild, goats, horses, other equine, or rabbits raised in confinement for human consumption;

(6) "Motor vehicle leasing company" shall be a company obtaining a permit from the director of revenue to operate as a motor vehicle leasing company. Not all persons renting or leasing trailers or motor vehicles need to obtain such a permit; however, no person failing to obtain such a permit may avail itself of the optional tax provisions of subsection 5 of section 144.070, as hereinafter provided;

(7) "Person" includes any individual, firm, copartnership, joint adventure, association, corporation, municipal or private, and whether organized for profit or not, state, county, political subdivision, state department, commission, board, bureau or agency, except the state transportation department, estate, trust, business trust, receiver or trustee appointed by the state or federal court, syndicate, or any other group or combination acting as a unit, and the plural as well as the singular number;

(8) "Purchaser" means a person who purchases tangible personal property or to whom are rendered services, receipts from which are taxable under sections 144.010 to 144.525;

(9) "Research or experimentation activities" are the development of an experimental or pilot model, plant process, formula, invention or similar property, and the improvement of existing property of such type. Research or experimentation activities do not include activities such as ordinary testing or inspection of materials or products for quality control, efficiency surveys, advertising promotions or research in connection with literary, historical or similar projects;

(10) "Sale" or "sales" includes installment and credit sales, and the exchange of properties as well as the sale thereof for money, every closed transaction constituting a sale, and means any transfer, exchange or barter, conditional or otherwise, in any manner or by any means whatsoever, of tangible personal property for valuable consideration and the rendering, furnishing or selling for a valuable consideration any of the substances, things and services herein designated and defined as taxable under the terms of sections 144.010 to 144.525;

(11) "Sale at retail" means any transfer made by any person engaged in business as defined herein of the ownership of, or title to, tangible personal property to the purchaser, for use or consumption and not for resale in any form as tangible personal property, for a valuable consideration; except that, for the purposes of sections 144.010 to 144.525 and the tax imposed thereby: (I) purchases of tangible personal property made by duly licensed physicians, dentists, optometrists and veterinarians and used in the practice of their professions shall be deemed to be purchases for use or consumption and not for resale; and (ii) the selling of computer printouts, computer output or microfilm or microfiche and computer-assisted photo compositions to a purchaser to enable the purchaser to obtain for his or her own use the desired information contained in such computer printouts, computer output on microfilm or microfiche and computer-assisted photo compositions shall be considered as the sale of a service and not as the sale of tangible personal property. Where necessary to conform to the context of sections 144.010 to 144.525 and the tax imposed thereby, the term "sale at retail" shall be construed to embrace:

(a) Sales of admission tickets[, cash admissions,] **and** charges and fees **for admission** to [or in places of amusement, entertainment and recreation, games and athletic events] **view sporting events, dance performances, theater performances, orchestra, concerts, and other performing arts productions, and amounts paid for admission to racetracks, arcades, theme and amusement parks, water parks, circuses, carnivals, festivals, air shows, museums, marinas, motion picture theaters, go-karts, miniature golf, zip lines, individual stand-alone amusement rides, and other tourist excursions. Such tax shall not include any sales regardless of how offered and sold as a right of first refusal, right to purchase, single admission ticket, bundled package or season pass for admission and seating accommodations, or fees paid to or in any place having an exemption under subdivision (20), (21), or (22) of subsection 2 of section 144.030. Such sales shall not include the amount paid that results in the first opportunity to purchase or decline tickets for admission to events, but does not itself result in admission**;

(b) Sales of electricity, electrical current, water and gas, natural or artificial, to domestic, commercial or industrial consumers;

(c) Sales of local and long distance telecommunications service to telecommunications subscribers and to others through equipment of telecommunications subscribers for the transmission of messages and conversations, and the sale, rental or leasing of all equipment or services pertaining or incidental thereto;

(d) Sales of service for transmission of messages by telegraph companies;

(e) Sales or charges for all rooms, meals and drinks furnished at any hotel, motel, tavern, inn, restaurant, eating house, drugstore, dining car, tourist camp, tourist cabin, or other place in which rooms, meals or drinks are regularly served to the public;

(f) Sales of tickets by every person operating a railroad, sleeping car, dining car, express car, boat, airplane, and such buses and trucks as are licensed by the division of motor carrier and railroad safety of the department of economic development of Missouri, engaged in the transportation of persons for hire;

(12) "Seller" means a person selling or furnishing tangible personal property or rendering services, on the receipts from which a tax is imposed pursuant to section 144.020;

(13) The noun "tax" means either the tax payable by the purchaser of a commodity or service subject to tax, or the aggregate amount of taxes due from the vendor of such commodities or services during the period for which he or she is required to report his or her collections, as the context may require;

(14) "Telecommunications service", for the purpose of this chapter, the transmission of information by wire, radio, optical cable, coaxial cable, electronic impulses, or other similar means. As used in this definition, "information" means knowledge or intelligence represented by any form of writing, signs, signals, pictures, sounds, or any other symbols. Telecommunications service does not include the following if such services are separately stated on the customer's bill or on records of the seller maintained in the ordinary course of business:

(a) Access to the internet, access to interactive computer services or electronic publishing services, except the amount paid for the telecommunications service used to provide such access;

(b) Answering services and one-way paging services;

(c) Private mobile radio services which are not two-way commercial mobile radio services such as wireless telephone, personal communications services or enhanced specialized mobile radio services as defined pursuant to federal law; or

(d) Cable or satellite television or music services; and

(15) "Product which is intended to be sold ultimately for final use or consumption" means tangible personal property, or any service that is subject to state or local sales or use taxes, or any tax that is substantially equivalent thereto, in this state or any other state.

2. For purposes of the taxes imposed under sections 144.010 to 144.525, and any other provisions of law pertaining to sales or use taxes which incorporate the provisions of sections 144.010 to 144.525 by reference, the term "manufactured homes" shall have the same meaning given it in section 700.010.

3. Sections 144.010 to 144.525 may be known and quoted as the "Sales Tax Law".

144.018. 1. Notwithstanding any other provision of law to the contrary, except as provided under subsection 2 or 3 of this section, when a purchase of tangible personal property or service subject to tax is made for the purpose of resale, such purchase shall be either exempt or excluded under this chapter if the subsequent sale is:

(1) Subject to a tax in this or any other state;

(2) For resale;

(3) Excluded from tax under this chapter;

(4) Subject to tax but exempt under this chapter; or

(5) Exempt from the sales tax laws of another state, if the subsequent sale is in such other state.

The purchase of tangible personal property by a taxpayer shall not be deemed to be for resale if such property is used or consumed by the taxpayer in providing a service on which tax is not imposed by subsection 1 of section 144.020, except purchases made in fulfillment of any obligation under a defense contract with the United States government.

2. For purposes of subdivision (2) of subsection 1 of section 144.020, a place of amusement, entertainment or recreation, including games or athletic events, shall remit tax on the amount paid for admissions or seating accommodations[, or fees paid] to[, or in] such place of amusement, entertainment or recreation. Any subsequent sale of such admissions or seating accommodations shall not be subject to tax if the initial sale was an arms length transaction for fair market value with an unaffiliated entity. If the sale of such admissions or seating accommodations is exempt or excluded from payment of sales and use taxes, the provisions of this subsection shall not require the place of amusement, entertainment, or recreation to remit tax on that sale. **Such sales under subdivision (2) of subsection 1 of section 144.020 shall include sales of admission tickets and charges and fees for admission to view sporting events, dance performances, theater performances, orchestra, concerts and other performing arts productions, and amounts paid for admission to racetracks, arcades, theme and amusement parks, water parks, circuses, carnivals, festivals, air shows, museums, marinas, motion picture theaters, go-karts, miniature golf, zip lines, individual stand-alone amusement rides, and other tourist excursions. Such tax shall not include any sales regardless of how offered and sold as a right of first refusal, right to purchase, single admission ticket, bundled package or season pass for admission and seating accommodations, or charges or, fees paid to or in any place having an exemption under subdivision (20), (21), or (22) of subsection 2 of section 144.030. Such sales shall not include the amount paid that results in the first opportunity to purchase or decline tickets for admission to events, but does not itself result in admission.**

3. For purposes of subdivision (6) of subsection 1 of section 144.020, a hotel, motel, tavern, inn, restaurant, eating house, drugstore, dining car, tourist cabin, tourist camp, or other place in which rooms, meals, or drinks are regularly served to the public shall remit tax on the amount of sales or charges for all rooms, meals, and drinks furnished at such hotel, motel, tavern, inn, restaurant, eating house, drugstore, dining car, tourist cabin, tourist camp, or other place in which rooms, meals, or drinks are regularly served to the public. Any subsequent sale of such rooms, meals, or drinks shall not be subject to tax if the initial sale was an arms length transaction for fair market value with an unaffiliated entity. If the sale of such rooms, meals, or drinks is exempt or excluded from payment of sales and use taxes, the provisions of this subsection shall not require the hotel, motel, tavern, inn, restaurant, eating house, drugstore, dining car, tourist cabin, tourist camp, or other place in which rooms, meals, or drinks are regularly served to the public to remit tax on that sale.

4. The provisions of this section are intended to reject and abrogate earlier case law interpretations of the state's sales and use tax law with regard to sales for resale as extended in Music City Centre Management, LLC v. Director of Revenue, 295 S.W.3d 465, (Mo. 2009) and ICC Management, Inc. v. Director of Revenue, 290 S.W.3d 699, (Mo. 2009).

The provisions of this section are intended to clarify the exemption or exclusion of purchases for resale from sales and use taxes as originally enacted in this chapter.

144.020. 1. A tax is hereby levied and imposed for the privilege of titling new and used motor vehicles, trailers, boats, and outboard motors purchased or acquired for use on the highways or waters of this state which are required to be titled under the laws of the state of Missouri and, except as provided in subdivision (9) of this subsection, upon all sellers for the privilege of engaging in the business of selling tangible personal property or rendering taxable service at retail in this state. The rate of tax shall be as follows:

(1) Upon every retail sale in this state of tangible personal property, excluding motor vehicles, trailers, motorcycles, mopeds, motortricycles, boats and outboard motors required to be titled under the laws of the state of Missouri and subject to tax under subdivision (9) of this subsection, a tax equivalent to four percent of the purchase price paid or charged, or in case such sale involves the exchange of property, a tax equivalent to four percent of the consideration paid or charged, including the fair market value of the property exchanged at the time and place of the exchange, except as otherwise provided in section 144.025;

(2) A tax equivalent to four percent of the amount paid for admission **tickets** and [seating accommodations, or] **charges and** fees [paid] to[, or in any place of amusement, entertainment or recreation, games and athletic events] **view sporting events, dance performances, theater performances, orchestra, concerts and other performing arts productions, and amounts paid for admission to racetracks, arcades, theme and amusement parks, water parks, circuses, carnivals, festivals, air shows, museums, marinas, motion picture theaters, go-karts, miniature golf, zip lines, individual stand-alone amusement rides, and other tourist excursions. Such tax shall not include any sales regardless of how offered and sold as a right of first refusal, right to purchase, single admission ticket, bundled package or season pass for admission and seating accommodations, or fees paid to or in any place having an exemption under subdivision (20), (21), or (22) of subsection 2 of section 144.030. Such sales shall not include the amount paid that results in the first opportunity to purchase or decline tickets for admission to events, but does not itself result in admission;**

(3) A tax equivalent to four percent of the basic rate paid or charged on all sales of electricity or electrical current, water and gas, natural or artificial, to domestic, commercial or industrial consumers;

(4) A tax equivalent to four percent on the basic rate paid or charged on all sales of local and long distance telecommunications service to telecommunications subscribers and to others through equipment of telecommunications subscribers for the transmission of messages and conversations and upon the sale, rental or leasing of all equipment or services pertaining or incidental thereto; except that, the payment made by telecommunications subscribers or others, pursuant to section 144.060, and any amounts paid for access to the internet or interactive computer services shall not be considered as amounts paid for telecommunications services;

(5) A tax equivalent to four percent of the basic rate paid or charged for all sales of services for transmission of messages of telegraph companies;

(6) A tax equivalent to four percent on the amount of sales or charges for all rooms, meals and drinks furnished at any hotel, motel, tavern, inn, restaurant, eating house, drugstore, dining car, tourist cabin, tourist camp or other place in which rooms, meals or drinks are regularly served to the public;

(7) A tax equivalent to four percent of the amount paid or charged for intrastate tickets by every person operating a railroad, sleeping car, dining car, express car, boat, airplane and such buses and trucks as are licensed by the division of motor carrier and railroad safety of the department of economic development of Missouri, engaged in the transportation of persons for hire;

(8) A tax equivalent to four percent of the amount paid or charged for rental or lease of tangible personal property, provided that if the lessor or renter of any tangible personal property had previously purchased the property under the conditions of "sale at retail" or leased or rented the property and the tax was paid at the time of purchase, lease or rental, the lessor, sublessor, renter or subrenter shall not apply or collect the tax on the subsequent lease, sublease, rental or subrental receipts from that property. The purchase, rental or lease of motor vehicles, trailers, motorcycles, mopeds, motortricycles, boats, and outboard motors shall be taxed and the tax paid as provided in this section and section 144.070. In no event shall the rental or lease of boats and outboard motors be considered a sale, charge, or fee to, for or in places of amusement, entertainment or recreation nor shall any such rental or lease be subject to any tax imposed to, for, or in such places of amusement, entertainment or recreation. Rental and leased boats or outboard motors shall be taxed under the provisions of the sales tax laws as provided under such laws for motor vehicles and trailers. Tangible personal property which is exempt from the sales or use tax under section 144.030 upon a sale thereof is likewise exempt from the sales or use tax upon the lease or rental thereof;

(9) A tax equivalent to four percent of the purchase price, as defined in section 144.070, of new and used motor vehicles, trailers, boats, and outboard motors purchased or acquired for use on the highways or waters of this state which

are required to be registered under the laws of the state of Missouri. This tax is imposed on the person titling such property, and shall be paid according to the procedures in section 144.440.

2. All tickets sold which are sold under the provisions of sections 144.010 to 144.525 which are subject to the sales tax shall have printed, stamped or otherwise endorsed thereon, the words "This ticket is subject to a sales tax."; and

"144.030. 1. There is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and from the computation of the tax levied, assessed or payable pursuant to sections 144.010 to 144.525 such retail sales as may be made in commerce between this state and any other state of the United States, or between this state and any foreign country, and any retail sale which the state of Missouri is prohibited from taxing pursuant to the Constitution or laws of the United States of America, and such retail sales of tangible personal property which the general assembly of the state of Missouri is prohibited from taxing or further taxing by the constitution of this state.

2. There are also specifically exempted from the provisions of the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.761 and from the computation of the tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration law (sections 281.220 to 281.310) which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

(4) Motor vehicles registered in excess of fifty-four thousand pounds, and the trailers pulled by such motor vehicles, that are actually used in the normal course of business to haul property on the public highways of the state, and that are capable of hauling loads commensurate with the motor vehicle's registered weight; and the materials, replacement parts, and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of such vehicles. For purposes of this subdivision, "motor vehicle" and "public highway" shall have the meaning as ascribed in section 390.020;

For the purposes of this subdivision, a "material recovery processing plant" means a facility that has as its primary purpose the recovery of materials into a usable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(6) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption;

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. For purposes of this subdivision, "processing" means any mode of treatment, act or series of acts performed upon materials to transform and reduce them to a different state or thing, including treatment necessary to maintain or preserve such processing by the producer at the production facility;

(14) Anodes which are used or consumed in manufacturing, processing, compounding, mining, producing or fabricating and which have a useful life of less than one year;

JOURNAL OF THE HOUSE

First Regular Session, 98th GENERAL ASSEMBLY

SIXTY-EIGHTH DAY, TUESDAY, MAY 12, 2015

The House met pursuant to adjournment.

