49 4. The term "naturopathic physician", and the designation "N.D." shall be used

334.1006. 1. There is hereby established an "Advisory Commission for Naturopathic Medicine" for the purpose of advising the state board of registration for the healing arts on the licensing and supervising of all naturopathic physicians. The commission shall consist of six members, including one voting public member, to be appointed by the governor with the advice and consent of the senate. At least four members of the commission shall be licensed naturopaths. Each naturopath member of the commission shall be a citizen of the United States, actively engaged in the practice of naturopathy immediately preceding his or her appointment. One member shall be appointed from an appropriate healing profession, including medicine, as a person licensed pursuant to this chapter. No more than four members shall be affiliated with the same political party. All members shall be appointed for a term of four years. Each member shall receive compensation in an amount set by the commission not to exceed fifty dollars for each day devoted to the duties of the commission, and shall be entitled to reimbursement for the member's expenses necessarily incurred in the discharge of his or her official duties.

2. The commission's initial naturopathic physician members shall be professional members of the Missouri Association of Naturopathic Physicians:

(1) Be actively practicing naturopathic medicine; or

(2) Hold an active license to practice naturopathic medicine in another state where such license requires passage of a professional naturopathic medical licensing examination.

The naturopathic physician members appointed to the initial commission shall be licensed

23 in accordance with sections 334.1000 to 334.1048 not later than one year after
24 establishment of the licensing rules and regulations. If for any reason such a member
25 cannot be licensed within such time period, a new member shall be appointed.

26 **3. The initial appointments to the commission shall be one member for a term of**
27 **one year, one member for a term of two years, one member for a term of three years, and**
28 **two members for a term of four years.**

29 **4. The public member shall, at the time of his or her appointment, be a citizen of**
30 **the United States, a resident of this state for a period of one year, and a registered voter.**
31 **The public member shall not be a person who is or ever was a member of any profession**
32 **licensed or regulated pursuant to this chapter or the spouse of such person, and a person**
33 **who has or has ever had a material financial interest in providing for the professional**
34 **services regulated by this chapter, or an activity or organization directly related to any**
35 **profession licensed or regulated pursuant to this chapter. All members, including public**
36 **members, shall be chosen from a list submitted by the director of the department of**
37 **economic development. The duties of the public member shall not include the**
38 **determination of technical requirements for licensure or whether any person meets such**
39 **technical requirements or of the technical competence or judgment of a licensee or**
40 **candidate.**

334.1009. 1. The president or secretary of the commission may administer oaths,
2 **subpoena witnesses, issue subpoenas duces tecum, and require production of documents**
3 **and records. Subpoenas, including subpoenas duces tecum, shall be served by a person**
4 **authorized to serve subpoenas of courts of record. In lieu of requiring attendance of a**
5 **person to produce original documents in response to a subpoena duces tecum, the**
6 **commission may require sworn copies of such documents to be filed with the commission**
7 **or delivered to the commission's designated representative.**

8 **2. The commission may enforce its subpoenas, including subpoenas duces tecum,**
9 **by applying to the circuit court of Cole County, the county of investigation, hearing, or**
10 **proceeding, or any county where the person resides or may be found for an order upon any**
11 **person who shall fail to obey a subpoena to show cause why such subpoena shall not be**
12 **enforced, which such order and a copy of the application shall be served upon the person**
13 **in the same manner as a summons to a civil action. If the circuit court, after hearing,**
14 **determines that the subpoena should be sustained and enforced, the court shall proceed**
15 **to enforce the subpoena in the same manner as though the subpoena had been issued in a**
16 **civil case in the circuit court.**

334.1012. Any person who reports or provides information to the board or
2 **commission or any person who assists the board or commission, including but not limited**

3 to applicants or licensees who are the subject of an investigation, physicians serving on
4 competency panels, medical records custodians, consultants, attorneys, board members,
5 agents, employees, or expert witnesses, in the course of any investigation, hearing, or other
6 proceeding conducted by or before the board or commission pursuant to this chapter and
7 who does so in good faith and without malice shall not be subject to an action for civil
8 damages as a result thereof, and no cause of action of any nature shall arise against such
9 person. The attorney general shall defend such persons in any such action or proceedings.

334.1015. 1. The state board of registration for the healing arts shall:

2 (1) Adopt rules that are necessary or proper for the administration of sections
3 334.1000 to 334.1048;

4 (2) Administer and enforce all provisions of sections 334.1000 to 334.1048 and all
5 rules adopted by the board pursuant to the authority granted in sections 334.1000 to
6 334.1048;

7 (3) Set the amount of the fees which sections 334.1000 to 334.1048 authorizes and
8 requires by rules and regulations promulgated pursuant to section 536.021, RSMo. The
9 fees shall be set at a level to produce revenue which shall not substantially exceed the cost
10 and expense of administering sections 334.1000 to 334.1048;

11 (4) Deposit all funds received pursuant to sections 334.1000 to 334.1048 in the
12 board of registration for the healing arts fund established in section 334.050, RSMo; and

13 (5) Adopt rules for conducting licensing examinations required by sections 334.1000
14 to 334.1048.

