USER ADVISORY

This Index is for use with the bound version of the Journals of the Senate and House, Second Regular Session, First Extraordinary Session, Veto Session and Second Extraordinary Session, 100th General Assembly, State of Missouri.

The Journals are printed daily by the Senate and House. Corrections made in a daily journal subsequent to the printing of the Journal may be located by examining the "corrections" heading in this index.

The bound sets of Senate and House Journals constitute the official version of the Journals and take precedence over other versions which might be available electronically or otherwise.

Journal page numbers are given only in the numerical listing of SENATE BILLS INTRODUCED and HOUSE BILLS INTRODUCED. When using the TRULY AGREED TO and the CLASSIFIED INDEX, please refer to the numerical listing for journal page numbers.

Bill authors are not listed for substitute bills.

In the CLASSIFIED INDEX, bill captions (listed under SUBJECT) have been revised to take into account changes that occurred after introduction. Bills are classified in this portion of the index by the last version acted upon.

AUTHORITY FOR PUBLICATION

2.080. 1. Copies of the journals of the proceedings of each house of the general assembly shall be compiled under the superintendence and direction of the secretary of the senate and chief clerk of the house, in such number as may be determined to be necessary by the committee on legislative research, to be distributed as directed by the committee. After each session of the general assembly, the secretary of the senate and chief clerk of the house shall examine and correct the proof sheets of the journals of their respective chambers and prepare a table of the errata, if any errors have been made, and shall prepare an index of the journals. The secretary of the senate and chief clerk of the house shall develop and use a common indexing system for the journals.

2. Copies of the journals may be printed and bound into books, may be microphotographed, or may otherwise be copied so as to preserve the record of proceedings and to facilitate the use and storage of the journals.

2.091. The secretary of the senate and chief clerk of the house shall deliver, upon request, one copy of the journal of their respective chambers to the judge of any court of record, any member of either house of the general assembly, the head of any state department, bureau or state institution, the state university, the Missouri state historical society and any public library in the state, two copies of each to the law library association of St. Louis, and three copies of each to the Library of Congress at Washington, D.C. The remaining copies shall be preserved, subject to the orders of the general assembly.

JOURNAL OF THE SENATE
ONE HUNDREDTH GENERAL ASSEMBLY
OF THE
STATE OF MISSOURI
SECOND REGULAR SESSION

FIRST DAY—WEDNESDAY, JANUARY 8, 2020

The Senate was called to order at 12:00 noon by Lieutenant Governor Mike Kehoe.

The Reverend Carl Gauck offered the following prayer:

“I am about to do a new thing; now it springs forth, do you not perceive it?” (Isaiah 43:19)

Gracious God, we come together in this New Year and new decade and new session to fulfill our responsibilities. May we be clear about what we must be about so that the new possibilities that are before us are as You would have us see them and may we do what is required of us to make Your will for us a reality. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

Senator Rowden announced photographers from The Columbia Missourian, Jefferson City News Tribune, KRCG-TV, St. Louis Public Radio, KOMU 8 News, Unterrified Democrat & Gasconade County Republican and Maries County Advocate were given permission to take pictures in the Senate Chamber.

MESSAGES FROM THE

CONCURRENT RESOLUTIONS

Senator Luetkemeyer offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 28

Whereas, in the spring of 1843, nearly 1,000 people left from Fitzhugh's Mills, Missouri, bound for Oregon; and

Whereas, this led to the first significant start of a western migration that would involve approximately 500,000 pioneers; and

Whereas, other trading posts and towns emerged as jumping off sites for those headed west, including Independence, Missouri, St. Joseph, Missouri, and Council Bluffs, Iowa; and

Whereas, St. Joseph emerged as the major starting point for these pioneers and wagon trains. The town's early success as a trading post led to it becoming a center of commerce, communication, and trade, along with a booming population. St. Joseph had a well established ferry and steamboat operation for crossing the Missouri River with wagons and livestock, as well as the most established center of commerce west of St. Louis at that time, complete with general stores and mercantiles from which emigrants could obtain equipment and supplies for the five month journey west; and

Whereas, the banks of the Missouri River and the surrounding community of St. Joseph became the gathering point for family and friends to form their trains, hire or appoint a trail boss, and work out final logistics before crossing the Missouri River into the vastness of the open plains and prairies; and

Whereas, it has been estimated that over 200,000 pioneers launched from St. Joseph; and

Whereas, in 1853, St. Joseph became the western terminus for the telegraph; and

Whereas, in 1859, St. Joseph became the western terminus for the railroad with the arrival of the Hannibal and St. Joseph Railroad. Additionally, in 1860, St. Joseph was the eastern terminus for transcontinental communication with the start of the Pony Express:

Now Therefore Be It Resolved that the members of the Missouri Senate, One Hundredth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby recognize St. Joseph, Missouri, as the beginning of the Oregon Trail.

Senator Wallingford offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 29

Relating to the joint committee on solid waste management district operations.

Whereas, the Joint Committee on Solid Waste Management District Operations was originally established pursuant to Senate Concurrent Resolution 17 during the Second Regular Session of the Ninety-seventh General Assembly; and

Whereas, Senate Concurrent Resolution 17 established the Joint Committee on Solid Waste Management District Operations to examine solid waste management district operations, including but not limited to efficiency, efficacy, and reasonableness of costs and expenses of such districts to Missouri taxpayers; and

Whereas, the Joint Committee on Solid Waste Management District Operations heard testimony from individuals, business owners, and various interested parties during September and December 2014; and

Whereas, after review and consideration of the testimony presented, the Joint Committee on Solid Waste Management District Operations considered multiple legislative proposals relating to solid waste; and

Whereas, the Joint Committee on Solid Waste Management District Operations held a public hearing on December 3, 2014, to receive comments on a draft Senate bill relating to solid waste; and

Whereas, the draft Senate bill was discussed and received support from multiple stakeholders, and such draft bill was filed by Senator Wallingford as Senate Bill 152 during the Ninety-eighth General Assembly, First Regular Session; and

Whereas, the provisions of Senate Bill 152 were truly agreed to and finally passed in Senate Bill 445 sponsored by Senator Romine during the Ninety-eighth General Assembly, First Regular Session; and

Whereas, the Joint Committee on Solid Waste Management District Operations dissolved on December 31, 2014, but had further hearings to conduct and additional legislative alternatives to research, and was reauthorized by the General Assembly by Senate Concurrent Resolution 3 during the Ninety-eighth General Assembly, First Regular Session; and

Whereas, the Joint Committee on Solid Waste Management District Operations dissolved on December 31, 2016, but has further hearings to conduct relating to the implementation of the provisions of Senate Bill 445, as well as additional legislative alternatives relating to solid waste management district operations to research:

Now Therefore Be It Resolved that the members of the Missouri Senate, One-hundredth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby establish the "Joint Committee on Solid Waste Management District Operations" to examine solid waste management district operations, including but not limited to efficiency, efficacy, and reasonableness of costs and expenses of such districts to Missouri taxpayers, and the implementation of the provisions of Senate Bill 445; and

Be It Further Resolved that the Joint Committee on Solid Waste Management District Operations shall be composed of five members of the Senate, with no more than three members of one party, and five members of the House of Representatives, with no more than three members of one party. The Senate members of the Joint Committee shall be appointed by the President Pro Tempore of the Senate and the House members by the Speaker of the House of Representatives. A vacancy on the committee shall be filled in the same manner as the original appointment. The Joint Committee shall select either a chairperson or co-chairpersons, one of whom shall be a member of the Senate and one a member of the House of Representatives. A majority of the members shall constitute a quorum. Meetings of the Joint Committee may be called at such time and place as the chairperson or co-chairpersons designate; and

Be It Further Resolved that the Joint Committee may hold hearings as it deems advisable and may obtain any input or information necessary to fulfill its obligations. The Joint Committee may make reasonable requests for staff assistance from the research and appropriations staffs of the House and Senate, as well as the Department of Natural Resources and representatives of solid waste management districts, but is not authorized to hire additional staff; and

Be It Further Resolved that the Joint Committee may prepare a final report, together with its recommendations for any legislative action deemed necessary, for submission to the General Assembly by December 31, 2025, at which time the Joint Committee shall be dissolved; and

Be It Further Resolved that members of the Joint Committee and any staff personnel assigned to the Joint Committee shall receive reimbursement for their actual and necessary expenses incurred in attending meetings of the Joint Committee; and

Be It Further Resolved that the actual expenses of the Joint Committee, its members, and any staff assigned to the Joint Committee

incurred by the Joint Committee shall be paid by the Joint Contingent Fund; and

Be It Further Resolved that this resolution be sent to the Governor for his approval or rejection pursuant to the Missouri Constitution.

