JOURNAL OF THE HOUSE

First Regular Session, 98th GENERAL ASSEMBLY

FIFTY-FIFTH DAY, TUESDAY, APRIL 21, 2015

[CORRECTED]

The House met pursuant to adjournment.

Speaker Diehl in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

God hath made of one blood all nations of men to dwell upon the face of the earth that they should seek the Lord and find Him. (Acts 17:26, 27)

O Merciful God who has made us one people to dwell upon the earth and who calls us to live together as Your children, cleanse our life of the spirit of discord and division; our political life of the spirit of discrimination and disunion; and our personal lives of the spirit of disbelief and disillusionment.

Let our opinions of others be as thoughtful as our opinions of ourselves, our attitudes toward others be as good as our attitudes toward ourselves, and our relationships with others be as wise as our relationship with ourselves so that in bitterness and stress we might not destroy each other.

In the midst of sorrow beyond our control, but not beyond our compassion, may we place the weight of our influence upon the side of life, liberty, and the pursuit of happiness for all. Lead us and the State of Missouri into the paths of peace and unity.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-fourth day was approved as printed.

House Amendment No. 1

AMEND House Committee Substitute for House Bill No. 137, Pages 1-2, Section 34.042, Lines 1-42, by deleting all of said section and inserting in lieu thereof the following:

"34.040. 1. All purchases in excess of three thousand dollars shall be based on competitive bids, except as otherwise provided in this chapter.

2. On any purchase where the estimated expenditure shall be twenty-five thousand dollars or over, except as provided in subsection 5 of this section, the commissioner of administration shall:

(1) Advertise for bids in at least two daily newspapers of general circulation in such places as are most likely to reach prospective bidders and may advertise in at least two weekly minority newspapers and may provide such information through an electronic medium available to the general public at least five days before bids for such purchases are to be opened. Other methods of advertisement, which may include minority business purchase councils, however, may be adopted by the commissioner of administration when such other methods are deemed more advantageous for the supplies to be purchased;

(2) Post a notice of the proposed purchase in his or her office; and

(3) Solicit bids by mail or other reasonable method generally available to the public from prospective suppliers. All bids for such supplies shall be mailed or delivered to the office of the commissioner of administration so as to reach such office before the time set for opening bids.

3. The contract shall be let to the lowest and best bidder. The commissioner of administration shall have the right to reject any or all bids and advertise for new bids, or purchase the required supplies on the open market if they can be so purchased at a better price. When bids received pursuant to this section are unreasonable or unacceptable as to terms and conditions, noncompetitive, or the low bid exceeds available funds and it is determined in writing by the commissioner of administration that time or other circumstances will not permit the delay required to resolicit competitive bids, a contract may be negotiated pursuant to this section, provided that each responsible bidder who submitted such bid under the original solicitation is notified of the determination and is given a reasonable opportunity to modify their bid and submit a best and final bid to the state. In cases where the bids received are noncompetitive or the low bid exceeds available funds, the negotiated price shall be lower than the lowest rejected bid of any responsible bidder under the original solicitation.

4. **The director of the department of revenue shall follow bidding procedures as contained in this section and may promulgate rules necessary to establish such procedures. No points shall be awarded on a request for proposal for a contract license office to a bidder for a return-to-the-state provision offer.**

5. All bids shall be based on standard specifications wherever such specifications have been approved by the commissioner of administration. House Amendment No. 1

AMEND House Committee Substitute for House Bill No. 422, Page 1, Section A, Line 2, by inserting immediately after said line the following:

"324.001. 1. **(1) The purpose of sections 324.001 to 324.1109 is to promote the general welfare by establishing guidelines for the regulation of occupations and professions not regulated prior to January 1, 2016.**

(2) All individuals may engage in the occupation of their choice, free from unreasonable government regulation. The state may not impose a substantial burden on an individual's pursuit of his or her occupation or profession unless there is a compelling interest for the state to protect the general welfare. If such an interest exists, the regulation adopted by the state shall be the least restrictive type of regulation consistent with the public interest to be protected.

(3) All bills introduced in the legislature to regulate an occupation or profession for the first time shall be reviewed according to the following criteria. An occupation or profession shall be regulated by the state only if:

(a) Unregulated practice has caused significant harm and endangered the general welfare and the potential for further harm and endangerment is easily recognizable and not remote or dependent upon tenuous argument;

(b) The public needs and can reasonably be expected to benefit from an assurance of initial personal qualifications; and

(c) The general welfare cannot be effectively protected by other means.

(4) After evaluating the criteria in subdivision (3) of this subsection and considering governmental, economic, and societal costs and benefits, if the legislature finds that the state has a compelling interest in regulating an occupation or profession not previously regulated by law, the least restrictive type of regulation shall be implemented, consistent with the need to protect the general welfare and this section. If:

(a) Market competition, common law, statutory civil actions, and criminal prohibitions are insufficient to eradicate actual harm, the regulation shall provide for stricter civil actions and criminal prosecutions;

(b) A service is being performed for individuals involves a hazard to the general welfare, the regulation shall impose inspection requirements and enable an appropriate state agency to enforce violations by injunctive relief in court including, but not limited to, regulation of the business activity providing the service rather than practitioners;

(c) The threat to the general welfare resulting from the practitioner's services is relatively small, easily identifiable or predictable, the regulation shall implement a system of insurance, bonding, or registration;

(d) The consumer possesses significantly less information so that the practitioner puts the consumer in a disadvantageous position relative to the practitioner to judge the quality of the practitioner's services, the regulation shall implement a voluntary system of certification; or

(e) There is no other type of regulation that will protect the general welfare other than licensing, the regulation shall implement a system of licensing.

2. For the purposes of this section, the following terms mean:

(1) **"Applicant group", any occupational or professional group or organization, any individual, or any other interested party that proposes that any occupation or profession not presently regulated be regulated;**

(2) "Certification", a voluntary program in which the government grants nontransferable recognition to an individual who meets personal qualifications established by a legislative body. Upon approval, the individual may use "certified" as a designated title. Someone who has not been recognized as certified may perform the occupation for compensation lawfully, but shall not use the title "certified". This term shall not be synonymous with an occupational license or prohibit the use of private certification;

(3) "Department", the department of insurance, financial institutions and professional registration;

[(2)**] (4)** "Director", the director of the division of professional registration; and

[(3)**] (5)** "Division", the division of professional registration**;**

(6) "General welfare", the concern of the government for the health, peace, morality, and safety of its citizens;

(7) "Grandfather clause", a provision in a regulatory statute applicable to practitioners actively engaged in the regulated occupation or profession prior to the effective date of the regulatory statute which exempts the practitioners from meeting the personal qualifications set forth in the regulatory statute to perform prescribed occupational tasks;

(8) "Inspection" the periodic examination of practitioners by a state agency in order to ascertain whether the practitioners' activities are being carried out in a fashion consistent with the requisite level of cleanliness necessary to protect the general welfare;

(9) "Lawful occupation", a course of conduct, pursuit, or profession that includes the sale of goods or services that are not themselves illegal to sell irrespective of whether the individual selling them is subject to an occupational regulation;

(10) "Least restrictive type of occupational regulations", in order from least to most restrictive:

(a) Market competition;

(b) A provision for private civil action to remedy consumer harm;

(c) Criminal sanction;

(d) Regulation of the business activity providing the service rather than the practitioner;

(e) Inspection;

(f) Bonding or insurance;

(g) Registration;

(h) Certification;

(i) Occupational license;

(11) "Legislative committees of reference", the standing legislative committees designated by the respective rules committees of the senate and house of representatives to consider proposed legislation to regulate occupations, or professions not previously regulated;

(12) "Occupational license", a nontransferable authorization in law for an individual to perform a lawful occupation for compensation based on meeting personal qualifications established by a legislative body. It shall be prohibited for an individual who does not possess an occupational license to perform the occupation for compensation;

(13) "Occupational regulation", a statute, ordinance, rule, practice, policy, or other law requiring an individual to possess certain personal qualifications to work in a lawful occupation;

(14) "Personal qualifications", criteria related to an individual's personal background including completion of an approved educational program, satisfactory performance on an examination, work experience, criminal history, moral standing, and completion of continuing education;

(15) "Practitioner", an individual who has achieved knowledge and skill by practice and is actively engaged in a specified occupation or profession;

(16) "Public member" an individual who is not currently, and has never been in the past, a member or spouse of a member of the occupation or profession being regulated or an individual who does not currently have and has never in the past had a material financial interest in either the rendering of the occupation or professional service being regulated or an activity directly related to the occupation or profession being regulated;

(17) "Registration", a requirement established by the legislature in which a person:

(a) Submits notification to a state agency; and

(b) May use "registered" as a designated title.

Notification may include the person's name and address, the person's agent for service of process, the location of the activity to be performed, and a description of the service the person provides. Registration may include a requirement to post a bond but does not include education or experience requirements. Nonregistered persons may not perform the occupation for compensation or use "registered" as a designated title. The term registration shall not be synonymous with an occupational license and does not refer to or prohibit the use of private registration;

(18) "Regulatory entity", any board, commission, agency, division, or other unit or subunit of state government which regulates one or more professions, occupations, industries, businesses, or other endeavors in this state;

(19) "State agency", every state office, department, board, commission, regulatory entity, and agency of the state, and, if provided by law, programs and activities involving less than the full responsibility of a state agency;

(20) "Substantial burden", a requirement in an occupational regulation that imposes significant difficulty or cost on an individual seeking to enter into or continue in a lawful occupation and is more than an incidental burden.

[2.**] 3. After January 1, 2016, applicant groups shall explain each of the following factors to the extent requested by the legislative committees of reference:**

(1) A definition of the problem and why regulation is necessary including, but not limited to:

(a) The description and quantification of the actual harm to the general public due to the fact that the occupation or profession is not regulated;

(b) The extent to which the actual harm could be avoided;

(c) A description of how consumers will benefit in the future from the proposed type of regulation; and

(d) The extent of autonomy a practitioner has, as indicated by:

a. The extent to which the occupation or profession calls for independent judgment and the extent of skill or experience required in making the independent judgment; and

b. The extent to which practitioners are supervised;

(2) The efforts made to address the actual harm caused:

(a) Voluntary efforts, if any, by members of the occupation or profession to:

a. Establish a code of ethics; or

b. Help resolve disputes between practitioners and consumers; and

(b) Recourse to and the extent of use of applicable law and whether it could be strengthened to control the problem;

(3) The alternatives considered including, but not limited to:

(a) Increased civil or criminal sanctions;

(b) Regulation of businesses rather than practitioners;

(c) Regulation of the service or training program rather than the individual practitioners;

(d) Inspections;

(e) Bonding or insurance;

(f) Registration of all practitioners;

(g) Certification of all practitioners;

(h) Other alternatives;

(i) Why the use of the alternatives specified in this subsection would not be adequate to protect the general welfare; and

(j) Why licensing would serve to protect the general welfare;

(4) The benefit to the public if regulation is granted;

(5) The extent to which the incidences of specific problems present in the unregulated occupation or profession can reasonably be expected to be reduced by proposed regulation;

(6) Whether the public can identify qualified practitioners;

(7) The extent to which the public can be confident that qualified practitioners are competent:

(a) Whether the proposed regulatory entity would be a board composed of members of the profession and public members, a state agency, or both, and, if appropriate, their respective responsibilities in administering the system of inspections, bonding, insurance, registration, certification, or licensure, including the composition of the board and the number of public members, if any; the powers and duties of the board or state agency regarding examinations and for cause revocation, suspension, and nonrenewal of registrations, certificates, or licenses; the promulgation of rules and canons of ethics; the conduct of inspections; the receipt of complaints and disciplinary action taken against practitioners; and how fees would be levied and collected to cover the expenses of administering and operating the regulatory system;

(b) If there is a grandfather clause, how consumers will be protected from the harm caused by current practitioners that is the basis for advocating for the enactment of the proposed regulation;

(c) If there is a grandfather clause, if current practitioners will be required to meet the prerequisite qualifications established by the regulatory entity at a later date and if not, why not;

(d) Whether the regulatory entity would be authorized to enter into reciprocity agreements with other jurisdictions;

(e) The nature and duration of any training including, but not limited to, whether the training includes a substantial amount of supervised field experience; whether training programs exist in this state; if there will be an experience requirement; whether the experience shall be acquired under a registered, certified, or licensed practitioner; whether there are alternative routes of entry or methods of meeting the prerequisite qualifications; whether all applicants will be required to pass an examination; and, if an examination is required, by whom it will be developed and how the costs of development will be met; and

(f) What additional training programs are anticipated to be necessary to assure training is accessible statewide; the anticipated time required to establish the additional training programs; the types of institutions capable of providing the training; a description of how training programs will meet the needs of the expected workforce, including reentry workers, minorities, placebound students, and others;

(8) Assurance of the public that practitioners have maintained their competence:

(a) Whether the registration, certification, or licensure will carry an expiration date; and

(b) Whether renewal will be based only upon payment of a fee, or whether renewal will involve reexamination, peer review, or other enforcement;

(9) The extent to which regulation might harm the public;

(10) The extent to which regulation will restrict entry into the occupation or profession:

(a) Whether the proposed personal qualifications are more restrictive than necessary to insure safe and effective performance;

(b) How the proposed personal qualifications compare to other regulations in the state which may involve greater risks to the general welfare; and

(c) The number of other states that regulate the same occupation or profession and how the proposed personal qualifications compare to required personal qualifications in other states that regulate the same occupation or profession;

(11) Whether there are similar professions to that of the applicant group which shall be included in or portions of the applicant group which shall be excluded from the proposed legislation;

(12) The maintenance of personal qualifications;

(13) Whether effective quality assurance standards exist in the occupation or profession, such as legal requirements associated with specific programs that define or enforce professional standards, or a code of ethics;

(14) How the proposed legislation will assure:

(a) The extent to which a code of ethics, if any, will be adopted; and

(b) Grounds for suspension or revocation of registration, certification, or licensure;

(15) A description of the group proposed for regulation, including a list of associations, organizations, and other groups representing the practitioners in this state, an estimate of the number of practitioners in each group, and whether the groups represent different levels of practice; and

(16) The expected costs of regulation including, but not limited to:

(a) The impact registration, certification, or licensure will have on the costs of the services to the public;

(b) The cost to the state and to the general public of implementing the proposed legislation; and

(c) The cost to the state and the members of the group proposed for regulation for the required education, including projected tuition and expenses and expected increases in training programs, staffing, and enrollments at state training institutions.

4. Applicant groups shall submit a written report explaining the factors enumerated in subsection 3 of this section to the legislative committees of reference.

5. A legislative proposal which contains a continuing education requirement shall be accompanied by a detailed explanation of how such requirement could be effective for the profession addressed in the legislation.

6. Nothing in this section shall be construed to create a right of action against a private party or to require a private party to do business with an individual who is not licensed, certified or registered with the government or to create a right of action against the state, county, municipal, or other level of government in the state.

7. There is hereby established a "Division of Professional Registration" assigned to the department of insurance, financial institutions and professional registration as a type III transfer, headed by a director appointed by the governor with the advice and consent of the senate. All of the general provisions, definitions and powers enumerated in section 1 of the Omnibus State Reorganization Act of 1974 and Executive Order 06-04 shall apply to this department and its divisions, agencies, and personnel.

[3.**]** **8.** The director of the division of professional registration shall promulgate rules and regulations which designate for each board or commission assigned to the division the renewal date for licenses or certificates. After the initial establishment of renewal dates, no director of the division shall promulgate a rule or regulation which would change the renewal date for licenses or certificates if such change in renewal date would occur prior to the date on which the renewal date in effect at the time such new renewal date is specified next occurs. Each board or commission shall by rule or regulation establish licensing periods of one, two, or three years. Registration fees set by a board or commission shall be effective for the entire licensing period involved, and shall not be increased during any current licensing period. Persons who are required to pay their first registration fees shall be allowed to pay the pro rata share of such fees for the remainder of the period remaining at the time the fees are paid. Each board or commission shall provide the necessary forms for initial registration, and thereafter the director may prescribe standard forms for renewal of licenses and certificates. Each board or commission shall by rule and regulation require each applicant to provide the information which is required to keep the board's records current. Each board or commission shall have the authority to collect and analyze information required to support workforce planning and policy development. Such information shall not be publicly disclosed so as to identify a specific health care provider, as defined in section 376.1350. Each board or commission shall issue the original license or certificate.

[4.**]** **9.** The division shall provide clerical and other staff services relating to the issuance and renewal of licenses for all the professional licensing and regulating boards and commissions assigned to the division. The division shall perform the financial management and clerical functions as they each relate to issuance and renewal of licenses and certificates. "Issuance and renewal of licenses and certificates" means the ministerial function of preparing and delivering licenses or certificates, and obtaining material and information for the board or commission in connection with the renewal thereof. It does not include any discretionary authority with regard to the original review of an applicant's qualifications for licensure or certification, or the subsequent review of licensee's or certificate holder's qualifications, or any disciplinary action contemplated against the licensee or certificate holder. The division may develop and implement microfilming systems and automated or manual management information systems.

[5.**]** **10.** The director of the division shall maintain a system of accounting and budgeting, in cooperation with the director of the department, the office of administration, and the state auditor's office, to ensure proper charges are made to the various boards for services rendered to them. The general assembly shall appropriate to the division and other state agencies from each board's funds moneys sufficient to reimburse the division and other state agencies for all services rendered and all facilities and supplies furnished to that board.

[6.**]** **11.** For accounting purposes, the appropriation to the division and to the office of administration for the payment of rent for quarters provided for the division shall be made from the "Professional Registration Fees Fund", which is hereby created, and is to be used solely for the purpose defined in subsection **[**5**]** **10** of this section. The fund shall consist of moneys deposited into it from each board's fund. Each board shall contribute a prorated amount necessary to fund the division for services rendered and rent based upon the system of accounting and budgeting established by the director of the division as provided in subsection **[**5**]** **10** of this section. Transfers of funds to the professional registration fees fund shall be made by each board on July first of each year; provided, however, that the director of the division may establish an alternative date or dates of transfers at the request of any board. Such transfers shall be made until they equal the prorated amount for services rendered and rent by the division. The provisions of section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of general revenue.

[7.**]** **12.** The director of the division shall be responsible for collecting and accounting for all moneys received by the division or its component agencies. Any money received by a board or commission shall be promptly given, identified by type and source, to the director. The director shall keep a record by board and state accounting system classification of the amount of revenue the director receives. The director shall promptly transmit all receipts to the department of revenue for deposit in the state treasury to the credit of the appropriate fund. The director shall provide each board with all relevant financial information in a timely fashion. Each board shall cooperate with the director by providing necessary information.

[8.**]** **13.** All educational transcripts, test scores, complaints, investigatory reports, and information pertaining to any person who is an applicant or licensee of any agency assigned to the division of professional registration by statute or by the department are confidential and may not be disclosed to the public or any member of the public, except with the written consent of the person whose records are involved. The agency which possesses the records or information shall disclose the records or information if the person whose records or information is involved has consented to the disclosure. Each agency is entitled to the attorney-client privilege and work-product privilege to the same extent as any other person. Provided, however, that any board may disclose confidential

information without the consent of the person involved in the course of voluntary interstate exchange of information, or in the course of any litigation concerning that person, or pursuant to a lawful request, or to other administrative or law enforcement agencies acting within the scope of their statutory authority. Information regarding identity, including names and addresses, registration, and currency of the license of the persons possessing licenses to engage in a professional occupation and the names and addresses of applicants for such licenses is not confidential information.

[9.**] 14.** Any deliberations conducted and votes taken in rendering a final decision after a hearing before an agency assigned to the division shall be closed to the parties and the public. Once a final decision is rendered, that decision shall be made available to the parties and the public.

[10.**] 15.** A compelling governmental interest shall be deemed to exist for the purposes of section 536.025 for licensure fees to be reduced by emergency rule, if the projected fund balance of any agency assigned to the division of professional registration is reasonably expected to exceed an amount that would require transfer from that fund to general revenue.

[11.**] 16.** (1) The following boards and commissions are assigned by specific type transfers to the division of professional registration: Missouri state board of accountancy, chapter 326; board of cosmetology and barber examiners, chapters 328 and 329; Missouri board for architects, professional engineers, professional land surveyors and landscape architects, chapter 327; Missouri state board of chiropractic examiners, chapter 331; state board of registration for the healing arts, chapter 334; Missouri dental board, chapter 332; state board of embalmers and funeral directors, chapter 333; state board of optometry, chapter 336; Missouri state board of nursing, chapter 335; board of pharmacy, chapter 338; state board of podiatric medicine, chapter 330; Missouri real estate appraisers commission, chapter 339; and Missouri veterinary medical board, chapter 340. The governor shall appoint members of these boards by and with the advice and consent of the senate.

(2) The boards and commissions assigned to the division shall exercise all their respective statutory duties and powers, except those clerical and other staff services involving collecting and accounting for moneys and financial management relating to the issuance and renewal of licenses, which services shall be provided by the division, within the appropriation therefor. Nothing herein shall prohibit employment of professional examining or testing services from professional associations or others as required by the boards or commissions on contract. Nothing herein shall be construed to affect the power of a board or commission to expend its funds as appropriated. However, the division shall review the expense vouchers of each board. The results of such review shall be submitted to the board reviewed and to the house and senate appropriations committees annually.

(3) Notwithstanding any other provisions of law, the director of the division shall exercise only those management functions of the boards and commissions specifically provided in the Reorganization Act of 1974, and those relating to the allocation and assignment of space, personnel other than board personnel, and equipment.

(4) "Board personnel", as used in this section or chapters 317, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, and 345, shall mean personnel whose functions and responsibilities are in areas not related to the clerical duties involving the issuance and renewal of licenses, to the collecting and accounting for moneys, or to financial management relating to issuance and renewal of licenses; specifically included are executive secretaries (or comparable positions), consultants, inspectors, investigators, counsel, and secretarial support staff for these positions; and such other positions as are established and authorized by statute for a particular board or commission. Boards and commissions may employ legal counsel, if authorized by law, and temporary personnel if the board is unable to meet its responsibilities with the employees authorized above. Any board or commission which hires temporary employees shall annually provide the division director and the appropriation committees of the general assembly with a complete list of all persons employed in the previous year, the length of their employment, the amount of their remuneration, and a description of their responsibilities.

(5) Board personnel for each board or commission shall be employed by and serve at the pleasure of the board or commission, shall be supervised as the board or commission designates, and shall have their duties and compensation prescribed by the board or commission, within appropriations for that purpose, except that compensation for board personnel shall not exceed that established for comparable positions as determined by the board or commission pursuant to the job and pay plan of the department of insurance, financial institutions and professional registration. Nothing herein shall be construed to permit salaries for any board personnel to be lowered except by board action.

[12.**] 17.** All the powers, duties, and functions of the division of athletics, chapter 317, and others, are assigned by type I transfer to the division of professional registration.

[13.**] 18.** Wherever the laws, rules, or regulations of this state make reference to the "division of professional registration of the department of economic development", such references shall be deemed to refer to the division of professional registration."; and

"**37.719. 1. The office shall have the authority to and may conduct an independent review of any entity within a county that has experienced three or more review requests in a calendar year including, but not limited to, children's division, the juvenile office, or guardian ad litem. The office shall establish and implement procedures for reviewing any such entity.**

2. The office shall have the authority to make the necessary inquiries and review relevant information and records as the office deems necessary in order to conduct such reviews.

3. The office may make recommendations on changes to any entity's policies and procedures based on the results of the review in order to improve the delivery of services or the function of the entity. Upon completing a review under the provisions of this section, the office shall submit any findings and recommendations to the children's division and the office of state courts administrator.

210.003. 1. No child shall be permitted to enroll in or attend any public, private or parochial day care center, preschool or nursery school caring for ten or more children unless such child has been adequately immunized against vaccine-preventable childhood illnesses specified by the department of health and senior services in accordance with recommendations of the **[**Immunization Practices Advisory Committee**]** **Centers for Disease Control and Prevention Advisory Committee on Immunization Practices** (ACIP). The parent or guardian of such child shall provide satisfactory evidence of the required immunizations.

2. A child who has not completed all immunizations appropriate for his age may enroll, if:

(1) Satisfactory evidence is produced that such child has begun the process of immunization. The child may continue to attend as long as the immunization process is being accomplished according to the ACIP/Missouri department of health and senior services recommended schedule; or

(2) The parent or guardian has signed and placed on file with the day care administrator a statement of exemption which may be either of the following:

(a) A medical exemption, by which a child shall be exempted from the requirements of this section upon certification by a licensed physician that such immunization would seriously endanger the child's health or life; or

(b) A parent or guardian exemption, by which a child shall be exempted from the requirements of this section if one parent or guardian files a written objection to immunization with the day care administrator. Exemptions shall be accepted by the day care administrator when the necessary information as determined by the department of health and senior services is filed with the day care administrator by the parent or guardian. Exemption forms shall be provided by the department of health and senior services.

3. In the event of an outbreak or suspected outbreak of a vaccine-preventable disease within a particular facility, the administrator of the facility shall follow the control measures instituted by the local health authority or the department of health and senior services or both the local health authority and the department of health and senior services, as established in Rule 19 CSR 20-20.040, "Measures for the Control of Communicable Diseases".

4. The administrator of each public, private or parochial day care center, preschool or nursery school shall cause to be prepared a record of immunization of every child enrolled in or attending a facility under his jurisdiction. An annual summary report shall be made by January fifteenth showing the immunization status of each child

enrolled, using forms provided for this purpose by the department of health and senior services. The immunization records shall be available for review by department of health and senior services personnel upon request.

5. For purposes of this section, satisfactory evidence of immunization means a statement, certificate or record from a physician or other recognized health facility or personnel, stating that the required immunizations have been given to the child and verifying the type of vaccine and the month, day and year of administration.

7. All public, private, and parochial day care centers, preschools, and nursery schools shall notify the parent or guardian of each child at the time of initial enrollment in or attendance at the facility that the parent or guardian may request notice of whether there are children currently enrolled in or attending the facility for whom an immunization exemption has been filed. Beginning December 1, 2015, all public, private, and parochial day care centers, preschools, and nursery schools shall notify the parent or guardian of each child currently enrolled in or attending the facility that the parent or guardian may request notice of whether there are children currently enrolled in or attending the facility for whom an immunization exemption has been filed. Any public, private, or parochial day care center, preschool, or nursery school shall notify the parent or guardian of a child enrolled in or attending the facility, upon request, of whether there are children currently enrolled in or attending the facility for whom an immunization exemption has been filed."; and

Further amend said bill, Page 2, Section 210.148, Line 33, by inserting after all of said line the following:

"210.221. 1. The department of health and senior services shall have the following powers and duties:

(1) After inspection, to grant licenses to persons to operate child-care facilities if satisfied as to the good character and intent of the applicant and that such applicant is qualified and equipped to render care or service conducive to the welfare of children, and to renew the same when expired. No license shall be granted for a term exceeding two years. Each license shall specify the kind of child-care services the licensee is authorized to perform, the number of children that can be received or maintained, and their ages and sex;

(2) To inspect the conditions of the homes and other places in which the applicant operates a child-care facility, inspect their books and records, premises and children being served, examine their officers and agents, deny, suspend, place on probation or revoke the license of such persons as fail to obey the provisions of sections 210.201 to 210.245 or the rules and regulations made by the department of health and senior services. The director also may revoke or suspend a license when the licensee fails to renew or surrenders the license;

(3) To promulgate and issue rules and regulations the department deems necessary or proper in order to establish standards of service and care to be rendered by such licensees to children. No rule or regulation promulgated by the division shall in any manner restrict or interfere with any religious instruction, philosophies or ministries provided by the facility and shall not apply to facilities operated by religious organizations which are not required to be licensed; **[**and**]**

(4) **To approve training concerning the safe sleep recommendations of the American Academy of Pediatrics in accordance with section 210.223; and**

(5) To determine what records shall be kept by such persons and the form thereof, and the methods to be used in keeping such records, and to require reports to be made to the department at regular intervals.

2. Any child-care facility may request a variance from a rule or regulation promulgated pursuant to this section. The request for a variance shall be made in writing to the department of health and senior services and shall include the reasons the facility is requesting the variance. The department shall approve any variance request that does not endanger the health or safety of the children served by the facility. The burden of proof at any appeal of a disapproval of a variance application shall be with the department of health and senior services. Local inspectors may grant a variance, subject to approval by the department of health and senior services.

3. The department shall deny, suspend, place on probation or revoke a license if it receives official written notice that the local governing body has found that license is prohibited by any local law related to the health and safety of children. The department may, after inspection, find the licensure, denial of licensure, suspension or revocation to be in the best interest of the state.

4. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in sections 210.201 to 210.245 shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. All rulemaking authority delegated prior to August 28, 1999, is of no force and effect and repealed. Nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to August 28, 1999, if it fully complied with all applicable provisions of law. This section and chapter 536 are nonseverable and if any of the powers vested with the general

assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 1999, shall be invalid and void.

210.223. 1. All licensed child care facilities that provide care for children less than one year of age shall implement and maintain a written safe sleep policy in accordance with the most recent safe sleep recommendations of the American Academy of Pediatrics. The purpose of the safe sleep policy is to maintain a safe sleep environment that reduces the risk of sudden infant death syndrome and sudden unexpected infant deaths in children less than one year of age.

2. If an infant requires alternative sleep positions or special sleeping arrangements, the child care facility shall be provided with written instructions, signed by the infant's licensed health care provider, detailing the alternative sleep positions or special sleeping arrangements for such infant. The child care facility shall put the infant to sleep in accordance with such written instructions.

3. As used in this section, the following terms shall mean:

(1) "Sudden infant death syndrome", the sudden death of an infant less than one year of age that cannot be explained after a thorough investigation has been conducted, including a complete autopsy, an examination of the death scene, and a review of the clinical history;

(2) "Sudden unexpected infant death", the sudden and unexpected death of an infant less than one year of age in which the manner and cause of death are not immediately obvious prior to investigation. Causes of sudden unexpected infant death include, but are not limited to, metabolic disorders, hypothermia or hyperthermia, neglect or homicide, poisoning, and accidental suffocation.

4. All employees of licensed child care facilities who care for infants less than one year of age or any volunteer who may be assisting at the facility shall successfully complete department-approved training on the most recent safe sleep recommendations of the American Academy of Pediatrics every three years.

5. The department shall promulgate rules to implement the provisions of this section. Such rules shall include, but not be limited to:

(1) Amending any current rules which are not in compliance with the most recent safe sleep recommendations of the American Academy of Pediatrics;

(2) Keeping soft or loose bedding away from sleeping infants and out of safe sleep environments including, but not limited to, bumper pads, pillows, quilts, comforters, sleep positioning devices, sheepskins, blankets, flat sheets, cloth diapers, bibs, and other similar items; and

(3) Prohibiting blankets or other soft or loose bedding from being hung on the sides of cribs.

6. The department may adopt emergency rules to implement the requirements of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this section shall be invalid and void.

455.010. As used in this chapter, unless the context clearly indicates otherwise, the following terms shall mean:

(1) "Abuse" includes but is not limited to the occurrence of any of the following acts, attempts or threats against a person who may be protected pursuant to this chapter, except abuse shall not include abuse inflicted on a child by accidental means by an adult household member or discipline of a child, including spanking, in a reasonable manner:

(a) "Assault", purposely or knowingly placing or attempting to place another in fear of physical harm;

(b) "Battery", purposely or knowingly causing physical harm to another with or without a deadly weapon;

(c) "Coercion", compelling another by force or threat of force to engage in conduct from which the latter has a right to abstain or to abstain from conduct in which the person has a right to engage;

(d) "Harassment", engaging in a purposeful or knowing course of conduct involving more than one incident that alarms or causes distress to an adult or child and serves no legitimate purpose. The course of conduct must be such as would cause a reasonable adult or child to suffer substantial emotional distress and must actually cause substantial emotional distress to the petitioner or child. Such conduct might include, but is not limited to:

a. Following another about in a public place or places;

b. Peering in the window or lingering outside the residence of another; but does not include constitutionally protected activity;

(e) "Sexual assault", causing or attempting to cause another to engage involuntarily in any sexual act by force, threat of force, **[**or**]** duress**, or without that person's consent**;

(f) "Unlawful imprisonment", holding, confining, detaining or abducting another person against that person's will;

(2) "Adult", any person seventeen years of age or older or otherwise emancipated;

(3) "Child", any person under seventeen years of age unless otherwise emancipated;

(4) "Court", the circuit or associate circuit judge or a family court commissioner;

(5) "Domestic violence", abuse or stalking committed by a family or household member, as such terms are defined in this section;

(6) "Ex parte order of protection", an order of protection issued by the court before the respondent has received notice of the petition or an opportunity to be heard on it;

(7) "Family" or "household member", spouses, former spouses, any person related by blood or marriage, persons who are presently residing together or have resided together in the past, any person who is or has been in a continuing social relationship of a romantic or intimate nature with the victim, and anyone who has a child in common regardless of whether they have been married or have resided together at any time;

(8) "Full order of protection", an order of protection issued after a hearing on the record where the respondent has received notice of the proceedings and has had an opportunity to be heard;

(9) "Order of protection", either an ex parte order of protection or a full order of protection;

(10) "Pending", exists or for which a hearing date has been set;

(11) "Petitioner", a family or household member who has been a victim of domestic violence, or any person who has been the victim of stalking **or sexual assault**, or a person filing on behalf of a child pursuant to section 455.503 who has filed a verified petition pursuant to the provisions of section 455.020 or section 455.505;

(12) "Respondent", the family or household member alleged to have committed an act of domestic violence, or person alleged to have committed an act of stalking **or sexual assault**, against whom a verified petition has been filed or a person served on behalf of a child pursuant to section 455.503;

(13) **"Sexual assault", as defined under subdivision (1) of this section;**

(14) "Stalking" is when any person purposely **[**and repeatedly**]** engages in an unwanted course of conduct that causes alarm to another person**, or a person who resides together in the same household with the person seeking the order of protection** when it is reasonable in that person's situation to have been alarmed by the conduct. As used in this subdivision:

(a) "Alarm" means to cause fear of danger of physical harm; **and**

(b) "Course of conduct" means a pattern of conduct composed of **[**repeated**] two or more** acts over a period of time, however short, that serves no legitimate purpose. Such conduct may include, but is not limited to, following the other person or unwanted communication or unwanted contact**[**; and

(c) "Repeated" means two or more incidents evidencing a continuity of purpose**]**.

455.020. 1. Any person who has been subject to domestic violence by a present or former family or household member, or who has been the victim of stalking **or sexual assault**, may seek relief under sections 455.010 to 455.085 by filing a verified petition alleging such domestic violence **[**or**],** stalking**, or sexual assault** by the respondent.

2. A person's right to relief under sections 455.010 to 455.085 shall not be affected by the person leaving the residence or household to avoid domestic violence.

3. Any protection order issued pursuant to sections 455.010 to 455.085 shall be effective throughout the state in all cities and counties.

455.032. In addition to any other jurisdictional grounds provided by law, a court shall have jurisdiction to enter an order of protection restraining or enjoining the respondent from committing or threatening to commit domestic violence, stalking, **sexual assault,** molesting or disturbing the peace of petitioner, pursuant to sections 455.010 to 455.085, if the petitioner is present, whether permanently or on a temporary basis within the state of Missouri and if the respondent's actions constituting domestic violence have occurred, have been attempted or have been or are threatened within the state of Missouri. For purposes of this section, if the petitioner has been the subject of domestic violence within or outside of the state of Missouri, such evidence shall be admissible to demonstrate the need for protection in Missouri.

455.040. 1. Not later than fifteen days after the filing of a petition that meets the requirements of section 455.020, a hearing shall be held unless the court deems, for good cause shown, that a continuance should be granted. At the hearing, if the petitioner has proved the allegation of domestic violence **[**or**],** stalking**, or sexual assault** by a preponderance of the evidence, and the respondent cannot show that his or her actions alleged to constitute abuse were otherwise justified under the law, the court shall issue a full order of protection for a period of time the court

deems appropriate, except that the protective order shall be valid for at least one hundred eighty days and not more than one year. Upon motion by the petitioner, and after a hearing by the court, the full order of protection may be renewed for a period of time the court deems appropriate, except that the protective order shall be valid for at least one hundred eighty days and not more than one year from the expiration date of the originally issued full order of protection. The court may, upon finding that it is in the best interest of the parties, include a provision that any full order of protection for one year shall automatically renew unless the respondent requests a hearing by thirty days prior to the expiration of the order. If for good cause a hearing cannot be held on the motion to renew or the objection to an automatic renewal of the full order of protection prior to the expiration date of the originally issued full order of protection, an ex parte order of protection may be issued until a hearing is held on the motion. When an automatic renewal is not authorized, upon motion by the petitioner, and after a hearing by the court, the second full order of protection may be renewed for an additional period of time the court deems appropriate, except that the protective order shall be valid for at least one hundred eighty days and not more than one year. For purposes of this subsection, a finding by the court of a subsequent act of domestic violence **[**or**],** stalking**, or sexual assault** is not required for a renewal order of protection.

2. The court shall cause a copy of the petition and notice of the date set for the hearing on such petition and any ex parte order of protection to be served upon the respondent as provided by law or by any sheriff or police officer at least three days prior to such hearing. The court shall cause a copy of any full order of protection to be served upon or mailed by certified mail to the respondent at the respondent's last known address. Notice of an ex parte or full order of protection shall be served at the earliest time, and service of such notice shall take priority over service in other actions, except those of a similar emergency nature. Failure to serve or mail a copy of the full order of protection to the respondent shall not affect the validity or enforceability of a full order of protection.

3. A copy of any order of protection granted pursuant to sections 455.010 to 455.085 shall be issued to the petitioner and to the local law enforcement agency in the jurisdiction where the petitioner resides. The clerk shall also issue a copy of any order of protection to the local law enforcement agency responsible for maintaining the Missouri uniform law enforcement system or any other comparable law enforcement system the same day the order is granted. The law enforcement agency responsible for maintaining MULES shall, for purposes of verification, within twenty-four hours from the time the order is granted, enter information contained in the order including but not limited to any orders regarding child custody or visitation and all specifics as to times and dates of custody or visitation that are provided in the order. A notice of expiration or of termination of any order of protection or any change in child custody or visitation within that order shall be issued to the local law enforcement agency and to the law enforcement agency responsible for maintaining MULES or any other comparable law enforcement system. The law enforcement agency responsible for maintaining the applicable law enforcement system shall enter such information in the system within twenty-four hours of receipt of information evidencing such expiration or termination. The information contained in an order of protection may be entered in the Missouri uniform law enforcement system or comparable law enforcement system using a direct automated data transfer from the court automated system to the law enforcement system.

4. The court shall cause a copy of any objection filed by the respondent and notice of the date set for the hearing on such objection to an automatic renewal of a full order of protection for a period of one year to be personally served upon the petitioner by personal process server as provided by law or by a sheriff or police officer at least three days prior to such hearing. Such service of process shall be served at the earliest time and shall take priority over service in other actions except those of a similar emergency nature.

455.045. Any ex parte order of protection granted pursuant to sections 455.010 to 455.085 shall be to protect the petitioner from domestic violence **[**or**],** stalking**, or sexual assault** and may include:

(1) Restraining the respondent from committing or threatening to commit domestic violence, molesting, stalking**, sexual assault,** or disturbing the peace of the petitioner;

(2) Restraining the respondent from entering the premises of the dwelling unit of petitioner when the dwelling unit is:

(a) Jointly owned, leased or rented or jointly occupied by both parties; or

(b) Owned, leased, rented or occupied by petitioner individually; or

(c) Jointly owned, leased or rented by petitioner and a person other than respondent; provided, however, no spouse shall be denied relief pursuant to this section by reason of the absence of a property interest in the dwelling unit; or

(d) Jointly occupied by the petitioner and a person other than the respondent; provided that the respondent has no property interest in the dwelling unit;

(3) Restraining the respondent from communicating with the petitioner in any manner or through any medium;

(4) A temporary order of custody of minor children where appropriate.

455.050. 1. Any full or ex parte order of protection granted pursuant to sections 455.010 to 455.085 shall be to protect the petitioner from domestic violence**, stalking, or sexual assault** and may include such terms as the court reasonably deems necessary to ensure the petitioner's safety, including but not limited to:

(1) Temporarily enjoining the respondent from committing or threatening to commit domestic violence, molesting, stalking**, sexual assault,** or disturbing the peace of the petitioner;

(2) Temporarily enjoining the respondent from entering the premises of the dwelling unit of the petitioner when the dwelling unit is:

(a) Jointly owned, leased or rented or jointly occupied by both parties; or

(b) Owned, leased, rented or occupied by petitioner individually; or

(c) Jointly owned, leased, rented or occupied by petitioner and a person other than respondent; provided, however, no spouse shall be denied relief pursuant to this section by reason of the absence of a property interest in the dwelling unit; or

(d) Jointly occupied by the petitioner and a person other than respondent; provided that the respondent has no property interest in the dwelling unit; or

(3) Temporarily enjoining the respondent from communicating with the petitioner in any manner or through any medium.

2. Mutual orders of protection are prohibited unless both parties have properly filed written petitions and proper service has been made in accordance with sections 455.010 to 455.085.

3. When the court has, after a hearing for any full order of protection, issued an order of protection, it may, in addition:

(1) Award custody of any minor child born to or adopted by the parties when the court has jurisdiction over such child and no prior order regarding custody is pending or has been made, and the best interests of the child require such order be issued;

(2) Establish a visitation schedule that is in the best interests of the child;

(3) Award child support in accordance with supreme court rule 88.01 and chapter 452;

(4) Award maintenance to petitioner when petitioner and respondent are lawfully married in accordance with chapter 452;

(5) Order respondent to make or to continue to make rent or mortgage payments on a residence occupied by the petitioner if the respondent is found to have a duty to support the petitioner or other dependent household members;

(6) Order the respondent to pay the petitioner's rent at a residence other than the one previously shared by the parties if the respondent is found to have a duty to support the petitioner and the petitioner requests alternative housing;

(7) Order that the petitioner be given temporary possession of specified personal property, such as automobiles, checkbooks, keys, and other personal effects;

(8) Prohibit the respondent from transferring, encumbering, or otherwise disposing of specified property mutually owned or leased by the parties;

(9) Order the respondent to participate in a court-approved counseling program designed to help batterers stop violent behavior or to participate in a substance abuse treatment program;

(10) Order the respondent to pay a reasonable fee for housing and other services that have been provided or that are being provided to the petitioner by a shelter for victims of domestic violence;

(11) Order the respondent to pay court costs;

(12) Order the respondent to pay the cost of medical treatment and services that have been provided or that are being provided to the petitioner as a result of injuries sustained to the petitioner by an act of domestic violence committed by the respondent.

4. A verified petition seeking orders for maintenance, support, custody, visitation, payment of rent, payment of monetary compensation, possession of personal property, prohibiting the transfer, encumbrance, or disposal of property, or payment for services of a shelter for victims of domestic violence, shall contain allegations relating to those orders and shall pray for the orders desired.

5. In making an award of custody, the court shall consider all relevant factors including the presumption that the best interests of the child will be served by placing the child in the custody and care of the nonabusive parent, unless there is evidence that both parents have engaged in abusive behavior, in which case the court shall not consider this presumption but may appoint a guardian ad litem or a court-appointed special advocate to represent the children in accordance with chapter 452 and shall consider all other factors in accordance with chapter 452.

