*Be it enacted by the General Assembly of the state of Missouri, as follows:*

Section A. Section 334.070, RSMo 2000, is repealed and one new section enacted in lieu thereof, to be known as section 334.070, to read as follows:

334.070. 1. Upon due application therefor and upon submission by such person of evidence satisfactory to the board that he **or she** is licensed to practice in this state, and upon the payment of fees required to be paid by this chapter, the board shall issue to [him] **such person** a certificate of registration. The certificate of registration shall contain the name of the person to whom it is issued and [his] **the person's** office address and residence address, the expiration date, and the date and number of the license to practice.

2. Every person shall, upon receiving such certificate, cause it to be conspicuously displayed at all times in every office maintained by him **or her** in the state, **and the certificate number and expiration date shall be easily readable from a reasonable distance.** If [he] **such person** maintains more than one office in this state, the board shall without additional fee issue to [him] **such person** duplicate certificates of registration for each office so maintained. If any registrant shall change the location of his **or her** office during the period for which any certificate of registration has been issued, [he] **the registrant** shall, within fifteen days thereafter, notify the board of such change and it shall issue to him **or her** without additional fee a new registration certificate showing the new location.
