We judges cannot faithfully discharge our duties under the law or maintain public trust and confidence without the support of the thousands of employees who become the faces of justice for so many who walk into our courthouses. It is in support of these employees that we have developed the 21st century workforce plan.

We simply cannot ask these people – who reside in your communities and work in our court system – to live below the value of their service. On their behalf, we thank you for your appropriations over the past few years of salary increases to bring our lowest-paid staff to at least the base of where our classification and compensation study shows they should be. But if we want to retain the good employees we have, and be able to recruit high-quality workers as positions become open, we need to move our staff toward market salary goals.

Conclusion

As we all enter this new year, this new decade, and new century of Missouri courts, together we have the opportunity to look back on how far we have come since Missouri’s first constitution was adopted 200 years ago. After 25 years of working my way through the judiciary – as an associate circuit judge, circuit judge, appellate judge and now Supreme Court judge – fulfilling my family’s legacy of service, I have come to appreciate the Court in its broadest sense, as an institution existing well beyond the seven of us who may sit at any given time.

In *every* branch of service, we have always had an imperative – to consider the legacy we will leave for all those yet to come. When Missourians 200 years from now look back upon this time, and examine all our works, reforms, and accomplishments, I hope they will find us to have been leaders ... innovators ... collaborators ... who left our state greater than we found it and fully supported those who toiled in and built cooperation among our co-equal branches of government.

Thank you.

On motion of Senator Rowden the Joint Session was dissolved and the Senators returned to the Chamber where they were called to order by President Kehoe.

CONCURRENT RESOLUTIONS

Senator Emery offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 39

Whereas, allowing retail customers of electric generation to have access to competitive suppliers of retail electricity is being considered by many states, and has already been implemented in several other states; and

Whereas, the ability of Missouri citizens and businesses to compete in the global market may be harmed unless they have access to reliable electrical power at rates and on terms which are competitive with rates and terms in others states; and

Whereas, legislation designed to implement retail competition will require a careful examination of existing law, and the provisions of that legislation must take into account a variety of issues and factors:

Now Therefore Be It Resolved that the members of the Missouri Senate, One Hundredth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby create the Task Force on Retail Electric Competition; and

Be It Further Resolved that the mission of the task force shall be to fully consider and make recommendations in a report to the General Assembly on:

- (1) The method, feasibility, and impact of implementing retail electric competition on Missouri generators of electricity and Missouri consumers of electricity;
- (2) The costs and benefits other states have experienced as a result of retail electric competition;
- (3) The taxation and regulatory issues associated with implementing retail electric competition;
- (4) The social and other public service functions provided by the regulated electric utility industry to determine the potential impact of retail electric competition on these functions;
- (5) Whether, and under what terms, retail electric competition should be offered in Missouri; and

Be It Further Resolved that the task force be authorized to call upon any department, office, division, or agency of this state to assist in gathering information pursuant to its objective; and

Be It Further Resolved that the task force shall consist of the following members:

- (1) One member of the Senate of the majority party appointed by the President Pro Tempore of the Senate, to serve as the chair of the task force;
- (2) One member of the House of Representatives of the majority party appointed by the Speaker of the House of Representatives, to serve as the vice chair and secretary of the task force, and who will provide an agenda and report minutes of the task force;

(3) One member of the majority party of the Senate and one member of the minority party of the Senate appointed by the President Pro Tempore of the Senate;

(4) One member of the majority party of the House of Representatives and one member of the minority party of the House of Representatives appointed by the Speaker of the House of Representatives;

(5) The Office of the Public Counsel, or his or her designee, to serve as a member and to provide technical assistance to the task force;

(6) The Director of the Division of Energy, or his or her designee, to serve as a member and to provide technical assistance to the task force;

(7) The Chair of the Public Service Commission, or his or her designee, to serve as a member and to provide technical assistance to the task force;

(8) A representative from each of the three segments of the retail electric industry appointed by the President Pro Tempore of the Senate from the respective nominees submitted by the statewide associations of the investor-owned electric utilities, rural electric cooperatives, and municipally-owned electric utilities;

(9) A representative of retail electric consumers appointed by the Speaker of the House of Representatives;

(10) Five members representing the fuel sources used to produce Missouri's electric energy with one member from each industry representing the production of coal, nuclear, natural gas, wind, and solar energy appointed by the Chair of the Public Service Commission;

(11) Two members appointed by the Chair of the Public Service Commission representing each of the regional transmission organizations whose coverage area includes Missouri: Southwest Power Pool and Midcontinental Independent System Operator; and

Be It Further Resolved that the staff of Senate Research and House Research shall provide such legal, research, clerical, technical, and bill drafting services as the task force may require in the performance of its duties; and

Be It Further Resolved that the task force, its members, and any staff assigned to the task force shall receive reimbursement for their actual and necessary expenses incurred in attending meetings of the task force; and

Be It Further Resolved that the chair or vice chair and secretary of the task force shall call an organizational meeting within fifteen days of the adoption of this resolution; and

Be It Further Resolved that the task force shall terminate by either a majority of members voting for termination, or by December 31, 2021, whichever occurs first; and

Be It Further Resolved that on the date of termination, the task force may deliver a report of findings and recommendations to the General Assembly; and

Be It Further Resolved that this resolution does not amend any state law to which any retail electric generator or consumer is subject, and shall be interpreted to be consistent with any requirements of such state or federal law; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Office of Public Counsel, the Division of Energy, and the Chair of the Public Service Commission.

Senator Burlison offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 40

Whereas, the House of Representatives of the United States has voted out articles of impeachment against the President of the United States, Donald J. Trump; and

Whereas, the House of Representatives conducted a rushed impeachment inquiry on the basis of specious claims that President Donald J. Trump is a threat to the United States of America; and

Whereas, the House of Representatives unnecessarily delayed transmission of such articles of impeachment to the Senate of the United States so that a trial may be conducted in an expeditious manner; and

Whereas, this refusal to conduct a fair inquiry and delay turning over the articles of impeachment to the Senate are evidence in themselves that the impeachment process was a political charade designed to overturn the result of the 2016 presidential election and to undermine President Donald J. Trump's candidacy in the 2020 presidential election; and

Whereas, the articles of impeachment do not reference any criminal act whatsoever and are fully ambiguous in their moral condemnation of the President for "Abuse of Power" and "Obstruction of Congress"; and

Whereas, the articles of impeachment provide no evidence whatsoever of any quid pro quo involving items of value; and

Whereas, the original meaning of the text of the Constitution of the United States is best interpreted to define "high crimes and misdemeanors" to include only the most serious crimes or breaches of duty which cause irrevocable harm or danger to the United States of America; and

Whereas, the Speaker of the House of Representatives, Nancy Pelosi, has repeatedly been quoted as adhering to the principle that impeachment is only legitimate with bipartisan support; and

Whereas, an impeachment has never in the history of the United States of America been attempted by a single political party or faction within Congress because such an act is the very definition of political chicanery and a serious violation of the rule of law; and

Whereas, the articles of impeachment did not receive a single Republican vote, but were voted against by several Democratic representatives, thereby confirming their biased and politically expedient nature:

Now Therefore Be It Resolved that the members of the Missouri Senate, One-Hundredth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby condemn the impeachment of President Donald J. Trump and urge the United States Senate to either dismiss the articles as void or expeditiously acquit the baseless and politically dubious impeachment of President Donald J. Trump; and

Be It Further Resolved that the Secretary of the Senate prepare a properly inscribed copy of this resolution for the United States House of Representatives, the United States Senate, Chief Justice John Roberts, and President Donald J. Trump.

SENATE AMENDMENT NO. 1 TO
SENATE SUBSTITUTE AMENDMENT NO. 1 FOR
SENATE AMENDMENT NO. 1

Amend Senate Substitute Amendment No. 1 for Senate Amendment No. 1 to Senate Substitute for Senate Joint Resolution No. 38, Page 4, Line 12, by inserting after “Section 501(c)(4)” the following: “**or 501(c)(5)**”.

SENATE SUBSTITUTE NO. 2 FOR
SENATE JOINT RESOLUTION NO. 38

Joint Resolution submitting to the qualified voters of Missouri, an amendment repealing sections 2, 3, and 7 of article III of the Constitution of Missouri, and adopting three new sections in lieu thereof relating to regulating the legislature to limit the influence of partisan or other special interests.

Senator Hegeman moved that **SS No. 2** for **SJR 38** be adopted.

Senator Bernskoetter assumed the Chair.

President Kehoe assumed the Chair.

Senator Williams offered **SA 1**:

SENATE AMENDMENT NO. 1

Amend Senate Substitute No. 2 for Senate Joint Resolution No. 38, Page 8, Section 3, Line 28, by inserting after “(4)” the following: “**Districts shall be drawn in a manner that achieves both partisan fairness and, secondarily, competitiveness, but the standards established by subdivisions (1) to (3) of this subsection shall take precedence over partisan fairness and competitiveness. “Partisan fairness” means that parties shall be able to translate their popular support into legislative representation with approximately equal efficiency. “Competitiveness” means that parties’ legislative representation shall be substantially and similarly responsive to shifts in the electorate’s preferences.**”

To this end, the average electoral performance of the two political parties receiving the most votes in the three preceding general elections for governor, for United States Senate, and for President of the United States shall be calculated. This index shall be defined as the total votes received by each party in the three preceding general elections for governor, for United States Senate, and for President of the United States, divided by the total votes cast for both parties in these elections. Using this index, the total number of wasted votes for each party, summing across all of the districts in the plan shall be calculated. “Wasted votes” are votes cast for a losing candidate or for a winning candidate in excess of the threshold needed for victory. In any redistricting plan and map of the proposed districts, the difference between the two parties’ total wasted votes, divided by the total

votes cast for the two parties, shall not exceed fifteen percent.

To promote competitiveness, the electoral performance index shall be used to simulate elections in which the hypothetical statewide vote shifts by one percent, two percent, three percent, four percent, and five percent in favor of each party. The vote in each individual district shall be assumed to shift by the same amount as the statewide vote. In each of these simulated elections, the difference between the two parties' total wasted votes, divided by the total votes cast for the two parties, shall not exceed fifteen percent.

(5)"; and

Further amend said amendment, page 9, line 9, by striking "(3)" and inserting in lieu thereof the following: "**(4)**".

Journal of the Senate

SECOND REGULAR SESSION

THIRTEENTH DAY—MONDAY, FEBRUARY 3, 2020

The Senate met pursuant to adjournment.

Reverend Carl Gauck offered the following prayer:

“Teach me to do your will, for you are my God. Let your good spirit lead me on a level path.” (Psalm 143:10)

We are thankful Lord that we have arrived here safely and now are ready to do what You require of us. As we come off a celebrative weekend of rejoicing and giving You thanks for the skills and gifts of the Kansas City Chiefs in their win, we enter into a week of ordinary days and do so with faith in where You will lead us and trust that Your spirit will abide in us. We also pray for fellowship that enhances our lives and leadership that inspires us. Bless our efforts O’ Lord and forgive our failures that each day will bring. In Your Holy Name we pray. Amen.

Journal of the Senate

SECOND REGULAR SESSION

FOURTEENTH DAY—TUESDAY, FEBRUARY 4, 2020

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“I thank you, Heavenly Father, for this day you have made and I rejoice in it. Save us, we beseech you, give us success.” (Psalm 118:24-25)

I thank You, Heavenly Father, for this day You have made and I do rejoice in it. We ask that You send us prosperity now and give us success with that which we desire to bring about. We ask that our efforts will bring blessings onto others and prosperity to our state, that we might be a witness to Your goodness and produce joy in our hearts. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

RESOLUTIONS

Senator White offered Senate Resolution No. 1169, regarding Scott Hurrell, Carthage, which was adopted.

CONCURRENT RESOLUTIONS

Senator Sater offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 41

Whereas, biosimilars are generic medicines approved by the U.S. Food and Drug Administration (FDA) as “highly similar” to the original biologic medicine such that they work in the same way and have no clinically meaningful difference in safety or efficacy; and

Whereas, biosimilars are approved by the FDA based on the agency’s rigorous standards for safety, potency, and purity; and

Whereas, the FDA has approved 24 biosimilars indicated for a wide range of conditions including autoimmune diseases such as rheumatoid arthritis, psoriatic arthritis, ankylosing spondylitis, Crohn’s disease, plaque psoriasis, ulcerative colitis, and certain types of colorectal, lung, breast, and other types of cancers; and

Whereas, biosimilars cost nearly 30% less than the originator biologics, on average, and are estimated to save the U.S. healthcare system as much as \$54 billion over the next decade; and

Whereas, the Missouri General Assembly, realizing the importance of biosimilars, passed SB 875 in 2016 to encourage biosimilar utilization throughout the state; and

Whereas, unlike generics, which account for 90% of prescriptions, biosimilars make up only 2% of the U.S. market; and

Whereas, increased use of biosimilars is estimated to save state Medicaid programs between \$417 million and \$1.2 billion annually, and commercial payers \$1.2 to \$3.3 billion annually; and

Whereas anti-competitive behaviors, such as contracts that prevent biosimilars from being included on formularies, and misaligned incentives for providers are inhibiting patient access to, and system savings from, biosimilars:

Now Therefore Be It Resolved that the members of the Missouri Senate, One Hundredth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby hold that biosimilar medicines are a critical tool in preventing, treating, and curing disease, as well as lowering spending on specialty medicines; and

Be It Further Resolved that the state of Missouri examine potential savings of enhanced use of biosimilars to its Medicaid and state employee health care programs in order to reduce drug costs; and

Be It Further Resolved that Missouri should evaluate Medicaid and state employee formulary coverage of biosimilars and examine provider reimbursement policies for biosimilars; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to send a properly inscribed copy of this resolution to the Governor, the Director of the Division of MO HealthNet, and the Board of Trustees of Missouri Consolidated Health Care Plan.

RESOLUTIONS

SENATE RESOLUTION NO. 1191

WHEREAS, the Missouri Senate recognizes the importance of programs designed to provide college students the opportunity to enhance their leadership qualities; and

WHEREAS, the Sue Shear Leadership Academy hosted by the University of Missouri-St. Louis is an intense program designed to encourage women's public sector leadership; and

WHEREAS, the Leadership Academy curriculum includes interactive panel discussions and skill-building workshops, as well as the opportunity to participate in a mock legislative session; and

WHEREAS, the Missouri Senate has a long tradition of assisting those seeking insight into the Legislative Branch of state government by granting use of the Senate Chamber.

NOW, THEREFORE, BE IT RESOLVED that the Missouri Senate hereby grant the participants of the Sue Shear Leadership Academy use of the Senate Chamber for the purpose of conducting a mock legislative session from 10:00 am to 12:00 pm on Wednesday, May 20, 2020.

Senator Walsh requested unanimous consent of the Senate that the rules be suspended for the purpose of taking **SR 1191** up for adoption, which request was granted.

On motion of Senator Walsh, **SR 1191** was adopted.

CONCURRENT RESOLUTIONS

Senator Eigel offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 42

Whereas, Article I of the United States Constitution begins "All legislative powers herein granted shall be vested in a Congress"; and

Whereas, the Congress has exceeded the legislative powers granted in the Constitution thereby encroaching on the powers that are "reserved to the states respectively, or to the people" as the Tenth Amendment affirms and the rights "retained by the people" to which the Ninth Amendment refers; and

Whereas, in Federalist No. 10, James Madison wrote that "No man is allowed to be a judge in his own cause, because his interest would certainly bias his judgment, and, ...with greater reason, a body of men are unfit to be both judges and parties at the same time"; and

Whereas, this same principle was emphasized in the 1798 Kentucky Resolutions (drafted by Thomas Jefferson) that the United States government "was not made the exclusive or final judge of the extent of the powers delegated to itself; since that would have made its discretion, and not the Constitution, the measure of its powers"; and

Whereas, the Congress has latent but neglected powers to correct such judicial supremacy by means of Article III Section 2 regulations on appellate jurisdiction, yet by similar reasoning such regulatory powers should be additionally extended to the several states, heeding Jefferson's warnings that we not make the Constitution "a mere thing of wax in the hands of the judiciary" for "to consider the judges as the ultimate arbiters of all constitutional questions" would then "place us under the despotism of an oligarchy", rather "the people themselves" are the "true corrective of constitutional abuses" and the states remain the closest and most representative voice of the people; and

Whereas, the United States Constitution should then be amended to enable the several states to correct violations of the limited powers by the United States and thereby restore the proper balance between the powers of Congress and those of the several states, and better prevent the denial or disparagement of the rights retained by the people:

Now Therefore Be It Resolved that the members of the Missouri Senate, One-Hundredth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby strongly urge the Congress of the United States to propose the following amendment, known as the State Powers Amendment, or SPA:

"Section 1. Any provision of law or regulation of the United States may be repealed by the several states, and such repeal shall be effective when the legislatures of a Representative Majority of the several states approve resolutions for this purpose that particularly describe the same provision or provisions of law or regulation to be repealed. A Representative Majority of the several states is a majority of the states also having together a majority of the apportioned Representatives in Congress.

Section 2. The several states shall have power to make regulations and exceptions to the appellate jurisdiction of the Supreme Court and all inferior courts and tribunals of the United States, and such regulations and exceptions shall be effective when the legislatures of a Representative Majority of the several states approve identical resolutions for this purpose no more than five years apart."; and

Be It Further Resolved that should the Congress fail to act after two-thirds of the several states petition alike in substance for a State

Powers Amendment, then a “convention to propose amendments” under Article V of the United States Constitution shall be the proper course and that delegates to such convention should be selected by the legislatures in the several states and should vote by state, according to the practices established by the 1787 Federal Convention in Philadelphia; and

Be It Further Resolved that the state of Missouri reserves its further right to petition in the same manner for further amendments as the General Assembly may deem warranted; and

Be It Further Resolved that copies of this resolution be forwarded to the legislatures of all the several states inviting them to likewise join in support of this petition; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Speaker of the United States House of Representatives, the President of the United States Senate, and each member of the Missouri congressional delegation.

Reverend Carl Gauck offered the following prayer:

“You cannot escape the responsibility of tomorrow by evading it today.” (President Abraham Lincoln)

We remember this day Abraham Lincoln’s birthday and remember most how in very humble but brilliant ways he provided leadership to our country at a crucial time as it was being torn apart. Help us Lord to be men and women who can provide leadership and caring that can help heal the painful gap created by anger and hatred that we see growing about us. Bless our efforts Lord so that what we seek to bring about will be seen with Your spirit within them. In Your Holy Name we pray. Amen.

SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Bill No. 600, Page 1, Section A, Line 6, by inserting after all of said line the following:

“455.050. 1. Any full or ex parte order of protection granted pursuant to sections 455.010 to 455.085 shall be to protect the petitioner from domestic violence, stalking, or sexual assault and may include such terms as the court reasonably deems necessary to ensure the petitioner’s safety, including but not limited to:

(1) Temporarily enjoining the respondent from committing or threatening to commit domestic violence, molesting, stalking, sexual assault, or disturbing the peace of the petitioner;

(2) Temporarily enjoining the respondent from entering the premises of the dwelling unit of the petitioner when the dwelling unit is:

(a) Jointly owned, leased or rented or jointly occupied by both parties; or

(b) Owned, leased, rented or occupied by petitioner individually; or

(c) Jointly owned, leased, rented or occupied by petitioner and a person other than respondent; provided, however, no spouse shall be denied relief pursuant to this section by reason of the absence of a property interest in the dwelling unit; or

(d) Jointly occupied by the petitioner and a person other than respondent; provided that the respondent has no property interest in the dwelling unit; or

(3) Temporarily enjoining the respondent from communicating with the petitioner in any manner or through any medium.

2. Mutual orders of protection are prohibited unless both parties have properly filed written petitions and proper service has been made in accordance with sections 455.010 to 455.085.

3. When the court has, after a hearing for any full order of protection, issued an order of protection, it may, in addition:

(1) Award custody of any minor child born to or adopted by the parties when the court has jurisdiction over such child and no prior order regarding custody is pending or has been made, and the best interests of the child require such order be issued;

(2) Establish a visitation schedule that is in the best interests of the child;

(3) Award child support in accordance with supreme court rule 88.01 and chapter 452;

(4) Award maintenance to petitioner when petitioner and respondent are lawfully married in accordance with chapter 452;

(5) Order respondent to make or to continue to make rent or mortgage payments on a residence occupied by the petitioner if the respondent is found to have a duty to support the petitioner or other dependent household members;

(6) Order the respondent to pay the petitioner's rent at a residence other than the one previously shared by the parties if the respondent is found to have a duty to support the petitioner and the petitioner requests alternative housing;

(7) Order that the petitioner be given temporary possession of specified personal property, such as automobiles, checkbooks, keys, and other personal effects;

(8) Prohibit the respondent from transferring, encumbering, or otherwise disposing of specified property mutually owned or leased by the parties;

(9) Order the respondent to participate in a court-approved counseling program designed to help batterers stop violent behavior or to participate in a substance abuse treatment program;

(10) Order the respondent to pay a reasonable fee for housing and other services that have been provided or that are being provided to the petitioner by a shelter for victims of domestic violence;

(11) Order the respondent to pay court costs;

(12) Order the respondent to pay the cost of medical treatment and services that have been provided or that are being provided to the petitioner as a result of injuries sustained to the petitioner by an act of domestic violence committed by the respondent.

4. If the court issues, after a hearing for any full order of protection, an order of protection, the court shall also:

(1) Prohibit the respondent from knowingly possessing or purchasing any firearm while the order is in effect;

(2) Inform the respondent of such prohibition in writing and, if the respondent is present, orally; and

(3) Forward the order to the state highway patrol so that the state highway patrol can update the respondent's record in the National Instant Criminal Background Check system (NICS). Upon receiving an order under this subsection, the state highway patrol shall notify the Federal Bureau of Investigation within twenty-four hours.

5. A verified petition seeking orders for maintenance, support, custody, visitation, payment of rent, payment of monetary compensation, possession of personal property, prohibiting the transfer, encumbrance, or disposal of property, or payment for services of a shelter for victims of domestic violence, shall contain allegations relating to those orders and shall pray for the orders desired.

[5.] 6. In making an award of custody, the court shall consider all relevant factors including the presumption that the best interests of the child will be served by placing the child in the custody and care of the nonabusive parent, unless there is evidence that both parents have engaged in abusive behavior, in which case the court shall not consider this presumption but may appoint a guardian ad litem or a court-appointed special advocate to represent the children in accordance with chapter 452 and shall consider all other factors in accordance with chapter 452.

[6.] 7. The court shall grant to the noncustodial parent rights to visitation with any minor child born to or adopted by the parties, unless the court finds, after hearing, that visitation would endanger the child's physical health, impair the child's emotional development or would otherwise conflict with the best interests of the child, or that no visitation can be arranged which would sufficiently protect the custodial parent from further domestic violence. The court may appoint a guardian ad litem or court-appointed special advocate to represent the minor child in accordance with chapter 452 whenever the custodial parent alleges that visitation with the noncustodial parent will damage the minor child.

[7.] 8. The court shall make an order requiring the noncustodial party to pay an amount reasonable and necessary for the support of any child to whom the party owes a duty of support when no prior order of support is outstanding and after all relevant factors have been considered, in accordance with Missouri supreme court rule 88.01 and chapter 452.

[8.] 9. The court may grant a maintenance order to a party for a period of time, not to exceed one hundred eighty days. Any maintenance ordered by the court shall be in accordance with chapter 452.

[9.] 10. (1) The court may, in order to ensure that a petitioner can maintain an existing wireless telephone number or numbers, issue an order, after notice and an opportunity to be heard, directing a

wireless service provider to transfer the billing responsibility for and rights to the wireless telephone number or numbers to the petitioner, if the petitioner is not the wireless service accountholder.

(2) (a) The order transferring billing responsibility for and rights to the wireless telephone number or numbers to the petitioner shall list the name and billing telephone number of the accountholder, the name and contact information of the person to whom the telephone number or numbers will be transferred, and each telephone number to be transferred to that person. The court shall ensure that the contact information of the petitioner is not provided to the accountholder in proceedings held under this chapter.

(b) Upon issuance, a copy of the full order of protection shall be transmitted, either electronically or by certified mail, to the wireless service provider's registered agent listed with the secretary of state, or electronically to the email address provided by the wireless service provider. Such transmittal shall constitute adequate notice for the wireless service provider acting under this section and section 455.523.

(c) If the wireless service provider cannot operationally or technically effectuate the order due to certain circumstances, the wireless service provider shall notify the petitioner within three business days. Such circumstances shall include, but not be limited to, the following:

- a. The accountholder has already terminated the account;
- b. The differences in network technology prevent the functionality of a device on the network; or
- c. There are geographic or other limitations on network or service availability.

(3) (a) Upon transfer of billing responsibility for and rights to a wireless telephone number or numbers to the petitioner under this subsection by a wireless service provider, the petitioner shall assume all financial responsibility for the transferred wireless telephone number or numbers, monthly service costs, and costs for any mobile device associated with the wireless telephone number or numbers.

(b) This section shall not preclude a wireless service provider from applying any routine and customary requirements for account establishment to the petitioner as part of this transfer of billing responsibility for a wireless telephone number or numbers and any devices attached to that number or numbers including, but not limited to, identification, financial information, and customer preferences.

(4) This section shall not affect the ability of the court to apportion the assets and debts of the parties as provided for in law, or the ability to determine the temporary use, possession, and control of personal property.

(5) No cause of action shall lie against any wireless service provider, its officers, employees, or agents, for actions taken in accordance with the terms of a court order issued under this section.

(6) As used in this section and section 455.523, a "wireless service provider" means a provider of commercial mobile service under Section 332(d) of the Federal [Telecommunications] **Communications Act of [1996] 1934** (47 U.S.C. Section [151, et seq.] **332**).

455.523. 1. Any full order of protection granted under sections 455.500 to 455.538 shall be to protect the victim from domestic violence, stalking, and sexual assault may include such terms as the court reasonably deems necessary to ensure the petitioner's safety, including but not limited to:

(1) Temporarily enjoining the respondent from committing domestic violence or sexual assault, threatening to commit domestic violence or sexual assault, stalking, molesting, or disturbing the peace of

the victim;

(2) Temporarily enjoining the respondent from entering the family home of the victim, except as specifically authorized by the court;

(3) Temporarily enjoining the respondent from communicating with the victim in any manner or through any medium, except as specifically authorized by the court.

2. If the court issues, after a hearing for any full order of protection, an order of protection, the court shall also:

(1) Prohibit the respondent from knowingly possessing or purchasing any firearm while the order is in effect;

(2) Inform the respondent of such prohibition in writing and, if the respondent is present, orally; and

(3) Forward the order to the state highway patrol so that the state highway patrol can update the respondent's record in the National Instant Criminal Background Check system (NICS). Upon receiving an order under this subsection, the state highway patrol shall notify the Federal Bureau of Investigation within twenty-four hours.

3. When the court has, after hearing for any full order of protection, issued an order of protection, it may, in addition:

(1) Award custody of any minor child born to or adopted by the parties when the court has jurisdiction over such child and no prior order regarding custody is pending or has been made, and the best interests of the child require such order be issued;

(2) Award visitation;

(3) Award child support in accordance with supreme court rule 88.01 and chapter 452;

(4) Award maintenance to petitioner when petitioner and respondent are lawfully married in accordance with chapter 452;

(5) Order respondent to make or to continue to make rent or mortgage payments on a residence occupied by the victim if the respondent is found to have a duty to support the victim or other dependent household members;

(6) Order the respondent to participate in a court-approved counseling program designed to help stop violent behavior or to treat substance abuse;

(7) Order the respondent to pay, to the extent that he or she is able, the costs of his or her treatment, together with the treatment costs incurred by the victim;

(8) Order the respondent to pay a reasonable fee for housing and other services that have been provided or that are being provided to the victim by a shelter for victims of domestic violence;

(9) Order a wireless service provider, in accordance with the process, provisions, and requirements set out in subdivisions (1) to (6) of subsection [9] **10** of section 455.050, to transfer the billing responsibility for and rights to the wireless telephone number or numbers of any minor children in the petitioner's care

NINETEENTH DAY—THURSDAY, FEBRUARY 13, 2020

The Senate met pursuant to adjournment.

“..the precepts of the Lord are right. Rejoicing the heart; the commandment of the Lord is clear, enlightening the eyes...” (Psalm 19:8)

Wondrous God, be with us as we finish our work this morning and be with us as we travel back to loved ones. As we think upon Your word let us find ways today and this weekend to rejoice in what You are teaching us and live out what Your commandments layout before us so we may incorporate the values and teaching that You provide us. And may we be found in Your house of prayer and rejoice in the blessing we receive. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

Help us all understand that we need to do all things openly and easily seen and understood, for from it comes the opportunity for honest discussion and ways to improve bills so they may give way to produce the best that is possible from which all people benefit. SENATE CONCURRENT RESOLUTION NO. 43

Relating to the appointment and duties of commissioners to attend an Article V convention.

Whereas, it is necessary for each state to provide for the selection of commissioners to attend any Article V Convention:

Now Therefore Be It Resolved that the members of the Missouri Senate, One-Hundredth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby adopt the following procedures for the selection of commissioners to attend an Article V Convention:

Section 1. Selection of Commissioners

When a convention is called to propose amendments to the United States Constitution pursuant to Article V of the United States Constitution, the selection and participation of commissioners from Missouri to such convention shall be governed by this Resolution.

Section 2. Number, Eligibility, and Selection of Commissioners

A. Missouri shall have a number of commissioners equal to the number of congressional districts in the state at the time with one commissioner from each congressional district and a number of alternate commissioners equal to the number of congressional districts in the state at the time with one alternate commissioner from each congressional district.