Journal of the Senate

SECOND REGULAR SESSION

SECOND DAY—THURSDAY, JANUARY 9, 2020

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“May prayer be made for him continually and blessings invoked for him all day long.” (Psalm 72:15b)

We pray to You, O Lord, that we who are gathered here may have Your blessings and our work and time be fruitful. Watch over our going out and coming in this day and bring us safely home to our loved ones and be found in Your house of prayer this weekend. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

Senator Rowden announced photographers from KRCG-TV were given permission to take pictures in the Senate Chamber.

Senator Crawford offered Senate Resolution No. 1003, regarding Patricia “Pete” Hallack, Frisco, which was adopted.

CONCURRENT RESOLUTIONS

Senator Schupp offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 30

Whereas, suicide is a serious and tragic public health problem that can be prevented through increased intervention, awareness, resources, and proper treatment; and

Whereas, suicide can affect all Americans, but data shows that active duty service members and veterans die by suicide at much higher rates than the civilian population and that veteran suicide rates in Missouri are significantly higher than the national average; and

Whereas, the United States Department of Veteran Affairs published that an estimated 22 veterans die by suicide every day; and

Whereas, this body must recognize that this tragic epidemic is taking the lives of those who have most heavily carried the burden of protecting and serving their country; and

Whereas, in an effort to prevent suicides, the Buddy Check 22 program was created to support veterans by encouraging people to call and check in with their “buddies” who are veterans on the 22nd day of each month; and

Whereas, this body recognizes that having a support system and social connectedness promotes good mental health and reduces risk of suicide; and

Whereas, a check-in allows veterans to know they are cared for and that help is available during a mental health crisis or in times of need; and

Whereas, this body endeavors to promote awareness of the problem of suicide facing military personnel, and encourages active duty service members, veterans, service providers, advocates, and the people of the State of Missouri to work together to check in on veterans and to continue to educate the public on how to recognize the warning signs and improve the outreach to, and treatment of, individuals at risk for suicide:

Now Therefore Be It Resolved that the members of the Missouri Senate, One Hundredth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby designate the 22nd day of each month as Buddy Check 22 Day in Missouri to promote education and awareness of the problem of suicide facing military personnel.

Be It Further Resolved that this resolution shall be known and may be cited as “Veteran Suicide Prevention Resolution”.

Senator Emery offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 31

Whereas, pornography perpetuates a sexually toxic environment; and

Whereas, efforts to prevent pornography exposure and addiction, to educate individuals and families concerning its harms, and to develop recovery programs should be addressed systematically in ways that hold broader influences accountable; and

Whereas, pornography may contribute to the hypersexualization of teenagers, and even prepubescent children, in our society; and

Whereas, owing to advances in technology and the universal availability of the internet, young children can be exposed to what used to be referred to as hardcore, but is now considered mainstream, pornography at an alarming rate; and

Whereas, the average age of exposure to pornography is now 11 to 12 years of age; and

Whereas, this early exposure can lead to low self-esteem and body image disorders, an increase in problematic sexual activity at younger ages, and an increased desire among adolescents to engage in risky sexual behavior; and

Whereas, exposure to pornography may serve as children's and youth's sex education and may shape their sexual templates; and

Whereas, pornography may normalize violence and abuse; and

Whereas, pornography often depicts rape and abuse as if such acts are harmless; and

Whereas, pornography equates violence with sex and pain with pleasure, which increases the demand for sex trafficking, prostitution, images of child sexual abuse, and child pornography; and

Whereas, use of pornography can potentially negatively affect brain development and functioning, contribute to emotional and medical illnesses, shape deviant sexual arousal, and lead to difficulty in forming or maintaining intimate relationships as well as problematic or harmful sexual behaviors and addiction; and

Whereas, use of pornography, by either partner, is linked to an increased likelihood that individuals will engage in group intercourse; and

Whereas, recent research indicates that pornography is potentially biologically addictive, which means the user requires more novelty, often in the form of more shocking material, in order to be satisfied; and

Whereas, this biological addiction may lead to increasing themes of risky sexual behaviors, extreme degradation, violence, child sexual abuse, and child pornography; and

Whereas, pornography use is linked to lessening desire to marry, dissatisfaction in marriage, and infidelity; and

Whereas, this link demonstrates that pornography has a detrimental effect on the family unit:

Now, Therefore, Be It Resolved that the members of the Missouri Senate, One-hundredth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby recognize pornography as leading to individual and societal harms and recognize the need for education, prevention, research, and policy change at the community and societal level.

Senator Bernskoetter offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 32

Whereas, more than 81,900 United States service members remain unaccounted for from World War II, the Korean War, the Vietnam War, and the Cold War, of which 2,298 are Missourians; and

Whereas, for more than seventy years the families of those missing have been deprived of the peace that comes with laying to rest the remains of a loved one or at least knowing that loved one's fate; and

Whereas, the basic principle of national honor in the Armed Forces of the United States of America is that the United States leaves no one behind; and

Whereas, the United States has an obligation to the missing and to their families to enforce this principle and provide information and answers; and

Whereas, in 1993, the United States Senate Select Committee on POW/MIA Affairs noted in its final report that declassifying the records related to POWs and MIAs could have eliminated much of the controversy and unnecessary secrecy surrounding the United States government's handling of the POW/MIA issues, which bred suspicion and distrust; and

Whereas, federal statutes and multiple presidential executive orders have called for the declassification of records relating to POWs and MIAs, but such mandates have been limited in scope, lacked enforcement mechanisms, and included broad exceptions that have been routinely cited by federal agencies as justification for continued classification of documents; and

Whereas, all government agencies should be directed by Congress and the Executive Branch of the United States to identify, locate, review, and declassify this vital information, subject to reasonable standards and limitations; and

Whereas, declassification and availability of these records would allow families of the missing and others in the private sector to conduct research, gain relevant information, and, thereby, hold the federal government accountable; and

Whereas, investigation and diplomatic efforts between the United States and wartime adversaries such as Russia, China, North Korea, and countries of Southeast Asia have yielded little to no public information about the status of missing American service personnel who were reportedly captured alive but not returned to the United States; and

Whereas, the “Bring Our Heroes Home Act”, which has been introduced in the United States Senate as Senate Bill 2794 (2019), sponsored by Senator Mike Crapo (R-ID), sets forth an integrated process for comprehensive declassification of records pertaining to missing Armed Forces personnel records, subject to legitimate limitations and exceptions:

Now Therefore Be It Resolved that the members of the Missouri Senate, One Hundredth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby call on the Missouri members of the United States Senate to support and contribute to the early consideration and passage of the “Bring Our Heroes Home Act”; and

Be It Further Resolved that the members of the Missouri General Assembly hereby call on all members of the Missouri Congressional delegation to lend their influence to the cause of resolving the cases of all Missourians who remain unaccounted for from past conflicts; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for each member of the Missouri Congressional delegation.

Journal of the Senate

SECOND REGULAR SESSION

THIRD DAY—MONDAY, JANUARY 13, 2020

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“The clouds poured out water, the skies thundered; your arrows flashed on every side.” (Psalm 77:17)

Heavenly Father, we pray for those whose lives were torn apart by the storms and tornadoes that struck here in Missouri and our neighbors. We ask You to help us as we do what we can to offer aide and care for those in distress and for Your merciful presence in the lives of all who are in need of help.

O Lord, we are grateful for our safe travel this day and we are blessed to know You as our Lord. Be with us this week and bless our efforts to be faithful to our calling. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal for Thursday, January 9, 2020 was read and approved.

CONCURRENT RESOLUTIONS

Senator May offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 33

Relating to Minority Organ Donor Awareness Month in Missouri

Whereas, with more than one hundred eighteen thousand people waiting for an organ donation and with more than seven thousand people dying each year due to the lack of organs, public awareness of the great need for organ donation is the key to increasing the number of organ donors and thereby saving lives and improving the quality of life for recipients of organ donation; and

Whereas, approximately thirty thousand people a year have begun new lives thanks to an organ transplant. Organs and tissue from a single nonliving donor can be used to benefit more than fifty people. Living donors can donate a kidney and parts of their liver, lung, pancreas, or intestine, and can be evaluated to help a friend, family member, or even donate anonymously to patients of the wait list; and

Whereas, promoting the need for organ and tissue donors and encouraging people to become an organ donor and tissue donor are vitally important to increase the number of lives saved and changed for the better through organ donation; and

Whereas, people of African American/Black, Asian/Pacific Islander, Hispanic/Latino, American Indian/Alaskan Native, and multiracial descent currently make up nearly fifty-eight percent of individuals on the national organ transplant waiting list. These communities are in great need of more organ and tissue donors; and

Whereas, an intensive awareness campaign focused on obstacles related to minorities and organ donation that promotes healthy living and disease prevention to decrease the need for organ transplantation and that reaches out to all ethnic groups is greatly needed:

Now, Therefore, Be It Resolved that the members of the Missouri Senate, One-hundredth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby designate the month of August each year as "Minority Organ Donor Awareness Month" in Missouri; and

Be It Further Resolved that the General Assembly encourages and recommends that people of the state of Missouri observe Minority Organ Donor Awareness Month through activities that specifically address the need to increase awareness of organ donation by all ethnic groups and the need for organ donors. Such activities may include prayer breakfasts, health walks, and donor drives; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to send a properly inscribed copy of this resolution to the Governor for his approval or rejection pursuant to the Missouri Constitution.