6. The court shall grant to the noncustodial parent rights to visitation with any minor child born to or adopted by the parties, unless the court finds, after hearing, that visitation would endanger the child's physical health, impair the child's emotional development or would otherwise conflict with the best interests of the child, or that no visitation can be arranged which would sufficiently protect the custodial parent from further domestic violence. The court may appoint a guardian ad litem or court-appointed special advocate to represent the minor child in accordance with chapter 452 whenever the custodial parent alleges that visitation with the noncustodial parent will damage the minor child.

7. The court shall make an order requiring the noncustodial party to pay an amount reasonable and necessary for the support of any child to whom the party owes a duty of support when no prior order of support is outstanding and after all relevant factors have been considered, in accordance with Missouri supreme court rule 88.01 and chapter 452.

8. The court may grant a maintenance order to a party for a period of time, not to exceed one hundred eighty days. Any maintenance ordered by the court shall be in accordance with chapter 452.

455.080. 1. Law enforcement agencies may establish procedures to ensure that dispatchers and officers at the scene of an alleged incident of domestic violence **[**or**],** stalking**, sexual assault,** or violation of an order of protection can be informed of any recorded prior incident of domestic violence **[**or**],** stalking**, or sexual assault** involving the abused party and can verify the effective dates and terms of any recorded order of protection.

2. The law enforcement agency shall apply the same standard for response to an alleged incident of domestic violence **[**or**],** stalking**, sexual assault,** or a violation of any order of protection as applied to any like offense involving strangers, except as otherwise provided by law. Law enforcement agencies shall not assign lower priority to calls involving alleged incidents of domestic violence **[**or**],** stalking**, sexual assault,** or violation of protection orders than is assigned in responding to offenses involving strangers. Existence of any of the following factors shall be interpreted as indicating a need for immediate response:

(1) The caller indicates that violence is imminent or in progress; or

(2) A protection order is in effect; or

(3) The caller indicates that incidents of domestic violence have occurred previously between the parties.

3. Law enforcement agencies may establish domestic crisis teams or, if the agency has fewer than five officers whose responsibility it is to respond to calls of this nature, individual officers trained in methods of dealing with domestic violence. Such teams or individuals may be supplemented by social workers, ministers or other persons trained in counseling or crisis intervention. When an alleged incident of domestic violence is reported, the agency may dispatch a crisis team or specially trained officer, if available, to the scene of the incident.

4. The officer at the scene of an alleged incident of domestic violence **[**or**],** stalking**, or sexual assault** shall inform the abused party of available judicial remedies for relief from domestic violence and of available shelters for victims of domestic violence.

5. Law enforcement officials at the scene shall provide or arrange transportation for the abused party to a medical facility for treatment of injuries or to a place of shelter or safety.

455.085. 1. When a law enforcement officer has probable cause to believe a party has committed a violation of law amounting to domestic violence, as defined in section 455.010, against a family or household member, the officer may arrest the offending party whether or not the violation occurred in the presence of the arresting officer. When the officer declines to make arrest pursuant to this subsection, the officer shall make a written report of the incident completely describing the offending party, giving the victim's name, time, address, reason why no arrest was made and any other pertinent information. Any law enforcement officer subsequently called to the same address within a twelve-hour period, who shall find probable cause to believe the same offender has again committed a violation as stated in this subsection against the same or any other family or household member, shall arrest the offending party for this subsequent offense. The primary report of nonarrest in the preceding twelve-hour period may be considered as evidence of the defendant's intent in the violation for which arrest occurred. The refusal of the victim to sign an official complaint against the violator shall not prevent an arrest under this subsection.

2. When a law enforcement officer has probable cause to believe that a party, against whom a protective order has been entered and who has notice of such order entered, has committed an act of abuse in violation of such order, the officer shall arrest the offending party-respondent whether or not the violation occurred in the presence of the arresting officer. Refusal of the victim to sign an official complaint against the violator shall not prevent an arrest under this subsection.

3. When an officer makes an arrest, the officer is not required to arrest two parties involved in an assault when both parties claim to have been assaulted. The arresting officer shall attempt to identify and shall arrest the party the officer believes is the primary physical aggressor. The term "primary physical aggressor" is defined as the

most significant, rather than the first, aggressor. The law enforcement officer shall consider any or all of the following in determining the primary physical aggressor:

(1) The intent of the law to protect victims from continuing domestic violence;

(2) The comparative extent of injuries inflicted or serious threats creating fear of physical injury;

(3) The history of domestic violence between the persons involved.

No law enforcement officer investigating an incident of domestic violence shall threaten the arrest of all parties for the purpose of discouraging requests or law enforcement intervention by any party. Where complaints are received from two or more opposing parties, the officer shall evaluate each complaint separately to determine whether the officer should seek a warrant for an arrest.

4. In an arrest in which a law enforcement officer acted in good faith reliance on this section, the arresting and assisting law enforcement officers and their employing entities and superiors shall be immune from liability in any civil action alleging false arrest, false imprisonment or malicious prosecution.

5. When a person against whom an order of protection has been entered fails to surrender custody of minor children to the person to whom custody was awarded in an order of protection, the law enforcement officer shall arrest the respondent, and shall turn the minor children over to the care and custody of the party to whom such care and custody was awarded.

6. The same procedures, including those designed to protect constitutional rights, shall be applied to the respondent as those applied to any individual detained in police custody.

7. A violation of the terms and conditions, with regard to domestic violence, stalking, **sexual assault,** child custody, communication initiated by the respondent or entrance upon the premises of the petitioner's dwelling unit or place of employment or school, or being within a certain distance of the petitioner or a child of the petitioner, of an ex parte order of protection of which the respondent has notice, shall be a class A misdemeanor unless the respondent has previously pleaded guilty to or has been found guilty in any division of the circuit court of violating an ex parte order of protection or a full order of protection within five years of the date of the subsequent violation, in which case the subsequent violation shall be a class E felony. Evidence of prior pleas of guilty or findings of guilt shall be heard by the court out of the presence of the jury prior to submission of the case to the jury. If the court finds the existence of such prior pleas of guilty or finding of guilt beyond a reasonable doubt, the court shall decide the extent or duration of sentence or other disposition and shall not instruct the jury as to the range of punishment or allow the jury to assess and declare the punishment as a part of its verdict.

8. A violation of the terms and conditions, with regard to domestic violence, stalking, **sexual assault,** child custody, communication initiated by the respondent or entrance upon the premises of the petitioner's dwelling unit or place of employment or school, or being within a certain distance of the petitioner or a child of the petitioner, of a full order of protection shall be a class A misdemeanor, unless the respondent has previously pleaded guilty to or has been found guilty in any division of the circuit court of violating an ex parte order of protection or a full order of protection within five years of the date of the subsequent violation, in which case the subsequent violation shall be a class E felony. Evidence of prior pleas of guilty or findings of guilt shall be heard by the court out of the presence of the jury prior to submission of the case to the jury. If the court finds the existence of such prior plea of guilty or finding of guilt beyond a reasonable doubt, the court shall decide the extent or duration of the sentence or other disposition and shall not instruct the jury as to the range of punishment or allow the jury to assess and declare the punishment as a part of its verdict. For the purposes of this subsection, in addition to the notice provided by actual service of the order, a party is deemed to have notice of an order of protection if the law enforcement officer responding to a call of a reported incident of domestic violence, stalking, **sexual assault,** or violation of an order of protection presented a copy of the order of protection to the respondent.

9. Good faith attempts to effect a reconciliation of a marriage shall not be deemed tampering with a witness or victim tampering under section 575.270.

10. Nothing in this section shall be interpreted as creating a private cause of action for damages to enforce the provisions set forth herein.

455.085. 1. When a law enforcement officer has probable cause to believe a party has committed a violation of law amounting to domestic violence, as defined in section 455.010, against a family or household member, the officer may arrest the offending party whether or not the violation occurred in the presence of the arresting officer. member, shall arrest the offending party for this subsequent offense. The primary report of nonarrest in the preceding twelve-hour period may be considered as evidence of the defendant's intent in the violation for which arrest occurred. The refusal of the victim to sign an official complaint against the violator shall not prevent an arrest under this subsection.

A violation of the terms and conditions, with regard to domestic violence, stalking, **sexual assault,** child custody, communication initiated by the respondent or entrance upon the premises of the petitioner's dwelling unit or place of employment or school, or being within a certain distance of the petitioner or a child of the petitioner, of an ex parte order of protection of which the respondent has notice, shall be a class A misdemeanor unless the respondent has previously pleaded guilty to or has been found guilty in any division of the circuit court of violating an ex parte order of protection or a full order of protection within five years of the date of the subsequent violation, in which case the subsequent violation shall be a class D felony. Evidence of prior pleas of guilty or findings of guilt shall be heard by the court out of the presence of the jury prior to submission of the case to the jury. If the court finds the existence of such prior pleas of guilty or finding of guilt beyond a reasonable doubt, the court shall decide the extent or duration of sentence or other disposition and shall not instruct the jury as to the range of punishment or allow the jury to assess and declare the punishment as a part of its verdict.

8. A violation of the terms and conditions, with regard to domestic violence, stalking, **sexual assault,** child custody, communication initiated by the respondent or entrance upon the premises of the petitioner's dwelling unit or place of employment or school, or being within a certain distance of the petitioner or a child of the petitioner, of a full order of protection shall be a class A misdemeanor, unless the respondent has previously pleaded guilty to or has been found guilty in any division of the circuit court of violating an ex parte order of protection or a full order of protection within five years of the date of the subsequent violation, in which case the subsequent violation shall be a class D felony. 9. Good faith attempts to effect a reconciliation of a marriage shall not be deemed tampering with a witness or victim tampering under section 575.270.

10. Nothing in this section shall be interpreted as creating a private cause of action for damages to enforce the provisions set forth herein.

455.503. 1. A petition for an order of protection for a child shall be filed in the county where the child resides, where the alleged incident of domestic violence **[**or**],** stalking**, or sexual assault** occurred, or where the respondent may be served.

2. Such petition may be filed by any of the following:

(1) A parent or guardian of the victim;

(2) A guardian ad litem or court-appointed special advocate appointed for the victim; or

(3) The juvenile officer.

455.505. 1. An order of protection for a child who has been subject to domestic violence by a present or former household member or **[**person**] sexual assault or** stalking **[**the child**] by any person** may be sought under sections 455.500 to 455.538 by the filing of a verified petition alleging such domestic violence **[**or**],** stalking**, or sexual assault** by the respondent.

2. A child's right to relief under sections 455.500 to 455.538 shall not be affected by the child's leaving the residence or household to avoid domestic violence.

3. Any protection order issued pursuant to sections 455.500 to 455.538 shall be effective throughout the state in all cities and counties.

455.513. 1. Upon the filing of a verified petition under sections 455.500 to 455.538, for good cause shown in the petition, and upon finding that no prior order regarding custody is pending or has been made or that the respondent is less than seventeen years of age, the court may immediately issue an ex parte order of protection. An immediate and present danger of domestic violence **[**or**],** stalking**, or sexual assault** to a child shall constitute good cause for purposes of this section. An ex parte order of protection entered by the court shall be in effect until the time of the hearing. The court shall deny the ex parte order and dismiss the petition if the petitioner is not authorized to seek relief pursuant to section 455.505.

2. Upon the entry of the ex parte order of protection, the court shall enter its order appointing a guardian ad litem or court-appointed special advocate to represent the child victim.

3. If the allegations in the petition would give rise to jurisdiction under section 211.031, the court may direct the children's division to conduct an investigation and to provide appropriate services. The division shall submit a written investigative report to the court and to the juvenile officer within thirty days of being ordered to do so. The report shall be made available to the parties and the guardian ad litem or court-appointed special advocate.

4. If the allegations in the petition would give rise to jurisdiction under section 211.031 because the respondent is less than seventeen years of age, the court may issue an ex parte order and shall transfer the case to juvenile court for a hearing on a full order of protection. Service of process shall be made pursuant to section 455.035.

455.520. 1. Any ex parte order of protection granted under sections 455.500 to 455.538 shall be to protect the victim from domestic violence **[**or**],** stalking**, or sexual assault** and may include such terms as the court reasonably deems necessary to ensure the victim's safety, including but not limited to:

(1) Restraining the respondent from committing or threatening to commit domestic violence, stalking, **sexual assault,** molesting, or disturbing the peace of the victim;

(2) Restraining the respondent from entering the family home of the victim except as specifically authorized by the court;

(3) Restraining the respondent from communicating with the victim in any manner or through any medium, except as specifically authorized by the court;

(4) A temporary order of custody of minor children.

2. No ex parte order of protection excluding the respondent from the family home shall be issued unless the court finds that:

(1) The order is in the best interests of the child or children remaining in the home;

(2) The verified allegations of domestic violence present a substantial risk to the child or children unless the respondent is excluded; and

(3) A remaining adult family or household member is able to care adequately for the child or children in the absence of the excluded party.

455.523. 1. Any full order of protection granted under sections 455.500 to 455.538 shall be to protect the victim from domestic violence **[**and**],** stalking**, and sexual assault** may include such terms as the court reasonably deems necessary to ensure the petitioner's safety, including but not limited to:

(1) Temporarily enjoining the respondent from committing domestic violence **or sexual assault**, threatening to commit domestic violence **or sexual assault**, stalking, molesting, or disturbing the peace of the victim;

(2) Temporarily enjoining the respondent from entering the family home of the victim, except as specifically authorized by the court;

(3) Temporarily enjoining the respondent from communicating with the victim in any manner or through any medium, except as specifically authorized by the court.

2. When the court has, after hearing for any full order of protection, issued an order of protection, it may, in addition:

(1) Award custody of any minor child born to or adopted by the parties when the court has jurisdiction over such child and no prior order regarding custody is pending or has been made, and the best interests of the child require such order be issued;

(2) Award visitation;

(3) Award child support in accordance with supreme court rule 88.01 and chapter 452;

(4) Award maintenance to petitioner when petitioner and respondent are lawfully married in accordance with chapter 452;

(5) Order respondent to make or to continue to make rent or mortgage payments on a residence occupied by the victim if the respondent is found to have a duty to support the victim or other dependent household members;

(6) Order the respondent to participate in a court-approved counseling program designed to help stop violent behavior or to treat substance abuse;

(7) Order the respondent to pay, to the extent that he or she is able, the costs of his or her treatment, together with the treatment costs incurred by the victim;

(8) Order the respondent to pay a reasonable fee for housing and other services that have been provided or that are being provided to the victim by a shelter for victims of domestic violence.

455.538. 1. When a law enforcement officer has probable cause to believe that a party, against whom a protective order for a child has been entered, has committed an act in violation of that order, the officer shall have the authority to arrest the respondent whether or not the violation occurred in the presence of the arresting officer.

2. When a person, against whom an order of protection for a child has been entered, fails to surrender custody of minor children to the person to whom custody was awarded in an order of protection, the law enforcement officer shall arrest the respondent, and shall turn the minor children over to the care and custody of the party to whom such care and custody was awarded.

3. The same procedures, including those designed to protect constitutional rights, shall be applied to the respondent as those applied to any individual detained in police custody.

4. (1) Violation of the terms and conditions of an ex parte or full order of protection with regard to domestic violence, stalking, **sexual assault,** child custody, communication initiated by the respondent, or entrance upon the premises of the victim's dwelling unit or place of employment or school, or being within a certain distance of the petitioner or a child of the petitioner, of which the respondent has notice, shall be a class A misdemeanor, unless the respondent has previously pleaded guilty to or has been found guilty in any division of the circuit court of violating an ex parte order of protection or a full order of protection within five years of the date of the subsequent violation, in which case the subsequent violation shall be a class E felony. Evidence of a prior plea of guilty or finding of guilt shall be heard by the court out of the presence of the jury prior to submission of the case to the jury. If the court finds the existence of a prior plea of guilty or finding of guilt beyond a reasonable doubt, the court shall decide the extent or duration of sentence or other disposition and shall not instruct the jury as to the range of punishment or allow the jury to assess and declare the punishment as a part of its verdict.

(2) For purposes of this subsection, in addition to the notice provided by actual service of the order, a party is deemed to have notice of an order of protection for a child if the law enforcement officer responding to a call of a reported incident of domestic violence **[**or**],** stalking**, sexual assault,** or violation of an order of protection for a child presents a copy of the order of protection to the respondent.

5. The fact that an act by a respondent is a violation of a valid order of protection for a child shall not preclude prosecution of the respondent for other crimes arising out of the incident in which the protection order is alleged to have been violated.

455.538. 1. When a law enforcement officer has probable cause to believe that a party, against whom a protective order for a child has been entered, has committed an act in violation of that order, the officer shall have the authority to arrest the respondent whether or not the violation occurred in the presence of the arresting officer.

2. When a person, against whom an order of protection for a child has been entered, fails to surrender custody of minor children to the person to whom custody was awarded in an order of protection, the law

enforcement officer shall arrest the respondent, and shall turn the minor children over to the care and custody of the party to whom such care and custody was awarded.

3. The same procedures, including those designed to protect constitutional rights, shall be applied to the respondent as those applied to any individual detained in police custody.

4. (1) Violation of the terms and conditions of an ex parte or full order of protection with regard to domestic violence, stalking, **sexual assault,** child custody, communication initiated by the respondent, or entrance upon the premises of the victim's dwelling unit or place of employment or school, or being within a certain distance of the petitioner or a child of the petitioner, of which the respondent has notice, shall be a class A misdemeanor, unless the respondent has previously pleaded guilty to or has been found guilty in any division of the circuit court of violating an ex parte order of protection or a full order of protection within five years of the date of the subsequent violation, in which case the subsequent violation shall be a class D felony. Evidence of a prior plea of guilty or finding of guilt shall be heard by the court out of the presence of the jury prior to submission of the case to the jury. If the court finds the existence of a prior plea of guilty or finding of guilt beyond a reasonable doubt, the court shall decide the extent or duration of sentence or other disposition and shall not instruct the jury as to the range of punishment or allow the jury to assess and declare the punishment as a part of its verdict.

(2) For purposes of this subsection, in addition to the notice provided by actual service of the order, a party is deemed to have notice of an order of protection for a child if the law enforcement officer responding to a call of a reported incident of domestic violence **[**or**],** stalking**, sexual assault,** or violation of an order of protection for a child presents a copy of the order of protection to the respondent.

5. The fact that an act by a respondent is a violation of a valid order of protection for a child shall not preclude prosecution of the respondent for other crimes arising out of the incident in which the protection order is alleged to have been violated."; and

On October 1, 1992, and thereafter, the charge imposed herein shall be adjusted annually by the same percentage as the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor index, as defined and officially recorded by the United States Department of Labor or its successor agency. No annual adjustment shall be made to the charge imposed under this subsection during October 1, 2005, to October 1, **[**2017**]** **2027**, except an adjustment amount consistent with the need to fund the operating costs of the department and taking into account any annual percentage increase in the total of the volumetric equivalent of solid waste accepted in the prior year at solid waste sanitary landfills and demolition landfills and solid waste to be transported out of this state for disposal that is accepted at transfer stations. No annual increase during October 1, 2005, to October 1, **[**2017**]** **2027**, shall exceed the percentage increase measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor index, as defined and officially recorded by the United States Department of Labor or its successor agency and calculated on the percentage of revenues dedicated under subdivision (1) of subsection 2 of section 260.335. Any such annual adjustment shall only be made at the discretion of the director, subject to appropriations. Collection costs shall be established by the department and shall not exceed two percent of the amount collected pursuant to this section.

2. The department shall, by rule and regulation, provide for the method and manner of collection.

3. The charges established in this section shall be enumerated separately from the disposal fee charged by the landfill and may be passed through to persons who generated the solid waste. Moneys **[**shall be**]** transmitted to the department shall be no less than the amount collected less collection costs and in a form, manner and frequency as the department shall prescribe. The provisions of section 33.080 to the contrary notwithstanding, moneys in the account shall not lapse to general revenue at the end of each biennium. Failure to collect the charge does not relieve the operator from responsibility for transmitting an amount equal to the charge to the department.

4. The department may examine or audit financial records and landfill activity records and measure landfill usage to verify the collection and transmittal of the charges established in this section. The department may promulgate by rule and regulation procedures to ensure and to verify that the charges imposed herein are properly collected and transmitted to the department.

5. Effective October 1, 1990, any person who operates a transfer station in Missouri shall transmit a fee to the department for deposit in the solid waste management fund which is equal to one dollar and fifty cents per ton or its volumetric equivalent of solid waste accepted. Such fee shall be applicable to all solid waste to be transported out of the state for disposal. On October 1, 1992, and thereafter, the charge imposed herein shall be adjusted annually by the same percentage as the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor index, as defined and officially recorded by the United States Department of Labor or its successor agency. No annual adjustment shall be made to the charge imposed under this subsection during October 1, 2005, to October 1, **[**2017**]** **2027**, except an adjustment amount

consistent with the need to fund the operating costs of the department and taking into account any annual percentage increase in the total of the volumetric equivalent of solid waste accepted in the prior year at solid waste sanitary landfills and demolition landfills and solid waste to be transported out of this state for disposal that is accepted at transfer stations. No annual increase during October 1, 2005, to October 1, **[**2017**] 2027**, shall exceed the percentage increase measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor index, as defined and officially recorded by the United States Department of Labor or its successor agency and calculated on the percentage of revenues dedicated under subdivision (1) of subsection 2 of section 260.335. Any such annual adjustment shall only be made at the discretion of the director, subject to appropriations. The department shall prescribe rules and regulations governing the transmittal of fees and verification of waste volumes transported out of state from transfer stations. Collection costs shall also be established by the department and shall not exceed two percent of the amount collected pursuant to this subsection. A transfer station with the sole function of separating materials for recycling or resource recovery activities shall not be subject to the fee imposed in this subsection.

6. Each political subdivision which owns an operational solid waste disposal area may designate, pursuant to this section, up to two free disposal days during each calendar year. On any such free disposal day, the political subdivision shall allow residents of the political subdivision to dispose of any solid waste which may be lawfully disposed of at such solid waste disposal area free of any charge, and such waste shall not be subject to any state fee pursuant to this section. Notice of any free disposal day shall be posted at the solid waste disposal area site and in at least one newspaper of general circulation in the political subdivision no later than fourteen days prior to the free disposal day.

260.335. 1. Each fiscal year eight hundred thousand dollars from the solid waste management fund shall be made available, upon appropriation, to the department and the environmental improvement and energy resources authority to fund activities that promote the development and maintenance of markets for recovered materials. Each fiscal year up to two hundred thousand dollars from the solid waste management fund **may** be used by the department upon appropriation for grants to solid waste management districts for district grants and district operations. Only those solid waste management districts that are allocated fewer funds under subsection 2 of this section than if revenues had been allocated based on the criteria in effect in this section on August 27, 2004, are eligible for these grants. An eligible district shall receive a proportionate share of these grants based on that district's share of the total reduction in funds for eligible districts calculated by comparing the amount of funds allocated under subsection 2 of this section with the amount of funds that would have been allocated using the criteria in effect in this section on August 27, 2004. The department and the authority shall establish a joint interagency agreement with the department of economic development to identify state priorities for market development and to develop the criteria to be used to judge proposed projects. Additional moneys may be appropriated in subsequent fiscal years if requested. The authority shall establish a procedure to measure the effectiveness of the grant program under this subsection and shall provide a report to the governor and general assembly by January fifteenth of each year regarding the effectiveness of the program.

2. All remaining revenues deposited into the fund each fiscal year after moneys have been made available under subsection 1 of this section shall be allocated as follows:

(1) Thirty-nine percent of the revenues shall be dedicated, upon appropriation, to the elimination of illegal solid waste disposal, to identify and prosecute persons disposing of solid waste illegally, to conduct solid waste permitting activities, to administer grants and perform other duties imposed in sections 260.200 to 260.345 and section 260.432. In addition to the thirty-nine percent of the revenues, the department may receive any annual increase in the charge during October 1, 2005, to October 1, **[**2014**] 2027**, under section 260.330 and such increases shall be used solely to fund the operating costs of the department;

(2) Sixty-one percent of the revenues, except any annual increases in the charge under section 260.330 during October 1, 2005, to October 1, **[**2014**] 2027**, which shall be used solely to fund the operating costs of the department, shall be allocated **[**through grants, upon appropriation, to participating cities, counties, and**] to solid waste management** districts. Revenues to be allocated under this subdivision shall be divided as follows: forty percent shall be allocated based on the population of each district in the latest decennial census, and sixty percent shall be allocated based on the amount of revenue generated within each district. For the purposes of this subdivision, revenue generated within each district shall be determined from the previous year's data. No more than fifty percent of the revenue allocable under this subdivision may be allocated to the districts upon approval of the department for implementation of a solid waste management plan and district operations, and at least fifty percent of the revenue allocable to the districts under this subdivision shall be allocated to the cities and counties of the district or to persons or entities providing solid waste management, waste reduction, recycling and related services in these cities and counties. Each district shall receive a minimum of seventy-five thousand dollars under this subdivision.

After August 28, **[**2005**]** **2015**, each district shall receive a minimum of ninety-five thousand dollars under this subdivision for district grants and district operations. Each district receiving moneys under this subdivision shall expend such moneys pursuant to a solid waste management plan required under section 260.325, and only in the case that the district is in compliance with planning requirements established by the department. Moneys shall be awarded based upon grant applications. **The following criteria may be considered to establish the order of district grant priority:**

(a) Grants to facilities of organizations employing individuals with disabilities under sections 178.900 to 178.960 or sections 205.968 to 205.972;

(b) Grants for proposals that will promote and maximize the sharing of district resources;

(c) Grants for proposals which provide methods of recycling and solid waste reduction; and

(d) All other grants.

Any **allocated district** moneys remaining in any fiscal year due to insufficient or inadequate **grant** applications **[**may**]** **shall** be reallocated **[**pursuant to this subdivision**]** **for grant applications in subsequent years or for solid waste management projects other than district operations, including a district's next request for solid waste management project proposals. Any allocated district moneys remaining after a period of five years shall revert to the credit of the solid waste management fund created under section 260.330**;

(3) Except for the amount up to one-fourth of the department's previous fiscal year expense, any remaining unencumbered funds generated under subdivision (1) of this subsection in prior fiscal years shall be reallocated under this section;

(4) Funds may be made available under this subsection for the administration and grants of the used motor oil program described in section 260.253;

(5) The department and the environmental improvement and energy resources authority shall conduct sample audits of grants provided under this subsection.

3. **In addition to the criteria listed in this section,** the advisory board created in section 260.345 shall recommend criteria to be used to allocate grant moneys to districts, cities and counties. These criteria shall establish a priority for proposals which provide methods of solid waste reduction and recycling. The department shall promulgate criteria for evaluating grants by rule and regulation. Projects of cities and counties located within a district which are funded by grants under this section shall conform to the district solid waste management plan.

4. The funds awarded to the districts**[**, counties and cities**]** pursuant to this section shall be used for the purposes set forth in sections 260.300 to 260.345, and shall be used in addition to existing funds appropriated by counties and cities for solid waste management and shall not supplant county or city appropriated funds.

5. **Once grants are approved by the solid waste management district, the district shall submit to the department the appropriate forms associated with the grant application and any supporting information to verify that appropriate public notice procedures were followed, that grant proposals were reviewed and ranked by the district, and that only eligible costs as set forth in regulations are to be funded. Within thirty days, the department shall review the grant application. If the department finds any deficiencies, or needs more information in order to evaluate the grant application, the department shall notify the district in writing. The district shall have an additional thirty days to respond to the department's request and to submit any additional information to the department. Within thirty days of receiving additional information, the department shall either approve or deny the grant application. If the department takes no action, the grant application shall be deemed approved.** The department, in conjunction with the solid waste advisory board, shall review the performance of all grant recipients to ensure that grant moneys were appropriately and effectively expended to further the purposes of the grant, as expressed in the recipient's grant application. The grant application shall contain specific goals and implementation dates, and grant recipients shall be contractually obligated to fulfill same. The department may require the recipient to submit periodic reports and such other data as are necessary, both during the grant period and up to five years thereafter, to ensure compliance with this section. The department may audit the records of any recipient to ensure compliance with this section. Recipients of grants under sections 260.300 to 260.345 shall maintain such records as required by the department. If a grant recipient fails to maintain records or submit reports as required herein, refuses the department access to the records, or fails to meet the department's performance standards, the department may withhold subsequent grant payments, if any, and may compel the repayment of funds provided to the recipient pursuant to a grant.

6. The department shall provide for a security interest in any machinery or equipment purchased through grant moneys distributed pursuant to this section.

7. If the moneys are not transmitted to the department within the time frame established by the rule promulgated, interest shall be imposed on the moneys due the department at the rate of ten percent per annum from

the prescribed due date until payment is actually made. These interest amounts shall be deposited to the credit of the solid waste management fund.

260.345. **1.** A state "Solid Waste Advisory Board" is created within the department of natural resources. The advisory board shall be composed of the chairman of the executive board of each of the solid waste management districts **or his or her designee,** and other members as provided in this section. Up to five additional members shall be appointed by the **program** director **of the solid waste management program** of which two members shall represent the solid waste management industry and have an economic interest in or activity with any solid waste facility or operation, one member may represent the solid waste composting or recycling industry businesses, and the remaining members shall be public members who have demonstrated interest in solid waste management issues and shall have no economic interest in or activity with any solid waste facility or operation but may own stock in a publicly traded corporation which may be involved in waste management as long as such holdings are not substantial. **Beginning January 1, 2016,** the advisory board shall **[**advise**]** **prepare an annual report due on or before January first advising** the department regarding:

(1) The efficacy of its technical assistance program;

Such a report shall not be generated and distributed on more than an annual basis.

3. The advisory board shall hold regular meetings on a quarterly basis. A special meeting of the advisory board may occur upon a majority vote of all advisory board members at a regular quarterly meeting. Reasonable written notice of all meetings shall be given by the director of the solid waste management program to all members of the advisory board. Such decree shall provide for the submission of the question to the voters of the district in substantially the following form:

The tax authorized by this section and section 67.1362 shall be in addition to any charge paid to the owner or operator and shall be in addition to any and all taxes imposed by law and the proceeds of such tax shall be used by the city or county solely for funding the promotion of tourism. Such tax shall be stated separately from all other charges and taxes.

67.1790. 1. The governing body of any county of the first classification with more than two hundred sixty thousand but fewer than three hundred thousand inhabitants, or any city within such county, may impose by order or ordinance a sales tax on all retail sales made within the county or city that are subject to sales tax under chapter 144 for the purpose of funding early childhood education programs in the county or city. The tax shall not exceed one-quarter of one percent and shall be imposed solely for the purpose of funding early childhood education programs in the county or city. The tax authorized in this section shall be in addition to all other sales taxes imposed by law and shall be stated separately from all other charges and taxes. The order or ordinance imposing a sales tax under this section shall not become effective unless the governing body of the county or city submits to the voters residing within the county or city, at a general election, a proposal to authorize the governing body of the county or city to impose a tax under this section.

2. The question of whether the tax authorized by this section shall be imposed shall be submitted in substantially the following form:

OFFICIAL BALLOT

Shall ..... (name of county/city) impose a (countywide/citywide) sales tax at a rate of (insert rate of percent) percent for the purpose of funding early childhood education in the county or city?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, the order or ordinance shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of adoption of the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, the county or city may not impose the sales tax authorized under this section unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. On or after the effective date of any tax authorized under this section, the county or city which imposed the tax shall enter into an agreement with the director of the department of revenue for the purpose of collecting the tax authorized in this section. On or after the effective date of the tax the director of revenue shall be responsible for the administration, collection, enforcement, and operation of the tax, and sections 32.085 and 32.087 shall apply. All revenue collected under this section by the director of the department of revenue on behalf of any county or city, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "Early Childhood Education Sales Tax Trust Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the trust fund and credited to the county or city for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such county or city. Any funds in the special trust fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the governing body of the county or city may authorize the use of a bracket system similar to that authorized in section 144.285, and

notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions. Beginning with the effective date of the tax, every retailer in the county or city shall add the sales tax to the sale price, and this tax shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. For purposes of this section, all retail sales shall be deemed to be consummated at the place of business of the retailer.

5. All applicable provisions in sections 144.010 to 144.525 governing the state sales tax, and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax, and all exemptions granted to agencies of government, organizations, and persons under sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax. The same sales tax permit, exemption certificate, and retail certificate required by sections 144.010 to 144.525 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that, the director of revenue may prescribe a form of exemption certificate for an exemption from the tax. All discounts allowed the retailer under the state sales tax for the collection of and for payment of taxes are hereby allowed and made applicable to the tax. The penalties for violations provided in section 32.057 and sections 144.010 to 144.525 are hereby made applicable to violations of this section. If any person is delinquent in the payment of the amount required to be paid under this section, or in the event a determination has been made against the person for taxes and penalty under this section, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided in sections 144.010 to 144.525.

6. The governing body of any county or city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters at a general election. The ballot of submission shall be in substantially the following form:

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

7. Whenever the governing body of any county or city that has adopted the sales tax authorized in this section receives a petition, signed by ten percent of the registered voters of the county or city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the county or city a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

8. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the county or city shall notify the director of the department of revenue of the action at least thirty days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county or city, the director shall remit the balance in the account to the county or city and close the account of that county or city. The director shall notify each county or city of each instance of any amount refunded or any check redeemed from receipts due the county or city.

9. The governing body of each county or city imposing the tax authorized under this section shall select an existing community task force to administer the revenue from the tax received by the county or city. Such revenue shall be expended only upon approval of an existing community task force selected by the

governing body of the county or city to administer the funds and only in accordance with a budget approved by the county or city governing body.

10. Notwithstanding any other provision of law, any tax authorized under the provisions of this section shall be submitted to the voters of the taxing jurisdiction for retention or repeal every five years using the same procedure by which the imposition of the tax was voted. If a majority of the votes cast on the proposal by the qualified voters of the taxing jurisdiction voting thereon are in favor of retention, the tax shall continue in effect. If a majority of the votes cast on the proposal by the qualified voters of the taxing jurisdiction voting thereon are not in favor of retention, the tax shall be repealed and that repeal shall become effective December thirty-first of the calendar year in which such repeal was approved.

The **[**remainder of the tax in excess of such seven and one-half percent shall expire on December 31, 2015, on which date the**]** authority shall be in full compliance with handicapped accessibility pursuant to the terms of the Americans with Disabilities Act.

The ordinance shall reflect the effective date thereof, and shall be accompanied by a map of the city clearly showing the territory added thereto or detached therefrom. Upon receipt of the ordinance and map, the tax imposed by sections 92.400 to 92.421 shall be effective in the added territory or abolished in the detached territory on the effective date of the change of the city boundary.

If any such bonds or debt is outstanding, and the written consent of the holders of such bonds or the creditors to such debt is obtained, then such territory may be detached in spite of the existence of such bonds or debt, except such consent shall not be required for special obligation bonds if the district has no water or sewer lines or other facilities located within any of the territory detached. In the event the petition is not submitted by the district acting through its board of directors, the petitioner shall name the district as a defendant and serve a copy of the petition upon the district by certified or registered mail with a return receipt requested at least thirty-five days before the date of the hearing of the petition.

2. Such notice shall be published in three consecutive issues of a weekly newspaper, or in lieu thereof, in twenty consecutive issues of a daily newspaper. The last insertion of the notice shall be made not less than seven nor more than twenty-one days before the hearing date. Such notice shall be substantially as follows:

In the event the petition is not submitted by the district acting through its board of directors, the petitioner shall name the district as a defendant and serve a copy of the petition upon the district by certified or registered mail with a return receipt requested at least thirty-five days before the date of the hearing of the petition.

2. Such petition shall be filed in the circuit court having jurisdiction and the court shall set a date for hearing on the proposed detachment and the clerk of the circuit court shall give notice of the filing of the petition and the hearing to the district by certified or registered mail with a return receipt requested if the district is not the petitioner, and in a newspaper of general circulation in the county in which the proceedings are pending and in a newspaper of general circulation in the territory proposed to be detached. Further amend said bill, Page 1, Section A, Line 3, by inserting after all of said line the following:

"94.579. 1. The governing body of any home rule city with more than one hundred fifty-one thousand five hundred but fewer than one hundred fifty-one thousand six hundred inhabitants is hereby authorized to impose, by order or ordinance, a sales tax on all retail sales made within the city which are subject to sales tax under chapter

144. The tax authorized in this section shall not exceed one percent, and shall be imposed solely for the purpose of providing revenues for the operation of public safety departments, including police and fire departments, and for pension programs, and health care for employees and pensioners of the public safety departments. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes. The order or ordinance shall not become effective unless the governing body of the city submits to the voters residing within the city at a state general, primary, or special election a proposal to authorize the governing body of the city to impose a tax under this section. If the tax authorized in this section is not approved by the voters, then the city shall have an additional year during which to meet its required contribution payment beyond the time period described in section 105.683. If the city meets its required contribution payment in this time, then, notwithstanding the provisions of section 105.683 to the contrary, the delinquency shall not constitute a lien on the funds of the political subdivision, the board of such plan shall not be authorized to compel payment by application for writ of mandamus, and the state treasurer and the director of the department of revenue shall not withhold twenty-five percent of the certified contribution deficiency from the total moneys due the political subdivision from the state. The one-year extension shall only be available to the city on a one-time basis.

2. The ballot of submission for the tax authorized in this section shall be in substantially the following form:

Shall ..... (insert the name of the city) impose a sales tax at a rate of ..... (up to one) percent, solely for the purpose of providing revenues for the operation of public safety departments of the city?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter immediately following notification to the department of revenue. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. All revenue collected under this section by the director of the department of revenue on behalf of any city, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "Public Safety Protection Sales Tax Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the trust fund and credited to the city for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such city. Any funds in the special trust fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund. The director shall keep accurate records of the amounts in the fund, and such records shall be open to the inspection of the officers of such city and to the public. Not later than the tenth day of each month, the director shall distribute all moneys deposited in the fund during the preceding month to the city. Such funds shall be deposited with the treasurer of the city, and all expenditures of moneys from the fund shall be by an appropriation ordinance enacted by the governing body of the city.

4. On or after the effective date of the tax, the director of revenue shall be responsible for the administration, collection, enforcement, and operation of the tax, and sections 32.085 and 32.087 shall apply. In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the governing body of the city may authorize the use of a bracket system similar to that authorized in section 144.285, and notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions. Beginning with the effective date of the tax, every retailer in the city shall add the sales tax to the sale price, and this tax shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. For purposes of this section, all retail sales shall be deemed to be consummated at the place of business of the retailer.

5. 86.251. 1. The board of trustees may develop and establish a deferred retirement option plan (DROP) in which members who are eligible for retirement but who have not terminated employment as police officers and who have not actually retired may participate. The DROP shall be designed to allow members with at least twenty years of creditable service or who have attained the age of fifty-five who have achieved eligibility for retirement and are entitled to a service retirement allowance and other benefits to postpone actual retirement, continue active employment and accumulate a deferred receipt of the service retirement allowance. No one shall participate in the DROP for a period exceeding five years.

2. Any member who has at least twenty years of creditable service or has attained the age of fifty-five may elect in writing before retirement to participate in the DROP. A member electing to participate in the DROP shall postpone actual retirement, shall continue in active employment and shall not receive any direct retirement allowance payments or benefits during the period of participation.

3. Upon the start of the participation in the DROP, the member shall cease to make any mandatory contributions to the system. No contribution shall be required by the city into the DROP account. During the period of participation in the DROP, the amount that the member would have received as a service retirement allowance if the member had actually retired instead of entering DROP shall be deposited monthly in the member's DROP account which shall be established in the member's name by the board of trustees. The member's service retirement allowance shall not be adjusted for any cost-of-living increases for any period prior to the member's termination of employment as a police officer and actual retirement. Cost-of-living increases, if any, for any period following the member's termination of employment as a police officer and actual retirement shall be applied only to monthly service retirement payments made following termination of employment as a police officer and actual retirement. Service earned during the period of participation in the DROP shall not be creditable service and shall not be counted in determination of any service retirement allowance or surviving spouse's or dependents' benefits. Compensation paid during the period of participation in the DROP shall not be earnable compensation and shall not be counted in the determination of any service retirement allowance or surviving spouse's or dependent's benefits. The member's service retirement allowance shall be frozen as of the date the member enters DROP. Except as specifically provided in sections 86.200 to 86.366, the member's frozen service retirement allowance shall not increase while the member is participating in DROP or after the member's participation in DROP ends, and the member shall not share in any benefit improvement that is enacted or that becomes effective while such member is participating in the DROP.

4. A member shall cease participation in the DROP upon the termination of the member's employment as a police officer and actual retirement, or at the end of the five-year period commencing on the first day of the member's participation in the DROP, or as of the effective date**[**, but in no event prior to October 1, 2001,**]** of the member's election to return to active participation in the system, whichever occurs first. A member's election to return to active participation in the system before the end of the five-year period commencing on the first day of participation in the DROP shall be made and shall become effective in accordance with procedures established by the board of trustees**[**, but in no event prior to October 1, 2001**]**. Upon the member's termination of employment as a police officer and actual retirement, the member shall elect to receive the value of the member's DROP account, in one of the following forms of payment:

(a) A lump sum payment; or

(b) Equal monthly installments over a ten-year period. Either form of payment should begin within thirty days after the member's notice to the board of trustees that the member has selected a particular option.

5. If a member who is participating in the DROP elects to return to active participation in the system or if a member who is participating in the DROP does not terminate employment and actually retires as a police officer in the city for which the retirement system was established pursuant to sections 86.200 to 86.366 at the end of the five-year period commencing on the first day of the member's participation in the DROP, the member shall return to active participation in the system and shall resume making mandatory contributions to the system effective as of the day after participation in the DROP ends **[**or, if later, October 1, 2001**]**. The board of trustees shall notify the **[**police commissioners**]** **chief of police** to begin deducting mandatory contributions from the member's salary and the member's employment period shall count as creditable service beginning as of the day the member returns to active participation.

6. In no event shall a member whose participation in DROP has ended for any reason be eligible to participate in DROP again.

7. Upon the member's termination of employment as a police officer and actual retirement, the member's mandatory contributions to the retirement system shall be paid to the member pursuant to subsection 4 of section 86.253.

8. If a member dies prior to termination of employment as a police officer and actual retirement while participating in the DROP or before the member has received full withdrawal of the amount in the member's DROP account under the installment optional payment form, the remaining balance of the member's DROP account shall be payable to the member's surviving spouse; or, if the member is then unmarried, to the member's dependent children in equal shares; or, if none, to the member's dependent mother or father; or, if none, to the member's designated beneficiary or, if no such beneficiary is then living, to the member's estate. Payment shall be made in a lump sum within sixty days after receipt by the board of trustees of evidence and proof of the death of a member. In addition, the member's mandatory contributions, if any, that were not already paid to the member pursuant to subsection 4 of section 86.253 shall be paid to the member's surviving spouse pursuant to section 86.288.

9. If a member applies for and receives benefits for an accidental disability retirement allowance pursuant to the provisions of section 86.263, the member shall forfeit all rights, claims or interest in the member's DROP account and the member's benefits shall be calculated as if the member has continued in employment and had not

elected to participate in the DROP. Any portion of a DROP account that has been forfeited as provided in this subsection shall be a general asset of the system.