B. Commissioners and alternates shall be citizens of the State of Missouri and shall otherwise meet the same qualifications necessary to hold office in the Missouri House of Representatives. Commissioners and alternates may include persons holding public office, subject to further limits described below, except that no person will be eligible who is:

- (1) A member of the United States House of Representatives or Senate;
- (2) An employee of the United States;
- (3) An employee or other representative of a contractor with the United States; or
- (4) An elected official holding a statewide office.

Commissioners and alternates are also subject to those existing ethics rules which apply to members of the General Assembly.

C. The House of Representatives and Senate shall select, by adoption of a concurrent resolution, the commissioners and alternates who meet the eligibility requirements described herein and who are submitted to the House of Representatives and the Senate by the Joint Legislative Committee as provided in Section 4 of this resolution. Of the commissioners, at least one-third shall not be sitting members of the General Assembly. Of the alternate commissioners, at least one-third shall not be sitting members of the General Assembly.

D. A majority of the commissioners shall constitute a quorum for all decisions made by the delegation, and no commissioner may give

his or her vote by proxy or otherwise to any other commissioner. The commissioners shall select a chairperson to administer the work of the commissioners.

Section 3. Authority of Commissioners

A. Each commissioner and alternate shall, by oath or affirmation as a condition of participating in the convention, agree to faithfully and impartially discharge all the duties incumbent upon a commissioner, including the duty to abide by instructions established by concurrent resolution of the General Assembly for participation in the convention and the duty to act only within the scope of the General Assembly's application for the convention, if Missouri applied for the convention in which the commissioners are participating. Each commissioner and alternate shall further agree to immediately notify the Joint Legislative Committee if he or she believes that any Missouri commissioner or alternate has violated his or her oath or instructions while participating in the convention.

B. Prior to the Article V Convention, the General Assembly shall consider "Recommended Commissioner Instructions" presented to it by the Joint Legislative Committee as discussed further in Section 4 of this resolution, and shall by concurrent resolution provide duly approved instructions to the commissioners and alternates regarding the scope of matters they may consider and vote on at convention, including rules of procedure and proposed amendments. Such instructions may be changed by the General Assembly prior to or during the convention. These instructions shall include, but shall not be limited to:

1. An instruction that the commissioners shall not support any voting rule other than the rule whereby each state exercises one vote; and
2. An instruction that on all voting matters at the convention, the decision of a simple majority of the Missouri commissioners shall constitute a single vote for the State of Missouri.

C. Any vote cast by a commissioner or alternate at an Article V convention that is outside the scope of any of the following is an unauthorized vote, and is therefore void:

1. The instructions established by any concurrent resolution adopted under this Resolution or later amending resolutions.
2. Any limits identified in the Missouri General Assembly's application for the convention.

Section 4. Authorization for and Role of the Joint Legislative Committee

A. After or near the time an Article V convention is called, a Joint Legislative Committee shall be duly authorized by the General Assembly for the purposes described in this section. The Joint Legislative Committee shall be comprised of five members of the Senate appointed by the President Pro Tempore of the Senate, with three members from the majority party and two members from the minority party, and five members of the House appointed by the Speaker of the House of Representatives, with three members from the majority party and two members from the minority party, and shall have the initial task of recommending eligible commissioners to the House of Representatives and the Senate for consideration of appointment as commissioners. The Joint Legislative Committee shall submit at least three persons from each congressional district who are eligible, as provided in this resolution, to serve as a commissioner and at least three different persons from each congressional district who are eligible, as provided in this resolution, to serve as an alternate commissioner. The House of Representatives and the Senate shall select a commissioner and alternate commissioner from each congressional district from the names submitted by the Joint Legislative Committee. The Joint Legislative Committee shall also be charged with presenting "Recommended Commissioner Instructions" to the full General Assembly for consideration leading to a concurrent resolution as discussed in Section 3(B) of this resolution. Such Commissioner Instructions will define the scope of matters the Commissioners may consider and vote on at the Article V Convention, including rules of procedure and proposed amendments as discussed more fully in Section 3 of this resolution. All recommendations that secure a simple majority vote of the members present will be deemed approved "Recommended Commissioner Instructions" to be submitted to the full General Assembly for its consideration.

B. After commissioners have been selected, the Joint Legislative Committee may recall any commissioner and revoke such commissioner's authority. However, the Joint Legislative Committee may only recall and revoke the authority in the event the commissioner casts or attempts to cast an unauthorized vote as described in this Resolution. The Joint Legislative Committee shall also appoint one of the selected alternates to take the place of a commissioner so recalled. The Joint Legislative Committee shall promptly investigate any notice that a commissioner or alternate has cast an unauthorized vote or otherwise exceeded the scope of the General Assembly's application for the convention or the General Assembly's instructions to the commissioners. The Joint Legislative Committee shall act to ensure that the commissioners remain faithful to the terms of the convention application and the General Assembly's instructions. Before or during the Article V Convention, the Joint Legislative Committee may advise the commissioners on questions which arise regarding the scope of the convention and the legislative instructions to commissioners.

C. By concurrent resolution, the General Assembly may change or supersede any action of the Joint Legislative Committee or recall commissioners or alternates to the convention, or appoint new commissioners or alternates.

D. The Joint Legislative Committee shall be authorized to conduct its business via telephone or by electronic communication.

Section 5. Conflicts with Convention Rules or Procedures

Should the provisions of this Resolution conflict with the rules or procedures established by the Article V convention, the General Assembly may by concurrent resolution conform these provisions to such rules or procedures; and

Be It Further Resolved that this resolution be sent to the Governor for his approval or rejection pursuant to the Missouri Constitution.

The Senate met pursuant to adjournment.

“May God be gracious to us and bless us and make his face to shine upon us...” (Psalm 67:1)

Loving God, Your love of us is great and You are gracious to bless us with the gifts of friends and loved ones. We trust in the power of Your love to help us see into our lives and ask that You will help make us into a far more loving person than we are today. Teach us how to really love our families, our friends, and even the stranger. And may we rejoice in those You have given to us to love and give thanks to You for them. In Your Holy Name we pray. Amen.

Journal of the Senate

SECOND REGULAR SESSION

TWENTY-SIXTH DAY—WEDNESDAY, FEBRUARY 26, 2020

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Senator Crawford offered the following prayer:

“Do nothing out of selfish ambition or vain conceit. Rather in humility value others above yourselves.” Philippians 2:3

Merciful God: Help us hear Your command to all people of every faith to respond to Your call to seek a “right spirit” within ourselves, with our neighbors and with You. Forgive us for the times we did not treat other brothers and sisters as we would treat You. We thank You for the dawning of this day full of promise as we attempt and often fail to follow Your example. Christians observe this day as Ash Wednesday marking the beginning of the Lenten season, a period of repentance. We trust in Your constant forgiveness, grace and Your promise to be with us always. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

Journal of the Senate

SECOND REGULAR SESSION

TWENTY-SEVENTH DAY—THURSDAY, FEBRUARY 27, 2020

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“Move our hearts with the calm, smooth flow of your grace. Let the river of your love run through our souls. May my soul be carried by the current of your love, towards the wide, infinite ocean of heaven...” (Gilbert of Hoyland)

Heavenly Father, Your mercy is all about us and Your grace opens our heart with a faith that reaches out to You. Help us remember as recipients of Your generous spirit that we may live as You have taught us. May our drive to be with loved ones be filled with thoughts of what we have been given and return to those who enrich our lives with joy and love. And we ask that You watch our going out and coming in this day. In Your Holy Name we pray. Amen.

”, **less the net plant value of any retired assets**”; and

Further amend said bill, page 6, section 393.1012, line 23 by inserting immediately after said line the following:

“393.1015. 1. (1) At the time that a gas corporation files a petition with the commission seeking to establish or change an ISRS, it shall submit proposed ISRS rate schedules and its supporting documentation regarding the calculation of the proposed ISRS with the petition, and shall serve the office of the public counsel with a copy of its petition, its proposed rate schedules, and its supporting documentation.

(2) Upon the filing of a petition, and any associated rate schedules, seeking to establish or change an ISRS, the commission shall publish notice of the filing.

2. (1) When a petition, along with any associated proposed rate schedules, is filed pursuant to the provisions of sections 393.1009 to 393.1015, the commission shall conduct an examination of the proposed ISRS.

(2) The staff of the commission may examine information of the gas corporation to confirm that the underlying costs are in accordance with the provisions of sections 393.1009 to 393.1015, and to confirm proper calculation of the proposed charge, and may submit a report regarding its examination to the commission not later than sixty days after the petition is filed. No other revenue requirement or ratemaking issues may be examined in consideration of the petition or associated proposed rate schedules filed pursuant to the provisions of sections 393.1009 to 393.1015.

(3) The commission may hold a hearing on the petition and any associated rate schedules and shall issue

an order to become effective not later than one hundred twenty days after the petition is filed.

(4) If the commission finds that a petition complies with the requirements of sections 393.1009 to 393.1015, the commission shall enter an order authorizing the corporation to impose an ISRS that is sufficient to recover appropriate pretax revenue, as determined by the commission pursuant to the provisions of sections 393.1009 to 393.1015.

3. A gas corporation may effectuate a change in its rate pursuant to the provisions of this section no more often than two times every twelve months.

4. In determining the appropriate pretax revenue, the commission shall consider only the following factors:

(1) The current state, federal, and local income tax or excise rates;

(2) The gas corporation's actual regulatory capital structure as determined during the most recent general rate proceeding of the gas corporation;

(3) The actual cost rates for the gas corporation's debt and preferred stock as determined during the most recent general rate proceeding of the gas corporation;

(4) The gas corporation's cost of common equity as determined during the most recent general rate proceeding of the gas corporation;

(5) The current property tax rate or rates applicable to the eligible infrastructure system replacements;

(6) The current depreciation rates applicable to the eligible infrastructure system replacements; and

(7) In the event information pursuant to subdivisions (2), (3), and (4) of this subsection is unavailable and the commission is not provided with such information on an agreed-upon basis, the commission shall refer to the testimony submitted during the most recent general rate proceeding of the gas corporation and use, in lieu of any such unavailable information, the recommended capital structure, recommended cost rates for debt and preferred stock, and recommended cost of common equity that would produce the average weighted cost of capital based upon the various recommendations contained in such testimony.

5. (1) The monthly ISRS charge may be calculated based on a reasonable estimate of billing units in the period in which the charge will be in effect, which shall be conclusively established by dividing the appropriate pretax revenues by the customer numbers reported by the gas corporation in the annual report it most recently filed with the commission pursuant to subdivision (6) of section 393.140, and then further dividing this quotient by twelve. Provided, however, that the monthly ISRS may vary according to customer class and may be calculated based on customer numbers as determined during the most recent general rate proceeding of the gas corporation so long as the monthly ISRS for each customer class maintains a proportional relationship equivalent to the proportional relationship of the monthly customer charge for each customer class.

(2) At the end of each twelve-month calendar period the ISRS is in effect, the gas corporation shall reconcile the differences between the revenues resulting from an ISRS and the appropriate pretax revenues as found by the commission for that period and shall submit the reconciliation and a proposed ISRS adjustment to the commission for approval to recover or refund the difference, as appropriate, through adjustments of an ISRS charge.

6. (1) A gas corporation that has implemented an ISRS pursuant to the provisions of sections 393.1009

to 393.1015 shall file revised rate schedules to reset the ISRS to zero when new base rates and charges become effective for the gas corporation following a commission order establishing customer rates in a general rate proceeding that incorporates in the utility's base rates subject to subsections 8 and 9 of this section eligible costs previously reflected in an ISRS.

(2) Upon the inclusion in a gas corporation's base rates subject to subsections 8 and 9 of this section of eligible costs previously reflected in an ISRS, the gas corporation shall immediately thereafter reconcile any previously unreconciled ISRS revenues as necessary to ensure that revenues resulting from the ISRS match as closely as possible the appropriate pretax revenues as found by the commission for that period.

7. A gas corporation's filing of a petition or change to an ISRS pursuant to the provisions of sections 393.1009 to 393.1015 shall not be considered a request for a general increase in the gas corporation's base rates and charges.

8. Commission approval of a petition, and any associated rate schedules, to establish or change an ISRS pursuant to the provisions of sections 393.1009 to 393.1015 shall in no way be binding upon the commission in determining the ratemaking treatment to be applied to eligible infrastructure system replacements during a subsequent general rate proceeding when the commission may undertake to review the prudence of such costs. In the event the commission disallows, during a subsequent general rate proceeding, recovery of costs associated with eligible infrastructure system replacements previously included in an ISRS, the gas corporation shall offset its ISRS in the future as necessary to recognize and account for any such overcollections.

9. Nothing in this section shall be construed as limiting the authority of the commission to review and consider infrastructure system replacement costs along with other costs during any general rate proceeding of any gas corporation.

10. Nothing contained in sections 393.1009 to 393.1015 shall be construed to impair in any way the authority of the commission to review the reasonableness of the rates or charges of a gas corporation, including review of the prudence of eligible infrastructure system replacements made by a gas corporation, pursuant to the provisions of section 386.390.

11. The commission shall have authority to promulgate rules for the implementation of sections 393.1009 to 393.1015, but only to the extent such rules are consistent with, and do not delay the implementation of, the provisions of sections 393.1009 to 393.1015. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2003, shall be invalid and void.

12. Any gas corporation whose ISRS is found by a court of competent jurisdiction to include illegal and inappropriate charges shall refund every current customer of the gas corporation who paid such charges, before the gas corporation can file for a new ISRS.

Section 1. The provisions of sections 393.1009 to 393.1015 shall expire on August 28, 2029.”; and

Further amend the title and enacting clause accordingly.

2. In addition to any benefits available under subsection 1 of this section, the department may award a qualified company that satisfies subdivision (1) of subsection 1 of this section additional tax credits, issued each year for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, in an amount equal to or less than six percent of new payroll; provided that in no event may the total amount of benefits awarded to a qualified company under this section exceed nine percent of new payroll in any calendar year. The amount of tax credits awarded to a qualified company under this subsection shall not exceed the projected net fiscal benefit to the state, as determined by the department, and shall not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. In determining the amount of tax credits to award to a qualified company under this subsection or a qualified manufacturing company under subsection 3 of this section, the department shall consider the following factors:

(4) The financial stability and creditworthiness of the qualified company;

(5) The level of economic distress in the area;

Such tax credits shall be issued no earlier than January 1, 2023, and may be issued each year for a period of five years. A qualified manufacturing company may qualify for an additional five-year period under this subsection if it makes an additional manufacturing capital investment of at least two hundred fifty million dollars within five years of the department's approval of

the original notice of intent.

(2) The maximum amount of tax credits that any one qualified manufacturing company may receive under this subsection shall not exceed five million dollars per calendar year. The aggregate amount of tax credits awarded to all qualified manufacturing companies under this subsection shall not exceed ten million dollars per calendar year.

(3) If, at the project facility at any time during the project period, the qualified manufacturing company discontinues the manufacturing of the new product, or discontinues the modification or expansion of an existing product, and does not replace it with a subsequent or additional new product or with a modification or expansion of an existing product, the company shall immediately cease receiving any benefit awarded under this subsection for the remainder of the project period and shall forfeit all rights to retain or receive any benefit awarded under this subsection for the remainder of such period.

(4) Notwithstanding any other provision of law to the contrary, any qualified manufacturing company that is awarded benefits under this section shall not simultaneously receive tax credits or exemptions under sections 100.700 to 100.850 for the jobs created or retained or capital improvement that qualified for benefits under this section. The provisions of subsection 5 of section 285.530 shall not apply to a qualified manufacturing company that is awarded benefits under this section.

4. Upon approval of a notice of intent to receive tax credits under subsection 2, 3, 6, or 7 of this section, the department and the qualified company shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

(1) The committed number of new jobs, new payroll, and new capital investment, or the manufacturing capital investment and committed percentage of retained jobs for each year during the project period;

(4) Financial guarantee provisions as may be required by the department, provided that financial guarantee provisions shall be required by the department for tax credits awarded under subsection 7 of this section; and

(5) Any other provisions the department may require.

5. In lieu of the benefits available under sections 1 and 2 of this section, and in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may, for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, retain an amount equal to the withholding tax as calculated under subdivision (38) of section 620.2005 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 equal to:

(1) Six percent of new payroll for a period of five years from the date the required number of new jobs were created if the qualified company creates one hundred or more new jobs and the average wage of the new payroll equals or exceeds one hundred twenty percent of the county average wage of the county in which the project facility is located; or

(2) Seven percent of new payroll for a period of five years from the date the required number of jobs

were created if the qualified company creates one hundred or more new jobs and the average wage of the new payroll equals or exceeds one hundred forty percent of the county average wage of the county in which the project facility is located.

The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subsection and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subsection.

6. In addition to the benefits available under subsection 5 of this section, the department may award a qualified company that satisfies the provisions of subsection 5 of this section additional tax credits, issued each year for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, in an amount equal to or less than three percent of new payroll; provided that in no event may the total amount of benefits awarded to a qualified company under this section exceed nine percent of new payroll in any calendar year. The amount of tax credits awarded to a qualified company under this subsection shall not exceed the projected net fiscal benefit to the state, as determined by the department, and shall not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. In determining the amount of tax credits to award to a qualified company under this subsection, the department shall consider the factors provided under subsection 2 of this section.

7. In lieu of the benefits available under subsections 1, 2, 5, and 6 of this section, and in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs and new capital investment created by the program, the department may award a qualified company that satisfies the provisions of subdivision (1) of subsection 1 of this section tax credits, issued within one year following the qualified company's acceptance of the department's proposal for benefits, in an amount equal to or less than nine percent of new payroll. The amount of tax credits awarded to a qualified company under this subsection shall not exceed the projected net fiscal benefit to the state, as determined by the department, and shall not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. In determining the amount of tax credits to award to a qualified company under this subsection, the department shall consider the factors provided under subsection 2 of this section and the qualified company's commitment to new capital investment and new job creation within the state for a period of not less than ten years. For the purposes of this subsection, each qualified company shall have an average wage of the new payroll that equals or exceeds one hundred percent of the county average wage. Notwithstanding the provisions of section 620.2020 to the contrary, this subsection, shall expire on June 30, 2025.

8. No benefits shall be available under this section for any qualified company that has performed significant, project-specific site work at the project facility, purchased machinery or equipment related to the project, or has publicly announced its intention to make new capital investment or manufacturing capital investment at the project facility prior to receipt of a proposal for benefits under this section or approval of its notice of intent, whichever occurs first.

9. In lieu of any other benefits under this chapter, the department of economic development may award a tax credit to an industrial development authority for a qualified military project in an amount equal to the estimated withholding taxes associated with the **part-time and full-time** civilian and military new jobs located at the facility and directly impacted by the project. The amount of the tax credit shall be calculated

by multiplying:

- (1) The average percentage of tax withheld, as provided by the department of revenue to the department of economic development;
- (2) The average salaries of the jobs directly created by the qualified military project; and
- (3) The number of jobs directly created by the qualified military project.

If the amount of the tax credit represents the least amount necessary to accomplish the qualified military project, the tax credits may be issued, but no tax credits shall be issued for a term longer than fifteen years. No qualified military project shall be eligible for tax credits under this subsection unless the department of economic development determines the qualified military project shall achieve a net positive fiscal impact to the state.”; and

Further amend the title and enacting clause accordingly.

Senator Walsh submitted the following:

March 3, 2020

Adriane Crouse – Secretary of the Senate
State Capitol, Room 325
Jefferson City, Missouri 65101

Dear Adriane:

It has been my great pleasure to serve as the minority floor leader. As you know, with the term limits that are imposed on members of the General Assembly, there is a constant need to ensure that new leaders emerge. Because of that, please consider this correspondence to be my resignation from the role of minority floor leader effective immediately. I will continue to serve out the remainder of my term representing the people of the 13th District in the Senate.

The practice, tradition and custom of the Democratic caucus has been that when the role of minority floor leader becomes vacant, the assistant floor leader ascends to the position. This happened when Ken Jacob resigned from the Senate in 2004 and Maida Coleman ascended to the role. It also happened in 2016 when Joe Keaveny resigned from the Senate and I ascended to the role. Because of this practice, tradition and custom, Senator John Rizzo will now serve as minority floor leader. He is an intelligent and successful public servant and I anticipate he will be a fantastic leader for our caucus.

Sincerely,

Gina Walsh

The Senate met pursuant to adjournment.

Senator Rowden in the Chair.

Loving God, we are grateful for Your words for they provide us hope and because of them we never doubt that You are good and Your word holds the promise that all You have said will be accomplished through those who trust and believe in You. We ask that we may be those whom You have set aside to bring Your vision for us into reality. In Your Holy Name we pray. Amen.

Senator Rowden offered Senate Resolution No. 1307, regarding Morgan Banker, Columbia, which was adopted.

Senator May offered the following concurrent resolution, which was read:

SENATE CONCURRENT RESOLUTION NO. 45

Whereas, Missouri was part of the 1803 Louisiana Purchase and became a state in 1821; and

Whereas, the terms of Missouri's statehood included that Missouri would be the only state north of the Mason-Dixon line that was a slave state; and

Whereas, the tensions in the nation regarding racial equality, or lack thereof, have played out in profound ways in the state of Missouri; and

Whereas, St. Louis, being situated on the Mississippi River, was uniquely positioned to be a destination for the slave trade; and

Whereas, tensions of human inequality are profoundly apparent in the history of the state; and

Whereas, when persons with African ancestry in Missouri sued for their freedom, such freedom was routinely granted; and

Whereas, the tension in the nation over the issue of slavery and human inequality resulted in Dred and Harriet Scott, persons with African ancestry, being denied freedom in this state in a decision by the Missouri Supreme Court on March 22, 1852, and such decision was affirmed by the United States Supreme Court on March 6, 1857; and

Whereas, the March 22, 1852, Dred Scott decision is a negative legacy for this state and antithetical to the nation's founding values, specifically the tenet that all men are created equal; and

Whereas, the Dred Scott decision's assertion that people of African ancestry "had for more than a century before been regarded as beings of an inferior order, and altogether unfit to associate with the white race, either in social or political relations; and so far inferior, that they had no rights which the white man was bound to respect; and that the negro might justly and lawfully be reduced to slavery for his benefit" was an expression of racism and a precursor to Jim Crow laws, which perpetrated over a century of injustice; and

Whereas, all political power is vested in and derived from the people; and

Whereas, all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole; and

Whereas, all constitutional government is intended to promote the general welfare of all people; and

Whereas, all persons have a natural right to life, liberty, and the pursuit of happiness; and

Whereas, no person shall be deprived of life, liberty, or property without the due process of law; and

Whereas, all human beings are created equal and are entitled to equal rights and opportunity under the law; and

Whereas, Missouri will never again deny legal protection to a class of human beings on the grounds that they are less than human; and

Whereas, it is time to draw a line between Missouri's history, which encompassed such inhumane and unfair treatment to our citizens, and the present and future Missouri, which aims to be a place of equal treatment for all:

Now, Therefore, Be It Resolved by the members of the Missouri Senate, One Hundredth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby condemn the March 22, 1852, Dred Scott decision issued by the Missouri Supreme Court; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for the Governor, the Clerk of the Supreme Court of Missouri, the justices of the Supreme Court of Missouri, and the members of the Missouri congressional delegation.

President Kehoe assumed the Chair.

(b) Construction of such facility; and

(c) General maintenance of such facility during the time period in which such facility receives any tax credit under this section.

If no qualified Missouri contractor is located within seventy-five miles of the property, the requirement that fifty-one percent of the costs shall be paid to qualified Missouri contractors shall not apply.

2. For all tax years beginning on or after January 1, 2015, but before January 1, 2018, any eligible applicant who installs and operates a qualified property shall be allowed a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or due under chapter 147 or chapter 148 for any tax year in which the applicant is constructing the qualified property. 4. If the amount of the tax credit exceeds the eligible applicant's tax liability, the difference shall not be refundable. Any amount of credit that an eligible applicant is prohibited by this section

from claiming in a taxable year may be carried forward to any of such applicant's two subsequent taxable years. Tax credits allowed under this section may be assigned, transferred, sold, or otherwise conveyed.

5. Any qualified property, for which an eligible applicant receives tax credits under this section, which ceases to sell alternative fuel or recharge electric vehicles shall cause the forfeiture of such eligible applicant's tax credits provided under this section for the taxable year in which the qualified property ceased to sell alternative fuel or recharge electric vehicles and for future taxable years with no recapture of tax credits obtained by an eligible applicant with respect to such applicant's tax years which ended before the sale of alternative fuel or recharging of electric vehicles ceased.

6. The director of revenue shall establish the procedure by which the tax credits in this section may be claimed, and shall establish a procedure by which the cumulative amount of tax credits is apportioned equally among all eligible applicants claiming the credit. To the maximum extent possible, the director of revenue shall establish the procedure described in this subsection in such a manner as to ensure that eligible applicants can claim all the tax credits possible up to the cumulative amount of tax credits available for the taxable year. No eligible applicant claiming a tax credit under this section shall be liable for any interest or penalty for filing a tax return after the date fixed for filing such return as a result of the apportionment procedure under this subsection.

Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

9. The provisions of section 23.253 of the Missouri sunset act notwithstanding:

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset six years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on December thirty-first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset; and

(4) The provisions of this subsection shall not be construed to limit or in any way impair the department's ability to redeem tax credits authorized on or before the date the program authorized under this section expires or a taxpayer's ability to redeem such tax credits.]"; and

Further amend the title and enacting clause accordingly.

Senator Eigel moved that the above amendment be adopted, which motion prevailed.

President Kehoe assumed the Chair.

Senator Eigel offered **SA 2**:

SENATE AMENDMENT NO. 2

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 594, Page 1, Section A, Line 3 of said page, by inserting immediately after said line the following:

“135.010. As used in sections 135.010 to 135.030 the following words and terms mean:

(1) “Claimant”[,]; a person or persons claiming a credit under sections 135.010 to 135.030. If the persons are eligible to file a joint federal income tax return and reside at the same address at any time during the taxable year, then the credit may only be allowed if claimed on a combined Missouri income tax return or a combined claim return reporting their combined incomes and property taxes. A claimant shall not be allowed a property tax credit unless the claimant or spouse:

(a) Has attained the age of sixty-five on or before the last day of the calendar year and the claimant or spouse was a resident of Missouri for the entire year[, or the claimant or spouse];

(b) Is a veteran of any branch of the Armed Forces of the United States or this state who became one hundred percent disabled as a result of such service[, or the claimant or spouse];

(c) Is disabled as defined in subdivision (2) of this section, and such claimant or spouse provides proof of such disability in such form and manner, and at such times, as the director of revenue may require[,]; or

(d) If the claimant has reached the age of sixty on or before the last day of the calendar year and such claimant received surviving spouse Social Security benefits during the calendar year and the claimant provides proof, as required by the director of revenue, that the claimant received surviving spouse Social Security benefits during the calendar year for which the credit will be claimed.

A claimant shall not be allowed a property tax credit if the claimant filed a valid claim for a credit under section 137.106 in the year following the year for which the property tax credit is claimed. The residency requirement shall be deemed to have been fulfilled for the purpose of determining the eligibility of a surviving spouse for a property tax credit if a person of the age of sixty-five years or older who would have otherwise met the requirements for a property tax credit dies before the last day of the calendar year. The residency requirement shall also be deemed to have been fulfilled for the purpose of determining the eligibility of a claimant who would have otherwise met the requirements for a property tax credit but who dies before the last day of the calendar year;

(2) “Disabled”, the inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than twelve months. A claimant shall not be required to be gainfully employed prior to such disability to qualify for a property tax credit;

(3) [”Gross rent”, amount paid by a claimant to a landlord for the rental, at arm’s length, of a homestead during the calendar year, exclusive of charges for health and personal care services and food furnished as

part of the rental agreement, whether or not expressly set out in the rental agreement. If the director of revenue determines that the landlord and tenant have not dealt at arm's length, and that the gross rent is excessive, then he shall determine the gross rent based upon a reasonable amount of rent. Gross rent shall be deemed to be paid only if actually paid prior to the date a return is filed. The director of revenue may prescribe regulations requiring a return of information by a landlord receiving rent, certifying for a calendar year the amount of gross rent received from a tenant claiming a property tax credit and shall, by regulation, provide a method for certification by the claimant of the amount of gross rent paid for any calendar year for which a claim is made. The regulations authorized by this subdivision may require a landlord or a tenant or both to provide data relating to health and personal care services and to food. Neither a landlord nor a tenant may be required to provide data relating to utilities, furniture, home furnishings or appliances;

(4) "Homestead", the dwelling in Missouri owned [or rented] by the claimant and not to exceed five acres of land surrounding it as is reasonably necessary for use of the dwelling as a home. It may consist of part of a multidwelling or multipurpose building and part of the land upon which it is built. "Owned" includes a vendee in possession under a land contract and one or more tenants by the entireties, joint tenants, or tenants in common and includes a claimant actually in possession if he was the immediate former owner of record, if a lineal descendant is presently the owner of record, and if the claimant actually pays all taxes upon the property. It may include a mobile home;

[(5)] (4) "Income", Missouri adjusted gross income as defined in section 143.121 less two thousand dollars, or in the case of a homestead owned and occupied, for the entire year, by the claimant, less four thousand dollars as an exemption for the claimant's spouse residing at the same address, and increased, where necessary, to reflect the following:

(a) Social Security, railroad retirement, and veterans payments and benefits unless the claimant is a one hundred percent service-connected, disabled veteran or a spouse of a one hundred percent service-connected, disabled veteran. The one hundred percent service-connected disabled veteran shall not be required to list veterans payments and benefits;

(b) The total amount of all other public and private pensions and annuities;

(c) Public relief, public assistance, and unemployment benefits received in cash, other than benefits received under this chapter;

(d) No deduction being allowed for losses not incurred in a trade or business;

(e) Interest on the obligations of the United States, any state, or any of their subdivisions and instrumentalities;

[(6)] (5) "Property taxes accrued", property taxes paid, exclusive of special assessments, penalties, interest, and charges for service levied on a claimant's homestead in any calendar year. Property taxes shall qualify for the credit only if actually paid prior to the date a return is filed. The director of revenue shall require a tax receipt or other proof of property tax payment. If a homestead is owned only partially by claimant, then "property taxes accrued" is that part of property taxes levied on the homestead which was actually paid by the claimant. For purposes of this subdivision, property taxes are "levied" when the tax roll is delivered to the director of revenue for collection. If a claimant owns a homestead part of the preceding calendar year and rents it or a different homestead for part of the same year, "property taxes accrued" means only taxes levied on the homestead both owned and occupied by the claimant, multiplied by the percentage of twelve months that such property was owned and occupied as the homestead of the claimant during the

year. When a claimant owns and occupies two or more different homesteads in the same calendar year, property taxes accrued shall be the sum of taxes allocable to those several properties occupied by the claimant as a homestead for the year. If a homestead is an integral part of a larger unit such as a farm, or multipurpose or multidwelling building, property taxes accrued shall be that percentage of the total property taxes accrued as the value of the homestead is of the total value. For purposes of this subdivision “unit” refers to the parcel of property covered by a single tax statement of which the homestead is a part[;

(7) “Rent constituting property taxes accrued”, twenty percent of the gross rent paid by a claimant and spouse in the calendar year].

