

FIRST REGULAR SESSION

HOUSE BILL NO. 160

92ND GENERAL ASSEMBLY

INTRODUCED BY REPRESENTATIVES LUETKEMEYER AND HAMPTON (Co-sponsors).

Read 1st time January 13, 2003, and copies ordered printed.

STEPHEN S. DAVIS, Chief Clerk

0703L.011

AN ACT

To repeal sections 306.010, 306.016, 306.100, 306.112, 306.114, 306.116, 306.117, 306.119, 306.125, 306.126, 306.140, 306.142, 306.165, and 306.221, RSMo, and to enact in lieu thereof fourteen new sections relating to watercraft regulations, with penalty provisions.

Be it enacted by the General Assembly of the state of Missouri, as follows:

Section A. Sections 306.010, 306.016, 306.100, 306.112, 306.114, 306.116, 306.117, 2 306.119, 306.125, 306.126, 306.140, 306.142, 306.165, and 306.221, RSMo, are repealed and 3 fourteen new sections enacted in lieu thereof, to be known as sections 306.010, 306.016, 4 306.100, 306.112, 306.114, 306.116, 306.117, 306.119, 306.125, 306.126, 306.140, 306.142, 5 306.165, and 306.221, to read as follows:

306.010. As used in this chapter the following terms mean:

- 2 (1) "Motorboat", any vessel propelled by machinery, whether or not such machinery is 3 a principal source of propulsion;
- 4 (2) "Operate", to navigate or otherwise use a motorboat or a vessel;
- 5 (3) "Operator", the person who operates or has charge of the navigation or use of a 6 vessel;
- 7 (4) "Owner", a person other than a lienholder, having the property in or title to a 8 motorboat. The term includes a person entitled to the use or possession of a motorboat subject 9 to an interest of another person, reserved or created by agreement and securing payment or 10 performance of an obligation, but the term excludes a lessee under a lease not intended as 11 security;
- 12 (5) "Parasailing", the towing of any person equipped with a parachute or kite equipment

EXPLANATION — Matter enclosed in bold faced brackets [thus] in this bill is not enacted and is intended to be omitted in the law. Matter in boldface type in the above law is new proposed language.

13 by any watercraft operating on the waters of this state;

14 (6) "Personal watercraft", a class of vessel, which is less than sixteen feet in length,
15 propelled by machinery which is designed to be operated by a person sitting, standing or kneeling
16 on the vessel, rather than being operated by a person sitting or standing inside the vessel;

17 (7) **"Racing shell", "racing canoes", "racing kayak" and "rowing scull", a**
18 **manually propelled watercraft that is recognized by national or international racing**
19 **associations for use in competitive racing and one in which all occupants row, scull or**
20 **paddle, and is not designed to carry and does not carry any equipment not solely for**
21 **competitive racing;**

22 (8) **"Skiing", the towing of any person or persons on skis, kneeboards, tubes or**
23 **similar devices by any watercraft;**

24 (9) "Vessel", every motorboat and every description of motorized watercraft, and any
25 watercraft more than twelve feet in length which is powered by sail alone or by a combination
26 of sail and machinery, used or capable of being used as a means of transportation on water, but
27 not any watercraft having as the only means of propulsion a paddle or oars;

28 [(8)] (10) "Watercraft", any boat or craft, including a vessel, used or capable of being
29 used as a means of transport on waters;

30 [(9)] (11) "Waters of this state", any waters within the territorial limits of this state and
31 lakes constructed or maintained by the United States Army Corps of Engineers except bodies of
32 water owned by a person, corporation, association, partnership, municipality or other political
33 subdivision, public water supply impoundments, and except drainage ditches constructed by a
34 drainage district, but the term does include any body of water which has been leased to or owned
35 by the state department of conservation.