Speaker Diehl in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

He who pursues righteousness and kindness will find life and honor. (Proverbs 21:21)

O Lord our God, whose glory is in all the world and whose spirit lives in everyone, look with Your favor upon us as we unite in prayer. Come anew into our lives and arise fresh within us that this day may be a great day because we know that You are with us, and we are with You.

Kindle in our hearts, and in the hearts of all, a true love for peace, justice, and order that in a real sense Your kingdom may begin to appear and Your path of truth and love be traveled by all peoples.

We commend to Your blessing all who engage in the government of Missouri. Continue to grant them integrity of mind, a sincerity of heart, and an unfailing devotion to the welfare of our people. May all legislation be worthy of our noblest efforts and for the benefit of all who elected us.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-seventh day was approved as printed.

"**Section 1. 1. As used in this section the following terms shall mean:**

(1) "BTU of gaseous biofuel", British thermal unit of measurement to express the energy content of fuels. BTU is the expression of 1 BTU and use a conversion formula, as appropriate, that it publishes in the Federal Register as conversion factor for gaseous biofuel;

(2) "Gaseous biofuel", derived from bio-waste material, including animal waste, animal processing

waste, pre and post-consumer food waste, vegetative waste material, cardboard, and paper waste material through an anaerobic digester process and injected into the natural gas pipeline grid;

(3) "Gaseous biofuel certification", biofuel that meets commercially-acceptable natural gas pipeline quality standards of the local market, that the flow meters used to determine the quantity of gaseous biofuel produced are industry standard and properly calibrated by a third-party professional, and the readings have been taken by a qualified individual;

(4) "MMBTU of gaseous biofuel", British thermal unit of measurement to express the energy content of fuels. MMBTU is the expression of 1 million BTU and use a conversion formula, as appropriate, that it publishes in the Federal Register as conversion factor for gaseous biofuel;

(5) "Missouri qualified gaseous biofuel producer", any producer of gaseous biofuel whose principal place of business and facility for the anaerobic digester and biofuel upgrading is located within the state of Missouri and is registered with the United States Environmental Protection Agency according to the requirements of 40 CFR 79 and which has made formal application, and conformed to the requirements of this section, and:

(a) Has registered with the department of agriculture by March 31, 2016;

(b) Has begun construction of the facility before July 31, 2016; and

(c) Has begun production of gaseous biofuel before December 31, 2016.

2. There is hereby created the "Missouri Qualified Gaseous Biofuel Producer Incentive Fund" that shall be used to provide economic subsidies to Missouri qualified gaseous biofuel producers. Upon appropriation, the director of the department of agriculture shall administer the fund. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

3. A Missouri qualified gaseous biofuel shall be eligible for a monthly grant from the fund provided that one hundred percent of the feedstock originates in the United States. However, the director may waive the feedstock requirements on a month-to-month basis if the facility provides verification that adequate feedstock is not available. A Missouri qualified gaseous biofuel producer shall only be eligible for the grant for a total of sixty months unless such producers during the sixty months fail, due to a lack of appropriations, to receive the full amount from the fund for which the producers were eligible, in which case such producers shall continue to be eligible until they have received the maximum amount of funding for which such producers were eligible during the original sixty-month time period. The amount of the grant is determined by calculating the estimated BTU of qualified gaseous biofuel produced during the preceding month from feedstock, as certified by the department of agriculture, and applying such figure to the per-BTU incentive credit established in this subsection. Each Missouri qualified gaseous biofuel producer shall be eligible for a total grant in any fiscal year equal to two thousand three hundred forty-four millionths cents per BTU for the first five million MMBTU of qualified gaseous biofuel produced from feedstock in the fiscal year plus seven hundred eighty-one millionths cents per BTU for the next five million MMBTU of qualified biodiesel produced from feedstock in the fiscal year. All such qualified gaseous biofuel produced by a Missouri qualified gaseous biofuel producer in excess of ten million MMBTU shall not be applied to the computation of a grant pursuant to this subsection. The department of agriculture shall pay all grants for a particular month by the fifteenth day after receipt and approval of the application described in subsection 7 of this section.

7. In order for a Missouri qualified gaseous biofuel producer to obtain a grant from the fund, an application for such funds shall be received no later than fifteen days following the last day of the month for which the grant is sought. The application shall include:

(1) The location of the Missouri qualified gaseous biofuel producer;

(2) The average number of citizens of Missouri employed by the Missouri qualified gaseous biofuel producer in the preceding month, if applicable;

(3) The number of ton equivalents of Missouri feedstock and out-of-state feedstock used by the Missouri qualified gaseous biofuel producer in the production of gaseous biofuel in the preceding month;

(4) The number of BTU of qualified gaseous biofuel the producer manufactures during the month for which the grant is applied;

(5) Any other information deemed necessary by the department of agriculture to adequately ensure that such grants shall be made only to Missouri qualified gaseous biofuel producers.

8. The director of the department of agriculture, in consultation with the department of revenue, shall promulgate rules and regulations necessary for the administration of the provisions of this section. Any

rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2015, shall be invalid and void.

9. This section shall expire on December 31, 2016. However, Missouri qualified gaseous biofuel producers receiving any grants awarded prior to December 31, 2016, shall continue to be eligible for the remainder of the original sixty-month time period under the same terms and conditions of this section unless such producer during such sixty months failed, due to a lack of appropriations, to receive the full amount from the fund for which he or she was eligible. In such case, such producers shall continue to be eligible until they have received the maximum amount of funding for which they were eligible during the original sixty-month time period."; and

Further amend said bill, Page 45, Section 266.341, Line 52, by inserting after all of said section and line the following:

"Section B. The repeal and reenactment of sections 262.960, 262.962 and 348.407 of section A of this act shall become effective January 1, 2016."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Representative Johnson declared the bill passed.

HCS SB 369, relating to the conveyance of certain state properties, was taken up by Representative Dohrman.

Representative Hough offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Bill No. 369, Page 1, In the Title, Lines 2-3, by deleting the words, "the conveyance of certain state properties" and inserting in lieu thereof the words, "political subdivisions"; and

Further amend said bill, Page 5, Section 37.005, Line 154, by inserting after all of said line the following:

"**67.5050. 1. As used in this section, the following terms mean:**

(1) "Construction manager", the legal entity that proposes to enter into a construction management-at-risk contract under this section;

(2) "Construction manager-at-risk", a sole proprietorship, partnership, corporation, or other legal entity that assumes the risk for the construction, rehabilitation, alteration, or repair of a project at the contracted price as a general contractor and provides consultation to a political subdivision regarding construction during and after the design of the project.

2. Any political subdivision may use the construction manager-at-risk method for a project. In using that method and in entering into a contract for the services of a construction manager-at-risk, the political subdivision shall follow the procedures prescribed by this section.

3. Before or concurrently with selecting a construction manager-at-risk, the political subdivision shall select or designate an engineer or architect who shall prepare the construction documents for the project and who shall comply with all state laws, as applicable. If the engineer or architect is not a full-time employee of the political subdivision, the political subdivision shall select the engineer or architect on the basis of demonstrated competence and qualifications as provided by sections 8.285 to 8.291. The political subdivision's engineer or architect for a project may not serve, alone or in combination with another, as the construction manager-at-risk. This subsection does not prohibit a political subdivision's engineer or architect from providing customary construction phase services under the engineer's or architect's original professional service agreement in accordance with applicable licensing laws.

4. The political subdivision may provide or contract for, independently of the construction manager-at-risk, inspection services, testing of construction materials, engineering, and verification of testing services necessary for acceptance of the project by the political subdivision.

5. The political subdivision shall select the construction manager-at-risk in a two-step process. The political subdivision shall prepare a request for qualifications, for the case of the first step of the two-step process, that includes general information on the project site, project scope, schedule, selection criteria, and the time and place for receipt of proposals or qualifications, as applicable, and other information that may assist the political subdivision in its selection of a construction manager-at-risk. The political subdivision shall state the selection criteria in the request for proposals or qualifications, as applicable. The selection criteria may include the construction manager's experience, past performance, safety record, proposed personnel and methodology, and other appropriate factors that demonstrate the capability of the construction manager-at-risk. The political subdivision shall not request fees or prices in step one. In step two, the political subdivision may request that five or fewer construction managers, selected solely on the basis of qualifications, provide additional information, including the construction manager-at-risk's proposed fee and its price for fulfilling the general conditions. Qualifications shall account for a minimum of forty percent of the evaluation. Cost shall account for a maximum of sixty percent of the evaluation.

6. The political subdivision shall publish the request for proposal or qualifications in a manner prescribed by the political subdivision.

7. For each step, the political subdivision shall receive, publicly open, and read aloud the names of the construction managers. Within forty-five days after the date of opening the proposals or qualification submissions, the political subdivision or its representative shall evaluate and rank each proposal or qualification submission submitted in relation to the criteria set forth in the request for proposals or request

for qualifications. The political subdivision shall interview at least two of the top qualified offerors as part of the final selection.

8. The political subdivision or its representative shall select the construction manager that submits the proposal that offers the best value for the political subdivision based on the published selection criteria and on its ranking evaluation. The political subdivision or its representative shall first attempt to negotiate a contract with the selected construction manager. If the political subdivision or its representative is unable to negotiate a satisfactory contract with the selected construction manager, the political subdivision or its representative shall, formally and in writing, end negotiations with that construction manager and proceed to negotiate with the next construction manager in the order of the selection ranking until a contract is reached or negotiations with all ranked construction managers end.

9. A construction manager-at-risk shall publicly advertise, in the manner prescribed by chapter 50, and receive bids or proposals from trade contractors or subcontractors for the performance of all major elements of the work other than the minor work that may be included in the general conditions. A construction manager-at-risk may seek to perform portions of the work itself if the construction manager-at-risk submits its sealed bid or sealed proposal for those portions of the work in the same manner as all other trade contractors or subcontractors and if the political subdivision determines that the construction manager-at-risk's bid or proposal provides the best value for the political subdivision. The political subdivision shall have the authority to restrict the construction manager-at-risk from submitting bids to perform portions of the work.

10. The construction manager-at-risk and the political subdivision or its representative shall review all trade contractor or subcontractor bids or proposals in a manner that does not disclose the contents of the bid or proposal during the selection process to a person not employed by the construction manager-at-risk, engineer, architect, or political subdivision involved with the project. All bids or proposals shall be made public at least four business days prior to the award of the contract but after all bids are evaluated and clarified.

11. If the construction manager-at-risk reviews, evaluates, and recommends to the political subdivision a bid or proposal from a trade contractor or subcontractor but the political subdivision requires another bid or proposal to be accepted, the political subdivision may compensate the construction manager-at-risk by a change in price, time, or guaranteed maximum cost for any additional cost and risk that the construction manager-at-risk may incur because of the political subdivision's requirement that another bid or proposal be accepted.

12. If a selected trade contractor or subcontractor defaults in the performance of its work or fails to execute a subcontract after being selected in accordance with this section, the construction manager-at-risk may itself, without advertising, fulfill the contract requirements or select a replacement trade contractor or subcontractor to fulfill the contract requirements. If a fixed contract amount or guaranteed maximum price has not been determined at the time the contract is awarded, the penal sums of the performance and payment bonds delivered to the political subdivision shall each be in an amount equal to the project budget, as set forth in the request for qualifications. The construction manager-at-risk shall deliver the bonds not later than the tenth day after the date the construction manager-at-risk executes the contract unless the construction manager-at-risk furnishes a bid bond or other financial security acceptable to the political subdivision to ensure that the construction manager-at-risk will furnish the required performance and payment bonds if a guaranteed maximum price is established.

13. The provisions of this section shall not apply to any metropolitan sewer district established under article VI, section 30(a) of the Constitution of Missouri or charter city or charter county governed by home rule under article VI, section 18 or 19 of the Constitution of Missouri.

14. (1) Civil works projects such as roads, streets, bridges, utilities, water supply projects, water plants, wastewater plants, water distribution and wastewater conveyance facilities, airport runways and taxiways, storm drainage and flood control projects, or transit projects commonly designed by professional engineers shall be limited to those projects in excess of two million dollars.

(2) Non-civil works projects such as buildings, site improvements, and other structures, habitable or not, commonly designed by architects shall be limited to those projects in excess of seven million dollars.

15. Notwithstanding the provisions of section 23.253 to the contrary, the provisions of this section shall expire September 1, 2025.

67.5060. 1. As used in this section, the following terms mean:

(1) "Design-build", a project delivery method subject to qualifications-based selection for which the design and construction services are furnished under one contract;

(2) "Design-build contract", a contract which is subject to a qualifications-based selection process described in sections 8.285 to 8.291 between a political subdivision and a design-builder to furnish the architectural, engineering, and related design services and the labor, materials, supplies, equipment, and other construction services required for a design-build project;

(3) "Design-build project", the design, construction, alteration, addition, remodeling, or improvement of any buildings or facilities under contract with a political subdivision. Such design-build projects include, but are not limited to:

(a) Civil works projects, such as roads, streets, bridges, utilities, water supply projects, water plants, wastewater plants, water distribution and wastewater conveyance facilities, airport runways and taxiways, storm drainage and flood control projects, or transit projects commonly designed by professional engineers in excess of two million dollars; and

(b) Non-civil works projects, such as buildings, site improvements, and other structures, habitable or not, commonly designed by architects in excess of seven million dollars;

(4) "Design-builder", any individual, partnership, joint venture, or corporation subject to a qualification-based selection that offers to provide or provides design services and general contracting services through a design-build contract in which services within the scope of the practice of professional architecture or engineering are performed respectively by a licensed architect or licensed engineer and in which services within the scope of general contracting are performed by a general contractor or other legal entity that furnishes architecture or engineering services and construction services either directly or through subcontracts or joint ventures;

(5) "Design criteria consultant", a person, corporation, partnership, or other legal entity duly licensed and authorized to practice architecture or professional engineering in this state under chapter 327, who is employed by or contracted by the political subdivision to assist the political subdivision in the development of project design criteria, requests for proposals, evaluation of proposals, the evaluation of the construction under a design-build contract to determine adherence to the design criteria, and any additional services requested by the political subdivisions to represent its interests in relation to a project. The design criteria consultant may not submit a proposal or furnish design or construction services for the design-build contract for which its services were sought;

(6) "Design criteria package", performance-oriented program, scope, and specifications for the design-build project sufficient to permit a design-builder to prepare a response to a political subdivision's request for proposals for a design-build project, which may include capacity, durability, standards, ingress and egress requirements, performance requirements, description of the site, surveys, soil and environmental information concerning the site, interior space requirements, material quality standards, design and construction schedules, site development requirements, provisions for utilities, storm water retention and disposal, parking requirements, applicable governmental code requirements, preliminary designs for the project or portions thereof, and other criteria for the intended use of the project;

(7) "Design professional services", services that are:

(a) Within the practice of architecture as defined in section 327.091, or within the practice of professional engineering as defined in section 327.181; or

(b) Performed by a licensed or authorized architect or professional engineer in connection with the architect's or professional engineer's employment or practice;

(8) "Proposal", an offer in response to a request for proposals by a design-builder to enter into a design-build contract for a design-build project under this section;

(9) "Qualification-based selection", the selection process described in sections 8.285 to 8.291;

(10) "Request for proposal", the document by which the political subdivision solicits proposals for a design-build contract; and

(11) "Stipend", an amount paid to the unsuccessful but responsive, short-listed design-builders to defray the cost of participating in phase II of the qualification-based selection process described in this section.