10. A member's DROP account shall earn interest equal to the rate of return earned by the system's investment portfolio on a market value basis, including realized and unrealized gains and losses, net of investment expense, as certified by the system's actuary. As of the last day of each plan year beginning after DROP participation begins, the member's DROP account balance, determined as of the last day of the prior plan year, shall be credited with interest at the investment rate earned by the assets of the retirement system for such prior plan year. If distribution of the member's DROP account balance is made in a lump sum under subsection 4 or 8 of this section, interest for the plan year of distribution shall be credited on the ending balance for the prior plan year at the investment rate earned on the assets of the retirement system for the prior plan year, in proportion to the part of the plan year preceding the date of the member's termination of employment or death, whichever is earlier. If the member's DROP account is paid in equal monthly installments pursuant to subsection 4 of this section, interest during the installment period shall be credited as of the last day of each plan year ending after installment payment begins on the account balance as of the first or last day of the plan year, whichever is lower, at the investment rate earned by the assets of the system for the prior plan year. Interest for the year in which the final installment is paid shall be credited on the balance remaining after the final installment is paid, at the investment rate earned on the assets of the system for the prior plan year, in proportion to the part of the plan year preceding payment of the final installment. Any interest credited to the DROP account during the installment period shall be paid as soon as reasonably possible after the final monthly installment. No interest shall be credited on amounts, if any, added to the member's DROP account during the year in which the distribution of the account is completed.

11. The board of trustees shall not incur any liability individually or on behalf of other individuals for any act or omission made in good faith in relation to the DROP or assets credited to DROP accounts established by this section. The provisions of the Internal Revenue Code and regulations promulgated thereunder shall supersede any provision of this section if there is any inconsistency with the Internal Revenue Code or regulation.

12. Upon the receipt by the board of trustees of evidence and proof that the death of a member resulted from an event occurring while the member was in the actual performance of duty, and if the member is participating in the DROP, the member's surviving spouse or, if the member is then unmarried, the member's unmarried dependent children, may elect within thirty days after the member's death to have the amount in the member's DROP account paid in the form of a monthly survivor annuity. Payment of the survivor annuity shall begin within sixty days after the election is received. Payment to the member's surviving spouse shall continue until the surviving spouse's death; payment to the member's unmarried dependent children shall be made while any child qualifies as an unmarried dependent child pursuant to section 86.280. The survivor annuity shall be the actuarial equivalent of the member's DROP account as of the date of the member's death. In no event shall the total amount paid pursuant to this subsection be less than the member's DROP account balance as of the date of the member's death.

86.257. 1. Upon the application of the **[**board**]** **chief** of police **[**commissioners or any successor body**]** **or a member**, any member who has completed ten or more years of creditable service or upon the police retirement system created by sections 86.200 to 86.366 first attaining, after August 28, 2013, a funded ratio, as defined in section 105.660 and as determined by the system's annual actuarial valuation, of at least eighty percent, a member who has completed five or more years of creditable service and who has become permanently unable to perform the duties of a police officer as the result of an injury or illness not exclusively caused or induced by the actual performance of his or her official duties or by his or her own negligence shall be retired by the board of **[**police commissioners or any successor body**]** **trustees of the police retirement system** upon certification by the medical board of the police retirement system and approval by the board of trustees of the police retirement system that the member is mentally or physically unable to perform the duties of a police officer, that the inability is permanent or likely to become permanent, and that the member should be retired.

2. Once each year during the first five years following such member's retirement, and at least once in every three-year period thereafter, the board of trustees may, and upon the member's application shall, require any nonduty disability beneficiary who has not yet attained sixty years of age to undergo a medical examination at a place designated by the medical board or such physicians as the medical board appoints. If any nonduty disability beneficiary who has not attained sixty years of age refuses to submit to a medical examination, his or her nonduty disability pension may be discontinued until his or her withdrawal of such refusal, and if his or her refusal continues for one year, all rights in and to such pension may be revoked by the board of trustees.

3. If the medical board certifies to the board of trustees that a nonduty disability beneficiary is able to perform the duties of a police officer, and if the board of trustees concurs on the report, then such beneficiary's nonduty disability pension shall cease.

4. If upon cessation of a disability pension under subsection 3 of this section, the former disability beneficiary is restored to active service, he or she shall again become a member, and he or she shall contribute thereafter at the same rate as other members. Upon his or her subsequent retirement, he or she shall be credited with all of his or her active retirement, but not including any time during which the former disability beneficiary received a disability pension under this section.

3. Once each year during the first five years following a member's retirement, and at least once in every three-year period thereafter, the board of trustees may require any disability beneficiary who has not yet attained sixty years of age to undergo a medical examination or medical examinations at a place designated by the medical board or such physicians as the medical board appoints. If any disability beneficiary who has not attained sixty years of age refuses to submit to a medical examination, his or her disability pension may be discontinued by the board of trustees of the police retirement system until his or her withdrawal of such refusal, and if his or her refusal continues for one year, all rights in and to such pension may be revoked by the board of trustees.

4. If the medical board certifies to the board of trustees that a disability beneficiary is able to perform the duties of a police officer, then such beneficiary's disability pension shall cease.

5. If upon cessation of a disability pension under subsection 4 of this section, the former disability beneficiary is restored to active service, he or she shall again become a member, and he or she shall contribute thereafter at the same rate as other members. Upon his or her subsequent retirement, he or she shall be credited with all of his or her active service time as a member including the service time prior to receiving disability retirement, but not including any time during which the former disability beneficiary received a disability pension under this section.

6. "456.950. 1. As used in this section, "qualified spousal trust" means a trust:

(1) The settlors of which are **[**husband and wife**]** **married to each other** at the time of the creation of the trust; and

(2) The terms of which provide that during the joint lives of the settlors all property **[**or interests in property**]** transferred to, or held by, the trustee are:

(a) Held and administered in one trust for the benefit of both settlors, revocable by either **settlor** or both settlors **[**acting together**]** while either or both are alive, and each settlor having the right to receive distributions of income or principal, whether mandatory or within the discretion of the trustee, from the entire trust for the joint lives of the settlors and for the survivor's life; or

(b) Held and administered in two separate shares of one trust for the benefit of each of the settlors, with the trust revocable by each settlor with respect to that settlor's separate share of that trust without the participation or

consent of the other settlor, and each settlor having the right to receive distributions of income or principal, whether mandatory or within the discretion of the trustee, from that settlor's separate share for that settlor's life; or

(c) Held and administered under the terms and conditions contained in paragraphs (a) and (b) of this subdivision.

2. A qualified spousal trust may contain any other trust terms that are not inconsistent with the provisions of this section**, including, without limitation, a discretionary power to distribute trust property to a person in addition to a settlor.**

3. **[**Any property or interests in property that are at any time transferred to the trustee of a qualified spousal trust of which the husband and wife are the settlors, shall thereafter be administered as provided by the trust terms in accordance with paragraph (a), (b), or (c) of subdivision (2) of subsection 1 of this section. All trust property and interests in property that is deemed for purposes of this section to be held as tenants by the entirety, including the proceeds thereof, the income thereon, and any property into which such property, proceeds, or income may be converted, shall have the same immunity from the claims of the separate creditors of the settlors as would have existed if the settlors had continued to hold that property as husband and wife as tenants by the entirety. Property or interests in property held by a husband and wife as tenants by the entirety or as joint tenants or other form of joint ownership with right of survivorship shall be conclusively deemed for purposes of this section to be held as tenants by the entirety upon its transfer to the qualified spousal trust. All such transfers shall retain said immunity, so long as:

(1) Both settlors are alive and remain married; and

(2) The property, proceeds, or income continue to be held in trust by the trustee of the qualified spousal trust**] All property at any time held in a qualified spousal trust, without regard to how such property was titled prior to it being so held, shall have the same immunity from the claims of a separate creditor of either settlor as if such property were held outside the trust by the settlors as tenants by the entirety, unless otherwise provided in writing by the settlor or settlors who transferred such property to the trust, and such property shall be treated for that purpose, including without limitation, federal and state bankruptcy laws, as tenants by entirety property. Property held in a qualified spousal trust shall cease to receive immunity from the claims of creditors upon the dissolution of marriage of the settlors by a court**.

4. **[**Property or interests in property held by a husband and wife or held in the sole name of a husband or wife that are not held as tenants by the entirety or deemed held as tenants by the entirety for purposes of this section and are transferred to a qualified spousal trust shall be held as directed in the qualified spousal trust's governing instrument or in the instrument of transfer and the rights of any claimant to any interest in that property shall not be affected by this section**] As used in this section, "property" means any interest in any type of property held in a qualified spousal trust, the income thereon, and any property into which such interest, proceeds, or income may be converted**.

5. Upon the death of each settlor, all property **[**and interests in property**]** held by the trustee of the qualified spousal trust shall be distributed as directed by the then current terms of the governing instrument of such trust. Upon the death of the first settlor to die, if immediately prior to death the predeceased settlor's interest in the qualified spousal trust was then held in such settlor's separate share, the property **[**or interests in property**] held** in such settlor's separate share may pass into an irrevocable trust for the benefit of the surviving settlor upon such terms as the governing instrument shall direct, including without limitation a spendthrift provision as provided in section 456.5-502.

6. **The respective rights of settlors who are married to each other in any property for purposes of a dissolution of the settlors' marriage shall not be affected or changed by reason of the transfer of that property to, or its subsequent administration as an asset of, a qualified spousal trust during the marriage of the settlors, unless both settlors expressly agree otherwise in writing.**

7. No transfer **[**by a husband and wife as settlors**]** to a qualified spousal trust shall **[**affect or change either settlor's marital property rights to the transferred property or interest therein immediately prior to such transfer in the event of dissolution of marriage of the spouses, unless both spouses otherwise expressly agree in writing**] avoid or defeat the Missouri uniform transfer act in chapter 428**.

[7.**] 8.** This section shall apply to all trusts which fulfill the criteria set forth in this section for a qualified spousal trust regardless of whether such trust was created before**, on,** or after August 28, 2011.

456.1-113. Any transfer of an asset to a trustee of a trust, to such trust itself, or to a share of such trust, in a manner that is reasonably calculated to identify such trust or that share of such trust, subjects that asset to the terms of such trust or that share."; and

After the filing of such complaint, the proceedings shall, except for the matters set forth in subsection 5 of this section, be conducted in accordance with the provisions of chapter 621. 5. Notwithstanding the foregoing provisions of this section, the following events or acts by the holder of any license issued under sections 301.550 to 301.580 are deemed to present a clear and present danger to the public

welfare and shall be considered cause for suspension or revocation of such license under the procedure set forth in subsection 6 of this section, at the discretion of the director:

(3) Criminal convictions as set forth in subdivision (3) of subsection 2 of this section; or

6. (1) Any license issued under sections 301.550 to 301.580 shall be suspended or revoked, following an evidentiary hearing before the director or his or her designated hearing officer, if affidavits or sworn testimony by an authorized agent of the department alleges the occurrence of any of the events or acts described in subsection 5 of this section.

(2) For any license which the department believes may be subject to suspension or revocation under this subsection, the director shall immediately issue a notice of hearing to the licensee of record. The director's notice of hearing:

(a) Shall be served upon the licensee personally or by first class mail to the dealer's last known address, as registered with the director;

(b) Shall be based on affidavits or sworn testimony presented to the director, and shall notify the licensee that such information presented therein constitutes cause to suspend or revoke the licensee's license;

(c) Shall provide the licensee with a minimum of ten days' notice prior to hearing;

(d) Shall specify the events or acts which may provide cause for suspension or revocation of the license, and shall include with the notice a copy of all affidavits, sworn testimony or other information presented to the director which support discipline of the license; and

(e) Shall inform the licensee that he or she has the right to attend the hearing and present any evidence in his or her defense, including evidence to show that the event or act which may result in suspension or revocation has been corrected to the director's satisfaction, and that he or she may be represented by counsel at the hearing.

(3) At any hearing before the director conducted under this subsection, the director or his or her designated hearing officer shall consider all evidence relevant to the issue of whether the license should be suspended or revoked due to the occurrence of any of the acts set forth in subsection 5 herein. Within twenty business days after such hearing, the director or his or her designated hearing officer shall issue a written order, with findings of fact and conclusions of law, which either grants or denies the issuance of an order of suspension or revocation. The suspension or revocation shall be effective ten days after the date of the order. The written order of the director or his or her hearing officer shall be the final decision of the director and shall be subject to judicial review under the provisions of chapter 536.

(4) Notwithstanding the provisions of this chapter or chapter 610 or 621 to the contrary, the proceedings under this section shall be closed and no order shall be made public until it is final, for purposes of appeal.

7. In lieu of acting under subsection 2 or subsection 6 of this action, the department of revenue may enter into an agreement with the holder of the license to ensure future compliance with sections 301.210, 301.213, 307.380, sections 301.217 to 301.229, and sections 301.550 to 301.580. Such agreement may include an assessment fee not to exceed five hundred dollars per violation or five thousand dollars in the aggregate unless otherwise permitted by law, probation terms and conditions, and other requirements as may be deemed appropriate by the department of revenue and the holder of the license. Any fees collected by the department of revenue under this subsection shall be deposited into the motor vehicle commission fund created in section 301.560.

301.644. 1. In cases where an insurance company has paid or is paying a total loss claim on a motor vehicle or trailer, the registered owner or owners of a motor vehicle or trailer may use an electronic signature in a similar form as that prescribed in sections 432.200 to 432.295 on a limited power of attorney, affidavit, or other documents to authorize the insurance company to assign ownership of such motor vehicle or trailer. A power of attorney, affidavit, or other similar document executed with an electronic signature for the authority to execute the assignment of a certificate of ownership by an insurance company under the authority of this section shall not require notarization.

2. The director of the department of revenue may promulgate rules and regulations to implement and administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2015, shall be invalid and void."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

FIFTY-SIXTH DAY, WEDNESDAY, APRIL 22, 2015

The House met pursuant to adjournment.

Speaker Diehl in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

He that abideth in me and I in Him, the same bringeth forth much fruit. (John 15: 5)

O Gracious God, in this moment of meditation we come to You knowing You will receive us and never send us away empty handed, empty hearted, or empty headed.

Make our minds shrines of Your truth, our hearts sanctuaries of Your love, and send us out into this new day with the glorious spirit of those who build highways of peace and good will among all Your children.

Help us now and always to walk worthily in the ways of Your word and when temptations and troubles come may we prove to be faithful to You and fruitful in all good deeds.

We pray for our beloved Missouri that she may be Your instrument of good will bringing together in a deep unity of spirit all the Members of this House.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-fifth day was approved as corrected.

(6) The case number and name of the court for each offense; and

(7) Petitioner's fingerprints on a standard fingerprint card at the time of filing a petition for expungement which will be forwarded to the central repository for the sole purpose of positively identifying the petitioner.

5. The court may set a hearing on the matter no sooner than thirty days from the filing of the petition and shall give reasonable notice of the hearing to each entity named in the petition. At the hearing, the court may accept evidence and hear testimony on, and may consider, the following criteria for each of the offenses listed in the petition for expungement:

(1) **[**It has been at least twenty years if the offense is a felony, or at least ten years if the offense is a misdemeanor, municipal offense, or infraction, since the person making the application completed:

(a) Any sentence of imprisonment; or

(b) Any period of probation or parole;

(2) The person has not been found guilty of a misdemeanor or felony, not including violations of the traffic regulations provided under chapters 304 and 307, during the time period specified for the underlying offense in subdivision (1) of this subsection;

(3) The person has paid any amount of restitution ordered by the court;

(4) The circumstances and behavior of the petitioner warrant the expungement; and

(5) The expungement is consistent with the public welfare**] At least four years has elapsed since the person making the application has completed:**

(a) His or her imprisonment, if sentenced to jail or prison;

(b) His or her period of probation, if placed on probation; or

(c) His or her parole, if placed on parole; and

(2) The person has:

(a) Graduated from high school or has received a GED; and

(b) Graduated from an institution of higher education with at least an associate's degree or maintains employment with the same employer for at least two consecutive years prior to filing the petition for expungement;

(c) Completed seven hundred hours of community service; and

(d) Not been convicted of a misdemeanor or felony, or been placed on probation for a misdemeanor or felony during the four-year period specified in subdivision (1) of this subsection. For purposes of this paragraph, any moving traffic violations shall not be considered.

6. If the court determines at the conclusion of the hearing that such person meets all the criteria set forth in subsection 5 of this section for each of the offenses listed in the petition for expungement, the court **[**may**] shall** enter

an order of expungement. A copy of the order shall be provided to each entity named in the petition, and, upon receipt of the order, each entity shall destroy any record in its possession relating to any offense listed in the petition. If destruction of the record is not feasible because of the permanent nature of the record books, such record entries shall be blacked out. Entries of a record ordered expunged shall be removed from all electronic files maintained with the state of Missouri, except for the files of the court. The records and files maintained in any administrative or court proceeding in a municipal, associate, or circuit court for any offense ordered expunged under this section shall be confidential and only available to the parties or by order of the court for good cause shown. The central repository shall request the Federal Bureau of Investigation to expunge the records from its files.

7. The order shall not limit any of the petitioner's rights that were restricted as a collateral consequence of such person's criminal record, and such rights shall be restored upon issuance of the order of expungement. Except as otherwise provided under this section, the effect of such order shall be to restore such person to the status he or she occupied prior to such arrests, pleas, trials, or convictions as if such events had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrests, pleas, trials, convictions, or expungement in response to an inquiry made of him or her and no such inquiry shall be made for information relating to an expungement, except the petitioner shall disclose the expunged offense to any court when asked or upon being charged with any subsequent offense. The expunged offense may be considered a prior offense in determining a sentence to be imposed for any subsequent offense that the person is found guilty of committing.

8. Notwithstanding the provisions of subsection 7 of this section to the contrary, a person granted an expungement shall disclose any expunged offense when the disclosure of such information is necessary to complete any application for:

(1) A license, certificate, or permit issued by this state to practice such individual's profession;

(2) Any license issued under chapter 313; or

(3) Paid or unpaid employment with an entity licensed under chapter 313, any state-operated lottery, or any emergency services provider, including any law enforcement agency. Notwithstanding any provision of law to the contrary, an expunged offense shall not be grounds for automatic disqualification of an applicant, but may be a factor for denying employment, or a professional license, certificate, or permit.

9. If the court determines that such person has not met the criteria for any of the offenses listed in the petition for expungement, the court shall enter an order dismissing the petition. Any person whose petition for expungement has been dismissed by the court for failure to meet the criteria set forth in subsection 5 of this section may **[**not**]** refile **[**another**] such** petition **[**until a year has passed since the date of filing for the previous**] as soon as all criteria has been met for each of the offenses listed in the** petition.

10. A person may be granted more than one expungement under this section provided that no person shall be granted more than one order of expungement from the same court. Nothing contained in this section shall prevent the court from maintaining records to ensure that an individual has only one petition for expungement granted by such court under this section."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

"143.266. 1. This section shall be known and may be cited as the "Missouri Supporting Families Income Tax Holiday Act".

2. The department of revenue shall conduct a review of the collection of withholding tax imposed by sections 143.191 to 143.265 in all tax years ending on or before December thirty-first of each tax year in which employees are exempt from the withholding tax under this section. Upon the completion of the review, the department shall calculate the average amount of withholding tax collected in each month in all such tax years to determine in which month the amount of withholding tax collected is historically the lowest.

House Amendment No. 2

AMEND House Committee Substitute for House Bill No. 844, Page 2, Section 67.5050, by striking all of said section; and

Further amend said bill, Page 2, Section 8.685, Line 10, by inserting immediately after said line the following:

" 67.5050. 1. As used in this section, the following terms mean:

(1) "Construction manager", the legal entity that proposes to enter into a construction management-at-risk contract under this section;

(2) "Construction manager-at-risk", a sole proprietorship, partnership, corporation, or other legal entity that assumes the risk for the construction, rehabilitation, alteration, or repair of a project at the contracted price as a general contractor and provides consultation to a political subdivision regarding construction during and after the design of the project.

2. Any political subdivision may use the construction manager-at-risk method for a project. In using that method and in entering into a contract for the services of a construction manager-at-risk, the political subdivision shall follow the procedures prescribed by this section.

3. Before or concurrently with selecting a construction manager-at-risk, the political subdivision shall select or designate an engineer or architect who shall prepare the construction documents for the project and who shall comply with all state laws, as applicable. If the engineer or architect is not a full-time employee of the political subdivision, the political subdivision shall select the engineer or architect on the basis of demonstrated competence and qualifications as provided by sections 8.285 to 8.291. The political subdivision's engineer or architect for a project may not serve, alone or in combination with another, as the construction manager-at-risk. This subsection does not prohibit a political subdivision's engineer or architect from providing customary construction phase services under the engineer's or architect's original professional service agreement in accordance with applicable licensing laws.

4. The political subdivision may provide or contract for, independently of the construction manager-at-risk, inspection services, testing of construction materials, engineering, and verification of testing services necessary for acceptance of the project by the political subdivision.

5. The political subdivision shall select the construction manager-at-risk in a two-step process. The political subdivision shall prepare a request for qualifications, for the case of the first step of the two-step process, that includes general information on the project site, project scope, schedule, selection criteria, and the time and place for receipt of proposals or qualifications, as applicable, and other information that may assist the political subdivision in its selection of a construction manager-at-risk. The political subdivision shall state the selection criteria in the request for proposals or qualifications, as applicable. The selection criteria may include the construction manager's experience, past performance, safety record, proposed personnel and methodology, and other appropriate factors that demonstrate the capability of the construction manager-at-risk. The political subdivision shall not request fees or prices in step one. In step two, the political subdivision may request that five or fewer construction managers, selected solely on the basis of qualifications, provide additional information, including the construction manager-at-risk's proposed fee and its price for fulfilling the general conditions.

Qualifications shall account for a minimum of forty percent of the evaluation. Cost shall account for a maximum of sixty percent of the evaluation.

6. The political subdivision shall publish the request for proposal or qualifications in a manner prescribed by the political subdivision.

7. For each step, the political subdivision shall receive, publicly open, and read aloud the names of the construction managers. Within forty-five days after the date of opening the proposals or qualification submissions, the political subdivision or its representative shall evaluate and rank each proposal or qualification submission submitted in relation to the criteria set forth in the request for proposals or request for qualifications. The political subdivision shall interview at least two of the top qualified offerors as part of the final selection.

8. The political subdivision or its representative shall select the construction manager that submits the proposal that offers the best value for the political subdivision based on the published selection criteria and on its ranking evaluation. The political subdivision or its representative shall first attempt to negotiate a contract with the selected construction manager. If the political subdivision or its representative is unable to negotiate a satisfactory contract with the selected construction manager, the political subdivision or its representative shall, formally and in writing, end negotiations with that construction manager and proceed to negotiate with the next construction manager in the order of the selection ranking until a contract is reached or negotiations with all ranked construction managers end.

9. A construction manager-at-risk shall publicly advertise, in the manner prescribed by chapter 50, and receive bids or proposals from trade contractors or subcontractors for the performance of all major elements of the work other than the minor work that may be included in the general conditions. A construction manager-at-risk may seek to perform portions of the work itself if the construction manager-at-risk submits its sealed bid or sealed proposal for those portions of the work in the same manner as all other trade contractors or subcontractors and if the political subdivision determines that the construction manager-at-risk's bid or proposal provides the best value for the political subdivision. The political subdivision shall have the authority to restrict the construction manager-at-risk from submitting bids to perform portions of the work.

10. The construction manager-at-risk and the political subdivision or its representative shall review all trade contractor or subcontractor bids or proposals in a manner that does not disclose the contents of the bid or proposal during the selection process to a person not employed by the construction manager-at-risk, engineer, architect, or political subdivision. All bids or proposals shall be made public prior to the award of the contract but after all bids are evaluated and clarified.

11. If the construction manager-at-risk reviews, evaluates, and recommends to the political subdivision a bid or proposal from a trade contractor or subcontractor but the political subdivision requires another bid or proposal to be accepted, the political subdivision may compensate the construction manager-at-risk by a change in price, time, or guaranteed maximum cost for any additional cost and risk that the construction manager-at-risk may incur because of the political subdivision's requirement that another bid or proposal be accepted.

12. If a selected trade contractor or subcontractor defaults in the performance of its work or fails to execute a subcontract after being selected in accordance with this section, the construction manager-at-risk may itself, without advertising, fulfill the contract requirements or select a replacement trade contractor or subcontractor to fulfill the contract requirements. If a fixed contract amount or guaranteed maximum price has not been determined at the time the contract is awarded, the penal sums of the performance and payment bonds delivered to the political subdivision shall each be in an amount equal to the project budget, as set forth in the request for qualifications. The construction manager-at-risk shall deliver the bonds not later than the tenth day after the date the construction manager-at-risk executes the contract unless the construction manager-at-risk furnishes a bid bond or other financial security acceptable to the political subdivision to ensure that the construction manager-at-risk will furnish the required performance and payment bonds if a guaranteed maximum price is established.

13. The provisions of this section shall not apply to any metropolitan sewer district established under article VI, section 30(a) of the Constitution of Missouri or charter city or charter county governed by home rule under article VI, section 18 or 19 of the Constitution of Missouri.

14. (1) Civil works projects such as roads, streets, bridges, utilities, water supply projects, water plants, wastewater plants, water distribution and wastewater conveyance facilities, airport runways and taxiways, storm drainage and flood control projects, or transit projects commonly designed by professional engineers shall be limited to those projects in excess of two million dollars; and

(2) Non-civil works projects such as buildings, site improvements, and other structures, habitable or not, commonly designed by architects shall be limited to those projects in excess of seven million dollars;

15. Notwithstanding the provisions of section 23.253 to the contrary, the provisions of this section shall expire September 1, 2025.

67.5060. 1. As used in this section, the following terms mean:

(1) "Design-build", a project delivery method subject to qualifications-based selection for which the design and construction services are furnished under one contract;

(2) "Design-build contract", a contract which is subject to a qualifications-based selection process described in sections 8.285 to 8.291 between a political subdivision and a design-builder to furnish the architectural, engineering, and related design services and the labor, materials, supplies, equipment, and other construction services required for a design-build project;

(3) "Design-build project", the design, construction, alteration, addition, remodeling, or improvement of any buildings or facilities under contract with a political subdivision. Such design-build projects include, but are not limited to:

(a) Civil works projects, such as roads, streets, bridges, utilities, water supply projects, water plants, wastewater plants, water distribution and wastewater conveyance facilities, airport runways and taxiways, storm drainage and flood control projects, or transit projects commonly designed by professional engineers in excess of two million dollars; and

(b) Non-civil works projects, such as buildings, site improvements, and other structures, habitable or not, commonly designed by architects in excess of seven million dollars;

(4) "Design-builder", any individual, partnership, joint venture, or corporation subject to a qualification-based selection that offers to provide or provides design services and general contracting services through a design-build contract in which services within the scope of the practice of professional architecture or engineering are performed respectively by a licensed architect or licensed engineer and in which services within the scope of general contracting are performed by a general contractor or other legal entity that furnishes architecture or engineering services and construction services either directly or through subcontracts or joint ventures;

(5) "Design criteria consultant", a person, corporation, partnership, or other legal entity duly licensed and authorized to practice architecture or professional engineering in this state under chapter 327, who is employed by or contracted by the political subdivision to assist the political subdivision in the development of project design criteria, requests for proposals, evaluation of proposals, the evaluation of the construction under a design-build contract to determine adherence to the design criteria, and any additional services requested by the political subdivisions to represent its interests in relation to a project. The design criteria consultant may not submit a proposal or furnish design or construction services for the design-build contract for which its services were sought;

(6) "Design criteria package", performance-oriented program, scope, and specifications for the design-build project sufficient to permit a design-builder to prepare a response to a political subdivision's request for proposals for a design-build project, which may include capacity, durability, standards, ingress and egress requirements, performance requirements, description of the site, surveys, soil and environmental information concerning the site, interior space requirements, material quality standards, design and construction schedules, site development requirements, provisions for utilities, storm water retention and disposal, parking requirements, applicable governmental code requirements, preliminary designs for the project or portions thereof, and other criteria for the intended use of the project;

(7) "Design professional services", services that are:

(a) Within the practice of architecture as defined in section 327.091, or within the practice of professional engineering as defined in section 327.181; or

(b) Performed by a licensed or authorized architect or professional engineer in connection with the architect's or professional engineer's employment or practice;

(8) "Proposal", an offer in response to a request for proposals by a design-builder to enter into a design-build contract for a design-build project under this section;

(9) "Qualification-based selection", the selection process described in sections 8.285 to 8.291;

(10) "Request for proposal", the document by which the political subdivision solicits proposals for a design-build contract; and

(11) "Stipend", an amount paid to the unsuccessful but responsive, short-listed design-builders to defray the cost of participating in phase II of the qualification-based selection process described in this section.

2. In using a design-build contract, the political subdivision shall determine the scope and level of detail required to permit qualified persons to submit proposals in accordance with the request for proposals given the nature of the project.

3. A design criteria consultant shall be employed or retained by the political subdivision to assist in preparation of the request for proposal, perform periodic site visits, prepare progress reports, review and approve progress and final pay applications of the design-builder, review shop drawings and submissions, provide input in disputes, help interpret the construction documents, perform inspections upon substantial and final completion, assist in warranty inspections, and provide any other professional service assisting with the project administration. The design criteria consultant may also evaluate construction as to the adherence of the design criteria. The consultant shall be selected and its contract negotiated in compliance with sections 8.285 to 8.291 unless the consultant is a direct employee of the political subdivision.

4. Notice of requests for proposals shall be advertised in accordance with section 8.250 or by a virtual notice procedure that notifies interested parties for at least twenty various purchases, design contracts, construction contracts, or other contracts each year for the political subdivision. The political subdivision shall publish a notice of a request for proposal with a description of the project, the procedures for submission, and the selection criteria to be used.

5. The political subdivision shall establish in the request for proposal a time, place, and other specific instructions for the receipt of proposals. Proposals not submitted in strict accordance with the instructions shall be subject to rejection.

6. A request for proposal shall be prepared for each design-build contract containing at minimum the following elements:

(1) The procedures to be followed for submitting proposals, the criteria for evaluating proposals and their relative weight, and the procedures for making awards;

(2) The proposed terms and conditions for the design-build contract, if available;

(3) The design criteria package;

(4) A description of the drawings, specifications, or other information to be submitted with the proposal, with guidance as to the form and level of completeness of the drawings, specifications, or other information that will be acceptable;

(5) A schedule for planned commencement and completion of the design-build contract, if any;

(6) Budget limits for the design-build contract, if any;

(7) Requirements including any available ratings for performance bonds, payment bonds, and insurance, if any; and

(8) Any other information that the political subdivision in its discretion chooses to supply including, but not limited to, surveys, soil reports, drawings of existing structures, environmental studies, photographs, references to public records, or affirmative action and minority business enterprise requirements consistent with state and federal law.

7. The political subdivision shall solicit proposals in a three-stage process. Phase I shall be the solicitation of qualifications of the design-build team. Phase II shall be the solicitation of a technical proposal including conceptual design for the project. Phase III shall be the proposal of the construction cost.

8. The political subdivision shall review the submissions of the proposals and assign points to each proposal in accordance with this section and as set out in the instructions of the request for proposal.

9. Phase I shall require all design-builders to submit a statement of qualification that shall include, but not be limited to:

(1) Demonstrated ability to perform projects comparable in design, scope, and complexity;

(2) References of owners for whom design-build projects, construction projects, or design projects have been performed;

(3) Qualifications of personnel who will manage the design and construction aspects of the project;

(4) The names and qualifications of the primary design consultants and the primary trade contractors with whom the design-builder proposes to subcontract or joint venture. The design-builder may not replace an identified contractor, subcontractor, design consultant, or subconsultant without the written approval of the political subdivision; and

(5) The approximate percentage of ownership by design professionals of the legal entity of the design-builder or legal entity that contracts with the design-builder.

10. The political subdivision shall evaluate the qualifications of all the design-builders who submitted proposals in accordance with the instructions of the request for proposal. Architectural and engineering services

on the project shall be evaluated in accordance with the requirements of sections 8.285 and 8.291. Qualified design-builders selected by the evaluation team may proceed to phase II of the selection process. Design-builders lacking the necessary qualifications to perform the work shall be disqualified and shall not proceed to phase II of the process. This process of short listing shall narrow the number of qualified design-builders to not more than five or fewer than two. Under no circumstances shall price or fees be a part of the prequalification criteria. Points assigned in phase I of the evaluation process shall not carry forward to phase II of the process. All qualified design-builders shall be ranked on points given in phases II and III only.

11. The political subdivision shall have discretion to disqualify any design-builder who, in the political subdivision's opinion, lacks the minimum qualifications required to perform the work.

12. Once a sufficient number of no more than five and no fewer than two qualified design-builders have been selected, the design-builders shall have a specified amount of time in which to assemble phase II and phase III proposals.

13. Phase II of the process shall be conducted as follows:

(1) The political subdivision shall invite the top qualified design-builders to participate in phase II of the process;

(2) A design-builder shall submit its design for the project to the level of detail required in the request for proposal. The design proposal shall demonstrate compliance with the requirements set out in the request for proposal;

(3) The ability of the design-builder to meet the schedule for completing a project as specified by the political subdivision may be considered as an element of evaluation in phase II;

(4) Up to twenty percent of the points awarded to each design-builder in phase II may be based on each design-builder's qualifications and ability to design, contract, and deliver the project on time and within the budget of the political subdivision;

(5) Under no circumstances shall the design proposal contain any reference to the cost of the proposal; and

(6) The submitted designs shall be evaluated and assigned points in accordance with the requirements of the request for proposal. Phase II shall account for not less than forty percent of the total point score as specified in the request for proposal.

14. Phase III shall be conducted as follows:

(1) The phase III proposal shall provide a firm, fixed cost of design and construction. The proposal shall be accompanied by bid security and any other items, such as statements of minority participation as required by the request for proposal;

(2) Cost proposals shall be submitted in accordance with the instructions of the request for proposal. The political subdivision shall reject any proposal that is not submitted on time. Phase III shall account for not less than forty percent of the total point score as specified in the request for proposal;

(3) Proposals for phase II and phase III shall be submitted concurrently at the time and place specified in the request for proposal, but in separate envelopes or other means of submission. The phase III cost proposals shall be opened only after the phase II design proposals have been evaluated and interviewed and assigned points, ranked in order, and posted;

(4) Cost proposals shall be opened and read aloud at the time and place specified in the request for proposal. At the same time and place, the evaluation team shall make public its scoring of phase II. Cost proposals shall be evaluated in accordance with the requirements of the request for proposal. In evaluating the cost proposals, the lowest responsive bidder shall be awarded the total number of points assigned to be awarded in phase III. For all other bidders, cost points shall be calculated by reducing the maximum points available in phase III by two percent or more for each percentage point by which the bidder exceeds the lowest bid and the points assigned shall be added to the points assigned for phase II for each design-builder;

(5) If the political subdivision determines that it is not in the best interest of the political subdivision to proceed with the project pursuant to the proposal offered by the design-builder with the highest total number of points, the political subdivision shall reject all proposals. In this event, all qualified and responsive design-builders with lower point totals shall receive a stipend and the responsive design-builder with the highest total number of points shall receive an amount equal to two times the stipend. If the political subdivision decides to award the project, the responsive design-builder with the highest number of points shall be awarded the contract; and

(6) If all proposals are rejected, the political subdivision may solicit new proposals using different design criteria, budget constraints, or qualifications.

15. As an inducement to qualified design-builders, the political subdivision shall pay a reasonable stipend, the amount of which shall be established in the request for proposal, to each prequalified design-builder whose proposal is responsive but not accepted. Such stipend shall be no less than one-half of one percent of the total project budget. Upon payment of the stipend to any unsuccessful design-builder, the political subdivision shall acquire a nonexclusive right to use the design submitted by the design-builder, and the design-builder shall have no further liability for the use of the design by the political subdivision in any manner. If the design-builder desires to retain all rights and interest in the design proposed, the design-builder shall forfeit the stipend.

16. The payment bond requirements of section 107.170 shall apply to the design-build project. All persons furnishing design services shall be deemed to be covered by the payment bond the same as any person furnishing labor and materials; however, the performance bond for the design-builder does not need to cover the design services as long as the design-builder or its subcontractors providing design services carry professional liability insurance in an amount established by the political subdivision in the request for proposals.

17. Any person or firm performing architectural, engineering, landscape architecture, or land-surveying services for the design-builder on the design-build project shall be duly licensed or authorized in this state to provide such services as required by chapter 327.

18. Under section 327.465, any design-builder that enters into a design-build contract with a political subdivision is exempt from the requirement that such person or entity hold a license or that such corporation hold a certificate of authority if the architectural, engineering, or land-surveying services to be performed under the design-build contract are performed through subcontracts or joint ventures with properly licensed or authorized persons or entities, and not performed by the design-builder or its own employees.

19. The provisions of this section shall not apply to any metropolitan sewer district established under article VI, section 30(a) of the Constitution of Missouri or charter city or charter county governed by home rule under article VI, section 18 or 19 of the Constitution of Missouri.

20. The authority to use design-build and design-build contracts provided under this section shall expire September 1, 2025."; and

House Amendment No. 1

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 5, Page 1, Section A, Line 3, by inserting immediately after said line the following:

"302.341. 1. If a Missouri resident charged with a moving traffic violation of this state or any county or municipality of this state fails to dispose of the charges of which the resident is accused through authorized prepayment of fine and court costs and fails to appear on the return date or at any subsequent date to which the case has been continued, or without good cause fails to pay any fine or court costs assessed against the resident for any such violation within the period of time specified or in such installments as approved by the court or as otherwise provided by law, any court having jurisdiction over the charges shall within ten days of the failure to comply inform the defendant by ordinary mail at the last address shown on the court records that the court will order the director of revenue to suspend the defendant's driving privileges if the charges are not disposed of and fully paid within thirty days from the date of mailing. Thereafter, if the defendant fails to timely act to dispose of the charges and fully pay any applicable fines and court costs, the court shall notify the director of revenue of such failure and of the pending charges against the defendant. Upon receipt of this notification, the director shall suspend the license of the driver, effective immediately, and provide notice of the suspension to the driver at the last address for the driver shown on the records of the department of revenue. Such suspension shall remain in effect until the court with the subject pending charge requests setting aside the noncompliance suspension pending final disposition, or satisfactory evidence of disposition of pending charges and payment of fine and court costs, if applicable, is furnished to the director by the individual. The filing of financial responsibility with the bureau of safety responsibility, department of revenue, shall not be required as a condition of reinstatement of a driver's license suspended solely under the provisions of this section.

2. **[**If any city, town, village, or county receives more than thirty percent of its annual general operating revenue from fines and court costs for traffic violations, including amended charges from any traffic violation, occurring within the city, town, village, or county, all revenues from such violations in excess of thirty percent of the annual general operating revenue of the city, town, village, or county shall be sent to the director of the department of revenue and shall be distributed annually to the schools of the county in the same manner that proceeds of all penalties, forfeitures and fines collected for any breach of the penal laws of the state are distributed. The director of the department of revenue shall set forth by rule a procedure whereby excess revenues as set forth above shall be sent to the department of revenue. If any city, town, village, or county disputes a determination that it has received excess revenues required to be sent to the department of revenue, such city, town, village, or county may submit to an annual audit by the state auditor under

the authority of Article IV, Section 13 of the Missouri Constitution. An accounting of the percent of annual general operating revenue from fines and court costs for traffic violations, including amended charges from any charged traffic violation, occurring within the city, town, village, or county and charged in the municipal court of that city, town, village, or county shall be included in the comprehensive annual financial report submitted to the state auditor by the city, town, village, or county under section 105.145. Any city, town, village, or county which fails to make an accurate or timely report, or to send excess revenues from such violations to the director of the department of revenue by the date on which the report is due to the state auditor shall suffer an immediate loss of jurisdiction of the municipal court of said city, town, village, or county on all traffic-related charges until all requirements of this section are satisfied. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.**] The provisions of subsection 1 of this section shall not apply to minor traffic offenses as defined in section 479.350.**"; and

House Committee Amendment No. 1

AMEND Senate Committee Substitute for Senate Bill No. 107, Page 1, Section A, Line 4, by inserting immediately after said line the following:

"324.001. 1. **(1) The purpose of sections 324.001 to 324.1109 is to promote the general welfare by establishing guidelines for the regulation of occupations and professions not regulated prior to January 1, 2016.**

(2) All individuals may engage in the occupation of their choice, free from unreasonable government regulation. The state may not impose a substantial burden on an individual's pursuit of his or her occupation or profession unless there is a compelling interest for the state to protect the general welfare. If such an interest exists, the regulation adopted by the state shall be the least restrictive type of regulation consistent with the public interest to be protected.

(3) All bills introduced in the legislature to regulate an occupation or profession for the first time shall be reviewed according to the following criteria. An occupation or profession shall be regulated by the state only if:

(a) Unregulated practice has caused significant harm and endangered the general welfare and the potential for further harm and endangerment is easily recognizable and not remote or dependent upon tenuous argument;

(b) The public needs and can reasonably be expected to benefit from an assurance of initial personal qualifications; and

(c) The general welfare cannot be effectively protected by other means.

(4) After evaluating the criteria in subdivision (3) of this subsection and considering governmental, economic, and societal costs and benefits, if the legislature finds that the state has a compelling interest in regulating an occupation or profession not previously regulated by law, the least restrictive type of regulation shall be implemented, consistent with the need to protect the general welfare and this section. If:

(a) Market competition, common law, statutory civil actions, and criminal prohibitions are insufficient to eradicate actual harm, the regulation shall provide for stricter civil actions and criminal prosecutions;

(b) A service is being performed for individuals involves a hazard to the general welfare, the regulation shall impose inspection requirements and enable an appropriate state agency to enforce violations by injunctive relief in court including, but not limited to, regulation of the business activity providing the service rather than practitioners;

(c) The threat to the general welfare resulting from the practitioner's services is relatively small, easily identifiable or predictable, the regulation shall implement a system of insurance, bonding, or registration;

(d) The consumer possesses significantly less information so that the practitioner puts the consumer in a disadvantageous position relative to the practitioner to judge the quality of the practitioner's services, the regulation shall implement a voluntary system of certification; or

(e) There is no other type of regulation that will protect the general welfare other than licensing, the regulation shall implement a system of licensing.

2. For the purposes of this section, the following terms mean:

(1) **"Applicant group", any occupational or professional group or organization, any individual, or any other interested party that proposes that any occupation or profession not presently regulated be regulated;**

(2) "Certification", a voluntary program in which the government grants nontransferable recognition to an individual who meets personal qualifications established by a legislative body. Upon approval, the individual may use "certified" as a designated title. Someone who has not been recognized as certified may

(3) "Department", the department of insurance, financial institutions and professional registration;

[(2)**] (4)** "Director", the director of the division of professional registration; and

(9) "Lawful occupation", a course of conduct, pursuit, or profession that includes the sale of goods or services that are not themselves illegal to sell irrespective of whether the individual selling them is subject to an occupational regulation;

(10) "Least restrictive type of occupational regulations", in order from least to most restrictive:

(a) Market competition;

(b) A provision for private civil action to remedy consumer harm;

The term registration shall not be synonymous with an occupational license and does not refer to or prohibit the use of private registration;

(18) "Regulatory entity", any board, commission, agency, division, or other unit or subunit of state government which regulates one or more professions, occupations, industries, businesses, or other endeavors in this state;

(19) "State agency", every state office, department, board, commission, regulatory entity, and agency of the state, and, if provided by law, programs and activities involving less than the full responsibility of a state agency;

(8) Assurance of the public that practitioners have maintained their competence:

(a) Whether the registration, certification, or licensure will carry an expiration date; and

(b) Whether renewal will be based only upon payment of a fee, or whether renewal will involve reexamination, peer review, or other enforcement;

(9) The extent to which regulation might harm the public;

(10) The extent to which regulation will restrict entry into the occupation or profession:

(c) The cost to the state and the members of the group proposed for regulation for the required education, including projected tuition and expenses and expected increases in training programs, staffing, and enrollments at state training institutions.