Read 1st time.

Senator Rowden moved that **HCR 57** be taken up for adoption, which motion prevailed.

On motion of Senator Rowden, **HCR 57** was adopted by the following vote:

Journal of the Senate

SECOND REGULAR SESSION

FOURTH DAY—TUESDAY, JANUARY 14, 2020

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Senator Emery offered the following prayer:

The Psalmist proclaimed - “The Lord is my light and my salvation; whom shall I fear? The Lord is the strength of my life; of whom should I be afraid?” (Psalm 27:1)

Merciful Lord, I join with my Senate colleagues this afternoon to pray for Senator Riddle as she goes through her recovery. May your healing presence flow through her body to renew her strength and vigor. Comfort her in spirit, soul, and body and bring her quickly back into the service of her constituents and this state. Lord, give us the tools we need to pursue peace within this body and in our state and nation. Produce in us the character of Christ to be ever kinder and more forgiving. Strengthen our faith to build relationships that are strong enough to overcome every trial and that will open avenues of peace among us. I pray in the name of the Lord Jesus Christ; amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

On motion of Senator Rowden, **SR 1041** was adopted.

Senators Hough and Cunningham offered Senate Resolution No. 1042, regarding the death of Judge William Ralph Hass, Springfield, which was adopted.

Senator Rowden offered Senate Resolution No. 1043, regarding Tyler Schuster, Blackwater, which was adopted.

CONCURRENT RESOLUTIONS

Senator Hoskins offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 34

Whereas, in March 2019 Missouri experienced flooding at historically high levels; and

Whereas, the extensive flooding destroyed many homes, farms, and businesses, severely impacting the livelihoods of thousands of Missourians, who, in addition to suffering the emotional toll of the disaster, are also suffering a heavy economic burden to repair the devastated lands and infrastructure; and

Whereas, there are eight-congressionally authorized purposes for managing the Missouri River, including flood control and the

consideration of fish and wildlife:

Now Therefore Be It Resolved that the members of the Missouri Senate, One Hundredth General Assembly, Second Regular Session, the House of Representatives concurring therein, strongly urge the Congress of the United States to pass H.R. 2174, 116th Cong. (2019), which removes fish and wildlife as an authorized purpose of the Missouri River Mainstem Reservoir System and to make flood control the highest priority of authorized purposes of such system, and for other purposes; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for the Speaker of the United States House of Representatives, the President of the United States Senate, and each member of the Missouri congressional delegation.

Senator Hoskins offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 35

Whereas, the state of Missouri was subject to historic and devastating flooding during 2019; and

Whereas, such flooding has resulted in the breaching of dozens of levees and millions of dollars in damage; and

Whereas, this is not the first time in the recent past in which Missouri has been subject to such devastation, with various floods subjecting the state to varying degrees of devastation within the last decade; and

Whereas, various measures have been taken to address the problems posed by these disasters by various public officials and entities; and

Whereas, House Resolution 3779, introduced in the United States House of Representatives is a significant measure that would help states mitigate the risks of such disasters in the future by providing needed resources; and

Whereas, it is imperative to not only help communities that have suffered from the current flooding to recover, but it is also imperative that all communities be able to be better prepared for future flooding; and

Whereas, such resolution was ordered reported from the House Transportation and Infrastructure Committee on September 19, 2019:

Now Therefore Be It Resolved that the members of the Missouri Senate, One Hundredth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby call on the members of the Missouri Congressional delegation to support House Resolution 3779, 116th Congress; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for each member of the Missouri Congressional delegation.

Senator Hough offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 36

Relating to designating every November as National American History and Founders Month

Whereas, as we approach our Nation's 250th anniversary in 2026, there is a clear need to empower Americans to be active citizens through greater understanding of our Nation's early history, its founders, and the civic duties within the American experience; and

Whereas, the period beginning with the onset of the American Revolution in 1775 through 1791 encapsulates the events and people responsible for establishing and shaping our country's future. The American Revolution (1775-1783) is one of the most defining events in modern history, both as the rebellion against Great Britain and as the creation of a self-governing and sovereign nation. The Declaration of Independence, the Constitution, and the Bill of Rights will forever set our Nation apart from all others. Our electoral system, our three branches of government in the form of an elected President, an elected Congress, and an independent Supreme Court are well-established and sustaining. These have all set a long enduring, unique and remarkable precedent that many other nations over the past two centuries have sought to replicate; and

Whereas, the purpose of National American History and Founders Month is to create a tradition of educating and celebrating the founding history of our country for all Americans. Furthermore, while there are holidays celebrating key events, leaders, and groups responsible for creating and shaping our Nation, there is no official recognition or formal commemoration of our Nation's early history, its founders and its governmental system. This new recognition and focus offers all Americans an occasion to appreciate the struggle to create a new nation, the founders who pioneered how this new nation should be governed, and the civic duties of its citizens:

Now Therefore Be It Resolved that the members of the Missouri Senate, One-hundredth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby proclaim each November as "National American History and Founders Month", and urge public officials at the state and local levels, educators in schools, colleges and universities, librarians, and all the people in the state of Missouri to observe this month with appropriate programs, ceremonies, and activities, and to reaffirm their devotion to the principles of freedom and the common history and heritage shared by all Americans; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to send a properly inscribed copy of this resolution to the Governor for his approval or rejection pursuant to the Missouri Constitution.

Read 1st time.

Senator Burlison offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 37

Relating to an application to Congress for the calling of an Article V convention of states to propose certain amendments to the United States Constitution which place limits on the federal government.

Whereas, the Founders of our Constitution empowered state legislators to be guardians of liberty against future abuses of power by the federal government; and

Whereas, the federal government has created a crushing national debt through improper and imprudent spending; and

Whereas, the federal government has invaded the legitimate roles of the states through the manipulative process of federal mandates, most of which are unfunded to a great extent; and

Whereas, the federal government has ceased to live under a proper interpretation of the Constitution of the United States; and

Whereas, it is the solemn duty of the states to protect the liberty of our people - particularly for the generations to come - to propose amendments to the United States Constitution through a convention of states under Article V to place clear restraints on these and related abuses of power; and

Whereas, the Ninety-ninth General Assembly of Missouri, First Regular Session, adopted Senate Concurrent Resolution 4, which contained an application for an Article V Convention to propose constitutional amendments identical to those proposed in this resolution, but provided that the application would expire five years after the passage of Senate Concurrent Resolution 4; and

Whereas, it is necessary for each state to provide for the selection of commissioners to attend the Article V Convention:

Now, Therefore, Be It Resolved by the members of the Missouri Senate, One-hundredth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby apply to Congress, under the provisions of Article V of the United States Constitution, for the calling of a convention of the states limited to proposing amendments to the United States Constitution that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and members of Congress; and

Be It Further Resolved that the General Assembly adopts this application with the following understandings (as the term “understandings” is used within the context of “reservations, understandings, and declarations”):

(1) An application to Congress for an Article V convention confers no power on Congress other than to perform a ministerial function to “call” for a convention;

(2) This ministerial duty shall be performed by Congress only when Article V applications for substantially the same purpose are received from two-thirds of the legislatures of the several states;

(3) The power of Congress to “call” a convention solely consists of the authority to name a reasonable time and place for the initial meeting of the convention;

(4) Congress possesses no power whatsoever to name delegates to the convention, as this power remains exclusively within the authority of the legislatures of the several states;

(5) Congress possesses no power to set the number of delegates to be sent by any states;

(6) Congress possesses no power whatsoever to determine any rules for such convention;

(7) By definition, a Convention of States means that states vote on the basis of one state, one vote;

(8) A Convention of States convened pursuant to this application is limited to consideration of topics specified herein and no other;

(9) The General Assembly of Missouri may recall its delegates at any time for breach of their duties or violations of their instructions pursuant to the procedures adopted in this resolution;

(10) Pursuant to the text of Article V, Congress may determine whether proposed amendments shall be ratified by the legislatures of the several states or by special state ratification conventions. The General Assembly of Missouri recommends that Congress specify its choice on ratification methodology contemporaneously with the call for the convention;

(11) Congress possesses no power whatsoever with regard to the Article V convention beyond the two powers acknowledged herein;

(12) Missouri places express reliance on prior legal and judicial determinations that Congress possesses no power under Article I relative to the Article V process, and that Congress must act only as expressly specified in Article V; and

Be It Further Resolved that this application hereby repeals, rescinds, cancels, renders null and void, and supercedes the application to the Congress of the United States for a constitutional convention under Article V of the Constitution of the United States by this state in Senate Concurrent Resolution No. 4 as adopted by the Ninety-ninth General Assembly, First Regular Session; and

Be It Further Resolved that the members of the General Assembly hereby adopt the following procedures for the selection of

commissioners to attend the Article V Convention called for by this resolution:

Section 1. Selection of Commissioners

When a convention is called to propose amendments to the United States Constitution pursuant to Article V of the United States Constitution, the selection and participation of commissioners from Missouri to such convention shall be governed by this Resolution.