2. In using a design-build contract, the political subdivision shall determine the scope and level of detail required to permit qualified persons to submit proposals in accordance with the request for proposals given the nature of the project.

3. A design criteria consultant shall be employed or retained by the political subdivision to assist in preparation of the request for proposal, perform periodic site visits, prepare progress reports, review and approve progress and final pay applications of the design-builder, review shop drawings and submissions, provide input in disputes, help interpret the construction documents, perform inspections upon substantial

and final completion, assist in warranty inspections, and provide any other professional service assisting with the project administration. The design criteria consultant may also evaluate construction as to the adherence of the design criteria. The consultant shall be selected and its contract negotiated in compliance with sections 8.285 to 8.291 unless the consultant is a direct employee of the political subdivision.

4. Notice of requests for proposals shall be advertised in accordance with section 8.250 or by a virtual notice procedure that notifies interested parties for at least twenty various purchases, design contracts, construction contracts, or other contracts each year for the political subdivision. The political subdivision shall publish a notice of a request for proposal with a description of the project, the procedures for submission, and the selection criteria to be used.

5. The political subdivision shall establish in the request for proposal a time, place, and other specific instructions for the receipt of proposals. Proposals not submitted in strict accordance with the instructions shall be subject to rejection.

6. A request for proposal shall be prepared for each design-build contract containing at minimum the following elements:

(1) The procedures to be followed for submitting proposals, the criteria for evaluating proposals and their relative weight, and the procedures for making awards;

(2) The proposed terms and conditions for the design-build contract, if available;

(3) The design criteria package;

(4) A description of the drawings, specifications, or other information to be submitted with the proposal, with guidance as to the form and level of completeness of the drawings, specifications, or other information that will be acceptable;

(5) A schedule for planned commencement and completion of the design-build contract, if any;

(6) Budget limits for the design-build contract, if any;

(7) Requirements including any available ratings for performance bonds, payment bonds, and insurance, if any; and

(8) Any other information that the political subdivision in its discretion chooses to supply including, but not limited to, surveys, soil reports, drawings of existing structures, environmental studies, photographs, references to public records, or affirmative action and minority business enterprise requirements consistent with state and federal law.

7. The political subdivision shall solicit proposals in a three-stage process. Phase I shall be the solicitation of qualifications of the design-build team. Phase II shall be the solicitation of a technical proposal including conceptual design for the project. Phase III shall be the proposal of the construction cost.

8. The political subdivision shall review the submissions of the proposals and assign points to each proposal in accordance with this section and as set out in the instructions of the request for proposal.

9. Phase I shall require all design-builders to submit a statement of qualification that shall include, but not be limited to:

(1) Demonstrated ability to perform projects comparable in design, scope, and complexity;

(2) References of owners for whom design-build projects, construction projects, or design projects have been performed;

(3) Qualifications of personnel who will manage the design and construction aspects of the project;

(4) The names and qualifications of the primary design consultants and the primary trade contractors with whom the design-builder proposes to subcontract or joint venture. The design-builder may not replace an identified contractor, subcontractor, design consultant, or subconsultant without the written approval of the political subdivision; and

(5) The approximate percentage of ownership by design professionals of the legal entity of the design-builder or legal entity that contracts with the design-builder.

10. The political subdivision shall evaluate the qualifications of all the design-builders who submitted proposals in accordance with the instructions of the request for proposal. Architectural and engineering services on the project shall be evaluated in accordance with the requirements of sections 8.285 and 8.291. Qualified design-builders selected by the evaluation team may proceed to phase II of the selection process. Design-builders lacking the necessary qualifications to perform the work shall be disqualified and shall not proceed to phase II of the process. This process of short listing shall narrow the number of qualified design-builders to not more than five or fewer than two. Under no circumstances shall price or fees be a part of the prequalification criteria. Points assigned in phase I of the evaluation process shall not carry forward to phase II of the process. All qualified design-builders shall be ranked on points given in phases II and III only.

11. The political subdivision shall have discretion to disqualify any design-builder who, in the

political subdivision's opinion, lacks the minimum qualifications required to perform the work.

12. Once a sufficient number of no more than five and no fewer than two qualified design-builders have been selected, the design-builders shall have a specified amount of time in which to assemble phase II and phase III proposals.

13. Phase II of the process shall be conducted as follows:

(1) The political subdivision shall invite the top qualified design-builders to participate in phase II of the process;

(2) A design-builder shall submit its design for the project to the level of detail required in the request for proposal. The design proposal shall demonstrate compliance with the requirements set out in the request for proposal;

(3) The ability of the design-builder to meet the schedule for completing a project as specified by the political subdivision may be considered as an element of evaluation in phase II;

(4) Up to twenty percent of the points awarded to each design-builder in phase II may be based on each design-builder's qualifications and ability to design, contract, and deliver the project on time and within the budget of the political subdivision;

(5) Under no circumstances shall the design proposal contain any reference to the cost of the proposal; and

(6) The submitted designs shall be evaluated and assigned points in accordance with the requirements of the request for proposal. Phase II shall account for not less than forty percent of the total point score as specified in the request for proposal.

14. Phase III shall be conducted as follows:

(1) The phase III proposal shall provide a firm, fixed cost of design and construction. The proposal shall be accompanied by bid security and any other items, such as statements of minority participation as required by the request for proposal;

(2) Cost proposals shall be submitted in accordance with the instructions of the request for proposal. The political subdivision shall reject any proposal that is not submitted on time. Phase III shall account for not less than forty percent of the total point score as specified in the request for proposal;

(3) Proposals for phase II and phase III shall be submitted concurrently at the time and place specified in the request for proposal, but in separate envelopes or other means of submission. The phase III cost proposals shall be opened only after the phase II design proposals have been evaluated and interviewed and assigned points, ranked in order, and posted;

(4) Cost proposals shall be opened and read aloud at the time and place specified in the request for proposal. At the same time and place, the evaluation team shall make public its scoring of phase II. Cost proposals shall be evaluated in accordance with the requirements of the request for proposal. In evaluating the cost proposals, the lowest responsive bidder shall be awarded the total number of points assigned to be awarded in phase III. For all other bidders, cost points shall be calculated by reducing the maximum points available in phase III by two percent or more for each percentage point by which the bidder exceeds the lowest bid and the points assigned shall be added to the points assigned for phase II for each design-builder;

(5) If the political subdivision determines that it is not in the best interest of the political subdivision to proceed with the project pursuant to the proposal offered by the design-builder with the highest total number of points, the political subdivision shall reject all proposals. In this event, all qualified and responsive design-builders with lower point totals shall receive a stipend and the responsive design-builder with the highest total number of points shall receive an amount equal to two times the stipend. If the political subdivision decides to award the project, the responsive design-builder with the highest number of points shall be awarded the contract; and

(6) If all proposals are rejected, the political subdivision may solicit new proposals using different design criteria, budget constraints, or qualifications.

15. As an inducement to qualified design-builders, the political subdivision shall pay a reasonable stipend, the amount of which shall be established in the request for proposal, to each prequalified design-builder whose proposal is responsive but not accepted. Such stipend shall be no less than one-half of one percent of the total project budget. Upon payment of the stipend to any unsuccessful design-builder, the political subdivision shall acquire a nonexclusive right to use the design submitted by the design-builder, and the design-builder shall have no further liability for the use of the design by the political subdivision in any manner. If the design-builder desires to retain all rights and interest in the design proposed, the design-builder shall forfeit the stipend.

16. The payment bond requirements of section 107.170 shall apply to the design-build project. All

persons furnishing design services shall be deemed to be covered by the payment bond the same as any person furnishing labor and materials; however, the performance bond for the design-builder does not need to cover the design services as long as the design-builder or its subcontractors providing design services carry professional liability insurance in an amount established by the political subdivision in the request for proposals.

17. Any person or firm performing architectural, engineering, landscape architecture, or land-surveying services for the design-builder on the design-build project shall be duly licensed or authorized in this state to provide such services as required by chapter 327.

18. Under section 327.465, any design-builder that enters into a design-build contract with a political subdivision is exempt from the requirement that such person or entity hold a license or that such corporation hold a certificate of authority if the architectural, engineering, or land-surveying services to be performed under the design-build contract are performed through subcontracts or joint ventures with properly licensed or authorized persons or entities, and not performed by the design-builder or its own employees.

19. The provisions of this section shall not apply to any metropolitan sewer district established under article VI, section 30(a) of the Constitution of Missouri or charter city or charter county governed by home rule under article VI, section 18 or 19 of the Constitution of Missouri.

20. The authority to use design-build and design-build contracts provided under this section shall expire September 1, 2025.

67.5070. 1. As used in this section, "specialty construction design" means any contract that involves the provision of engineering and construction services either directly by a party to the contract or through subcontractors retained by a party to the contract.

2. Any political subdivision may enter into a special construction design contract for engineering, design, and construction of a wastewater or water treatment project.

3. In disbursing community development block grants under 42 U.S.C. Sections 5301 to 5321, the department of economic development shall not reject wastewater or water treatment projects solely for utilizing specialty construction design contracts.

4. The department of natural resources shall not preclude specialty construction design contracts from consideration for funding provided by the water and wastewater loan fund under section 644.122.

5. A political subdivision planning a specialty construction design project shall retain an engineer duly licensed in this state to assist in preparing any necessary bid documents and specifications and evaluations of submissions and bids."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Hough, **House Amendment No. 1** was adopted.

Representative Ross offered **House Amendment No. 2**.

House Amendment No. 2

"**8.298. 1. No state agency, commission, committee, board, or any other state entity shall purchase or receive as a gift, donation, or bequest any land in the state unless a majority of both houses of the general assembly by concurrent resolution approves such purchase or receipt.**

2. The provisions of this section shall not apply to any land purchased or received by the department of transportation or the state highways and transportation commission."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

House Amendment No. 3

AMEND House Committee Substitute for Senate Bill No. 369, Page 1, In the Title, Lines 2-3, by deleting the words, "the conveyance of certain state properties" and inserting in lieu thereof the words, "political subdivisions": and

Further amend said bill, Page 5, Section 37.005, Line 154, by inserting after all of said section and line the following:

"**67.1790. 1. The governing body of any county of the first classification with more than two hundred sixty thousand but fewer than three hundred thousand inhabitants, or any city within such county, may impose by order or ordinance a sales tax on all retail sales made within the county or city that are subject to sales tax under chapter 144 for the purpose of funding early childhood education programs in the county or city. The tax shall not exceed one quarter of one percent and shall be imposed solely for the purpose of funding early childhood education programs in the county or city. The tax authorized in this section shall be in addition to all other sales taxes imposed by law and shall be stated separately from all other charges and taxes. The order or ordinance imposing a sales tax under this section shall not become effective unless the governing body of the county or city submits to the voters residing within the county or city, at a general election, a proposal to authorize the governing body of the county or city to impose a tax under this section.**

2. The question of whether the tax authorized by this section shall be imposed shall be submitted in substantially the following form:

OFFICIAL BALLOT

Shall ..... (name of county/city) impose a (countywide/citywide) sales tax at a rate of (insert rate of percent) percent for the purpose of funding early childhood education in the county or city?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, the order or ordinance shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of adoption of the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, the county or city may not impose the sales tax authorized under this section unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. On or after the effective date of any tax authorized under this section, the county or city which imposed the tax shall enter into an agreement with the director of the department of revenue for the purpose of collecting the tax authorized in this section. On or after the effective date of the tax the director of revenue shall be responsible for the administration, collection, enforcement, and operation of the tax, and sections 32.085 and 32.087 shall apply. All revenue collected under this section by the director of the department of revenue on behalf of any county or city, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "Early Childhood Education Sales Tax Trust Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the trust fund and credited to the county or city for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such county or city. Any funds in the special trust fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the governing body of the county or city may authorize the use of a bracket system similar to that authorized in section 144.285, and notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions. Beginning with the effective date of the tax, every retailer in the county or city shall add the sales tax to the sale price, and this tax shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. For purposes of this section, all retail sales shall be deemed to be consummated at the place of business of the retailer.

5. All applicable provisions in sections 144.010 to 144.525 governing the state sales tax, and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax, and all exemptions granted to agencies of government, organizations, and persons under sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax. The same sales tax permit, exemption certificate, and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that, the director of revenue may prescribe a form of exemption certificate for an exemption from the tax. All discounts allowed the retailer under the state sales tax for the collection of and for payment of taxes are hereby allowed and made applicable to the tax. The penalties for violations provided in section 32.057 and sections 144.010 to 144.525 are hereby made applicable to violations of this section. If any person is delinquent in the payment of the amount required to be paid under this section, or in the event a determination has been made against the person for taxes and penalty under this section, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided in sections 144.010 to 144.525.

6. The governing body of any county or city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters at a general election. The ballot of submission shall be in substantially the following form:

Shall ..... (insert the name of the county or city) repeal the sales tax imposed at a rate of ..... (insert rate of percent) percent for the purpose of funding early childhood education in the county or city?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

7. Whenever the governing body of any county or city that has adopted the sales tax authorized in this section receives a petition, signed by ten percent of the registered voters of the county or city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the county or city a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

8. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the county or city shall notify the director of the department of revenue of the action at least thirty days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county or city, the director shall remit the balance in the account to the county or city and close the account of that county or city. The director shall notify each county or city of each instance of any amount refunded or any check redeemed from receipts due the county or city.

9. The governing body of each county or city imposing the tax authorized under this section shall select an existing community task force to administer the revenue from the tax received by the county or city. Such revenue shall be expended only upon approval of an existing community task force selected by the governing body of the county or city to administer the funds and only in accordance with a budget approved by the county or city governing body.

10. Notwithstanding any other provision of law, any tax authorized under the provisions of this section shall be submitted to the voters of the taxing jurisdiction for retention or repeal every five years using the same procedure by which the imposition of the tax was voted. If a majority of the votes cast on the

proposal by the qualified voters of the taxing jurisdiction voting thereon are in favor of retention, the tax shall continue in effect. If a majority of the votes cast on the proposal by the qualified voters of the taxing jurisdiction voting thereon are not in favor of retention, the tax shall be repealed and that repeal shall become effective December thirty-first of the calendar year in which such repeal was approved."; and

VETOED HOUSE BILLS

CCS SCS HCS HB 10, (Section 10.815, in part) - Flanigan

JOURNAL OF THE HOUSE

First Regular Session, 98th GENERAL ASSEMBLY

SIXTY-NINTH DAY, WEDNESDAY, MAY 13, 2015

The House met pursuant to adjournment.

Speaker Diehl in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Thou wilt show me the path of life: in Thy presence is fullness of joy. (Psalm 16:11)

O Eternal God, amid the tension of these last days and the difficulties of these demanding final hours, we come to You seeking strength for the day and wisdom for the hours that we may make worthy decisions for the good of our State and the welfare of our citizens. Give us the assurance that behind the failures and the frustrations that mark some of our endeavors is Your spirit ever striving to hold us true to more noble purposes and generous ways.

Empower these servants of our people and these leaders of Missouri that they may bring to their daily tasks and growing responsibilities, minds illuminated by Your presence, hearts aglow with Your love, and hands ready to lift the fallen, to strengthen the weak, and to give peace to those who have no hope.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-eighth day was approved as printed.

JOURNAL OF THE HOUSE

First Regular Session, 98th GENERAL ASSEMBLY

SEVENTIETH DAY, THURSDAY, MAY 14, 2015

The House met pursuant to adjournment.