4. Applicant groups shall submit a written report explaining the factors enumerated in subsection 3 of this section to the legislative committees of reference.

5. A legislative proposal which contains a continuing education requirement shall be accompanied by a detailed explanation of how such requirement could be effective for the profession addressed in the legislation.

6. Nothing in this section shall be construed to create a right of action against a private party or to require a private party to do business with an individual who is not licensed, certified or registered with the government or to create a right of action against the state, county, municipal, or other level of government in the state.

7. There is hereby established a "Division of Professional Registration" assigned to the department of insurance, financial institutions and professional registration as a type III transfer, headed by a director appointed by the governor with the advice and consent of the senate. All of the general provisions, definitions and powers enumerated in section 1 of the Omnibus State Reorganization Act of 1974 and Executive Order 06-04 shall apply to this department and its divisions, agencies, and personnel.

[3.**]** **8.** The director of the division of professional registration shall promulgate rules and regulations which designate for each board or commission assigned to the division the renewal date for licenses or certificates. After the initial establishment of renewal dates, no director of the division shall promulgate a rule or regulation which would change the renewal date for licenses or certificates if such change in renewal date would occur prior to the date on which the renewal date in effect at the time such new renewal date is specified next occurs. Each board or commission shall by rule or regulation establish licensing periods of one, two, or three years. Registration fees set by a board or commission shall be effective for the entire licensing period involved, and shall not be increased during any current licensing period. Persons who are required to pay their first registration fees shall be allowed to pay the pro rata share of such fees for the remainder of the period remaining at the time the fees are paid. Each board or commission shall provide the necessary forms for initial registration, and thereafter the director may prescribe standard forms for renewal of licenses and certificates. Each board or commission shall by rule and regulation require each applicant to provide the information which is required to keep the board's records current. Each board or commission shall have the authority to collect and analyze information required to support workforce planning and policy development. Such information shall not be publicly disclosed so as to identify a specific health care provider, as defined in section 376.1350. Each board or commission shall issue the original license or certificate.

[4.**]** **9.** The division shall provide clerical and other staff services relating to the issuance and renewal of licenses for all the professional licensing and regulating boards and commissions assigned to the division. The division shall perform the financial management and clerical functions as they each relate to issuance and renewal of licenses and certificates. "Issuance and renewal of licenses and certificates" means the ministerial function of preparing and delivering licenses or certificates, and obtaining material and information for the board or commission in connection with the renewal thereof. It does not include any discretionary authority with regard to the original review of an applicant's qualifications for licensure or certification, or the subsequent review of licensee's or certificate holder's qualifications, or any disciplinary action contemplated against the licensee or certificate holder. The division may develop and implement microfilming systems and automated or manual management information systems.

[5.**]** **10.** The director of the division shall maintain a system of accounting and budgeting, in cooperation with the director of the department, the office of administration, and the state auditor's office, to ensure proper charges are made to the various boards for services rendered to them. The general assembly shall appropriate to the division and other state agencies from each board's funds moneys sufficient to reimburse the division and other state agencies for all services rendered and all facilities and supplies furnished to that board.

[6.**]** **11.** For accounting purposes, the appropriation to the division and to the office of administration for the payment of rent for quarters provided for the division shall be made from the "Professional Registration Fees Fund", which is hereby created, and is to be used solely for the purpose defined in subsection **[**5**]** **10** of this section. The fund shall consist of moneys deposited into it from each board's fund. Each board shall contribute a prorated amount necessary to fund the division for services rendered and rent based upon the system of accounting and budgeting established by the director of the division as provided in subsection **[**5**]** **10** of this section. Transfers of funds to the professional registration fees fund shall be made by each board on July first of each year; provided, however, that the director of the division may establish an alternative date or dates of transfers at the request of any board. Such transfers shall be made until they equal the prorated amount for services rendered and rent by the division. The provisions of section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of general revenue.

[7.**]** **12.** The director of the division shall be responsible for collecting and accounting for all moneys received by the division or its component agencies. Any money received by a board or commission shall be promptly given, identified by type and source, to the director. The director shall keep a record by board and state accounting system classification of the amount of revenue the director receives. The director shall promptly transmit all receipts to the department of revenue for deposit in the state treasury to the credit of the appropriate fund. The director shall provide each board with all relevant financial information in a timely fashion. Each board shall cooperate with the director by providing necessary information.

[8.**]** **13.** All educational transcripts, test scores, complaints, investigatory reports, and information pertaining to any person who is an applicant or licensee of any agency assigned to the division of professional registration by statute or by the department are confidential and may not be disclosed to the public or any member of the public, except with the written consent of the person whose records are involved. The agency which possesses the records or information shall disclose the records or information if the person whose records or information is involved has consented to the disclosure. Each agency is entitled to the attorney-client privilege and work-product privilege to the same extent as any other person. Provided, however, that any board may disclose confidential information without the consent of the person involved in the course of voluntary interstate exchange of information, or in the course of any litigation concerning that

person, or pursuant to a lawful request, or to other administrative or law enforcement agencies acting within the scope of their statutory authority. Information regarding identity, including names and addresses, registration, and currency of the license of the persons possessing licenses to engage in a professional occupation and the names and addresses of applicants for such licenses is not confidential information.

[9.**]** **14.** Any deliberations conducted and votes taken in rendering a final decision after a hearing before an agency assigned to the division shall be closed to the parties and the public. Once a final decision is rendered, that decision shall be made available to the parties and the public.

[10.**]** **15.** A compelling governmental interest shall be deemed to exist for the purposes of section 536.025 for licensure fees to be reduced by emergency rule, if the projected fund balance of any agency assigned to the division of professional registration is reasonably expected to exceed an amount that would require transfer from that fund to general revenue.

[11.**]** **16.** (1) The following boards and commissions are assigned by specific type transfers to the division of professional registration: Missouri state board of accountancy, chapter 326; board of cosmetology and barber examiners, chapters 328 and 329; Missouri board for architects, professional engineers, professional land surveyors and landscape architects, chapter 327; Missouri state board of chiropractic examiners, chapter 331; state board of registration for the healing arts, chapter 334; Missouri dental board, chapter 332; state board of embalmers and funeral directors, chapter 333; state board of optometry, chapter 336; Missouri state board of nursing, chapter 335; board of pharmacy, chapter 338; state board of podiatric medicine, chapter 330; Missouri real estate appraisers commission, chapter 339; and Missouri veterinary medical board, chapter 340. The governor shall appoint members of these boards by and with the advice and consent of the senate.

(2) The boards and commissions assigned to the division shall exercise all their respective statutory duties and powers, except those clerical and other staff services involving collecting and accounting for moneys and financial management relating to the issuance and renewal of licenses, which services shall be provided by the division, within the appropriation therefor. Nothing herein shall prohibit employment of professional examining or testing services from professional associations or others as required by the boards or commissions on contract. Nothing herein shall be construed to affect the power of a board or commission to expend its funds as appropriated. However, the division shall review the expense vouchers of each board. The results of such review shall be submitted to the board reviewed and to the house and senate appropriations committees annually.

(3) Notwithstanding any other provisions of law, the director of the division shall exercise only those management functions of the boards and commissions specifically provided in the Reorganization Act of 1974, and those relating to the allocation and assignment of space, personnel other than board personnel, and equipment.

(4) "Board personnel", as used in this section or chapters 317, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, and 345, shall mean personnel whose functions and responsibilities are in areas not related to the clerical duties involving the issuance and renewal of licenses, to the collecting and accounting for moneys, or to financial management relating to issuance and renewal of licenses; specifically included are executive secretaries (or comparable positions), consultants, inspectors, investigators, counsel, and secretarial support staff for these positions; and such other positions as are established and authorized by statute for a particular board or commission. Boards and commissions may employ legal counsel, if authorized by law, and temporary personnel if the board is unable to meet its responsibilities with the employees authorized above. Any board or commission which hires temporary employees shall annually provide the division director and the appropriation committees of the general assembly with a complete list of all persons employed in the previous year, the length of their employment, the amount of their remuneration, and a description of their responsibilities.

(5) Board personnel for each board or commission shall be employed by and serve at the pleasure of the board or commission, shall be supervised as the board or commission designates, and shall have their duties and compensation prescribed by the board or commission, within appropriations for that purpose, except that compensation for board personnel shall not exceed that established for comparable positions as determined by the board or commission pursuant to the job and pay plan of the department of insurance, financial institutions and professional registration. Nothing herein shall be construed to permit salaries for any board personnel to be lowered except by board action.

[12.**]** **17.** All the powers, duties, and functions of the division of athletics, chapter 317, and others, are assigned by type I transfer to the division of professional registration.

[13.**]** **18.** Wherever the laws, rules, or regulations of this state make reference to the "division of professional registration of the department of economic development", such references shall be deemed to refer to the division of professional registration."; and

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. 11. No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. All data providers in the death registration process, including, but not limited to, the state registrar, local registrars, the state medical examiner, county medical examiners, coroners, funeral directors or persons acting as such, embalmers, sheriffs, attending physicians and resident physicians, **physician assistants, assistant physicians, advanced practice registered nurses,** and the chief medical officers of licensed health care facilities, and other public or private institutions providing medical care, treatment, or confinement to persons, shall be required to use and utilize any electronic death registration system required and adopted under subsection 1 of section 193.265 within six months of the system being certified by the director of the department of health and senior services,

or the director's designee, to be operational and available to all data providers in the death registration process. However, should the person or entity that certifies the cause of death not be part of, or does not use, the electronic death registration system, the funeral director or person acting as such may enter the required personal data into the electronic death registration system and then complete the filing by presenting the signed cause of death certification to the local registrar, in which case the local registrar shall issue death certificates as set out in subsection 2 of section 193.265. When a death occurs on a moving conveyance while in international waters or air space or in a foreign country or its air space and the body is first removed from the conveyance in this state, the death shall be registered in this state but the certificate shall show the actual place of death if such place may be determined.

4. The funeral director or person in charge of final disposition of the dead body shall file the certificate of death. The funeral director or person in charge of the final disposition of the dead body shall obtain or verify **and enter into the electronic death registration system**:

(1) The personal data from the next of kin or the best qualified person or source available; **[**and**]**

(3) Any other information or data that may be required to be placed on a death certificate or entered into the electronic death certificate system including, but not limited to, the name and license number of the embalmer.

5. The medical certification shall be completed, attested to its accuracy either by signature or an electronic process approved by the department, and returned to the funeral director or person in charge of final disposition within seventy-two hours after death by the physician**, physician assistant, assistant physician, or advanced practice registered nurse who participated in the patient's care and in consultation with the attending physician who was** in charge of the patient's care for the illness or condition which resulted in death. In the absence of the physician**, physician assistant, assistant physician, or advanced practice registered nurse** or with the physician's**, physician assistant's, assistant physician's, or advanced practice registered nurse's** approval the certificate may be completed and attested to its accuracy either by signature or an approved electronic process by the physician's associate physician, the chief medical officer of the institution in which death occurred, or the **[**physician**] individual** who performed an autopsy upon the decedent, provided such individual has access to the medical history of the case, views the deceased at or after death and death is due to natural causes. **The person authorized to complete the medical certification may, in writing, designate any other person to enter the medical certification information into the electronic death registration system if the person authorized to complete the medical certification has physically or by electronic process signed a statement stating the cause of death. The Social Security number of any individual who has died shall be placed in the records relating to the death and recorded on the death certificate.

6. When death occurs from natural causes more than thirty-six hours after the decedent was last treated by a physician**, physician assistant, assistant physician, or advanced practice registered nurse**, the case shall be referred to the county medical examiner or coroner or physician or local registrar for investigation to determine and certify the cause of death. If the death is determined to be of a natural cause, the medical examiner or coroner or local registrar shall refer the certificate of death to the attending physician**, physician assistant, assistant physician, or advanced practice registered nurse** for such **[**physician's**]** certification. If the attending physician**, physician assistant, assistant physician, or advanced practice registered nurse** refuses or is otherwise unavailable, the medical examiner or coroner or local registrar shall attest to the accuracy of the certificate of death either by signature or an approved electronic process within thirty-six hours.

7. If the circumstances suggest that the death was caused by other than natural causes, the medical examiner or coroner shall determine the cause of death and shall complete and attest to the accuracy either by signature or an approved electronic process the medical certification within seventy-two hours after taking charge of the case.

"334.040. 1. Except as provided in section 334.260, all persons desiring to practice as physicians and surgeons in this state shall be examined as to their fitness to engage in such practice by the board. All persons applying for examination shall file a completed application with the board upon forms furnished by the board.

2. The examination shall be sufficient to test the applicant's fitness to practice as a physician and surgeon. The examination shall be conducted in such a manner as to conceal the identity of the applicant until all examinations have been scored. In all such examinations an average score of not less than seventy-five percent is required to pass; provided, however, that the board may require applicants to take the Federation Licensing Examination, also known as FLEX, or the United States Medical Licensing Examination (USMLE). If the FLEX examination is required, a weighted average score of no less than seventy-five is required to pass. Scores from one test administration of the FLEX shall not be combined or averaged with scores from other test administrations to achieve a passing score. The passing score of the United States Medical Licensing Examination shall be determined by the board through rule and regulation. Applicants graduating from a medical or osteopathic college, as **[**defined**] described** in section 334.031 prior to January 1, 1994, shall provide proof of successful completion of the FLEX, USMLE, an exam administered by the National Board of Osteopathic Medical Examiners (NBOME), a state board examination approved by the board, compliance with subsection 2 of section 334.031, or compliance with 20 CSR 2150-2.005. Applicants graduating from a medical or osteopathic college, as **[**defined**] described** in section 334.031 on or after January 1, 1994, must provide proof of completion of the USMLE or an exam administered by NBOME or provide proof of compliance with subsection 2 of section 334.031. **[**The board shall not issue a permanent license as a physician and surgeon or allow the Missouri state board examination to be administered to any applicant who has failed to achieve a passing score within three attempts on licensing examinations administered in one or more states or territories of the United States, the District of Columbia or Canada. The steps one, two and three of the United States Medical Licensing Examination shall be taken within a seven-year period with no more than three attempts on any step of the examination; however, the board may grant an extension of the seven-year period if the applicant has obtained a MD/PhD degree in a program accredited by the Liaison Committee on Medical Education (LCME) and a regional university accrediting body or a DO/PhD degree accredited by the American Osteopathic Association and a regional university accrediting body.**]** The board may waive the provisions of this section if the applicant is licensed to practice as a physician and surgeon in another state of the United States, the District of Columbia or Canada and the applicant has achieved a passing score on a licensing examination administered in a state or territory of the United States or the District of Columbia and no license issued to the applicant has been disciplined in any state or territory of the United States or the District of Columbia and the applicant is certified in the applicant's area of specialty by the American Board of Medical Specialties, the American Osteopathic Association, or other certifying agency approved by the board by rule.

3. If the board waives the provisions of this section, then the license issued to the applicant may be limited or restricted to the applicant's board specialty. The board shall not be permitted to favor any particular school or system of healing.

4. If an applicant has not actively engaged in the practice of clinical medicine or held a teaching or faculty position in a medical or osteopathic school approved by the American Medical Association, the Liaison Committee on Medical Education, or the American Osteopathic Association for any two years in the three-year period immediately preceding the filing of his or her application for licensure, the board may require successful completion of another examination, continuing medical education, or further training before issuing a permanent license. The board shall adopt rules to prescribe the form and manner of such reexamination, continuing medical education, and training.

334.280. 1. For purposes of this section, the following terms shall mean:

(1) "Continuous medical education", continued postgraduate medical education intended to provide medical professionals with knowledge of new developments in their field;

(2) "Maintenance of certification", any process requiring periodic recertification examinations to maintain specialty medical board certification;

(3) "Maintenance of licensure", the Federation of State Medical Boards' proprietary framework for physician license renewal including additional periodic testing other than continuous medical education;

(4) "Specialty medical board certification", certification by a board that specializes in one particular area of medicine and typically requires additional and more strenuous exams than state board of medicine requirements to practice medicine.

2. The state shall not require any form of maintenance of licensure as a condition of physician licensure including requiring any form of maintenance of licensure tied to maintenance of certification. Current requirements including continuous medical education shall suffice to demonstrate professional competency.

3. The state shall not require any form of specialty medical board certification or any maintenance of certification to practice medicine within the state. There shall be no discrimination by the state board of registration for the healing arts or any other state agency against physicians who do not maintain specialty medical board certification including recertification."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

(5) "Physician", a person licensed to practice medicine pursuant to chapter 334;

2. Other authorized health care practitioners may furnish to a disabled or temporarily disabled person a physician's statement for only those physical health care conditions for which such health care practitioner is legally authorized to diagnose and treat.

3. A physician's statement shall:

(1) Be on a form prescribed by the director of revenue;

(3) Include the physician's or other authorized health care practitioner's license number; and

Otherwise, the physician or other authorized health care practitioner shall note on the statement the anticipated length of the disability which period may not exceed one hundred eighty days. If the physician or health care practitioner fails to record an expiration date on the physician's statement, the director shall issue a temporary windshield placard for a period of thirty days.

5. A physician or other authorized health care practitioner who issues or signs a physician's statement so that disabled plates or a disabled windshield placard may be obtained shall maintain in such disabled person's medical chart documentation that such a certificate has been issued, the date the statement was signed, the diagnosis or condition which existed that qualified the person as disabled pursuant to this section and shall contain sufficient documentation so as to objectively confirm that such condition exists.

6. The medical or other records of the physician or other authorized health care practitioner who issued a physician's statement shall be open to inspection and review by such practitioner's licensing board, in order to verify compliance with this section. Information contained within such records shall be confidential unless required for prosecution, disciplinary purposes, or otherwise required to be disclosed by law.

7. Owners of motor vehicles who are residents of the state of Missouri, and who are physically disabled, owners of motor vehicles operated at least fifty percent of the time by a physically disabled person, or owners of motor vehicles used to primarily transport physically disabled members of the owner's household may obtain disabled person license plates. Such owners, upon application, accompanied by the documents and fees provided for in this section, a current physician's statement which has been issued within ninety days proceeding the date the application is made and proof of compliance with the state motor vehicle laws relating to registration and licensing of motor vehicles, shall be issued motor vehicle license plates for vehicles, other than commercial vehicles with a gross weight in excess of twenty-four thousand pounds, upon which shall be inscribed the international wheelchair accessibility symbol and the word "DISABLED" in addition to a combination of letters and numbers. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130.

8. The director shall further issue, upon request, to such applicant one, and for good cause shown, as the director may define by rule and regulations, not more than two, removable disabled windshield hanging placards for use when the disabled person is occupying a vehicle or when a vehicle not bearing the permanent handicap plate is being used to pick up, deliver, or collect the physically disabled person issued the disabled motor vehicle license plate or disabled windshield hanging placard.

9. No additional fee shall be paid to the director for the issuance of the special license plates provided in this section, except for special personalized license plates and other license plates described in this subsection. Priority for any specific set of special license plates shall be given to the applicant who received the number in the immediately preceding license period subject to the applicant's compliance with the provisions of this section and any applicable rules or regulations issued by the director. If determined feasible by the advisory committee established in section 301.129, any special license plate issued pursuant to this section may be adapted to also include the international wheelchair

accessibility symbol and the word "DISABLED" as prescribed in this section and such plate may be issued to any applicant who meets the requirements of this section and the other appropriate provision of this chapter, subject to the requirements and fees of the appropriate provision of this chapter.

10. Any physically disabled person, or the parent or guardian of any such person, or any not-for-profit group, organization, or other entity which transports more than one physically disabled person, may apply to the director of revenue for a removable windshield placard. The placard may be used in motor vehicles which do not bear the permanent handicap symbol on the license plate. Such placards must be hung from the front, middle rearview mirror of a parked motor vehicle and may not be hung from the mirror during operation. These placards may only be used during the period of time when the vehicle is being used by a disabled person, or when the vehicle is being used to pick up, deliver, or collect a disabled person. When there is no rearview mirror, the placard shall be displayed on the dashboard on the driver's side.

11. The removable windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The removable windshield placard shall be renewed every four years. The director may stagger the expiration dates to equalize workload. Only one removable placard may be issued to an applicant who has been issued disabled person license plates. Upon request, one additional windshield placard may be issued to an applicant who has not been issued disabled person license plates.

12. A temporary windshield placard shall be issued to any physically disabled person, or the parent or guardian of any such person who otherwise qualifies except that the physical disability, in the opinion of the physician, is not expected to exceed a period of one hundred eighty days. The temporary windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The fee for the temporary windshield placard shall be two dollars. Upon request, and for good cause shown, one additional temporary windshield placard may be issued to an applicant. Temporary windshield placards shall be issued upon presentation of the physician's statement provided by this section and shall be displayed in the same manner as removable windshield placards. A person or entity shall be qualified to possess and display a temporary removable windshield placard for six months and the placard may be renewed once for an additional six months if a physician's statement pursuant to this section is supplied to the director of revenue at the time of renewal.

13. Application for license plates or windshield placards issued pursuant to this section shall be made to the director of revenue and shall be accompanied by a statement signed by a licensed physician or other authorized health care practitioner which certifies that the applicant, user, or member of the applicant's household is a physically disabled person as defined by this section.

14. The placard shall be renewable only by the person or entity to which the placard was originally issued. Any placard issued pursuant to this section shall only be used when the physically disabled occupant for whom the disabled plate or placard was issued is in the motor vehicle at the time of parking or when a physically disabled person is being delivered or collected. A disabled license plate and/or a removable windshield hanging placard are not transferable and may not be used by any other person whether disabled or not.

15. At the time the disabled plates or windshield hanging placards are issued, the director shall issue a registration certificate which shall include the applicant's name, address, and other identifying information as prescribed by the director, or if issued to an agency, such agency's name and address. This certificate shall further contain the disabled license plate number or, for windshield hanging placards, the registration or identifying number stamped on the placard. The validated registration receipt given to the applicant shall serve as the registration certificate.

16. The director shall, upon issuing any disabled registration certificate for license plates and/or windshield hanging placards, provide information which explains that such plates or windshield hanging placards are nontransferable, and the restrictions explaining who and when a person or vehicle which bears or has the disabled plates or windshield hanging placards may be used or be parked in a disabled reserved parking space, and the penalties prescribed for violations of the provisions of this act.

17. Every new applicant for a disabled license plate or placard shall be required to present a new physician's statement dated no more than ninety days prior to such application. Renewal applicants will be required to submit a physician's statement dated no more than ninety days prior to such application upon their first renewal occurring on or after August 1, 2005. Upon completing subsequent renewal applications, a physician's statement dated no more than ninety days prior to such application shall be required every fourth year. Such physician's statement shall state the expiration date for the temporary windshield placard. If the physician fails to record an expiration date on the physician's statement, the director shall issue the temporary windshield placard for a period of thirty days. The director may stagger the requirement of a physician's statement on all renewals for the initial implementation of a four-year period.

18. The director of revenue upon receiving a physician's statement pursuant to this subsection shall check with the state board of registration for the healing arts created in section 334.120, or the Missouri state board of nursing

established in section 335.021, with respect to physician's statements signed by advanced practice registered nurses, **or the advisory commission for physical therapists established in section 334.625, with respect to physician's statements signed by licensed physical therapists,** or the Missouri state board of chiropractic examiners established in section 331.090, with respect to physician's statements signed by licensed chiropractors, or with the board of optometry established in section 336.130, with respect to physician's statements signed by licensed optometrists, or the state board of podiatric medicine created in section 330.100, with respect to physician's statements signed by physicians of the foot or podiatrists to determine whether the physician is duly licensed and registered pursuant to law. If such applicant obtaining a disabled license plate or placard presents proof of disability in the form of a statement from the United States Veterans' Administration verifying that the person is permanently disabled, the applicant shall be exempt from the four-year certification requirement of this subsection for renewal of the plate or placard. Initial applications shall be accompanied by the physician's statement required by this section. Notwithstanding the provisions of paragraph (f) of subdivision (4) of subsection 1 of this section, any person seventy-five years of age or older who provided the physician's statement with the original application shall not be required to provide a physician's statement for the purpose of renewal of disabled persons license plates or windshield placards.

19. The boards shall cooperate with the director and shall supply information requested pursuant to this subsection. The director shall, in cooperation with the boards which shall assist the director, establish a list of all Missouri physicians and other authorized health care practitioners and of any other information necessary to administer this section.

20. Where the owner's application is based on the fact that the vehicle is used at least fifty percent of the time by a physically disabled person, the applicant shall submit a statement stating this fact, in addition to the physician's statement. The statement shall be signed by both the owner of the vehicle and the physically disabled person. The applicant shall be required to submit this statement with each application for license plates. No person shall willingly or knowingly submit a false statement and any such false statement shall be considered perjury and may be punishable pursuant to section 301.420.

21. The director of revenue shall retain all physicians' statements and all other documents received in connection with a person's application for disabled license plates and/or disabled windshield placards.

22. The director of revenue shall enter into reciprocity agreements with other states or the federal government for the purpose of recognizing disabled person license plates or windshield placards issued to physically disabled persons.

23. When a person to whom disabled person license plates or a removable or temporary windshield placard or both have been issued dies, the personal representative of the decedent or such other person who may come into or otherwise take possession of the disabled license plates or disabled windshield placard shall return the same to the director of revenue under penalty of law. Failure to return such plates or placards shall constitute a class B misdemeanor.

24. The director of revenue may order any person issued disabled person license plates or windshield placards to submit to an examination by a chiropractor, osteopath, or physician, or to such other investigation as will determine whether such person qualifies for the special plates or placards.

25. If such person refuses to submit or is found to no longer qualify for special plates or placards provided for in this section, the director of revenue shall collect the special plates or placards, and shall furnish license plates to replace the ones collected as provided by this chapter.

26. In the event a removable or temporary windshield placard is lost, stolen, or mutilated, the lawful holder thereof shall, within five days, file with the director of revenue an application and an affidavit stating such fact, in order to purchase a new placard. The fee for the replacement windshield placard shall be four dollars.

27. Fraudulent application, renewal, issuance, procurement or use of disabled person license plates or windshield placards shall be a class A misdemeanor. It is a class B misdemeanor for a physician, chiropractor, podiatrist or optometrist to certify that an individual or family member is qualified for a license plate or windshield placard based on a disability, the diagnosis of which is outside their scope of practice or if there is no basis for the diagnosis."; and

The tax authorized in this section shall be not more than one percent, and shall be imposed solely for the purpose of funding the hospital district. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes.

2. No such resolution adopted under this section shall become effective unless the governing body of the hospital district submits to the voters residing within the district at a state general, primary, or special election a proposal to authorize the governing body of the district to impose a tax under this section. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter after the director of revenue receives notification of adoption of the local sales tax. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. All revenue collected under this section by the director of the department of revenue on behalf of the hospital district, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall

be deposited in a special trust fund, which is hereby created and shall be known as the "Hospital District Sales Tax Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the fund and credited to the district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such district. Any funds in the special fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. The governing body of any hospital district that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the district. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

5. Whenever the governing body of any hospital district that has adopted the sales tax authorized in this section receives a petition, signed by a number of registered voters of the district equal to at least ten percent of the number of registered voters of the district voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the district a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

6. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the hospital district shall notify the director of the department of revenue of the action at least ninety days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such district, the director shall remit the balance in the account to the district and close the account of that district. The director shall notify each district of each instance of any amount refunded or any check redeemed from receipts due the district."; and

JOURNAL OF THE HOUSE

First Regular Session, 98th GENERAL ASSEMBLY

FIFTY-SEVENTH DAY, THURSDAY, APRIL 23, 2015

The House met pursuant to adjournment.

Speaker Diehl in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Be of one mind; live in peace; and the God of love and peace shall be with you. (II Corinthians 13:11)

O Eternal God, who is the source of light and life and the spring from which comes all noble endeavors, direct with Your wise and gracious spirit the work of this day because we are all tired!

Give to these Representatives of our people insight into the needs of our State, inspiration to do something about it, and insistence that it be done and accomplished for the good of all.

Guide our Speaker, all Members of this House and those who work so untiringly with them. Grant them wisdom of mind, strength of spirit, and vigor of body that supporting what is true and following what is good they may fulfill Your purposes for humanity.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Luke Hupke, Jack Chaney, Katherine Taylor, Henry Davenport, Olivia Collier and Saint James Elementary School.

MESSAGES FROM THE SENATE

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed **HB 515** entitled:

An act to repeal sections 86.200, 86.213, 86.237, 86.250, 86.251, 86.257, 86.263, 86.270, and 86.320, RSMo, and to enact in lieu thereof nine new sections relating to police retirement systems.

With Senate Amendment No. 1 and Senate Amendment No. 2.

Senate Amendment No. 1

AMEND House Bill No. 515, Page 1, In the Title, Line 3, by striking the word "police" and inserting in lieu thereof the following: "local government"; and

Further amend said bill, Page 4, Section 86.200, Line 114, by inserting immediately after said line the following:

"86.207. 1. **Except as provided herein,** all persons who become policemen and all policemen who enter or reenter the service of **[**the**]** **any** city **not within a county** after the first day of October, 1957, become members as a condition of their employment and shall receive no pensions or retirement allowance from any other pension or retirement system supported wholly or in part by the city **not within a county** or the state of Missouri, nor shall they be required to make contributions under any other pension or retirement system of the city **not within a county** or the state of Missouri **for the same period of service**, anything to the contrary notwithstanding. **Any employee of a city not within a county who is earning creditable service in a retirement plan established by said city under section 95.540 and subsequently becomes a policeman may elect to remain a member of said retirement plan and shall not be required to become a member of a police retirement system established under section 86.200. However, an employee of a city not within a county who is earning creditable service in a retirement plan established by said city under section 95.540 and who subsequently becomes a policeman may elect to transfer membership and creditable service to the police retirement system created under section 86.200. Such transfers are subject to the conditions and requirements contained in section 105.691 and are also subject to any existing agreements between the said retirement plans; provided however, transfers completed prior to January 1, 2016, shall occur without regard to the vesting requirements of the receiving plan contained in section 105.691. As part of the transfer process described herein, the respective retirement plans may require the employee to acknowledge and agree as a condition of transfer that any election made under this section is irrevocable, constitutes a waiver of any right to receive retirement and disability benefits except as provided by the police retirement system, and that plan terms may be modified in the future.**

2. If any member ceases to be in service for more than one year unless the member has attained the age of fifty-five or has twenty years or more of creditable service, or if the member withdraws the member's accumulated contributions or if the member receives benefits under the retirement system or dies, the member thereupon ceases to be a member; except in the case of a member who has served in the Armed Forces of the United States and has subsequently been reinstated as a policeman. A member who has terminated employment as a police officer, has actually retired and is receiving retirement benefits under the system shall be considered a retired member.

3. A reserve officer shall not be considered a member of the system for the purpose of determining creditable service, nor shall any contributions be due. A reserve officer shall not be entitled to any benefits from the system other than those awarded when the reserve officer originally retired under section 86.250, nor shall service as a reserve officer prohibit distribution of those benefits."; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 2

AMEND House Bill No. 515, Page 13, Section 86.320, Line 22, by inserting after all of said line the following:

"86.1110. 1. Whenever a member is given a leave of absence for military service and returns to employment after discharge from the service, such member shall be entitled to creditable service for the years of employment prior to the leave of absence.

2. Except as provided in subsection 3 of this section, a member who served on active duty in the Armed Forces of the United States and who became a member, or returned to membership, after discharge under honorable conditions, may elect prior to retirement to purchase creditable service equivalent to such service in the Armed Forces, not to exceed two years, provided the member is not receiving and is not eligible to receive retirement credits or benefits from any other public or private retirement plan for the service to be purchased, other than a United States military service retirement system or United States Social Security benefits attributable to such military service, and an affidavit so stating is filed by the member with the retirement system. A member electing to make such purchase shall pay to the retirement system an amount equal to the actuarial cost of the additional benefits attributable to the additional service credit to be purchased, as of the date the member elects to make such purchase. Payment in full of the amount due from a member electing to purchase creditable service under this subsection shall be made over a period not to exceed five years, measured from the date of election, or prior to the commencement date for payment of benefits to the member from the retirement system, whichever is earlier, including interest on unpaid balances compounded annually at the interest rate assumed from time to time for actuarial valuations of the retirement system. If payment in full including interest is not made within the prescribed period, any partial payments made by the member shall be refunded, and no creditable service attributable to such election, or as a result of any such partial payments, shall be allowed; provided that if a benefit commencement date occurs because of the death or disability of a member who has made an election under this subsection and if the member is current in payments under an approved installment plan at the time of the death or disability, such election shall be valid if the member, the surviving spouse, or other person entitled to benefit payments pays the entire balance of the remaining amount due, including interest to the date of such payment, within sixty days after the member's death or disability. The time of a disability shall be deemed to be the time when such member is retired by the board of police commissioners for reason of disability as provided in sections 86.900 to 86.1280.

3. Notwithstanding any other provision of sections 86.900 to 86.1280, **on or after August 28, 2015,** a member who **[**is on leave of absence for military service during any portion of which leave the United States is in a state of declared war, or a compulsory draft is in effect for any of the military branches of the United States, or any units of the military reserves of the United States, including the National Guard, are mobilized for combat military operations,**] returns to service from a leave of absence for active duty military service** and who becomes entitled to reemployment rights and other employment benefits under Title 38, Chapter 43 of the U.S. Code, relating to employment and reemployment rights of members of the uniformed services by meeting the requirements for such rights and benefits under Section 4312 of said chapter, or the corresponding provisions of any subsequent applicable federal statute, shall be entitled to service credit for the time spent in such military service for all purposes of sections 86.900 to 86.1280 **[**and such member shall not be required to pay any member contributions for such time. If it becomes necessary for the years of such service to be included in the calculation of such member's compensation for any purpose, such member shall be deemed to have received the same compensation throughout such period of service as the member's base annual salary immediately prior to the commencement of such leave of absence; provided, however, that the foregoing provisions of this subsection shall apply only to such portion of such

leave with respect to which the cumulative length of the absence and of all previous absences from a position of employment with the employer by reason of service in the uniformed services does not exceed five years except for such period of any such excess as meets the requirements for exceptions to such five-year limitation set forth in the aforesaid Section 4312**] only to the extent such member pays any required member contributions for such time. The amount of required member contributions shall be calculated on the base compensation the member would have received during such leave period. The total amount of service credit that will be granted at the member contribution rate is limited to a maximum of five years. The retirement board may waive the required contributions for military leave of absence, not to exceed three years of creditable service, if the member provides duty orders under Title 10 or Title 32 U.S.C. and discharge from active duty documentation in the form of a DD214 or NGB23**.

86.1270. 1. A retirement plan under sections 86.900 to 86.1280 is a qualified plan under the provisions of applicable federal law. The benefits and conditions of a retirement plan under sections 86.900 to 86.1280 shall always be adjusted to ensure that the tax-exempt status is maintained.

2. The retirement board shall administer the retirement system in a manner as to retain at all times qualified status under Section 401(a) of the Internal Revenue Code.

3. The retirement board shall hold in trust the assets of the retirement system for the exclusive benefit of the members and their beneficiaries and for defraying reasonable administrative expenses of the system. No part of such assets shall, at any time prior to the satisfaction of all liabilities with respect to members and their beneficiaries, be used for or diverted to any purpose other than such exclusive benefit or to any purpose inconsistent with sections 86.900 to 86.1280.

4. A member's benefit shall be one hundred percent vested and nonforfeitable upon the member's attainment of normal retirement age, which shall be the earlier of:

(1) Completion of twenty-five years of service for Tier I members and twenty-seven years of service for Tier II members;

(2) Age sixty for any Tier I member who has completed at least ten years of creditable service or age sixty for any Tier II member who has completed at least fifteen years of creditable service;

(3) Age seventy without regard to years of service; or

(4) To the extent funded, upon the termination of the system established under sections 86.900 to 86.1280 or any partial termination which affects the members or any complete discontinuance of contributions by the city to the system. Amounts representing forfeited nonvested benefits of terminated members shall not be used to increase benefits payable from the system but may be used to reduce contributions for future plan years.

5. Distribution of benefits shall begin not later than April first of the year following the later of the calendar year during which the member becomes seventy and one-half years of age or the calendar year in which the member retires, and shall otherwise conform to Section 401(a)(9) of the Internal Revenue Code.

6. A member or beneficiary of a member shall not accrue a service retirement annuity, disability retirement annuity, death benefit, whether death occurs in the line of duty or otherwise, or any other benefit under sections 86.900 to 86.1280 in excess of the benefit limits applicable to the fund under Section 415 of the Internal Revenue Code. The retirement board shall reduce the amount of any benefit that exceeds those limits by the amount of the excess. If the total benefits under the retirement system and the benefits and contributions to which any member is entitled under any other qualified plan or plans maintained by the board of police commissioners that employs the member would otherwise exceed the applicable limits under Section 415 of the Internal Revenue Code, the benefits the member would otherwise receive from the retirement system shall be reduced to the extent necessary to enable the benefits to comply with Section 415 of the Internal Revenue Code.

7. The total salary taken into account for any purpose for any member of the retirement system shall not exceed two hundred thousand dollars per year, subject to periodic adjustments in accordance with guidelines provided by the United States Secretary of the Treasury, and shall not exceed such other limits as may be applicable at any given time under Section 401(a)(17) of the Internal Revenue Code.

8. If the amount of any benefit is to be determined on the basis of actuarial assumptions that are not otherwise specifically set forth for that purpose in sections 86.900 to 86.1280, the actuarial assumptions to be used are those earnings and mortality assumptions being used on the date of the determination by the retirement system's actuary and approved by the retirement board. The actuarial assumptions being used at any particular time shall be attached as an addendum to a copy of the retirement system's statute that is maintained by the retirement board and shall be treated for all purposes as a part of sections 86.900 to 86.1280. The actuarial assumptions may be changed by the retirement system's actuary annually if approved by the retirement board, but a change in actuarial assumptions shall not result in any decrease in benefits accrued as of the effective date of the change.

9. Any member or beneficiary who is entitled to receive any distribution that is an eligible rollover distribution, as defined by Section 402(c)(4) of the Internal Revenue Code, is entitled to have that distribution transferred directly to another eligible retirement plan of the member's or beneficiary's choice upon providing direction to the secretary of this retirement system regarding the transfer in accordance with procedures established by the retirement board. **Effective for distributions made on or after January 1, 2010, a nonspouse beneficiary may elect to directly rollover an eligible rollover distribution to an individual retirement account under Section 408(a) of the Internal Revenue Code of 1986, as amended; to an individual retirement annuity under Section 408(b) of the Internal Revenue Code of 1986, as amended; or if the participant satisfies the requirements for making a Roth contribution under Section 408(A)(c)(3)(B) of the Internal Revenue Code of 1986, as amended, to a Roth individual retirement account.**

10. For all distributions made after December 31, 2001:

(1) For the purposes of subsection 9 of this section, an eligible retirement plan shall also mean an annuity contract described in Section 403(b) of the Internal Revenue Code and an eligible plan under Section 457(b) of the Internal Revenue Code which is maintained by the state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from the retirement system. The definition of eligible retirement plan shall also apply in the case of a distribution to a surviving spouse or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code; and

(2) For purposes of subsection 9 of this section, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includable in gross income. However, such portion may be paid only to an individual retirement account or annuity described in Section 408(a) or 408(b) of the Internal Revenue Code, or to a qualified defined contribution plan described in Section 401(a) or 403(a) of the Internal Revenue Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution that is includable in gross income and the portion of such distribution that is not so includable.

86.1500. 1. Whenever a member is given a leave of absence for military service and returns to employment after discharge from the service, such member shall be entitled to creditable service for the years of employment prior to the leave of absence.

2. Except as provided in subsection 3 of this section, a member who served on active duty in the Armed Forces of the United States and who became a member, or returned to membership, after discharge under honorable conditions, may elect prior to retirement to purchase creditable service equivalent to such service in the Armed Forces, not to exceed two years, provided the member is not receiving and is not eligible to receive retirement credits or benefits from any other public or private retirement plan for the service to be purchased, other than a United States military service retirement system or United States Social Security benefits attributable to such military service, and an affidavit so stating is filed by the member with the retirement system. A member electing to make such purchase shall pay to the retirement system an amount equal to the actuarial cost of the additional benefits attributable to the additional service credit to be purchased, as of the date the member elects to make such purchase. Payment in full of the amount due from a member electing to purchase creditable service under this subsection shall be made over a period not to exceed five years, measured from the date of election, or prior to the commencement date for payment of benefits to the member from the retirement system, whichever is earlier, including interest on unpaid balances compounded annually at the interest rate assumed from time to time for actuarial valuations of the retirement system. If payment in full including interest is not made within the prescribed period, any partial payments made by the member shall be refunded, and no creditable service attributable to such election, or as a result of any such partial payments, shall be allowed; provided that if a benefit commencement date occurs because of the death or disability of a member who has made an election under this subsection and if the member is current in payments under an approved installment plan at the time of the death or disability, such election shall be valid if the member, the surviving spouse or other person entitled to benefit payments pays the entire balance of the remaining amount due, including interest to the date of such payment, within sixty days after the member's death or disability. The time of a disability shall be deemed to be the time when such member is determined by the retirement board to be totally and permanently disabled as provided in section 86.1560.

3. Notwithstanding any other provision of sections 86.1310 to 86.1640, **on or after August 28, 2015,** a member who **[**is on leave of absence for military service during any portion of which leave the United States is in a state of declared war, or a compulsory draft is in effect for any of the military branches of the United States, or any units of the military reserves of the United States, including the National Guard, are mobilized for combat military operations,**] returns to service from a leave of absence for active duty military service** and who becomes entitled

to reemployment rights and other employment benefits under Title 38, Chapter 43 of the U.S. Code, relating to employment and reemployment rights of members of the uniformed services by meeting the requirements for such rights and benefits under Section 4312 of said chapter, or the corresponding provisions of any subsequent applicable federal statute, shall be entitled to service credit for the time spent in such military service for all purposes of sections 86.1310 to 86.1640 **[**and such member shall not be required to pay any member contributions for such time. If it becomes necessary for the years of such service to be included in the calculation of such member's compensation for any purpose, such member shall be deemed to have received the same compensation throughout such period of service as the member's base annual salary immediately prior to the commencement of such leave of absence; provided, however, that the foregoing provisions of this subsection shall apply only to such portion of such leave with respect to which the cumulative length of the absence and of all previous absences from a position of employment with the employer by reason of service in the uniformed services does not exceed five years except for such period of any such excess as meets the requirements for exceptions to such five-year limitation set forth in the aforesaid Section 4312**] only to the extent such member pays any required member contributions for such time. The amount of required member contributions shall be calculated on the base compensation the member would have received during such leave period. The total amount of service credit that will be granted at the member contribution rate is limited to a maximum of five years. The retirement board may waive the required contributions for military leave of absence, not to exceed three years of creditable service, if the member provides duty orders under Title 10 or Title 32 U.S.C. and discharge from active duty documentation in the form of a DD214 or NGB23**.

86.1630. 1. A retirement plan under sections 86.1310 to 86.1640 is a qualified plan under the provisions of applicable federal law. The benefits and conditions of a retirement plan under sections 86.1310 to 86.1640 shall always be adjusted to ensure that the tax-exempt status is maintained.