306.016. 1. By January 1, 1995, the owner of any vessel documented by the United
2 States Coast Guard on August 28, 1994, and the new owner of any vessel purchased after August
3 28, 1994, who upon the sale or transfer of the vessel desires to document the vessel with the
4 United States Coast Guard, shall apply for a vessel certificate of registration and pay a
5 certification fee of seven dollars and fifty cents, an initial registration fee in an amount equal to
6 the amount required for a certificate of number [under] **pursuant to** section 306.030 and all
7 applicable state and local or in lieu watercraft taxes as provided by law in effect on the date the
8 vessel was documented or submit proof that all applicable registration fees have been paid to the
9 department of revenue and all applicable taxes or in lieu watercraft taxes have been paid in this
10 or another state. Such application shall include the county in which such vessel will be normally
11 maintained by the new owner. A certificate of registration and a set of registration decals in a
12 form the director shall prescribe shall be issued for a documented vessel. A Missouri resident
13 shall make application for a vessel certificate of registration within thirty days of acquiring or

14 bringing the vessel into this state. A nonresident shall make application for a vessel certificate
 15 of registration within sixty days after acquiring a vessel in this state or bringing a vessel into this
 16 state if the vessel will be kept in this state for a period in excess of sixty consecutive days. A
 17 delinquency penalty fee of ten dollars shall be imposed for each thirty days of delinquency, not
 18 to exceed a total of thirty dollars. If the director of revenue learns that any person has failed to
 19 make application for a vessel certificate of registration in accordance with this section or has sold
 20 a vessel documented by the United States Coast Guard without obtaining a certificate of
 21 registration as provided in this section, the director shall cancel the registration of all vessels and
 22 outboard motors registered in the name of the person, either as sole owner or a co-owner, and
 23 shall notify the person that the cancellation will remain in force until the person pays the
 24 delinquency penalty fee together with all fees, charges, and payments which the person should
 25 have paid in connection with the vessel certificate of registration. **A penalty fee or cancellation**
 26 **may only be imposed as provided in this section upon a person who documented a vessel**
 27 **with the United States Coast Guard prior to August 28, 1994, if that person received at**
 28 **least thirty days' notice that registration of such vessel is required with the department of**
 29 **revenue.**

30 2. A boat or vessel documented by the United States Coast Guard or other agency of the
 31 federal government and operated on the waters of this state shall not be liable for the payment
 32 of any state or local sales or use tax on the purchase, but shall be liable for the payment of an in
 33 lieu watercraft tax, which is hereby imposed. The in lieu watercraft tax shall be collected by the
 34 director of revenue and deposited in the state treasury to the credit of general revenue and shall
 35 be appropriated for use by the Missouri state water patrol. Watercraft dealers in this state shall
 36 report to the director of revenue on forms furnished by the director the sale of each watercraft
 37 sold to a resident of this state. If the watercraft is registered and licensed pursuant to the
 38 provisions of this chapter and all applicable sales taxes have been paid, the director shall not
 39 collect the in lieu tax imposed by this subsection. If the watercraft is registered with the United
 40 States Coast Guard or other agency of the federal government and not [under] **pursuant to** the
 41 provisions of this chapter the director shall bill the purchaser of the watercraft for the in lieu tax
 42 imposed by this subsection. Any person who fails to pay the in lieu tax due [under] **pursuant**
 43 **to** this section, within thirty days after receipt of the bill from the director of revenue, shall be
 44 liable to the same penalties imposed by law for failure to pay sales and use taxes due the state.
 45 The in lieu tax shall be determined as follows:

46 PURCHASE PRICE OF WATERCRAFT	TAX DUE
47 \$50,000 or less	\$ 650.00
48 \$50,001 to \$100,000	1,250.00
49 \$100,001 to \$150,000	1,850.00

50	\$150,001 to \$200,000	2,450.00
51	\$200,001 and above	3,050.00

52 3. The registration decals for any vessel documented by the United States Coast Guard
53 shall be in force and effect for a period of three years so long as the vessel is owned or held by
54 the original holder of the certificate of registration and shall be renewed upon application and
55 payment of a registration renewal fee equal to the amount required for a certificate of number
56 [under] **pursuant to** section 306.030. The owner shall attach the registration decals to both sides
57 of the forward half of the bow of the documented vessel in a place that is fully visible.