Speaker Pro Tem Hoskins in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

For I the Lord thy God will hold thy right hand, saying unto thee Fear not; I will help thee. (Isaiah 41:13)

O Lord, Our Loving God, with our strength restored and spirits refreshed we launch out into another day which You have created for us. In this moment of prayer make us stronger to stand steady amid the pressures, within and without, which would prevent us from upholding the dignity of our people. Though all else changes, keep our faith in You firm with growing trust and increasing confidence.

Deliver us from doubt, anger and fear, and stand us in the center of great needs and deeds. Then, help us to open our hearts to our citizens that we may strive to meet their needs, share in their struggles, glory in their achievements, and to lead them to a better life in a stronger Missouri.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

On motion of Representative Richardson, the House recessed until 2:00 p.m.

CCS SCS HCS HB 10, (Section 10.815, in part) - Flanigan

JOURNAL OF THE HOUSE

First Regular Session, 98th GENERAL ASSEMBLY

SEVENTY-FIRST DAY, FRIDAY, MAY 15, 2015

The House met pursuant to adjournment.

Speaker Diehl in the Chair.

Prayer by Msgr. Robert A. Kurwick, Chaplain.

Not everyone that saith unto me, Lord, Lord, shall enter into the kingdom of heaven; but he that doeth the will of my Father who is in heaven. (Matthew 7:21)

O God of Grace and Glory, pour on us Your power as humbly we turn our spirits to You in this our morning prayer on our long last day of session. Keep us patient, kind, professional, and forgiving in all that we do and with all whom we encounter, both inside and outside this chamber.

We are grateful that Missouri has been blest with the most creative and courageous souls who have built a great State in which the will of the people is the highest law. Inspire us to continue their great work so that Missouri may ever be the Show-Me State.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the seventieth day was approved as printed.

The Benediction was given by Msgr. Robert A. Kurwicki, Chaplain.

As I was with Moses, so I will be with you: I will not fail you or forsake you. (Joshua 1:5)

O God of Peace, by whose divine mercy we have come to the end of an unusual last day in the first regular session, grant that we may conclude it with humble and grateful hearts. Confirm us in our resolution to walk more closely with You in Your ways and to labor more faithfully for the good of Missouri and the peace of all people while at home. May the remainder of 2015 be better and our State be greater because we lived, worked, and prayed during these last months.

Bless our new Speaker, these Representatives, and their families and staff. Looking forward, now may they truly feel the support of Your grace, be sustained by our affection, and find security in their faith in You and in Missouri. Guided by Your Sprit, may they walk along the path that shines more and more into the perfect day of Your heavenly kingdom. May Your many blessings abide with us and our State now and forevermore.

And the House says, "Amen!"

JOURNAL OF THE HOUSE

First Regular Session, 98th GENERAL ASSEMBLY

SEVENTY-SECOND DAY, WEDNESDAY, MAY 27, 2015

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Truly my soul waiteth upon God; from Him cometh my salvation. (Psalm 62:1)

O Glorious God the Creator of the World, the sustainer of life, and the goal of our noblest endeavors, teach us to pray that in our prayers You can draw near to us. By Your grace, enable us to live through this day without frustration and with a firm faith in You, without discouragement, and with a decisive devotion to our beloved Missouri.

Give us wisdom and strength that we may rise above the confusion of this age, see clearly the needs of our people, strike forcefully at the roots of our State's ills, and make strong and clear the highway to an intelligent united citizenship. May we keep the wheels of progress turning and never allow any rule or ruler to displace or destroy our democracy.

Abide with every Member of this House and when they depart this day dismiss them with Your blessing.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Emily Bounds, Kaitlyn Bounds, and Kate Freiner.

CONSTITUTIONAL OBJECTIONS

May 7, 2015

Dana Rademan Miller
Assistant Chief Clerk
Missouri House of Representatives
State Capitol
Jefferson City, MO, 65102

Dear Ms. Miller,

Pursuant to Article III, Section 30 of the Missouri Constitution, I do hereby object to the approval of **Conference Committee Substitute for House Committee Substitute for Senate Committee Substitute for Senate Bill No. 5**.

One of the offending provisions of Senate Bill No. 5 is Section 67.287, which seeks to impose strict new operating standards for municipalities in St. Louis County, while excluding all other Missouri cities from following those standards. Another is Section 479.359 setting a 20 percent cap on how much operating revenue most Missouri cities may derive from traffic fines and fees but imposing a 12.5 percent on cities located in St. Louis County.

Applying these sections to cities in a single Missouri county to the exclusion of other cities puts them in violation of Article III, Section 40 (30) of the Missouri Constitution, which prohibits the General Assembly from passing any local or special law where a general law can be made applicable, and the Missouri Supreme Court's ruling in *Jefferson County Fire Protection Districts Association, et al., v. Matt Blunt, et al. (2006) 205 SW 3d 866.*

In addition, these sections of Senate Bill No. 5 also violate Article III, Section 42, in that they were published in the affected locality for at least 30 days prior to the bill's introduction as required for proposed local or special laws.

Please note said objection in the House Journal and annex it to **Conference Committee Substitute for House Committee Substitute for Senate Committee Substitute for Senate Bill No. 5** to be considered by the Governor in connection therewith as mandated by Article III, Section 30.

Sincerely,

/s/ Joe Adams
State Representative
86th District

/s/ Deb Lavender

MESSAGES FROM THE GOVERNOR

June 26, 2015

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 42**, entitled:

"AN ACT"

To repeal sections 163.011 and 163.031 as enacted by house bill no. 1689, ninety-seventh general assembly, second regular session, and sections 160.011, 160.400, 160.403, 160.405, 160.410, 160.415, 160.417, 160.425, 162.081, 162.1250. 163.018, 163.036, 167.121, 167.131, 171.031, and 210.861, RSMo, and to enact in lieu thereof fifty-one new sections relating to elementary and secondary education, with an emergency clause.

I disapprove of Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 42 (House Bill No. 42). My reasons for disapproval are as follows:

In its original form, House Bill No. 42 focused on attempting to solve the well-known problems of Missouri's existing student transfer law, and address several major difficulties that plagued last year's attempt at a legislative solution. However, as the legislative process unfolded, House Bill No. 42 mandated expensive educational experiments, neglected accountability, and evaded the major, underlying difficulties in the transfer law. The unacceptable results are that House Bill No. 42, in its final form, introduces private vouchers without meaningful oversight, builds a larger, more expensive, and unnecessary bureaucracy, and imposes gratuitous requirements and restrictions on local schools. It does so, while once again failing to find fair solutions for children attending school in any of Missouri's unaccredited districts. As such, House Bill No. 42 cannot become law.

Vouchers for virtual schools

House Bill No. 42 would require taxpayers to pay for private vouchers for virtual education. I have been resolute in my opposition to the use of public funds to pay for private education, and this bill is no exception. Moreover, House Bill No. 42 would authorize the expansion of virtual schools far beyond what is necessary to solve the existing transfer problem. Indeed, this bill would require taxpayers to foot the bill for vouchers for virtual education in the St. Louis Public Schools, any school district in Jackson County, and any school district in St. Louis County, regardless of their accreditation status. Taxpayers in these school districts, many of which include some of Missouri's highest performing schools, would be obligated to pay the tuition for virtual schools chosen by parents/students, without accountability for student performance being imposed on the virtual programs themselves.

The broad expansion of virtual schools contemplated by House Bill No. 42 is a dramatic departure from the responsible manner in which virtual education is currently offered in Missouri through the Missouri Virtual Instruction Program (MoVIP) or through virtual education courses offered by local districts. In both cases, there is considerable public oversight of the courses, either through the State Board of Education or locally elected school boards, assuring a level of quality that taxpayers should demand. Such oversight is nowhere to be found in the virtual school voucher system that House Bill No. 42 would seek to introduce. Regardless of how poorly a student may perform in the virtual courses authorized by House Bill No. 42, taxpayers of that school district would be forced to pay for that student's continued enrollment. On top of this, House Bill No. 42 could greatly increase the cost of virtual education. Currently, a full-time year of courses through MoVIP costs $3,600 per student. However, a similar schedule of potential House Bill No. 42 virtual courses could cost more than $6,000 per student. Thus, under House Bill No. 42, private vendors can reap greater profits underwritten by Missouri taxpayers without any assurance that the students in these courses receive a high-quality education.

Expensive mandates and a bigger bureaucracy

House Bill No. 42 is crammed full of new committees, special task forces, bureaucratic agencies, and idiosyncratic mandates that are unnecessary, unproven and expensive. Consider that the bill would create from whole cloth three new "educational authorities" to oversee student transfers. This bill also would impose a host of new mandatory obligations on local schools.

The legislature obviously recognized that the multitude of House Bill No. 42 dictates would be costly. Consequently, it found it necessary to create a grand total of ten new funds: the "Missouri Charter Public School Commission Revolving Fund;" the "Supplemental Tuition Fund;" the "School District Improvement Fund;" the "Student Transfer Transportation Fund;" the "St. Louis Area Education Authority Fund;" the "Kansas City Area Education Authority Fund;" the "Statewide Education Authority Fund;" the "Extended Learning Time Fund;" the "Parent Portal Fund" and the "Reclamation and Demolition Fund." The nominal existence of these funds belies their actual value; although ten new funds were created, not a single dollar was appropriated to any of them. If funds were to be appropriated at some later date, it would siphon financial resources away from K-12 education statewide.

Failure to include a tuition cap

The failure to provide for a reasonable limit on the tuition that can be charged by a school district receiving transfer students would result in House Bill No. 42 draining resources from the schools that are struggling the most. These districts cannot improve the education of the children who choose to remain in their districts if they are forced to pay tuition rates for students who transfer that greatly exceed what the school district expends in funding on a per student basis, in addition to the costs of busing the students to receiving districts many miles away.

The legislature's unwillingness to establish reasonable tuition costs for sending and receiving districts evades fundamental issues of access and fairness. The lack of a tuition cap would exacerbate the already severe budgetary challenges currently faced by the Normandy Schools Cooperative and Riverview Gardens school districts for the 2015-2016 school year.

Consider that last year, receiving districts charged the two unaccredited sending districts tuition amounts as high as $20,000 per student, greatly exceeding what these sending districts expended on students in their own schools. As a result, Normandy laid off more than 100 teachers and staff members in order to afford the cost of transfers; both unaccredited districts struggled financially. The absence of a tuition cap would perpetuate budgetary strain and uncertainty, and would not serve the best interests of Missouri's children or its taxpayers. Reasonable tuition rates are necessary for unaccredited districts to be able to improve student performance while remaining financially viable.

Denying hundreds of current transfer students the right to continue in their current schools

Rather than establishing a tuition cap, House Bill No. 42 would try to reduce the costs of transfers by denying hundreds of current transfer students their legal right to continue being educated in the receiving districts. Under this bill, students who transferred from Normandy and Riverview Gardens during the 2013-14 or 2014-15 school years, but who did not attend a public school in those districts for the semester prior to the transfer, would be denied the opportunity to continue receiving an education in their new school.

If House Bill No. 42 were to become law, these students - a group that includes new residents as well as those who may have attended private schools - would not be permitted to transfer for the 2015-16 school year. Instead, the legislature would require them first to attend school for a semester in the unaccredited districts, trapping them in exactly the school setting this legislation is intended to avoid.

Sending these students back to unaccredited districts would be disruptive and counterproductive. Families should not be penalized simply for pursuing the transfer opportunities that Missouri law has provided them. Furthermore, the continuity of strong relationships with teachers, administrators, coaches, classmates and parents plays a major role in helping sustain students' academic progress and social development.

House Bill No. 42's attempt to control tuition and transportation costs by denying continuing transfer status to current students who did not attend their home school in the unaccredited district for a semester would put them at risk of losing ground both academically and developmentally.

Rather than solving the problems with Missouri's current school transfer law, House Bill No. 42 exacerbates them. Consequently, it should not become law.

In accordance with the above stated reasons for disapproval, I am returning **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 42** without my approval.

Respectfully submitted,

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Committee Substitute for House Bill Nos. 116 & 569** entitled:

"AN ACT"

To amend chapter 290, RSMo, by adding thereto one new section relating to labor organizations, with penalty provisions.

I disapprove of Senate Committee Substitute for House Committee Substitute for House Bill Nos. 116 & 569. My reasons for disapproval are as follows:

Senate Committee Substitute for House Committee Substitute for House Bill Nos. 116 & 569 (House Bill No. 116) is a so-called "right to work" law that would prohibit employers from requiring the payment of "any dues, fees, assessments, or other similar charges however denominated of any kind or amount to a labor organization" as a condition of employment or continued employment. It would also prohibit employers from conditioning employment or continued employment on an employee or applicant becoming or "refrain**[**ing**]** from becoming a member of a labor organization."

The "right to work" moniker is a misnomer. Right to work laws create a less skilled workforce, drive down wages and directly interfere with a business owner's right to contract. House Bill No. 116 takes this ill-advised policy one step further by also subjecting employers and others to state criminal prosecution and unlimited civil liability. House Bill No. 116 is wrong for workers, wrong for business owners and wrong for Missouri.

There are three specific reasons for my veto.

I. House Bill No. 116 Is Bad for Our Economy

House Bill No. 116 is misguided legislation designed to undermine labor organizations that produce highly skilled workers for Missouri employers. This attack on working Missourians would stunt economic growth by reducing workforce training opportunities and driving down wages. For generations, the right to collectively bargain has yielded benefits for all workers. Labor organizations, through training, apprenticeships and other programs - paid for by their members - play a valuable role by providing the skilled workers that businesses need to compete in the global economy. House Bill No. 116 would curb the ability of labor organizations to make these critical investments. Here in Missouri, we have seen the benefits of a skilled workforce, where large employers with organized workers have added thousands of jobs and made massive capital investments. Talented, union-trained workers are a key asset in attracting such investments and creating good paying jobs. House Bill No. 116 would thwart this momentum by reducing training

resources which will, in turn, result in fewer skilled workers for our businesses and create a more difficult environment for employers and labor organizations to expand our economy.

House Bill No. 116 would also drive down wages for all workers, regardless of whether such workers are members of a labor organization. On average, workers in so-called "right to work" states make considerably less per year than workers in non-right to work states. Paying workers less, whether members of labor organizations or not, and giving them fewer opportunities to learn the skills necessary to succeed, will not move our state forward.

II. House Bill No. 116 Constitutes Unwarranted Governmental Interference Into the Operations of Missouri Businesses

House Bill No. 116 constitutes unwarranted governmental interference into Missouri businesses. Currently, the only way that union membership or dues payment are required as a condition of employment is if an employer agrees to that condition. Absent the *employer's* agreement, there can be no such condition. Accordingly, at its core, a so-called "right to work" law is a government-mandated prohibition directed against an *employer's* right to contract. Through this governmental interference, House Bill No. 116 would take away the rights of an *employer* to decide for itself how to run *its* business. This attack on the freedom and autonomy of Missouri employers cannot become the law of this state.

III. House Bill No. 116 Exposes Businesses to Criminal Prosecution and Unlimited Civil Liability

House Bill No. 116 would subject employers to state criminal prosecution and unlimited civil liability for using labor organization membership as a condition of employment. These penalty provisions were added in a Senate committee after the bill had initially passed the House. Not only would this new crime and new liability ensnare businesses that desire to require their employees be union members, it would also authorize sanctions against businesses that attempt to condition employment on an employee "refraining" from becoming a member of a labor organization.

House Bill No. 116 would create a broad new crime, a class C misdemeanor, for any person who "directly or indirectly violates" the provisions of the bill. It would give each of the 115 local prosecuting attorneys and the attorney general sweeping authority to launch investigations into complaints of "violation or threatened violation" of its provisions, and to use "all means at their command" to enforce compliance. It is not infrequent during labor organizing campaigns, for example, for disputes to arise over an employer's hiring and firing decisions, i.e., conditions or continuation of employment, allegedly made on the basis of support for the labor organization. Under the terms of House Bill No. 116, such allegations could expose an employer to criminal prosecution. The bill would also criminalize a bargained for agreement that includes a union security clause that an employer is now free to make under current law.

