

JOURNAL OF THE HOUSE

Second Regular Session, 91st GENERAL ASSEMBLY

THIRTY-FOURTH DAY, THURSDAY, MARCH 7, 2002

Speaker Pro Tem Abel in the Chair.

Prayer by Reverend Rudy Beard.

Gracious God: You have given us life and placed about and within us all that we need. Help us to be sensitive to Your Spirit brooding over us. Save us from the tensions that break us down.

Keep these men and women of the House, and their staff, in Your mercy this day. And bring Your peace to all who are caught-up in worry and the pressures that drive the House. Grant patience and good humor where it is most needed, and to You be glory and honor. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Kurt Doenges, Whitley Almond, Brian Eddington, Jennifer Fox, Theodore Kremer, Michelle Valleroy and Zachary Miller.

The Journal of the thirty-third day was approved as printed.

COMMITTEE REPORTS

Committee on Banks and Financial Institutions, Chairman Liese reporting:

Mr. Speaker: Your Committee on Banks and Financial Institutions, to which was referred **HR 51**, begs leave to report it has examined the same and recommends that the **House Committee Substitute Do Pass**.

HOUSE COMMITTEE SUBSTITUTE FOR HOUSE RESOLUTION NO. 51

WHEREAS, during the interim between the First and Second Regular Sessions of the Ninety-first General Assembly, the House Interim Committee on Consumer Protection and Credit Cards on College Campuses met, took testimony, deliberated, and concluded its investigation of the recent increase in credit card debt among college students in Missouri; and

WHEREAS, the House Interim Committee on Consumer Protection and Credit Cards on College Campuses submitted a report to the Speaker of the House of Representatives which included the recommendations of the committee; and

WHEREAS, technology and consumerism during the last 15 years have combined to make the ownership of a credit card by college students commonplace, while many students may not be ready for the financial responsibility associated with the ownership of a credit card; and

WHEREAS, some credit card companies actively pursue the college student market through displays, free gifts, and the inclusion of application forms in shopping bags, without any obligation to inform the student applicant of the negative aspects of credit cards, the appropriate use of credit cards, or the responsibilities of debt; and

WHEREAS, almost 4 out of every 5 students entering college having never received any kind of school instruction on personal finance and school policies regarding credit card solicitation vary among Missouri's 32 public colleges and universities; and

WHEREAS, while most of the major credit card companies state that they have systems in place to assist cardholders who have trouble with excess debt, there is very little oversight of the practices of credit card companies on college campuses; and

WHEREAS, the recently enacted federal education legislation, H.R.1 (Public Law 107-110), the No Child Left Behind Act, sets aside for the first time federal moneys for personal finance education and financial literacy projects for students in public elementary and secondary schools, with additional funds available to monitor the impact of these programs and train teachers and administrators on financial education matters:

NOW, THEREFORE, BE IT RESOLVED that we, the members of the Missouri House of Representatives, Ninety-first General Assembly, urge the Department of Elementary and Secondary Education to incorporate personal finance and consumer education into the curriculum for public school grades kindergarten through twelfth, and that the MAP test be adjusted accordingly to test for retention and progress;

BE IT FURTHER RESOLVED that we urge the Coordinating Board of Higher Education to require each publicly funded institution of higher learning to establish a written policy on credit card solicitation of college students and address the credit card debt problem experienced by some college students by:

- (1) Limiting or restricting the availability of space to market credit cards on campus;
- (2) Limiting or restricting the number of solicitors allowed on campus;
- (3) Prohibiting specific marketing practices on campus, such as free gifts and applications placed in shopping bags;
- (4) If applications for credit cards are permitted to be placed in shopping bags, including pamphlets on credit card debt in bookstore shopping bags;
- (5) Determining how and whether alumni associations are allowed to solicit undergraduate students on campus and at athletic events; and
- (6) Determining what information credit card companies must provide to students when soliciting on campus, such as the long-term effect of compounded interest and disclosure of fees not prominently contained in the companies' credit card applications and contracts, the fact that the credit card company is not affiliated with the school, and the possible effects of developing a poor credit history; and

BE IT FURTHER RESOLVED that we urge the Coordinating Board of Higher Education to establish policies to:

- (1) Restrict access to student information by third parties for nonacademic purposes;
- (2) Give students the ability to "opt out" of student listings accessed by credit card companies without an all or nothing approach;
- (3) Have available education on personal finance, credit cards, and debt management as part of the college's orientation or as a regular college course, and include information in student handbooks; and
- (4) The advertisement of the availability of credit counseling for students; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the Department of Elementary and Secondary Education and the Coordinating Board for Higher Education.