2. The retirement board shall administer this retirement system in such manner as to retain at all times qualified status under Section 401(a) of the Internal Revenue Code.

3. The retirement board shall hold in trust the assets of the retirement system for the exclusive benefit of the members and their beneficiaries and for defraying reasonable administrative expenses of the system. No part of such assets shall, at any time prior to the satisfaction of all liabilities with respect to members and their beneficiaries, be used for or diverted to any purpose other than such exclusive benefit or to any purpose inconsistent with sections 86.1310 to 86.1640.

4. A member's benefit shall be one hundred percent vested and nonforfeitable upon the member's attainment of normal retirement age, which shall be the earlier of:

(1) The attaining of the age of sixty-five or the member's tenth anniversary of employment, whichever is later for any Tier I member, or the attaining of the age of sixty-seven or the member's twentieth anniversary of employment, whichever is later for any Tier II member;

(2) For any Tier I member when the total sum of age and years of creditable service equals or exceeds eighty, or for any Tier II member when the total sum of age and years of creditable service equals or exceeds eighty-five; or

(3) To the extent funded, upon the termination of the system established under sections 86.1310 to 86.1640 or any partial termination which affects the member or any complete discontinuance of contributions by the city to the system. Amounts representing forfeited nonvested benefits of terminated members shall not be used to increase benefits payable from the system but may be used to reduce contributions for future plan years.

5. Distribution of benefits shall begin not later than April first of the year following the later of the calendar year during which the member becomes seventy and one-half years of age or the calendar year in which the member retires, and shall otherwise conform to Section 401(a)(9) of the Internal Revenue Code.

6. A member or beneficiary of a member shall not accrue a service retirement annuity, disability retirement annuity, death benefit, whether death occurs in the line of duty or otherwise, or any other benefit under sections 86.1310 to 86.1640 in excess of the benefit limits applicable to the fund under Section 415 of the Internal Revenue Code. The retirement board shall reduce the amount of any benefit that exceeds the limits of this section by the amount of the excess. If the total benefits under the retirement system and the benefits and contributions to which any member is entitled under any other qualified plan or plans maintained by the board of police commissioners that employs the member would otherwise exceed the applicable limits under Section 415 of the Internal Revenue Code, the benefits the member would otherwise receive from the retirement system are reduced to the extent necessary to enable the benefits to comply with Section 415 of the Internal Revenue Code.

7. The total salary taken into account for any purpose for any member of the retirement system shall not exceed two hundred thousand dollars per year, subject to periodic adjustments in accordance with guidelines

provided by the United States Secretary of the Treasury and may not exceed such other limits as may be applicable at any given time under Section 401(a)(17) of the Internal Revenue Code.

8. If the amount of any benefit is determined on the basis of actuarial assumptions that are not specifically set forth for that purpose in sections 86.1310 to 86.1640, the actuarial assumptions to be used are those earnings and mortality assumptions used on the date of the determination by the retirement system's actuary and approved by the retirement board. The actuarial assumptions used at any particular time shall be attached as an addendum to a copy of the retirement system's statute maintained by the retirement board and shall be treated for all purposes as part of sections 86.1310 to 86.1640. The actuarial assumptions may be changed by the retirement system's actuary annually if approved by the retirement board, but a change in actuarial assumptions shall not result in any decrease in benefits accrued as of the effective date of the change.

9. Any member or beneficiary who is entitled to receive any distribution that is an eligible rollover distribution, as defined by Section 402(c)(4) of the Internal Revenue Code, is entitled to have that distribution transferred directly to another eligible retirement plan of the member's or beneficiary's choice upon providing direction to the secretary of the retirement system regarding the transfer in accordance with procedures established by the retirement board. **Effective for distributions made on or after January 1, 2010, a nonspouse beneficiary may elect to directly rollover an eligible rollover distribution to an individual retirement account under Section 408(a) of the Internal Revenue Code of 1986, as amended; to an individual retirement annuity under Section 408(b) of the Internal Revenue Code of 1986, as amended; or if the participant satisfies the requirements for making a Roth contribution under Section 408(A)(c)(3)(B) of the Internal Revenue Code of 1986, as amended, to a Roth individual retirement account.**

10. For all distributions made after December 31, 2001:

(1) For the purposes of subsection 9 of this section, an eligible retirement plan shall also mean an annuity described in Section 403(b) of the Internal Revenue Code and an eligible plan under Section 457(b) of the Internal Revenue Code that is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from the retirement system. The definition for eligible retirement plan shall also apply in the case of a distribution to a surviving spouse or to a spouse or former spouse who is the alternate payee under a qualified domestic relations order, as defined in Section 414(p) of the Internal Revenue Code; and

(2) For the purposes of subsection 9 of this section, a portion of a distribution shall not fail to be an eligible rollover distribution merely because the portion consists of after-tax employee contributions which are not includable in gross income. However, such portion may be paid only to an individual retirement account or annuity described in Section 408(a) or 408(b) of the Internal Revenue Code, or to a qualified defined contribution plan described in Section 401(a) or 403(a) of the Internal Revenue Code that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution that is includable in gross income and the portion of such distribution that is not so includable."; and

Further amend the title and enacting clause accordingly.

In which the concurrence of the House is respectfully requested.

The department of health and senior services may grant an exemption by rule from this section if the department finds the drug product is not used in the illegal manufacture of methamphetamine or other controlled or dangerous substances. The department of health and senior services shall rely on reports from law enforcement and law enforcement evidentiary laboratories in determining if the proposed product can be used to manufacture illicit controlled substances.

19. The department of health and senior services shall revise and republish the schedules annually.

20. The department of health and senior services shall promulgate rules under chapter 536 regarding the security and storage of Schedule V controlled substances, as described in subdivision (3) of subsection 10 of this section, for distributors as registered by the department of health and senior services.

21. Logs of transactions required to be kept and maintained by this section and section 195.417 shall create a rebuttable presumption that the person whose name appears in the logs is the person whose transactions are recorded in the logs.

22. Beginning January 1, 2017, the director of the department of health and senior services shall notify the revisor of statutes of any controlled substances that are added or removed from the five schedules of controlled substances established by the federal Controlled Substances Act under 21 U.S.C. section 801, et seq. The revisor shall change the statutory schedule of controlled substances listed in this section to include such additions or deletions.

217.720. 1. At any time during release on parole or conditional release the board **[**may**]** **shall** issue a warrant for the arrest of a released offender for violation of any of the conditions of parole or conditional release. The warrant shall authorize any law enforcement officer to return the offender to the actual custody of the correctional center from which the offender was released, or to any other suitable facility designated by the board. If any parole or probation officer has probable cause to believe that such offender has violated a condition of parole or conditional release, the probation or parole officer **[**may**]** **shall** issue a warrant for the arrest of the offender. The probation or parole officer may effect the arrest or may deputize any officer with the power of arrest to do so by giving the officer a copy of the warrant which shall outline the circumstances of the alleged violation and contain the statement that the offender has, in the judgment of the probation or parole officer, violated conditions of parole or conditional release. The warrant delivered with the offender by the arresting officer to the official in charge of any facility designated by the board to which the offender is brought shall be sufficient legal authority for detaining the offender. After the arrest the parole or probation officer shall present to the detaining authorities a similar statement of the circumstances of violation. Pending hearing as hereinafter provided, upon any charge of violation, the offender shall remain in custody or incarcerated without consideration of bail.

2. If the offender is arrested under the authority granted in subsection 1 of this section, the offender shall have the right to a preliminary hearing on the violation charged unless the offender waives such hearing. Upon such arrest and detention, the parole or probation officer shall immediately notify the board and shall submit in writing a report showing in what manner the offender has violated the conditions of his parole or conditional release. The board shall order the offender discharged from such facility, require as a condition of parole or conditional release the placement of the offender in a treatment center operated by the department of corrections, or shall cause the offender to be brought before it for a hearing on the violation charged, under such rules and regulations as the board may adopt. If the violation is established and found, the board may continue or revoke the parole or conditional release, or enter such other order as it may see fit. If no violation is established and found, then the parole or conditional release shall continue. If at any time during release on parole or conditional release the offender is arrested for a crime which later leads to conviction, and sentence is then served outside the Missouri department of corrections, the board shall determine what part, if any, of the time from the date of arrest until completion of the sentence imposed is counted as time served under the sentence from which the offender was paroled or conditionally released.

3. An offender for whose return a warrant has been issued by the board shall, if it is found that the warrant cannot be served, be deemed to be a fugitive from justice or to have fled from justice. If it shall appear that the offender has violated the provisions and conditions of his parole or conditional release, the board shall determine whether the time from the issuing date of the warrant to the date of his arrest on the warrant, or continuance on parole or conditional release shall be counted as time served under the sentence. In all other cases, time served on parole or conditional release shall be counted as time served under the sentence.

4. At any time during parole or probation, the board may issue a warrant for the arrest of any person from another jurisdiction, the visitation and supervision of whom the board has undertaken pursuant to the provisions of the interstate compact for the supervision of parolees and probationers authorized in section 217.810, for violation of any of the conditions of release, or a notice to appear to answer a charge of violation. The notice shall be served personally upon the person. The warrant shall authorize any law enforcement officer to return the offender to any suitable detention facility designated by the board. Any parole or probation officer may arrest such person without a warrant, or may deputize any other officer with power of arrest to do so by issuing a written statement setting forth that the defendant has, in the judgment of the parole or probation officer, violated the conditions of his release. The written statement delivered with the person by the arresting officer to the official in charge of the detention facility to which the person is brought shall be sufficient legal authority for detaining him. After making an arrest the parole or probation officer shall present to the detaining authorities a similar statement of the circumstances of violation.

217.722. 1. If any probation officer has probable cause to believe that the person on probation has violated a condition of probation, the probation officer **[**may**]** **shall** issue a warrant for the arrest of the person on probation. The officer may effect the arrest or may deputize any other officer with the power of arrest to do so by giving the officer a copy of the warrant which will outline the circumstances of the alleged violation and contain the statement that the person on probation has, in the judgment of the probation officer, violated the conditions of probation. The warrant delivered with the offender by the arresting officer to the official in charge of any jail or other detention facility shall be sufficient authority for detaining the person on probation pending a preliminary hearing on the alleged violation. Other provisions of law relating to release on bail of persons charged with criminal offenses shall be applicable to persons detained on alleged probation violations.

2. Any person on probation arrested under the authority granted in subsection 1 of this section shall have the right to a preliminary hearing on the violation charged as long as the person on probation remains in custody or unless the offender waives such hearing. The person on probation shall be notified immediately in writing of the alleged probation violation. If arrested in the jurisdiction of the sentencing court, and the court which placed the person on probation is immediately available, the preliminary hearing shall be heard by the sentencing court. Otherwise, the person on probation shall be taken before a judge or associate circuit judge in the county of the alleged violation or arrest having original jurisdiction to try criminal offenses or before an impartial member of the staff of the Missouri board of probation and parole, and the preliminary hearing shall be held as soon as possible after the arrest. Such preliminary hearings shall be conducted as provided by rule of court or by rules of the Missouri board of probation and parole. If it appears that there is probable cause to believe that the person on probation has violated a condition of probation, or if the person on probation waives the preliminary hearing, the judge or associate circuit judge, or member of the staff of the Missouri board of probation and parole shall order the person on probation held for further proceedings in the sentencing court. If probable cause is not found, the court shall not be barred from holding a hearing on the question of the alleged violation of a condition of probation nor from ordering the person on probation to be present at such a hearing.

3. Upon such arrest and detention, the probation officer shall immediately notify the sentencing court and shall submit to the court a written report showing in what manner the person on probation has violated the conditions of probation. Thereupon, or upon arrest by warrant, the court shall cause the person on probation to be brought before it without unnecessary delay for a hearing on the violation charged. Revocation hearings shall be conducted as provided by rule of court.

306.126. 1. **[**The operator of a motorboat shall not allow any person to ride or sit on the gunwales, decking over the bow, railing, top of seat back or decking over the back of the motorboat while under way, unless such person is inboard of adequate guards or railing provided on the motorboat to prevent a passenger from being lost overboard. As used in this section, the term "adequate guards or railing" means guards or railings having a height parameter of at least six inches but not more than eighteen inches. Nothing in this section shall be construed to mean that passengers or other persons aboard a motorboat cannot occupy the decking over the bow of the boat to moor it to a mooring buoy or to cast off from such a buoy, or for any other necessary purpose. The provisions of this section shall not apply to vessels propelled by sail.

2.**]** Whenever any person leaves any watercraft, other than a personal watercraft, on the waters of the Mississippi River, the waters of the Missouri River or the lakes of this state and enters the water between the hours of 11:00 a.m. and sunset, the operator of such watercraft shall display on the watercraft a red or orange flag measuring not less than twelve inches by twelve inches. The provisions of this subsection shall not apply to watercraft that is moored or anchored. The flag required by this subsection shall be visible for three hundred sixty degrees around the horizon when displayed and shall be displayed only when an occupant of the watercraft has left the confines of the watercraft and entered the water. The flag required by this subsection shall not be displayed

when the watercraft is engaged in towing any person, but shall be displayed when such person has ceased being towed and has reentered the water.

[3.**]** **2.** No operator shall knowingly operate any watercraft within fifty yards of a flag required by subsection 2 of this section at a speed in excess of a slow-no wake speed."; and

"160.261. 1. All employees of the district shall annually receive instruction related to the specific contents of the policy of discipline and any interpretations necessary to implement the provisions of the policy in the course of their duties, including but not limited to approved methods of dealing with acts of school violence, disciplining students with disabilities and instruction in the necessity and requirements for confidentiality.

committed on school property, including but not limited to actions on any school bus in service on behalf of the district or while involved in school activities. The policy shall require that any portion of a student's individualized education program that is related to demonstrated or potentially violent behavior shall be provided to any teacher and other school district employees who are directly responsible for the student's education or who otherwise interact with the student on an educational basis while acting within the scope of their assigned duties. The policy shall also contain the consequences of failure to obey standards of conduct set by the local board of education, and the importance of the standards to the maintenance of an atmosphere where orderly learning is possible and encouraged.

3. The policy shall provide that any student who is on suspension for any of the offenses listed in subsection 2 of this section or any act of violence or drug-related activity defined by school district policy as a serious violation of school discipline pursuant to subsection 9 of this section shall have as a condition of his or her suspension the requirement that such student is not allowed, while on such suspension, to be within one thousand feet of any school property in the school district where such student attended school or any activity of that district, regardless of whether or not the activity takes place on district property unless:

(1) Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the superintendent or the superintendent's designee has authorized the student to be on school property;

(2) Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the superintendent or the superintendent's designee has authorized the student to be on school property;

(3) Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the school district where such student attended school; or

(4) Such student resides within one thousand feet of any public school in the school district where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

4. Any student who violates the condition of suspension required pursuant to subsection 3 of this section may be subject to expulsion or further suspension pursuant to the provisions of sections 167.161, 167.164, and 167.171. In making this determination consideration shall be given to whether the student poses a threat to the safety of any child or school employee and whether such student's unsupervised presence within one thousand feet of the school is disruptive to the educational process or undermines the effectiveness of the school's disciplinary policy. Removal of any pupil who is a student with a disability is subject to state and federal procedural rights. This section shall not limit a school district's ability to:

(1) Prohibit all students who are suspended from being on school property or attending an activity while on suspension;

(2) Discipline students for off-campus conduct that negatively affects the educational environment to the extent allowed by law.

5. The policy shall provide for a suspension for a period of not less than one year, or expulsion, for a student who is determined to have brought a weapon to school, including but not limited to the school playground or the school parking lot, brought a weapon on a school bus or brought a weapon to a school activity whether on or off of the school property in violation of district policy, except that:

(1) The superintendent or, in a school district with no high school, the principal of the school which such child attends may modify such suspension on a case-by-case basis; and

(2) This section shall not prevent the school district from providing educational services in an alternative setting to a student suspended under the provisions of this section.

6. For the purpose of this section, the term "weapon" shall mean a firearm as defined under 18 U.S.C. Section 921 and the following items, as defined in section 571.010: a blackjack, a concealable firearm, an explosive weapon, a firearm, a firearm silencer, a gas gun, a knife, knuckles, a machine gun, a projectile weapon, a rifle, a shotgun, a spring gun or a switchblade knife; except that this section shall not be construed to prohibit a school board from adopting a policy to allow a Civil War reenactor to carry a Civil War era weapon on school property for educational purposes so long as the firearm is unloaded. The local board of education shall define weapon in the discipline policy. Such definition shall include the weapons defined in this subsection but may also include other weapons.

7. All school district personnel responsible for the care and supervision of students are authorized to hold every pupil strictly accountable for any disorderly conduct in school or on any property of the school, on any school bus going to or returning from school, during school-sponsored activities, or during intermission or recess periods.

8. Teachers and other authorized district personnel in public schools responsible for the care, supervision, and discipline of schoolchildren, including volunteers selected with reasonable care by the school district, shall not be civilly liable when acting in conformity with the established policies developed by each board, including but not limited to policies of student discipline or when reporting to his or her supervisor or other person as mandated by state law acts of school violence or threatened acts of school violence, within the course and scope of the duties of the teacher, authorized district personnel or volunteer, when such individual is acting in conformity with the established policies developed by the board. Nothing in this section shall be construed to create a new cause of action against such school district, or to relieve the school district from liability for the negligent acts of such persons.

9. Each school board shall define in its discipline policy acts of violence and any other acts that constitute a serious violation of that policy. "Acts of violence" as defined by school boards shall include but not be limited to exertion of physical force by a student with the intent to do serious bodily harm to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. School districts shall for each student enrolled in the school district compile and maintain records of any serious violation of the district's discipline policy. Such records shall be made available to teachers and other school district employees with a need to know while acting within the scope of their assigned duties, and shall be provided as required in section 167.020 to any school district in which the student subsequently attempts to enroll.

10. Spanking, when administered by certificated personnel and in the presence of a witness who is an employee of the school district, or the use of reasonable force to protect persons or property, when administered by personnel of a school district in a reasonable manner in accordance with the local board of education's written policy of discipline, is not abuse within the meaning of chapter 210. The provisions of sections 210.110 to 210.165 notwithstanding, the children's division shall not have jurisdiction over or investigate any report of alleged child abuse arising out of or related to the use of reasonable force to protect persons or property when administered by personnel of a school district or any spanking administered in a reasonable manner by any certificated school

personnel in the presence of a witness who is an employee of the school district pursuant to a written policy of discipline established by the board of education of the school district, as long as no allegation of sexual misconduct arises from the spanking or use of force.

11. If a student reports alleged sexual misconduct on the part of a teacher or other school employee to a person employed in a school facility who is required to report such misconduct to the children's division under section 210.115, such person and the superintendent of the school district shall report the allegation to the children's division as set forth in section 210.115. Reports made to the children's division under this subsection shall be investigated by the division in accordance with the provisions of sections 210.145 to 210.153 and shall not be investigated by the school district under subsections 12 to 20 of this section for purposes of determining whether the allegations should or should not be substantiated. The district may investigate the allegations for the purpose of making any decision regarding the employment of the accused employee.

12. Upon receipt of any reports of child abuse by the children's division other than reports provided under subsection 11 of this section, pursuant to sections 210.110 to 210.165 which allegedly involve personnel of a school district, the children's division shall notify the superintendent of schools of the district or, if the person named in the alleged incident is the superintendent of schools, the president of the school board of the school district where the alleged incident occurred.

13. If, after an initial investigation, the superintendent of schools or the president of the school board finds that the report involves an alleged incident of child abuse other than the administration of a spanking by certificated school personnel or the use of reasonable force to protect persons or property when administered by school personnel pursuant to a written policy of discipline or that the report was made for the sole purpose of harassing a public school employee, the superintendent of schools or the president of the school board shall immediately refer the matter back to the children's division and take no further action. In all matters referred back to the children's division, the division shall treat the report in the same manner as other reports of alleged child abuse received by the division.

14. If the report pertains to an alleged incident which arose out of or is related to a spanking administered by certificated personnel or the use of reasonable force to protect persons or property when administered by personnel of a school district pursuant to a written policy of discipline or a report made for the sole purpose of harassing a public school employee, a notification of the reported child abuse shall be sent by the superintendent of schools or the president of the school board to the law enforcement in the county in which the alleged incident occurred.

15. The report shall be jointly investigated by the law enforcement officer and the superintendent of schools or, if the subject of the report is the superintendent of schools, by a law enforcement officer and the president of the school board or such president's designee.

16. The investigation shall begin no later than forty-eight hours after notification from the children's division is received, and shall consist of, but need not be limited to, interviewing and recording statements of the child and the child's parents or guardian within two working days after the start of the investigation, of the school district personnel allegedly involved in the report, and of any witnesses to the alleged incident.

17. The law enforcement officer and the investigating school district personnel shall issue separate reports of their findings and recommendations after the conclusion of the investigation to the school board of the school district within seven days after receiving notice from the children's division.

18. The reports shall contain a statement of conclusion as to whether the report of alleged child abuse is substantiated or is unsubstantiated.

19. The school board shall consider the separate reports referred to in subsection 17 of this section and shall issue its findings and conclusions and the action to be taken, if any, within seven days after receiving the last of the two reports. The findings and conclusions shall be made in substantially the following form:

(1) The report of the alleged child abuse is unsubstantiated. The law enforcement officer and the investigating school board personnel agree that there was not a preponderance of evidence to substantiate that abuse occurred;

(2) The report of the alleged child abuse is substantiated. The law enforcement officer and the investigating school district personnel agree that the preponderance of evidence is sufficient to support a finding that the alleged incident of child abuse did occur;

(3) The issue involved in the alleged incident of child abuse is unresolved. The law enforcement officer and the investigating school personnel are unable to agree on their findings and conclusions on the alleged incident.

20. The findings and conclusions of the school board under subsection 19 of this section shall be sent to the children's division. If the findings and conclusions of the school board are that the report of the alleged child abuse is unsubstantiated, the investigation shall be terminated, the case closed, and no record shall be entered in the children's division central registry. If the findings and conclusions of the school board are that the report of the

alleged child abuse is substantiated, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school district and shall include the information in the division's central registry. If the findings and conclusions of the school board are that the issue involved in the alleged incident of child abuse is unresolved, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school board, however, the incident and the names of the parties allegedly involved shall not be entered into the central registry of the children's division unless and until the alleged child abuse is substantiated by a court of competent jurisdiction.

21. Any superintendent of schools, president of a school board or such person's designee or law enforcement officer who knowingly falsifies any report of any matter pursuant to this section or who knowingly withholds any information relative to any investigation or report pursuant to this section is guilty of a class A misdemeanor.

22. In order to ensure the safety of all students, should a student be expelled for bringing a weapon to school, violent behavior, or for an act of school violence, that student shall not, for the purposes of the accreditation process of the Missouri school improvement plan, be considered a dropout or be included in the calculation of that district's educational persistence ratio.

160.261. 1. The local board of education of each school district shall clearly establish a written policy of discipline, including the district's determination on the use of corporal punishment and the procedures in which punishment will be applied. A written copy of the district's discipline policy and corporal punishment procedures, if applicable, shall be provided to the pupil and parent or legal guardian of every pupil enrolled in the district at the beginning of each school year and also made available in the office of the superintendent of such district, during normal business hours, for public inspection. All employees of the district shall annually receive instruction related to the specific contents of the policy of discipline and any interpretations necessary to implement the provisions of the policy in the course of their duties, including but not limited to approved methods of dealing with acts of school violence, disciplining students with disabilities and instruction in the necessity and requirements for confidentiality.

2. The policy shall require school administrators to report acts of school violence to all teachers at the attendance center and, in addition, to other school district employees with a need to know. For the purposes of this chapter or chapter 167, "need to know" is defined as school personnel who are directly responsible for the student's education or who otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. As used in this section, the phrase "act of school violence" or "violent behavior" means the exertion of physical force by a student with the intent to do serious physical injury as defined in subdivision (6) of section 565.002 to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. The policy shall at a minimum require school administrators to report, as soon as reasonably practical, to the appropriate law enforcement agency any of the following crimes, or any act which if committed by an adult would be one of the following crimes:

(1) First degree murder under section 565.020;

(26) Making a terrorist threat under section 574.115;

committed on school property, including but not limited to actions on any school bus in service on behalf of the district or while involved in school activities. The policy shall require that any portion of a student's individualized education program that is related to demonstrated or potentially violent behavior shall be provided to any teacher and other school district employees who are directly responsible for the student's education or who otherwise interact with the student on an educational basis while acting within the scope of their assigned duties. The policy shall also contain the consequences of failure to obey standards of conduct set by the local board of education, and the importance of the standards to the maintenance of an atmosphere where orderly learning is possible and encouraged.

3. The policy shall provide that any student who is on suspension for any of the offenses listed in subsection 2 of this section or any act of violence or drug-related activity defined by school district policy as a serious violation of school discipline pursuant to subsection 9 of this section shall have as a condition of his or her suspension the requirement that such student is not allowed, while on such suspension, to be within one thousand feet of any school property in the school district where such student attended school or any activity of that district, regardless of whether or not the activity takes place on district property unless:

(1) Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the superintendent or the superintendent's designee has authorized the student to be on school property;

(2) Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the superintendent or the superintendent's designee has authorized the student to be on school property;

(3) Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the school district where such student attended school; or

(4) Such student resides within one thousand feet of any public school in the school district where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

4. Any student who violates the condition of suspension required pursuant to subsection 3 of this section may be subject to expulsion or further suspension pursuant to the provisions of sections 167.161, 167.164, and 167.171. In making this determination consideration shall be given to whether the student poses a threat to the safety of any child or school employee and whether such student's unsupervised presence within one thousand feet of the school is disruptive to the educational process or undermines the effectiveness of the school's disciplinary policy. Removal of any pupil who is a student with a disability is subject to state and federal procedural rights. This section shall not limit a school district's ability to:

(1) Prohibit all students who are suspended from being on school property or attending an activity while on suspension;

(2) Discipline students for off-campus conduct that negatively affects the educational environment to the extent allowed by law.

5. The policy shall provide for a suspension for a period of not less than one year, or expulsion, for a student who is determined to have brought a weapon to school, including but not limited to the school playground or the school parking lot, brought a weapon on a school bus or brought a weapon to a school activity whether on or off of the school property in violation of district policy, except that:

(1) The superintendent or, in a school district with no high school, the principal of the school which such child attends may modify such suspension on a case-by-case basis; and

(2) This section shall not prevent the school district from providing educational services in an alternative setting to a student suspended under the provisions of this section.

6. For the purpose of this section, the term "weapon" shall mean a firearm as defined under 18 U.S.C. Section 921 and the following items, as defined in section 571.010: a blackjack, a concealable firearm, an explosive weapon, a firearm, a firearm silencer, a gas gun, a knife, knuckles, a machine gun, a projectile weapon, a rifle, a shotgun, a spring gun or a switchblade knife; except that this section shall not be construed to prohibit a school board from adopting a policy to allow a Civil War reenactor to carry a Civil War era weapon on school property for educational purposes so long as the firearm is unloaded. The local board of education shall define weapon in the discipline policy. Such definition shall include the weapons defined in this subsection but may also include other weapons.

7. All school district personnel responsible for the care and supervision of students are authorized to hold every pupil strictly accountable for any disorderly conduct in school or on any property of the school, on any school bus going to or returning from school, during school-sponsored activities, or during intermission or recess periods.

8. Teachers and other authorized district personnel in public schools responsible for the care, supervision, and discipline of schoolchildren, including volunteers selected with reasonable care by the school district, shall not be civilly liable when acting in conformity with the established policies developed by each board, including but not limited to policies of student discipline or when reporting to his or her supervisor or other person as mandated by state law acts of school violence or threatened acts of school violence, within the course and scope of the duties of the teacher, authorized district personnel or volunteer, when such individual is acting in conformity with the established policies developed by the board. Nothing in this section shall be construed to create a new cause of action against such school district, or to relieve the school district from liability for the negligent acts of such persons.

9. Each school board shall define in its discipline policy acts of violence and any other acts that constitute a serious violation of that policy. "Acts of violence" as defined by school boards shall include but not be limited to exertion of physical force by a student with the intent to do serious bodily harm to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. School districts shall for each student enrolled in the school district compile and maintain records of any serious violation of the district's discipline policy. Such records shall be made available to teachers and other school district employees with a need to know while acting within the scope of their assigned duties, and shall be provided as required in section 167.020 to any school district in which the student subsequently attempts to enroll.

10. Spanking, when administered by certificated personnel and in the presence of a witness who is an employee of the school district, or the use of reasonable force to protect persons or property, when administered by personnel of a school district in a reasonable manner in accordance with the local board of education's written policy of discipline, is not abuse within the meaning of chapter 210. The provisions of sections 210.110 to 210.165 notwithstanding, the children's division shall not have jurisdiction over or investigate any report of alleged child abuse arising out of or related to the use of reasonable force to protect persons or property when administered by personnel of a school district or any spanking administered in a reasonable manner by any certificated school personnel in the presence of a witness who is an employee of the school district pursuant to a written policy of discipline established by the board of education of the school district, as long as no allegation of sexual misconduct arises from the spanking or use of force.

11. If a student reports alleged sexual misconduct on the part of a teacher or other school employee to a person employed in a school facility who is required to report such misconduct to the children's division under section 210.115, such person and the superintendent of the school district shall report the allegation to the children's division as set forth in section 210.115. Reports made to the children's division under this subsection shall be investigated by the division in accordance with the provisions of sections 210.145 to 210.153 and shall not be investigated by the school district under subsections 12 to 20 of this section for purposes of determining whether the allegations should or should not be substantiated. The district may investigate the allegations for the purpose of making any decision regarding the employment of the accused employee.

12. Upon receipt of any reports of child abuse by the children's division other than reports provided under subsection 11 of this section, pursuant to sections 210.110 to 210.165 which allegedly involve personnel of a school district, the children's division shall notify the superintendent of schools of the district or, if the person named in the alleged incident is the superintendent of schools, the president of the school board of the school district where the alleged incident occurred.

13. If, after an initial investigation, the superintendent of schools or the president of the school board finds that the report involves an alleged incident of child abuse other than the administration of a spanking by certificated school personnel or the use of reasonable force to protect persons or property when administered by school personnel pursuant to a written policy of discipline or that the report was made for the sole purpose of harassing a public school employee, the superintendent of schools or the president of the school board shall immediately refer the matter back to the children's division and take no further action. In all matters referred back to the children's division, the division shall treat the report in the same manner as other reports of alleged child abuse received by the division.

14. If the report pertains to an alleged incident which arose out of or is related to a spanking administered by certificated personnel or the use of reasonable force to protect persons or property when administered by personnel of a school district pursuant to a written policy of discipline or a report made for the sole purpose of harassing a public school employee, a notification of the reported child abuse shall be sent by the superintendent of schools or the president of the school board to the law enforcement in the county in which the alleged incident occurred.

15. The report shall be jointly investigated by the law enforcement officer and the superintendent of schools or, if the subject of the report is the superintendent of schools, by a law enforcement officer and the president of the school board or such president's designee.

16. The investigation shall begin no later than forty-eight hours after notification from the children's division is received, and shall consist of, but need not be limited to, interviewing and recording statements of the child and the child's parents or guardian within two working days after the start of the investigation, of the school district personnel allegedly involved in the report, and of any witnesses to the alleged incident.

17. The law enforcement officer and the investigating school district personnel shall issue separate reports of their findings and recommendations after the conclusion of the investigation to the school board of the school district within seven days after receiving notice from the children's division.

18. The reports shall contain a statement of conclusion as to whether the report of alleged child abuse is substantiated or is unsubstantiated.

19. The school board shall consider the separate reports referred to in subsection 17 of this section and shall issue its findings and conclusions and the action to be taken, if any, within seven days after receiving the last of the two reports. The findings and conclusions shall be made in substantially the following form:

(1) The report of the alleged child abuse is unsubstantiated. The law enforcement officer and the investigating school board personnel agree that there was not a preponderance of evidence to substantiate that abuse occurred;

(2) The report of the alleged child abuse is substantiated. The law enforcement officer and the investigating school district personnel agree that the preponderance of evidence is sufficient to support a finding that the alleged incident of child abuse did occur;

(3) The issue involved in the alleged incident of child abuse is unresolved. The law enforcement officer and the investigating school personnel are unable to agree on their findings and conclusions on the alleged incident.

20. The findings and conclusions of the school board under subsection 19 of this section shall be sent to the children's division. If the findings and conclusions of the school board are that the report of the alleged child abuse is unsubstantiated, the investigation shall be terminated, the case closed, and no record shall be entered in the children's division central registry. If the findings and conclusions of the school board are that the report of the alleged child abuse is substantiated, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school district and shall include the information in the division's central registry. If the findings and conclusions of the school board are that the issue involved in the alleged incident of child abuse is unresolved, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school board, however, the incident and the names of the parties allegedly involved shall not be entered into the central registry of the children's division unless and until the alleged child abuse is substantiated by a court of competent jurisdiction.

21. Any superintendent of schools, president of a school board or such person's designee or law enforcement officer who knowingly falsifies any report of any matter pursuant to this section or who knowingly withholds any information relative to any investigation or report pursuant to this section is guilty of a class A misdemeanor.

22. In order to ensure the safety of all students, should a student be expelled for bringing a weapon to school, violent behavior, or for an act of school violence, that student shall not, for the purposes of the accreditation process of the Missouri school improvement plan, be considered a dropout or be included in the calculation of that district's educational persistence ratio.

This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to

delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2015, shall be invalid and void.

170.048. 1. By July 1, 2017, each district shall adopt a policy for youth suicide awareness and prevention, including the training and education of district employees.

2. Each district's policy shall address, but need not be limited to, the following:

3. By July 1, 2016, the department of elementary and secondary education shall develop a model policy that districts may adopt. When developing the model policy, the department shall cooperate, consult with, and seek input from organizations that have expertise in youth suicide awareness and prevention. By July 1, 2020, and at least every three years thereafter, the department shall request information and seek feedback from districts on their experience with the policy for youth suicide awareness and prevention. The department shall review this information and may use it to change the department's model policy. The department shall post any information on its website that it has received from districts that it deems relevant. The department shall not post any confidential information or any information that personally identifies any student or school employee.

JOURNAL OF THE HOUSE

First Regular Session, 98th GENERAL ASSEMBLY

FIFTY-NINTH DAY, TUESDAY, APRIL 28, 2015

The House met pursuant to adjournment.

Speaker Diehl in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

If any of you lacks wisdom, let him ask of God, who giveth to all men liberally; and it will be given him. (James 1:5)

O Good Shepherd whose gentleness and mercy follows us all our days, may the thoughts in our minds and the attitudes of our hearts and the words on our lips be acceptable in Your sight as we face the tasks of this busy yet beautiful morning.

Amid the shifting scenes of multiple votes we pray for strength to carry our burdens, for wisdom to solve our problems, for understanding to relate ourselves affirmatively to others, and for the faith of the patriot dream.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-eighth day was approved as printed.

(12) A government-issued photo identification. This photograph shall not be included on the permit and shall only be used to verify the person's identity for permit renewal, or for the issuance of a new permit due to change of address, or for a lost or destroyed permit.

4. An application for a concealed carry permit shall be made to the sheriff of the county or any city not within a county in which the applicant resides. An application shall be filed in writing, signed under oath and under the penalties of perjury, and shall state whether the applicant complies with each of the requirements specified in subsection 2 of this section. In addition to the completed application, the applicant for a concealed carry permit must also submit the following:

(1) A photocopy of a firearms safety training certificate of completion or other evidence of completion of a firearms safety training course that meets the standards established in subsection 1 or 2 of section 571.111; and

(2) A nonrefundable permit fee as provided by subsection 11 or 12 of this section.

5. (1) Before an application for a concealed carry permit is approved, the sheriff shall make only such inquiries as he or she deems necessary into the accuracy of the statements made in the application. The sheriff may require that the applicant display a Missouri driver's license or nondriver's license or military identification and orders showing the person being stationed in Missouri. In order to determine the applicant's suitability for a concealed carry permit, the applicant shall be fingerprinted. No other biometric data shall be collected from the applicant. The sheriff shall conduct an inquiry of the National Instant Criminal Background Check System within three working days after submission of the properly completed application for a concealed carry permit. If no disqualifying record is identified by these checks at the state level, the fingerprints shall be forwarded to the Federal

Bureau of Investigation for a national criminal history record check. Upon receipt of the completed report from the National Instant Criminal Background Check System and the response from the Federal Bureau of Investigation national criminal history record check, the sheriff shall examine the results and, if no disqualifying information is identified, shall issue a concealed carry permit within three working days.

(2) In the event the report from the National Instant Criminal Background Check System and the response from the Federal Bureau of Investigation national criminal history record check prescribed by subdivision (1) of this subsection are not completed within forty-five calendar days and no disqualifying information concerning the applicant has otherwise come to the sheriff's attention, the sheriff shall issue a provisional permit, clearly designated on the certificate as such, which the applicant shall sign in the presence of the sheriff or the sheriff's designee. This permit, when carried with a valid Missouri driver's or nondriver's license or a valid military identification, shall permit the applicant to exercise the same rights in accordance with the same conditions as pertain to a concealed carry permit issued under this section, provided that it shall not serve as an alternative to an national instant criminal background check required by 18 U.S.C. Section 922(t). The provisional permit shall remain valid until such time as the sheriff either issues or denies the certificate of qualification under subsection 6 or 7 of this section. The sheriff shall revoke a provisional permit issued under this subsection within twenty-four hours of receipt of any report that identifies a disqualifying record, and shall notify the concealed carry permit system established under subsection 5 of section 650.350. The revocation of a provisional permit issued under this section shall be proscribed in a manner consistent to the denial and review of an application under subsection 6 of this section.

6. The sheriff may refuse to approve an application for a concealed carry permit if he or she determines that any of the requirements specified in subsection 2 of this section have not been met, or if he or she has a substantial and demonstrable reason to believe that the applicant has rendered a false statement regarding any of the provisions of sections 571.101 to 571.121. If the applicant is found to be ineligible, the sheriff is required to deny the application, and notify the applicant in writing, stating the grounds for denial and informing the applicant of the right to submit, within thirty days, any additional documentation relating to the grounds of the denial. Upon receiving any additional documentation, the sheriff shall reconsider his or her decision and inform the applicant within thirty days of the result of the reconsideration. The applicant shall further be informed in writing of the right to appeal the denial pursuant to subsections 2, 3, 4, and 5 of section 571.114. After two additional reviews and denials by the sheriff, the person submitting the application shall appeal the denial pursuant to subsections 2, 3, 4, and 5 of section 571.114.

7. If the application is approved, the sheriff shall issue a concealed carry permit to the applicant within a period not to exceed three working days after his or her approval of the application. The applicant shall sign the concealed carry permit in the presence of the sheriff or his or her designee.

8. The concealed carry permit shall specify only the following information:

(1) Name, address, date of birth, gender, height, weight, color of hair, color of eyes, and signature of the permit holder;

(2) The signature of the sheriff issuing the permit;

(3) The date of issuance; and

(4) The expiration date.

The permit shall be no larger than two and one-eighth inches wide by three and three-eighths inches long and shall be of a uniform style prescribed by the department of public safety. The permit shall also be assigned a concealed carry permit system county code and shall be stored in sequential number.

9. (1) The sheriff shall keep a record of all applications for a concealed carry permit or a provisional permit and his or her action thereon. Any record of an application that is incomplete or denied for any reason shall be kept for a period not to exceed one year. Any record of an application that was approved shall be kept for a period of one year after the expiration and nonrenewal of the permit.

(2) The sheriff shall report the issuance of a concealed carry permit or provisional permit to the concealed carry permit system. All information on any such permit that is protected information on any driver's or nondriver's license shall have the same personal protection for purposes of sections 571.101 to 571.121. An applicant's status as a holder of a concealed carry permit, provisional permit, or a concealed carry endorsement issued prior to August 28, 2013, shall not be public information and shall be considered personal protected information. Information retained in the concealed carry permit system under this subsection shall not be distributed to any federal, state, or private entities and shall only be made available for a single entry query of an individual in the event the individual is a subject of interest in an active criminal investigation or is arrested for a crime. A sheriff may access the concealed carry permit system for administrative purposes to issue a permit, verify the accuracy of permit holder information, change the name or address of a permit holder, suspend or revoke a permit, cancel an expired permit, or cancel a

permit upon receipt of a certified death certificate for the permit holder. Any person who violates the provisions of this subdivision by disclosing protected information shall be guilty of a class A misdemeanor.

10. Information regarding any holder of a concealed carry permit, or a concealed carry endorsement issued prior to August 28, 2013, is a closed record. No bulk download or batch data shall be distributed to any federal, state, or private entity, except to MoSMART or a designee thereof. Any state agency that has retained any documents or records, including fingerprint records provided by an applicant for a concealed carry endorsement prior to August 28, 2013, shall destroy such documents or records, upon successful issuance of a permit.

11. For processing an application for a concealed carry permit pursuant to sections 571.101 to 571.121, the sheriff in each county shall charge a nonrefundable fee not to exceed one hundred dollars which shall be paid to the treasury of the county to the credit of the sheriff's revolving fund.

12. For processing a renewal for a concealed carry permit pursuant to sections 571.101 to 571.121, the sheriff in each county shall charge a nonrefundable fee not to exceed fifty dollars which shall be paid to the treasury of the county to the credit of the sheriff's revolving fund. **In all cases, the sheriff of any county with a charter form of government and with more than six hundred thousand inhabitants but fewer than seven hundred thousand inhabitants shall process a renewal for a concealed carry permit no later than thirty days from the receipt of a request by any individual eligible to receive a renewal for his or her concealed carry permit. The sheriff shall make a record of any oral or written request to renew a concealed carry permit for purposes of compliance with this subsection and shall retain such record for at least one year after a new permit is issued or an individual is found ineligible for a renewal. The sheriff shall contact those approved for renewal immediately and shall make the renewed permit available for receipt during normal business hours. The process for permit renewal, communication with applicants, scheduling meetings regarding permit renewal, or a request for more information, and the timely renewal of a concealed carry permit is a mandatory, ministerial duty of the office of sheriff and noncompliance may result in both injunctive relief and attorney costs issued against the office of sheriff.**

13. For the purposes of sections 571.101 to 571.121, the term "sheriff" shall include the sheriff of any county or city not within a county or his or her designee and in counties of the first classification the sheriff may designate the chief of police of any city, town, or municipality within such county.

14. For the purposes of this chapter, "concealed carry permit" shall include any concealed carry endorsement issued by the department of revenue before January 1, 2014, and any concealed carry document issued by any sheriff or under the authority of any sheriff after December 31, 2013."; and

3. For purposes of giving notice under this section, if the transfer occurs by operation of law, the personal representative, receiver, trustee, sheriff, or other representative or successor in interest of the person whose interest is transferred shall be considered the transferor. Repossession by a creditor shall not be considered a transfer of ownership requiring such notice.

[3.**] 4.** The requirements of this section shall not apply to transfers when there is no complete change of ownership interest or upon award of ownership of a motor vehicle or trailer made by court order, or transfers of ownership of a motor vehicle or trailer to or between vehicle dealers, or transfers of ownership of a motor vehicle or trailer to an insurance company due to a theft or casualty loss, or transfers of beneficial ownership of a motor vehicle owned by a trust.

[4.**] 5.** Notification under this section is only required for transfers of ownership that would otherwise require registration and an application for certificate of title in this state under section 301.190, and is for informational purposes only and does not constitute an assignment or release of any interest in the vehicle.

