AN ACT

To amend chapter 168, RSMo, by adding thereto one new section relating to a loan repayment assistance program for teachers working in certain school districts.

Be it enacted by the General Assembly of the state of Missouri, as follows:

Section A. Chapter 168, RSMo, is amended by adding thereto one new section, to be
2 known as section 168.610, to read as follows:

**168.610. 1. The "Missouri Essential Needs School Districts Loan Repayment
2 Assistance Program", which is hereby created, shall make undergraduate and graduate
3 loan repayment assistance available, subject to appropriation, to eligible teachers in
4 essential needs school districts, as that term is defined in subdivision (1) of subsection 2 of
5 this section.**

**6 2. To be eligible for the loan repayment assistance program established pursuant
7 to this section, a candidate shall:**

**8 (1) Be a full-time teacher in an "essential needs school district", which means, for
9 purposes of this section, a school district in this state that, as of August 28, 2001, or at any
10 time thereafter, is either unaccredited or provisionally accredited;**

**11 (2) Have declared an intent to teach, for at least the number of years for which any
12 loan repayment assistance is received, in an essential needs school district;**

**13 (3) Have received and maintained his or her certification for any year in which any
14 loan repayment is received; and**

**15 (4) Have graduated with at least a 2.50 cumulative grade point average on a 4.00
16 scale, or an equivalent grade point average on any other scale, from a nationally accredited
17 teacher education program.**

18 3. Loan repayment assistance may be awarded to any eligible teacher for any school

19 year which begins in any of the first five years after the initial repayment period began on
20 either any undergraduate or graduate student loan. The repayment assistance shall be in
21 an amount not to exceed four thousand dollars in loan principal plus applicable accrued
22 interest for each full year of eligible teaching service. For purposes of this subsection,
23 "school year" means one full calendar year, beginning on the effective date listed on any
24 teacher contract, or the first day of required work for a teacher in a school year if no such
25 contract exists.

26 4. Any teacher receiving loan repayment assistance pursuant to this section who
27 loses his or her certification, is terminated or who quits his or her teaching position in an
28 essential needs school district shall, upon such loss, termination or quitting, immediately
29 lose the pro-rata share of loan repayment assistance to which that person would have been
30 entitled for the remainder of the school year; except that, a teacher receiving loan
31 repayment assistance who has lost his or her certification and subsequently has his or her
32 certification reinstated may have loan repayment assistance reinstated for any remainder
33 of the school year during which that teacher was certified.

34 5. The state board of education shall work with local school districts to develop
35 rules to implement this section. The board is authorized to adopt those rules that are
36 reasonable and necessary to accomplish the limited duties specifically delegated pursuant
37 to this section. No rule or portion of a rule promulgated pursuant to this section shall
38 become effective unless it has been promulgated pursuant to the provisions of chapter 536,
39 RSMo.