58 4. The department of revenue may issue a temporary vessel certificate of registration
59 authorizing the operation of a vessel to be documented by the United States Coast Guard for not
60 more than sixty days. The temporary registration shall be made available by the department of
61 revenue and may be purchased from the department of revenue or from a dealer upon proof of
62 purchase of a vessel. The department shall make temporary certificates of registration available
63 to registered dealers in this state in sets of ten. The fee for the temporary certificates of
64 registration shall be five dollars each. No dealer shall charge more than five dollars for each
65 temporary certificate of registration issued. The temporary registration shall be valid for a period
66 of sixty days from the date of issuance by the department of revenue to the purchaser of the
67 vessel or from the date of sale of the vessel by a dealer from which the purchaser obtains a
68 certificate of registration. The temporary certificate of registration shall be issued on a form
69 prescribed by the department of revenue and issued only for the purchaser's use in the operation
70 of the vessel purchased to enable the purchaser to legally operate the vessel while a certificate
71 of registration is being obtained, and shall be displayed on no other vessel. Temporary
72 certificates of registration issued [under] **pursuant to** this section shall not be transferable or
73 renewable and shall not be valid upon issuance of a proper certificate of registration. The dealer
74 or authorized agent shall insert the date of issuance and expiration date, year, make and the
75 manufacturer's identification number of the vessel on the temporary registration when issued to
76 the purchaser. The dealer shall complete the information on the temporary registration in full.
77 Every dealer that issues a temporary certificate of registration shall keep, for inspection by
78 authorized officers, a correct record of each temporary certificate of registration issued by the
79 dealer by recording the registration number, purchaser's name and address, year, make and
80 manufacturer's identification number of the vessel on which the temporary certificate of
81 registration is to be used and the date of issuance.

82 5. Upon the sale or transfer of any vessel documented by the United States Coast Guard
83 for which a certificate of registration has been issued, the registration shall be terminated. If the
84 new owner elects to have the vessel documented by the United States Coast Guard, the new
85 owner shall submit, in addition to the properly assigned certificate of registration, proof of

86 release from the documentation provided by the United States Coast Guard and shall comply
87 with the provisions of this section. If the new owner elects not to document the vessel with the
88 United States Coast Guard, the owner shall comply with the applicable provisions of this chapter.

89 6. The certificate of registration shall be available at all times for inspection on the vessel
90 for which it is issued, whenever the vessel is in operation.

306.100. 1. For the purpose of this section, vessels shall be divided into four classes as
2 follows:

- 3 (1) Class A, less than sixteen feet in length;
- 4 (2) Class 1, at least sixteen and less than twenty-six feet in length;
- 5 (3) Class 2, at least twenty-six and less than forty feet in length;
- 6 (4) Class 3, forty feet and over.

7 2. All vessels shall display from sunset to sunrise the following lights when under way,
8 and during such time no other lights which may be mistaken for those prescribed shall be
9 exhibited:

10 (1) Vessels of classes A and 1:

11 (a) A bright white light aft to show all around the horizon;

12 (b) A combined light in the forepart of the vessel and lower than the white light aft,
13 showing green to starboard and red to port, so fixed as to throw the light from right ahead to two
14 points (22 1/2 degrees) abaft the beam on their respective sides.

15 (2) Vessels of classes 2 and 3:

16 (a) A bright white light in the forepart of the vessel as near the stem as practicable, so
17 constructed as to show the unbroken light over an arc of the horizon of twenty points (225
18 degrees) of the compass, so fixed as to throw the light ten points (112 1/2 degrees) on each side
19 of the vessel; namely, from right ahead to two points (22 1/2 degrees) abaft the beam on either
20 side;

21 (b) A bright white light aft to show all around the horizon and higher than the white light
22 forward;

23 (c) On the starboard side a green light so constructed as to show an unbroken light over
24 an arc of the horizon of ten points (112 1/2 degrees) of the compass, so fixed as to throw the light
25 from right ahead to two points (22 1/2 degrees) abaft the beam on the starboard side; on the port
26 side a red light so constructed as to show an unbroken light over an arc of the horizon of ten
27 points (112 1/2 degrees) of the compass, so fixed as to throw the light from right ahead to two
28 points (22 1/2 degrees) abaft the beam on the portside. The side lights shall be fitted with
29 inboard screens so set as to prevent these lights from being seen across the bow.