135.025. The property taxes accrued [and rent constituting property taxes accrued] on each return shall be totaled. This total, up to [seven hundred fifty dollars in rent constituting property taxes actually paid or] eleven hundred dollars in actual property tax paid, shall be used in determining the property tax credit. The director of revenue shall prescribe regulations providing for allocations where part of a claimant’s homestead is rented to another or used for nondwelling purposes or where a homestead is owned [or rented] or used as a dwelling for part of a year.

135.030. 1. As used in this section:

(1) The term “maximum upper limit” shall, for each calendar year after December 31, 1997, but before calendar year 2008, be the sum of twenty-five thousand dollars. For all calendar years beginning on or after January 1, 2008, the maximum upper limit shall be the sum of twenty-seven thousand five hundred dollars. In the case of a homestead owned and occupied for the entire year by the claimant, the maximum upper limit shall be the sum of thirty thousand dollars;

(2) The term “minimum base” shall, for each calendar year after December 31, 1997, but before calendar year 2008, be the sum of thirteen thousand dollars. For all calendar years beginning on or after January 1, 2008, the minimum base shall be the sum of fourteen thousand three hundred dollars.

2. If the income on a return is equal to or less than the maximum upper limit for the calendar year for which the return is filed, the property tax credit shall be determined from a table of credits based upon the amount by which the total property tax described in section 135.025 exceeds the percent of income in the following list:

If the income on the return is:	The percent is:
Not over the minimum base	0 percent with credit not to exceed \$1,100 in actual property tax [or rent equivalent] paid [up to \$750]
Over the minimum base but not over the maximum upper limit	1/16 percent accumulative per \$300 from 0 percent to 4 percent.

The director of revenue shall prescribe a table based upon the preceding sentences. The property tax shall be in increments of twenty-five dollars and the income in increments of three hundred dollars. The credit shall be the amount rounded to the nearest whole dollar computed on the basis of the property tax and income at the midpoints of each increment. As used in this subsection, the term “accumulative” means an increase by continuous or repeated application of the percent to the income increment at each three hundred dollar level.

3. Notwithstanding subsection 4 of section 32.057, the department of revenue or any duly authorized employee or agent shall determine whether any taxpayer filing a report or return with the department of revenue who has not applied for the credit allowed pursuant to section 135.020 may qualify for the credit, and shall notify any qualified claimant of the claimant’s potential eligibility, where the department determines such potential eligibility exists.”; and

Further amend the title and enacting clause accordingly.

Senator Eigel moved that the above amendment be adopted.

Senator Arthur raised the point of order that **SA 2** goes beyond the scope of the underlying bill.

The point of order was referred to the President Pro Tem, who ruled it well taken.

Senator Onder offered **SA 3**:

The Senate met pursuant to adjournment.

Loving God, we give thanks and praise for showing us what we are and helping us experience life as You want us to live it. As we go to be with those we love we know You have given them to us to love us and bring joy that is shared. We are mindful that You have laid out these gifts for our benefit which makes our lives complete. So we give thanks, Lord, to You once again for all You do for us. In Your Holy Name we pray. Amen.

SENATE CONCURRENT RESOLUTION NO. 46

Whereas, the state of Maine celebrated its bicentennial on March 15, 2020; and

Whereas, the Missouri Compromise allowed Maine's admission to the Union as a free state in 1820 and Missouri's admission to the Union

as a slave state in 1821, thereby maintaining the balance of slave and free states; and

Whereas, the destinies of our two states are forever linked by the injustices of slavery; and

Whereas, the people of Missouri are grateful for the historical relationship that binds our two states. We celebrate with Maine a shared respect for liberty and justice for all; and

Whereas, the people of Missouri recognize that our freedoms are inextricably bound together and, in the words of Dr. Martin Luther King, Jr., “we cannot walk alone”:

Now, Therefore, Be It Resolved that the members of the Missouri Senate, One-hundredth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby wish the people of the State of Maine a joyful 200th birthday and a prosperous future; and

SECOND REGULAR SESSION

THIRTY-THIRD DAY—TUESDAY, MARCH 10, 2020

The Senate met pursuant to adjournment.

“All the paths of the Lord are steadfast love and faithfulness for those who keep his covenant and his decrees.” (Psalm 25:10)

Gracious Lord, we are recipients of Your generous grace and caring and when we think of You we are aware of Your mercy and forgiveness which teaches us to be quick to forgive others who can be thoughtless and hard to deal with. But You have shown us to live graciously and how to be generous in our thoughts and actions with others. So let Your grace keep us on an even keel and let Your wisdom help us. In Your Holy Name we pray. Amen.

“192.2520. 1. Sections 192.2520 and 197.135 shall be known and may be cited as the “Justice for Survivors Act”.

2. As used in this section, the following terms shall mean:

3. No later than July 1, 2022, there shall be established within the department a statewide telehealth network for forensic examinations of victims of sexual offenses in order to provide access to sexual assault nurse examiners (SANE) or other similarly trained appropriate medical providers. A statewide coordinator for the telehealth network shall be selected by the director of the department of health and senior services and shall have oversight responsibilities and provide support for the training programs offered by the network, as well as the implementation and operation of the network.

4. The network shall provide mentoring and educational training services, including:

- (1) Conducting a forensic examination of a victim of a sexual offense, in accordance with best practices, while utilizing an evidentiary collection kit;
- (2) Proper documentation, transmission, and storage of the examination evidence;
- (3) Utilizing trauma-informed care to address the needs of victims;
- (4) Utilizing telehealth technology while conducting a live examination; and
- (5) Providing ongoing case consultation and serving as an expert witness in event of a trial.

The network shall, in the mentoring and educational training services provided, emphasize the importance of obtaining a victim’s informed consent to evidence collection, including issues involving minor consent, and the scope and limitations of confidentiality regarding information gathered during the forensic examination.

5. The training offered may be made available both online or in person, including the use of video conferencing technology to connect trained interdisciplinary experts with providers in a case-based learning environment.

6. The network shall, through telehealth services available twenty-four hours a day, seven days a week, by a SANE or another similarly trained appropriate medical provider, provide mentoring, consultation services, guidance, and technical assistance to appropriate medical providers during and outside of a forensic examination of a victim of a sexual offense. The network shall ensure that the system through which the network provides telehealth services meets national standards for interoperability to connect to telehealth systems.

7. The department may consult and enter into any necessary contracts with any other local, state, or federal agency, institution of higher education, or private entity to carry out the provisions of this section, including, but not limited to, a contract to:

- (1) Develop, implement, maintain, or operate the network;
- (2) Train and provide technical assistance to appropriate medical providers on conducting forensic examinations of victims of sexual offenses and the use of telehealth services; and
- (3) Provide consultation, guidance, or technical assistance to appropriate medical providers using telehealth services during a forensic examination of a victim of a sexual offense.

- (1) The number of forensic examinations of victims of a sexual offense performed at the hospital;**
- (2) The number of forensic examinations of victims of a sexual offense requested to be performed by a victim of a sexual offense that the hospital did not perform and the reason why the examination was not performed;**
- (3) The number of evidentiary collection kits submitted to a law enforcement agency for testing; and**
- (4) After July 1, 2022, the number of appropriate medical providers employed at or contracted with the hospital who utilized the training and telehealth services provided by the network.**

The information reported under this subsection and subsection 9 of this section shall not include any personally identifiable information of any victim of a sexual offense or any appropriate medical provider performing a forensic examination of such victim.

9. Beginning January 1, 2022, and each year thereafter, the department shall make publicly available a report that shall include the information submitted under subsection 8 of this section. The report shall also include, in collaboration with the department of public safety, information about the number of evidentiary collection kits submitted by a person or entity outside of a hospital setting, as well as the number of appropriate medical providers utilizing the training and telehealth services provided by the network outside of a hospital setting.

10. (1) The funding for the network shall be subject to appropriations. In addition to appropriations from the general assembly, the department shall apply for available grants and shall be able to accept other gifts, grants, bequests, and donations to develop and maintain the network and the training offered by the network.

(2) There is hereby created in the state treasury the “Justice for Survivors Telehealth Network Fund”, which shall consist of any gifts, grants, bequests, and donations accepted under this subsection. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and money in the fund shall be used solely by the department for the purpose of developing and maintaining the network and the training offered by the network. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

11. The department shall promulgate rules and regulations in order to implement the provisions of this section, including, but not limited to, the following:

- (1) The operation of a statewide telehealth network for forensic examinations of victims of sexual offenses;**
- (2) The development of training for appropriate medical providers conducting a forensic examination of a victim of a sexual offense; and**
- (3) Maintenance of records and data privacy and security of patient information.**

Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2020, shall be invalid and void.

197.135. 1. Beginning January 1, 2023, any hospital licensed under this chapter shall perform a forensic examination using an evidentiary collection kit upon the request and consent of the victim of a sexual offense, or the victim’s guardian, when the victim is at least fourteen years of age. In the case of minor consent, the provisions of subsection 2 of section 595.220 shall apply. Victims under fourteen years of age shall be referred to a SAFE CARE provider, as such term is defined in section 334.950, for medical or forensic evaluation and case review. Nothing in this section shall be interpreted to preclude a hospital from performing a forensic examination for a victim under fourteen years of age upon the request and consent of the victim or victim’s guardian, subject to the provisions of section 595.220 and the rules promulgated by the department of public safety.

2. An appropriate medical provider, as such term is defined in section 595.220, shall perform the forensic examination of a victim of a sexual offense. The hospital shall ensure that any provider performing the examination has received training conducting such examinations that is, at a minimum, equivalent to the training offered by the statewide telehealth network under subsection 4 of section 192.2520. If the provider is not a sexual assault nurse examiner (SANE), or another similarly trained physician or nurse, then the hospital shall utilize telehealth services during the examination, such as those provided by the statewide telehealth network, to provide guidance and support through a SANE, or other similarly trained physician or nurse, who may observe the live forensic examination and who shall communicate with and support the onsite provider with the examination, forensic evidence collection, and proper transmission and storage of the examination evidence.

3. The department of health and senior services may issue a waiver of the telehealth requirements of subsection 2 of this section if the hospital demonstrates to the department, in writing, a technological hardship in accessing telehealth services or a lack of access to adequate broadband services sufficient to access telehealth services. Such waivers shall be granted sparingly and for no more than a year in length at a time, with the opportunity for renewal at the department’s discretion.

4. The department shall waive the requirements of this section if the statewide telehealth network established under section 192.2520 ceases operation, the director of the department of health and senior services has provided written notice to hospitals licensed under this chapter that the network has ceased operation, and the hospital cannot, in good faith, comply with the requirements of this section without assistance or resources of the statewide telehealth network. Such waiver shall remain in effect until such time as the statewide telehealth network resumes operation or until the hospital is able to demonstrate compliance with the provisions of this section without the assistance or resources of the statewide telehealth network.

5. The provisions of section 595.220 shall apply to the reimbursement of the reasonable costs of the examinations and the provision of the evidentiary collection kits.”; and

(1) “Department”, the department of revenue;

(2) “Director”, the director of revenue;

(3) “Disabled”, as such term is defined in section 135.010;

(4) “Eligible owner”, any individual owner of property who is sixty-five years old or older as of January first of the tax year in which the individual is claiming the credit or who is disabled, and who had an income of equal to or less than the maximum upper limit in the year prior to completing an application pursuant to this section; or

(a) In the case of a married couple owning property either jointly or as tenants by the entirety, or where only one spouse owns the property, such couple shall be considered an eligible taxpayer if both spouses have reached the age of sixty-five or if one spouse is disabled, or if one spouse is at least sixty-five years old and the other spouse is at least sixty years old, and the combined income of the couple in the year prior to completing an application pursuant to this section did not exceed the maximum upper limit; or

(b) In the case of joint ownership by unmarried persons or ownership by tenancy in common by two or more unmarried persons, such owners shall be considered an eligible owner if each person with an ownership interest individually satisfies the eligibility requirements for an individual eligible owner under this section and the combined income of all individuals with an interest in the property is equal to or less than the maximum upper limit in the year prior to completing an application under this section. If any individual with an ownership interest in the property fails to satisfy the eligibility requirements of an individual eligible owner or if the combined income of all individuals with interest in the property exceeds the maximum upper limit, then all individuals with an ownership interest in

such property shall be deemed ineligible owners regardless of such other individual's ability to individually meet the eligibility requirements; or

(c) In the case of property held in trust, the eligible owner and recipient of the tax credit shall be the trust itself provided the previous owner of the homestead or the previous owner's spouse: is the settlor of the trust with respect to the homestead; currently resides in such homestead; and but for the transfer of such property would have satisfied the age, ownership, and maximum upper limit requirements for income as defined in this subsection.

No individual shall be an eligible owner if the individual has not paid the individual's property tax liability, if any, in full by the payment due date in any of the three prior tax years, except that a late payment of a property tax liability in any prior year shall not disqualify a potential eligible owner if such owner paid in full the tax liability and any and all penalties, additions and interest that arose as a result of such late payment; no individual shall be an eligible owner if such person filed a valid claim for the senior citizens property tax relief credit pursuant to sections 135.010 to 135.035;

(5) "Homestead", as such term is defined pursuant to section 135.010, except as limited by provisions of this section to the contrary. No property shall be considered a homestead if such property was improved since the most recent annual assessment by more than five percent of the prior year appraised value, except where an eligible owner of the property has made such improvements to accommodate a disabled person;

(6) "Homestead exemption limit", a percentage increase, rounded to the nearest hundredth of a percent, which shall be equal to the percentage increase to tax liability, not including improvements, of a homestead from one tax year to the next that exceeds a certain percentage set pursuant to subsection 7 of this section;

(7) "Income", federal adjusted gross income, and in the case of ownership of the homestead by trust, the income of the settlor applicant shall be imputed to the income of the trust for purposes of determining eligibility with regards to the maximum upper limit;

(8) "Maximum upper limit", in the calendar year 2021, the income sum of ninety thousand dollars; in each successive calendar year this amount shall be raised by the incremental increase in the general price level, as defined pursuant to article X, section 17 of the Missouri Constitution.

3. Pursuant to Article X, Section 6(a) of the Constitution of Missouri, if in the prior tax year, the property tax liability on any parcel of subclass (1) real property increased by more than the homestead exemption limit, without regard for any prior credit received due to the provisions of this section, then any eligible owner of the property shall receive a homestead exemption credit to be applied in the current tax year property tax liability to offset the prior year increase to tax liability that exceeds the homestead exemption limit, except as eligibility for the credit is limited by the provisions of this section. The amount of the credit shall be listed separately on each taxpayer's tax bill for the current tax year, or on a document enclosed with the taxpayer's bill. The homestead exemption credit shall not affect the process of setting the tax rate as required pursuant to Article X, Section 22 of the Constitution of Missouri and section 137.073 in any prior, current, or subsequent tax year.

4. Any potential eligible owner may apply for the homestead exemption credit by completing an

application. Applications may be completed between April first and October fifteenth of any tax year in order for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the homestead exemption credit application was completed. The application shall be on forms provided by the department. Forms also shall be made available on the department's internet site and at all permanent branch offices and all full-time, temporary, or fee offices maintained by the department of revenue. The applicant shall attest under penalty of perjury:

(1) To the applicant's age;

(2) That the applicant's prior year income was less than the maximum upper limit;

(3) To the address of the homestead property;

(4) That any improvements made to the homestead, not made to accommodate a disabled person, did not total more than five percent of the prior year appraised value.

The applicant shall also include with the application copies of receipts indicating payment of property tax by the applicant for the homestead property for the three prior tax years.

5. Each applicant shall send the application to the department by October fifteenth of each year for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the application was completed.

6. Upon receipt of the applications, the department shall calculate the tax liability, verify compliance with the maximum income limit, verify the age of the applicants, and make adjustments to these numbers as necessary on the applications. The department also shall disallow any application where the applicant also has filed a valid application for the senior citizens property tax credit under sections 135.010 to 135.035. Once adjusted tax liability, age, and income are verified, the director shall determine eligibility for the credit and provide a list of all verified eligible owners to the county assessors or county clerks in counties with a township form of government by December fifteenth of each year. By January fifteenth, the county assessors shall provide a list to the department of any verified eligible owners who made improvements not for accommodation of a disability to the homestead and the dollar amount of the assessed value of such improvements. If the dollar amount of the assessed value of such improvements totaled more than five percent of the prior year appraised value, such eligible owners shall be disqualified from receiving the credit in the current tax year.

7. The director shall calculate the level of appropriation necessary to set the homestead exemption limit at five percent when based on a year of general reassessment or at two and one-half percent when based on a year without general reassessment for the homesteads of all verified eligible owners, and provide such calculation to the speaker of the house of representatives, the president pro tempore of the senate, and the director of the office of budget and planning in the office of administration by January thirty-first of each year.

8. If, in any given year, the general assembly makes an appropriation for the funding of the homestead exemption credit that is signed by the governor, then the director shall determine the apportionment percentage by equally apportioning the appropriation among all eligible applicants on a percentage basis. If no appropriation is made by the general assembly during any tax year or no funds are actually distributed pursuant to any appropriation therefor, then no homestead preservation credit shall apply in such year.

9. After determining the apportionment percentage, the director shall calculate the credit to be associated with each verified eligible owner's homestead, if any. The director shall send a list of those eligible owners who are to receive the homestead exemption credit, including the amount of each credit, the certified parcel number of the homestead, and the address of the homestead property, to the county collectors or county clerks in counties with a township form of government by August thirty-first. Pursuant to such calculation, the director shall instruct the state treasurer as to how to distribute the appropriation to the county collector's fund of each county where recipients of the homestead exemption credit are located, so as to exactly offset each homestead exemption credit being issued. As a result of the appropriation, in no case shall a political subdivision receive more money than it would have received absent the provisions of this section. Funds, at the direction of the collector of the county or treasurer ex officio collector in counties with a township form of government, shall be deposited in the county collector's fund of a county or may be sent by mail to the collector of a county, or treasurer ex officio collector in counties with a township form of government, not later than October first in any year a homestead exemption credit is appropriated as a result of this section and shall be distributed as moneys in such funds are commonly distributed from other property tax revenues by the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government, so as to exactly offset each homestead exemption credit being issued.

10. The department shall promulgate rules for implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2020, shall be invalid and void. Any rule promulgated by the department shall in no way impact, affect, interrupt, or interfere with the performance of the required statutory duties of any county elected official, more particularly including the county collector when performing such duties as deemed necessary for the distribution of any homestead appropriation and the distribution of all other real and personal property taxes.

11. In the event that an eligible owner dies or transfers ownership of the property after the homestead exemption limit has been set in any given year, but prior to January first of the year in which the credit would otherwise be applied, the credit shall be void and any corresponding moneys shall lapse to the state to be credited to the general revenue fund. In the event the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government determines prior to issuing the credit that the individual is not an eligible owner because the individual did not pay the prior three years' property tax liability in full, the credit shall be void and any corresponding moneys shall lapse to the state to be credited to the general revenue fund.

12. This section shall apply to all tax years beginning on or after January 1, 2021.

13. In accordance with the provisions of sections 23.250 to 23.298 and unless otherwise authorized pursuant to section 23.253:

(1) The program authorized under the provisions of this section shall automatically sunset six

years after the effective date of this section unless reauthorized by an act of the general assembly; and

(2) This section shall terminate on September first of the year following the year in which any new program authorized under this section is sunset, and the revisor of statutes shall designate such sections and this section in a revision bill for repeal.”; and

Further amend the title and enacting clause accordingly.

No property shall be considered a homestead if such property was improved since the most recent annual assessment by more than five percent of the prior year appraised value, except where an eligible owner of the property has made such improvements to accommodate a disabled person;

(6) "Homestead exemption limit", a percentage increase, rounded to the nearest hundredth of a percent, which shall be equal to the percentage increase to tax liability, not including improvements, of a homestead from one tax year to the next that exceeds a certain percentage set pursuant to subsection 7 of this section;

(7) "Income", federal adjusted gross income, and in the case of ownership of the homestead by trust, the income of the settlor applicant shall be imputed to the income of the trust for purposes of determining eligibility with regards to the maximum upper limit;

(8) "Maximum upper limit", in the calendar year 2021, the income sum of ninety thousand dollars; in each successive calendar year this amount shall be raised by the incremental increase in the general price level, as defined pursuant to article X, section 17 of the Missouri Constitution.

3. Pursuant to Article X, Section 6(a) of the Constitution of Missouri, if in the prior tax year, the property tax liability on any parcel of subclass (1) real property increased by more than the homestead exemption limit, without regard for any prior credit received due to the provisions of this section, then any eligible owner of the property shall receive a homestead exemption credit to be applied in the current tax year property tax liability to offset the prior year increase to tax liability that exceeds the homestead exemption limit, except as eligibility for the credit is limited by the provisions of this section. The amount of the credit shall be listed separately on each taxpayer's tax bill for the current tax year, or on a document enclosed with the taxpayer's bill. The homestead exemption credit shall not affect the process of setting the tax rate as required pursuant to Article X, Section 22 of the Constitution of Missouri and section 137.073 in any prior, current, or subsequent tax year.

4. Any potential eligible owner may apply for the homestead exemption credit by completing an application. Applications may be completed between April first and October fifteenth of any tax year in order for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the homestead exemption credit application was completed. The application shall be on forms provided by the department. Forms also shall be made available on the department's internet site and at all permanent branch offices and all full-time, temporary, or fee offices maintained by the department of revenue. The applicant shall attest under penalty of perjury:

- (1) To the applicant's age;
- (2) That the applicant's prior year income was less than the maximum upper limit;
- (3) To the address of the homestead property;

(4) That any improvements made to the homestead, not made to accommodate a disabled person, did not total more than five percent of the prior year appraised value.

The applicant shall also include with the application copies of receipts indicating payment of property tax by the applicant for the homestead property for the three prior tax years.

5. Each applicant shall send the application to the department by October fifteenth of each year for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the application was completed.

6. Upon receipt of the applications, the department shall calculate the tax liability, verify compliance with the maximum income limit, verify the age of the applicants, and make adjustments to these numbers as necessary on the applications. The department also shall disallow any application where the applicant also has filed a valid application for the senior citizens property tax credit under sections 135.010 to 135.035. Once adjusted tax liability, age, and income are verified, the director shall determine eligibility for the credit and provide a list of all verified eligible owners to the county assessors or county clerks in counties with a township form of government by December fifteenth of each year. By January fifteenth, the county assessors shall provide a list to the department of any verified eligible owners who made improvements not for accommodation of a disability to the homestead and the dollar amount of the assessed value of such improvements. If the dollar amount of the assessed value of such improvements totaled more than five percent of the prior year appraised value, such eligible owners shall be disqualified from receiving the credit in the current tax year.

7. The director shall calculate the level of appropriation necessary to set the homestead exemption limit at five percent when based on a year of general reassessment or at two and one-half percent when based on a year without general reassessment for the homesteads of all verified eligible owners, and provide such calculation to the speaker of the house of representatives, the president pro tempore of the senate, and the director of the office of budget and planning in the office of administration by January thirty-first of each year.

8. If, in any given year, the general assembly makes an appropriation for the funding of the homestead exemption credit that is signed by the governor, then the director shall determine the apportionment percentage by equally apportioning the appropriation among all eligible applicants on a percentage basis. If no appropriation is made by the general assembly during any tax year or no funds are actually distributed pursuant to any appropriation therefor, then no homestead preservation credit shall apply in such year.

9. After determining the apportionment percentage, the director shall calculate the credit to be associated with each verified eligible owner's homestead, if any. The director shall send a list of those eligible owners who are to receive the homestead exemption credit, including the amount of each credit, the certified parcel number of the homestead, and the address of the homestead property, to the county collectors or county clerks in counties with a township form of government by August thirty-first. Pursuant to such calculation, the director shall instruct the state treasurer as to how to distribute the appropriation to the county collector's fund of each county where recipients of the homestead exemption credit are located, so as to exactly offset each homestead exemption credit being issued. As a result of the appropriation, in no case shall a political subdivision receive more money than it would have received absent the provisions of this section. Funds, at the direction of the

collector of the county or treasurer ex officio collector in counties with a township form of government, shall be deposited in the county collector's fund of a county or may be sent by mail to the collector of a county, or treasurer ex officio collector in counties with a township form of government, not later than October first in any year a homestead exemption credit is appropriated as a result of this section and shall be distributed as moneys in such funds are commonly distributed from other property tax revenues by the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government, so as to exactly offset each homestead exemption credit being issued.

10. The department shall promulgate rules for implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2020, shall be invalid and void. Any rule promulgated by the department shall in no way impact, affect, interrupt, or interfere with the performance of the required statutory duties of any county elected official, more particularly including the county collector when performing such duties as deemed necessary for the distribution of any homestead appropriation and the distribution of all other real and personal property taxes.

11. In the event that an eligible owner dies or transfers ownership of the property after the homestead exemption limit has been set in any given year, but prior to January first of the year in which the credit would otherwise be applied, the credit shall be void and any corresponding moneys shall lapse to the state to be credited to the general revenue fund. In the event the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government determines prior to issuing the credit that the individual is not an eligible owner because the individual did not pay the prior three years' property tax liability in full, the credit shall be void and any corresponding moneys shall lapse to the state to be credited to the general revenue fund.

12. This section shall apply to all tax years beginning on or after January 1, 2021.

13. In accordance with the provisions of sections 23.250 to 23.298 and unless otherwise authorized pursuant to section 23.253:

(1) The program authorized under the provisions of this section shall automatically sunset six years after the effective date of this section unless reauthorized by an act of the general assembly; and

(2) This section shall terminate on September first of the year following the year in which any new program authorized under this section is sunset, and the revisor of statutes shall designate such sections and this section in a revision bill for repeal.”; and

Further amend said bill, section 143.011, page 25, line 20, by inserting after all of said line the following:

“143.177. 1. This section shall be known and may be cited as the “Missouri Working Family Tax Credit Act”.

2. For purposes of this section, the following terms mean:

(1) “Department”, the department of revenue;

(2) “Eligible taxpayer”, a resident individual with a filing status of single, head of household, widowed, or married filing combined who is subject to the tax imposed under chapter 143, excluding withholding tax imposed under sections 143.191 to 143.265, and who is allowed a federal earned income tax credit under Section 32 of the Internal Revenue Code of 1986, as amended;

(3) “Tax credit”, a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed under sections 143.191 to 143.265.

3. For all tax years beginning on or after January 1, 2022, an eligible taxpayer shall be allowed a tax credit in an amount equal to five percent of the amount such taxpayer would receive under the federal earned income tax credit. The tax credit allowed by this section shall be claimed by such taxpayer at the time such taxpayer files a return and shall be applied against the income tax liability imposed by chapter 143 after reduction for all other credits allowed thereon. If the amount of the credit exceeds the tax liability, the difference shall not be refunded to the taxpayer and shall not be carried forward to any subsequent tax year.

4. Notwithstanding the provisions of section 32.057 to the contrary, the department shall determine whether any taxpayer filing a report or return with the department who did not apply for the credit authorized under this section may qualify for the credit and, if so, determines a taxpayer may qualify for the credit, shall notify such taxpayer of his or her potential eligibility. In making a determination of eligibility under this section, the department shall use any appropriate and available data including, but not limited to, data available from the Internal Revenue Service, the U.S. Department of Treasury, and state income tax returns from previous tax years.

5. The department shall prepare an annual report containing statistical information regarding the tax credits issued under this section for the previous tax year, including the total amount of revenue expended, the number of credits claimed, and the average value of the credits issued to taxpayers whose earned income falls within various income ranges determined by the department.

6. The director of the department may promulgate rules and regulations to administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this section shall be invalid and void.

7. Tax credits authorized under this section are not subject to the requirements of sections 135.800 to 135.830.

8. Under section 23.253 of the Missouri sunset act:

(1) The program authorized under this section shall automatically sunset on December thirty-first six years after the effective date of this section unless reauthorized by an act of the general assembly;

(2) If such program is reauthorized, the program authorized under this section shall automatically

sunset on December thirty-first twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.”; and

Further amend said bill, section 144.014, page 31, line 19, by inserting after all of said line the following:

“144.016. 1. This act shall be known and may be cited as the “Personal Period Products Sales Tax Relief Act”.

2. Beginning October 1, 2020, the tax levied and imposed under this chapter on all retail sales of feminine hygiene products shall be levied at a rate that shall not exceed the sales tax rate levied on the retail sale of food under section 144.014.