2. Any person whose license is reinstated under the provisions of subdivision (9) or (10) of subsection 1 of this section shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device **within the last three months of the six-month period of required installation of the ignition interlock device**, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended **[**for an additional six months**] until the person has completed three consecutive months with no violations as described in this section**. If the person fails to maintain such proof with the director, the license shall be suspended **[**for the remainder of the six-month period or**]** until proof as required by this section is filed with the director. **[**Upon the completion of the six-month period, the license shall be shown as reinstated, if the person is otherwise eligible.**]**

3. Any person who petitions the court for reinstatement of his or her license pursuant to subdivision (9) or (10) of subsection 1 of this section shall make application with the Missouri state highway patrol as provided in section 43.540, and shall submit two sets of fingerprints collected pursuant to standards as determined by the highway patrol. One set of fingerprints shall be used by the highway patrol to search the criminal history repository and the second set shall be forwarded to the Federal Bureau of Investigation for searching the federal criminal history files. At the time of application, the applicant shall supply to the highway patrol the court name and case number for the court where he or she has filed his or her petition for reinstatement. The applicant shall pay the fee for the state criminal history check pursuant to section 43.530 and pay the appropriate fee determined by the Federal Bureau of Investigation for the federal criminal history record. The Missouri highway patrol, upon receipt of the results of the criminal history check, shall forward a copy of the results to the circuit court designated by the applicant and to the department. Notwithstanding the provisions of section 610.120, all records related to any criminal history check shall be accessible and available to the director and the court.

*302.304. 1. The director shall notify by ordinary mail any operator of the point value charged against the operator's record when the record shows four or more points have been accumulated in a twelve-month period.

2. In an action to suspend or revoke a license or driving privilege under this section points shall be accumulated on the date of conviction. No case file of any conviction for a driving violation for which points may be assessed pursuant to section 302.302 may be closed until such time as a copy of the record of such conviction is forwarded to the department of revenue.

3. The director shall suspend the license and driving privileges of any person whose driving record shows the driver has accumulated eight points in eighteen months.

4. The license and driving privilege of any person whose license and driving privilege have been suspended under the provisions of sections 302.010 to 302.540 except those persons whose license and driving privilege have been suspended under the provisions of subdivision (8) of subsection 1 of section 302.302 or has accumulated sufficient points together with a conviction under subdivision (10) of subsection 1 of section 302.302 and who has filed proof of financial responsibility with the department of revenue, in accordance with chapter 303, and is otherwise eligible, shall be reinstated as follows:

(1) In the case of an initial suspension, thirty days after the effective date of the suspension;

(2) In the case of a second suspension, sixty days after the effective date of the suspension;

(3) In the case of the third and subsequent suspensions, ninety days after the effective date of the suspension.

Unless proof of financial responsibility is filed with the department of revenue, a suspension shall continue in effect for two years from its effective date.

5. The period of suspension of the driver's license and driving privilege of any person under the provisions of subdivision (8) of subsection 1 of section 302.302 or who has accumulated sufficient points together with a conviction under subdivision (10) of subsection 1 of section 302.302 shall be thirty days, followed by a sixty-day period of restricted driving privilege as defined in section 302.010. Upon completion of such period of restricted driving privilege, upon compliance with other requirements of law and upon filing of proof of financial

responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. If a person, otherwise subject to the provisions of this subsection, files proof of installation with the department of revenue that any vehicle operated by such person is equipped with a functioning, certified ignition interlock device, there shall be no period of suspension. However, in lieu of a suspension the person shall instead complete a ninety-day period of restricted driving privilege. If the person fails to maintain such proof of the device with the director of revenue as required, the restricted driving privilege shall be terminated. Upon completion of such ninety-day period of restricted driving privilege, upon compliance with other requirements of law, and upon filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. However, if the monthly monitoring reports during such ninety-day period indicate that the ignition interlock device has registered a confirmed blood alcohol concentration level above the alcohol setpoint established by the department of transportation or such reports indicate that the ignition interlock device has been tampered with or circumvented, then the license and driving privilege of such person shall not be reinstated until the person completes an additional thirty-day period of restricted driving privilege.

6. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, or, if applicable, if the person fails to maintain proof that any vehicle operated is equipped with a functioning, certified ignition interlock device installed pursuant to subsection 5 of this section, the person's driving privilege and license shall be resuspended.

7. The director shall revoke the license and driving privilege of any person when the person's driving record shows such person has accumulated twelve points in twelve months or eighteen points in twenty-four months or twenty-four points in thirty-six months. The revocation period of any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303 and is otherwise eligible, shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of revenue, except as provided in subsection 2 of section 302.541, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, the person's license and driving privilege shall be rerevoked. Any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 shall, upon receipt of the notice of termination of the revocation from the director, pass the complete driver examination and apply for a new license before again operating a motor vehicle upon the highways of this state.

8. If, prior to conviction for an offense that would require suspension or revocation of a person's license under the provisions of this section, the person's total points accumulated are reduced, pursuant to the provisions of section 302.306, below the number of points required for suspension or revocation pursuant to the provisions of this section, then the person's license shall not be suspended or revoked until the necessary points are again obtained and accumulated.

9. If any person shall neglect or refuse to surrender the person's license, as provided herein, the director shall direct the state highway patrol or any peace or police officer to secure possession thereof and return it to the director.

10. Upon the issuance of a reinstatement or termination notice after a suspension or revocation of any person's license and driving privilege under the provisions of sections 302.010 to 302.540, the accumulated point value shall be reduced to four points, except that the points of any person serving as a member of the Armed Forces of the United States outside the limits of the United States during a period of suspension or revocation shall be reduced to zero upon the date of the reinstatement or termination of notice. It shall be the responsibility of such member of the Armed Forces to submit copies of official orders to the director of revenue to substantiate such overseas service. Any other provision of sections 302.010 to 302.540 to the contrary notwithstanding, the effective date of the four points remaining on the record upon reinstatement or termination shall be the date of the reinstatement or termination notice.

11. No credit toward reduction of points shall be given during periods of suspension or revocation or any period of driving under a limited driving privilege granted by a court or the director of revenue.

12. Any person or nonresident whose license or privilege to operate a motor vehicle in this state has been suspended or revoked under this or any other law shall, before having the license or privilege to operate a motor vehicle reinstated, pay to the director a reinstatement fee of twenty dollars which shall be in addition to all other fees provided by law.

13. Notwithstanding any other provision of law to the contrary, if after two years from the effective date of any suspension or revocation issued under this chapter, except any suspension or revocation issued under section 302.410, 302.462, or 302.574, the person or nonresident has not paid the reinstatement fee of twenty dollars, the

director shall reinstate such license or privilege to operate a motor vehicle in this state. Any person who has had his or her license suspended or revoked under section 302.410, 302.462, or 302.574, shall be required to pay the reinstatement fee.

14. No person who has had a license to operate a motor vehicle suspended or revoked as a result of an assessment of points for a violation under subdivision (8), (9) or (10) of subsection 1 of section 302.302 shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. Assignment recommendations, based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion pursuant to the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a like offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001 or of a person determined to have operated a motor vehicle with fifteen-hundredths of one percent or more by weight in such person's blood. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted pursuant to this subsection shall not be necessary unless directed by the court.

15. The fees for the program authorized in subsection 14 of this section, or a portion thereof to be determined by the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee in an amount to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010 or a program determined to be comparable by the department of mental health. The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due the division of alcohol and drug abuse pursuant to this section and shall accrue at a rate not to exceed the annual rate established pursuant to the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health pursuant to this section shall be deposited in the mental health earnings fund which is created in section 630.053.

16. Any administrator who fails to remit to the division of alcohol and drug abuse of the department of mental health the supplemental fees and interest for all persons enrolled in the program pursuant to this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due the division pursuant to this section. If the supplemental fees, interest, and penalties are not remitted to the division of alcohol and drug abuse of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action of the collection of said fees and interest accrued. The court shall assess attorney fees and court costs against any delinquent program.

17. Any person who has had a license to operate a motor vehicle suspended or revoked as a result of an assessment of points for a conviction for an intoxication-related traffic offense as defined under section 577.001, and who has a prior alcohol-related enforcement contact as defined under section 302.525, shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement of the license. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device **within the last three months of the six-month period of required installation of the ignition interlock device**, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended **[**for an additional six months**] until the person has completed three consecutive months with no violations as described in this section**. If the person fails to maintain such proof with the director, the license shall be resuspended or revoked and the person shall be guilty of a class A misdemeanor.

*302.309. 1. Whenever any license is suspended pursuant to sections 302.302 to 302.309, the director of revenue shall return the license to the operator immediately upon the termination of the period of suspension and upon compliance with the requirements of chapter 303.

2. Any operator whose license is revoked pursuant to these sections, upon the termination of the period of revocation, shall apply for a new license in the manner prescribed by law.

3. (1) All circuit courts, the director of revenue, or a commissioner operating under section 478.007 shall have jurisdiction to hear applications and make eligibility determinations granting limited driving privileges, except as provided under subdivision (8) of this subsection. Any application may be made in writing to the director of revenue and the person's reasons for requesting the limited driving privilege shall be made therein.

(2) When any court of record having jurisdiction or the director of revenue finds that an operator is required to operate a motor vehicle in connection with any of the following:

(a) A business, occupation, or employment;

(b) Seeking medical treatment for such operator;

(c) Attending school or other institution of higher education;

(d) Attending alcohol or drug treatment programs;

(e) Seeking the required services of a certified ignition interlock device provider; or

(f) Any other circumstance the court or director finds would create an undue hardship on the operator,

the court or director may grant such limited driving privilege as the circumstances of the case justify if the court or director finds undue hardship would result to the individual, and while so operating a motor vehicle within the restrictions and limitations of the limited driving privilege the driver shall not be guilty of operating a motor vehicle without a valid license.

(3) An operator may make application to the proper court in the county in which such operator resides or in the county in which is located the operator's principal place of business or employment. Any application for a limited driving privilege made to a circuit court shall name the director as a party defendant and shall be served upon the director prior to the grant of any limited privilege, and shall be accompanied by a copy of the applicant's driving record as certified by the director. Any applicant for a limited driving privilege shall have on file with the department of revenue proof of financial responsibility as required by chapter 303. Any application by a person who transports persons or property as classified in section 302.015 may be accompanied by proof of financial responsibility as required by chapter 303, but if proof of financial responsibility does not accompany the application, or if the applicant does not have on file with the department of revenue proof of financial responsibility, the court or the director has discretion to grant the limited driving privilege to the person solely for the purpose of operating a vehicle whose owner has complied with chapter 303 for that vehicle, and the limited driving privilege must state such restriction. When operating such vehicle under such restriction the person shall carry proof that the owner has complied with chapter 303 for that vehicle.

(4) No limited driving privilege shall be issued to any person otherwise eligible under the provisions of **[**paragraph (a) of**]** subdivision (6) of this subsection **[**on a license revocation resulting from a conviction under subdivision (9) of subsection 1 of section 302.302, or**]** **if such person has** a license denial under paragraph (a) or (b) of subdivision (8) of this subsection**[**, or a license revocation under paragraph (g) of subdivision (6) of this subsection,**]** **or on a license revocation resulting from a conviction under subdivision (9) of subsection 1 of section 302.302, or a license revocation under subdivision (2) of subsection 2 of section 302.525, or sections 302.574 or 577.041,** until the applicant has filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of limited driving privilege. The ignition interlock device required for obtaining a limited driving privilege under paragraph (a) or (b) of subdivision (8) of this subsection shall have a photo identification technology feature, and a court may require a global positioning system feature for such device.

(5) The court order or the director's grant of the limited or restricted driving privilege shall indicate the termination date of the privilege, which shall be not later than the end of the period of suspension or revocation. The court order or the director's grant of the limited or restricted driving privilege shall also indicate whether a functioning, certified ignition interlock device is required as a condition of operating a motor vehicle with the limited driving privilege. A copy of any court order shall be sent by the clerk of the court to the director, and a copy shall be given to the driver which shall be carried by the driver whenever such driver operates a motor vehicle. The director of revenue upon granting a limited driving privilege shall give a copy of the limited driving privilege to the applicant. The applicant shall carry a copy of the limited driving privilege while operating a motor vehicle. A conviction which results in the assessment of points pursuant to section 302.302, other than a violation of a municipal stop sign ordinance where no accident is involved, against a driver who is operating a vehicle pursuant to

a limited driving privilege terminates the privilege, as of the date the points are assessed to the person's driving record. If the date of arrest is prior to the issuance of the limited driving privilege, the privilege shall not be terminated. Failure of the driver to maintain proof of financial responsibility, as required by chapter 303, or to maintain proof of installation of a functioning, certified ignition interlock device, as applicable, shall terminate the privilege. The director shall notify by ordinary mail the driver whose privilege is so terminated.

(6) Except as provided in subdivision (8) of this subsection, no person is eligible to receive a limited driving privilege whose license at the time of application has been suspended or revoked for the following reasons:

(a) **[**A conviction of violating the provisions of section 577.010 or 577.012, or any similar provision of any federal or state law, or a municipal or county law where the judge in such case was an attorney and the defendant was represented by or waived the right to an attorney in writing, until the person has completed the first thirty days of a suspension or revocation imposed pursuant to this chapter;

(b)**]** A conviction of any felony in the commission of which a motor vehicle was used **and such conviction occurred within the five year period prior to the date of application. However, any felony conviction for leaving the scene of an accident under section 577.060 shall not render the applicant ineligible for a limited driving privilege under this section**;

[(c)**] (b)** Ineligibility for a license because of the provisions of subdivision (1), (2), (4), (5), (6), (7), (8), (9), **or** (10) **[**or (11)**]** of subsection 1 of section 302.060; **or**

[(d) Because of operating a motor vehicle under the influence of narcotic drugs, a controlled substance as defined in chapter 195, or having left the scene of an accident as provided in section 577.060**]**;

[(e) Due to a revocation for failure to submit to a chemical test pursuant to section 302.574 or due to a refusal to submit to a chemical test in any other state, unless such person has completed the first ninety days of such revocation and files proof of installation with the department of revenue that any vehicle operated by such person is equipped with a functioning, certified ignition interlock device, provided the person is not otherwise ineligible for a limited driving privilege;

(f)**] (c)** Due to a suspension pursuant to **subdivision (8) or (10) of subsection 1 of section 302.302 or** subsection 2 of section 302.525 **[**and who has not completed the first thirty days of such suspension, provided the person is not otherwise ineligible for a limited driving privilege; or

(g) Due to a revocation pursuant to subsection 2 of section 302.525 if such person has not completed the first forty-five days of such revocation, provided the person is not otherwise ineligible for a limited driving privilege**]**.

(7) No person who possesses a commercial driver's license shall receive a limited driving privilege issued for the purpose of operating a commercial motor vehicle if such person's driving privilege is suspended, revoked, cancelled, denied, or disqualified. Nothing in this section shall prohibit the issuance of a limited driving privilege for the purpose of operating a noncommercial motor vehicle provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege.

(8) (a) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of ten years, as prescribed in subdivision (9) of subsection 1 of section 302.060, to apply for a limited driving privilege pursuant to this subsection. Such person shall present evidence satisfactory to the court or the director that such person's habits and conduct show that the person no longer poses a threat to the public safety of this state. A circuit court shall grant a limited driving privilege to any individual who otherwise is eligible to receive a limited driving privilege, has filed proof of installation of a certified ignition interlock device, and has had no alcohol-related enforcement contacts since the alcohol-related enforcement contact that resulted in the person's license denial.

(b) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege or convicted of acting with criminal negligence while driving while intoxicated to cause the death of another person, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of five years because of two convictions of driving while intoxicated, as prescribed in subdivision (10) of subsection 1 of section 302.060, to apply for a limited driving privilege pursuant to this subsection. Such person shall present evidence satisfactory to the court or the director that such person's habits and conduct show that the person no longer poses a threat to the public safety of this state. Any person who is denied a license permanently in this state because of an alcohol-related conviction subsequent to a restoration of such person's driving privileges pursuant to subdivision (9) of section 302.060 shall not be eligible for limited driving privilege pursuant to the provisions of this subdivision. A circuit court shall grant a limited driving privilege to any individual

who otherwise is eligible to receive a limited driving privilege, has filed proof of installation of a certified ignition interlock device, and has had no alcohol-related enforcement contacts since the alcohol-related enforcement contact that resulted in the person's license denial.

(9) A DWI docket or court established under section 478.007 may grant a limited driving privilege to a participant in or graduate of the program who would otherwise be ineligible for such privilege under another provision of law. **[**The DWI docket or court shall not grant a limited driving privilege to a participant during his or her initial forty-five days of participation.**]**

4. Any person who has received notice of denial of a request of limited driving privilege by the director of revenue may make a request for a review of the director's determination in the circuit court of the county in which the person resides or the county in which is located the person's principal place of business or employment within thirty days of the date of mailing of the notice of denial. Such review shall be based upon the records of the department of revenue and other competent evidence and shall be limited to a review of whether the applicant was statutorily entitled to the limited driving privilege.

5. The director of revenue shall promulgate rules and regulations necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

302.525. 1. The license suspension or revocation shall become effective fifteen days after the subject person has received the notice of suspension or revocation as provided in section 302.520, or is deemed to have received the notice of suspension or revocation by mail as provided in section 302.515. If a request for a hearing is received by or postmarked to the department within that fifteen-day period, the effective date of the suspension or revocation shall be stayed until a final order is issued following the hearing; provided, that any delay in the hearing which is caused or requested by the subject person or counsel representing that person without good cause shown shall not result in a stay of the suspension or revocation during the period of delay.

2. The period of license suspension or revocation under this section shall be as follows:

(1) If the person's driving record shows no prior alcohol-related enforcement contacts during the immediately preceding five years, the period of suspension shall be thirty days after the effective date of suspension, followed by a sixty-day period of restricted driving privilege as defined in section 302.010 and issued by the director of revenue. The restricted driving privilege shall not be issued until he or she has filed proof of financial responsibility with the department of revenue, in accordance with chapter 303, and is otherwise eligible. The restricted driving privilege shall indicate whether a functioning, certified ignition interlock device is required as a condition of operating a motor vehicle. A copy of the restricted driving privilege shall be given to the person and such person shall carry a copy of the restricted driving privilege while operating a motor vehicle. In no case shall restricted driving privileges be issued pursuant to this section or section 302.535 until the person has completed the first thirty days of a suspension under this section. If a person otherwise subject to the provisions of this subdivision files proof of installation with the department of revenue that any vehicle that he or she operates is equipped with a functioning, certified ignition interlock device, there shall be no period of suspension. However, in lieu of a suspension the person shall instead complete a ninety-day period of restricted driving privilege. Upon completion of such ninety-day period of restricted driving privilege, compliance with other requirements of law, and filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. However, if the monthly monitoring reports during such ninety-day period indicate that the ignition interlock device has registered a confirmed blood alcohol concentration level above the alcohol setpoint established by the department of transportation or such reports indicate that the ignition interlock device has been tampered with or circumvented, then the license and driving privilege of such person shall not be reinstated until the person completes an additional thirty-day period of restricted driving privilege. If the person fails to maintain such proof of the device with the director of revenue as required, the restricted driving privilege shall be terminated;

(2) The period of revocation shall be one year if the person's driving record shows one or more prior alcohol-related enforcement contacts during the immediately preceding five years;

(3) In no case shall restricted driving privileges be issued under this section to any person whose driving record shows one or more prior alcohol-related enforcement contacts until the person has **[**completed the first thirty days of a suspension under this section and has**]** filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of

the restricted driving privilege. If the person fails to maintain such proof the restricted driving privilege shall be terminated.

3. For purposes of this section, "alcohol-related enforcement contacts" shall include any suspension or revocation under sections 302.500 to 302.540, any suspension or revocation entered in this or any other state for a refusal to submit to chemical testing under an implied consent law, and any conviction in this or any other state for a violation which involves driving while intoxicated, driving while under the influence of drugs or alcohol, or driving a vehicle while having an unlawful alcohol concentration.

4. Where a license is suspended or revoked under this section and the person is also convicted on charges arising out of the same occurrence for a violation of section 577.010 or 577.012 or for a violation of any county or municipal ordinance prohibiting driving while intoxicated or alcohol-related traffic offense, both the suspension or revocation under this section and any other suspension or revocation arising from such convictions shall be imposed, but the period of suspension or revocation under sections 302.500 to 302.540 shall be credited against any other suspension or revocation arising from such convictions, and the total period of suspension or revocation shall not exceed the longer of the two suspension or revocation periods.

5. Any person who has had a license to operate a motor vehicle revoked under this section or suspended under this section with one or more prior alcohol-related enforcement contacts showing on their driver record shall be required to file proof with the director of revenue that any motor vehicle operated by that person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device **within the last three months of the six-month period of required installation of the ignition interlock device**, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended **[**for an additional six months**] until the person has completed three consecutive months with no violations as described in this section.** If the person fails to maintain such proof with the director, the license shall be suspended or revoked, **[**as applicable**] until proof as required by this section is filed with the director, and the person shall be guilty of a class A misdemeanor**.

302.574. 1. If a person who was operating a vehicle refuses upon the request of the officer to submit to any chemical test under section 577.041, the officer shall, on behalf of the director of revenue, serve the notice of license revocation personally upon the person and shall take possession of any license to operate a vehicle issued by this state which is held by that person. The officer shall issue a temporary permit, on behalf of the director of revenue, which is valid for fifteen days and shall also give the person notice of his or her right to file a petition for review to contest the license revocation.

2. Such officer shall make a certified report under penalties of perjury for making a false statement to a public official. The report shall be forwarded to the director of revenue and shall include the following:

(1) That the officer has:

(a) Reasonable grounds to believe that the arrested person was driving a motor vehicle while in an intoxicated condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer has reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater;

(2) That the person refused to submit to a chemical test;

(3) Whether the officer secured the license to operate a motor vehicle of the person;

(4) Whether the officer issued a fifteen-day temporary permit;

(5) Copies of the notice of revocation, the fifteen-day temporary permit, and the notice of the right to file a petition for review. The notices and permit may be combined in one document; and

(6) Any license, which the officer has taken into possession, to operate a motor vehicle.

3. Upon receipt of the officer's report, the director shall revoke the license of the person refusing to take the test for a period of one year; or if the person is a nonresident, such person's operating permit or privilege shall be revoked for one year; or if the person is a resident without a license or permit to operate a motor vehicle in this state, an order shall be issued denying the person the issuance of a license or permit for a period of one year.

4. If a person's license has been revoked because of the person's refusal to submit to a chemical test, such person may petition for a hearing before a circuit division or associate division of the court in the county in which the arrest or stop occurred. The person may request such court to issue an order staying the revocation until such time as the petition for review can be heard. If the court, in its discretion, grants such stay, it shall enter the order upon a form prescribed by the director of revenue and shall send a copy of such order to the director. Such order shall serve as proof of the privilege to operate a motor vehicle in this state and the director shall maintain possession of the person's license to operate a motor vehicle until termination of any revocation under this section. Upon the person's request, the clerk of the court shall notify the prosecuting attorney of the county and the prosecutor shall appear at the hearing on behalf of the director of revenue. At the hearing, the court shall determine only:

(1) Whether the person was arrested or stopped;

(2) Whether the officer had:

(a) Reasonable grounds to believe that the person was driving a motor vehicle while in an intoxicated or drugged condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer had reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater; and

(3) Whether the person refused to submit to the test.

5. If the court determines any issue not to be in the affirmative, the court shall order the director to reinstate the license or permit to drive.

6. Requests for review as provided in this section shall go to the head of the docket of the court wherein filed.

7. No person who has had a license to operate a motor vehicle suspended or revoked under the provisions of this section shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. Assignment recommendations, based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion under the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a similar offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001, or of a person determined to have operated a motor vehicle with a blood alcohol content of fifteen-hundredths of one percent or more by weight. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted under this subsection shall not be necessary unless directed by the court.

8. The fees for the substance abuse traffic offender program, or a portion thereof, to be determined by the division of alcohol and drug abuse of the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010. The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due to the division of alcohol and drug abuse under this section, and shall accrue at a rate not to exceed the annual rates established under the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health under this section shall be deposited in the mental health earnings fund, which is created in section 630.053.

9. Any administrator who fails to remit to the division of alcohol and drug abuse of the department of mental health the supplemental fees and interest for all persons enrolled in the program under this section shall be

subject to a penalty equal to the amount of interest accrued on the supplemental fees due to the division under this section. If the supplemental fees, interest, and penalties are not remitted to the division of alcohol and drug abuse of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action for the collection of said fees and accrued interest. The court shall assess attorneys' fees and court costs against any delinquent program.

10. Any person who has had a license to operate a motor vehicle revoked under this section and who has a prior alcohol-related enforcement contact, as defined in section 302.525, shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of license reinstatement. Such ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device **within the last three months of the six-month period of required installation of the ignition interlock device**, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended **[**for an additional six months**] until the person has completed three consecutive months with no violations as described in this section**. If the person fails to maintain such proof with the director as required by this section, the license shall be rerevoked **until proof as required by this section if filed with the director,** and the person shall be guilty of a class A misdemeanor.

11. The revocation period of any person whose license and driving privilege has been revoked under this section and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303 and is otherwise eligible shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of revenue, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, the person's license and driving privilege shall be rerevoked.

12. A person commits the offense of failure to maintain proof with the Missouri department of revenue if, when required to do so, he or she fails to file proof with the director of revenue that any vehicle operated by the person is equipped with a functioning, certified ignition interlock device or fails to file proof of financial responsibility with the department of revenue in accordance with chapter 303. The offense of failure to maintain proof with the Missouri department of revenue is a class A misdemeanor.

478.007. 1. Any circuit court, or any county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants with a county municipal court established under section 66.010, may establish a docket or court to provide an alternative for the judicial system to dispose of cases in which a person has pleaded guilty to driving while intoxicated or driving with excessive blood alcohol content and:

(1) The person was operating a motor vehicle with at least fifteen-hundredths of one percent or more by weight of alcohol in such person's blood; or

(2) The person has previously pleaded guilty to or has been found guilty of one or more intoxication-related traffic offenses as defined by section 577.023; or

(3) The person has two or more previous alcohol-related enforcement contacts as defined in section 302.525.

2. This docket or court shall combine judicial supervision, drug testing, continuous alcohol monitoring, **as defined in section 577.001,** substance abuse traffic offender program compliance, and treatment of DWI court participants. The court may assess any and all necessary costs for participation in DWI court against the participant. Any money received from such assessed costs by a court from a defendant shall not be considered court costs, charges, or fines. This docket or court may operate in conjunction with a drug court established pursuant to sections 478.001 to 478.006.

3. If the division of probation and parole is otherwise unavailable to assist in the judicial supervision of any person who wishes to enter a DWI court, a court-approved private probation service may be utilized by the DWI court to fill the division's role. In such case, any and all necessary additional costs may be assessed against the participant. No person shall be rejected from participating in DWI court solely for the reason that the person does not reside in the city or county where the applicable DWI court is located but the DWI court can base acceptance into a treatment court program on its ability to adequately provide services for the person or handle the additional caseload.

"301.130. 1. The director of revenue, upon receipt of a proper application for registration, required fees and any other information which may be required by law, shall issue to the applicant a certificate of registration in such manner and form as the director of revenue may prescribe and a set of license plates, or other evidence of registration, as provided by this section. Each set of license plates shall bear the name or abbreviated name of this state, the words "SHOW-ME STATE", the month and year in which the registration shall expire, and an arrangement of numbers or letters, or both, as shall be assigned from year to year by the director of revenue. The plates shall also contain fully reflective material with a common color scheme and design for each type of license plate issued pursuant to this chapter. The plates shall be clearly visible at night, and shall be aesthetically attractive. Special plates for qualified disabled veterans will have the "DISABLED VETERAN" wording on the license plates in preference to the words "SHOW-ME STATE" and special plates for members of the National Guard will have the "NATIONAL GUARD" wording in preference to the words "SHOW-ME STATE".

2. The arrangement of letters and numbers of license plates shall be uniform throughout each classification of registration. The director may provide for the arrangement of the numbers in groups or otherwise, and for other distinguishing marks on the plates.

3. All property-carrying commercial motor vehicles to be registered at a gross weight in excess of twelve thousand pounds, all passenger-carrying commercial motor vehicles, local transit buses, school buses, trailers, semitrailers, motorcycles, motortricycles, motorscooters and driveaway vehicles shall be registered with the director of revenue as provided for in subsection 3 of section 301.030, or with the state highways and transportation commission as otherwise provided in this chapter, but only one license plate shall be issued for each such vehicle,

except as provided in this subsection. The applicant for registration of any property-carrying commercial vehicle registered at a gross weight in excess of twelve thousand pounds may request and be issued two license plates for such vehicle, and if such plates are issued, the director of revenue shall provide for distinguishing marks on the plates indicating one plate is for the front and the other is for the rear of such vehicle. The director may assess and collect an additional charge from the applicant in an amount not to exceed the fee prescribed for personalized license plates in subsection 1 of section 301.144.

4. The plates issued to manufacturers and dealers shall bear the letters and numbers as prescribed by section 301.560, and the director may place upon the plates other letters or marks to distinguish commercial motor vehicles and trailers and other types of motor vehicles.

5. No motor vehicle or trailer shall be operated on any highway of this state unless it shall have displayed thereon the license plate or set of license plates issued by the director of revenue or the state highways and transportation commission and authorized by section 301.140. Each such plate shall be securely fastened to the motor vehicle or trailer in a manner so that all parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof are not impaired. Each such plate may be encased in a transparent cover so long as the plate is plainly visible and its reflective qualities are not impaired. License plates shall be fastened to all motor vehicles except trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds on the front and rear of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. The license plates on trailers, motorcycles, motortricycles and motorscooters shall be displayed on the rear of such vehicles **either horizontally or vertically**, with the letters and numbers **[**thereon right side up**] plainly visible**. The license plate on buses, other than school buses, and on trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds shall be displayed on the front of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up or if two plates are issued for the vehicle pursuant to subsection 3 of this section, displayed in the same manner on the front and rear of such vehicles. The license plate or plates authorized by section 301.140, when properly attached, shall be prima facie evidence that the required fees have been paid.

6. (1) The director of revenue shall issue annually or biennially a tab or set of tabs as provided by law as evidence of the annual payment of registration fees and the current registration of a vehicle in lieu of the set of plates. Beginning January 1, 2010, the director may prescribe any additional information recorded on the tab or tabs to ensure that the tab or tabs positively correlate with the license plate or plates issued by the department of revenue for such vehicle. Such tabs shall be produced in each license bureau office.

(2) The vehicle owner to whom a tab or set of tabs is issued shall affix and display such tab or tabs in the designated area of the license plate, no more than one per plate.

(3) A tab or set of tabs issued by the director of revenue when attached to a vehicle in the prescribed manner shall be prima facie evidence that the registration fee for such vehicle has been paid.

(4) Except as otherwise provided in this section, the director of revenue shall issue plates for a period of at least six years.

(5) For those commercial motor vehicles and trailers registered pursuant to section 301.041, the plate issued by the highways and transportation commission shall be a permanent nonexpiring license plate for which no tabs shall be issued. Nothing in this section shall relieve the owner of any vehicle permanently registered pursuant to this section from the obligation to pay the annual registration fee due for the vehicle. The permanent nonexpiring license plate shall be returned to the highways and transportation commission upon the sale or disposal of the vehicle by the owner to whom the permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement commercial motor vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement commercial motor vehicle. Upon payment of the annual registration fee, the highways and transportation commission shall issue a certificate of registration or other suitable evidence of payment of the annual fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued.

(6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such vehicle shall be returned to the highways and transportation commission and shall not be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement vehicle. If a vehicle which is permanently registered under this section is sold, wrecked or otherwise disposed of, or the lease terminated, the registrant shall be given credit for any unused portion of the annual registration fee when the vehicle is replaced by the purchase or lease of another vehicle during the registration year.

7. The director of revenue and the highways and transportation commission may prescribe rules and regulations for the effective administration of this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

8. Notwithstanding the provisions of any other law to the contrary, owners of motor vehicles other than apportioned motor vehicles or commercial motor vehicles licensed in excess of eighteen thousand pounds gross weight may apply for special personalized license plates. Vehicles licensed for eighteen thousand pounds that display special personalized license plates shall be subject to the provisions of subsections 1 and 2 of section 301.030.

9. No later than January 1, 2009, the director of revenue shall commence the reissuance of new license plates of such design as directed by the director consistent with the terms, conditions, and provisions of this section and this chapter. Except as otherwise provided in this section, in addition to all other fees required by law, applicants for registration of vehicles with license plates that expire during the period of reissuance, applicants for registration of trailers or semitrailers with license plates that expire during the period of reissuance and applicants for registration of vehicles that are to be issued new license plates during the period of reissuance shall pay the cost of the plates required by this subsection. The additional cost prescribed in this subsection shall not be charged to persons receiving special license plates issued under section 301.073 or 301.443. Historic motor vehicle license plates registered pursuant to section 301.131 and specialized license plates are exempt from the provisions of this subsection. Except for new, replacement, and transfer applications, permanent nonexpiring license plates issued to commercial motor vehicles and trailers registered under section 301.041 are exempt from the provisions of this subsection."; and

As part of the transfer process described herein, the respective retirement plans may require the employee to acknowledge and agree as a condition of transfer that any election made under this section is irrevocable, constitutes a waiver of any right to receive retirement and disability benefits except as provided by the police retirement system, and that plan terms may be modified in the future.**

A reserve officer shall not be entitled to any benefits from the system other than those awarded when the reserve officer originally retired under section 86.250, nor shall service as a reserve officer prohibit distribution of those benefits."; and

"160.775. 1. Every district shall adopt an antibullying policy by September 1, 2007.

2. "Bullying" means intimidation or harassment that causes a reasonable student to fear for his or her physical safety or property**; substantially interferes with the educational performance, opportunities, or benefits of any student without exception; or substantially disrupts the orderly operation of the school**. Bullying may consist of **but is not limited to** physical actions, including gestures, or oral, cyberbullying, electronic, or written communication, and any threat of retaliation for reporting of such acts. **Bullying is prohibited by students on school property, at any school function, or on a school bus. "Cyberbullying" is bullying as defined in this subsection through the transmission of a communication including, but not limited to, a message, text, sound, or image by means of an electronic device including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager**.

3. Each district's antibullying policy shall be founded on the assumption that all students need a safe learning environment. Policies shall treat **all** students equally and shall not contain specific lists of protected classes of students who are to receive special treatment. Policies may include age-appropriate differences for schools based on the grade levels at the school. Each such policy shall contain a statement of the consequences of bullying.

4. Each district's antibullying policy shall **be included in the student handbook and shall** require**, at a minimum, the following components:**

(1) A statement prohibiting bullying, defined no less inclusively than in subsection 2 of this section;

(2) A statement requiring district employees to report any instance of bullying of which the employee has firsthand knowledge**[**. The district policy shall address training of employees in the requirements of the district policy.**], has reasonable cause to suspect that a student has been subject to bullying, or has received a report of bullying from a student. The policy shall require a district employee who witnesses an incident of bullying or has received reliable information that an incident of bullying has occurred to verbally report the incident to the district's designated individual at the school on the same day the employee witnessed or received the reliable information regarding the incident unless extenuating circumstances prohibit the employee from reporting until the next school day. The policy shall require such a district employee to report an incident of bullying in writing to the district's designated individual at the school within two school days. The policy shall require that the district maintain records of all incidents of bullying and their resolution. The policy shall also contain a description of the format that shall be used for a written report, which shall require, at a minimum, a listing of the offense and the outcome of any investigation;**

(3) A procedure for reporting an act of bullying. The policy shall also include a statement requiring that the district designate an individual at each school in the district to receive verbal reports and written reports of incidents of bullying. (4) A procedure for prompt investigation of reports of violations and complaints, identifying one or more employees responsible for the investigation including, at a minimum, the following requirements:

(a) Within one school day of a written report of an incident of bullying being received, the school principal, or his or her designee, shall initiate an investigation of the incident;

(b) The school principal may appoint other school staff to assist with the investigation;

(c) The investigation shall be completed within ten school days from the date of the written report;

(5) The range of ways in which a school will respond once an incident of bullying is confirmed;

(6) A statement that prohibits reprisal or retaliation against any person who reports an act of bullying and the consequence and appropriate remedial action for a person who engages in reprisal or retaliation;

(7) A statement of how the policy is to be publicized; and

(8) A process for discussing the district's antibullying policy with students and training school employees and volunteers who have significant contact with students in the requirements of the policy, including at a minimum the following statements:

(a) The school district shall provide information and appropriate training to the school district staff who have significant contact with students regarding the policy;

(b) The school district shall give annual notice of the policy to students, parents or guardians, and staff;

(c) The school district shall provide education and information to students regarding bullying, including information regarding the school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying, including student peer-to-peer initiatives to provide accountability and policy enforcement for those found to have engaged in bullying, reprisal, or retaliation against any person who reports an act of bullying;

(d) The administration of the school district shall instruct its school counselors and school psychologists to educate students who are victims of bullying on techniques for students to overcome bullying's negative effects. Such techniques shall include but not be limited to cultivating the student's self-worth and self-esteem; teaching the student to defend himself or herself assertively and effectively; helping the student develop social skills; and encouraging the student to develop an internal locus of control. The provisions of this paragraph shall not be construed to contradict or limit any other provision of this section; and

(e) The administration of the school district shall implement programs and other initiatives to prevent bullying, to respond to such conduct in a manner that does not stigmatize the victim, and to make resources or referrals available to victims of bullying.

5. Notwithstanding any other provision of law, any school district may subject any student to discipline for cyberbullying. The district shall have jurisdiction to prohibit cyberbullying that originates on a school's campus if the electronic communication was made using the school's technological resources or the electronic communication was made on the school's campus using the student's own personal technological resources. (1) It was reasonably foreseeable that the electronic communication would reach the school's campus; or

(2) There is a sufficient nexus between the electronic communication and the school which includes, but is not limited to, speech that is directed at a school-specific audience, or the speech was brought onto or accessed on the school campus, even if it was not the student in question who did so.

6. In determining the appropriate disciplinary action for a cyberbullying offense under subsection 5 of this section, the district shall take into consideration the nature of the offense, the age of the student, and the following:

(1) For a first-time or minor cyberbullying offense, the district may mandate that the student attend counseling and education sessions;

(2) For a second or more serious cyberbullying offense, the district may prohibit the student from participating in school activities or events;

(3) For a serious incident of cyberbullying, the school may suspend or expel the student.

7. Each district shall annually review its antibullying policy and revise it as needed. The district's school board shall receive input from school personnel and administrators when reviewing and revising the policy.

8. Each district shall develop a method to keep track of any correspondence between individuals and the district, or any school in the district, regarding an incident of bullying. Such correspondence shall be a closed record under chapter 610.

9. Each district shall annually report to the department of elementary and secondary education the number of confirmed reported bullying incidents in the district at the school level and the district level, and any action taken in response to an incident of bullying, including but not limited to expulsions and suspensions, for each school in the district. No district shall release any confidential information not authorized by state or federal law for public release. The department of elementary and secondary education shall post this information on its internet website within thirty days of receiving it but shall ensure that no personally identifiable information is posted."; and

House Amendment No. 1

AMEND House Bill No. 612, page, section, line, Page 1, In the Title, Lines 4-5, by deleting the words "a prohibition on certain telecommunications items being possessed in"; and

Further amend said bill, Page 3, Section 221.111, Line 42, by inserting after all of said section and line the following:

" 221.407. 1. The commission of any regional jail district may impose, by order, a sales tax in the amount of one-eighth of one percent, one-fourth of one percent, three-eighths of one percent, or one-half of one percent on all retail sales made in such region which are subject to taxation pursuant to the provisions of sections 144.010 to 144.525 for the purpose of providing jail services and court facilities and equipment for such region. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no order imposing a sales tax pursuant to this section shall be effective unless the commission submits to the voters of the district, on any election date authorized in chapter 115, a proposal to authorize the commission to impose a tax.

2. The ballot of submission shall contain, but need not be limited to, the following language:

Shall the regional jail district of ..... (counties' names) impose a region-wide sales tax of ..... (insert amount) for the purpose of providing jail services and court facilities and equipment for the region?

[ ] YES [ ] NO

If you are in favor of the question, place an "X" in the box opposite "Yes". If you are opposed to the question, place an "X" in the box opposite "No".

If a majority of the votes cast on the proposal by the qualified voters of the district voting thereon are in favor of the proposal, then the order and any amendment to such order shall be in effect on the first day of the second quarter immediately following the election approving the proposal. If the proposal receives less than the required majority, the commission shall have no power to impose the sales tax authorized pursuant to this section unless and until the commission shall again have submitted another proposal to authorize the commission to impose the sales tax authorized by this section and such proposal is approved by the required majority of the qualified voters of the district voting on such proposal; however, in no event shall a proposal pursuant to this section be submitted to the voters sooner than twelve months from the date of the last submission of a proposal pursuant to this section.

3. All revenue received by a district from the tax authorized pursuant to this section shall be deposited in a special trust fund and shall be used solely for providing jail services and court facilities and equipment for such district for so long as the tax shall remain in effect.

4. Once the tax authorized by this section is abolished or terminated by any means, all funds remaining in the special trust fund shall be used solely for providing jail services and court facilities and equipment for the district. Any funds in such special trust fund which are not needed for current expenditures may be invested by the commission in accordance with applicable laws relating to the investment of other county funds.

5. All sales taxes collected by the director of revenue pursuant to this section on behalf of any district, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created, to be known as the "Regional Jail District Sales Tax Trust Fund". The moneys in the regional jail district sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each district imposing a sales tax pursuant to this section, and the records shall be open to the inspection of officers of each member county and the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the district which levied the tax. Such funds shall be deposited with the treasurer of each such district, and all expenditures of funds arising from the regional jail district sales tax trust fund shall be paid pursuant to an appropriation adopted by the commission and shall be approved by the commission. Expenditures may be made from the fund for any function authorized in the order adopted by the commission submitting the regional jail district tax to the voters.

6. The director of revenue may **[**authorize the state treasurer to**]** make refunds from the amounts in the trust fund and credited to any district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such districts. If any district abolishes the tax, the commission shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal, and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such district, the director of revenue shall remit the balance in the account to the district and close the account of that district. The director of revenue shall notify each district in each instance of any amount refunded or any check redeemed from receipts due the district.

7. Except as provided in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed pursuant to this section.

The petition shall be verified by at least one of the signers thereof and shall be served upon the governing board of the district. The district shall be a party, and if the governing board in its discretion determines that such dissolution is not in the public interest, the district shall oppose such petition and pay all cost and expense thereof.**

2. Upon the filing of the petition, the same shall be presented to the circuit court, and such court shall fix a date for a hearing on such petition. Thereupon, the clerk of the court shall give notice of the filing of the petition in a newspaper of general circulation in the county in which the proceedings are pending, and if the district extends into any other county or counties, such notice shall also be published in a newspaper of general circulation in such other county or counties. The notice shall contain a description of the subject boundary lines of the district and the general purposes of the petition, and shall set forth the date fixed for the hearing on the petition, which shall not be less than seven nor more than twenty-one days after the date of the last publication of the notice and shall be on some regular judicial day of the court wherein the petition is pending. Such notice shall be signed by the clerk of the circuit court and shall be published in three successive issues of a weekly newspaper or in twenty successive issues of a daily newspaper.

3. The court, for good cause shown, may continue the case of the hearing thereon from time to time until final disposition thereof.