30 (3) Vessels of classes A and 1 when propelled by sail alone shall exhibit the combined
31 light prescribed by this section and a twelve point (135 degree) white light aft. Vessels of classes

32 2 and 3, when so propelled, shall exhibit the colored side lights, suitably screened, prescribed by
33 this section and a twelve point (135 degree) white light aft.

34 (4) All vessels between the hours of sunset and sunrise that are not under way, moored
35 at permanent dockage or attached to an immovable object on shore so that they do not extend
36 more than fifty feet from the shore shall display one three-hundred-sixty-degree white light
37 visible three hundred sixty degrees around the horizon.

38 (5) Every white light prescribed by this section shall be of such character as to be visible
39 at a distance of at least two miles. Every colored light prescribed by this section shall be of such
40 character as to be visible at a distance of at least one mile. The word "visible" in this subsection,
41 when applied to lights, shall mean visible on a dark night with clear atmosphere.

42 (6) When propelled by sail and machinery every vessel shall carry the lights required by
43 this section for a motorboat propelled by machinery only.

44 3. Any watercraft not defined as a vessel shall, from sunset to sunrise, carry, ready at
45 hand, a lantern or flashlight showing a white light which shall be exhibited in sufficient time to
46 avert collision.

47 4. Any vessel may carry and exhibit the lights required by the federal regulations for
48 preventing collisions at sea, in lieu of the lights required by subsection 2 of this section.

49 5. All other watercraft over sixty-five feet in length and those propelled solely by wind
50 effect on the sail shall display lights prescribed by federal regulations.

51 6. Any watercraft used by a person engaged in the act of sport fishing is not required to
52 display any lights required by this section if no other vessel is within the immediate vicinity of
53 the first vessel, the vessel is using an electric trolling motor and the vessel is within fifty feet of
54 the shore.

55 7. Every [vessel, except those in class A,] **watercraft sixteen feet or more in length**
56 shall have on board at least one wearable personal flotation device of type I, II or III for each
57 person on board and each person being towed who is not wearing one. Every such [vessel]
58 **watercraft** shall also have on board at least one type IV throwable personal flotation device.

59 8. [All class A motorboats and] All watercraft **less than sixteen feet in length** traveling
60 on the waters of this state shall have on board at least one type I, II, III or IV] **or III** personal
61 flotation device for each person on board and each person being towed who is not wearing one.
62 **The following shall be exempt to the provisions of subsection 7 of this section and this**
63 **subsection:**

64 (1) **Kayaks are exempted from the requirements for carriage of the additional type**
65 **IV personal flotation device;**

66 (2) **Sailboards, racing shells, racing canoes, racing kayaks and rowing sculls are**
67 **exempted from the requirements for carriage of any type of personal flotation device;**

68 **(3) A type V personal flotation device may be carried in lieu of any personal**
69 **flotation device required in subsection 7 of this section or this subsection; provided that,**
70 **the device has a United States Coast Guard approval label and that the device is being used**
71 **in accordance with any requirements on the label or in the owner's manual.**

72 **9. Between October fifteenth and March fifteenth on the Missouri and Mississippi**
73 **Rivers, Corps of Engineers Lakes, Lake of the Ozarks and Thomas Hill Lake, occupants**
74 **of any vessel eighteen feet in length or less are required to wear a type I, II, III, or V**
75 **personal flotation device when such vessel is underway with the primary source of power.**

76 [9.] **10.** All lifesaving devices required by subsections 7 and 8 of this section shall be
77 United States Coast Guard approved, in serviceable condition and so placed as to be readily
78 accessible.

79 [10.] **11.** Every vessel which is carrying or using flammable or toxic fluid in any
80 enclosure for any purpose, and which is not an entirely open vessel, shall have an efficient
81 natural or mechanical ventilation system which must be capable of removing resulting gases
82 prior to and during the time the vessel is occupied by any person.

83 [11.] **12.** Motorboats shall carry on board at least the following United States Coast
84 Guard approved fire extinguishers:

85 (1) Every class A and every class 1 motorboat carrying or using gasoline or any other
86 flammable or toxic fluid, one B1 type fire extinguisher;

87 (2) Every class 2 motorboat, one B2 or two B1 type fire extinguishers;

88 (3) Every class 3 motorboat:

89 (a) Three B1 type fire extinguishers; or

90 (b) One B2 type and one B1 type fire extinguisher; or

91 (c) A fixed fire extinguishing system and one B2 type fire extinguisher; or

92 (d) A fixed fire extinguishing system and two B1 type fire extinguishers.