Section 2. Number, Eligibility, and Selection of Commissioners

A. Missouri shall have a number of commissioners equal to the number of congressional districts in the state at the time of the call with one commissioner from each congressional district and a number of alternate commissioners equal to the number of congressional districts in the state at the time of the call with one alternate commissioner from each congressional district.

B. Commissioners and alternates shall be citizens of the State of Missouri and shall otherwise meet the same qualifications necessary to hold office in the Missouri House of Representatives. Commissioners and alternates may include persons holding public office, subject to further limits described below, except that no person will be eligible who is:

- (1) A member of the United States House of Representatives or Senate;
- (2) An employee of the United States;
- (3) An employee or other representative of a contractor with the United States; or
- (4) An elected official holding a statewide office.

Commissioners and alternates are also subject to those existing ethics rules which apply to members of the General Assembly.

C. The House of Representatives and Senate shall select, by adoption of a concurrent resolution, the commissioners and alternates who meet the eligibility requirements described herein and who are submitted to the House of Representatives and the Senate by the Joint Legislative Committee as provided in Section 4 of this resolution. Of the commissioners, at least one-third shall not be sitting members of the General Assembly. Of the alternate commissioners, at least one-third shall not be sitting members of the General Assembly.

D. A majority of the commissioners shall constitute a quorum for all decisions made by the delegation, and no commissioner may give his or her vote by proxy or otherwise to any other commissioner. The commissioners shall select a chairperson to administer the work of the commissioners.

Section 3. Authority of Commissioners

A. Each commissioner and alternate shall, by oath or affirmation as a condition of participating in the convention, agree to faithfully and impartially discharge all the duties incumbent upon a commissioner, including the duty to abide by instructions established by concurrent resolution of the General Assembly for participation in the convention and the duty to act only within the scope of the General Assembly's application for the convention, if Missouri applied for the convention in which the commissioners are participating. Each commissioner and alternate shall further agree to immediately notify the Joint Legislative Committee if he or she believes that any Missouri commissioner or alternate has violated his or her oath or instructions while participating in the convention.

B. Prior to the Article V Convention, the General Assembly shall consider "Recommended Commissioner Instructions" presented to it by the Joint Legislative Committee as discussed further in Section 4 of this resolution, and shall by concurrent resolution provide duly approved instructions to the commissioners and alternates regarding the scope of matters they may consider and vote on at the convention, including rules of procedure and proposed amendments. Such instructions may be changed by the General Assembly prior to or during the convention. These instructions shall include, but shall not be limited to:

1. An instruction that the commissioners shall not support any voting rule other than the rule whereby each state exercises one vote; and
2. An instruction that on all voting matters at the convention, the decision of a simple majority of the Missouri commissioners shall constitute a single vote for the State of Missouri.

C. Any vote cast by a commissioner or alternate at an Article V convention that is outside the scope of any of the following is an unauthorized vote, and is therefore void:

1. The instructions established by any concurrent resolution adopted under this Resolution or later amending resolutions.
2. Any limits identified in the Missouri General Assembly's application for the convention.

Section 4. Authorization for and Role of the Joint Legislative Committee

A. After or near the time an Article V convention is called, a Joint Legislative Committee shall be duly authorized by the General Assembly for the purposes described in this section. The Joint Legislative Committee shall be comprised of five members of the Senate appointed by the President Pro Tempore of the Senate, with three members from the majority party and two members from the minority party, and five members of the House appointed by the Speaker of the House of Representatives, with three members from the majority party and two members from the minority party, and shall have the initial task of recommending eligible commissioners to the House of Representatives and the Senate for consideration of appointment as commissioners. The Joint Legislative Committee shall submit at least three persons from each congressional district who are eligible, as provided in this resolution, to serve as a commissioner and at least three different persons from each congressional district who are eligible, as provided in this resolution, to serve as an alternate commissioner. The House of Representatives and the Senate shall select a commissioner and alternate commissioner from each congressional district from the names submitted by the Joint

Legislative Committee. The Joint Legislative Committee shall also be charged with presenting “Recommended Commissioner Instructions” to the full General Assembly for consideration leading to a concurrent resolution as discussed in Section 3(B) of this resolution. Such Commissioner Instructions will define the scope of matters the Commissioners may consider and vote on at the Article V Convention, including rules of procedure and proposed amendments as discussed more fully in Section 3 of this resolution. All recommendations that secure a simple majority vote of the members of the Joint Legislative Committee present will be deemed approved “Recommended Commissioner Instructions” to be submitted to the General Assembly for its consideration.

B. After commissioners have been selected, the Joint Legislative Committee may recall any commissioner and revoke such commissioner’s authority. However, the Joint Legislative Committee may only recall and revoke the authority in the event the commissioner casts or attempts to cast an unauthorized vote as described in this Resolution. The Joint Legislative Committee shall also appoint one of the selected alternates to take the place of a commissioner so recalled. The Joint Legislative Committee shall promptly investigate any notice that a commissioner or alternate has cast an unauthorized vote or otherwise exceeded the scope of the General Assembly’s application for the convention or the General Assembly’s instructions to the commissioners. The Joint Legislative Committee shall act to ensure that the commissioners remain faithful to the terms of the convention application and the General Assembly’s instructions. Before or during the Article V Convention, the Joint Legislative Committee may advise the commissioners on questions which arise regarding the scope of the convention and the legislative instructions to commissioners.

C. By concurrent resolution, the General Assembly may change or supersede any action of the Joint Legislative Committee or recall commissioners or alternates to the convention, or appoint new commissioners or alternates.

D. The Joint Legislative Committee shall be authorized to conduct its business via telephone or by electronic communication.

Section 5. Conflicts with Convention Rules or Procedures

Should the provisions of this Resolution conflict with the rules or procedures established by the Article V convention, the General Assembly may by concurrent resolution conform these provisions to such rules or procedures; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for the President and Secretary of the United States Senate, the Speaker and Clerk of the United States House of Representatives, each member of the Missouri Congressional delegation, and the presiding officers of each of the legislative houses in the several states requesting their cooperation.

The Joint Committee appointed to wait upon His Excellency, Governor Michael L. Parson, escorted the Governor to the dais where he delivered the State of the State Address to the Joint Assembly.

**2020 STATE OF THE STATE ADDRESS
GOVERNOR MIKE PARSON**

Statewide leaders, legislators, and special guests ...

Thank you for the warm welcome and the honor of being here today to present the State of the State.

It was not long ago that I stood here and laid out a bold plan for the future of Missouri.

Back then, many were worried about the direction of our state. Some of you were probably worried about how your new Governor would lead and address the problems within Missouri.

But, because I love this state and the people of this state, I knew I was ready for that challenge ... and with your help, ready to chart a new path for Missouri.

A path that would push us to the forefront of the nation by providing more opportunities for our citizens ... and make Missouri a destination for others around the country ready to embrace our Show Me way of life.

I also want to thank the many of you in this room and the thousands around the state who had confidence in me, supported my vision, and offered me patience at a trying time for Missouri.

Even though it was a challenging time, it was also an opportunity to do things differently, to tackle tough problems, and propose bold solutions

... and with your help, we have made tremendous progress.

That is why I am confident telling you today that the state of our state is strong ... and by working together, we will be ready for an even better future.

One year ago, I told you my administration would take a very disciplined approach to working for the people of Missouri ... and that workforce development and infrastructure must be our dedicated priorities.

Focusing on these issues would allow us to not only make short-term gains for our state, but also provide long-term stability and a solid foundation for future generations.

They were issues that we worked on together, regardless of party or region of the state.

And, most importantly, after listening to community, civic, and business leaders from across Missouri ... I knew they shared the same belief that these issues would help strengthen every community across our state.

In fact, in just a single year, Missouri's workforce development agenda has caught the attention of the rest of the country.

Other states are now watching us and taking notes, and we are rapidly working towards our goal of becoming the Best in the Midwest ... and frankly, the best in the nation.

For example, through our collaboration with employers, we now have 42,000 Missourians signed up for on-the-job training through the One Start program ... 42,000.