On the civil side, House Bill No. 116 would expose business owners to lawsuits seeking "any and all damages of any character" that result from a "violation" or "threatened violation" of its provisions. This government overreach, enforced with the threat of criminal prosecution and civil damages, would inject new uncertainty into the operations of Missouri businesses without any positive impact on our economy.

IV. Conclusion

Missouri's greatest assets are its highly skilled, well-trained workers. These Missourians produce goods and services that are consumed around the world. Their efforts and talents allow our companies to expand while also attracting new businesses to locate or move to the Show Me State. They are our relatives and our neighbors. They are the backbone of our economy.

House Bill No. 116 would represent a significant step backwards for Missouri. It would reduce wages, limit training opportunities, undermine business owners' autonomy, and expose employers and others to the threat of state criminal prosecution and unlimited civil liability. This is not a path Missouri should follow. I stand with the workers of Missouri and reject this wrongheaded legislation that will hurt our economy, our families and our businesses.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Committee Substitute for House Bill Nos. 116 & 569** without my approval.

Herewith I return to you **House Bill No. 326** entitled:

"AN ACT"

To repeal section 105.666, RSMo, and to enact in lieu thereof one new section relating to defined benefit pension plans.

I disapprove of House Bill No. 326. My reasons for disapproval are as follows:

House Bill No. 326 makes a change that will impact the board of trustees of over 30 public employee retirement systems. These boards make decisions that affect over 8,000 current and former public employees, including firefighters, police officers, and county hospital workers. Because these dedicated public servants deserve educated stewards of their retirement systems, I cannot approve House Bill No. 326.

Since 2008, public retirement plans have been required to establish board member education programs to educate new board members on topics such as ethics, governance, pension plan design and administration of benefits, investments, legal liability, the sunshine law, actuarial principles, and the role of staff and consultants in plan administration. Board members are also required to annually complete continuing education programs. Last year, House Committee Substitute for House Bill No. 1882 added enforcement provisions to ensure compliance with these educational requirements.

House Bill No. 326 would abandon this progress by inexplicably excluding board members of defined contribution plans from these commonsense educational requirements. Retirement plans are complex entities that deal with complicated issues. Board members have a responsibility to be educated in all areas relevant to their service. That responsibility currently exists and will continue with my action today.

In accordance with the above stated reasons for disapproval, I am returning **House Bill No. 326** without my approval.

Herewith I return to you **Senate Committee Substitute for House Committee Substitute for House Bill No. 618** (House Bill No. 618) entitled:

"AN ACT"

To repeal sections 193.015, 193.145, 194.119, and 214.208, RSMo, and to enact in lieu thereof four new sections relating to human remains.

I disapprove of House Bill No. 618. My reasons for disapproval are as follows:

House Bill No. 618 would place expediency over accuracy in the performance of the important duty of determining cause of death, a function reserved by current law for licensed physicians and duly elected officials. By allowing more individuals to certify cause of death, House Bill No. 618 presents a risk that these vital records may have inaccurate information. For these reasons, House Bill No. 618 cannot receive my support.

Death certifications are considered vital records for a reason – they provide definitive evidence of a person's cause and manner of death and have important ramifications. Current law requires that medical certifications attesting to a person's cause of death be completed by a physician, medical examiner, or coroner – referred to as "medical certifiers" –and then officially reported to the Department of Health and Senior Services (DHSS). House Bill No. 618 would also allow physician assistants, assistant physicians, and advanced practice registered nurses to determine cause of death and submit that information to DHSS. Death certificates include such things as the cause and manner of death, the place of death, the interval between a diagnosis and death, and other significant contributing conditions. All of these are important pieces of information that often have significant consequences. Decisions regarding whether a crime has been committed, whether life insurance should be paid, and how to dispose of assets, all depend on determinations regarding the decedent's cause of death. Given the gravity of these decisions, we should not be expanding the group of individuals authorized to make that determination in the way that House Bill No. 618 does.

Moreover, House Bill No. 618 would grant immunity to the individuals authorized to determine cause of death, thus preventing anyone harmed by inaccuracies from holding that individual civilly liable absent gross negligence or willful misconduct.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Committee Substitute for House Bill No. 618** without my approval.

TO THE SECRETARY OF THE STATE OF THE STATE OF MISSOURI

Herewith I return to you **House Bill No. 629** entitled:

"AN ACT"

To repeal sections 86.1270, 86.1630, 169.291, and 169.450, RSMo, and to enact in lieu thereof four new sections relating to retirement systems.

I disapprove of House Bill No. 629. My reasons for disapproval are as follows:

House Bill No. 629 makes changes to the law relating to three public employee retirement systems. These changes include two problems that will impact the Board of Trustees of the Public School Retirement System of St. Louis including the absurd requirement that a teacher or administrator from a Kansas City charter school serve on the board. Given the important role that the Board of Trustees of the Public School Retirement System of St. Louis plays in overseeing the pensions of thousands of retired teachers and employees and over 900 million dollars in assets, I cannot approve House Bill No. 629.

The Public School Retirement System of St. Louis is governed by an eleven member board of trustees. That board is responsible for managing assets of approximately $937 million. The board oversees the retirement and disability benefits of approximately 4,689 retired teachers and employees and 4,880 active teachers and employees of the St. Louis Public Schools District and a number of charter schools located in the St. Louis Public Schools District.

Currently, five of the trustees are elected by a vote of employee members. Four of those positions are dedicated to teachers and nonteachers and, under a separate provision, a trustee position is slotted for a school administrator. House Bill No. 629 would provide that, beginning in 2016, one of the teacher/nonteacher slots would be filled by "a person employed as a teacher or administrator at a charter school, as 'charter school' is defined in section 169.270…." The term "charter school" as defined in section 169.270 refers to charter schools in Kansas City.[1] As a result of this misdirected definitional reference, House Bill No. 629 would require the members of the Public School Retirement System of St. Louis to elect a charter school teacher or administrator from Kansas City to serve on their board. While presumably unintended, the consequence of this language is clear and cannot become law.

House Bill No. 629 would also result in a conflict between the current composition of the board and the composition required by the statute. House Bill No. 629 eliminates the requirement that "nonteachers" be represented on the board, by changing the board's composition from requiring two "nonteachers" to "not more than one." There are presently two elected members on the board who are "nonteachers" and their terms continue through December 2017 and December 2018, respectively. The limitation of "not more than one" nonteacher would be effective August 28, 2015, prior to the end of those elected board members' terms. House Bill No. 629 makes no provision for reducing the number of elected "nonteachers" serving on the board and would result in an illegally constituted board of trustees for more than two years.

It is important to note that charter school teachers are already eligible for election to the Board of Trustees of the Public School Retirement System of St. Louis. My action today does nothing to prevent them from being elected and serving on the Board.

In accordance with the above stated reasons for disapproval, I am returning **House Bill No. 629** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon

[1] Specifically, section 169.270 defines charter school as, "any school established pursuant to sections 160.400 to 160.420 *and located, at the time it is established, within the school district.*" (emphasis added) "School district" is defined as

"any school district in which a retirement system shall be established under section 169.280." 169.270 (22) RSMo. Section 169.280, RSMo includes a demographic description that applies to Kansas City and excludes the City of St. Louis.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Substitute No. 2 for House Committee Substitute for House Bill No. 722** (House Bill No. 722) entitled:

"AN ACT"

To amend chapters 260 and 285, RSMo, by adding thereto two new sections relating to prohibited ordinances by political subdivisions.

I disapprove of House Bill No. 722. My reasons for disapproval are as follows:

House Bill No. 722 is a clear example of unwarranted government intrusion – in this case, interference with the policymaking of local governments and the abandonment of the principle of local control. Proponents of this legislation believe that their views should supplant the decisions of elected local officeholders on matters traditionally within the purview of local government, ranging from policies affecting the local standard of living to the more granular question of "paper or plastic." Because I support local control, I will not approve House Bill No. 722.

Specifically, House Bill No. 722 would prohibit local governments from establishing a minimum wage or employment benefits that exceed state or federal law, and from banning or imposing a fee on plastic bags used by retailers for packaging the goods they sell. In doing so, this bill would inject the heavy hand of state government into issues typically addressed through the local democratic process. Missouri is a diverse state. In many instances, local elected officials may be best suited to determine the appropriate – and local – priorities for the citizens who elected them. And, it is important that local governments have the ability to build on the minimum standards that are set at the state level. House Bill No. 722 instead usurps local control and supplants it with edicts emanating from Jefferson City.

Local elected officials are directly accountable for their actions. If a city passes an ordinance with which the voters disagree, those local officials will be held accountable at the next election. Healthy and important debate on issues addressed by this bill has been occurring, illustrating the importance of local governments' ability to respond to local needs. Moreover, the issues impacted by House Bill No. 722 are *local* issues. How is St. Robert affected if St. Louis passes a minimum wage higher than that required by state law? What difference does it make in Cabool if Columbia bans plastic bags? Under House Bill No. 722, cities are prohibited from providing for earned sick or bereavement leave, or extending other employment benefits that build upon minimum state standards.

The extent of governmental overreaching in House Bill No. 722 is epitomized by the plastic bag ban. Irrespective of whether one favors paper or plastic, of all of the issues facing Missouri families today, it is highly questionable that the bagging of groceries is one that warrants intervention by the long arm of state government. To be sure, there are areas that should remain the province of state law, but the limitations on local governments imposed by House Bill No. 722 do not rise to the level of a blanket statewide prohibition.

With its passage of House Bill No. 722, the General Assembly is telling local voters that legislators in Jefferson City – not they – know best how to address the local issues that their local communities face. I disagree. Local voters ought to have the right to decide these issues. Just as there should be an appropriate allocation of responsibilities between federal and state governments, so too should the precept of local control apply to the relationship between state and local governments. The power grab embodied by House Bill No. 722 clearly violates that principle.

In accordance with the above stated reasons for disapproval, I am returning **Senate Substitute No. 2 for House Committee Substitute for House Bill No. 722** without my approval.

Respectfully submitted,

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Substitute for Senate Committee Substitute for House Bill No. 799** (House Bill No. 799) entitled:

"AN ACT"

To repeal sections 67.320, 211.393, 476.083, 478.170, 478.191, 478.430, 478.433, 478.463, 478.740, 488.2206, and 600.042, RSMo, and to enact in lieu thereof sixteen new sections relating to judicial circuits.

I disapprove of House Bill No. 799. My reasons for disapproval are as follows:

House Bill No. 799 would authorize more court fees to fund an array of local capital projects. In doing so, it continues what has evolved into a regular legislative exercise of imposing additional court fees. Local capital projects should be funded through existing local revenues or, with voter approval, new revenue sources rather than through a back-door tax in the form of court user fees. For that reason, House Bill No. 799 cannot receive my support.

House Bill No. 799 would authorize new court fees and expand existing court fees in specific judicial circuits to be used by jurisdictions identified in the legislation. These new and expanded court fees, ranging from ten to fifty dollars, would be in addition to the myriad of court fees already imposed in criminal and civil cases across our state. Moreover, these court fees would not be limited to state courts. House Bill No. 799 would authorize these fees be imposed on many county and municipal ordinance violations. The cumulative impact of these court fees is harmful to those that find themselves involved in court proceedings and could pose a barrier to court access for civil litigants.
The proliferation of excessive court fees is recasting the role of the courts into revenue generators for special projects. Court fees and surcharges should not be used as an alternative form of taxation. If a local government wants to raise revenue for its building projects, that question should be submitted to the voters for their approval rather than using the courts as a back-door revenue source. The increasingly common practice of looking to the courts to raise funds must stop. I previously approved Conference Committee Substitute for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 5 based on the belief that our courts should serve justice rather than generate revenue, and for those same reasons the court fee increases in House Bill No. 799 will not receive my approval.

Herewith I return to you **Senate Committee Substitute for House Bill No. 878** (House Bill No. 878) entitled:

"AN ACT"

To repeal section 590.750, RSMo, and to enact in lieu thereof one new section relating to corporate security advisors, with an existing penalty provision.

I disapprove of Senate Committee Substitute for House Bill No. 878. My reasons for disapproval are as follows:

As a result of legislation I approved last year, individuals may obtain a private corporate security advisor license from the State of Missouri if they satisfy the required training, education, and experience. House Bill No. 878 would significantly expand a licensed corporate security advisor's authority and would have the Director of the Department of Public Safety confer on those individuals a "commission" if the Director deems their qualifications appropriate and they are licensed peace officers. Under current law, a "commission" is more than a paper certificate – it is a grant of authority to act as a peace officer. This bill, therefore, would give an individual working for a private company the power to arrest, the power to search, and the power to seize property. House Bill No. 878 cannot receive my approval.

In Missouri, the authority to act as a peace officer has rightfully been reserved for officers employed by recognized criminal justice agencies created by state or federal statutes and with clearly defined jurisdiction and authority. For example, county sheriff departments, municipal police, railroad police, and the Missouri State Highway Patrol have the power to enforce criminal laws but only within the jurisdictional boundaries and limits provided by their authorizing statute. Thus, officers employed by those agencies are commissioned to act as peace officers to carry out those duties and, as a result, are empowered to make arrests, conduct searches, and seize evidence within the confines of their agencies' statutory powers.

The authority to arrest and seize personal property is the ultimate exercise of power in our democracy and should only be bestowed in the most narrow circumstances. House Bill No. 878, however, would confer on private corporate security advisors the same powers and authority as a commissioned peace officer, such as a city police officer or deputy sheriff, without any of the jurisdictional restrictions imposed on those officers and without any clear limits on their authority. Thus, commissioned corporate security advisors employed by domestic or foreign corporations would be cloaked with police authority to search a private car or residence anywhere in Missouri. For example, this bill would give a corporate security advisor working for a company in St. Louis the power to arrest someone in Kennett. That cloak of authority would provide a basis to detain and question anyone that came under their suspicion, regardless of whether that person was on corporate property. Their power of arrest would go well beyond that provided to city police and deputy sheriffs since they would not be limited by jurisdictional boundaries within Missouri. In all, these powers would far exceed a corporate security advisor's current authority.

Even more troubling, there is no assurance that actions taken against citizens by commissioned corporate security advisors working solely on behalf of their private employers would be subject to the same constitutional restrictions that are imposed on officers working for government law enforcement agencies. Throughout American history, limitations on the use of police powers have been a cornerstone of our constitutional jurisprudence for good reason: Seizing private property and confining people against their will should only be done with strict adherence to the constitutional rights that protect personal freedom and liberty. However, the protections provided to citizens by the constitution, such as the right to be free from unreasonable searches, seizures and arrests, apply only to governmental actions.

If a commissioned corporate security advisor's actions are deemed purely non-governmental, a citizen may rightfully assert a violation of their personal freedom or liberty, yet not receive the benefit of constitutional protection because the violation involved a private corporate security advisor. For example, a teenager who finds himself the subject of an investigation for trespassing on corporate property could be interrogated by a commissioned corporate security advisor without the benefit of Miranda warnings and be unable to successfully raise a constitutional challenge in criminal court. Private emails and correspondence could be confiscated and the owner would not have the ability to successfully

challenge those seizures as a violation of the Fourth Amendment. And, property owners may not be justified in relying on state laws allowing them to stand their ground if a commissioned corporate security advisor cloaked with police authority comes onto their property.