93 [12.] **13.** All class 1 and 2 motorboats and vessels shall have a sounding device. All
94 class 3 motorboats and vessels shall have at least [a] **one** sounding device and one bell.

95 [13.] **14.** No person shall operate any watercraft which is not equipped as required by this
96 section.

97 [14.] **15.** A Missouri state water patrol officer may direct the operator of any watercraft
98 being operated without sufficient personal flotation devices, fire-fighting devices or in an
99 overloaded or other unsafe condition or manner to take whatever immediate and reasonable steps
100 are necessary for the safety of those aboard when, in the judgment of the officer, such operation
101 creates a hazardous condition. The officer may direct the operator to return the watercraft to the
102 nearest safe mooring and to remain there until the situation creating the hazardous condition is
103 corrected.

104 [15.] 16. A Missouri state water patrol officer may remove any unmanned or unattended
105 watercraft from the water when, in the judgment of the officer, the watercraft creates a hazardous
106 condition.

306.112. 1. A person commits the crime of operating a vessel with excessive blood
2 alcohol content if [he] **such person** operates a vessel on the Mississippi River, Missouri River
3 or the lakes of this state with ten-hundredths of one percent or more by weight of alcohol in [his]
4 **such person's** blood.

5 2. As used in this section, percent by weight of alcohol in the blood shall be based upon
6 grams of alcohol per one hundred milliliters of blood and may be shown by chemical analysis
7 of the person's blood, breath, **urine**, or saliva.

8 3. Any person convicted of operating a vessel with excessive blood alcohol content is
9 guilty of a class B misdemeanor upon conviction for the first violation, guilty of a class A
10 misdemeanor upon conviction for the second violation, and guilty of a class D felony for
11 conviction for the third and subsequent violations.

306.114. 1. No person convicted of or pleading guilty to a violation of section 306.111
2 or 306.112 shall be granted a suspended imposition of sentence, unless such person is placed on
3 probation for a minimum of two years and a record of the conviction or plea of guilty is entered
4 into the records of the Missouri uniform law enforcement system maintained by the Missouri
5 state highway patrol.

6 2. Chemical tests of a person's blood, breath, **urine**, or saliva to be considered valid
7 [under] **pursuant to** the provisions of sections 306.111 to 306.119 shall be performed according
8 to methods and devices approved by the department of health and senior services by licensed
9 medical personnel or by a person possessing a valid permit issued by the department of health
10 and senior services for this purpose.

11 3. The department of health and senior services shall approve satisfactory techniques,
12 devices, equipment, or methods to conduct tests required by sections 306.111 to 306.119, and
13 shall establish standards as to the qualifications and competence of individuals to conduct
14 analyses and to issue permits which shall be subject to termination, suspension or revocation by
15 the department of health and senior services.

16 4. A licensed physician, registered nurse, or trained medical technician, acting at the
17 request and direction of a law enforcement officer, shall withdraw blood for the purpose of
18 determining the alcohol content of the blood, unless the medical personnel, in the exercise of
19 good faith medical judgment, believes such procedure would endanger the life or health of the
20 person in custody. Blood may be withdrawn only by such medical personnel, but such restriction
21 shall not apply to the taking of a breath test or a **urine or** saliva specimen. In withdrawing blood
22 for the purpose of determining the alcohol content in the blood, only a previously unused and

23 sterile needle and sterile vessel shall be used and the withdrawal shall otherwise be in strict
24 accord with accepted medical practices. A nonalcoholic antiseptic shall be used for cleansing
25 the skin prior to a venapuncture. Upon the request of the person who is tested, full information
26 concerning the test taken at the direction of the law enforcement officer shall be made available
27 to [him] **such person**.

28 5. No person who administers any test pursuant to the provisions of sections 306.111 to
29 306.119 upon the request of a law enforcement officer, no hospital in or with which such person
30 is employed or is otherwise associated or in which such test is administered, and no other person,
31 firm, or corporation by whom or with which such person is employed or is in any way associated,
32 shall be civilly liable for damages to the person tested, except for negligence in administering
33 of the test or for willful and wanton acts or omissions.