3. For purposes of this section, “feminine hygiene products” shall mean tampons, pads, liners, and cups.”; and

Further amend said bill, section 144.140, page 47, by striking all of said section and inserting in lieu thereof the following:

“144.140. 1. From every remittance to the director of revenue made on or before the date when the same becomes due, the person required to remit the same shall be entitled to deduct and retain an amount equal to two percent thereof.

2. The director shall provide a monetary allowance from the taxes collected to a certified service provider under the terms of the certified service contract signed with the provider, provided that such allowance shall be funded entirely from money collected by the certified service provider.

3. Any certified service provider receiving an allowance under subsection 2 of this section shall not be entitled to simultaneously deduct the allowance provided for under subsection 1 of this section.

4. For the purposes of this section, “certified service provider” shall mean an agent certified by the department of revenue to perform all the seller’s sales and use tax functions, other than the seller’s obligation to remit tax on its own purchases.”; and

Further amend said bill, section 144.757, pages 67-72, by striking all of said section and inserting in lieu thereof the following:

144.759. 1. All local use taxes collected by the director of revenue pursuant to sections 144.757 to 144.761 on behalf of any county or municipality, less one percent for cost of collection, which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in

No later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month, except as provided in subsection 2 of this section, to the county or municipality treasurer, or such other officer as may be designated by the county or municipality ordinance or order, of each county or municipality imposing the tax authorized by sections 144.757 to 144.761, the sum due the county or municipality as certified by the director of revenue.

2. **Subject to the provisions of subsection 1 of this section,** the director of revenue shall distribute all moneys which would be due any county having a charter form of government and having a population of nine hundred thousand or more to the county treasurer or such other officer as may be designated by county ordinance, who shall distribute [such moneys as follows: the] **that** portion of the use [tax] **taxes** imposed by the county [which equals one-half the rate of sales tax in effect for such county shall be disbursed to the county treasurer for expenditure throughout the county for public safety, parks, and job creation, subject to any qualifications and regulations adopted by ordinance of the county. 3. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any county or municipality for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such counties or municipalities. If any county or municipality abolishes the tax, the county or municipality shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal, and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of

the tax in such county or municipality, the director of revenue shall authorize the state treasurer to remit the balance in the account to the county or municipality and close the account of that county or municipality. The director of revenue shall notify each county or municipality of each instance of any amount refunded or any check redeemed from receipts due the county or municipality.

4. Except as modified in sections 144.757 to 144.761, all provisions of sections 32.085 and 32.087 applicable to the local sales tax, except for subsection 12 of section 32.087, and all provisions of sections 144.600 to 144.745 shall apply to the tax imposed pursuant to sections 144.757 to 144.761, and the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax.”; and

The Senate met pursuant to adjournment.

Reverend Carl Gauck offered the following prayer:

“How precious is your steadfast love, O Lord! All people may take refuge in the Shadow of your wings.” (Psalm 36:7)

O’Lord, as we finish another week we are grateful what we were able to accomplish and pray that it carries Your blessings. May our time with You be special and may we take comfort in Your love and caring for us and our families. May our words speak and bring comfort to those who are ill and may Your healing spirit flow through those who are suffering and Lord provide protection from Covid 19 for our nation and our world. And may we always sing Your praise for the gift of our loved ones given to us. Bless us with Your presence, we ask and watch over “our going out and coming in” this day. In Your Holy Name we pray. Amen.

Journal of the Senate

SECOND REGULAR SESSION

THIRTY-NINTH DAY—TUESDAY, APRIL 7, 2020

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Senator Rowden offered the following prayer:

Father, we thank you for today. We thank you for the opportunity and honor you have given to us to serve in the Missouri Senate and to serve the people of this great state.

We come before you today in an extraordinary moment in time. A moment we can't entirely understand. But extraordinary moments often produce extraordinary opportunities for courage, bravery and heroism. And we have seen these traits in individuals, families and businesses across this state over the past several weeks. We thank you for these selfless men and women and ask for your blessing on them today.

Father, your word says you are the author and the finisher of our faith. We ask today for a greater faith.

Father, your word says you are the giver of true wisdom and knowledge. We seek out your wisdom and knowledge today.

God, there are many in our state who are hurting today. Whether physical or emotional pain or financial or economic hardship, we lift the people of this state up to you in prayer today.

And finally Lord, we simply ask for peace in these trying moments. The peace of God is a peace that surpasses all understanding, and while there is much we may not understand about this moment, we call on your peace. Give peace to the family dealing with a death or diagnosis. Give peace to the family struggling to make ends meet. Give peace to the health care workers literally risking their lives to serve their fellow Missourians. Give peace to the first responders answering their call to serve no matter what the circumstance.

And give peace to the men and women in this Capitol building today. Our help and comfort comes from you. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

Journal of the Senate

SECOND REGULAR SESSION

FORTIETH DAY—WEDNESDAY, APRIL 8, 2020

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Senator Schupp offered the following prayer:

Good morning, please join me in contemplation or prayer:

Today, we stand together by staying apart.

Guide us and Help us find the strength and courage to put our desires to be together aside, in order to support the health and well-being of others.

We ask for your support and comfort, to keep healthy and to heal, those among us who go to work for the essential reasons of healing and tending to the sick, of taking care of our elders, of working in our grocery stores and pharmacies, of watching over the children, sheltering the homeless, delivering our supplies, answering our emergency calls.

And those here with us today who are helping our government function for the benefit of all.

May they continue to find strength, and may they know of our deep and humble gratitude.

As many of us celebrate the upcoming holy days of Passover and Easter, in the midst of this pandemic, we are reminded of powers much greater than us. May we remember these lessons: that we will move forward from suffering, and that we are each but a part of a greater whole.

As we work to help all those suffering -- in ways big and small, let us always remember what I learned through this week's Torah portion: that no matter what small tasks we do each day... they can be holy.

Today, we stand together by staying apart. And together we say, Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

Journal of the Senate

SECOND REGULAR SESSION

FORTY-THIRD DAY—MONDAY, APRIL 27, 2020

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“Hear my prayer, O Lord; give ear to my supplications in your faithfulness; answer me in your righteousness.” (Psalm 143:1)

O Lord our God, we call upon You in a stressful time. We ask that You will continue to bless us with Your guidance so we may be faithful in our responsibilities here and do what is truly required of us. We also ask that You continue to watch over all those who serve the sick and the needy in our state, this country and our world. May scientists find a cure and way to protect us from this devastating Covid-19 and restore our sense of community and activities that are so needed. And blessed are those who have died and we ask you to bring comfort to those who grieve. In Your Holy Name we pray. Amen.

All other laws to the contrary notwithstanding, the assessor or the assessor’s deputies in all counties of this state including the City of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor’s city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor’s books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit

a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision [(5)] (7) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. (1) All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

- (a) For real property in subclass (1), nineteen percent;
- (b) For real property in subclass (2), twelve percent; and
- (c) For real property in subclass (3), thirty-two percent.

(2) A taxpayer may apply to the county assessor, or, if not located within a county, then the assessor of such city, for the reclassification of such taxpayer's real property if the use or purpose of such real property is changed after such property is assessed under the provisions of this chapter. If the assessor determines that such property shall be reclassified, he or she shall determine the assessment under this subsection based on the percentage of the tax year that such property was classified in each subclassification.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. [The provisions of subsections 11 and 12 of this section shall only apply in any county with a charter form of government with more than one million inhabitants.

14.] A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

[15.] **14.** Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

Such separate and differing rates shall not exceed such city's tax rate ceiling.

In such county or city, in the event a physical inspection of the subject property is required by subsection 10 of section 137.115, the assessor shall have the burden to establish the manner in which the physical inspection was performed and shall have the burden to prove that the physical inspection was performed in accordance with section 137.115. Further amend said bill, Page 32 Section 138.434, Line 13 of said page, by inserting after all of said line

the following:

2. There shall be added to the taxpayer’s federal adjusted gross income:

(1) The amount of any federal income tax refund received for a prior year which resulted in a Missouri income tax benefit. **The amount added pursuant to this subdivision shall not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer’s federal tax liability pursuant to Public Law 116-136, enacted by the 116th United States Congress, for the tax year beginning on or after January 1, 2020, and ending on or before December 31, 2020, and deducted from Missouri adjusted gross income pursuant to section 143.171;**

(2) Interest on certain governmental obligations excluded from federal gross income by 26 U.S.C. Section 103 of the Internal Revenue Code, as amended. The previous sentence shall not apply to interest on obligations of the state of Missouri or any of its political subdivisions or authorities and shall not apply to the interest described in subdivision (1) of subsection 3 of this section. The amount added pursuant to this subdivision shall be reduced by the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of 26 U.S.C. Section 265 of the Internal Revenue Code, as amended. The reduction shall only be made if it is at least five hundred dollars;

(3) The amount of any deduction that is included in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002 to the extent the amount deducted relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent the amount deducted exceeds the amount that would have been deductible pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code of 1986 as in effect on January 1, 2002;

Section 172 of the Internal Revenue Code of 1986, as amended, other than the deduction allowed by 26 U.S.C. Section 172(b)(1)(G) and 26 U.S.C. Section 172(i) of the Internal Revenue Code of 1986, as amended, for a net operating loss the taxpayer claims in the tax year in which the net operating loss occurred or carries forward for a period of more than twenty years and carries backward for more than two years. Any amount of net operating loss taken against federal taxable income but disallowed for Missouri income tax purposes pursuant to this subdivision after June 18, 2002, may be carried forward and taken against any income on the Missouri income tax return for a period of not more than twenty years from the year of the initial loss; and

previous taxable year, but allowed as a deduction under 26 U.S.C. Section 163, as amended, in the current taxable year by reason of the carryforward of disallowed business interest provisions of 26 U.S.C. Section 163(j), as amended. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist.

3. There shall be subtracted from the taxpayer's federal adjusted gross income the following amounts to the extent included in federal adjusted gross income:

(1) Interest received on deposits held at a federal reserve bank or interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission or instrumentality of the United States to the extent exempt from Missouri income taxes pursuant to the laws of the United States. The amount subtracted pursuant to this subdivision shall be reduced by any interest on indebtedness incurred to carry the described obligations or securities and by any expenses incurred in the production of interest or dividend income described in this subdivision. The reduction in the previous sentence shall only apply to the extent that such expenses including amortizable bond premiums are deducted in determining the taxpayer's federal adjusted gross income or included in the taxpayer's Missouri itemized deduction. The reduction shall only be made if the expenses total at least five hundred dollars;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis to the taxpayer for Missouri income tax purposes than for federal income tax purposes on December 31, 1972, that does not exceed such difference in basis. (3) The amount necessary to prevent the taxation pursuant to this chapter of any annuity or other amount of income or gain which was properly included in income or gain and was taxed pursuant to the laws of Missouri for a taxable year prior to January 1, 1973, to the taxpayer, or to a decedent by reason of whose death the taxpayer acquired the right to receive the income or gain, or to a trust or estate from which the taxpayer received the income or gain;

(5) The amount of any state income tax refund for a prior year which was included in the federal adjusted gross income;

(6) The portion of capital gain specified in section 135.357 that would otherwise be included in federal adjusted gross income;

(7) The amount that would have been deducted in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as in effect on January 1, 2002, to the extent that amount relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent that amount exceeds the amount actually deducted pursuant to 26 U.S.C. Section 163(j), as amended. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist.

4. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the taxpayer's share of the Missouri fiduciary adjustment provided in section 143.351.

5. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the modifications provided in section 143.411.

6. In addition to the modifications to a taxpayer's federal adjusted gross income in this section, to calculate Missouri adjusted gross income there shall be subtracted from the taxpayer's federal adjusted gross income any gain recognized pursuant to 26 U.S.C. Section 1033 of the Internal Revenue Code of 1986, as amended, arising from compulsory or involuntary conversion of property as a result of condemnation or the imminence thereof.

7. (1) As used in this subsection, "qualified health insurance premium" means the amount paid during

the tax year by such taxpayer for any insurance policy primarily providing health care coverage for the taxpayer, the taxpayer's spouse, or the taxpayer's dependents.

The taxpayer shall provide the department of revenue with a summary of any recommendations made in a qualified home energy audit, the name and certification number of the qualified home energy auditor who conducted the audit, and proof of the amount paid for any activities under this subsection for which a deduction is claimed. The taxpayer shall also provide a copy of the summary of any recommendations made in a qualified home energy audit to the department of natural resources.

(2) At no time shall a deduction claimed under this subsection by an individual taxpayer or taxpayers filing combined returns exceed one thousand dollars per year for individual taxpayers or cumulatively exceed two thousand dollars per year for taxpayers filing combined returns.

(3) Any deduction claimed under this subsection shall be claimed for the tax year in which the qualified home energy audit was conducted or in which the implementation of the energy efficiency recommendations occurred. If implementation of the energy efficiency recommendations occurred during more than one year, the deduction may be claimed in more than one year, subject to the limitations provided under subdivision (2) of this subsection.

Amend Senate Substitute for Senate Bill No. 704, Page 1, Section A, Line 7, by inserting after all of said line the following:

“99.805. As used in sections 99.800 to 99.865, unless the context clearly requires otherwise, the following terms shall mean:

(1) “Blighted area”, an area which, by reason of the predominance of [defective or inadequate street layout,] insanitary or unsafe conditions, [deterioration of site improvements, improper subdivision or

obsolete platting,] or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, retards the provision of housing accommodations or constitutes an economic or social liability or a menace to the public health, safety, [morals,] or welfare in its present condition and use, **and, for redevelopment areas located in a city not within a county, which has a median household income less than or equal to two hundred percent of the federal poverty level, as determined by the most current five-year figures published by the American Community Survey conducted by the United States Census Bureau;**

(2) “Collecting officer”, the officer of the municipality responsible for receiving and processing payments in lieu of taxes or economic activity taxes from taxpayers or the department of revenue;

(3) [”Conservation area”, any improved area within the boundaries of a redevelopment area located within the territorial limits of a municipality in which fifty percent or more of the structures in the area have an age of thirty-five years or more. Such an area is not yet a blighted area but is detrimental to the public health, safety, morals, or welfare and may become a blighted area because of any one or more of the following factors: dilapidation; obsolescence; deterioration; illegal use of individual structures; presence of structures below minimum code standards; abandonment; excessive vacancies; overcrowding of structures and community facilities; lack of ventilation, light or sanitary facilities; inadequate utilities; excessive land coverage; deleterious land use or layout; depreciation of physical maintenance; and lack of community planning. (4) [”Economic activity taxes”, the total additional revenue from taxes which are imposed by a municipality and other taxing districts, and which are generated by economic activities within a redevelopment area over the amount of such taxes generated by economic activities within such redevelopment area in the calendar year prior to the adoption of the ordinance designating such a redevelopment area, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, licenses, fees or special assessments. For redevelopment projects or redevelopment plans approved after December 23, 1997, if a retail establishment relocates within one year from one facility to another facility within the same county and the governing body of the municipality finds that the relocation is a direct beneficiary of tax increment financing, then for purposes of this definition, the economic activity taxes generated by the retail establishment shall equal the total additional revenues from economic activity taxes which are imposed by a municipality or other taxing district over the amount of economic activity taxes generated by the retail establishment in the calendar year prior to its relocation to the redevelopment area;

[(5) “Economic development area”, any area or portion of an area located within the territorial limits of a municipality, which does not meet the requirements of subdivisions (1) and (3) of this section, and in which the governing body of the municipality finds that redevelopment will not be solely used for development of commercial businesses which unfairly compete in the local economy and is in the public interest because it will:

- (a) Discourage commerce, industry or manufacturing from moving their operations to another state; or
- (b) Result in increased employment in the municipality; or
- (c) Result in preservation or enhancement of the tax base of the municipality;

(6)] (4) “Gambling establishment”, an excursion gambling boat as defined in section 313.800 and any related business facility including any real property improvements which are directly and solely related to such business facility, whose sole purpose is to provide goods or services to an excursion gambling boat and whose majority ownership interest is held by a person licensed to conduct gambling games on an excursion gambling boat or licensed to operate an excursion gambling boat as provided in sections 313.800 to 313.850. This subdivision shall be applicable only to a redevelopment area designated by ordinance adopted after December 23, 1997;

[(8)] (6) “Municipality”, a city, village, or incorporated town or any county of this state. For redevelopment areas or projects approved on or after December 23, 1997, municipality applies only to cities, villages, incorporated towns or counties established for at least one year prior to such date;

[(9)] (7) “Obligations”, bonds, loans, debentures, notes, special certificates, or other evidences of indebtedness issued by a municipality to carry out a redevelopment project or to refund outstanding obligations;

[(10)] (8) “Ordinance”, an ordinance enacted by the governing body of a city, town, or village or a county or an order of the governing body of a county whose governing body is not authorized to enact ordinances;

[(11)] (9) “Payment in lieu of taxes”, those estimated revenues from real property in the area selected for a redevelopment project, which revenues according to the redevelopment project or plan are to be used for a private use, which taxing districts would have received had a municipality not adopted tax increment allocation financing, and which would result from levies made after the time of the adoption of tax increment allocation financing during the time the current equalized value of real property in the area selected for the redevelopment project exceeds the total initial equalized value of real property in such area until the designation is terminated pursuant to subsection 2 of section 99.850;

[(12)] (10) “Redevelopment area”, an area designated by a municipality, in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as a blighted area, [a conservation area, an economic development area, an enterprise zone pursuant to sections 135.200 to 135.256, or a combination thereof,] which area includes only those parcels of real property directly and substantially benefitted by the proposed redevelopment project;

[(13)] (11) “Redevelopment plan”, the comprehensive program of a municipality for redevelopment intended by the payment of redevelopment costs to reduce or eliminate those conditions, the existence of which qualified the redevelopment area as a blighted area, [conservation area, economic development area, or combination thereof,] and to thereby enhance the tax bases of the taxing districts which extend into the redevelopment area. Each redevelopment plan shall conform to the requirements of section 99.810;

[(14)] (12) “Redevelopment project”, any development project within a redevelopment area in furtherance of the objectives of the redevelopment plan; any such redevelopment project shall include a

[(h)] **(g)** All or a portion of a taxing district’s capital costs resulting from the redevelopment project necessarily incurred or to be incurred in furtherance of the objectives of the redevelopment plan and project, to the extent the municipality by written agreement accepts and approves such costs;

No redevelopment plan shall be adopted by a municipality without findings that:

(1) The redevelopment area on the whole is a blighted area[, a conservation area, or an economic development area,] and has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of tax increment financing. Such a finding shall include, but not be limited to, a **study conducted by a third party which includes** a detailed description of the factors that qualify the redevelopment area or project pursuant to this subdivision and an affidavit, signed by the developer or developers and submitted with the redevelopment plan, attesting that the provisions of this subdivision have been met;

(2) The redevelopment plan conforms to the comprehensive plan for the development of the municipality as a whole;

(3) The estimated dates, which shall not be more than twenty-three years from the adoption of the ordinance approving a redevelopment project within a redevelopment area, of completion of any redevelopment project and retirement of obligations incurred to finance redevelopment project costs have been stated, provided that no ordinance approving a redevelopment project shall be adopted later than ten years from the adoption of the ordinance approving the redevelopment plan under which such project is authorized and provided that no property for a redevelopment project shall be acquired by eminent domain later than five years from the adoption of the ordinance approving such redevelopment project;

(4) A plan has been developed for relocation assistance for businesses and residences;

(5) A cost-benefit analysis showing the economic impact of the plan on each taxing district which is at least partially within the boundaries of the redevelopment area. The cost-benefit analysis shall include a fiscal impact study on every affected political subdivision, and sufficient information from the developer for the commission established in section 99.820 to evaluate whether the project as proposed is financially feasible;

(6) A finding that the plan does not include the initial development or redevelopment of any gambling establishment, provided however, that this subdivision shall be applicable only to a redevelopment plan adopted for a redevelopment area designated by ordinance after December 23, 1997.

each year.

99.825. 1. Prior to the adoption of an ordinance proposing the designation of a redevelopment area, or approving a redevelopment plan or redevelopment project, the commission shall fix a time and place for a public hearing as required in subsection 4 of section 99.820 and notify each taxing district located wholly or partially within the boundaries of the proposed redevelopment area, plan or project. At the public hearing any interested person or affected taxing district may file with the commission written objections to, or comments on, and may be heard orally in respect to, any issues embodied in the notice. The commission shall hear and consider all protests, objections, comments and other evidence presented at the hearing. The hearing may be continued to another date without further notice other than a motion to be entered upon the minutes fixing the time and place of the subsequent hearing; provided, if the commission is created under subsection 3 of section 99.820, the hearing shall not be continued for more than thirty days beyond the date on which it is originally opened unless such longer period is requested by the chief elected official of the municipality creating the commission and approved by a majority of the commission. Prior to the conclusion of the hearing, changes may be made in the redevelopment plan, redevelopment project, or redevelopment area, provided that each affected taxing district is given written notice of such changes at least seven days prior to the conclusion of the hearing. After the public hearing but prior to the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, changes may be made to the redevelopment plan, redevelopment projects or redevelopment areas without a further hearing, if such changes do not enlarge the exterior boundaries of the redevelopment area or areas, and do not substantially affect the general land uses established in the redevelopment plan or substantially change the nature of the redevelopment projects, provided that notice of such changes shall be given by mail to each affected taxing district and by publication in a newspaper of general circulation in the area of the proposed redevelopment not less than ten days prior to the adoption of the changes by ordinance. After the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, no ordinance shall be adopted altering the exterior boundaries, affecting the general land uses established pursuant to the redevelopment plan or changing the nature of the redevelopment project without complying with the procedures provided in this section pertaining to the initial approval of a redevelopment plan or redevelopment project and designation of a redevelopment area. Hearings with regard to a redevelopment project, redevelopment area, or redevelopment plan may be held simultaneously.

2. If, after concluding the hearing required under this section, the commission makes a recommendation under section 99.820 in opposition to a proposed redevelopment plan, redevelopment project, or designation of a redevelopment area, or any amendments thereto, a municipality desiring to approve such project, plan, designation, or amendments shall do so only upon a two-thirds majority vote of the governing body of such municipality. For plans, projects, designations, or amendments approved by a municipality over the recommendation in opposition by the commission formed under subsection 3 of section 99.820, the economic activity taxes and payments in lieu of taxes generated by such plan, project, designation, or amendment shall be restricted to paying only those redevelopment project costs contained in subparagraphs b. and c. of paragraph (c) of subdivision (15) of section 99.805 per redevelopment project.

[3. Tax incremental financing projects within an economic development area shall apply to and fund only the following infrastructure projects: highways, roads, streets, bridges, sewers, traffic control systems and devices, water distribution and supply systems, curbing, sidewalks and any other similar public improvements, but in no case shall it include buildings.]

Notwithstanding the provisions of sections 99.800 to 99.865 to the contrary, no new tax increment financing project shall be authorized in any greenfield area, as such term is defined in section 99.805], that is located within a city not within a county or any county subject to the authority of the East-West Gateway Council of Governments. Municipalities not subject to the authority of the East-West Gateway Council of Governments may authorize tax increment finance projects in greenfield areas].”; and

2. The question of whether the tax authorized by this section shall be imposed shall be submitted in substantially the following form:

Shall _____ (name of county/city) impose a (countywide/citywide) sales tax at a rate of _____ (insert percentage) percent for the purpose of funding early childhood education in the

If any person is delinquent in the payment of the amount required to be paid under this section, or in the event a determination has been made against the person for taxes and penalties under this section, the limitation for bringing suit for the collection of the delinquent tax and penalties shall be the same as that provided in sections 144.010 to 144.527.

After one year has elapsed from the effective date of abolition of the tax in such county or city, the director shall remit the balance in the account to the county or city and close the account of that county or city. (2) Is operated from a location or headquarters outside of Missouri in order to transport patients who are picked up beyond the limits of Missouri to locations within or outside of Missouri, but no such outside ambulance shall be used to pick up patients within Missouri for transportation to locations within Missouri, except as provided in subdivision (1) of this subsection.

4. The issuance of a license pursuant to the provisions of sections 190.001 to 190.245 shall not be construed so as to authorize any person to provide ambulance services or to operate any ambulances without a franchise in any city not within a county or in a political subdivision in any county with a population of over nine hundred thousand inhabitants, or a franchise, contract or mutual-aid agreement in any other political subdivision which has enacted an ordinance making it unlawful to do so.

5. Sections 190.001 to 190.245 shall not preclude the adoption of any law, ordinance or regulation not in conflict with such sections by any city not within a county, or at least as strict as such sections by any county, municipality or political subdivision except that no such regulations or ordinances shall be adopted by a political subdivision in a county with a population of over nine hundred thousand inhabitants except by the county's governing body.

6. 8. Sections 190.001 to 190.245 shall not apply to, nor be construed to include, any motor vehicle used by an employer for the transportation of such employer's employees whose illness or injury occurs on private property, and not on a public highway or property, nor to any person operating such a motor vehicle.

9. A political subdivision that is authorized to operate a licensed ambulance service may establish, operate, maintain and manage its ambulance service, and select and contract with a licensed ambulance service. Any political subdivision may contract with a licensed ambulance service.

10. Except as provided in subsections 5 and 6, nothing in section 67.300, or subsection 2 of section 190.109, shall be construed to authorize any municipality or county which is located within an ambulance district or a fire protection district that is authorized to provide ambulance service to promulgate laws, ordinances or regulations related to the provision of ambulance services. This provision shall not apply to any municipality or county which operates an ambulance service established prior to August 28, 1998.

11. Nothing in section 67.300 or subsection 2 of section 190.109 shall be construed to authorize any municipality or county which is located within an ambulance district or a fire protection district that is authorized to provide ambulance service to operate an ambulance service without a franchise in an ambulance district or a fire protection district that is authorized to provide ambulance service which has enacted an ordinance making it unlawful to do so. This provision shall not apply to any municipality or county which operates an ambulance service established prior to August 28, 1998.

12. No provider of ambulance service within the state of Missouri which is licensed by the department to provide such service shall discriminate regarding treatment or transportation of emergency patients on the basis of race, sex, age, color, religion, sexual preference, national origin, ancestry, handicap, medical condition or ability to pay.

13. No provision of this section, other than subsections 5, 6, 10 and 11 of this section, is intended to limit or supersede the powers given to ambulance districts pursuant to this chapter or to fire protection districts pursuant to chapter 321, or to counties, cities, towns and villages pursuant to chapter 67.

14. Upon the sale or transfer of any ground ambulance service ownership, the owner of such service shall notify the department of the change in ownership within thirty days of such sale or transfer. After receipt of such notice, the department shall conduct an inspection of the ambulance service to verify compliance with the licensure standards of sections 190.001 to 190.245.

190.143. 1. Notwithstanding any other provisions of law, the department may grant a ninety-day temporary emergency medical technician license to all levels of emergency medical technicians who meet the following:

(2) Are not currently licensed as an emergency medical technician in Missouri or have been licensed as an emergency medical technician in Missouri and fingerprints need to be submitted to the Federal Bureau of Investigation to verify the existence or absence of a criminal history, or they are currently licensed and the license will expire before a verification can be completed of the existence or absence of a criminal history;

(3) Have submitted a complete application upon such forms as prescribed by the department in rules adopted pursuant to sections 190.001 to 190.245;

(4) Have not been disciplined pursuant to sections 190.001 to 190.245 and rules promulgated pursuant to sections 190.001 to 190.245;

(5) Meet all the requirements of rules promulgated pursuant to sections 190.001 to 190.245.

2. A temporary emergency medical technician license shall only authorize the license to practice while under the immediate supervision of a licensed emergency medical technician, registered nurse, **physician assistant**, or physician who is currently licensed, without restrictions, to practice in Missouri.

3. A temporary emergency medical technician license shall automatically expire either ninety days from the date of issuance or upon the issuance of a five-year emergency medical technician license.

190.196. 1. 2. Any person or entity that employs or supervises a person's activities as an emergency medical responder, emergency medical dispatcher, emergency medical technician, registered nurse, **physician assistant**, or physician shall cooperate with the department's efforts to monitor and enforce compliance by those individuals subject to the requirements of sections 190.001 to 190.245.

3. (3) Any other matter deemed necessary by the division to carry out, implement, and enforce sections 324.1200 to 324.1232.

3. The division shall have authority to promulgate rules and regulations to implement the provisions of sections 324.1200 to 324.1232. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2020, shall be invalid and void.

324.1206. 1. A roofing contractor registration certificate shall be granted to any applicant who is at least eighteen years of age and who submits an application under oath or affirmation containing:

Any insurance company issuing a liability policy to a roofing contractor shall be required to notify the division in the event such liability policy is cancelled or lapses for any reason;

(4) Proof satisfactory to the division that the applicant has secured either workers' compensation coverage satisfactory under chapter 287 or an affidavit of exemption or self-insurance as authorized

under chapter 287; and

(5) Any other information deemed necessary in assisting the division to register such person as a roofing contractor.

2. The application shall also contain statements that the applicant:

(1) Desires the issuance of a roofing contractor registration certificate;

(2) Agrees to comply with the provisions of sections 324.1200 to 324.1232;

(3) Agrees to comply with all federal and state laws and local ordinances; and

(4) Is registered or licensed as a roofing contractor in another state, if any disciplinary action was taken against such registration or license, or if such registration or license is currently in good standing. If the applicant is not a resident of this state, such applicant shall appoint the secretary of state as legal agent for service of process or as otherwise provided in sections 324.1200 to 324.1232.

3. At the time of applying for a roofing contractor registration certificate, the applicant shall pay to the division a fee of two hundred fifty dollars for the annual registration certificate.

4. The division shall refuse to register any applicant if the division determines:

(1) The application contains false, misleading, or incomplete information;

(2) The applicant fails or refuses to provide any information requested by the division;

(3) The applicant fails or refuses to pay the required fees;

(4) The applicant is ineligible for registration due to a suspended or revoked registration in this state;

(5) The nonresident applicant has a revoked or suspended registration or license for roofing contractors required by law in another state; or

(6) The applicant fails to provide a current tax clearance certificate or letter from the department of revenue along with the filing of any application.