4. Exceptions to the dissolution of a district may be made by any voter or landowner of the district and by the district as herein provided. Such exceptions shall be filed not less than five days prior to the date set for the hearing on the petition. Such exceptions shall specify the grounds upon which the exceptions are

filed and the court shall take them into consideration in passing upon the petition and shall also consider the evidence in support of the petition and in support of the exceptions made. Unless petitioners prove that all debts and financial obligations of the district can be paid in full upon dissolution, the petition shall be dismissed at the costs of the petitioners.

5. Should the court find that it would not be in the public's best interest to dissolve a district, the petition shall be dismissed at the costs of the petitioners. If, however, the court should find in favor of the petitioners, the court shall enter its interlocutory decree of dissolution. Such decree shall provide for the submission of the question to the voters of the district in substantially the following form:

Shall the ..... District be dissolved?

6. The decree of dissolution shall not become final and conclusive until it shall have been submitted to the voters residing within the boundaries described in such decree and until it shall have been assented to by a majority of the votes cast. The decree shall provide for the submission of the question and shall fix the date thereof. The returns shall be certified by the election authority to the circuit court having jurisdiction in the case, and the court shall thereupon enter its order canvassing the returns and declaring the result of such election.

7. If, upon canvass and declaration, it is found and determined that the question shall have been assented to by a majority of the votes cast on such proposition, then the court shall, in such order declaring the result of the election, enter a further order declaring the decree of dissolution to be final and conclusive. In the event, however, that the court should find that the question has not been assented to by a majority of the votes cast, the court shall enter a further order declaring such decree of dissolution to be void and of no effect. No appeal shall lie from any of the aforesaid orders. In the event that the court declares the decree of dissolution to be final, as provided in this section, the clerk of the circuit court shall file certified copies of such decree of dissolution and of such final order with the secretary of the state of the State of Missouri, with the recorder of deeds of the county or counties in which the district is situate, and with the clerk of the county commission of the county or counties in which the district is situate.

8. Notwithstanding anything in this section to the contrary, no district shall be dissolved until all of its debts shall have been paid, and the court, in its decree of dissolution, shall provide for the disposition of the remaining property of the district.

In the event the petition is not submitted by the district acting through its board of directors, the petitioner shall name the district as a defendant and serve a copy of the petition upon the district by certified or registered mail with a return receipt requested at least thirty-five days before the date of the hearing of the petition.

2. Such petition shall be filed in the circuit court having jurisdiction and the court shall set a date for hearing on the proposed detachment and the clerk of the circuit court shall give notice of the filing of the petition and the hearing to the district by certified or registered mail with a return receipt requested if the

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017.

8. A collaborating physician shall not enter into a collaborative practice arrangement with more than three full-time equivalent advanced practice registered nurses. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008, **nor to collaborative arrangements**

between a physician and a advanced practice registered nurse, if the collaborative physician is new to a patient population to which the collaborating advanced practice registered nurse, assistant physician, or assistant physician is already familiar.

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other agreement shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advance practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician."; and

"334.040. 1. Except as provided in section 334.260, all persons desiring to practice as physicians and surgeons in this state shall be examined as to their fitness to engage in such practice by the board. All persons applying for examination shall file a completed application with the board upon forms furnished by the board.

2. The examination shall be sufficient to test the applicant's fitness to practice as a physician and surgeon. The examination shall be conducted in such a manner as to conceal the identity of the applicant until all examinations have been scored. In all such examinations an average score of not less than seventy-five percent is required to pass; provided, however, that the board may require applicants to take the Federation Licensing Examination, also known as FLEX, or the United States Medical Licensing Examination (USMLE). If the FLEX examination is required, a weighted average score of no less than seventy-five is required to pass. Scores from one test administration of the FLEX shall not be combined or averaged with scores from other test administrations to achieve a passing score. The passing score of the United States Medical Licensing Examination shall be determined by the board through rule and regulation. Applicants graduating from a medical or osteopathic college, as **[**defined**]** **described** in section 334.031 prior to January 1, 1994, shall provide proof of successful completion of the FLEX, USMLE, an exam administered by the National Board of Osteopathic Medical Examiners (NBOME), a state board examination approved by the board, compliance with subsection 2 of section 334.031, or compliance with 20 CSR 2150-2.005. Applicants graduating from a medical or osteopathic college, as **[**defined**]** **described** in section 334.031 on or after January 1, 1994, must provide proof of **successful** completion of the USMLE or an exam administered by NBOME or provide proof of compliance with subsection 2 of section 334.031. **[**The board shall not issue a permanent license as a physician and surgeon or allow the Missouri state board examination to be administered to

any applicant who has failed to achieve a passing score within three attempts on licensing examinations administered in one or more states or territories of the United States, the District of Columbia or Canada. The steps one, two and three of the United States Medical Licensing Examination shall be taken within a seven-year period with no more than three attempts on any step of the examination; however, the board may grant an extension of the seven-year period if the applicant has obtained a MD/PhD degree in a program accredited by the Liaison Committee on Medical Education (LCME) and a regional university accrediting body or a DO/PhD degree accredited by the American Osteopathic Association and a regional university accrediting body.**]** The board may waive the provisions of this section if the applicant is licensed to practice as a physician and surgeon in another state of the United States, the District of Columbia or Canada and the applicant has achieved a passing score on a licensing examination administered in a state or territory of the United States or the District of Columbia and no license issued to the applicant has been disciplined in any state or territory of the United States or the District of Columbia **[**and the applicant is certified in the applicant's area of specialty by the American Board of Medical Specialties, the American Osteopathic Association, or other certifying agency approved by the board by rule**]**.

3. If the board waives the provisions of this section, then the license issued to the applicant may be limited or restricted to the applicant's board specialty. The board shall not be permitted to favor any particular school or system of healing.

4. If an applicant has not actively engaged in the practice of clinical medicine or held a teaching or faculty position in a medical or osteopathic school approved by the American Medical Association, the Liaison Committee on Medical Education, or the American Osteopathic Association for any two years in the three-year period immediately preceding the filing of his or her application for licensure, the board may require successful completion of another examination, continuing medical education, or further training before issuing a permanent license. The board shall adopt rules to prescribe the form and manner of such reexamination, continuing medical education, and training.

334.280. 1. For purposes of this section, the following terms shall mean:

(1) "Continuous medical education", continued postgraduate medical education intended to provide medical professionals with knowledge of new developments in their field;

(2) "Maintenance of certification", any process requiring periodic recertification examinations to maintain specialty medical board certification;

(3) "Maintenance of licensure", the Federation of State Medical Boards' proprietary framework for physician license renewal including additional periodic testing other than continuous medical education;

(4) "Specialty medical board certification", certification by a board that specializes in one particular area of medicine and typically requires additional and more strenuous exams than state board of medicine requirements to practice medicine.

2. The state shall not require any form of maintenance of licensure as a condition of physician licensure including requiring any form of maintenance of licensure tied to maintenance of certification. Current requirements including continuous medical education shall suffice to demonstrate professional competency.

3. The state shall not require any form of specialty medical board certification or any maintenance of certification to practice medicine within the state. There shall be no discrimination by the state board of registration for the healing arts or any other state agency against physicians who do not maintain specialty medical board certification including recertification."; and

If a retired member of the Missouri department of transportation and highway patrol employees' retirement system or the Missouri state employees' retirement system is elected to any state office, appointed to any state office, or is reemployed by a department and such member reimburses the retirement system for any amount received as retirement benefits, increased by an additional amount to account for interest which would have accrued should the retirement benefits not have been paid, such member shall be considered an active member of the retirement system, and upon retirement, the member's creditable service shall be calculated as if the member had never retired and received any retirement benefits.**

104.380. **1. Except as provided in subsection 2 of this section,** if a retired member is elected to any state office or is appointed to any state office or is employed by a department in a position normally requiring the performance by the person of duties during not less than one thousand forty hours per year, the member shall not receive an annuity for any month or part of a month for which the member serves as an officer or employee, but the member shall be considered to be a new employee with no previous creditable service and must accrue creditable service continuously for at least one year in order to receive any additional annuity. Any retired member who again becomes an employee and who accrues additional creditable service and later retires shall receive an additional amount of monthly annuity calculated to include only the creditable service and the average compensation earned by the member since such employment or creditable service earned as a member of the general assembly. Years of membership service and twelfths of a year are to be used in calculating any additional annuity except for creditable service earned as a member of the general assembly, and such additional annuity shall be based on the type of service accrued. In either event, the original annuity and the additional annuity, if any, shall be paid commencing with the end of the first month after the month during which the member's term of office has been completed, or the member's employment terminated. If a retired member is employed by a department in a position that does not normally require the person to perform duties during at least one thousand forty hours per year, the member shall not be considered an employee as defined pursuant to section 104.010. A retired member who becomes reemployed as an employee on or after August 28, 2001, in a position covered by the Missouri department of transportation and highway patrol employees' retirement system shall not be eligible to receive retirement benefits or additional creditable service from the state employees' retirement system. Annual benefit increases paid under section 104.415 shall not accrue while a retired member is employed as described in this section. Any future annual benefit increases paid after the member terminates such employment will be paid in the same month as the member's original annual benefit increases were paid. Benefits paid under subsection 3 of section 104.374 are not applicable to any additional annuity paid under this section.

2. If a retired member of the Missouri department of transportation and highway patrol employees' retirement system or the Missouri state employees' retirement system is elected to any state office, appointed to any state office, or is reemployed by a department and such member reimburses the retirement system for any amount received as retirement benefits, increased by an additional amount to account for interest which would have accrued should the retirement benefits not have been paid, such member shall be considered an active member of the retirement system, and upon retirement, the member's creditable service shall be calculated as if the member had never retired and received any retirement benefits.

104.1039. **1. Except as provided in subsection 2 of this section,** if a retiree is employed as an employee by a department, the retiree shall not receive an annuity payment for any calendar month in which the retiree is so employed. While reemployed the retiree shall be considered to be a new employee with no previous credited service and must accrue credited service continuously for at least one year in order to receive any additional annuity. Such retiree shall receive an additional annuity in addition to the original annuity, calculated based only on the credited service and the pay earned by such retiree during reemployment and paid in accordance with the annuity option originally elected; provided such retiree who ceases to receive an annuity pursuant to this section shall not receive such additional annuity if such retiree is employed by a department in a position that is covered by a state-sponsored defined benefit retirement plan not created pursuant to this chapter. The original annuity and any additional annuity shall be paid commencing as of the end of the first month after the month during which the retiree's reemployment terminates. Cost-of-living adjustments paid under section 104.1045 shall not accrue while a retiree is employed as

described in this section. Any future cost-of-living adjustments paid after the retiree terminates such employment will be paid in the same month as the retiree's original annual benefit increases were paid.

2. If a retired member of the Missouri department of transportation and highway patrol employees' retirement system or the Missouri state employees' retirement system is elected to any state office, appointed to any state office, or is reemployed by a department and such member reimburses the retirement system for any amount received as retirement benefits, increased by an additional amount to account for interest which would have accrued should the retirement benefits not have been paid, such member shall be considered an active member of the retirement system, and upon retirement, the member's creditable service shall be calculated as if the member had never retired and received any retirement benefits."; and

House Amendment No. 4

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 270, Page 13, Section 86.320, Line 22, by inserting after all of said line the following:

"169.070. 1. The retirement allowance of a member whose age at retirement is sixty years or more and whose creditable service is five years or more, or whose sum of age and creditable service equals eighty years or more, or who has attained age fifty-five and whose creditable service is twenty-five years or more or whose creditable service is thirty years or more regardless of age, may be the sum of the following items, not to exceed one hundred percent of the member's final average salary:

(1) Two and five-tenths percent of the member's final average salary for each year of membership service;

(2) Six-tenths of the amount payable for a year of membership service for each year of prior service not exceeding thirty years. In lieu of the retirement allowance otherwise provided in subdivisions (1) and (2) of this subsection, a member may elect to receive a retirement allowance of:

(3) Two and four-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-nine years or more but less than thirty years, and the member has not attained age fifty-five;

(4) Two and thirty-five-hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-eight years or more but less than twenty-nine years, and the member has not attained age fifty-five;

(5) Two and three-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-seven years or more but less than twenty-eight years, and the member has not attained age fifty-five;

(6) Two and twenty-five-hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-six years or more but less than twenty-seven years, and the member has not attained age fifty-five;

(7) Two and two-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-five years or more but less than twenty-six years, and the member has not attained age fifty-five;

(8) **[**Between July 1, 2001, and July 1, 2014,**]** Two and fifty-five hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is thirty-one years or more regardless of age.

2. In lieu of the retirement allowance provided in subsection 1 of this section, a member whose age is sixty years or more on September 28, 1975, may elect to have the member's retirement allowance calculated as a sum of the following items:

(1) Sixty cents plus one and five-tenths percent of the member's final average salary for each year of membership service;

(2) Six-tenths of the amount payable for a year of membership service for each year of prior service not exceeding thirty years;

(3) Three-fourths of one percent of the sum of subdivisions (1) and (2) of this subsection for each month of attained age in excess of sixty years but not in excess of age sixty-five.

3. (1) In lieu of the retirement allowance provided either in subsection 1 or 2 of this section, collectively called "option 1", a member whose creditable service is twenty-five years or more or who has attained the age of fifty-five with five or more years of creditable service may elect in the member's application for retirement to receive the actuarial equivalent of the member's retirement allowance in reduced monthly payments for life during retirement with the provision that:

Option 2. Upon the member's death the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member as the member shall have nominated in the member's election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the retired member elected option 1;

OR

Option 3. Upon the death of the member three-fourths of the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the member elected option 1;

OR

Option 4. Upon the death of the member one-half of the reduced retirement allowance shall be continued throughout the life of, and paid to, such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance shall be increased to the amount the retired member would be receiving had the member elected option 1;

OR

Option 5. Upon the death of the member prior to the member having received one hundred twenty monthly payments of the member's reduced allowance, the remainder of the one hundred twenty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the one hundred twenty monthly payments, the total of the remainder of such one hundred twenty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the one hundred twenty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum;

OR

Option 6. Upon the death of the member prior to the member having received sixty monthly payments of the member's reduced allowance, the remainder of the sixty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the sixty monthly payments, the total of the remainder of such sixty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the sixty payments paid to the

retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum.

(2) The election of an option may be made only in the application for retirement and such application must be filed prior to the date on which the retirement of the member is to be effective. If either the member or the person nominated to receive the survivorship payments dies before the effective date of retirement, the option shall not be effective, provided that:

(a) If the member or a person retired on disability retirement dies after acquiring twenty-five or more years of creditable service or after attaining the age of fifty-five years and acquiring five or more years of creditable service and before retirement, except retirement with disability benefits, and the person named by the member as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either survivorship benefits under option 2 or a payment of the accumulated contributions of the member. If survivorship benefits under option 2 are elected and the member at the time of death would have been eligible to receive an actuarial equivalent of the member's retirement allowance, the designated beneficiary may further elect to defer the option 2 payments until the date the member would have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section;

(b) If the member or a person retired on disability retirement dies before attaining age fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the person named as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either a payment of the member's accumulated contributions, or survivorship benefits under option 2 to begin on the date the member would first have been eligible to receive an actuarial equivalent of the member's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section.

4. If the total of the retirement or disability allowance paid to an individual before the death of the individual is less than the accumulated contributions at the time of retirement, the difference shall be paid to the beneficiary of the individual, or to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the individual in that order of precedence. If an optional benefit as provided in option 2, 3 or 4 in subsection 3 of this section had been elected, and the beneficiary dies after receiving the optional benefit, and if the total retirement allowance paid to the retired individual and the beneficiary of the retired individual is less than the total of the contributions, the difference shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence, unless the retired individual designates a different recipient with the board at or after retirement.

5. If a member dies and his or her financial institution is unable to accept the final payment or payments due to the member, the final payment or payments shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated. If the beneficiary of a deceased member dies and his or her financial institution is unable to accept the final payment or payments, the final payment or payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated.

6. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the death of the member shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or to the estate of the member, in that order of precedence; except that, no such payment shall be made if the beneficiary elects option 2 in subsection 3 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence.

7. If a member ceases to be a public school employee as herein defined and certifies to the board of trustees that such cessation is permanent, or if the membership of the person is otherwise terminated, the member shall be paid the member's accumulated contributions with interest.

8. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, if a member ceases to be a public school employee after acquiring five or more years of membership service in Missouri, the member may at the option of the member leave the member's contributions with the retirement system and claim a retirement allowance any time after reaching the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 169.010 to 169.141 on the basis of the member's age, years of service, and the provisions of the law in effect at the time the member requests the member's retirement to become effective.

9. The retirement allowance of a member retired because of disability shall be nine-tenths of the allowance to which the member's creditable service would entitle the member if the member's age were sixty, or fifty percent of one-twelfth of the annual salary rate used in determining the member's contributions during the last school year for which the member received a year of creditable service immediately prior to the member's disability, whichever is greater, except that no such allowance shall exceed the retirement allowance to which the member would have been entitled upon retirement at age sixty if the member had continued to teach from the date of disability until age sixty at the same salary rate.

10. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, from October 13, 1961, the contribution rate pursuant to sections 169.010 to 169.141 shall be multiplied by the factor of two-thirds for any member of the system for whom federal Old Age and Survivors Insurance tax is paid from state or local tax funds on account of the member's employment entitling the person to membership in the system. The monetary benefits for a member who elected not to exercise an option to pay into the system a retroactive contribution of four percent on that part of the member's annual salary rate which was in excess of four thousand eight hundred dollars but not in excess of eight thousand four hundred dollars for each year of employment in a position covered by this system between July 1, 1957, and July 1, 1961, as provided in subsection 10 of this section as it appears in RSMo, 1969, shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, and prior to July 1, 1961, the benefits provided in this section as it appears in RSMo, 1959; except that if the member has at least thirty years of creditable service at retirement the member shall receive the benefit payable pursuant to that section as though the member's age were sixty-five at retirement;

(4) For years of membership service after July 1, 1961, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

11. The monetary benefits for each other member for whom federal Old Age and Survivors Insurance tax is or was paid at any time from state or local funds on account of the member's employment entitling the member to membership in the system shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

12. Any retired member of the system who was retired prior to September 1, 1972, or beneficiary receiving payments under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 1, 1972, will be eligible to receive an increase in the retirement allowance of the member of two percent for each year, or major fraction of more than one-half of a year, which the retired member has been retired prior to July 1, 1975. This increased amount shall be payable commencing with January, 1976, and shall thereafter be referred to as the member's retirement allowance. The increase provided for in this subsection shall not affect the retired member's eligibility for compensation provided for in section 169.580 or 169.585, nor shall the amount being paid pursuant to these sections be reduced because of any increases provided for in this section.

13. If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases two percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by two percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board with the provision that the increases provided for in this subsection shall not become effective until the fourth January first following the member's retirement or January 1, 1977, whichever later occurs, or in the case of any member retiring on or after July 1, 2000, the increase provided for in this subsection shall not become effective until the third January first following the member's retirement, or in the case of any member retiring on or after July 1, 2001, the increase provided for in this subsection shall not become effective until the second January first following the member's retirement. Commencing with January 1, 1992, if the board of trustees determines that the cost of living has increased five percent or more in the preceding fiscal year, the board shall increase the retirement allowances by five percent. The total of the increases granted to a retired member or the beneficiary after December 31, 1976, may not exceed eighty percent of the retirement allowance established at retirement or as previously adjusted by other

subsections. If the cost of living increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no increase in allowances for retired members on the following January first.

14. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 13 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; except that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1976.

15. Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

16. Notwithstanding any other provision of law, any person retired prior to September 28, 1983, who is receiving a reduced retirement allowance under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 28, 1983, and whose beneficiary nominated to receive continued retirement allowance payments under the elected option dies or has died, shall upon application to the board of trustees have his or her retirement allowance increased to the amount he or she would have been receiving had the option not been elected, actuarially adjusted to recognize any excessive benefits which would have been paid to him or her up to the time of application.

17. Benefits paid pursuant to the provisions of the public school retirement system of Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code except as provided pursuant to this subsection. Notwithstanding any other law to the contrary, the board of trustees may establish a benefit plan pursuant to Section 415(m) of Title 26 of the United States Code. Such plan shall be created solely for the purpose described in Section 415(m)(3)(A) of Title 26 of the United States Code. The board of trustees may promulgate regulations necessary to implement the provisions of this subsection and to create and administer such benefit plan.

18. Notwithstanding any other provision of law to the contrary, any person retired before, on, or after May 26, 1994, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive an amount based on the person's years of service so that the total amount received pursuant to sections 169.010 to 169.141 shall be at least the minimum amounts specified in subdivisions (1) to (4) of this subsection. In determining the minimum amount to be received, the amounts in subdivisions (3) and (4) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance. In determining the minimum amount to be received, beginning September 1, 1996, the amounts in subdivisions (1) and (2) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance due to election of an optional form of retirement having a continued monthly payment after the person's death. Notwithstanding any other provision of law to the contrary, no person retired before, on, or after May 26, 1994, and no beneficiary of such a person, shall receive a retirement benefit pursuant to sections 169.010 to 169.141 based on the person's years of service less than the following amounts:

(1) Thirty or more years of service, one thousand two hundred dollars;

(2) At least twenty-five years but less than thirty years, one thousand dollars;

(3) At least twenty years but less than twenty-five years, eight hundred dollars;

(4) At least fifteen years but less than twenty years, six hundred dollars.

19. Notwithstanding any other provisions of law to the contrary, any person retired prior to May 26, 1994, and any designated beneficiary of such a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement or aging and upon request shall give written or oral opinions to the board in response to such requests. Beginning September 1, 1996, as compensation for such service, the member shall have added, pursuant to this subsection, to the member's monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. Beginning September 1, 1999, the designated beneficiary of the deceased member shall as compensation for such service have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. The total compensation provided by this section including the compensation provided by this subsection shall be used in calculating any future cost-of-living adjustments provided by subsection 13 of this section.

20. Any member who has retired prior to July 1, 1998, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive a payment equivalent to eight and seven-tenths percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

21. Any member who has retired shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such request. As compensation for such duties, the beneficiary of the retired member, or, if there is no beneficiary, the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the retired member, in that order of precedence, shall receive as a part of compensation for these duties a death benefit of five thousand dollars.

22. Any member who has retired prior to July 1, 1999, and the designated beneficiary of a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to five dollars times the member's number of years of creditable service.

23. Any member who has retired prior to July 1, 2000, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a payment equivalent to three and five-tenths percent of the previous month's benefit, which shall be added to the member or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

24. Any member who has retired prior to July 1, 2001, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a dollar amount equal to three dollars times the member's number of years of creditable service, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received."; and

Further amend said bill, Page 26, Section 169.715, Line 33, by inserting after all of said line the following:

"Section B. Because of the importance of providing an additional retirement allowance option to Missouri teachers, section 169.070 of section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and section 169.070 of section A of this act shall be in full force and effect upon its passage and approval."; and

Each document filed by the person's parents or legal guardians shall be made upon a form furnished by the director and shall include identifying information of the person for whom the parents or legal guardians are denying the driver's license. The document shall also contain identifying information of the person's parents or legal guardians. The document shall be certified by the parents or legal guardians to be true and correct. This provision shall not apply to any person who is legally emancipated. The parents or legal guardians may later file an additional document with the department of revenue which reinstates the person's ability to receive a driver's license.

2. Any person whose license is reinstated under the provisions of subdivision (9) or (10) of subsection 1 of this section shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement. The ignition interlock device required for reinstatement under this subsection and for obtaining a limited driving privilege under paragraph (a) or (b) of subdivision (8) of subsection 3 of section 302.309 shall have a photo identification technology feature, and a court may require a global positioning system feature for such device. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings

above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device **within the last three months of the six-month period of required installation of the ignition interlock device**, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended **[**for an additional six months**]** **until the person has completed three consecutive months with no violations as described in this section**. If the person fails to maintain such proof with the director, the license shall be suspended **[**for the remainder of the six-month period or**]** until proof as required by this section is filed with the director. **[**Upon the completion of the six-month period, the license shall be shown as reinstated, if the person is otherwise eligible.**]**

3. Any person who petitions the court for reinstatement of his or her license pursuant to subdivision (9) or (10) of subsection 1 of this section shall make application with the Missouri state highway patrol as provided in section 43.540, and shall submit two sets of fingerprints collected pursuant to standards as determined by the highway patrol. One set of fingerprints shall be used by the highway patrol to search the criminal history repository and the second set shall be forwarded to the Federal Bureau of Investigation for searching the federal criminal history files. At the time of application, the applicant shall supply to the highway patrol the court name and case number for the court where he or she has filed his or her petition for reinstatement. The applicant shall pay the fee for the state criminal history check pursuant to section 43.530 and pay the appropriate fee determined by the Federal Bureau of Investigation for the federal criminal history record. The Missouri highway patrol, upon receipt of the results of the criminal history check, shall forward a copy of the results to the circuit court designated by the applicant and to the department. Notwithstanding the provisions of section 610.120, all records related to any criminal history check shall be accessible and available to the director and the court.

*302.304. 1. The director shall notify by ordinary mail any operator of the point value charged against the operator's record when the record shows four or more points have been accumulated in a twelve-month period.

2. In an action to suspend or revoke a license or driving privilege under this section points shall be accumulated on the date of conviction. No case file of any conviction for a driving violation for which points may be assessed pursuant to section 302.302 may be closed until such time as a copy of the record of such conviction is forwarded to the department of revenue.

3. The director shall suspend the license and driving privileges of any person whose driving record shows the driver has accumulated eight points in eighteen months.

4. The license and driving privilege of any person whose license and driving privilege have been suspended under the provisions of sections 302.010 to 302.540 except those persons whose license and driving privilege have been suspended under the provisions of subdivision (8) of subsection 1 of section 302.302 or has accumulated sufficient points together with a conviction under subdivision (10) of subsection 1 of section 302.302 and who has filed proof of financial responsibility with the department of revenue, in accordance with chapter 303, and is otherwise eligible, shall be reinstated as follows:

(1) In the case of an initial suspension, thirty days after the effective date of the suspension;

(2) In the case of a second suspension, sixty days after the effective date of the suspension;

(3) In the case of the third and subsequent suspensions, ninety days after the effective date of the suspension.

Unless proof of financial responsibility is filed with the department of revenue, a suspension shall continue in effect for two years from its effective date.

5. The period of suspension of the driver's license and driving privilege of any person under the provisions of subdivision (8) of subsection 1 of section 302.302 or who has accumulated sufficient points together with a conviction under subdivision (10) of subsection 1 of section 302.302 shall be thirty days, followed by a sixty-day period of restricted driving privilege as defined in section 302.010. Upon completion of such period of restricted driving privilege, upon compliance with other requirements of law and upon filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. If a person, otherwise subject to the provisions of this subsection, files proof of installation with the department of revenue that any vehicle operated by such person is equipped with a functioning, certified ignition interlock device, there shall be no period of suspension. However, in lieu of a suspension the person shall instead complete a ninety-day period of restricted driving privilege. If the person fails to maintain such proof of the device with the director of revenue as required, the restricted driving privilege shall be terminated. Upon completion of such ninety-day period of restricted driving privilege, upon compliance with other requirements of law, and upon filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. However, if the monthly monitoring reports during such ninety-day period

indicate that the ignition interlock device has registered a confirmed blood alcohol concentration level above the alcohol setpoint established by the department of transportation or such reports indicate that the ignition interlock device has been tampered with or circumvented, then the license and driving privilege of such person shall not be reinstated until the person completes an additional thirty-day period of restricted driving privilege.

6. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, or, if applicable, if the person fails to maintain proof that any vehicle operated is equipped with a functioning, certified ignition interlock device installed pursuant to subsection 5 of this section, the person's driving privilege and license shall be resuspended.

7. The director shall revoke the license and driving privilege of any person when the person's driving record shows such person has accumulated twelve points in twelve months or eighteen points in twenty-four months or twenty-four points in thirty-six months. The revocation period of any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303 and is otherwise eligible, shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of revenue, except as provided in subsection 2 of section 302.541, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, the person's license and driving privilege shall be rerevoked. Any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 shall, upon receipt of the notice of termination of the revocation from the director, pass the complete driver examination and apply for a new license before again operating a motor vehicle upon the highways of this state.

8. If, prior to conviction for an offense that would require suspension or revocation of a person's license under the provisions of this section, the person's total points accumulated are reduced, pursuant to the provisions of section 302.306, below the number of points required for suspension or revocation pursuant to the provisions of this section, then the person's license shall not be suspended or revoked until the necessary points are again obtained and accumulated.

9. If any person shall neglect or refuse to surrender the person's license, as provided herein, the director shall direct the state highway patrol or any peace or police officer to secure possession thereof and return it to the director.

10. Upon the issuance of a reinstatement or termination notice after a suspension or revocation of any person's license and driving privilege under the provisions of sections 302.010 to 302.540, the accumulated point value shall be reduced to four points, except that the points of any person serving as a member of the Armed Forces of the United States outside the limits of the United States during a period of suspension or revocation shall be reduced to zero upon the date of the reinstatement or termination of notice. It shall be the responsibility of such member of the Armed Forces to submit copies of official orders to the director of revenue to substantiate such overseas service. Any other provision of sections 302.010 to 302.540 to the contrary notwithstanding, the effective date of the four points remaining on the record upon reinstatement or termination shall be the date of the reinstatement or termination notice.

11. No credit toward reduction of points shall be given during periods of suspension or revocation or any period of driving under a limited driving privilege granted by a court or the director of revenue.

12. Any person or nonresident whose license or privilege to operate a motor vehicle in this state has been suspended or revoked under this or any other law shall, before having the license or privilege to operate a motor vehicle reinstated, pay to the director a reinstatement fee of twenty dollars which shall be in addition to all other fees provided by law.

13. Notwithstanding any other provision of law to the contrary, if after two years from the effective date of any suspension or revocation issued under this chapter, except any suspension or revocation issued under section 302.410, 302.462, or 302.574, the person or nonresident has not paid the reinstatement fee of twenty dollars, the director shall reinstate such license or privilege to operate a motor vehicle in this state. Any person who has had his or her license suspended or revoked under section 302.410, 302.462, or 302.574, shall be required to pay the reinstatement fee.

14. No person who has had a license to operate a motor vehicle suspended or revoked as a result of an assessment of points for a violation under subdivision (8), (9) or (10) of subsection 1 of section 302.302 shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. Assignment recommendations, based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such

assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion pursuant to the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a like offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001 or of a person determined to have operated a motor vehicle with fifteen-hundredths of one percent or more by weight in such person's blood. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted pursuant to this subsection shall not be necessary unless directed by the court.

15. The fees for the program authorized in subsection 14 of this section, or a portion thereof to be determined by the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee in an amount to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010 or a program determined to be comparable by the department of mental health. The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due the division of alcohol and drug abuse pursuant to this section and shall accrue at a rate not to exceed the annual rate established pursuant to the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health pursuant to this section shall be deposited in the mental health earnings fund which is created in section 630.053.

16. Any administrator who fails to remit to the division of alcohol and drug abuse of the department of mental health the supplemental fees and interest for all persons enrolled in the program pursuant to this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due the division pursuant to this section. If the supplemental fees, interest, and penalties are not remitted to the division of alcohol and drug abuse of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action of the collection of said fees and interest accrued. The court shall assess attorney fees and court costs against any delinquent program.

17. Any person who has had a license to operate a motor vehicle suspended or revoked as a result of an assessment of points for a conviction for an intoxication-related traffic offense as defined under section 577.001, and who has a prior alcohol-related enforcement contact as defined under section 302.525, shall be required to file proof with the director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement of the license. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device **within the last three months of the six-month period of required installation of the ignition interlock device**, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended **[**for an additional six months**] until the person has completed three consecutive months with no violations as described in this section**. If the person fails to maintain such proof with the director, the license shall be resuspended or revoked and the person shall be guilty of a class A misdemeanor.

*302.309. 1. Whenever any license is suspended pursuant to sections 302.302 to 302.309, the director of revenue shall return the license to the operator immediately upon the termination of the period of suspension and upon compliance with the requirements of chapter 303.

2. Any operator whose license is revoked pursuant to these sections, upon the termination of the period of revocation, shall apply for a new license in the manner prescribed by law.

3. (1) All circuit courts, the director of revenue, or a commissioner operating under section 478.007 shall have jurisdiction to hear applications and make eligibility determinations granting limited driving privileges, except

as provided under subdivision (8) of this subsection. Any application may be made in writing to the director of revenue and the person's reasons for requesting the limited driving privilege shall be made therein.

(2) When any court of record having jurisdiction or the director of revenue finds that an operator is required to operate a motor vehicle in connection with any of the following:

(a) A business, occupation, or employment;

(b) Seeking medical treatment for such operator;

(c) Attending school or other institution of higher education;

(d) Attending alcohol or drug treatment programs;

(e) Seeking the required services of a certified ignition interlock device provider; or

(f) Any other circumstance the court or director finds would create an undue hardship on the operator,

the court or director may grant such limited driving privilege as the circumstances of the case justify if the court or director finds undue hardship would result to the individual, and while so operating a motor vehicle within the restrictions and limitations of the limited driving privilege the driver shall not be guilty of operating a motor vehicle without a valid license.

(3) An operator may make application to the proper court in the county in which such operator resides or in the county in which is located the operator's principal place of business or employment. Any application for a limited driving privilege made to a circuit court shall name the director as a party defendant and shall be served upon the director prior to the grant of any limited privilege, and shall be accompanied by a copy of the applicant's driving record as certified by the director. Any applicant for a limited driving privilege shall have on file with the department of revenue proof of financial responsibility as required by chapter 303. Any application by a person who transports persons or property as classified in section 302.015 may be accompanied by proof of financial responsibility as required by chapter 303, but if proof of financial responsibility does not accompany the application, or if the applicant does not have on file with the department of revenue proof of financial responsibility, the court or the director has discretion to grant the limited driving privilege to the person solely for the purpose of operating a vehicle whose owner has complied with chapter 303 for that vehicle, and the limited driving privilege must state such restriction. When operating such vehicle under such restriction the person shall carry proof that the owner has complied with chapter 303 for that vehicle.

(4) No limited driving privilege shall be issued to any person otherwise eligible under the provisions of **[**paragraph (a) of**]** subdivision (6) of this subsection **[**on a license revocation resulting from a conviction under subdivision (9) of subsection 1 of section 302.302, or**] if such person has** a license denial under paragraph (a) or (b) of subdivision (8) of this subsection**[**, or a license revocation under paragraph (g) of subdivision (6) of this subsection,**] or on a license revocation resulting from a conviction under subdivision (9) of subsection 1 of section 302.302, or a license revocation under subdivision (2) of subsection 2 of section 302.525, or sections 302.574 or 577.041,** until the applicant has filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of limited driving privilege. The ignition interlock device required for obtaining a limited driving privilege under paragraph (a) or (b) of subdivision (8) of this subsection shall have a photo identification technology feature, and a court may require a global positioning system feature for such device.

(5) The court order or the director's grant of the limited or restricted driving privilege shall indicate the termination date of the privilege, which shall be not later than the end of the period of suspension or revocation. The court order or the director's grant of the limited or restricted driving privilege shall also indicate whether a functioning, certified ignition interlock device is required as a condition of operating a motor vehicle with the limited driving privilege. A copy of any court order shall be sent by the clerk of the court to the director, and a copy shall be given to the driver which shall be carried by the driver whenever such driver operates a motor vehicle. The director of revenue upon granting a limited driving privilege shall give a copy of the limited driving privilege to the applicant. The applicant shall carry a copy of the limited driving privilege while operating a motor vehicle. A conviction which results in the assessment of points pursuant to section 302.302, other than a violation of a municipal stop sign ordinance where no accident is involved, against a driver who is operating a vehicle pursuant to a limited driving privilege terminates the privilege, as of the date the points are assessed to the person's driving record. If the date of arrest is prior to the issuance of the limited driving privilege, the privilege shall not be terminated. Failure of the driver to maintain proof of financial responsibility, as required by chapter 303, or to maintain proof of installation of a functioning, certified ignition interlock device, as applicable, shall terminate the privilege. The director shall notify by ordinary mail the driver whose privilege is so terminated.

(6) Except as provided in subdivision (8) of this subsection, no person is eligible to receive a limited driving privilege whose license at the time of application has been suspended or revoked for the following reasons:

(a) **[**A conviction of violating the provisions of section 577.010 or 577.012, or any similar provision of any federal or state law, or a municipal or county law where the judge in such case was an attorney and the defendant was represented by or waived the right to an attorney in writing, until the person has completed the first thirty days of a suspension or revocation imposed pursuant to this chapter;

(b)**]** A conviction of any felony in the commission of which a motor vehicle was used **and such conviction occurred within the five year period prior to the date of application. However, any felony conviction for leaving the scene of an accident under section 577.060 shall not render the applicant ineligible for a limited driving privilege under this section**;

[(c)**] (b)** Ineligibility for a license because of the provisions of subdivision (1), (2), (4), (5), (6), (7), (8), (9), **or** (10) **[**or (11)**]** of subsection 1 of section 302.060; **or**

[(d) Because of operating a motor vehicle under the influence of narcotic drugs, a controlled substance as defined in chapter 195, or having left the scene of an accident as provided in section 577.060;

(e) Due to a revocation for failure to submit to a chemical test pursuant to section 302.574 or due to a refusal to submit to a chemical test in any other state, unless such person has completed the first ninety days of such revocation and files proof of installation with the department of revenue that any vehicle operated by such person is equipped with a functioning, certified ignition interlock device, provided the person is not otherwise ineligible for a limited driving privilege;

(f)**] (c)** Due to a suspension pursuant to **subdivision (8) or (10) of subsection 1 of section 302.302 or** subsection 2 of section 302.525 **[**and who has not completed the first thirty days of such suspension, provided the person is not otherwise ineligible for a limited driving privilege; or

(g) Due to a revocation pursuant to subsection 2 of section 302.525 if such person has not completed the first forty-five days of such revocation, provided the person is not otherwise ineligible for a limited driving privilege**]**.

(7) No person who possesses a commercial driver's license shall receive a limited driving privilege issued for the purpose of operating a commercial motor vehicle if such person's driving privilege is suspended, revoked, cancelled, denied, or disqualified. Nothing in this section shall prohibit the issuance of a limited driving privilege for the purpose of operating a noncommercial motor vehicle provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege.

(8) (a) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of ten years, as prescribed in subdivision (9) of subsection 1 of section 302.060, to apply for a limited driving privilege pursuant to this subsection. Such person shall present evidence satisfactory to the court or the director that such person's habits and conduct show that the person no longer poses a threat to the public safety of this state. A circuit court shall grant a limited driving privilege to any individual who otherwise is eligible to receive a limited driving privilege, has filed proof of installation of a certified ignition interlock device, and has had no alcohol-related enforcement contacts since the alcohol-related enforcement contact that resulted in the person's license denial.

(b) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege or convicted of acting with criminal negligence while driving while intoxicated to cause the death of another person, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of five years because of two convictions of driving while intoxicated, as prescribed in subdivision (10) of subsection 1 of section 302.060, to apply for a limited driving privilege pursuant to this subsection. Such person shall present evidence satisfactory to the court or the director that such person's habits and conduct show that the person no longer poses a threat to the public safety of this state. Any person who is denied a license permanently in this state because of an alcohol-related conviction subsequent to a restoration of such person's driving privileges pursuant to subdivision (9) of section 302.060 shall not be eligible for limited driving privilege pursuant to the provisions of this subdivision. A circuit court shall grant a limited driving privilege to any individual who otherwise is eligible to receive a limited driving privilege, has filed proof of installation of a certified ignition interlock device, and has had no alcohol-related enforcement contacts since the alcohol-related enforcement contact that resulted in the person's license denial.

(9) A DWI docket or court established under section 478.007 may grant a limited driving privilege to a participant in or graduate of the program who would otherwise be ineligible for such privilege under another provision of law. **[**The DWI docket or court shall not grant a limited driving privilege to a participant during his or her initial forty-five days of participation.**]**

4. Any person who has received notice of denial of a request of limited driving privilege by the director of revenue may make a request for a review of the director's determination in the circuit court of the county in which the person resides or the county in which is located the person's principal place of business or employment within thirty days of the date of mailing of the notice of denial. Such review shall be based upon the records of the department of revenue and other competent evidence and shall be limited to a review of whether the applicant was statutorily entitled to the limited driving privilege.

5. The director of revenue shall promulgate rules and regulations necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

302.525. 1. The license suspension or revocation shall become effective fifteen days after the subject person has received the notice of suspension or revocation as provided in section 302.520, or is deemed to have received the notice of suspension or revocation by mail as provided in section 302.515. If a request for a hearing is received by or postmarked to the department within that fifteen-day period, the effective date of the suspension or revocation shall be stayed until a final order is issued following the hearing; provided, that any delay in the hearing which is caused or requested by the subject person or counsel representing that person without good cause shown shall not result in a stay of the suspension or revocation during the period of delay.

2. The period of license suspension or revocation under this section shall be as follows:

(1) If the person's driving record shows no prior alcohol-related enforcement contacts during the immediately preceding five years, the period of suspension shall be thirty days after the effective date of suspension, followed by a sixty-day period of restricted driving privilege as defined in section 302.010 and issued by the director of revenue. The restricted driving privilege shall not be issued until he or she has filed proof of financial responsibility with the department of revenue, in accordance with chapter 303, and is otherwise eligible. The restricted driving privilege shall indicate whether a functioning, certified ignition interlock device is required as a condition of operating a motor vehicle. A copy of the restricted driving privilege shall be given to the person and such person shall carry a copy of the restricted driving privilege while operating a motor vehicle. In no case shall restricted driving privileges be issued pursuant to this section or section 302.535 until the person has completed the first thirty days of a suspension under this section. If a person otherwise subject to the provisions of this subdivision files proof of installation with the department of revenue that any vehicle that he or she operates is equipped with a functioning, certified ignition interlock device, there shall be no period of suspension. However, in lieu of a suspension the person shall instead complete a ninety-day period of restricted driving privilege. Upon completion of such ninety-day period of restricted driving privilege, compliance with other requirements of law, and filing of proof of financial responsibility with the department of revenue, in accordance with chapter 303, the license and driving privilege shall be reinstated. However, if the monthly monitoring reports during such ninety-day period indicate that the ignition interlock device has registered a confirmed blood alcohol concentration level above the alcohol setpoint established by the department of transportation or such reports indicate that the ignition interlock device has been tampered with or circumvented, then the license and driving privilege of such person shall not be reinstated until the person completes an additional thirty-day period of restricted driving privilege. If the person fails to maintain such proof of the device with the director of revenue as required, the restricted driving privilege shall be terminated;

(2) The period of revocation shall be one year if the person's driving record shows one or more prior alcohol-related enforcement contacts during the immediately preceding five years;

(3) In no case shall restricted driving privileges be issued under this section to any person whose driving record shows one or more prior alcohol-related enforcement contacts until the person has **[**completed the first thirty days of a suspension under this section and has**]** filed proof with the department of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of the restricted driving privilege. If the person fails to maintain such proof the restricted driving privilege shall be terminated.

3. For purposes of this section, "alcohol-related enforcement contacts" shall include any suspension or revocation under sections 302.500 to 302.540, any suspension or revocation entered in this or any other state for a refusal to submit to chemical testing under an implied consent law, and any conviction in this or any other state for a violation which involves driving while intoxicated, driving while under the influence of drugs or alcohol, or driving a vehicle while having an unlawful alcohol concentration.