If, on the other hand, a commissioned corporate security advisor is considered a state actor, they and their employers would potentially be subject to federal civil rights claims under 42 U.S.C. 1983 for violation of constitutional rights. While the proponents of this legislation may not have contemplated the potential for federal civil rights liability, those remedies would provide little solace to individuals that are held or interrogated against their will on behalf of a corporation's interest. Because I cannot condone such a broad grant of police authority to private individuals, this bill cannot receive my approval.

In accordance with the above stated reasons for disapproval, I am returning **House Committee Substitute for House Bill No. 878** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon

TO THE SECRETARY OF THE STATE OF THE STATE OF MISSOURI

Herewith I return to you **House Bill No. 1022** entitled:

"AN ACT"

To repeal section 379.470, RSMo, and to enact in lieu thereof one new section relating to authorized return of premiums paid by insureds.

I disapprove of House Bill No. 1022. My reasons for disapproval are as follows:

House Bill No. 1022 is an effort to tilt the scales against Missouri consumers by providing insurance companies legal cover to not disclose the details of their premium refund programs. House Bill No. 1022 represents a step backwards for Missouri consumers and cannot receive my approval.

House Bill No. 1022 would exempt insurance refund or rebate programs from the protections afforded consumers under Missouri's Unfair Trade Practice Act. Currently, under the Unfair Trade Practice Act, a return of premium program must be "specified in the contract" to avoid illegal rebating. Section 375.936(9)(a), RSMo. If House Bill No. 1022 were to become law, an insurance company would no longer be required to include the refund program's terms and conditions in its customer's policy – and in fact, incredulously, the law would impose no requirement on an insurance company to provide notice of program details to its insureds.

An insured should be required to look no further than their insurance policy to find the details of their coverage, exclusions, and other relevant content including the particulars of a return of premium program. This is not an area to be left to guesswork. Full disclosure is essential and details matter. Missouri law must demand that insurance companies inform consumers in plain, clear and understandable terms the rules and parameters of all aspects of their policies. Instead, House Bill No. 1022 journeys in the opposite direction, benefits insurance companies, harms consumers and cannot become law.

Missourians deserve fairness and transparency in their laws and in the terms of their insurance policies. House Bill No. 1022 fails on both counts and does not receive my approval.

In accordance with the above stated reasons for disapproval, I am returning **House Bill No. 1022** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Bill No. 1098** entitled:

"AN ACT"

To repeal section 362.600, RSMo, and to enact in lieu thereof one new section relating to trust companies.

I disapprove of Senate Committee Substitute for House Bill No. 1098. My reasons for disapproval are as follows:
Senate Committee Substitute for House Bill No. 1098 makes changes to the operational parameters and reciprocity criteria applicable to out-of-state trust companies seeking to conduct business in Missouri. The legislation would permit out-of-state trust companies to operate in Missouri under more favorable rules than those applicable to Missouri-based trust companies. While the changes contained in Senate Committee Substitute for House Bill No. 1098 may have been motivated by a desire to provide Missouri-chartered trust companies greater reciprocity opportunities in other states, it would accomplish this by lowering capital requirements for out-of-state trust companies wishing to operate in Missouri. This legislation is a step backwards for Missouri and does not receive my approval.

Missouri chartered non-depository trust companies must satisfy a one million dollar capital requirement. The same capital requirement is applicable to non-depository trust companies chartered in a different state seeking reciprocity to operate in Missouri. This capital threshold provides a measure of the entity's financial stability and protection to its customers in the event of a breach of the trust company's fiduciary obligations. Although Missouri's one million dollar minimum capital requirement is less than the national average, it is nevertheless higher than some of our neighboring states including Kansas, which has only a $500,000 capital requirement – one of the lowest amounts in the nation.

Senate Committee Substitute for House Bill No. 1098 would allow Missouri regulators to accept a lower capital requirement from non-depository trust companies chartered in states that impose capital requirements below Missouri's statutory limit. This provision would permit less capitalized out-of-state entities to conduct business in Missouri under more lenient standards than those imposed on Missouri-based trust companies. While the impetus behind this provision might have been to assist Missouri chartered trust companies to more easily gain reciprocity in other states, this should not be accomplished by lowering our standards and financial protections.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Bill No. 1098** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon

July 10, 2015

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Senate Bill No. 20 entitled:

AN ACT

To repeal section 144.054, RSMo, and to enact in lieu thereof one new section relating to a sales tax exemption for commercial laundries.

I disapprove of Senate Bill No. 20. My reasons for disapproval are as follows:

Senate Bill No. 20 would exempt commercial laundries and dry cleaners from paying state and local sales and use tax on their purchases of materials, goods, machinery, electrical energy and gas, chemicals, soaps, detergents, cleaning and sanitizing agents, and other ingredients used to treat, clean and sanitize textiles. The new tax exemptions would be available for large commercial and industrial laundries and dry cleaners – approximately 48 facilities owned by 29 different companies that process at least 500 pounds per hour and 60,000 pounds per week. There is no requirement that a benefitting business create any new jobs to take advantage of these broad new exemptions. This provision would result in a projected $2 million annual reduction in state revenue as well as an additional $2 million reduction projected for local jurisdictions.

The special tax break for commercial laundries contained in Senate Bill No. 20 is not the mere clarification of existing sales and use tax law that supporters claim. Instead, this provision would seek to overrule 25 years of legal precedent holding that cleaning dirty clothes is not the same as manufacturing. In 1989, the Missouri Supreme Court first "plumbed the sudsy depths of various sales and use tax exemptions and found no application to commercial laundry operations." *AAA Laundry & Linen Supply Co. v. Director of Revenue,* 425 S.W.3d 126, 127 (Mo. Banc 2014) (discussing *Unitog Rental Services, Inc. v. Director of Revenue,* 799 S.W.2d 568 (Mo. Banc1989)). As recently as last year, the court similarly rejected a commercial laundry's attempt to avoid paying its taxes, reiterating that, as in 1989, the laws enacted by the General Assembly did not provide a tax exemption. *Id.* at 127-29. Since that decision, these commercial laundries have spent the last two years lobbying lawmakers for tailor-made exemptions that would treat ironing out wrinkles as "processing" a shirt and getting grass stains out as "manufacturing" a pair of pants, thereby abrogating a quarter century of law and relieving the laundries of their existing legal obligations.

Last year, this provision was slipped into Conference Committee Substitute for House Committee Substitute for Senate Bill No. 662 (2014), which was met with my disapproval. As with Senate Bill No.

662 (2014), Senate Bill No. 20 continues an effort to promote poor tax policy by drawing a seemingly arbitrary distinction between the laundries and dry cleaners fortunate enough to gain this generous new benefit and the rest that are left out to dry. Under this provision, a laundry that processes 59,999 pounds per week would have to continue paying their taxes, but a laundry processing a single pound more would be entitled to broad new exemptions from state and local taxes. This distorts the free market and puts smaller laundries and dry cleaners (not to mention the Missouri families who are doing their own laundry) in the position of subsidizing the operations of larger ones. The commercial laundries might be getting their detergent tax-free, but the rest of Missouri taxpayers would be getting taken to the cleaners.

Senate Bill No. 20 does not simply give commercial laundries and dry cleaners the same tax exemptions enjoyed by other businesses. It gives them more lucrative ones. Although some of the tax exemptions available to manufacturers are limited solely to state taxes, these new exemptions for laundries would apply to local taxes as well. With this provision, the General Assembly would be privileging washing dirty clothes over manufacturing new products, giving commercial dry cleaners and laundries a better deal than Missouri manufacturers without any clearly-articulated economic justification for doing so and without requiring the creation of even a single new job.

The commercial laundry exemption provided by Senate Bill No. 20 represents poor tax policy and cannot receive my approval.

In accordance with the above stated reasons for disapproval, I am returning Senate Bill No. 20 without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon
Governor

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Senate Substitute for Senate Bill No. 58 entitled:

AN ACT

To repeal sections 8.597, 21.440, 21.445, 21.450, 21.455, 21.460, 21.465, 21.530, 21.535, 21.537, 21.830, 21.835, 21.850, 21.920, 30.953, 30.954, 30.956, 30.959, 30.962, 30.965, 30.968, 30.971, 33.150, 33.710, 33.850, 37.250, 43.518, 99.863, 99.971, 99.1057, 160.530, 167.195, 191.828, 191.934, 192.632, 215.261, 215.262, 217.550, 217.567, 313.001, 320.092, 338.321, 348.439, 361.120, and 630.010, RSMo, and section 105.955 as enacted by senate bill no. 844, ninety-fifth general assembly, second regular session, and to enact in lieu thereof eleven new sections relating to the existence of certain committees.

On July 13, 2015, I approved said Senate Substitute for Senate Bill No. 58.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon
Governor

July 10, 2015

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Conference Committee Substitute for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 67 (Senate Bill No. 67) entitled:

AN ACT

To repeal sections 67.320, 476.083, 534.350, 534.360, 535.030, 535.110, and 535.160, RSMo, and to enact in lieu thereof ten new sections relating to courts.

I disapprove of Senate Bill No. 67. My reasons for disapproval are as follows:

Like House Bill No. 799, Senate Bill No. 67 would authorize more court fees to fund an array of local capital projects. In doing so, it continues what has evolved into a regular legislative exercise of imposing additional court fees. Local capital projects should be funded through existing local revenues or, with

voter approval, new revenue sources rather than through a back-door tax in the form of court user fees. For that reason, Senate Bill No. 67 cannot receive my support.

Senate Bill No. 67 would authorize new court fees and expand existing court fees in specific judicial circuits to be used by jurisdictions identified in the legislation. These new and expanded court fees, ranging from one to fifty dollars, would be in addition to the myriad of court fees already imposed in criminal and civil cases across our state. Moreover, these court fees would not be limited to state courts. Senate Bill No. 67 would authorize these fees be imposed on many county and municipal ordinance violations. The cumulative impact of these court fees is harmful to those that find themselves involved in court proceedings and could pose a barrier to court access for civil litigants.

The proliferation of excessive court fees is recasting the role of the courts into revenue generators for special projects. Court fees and surcharges should not be used as an alternative form of taxation. If a local government wants to raise revenue for its building projects, that question should be submitted to the voters for their approval rather than using the courts as a back-door revenue source. The increasingly common practice of looking to the courts to raise funds must stop. I previously approved Conference Committee Substitute for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 5 based on the belief that our courts should serve justice rather than generate revenue, and for those reasons the court fee increases in Senate Bill No. 67 will not receive my approval.

In accordance with the above stated reasons for disapproval, I am returning Conference Committee Substitute for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 67 without my approval.

Respectfully submitted,

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Senate Substitute No. 3 for Senate Committee Substitute for Senate Bill No. 142 (Senate Bill No. 142) entitled:

AN ACT

To amend chapter 640, RSMo, by adding thereto one new section relating to implementation impact reports.

I disapprove of Senate Bill No. 142. My reasons for disapproval are as follows:

Senate Bill No. 142 contains drafting errors that vitiate its intended purpose. Senate Bill No. 142 would require the department of natural resources to submit to the general assembly an "implementation

impact report" regarding state plans to comply with the federal Clean Air Act and Clean Water Act. The report and the plan itself would be required to be submitted 45 days before the plan is submitted to the United States Environmental Protection Agency.

In imposing this requirement for plans regarding clean air, Senate Bill No. 142 requires the department to prepare and submit a report when it is "developing, amending, or revising . . . state plans to comply with federal regulations relating to carbon emissions for existing-source performance standards (42 U.S.C. Section 7412)." (Senate Bill No. 142, page 1, lines 4-6). The referenced section – 42 U.S.C. Section 7412 – is part of the Clean Air Act, but it contains no requirement that a state submit a plan "relating to carbon emissions for existing-source performance standards." It appears that the drafters meant to cite to 42 U.S.C. 7411, under which, among other things, states must develop and submit plans to address emissions of carbon dioxide and other greenhouse gases. In addition, on page 3, line 86, Senate Bill No. 142 cites to "33 U.S.C. Section 12541, et seq." There is no such section in federal law.

These drafting errors take an already complex area of state and federal law and confuses it further. Given the stakes for those impacted, I cannot approve legislation that will cause uncertainty for companies doing business in Missouri.

In accordance with the above stated reasons for disapproval, I am returning Senate Substitute No. 3 for Senate Committee Substitute for Senate Bill No. 142 without my approval.

July 11, 2015

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Senate Committee Substitute for Senate Bill No. 224 (Senate Bill No. 224) entitled:

AN ACT

To repeal section 160.545, RSMo, and to enact in lieu thereof one new section relating to eligibility criteria for reimbursements from the A+ schools program.

I disapprove of Senate Bill No. 224. My reasons for disapproval are as follows:

Senate Bill No. 224 would unfairly deny a group of students their eligibility for A+ financial aid, an

educational benefit that they have earned, having met all the educational standards that apply, usually after overcoming significant odds against them. Its unwarranted exclusion of these meritorious students cannot be condoned.

Under existing Missouri law (section 173.1110.1, RSMo), students who are unlawfully present in the United States are not eligible for "a postsecondary education public benefit." One of these benefits includes eligibility for A+ financial aid. This eligibility is distinguished from the criteria for Bright Flight and Access Missouri scholarships, both of which require that recipients are "citizens or permanent residents of the United States."

A number of mechanisms exist in current Missouri law for students to prove that they are legally present in the U.S. One of them is "any document issued by the federal government that confirms an alien's lawful presence in the United States." Such documentation now includes the U.S. Department of Homeland Security's determination that a student meets the criteria for Deferred Action for Childhood Arrivals (DACA), under guidelines established in 2012.

Senate Bill No. 224's sole purpose is to deny students, deemed to be lawfully present in the United States, from being A+ eligible.

Who are these students? They came to the U.S. through no choice or action of their own. They arrived as young dependents, in the controlling embrace of an adult who entered the U.S. illegally. They bear no responsibility for this action.

Because DACA students have had to be continuously present in the United States since June 15, 2007, students who are, or who will be, graduating from high school would have had to be 10 years old or younger when they were brought to the U.S. DACA status requires eligible individuals to be in school currently, or to have graduated from high school, or to be honorably discharged from the United States Military. And it requires that they have not been convicted of a felony, significant misdemeanor, or three or more misdemeanors.

A group of DACA students have now lived in Missouri for at least eight years and have met every standard for A+ financial aid. They have attended a public Missouri high school for at least three years. They have earned at least a 2.5 GPA. They have maintained a 95% attendance rate. They have volunteered in their communities or tutored other students. And they have done so while overcoming daunting obstacles such as learning English, living in fear of deportation, and facing the constant stigma of being an alien.

Senate Bill No. 224 is the legislature's attempt to deny these students the A+ benefit they have otherwise earned. Rather than discouraging the continuing education of these students, the state has an interest in encouraging their successful participation in higher education so that they have an opportunity to pursue productive careers and make positive contributions to the state of Missouri.

Senate Bill No. 224 is a harsh measure imposed unfairly on children who have done nothing wrong. Quite to the contrary, they have done much to be admired, in their studies, for their schools, and on behalf of their communities. Rather than rewarding them for their achievements, Senate Bill No. 224 singles them out for exclusion. Consequently, Senate Bill No. 224 cannot receive my support.

In accordance with the above stated reasons for disapproval, I am returning Senate Committee Substitute for Senate Bill No. 224 without my approval.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you Senate Committee Substitute for Senate Bill No. 345 entitled:

AN ACT

To repeal sections 361.707, 361.715, 364.030, 364.105, 365.030, 367.140, 407.640, 408.140, 408.500, and 443.719, RSMo, and to enact in lieu thereof ten new sections relating to financial transactions, with an existing penalty provision.