5. (1) The division shall notify the applicant in writing if an application for a registration certificate or renewal of a registration certificate is denied and shall provide the applicant an opportunity to respond to or cure any defect in the written application or renewal for a period of ten days from the date of written notification.

(2) Notification shall be deemed sufficient if mailed, via first-class mail, to the address listed in the most recent application for registration or renewal filed by the applicant.

(3) An applicant aggrieved by a decision of the division denying a registration or renewal may appeal the decision under chapter 536 to the administrative hearing commission pursuant to chapter 621. In the alternative, the applicant may reapply after the expiration of a ninety-day waiting period if the applicant is otherwise eligible under the provisions of this section.

(4) All application and renewal fees shall be nonrefundable.

6. The division shall classify as not in good standing the registration certificate of any roofing contractor who fails to:

- (6) Maintain any registration as required by law in another state while registered in this state as a nonresident roofing contractor; or**
- (7) File and pay all taxes when due in this state.**

7. The division shall send a written notice to the person if such person's registration is no longer considered to be in good standing. Notification shall be deemed sufficient if mailed, via first-class mail, to the address listed on the most recent registration or renewal form filed by the applicant. Any roofing contractor who has been notified by the division that such person's registration is not in good standing shall cease soliciting or entering into new roofing services and projects as of the date of such notification. The roofing contractor shall be allowed to complete roofing projects if actual physical work has begun prior to the date of issuance of the notice that such roofing contractor's registration is not in good standing. If the roofing contractor fails to correct the deficiency specified in the notice by evidence satisfactory to the division within thirty days of the date of the notice, or if the roofing contractor solicits or enters into new roofing services, contracts, or projects while the roofing contractor's registration certificate is not in good standing or while such registration certificate is suspended or revoked, the roofing contractor shall be in violation of the provisions of sections 324.1200 to 324.1232. Any registration certificate that is not in good standing shall be revoked thirty days from the date of notification to the roofing contractor that the registration is not in good standing. The roofing contractor may reinstate such registration to good standing by paying the required fees provided in section 324.1216 and complying with all requirements for issuance of a registration certificate in good standing.

8. Any person aggrieved by the decision of the division to suspend or revoke a registration certificate under this section may appeal such decision as provided in chapter 536 to the administrative hearing commission pursuant to chapter 621.

324.1208. 1. All applications for a registration certificate and renewal applications shall require the applicant to answer under oath or affirmation whether the applicant has been convicted of a felony offense in this state, another state, or any other place, and the nature of the offense upon which a conviction was imposed.

2. Conviction of an offense shall not disqualify a person from registration as a roofing contractor under sections 324.1200 to 324.1232, provided that the applicant has truthfully disclosed the

conviction and nature of the offense.

3. The division may conduct a criminal history records search or background check on any applicant or registered roofing contractor and may investigate the information submitted on a roofing contractor application or renewal form, provided that no adverse action may be taken against the person until such person has been notified and given an opportunity to respond in writing.

324.1210. Within sixty days from the date of application, the division shall either issue or deny the roofing contractor registration certificate. No registration certificate shall be issued to an applicant until the division receives all documentation and fees necessary to obtain a registration certificate. The registration certificate issued on an original application entitles the person to act as a roofing contractor within this state, subject to the limitations of sections 324.1200 to 324.1232, until the expiration of the fiscal year ending June thirtieth; except that, an initial registration certificate issued in May or June shall be valid until June thirtieth of the subsequent year.

324.1212. The holder of a roofing contractor registration certificate may engage in roofing business within this state under the provisions of sections 324.1200 to 324.1232 and subject to the following limitations:

(1) A roofing contractor's registration certificate number shall be valid and in good standing at the time of soliciting a project and during subsequent job performance;

(2) A roofing contractor's registration certificate number shall be submitted when applying for any permit issued by the state or a political subdivision of the state for commercial or residential roofing services or projects, if a permit is required by such authority, and shall be written upon each permit issued;

(3) A roofing contractor's registration certificate shall not be shared or used by any other individual or business entity; except that, a business firm, partnership, association, corporation, limited liability company, or other group or combination thereof acting as a unit may be granted a single roofing registration certificate number for use by the designated roofing contractors acting as agents for the business entity if the application for registration certificate contains sufficient information on each member, partner, officer, and agent, and the division issues a single certificate number to such persons as a business unit;

(4) The division shall be notified in writing upon any change to the name, address, business entity, or resident agent of a roofing contractor; adjudication by a court of competent jurisdiction for a violation of sections 324.1200 to 324.1232; or an act or omission specified in subsection 1 of section 324.1218;

(5) A roofing contractor shall comply with all state laws and local ordinances; and

(6) A roofing contractor shall pay taxes due in this state.

324.1214. No later than ten days after the date of a change in a roofing contractor's name, address, or legal service agent, or upon a registered roofing contractor's ceasing business as a roofing contractor, such person shall notify the division of the change on a form provided by the division. A change of name or address shall be accompanied by a fee of fifty dollars. No person shall change such person's name under an active registration certificate if the change is associated with a change in the legal status of the business entity other than change in marital status. Conducting business under a

new business name or a change in legal status of a business shall require issuance of a new registration certificate. If a registered roofing contractor ceases to be active as a roofing contractor, the contractor shall notify the division within ten days and the division shall suspend the registration certificate of such contractor as soon as practicable after receiving the notification.

324.1216. 1. (1) Any roofing contractor registration certificate issued under sections 324.1200 to 324.1232 may be renewed for each successive fiscal year by obtaining a certificate of renewal from the division. To obtain a certificate of renewal, an applicant shall file with the division a renewal application by June thirtieth and pay the required renewal fee. The application for renewal shall require statements under oath or affirmation of whether the applicant has been convicted of a felony offense and the nature of such offense since issuance of the prior registration certificate, and whether the applicant has been adjudicated by a court of competent jurisdiction for any violation of sections 324.1200 to 324.1232 or any act or omission specified in subsection 1 of section 324.1218.

(2) The applicant shall include with the renewal application a copy of the certificate of liability insurance; proof of workers' compensation coverage, unless exempt or self-insured under chapter 287; a copy of the current registration certificate required by law for roofing contractors, if applicable; and a current tax clearance certificate from the department of revenue.

2. The division shall refuse to renew a roofing contractor's registration certificate for any reason stated in subsection 4 of section 324.1206. The division shall notify the applicant in writing if the division denies the renewal as provided in subsection 4 of section 324.1206.

3. If any roofing contractor fails to file a renewal application by the June thirtieth deadline, the contractor's registration certificate shall be deemed to not be in good standing. A roofing contractor shall have a thirty-day grace period after June thirtieth to renew such registration certificate without a late fee. After thirty days, a late fee of two hundred fifty dollars shall be assessed. If the certificate is not renewed before July thirty-first, the certificate shall be revoked.

4. (1) A roofing contractor seeking to renew a registration certificate that has been suspended for any cause provided in sections 324.1200 to 324.1232 prior to the June thirtieth deadline shall be assessed a fee equal to twice the amount of the registration fee established in section 324.1206.

(2) The division shall assess a reinstatement fee in an amount of seven hundred fifty dollars plus the registration fee established by section 324.1206 for any registration certificate that has been revoked for any cause provided in sections 324.1200 to 324.1232.

(3) A roofing contractor submitting an application for a registration certificate after suspension or revocation shall be eligible for registration under sections 324.1200 to 324.1232.

5. The division shall include a registration status notation in a roofing contractor's record if the status of registration changes from active and valid to not in good standing, denied, suspended, or revoked.

324.1218. 1. No roofing contractor or any person providing services as a roofing contractor shall:

(1) Abandon a roofing contract without legal grounds after a deposit of moneys or other consideration has been paid;

(2) Divert any funds or property entrusted to a roofing contractor;

(3) Engage in any fraudulent or deceptive acts or practices or misrepresentation of products,

services, or qualifications as a roofing contractor;

(4) Make a false or misleading statement in an application for a roofing contractor registration certificate or renewal application or in soliciting a contract for roofing services;

(5) Violate any judgment or order by a court of competent jurisdiction against the roofing contractor for violation of the provisions of sections 324.1200 to 324.1232;

(6) Engage in work without a valid registration certificate as required for roofing contractors under sections 324.1200 to 324.1232, or perform roofing services during any period when the roofing contractor's registration certificate is denied, suspended, or revoked;

(8) Fail to comply with any tax laws authorized by the state or any political subdivision of the state;

(9) Damage or injure any person or property while performing roofing services under a valid roofing contractor registration certificate for which the roofing contractor's liability insurance or workers' compensation coverage is inadequate; or

(10) Fail to comply with any provision of sections 324.1200 to 324.1232 or any rule or regulation adopted thereunder.

2. Any person may file a duly verified complaint with the attorney general alleging one or more violations of subsection 1 of this section. The complaint shall be on a form approved by the attorney general and shall set forth the alleged act or omission stated in subsection 1 of this section and a statement of sufficient facts upon which a reasonable person could conclude that the act or omission specified in subsection 1 of this section has been committed. Nothing in this section shall be construed to require the complainant to first file a complaint with the attorney general before seeking relief or remedies allowed by law.

3. A complaint received by the attorney general as provided in this section may be reviewed by the attorney general for appropriate disposition or investigation. The attorney general is hereby authorized to:

(1) Investigate the registrant's operations, books, and records as the attorney general deems necessary for the protection of the public and control access to any documents and records of the licensee or registrant under investigation;

(2) Charge reasonable costs of investigation, examination, and administration of this section, to be paid by the applicant, licensee, or registrant;

(3) Exchange any information regarding the administration of sections 324.1200 to 324.1232 with any agency of the United States, or any state or political subdivision thereof that regulates the licensee or registrant or administers statutes, rules and regulations, or programs related to the roofing business, and to enter into information-sharing arrangements with other governmental agencies or associations representing governmental agencies that are deemed necessary or beneficial to the administration of sections 324.1200 to 324.1232;

(4) Disclose to any person or entity that an applicant's, licensee's, or registrant's application,

license, or registration certificate has been denied, suspended, revoked, or refused renewal;

(5) Require or permit any person to file a written statement, under oath, affirmation, or otherwise as the attorney general may direct, setting forth all the facts and circumstances concerning any apparent violation of sections 324.1200 to 324.1232, any rule or regulation promulgated thereunder, or any other issue under sections 324.1200 to 324.1232;

(6) Receive, as a condition of settlement of any investigation or examination, a payment designated for the roofing contractor registration fund as directed by the attorney general;

(7) Establish relationships or contracts with any other government programs that require the licensing or registration of roofing contractors or other entities to collect and maintain records and process transaction fees or other fees related to applicants, licensees, registrants, or other persons subject to sections 324.1200 to 324.1232, and to take such other actions as may be reasonably necessary to facilitate cooperation between such governmental entities or agencies and industry trade associations. The attorney general shall regularly report violations of law, as well as enforcement actions and other relevant information, to any multistate or nationwide licensing system and registry; and

(8) Require any registrant to file with any such roofing contractor licensing system or registry in the form prescribed by the attorney general or the attorney general's designee.

4. For the purpose of any examination, investigation, or proceeding under sections 324.1200 to 324.1232, the attorney general or his or her designee may administer oaths and affirmations, subpoena witnesses, compel such witnesses' attendance, produce evidence, and require the production of any material that is relevant to the examination or investigation, including the existence, description, nature, custody, condition, and location of any books, documents, or other tangible things, and the identity and location of persons having knowledge of relevant acts, or any other matter reasonably calculated to lead to the discovery of relevant information or items.

5. If any person refuses to obey a subpoena or court order, any court of competent jurisdiction, upon application by the attorney general, may issue to that person an order requiring the person to appear before the attorney general or his or her designee to produce documentary evidence if so ordered, or to give evidence relevant to the matter under investigation. Any failure to obey the order of the court may be punished by the court as a contempt of court.

6. No person shall be excused from attending and testifying or from producing any document or record before the attorney general, in obedience to the subpoena of the attorney general, or in any proceeding instituted by the attorney general on the ground that the testimony or evidence, documentary or otherwise, required of the person may incriminate the person or subject the person to a penalty or forfeiture. (2) Registered foreign corporations, registered foreign limited liability companies, foreign limited liability partnerships, and foreign limited partnerships that are authorized to do business in this state and that have a current registered agent and registered address on file in the office of the secretary of state shall not be required to appoint the secretary of state as agent for service of process under this section.

324.1222. 1. If applying for any permit required by the state or any of its political subdivisions for roofing services or jobs, a roofing contractor shall supply the permit-issuing official with his or her registration certificate number issued under sections 324.1200 to 324.1232. Disclosure of any information through the use of the roofing contractor registration certificate system or information maintained by the division shall not be deemed to be an endorsement of any roofing contractor or determination of any facts, qualifications, information,

or reputation of any roofing contractor by the division, the state, or any of their respective agents, officers, employees, or assigns.

324.1226. Sections 324.1200 to 324.1232 shall be construed to be in addition to, and not in lieu of, any required licensure of persons for certain professions and trades in this state, and sections 324.1200 to 324.1232 shall not be deemed to conflict with or affect the authority of any state or local agency, board, or commission whose duty and authority is to administer or enforce any law or ordinance or to establish, administer, or enforce any policy, rule, qualification, or standard for any trade or profession.

2. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

4. An applicant for initial issuance or renewal of a permit to practice under this section shall be required to show that:

(1) A simple majority of the ownership of the firm, in terms of financial interests and voting rights of all partners, officers, principals, shareholders, members or managers, belongs to licensees who are licensed in some state, and the partners, officers, principals, shareholders, members or managers, whose principal place of business is in this state and who perform professional services in this state are licensees under section 326.280 or the corresponding provision of prior law. The review shall include a verification that individuals in the firm who are responsible for supervising attest and compilation services or sign or authorize someone to sign the accountant's report on the financial statements on behalf of the firm meet the competency requirements set out in the professional standards for such services, provided that any such rule:

(1) Shall include reasonable provision for compliance by a firm showing that it has within the preceding three years undergone a peer review that is a satisfactory equivalent to peer review generally required under this subsection;

(2) May require, with respect to peer reviews, that peer reviews be subject to oversight by an oversight body established or sanctioned by board rule, which shall periodically report to the board on the effectiveness of the review program under its charge and provide to the board a listing of firms that have participated in a peer review program that is satisfactory to the board; and

(3) The date of acceptance and the period covered by the firm's most recently accepted peer review; and

(4) If applicable, whether the firm's enrollment in the program has been dropped or terminated.

12. In connection with proceedings before the board or upon receipt of a complaint involving the licensee performing peer reviews, the board shall not have access to any documents furnished or generated in the course of the performance of the peer reviews except for peer review reports, letters of comment and summary review memoranda. The documents shall be furnished to the board only in a redacted manner that does not specifically identify any firm or licensee being peer reviewed or any of their clients.

[12.] **13.** The peer review processes shall be operated and the documents generated thereby be maintained in a manner designed to preserve their confidentiality. No third party, other than the oversight body, the board, subject to the provisions of subsection [11] **12** of this section, or the organization performing peer review shall have access to documents furnished or generated in the course of the review. All documents shall be privileged and closed records for all purposes and all meetings at which the documents are discussed shall be considered closed meetings under subdivision (1) of section 610.021. The proceedings, records and workpapers of the board and any peer review subjected to the board process shall be privileged and shall not be subject to discovery, subpoena or other means of legal process or introduction into evidence at any civil action, arbitration, administrative proceeding or board proceeding. No member of the board or person who is involved in the peer review process shall be permitted or required to testify in any civil action, arbitration, administrative proceeding or board proceeding as to any matters produced, presented, disclosed or discussed during or in connection with the peer review process or as to any findings, recommendations, evaluations, opinions or other actions of such committees or any of its members; provided, however, that information, documents or records that are publicly available shall not be subject to discovery or use in any civil action, arbitration, administrative proceeding or board proceeding merely because they were presented or considered in connection with the peer review process.”; and

Further amend said bill, Page 27, Section 324.035, Line 16, by inserting after all of said line the following:

"324.047. 1. The purpose of this section is to promote general welfare by establishing guidelines for the regulation of occupations and professions not regulated prior to January 1, 2019, and guidelines for combining any additional occupations or professions under a single license regulated by the state prior to January 1, 2019.

2. For purposes of this section, the following terms mean:

(1) “Applicant group”, any occupational or professional group or organization, any individual, or any other interested party that seeks to be licensed or further regulated or supports any bill that proposes to combine any additional occupations or professions under a single license regulated by the state prior to January 1, 2019;

(2) “Certification”, a program in which the government grants nontransferable recognition to an individual who meets personal qualifications established by a regulatory entity. Upon approval, the individual may use “certified” as a designated title. This term shall not be synonymous with an occupational license;

(3) “Department”, the department of commerce and insurance;

(4) “Director”, the director of the division of professional registration;

(5) “Division”, the division of professional registration;

(6) “General welfare”, the concern of the government for the health, peace, morality, and safety of its residents;

(7) “Lawful occupation”, a course of conduct, pursuit, or profession that includes the sale of goods or services that are not themselves illegal to sell irrespective of whether the individual selling them is subject to an occupational regulation;

(8) “Least restrictive type of occupational regulation”, the regulation that is least restrictive, in which the following list of regulations in order from least to most restrictive is used to make such determination:

(a) Bonding or insurance;

(b) Registration;

(c) Certification;

(d) Occupational license;

(9) “Occupational license”, a nontransferable authorization in law for an individual to perform a lawful occupation for compensation based on meeting personal qualifications established by a regulatory entity and that, if not possessed, prohibits the individual from performing the occupation for compensation;

(10) “Occupational regulation”, a statute, ordinance, rule, practice, policy, or other law requiring an individual to possess certain personal qualifications to work in a lawful occupation;

(11) “Personal qualifications”, criteria related to an individual’s personal background, including completion of an approved educational program, satisfactory performance on an examination, work experience, criminal history, and completion of continuing education;

(12) “Practitioner”, an individual who has achieved knowledge and skill by practice and is actively engaged in a specified occupation or profession;

(b) May use “registered” as a designated title.

Notification may include the individual’s name and address, the individual’s agent for service of process,

the location of the activity to be performed, and a description of the service the individual provides. Registration may include a requirement to post a bond but does not include education or experience requirements. 3. All individuals may engage in the occupation of their choice, free from unreasonable government regulation. The state shall not impose a substantial burden on an individual’s pursuit of his or her occupation or profession unless there is a reasonable interest for the state to protect the general welfare. If such an interest exists, the regulation adopted by the state shall be the least restrictive type of occupational regulation consistent with the public interest to be protected.

4. All bills introduced in the general assembly to regulate, pursuant to subsection 6 of this section, an occupation or profession shall be reviewed according to the following criteria. An occupation or profession shall be regulated by the state if:

(1) Unregulated practice could cause harm and endanger the general welfare, and the potential for further harm and endangerment is recognizable;

(2) The public can reasonably be expected to benefit from an assurance of personal qualifications; and

(3) The general welfare cannot be sufficiently protected by other means.

5. After evaluating the criteria in subdivision (3) of this subsection and considering governmental, economic, and societal costs and benefits, if the general assembly finds that the state has a reasonable interest in regulating, pursuant to subsection 6 of this section, an occupation or profession not previously regulated by law, the most efficient form of regulation shall be implemented, consistent with this section and with the need to protect the general welfare, as follows:

(1) If the threat to the general welfare resulting from the practitioner’s services is easily predictable, the regulation shall implement a system of insurance, bonding, or registration;

(2) If the consumer has challenges accessing credentialing information or possesses significantly less information on how to report abuses such that the practitioner puts the consumer in a disadvantageous position relative to the practitioner to judge the quality of the practitioner’s services, the regulation shall implement a system of certification; and

(3) If other regulatory structures, such as bonding, insurance, registration, and certification, insufficiently protect the general welfare from recognizable harm, the regulation shall implement a system

of licensing.

6. After January 1, 2019, any relevant regulatory entity shall report, and the department shall make available to the general assembly, upon the filing of a bill that proposes additional regulation of a profession or occupation currently regulated by the regulatory entity, the following factors to the department:

(1) A description of the professional or occupational group proposed for expansion of regulation, including the number of individuals or business entities that would be subject to regulation to the extent that such information is available; the names and addresses of associations, organizations, and other groups representing the practitioners; and an estimate of the number of practitioners in each group;

(2) Whether practice of the profession or occupation proposed for expansion of regulation requires such a specialized skill that the public is not qualified to select a competent practitioner without assurances that minimum qualifications have been met;

(3) The nature and extent of potential harm to the public if the profession or occupation is not regulated as described in the bill, the extent to which there is a threat to the general welfare, and production of evidence of potential harm, including a description of any complaints filed with state law enforcement authorities, courts, departmental agencies, professional or occupational boards, and professional and occupational associations that have been lodged against practitioners of the profession or occupation in this state within the past five years. Notwithstanding the provisions of this section or any other section, the relevant regulatory entity shall provide, and the department shall make available to the general assembly, the information relating to such complaints even if the information is considered a closed record or otherwise confidential; except that, the regulatory entity and the department shall redact names and other personally identifiable information from the information released;

(4) A description of the voluntary efforts made by practitioners of the profession or occupation to protect the public through self-regulation, private certifications, membership in professional or occupational associations, or academic credentials and a statement of why these efforts are inadequate to protect the public;

(5) The extent to which expansion of regulation of the profession or occupation will increase the cost of goods or services provided by practitioners and the overall cost-effectiveness and economic impact of the proposed regulation, including the direct cost to the government and the indirect costs to consumers;

(6) The extent to which expansion of regulation of the profession or occupation would increase or decrease the availability of services to the public;

(7) The extent to which existing legal remedies are inadequate to prevent or redress the kinds of harm potentially resulting from the lack of the requirements outlined in the bill;

(8) Why bonding and insurance, registration, certification, occupational license to practice, or another type of regulation is being proposed, why that regulatory alternative was chosen, and whether the proposed method of regulation is appropriate;

(9) A list of other states that regulate the profession or occupation, the type of regulation, copies of other states' laws, and available evidence from those states of the effect of regulation on the profession or occupation in terms of a before-and-after analysis;

(10) The details of any previous efforts in this state to implement regulation of the profession or occupation;

(11) Whether the proposed requirements for regulation exceed the national industry standards of minimal competence, if such standards exist, and what those standards are if they exist; and

(12) The method proposed to finance the proposed regulation and financial data pertaining to whether the proposed regulation can be reasonably financed by current or proposed licensees through dedicated revenue mechanisms.

7. If no existing regulatory entity regulates the occupation or profession to be regulated in the bill, the department shall report and make available to the general assembly, upon the filing of a bill after January 1, 2019, that proposes new regulation of a profession or occupation, the following factors:

(1) A description of the professional or occupational group proposed for regulation, including the number of individuals or business entities that would be subject to regulation to the extent that such information is available; the names and addresses of associations, organizations, and other groups representing the practitioners; and an estimate of the number of practitioners in each group;

(2) The nature and extent of potential harm to the public if the profession or occupation is not regulated, the extent to which there is a threat to the general welfare, and production of evidence of potential harm, including a description of any complaints filed with state law enforcement authorities, courts, departmental agencies, professional or occupational boards, and professional and occupational associations that have been lodged against practitioners of the profession or occupation in this state within the past five years. Notwithstanding the provisions of this section or any other section, the department shall release the information relating to such complaints even if the information is considered a closed record or otherwise confidential; except that, the department shall redact names and other personally identifiable information from the information released;

(3) A list of other states that regulate the profession or occupation, the type of regulation, copies of other states' laws, and available evidence from those states of the effect of regulation on the profession or occupation in terms of a before-and-after analysis;

(4) The details of any previous efforts in this state to implement regulation of the profession or occupation; and

(5) Whether the proposed requirements for regulation exceed the national industry standards of minimal competence, if such standards exist, and what those standards are if they exist.

8. After January 1, 2019, applicant groups may report to the department, and the department shall make available to the general assembly, any of the information required in subsection 6 or 7 of this section and whether the profession or occupation plans to apply for mandated benefits.

9. Nothing in this section shall be construed to change any requirement for an individual to hold current private certification as a condition of licensure or renewal of licensure. This section shall not require a private certification organization to grant or deny private certification to any individual.

The applicant shall give evidence satisfactory to the board of the successful completion of the educational requirements of this chapter, [that the applicant is of good moral character,] and that the chiropractic school or college of which the applicant is a graduate is teaching chiropractic in accordance with the requirements of this chapter. The board may make a final determination as to whether or not the school from which the applicant graduated is so teaching.

3. Before an applicant shall be eligible for licensure, the applicant shall furnish evidence satisfactory to the board that the applicant has received the minimum number of semester credit hours, as required by the Council on Chiropractic Education, or its successor, prior to beginning the doctoral course of study in chiropractic. The minimum number of semester credit hours applicable at the time of enrollment in a doctoral course of study must be in those subjects, hours and course content as may be provided for by the Council on Chiropractic Education or, in the absence of the Council on Chiropractic Education or its provision for such subjects, such hours and course content as adopted by rule of the board; however in no event shall fewer than ninety semester credit hours be accepted as the minimum number of hours required prior to beginning the doctoral course of study in chiropractic. The examination applicant shall also provide evidence satisfactory to the board of having graduated from a chiropractic college having status with the Commission on Accreditation of the Council on Chiropractic Education or its successor. Any senior student in a chiropractic college having status with the Commission on Accreditation on the Council on Chiropractic Education or its successor may take a practical examination administered or approved by the board under such requirements and conditions as are adopted by the board by rule, but no license shall be issued until all of the requirements for licensure have been met.

4. Each applicant shall pay upon application an application or examination fee. Any person failing to pass a practical examination administered or approved by the board may be reexamined upon fulfilling such requirements, including the payment of a reexamination fee, as the board may by rule prescribe.

5. Every applicant for licensure by examination shall have taken and successfully passed all required

and optional parts of the written examination given by the National Board of Chiropractic Examiners, including the written clinical competency examination, under such conditions as established by rule of the board, and all applicants for licensure by examination shall successfully pass a practical examination administered or approved by the board and a written examination testing the applicant's knowledge and understanding of the laws and regulations regarding the practice of chiropractic in this state. The board shall issue to each applicant who meets the standards and successful completion of the examinations, as established by rule of the board, a license to practice chiropractic. 6. The board shall issue a license without examination to persons who have been regularly licensed to practice chiropractic in any foreign country, provided that the regulations for securing a license in the other country are equivalent to those required for licensure in the state of Missouri, when the applicant furnishes satisfactory evidence that the applicant has continuously practiced chiropractic for at least one year immediately preceding the applicant's application to the board [and that the applicant is of good moral character], and upon the payment of the reciprocity license fee as established by rule of the board. The board may require an applicant to successfully complete the Special Purposes Examination for Chiropractic (SPEC) administered by the National Board of Chiropractic Examiners if the requirements for securing a license in the other country are not equivalent to those required for licensure in the state of Missouri at the time application is made for licensure under this subsection.

7. Any applicant who has failed any portion of the practical examination administered or approved by the board three times shall be required to return to an accredited chiropractic college for a semester of additional study in the subjects failed, as provided by rule of the board.

8. A chiropractic physician currently licensed in Missouri shall apply to the board for certification prior to engaging in the practice of meridian therapy/acupressure/acupuncture. Each such application shall be accompanied by the required fee. The board shall establish by rule the minimum requirements for the specialty certification under this subsection. "Meridian therapy/acupressure/acupuncture" shall mean methods of diagnosing and the treatment of a patient by stimulating specific points on or within the body by various methods including but not limited to manipulation, heat, cold, pressure, vibration, ultrasound, light, electrocurrent, and short-needle insertion for the purpose of obtaining a biopositive reflex response by nerve stimulation.

9. The board may through its rulemaking process authorize chiropractic physicians holding a current Missouri license to apply for certification in a specialty as the board may deem appropriate and charge a fee for application for certification, provided that:

(1) The board establishes minimum initial and continuing educational requirements sufficient to ensure the competence of applicants seeking certification in the particular specialty; and

(2) The board shall not establish any provision for certification of licensees in a particular specialty which is not encompassed within the practice of chiropractic as defined in section 331.010.

331.060. 1. The board may refuse to issue any certificate of registration or authority, permit or license required pursuant to this chapter for one or any combination of causes stated in subsection 2 of this section. The board shall notify the applicant in writing of the reasons for the refusal and shall advise the applicant of his right to file a complaint with the administrative hearing commission as provided by chapter 621.