We have reached second in the nation for apprenticeships, and we fully intend to keep that momentum going.

Our Fast Track scholarship program has reached hundreds of applications ... and I am very proud that these scholarships are primarily used at our community colleges where women make up 61% of the total enrollment.

Another workforce development program I'm very proud of is ASPIRE MO, a 20-week program that helps incarcerated women develop business plans and prepare for successful re-entry into the workforce.

With us today in the upper gallery is Emily Kirchhoff and Nigaila Gibbs.

Both of these ladies served in the Vandalia women's correctional center.

Both of them would tell you they made poor choices in the past, but they stand before us today as graduates of ASPIRE MO.

Through this program, they have shown dedication to learning new skills, taking responsibility, getting back on their feet, and into the workforce.

Ms. Kirchhoff is employed at a call center that connects veterans to healthcare services.

Ms. Gibbs is employed at Americold, a storage and logistics company in St. Louis.

If we are to be a society that believes in forgiveness and second chances, then it is the next chapter in their lives that will matter most.

Please join me in recognizing Ms. Kirchhoff and Ms. Gibbs.

Please know we believe in you, we support you, and we wish you the best in the days to come.

The opportunities we have provided for individuals to better themselves – and in return provide a more stable environment for their families – will truly change lives long after all of us are gone.

When we talk about these successes in workforce development, it is also worth pointing out that real incomes are rising faster than any time in recent history.

More people have more money in their pockets, and the tax cuts at the state and federal level are absolutely having a positive impact here in Missouri.

Missouri now ranks 7th in the nation for small business wage growth.

And at 3.1 percent, our unemployment rate continues to remain at historic lows, and has been below the national unemployment rate for 40 consecutive months ... another example that Missouri's growth is strong, and we are on the right track.

Not to mention that the African American unemployment rate in Missouri has dropped from over 10 percent in 2014 to 5.5 percent today.

Our workforce efforts have created over 40,000 new jobs since I took office ... 40,000 new jobs.

And, more importantly, it is the private sector that is driving these investments, not government.

And here are just a few examples:

The Fortune 250 Agri-business company Bunge announced the relocation of its global headquarters from New York to St. Louis.

Bayer announced it will add 500 new jobs to the St. Louis region, and Pfizer also invested over \$230 million dollars.

Boeing secured a \$16 billion dollar contract to build the TX trainer, and NGA West just broke ground on their billion dollar campus in St. Louis.

On the other side of the state, companies like Swiss Re, Faurecia, CVS, and Waddell & Reed have made huge investments in the area.

And of course, Kansas City beat more than 130 other cities around the country to land two divisions from the USDA and over 500 new jobs for the first time in our nation's history.

Our big cities aren't the only ones generating new jobs and attracting investment.

Briggs and Stratton is creating 130 new jobs in Poplar Bluff. Dollar Tree invested \$110 million dollars for a new distribution center in Warrensburg, creating 375 new jobs.

Nucor Steel, the largest steel company in the United States, is close to production at its \$250 million dollar steel mill that will create 250 new jobs in Sedalia, Missouri.

Aurora Organic Dairy opened a new processing plant in Columbia, creating over 100 new jobs ... and Purina invested \$115 million dollars to expand in Bloomfield.

And, about one month ago, General Motors announced one of the largest single project investments in our state's history in Wentzville with a \$1.5 billion dollar investment to build midsize trucks for North America ...

And we like our trucks here in Missouri.

This is just the beginning, and these successes will help us build further momentum.

All of these are shared successes ... and show that by working together, our investments in workforce development and infrastructure are succeeding.

I am proud to report we have exceeded even our own estimates, and the result has been better cost savings and more projects for the people of Missouri.

As a matter of fact, Senator Schatz and Representative Ruth ... I want to thank you for your leadership on getting the bridge bonding resolution completed, and let you know that our first round of bonds was achieved at an interest rate of 1.25 percent.

And, what triggered these bonds was an \$81.2 million dollar INFRA grant from the U.S. Department of Transportation to build the Rocheport Bridge.

Even more to celebrate are the vital grants we have received to complete the MacArthur Bridge in St. Louis ... make significant improvements to the River Port in Cape Girardeau ... solidify the East Locust reservoir project in northern Missouri ... and finally wrap-up funding for the I-49 Bella Vista Bypass in Southwest Missouri.

I appreciate the support and leadership from our federal delegation in securing those funds, especially Congressman Sam Graves and Senator Roy Blunt.

These projects are critically important to their regions, and I am proud of MoDOT's hard work to leverage every tax dollar to the fullest and make our transportation system safer for ALL Missourians.

In addition to these projects, we got an even better return than expected on the infrastructure cost-share program you all passed.

I am excited to tell you that this nearly \$50 million dollar investment will lead to nearly \$150 million dollars in new infrastructure investment, and an economic impact of approximately \$350 million dollars.

The bold infrastructure proposals we all worked on together have netted \$1 billion dollars in new projects for our state.

There is so much excitement and optimism across all parts of the state ... but right here in Jefferson City, we shook things up a little more.

We stopped talking about reform and pushed through real reforms that have changed state government for the better.

Our first reorganization effort of state government took effect this past August, impacting hundreds of state employees.

These changes represent the most significant reorganization of state government in decades.

This was the right thing to do to make government more efficient, more accountable, and more customer oriented to the people we serve.

As part of our efforts to improve state government, we also successfully consolidated a state prison that will save us \$22 million dollars every year.

And, on top of this, through greater efficiency, better management, and more accountability to the Missouri taxpayers, we gave our state employees a much-needed pay raise.

An effort like that does not happen if you don't have bold leaders who are dedicated to making state government better ... so I would like to recognize all of my cabinet members seated in the rear gallery.

Please stand and be recognized.

I am proud of the support and commitment you show this state every day, and it is my honor to serve alongside you.

We have made record improvements in just a short period of time, but I believe there is still more to do and much more we can achieve with

hard work.

Of course, it is important to know that these bold ideas are working. But, most importantly, it is about the impact it has on the lives of the everyday people of Missouri.

That is why my call this legislative session is to propose initiatives aimed at building stronger communities ... improving education and workforce development ... revitalizing our infrastructure ... and making government more accountable.

It is critical to understand that all of these issues provide individuals with more opportunities, strengthen public safety, and create healthier and more stable communities ... and I have learned that no one knows more about their communities than the mayors.

Seated in the upper gallery are the mayors and police chiefs of the four largest metro areas of our state.

Mayor Quinton Lucas of Kansas City ... Mayor Lyda Krewson of St. Louis ... Mayor Ken McClure of Springfield ... and Mayor Brian Treece of Columbia.

All of these mayors care deeply about their cities, just as I care deeply about our entire state ... we all know that Missouri is diverse, and so are the opinions and needs of the people within it.

But, regardless of what part of the state we come from, we all want our communities to be safe ... and we worry when we see violent criminals threaten our neighborhoods.

That concern for our citizens brought the five of us together.

Despite our varied backgrounds and differing opinions, we have stayed focused on what we can accomplish by working together, while also showing respect and willingness to listen to one another.

These mayors understand my commitment to support the second amendment for law abiding citizens.

And let me be clear ...

During my 6 years in the Army, 22 years in law enforcement, and as a lifetime member of the NRA ...

I have never wavered in my support for the Second Amendment.

But, we all have to understand the very real issue of violent crime affecting our neighborhoods and the potential consequence of doing nothing.

By working together, we have come up with solutions to help combat violent crime, such as:

- Providing greater protection for victims and witnesses.
- Providing more mental health resources and services.
- And, finally strengthening our laws to target violent criminals.

We won't always agree, and there will always be issues we each feel passionately about.

But, I am confident that by working together, the potential for our regions and the entire state of Missouri is even greater.

Please join me in recognizing the mayors and police chiefs of Kansas City, St. Louis, Springfield, and Columbia, Missouri.

We will continue to promote initiatives that incorporate more mental health resources into public safety ... provide more targeted and tactical support for the pursuit of violent criminals ... and encourage more coordination among law enforcement.

We know some of these efforts are already paying off.

Between Operation Triple Beam in Kansas City and our commitment of state personnel in St. Louis, Remarkable results have been achieved ... including:

- The arrest of hundreds of violent criminals,
- Gang members,
- And the seizure of nearly 30 pounds of illegal drugs.

With us here today are members of the Missouri Highway Patrol and the Division of Fire Safety who have been part of these efforts in St. Louis.

Please join me in recognizing their hard work and commitment to protecting the people of Missouri.

These results reflect real progress, and show that by all of us working together – federal, state, and local law enforcement, and community leaders – we can make a difference and keep violent criminals off our streets.

I also want to point out that we included community leaders.

As Governor, I have the greatest honor and privilege of representing all parts of our state ... but I have learned the most powerful voice is often the one in the community.