15 2. The board may:

16 (1) Adopt rules that prescribe continuing medical education for the renewal of
17 licenses issued pursuant to sections 334.1000 to 334.1048;

18 (2) Employ permanent or temporary personnel it deems necessary to carry out the
19 purposes of sections 334.1000 to 334.1048 and designate their duties.

20 3. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo,
21 that is created under the authority delegated in sections 334.1000 to 334.1048 shall become
22 effective only if it complies with and is subject to all of the provisions of chapter 536,
23 RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are
24 nonseverable and if any of the powers vested with the general assembly pursuant to
25 chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule
26 are subsequently held unconstitutional, then the grant of rulemaking authority and any
27 rule proposed or adopted after August 28, 2003, shall be invalid and void.

334.1018. 1. A person who holds a license or certificate pursuant to sections
2 334.1000 to 334.1048 shall display such document in a conspicuous place that is accessible

3 to view by the public.

4 2. A person who practices, conducts affairs, or is employed at more than one
5 location and who maintains a continuing activity as authorized by the license or certificate
6 shall display a duplicate of such document issued by the board at each location.

334.1021. 1. All persons desiring to practice as a naturopathic physician in this
2 **state shall be examined as to their fitness to engage in such practice by the board. All**
3 **persons applying for examination shall file an application with the board at least thirty**
4 **days before the date set for the examination upon applications furnished by the board.**

5 2. The examination shall be sufficient to test the applicant's fitness to practice as
6 a doctor of naturopathic medicine. The examination shall be conducted in such a manner
7 as to conceal the identity of the applicant until all examinations have been scored. In all
8 such examinations an average score of not less than seventy-five percent is required to pass.

9 3. The examination required for a license pursuant to sections 334.1000 to 334.1048
10 shall be the naturopathic physician's licensing examination (NPLEX) or its successor
11 examination or equivalent as determined by the board.

334.1024. Sections 334.1000 to 334.1048 do not apply to the following persons:

2 (1) Any naturopathic physician who is employed as a resident in a public hospital,
3 provided such practice is limited to such hospital and is under the supervision of a licensed
4 naturopathic physician;

5 (2) Any naturopathic physician who is licensed in a bordering state and who resides
6 near a border of this state, provided such practice is limited in this state to the vicinity of
7 such border and provided such naturopathic physician does not maintain an office or place
8 to meet patients or receive calls within this state;

9 (3) Any naturopathic physician who is licensed in another state or country and who
10 is meeting a naturopathic physician licensed in this state, for purposes of consultation,
11 provided such practice is limited to such consultation;

12 (4) Any naturopathic physician who is licensed in another state or country, who is
13 visiting a naturopathic or other medical school or teaching hospital in this state to conduct
14 naturopathic instruction for a period not to exceed six months, provided such practice is
15 limited to such instruction and is under the supervision of a licensed naturopathic
16 physician pursuant to sections 334.1000 to 334.1048;

17 (5) Any naturopathic physician who is authorized by a foreign government to
18 practice in relation to its diplomatic, consular, or maritime staffs, provided such practice
19 is limited to such staffs;

20 (6) Any commissioned medical officer who as a licensed naturopathic physician is
21 serving in the United States armed forces or public health service or any naturopathic

22 physician who is employed in the United States Veterans Administration, provided such
23 practice is limited to such service or employment. It is not intended by sections 334.1000
24 to 334.1048 to prohibit isolated or occasional gratuitous service to and treatment of the
25 afflicted, and sections 334.1000 to 334.1048 shall not apply to physicians and surgeons
26 commissioned as officers of the armed forces of the United States or of the public health
27 services of the United States while in the performance of their official duties, nor to any
28 licensed practitioner of medicine and surgery in a border state attending the sick in this
29 state, if he or she does not maintain an office or appointed place to meet patients or receive
30 calls within the limits of this state, and if he or she complies with the statutes of Missouri
31 and the rules and regulations of the department of social services relating to the reports of
32 births, deaths, and contagious diseases; and section 334.1000 to 334.1048 shall not apply
33 to Christian Science practitioners who endeavor to cure or prevent disease or suffering
34 exclusively by spiritual means or prayer, so long as quarantine regulations relating to
35 contagious diseases are not infringed upon; but no provision of this section shall be
36 construed or held in any way to interfere with the enforcement of the rules and regulations
37 adopted and approved by the department of health and senior services or any municipality
38 under the laws of this state for the control of communicable or contagious diseases;