34 6. Any person who is dead, unconscious or who is otherwise in a condition rendering
35 [him] **such person** incapable of refusing to take a test as provided in sections 306.111 to 306.119
36 shall be deemed not to have withdrawn the consent provided by section 306.116 and the test or
37 tests may be administered.

306.116. 1. Any person who operates a vessel upon the Mississippi River, Missouri
2 River or the lakes of this state shall be deemed to have given consent to, subject to the provisions
3 of sections 306.111 to 306.119, a chemical test or tests of [his] **such person's** breath, blood,
4 **urine**, or saliva for the purpose of determining the alcohol or drug content of [his] **such person's**
5 blood if arrested for any offense arising out of acts which the arresting law enforcement officer
6 had reasonable grounds to believe were committed while the person was operating a vessel upon
7 the Mississippi River, Missouri River or lakes of this state in violation of section 306.111 or
8 306.112. The test shall be administered at the direction of the arresting law enforcement officer
9 whenever the person has been arrested for the offense.

10 2. The implied consent to submit to the chemical tests listed in subsection 1 of this
11 section shall be limited to not more than two such tests arising from the same arrest, incident,
12 or charge.

13 3. The person tested may have a physician, or a qualified technician, chemist, registered
14 nurse, or other qualified person of [his own] **such person's** choosing and at [his] **such person's**
15 expense administer a test in addition to any administered at the direction of a law enforcement
16 officer. The failure or inability to obtain an additional test by a person shall not preclude the
17 admission of evidence relating to the test taken at the direction of a law enforcement officer.

18 4. Upon the request of the person who is tested, full information concerning the test shall
19 be made available to [him] **such person**.

306.117. 1. Upon the trial of any person for violation of any of the provisions of section
2 306.111 or 306.112 the amount of alcohol or drugs in the person's blood at the time of the act

3 alleged as shown by any chemical analysis of the person's blood, breath, **urine**, or saliva is
4 admissible in evidence and the provisions of subdivision (5) of section 491.060, RSMo, shall not
5 prevent the admissibility or introduction of such evidence if otherwise admissible. Evidence of
6 alcohol in a person's blood shall be given the following effect:

7 (1) If there was five-hundredths of one percent or less by weight of alcohol in [his] **such**
8 **person's** blood, it shall be presumed that the person was not intoxicated at the time the specimen
9 was obtained;

10 (2) If there was in excess of five-hundredths of one percent but less than ten-hundredths
11 of one percent by weight of alcohol in [his] **such person's** blood, the fact shall not give rise to
12 any presumption that the person was or was not intoxicated, but the fact may be considered with
13 other competent evidence in determining whether the person was intoxicated;

14 (3) If there was ten-hundredths of one percent or more by weight of alcohol in the
15 person's blood, this shall be prima facie evidence that the person was intoxicated at the time the
16 specimen was taken.

17 2. Percent by weight of alcohol in the blood shall be based upon grams of alcohol per
18 one hundred milliliters of blood.

19 3. A chemical analysis of a person's breath, blood, **urine**, or saliva, in order to give rise
20 to the presumption or to have the effect provided for in subsection 1 of this section, shall have
21 been performed as provided in sections 306.111 to 306.119 and in accordance with methods and
22 standards approved by the department of health and senior services.

23 4. The provisions of this section shall not be construed as limiting the introduction of
24 any other competent evidence bearing upon the question whether the person was intoxicated or
25 under the influence of a controlled substance, or drug, or a combination of either or both with
26 or without alcohol.

306.119. 1. If an arresting officer requests a person under arrest to submit to a chemical
2 test, such request shall include the reasons of the officer for requesting the person to submit to
3 a test and shall inform the person that he **or she** may refuse such request but that [his] **such**
4 refusal may be used as evidence against him **or her**. If a person refuses a test as provided in this
5 subsection, no test shall be given.

6 2. If a person refuses to submit to a chemical test of [his] **such person's** breath, blood,
7 **urine**, or saliva and that person stands trial for the crimes provided in section 306.111 or
8 306.112, such refusal may be admissible into evidence at the trial.