With us here today are several members of the Missouri Faith Leadership Coalition.

I want to thank them for stepping up ... leading by actions and not just words ... putting their communities and congregations ahead of politics ... and helping me better understand the struggles their communities face.

These leaders are also special to me because I know we all have a special faith ...

And it is that special faith that allowed us to look past whatever differences we may have, and come together for a purpose higher than any one of us.

Would the members of the Missouri Faith Leadership Coalition please stand to be recognized?

There is also another special guest I would like to recognize today - Mrs. Bernice Jones.

By looking at us, you might not think Mrs. Jones and I have much in common.

But one Saturday at a Grill for Glory event, we realized we both have an immense love for children.

Mrs. Jones has 13 grandchildren, and I have six. Being a grandparent is something we both cherish.

I also learned that Mrs. Jones has been involved in her same community in St. Louis for over 50 years, keeping an eye on things, offering assistance to youth, and always serving others.

Sadly, she and I met because of the tragedy of children being shot in the street ... but this also made me realize something else very important about working together.

We need to take more time to celebrate community leaders like Mrs. Jones who are making a real difference ...

Not those who are trying to tear it apart and relish in the fear they create by headlines in the newspapers.

When it is hard to find the light in a bad situation, sometimes a spark is all you need to get the fire going again ... Mrs. Jones has been that spark in her community.

She had the chance to leave, but she chose not to.

Mrs. Jones stayed to fight the fight ... and has truly changed lives for the better.

Please join me in recognizing Mrs. Jones.

As a former sheriff, it is important to me that we also give special thanks to those who risk their lives to keep ours safe.

Our law enforcement and emergency personnel do a job that most people don't want to do, but others expect them to do it.

We must trust them, and stand up for these brave men and women.

I hope that this legislative session, serious time and consideration will be given to these proposals to strengthen our communities.

While reducing violent crime is our immediate goal, I strongly believe that at the end of the day, it is about better education and skills to get a quality job ... because that is going to be the long-term solution.

Last year, our workforce development efforts focused on new training opportunities for working adults.

However, in some of our most troubled communities, or any community in Missouri for that matter, our children are the true workforce of tomorrow.

The most important and impactful time of a child's development is the early years of his or her life ...

Missouri recently received a \$33.5 million dollar preschool development grant aimed at creating a more effective, high-quality early learning system.

With this funding, we have the opportunity to strengthen our early childhood offerings and better prepare Missouri children for success ... which is crucial to the development of a strong workforce.

In addition to early childhood education, we will also focus on increasing opportunities for high-demand training at the high school level.

We need to ensure our students understand the many opportunities out there, whether it be going into the workforce, the military, a community college, technical school, or a four-year degree.

Currently in Missouri approximately, 30 percent of our population has a four-year degree from a college or university, meaning that 70 percent does not.

We need to move away from the stigma that not having a college degree is a failure, when in fact there are many other excellent education and job training opportunities.

This is why we are seeking \$750,000 dollars to certify approximately 12,000 new high school students as work-ready through the Work Keys program.

This is a major step that could open doors to students not sure if college is in their immediate plans, but still put them on a path to greater opportunities.

In addition, we are proposing greater access to virtual education for high school students, as well as home school students.

We will also be working to expand opportunities through Jobs for America's Graduates, a program that helps youth graduate from high school and transition to the workforce.

And, for our college-bound students, we have secured a total of \$5.3 million dollars to increase Bright Flight and A+ Scholarship funding.

We are also proposing another \$19 million dollars for the MoExcels Workforce Initiative.

And, we can do all of this while increasing school transportation funding ... and still fully funding our Foundation Formula.

This focus on training our future workforce has been a true collaborative effort, and I greatly appreciate the partnership we've had from the private sector and the education arena.

Many of these changes to our workforce system would not be possible without our teachers ... and that is why I also want to start discussing ways to improve teacher pay.

However, the solution cannot just be asking the state to write a bigger check.

We are going to ask school districts, school boards, and DESE to propose a better plan for our teachers.

Being an educator today is not an easy job.

By supporting them, we also support our children, their futures, and the future of our state.

Here with us today is Missouri Teacher of the Year - Misty Grandel - from Fordland R-III High School.

No person has a greater impact on our children's education than a teacher who helps them flourish and grow ... Ms. Grandel is a shining example of this.

Please join me in recognizing Missouri Teacher of the Year - Ms. Grandel.

And to all of Missouri's outstanding educators, thank you for what you do.

This next phase of our plan will help continue our momentum ... but we can't emphasize workforce development without infrastructure.

That is a big reason why approximately \$5 billion dollars in new private investment has poured into our state ... why our unemployment remains at record lows ... why we are pulling ahead of our neighboring states ... and we must keep up the hard work.

We will continue to build on critical infrastructure ... and, we will once again propose setting aside \$4 million dollars in disaster recovery funds.

Unfortunately, the flooding we saw last year was some of the worst we have seen in decades and even historically ...

But I want to truly thank the work of Senator Hegeman, Representative Andrews, and other legislators for their leadership in their communities during these trying times.

Despite these challenges, we have still made some major accomplishments worth celebrating.

We have proven that we can get through tough times ... and together, we are creating a new horizon of opportunity for infrastructure in our state.

Some of the most exciting infrastructure investments we will see this year can be tied back to the bold bridge infrastructure plan that you as legislators passed.

More than 250 bridges around the state will be repaired or replaced.

These bridges are not only critically important to their local communities, but also to public safety.

For example, by combining our bridge proposal with federal funding secured by Congressman Graves, Missouri is now on track to significantly reduce the number of deficient bridges in the 6th Congressional District, which encompasses nearly half of our entire state ...

And that is a major milestone.

One of the benefits of the plan we laid out last year was not only the immediate impact, but also the additional resources it would free up for other critical projects.

An example of this is MoDOT's recent announcement of a huge investment to rebuild a substantial portion of I-270 throughout North County.

This renovation has been needed for a long time ... and because of our bold steps and MoDOT's innovation, we have made a real change to this system.

Another very successful part of our transportation plan last year was the cost-share program, and I am excited to announce that we will again be putting another \$50 million dollars toward the cost-share program this year.

And before I move on, there is one more very special project that I am so proud to announce, especially in front of Mayor Lucas and our Kansas City delegation ... and that is we will build the Buck O'Neil Bridge.

These investments are exciting to celebrate, and we have been working hard to make them a reality.

We have also been driving greater efficiency and more accountability for Missourians hard earned tax dollars, so that we can reap these returns without increasing taxes.

By rolling up our sleeves and doing the hard work, we have generated impressive cost savings.

The single largest area we have been able to find savings is in the Medicaid system, which accounts for over \$10 billion dollars – over one-third – of our state budget.

Under the leadership of Director Todd Richardson, a new level of accountability and enforcement have been put back in place – both common sense things expected by the average Missourian.

The result has been a savings of \$84 million dollars, further protecting citizens who need the services most, and taxpayers who deserve their tax dollars be used wisely.

While some in the press are eager to criticize this improved efficiency – or outright misrepresent it – the truth is that this system has been broken for many years and unproductively serving every Missourian who is paying for it.

At the same time opponents have been criticizing our increased accountability, they have also been promoting expanding this system.

But, the reality is that expanding this system comes at the cost of other vital services such as education, workforce development, and improving our aging infrastructure.

So, make no mistake about it ... the vague proposal they are not explaining or purposely withholding is a massive tax increase that Missourians cannot afford.

The hard work we are doing to drive efficiency isn't just by supporting policy provisions.

It is fundamentally reforming state government and driving accountability across all systems.

This is a major shift from the same old style of government that is often supported, where small changes are made around the edges, but real changes are thought “too big” and too hard to do.

My administration has and will continue to do the hard work, and the benefit will be for Missouri taxpayers.

The progress we are making is real and exciting ... but, there is more we can do to improve government and promote our state.

We must have real tort reform.

And, another simple way we can improve government and promote Missouri is by offering license reciprocity to the spouses of the men and women who proudly serve our country in the United States military.

As a veteran myself, I am proud that Missouri is home to over 480,000 veterans, and I hope that we can bring more to our state.

Allowing license reciprocity would not only help us attract more military families, but also fill critical jobs in our economy.

And Senator Brown and Representative Lynch, I am counting on you to get that legislation on my desk, very soon.

From the beginning, our state's economy and future financial health have always been of utmost importance to our administration ... and it is our responsibility to pass this on to the next generation.

So, I have one last proposal I will outline today.

As mentioned before, my administration has been more serious than any other in our financial discipline. We have led by example by again leaving over \$100 million dollars on the bottom line.

However, we can do more ...

Which is why I am supporting that we put a cash operating expense fund in place to give our state greater flexibility and stronger finances than ever before.