2. The board may cause a complaint to be filed with the administrative hearing commission as provided by chapter 621 against any holder of any certificate of registration or authority, permit or license required by this chapter or any person who has failed to renew or has surrendered his certificate of registration or authority, permit or license for any one or any combination of the following causes:

(1) Use of any controlled substance, as defined in chapter 195, or alcoholic beverage to an extent that such use impairs a person's ability to perform the work of any profession licensed or regulated by this chapter;

(2) The person has been finally adjudicated and found guilty, or entered a plea of guilty or nolo contendere, in a criminal prosecution under the laws of any state [or], of the United States, **or of any country**, for any offense [reasonably] **directly** related to the [qualifications, functions or] duties [of any profession licensed or regulated under this chapter, for any offense an essential element of which is fraud, dishonesty or an act of violence, or for any offense involving moral turpitude,] **and responsibilities of the occupation, as set forth in section 324.012, regardless of** whether or not sentence is imposed;

(3) Use of fraud, deception, misrepresentation or bribery in securing any certificate of registration or authority, permit or license issued pursuant to this chapter or in obtaining permission to take any examination given or required pursuant to this chapter;

(4) Obtaining or attempting to obtain any fee, charge, tuition or other compensation by fraud, deception or misrepresentation;

(5) Incompetency, misconduct, gross negligence, fraud, misrepresentation or dishonesty in the performance of the functions or duties of any profession licensed or regulated by this chapter;

(6) Violation of, or assisting or enabling any person to violate, any provision of this chapter, or of any lawful rule or regulation adopted pursuant to this chapter;

(7) Impersonation of any person holding a certificate of registration or authority, permit or license or allowing any person to use his or her certificate of registration or authority, permit, license or diploma from school;

(8) Disciplinary action against the holder of a license or other right to practice any profession regulated by this chapter granted by another state, territory, federal agency or country upon grounds for which revocation or suspension is authorized in this state;

(9) A person is finally adjudged insane or incompetent by a court of competent jurisdiction;

(10) Assisting or enabling any person to practice or offer to practice any profession licensed or regulated by this chapter who is not registered and currently eligible to practice under this chapter;

(11) Issuance of a certificate of registration or authority, permit or license based upon a material mistake of fact;

(12) Failure to display a valid certificate or license if so required by this chapter or any rule promulgated hereunder;

(13) Violation of any professional trust or confidence;

(14) Use of any advertisement or solicitation which is false, misleading or deceptive to the general public or persons to whom the advertisement or solicitation is primarily directed. False, misleading or deceptive advertisements or solicitations shall include, but not be limited to:

(a) Promises of cure, relief from pain or other physical or mental condition, or improved physical or mental health;

(b) Any self-laudatory statement;

(c) Any misleading or deceptive statement offering or promising a free service. Nothing herein shall be construed to make it unlawful to offer a service for no charge if the offer is announced as part of a full disclosure of routine fees including consultation fees;

(d) Any misleading or deceptive claims of patient cure, relief or improved condition; superiority in service, treatment or materials; new or improved service, treatment or material, or reduced costs or greater savings. Nothing herein shall be construed to make it unlawful to use any such claim if it is readily verifiable by existing documentation, data or other substantial evidence. Any claim which exceeds or exaggerates the scope of its supporting documentation, data or evidence is misleading or deceptive;

(e) Failure to use the term “chiropractor”, “doctor of chiropractic”, “chiropractic physician”, or “D.C.” in any advertisement, solicitation, sign, letterhead, or any other method of addressing the public;

(f) Attempting to attract patronage in any manner which castigates, impugns, disparages, discredits or attacks other healing arts and sciences or other chiropractic physicians;

(19) Administering or prescribing any drug or medicine or attempting to practice medicine, surgery, or osteopathy within the meaning of chapter 334;

(20) Being unable to practice as a chiropractic physician with reasonable skill and safety to patients because of one of the following: professional incompetency; illness, drunkenness, or excessive use of drugs, narcotics, or chemicals; any mental or physical condition. In enforcing this subdivision the board shall, after a hearing before the board, upon a finding of probable cause, require the chiropractor for the purpose of establishing his competency to practice as a chiropractic physician to submit to a reexamination, which shall be conducted in accordance with rules adopted for this purpose by the board, including rules to allow the examination of the chiropractic physician’s professional competence by at least three chiropractic physicians, or to submit to a mental or physical examination or combination thereof by at least three physicians. One examiner shall be selected by the chiropractic physician compelled to take the examination, one selected by the board, and one shall be selected by the two examiners so selected. Notice of the physical or mental examination shall be given by personal service or certified mail. Failure of the chiropractic physician to submit to an examination when directed shall constitute an admission of the allegations against him, unless the failure was due to circumstances beyond his control. A chiropractic physician whose right to practice has been affected under this subdivision shall, at reasonable intervals, be afforded an opportunity to demonstrate that he can resume competent practice with reasonable skill and safety to patients.

(a) In any proceeding under this subdivision, neither the record of proceedings nor the orders entered

by the board shall be used against a chiropractic physician in any other proceeding. Proceedings under this subdivision shall be conducted by the board without the filing of a complaint with the administrative hearing commission;

(b) When the board finds any person unqualified because of any of the grounds set forth in this subdivision, it may enter an order imposing one or more of the following: denying his application for a license; permanently withholding issuance of a license; administering a public or private reprimand; suspending or limiting or restricting his license to practice as a chiropractic physician for a period of not more than five years; revoking his license to practice as a chiropractic physician; requiring him to submit to the care, counseling or treatment of physicians designated by the chiropractic physician compelled to be treated. For the purpose of this subdivision, “license” includes the certificate of registration, or license, or both, issued by the board.

3. After the filing of such complaint, the proceedings shall be conducted in accordance with the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds, provided in subsection 2 of this section, for disciplinary action are met, the board may, singly or in combination:

(1) Censure or place the person named in the complaint on probation on such terms and conditions as the board deems appropriate for a period not to exceed five years; or

(2) May suspend the license, certificate or permit for a period not to exceed three years; or

(3) Revoke the license, certificate or permit.

4. If at any time after disciplinary sanctions have been imposed under this section or under any provision of this chapter, the licensee removes himself from the state of Missouri, ceases to be currently licensed under the provisions of this chapter, or fails to keep the Missouri state board of chiropractic examiners advised of his current place of business and residence, the time of his absence, or unlicensed status, or unknown whereabouts shall not be deemed or taken as any part of the time of discipline so imposed.

332.231. Any person [who is of good moral character and reputation and] who has satisfactorily completed a course in dental hygiene in an accredited dental hygiene school may apply to the board for examination and registration as a dental hygienist in Missouri.

332.251. 1. Each applicant for examination as a dental hygienist shall[, after the board has determined that he is a person of good moral character and reputation,] appear before the board at the time and place specified by the board in a written notice to each such applicant. The fee accompanying the application as provided in section 332.241 shall not be refunded to any applicant who fails to appear at the time and place so specified, but the board for good cause shown, as defined by rule, may permit any applicant to take the examination or examinations at a later time without paying an additional fee.

2. The board shall determine and specify by rule whether dental hygienist examinations shall be written or oral or clinical or all three, but in any event the examination shall be of such form and of such content and character as to thoroughly test the qualifications of the applicant to practice as a dental hygienist in Missouri. Completion of the national board theoretical examination with scores acceptable to the board, as promulgated by rule, is a prerequisite to taking the dental hygienist examinations.

3. Any applicant who passes the dental hygienist examination or examinations with the average grade specified in a rule promulgated by the board shall be entitled to registration as a dental hygienist in

Missouri, and shall receive a certificate of registration. Irrespective of the fact that an applicant may have made passing grades on his examinations, he shall not be entitled to a certificate of registration as a dental hygienist if the board finds that at any time prior to the issuance of the certificate the applicant has cheated on his examination or examinations, or has made false or misleading statements in any application filed for such examination with intent to deceive the board[, or that he is not a person of good moral character and reputation].

4. The board shall determine and specify by rule the number of times an applicant may fail all or a portion of the dental hygiene examinations without completing additional education in an accredited dental hygiene school, and shall specify by rule the type and amount of additional education which shall be required of an applicant, which type and amount may vary depending upon the failed portions of the dental hygiene examinations. However, no applicant shall be refused permission to take the dental hygiene examinations twice without completing additional education, nor shall additional education be required if the applicant only fails an examination over Missouri laws.

332.281. The board shall grant without examination a certificate of registration and license to a dental hygienist who has been licensed in another state for at least two consecutive years immediately preceding his application to practice in Missouri if the board is satisfied by proof adduced by the applicant that his qualifications are at least equivalent to the requirements for initial registration as a dental hygienist in Missouri under the provisions of this chapter [and that he is of good moral character and reputation]; provided that the board may by rule require an applicant under this section to take any examination over Missouri laws given to dental hygienist initially seeking licensure under section 332.251 and to take a practical examination if his licensure in any state was ever denied, revoked or suspended for incompetency or inability to practice in a safe manner, or if he has failed any practical examination given as a prerequisite to licensure as a dental hygienist in any state. So we pray for all those who seek a cure and vaccine for this world so we may be protected by the wisdom You provide. We pray for our Governor that his decisions are made through Your guidance. And we pray for those in the health profession who minister to the sick and dying that Your healing power may be made known and present. SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Committee Substitute for House Bill No. 1450, House Bill No. 1296, House Committee Substitute for House Bill No. 1331 and House Committee Substitute for House Bill No. 1898, Page 51, Section 579.068, Line 26 of said page, by inserting immediately after said line the following:

“590.650. 1. **The provisions of this section shall be known and may be cited as the “Fourth Amendment Affirmation Act”.** As used in this section [”minority group” means individuals of African, Hispanic, Native American or Asian descent] **the following terms mean:**

(1) **“Benchmark”, the number used as a basis of comparison in determining possible disproportions in law enforcement activities, including the following:**

(a) **The benchmark for measuring disproportions in vehicle stops shall be the proportions of drivers in racial or ethnic groups residing or traveling in a jurisdiction;**

(b) **The benchmark for measuring disproportions in post-stop activities shall be the racial or ethnic group’s proportion of stops; and**

(c) **The benchmark used to measure disproportions in hit rates shall be the group proportions of drivers searched;**

(2) **“Consent search”, a search authorized by the consent of the individual, not by probable cause;**

(3) **“Discriminatory policing”, circumstances in which the peace officer’s actions are based in whole or in part on the real or perceived race, ethnicity, religious beliefs, gender, English language proficiency, status as a person with a disability, or a person’s national origin rather than upon specific and articulable facts which, taken together with rational inferences from those facts, reasonably indicate criminal activity. “Discriminatory policing” does not include investigations of alleged crimes when law enforcement must seek out suspects who match a specifically delineated description;**

(4) **“Hit rate”, the rate of searches in which contraband is found. The hit rate is calculated by dividing the number of searches that yield contraband by the total number of searches. Hit rate may be calculated for individual officers, agencies, or multiple agencies;**

(5) **“Investigative stop”, any stop, by a peace officer, of a motor vehicle involving at least in part an investigation of a criminal violation other than a motor vehicle violation. Investigative stops can involve calls for service, stops conducted in support of an agency investigation, stops conducted because of a peace officer’s observations, stops made at a sobriety checkpoint or other road block, or other investigatory stops;**

(6) **“Minority group”, individuals of African, Hispanic, Native American, or Asian descent;**

(7) **“Ratio of disparity”, the ratio of the rate of stops or other peace officer activities for a non-white group as compared to the rate for the white group. The ratio of disparity for the white group shall be the white group rate compared to the rate for non-white groups;**

(8) **“Significant disparity”, a ratio of disparity that is over one hundred twenty-five percent of the overall state disparity for any minority group for that category of officer activity after controlling for**

factors other than discrimination that are contributing to the disparity;

(9) “Significant disproportion”, a ratio of disparity that is over one hundred twenty-five percent of the overall state ratio of disparity for any minority group for that category of peace officer activity.

2. Each time a peace officer stops a driver of a motor vehicle, that officer shall report **at least** the following information to the law enforcement agency that employs the officer:

(1) The age, gender and race or minority group of the individual stopped;

(2) Whether the driver resides in the jurisdiction of the stop;

(3) The reasons for the stop. Reasons for an investigative stop include, but are not limited to, calls for service, stops conducted in support of an agency investigation, stops conducted because of a peace officer’s observations, and stops made at a sobriety checkpoint or other road block;

[(3)] **(4) Whether a search was conducted as a result of the stop;**

[(4)] **(5) If a search was conducted, whether the individual consented to the search, how the individual’s consent was documented, the probable cause for the search, whether the person was searched, whether the person’s property was searched, and the duration of the search;**

[(5)] **(6) Whether any contraband was discovered in the course of the search and the type of any contraband discovered;**

[(6)] **(7) Whether any warning or citation was issued as a result of the stop;**

[(7)] **(8) If a warning or citation was issued, the violation charged or warning provided;**

[(8)] **(9) Whether an arrest was made as a result of either the stop or the search;**

[(9)] **(10) If an arrest was made, the crime charged; and**

[(10)] **(11) The location of the stop.**

Such information may be reported using a format determined by the department of public safety which uses existing citation and report forms.

3. (1) Each law enforcement agency shall compile the data described in subsection 2 of this section for the calendar year into a report to the attorney general.

(2) Each law enforcement agency shall submit the report to the attorney general no later than March first of the following calendar year.

(3) The attorney general shall determine the format that all law enforcement agencies shall use to submit the report. **The attorney general may allow the department of public safety to extract the data from other reports filed by law enforcement agencies.**

4. (1) The attorney general shall analyze the annual reports of law enforcement agencies required by this section and submit a report of the findings to the governor, the general assembly and each law enforcement agency no later than June first of each year.

(2) The report shall identify situations in which data submitted by agencies indicate that racial and ethnic groups are disproportionately affected by law enforcement activity so that further analysis may be conducted to determine whether peace officers are engaging in discriminatory policing.

(3) The report shall provide group ratios of disparity for all categories of stops, post-stop activities, searches, and contraband found, using appropriate benchmarks as defined in subsection 1 of this section.

(4) The report of the attorney general shall include at least the following information for each agency and for the state overall:

(a) The total number of vehicles stopped by peace officers during the previous calendar year;

(b) The number and percentage of stopped motor vehicles that were driven by members of each particular minority group;

(c) [A comparison of the percentage of stopped motor vehicles driven by each minority group and the percentage of the state's population that each minority group comprises] **Ratios of disparity for all categories of stops, post-stop activities, searches, and contraband using appropriate benchmarks as defined in subsection 1 of this section;** and

(d) A compilation of the information reported by law enforcement agencies pursuant to subsection 2 of this section.

5. (1) Each law enforcement agency shall adopt a policy on [race-based traffic stops] discriminatory policing that:

[(1)] **(a) Prohibits [the practice of routinely stopping members of minority groups for violations of vehicle laws as a pretext for investigating other violations of criminal law] discriminatory policing;**

[(2)] **(b) Provides for [periodic] annual reviews by the law enforcement agency of the annual report of the attorney general required by subsection 4 of this section that:**

[(a)] **a. Determine whether any peace officers of the law enforcement agency have a pattern of stopping members of minority groups for violations of vehicle laws in a number disproportionate to the population of minority groups residing or traveling within the jurisdiction of the law enforcement agency; and**

[(b)] **b. If the review reveals a pattern, require an investigation to determine whether any peace officers of the law enforcement agency [routinely stop members of minority groups for violations of vehicle laws as a pretext for investigating other violations of criminal law; and] engaged in discriminatory policing;**

c. Include a review of complaints received by the law enforcement agency and a breakdown of which complaints were verified, found to be unfounded, remain active, and what steps were taken to address verified complaints. The review of complaints shall indicate the number of complaints alleging discriminatory policing that a law enforcement agency received; and

d. The results of the review shall be made public, however, no personnel information prohibited by law shall be disclosed; and

[(3)] **(c) Provides for appropriate discipline, up to and including dismissal, counseling, and training of any peace officer found to have engaged in [race-based traffic stops] discriminatory policing within ninety days of the review.**

The course or courses of instruction and the guidelines shall stress understanding and respect for racial and cultural differences, **cultural competency**, and development of effective, noncombative methods of carrying out law enforcement duties in a racially and culturally diverse environment.

(2) Each policy shall be in writing and accessible by the public. The attorney general shall certify that the discriminatory policing policy of each agency is substantially equivalent to the requirements of this subsection.

(3) Each policy shall put in place procedures to eliminate discriminatory policing.

6. When a motor vehicle has been stopped solely for a traffic violation, a peace officer shall request only the following documentation from only the driver of the motor vehicle:

(1) A driver's license or other verifiable government-issued identification, including foreign-issued identification;

(2) Motor vehicle registration; and

(3) Proof of insurance.

7. Each law enforcement agency shall establish policies to eliminate discriminatory policing in the administration of consent searches. The procedures shall include the following:

(1) A peace officer shall have specific and articulable facts about the individual that, taken together with rational inferences from those facts, lead the peace officer to reasonably believe a search is needed;

(2) The peace officer shall document, in writing, such specific articulable facts about the circumstances leading to the request for consent in individual searches and if multiple searches take place under the same circumstances at or near the same time;

(3) Prior to requesting consent for a search, a peace officer shall communicate orally or in writing, in a language that the person being questioned clearly understands, that the person's consent must be voluntary, that the voluntary consent authorizes the search even if the peace officer does not have probable cause to search, that the lawfulness of the search cannot be challenged in court if consent is given, and that the person has the right to refuse the request to search;

(4) After providing such advisement, a peace officer shall obtain voluntary written or recorded audio or video consent to the search;

(5) The peace officer shall document whether the person from whom the search was requested provided written consent, if that consent was recorded by audio or video, or whether consent was denied, and the law enforcement agency will submit this data for compilation in the attorney general's vehicle stop report;

(6) The peace officer shall not ask for consent when he or she has probable cause to conduct a search;

(7) Any evidence obtained as a result of a search prohibited by this section shall be inadmissible in any judicial proceeding; and

(8) Nothing contained in this subsection shall be construed to preclude a search based upon probable cause.

8. (1) If a law enforcement agency fails to comply with the provisions of this section, the governor may withhold any state funds appropriated to the noncompliant law enforcement agency.

(2) If a law enforcement agency reports for three consecutive years a significant disproportion,

the attorney general shall study the efforts of the law enforcement agency to decrease its disproportion during the prior three years. If the attorney general determines that a significant disparity exists, the agency shall be subject to review for a period of three additional years.

(3) If, in its second year of review, a law enforcement agency reports a significant disproportion, and the attorney general's study determines that a significant disparity exists, and the law enforcement agency cannot show good-faith efforts, as determined by the attorney general, to remedy the disparity, the attorney general shall require changes in the agency's policies and practices, including techniques for identifying problem officers, requirements that an officer's ratios of disparity along with any mitigating circumstances be a part of the record used to evaluate promotions and reassignments, training of supervisors in the skills necessary to eliminate discriminatory policing, and increasing the quality and quantity of officer training related to discriminatory policing. The attorney general's office shall work with other state agencies to provide financial assistance and expertise to facilitate these changes.

(4) If, in its third year of review, a law enforcement agency reports a significant disproportion and the attorney general's study determines a significant disparity exists, the attorney general shall also study the record of the law enforcement agency during the review period to determine if the disparities are of such magnitude that the law enforcement agency should be further penalized. The attorney general shall take into account whether the agency is making a good-faith effort to achieve nondiscriminatory policing. As a minimum penalty, the agency shall remain under review, with ongoing attorney general oversight, until such time as the agency's annual report shows that a significant disparity no longer exists or until such time as the attorney general's study determines that discriminatory policing is no longer a significant cause of the disparity. As a maximum penalty, or after six years of review, the attorney general shall order that the governing body or jurisdiction that the law enforcement agency serves be required, from that point forward, to forfeit twenty-five percent of its annual general operating revenue received from fines, bond forfeitures, and court costs for traffic violations, including amended charges for any traffic violations. The forfeited amount shall be paid to the general revenue fund of the state of Missouri, to be designated as additional funds for the peace officers standards and training commission. This penalty shall continue until such time as the law enforcement agency's annual report shows that a significant disparity no longer exists or until such time as the attorney general's study determines discriminatory policing is no longer a significant cause of the disparity.

[7.] 9. Each law enforcement agency in this state may utilize federal funds from community-oriented policing services grants or any other federal sources to equip each vehicle used for traffic stops with a video camera and voice-activated microphone **or to purchase body cameras.**

[8. A peace officer who stops a driver of a motor vehicle pursuant to a lawfully conducted sobriety check point or road block shall be exempt from the reporting requirements of subsection 2 of this section.]"; and

Journal of the Senate

SECOND REGULAR SESSION

FORTY-SIXTH DAY—THURSDAY, APRIL 30, 2020

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“Yet, O Lord, you are our Father; we are the clay, and you are our potter; and we are the work of your hand.” (Isaiah 64:8)

Merciful God, we know it takes courage to put ourselves on the line and provide opportunities for healing to take place. Give us all the energy needed to reach out in this darkness of Covid 19 and do what each of us must do to provide that healing. May each of us be a voice calling out for common sense as stricken communities and join together asking for Your healing by those You have given the gift of being healers in this wounded world. Bless all You have called forth to do the essential work that is truly needed as we approach a time to move positively forward in this world aware of the opportunity to improve what is made new before us. In Your Holy Name we pray. Amen.

620.2010. 1. In exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created, a qualified company may, for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, retain an amount equal to the withholding tax as calculated under subdivision (38) of section 620.2005 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 if:

(1) The qualified company creates ten or more new jobs, and the average wage of the new payroll equals or exceeds ninety percent of the county average wage;

(2) The qualified company creates two or more new jobs at a project facility located in a rural area, the average wage of the new payroll equals or exceeds ninety percent of the county average wage, and the qualified company commits to making at least one hundred thousand dollars of new capital investment at the project facility within two years; or

(3) The qualified company creates two or more new jobs at a project facility located within a zone designated under sections 135.950 to 135.963, the average wage of the new payroll equals or exceeds eighty percent of the county average wage, and the qualified company commits to making at least one hundred thousand dollars in new capital investment at the project facility within two years of approval.

2. In addition to any benefits available under subsection 1 of this section, the department may award a qualified company that satisfies subdivision (1) of subsection 1 of this section additional tax credits, issued each year for a period of five years from the date the new jobs are created, or for a period of six years from

the date the new jobs are created if the qualified company is an existing Missouri business, in an amount equal to or less than six percent of new payroll; provided that in no event may the total amount of benefits awarded to a qualified company under this section exceed nine percent of new payroll in any calendar year. The amount of tax credits awarded to a qualified company under this subsection shall not exceed the projected net fiscal benefit to the state, as determined by the department, and shall not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. In determining the amount of tax credits to award to a qualified company under this subsection or a qualified manufacturing company under subsection 3 of this section, the department shall consider the following factors:

- (1) The significance of the qualified company's need for program benefits;
- (2) The amount of projected net fiscal benefit to the state of the project and the period in which the state would realize such net fiscal benefit;
- (3) The overall size and quality of the proposed project, including the number of new jobs, new capital investment, manufacturing capital investment, proposed wages, growth potential of the qualified company, the potential multiplier effect of the project, and similar factors;
- (4) The financial stability and creditworthiness of the qualified company;
- (5) The level of economic distress in the area;
- (6) An evaluation of the competitiveness of alternative locations for the project facility, as applicable; and
- (7) The percent of local incentives committed.

3. (1) The department may award tax credits to a qualified manufacturing company that makes a manufacturing capital investment of at least five hundred million dollars not more than three years following the department's approval of a notice of intent and the execution of an agreement that meets the requirements of subsection 4 of this section. Such tax credits shall be issued no earlier than January 1, 2023, and may be issued each year for a period of five years. A qualified manufacturing company may qualify for an additional five-year period under this subsection if it makes an additional manufacturing capital investment of at least two hundred fifty million dollars within five years of the department's approval of the original notice of intent.

(2) The maximum amount of tax credits that any one qualified manufacturing company may receive under this subsection shall not exceed five million dollars per calendar year. The aggregate amount of tax credits awarded to all qualified manufacturing companies under this subsection shall not exceed ten million dollars per calendar year.

(3) If, at the project facility at any time during the project period, the qualified manufacturing company discontinues the manufacturing of the new product, or discontinues the modification or expansion of an existing product, and does not replace it with a subsequent or additional new product or with a modification or expansion of an existing product, the company shall immediately cease receiving any benefit awarded under this subsection for the remainder of the project period and shall forfeit all rights to retain or receive any benefit awarded under this subsection for the remainder of such period.

(4) Notwithstanding any other provision of law to the contrary, any qualified manufacturing company that is awarded benefits under this section shall not simultaneously receive tax credits or exemptions under sections 100.700 to 100.850 for the jobs created or retained or capital improvement that qualified for

benefits under this section. The provisions of subsection 5 of section 285.530 shall not apply to a qualified manufacturing company that is awarded benefits under this section.

4. Upon approval of a notice of intent to receive tax credits under subsection 2, 3, 6, or 7 of this section, the department and the qualified company shall enter into a written agreement covering the applicable project period. The agreement shall specify, at a minimum:

(1) The committed number of new jobs, new payroll, and new capital investment, or the manufacturing capital investment and committed percentage of retained jobs for each year during the project period;

(2) The date or time period during which the tax credits shall be issued, which may be immediately or over a period not to exceed two years from the date of approval of the notice of intent;

(3) Clawback provisions, as may be required by the department;

(4) Financial guarantee provisions as may be required by the department, provided that financial guarantee provisions shall be required by the department for tax credits awarded under subsection 7 of this section; and

(5) Any other provisions the department may require.

5. In lieu of the benefits available under sections 1 and 2 of this section, and in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may, for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, retain an amount equal to the withholding tax as calculated under subdivision (38) of section 620.2005 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 equal to:

(1) Six percent of new payroll for a period of five years from the date the required number of new jobs were created if the qualified company creates one hundred or more new jobs and the average wage of the new payroll equals or exceeds one hundred twenty percent of the county average wage of the county in which the project facility is located; or

(2) Seven percent of new payroll for a period of five years from the date the required number of jobs were created if the qualified company creates one hundred or more new jobs and the average wage of the new payroll equals or exceeds one hundred forty percent of the county average wage of the county in which the project facility is located.

The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subsection and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subsection.

6. In addition to the benefits available under subsection 5 of this section, the department may award a qualified company that satisfies the provisions of subsection 5 of this section additional tax credits, issued each year for a period of five years from the date the new jobs are created, or for a period of six years from the date the new jobs are created if the qualified company is an existing Missouri business, in an amount equal to or less than three percent of new payroll; provided that in no event may the total amount of benefits awarded to a qualified company under this section exceed nine percent of new payroll in any calendar year.

The amount of tax credits awarded to a qualified company under this subsection shall not exceed the projected net fiscal benefit to the state, as determined by the department, and shall not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. In determining the amount of tax credits to award to a qualified company under this subsection, the department shall consider the factors provided under subsection 2 of this section.

7. In lieu of the benefits available under subsections 1, 2, 5, and 6 of this section, and in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs and new capital investment created by the program, the department may award a qualified company that satisfies the provisions of subdivision (1) of subsection 1 of this section tax credits, issued within one year following the qualified company's acceptance of the department's proposal for benefits, in an amount equal to or less than nine percent of new payroll. The amount of tax credits awarded to a qualified company under this subsection shall not exceed the projected net fiscal benefit to the state, as determined by the department, and shall not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. In determining the amount of tax credits to award to a qualified company under this subsection, the department shall consider the factors provided under subsection 2 of this section and the qualified company's commitment to new capital investment and new job creation within the state for a period of not less than ten years. For the purposes of this subsection, each qualified company shall have an average wage of the new payroll that equals or exceeds one hundred percent of the county average wage. Notwithstanding the provisions of section 620.2020 to the contrary, this subsection, shall expire on June 30, 2025.

8. No benefits shall be available under this section for any qualified company that has performed significant, project-specific site work at the project facility, purchased machinery or equipment related to the project, or has publicly announced its intention to make new capital investment or manufacturing capital investment at the project facility prior to receipt of a proposal for benefits under this section or approval of its notice of intent, whichever occurs first.

9. In lieu of any other benefits under this chapter, the department of economic development may award a tax credit to an industrial development authority for a qualified military project in an amount equal to the estimated withholding taxes associated with the **part-time and full-time** civilian and military new jobs located at the facility and directly impacted by the project. The amount of the tax credit shall be calculated by multiplying:

(1) The average percentage of tax withheld, as provided by the department of revenue to the department of economic development;

(2) The average salaries of the jobs directly created by the qualified military project; and

(3) The number of jobs directly created by the qualified military project.

If the amount of the tax credit represents the least amount necessary to accomplish the qualified military project, the tax credits may be issued, but no tax credits shall be issued for a term longer than fifteen years. No qualified military project shall be eligible for tax credits under this subsection unless the department of economic development determines the qualified military project shall achieve a net positive fiscal impact to the state.”; and

Further amend the title and enacting clause accordingly.

At the request of Senator Hoskins, **SB 704**, with **SS No. 2** and **SA 2** (pending), was placed on the Informal Calendar.

2. The question of whether the tax authorized by this section shall be imposed shall be submitted in substantially the following form:

The same sales tax permit, exemption certificate, and retail certificate required by sections 144.010 to 144.527 for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit, exemption certificate, or retail certificate shall be required, except that the director of revenue may prescribe a form of exemption certificate for an exemption from the tax. All discounts allowed the retailer under the state sales tax for the collection of and for payment of taxes are hereby allowed and made applicable to the tax. The penalties for violations provided in section 32.057 and sections 144.010 to 144.527 are hereby made applicable to violations of this section. If any person is delinquent in the payment of the amount required to be paid under this section, or in the event a determination has been made against the person for taxes and penalties under this section, the limitation for bringing suit for the collection of the delinquent tax and penalties shall be the same as that provided in sections 144.010 to 144.527.

3. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the sales tax authorized in this section shall be in effect and the governing body of the ambulance or fire protection district shall lower the level of its tax rate by an amount which reduces property tax revenues by an amount equal to fifty percent of the amount of sales tax collected in the preceding year. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the governing body of the ambulance or fire protection district shall not impose the sales tax authorized in this section unless and until the governing body of such ambulance or fire protection district resubmits a proposal to authorize the governing body of the ambulance or fire protection district to impose the sales tax authorized by this section and such proposal is approved by a majority of the qualified voters voting thereon.

4. All revenue received by a district from the tax authorized pursuant to this section shall be deposited in a special trust fund, and be used solely for the purposes specified in the proposal submitted pursuant to this section for so long as the tax shall remain in effect.

5. All sales taxes collected by the director of revenue pursuant to this section, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created, to be known as the "Ambulance or Fire Protection District Sales Tax Trust Fund". The moneys in the ambulance or fire protection district sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust and the amount collected in each district imposing a sales tax pursuant to this section, and the records shall be open to inspection by officers of the county and to the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the governing body of the district which levied the tax; such funds shall be deposited with the board treasurer of each such district.