306.125. 1. Every person shall operate a motorboat, vessel or watercraft in a careful and
2 prudent manner and at a rate of speed so as not to endanger the property of another or the life or
3 limb of any person and shall exercise the highest degree of care.

4 2. No person shall operate a motorboat, vessel or watercraft at any time from a half-hour

5 after sunset until an hour before sunrise the following day at a speed exceeding thirty miles per
6 hour[. This subsection shall only apply to the waters of the Mississippi River, the waters of the
7 Missouri River, and lakes with an aggregate shoreline in excess of one hundred sixty miles] **on**
8 **the waters of this state.**

9 3. Vessels shall not be operated within one hundred feet of any **other vessel, person in**
10 **the water, dock[,]** or pier[, occupied anchored boat or buoyed restricted area] on any lake **and**
11 **on the waters of the Missouri and Mississippi Rivers** at a speed in excess of slow-no wake
12 speed.

13 4. Subsection 1 of this section shall not apply to a motorboat or other boat race
14 authorized [under] **pursuant to** section 306.130.

306.126. 1. The operator of a motorboat shall not allow any person to ride or sit on the
2 gunwales, decking over the bow, railing, top of seat back or decking over the back of the
3 motorboat while under way, unless such person is inboard of adequate guards or railing provided
4 on the motorboat to prevent a passenger from being lost overboard. As used in this section, the
5 term "adequate guards or railing" means guards or railings having a height parameter of at least
6 six inches but not more than eighteen inches. Nothing in this section shall be construed to mean
7 that passengers or other persons aboard a motorboat cannot occupy the decking over the bow of
8 the boat to moor it to a mooring buoy or to cast off from such a buoy, or for any other necessary
9 purpose. The provisions of this section shall not apply to vessels propelled by sail.

10 2. Whenever any person leaves any watercraft, other than a personal watercraft, on the
11 waters of the Mississippi River, the waters of the Missouri River or the lakes of this state [and
12 enters the water between the hours of 11:00 a.m. and sunset,] the operator of such watercraft
13 shall display on the watercraft a red or orange flag measuring not less than twelve inches by
14 twelve inches. The provisions of this subsection shall not apply to a watercraft that is moored
15 or anchored. The flag required by this subsection shall be visible for three hundred sixty degrees
16 around the horizon when displayed and shall be displayed only when an occupant of the
17 watercraft has left the confines of the watercraft and entered the water. [The flag required by this
18 subsection shall not be displayed when the watercraft is engaged in towing any person, but shall
19 be displayed when such person has ceased being towed and has reentered the water.] **Displaying**
20 **of the flag required by this subsection shall be optional when the watercraft is actually in**
21 **the process of towing a person engaged in water skiing, tubing or similar activity.**

22 3. No operator shall knowingly operate any watercraft within [fifty yards] **one hundred**
23 **feet** of a flag required by subsection 2 of this section at a speed in excess of a slow-no wake
24 speed.

306.140. 1. It shall be the duty of the operator of a watercraft involved in a collision,
2 accident, or other casualty, so far as he can do so without serious danger to his own watercraft,

3 crew and passengers, to render to other persons affected by the collision, accident, or other
4 casualty, assistance as may be practicable and as may be necessary in order to save them from
5 or minimize any danger caused by the collision, accident, or other casualty, and also to give his
6 name, address, and identification of his watercraft in writing to any person injured and to the
7 owner of any property damaged in the collision, accident, or other casualty.

8 2. In the case of collision, accident, or other casualty involving a watercraft, the operator
9 thereof, if the collision, accident, or other casualty results in death or injury to a person or
10 damage to property in excess of [two hundred] **five hundred** dollars, shall file with the Missouri
11 state water patrol a full description of the collision, accident, or other casualty, including such
12 information as the patrol may, by regulation, require.

306.142. 1. No person shall operate a personal watercraft unless each person aboard is
2 wearing a type I, type II, type III or type V personal flotation device approved by the United
3 States Coast Guard.

4 2. A person operating a personal watercraft equipped by the manufacturer with a
5 lanyard-type engine cutoff switch shall attach such lanyard to the person's body, clothing, or
6 personal flotation device as appropriate for the specific vessel.