4. Where a license is suspended or revoked under this section and the person is also convicted on charges arising out of the same occurrence for a violation of section 577.010 or 577.012 or for a violation of any county or municipal ordinance prohibiting driving while intoxicated or alcohol-related traffic offense, both the suspension or revocation under this section and any other suspension or revocation arising from such convictions shall be imposed, but the period of suspension or revocation under sections 302.500 to 302.540 shall be credited against any other suspension or revocation arising from such convictions, and the total period of suspension or revocation shall not exceed the longer of the two suspension or revocation periods.

5. Any person who has had a license to operate a motor vehicle revoked under this section or suspended under this section with one or more prior alcohol-related enforcement contacts showing on their driver record shall be required to file proof with the director of revenue that any motor vehicle operated by that person is equipped with a functioning, certified ignition interlock device as a required condition of reinstatement. The ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device **within the last three months of the six-month period of required installation of the ignition interlock device**, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended **[**for an additional six months**] until the person has completed three consecutive months with no violations as described in this section.** If the person fails to maintain such proof with the director, the license shall be suspended or revoked, **[**as applicable**] until proof as required by this section is filed with the director, and the person shall be guilty of a class A misdemeanor**.

302.574. 1. If a person who was operating a vehicle refuses upon the request of the officer to submit to any chemical test under section 577.041, the officer shall, on behalf of the director of revenue, serve the notice of license revocation personally upon the person and shall take possession of any license to operate a vehicle issued by this state which is held by that person. The officer shall issue a temporary permit, on behalf of the director of revenue, which is valid for fifteen days and shall also give the person notice of his or her right to file a petition for review to contest the license revocation.

2. Such officer shall make a certified report under penalties of perjury for making a false statement to a public official. The report shall be forwarded to the director of revenue and shall include the following:

(1) That the officer has:

(a) Reasonable grounds to believe that the arrested person was driving a motor vehicle while in an intoxicated condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer has reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater;

(2) That the person refused to submit to a chemical test;

(3) Whether the officer secured the license to operate a motor vehicle of the person;

(4) Whether the officer issued a fifteen-day temporary permit;

(5) Copies of the notice of revocation, the fifteen-day temporary permit, and the notice of the right to file a petition for review. The notices and permit may be combined in one document; and

(6) Any license, which the officer has taken into possession, to operate a motor vehicle.

3. Upon receipt of the officer's report, the director shall revoke the license of the person refusing to take the test for a period of one year; or if the person is a nonresident, such person's operating permit or privilege shall be revoked for one year; or if the person is a resident without a license or permit to operate a motor vehicle in this state, an order shall be issued denying the person the issuance of a license or permit for a period of one year.

4. If a person's license has been revoked because of the person's refusal to submit to a chemical test, such person may petition for a hearing before a circuit division or associate division of the court in the county in which the arrest or stop occurred. The person may request such court to issue an order staying the revocation until such time as the petition for review can be heard. If the court, in its discretion, grants such stay, it shall enter the order upon a form prescribed by the director of revenue and shall send a copy of such order to the director. Such order shall serve as proof of the privilege to operate a motor vehicle in this state and the director shall maintain possession of the person's license to operate a motor vehicle until termination of any revocation under this section. Upon the

person's request, the clerk of the court shall notify the prosecuting attorney of the county and the prosecutor shall appear at the hearing on behalf of the director of revenue. At the hearing, the court shall determine only:

(1) Whether the person was arrested or stopped;

(2) Whether the officer had:

(a) Reasonable grounds to believe that the person was driving a motor vehicle while in an intoxicated or drugged condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer had reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater; and

(3) Whether the person refused to submit to the test.

5. If the court determines any issue not to be in the affirmative, the court shall order the director to reinstate the license or permit to drive.

6. Requests for review as provided in this section shall go to the head of the docket of the court wherein filed.

7. No person who has had a license to operate a motor vehicle suspended or revoked under the provisions of this section shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, or a program determined to be comparable by the department of mental health. Assignment recommendations, based upon the needs assessment as described in subdivision (24) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court of the county in which such assignment was given, on a printed form provided by the state courts administrator, to have the court hear and determine such motion under the provisions of chapter 517. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a similar offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.001, or of a person determined to have operated a motor vehicle with a blood alcohol content of fifteen-hundredths of one percent or more by weight. Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted under this subsection shall not be necessary unless directed by the court.

8. The fees for the substance abuse traffic offender program, or a portion thereof, to be determined by the division of alcohol and drug abuse of the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee to be determined by the department of mental health for the purposes of funding the substance abuse traffic offender program defined in section 302.010. The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health on or before the fifteenth day of each month the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. Interest shall be charged on any unpaid balance of the supplemental fees due to the division of alcohol and drug abuse under this section, and shall accrue at a rate not to exceed the annual rates established under the provisions of section 32.065, plus three percentage points. The supplemental fees and any interest received by the department of mental health under this section shall be deposited in the mental health earnings fund, which is created in section 630.053.

9. Any administrator who fails to remit to the division of alcohol and drug abuse of the department of mental health the supplemental fees and interest for all persons enrolled in the program under this section shall be subject to a penalty equal to the amount of interest accrued on the supplemental fees due to the division under this section. If the supplemental fees, interest, and penalties are not remitted to the division of alcohol and drug abuse of the department of mental health within six months of the due date, the attorney general of the state of Missouri shall initiate appropriate action for the collection of said fees and accrued interest. The court shall assess attorneys' fees and court costs against any delinquent program.

10. Any person who has had a license to operate a motor vehicle revoked under this section and who has a prior alcohol-related enforcement contact, as defined in section 302.525, shall be required to file proof with the

director of revenue that any motor vehicle operated by the person is equipped with a functioning, certified ignition interlock device as a required condition of license reinstatement. Such ignition interlock device shall further be required to be maintained on all motor vehicles operated by the person for a period of not less than six months immediately following the date of reinstatement. If the monthly monitoring reports show that the ignition interlock device has registered any confirmed blood alcohol concentration readings above the alcohol setpoint established by the department of transportation or that the person has tampered with or circumvented the ignition interlock device **within the last three months of the six-month period of required installation of the ignition interlock device**, then the period for which the person must maintain the ignition interlock device following the date of reinstatement shall be extended **[**for an additional six months**] until the person has completed three consecutive months with no violations as described in this section**. If the person fails to maintain such proof with the director as required by this section, the license shall be rerevoked **until proof as required by this section is filed with the director,** and the person shall be guilty of a class A misdemeanor.

11. The revocation period of any person whose license and driving privilege has been revoked under this section and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303 and is otherwise eligible shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of revenue, the revocation shall remain in effect for a period of two years from its effective date. AMEND House Bill No. 629, Page 1, In the Title, Line 3, by striking the word "benefits" and inserting in lieu thereof the following:

"systems"; and

Further amend said bill, Page 6, Section 86.1630, Line 85, by inserting after all of said line the following:

"169.291. 1. The general administration and the responsibility for the proper operation of the retirement system are hereby vested in a board of trustees of twelve persons who shall be resident taxpayers of the school district, as follows:

(1) Four trustees to be appointed for terms of four years by the board of education; provided, however, that the terms of office of the first four trustees so appointed shall begin immediately upon their appointment and shall expire one, two, three**,** and four years from the date the retirement system becomes operative, respectively;

(2) **Until the election in 2016,** four trustees to be elected for terms of four years by and from the members of the retirement system; provided, however, that the terms of office of the first four trustees so elected shall begin immediately upon their election and shall expire one, two, three**,** and four years from the date the retirement system becomes operative, respectively**, but beginning at the election in 2016, three trustees**;

(3) **Beginning at the election in 2016, one trustee shall be a person employed as a teacher or administrator at a charter school, as "charter school" is defined in section 169.270, elected for a term of four years by and from the members of the retirement system;**

(4) The ninth trustee shall be the superintendent of schools of the school district;

[(4)**] (5)** The tenth trustee shall be one retirant of the retirement system elected for a term of four years beginning the first day of January immediately following August 13, 1986, by the retirants of the retirement system;

[(5)**] (6)** The eleventh trustee shall be appointed for a term of four years beginning the first day of January immediately following August 13, 1990, by the board of trustees described in subdivision (3) of section 182.701;

[(6)**] (7)** The twelfth trustee shall be a retirant of the retirement system elected for a term of four years beginning the first day of January immediately following August 28, 1992, by the retirants of the retirement system.

2. If a vacancy occurs in the office of a trustee, the vacancy shall be filled for the unexpired term in the same manner as the office was previously filled, except that the board of trustees may appoint a qualified person to fill the vacancy in the office of an elected member until the next regular election at which time a member shall be

elected for the unexpired term. No vacancy or vacancies on the board of trustees shall impair the power of the remaining trustees to administer the retirement system pending the filling of such vacancy or vacancies.

3. In the event of a lapse of the school district's corporate organization as described in subsections 1 and 4 of section 162.081, the general administration and responsibility for the proper operation of the retirement system shall continue to be vested in a twelve-person board of trustees, all of whom shall be resident taxpayers of a city, other than a city not within a county, of four hundred thousand or more. In such event, if vacancies occur in the offices of the four trustees appointed, prior to the lapse, by the board of education, or in the offices of the four trustees elected, prior to the lapse, by the members of the retirement system, or in the office of trustee held, prior to the lapse, by the superintendent of schools in the school district, as provided in subdivisions (1), (2) and (3) of subsection 1 of this section, the board of trustees shall appoint a qualified person to fill each vacancy and subsequent vacancies in the office of trustee for terms of up to four years, as determined by the board of trustees.

4. Each trustee shall, before assuming the duties of a trustee, take the oath of office before the court of the judicial circuit or one of the courts of the judicial circuit in which the school district is located that so far as it devolves upon the trustee, such trustee shall diligently and honestly administer the affairs of the board of trustees and that the trustee will not knowingly violate or willingly permit to be violated any of the provisions of the law applicable to the retirement system. Such oath shall be subscribed to by the trustee making it and filed in the office of the clerk of the circuit court.

5. Each trustee shall be entitled to one vote in the board of trustees. Seven trustees shall constitute a quorum at any meeting of the board of trustees. At any meeting of the board of trustees where a quorum is present, the vote of at least seven of the trustees in support of a motion, resolution or other matter is necessary to be the decision of the board; provided, however, that in the event of a lapse in the school district's corporate organization as described in subsections 1 and 4 of section 162.081, a majority of the trustees then in office shall constitute a quorum at any meeting of the board of trustees, and the vote of a majority of the trustees then in office in support of a motion, resolution or other matter shall be necessary to be the decision of the board.

6. The board of trustees shall have exclusive original jurisdiction in all matters relating to or affecting the funds herein provided for, including, in addition to all other matters, all claims for benefits or refunds, and its action, decision or determination in any matter shall be reviewable in accordance with chapter 536 or chapter 621. Subject to the limitations of sections 169.270 to 169.400, the board of trustees shall, from time to time, establish rules and regulations for the administration of funds of the retirement system, for the transaction of its business, and for the limitation of the time within which claims may be filed.

7. The trustees shall serve without compensation. The board of trustees shall elect from its membership a chairman and a vice chairman. The board of trustees shall appoint an executive director who shall serve as the administrative officer of the retirement system and as secretary to the board of trustees. It shall employ one or more persons, firms or corporations experienced in the investment of moneys to serve as investment counsel to the board of trustees. The compensation of all persons engaged by the board of trustees and all other expenses of the board necessary for the operation of the retirement system shall be paid at such rates and in such amounts as the board of trustees shall approve, and shall be paid from the investment income.

8. The board of trustees shall keep in convenient form such data as shall be necessary for actuarial valuations of the various funds of the retirement system and for checking the experience of the system.

9. The board of trustees shall keep a record of all its proceedings which shall be open to public inspection. It shall prepare annually and furnish to the board of education and to each member of the retirement system who so requests a report showing the fiscal transactions of the retirement system for the preceding fiscal year, the amount of accumulated cash and securities of the system, and the last balance sheet showing the financial condition of the system by means of an actuarial valuation of the assets and liabilities of the retirement system.

10. The board of trustees shall have, in its own name, power to sue and to be sued, to enter into contracts, to own property, real and personal, and to convey the same; but the members of such board of trustees shall not be personally liable for obligations or liabilities of the board of trustees or of the retirement system.

11. The board of trustees shall arrange for necessary legal advice for the operation of the retirement system.

12. The board of trustees shall designate a medical board to be composed of three or more physicians who shall not be eligible for membership in the system and who shall pass upon all medical examinations required under the provisions of sections 169.270 to 169.400, shall investigate all essential statements and certificates made by or on behalf of a member in connection with an application for disability retirement and shall report in writing to the board of trustees its conclusions and recommendations upon all matters referred to it.

13. The board of trustees shall designate an actuary who shall be the technical advisor of the board of trustees on matters regarding the operation of the retirement system and shall perform such other duties as are

required in connection therewith. Such person shall be qualified as an actuary by membership as a Fellow of the Society of Actuaries or by similar objective standards.

14. At least once in each five-year period the actuary shall make an investigation into the actuarial experience of the members, retirants and beneficiaries of the retirement system and, taking into account the results of such investigation, the board of trustees shall adopt for the retirement system such actuarial assumptions as the board of trustees deems necessary for the financial soundness of the retirement system.

15. On the basis of such actuarial assumptions as the board of trustees adopts, the actuary shall make annual valuations of the assets and liabilities of the funds of the retirement system.

16. The rate of contribution payable by the employers shall equal one and ninety-nine one-hundredths percent, effective July 1, 1993; three and ninety-nine one-hundredths percent, effective July 1, 1995; five and ninety-nine one-hundredths percent, effective July 1, 1996; seven and one-half percent effective January 1, 1999, and for subsequent calendar years through 2013. For calendar year 2014 and each subsequent year, the rate of contribution payable by the employers for each year shall be determined by the actuary for the retirement system in the manner provided in subsection 4 of section 169.350 and shall be certified by the board of trustees to the employers at least six months prior to the date such rate is to be effective.

17. In the event of a lapse of a school district's corporate organization as described in subsections 1 and 4 of section 162.081, no retirement system, nor any of the assets of any retirement system, shall be transferred to or merged with another retirement system without prior approval of such transfer or merge by the board of trustees of the retirement system.

169.450. 1. The general administration and responsibility for the proper operation of the retirement system and for making effective the provisions of sections 169.410 to 169.540 are hereby vested in a board of trustees of eleven persons, as follows:

(1) Four trustees to be appointed for terms of four years by the board of education; provided, however, that their terms shall be fixed so the terms of one of the trustees so appointed shall expire each year. The members of such board of trustees appointed by the board of education may be members of the board of education or other individuals deemed qualified to hold such positions by the board of education;

(2) Four trustees to be elected for terms of four years by and from the active members of the retirement system who shall hold office as trustees only while active members; provided, however, that their terms shall be fixed so that the terms of one of the trustees so elected shall expire each year; and provided further, that **[**not more than**] at least** two of such persons shall be teachers and **[**two**] not more than one** shall be **[**nonteachers**] a nonteacher, and beginning in 2016, one shall be a person employed as a teacher or administrator at a charter school, as "charter school" is defined in section 169.270, and elected for a term of four years by the members of the retirement system**. For the purposes of this subsection, a school administrator shall not be eligible for the positions established pursuant to this subdivision and shall be eligible for the position established pursuant to subdivision (4) of this subsection;

(3) Two trustees, who shall be retired members, to be elected for terms of four years by and from the retired members of the retirement system; provided, however, that the terms of office of the first two trustees so elected shall begin immediately upon their election and shall expire two and four years from the date of their election, respectively; and provided further, that not more than one of such persons shall be a teacher and one shall be a nonteacher;

(4) One member, who shall be a school administrator, to be elected for a term of four years by and from the active members of the retirement system who shall hold office as a trustee only while an active member; except that, the initial term of office of such trustee shall expire on December 31, 1999.

2. If a vacancy occurs in the office of trustee, the vacancy shall be filled for the unexpired term in the same manner as the office was previously filled. No vacancy or vacancies on the board of trustees shall impair the power of the remaining trustees to administer the retirement system pending the filling of such vacancies.

3. In the event of a lapse of a school district's corporate organization as described in subsections 1 and 4 of section 162.081, or for any other reason, the general administration and the responsibility for the proper operation of the retirement system shall continue to be fully vested in the trustees then currently serving and such trustees shall continue to serve and be elected in the same manner as set forth in this statute as if no lapse had occurred, except that in the event of vacancies occurring in the office of trustees appointed by the board of education prior to the lapse, the board of trustees shall appoint a qualified person or persons to fill such vacancy or vacancies for terms of up to four years.

4. Trustees shall serve without compensation, and any trustee shall be reimbursed from the expense fund for all necessary expenses which the trustee may incur through service on the board of trustees.

5. Each trustee shall, within ten days after such trustee's appointment or election, take an oath of office before the clerk of the circuit court of the judicial circuit in which the school district is located that, so far as it devolves upon the trustee, the trustee will diligently and honestly administer the affairs of the board of trustees and that the trustee will not knowingly violate or willingly permit to be violated any of the provisions of the law applicable to the retirement system. Such oath shall be subscribed to by the trustee making it and filed in the office of the clerk of the circuit court.

6. The circuit court of the judicial circuit in which the school district is located shall have jurisdiction over the members of the board of trustees to require them to account for their official conduct in the management and disposition of the funds and property committed to their charge; to order, decree and compel payment by them to the public school retirement system of their school district of all sums of money, and of the value of all property which may have been improperly retained by them, or transferred to others, or which may have been lost or wasted by any violation of their duties or abuse of their powers as such members of such board; to remove any such member upon proof that the trustee has abused the trustee's trust or has violated the duties of the trustee's office; to restrain and prevent any alienation or disposition of property of such public school retirement system by the members, in cases where it may be threatened, or there is good reason to apprehend that it is intended to be made in fraud of the rights and interests of such public school retirement system. The jurisdiction conferred by sections 169.410 to 169.540 shall be exercised as in ordinary cases upon petition, filed by the board of education of such school district, or by any two members of the board of trustees. Such petition shall be heard in a summary manner after ten days' notice in writing to the member complained of, and an appeal shall lie from the judgment of the circuit court as in other causes and be speedily determined, but such appeal shall not operate under any condition as a supersedeas of a judgment of removal from office.

7. Each trustee shall be entitled to one vote in the board of trustees. Six votes shall be necessary for a decision by the trustees at any meeting of the board of trustees.

8. Subject to the limitations of sections 169.410 to 169.540, the board of trustees shall, from time to time, establish rules and regulations for the administration of the retirement system, for eligibility for and determination of benefits under the retirement system, for the investment of retirement system assets, and for the transaction of the retirement system's business.

9. The board of trustees shall elect from its membership a chairman and shall, by majority vote of its members, appoint a secretary, who may be, but need not be, one of its members. It shall engage such actuarial and other services as shall be required to transact the business of the retirement system. It shall also engage an investment counselor who shall be experienced in the investment of moneys to advise the trustees on investments of the retirement system. The compensation of all persons engaged by the board of trustees and all other expenses of the board necessary for the operation of the retirement system shall be paid at such rates and in such amounts as the board of trustees shall approve.

10. The board of trustees shall keep in convenient form such data as shall be necessary for actuarial valuations of the assets of the retirement system and for checking the experience of the system.

11. The board of trustees shall keep a record of all its proceedings which shall be open to public inspection. It shall prepare annually and send to the board of education and to each member of the retirement system a report showing the fiscal transactions of the retirement system for the preceding fiscal year, a detailed listing of all salaries and expenditures incurred by the trustees for its operation, the amount of the accumulated cash and securities of the system, and the last balance sheet showing the financial condition of the system by means of an actuarial valuation of the assets and liabilities of the retirement system. The board of trustees shall also prepare or cause to be prepared an annual report concerning the operation of the retirement system herein provided for, which report shall be sent by the chairman of the board of trustees to the board of education.

12. The board of trustees shall arrange for necessary legal advice for the operation of the retirement system.

13. The board of trustees shall designate a medical board to be composed of three physicians, none of whom shall be eligible for benefits pursuant to sections 169.410 to 169.540, who shall arrange for and pass upon all medical examinations required pursuant to the provisions of sections 169.410 to 169.540, shall investigate all essential statements and certificates made by or on behalf of a member in connection with an application for disability retirement and shall report in writing to the board of trustees its conclusions and recommendations upon all matters referred to it.

14. The actuary shall be the technical adviser of the board of trustees on matters regarding the operation of the system created by sections 169.410 to 169.540 and shall perform such other duties as are required in connection therewith. Such person shall be qualified as an actuary by membership as a fellow in the Society of Actuaries or by objective standards which are no less stringent than those established by the Society of Actuaries.

15. At least once in each five-year period the actuary shall make an investigation into the actuarial experience of the retirement system, and taking into account the results of such investigation of the experience, the board of trustees shall adopt for the retirement system such actuarial assumptions as shall be deemed necessary.

16. On the basis of such actuarial assumptions as the board of trustees shall adopt, the actuary shall make an annual valuation of the assets and liabilities of the funds of the retirement system.

17. On the basis of the valuation the board of trustees shall certify the rates of contribution payable by the board of education."; and

Further amend the title and enacting clause accordingly.

The summons shall include a court date which shall not be more than twenty-one business days from the date the summons is issued unless at the time of filing the affidavit the plaintiff or plaintiff's attorney consents in writing to a later date.

2. In addition to attempted personal service, the plaintiff may request, and thereupon the clerk of the court shall make an order directing that the officer, or other person empowered to execute the summons, shall also serve the same by securely affixing a copy of such summons and the complaint in a conspicuous place on the dwelling of the premises in question at least ten days before the court date in such summons, and by also mailing a copy of the summons and complaint to the defendant at the defendant's last known address by ordinary mail at least ten days before the court date. If the officer, or other person empowered to execute the summons, shall return that the defendant is not found, or that the defendant has absconded or vacated his or her usual place of abode in this state, and if proof be made by affidavit of the posting and of the mailing of a copy of the summons and complaint, the judge shall at the request of the plaintiff proceed to hear the case as if there had been personal service, and judgment shall be rendered and proceedings had as in other cases, except that no money judgment shall be granted the plaintiff where the defendant is in default and service is by the posting and mailing procedure set forth in this section.

In addition, the plaintiff or an agent of the plaintiff who is at least eighteen years of age may serve the summons by posting and mailing a copy of the summons in the time and manner provided in subsection 2 of this section. Upon proof by affidavit of the posting and of the mailing of a copy of the summons or alias summons and the complaint, the judge shall proceed to hear the case as if there had been personal service, and judgment shall be rendered and proceedings had as in other cases, except that no money judgment shall be granted the plaintiff where the defendant is in default and service is by the posting and mailing procedure provided in subsection 2 of this section.

4. **[**On the date judgment is rendered as provided in this section where the defendant is in default, the clerk of the court shall mail to the defendant at the defendant's last known address by ordinary mail a notice informing the defendant of the judgment and the date it was entered, and stating that**]** The defendant has ten days from the date of the judgment to file a motion to set aside the judgment **[**in the circuit court, as the case may be,**]** and **[**that**]** unless the judgment is set aside within ten days, the judgment **for possession** will become final and the defendant will be subject to eviction from the premises without further notice. **On the date judgment is rendered if the defendant is in default, the clerk of the court shall mail to the defendant at the defendant's last known address by ordinary mail a notice informing the defendant of the foregoing.**

535.110. Applications for appeals shall be allowed and conducted in the manner provided as in other civil cases; but no application for an appeal shall stay execution unless the defendant **[**give**]** **gives** bond, with security sufficient to secure the payment of all damages, costs and rent then due, and with condition to stay waste and to pay all subsequently accruing rent, if any, into court within ten days **[**after it becomes due,**]** **after an entry of the judgment by the trial court, all other provisions of law to the contrary not withstanding,** pending determination of the appeal. **Execution for the purpose of restoring possession shall be stayed pending an appeal if the losing party posts a sufficient appeal bond.**

535.160. If the defendant, on the date any money judgment is given in any action pursuant to this chapter, either tenders to the landlord, or brings into the court where the suit is pending, all the rent then in arrears, and all the costs, further proceedings in the action shall cease and be stayed. If on any date after the date of any original trial**, but before the judgment becomes final,** the defendant shall satisfy such money judgment and pay all costs, any execution for possession of the subject premises shall cease and be stayed; except that the landlord shall not thereby be precluded from making application for appeal from such money judgment. (11) Any county of the first classification with more than fifty thousand but fewer than seventy thousand inhabitants.

2. The governing body of any county described in subsection 1 of this section may enact ordinances to provide for the abatement of a condition of any lot or land that has the presence of rubbish and trash, lumber, bricks, tin, steel, parts of derelict motorcycles, derelict cars, derelict trucks, derelict construction equipment, derelict appliances, broken furniture, or overgrown or noxious weeds in residential subdivisions or districts which may endanger public safety or which is unhealthy or unsafe and declared to be a public nuisance.

House Amendment No. 6

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 245, Page 18, Section 108.280, Line 18, by inserting after said line the following:

"140.170. 1. Except for lands described in subsection 7 of this section, the county collector shall cause a copy of the list of delinquent lands and lots to be printed in some newspaper of general circulation published in the county for three consecutive weeks, one insertion weekly, before the sale, the last insertion to be at least fifteen days prior to the fourth Monday in August.

2. In addition to the names of all record owners or the names of all owners appearing on the land tax book it is only necessary in the printed and published list to state in the aggregate the amount of taxes, penalty, interest and cost due thereon, each year separately stated.

3. To the list shall be attached and in like manner printed and published a notice of said lands and lots stating that said land and lots will be sold at public auction to discharge the taxes, penalty, interest, and costs due thereon at the time of sale in or adjacent to the courthouse of such county, on the fourth Monday in August next thereafter, commencing at ten o'clock of said day and continuing from day to day thereafter until all are offered.

4. The county collector, on or before the day of sale, shall insert at the foot of the list on his **or her** record a copy of the notice and certify on his **or her** record immediately following the notice the name of the newspaper of the county in which the notice was printed and published and the dates of insertions thereof in the newspaper.

5. The expense of such printing shall be paid out of the county treasury and shall not exceed the rate provided for in chapter 493, relating to legal publications, notices and advertisements, and the cost of printing at the rate paid by the county shall be taxed as part of the costs of the sale of any land or lot contained in the list.

6. The county collector shall cause the affidavit of the printer, editor or publisher of the newspaper in which the list of delinquent lands and notice of sale was published, as provided by section 493.060, with the list and notice attached, to be recorded in the office of the recorder of deeds of the county, and the recorder shall not charge or receive any fees for recording the same.

7. The county collector may have a separate list of such lands, without legal descriptions or the names of the record owners, printed in a newspaper of general circulation published in such county for three consecutive weeks before the sale of such lands for a parcel or lot of land that:

(1) Has an assessed value of one thousand **five hundred** dollars or less and has been advertised previously; or

(2) Is a lot in a development of twenty or more lots and such lot has an assessed value of one thousand **five hundred** dollars or less. The notice shall state that legal descriptions and the names of the record owners of such lands shall be posted at any county courthouse within the county and the office of the county collector.

8. If, in the opinion of the county collector, an adequate legal description of the delinquent land and lots cannot be obtained through researching the documents available through the recorder of deeds, the collector may commission a professional land surveyor to prepare an adequate legal description of the delinquent land and lots in question. The costs of any commissioned land survey deemed necessary by the county collector shall be taxed as part of the costs of the sale of any land or lots contained in the list prepared under this section.

140.195. Any collector, agent of any collector, tax sale purchaser, or agent of any tax sale purchaser performing duties under this chapter shall have the lawful right to enter upon the land of another without being guilty of trespass, if he or she is in the course of providing or attempting to provide notice of a tax sale or tax sale redemption rights and it is necessary to enter upon such land to provide, serve, or post such notice.

The purchaser of any tract or lot of land at sale for delinquent taxes, homesteads excepted, shall at any time after one year from the date of sale be entitled to the immediate possession of the premises so purchased during the redemption period provided for in this law, unless sooner redeemed; provided, however, any owner or occupant of any tract or lot of land purchased may retain possession of said premises by making a written assignment of, or agreement to pay, rent certain or estimated to accrue during such redemption period or so much thereof as shall be sufficient to discharge the bid of the purchaser with interest thereon as provided in the certificate of purchase.

2. The purchaser, his **or her** heirs or assigns may enforce his **or her** rights under said written assignment or agreement in any manner now authorized or hereafter authorized by law for the collection of delinquent and unpaid rent; provided further, nothing herein contained shall operate to the prejudice of any owner not in default and whose interest in the tract or lot of land is not encumbered by the certificate of purchase, nor shall it prejudice the rights of any occupant of any tract or lot of land not liable to pay taxes thereon nor such occupant's interest in any planted, growing or unharvested crop thereon.

3. Any additions or improvements made to any tract or lot of land by any occupant thereof, as tenant or otherwise, and made prior to such tax sale, which such occupant would be permitted to detach and remove from the land under his **or her** contract of occupancy shall also, to the same extent, be removable against the purchaser, his **or her** heirs or assigns.

4. Any rent collected by the purchaser, his **or her** heirs or assigns shall operate as a payment upon the amount due the holder of such certificate of purchase, and such amount or amounts, together with the date paid and by whom shall be endorsed as a credit upon said certificate, and which said sums shall be taken into consideration in the redemption of such land, as provided for in this chapter.

5. Any purchaser, heirs or assigns in possession within the period of redemption against whom rights of redemption are exercised shall be protected in the value of any planted, growing and/or unharvested crop on the lands redeemed in the same manner as such purchaser, heirs or assigns would be protected in valuable and lasting improvements made upon said lands after the period of redemption and referred to in section 140.360.

[6. The one-year redemption period shall not apply to third-year tax sales, but the ninety-day redemption period as provided in section 140.405 shall apply to such sales. There shall be no redemption period for a post-third-year tax sale, or any offering thereafter.**]**

140.340. 1. **Upon paying the reasonable and customary costs of sale to the county collector for the use of the purchaser, his or her heirs, successors, or assigns;** the owner**; lienholder;** or occupant of any land or lot sold for taxes, or any other persons having an interest therein, **[**may**] shall have the absolute right to** redeem the same at any time during the one year next ensuing**[**, in the following manner**] and shall continue to have a defeasible right to redeem the same until such time as the tax sale purchaser acquires the deed, at which time the right to redeem shall expire, provided upon the expiration of the lien evidenced by a certificate of purchase under section 140.410 no redemption shall be required.**

2. The reasonable and customary costs of sale include all costs incurred in selling and foreclosing tax liens under this chapter, and such reasonable and customary costs shall include the following: **[**by paying to the county collector, for the use of the purchaser, his heirs or assigns,**]** the full sum of the purchase money named in **[**his**] the** certificate of purchase and all the **[**cost**] costs** of the sale, including the cost to record the certificate of purchase as required in section 140.290, the fee necessary for the collector to record the release of such certificate of purchase, and the **reasonable and customary** cost of the title search and **[**mailings**] postage costs** of notification

required in sections 140.150 to 140.405, together with interest at the rate specified in such certificate, not to exceed ten percent annually, except on a sum paid by a purchaser in excess of the delinquent taxes due plus costs of the sale **incurred by the collector**, no interest shall be owing on the excess amount, with all subsequent taxes which have been paid thereon by the purchaser, his **or her** heirs or assigns with interest at the rate of eight percent per annum on such taxes subsequently paid, and in addition thereto the person redeeming any land shall pay the costs incident to entry of recital of such redemption**; provided, however, that no costs incurred by tax sale purchasers in providing notice of tax sale redemption rights required by law shall be reimbursable as a reasonable and customary cost of sale unless such costs are incurred after March first following the date of purchase of the tax sale certificate by said tax sale purchaser at a first or second offering delinquent tax sale**.

[2.**] 3.** Upon deposit with the county collector of the amount necessary to redeem as herein provided, it shall be the duty of the county collector to mail to the purchaser, his **or her** heirs or assigns, at the last post office address if known, and if not known, then to the address of the purchaser as shown in the record of the certificate of purchase, notice of such deposit for redemption.

[3.**] 4.** Such notice, given as herein provided, shall stop payment to the purchaser, his **or her** heirs or assigns of any further interest or penalty.

5. The reasonable and customary costs of sale needed to redeem any land or lot sold for taxes under this section shall be determined by the collector.

140.350. **[**Infants**] Minors** and incapacitated and disabled persons as defined in chapter 475 may redeem any lands belonging to them sold for taxes, within **[**one year after the expiration of such disability**] five years of the date of the last payment of taxes encumbering the real estate by the minor, incapacitated or disabled person, the party's predecessors in interest, or any representative of such person**, in the same manner as provided in section 140.340 for redemption by other persons.

140.405. 1. Any person purchasing property at a delinquent land tax auction shall not acquire the deed to the real estate, as provided for in section 140.250 or 140.420, until the person meets the requirements of this section, except that such requirements shall not apply to post-third-year sales, which shall be conducted under subsection 4 of section 140.250. The purchaser shall obtain a title search report from a licensed attorney or licensed title company detailing the ownership and encumbrances on the property. **[**Such title search report shall be declared invalid if the effective date is more than one hundred twenty days from the date the purchaser applies for a collector's deed under section 140.250 or 140.420.**]**

2. Notice shall be sent by both first class mail and certified mail return receipt requested to such person's last known available address. If the certified mail return receipt is returned signed, the first class mail notice is not returned, the first class mail notice is refused where noted by the United States Postal Service, or any combination thereof, notice shall be presumed received by the recipient. At the conclusion of the applicable redemption period, the purchaser shall make an affidavit in accordance with subsection **[**4**] 5** of this section.

3. If the owner of record or the holder of any other publicly recorded claim on the property intends to transfer ownership or execute any additional liens or encumbrances on the property, such owner shall first redeem such property under section 140.340. The failure to comply with redeeming the property first before executing any of such actions or agreements on the property shall require the owner of record or any other publicly recorded claim on the property to reimburse the purchaser for the total bid as recorded on the certificate of purchase and all the costs of the sale required in sections 140.150 to 140.405.

4. In the case that both the certified notice return receipt card is returned unsigned and the first class mail is returned for any reason except refusal, where the notice is returned undeliverable, then the purchaser shall attempt additional notice and certify in the purchaser's affidavit to the collector that such additional notice was attempted and by what means.

5. The purchaser shall notify the county collector by affidavit of the date that every required notice was sent to the owner of record and, if applicable, any other publicly recorded claim on the property. To the affidavit, the purchaser shall attach a copy of a valid title search report as described in subsection 1 of this section as well as completed copies of the following for each recipient:

(1) Notices of right to redeem sent by first class mail;

(2) Notices of right to redeem sent by certified mail;

(3) Addressed envelopes for all notices, as they appeared immediately before mailing;

(4) Certified mail receipt as it appeared upon its return; and

6. If any real estate is purchased at a third-offering tax auction and has a publicly recorded unreleased deed of trust, mortgage, lease, lien, judgment, or any other publicly recorded claim upon the real estate under this section, the purchaser of said property shall within forty-five days after the purchase at the sale notify such person of the person's right to redeem the property within ninety days from the postmark date on the notice. Notice shall be sent by both first class mail and certified mail return receipt requested to such person's last known available address. The purchaser shall notify the county collector by affidavit of the date the required notice was sent to the owner of record and, if applicable, the holder of any other publicly recorded claim on the property, that such person shall have ninety days to redeem said property or be forever barred from redeeming said property.

7. If the county collector chooses to have the title search done then the county collector may charge the purchaser the cost of the title search before giving the purchaser a deed pursuant to section 140.420.

8. **[**If the property is redeemed, the person redeeming the property shall pay the costs incurred by the purchaser in providing notice under this section. Recoverable costs on any property sold at a tax sale shall include the title search, postage, and costs for the recording of any certificate of purchase issued and for recording the release of such certificate of purchase and all the costs of the sale required in sections 140.150 to 140.405.

9.**]** Failure of the purchaser to comply with this section shall result in such purchaser's loss of all interest in the real estate **except as otherwise provided in sections 140.550 and 140.570**.

9. The phrase "authorized to acquire the deed" as used in this chapter shall mean the date chosen by the tax sale purchaser that is more than the minimum redemption period set forth in section 140.340 if the tax sale purchaser has complied with the following requirements entitling the purchaser to the issuance of a collector's deed:

(3) As set forth for the foreign country's acceptable method of service in actions in courts of general jurisdiction;

(4) As the foreign country directs in response to a letter of request;

(5) Unless prohibited by a foreign country's law, by delivering a copy of the notice to the person personally or using a form of mail that requires a signed receipt; or

(6) By any other means not prohibited by international agreement as approved by the collector.

140.410. In all cases where lands have been or may hereafter be sold for delinquent taxes, penalty, interest and costs due thereon, and a certificate of purchase has been or may hereafter be issued, it is hereby made the duty of such purchaser, his **or her** heirs or assigns, to cause all subsequent taxes to be paid on the property purchased prior to the issuance of any collector's deed, and the purchaser shall further cause a deed to be executed and placed on record in the proper county all within **[**two years**]** **eighteen months** from the date of said sale; provided, that on failure of said purchaser, his **or her** heirs or assigns so to do, then and in that case the amount due such purchaser shall cease to be a lien on said lands so purchased as herein provided. Upon the purchaser's forfeiture of all rights of the property acquired by the certificate of purchase issued, and including the nonpayment of all subsequent years'

taxes as described in this section, it shall be the responsibility of the collector to record the cancellation of the certificate of purchase in the office of the recorder of deeds of the county. Certificates of purchase cannot be assigned to nonresidents or delinquent taxpayers. However, any person purchasing property at a delinquent land tax sale who meets the requirements of this section, prior to receiving a collector's deed, shall pay to the collector the fee necessary for the recording of such collector's deed to be issued. It shall be the responsibility of the collector to record the deed before delivering such deed to the purchaser of the property.

140.420. (a) Fabrication of premanufactured equipment or process piping used in the construction of such facility;

(b) Construction of such facility; and

(c) General maintenance of such facility during the time period in which such facility receives any tax credit under this section.

If no qualified Missouri contractor is located within seventy-five miles of the property, the requirement that fifty-one percent of the costs shall be paid to qualified Missouri contractors shall not apply.

2. For all tax years beginning on or after January 1, 2015, but before January 1, 2018, any eligible applicant who installs and operates a qualified property shall be allowed a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or due under chapter 147 or chapter 148 for any tax year in which the applicant is constructing the qualified property. The credit allowed in this section per eligible applicant who is a private citizen shall not exceed fifteen hundred dollars or per eligible applicant that is a business entity shall not exceed the lesser of twenty thousand dollars or twenty percent of the total costs directly associated with the purchase and installation of any alternative fuel storage and dispensing equipment or any recharging equipment on any qualified property, which shall not include the following:

The cumulative amount of tax credits which may be claimed by eligible applicants claiming all credits authorized in this section **and section 135.711** shall not exceed one million dollars in any calendar year, subject to appropriations.

4. If the amount of the tax credit exceeds the eligible applicant's tax liability, the difference shall not be refundable. Any amount of credit that an eligible applicant is prohibited by this section from claiming in a taxable year may be carried forward to any of such applicant's two subsequent taxable years. Tax credits allowed under this section may be assigned, transferred, sold, or otherwise conveyed.

5. Any qualified property, for which an eligible applicant receives tax credits under this section, which ceases to sell alternative fuel or recharge electric vehicles shall cause the forfeiture of such eligible applicant's tax credits provided under this section for the taxable year in which the qualified property ceased to sell alternative fuel or recharge electric vehicles and for future taxable years with no recapture of tax credits obtained by an eligible applicant with respect to such applicant's tax years which ended before the sale of alternative fuel or recharging of electric vehicles ceased.

6. The director of revenue shall establish the procedure by which the tax credits in this section may be claimed, and shall establish a procedure by which the cumulative amount of tax credits is apportioned equally among all eligible applicants claiming the credit. To the maximum extent possible, the director of revenue shall establish the procedure described in this subsection in such a manner as to ensure that eligible applicants can claim all the tax credits possible up to the cumulative amount of tax credits available for the taxable year. No eligible applicant claiming a tax credit under this section shall be liable for any interest or penalty for filing a tax return after the date fixed for filing such return as a result of the apportionment procedure under this subsection.

Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

9. The provisions of section 23.253 of the Missouri sunset act notwithstanding:

(3) This section shall terminate on December thirty-first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset; and

(4) The provisions of this subsection shall not be construed to limit or in any way impair the department's ability to redeem tax credits authorized on or before the date the program authorized under this section expires or a taxpayer's ability to redeem such tax credits.

135.711. 1. As used in this section, the following terms mean:

(1) "Placed in service", a qualified alternative fuel vehicle that is ready and available for a specific use, whether in a business activity, an income-producing activity, a tax-exempt activity, or a personal activity. b. A motor vehicle with an engine designed to operate on a single qualified alternative fuel only;

(4) "Tax credit", a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or otherwise due under chapter 147, 148, or 153;

(5) "Taxpayer", any natural person, association, partnership, limited liability company, limited partnership, or corporation subject to the tax imposed in chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax imposed in chapter 147, 148, or 153, and who owns and operates a qualified alternative fuel vehicle licensed in this state.

2. (1) For all taxable years beginning on or after January 1, 2015, a taxpayer shall be allowed a tax credit for purchasing a new qualified alternative fuel vehicle or converting a previously-purchased motor vehicle to a qualified alternative fuel vehicle in the following amounts:

(a) Five thousand dollars for each vehicle with a gross vehicle weight of greater than two thousand pounds but less than ten thousand pounds;

(b) Seven thousand dollars for a heavy-duty vehicle with a gross vehicle weight of at least ten thousand pounds but less than twenty-six thousand pounds; and

(c) Twenty thousand dollars for vehicles with a gross vehicle weight of at least twenty-six thousand pounds.

(2) No more than one credit shall be issued per qualified alternative fuel vehicle.

3. The tax credits authorized in this section shall be claimed for the tax year in which the qualified alternative fuel vehicle was placed in service. If the amount of the tax credit issued exceeds the amount of the taxpayer's state tax liability for the tax year for which the credit is claimed, the difference shall not be refundable but may be carried forward to any of the taxpayer's ten subsequent taxable years. No tax credit issued under this section shall be transferred, sold, or assigned.

4. No more than one hundred thousand dollars in tax credits authorized in this section shall be issued to a particular taxpayer through the last day of March of each fiscal year, but all unused, appropriated tax credits may be issued to any taxpayer for any qualified alternative fuel vehicle and shall not be subject to the one hundred thousand dollar limit beginning on April first of the fiscal year until the end of such fiscal year. The aggregate amount of tax credits which may be issued under this section in any one fiscal year shall not exceed the one million dollar calendar-year limit on such tax credits in subsection 3 of section 135.710.

5. Notwithstanding the provisions of section 304.180 to the contrary, any qualified alternative fuel vehicle or combination of vehicles that uses qualified alternative fuel as a motor fuel may exceed the

maximum gross vehicle limit and axle weight limit on such vehicles listed in section 304.180 by two thousand pounds.

6. The department of revenue may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2015, shall be invalid and void.

7. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset on December thirty-first six years after the effective date of this section unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset on December thirty-first twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset. The termination of the program as described in this subsection shall not be construed to preclude any taxpayer who claims any benefit under any program that is sunset under this subsection from claiming such benefit for all allowable activities related to such claim that were completed before the program was sunset, or to eliminate any responsibility of the administering agency to verify the continued eligibility of projects receiving tax credits and to enforce other requirements of law that applied before the program was sunset."; and