6. The director of revenue may make refunds from the amounts in the trust fund and credit any district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such district. If any district abolishes the tax, the district shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such district, the director of revenue shall remit the balance in the account to the district and close the account of that district. The director of revenue shall notify each district of each instance of any amount refunded or any check redeemed from receipts due the district.

7. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax

imposed pursuant to this section.

8. The governing body of any ambulance or fire protection district authorized to levy a sales tax pursuant to this section shall:

(1) Submit the question of an increase in the rate of the sales tax to the voters on a general election day not earlier than the 2022 general election; and

(2) Include information on the ambulance or fire protection district website, if available, on the tax rate and the purposes for which the tax is levied.”; and

Further amend the title and enacting clause accordingly.

Senator Hough moved that the above amendment be adopted, which motion prevailed.

“34.600. 1. This section shall be known as the “Anti-Discrimination Against Israel Act”.

2. A public entity shall not enter into a contract with a company to acquire or dispose of services, supplies, information technology, or construction unless the contract includes a written certification that the company is not currently engaged in and shall not, for the duration of the contract, engage in a boycott of goods or services from the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel. This section shall not apply to contracts with a total potential value of less than one hundred thousand dollars or to contractors with fewer than ten employees.

3. As used in this section, the following terms and phrases shall mean:

A company’s statement that it is participating in boycotts of the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel, or that it has taken the boycott action at the request, in compliance with, or in furtherance of calls for a boycott of the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel shall be considered to be conclusive evidence that a company is participating in a boycott of the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel; provided, however that a company that has made no such statement may still be considered to be participating in a boycott of

the State of Israel; companies doing business in or with Israel or authorized by, licensed by, or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel if other factors warrant such a conclusion;

(2) “Company”, any for-profit or not-for-profit organization, association, corporation, partnership, joint venture, limited partnership, limited liability partnership, limited liability company, or other entity or business association, including all wholly-owned subsidiaries, majority-owned subsidiaries, parent companies, or affiliates of those entities or business associations;

(3) “Public entity”, the state of Missouri or any political subdivision thereof, including all boards, commissions, agencies, institutions, authorities, and bodies politic and corporate of the state created by or in accordance with state law or regulations.

4. Any contract that fails to comply with the provisions of this section shall be void against public policy.

5. The commissioner of administration or his or her designee may promulgate regulations to implement the provisions of this act so long as they are consistent with this section and do not create any exceptions. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority of this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2020, shall be invalid and void.”; and

Journal of the Senate

SECOND REGULAR SESSION

FORTY-SEVENTH DAY—FRIDAY, MAY 1, 2020

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“And now, our God, we give thanks to you, and praise your glorious name.” (1Chronicles 29:13)

Gracious God, as we begin a new month we give You thanks for what we have been able to accomplish with Your help. And You have made us aware how little time we have here to do what is necessary, may we make wise decisions on how to use our time together and to bring about that which is truly needed and helpful for the people of this state. We pray for those of us who will travel this day and ask that You be with each of us bringing us safely to our destination and home with loved ones. Grant that we use this time to be energized and our bodies rested and brain cells restored to think through this time and what is required of us. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

The following Senators were present during the day’s proceedings:

Journal of the Senate

SECOND REGULAR SESSION

FORTY-EIGHTH DAY—MONDAY, MAY 4, 2020

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“Walk with wisdom towards them that are without...Let your speech be always with grace.” (Colossians 4:5-6)

Loving Father we gather once again and are grateful for our safe travel and our coming together once again. As we move to reopen our state and begin to greet one another may we be wise in doing so and practice “safe distancing” to keep ourselves and others safe and healthy. We thank You for our health and pray that we and our families also continue to be healthy and safe. And Father May we practice gracious and winsome behavior as we discuss those things that are before us as a Senate. And may our decisions be helpful and lead us along the path that You would have us take. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

HOUSE AMENDMENT NO. 1

Amend House Committee Substitute for Senate Committee Substitute for Senate Bill No. 599, Page 7, Section 30.758, Line 54, by inserting after all of said line the following:

“70.705. 1. The “Members Deposit Fund” is hereby created. It shall be the fund in which shall be accumulated the contributions made by members to the system, and from which shall be made transfers and refunds of members’ contributions as provided in sections 70.600 to 70.755.

2. Except as provided otherwise in this section, the contributions of a member to the system shall be four percent of his compensations after the date he has completed sufficient employment for six months of credited service. Such contributions shall be made notwithstanding that the minimum salary or wages provided by law for any member shall thereby be changed. Each member shall be deemed to consent and agree to the deductions made and provided for herein. Payment of a member’s compensation less such deductions shall be a full and complete discharge and acquittance of all claims and demands whatsoever for services rendered by him to a political subdivision, except as to benefits provided by this system.

3. The officer or officers responsible for making up the payrolls for each political subdivision shall cause the contributions provided for in this section to be deducted from the compensation of each member in the employ of the political subdivision, on each and every payroll, for each and every payroll period after the date he has completed sufficient employment for six months of credited service to the date his membership terminates. When deducted, each of these amounts shall be paid by the political subdivision to the system; the payments shall be made in the manner and shall be accompanied by such supporting data as the board shall from time to time prescribe. When paid to the system, each of the amounts shall be credited to the members deposit fund account of the member from whose compensations the contributions were deducted.

4. In addition to the contributions deducted from the compensations of a member, as heretofore provided, a member shall deposit in the members deposit fund, by a single contribution or by an increased rate of contributions, as approved by the board, the amount or amounts he may have withdrawn therefrom and not repaid thereto, together with regular interest from the date of withdrawal to the date of repayment. In no case shall a member be given credit for service rendered prior to the date he withdrew his accumulated contributions until he returns to the members deposit fund all amounts due the fund by him.

5. Upon the retirement of a member, or upon his death if an allowance becomes payable on account of his death, his accumulated contributions shall be transferred to the benefit reserve fund.

6. Each political subdivision, by majority vote of its governing body, may elect with respect to its

members **an alternate contribution amount of two percent or six percent of compensation** or to eliminate future member contributions otherwise provided for in this section. **Should a political subdivision elect one benefit program for members whose political subdivision employment is concurrently covered by federal Social Security and a different benefit program for members whose political subdivision employment is not concurrently covered by federal Social Security, as provided in section 70.655, the political subdivision may also, by majority vote of its governing body, make one election concerning member contributions provided for in this section for members whose political subdivision employment is concurrently covered by federal Social Security and one election concerning member contributions provided for in this section for members whose political subdivision employment is not concurrently covered by federal Social Security.** The clerk or secretary of the political subdivision shall certify the election concerning member contributions to the board within ten days after such vote. The effective date of the political subdivision's member contribution election is the first day of the calendar month specified by such governing body, or the first day of the calendar month next following receipt by the board of the certification of such election, or the effective date of the political subdivision's becoming an employer, whichever is the latest. Such election concerning member contributions may be changed from time to time by such vote, but not more often than once in two years. Except as provided in section 70.707, if such election is to eliminate member contributions, then such election shall apply only to future member compensations and shall not change the status of any member contributions made before such election. If the effect of such election is to require member contributions, then such election shall apply only to future member compensations and shall not change any member contribution requirements existing before such election. Should an employer change its member contribution requirements as provided in this section, the employer contribution requirements shall be correspondingly changed effective the same date as the member contribution change. The limitation on increases in an employer's contribution provided by subsection 6 of section 70.730 shall not apply to any contribution increase resulting from an employer electing to eliminate member contributions.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

5. Traditional installment loan lenders may charge, in addition to any other contractual fees, a convenience fee or surcharge for payments made by a debit or credit card in an amount not to exceed any third-party charge.

6. Any traditional installment loan lender who prevails against a political subdivision in an action to enforce this section or in defending an action using this section as a defense shall receive from the political subdivision costs actually incurred including, but not limited to, attorney’s fees.”; and

“620.2250. 1. This section shall be known and may be cited as the “Targeted Industrial Manufacturing Enhancement Zones Act”.

2. As used in this section, the following terms shall mean:

(1) “County average wage”, the average wage in each county as determined by the department for the most recently completed full calendar year. However, if the computed county average wage is above the statewide average wage, the statewide average wage shall be deemed the county average wage for such county for the purpose of determining eligibility;

(2) “Department”, the Missouri department of economic development;

(3) “New job”, the number of full-time employees located at the project facility that exceeds the project facility base employment less any decrease in the number of full-time employees at related facilities below the related facility base employment. No job that was created prior to the date of the completion of an agreement pursuant to subsection 6 of this section and no job that is relocated from another location within this state shall be deemed a new job. An employee that spends less than fifty percent of the employee’s work time at the facility is still considered to be located at a facility if the employee receives his or her directions and control from that facility, is on the facility’s payroll, one hundred percent of the employee’s income from such employment is Missouri income, and the employee is paid at or above the county average wage;

(4) “Political subdivision”, a town, village, city, or county located in this state;

(5) “Related facility”, a facility operated by a company or a related company prior to the establishment of the TIME zone in question, and which is directly related to the operations of the facility within the new TIME zone;

(6) “TIME zone”, an area identified through an ordinance or resolution passed pursuant to subsection 4 of this section that is being developed or redeveloped for any purpose so long as any infrastructure or building built or improved is in the development area;

(7) “Zone board”, the governing body of a TIME zone.

3. The governing bodies of at least two contiguous or overlapping political subdivisions in this state may establish one or more TIME zones, which shall be political subdivisions of the state, for the purposes of completing infrastructure projects to promote the economic development of the region. Such zones may only include the area within the governing bodies’ jurisdiction, ownership, or control, and may include any such area. The governing bodies shall determine the boundaries for each TIME zone, and more than one TIME zone may exist within the governing bodies’ jurisdiction or under the governing bodies’ ownership or control, and may be expanded or contracted by resolution of the zone board.

4. (1) To establish a TIME zone, the governing bodies of at least two political subdivisions shall each propose an ordinance or resolution creating such zone. Such ordinance or resolution shall set forth the names of the political subdivisions which will form the TIME zone, the general nature of the proposed improvements, the estimated cost of such improvements, the boundaries of the proposed TIME zone, and the estimated number of new jobs to be created in the TIME zone. Prior to approving such ordinance or resolution, each governing body shall hold a public hearing to consider the creation of the TIME zone and the proposed improvements therein. The governing bodies shall

hear and pass upon all objections to the TIME zone and the proposed improvements, if any, and may amend the proposed improvements, and the plans and specifications therefor.

(2) After the passage or adoption of the ordinance or resolution creating the TIME Zone, governance of the TIME zone shall be by the zone board, which shall consist of seven members selected from the political subdivisions creating the TIME zone. Members of a zone board shall receive no salary or other compensation for their services as members, but shall receive their necessary traveling and other expenses incurred while actually engaged in the discharge of their official duties. The zone board may expand or contract such TIME zone through an ordinance or resolution following a public hearing conducted to consider such expansion or contraction.

5. The boundaries of the proposed TIME zone shall be described by metes and bounds, streets, or other sufficiently specific description.

6. (1) Prior to retaining any state withholding tax pursuant to subsection 9 of this section, a zone board shall enter into an agreement with the department. Such agreement shall include, but shall not be limited to:

(a) The estimated number of new jobs to be created;

(b) The estimated average wage of new jobs to be created;

(c) The estimated net fiscal impact of the new jobs;

(d) The estimated costs of the proposed improvements;

(e) The estimated amount of withholding tax to be retained pursuant to subsection 9 of this section over the period of the agreement; and

(f) A copy of the ordinance establishing the board and a list of its members.

(2) The department shall not approve an agreement with a zone board unless the zone board commits to creating the following number of new jobs:

(a) For a TIME zone with a total population of less than five thousand inhabitants as determined by the most recent decennial census, a minimum of five new jobs with an average wage that equals or exceeds ninety percent of the county average wage;

(b) For a TIME zone with a total population of at least five thousand inhabitants but less than fifty thousand inhabitants as determined by the most recent decennial census, a minimum of ten new jobs with an average wage that equals or exceeds ninety percent of the county average wage;

(c) For a TIME zone with a total population of at least fifty thousand inhabitants but less than one hundred fifty thousand inhabitants as determined by the most recent decennial census, a minimum of fifteen new jobs with an average wage that equals or exceeds ninety percent of the county average wage; and

(d) For a TIME zone with a total population of at least one hundred fifty thousand inhabitants as determined by the most recent decennial census, a minimum of twenty-five new jobs with an average wage that equals or exceeds ninety percent of the county average wage.

7. (1) The term of the agreement entered into pursuant to subsection 6 of this section shall not exceed ten years. A zone board may apply to the department for approval to renew any agreement.

Such application shall be made on forms provided by the department. In determining whether to approve the renewal of an agreement, the department shall consider:

- (a) The number of new jobs created and the average wage and net fiscal impact of such jobs;
- (b) The outstanding improvements to be made within the TIME zone and the funding necessary to complete such improvements; and
- (c) Any other factor the department requires.

(2) The department may approve the renewal of an agreement for a period not to exceed ten years. If a zone board has not met the new job requirements pursuant to subdivision (2) of subsection 6 of this section by the end of the agreement, the department shall recapture from such zone board the amount of withholding tax retained by the zone board pursuant to this section and the department shall not approve the renewal of an agreement with such zone board.

(3) A zone board shall not retain any withholding tax pursuant to this section in excess of the costs of improvements completed by the zone board.

8. If a qualified company is retaining withholding tax pursuant to sections 620.2000 to 620.2020 for new jobs, as such terms are defined in section 620.2005, that also qualify for the retention of withholding tax pursuant to this section, the department shall not authorize an agreement pursuant to this section that results in more than fifty percent of the withholding tax for such new jobs being retained pursuant to this section and sections 620.2000 to 620.2020.

9. Upon the completion of an agreement pursuant to subsection 6 of this section, twenty-five percent of the state tax withholdings imposed by sections 143.191 to 143.265 on new jobs within a TIME zone after development or redevelopment has commenced shall not be remitted to the general revenue fund of the state of Missouri. Such moneys shall be deposited into the TIME zone fund established pursuant to subsection 10 of this section for the purpose of continuing to expand, develop, and redevelop TIME zones identified by the zone board, and may be used for managerial, engineering, legal, research, promotion, planning, and any other expenses.

10. There is hereby created in the state treasury the "TIME Zone Fund", which shall consist of money collected under this section. The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180 to the zone boards of the TIME zones from which the funds were collected, less the pro-rata portion appropriated by the general assembly to be used solely for the administration of this section, which shall not exceed ten percent of the total amount collected within the TIME zones of a zone board. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

11. The zone board shall approve projects consistent with the provisions of this section that begin construction and disburse any money collected under this section. The zone board shall submit an annual budget for the funds to the department explaining how and when such money will be spent.

12. A zone board shall submit an annual report by December thirty-first of each year to the department and the general assembly. Such report shall include, but shall not be limited to:

- (1) **The locations of the established TIME zones governed by the zone board;**
 - (2) **The number of new jobs created within the TIME zones governed by the zone board;**
 - (3) **The average wage of the new jobs created within the TIME zones governed by the zone board;**
- and**
- (4) **The amount of withholding tax retained pursuant to subsection 9 of this section from new jobs created within the TIME zones governed by the zone board.**

13. No political subdivision shall establish a TIME zone with boundaries that overlap the boundaries of an advanced industrial manufacturing zone established pursuant to section 68.075.

14. The total amount of withholding taxes retained by all TIME zones pursuant to the provisions of this section shall not exceed five million dollars per fiscal year.

15. The department may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2020, shall be invalid and void.

16. Pursuant to section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized pursuant to this section shall sunset automatically on August 28, 2024, unless reauthorized by an act of the general assembly;

(2) If such program is reauthorized, the program authorized pursuant to this section shall sunset automatically twelve years after the effective date of the reauthorization; and

Journal of the Senate

SECOND REGULAR SESSION

FORTY-NINTH DAY—TUESDAY, MAY 5, 2020

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“May God be gracious to us and bless us and make his face shine upon us, . . .” (Psalm 67:1)

Gracious God, The days may grow longer as we do what must be done here and the end of the week seems far away. So we ask Lord that we might be mindful that all the words that are spoken carry with them issues and concerns that others believe as being important to be heard. May due consideration be given to them and even though we may differ let us make our decisions for the greater good for Missouri. We continue to pray for all the “front line” medical people as they continue to address the well being of their patients during this difficult time. And we ask Lord that You guide the minds of researchers as they seek to find a cure against Covid 19. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

SECOND REGULAR SESSION

FIFTIETH DAY—WEDNESDAY, MAY 6, 2020

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Reverend Carl Gauck offered the following prayer:

“Do not, therefore, abandon that confidence of yours; for it has great recompense of reward.” (Hebrews 10:35)

Almighty God You call us to be co-workers with You in this world You have created. Help us to boldly address the difficulties and opposition we encounter as we work to do what is most needful at this dreadful time. Help us Lord to face the uphill climb to bring understanding among us. Help us Lord to be the servants You have called to be here at this time and place to do the work we must complete and may we Lord be bold and achieve the recompense of faithfulness to this calling. In Your Holy Name we pray. Amen.

2. The plan shall perform its functions under a plan of operation and through a governing committee as prescribed in the plan of operation. Any plan of operation, prior to being placed in effect, shall be filed with and approved by the director. Any amendments to the plan of operation so adopted shall also be filed with and approved by the director prior to being placed in effect.

An assessment upon a member insurance company shall be in the same proportion to its share of the voluntary market premium for the type of policies written under the plan. The procedures for levying assessment shall be prescribed in the plan of operation.

7. There shall be no liability imposed on the part of, and no cause of action of any nature shall arise against, any member insurer or any member of the governing committee for any omission or action taken by them in the performance of their powers and duties under this section.”; and

HOUSE AMENDMENT NO. 2

Amend House Committee Substitute for Senate Substitute for Senate Bill No. 618, Page 12, Section 144.030, Line 402, by inserting after all of said section and line the following:

“393.355. 1. As used in this section, the following terms shall mean:

(1) “Electrical corporation”, the same meaning given to the term in section 386.020, but shall not include an electrical corporation as described in subsection 2 of section 393.110;

(2) “Facility”, a:

(a) Facility whose primary industry is the [smelting] **processing** of [aluminum and] primary metals[, Standard Industrial Classification Code 3334];

(b) Facility whose primary industry is the production or fabrication of steel, North American Industrial Classification System 331110; or

(c) Facility with a new or incremental increase in load equal to or in excess of a monthly demand of fifty megawatts.

2. Notwithstanding section 393.130 or any other provision of law to the contrary, the public service commission shall have the authority to approve a special rate, outside a general rate proceeding, that is not based on the electrical corporation's cost of service for a facility if:

(1) The commission determines, but for the authorization of the special rate the facility would not commence operations, the special rate is in the interest of the state of Missouri when considering the interests of the customers of the electrical corporation serving the facility, considering the incremental cost of serving the facility to receive the special rate, and the interests of the citizens of the state generally in promoting economic development, improving the tax base, providing employment opportunities in the state, and promoting such other benefits to the state as the commission may determine are created by approval of the special rate;

(2) After approval of the special rate, the commission allocates in each general rate proceeding of the electrical corporation serving the facility the reduced revenues from the special rate as compared to the revenues that would have been generated at the rate the facility would have paid without the special rate to the electrical corporation's other customers through a uniform percentage adjustment to all components of the base rates of all customer classes; and

(3) The commission approves a tracking mechanism meeting the requirements of subsection 3 of this section.

3. Any commission order approving a special rate authorized by this section to provide service to a facility in the manner specified under subsection 4 of this section shall establish, as part of the commission's approval of a special rate, a tracking mechanism to track changes in the net margin experienced by the electrical corporation serving the facility with the tracker to apply retroactively to the date the electrical corporation's base rates were last set in its last general rate proceeding concluded prior to June 14, 2017. The commission shall ensure that the changes in net margin experienced by the electrical corporation between the general rate proceedings as a result of serving the facility are calculated in such a manner that the electrical corporation's net income is neither increased nor decreased. The changes in net margin shall be deferred to a regulatory liability or regulatory asset, as applicable, with the balance of such regulatory asset or liability to be included in the revenue requirement of the electrical corporation in each of its general rate proceedings through an amortization of the balance over a reasonable period until fully returned to or collected from the electrical corporation's customers.

4. Notwithstanding the provisions of section 393.170, an electrical corporation is authorized to provide electric service to a facility at a special rate for the new or incremental load authorized by the commission:

(1) Under a rate schedule reflecting the special rate approved by the commission; or

(2) If the facility is located outside the electrical corporation's certificated service territory, the facility shall be treated as if it is in the electrical corporation's certified service territory, subject to a commission-

approved rate schedule incorporating the special rate under the contract.

5. To receive a special rate, the electrical corporation serving the facility, or facility if the facility is located outside of the electrical corporation's certified service territory, shall file a written application with the commission specifying the requested special rate and any terms or conditions proposed by the facility respecting the requested special rate and provide information regarding how the requested special rate meets the criteria specified in subdivision (1) of subsection 2 of this section. A special rate provided for by this section shall be effective for no longer than ten years from the date such special rate is authorized. The commission may impose such conditions, including but not limited to any conditions in a memorandum of understanding between the facility and the electrical corporation, on the special rate as it deems appropriate so long as it otherwise complies with the provisions of this section.

6. Any entity which has been granted a special rate under this section may reapply to the commission for a special rate under this section.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 3

Amend House Committee Substitute for Senate Substitute for Senate Bill No. 618, Page 19, Section 393.1900, Line 14, by inserting after all of said section and line the following:

“414.152. 1. Any person found in violation of any provision of sections 414.012 to 414.152 **or section 414.600** shall be deemed guilty of a class A misdemeanor. The prosecutor of each county in which a violation occurs shall be empowered to bring an action hereunder. But if a prosecutor declines to bring such action, then the attorney general may bring an action instead, and in so doing shall have all the powers and jurisdiction of such prosecutor.

2. The prosecuting attorney of any county in which a violation of any provision of this chapter occurs or the attorney general is hereby authorized to apply to any court of competent jurisdiction for, and such court shall have jurisdiction upon hearing and for cause shown to grant, a temporary or permanent injunction to restrain any person from violating any provision of this chapter.

3. Any person who is found, upon investigation by the department of agriculture or by the department of revenue, to be in possible violation of any provision of this chapter shall be notified by certified mail of the facts constituting such violation, and shall be afforded an opportunity by the appropriate director to explain such facts at an informal hearing to be conducted within fourteen days of such notification. In the event that such person fails to timely respond to such notification or upon unsuccessful resolution of any issues relating to an alleged violation, such person may be summoned to a formal administrative hearing before a hearing officer conducted in conformance with chapter 536 and if found to have committed one or more violations, may be ordered to cease and desist from such violation, such order to be enforceable in circuit court, and, in addition, may be required to pay a penalty of not more than five hundred dollars per violation and five hundred dollars for each day such violation continues. Any party to such hearing aggrieved by a determination of a hearing officer may appeal to the circuit court of the county in which such party resides, or if the party is the state, in Cole County, in accordance with chapter 536.

414.600. 1. This section shall be known and may be cited as the “Missouri Made Fuels Act”.

2. For purposes of this section, the following terms shall mean:

(1) “Biodiesel blend”, a blend of diesel fuel and biodiesel fuel between six percent and twenty

percent for on-road and off-road diesel-fueled vehicle use. Biodiesel blend shall comply with the most recent version of ASTM International D7467, Standard Specification of Diesel Fuel Oil;

(2) “Biodiesel fuel”, a renewable, biodegradable, mono alkyl ester combustible liquid fuel that is derived from agricultural and other plant oils or animal fats and that meets the most recent version of ASTM International D6751 Standard Specification for Biodiesel Fuel (B100) Blend Stock for Middle Distillate Fuels. Biodiesel produced from palm oil is not biodiesel fuel for the purposes of this section, unless the palm oil is contained within waste oil and grease collected within the United States.

3. Except as otherwise provided in this section, all diesel fuel sold or offered for sale in Missouri for use in internal combustion engines shall contain at least the following stated percentage of biodiesel fuel oil by volume on and after the following dates:

- (1) April 1, 2022, and until March 31, 2023, five percent;
- (2) April 1, 2023, and until March 31, 2025, ten percent; and
- (3) Beginning April 1, 2025, twenty percent.

Except as provided in this subsection, the minimum content levels in subdivisions (2) and (3) of this subsection are effective during the months of April, May, June, July, August, September, and October only and the minimum content for the remainder of the year is five percent. However, if the Missouri department of agriculture’s division of weights, measures and consumer protection determines that an ASTM International specification or equivalent federal standard exists for the specified biodiesel blend level in subdivisions (2) and (3) of this subsection that adequately addresses technical issues associated with Missouri’s typical weather patterns and publish a notice in the Missouri register to that effect, the department of agriculture may allow the specified biodiesel blend level in subdivisions (2) and (3) of this subsection to be effective year-round. In each year that the seasonal reduction to five percent is in effect, the minimum content level of diesel fuel sold or offered for sale at retail in Missouri from April first to April thirtieth may be less than the level required under subdivisions (2) and (3) of this subsection in order to allow for the transition of blends.

4. The minimum content levels in subdivisions (2) and (3) of subsection 3 of this section become effective on the date specified only if the director of the department of agriculture submits notice in the Missouri register that the following conditions have been met and the state is prepared to move to the next scheduled minimum content level:

(1) An ASTM International specification or equivalent federal standard exists for the next minimum diesel-biodiesel blend; and

(2) A sufficient supply of biodiesel is available and at least fifty percent of the biodiesel is produced in the state of Missouri.

5. By January 15, 2023, and biennially thereafter, the director of the division of energy shall determine the preceding twelve-month rolling average of wholesale diesel price at various pipeline and refinery terminals in Missouri, and the preceding twelve-month rolling average of biodiesel price determined after credits and incentives are subtracted at biodiesel plants in Missouri. The director shall consult with the directors of the department of natural resources and the department of agriculture, and may by emergency rule adjust the biodiesel mandate if a price disparity reported by the directors will cause economic hardship to the state. Any adjustment shall be for a specified period

of time, after which the percentage of biodiesel fuel to be blended into diesel fuel returns to the amount required in subsection 3 of this section. The biodiesel blend shall not be adjusted to less than five percent.

6. The director of the department of agriculture may waive specific requirements in this section and in regulations promulgated according to this section, or may establish temporary alternative requirements for fuels as determined to be necessary in the event of an extreme and unusual fuel supply circumstance as a result of a feed stock shortage, emergency, or a natural disaster as determined by the director for a specified period of time. If any action is taken by the director under this section, the director shall:

- (1) Review the action after thirty days; and
- (2) Notify industry stakeholders of such action.

8. (1) A refinery, position holder, or terminal shall provide, at the time diesel fuel is sold or transferred from the refinery or terminal, a bill of lading or shipping manifest to the person who receives the fuel. For biodiesel blends, the bill of lading or shipping manifest shall disclose biodiesel content, stating volume percentage, gallons of biodiesel per gallons of petroleum diesel base-stock, or an ASTM "Bxx" designation where "xx" denotes the volume percent biodiesel included in the blended product. 3. A political subdivision shall not collect a fee imposed pursuant to section 67.1840 through the provision of in-kind services by a public utility right-of-way user, nor require the provision of in-kind services as a condition of consent to use the political subdivision's public right-of-way; however, nothing in this subsection shall preclude requiring services of a cable television operator, open video system provider or other video programming provider as permitted by federal law.

67.1846. 1. Nothing in sections 67.1830 to 67.1846 relieves the political subdivision of any obligations under an existing franchise agreement in effect on May 1, 2001. Nothing in sections 67.1830 to 67.1846 shall be deemed to relieve a public utility right-of-way user of the provisions of an existing franchise, franchise fees, license or other agreement or permit in effect on May 1, 2001. Nothing in sections 67.1830 to 67.1846 shall prohibit a political subdivision or public utility right-of-way user from renewing or entering into a new or existing franchise, **upon mutual agreement**, as long as all other public utility right-of-way users have use of the public right-of-way on a nondiscriminatory basis. (1) Is entitled under the ordinance to a credit for any amounts paid as business license taxes, **payments in lieu of taxes**, or gross receipts taxes; or

(2) Is not required by the political subdivision to pay the linear foot fee or antenna fee if the public utility right-of-way user is paying gross receipts taxes, business license fees, or business license taxes that are not nominal and that are imposed specifically on communications-related revenue, services, or equipment.

For purposes of this section, a “grandfathered political subdivision” is any political subdivision which has, prior to May 1, 2001, enacted one or more ordinances reflecting a policy of imposing any linear foot fees on any public utility right-of-way user, including ordinances which were specific to particular public right-of-way users. Any existing ordinance or new ordinance passed by a grandfathered political subdivision providing for payment of the greater of a linear foot fee or a gross receipts tax shall be enforceable only with respect to the linear foot fee.

2. A grandfathered political subdivision shall not charge a linear foot fee for use of its right-of-way to a small local exchange telecommunications company that is qualified as of December 31, 2019, as a small local exchange telecommunications company, as defined in section 386.020, provided that the small local exchange telecommunications company is providing internet access to customers in a grandfathered political subdivision.