I disapprove of Senate Committee Substitute for Senate Bill No. 345. My reasons for disapproval are as follows:

Senate Committee Substitute for Senate Bill No. 345 would increase the fee that lenders can charge consumers for many loans that are for periods of 30 days or longer. Current law limits this fee to 10% of the principal up to $75, but this bill would increase the fee to 10% of the principal up to $100. This means that most consumer credit loans over $750, not secured by a mortgage, could see a fee increase. Consumer credit loans of $1,000 *or more* could have a $100 fee, where lenders can currently only charge $75. This is an approximately 33% increase in the fee on a large portion of loans made to Missourians.

The loans affected by this bill are offered by banks, credit unions, finance companies, consumer installment lenders, title loan companies, and small loan companies. These loans include everything from a car loan from a bank to a loan for unexpected home repairs from a store-front lender in a strip mall.

This fee increase will have the most impact on consumers of limited means who take out relatively small loans and would have a repetitive financial impact as they could be charged on any extension, refinance, restructure or renewal of the loan, if there is "any investigation" on the subsequent application.

Unlike interest, which is typically earned day-by-day, lenders earn this fee at the time the loan is entered into, so even if a person repaid the loan early, Senate Committee Substitute for Senate Bill No. 345 would cost them more money.

This is the second time in two years that Missourians have seen an increase in fees on small loans, as the General Assembly gave lenders the ability to increase this fee in 2013 by overriding my veto of Senate Committee Substitute for House Bill No. 329 and increasing the percentage of this fee from 5% up to $75 to 10% up to $75.

Allowing lenders to charge Missourians more in fees is not the way to move Missouri forward, therefore Senate Committee Substitute for Senate Bill No. 345 does not receive my approval.

In accordance with the above stated reasons for disapproval, I am returning Senate Bill No. 345 without my approval.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 42**, entitled:

"AN ACT"

To repeal sections 163.011 and 163.031 as enacted by house bill no. 1689, ninety-seventh general assembly, second regular session, and sections 160.011, 160.400, 160.403, 160.405, 160.410, 160.415, 160.417, 160.425, 162.081, 162.1250. 163.018, 163.036, 167.121, 167.131, 171.031, and 210.861, RSMo, and to enact in lieu thereof fifty-one new sections relating to elementary and secondary education, with an emergency clause.

I disapprove of Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 42 (House Bill No. 42). My reasons for disapproval are as follows:

In its original form, House Bill No. 42 focused on attempting to solve the well-known problems of Missouri's existing student transfer law, and address several major difficulties that plagued last year's attempt at a legislative solution. However, as the legislative process unfolded, House Bill No. 42 mandated expensive educational experiments, neglected accountability, and evaded the major, underlying difficulties in the transfer law. The unacceptable results are that House Bill No. 42, in its final form, introduces private vouchers without meaningful oversight, builds a larger, more expensive, and unnecessary bureaucracy, and imposes gratuitous requirements and restrictions on local schools. It does so, while once again failing to find fair solutions for children attending school in any of Missouri's unaccredited districts. As such, House Bill No. 42 cannot become law.

Vouchers for virtual schools

House Bill No. 42 would require taxpayers to pay for private vouchers for virtual education. I have been resolute in my opposition to the use of public funds to pay for private education, and this bill is no exception. Moreover, House Bill No. 42 would authorize the expansion of virtual schools far beyond what is necessary to solve the existing transfer problem. Indeed, this bill would require taxpayers to foot the bill for vouchers for virtual education in the St. Louis Public Schools, any school district in Jackson County, and any school district in St. Louis County, regardless of their accreditation status. Taxpayers in these school districts, many of which include some of Missouri's highest performing schools, would be obligated to pay the tuition for virtual schools chosen by parents/students, without accountability for student performance being imposed on the virtual programs themselves.

The broad expansion of virtual schools contemplated by House Bill No. 42 is a dramatic departure from the responsible manner in which virtual education is currently offered in Missouri through the Missouri Virtual Instruction Program (MoVIP) or through virtual education courses offered by local districts. In both cases, there is considerable public oversight of the courses, either through the State Board of Education or locally elected school boards, assuring a level of quality that taxpayers should demand. Such oversight is nowhere to be found in the virtual school voucher system that House Bill No. 42 would seek to introduce. Regardless of how poorly a student may perform in the virtual courses authorized by House Bill No. 42, taxpayers of that school district would be forced to pay for that student's continued enrollment. On top of this, House Bill No. 42 could greatly increase the cost of virtual education. Currently, a full-time year of courses through MoVIP costs $3,600 per student. However, a similar schedule of potential House Bill No. 42 virtual courses could cost more than $6,000 per student. Thus, under House Bill No. 42, private vendors can reap greater profits underwritten by Missouri taxpayers without any assurance that the students in these courses receive a high-quality education.

Expensive mandates and a bigger bureaucracy

House Bill No. 42 is crammed full of new committees, special task forces, bureaucratic agencies, and idiosyncratic mandates that are unnecessary, unproven and expensive. Consider that the bill would create from whole cloth three new

"educational authorities" to oversee student transfers. This bill also would impose a host of new mandatory obligations on local schools.

The legislature obviously recognized that the multitude of House Bill No. 42 dictates would be costly. Consequently, it found it necessary to create a grand total of ten new funds: the "Missouri Charter Public School Commission Revolving Fund;" the "Supplemental Tuition Fund;" the "School District Improvement Fund;" the "Student Transfer Transportation Fund;" the "St. Louis Area Education Authority Fund;" the "Kansas City Area Education Authority Fund;" the "Statewide Education Authority Fund;" the "Extended Learning Time Fund;" the "Parent Portal Fund" and the "Reclamation and Demolition Fund." The nominal existence of these funds belies their actual value; although ten new funds were created, not a single dollar was appropriated to any of them. If funds were to be appropriated at some later date, it would siphon financial resources away from K-12 education statewide.
Failure to include a tuition cap

The failure to provide for a reasonable limit on the tuition that can be charged by a school district receiving transfer students would result in House Bill No. 42 draining resources from the schools that are struggling the most. These districts cannot improve the education of the children who choose to remain in their districts if they are forced to pay tuition rates for students who transfer that greatly exceed what the school district expends in funding on a per student basis, in addition to the costs of busing the students to receiving districts many miles away.

The legislature's unwillingness to establish reasonable tuition costs for sending and receiving districts evades fundamental issues of access and fairness. The lack of a tuition cap would exacerbate the already severe budgetary challenges currently faced by the Normandy Schools Cooperative and Riverview Gardens school districts for the 2015-2016 school year.

Consider that last year, receiving districts charged the two unaccredited sending districts tuition amounts as high as $20,000 per student, greatly exceeding what these sending districts expended on students in their own schools. As a result, Normandy laid off more than 100 teachers and staff members in order to afford the cost of transfers; both unaccredited districts struggled financially. The absence of a tuition cap would perpetuate budgetary strain and uncertainty, and would not serve the best interests of Missouri's children or its taxpayers. Reasonable tuition rates are necessary for unaccredited districts to be able to improve student performance while remaining financially viable.

Denying hundreds of current transfer students the right to continue in their current schools

Rather than establishing a tuition cap, House Bill No. 42 would try to reduce the costs of transfers by denying hundreds of current transfer students their legal right to continue being educated in the receiving districts. Under this bill, students who transferred from Normandy and Riverview Gardens during the 2013-14 or 2014-15 school years, but who did not attend a public school in those districts for the semester prior to the transfer, would be denied the opportunity to continue receiving an education in their new school.

If House Bill No. 42 were to become law, these students - a group that includes new residents as well as those who may have attended private schools - would not be permitted to transfer for the 2015-16 school year. Instead, the legislature would require them first to attend school for a semester in the unaccredited districts, trapping them in exactly the school setting this legislation is intended to avoid.

Sending these students back to unaccredited districts would be disruptive and counterproductive. Families should not be penalized simply for pursuing the transfer opportunities that Missouri law has provided them. Furthermore, the continuity of strong relationships with teachers, administrators, coaches, classmates and parents plays a major role in helping sustain students' academic progress and social development.

House Bill No. 42's attempt to control tuition and transportation costs by denying continuing transfer status to current students who did not attend their home school in the unaccredited district for a semester would put them at risk of losing ground both academically and developmentally.

Rather than solving the problems with Missouri's current school transfer law, House Bill No. 42 exacerbates them. Consequently, it should not become law.

In accordance with the above stated reasons for disapproval, I am returning **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 42** without my approval.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Committee Substitute for House Bill Nos. 116 & 569** entitled:

"AN ACT"

To amend chapter 290, RSMo, by adding thereto one new section relating to labor organizations, with penalty provisions.

I disapprove of Senate Committee Substitute for House Committee Substitute for House Bill Nos. 116 & 569. My reasons for disapproval are as follows:

Senate Committee Substitute for House Committee Substitute for House Bill Nos. 116 & 569 (House Bill No. 116) is a so-called "right to work" law that would prohibit employers from requiring the payment of "any dues, fees, assessments, or other similar charges however denominated of any kind or amount to a labor organization" as a condition of employment or continued employment. It would also prohibit employers from conditioning employment or continued employment on an employee or applicant becoming or "refrain[ing] from becoming a member of a labor organization."

The "right to work" moniker is a misnomer. Right to work laws create a less skilled workforce, drive down wages and directly interfere with a business owner's right to contract. House Bill No. 116 takes this ill-advised policy one step further by also subjecting employers and others to state criminal prosecution and unlimited civil liability. House Bill No. 116 is wrong for workers, wrong for business owners and wrong for Missouri.

There are three specific reasons for my veto.

I. House Bill No. 116 Is Bad for Our Economy

House Bill No. 116 is misguided legislation designed to undermine labor organizations that produce highly skilled workers for Missouri employers. This attack on working Missourians would stunt economic growth by reducing workforce training opportunities and driving down wages. For generations, the right to collectively bargain has yielded benefits for all workers. Labor organizations, through training, apprenticeships and other programs - paid for by their members - play a valuable role by providing the skilled workers that businesses need to compete in the global economy. House Bill No. 116 would curb the ability of labor organizations to make these critical investments. Here in Missouri, we have seen the benefits of a skilled workforce, where large employers with organized workers have added thousands of jobs and made massive capital investments. Talented, union-trained workers are a key asset in attracting such investments and creating good paying jobs. House Bill No. 116 would thwart this momentum by reducing training resources which will, in turn, result in fewer skilled workers for our businesses and create a more difficult environment for employers and labor organizations to expand our economy.

House Bill No. 116 would also drive down wages for all workers, regardless of whether such workers are members of a labor organization. On average, workers in so-called "right to work" states make considerably less per year than workers in non-right to work states. Paying workers less, whether members of labor organizations or not, and giving them fewer opportunities to learn the skills necessary to succeed, will not move our state forward.

II. House Bill No. 116 Constitutes Unwarranted Governmental Interference Into the Operations of Missouri Businesses

House Bill No. 116 constitutes unwarranted governmental interference into Missouri businesses. Currently, the only way that union membership or dues payment are required as a condition of employment is if an employer agrees to that condition. Absent the *employer's* agreement, there can be no such condition. Accordingly, at its core, a so-called "right to work" law is a government-mandated prohibition directed against an *employer's* right to contract. Through this governmental interference, House Bill No. 116 would take away the rights of an *employer* to decide for itself how to run *its* business. This attack on the freedom and autonomy of Missouri employers cannot become the law of this state.

III. House Bill No. 116 Exposes Businesses to Criminal Prosecution and Unlimited Civil Liability

House Bill No. 116 would subject employers to state criminal prosecution and unlimited civil liability for using labor organization membership as a condition of employment. These penalty provisions were added in a Senate committee after the bill had initially passed the House. Not only would this new crime and new liability ensnare businesses that desire to require their employees be union members, it would also authorize sanctions against businesses that attempt to condition employment on an employee "refraining" from becoming a member of a labor organization.

House Bill No. 116 would create a broad new crime, a class C misdemeanor, for any person who "directly or indirectly violates" the provisions of the bill. It would give each of the 115 local prosecuting attorneys and the attorney general sweeping authority to launch investigations into complaints of "violation or threatened violation" of its provisions, and to use "all means at their command" to enforce compliance. It is not infrequent during labor organizing campaigns, for example, for disputes to arise over an employer's hiring and firing decisions, i.e., conditions or continuation of employment, allegedly made on the basis of support for the labor organization. Under the terms of House Bill No. 116, such allegations could expose an employer to criminal prosecution. The bill would also criminalize a bargained for agreement that includes a union security clause that an employer is now free to make under current law.

On the civil side, House Bill No. 116 would expose business owners to lawsuits seeking "any and all damages of any character" that result from a "violation" or "threatened violation" of its provisions. This government overreach, enforced with the threat of criminal prosecution and civil damages, would inject new uncertainty into the operations of Missouri businesses without any positive impact on our economy.

IV. Conclusion

Missouri's greatest assets are its highly skilled, well-trained workers. These Missourians produce goods and services that are consumed around the world. Their efforts and talents allow our companies to expand while also attracting new businesses to locate or move to the Show Me State. They are our relatives and our neighbors. They are the backbone of our economy.

House Bill No. 116 would represent a significant step backwards for Missouri. It would reduce wages, limit training opportunities, undermine business owners' autonomy, and expose employers and others to the threat of state criminal prosecution and unlimited civil liability. This is not a path Missouri should follow. I stand with the workers of Missouri and reject this wrongheaded legislation that will hurt our economy, our families and our businesses.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Committee Substitute for House Bill Nos. 116 & 569** without my approval.

Herewith I return to you **House Bill No. 326** entitled:

"AN ACT"

To repeal section 105.666, RSMo, and to enact in lieu thereof one new section relating to defined benefit pension plans.

I disapprove of House Bill No. 326. My reasons for disapproval are as follows:

House Bill No. 326 makes a change that will impact the board of trustees of over 30 public employee retirement systems. These boards make decisions that affect over 8,000 current and former public employees, including firefighters, police

officers, and county hospital workers. Because these dedicated public servants deserve educated stewards of their retirement systems, I cannot approve House Bill No. 326.

Since 2008, public retirement plans have been required to establish board member education programs to educate new board members on topics such as ethics, governance, pension plan design and administration of benefits, investments, legal liability, the sunshine law, actuarial principles, and the role of staff and consultants in plan administration. Board members are also required to annually complete continuing education programs. Last year, House Committee Substitute for House Bill No. 1882 added enforcement provisions to ensure compliance with these educational requirements.

House Bill No. 326 would abandon this progress by inexplicably excluding board members of defined contribution plans from these commonsense educational requirements. Retirement plans are complex entities that deal with complicated issues. Board members have a responsibility to be educated in all areas relevant to their service. That responsibility currently exists and will continue with my action today.

In accordance with the above stated reasons for disapproval, I am returning **House Bill No. 326** without my approval.

“AN ACT”

To repeal sections 193.015, 193.145, 194.119, and 214.208, RSMo, and to enact in lieu thereof four new sections relating to human remains.

I disapprove of House Bill No. 618. My reasons for disapproval are as follows:

House Bill No. 618 would place expediency over accuracy in the performance of the important duty of determining cause of death, a function reserved by current law for licensed physicians and duly elected officials. By allowing more individuals to certify cause of death, House Bill No. 618 presents a risk that these vital records may have inaccurate information. For these reasons, House Bill No. 618 cannot receive my support.