Since the beginning of our administration, our State Treasurer, Budget Director, and my Chief of Staff have been discussing this opportunity ... and I am proud that we can finally make this vision a reality.

To initiate this fund, I am proposing setting aside \$100 million dollars this year ...

And, to ensure this savings remains stable, we will direct Wayfair collections into this fund until it establishes solvency.

And, we will use the remaining portion to pay off debt obligations, as well as provide another funding mechanism for infrastructure programs done on a cost-share basis.

This final allocation would both increase the long-term financial strength of our state, and create another consistent funding source to further update our aging infrastructure.

Our pro-growth policies and conservative budgeting are working ...

And together, we can set the stage for greatness for Missouri and our future generations.

It is no secret there are elections in the coming months. Everyone here is well aware of this.

But, I'm sure there are some of you here at the end of your term that feel a little differently about the coming months.

When returning home to the people you serve, at the forefront of your mind will be what you accomplished to help improve your communities.

If we thought more about what we accomplished at the end of our time, we would likely spend our days a little differently.

My guess is that we would spend less time fighting each other over the few differences we have and more time working on the things that we agree on.

We have all seen what the outcome of this behavior is when we watch what is going on in Washington, D.C.

Surely we can do better.

Surely as the Show Me State, where our namesake inherently promotes action and results over words, we have a higher sense of obligation to work together.

Some may argue that all these victories are just coincidental ... but I firmly believe they are not.

I believe is it about a commitment to finding a solution while still standing up for your values.

For me, these are values like my faith ... my family ... and our nation's flag.

And, another value I will always stand up for is protecting those who cannot protect themselves. All life has value, including the unborn!

Perhaps it is my gray hair, but I am at the time in my career when what I leave behind and how I leave it is more important than impressing people and worrying about who I am not.

Make no mistake, in this arena you will be attacked.

You will have to endure reading nothing but speculation about your motives, your commitment, and your beliefs.

But, you also have to choose to stand against these attempts to divide one another, and instead be a leader.

As long as I am allowed to serve the people, I will work hard to make Missouri better and hand it off to whomever follows me in better shape than I received it.

So, my final call is to challenge each of you to know one another better.

This also means that we have to be willing to trust one another more.

And my hope in the near future is that all of us will be able to celebrate more successes with one another ... but the real benefits will be for the people of Missouri and our future generations.

It is an honor and privilege to be the 57th Governor of the State of Missouri.

God bless you, God bless the great State of Missouri, and God bless the United States of America.

On motion of Senator Rowden, the Joint Session was dissolved and the Senators returned to the Chamber where they were called to order by President Kehoe.

Journal of the Senate

SECOND REGULAR SESSION

SIXTH DAY—THURSDAY, JANUARY 16, 2020

The Senate met pursuant to adjournment.

Senator Hough in the Chair.

Reverend Carl Gauck offered the following prayer:

“I will mediate on all your work, and muse on your mighty deeds... You are the God who works wonders;” (Psalm 76:12,14a)

Mighty God, we gather for a short time and then go our separate ways in hope that we are on the path that You would have us take. We pray that You will surely guide us safely back to love ones and that our time will be used in loving ways and our efforts witness to our faith in You. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

The following Senators were present during the day’s proceedings:

Journal of the Senate

SECOND REGULAR SESSION

SEVENTH DAY—TUESDAY, JANUARY 21, 2020

The Senate met pursuant to adjournment.

Senator Romine in the Chair.

Senator Wallingford offered the following prayer:

“Teach me to do your will; for you are my God. Let your good spirit lead me on a level path.” (Psalm 143:10)

Gracious God, You help us to live gracefully by blessing us with wonderful friends and colleagues and especially people like Martin Luther King, Jr. who laid out a vision for people to love one another as he had been taught of Your love Lord. We are thankful for him and others who know You and by their lives show us how to be upright and loving so as to witness to others who see You in our lives. Walk with us and make us as good and helpful as You. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal for Thursday, January 16, 2020 was read and approved.

The following Senators were present during the day’s proceedings:

CONCURRENT RESOLUTIONS

Senator O’Laughlin offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 38

Relating to the disapproval of the Missouri Hazardous Waste Management Commission’s recommendations regarding the fees and taxes of the Hazardous Waste Management Commission.

Whereas, the Hazardous Waste Management Commission of the State of Missouri is required pursuant to Sections 260.380 and 260.475 of the Revised Statutes of Missouri to complete a comprehensive review of the fee structure of hazardous waste management fees and promulgate by regulation a rule adopting any updated fees based on its comprehensive review; and

Whereas, on August 30, 2019, the Hazardous Waste Management Commission filed with the Secretary of State a proposed amendment to 10 CSR 25-12.010 Fees and Taxes; and

Whereas, the proposed amendment to 10 CSR 25-12.010 increases the fees to generators of hazardous waste beyond the level which the General Assembly considers to be fair and reasonable; and

Whereas, Sections 260.380 and 260.475 of the Revised Statutes of Missouri permits the General Assembly to disapprove, within the first sixty days of the regular session, the promulgated fee changes:

Now Therefore Be It Resolved that the members of the Missouri Senate, One Hundredth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby disapprove of the new fees and taxes contained in the proposed amendment to 10 CSR

25-12.010 and provide that the Hazardous Waste Management Commission shall continue to use values set forth in the most recent preceding regulation promulgated under Sections 260.380 and 260.475 of the Revised Statutes of Missouri; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for Governor Mike Parson and the Missouri Hazardous Waste Management Commission.

Read 1st time.

COMMUNICATIONS

Senator Walsh submitted the following:

January 21, 2020

Adriane Crouse – Secretary of the Senate

State Capitol, Room 325

Jefferson City, Missouri 65101

Dear Adriane:

The recent resignation of Senator Curls has created a vacancy in a minority caucus position on the gubernatorial appointments committee. Pursuant to the provisions of Senate Rule 12, I hereby appoint myself, Senator Gina Walsh, to fill this position.

Sincerely,

Gina Walsh

On motion of Senator Rowden, the Senate adjourned under the rules.

Journal of the Senate

SECOND REGULAR SESSION

EIGHTH DAY—WEDNESDAY, JANUARY 22, 2020

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“O Lord, what are human beings that you regard them, or mortals that you think of them.” (Psalm 144: 3)

We are grateful Lord that You are mindful of us and willingly fill life with sunlight and promise. But we have darkened our world with intolerance for those who don't think like we do and others who don't look like us. Let us who come to this chamber be like those You desire us to be, conversing freely and willingly hear one another. Shine Your love on us and lift our eyes so we can see the hope You offer in these times of darkness. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

The following Senators were present during the day's proceedings:

The Joint Committee appointed to wait upon the Chief Justice of the Supreme Court, George W. Draper III, escorted the Chief Justice to the dias where he delivered the State of the Judiciary Address to the Joint Assembly:

2020 STATE OF THE JUDICIARY

Missouri Chief Justice George W. Draper III

Lieutenant Governor Kehoe, Secretary of State Ashcroft, Treasurer Fitzpatrick, Attorney General Schmitt, President Pro Tem Schatz, Speaker Hahr, members of this 100th General Assembly, the executive branch and the judicial branch. This opportunity signifies the ultimate cooperation between our branches, tasked with delivering good government and justice for the people we serve. On behalf of my colleagues and myself, we are honored to be here and welcome this time to inform you of the State of your Judiciary.

Bicentennial

History is the tie that binds, and in that regard, let me begin by telling you a bit of my history. I am the great-grandson of a North Carolina slave girl and a union soldier on my mother's side, and a dark-skinned black man from Florida and third-generation German immigrant woman from New Jersey on my father's side. My parents met in college at Howard University in Washington, D.C. They came to Missouri in 1949 so my father could teach at Lincoln, the "separate but equal" law school this legislature had created a decade earlier for Negroes. Then, and as chief of the criminal division in the attorney general's office in the 1950s, he was prevented from dining in certain restaurants here in Jefferson City. This phenomenon was not surprising – after all, our state entered the union as a slave state, via the 1821 Missouri Compromise, and our courts were the genesis of the infamous Dred Scott decision that precipitated the civil war just 40 years later.

Since then, there has been great change, and this year, we celebrate the bicentennial of our Supreme Court. In fact, our Court has instituted a "bicentennial minute" into our conferences. I will share a few highlights with you today.

The first constitution, adopted in July 1820, created for us a three-member Supreme Court. By the way, so coveted was the position that, of the first three individuals Governor Alexander McNair sought to appoint to our now prominent bench, only one accepted – the other two said "no thank you."

Much has changed over the past two centuries. Rather than "riding the circuit" and meeting in courthouses throughout the state, we now have a permanent home – our third, actually ... the red-brick building across the street – for which our Court's first female clerk is overseeing restoration efforts. Early tools of our trade included quill and ink. Yet now we stream our sessions live and publish our decisions online. We are now a seven-member Court. Of the four women who have served on our Court, three are currently on its bench, and I am only the *second* African-American.