7 3. No person under fourteen years of age shall operate a personal watercraft on the
8 waters of this state, except that a person under fourteen years of age may operate a personal
9 watercraft if a person at least sixteen years of age is aboard the personal watercraft.

10 4. Every personal watercraft shall at all times be operated in a reasonable and prudent
11 manner. Maneuvers which unreasonably or unnecessarily endanger life, limb or property,
12 including, but not limited to, weaving through congested vessel traffic, jumping the wake of
13 another vessel when visibility around such vessel is obstructed, becoming airborne or completely
14 leaving the water while crossing the wake of another vessel within one hundred feet of the vessel
15 creating the wake, operating at a speed in excess of a slow-no wake speed within [fifty] **one**
16 **hundred** feet of any vessel or any person in or on the water, and operating at such a speed and
17 proximity to another vessel so as to require the operator to swerve to avoid collision, shall
18 constitute unsafe or reckless operation of a personal watercraft. No person shall operate a
19 personal watercraft on any waters of this state for towing a person or persons on water skis, or
20 a surfboard, or similar device unless there is a person on the personal watercraft, in addition to
21 the operator, or an approved ski mirror attached to the personal watercraft, in a position to
22 observe the progress of the person or persons being towed.

23 5. No person who owns a personal watercraft or who has charge over or control of a
24 personal watercraft shall authorize or knowingly permit the personal watercraft to be operated
25 in violation of this section, nor shall a parent or guardian authorize or knowingly permit a child
26 of such parent or guardian to operate a personal watercraft in violation of this section.

27 6. The provisions of this section shall not apply to a person participating in a regatta,
28 race, marine parade, tournament, or exhibition for which a permit has been issued by the state
29 water patrol.

 306.165. Each water patrol officer appointed by the Missouri state water patrol and each
2 of such other employees as may be designated by the patrol, before entering upon his or her
3 duties, shall take and subscribe an oath of office to perform all duties faithfully and impartially,
4 and shall be given a certificate of appointment, a copy of which shall be filed with the secretary
5 of state, granting all the powers of a peace officer to enforce all laws of this state, upon all of the
6 following:

7 (1) The waterways of this state bordering the lands set forth in subdivisions (2), (3), (4),
8 and (5) of this section;

9 (2) All federal land, where not prohibited by federal law or regulation, and state land
10 adjoining the waterways of this state;

11 (3) All land within three hundred feet of the areas in subdivision (2) of this section;

12 (4) All land adjoining and within six hundred feet of any waters impounded in areas not
13 covered in subdivision (2) with a shoreline in excess of four miles;

14 (5) All land adjoining and within six hundred feet of the rivers and streams of this state;

15 (6) Any other jurisdictional area, pursuant to the provisions of section 306.167.

16

17 Each water patrol officer may board any watercraft at any time, with probable cause, for the
18 purpose of making any inspection necessary to determine compliance with the provisions of this
19 chapter. Each water patrol officer may arrest on view and without a warrant any person he or
20 she sees violating or who such patrol officer has reasonable grounds to believe has violated any
21 law of this state, upon any water or land area subject to his or her jurisdiction as provided in this
22 section. Each water patrol officer shall[, within six months after receiving a certificate of
23 appointment, satisfactorily complete a law enforcement training course including six hundred
24 hours of actual instruction conducted by a duly constituted law enforcement agency or any other
25 school approved pursuant to] **comply with the training and certification provisions of chapter**
26 **590, RSMo. In addition to the powers previously prescribed in this section, each water**
27 **patrol officer, while investigating an accident or crime which was originally committed**
28 **within such patrol officer's jurisdiction as set forth in this section, may arrest any person**
29 **who he or she has probable cause to believe has committed such crime, even if such person**
30 **is presently out of the water patrol's jurisdiction.**

 306.221. 1. No person shall operate or otherwise position a vessel or other object or any
2 person in such manner as to obstruct or impede the normal flow of traffic on the [lakes] **waters**
3 of this state.

4 2. Any person who violates subsection 1 of this section is guilty upon the first conviction
5 of a class C misdemeanor and upon the second and any subsequent conviction of a class B
6 misdemeanor.