3. Nothing in sections 67.1830 to 67.1846 shall prohibit a political subdivision from enacting, renewing or enforcing provisions of an ordinance to require a business license tax, sales tax, occupation tax, franchise tax or franchise fee, property tax or other similar tax, to the extent consistent with federal law. Nothing in sections 67.1830 to 67.1846 shall prohibit a political subdivision from enacting, enforcing or renewing provisions of an ordinance to require a gross receipts tax pursuant to chapter 66, chapter 92, or chapter 94. For purposes of this subsection, the term “franchise fee” shall mean “franchise tax”.; and

HOUSE AMENDMENT NO. 5

Amend House Committee Substitute for Senate Substitute for Senate Bill No. 618, Page 12, Section 144.030, Line 402, by inserting after all of said section and line the following:

“393.135. **Except as provided in section 393.1250**, any charge made or demanded by an electrical corporation for service, or in connection therewith, which is based on the costs of construction **work in progress, as that term is defined in section 393.1250**, upon any existing or new [facility of the] electrical

corporation **facility**, or any other cost associated with owning, operating, maintaining, or financing any **such** property before it is fully operational and used for service[, is unjust and unreasonable, and] is prohibited.”; and

Further amend said bill, Page 18, Section 393.1015, Line 107, by inserting after all of said section and line the following:

“393.1250. 1. This section shall be known and may be cited as the “Missouri Nuclear Clean Power Act”, the purpose of which is to enable the construction of clean baseload electric generating plants within this state or facilities that utilize renewable sources to produce energy. This section shall not apply to clean baseload electric generating plants or renewable source generating facilities that are in commercial operation before August 28, 2020.

2. As used in this section, the following terms mean:

(1) “Clean baseload generating plant”, a new nuclear-fueled electric generating facility located in this state that is designed to be operated at a capacity factor exceeding seventy percent annually and is intended in whole or in part to serve retail customers of an electrical corporation in Missouri;

(2) “Construction work in progress”, the electrical corporation’s share of all capital costs associated with a clean baseload generating plant or renewable source generating facility, which have been incurred but have not been included in the electrical corporation’s plant in service, and are recorded in the Federal Energy Regulatory Commission’s Uniform System of Accounts Prescribed for Public Utilities and Licensees Subject to the Provisions of the Federal Power Act, Balance Sheet Chart Accounts, as construction work in progress for electric plants in 18 CFR Part 101, or any other account established in the Uniform System of Accounts for the recording of construction work in progress;

(3) “Renewable source generating facility”, any electric generating facility powered by wind, hydropower, solar power, landfill methane, biomass, or any other renewable source of power that does not produce significant carbon emissions.

3. The provisions of section 393.135 shall not apply to a clean baseload generating plant, or a renewable source generating facility if the plant or facility is rated at two hundred megawatts or more. Costs recovered by an electrical corporation under the provisions of this section are subject to inclusion or exclusion from rates in a ratemaking proceeding pursuant to the commission’s authority to determine just and reasonable rates. In addition, the commission may authorize an electrical corporation to make or demand charges for service based in whole or in part on additional amortizations to maintain the electrical corporation’s financial ratios that will, in the commission’s judgment, better enable the electrical corporation to cost-effectively construct a clean baseload generating plant or a renewable source generating facility.

4. The commission may promulgate rules to assist in the implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after

August 28, 2020, shall be invalid and void.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 6

Amend House Committee Substitute for Senate Substitute for Senate Bill No. 618, Page 1, Section A, Line 5, by inserting after all of said section and line the following:

“137.123. Beginning January 1, 2021, for purposes of assessing all real property, excluding land, or tangible personal property associated with a project that uses wind energy directly to generate electricity, the following depreciation tables shall be used to determine the true value in money of such property. The first year shown in the table shall be the year immediately following the year of construction of the property. The original costs shall reflect either:

(1) The actual and documented original property cost to the taxpayer, as shall be provided by the taxpayer to the assessor; or

(2) In the absence of actual and documented original property cost to the taxpayer, the estimated cost of the property by the assessor, using an authoritative cost guide.

For purposes of this section, and to estimate the value of all real property, excluding land, or tangible personal property associated with a project that uses wind energy directly to generate electricity, each assessor shall apply the percentage shown to the original cost for the first year following the year of construction of the property, and the percentage shown for each succeeding year shall be the percentage of the original cost used for January first of the respective succeeding year as follows:

Year	Percentage
1	40%
2	40%
3	37%
4	37%
5	35%

Any real property, excluding land, or tangible personal property associated with a project that uses wind energy directly to generate electricity shall continue in subsequent years to have the depreciation percentage last listed in the appropriate column in the table.”; and

Further amend said bill, Page 12, Section 144.030, Line 402, by inserting after all of said section and line the following:

“153.030. 1. All bridges over streams dividing this state from any other state owned, used, leased or otherwise controlled by any person, corporation, railroad company or joint stock company, and all bridges across or over navigable streams within this state, where the charge is made for crossing the same, which are now constructed, which are in the course of construction, or which shall hereafter be constructed, and all property, real and tangible personal, owned, used, leased or otherwise controlled by telegraph, telephone, electric power and light companies, electric transmission lines, pipeline companies and express companies shall be subject to taxation for state, county, municipal and other local purposes to the same extent as the property of private persons.

2. And taxes levied thereon shall be levied and collected in the manner as is now or may hereafter be provided by law for the taxation of railroad property in this state, and county commissions, county boards of equalization and the state tax commission are hereby required to perform the same duties and are given the same powers, including punitive powers, in assessing, equalizing and adjusting the taxes on the property set forth in this section as the county commissions and boards of equalization and state tax commission have or may hereafter be empowered with, in assessing, equalizing, and adjusting the taxes on railroad property; and an authorized officer of any such bridge, telegraph, telephone, electric power and light companies, electric transmission lines, pipeline companies, or express company or the owner of any such toll bridge, is hereby required to render reports of the property of such bridge, telegraph, telephone, electric power and light companies, electric transmission lines, pipeline companies, or express companies in like manner as the authorized officer of the railroad company is now or may hereafter be required to render for the taxation of railroad property.

3. On or before the fifteenth day of April in the year 1946 and each year thereafter an authorized officer of each such company shall furnish the state tax commission and county clerks a report, duly subscribed and sworn to by such authorized officer, which is like in nature and purpose to the reports required of railroads under chapter 151 showing the full amount of all real and tangible personal property owned, used, leased or otherwise controlled by each such company on January first of the year in which the report is due.

4. If any telephone company assessed pursuant to chapter 153 has a microwave relay station or stations in a county in which it has no wire mileage but has wire mileage in another county, then, for purposes of apportioning the assessed value of the distributable property of such companies, the straight line distance between such microwave relay stations shall constitute miles of wire. In the event that any public utility company assessed pursuant to this chapter has no distributable property which physically traverses the counties in which it operates, then the assessed value of the distributable property of such company shall be apportioned to the physical location of the distributable property.

5. (1) Notwithstanding any provision of law to the contrary, beginning January 1, 2019, a telephone company shall make a one-time election within the tax year to be assessed:

(a) Using the methodology for property tax purposes as provided under this section; or

(b) Using the methodology for property tax purposes as provided under this section for property consisting of land and buildings and be assessed for all other property exclusively using the methodology utilized under section 137.122.

If a telephone company begins operations, including a merger of multiple telephone companies, after August 28, 2018, it shall make its one-time election to be assessed using the methodology for property tax purposes as described under paragraph (b) of subdivision (1) of this subsection within the year in which the telephone company begins its operations. A telephone company that fails to make a timely election shall be deemed to have elected to be assessed using the methodology for property tax purposes as provided under subsections 1 to 4 of this section.

(2) The provisions of this subsection shall not be construed to change the original assessment jurisdiction of the state tax commission.

(3) Nothing in subdivision (1) of this subsection shall be construed as applying to any other utility.

(4) (a) The provisions of this subdivision shall ensure that school districts may avoid any fiscal impact as a result of a telephone company being assessed under the provisions of paragraph (b) of subdivision (1)

of this subsection. If a school district's current operating levy is below the greater of its most recent voter-approved tax rate or the most recent voter-approved tax rate as adjusted under subdivision (2) of subsection 5 of section 137.073, it shall comply with section 137.073.

(b) Beginning January 1, 2019, any school district currently operating at a tax rate equal to the greater of the most recent voter-approved tax rate or the most recent voter-approved tax rate as adjusted under subdivision (2) of subsection 5 of section 137.073 that receives less tax revenue from a specific telephone company under this subsection, on or before January thirty-first of the year following the tax year in which the school district received less revenue from a specific telephone company, may by resolution of the school board impose a fee, as determined under this subsection, in order to obtain such revenue. The resolution shall include all facts that support the imposition of the fee. If the school district receives voter approval to raise its tax rate, the district shall no longer impose the fee authorized in this paragraph.

(c) Any fee imposed under paragraph (b) of this subdivision shall be determined by taking the difference between the tax revenue the telephone company paid in the tax year in question and the tax revenue the telephone company would have paid in such year had it not made an election under subdivision (1) of this subsection, which shall be calculated by taking the telephone company valuations in the tax year in question, as determined by the state tax commission under paragraph (d) of this subdivision, and applying such valuations to the apportionment process in subsection 2 of section 151.150. The school district shall issue a billing, as provided in this subdivision, to any such telephone company. A telephone company shall have forty-five days after receipt of a billing to remit its payment of its portion of the fees to the school district. Notwithstanding any other provision of law, the issuance or receipt of such fee shall not be used:

- a. In determining the amount of state aid that a school district receives under section 163.031;
- b. In determining the amount that may be collected under a property tax levy by such district; or
- c. For any other purpose.

For the purposes of accounting, a telephone company that issues a payment to a school district under this subsection shall treat such payment as a tax.

(d) When establishing the valuation of a telephone company assessed under paragraph (b) of subdivision (1) of this subsection, the state tax commission shall also determine the difference between the assessed value of a telephone company if:

- a. Assessed under paragraph (b) of subdivision (1) of this subsection; and
- b. Assessed exclusively under subsections 1 to 4 of this section.

The state tax commission shall then apportion such amount to each county and provide such information to any school district making a request for such information.

(e) This subsection shall expire when no school district is eligible for a fee.

6. (1) If any public utility company assessed pursuant to this chapter has ownership of any real or personal property associated with a project which uses wind energy directly to generate electricity, such wind energy project property shall be valued and taxed by any local authorities having jurisdiction under the provisions of chapter 137 and other relevant provisions of the law.

(2) Notwithstanding any provision of law to the contrary, beginning January 1, 2020, for any public utility company assessed pursuant to this chapter which has a wind energy project, such wind energy project

shall be assessed using the methodology for real and personal property as provided in this subsection:

(a) Any wind energy property of such company shall be assessed upon the county assessor's local tax rolls; **and**

(b) [Any property consisting of land and buildings related to the wind energy project shall be assessed under chapter 137; and

(c)] All other [business] **real property, excluding land**, or personal property related to the wind energy project shall be assessed using the methodology provided under section [137.122] **137.123.**"; and

Further amend said bill, Page 26, Section 67.5122, Line 5, by inserting after all of said section and line the following:

“[393.1073. 1. There is hereby established the “Task Force on Wind Energy”, which shall be composed of the following members:

(1) Three members of the house of representatives, with two appointed by the speaker of the house of representatives and one appointed by the minority floor leader of the house of representatives;

(2) Three members of the senate, with two appointed by the president pro tempore of the senate and one appointed by the minority floor leader of the senate; and

(3) Two representatives from Missouri county governments with experience in wind energy valuations, with one being a currently elected county assessor to be appointed by the speaker of the house of representatives, and one being a currently elected county clerk to be appointed by the president pro tempore of the senate.

2. The task force shall conduct public hearings and research, and shall compile a report for delivery to the general assembly by no later than December 31, 2019. Such report shall include information on the following:

(1) The economic benefits and drawbacks of wind turbines to local communities and the state;

(2) The fair, uniform, and standardized assessment and taxation of wind turbines and their connected equipment owned by a public utility company at the county level in all counties;

(3) Compliance with existing federal and state programs and regulations; and

(4) Potential legislation that will provide a uniform assessment and taxation methodology for wind turbines and their connected equipment owned by a public utility company that will be used in every county of Missouri.

3. The task force shall meet within thirty days after its creation and shall organize by selecting a chairperson and vice chairperson, one of whom shall be a member of the senate and the other a member of the house of representatives. Thereafter, the task force may meet as often as necessary in order to accomplish the tasks assigned to it. A majority of the task force shall constitute a quorum, and a majority vote of such quorum shall be required for any action.

4. The staff of house research and senate research shall provide necessary clerical,

research, fiscal, and legal services to the task force, as the task force may request.

5. The members of the task force shall serve without compensation, but any actual and necessary expenses incurred in the performance of the task force's official duties by the task force, its members, and any staff assigned to the task force shall be paid from the joint contingent fund.

6. This section shall expire on December 31, 2019.]"; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

FIFTY-FIRST DAY—THURSDAY, MAY 7, 2020

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Lord God, give to us the trust and faithfulness of Your servant Job that we may also trust You no matter how difficult the work that is before us becomes and how hard the journey through these final days of session may be. Help us Lord to have such a trust in You that we will know Your presence among us and be willing to make bold steps to address the challenges and work we must complete. And help us Lord to keep a mind that is at rest in You so we may always be at peace with what is asked of us. In Your Holy Name we pray. Amen.

“143.425. 1. For the purposes of this section, the following terms shall mean:

(1) “Administrative adjustment request”, an administrative adjustment request filed by a partnership under 26 U.S.C. Section 6227;

(2) “Audited partnership”, a partnership subject to a partnership level audit resulting in a federal adjustment;

(3) “Corporate partner”, a partner that is subject to tax under section 143.071;

(4) “Direct partner”, a partner that holds an interest directly in a partnership or pass-through entity;

(5) “Exempt partner”, a partner that is exempt from taxation under the provisions of subdivisions (1) or (4) of subsection 2 of section 143.441, except on unrelated business taxable income;

(6) “Federal adjustment”, a change to an item or amount determined under the Internal Revenue Code that is used by a taxpayer to compute Missouri individual or corporate income tax owed, whether that change results from action by the IRS, including a partnership level audit, or the filing of an amended federal return, federal refund claim, or an administrative adjustment request by the taxpayer. A federal adjustment is positive to the extent that it increases Missouri taxable income as determined under section 143.431, or Missouri adjusted gross income under section 143.121 or 143.181, and is negative to the extent that it decreases such Missouri taxable income or Missouri adjusted gross income;

(7) “Federal adjustments report”, methods or forms, which shall be prescribed by the department of revenue, for use by a taxpayer to report final federal adjustments, including an amended Missouri tax return, a uniform multistate report, or an information return, notwithstanding any provision of law restricting the form or applicability of information return filing;

(8) “Federal partnership representative”, the person the partnership designates for the taxable year as the partnership’s representative, or the person the IRS has appointed to act as the federal partnership representative, under 26 U.S.C. Section 6223(a);

(9) “Final determination date”, shall be the following:

(a) Except as provided under paragraphs (b) and (c) of this subdivision, if the federal adjustment arises from an IRS audit or other action by the IRS, the final determination date shall be the first day on which no federal adjustments arising from such audit or other action remain to be finally determined, whether by IRS decision with respect to which all rights of appeal have been waived or exhausted, by agreement, or, if appealed or contested, by a final decision with respect to which all rights of appeal have been waived or exhausted. For agreements required to be signed by the IRS and the taxpayer, the final determination date shall be the date on which the last party signed the agreement;

(b) For federal adjustments arising from an IRS audit or other action by the IRS, if the taxpayer filed as a member of a Missouri consolidated return, the final determination date shall be the first day on which no related federal adjustments arising from such audit remain to be finally determined, as described in paragraph (a) of this subdivision, for the entire group;

(c) If the federal adjustment results from filing an amended federal return, a federal refund claim, or an administrative adjustment request, or if it is a federal adjustment reported on an amended federal return or other similar report filed under 26 U.S.C. Section 6225(c), the final determination date shall be the day on which the amended return, refund claim, administrative adjustment request, or other similar report was filed;

(10) “Final federal adjustment”, a federal adjustment that remains in effect after the final determination date for such federal adjustment has passed;

(11) “IRS”, the Internal Revenue Service of the United States Department of the Treasury;

(12) “Indirect partner”, a partner in a partnership or pass-through entity, where such partnership or pass-through entity itself holds a direct or indirect interest in another partnership or pass-through entity. A partnership or pass-through entity holds an “indirect interest” in another partnership or pass-through entity where its interest is held through an indirect partner or series of indirect partners;

(13) “Non-resident partner”, an individual, trust, or estate partner that is not a resident partner;

(14) “Partner”, a person that holds an interest directly or indirectly in a partnership or other pass-through entity;

(15) “Partnership”, the same meaning as used in 26 U.S.C. Sections 701 to 771;

(16) “Partnership level audit”, an examination by the IRS at the partnership level under 26 U.S.C. Sections 6221 to 6241, as enacted by the Bipartisan Budget Act of 2015, Public Law 114-74, and any amendments thereto, which results in federal adjustments;

(17) “Pass-through entity”, an entity, other than a partnership, that is not subject to tax under section 143.071, section 153.020, chapter 148, or a tax on insurance companies or insurance providers imposed by the state of Missouri;

(18) “Publicly traded partnership”, the same meaning as used in 26 U.S.C. Section 7704(b), and any amendments thereto;

(19) “Reallocation adjustment”, a federal adjustment resulting from a partnership level audit or an administrative adjustment request that changes the shares of one or more items of partnership income, gain, loss, expense, or credit allocated to direct partners. A positive reallocation adjustment means the portion of a reallocation adjustment that would increase federal adjusted gross income or federal taxable income for one or more direct partners, and a negative reallocation adjustment means the portion of a reallocation adjustment that would decrease federal adjusted gross income or federal taxable income for one or more direct partners;

(20) “Resident partner”, an individual, trust, or estate partner that is a resident of Missouri as defined under section 143.101 for individuals, or under section 143.331 for trusts or estates, for the relevant tax period;

(21) “Reviewed year”, the taxable year of a partnership that is subject to a partnership level audit which results in a federal adjustment;

(22) “Taxpayer”, any individual or entity subject to a tax in Missouri or a tax-related reporting requirement in Missouri and, unless the context clearly indicates otherwise, includes a partnership subject to a partnership level audit or a partnership that has made an administrative adjustment request, as well as a tiered partner of that partnership;

(23) “Tiered partner”, any partner that is a partnership or pass-through entity;

(24) “Unrelated business taxable income”, the same meaning as defined in 26 U.S.C. Section 512.

2. Except in the case of final federal adjustments that are reported and, if applicable, on the basis of which Missouri income tax is paid by a partnership and its partners using the procedures provided under subsections 3 to 9 of this section, final federal adjustments required to be reported for federal purposes under 26 U.S.C. Section 6225(a)(2), and changes required to be reported under section 143.601, a taxpayer shall report and pay any Missouri tax due with respect to final federal adjustments arising from an audit or other action by the IRS or reported by the taxpayer on a timely filed amended federal income tax return, including a return or other similar report filed under 26 U.S.C. Section 6225(c)(2), or federal claim for refund, by filing a federal adjustments report with the department of revenue for the reviewed year and, if applicable, paying the additional Missouri tax owed by the taxpayer no later than one hundred eighty days after the final determination date.

3. Except for adjustments required to be reported for federal purposes under 26 U.S.C. Section 6225(a)(2), partnerships and partners shall report final federal adjustments arising from a partnership level audit or an administrative adjustment request and make payments as required under subsections 3 to 9 of this section.

4. (1) With respect to an action required or permitted to be taken by a partnership under subsections 3 to 9 of this section, a proceeding under section 143.631 for reconsideration by the director of revenue, appeal to the administrative hearing commission, or review by the judiciary with

respect to such action, the state partnership representative for the reviewed year shall have the sole authority to act on behalf of the partnership, and the partnership's direct partners and indirect partners shall be bound by those actions.

(2) The state partnership representative for the reviewed year is the partnership's federal partnership representative unless the partnership designates in writing another person as its state partnership representative.

(3) The department of revenue may establish reasonable qualifications and procedures for designating a person, other than the federal partnership representative, to be the state partnership representative.

(4) The state partnership representative shall be considered an authorized representative of the partnership and its partners under section 32.057 for the purposes of compliance with this section, or participating in a proceeding described in subdivision (1) of this section.

5. Final federal adjustments subject to the requirements of subsections 3 to 9 of this section, except for those subject to a properly made election under subsection 6 of this section, shall be reported as follows:

(1) No later than ninety days after the final determination date, the partnership shall:

(a) File a completed federal adjustments report with the department of revenue, including information as required by the department of revenue;

(b) Notify each of its direct partners of their distributive share of the final federal adjustments including information as required by the department of revenue;

(c) Pay any additional amount under section 143.411 that would have been due had the final federal adjustments originally been reported properly, unless the partnership is a publicly traded partnership; and

(d) If the partnership is a publicly traded partnership, report such information as is required by the department of revenue and in the manner and format as required by department of revenue instruction, including the name, address, and taxpayer identification number of each direct partner with income in Missouri which the publicly traded partnership can reasonably determine to be:

a. Six hundred dollars or more if the partner is an individual; or

b. One hundred dollars or more if the partner is a corporation or entity other than an individual;

(2) No later than one hundred eighty days after the final determination date, each direct partner that is subject to tax under sections 143.011 to 143.996, section 153.020, chapter 148, or a Missouri tax on insurance companies or insurance providers, shall:

(a) File a federal adjustments report reporting the distributive share of the adjustments reported to them under paragraph (b) of subdivision (1) of this subsection; and

(b) Pay any additional amount of tax due as if final federal adjustments had been properly reported, plus any penalty and interest due under sections 143.011 to 143.996 or any other provision of law, and less any credit for related amounts paid or withheld and remitted on behalf of the direct partner. The rate of interest on any amount due shall be determined by section 32.068.

6. (1) Subject to the limitations provided under subdivision (2) of this subsection, an audited partnership making an election under this subsection shall:

(a) No later than ninety days after the final determination date, file a completed federal adjustments report, including information as required by department of revenue, and notify the department of revenue that it is making the election under this subsection;

(b) No later than ninety days after the final determination date, pay an amount, determined as follows, in lieu of taxes owed by its direct and indirect partners:

a. Exclude from final federal adjustments the distributive share of such adjustments reported to a direct exempt partner not subject to tax under sections 143.011 to 143.996;

b. For the total distributive shares of the remaining final federal adjustments reported to direct corporate partners subject to tax under section 143.071, and to direct exempt partners subject to tax under sections 143.011 to 143.996, apportion and allocate such adjustments as provided under section 143.455 if applicable, and multiply the resulting amount by the tax rate provided under section 143.071 for direct corporate partners and direct exempt partners that are corporations, or the top rate of tax under section 143.011 for direct exempt partners that are not corporations;

c. For the total distributive shares of the remaining final federal adjustments reported to non-resident direct partners subject to tax under sections 143.011 to 143.996, determine the amount of such adjustments which is derived from or connected with sources in Missouri as described in section 143.421, and multiply the resulting amount by the highest rate of tax under section 143.011;

d. For the total distributive shares of the remaining final federal adjustments reported to tiered partners:

(i) Determine the amount of such adjustments which is of a type such that it would be subject to sourcing to this state under section 143.421; and then determine the portion of such amount that would be sourced to the state under section 143.421;

(ii) Determine the amount of such adjustments which is of a type such that it would not be subject to sourcing to Missouri by a nonresident partner under section 143.421;

(iii) Determine the portion of the amount determined in item (ii) of this subparagraph that can be established, under regulation issued by the department of revenue, to be properly allocable to nonresident indirect partners or other partners not subject to tax on the adjustments;

(iv) Multiply the sum of the amounts determined in items (i) and (ii) of this subparagraph, reduced by the amount determined in item (iii) of this subparagraph, by the highest rate of tax under section 143.011;

e. For the total distributive shares of the remaining final federal adjustments reported to resident direct partners subject to tax under section 143.011 or 143.061, multiply such amount by the highest rate of tax under section 143.011;

f. For the total distributive shares of the remaining final federal adjustments reported to direct partners subject to tax under chapter 148, section 153.020, or a Missouri tax on insurance companies or insurance providers, apportion and allocate such adjustments in the manner provided by law for such tax, if applicable, and multiply the resulting amount by the tax rate applicable to such direct partner;

g. Add the amounts determined under subparagraphs b to f of this paragraph, in addition to any penalty and interest as provided under sections 143.011 to 143.961 or any other provision of law. The rate of interest on any amount due shall be determined by section 32.068.

(2) Final federal adjustments subject to the election provided for under this subsection shall not include:

(a) The distributive share of final audit adjustments that would, under section 143.455, be included in the apportionable income of any direct or indirect corporate partner, provided that the audited partnership can reasonably determine such amount; and

(b) Any final federal adjustments resulting from an administrative adjustment request.

(3) An audited partnership not otherwise subject to any reporting or payment obligation to Missouri that makes an election under this subsection consents to be subject to Missouri law related to reporting, assessment, payment, and collection of Missouri tax calculated under this subsection.

7. The direct and indirect partners of an audited partnership that are tiered partners, and all of the partners of such tiered partners that are subject to tax under sections 143.011 to 143.961, shall be subject to the reporting and payment requirements of subsection 5 of this section, and such tiered partners shall be entitled to make the election provided under subsection 6 of this section. The tiered partners or their partners shall make required reports and payments no later than ninety days after the time for filing and furnishing statements to tiered partners and their partners as established under 26 U.S.C. Section 6226. The department of revenue may promulgate rules to establish procedures and interim time periods for the reports and payments required by tiered partners and their partners, and for making the elections under subsection 6 of this section.

8. (1) The election made under subsection 6 of this section shall be irrevocable, unless the director of revenue, in his or her discretion or that of the directors' designee, determines otherwise.

(2) If properly reported and paid by the audited partnership or tiered partner, the amount determined under subdivision (2) of subsection 6 of this section shall be treated as paid in lieu of taxes owed by its direct and indirect partners, to the extent applicable, on the same final federal adjustments. The direct partners or indirect partners shall not take any deduction or credit on the determined amount, or claim a refund of such amount in this state. Nothing in this subsection shall preclude a direct resident partner from claiming a credit against the tax otherwise due to this state under section 143.081, or any amounts paid by the audited partnership or tiered partner on the resident partner's behalf to another state or local tax jurisdiction in accordance with the provisions of section 143.081.

9. Nothing in subsections 3 to 9 of this section shall be construed to prevent the department of revenue from assessing direct partners or indirect partners for taxes owed by such partners, using the best information available, in the event that a partnership or tiered partner fails to timely make any report or payment required under subsections 3 to 9 of this section for any reason.

10. The department of revenue shall assess additional tax, interest, additions to tax, and penalties arising from final federal adjustments arising from an audit by the IRS, including a partnership level audit, or reported by the taxpayer on an amended federal income tax return, or as part of an administrative adjustment request by no later than the latest of the following dates:

(1) If a taxpayer files with the department of revenue a federal adjustments report or an amended Missouri tax return as required within the period provided under subsections 2 to 9 of this section, the department of revenue shall assess any amounts, including taxes, interest, additions to tax, and penalties arising from such federal adjustments if the department of revenue issues a notice of the assessment to the taxpayer no later than:

(a) The expiration of the limitations period provided under section 143.711; or

(b) The expiration of the one year period following the date of filing with the department of revenue of the federal adjustments report;

(2) If the taxpayer fails to file the federal adjustments report within the period provided under subsections 2 to 9 of this section, as appropriate, or the federal adjustments report filed by the taxpayer omits final federal adjustments or understates the correct amount of tax owed, the department of revenue shall assess amounts or additional amounts including taxes, interest, additions to tax, and penalties arising from the final federal adjustments, if it mails a notice of the assessment to the taxpayer by a date which is the latest of the following:

(a) The expiration of the limitations period provided under section 143.711;

(b) The expiration of the one year period following the date the federal adjustments report was filed with the department of revenue; or

(c) Absent fraud, the expiration of the six-year period following the final determination date.

11. A taxpayer may make estimated payments to the department of revenue of the Missouri tax expected to result from a pending IRS audit, prior to the due date of the federal adjustments report, without having to file such report with the department of revenue. The estimated tax payments shall be credited against any tax liability ultimately found to be due to Missouri and shall limit the accrual of further interest on such amount. If the estimated tax payments exceed the final tax liability and interest ultimately determined to be due, the taxpayer shall be entitled to a refund or credit for the excess, provided the taxpayer files a federal adjustments report or claim for refund or credit of tax under section 143.781 or 143.821 no later than one year following the final determination date.

12. Except for final federal adjustments required to be reported for federal purposes under 26 U.S.C. Section 6225(a)(2), a taxpayer may file a claim for refund or credit of tax arising from federal adjustments made by the IRS on or before the later of:

(1) The expiration of the last day for filing a claim for refund or credit of Missouri tax under section 143.801, including any extensions; or

(2) One year from the date a federal adjustments report required under subsections 2 to 9 of this section, as applicable, was due to the department of revenue, including any extensions provided under subsection 13 of this section.

The federal adjustments report shall serve as the means for the taxpayer to report additional tax due, report a claim for refund or credit of tax, and make other adjustments resulting from adjustments to the taxpayer's federal taxable income.

13. (1) Unless otherwise agreed in writing by the taxpayer and the department of revenue, any adjustments by the department or by the taxpayer made after the expiration of the appropriate limitations period provided under section 143.711 or 143.801 shall be limited to changes to the

taxpayer's tax liability arising from federal adjustments.

(2) For purposes of compliance with this section, the time periods provided for in chapter 143 may be extended:

(a) Automatically, upon written notice to the department of revenue, by ninety days for an audited partnership or tiered partner which has one hundred or more direct partners; or

(b) By written agreement between the taxpayer and the department of revenue.

(3) Any extension granted under this subsection for filing the federal adjustments report extends the last day prescribed by law for assessing any additional tax arising from the adjustments to federal taxable income and the period for filing a claim for refund or credit of taxes under section 143.781 or 143.821.

14. The department of revenue shall promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2020, shall be invalid and void.

15. The provisions of this section shall apply to any adjustments to a taxpayer's federal taxable income or federal adjusted gross income with a final determination date occurring on or after January 1, 2021."; and

Further amend said bill, Pages 26-27, Section 144.805, Lines 1-34, by deleting all of said section and lines from the bill; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.