Death certifications are considered vital records for a reason – they provide definitive evidence of a person's cause and manner of death and have important ramifications. Current law requires that medical certifications attesting to a person's cause of death be completed by a physician, medical examiner, or coroner – referred to as "medical certifiers" –and then officially reported to the Department of Health and Senior Services (DHSS). House Bill No. 618 would also allow physician assistants, assistant physicians, and advanced practice registered nurses to determine cause of death and submit that information to DHSS. Death certificates include such things as the cause and manner of death, the place of death, the interval between a diagnosis and death, and other significant contributing conditions. All of these are important pieces of information that often have significant consequences. Decisions regarding whether a crime has been committed, whether life insurance should be paid, and how to dispose of assets, all depend on determinations regarding the decedent's cause of death. Given the gravity of these decisions, we should not be expanding the group of individuals authorized to make that determination in the way that House Bill No. 618 does.

Moreover, House Bill No. 618 would grant immunity to the individuals authorized to determine cause of death, thus preventing anyone harmed by inaccuracies from holding that individual civilly liable absent gross negligence or willful misconduct.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Committee Substitute for House Bill No. 618** without my approval.

Herewith I return to you **House Bill No. 629** entitled:

"AN ACT"

To repeal sections 86.1270, 86.1630, 169.291, and 169.450, RSMo, and to enact in lieu thereof four new sections relating to retirement systems.

I disapprove of House Bill No. 629. My reasons for disapproval are as follows:

House Bill No. 629 makes changes to the law relating to three public employee retirement systems. These changes include two problems that will impact the Board of Trustees of the Public School Retirement System of St. Louis including the absurd requirement that a teacher or administrator from a Kansas City charter school serve on the board. Given the important role that the Board of Trustees of the Public School Retirement System of St. Louis plays in overseeing the pensions of thousands of retired teachers and employees and over 900 million dollars in assets, I cannot approve House Bill No. 629.

The Public School Retirement System of St. Louis is governed by an eleven member board of trustees. That board is responsible for managing assets of approximately $937 million. The board oversees the retirement and disability benefits

of approximately 4,689 retired teachers and employees and 4,880 active teachers and employees of the St. Louis Public Schools District and a number of charter schools located in the St. Louis Public Schools District.

Currently, five of the trustees are elected by a vote of employee members. Four of those positions are dedicated to teachers and nonteachers and, under a separate provision, a trustee position is slotted for a school administrator. House Bill No. 629 would provide that, beginning in 2016, one of the teacher/nonteacher slots would be filled by "a person employed as a teacher or administrator at a charter school, as 'charter school' is defined in section 169.270…." The term "charter school" as defined in section 169.270 refers to charter schools in Kansas City. As a result of this misdirected definitional reference, House Bill No. 629 would require the members of the Public School Retirement System of St. Louis to elect a charter school teacher or administrator from Kansas City to serve on their board. While presumably unintended, the consequence of this language is clear and cannot become law.

House Bill No. 629 would also result in a conflict between the current composition of the board and the composition required by the statute. House Bill No. 629 eliminates the requirement that "nonteachers" be represented on the board, by changing the board's composition from requiring two "nonteachers" to "not more than one." There are presently two elected members on the board who are "nonteachers" and their terms continue through December 2017 and December 2018, respectively. The limitation of "not more than one" nonteacher would be effective August 28, 2015, prior to the end of those elected board members' terms. House Bill No. 629 makes no provision for reducing the number of elected "nonteachers" serving on the board and would result in an illegally constituted board of trustees for more than two years.

It is important to note that charter school teachers are already eligible for election to the Board of Trustees of the Public School Retirement System of St. Louis. My action today does nothing to prevent them from being elected and serving on the Board.

In accordance with the above stated reasons for disapproval, I am returning **House Bill No. 629** without my approval.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Substitute No. 2 for House Committee Substitute for House Bill No. 722** (House Bill No. 722) entitled:

"AN ACT"

To amend chapters 260 and 285, RSMo, by adding thereto two new sections relating to prohibited ordinances by political subdivisions.

I disapprove of House Bill No. 722. My reasons for disapproval are as follows:

House Bill No. 722 is a clear example of unwarranted government intrusion – in this case, interference with the policymaking of local governments and the abandonment of the principle of local control. Proponents of this legislation believe that their views should supplant the decisions of elected local officeholders on matters traditionally within the purview of local government, ranging from policies affecting the local standard of living to the more granular question of "paper or plastic." Because I support local control, I will not approve House Bill No. 722.

Specifically, House Bill No. 722 would prohibit local governments from establishing a minimum wage or employment benefits that exceed state or federal law, and from banning or imposing a fee on plastic bags used by retailers for packaging the goods they sell. In doing so, this bill would inject the heavy hand of state government into issues typically addressed through the local democratic process. Missouri is a diverse state. In many instances, local elected officials may be best suited to determine the appropriate – and local – priorities for the citizens who elected them. And, it is important that local governments have the ability to build on the minimum standards that are set at the state level. House Bill No. 722 instead usurps local control and supplants it with edicts emanating from Jefferson City.

Local elected officials are directly accountable for their actions. If a city passes an ordinance with which the voters disagree, those local officials will be held accountable at the next election. Healthy and important debate on issues addressed by this bill has been occurring, illustrating the importance of local governments' ability to respond to local needs. Moreover, the issues impacted by House Bill No. 722 are *local* issues. How is St. Robert affected if St. Louis passes a minimum wage higher than that required by state law? What difference does it make in Cabool if Columbia bans plastic bags? Under House Bill No. 722, cities are prohibited from providing for earned sick or bereavement leave, or extending other employment benefits that build upon minimum state standards.

The extent of governmental overreaching in House Bill No. 722 is epitomized by the plastic bag ban. Irrespective of whether one favors paper or plastic, of all of the issues facing Missouri families today, it is highly questionable that the bagging of groceries is one that warrants intervention by the long arm of state government. To be sure, there are areas that should remain the province of state law, but the limitations on local governments imposed by House Bill No. 722 do not rise to the level of a blanket statewide prohibition.

With its passage of House Bill No. 722, the General Assembly is telling local voters that legislators in Jefferson City – not they – know best how to address the local issues that their local communities face. I disagree. Local voters ought to have the right to decide these issues. Just as there should be an appropriate allocation of responsibilities between federal and state governments, so too should the precept of local control apply to the relationship between state and local governments. The power grab embodied by House Bill No. 722 clearly violates that principle.

In accordance with the above stated reasons for disapproval, I am returning **Senate Substitute No. 2 for House Committee Substitute for House Bill No. 722** without my approval.

Herewith I return to you **Senate Substitute for Senate Committee Substitute for House Bill No. 799** (House Bill No. 799) entitled:

"AN ACT"

To repeal sections 67.320, 211.393, 476.083, 478.170, 478.191, 478.430, 478.433, 478.463, 478.740, 488.2206, and 600.042, RSMo, and to enact in lieu thereof sixteen new sections relating to judicial circuits.

I disapprove of House Bill No. 799. My reasons for disapproval are as follows:

House Bill No. 799 would authorize more court fees to fund an array of local capital projects. In doing so, it continues what has evolved into a regular legislative exercise of imposing additional court fees. Local capital projects should be funded through existing local revenues or, with voter approval, new revenue sources rather than through a back-door tax in the form of court user fees. For that reason, House Bill No. 799 cannot receive my support.

House Bill No. 799 would authorize new court fees and expand existing court fees in specific judicial circuits to be used by jurisdictions identified in the legislation. These new and expanded court fees, ranging from ten to fifty dollars, would be in addition to the myriad of court fees already imposed in criminal and civil cases across our state. Moreover, these court fees would not be limited to state courts. House Bill No. 799 would authorize these fees be imposed on many county and municipal ordinance violations. The cumulative impact of these court fees is harmful to those that find themselves involved in court proceedings and could pose a barrier to court access for civil litigants.

The proliferation of excessive court fees is recasting the role of the courts into revenue generators for special projects. Court fees and surcharges should not be used as an alternative form of taxation. If a local government wants to raise revenue for its building projects, that question should be submitted to the voters for their approval rather than using the courts as a back-door revenue source. The increasingly common practice of looking to the courts to raise funds must stop. I previously approved Conference Committee Substitute for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 5 based on the belief that our courts should serve justice rather than generate revenue, and for those same reasons the court fee increases in House Bill No. 799 will not receive my approval.

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Bill No. 878** (House Bill No. 878) entitled:

"AN ACT"

To repeal section 590.750, RSMo, and to enact in lieu thereof one new section relating to corporate security advisors, with an existing penalty provision.

I disapprove of Senate Committee Substitute for House Bill No. 878. My reasons for disapproval are as follows:

As a result of legislation I approved last year, individuals may obtain a private corporate security advisor license from the State of Missouri if they satisfy the required training, education, and experience. House Bill No. 878 would significantly expand a licensed corporate security advisor's authority and would have the Director of the Department

of Public Safety confer on those individuals a "commission" if the Director deems their qualifications appropriate and they are licensed peace officers. Under current law, a "commission" is more than a paper certificate – it is a grant of authority to act as a peace officer. This bill, therefore, would give an individual working for a private company the power to arrest, the power to search, and the power to seize property. House Bill No. 878 cannot receive my approval.

In Missouri, the authority to act as a peace officer has rightfully been reserved for officers employed by recognized criminal justice agencies created by state or federal statutes and with clearly defined jurisdiction and authority. For example, county sheriff departments, municipal police, railroad police, and the Missouri State Highway Patrol have the power to enforce criminal laws but only within the jurisdictional boundaries and limits provided by their authorizing statute. Thus, officers employed by those agencies are commissioned to act as peace officers to carry out those duties and, as a result, are empowered to make arrests, conduct searches, and seize evidence within the confines of their agencies' statutory powers.

The authority to arrest and seize personal property is the ultimate exercise of power in our democracy and should only be bestowed in the most narrow circumstances. House Bill No. 878, however, would confer on private corporate security advisors the same powers and authority as a commissioned peace officer, such as a city police officer or deputy sheriff, without any of the jurisdictional restrictions imposed on those officers and without any clear limits on their authority. Thus, commissioned corporate security advisors employed by domestic or foreign corporations would be cloaked with police authority to search a private car or residence anywhere in Missouri. For example, this bill would give a corporate security advisor working for a company in St. Louis the power to arrest someone in Kennett. That cloak of authority would provide a basis to detain and question anyone that came under their suspicion, regardless of whether that person was on corporate property. Their power of arrest would go well beyond that provided to city police and deputy sheriffs since they would not be limited by jurisdictional boundaries within Missouri. In all, these powers would far exceed a corporate security advisor's current authority.

Even more troubling, there is no assurance that actions taken against citizens by commissioned corporate security advisors working solely on behalf of their private employers would be subject to the same constitutional restrictions that are imposed on officers working for government law enforcement agencies. Throughout American history, limitations on the use of police powers have been a cornerstone of our constitutional jurisprudence for good reason: Seizing private property and confining people against their will should only be done with strict adherence to the constitutional rights that protect personal freedom and liberty. However, the protections provided to citizens by the constitution, such as the right to be free from unreasonable searches, seizures and arrests, apply only to governmental actions.

If a commissioned corporate security advisor's actions are deemed purely non-governmental, a citizen may rightfully assert a violation of their personal freedom or liberty, yet not receive the benefit of constitutional protection because the violation involved a private corporate security advisor. For example, a teenager who finds himself the subject of an investigation for trespassing on corporate property could be interrogated by a commissioned corporate security advisor without the benefit of Miranda warnings and be unable to successfully raise a constitutional challenge in criminal court. Private emails and correspondence could be confiscated and the owner would not have the ability to successfully challenge those seizures as a violation of the Fourth Amendment. And, property owners may not be justified in relying on state laws allowing them to stand their ground if a commissioned corporate security advisor cloaked with police authority comes onto their property.

If, on the other hand, a commissioned corporate security advisor is considered a state actor, they and their employers would potentially be subject to federal civil rights claims under 42 U.S.C. 1983 for violation of constitutional rights. While the proponents of this legislation may not have contemplated the potential for federal civil rights liability, those remedies would provide little solace to individuals that are held or interrogated against their will on behalf of a corporation's interest. Because I cannot condone such a broad grant of police authority to private individuals, this bill cannot receive my approval.

In accordance with the above stated reasons for disapproval, I am returning **House Committee Substitute for House Bill No. 878** without my approval.

Herewith I return to you **House Bill No. 1022** entitled:

"AN ACT"

To repeal section 379.470, RSMo, and to enact in lieu thereof one new section relating to authorized return of premiums paid by insureds.

I disapprove of House Bill No. 1022. My reasons for disapproval are as follows:

House Bill No. 1022 is an effort to tilt the scales against Missouri consumers by providing insurance companies legal cover to not disclose the details of their premium refund programs. House Bill No. 1022 represents a step backwards for Missouri consumers and cannot receive my approval.

House Bill No. 1022 would exempt insurance refund or rebate programs from the protections afforded consumers under Missouri's Unfair Trade Practice Act. Currently, under the Unfair Trade Practice Act, a return of premium program must be "specified in the contract" to avoid illegal rebating. Section 375.936(9)(a), RSMo. If House Bill No. 1022 were to become law, an insurance company would no longer be required to include the refund program's terms and conditions in its customer's policy – and in fact, incredulously, the law would impose no requirement on an insurance company to provide notice of program details to its insureds.

An insured should be required to look no further than their insurance policy to find the details of their coverage, exclusions, and other relevant content including the particulars of a return of premium program. This is not an area to be left to guesswork. Full disclosure is essential and details matter. Missouri law must demand that insurance companies inform consumers in plain, clear and understandable terms the rules and parameters of all aspects of their policies.

Instead, House Bill No. 1022 journeys in the opposite direction, benefits insurance companies, harms consumers and cannot become law.

Missourians deserve fairness and transparency in their laws and in the terms of their insurance policies. House Bill No. 1022 fails on both counts and does not receive my approval.

In accordance with the above stated reasons for disapproval, I am returning **House Bill No. 1022** without my approval.

Respectfully submitted,

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Bill No. 1098** entitled:

"AN ACT"

To repeal section 362.600, RSMo, and to enact in lieu thereof one new section relating to trust companies.

I disapprove of Senate Committee Substitute for House Bill No. 1098. My reasons for disapproval are as follows:

Senate Committee Substitute for House Bill No. 1098 makes changes to the operational parameters and reciprocity criteria applicable to out-of-state trust companies seeking to conduct business in Missouri. The legislation would permit out-of-state trust companies to operate in Missouri under more favorable rules than those applicable to Missouri-based trust companies. While the changes contained in Senate Committee Substitute for House Bill No. 1098 may have been motivated by a desire to provide Missouri-chartered trust companies greater reciprocity opportunities in other states, it would accomplish this by lowering capital requirements for out-of-state trust companies wishing to operate in Missouri. This legislation is a step backwards for Missouri and does not receive my approval.

Missouri chartered non-depository trust companies must satisfy a one million dollar capital requirement. The same capital requirement is applicable to non-depository trust companies chartered in a different state seeking reciprocity to operate in Missouri. This capital threshold provides a measure of the entity's financial stability and protection to its customers in the event of a breach of the trust company's fiduciary obligations. Although Missouri's one million dollar minimum capital requirement is less than the national average, it is nevertheless higher than some of our neighboring states including Kansas, which has only a $500,000 capital requirement – one of the lowest amounts in the nation.

Senate Committee Substitute for House Bill No. 1098 would allow Missouri regulators to accept a lower capital requirement from non-depository trust companies chartered in states that impose capital requirements below Missouri's statutory limit. This provision would permit less capitalized out-of-state entities to conduct business in Missouri under more lenient standards than those imposed on Missouri-based trust companies. While the impetus behind this provision might have been to assist Missouri chartered trust companies to more easily gain reciprocity in other states, this should not be accomplished by lowering our standards and financial protections.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Bill No. 1098** without my approval.