HOUSE COMMITTEE SUBSTITUTE
FOR
HOUSE CONCURRENT RESOLUTION NO. 11

WHEREAS, the State of Missouri borders 488 miles of the Mississippi River; and

WHEREAS, many of Missouri's locks and dams are more than 60 years old and only 600 feet long, making them unable to accommodate modern barge tows of 1,200 feet long, nearly tripling locking times, and causing lengthy delays and ultimately increasing shipping costs; and

WHEREAS, the use of 1,200-foot locks has been proven nationwide as the best method of improving efficiency, reducing congestion, and modernizing the inland waterways; and

WHEREAS, the construction of the lock and dam system has spurred economic growth and a higher standard of living in the Mississippi and Illinois river basin, and today supplies more than 300 million tons of the nation's cargo, supporting more than 400,000 jobs, including 90,000 in manufacturing; and

WHEREAS, more than 60 percent of American agriculture exports, including corn, wheat, and soybeans, are shipped down the Mississippi and Illinois rivers on the way to foreign markets; and

WHEREAS, Missouri farmers, producers, and consumers rely on efficient transportation to remain competitive in a global economy, and efficiencies in river transport offset higher production costs compared to those incurred by foreign competitors; and

WHEREAS, the Upper Mississippi and Illinois lock and dam system saves our nation more than 1.5 billion dollars in higher transportation costs each year, and failing to construct 1,200-foot locks will cause farmers to use more expensive alternative modes of transportation, including trucks and trains; and

WHEREAS, according to the United States Army Corps of Engineers, congestion along the Upper Mississippi and Illinois rivers is costing Missouri and other producers and consumers in the basin 98 million dollars a year in higher transportation costs; and

WHEREAS, river transportation is the most environmentally friendly form of transporting goods and commodities, creating almost no noise pollution and emitting 35 to 60 percent fewer pollutants than either trucks or trains according to the United States Environmental Protection Agency; and

WHEREAS, moving away from river transport would add millions of trucks and rail cars to our nation's infrastructure, adding air pollution, traffic congestion, and greater wear and tear on highways; and

WHEREAS, backwater lakes created by the lock and dam system provide breeding grounds for migratory waterfowl and fish; and

WHEREAS, the lakes and 500 miles of wildlife refuge also support a billion-dollar-a-year recreational industry, including hunting, fishing, and tourism jobs; and

WHEREAS, upgrading the system of locks and dams on the Upper Mississippi and Illinois rivers will provide 3,000 high-paying construction and related jobs over a 15 to 20 year period with health benefits which will benefit not only those directly employed, but the local health care systems and economies of the communities in which these individuals live and work; and

WHEREAS, in 1999, the State of Missouri shipped 18.8 million tons of commodities, including grain, coal, chemicals, aggregates, and other products; and

WHEREAS, 38.6 million tons of commodities, including grain, coal, chemicals, aggregates, and other products, were shipped to, from, and within Missouri by barge, representing 4.2 billion dollars in value; and

WHEREAS, shippers moving by barge in Missouri realized a savings of approximately \$380 million compared to other transportation modes; and

WHEREAS, Missouri docks shipped products by barge to 18 states and received products from 17 states; and

WHEREAS, the Port of Metropolitan St. Louis shipped and received 32.6 million tons of commodities in 1999 worth over 5 billion dollars and is the second busiest inland port in the United States, linking rural Missouri and St. Louis with world markets; and

WHEREAS, there are approximately 183 manufacturing facilities, terminals, and docks on the waterways of Missouri, representing thousands of jobs in this state:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-first General Assembly, Second Regular Session, the Senate concurring therein, hereby recognize the importance of inland waterway transportation to Missouri agriculture and industry in the state, the region, and the nation, and urge the United States Congress to authorize funding to construct 1,200-foot locks on the Upper Mississippi and Illinois River System; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the President of the United States Senate, the Speaker of the United States House of Representatives, the Chair of the United States Senate Committee on Commerce, Science, and Transportation, the Chair of the United States House Committee on Transportation and Infrastructure, and each member of the Missouri Congressional Delegation.