Historically and significantly, we are honored to have with us the *first* African-American to serve on our Court – and a former member of this great legislative body – now a federal district judge in St. Louis, I give you The Honorable Ronnie White. Please stand and be recognized, your honor. Thank you.

Although women of color have yet to serve on our Supreme Court, since 1983 several have been members of your state's judiciary. A former member of that group is here today. An accomplished lawyer in her own right, having once served as general counsel for our Missouri Department of Corrections, my best friend since our law school days at Howard – and my wife of 40 years – The Honorable Judy Preddy Draper. Please help me welcome her this morning. I am also really proud to introduce you to the third generation of lawyers from our family – or, as she reminds me, the most highly educated member of our family – the deputy chief of staff to the St. Louis County prosecutor, our daughter, Miss Chelsea Westin Draper.

Circuit realignment

To bring you another "bicentennial minute," you might be interested to learn that Missouri's first constitution established only four circuit courts, each serving four to eight counties! Now our 114 counties and the city of St. Louis are divided into 46 judicial circuits, with our constitution requiring at least one judge in every county.

In 2013, through section 478.073, RSMo, this legislative body authorized the Judicial Conference of Missouri to determine what alteration, if any, is necessary for the geographic boundaries of the state's current judicial circuits. Prior circuit adjustments had been made solely by this legislature.

I do not have to tell the members of this body how incredibly diverse our state is, from vibrant cities to glistening waterways to the hills and valleys of our Ozarks, and how unique the personalities can be of all our cities, towns and villages. To ensure input reflecting the judicial and geographic diversity of our state, we established a 16-member judicial realignment task force.

They have worked diligently over the past two years, making reasonable compromises, to bring to you an honestly workable circuit court realignment plan. Please join me in recognizing this very hard-working group!

The process was arduous, governed by the factors in section 478.073 to determine optimal circuit configuration. Key in the study was mapping various factors to determine if disparities exist between circuits with regard to workload, delay and travel, and how changes in circuit boundaries would affect any observed disparities. Two factors provided strong guidance for circuit realignment – excessive judicial travel and the location of a primary business center across current circuit boundaries. In the report you received last week, the task force recommended moving two counties, resulting in the realignment of only four circuits.

The first recommendation is to move Carter County from the 37th circuit, which now has four counties, to the 36th circuit, which now has two counties. Realigning these circuits will allow Carter County residents to conduct court business where they conduct all their other business – across the current circuit boundary in Poplar Bluff.

The second recommendation is to move Benton County from the 30th circuit, which now has five counties, to the 27th circuit, which now has three counties. The major reason for this recommendation is driving distance, as it now takes one hour and 40 minutes to drive from Warsaw on one end of the circuit to Marshfield on the other. Under the realignment, the 30th circuit's longest drive time would be 30 minutes faster. Less time behind a steering wheel means more time on the bench to serve our citizens.

This report is evidence that we are *all* here to serve the citizens of the great state of Missouri. In the words of Mark Twain:

I hate to hear people say this Judge will vote so and so, because he is a Democrat – and this one so and so because he is a Republican. It is shameful. The Judges have the Constitution for their guidance; they have no right to any politics save the politics of rigid right and justice when they are sitting in judgment upon the great matters that come before them.

As you examine the proposed realignment plan, please note that the Judicial Conference of Missouri – at its annual business meeting, held last fall pursuant to section 476.330, RSMo – endorsed and adopted the plan *without dissent*.

Court technology

As the example with the realignment report shows, some changes in our justice system have been facilitated by the legislature. But many are driven by the courts – and the public we serve.

Perhaps the most transformative of these changes has been technology. Missouri was among the very first states to institute court automation more than two decades ago, altering the way we do business and enhancing the public’s ability to participate electronically in cases. They now can sign up for text or e-mail alerts about cases they are following; they can plead guilty and pay fines electronically; and soon we are piloting a new program to let people who have received a ticket file documents, message the prosecutor and submit a proposed sentencing agreement all from their mobile devices.

Let me take this opportunity to thank you for the 2 million in funding you provided our court automation systems last session. The current court automation fee covers only a third of the funding needed to support our case management system, which runs on 25-year-old technology and is likely to reach the end of its meaningful life in as little as 18 months.

We are working hard to build a new system to replace it – we have completed state traffic, ordinance and associate criminal cases; nearly all St. Louis County municipal divisions plus those in 60 other local communities are using it; and we expect to have all criminal cases moved into the new system by the end of this fiscal year. But to continue developing the system at a viable pace, to protect against cyber threats, and to implement more user-friendly features for our citizens, we are asking you to consider an additional 2.8 million in funding as you plan Missouri’s fiscal 2021 budget.

Treatment courts

Technology is not the only change the public has demanded over the last 200 years. We currently face a period of change . . . and criminal justice reform.

Missouri has been on the national forefront in the fight against addiction. When our courts were established 200 years ago, they were designed merely to resolve disputes. Our courts are now called upon to help resolve the most pressing problems facing our society.

This legislative body passed the first treatment court legislation in 1998. Twenty years later, as the state was grappling with the rising opioid epidemic, this body passed legislation standardizing the way our treatment courts operate and ensuring consistency for treatment court participants. You also authorized our treatment courts to accept participants from locations with no local treatment court, vastly expanding the reach of services. In 2019, you restored core funding and appropriated additional funding to expand the full spectrum of treatment court services.

For all of these actions: thank you! As a result of this collaboration among all three branches of government, Missouri now has more than 100 counties served by more than 120 treatment courts – adult, juvenile, family and DWI courts. And because of House Bill 547, which you also passed last year, we will have treatment courts established in every circuit in the state by August 2021.

The judiciary has also been hard at work to continue improving our treatment courts. During 2019, a task force met monthly to formulate rigorous standards ensuring ongoing consistency and effectiveness for our adult treatment courts. The state’s treatment court coordinating commission is scheduled to vote on these standards at its quarterly meeting at the end of this month.

Together, we have built a strong foundation from which our state can continue to fight the substance abuse crisis on multiple fronts – alcohol, opioids and, as health officials have forecast, another rise in methamphetamine use.

Perhaps more significant to you will be the fact we now have 15 treatment courts serving the special needs of veterans in 40 counties. Because of legislation you enacted last session, section 478.001.7, RSMo, makes “it . . . the public policy of this state to encourage and provide an alternative method for the disposal of cases for military veterans and current military personnel with substance use disorders, mental health disorders, or co-occurring disorders.” For some, these may be just words on paper. But for the 401 veterans who were helped last year through our treatment courts, it represents a win-win for all Missourians by helping those who have served our country regain their lives while reducing crime and improving public safety.

Criminal justice reform

Now, the use of treatment courts is not the only way to improve our criminal justice system. Last year, we made significant changes to our rules governing misdemeanor and felony criminal procedures, including pretrial release, as well as rules governing ordinance violations. Together, these reforms alleviate practices inconsistent with our state constitutional mandates to guarantee bail with sufficient sureties in all but capital

offenses and to not require excessive bail or impose excessive fines.

In addition, this legislative body took actions last year that are likely to make a positive impact on the lives of our citizens for many years to come. As a body, you chose to expand the crimes for which an individual can seek an expungement. You also authorized prosecutors to enter into agreements with defendants to send certain criminal cases into diversion programs, allowing them to avoid prosecution altogether when appropriate.

While these reforms are important to improving our criminal justice system, one additional segment needs your attention. I spent a decade as a prosecutor in the city of St. Louis, serving as first assistant in my last year before becoming a trial judge. In most of my cases and those of the prosecutors I supervised, opposing counsel was a public defender. Speaking from the perspective of both a former prosecutor and a former trial judge, I can tell you the system simply does not work without a sufficiently funded and staffed public defender system.

To be sure, *all* attorneys in public service work long, hard hours, and *many* are underpaid and under-recognized. But if criminal cases cannot be moved efficiently through the system because of overloaded attorneys, we risk leaving those who are guilty on the street, those who are not guilty unable to return to being productive members of society, and victims and their families powerless to find closure and move forward with their lives. Together, we all share the burden of our state constitutional mandate demanding that “justice shall be administered without sale, denial or delay.”

21st century workforce

Now, in evaluating the state’s successes during 2019, our governor focused on the importance of workforce development. In the judiciary, we, too, are focused on the 3,600 or so individuals – your constituents – who facilitate the daily business of our state courts.

As the chief justice of the United States said in his year-end report: “[W]e should ... remember that justice is not inevitable. We should reflect on our duty to judge without fear or favor, deciding each matter with humility, integrity, and dispatch ... to do our best to maintain the public’s trust that we are faithfully discharging our solemn obligation to equal justice under law.”