39 (7) Any intern or resident who is employed by a hospital and who is a graduate of
40 a naturopathic school in the United States or Canada meeting the requirements of sections
41 334.1000 to 334.1048, provided such practice is limited to such hospital and is under the
42 supervision of a licensed naturopathic physician;

43 (8) Any naturopathic student who is performing a clinical clerkship or similar
44 function in a hospital and who is matriculated in a naturopathic school which meets
45 standards satisfactory to the department, provided such practice is limited to such
46 clerkship or similar function in such hospital;

47 (9) A person engaged in the sale of vitamins, health foods, dietary supplements,
48 herbs, or other products of nature the sale of which is not otherwise prohibited under state
49 or federal law;

50 (10) A person providing nutritional advice, giving advice concerning proper
51 nutrition, or giving information as to the use and role of food and food ingredients,
52 including dietary supplements, except that providing nutritional advice pursuant to the
53 provisions of this section does not include the authority to practice medicine or surgery,
54 to undertake the treatment or cure of a disease, pain, injury, deformity, or physical or
55 mental condition, or to state that a product might cure a disease, pain, injury, deformity,
56 or other condition;

57 (11) Any other person licensed in this state in any health care profession while the

58 person is practicing within the scope of the license;

59 (12) A naturopathic physician licensed to practice naturopathic medicine in another
60 state, province of Canada, a territory of the United States, or the District of Columbia, if
61 the state, territory, or the District of Columbia requires credentials equivalent to those in
62 sections 334.1000 to 334.1048, during a period when the physician is incidentally called into
63 this state for consultation with a naturopathic physician.

334.1027. 1. Notwithstanding the provisions of sections 334.1015 to 334.1018, a
2 person may be licensed as a naturopathic physician without meeting the requirements of
3 section 334.1015 if the applicant:

4 (1) Is a resident of this state;

5 (2) Is at least twenty-one years of age;

6 (3) Provides proof acceptable to the board, as established by rule of the board, that
7 the person has been actively engaged in naturopathic health care and has held the person
8 out to the public as qualified to practice naturopathy for at least fifteen years before
9 August 28, 2003;

10 (4) Derives the majority of the person's income from the practice of naturopathic
11 medicine; and

12 (5) Applies for a license pursuant to this section before January 1, 2005.

13 2. The board by rule may provide for limitations on the practice of a person
14 licensed pursuant to subsection 1 of this section. The board may require a person licensed
15 pursuant to this section to be identified as a person whose practice is limited.

16 3. A person licensed pursuant to this section may:

17 (1) Use the title naturopathic physician and any other title allowed pursuant to
18 sections 334.1000 to 334.1048; and

19 (2) Practice naturopathy only within the scope of practice that reflects the limits
20 of the person's training and experience.

334.1030. Any person who violates any provision of sections 334.1000 to 334.1048
2 is guilty of a class A misdemeanor.

334.1033. The board shall not renew any certificate of registration unless the
2 licensee provides satisfactory evidence that the licensee has complied with the board's
3 minimum requirements for continuing education. All persons once licensed to practice
4 naturopathic medicine in this state shall, on or before the license renewal date, furnish to
5 the board satisfactory evidence of completion of the requisite number of hours of
6 postsecondary study, which shall be twenty-four hours during each twelve months of the
7 registration period immediately preceding the filing of the registration renewal application.
8 The postgraduate study required shall be from a board-approved continuing education

9 program.

334.1036. 1. Every person licensed pursuant to the provisions of sections 334.1000
2 to 3 34.1048 shall renew his or her certificate of registration on or before the registration
3 renewal date. The application shall be made under oath on a form furnished by the board.
4 The application shall include, but not be limited to, disclosure of the following:

5 (1) The applicant's full name, the applicant's office and residence address, and the
6 date and number of his or her license;

7 (2) All final disciplinary actions taken against the applicant; and

8 (3) Information concerning the applicant's current physical and mental fitness to
9 practice as a naturopathic physician.

10 2. A blank form for application for registration shall be mailed to each person
11 licensed in this state at the person's last known office or residence address. The failure to
12 receive it does not, however, relieve any person of the duty to register and pay the fee
13 required by this chapter nor exempt him or her from the penalties provided by sections
14 334.1000 to 334.1048 for failure to register.

15 3. If a person licensed, certified, or registered by the board does not renew such
16 license, certification, or registration by the license expiration date, such license,
17 certification, or registration shall be deemed void. If such person's license is deemed void,
18 he or she may apply for a reinstatement of such license, certification, or registration
19 pursuant to the procedures established by the board.

334.1039. 1. Each applicant for registration pursuant to sections 334.1000 to
2 334.1048 shall accompany the application for registration with a registration fee to be paid
3 to the director of revenue. If the application is filed and the fee paid after the registration
4 renewal date, a delinquent fee shall be paid; but whenever in the opinion of the board the
5 applicant's failure to register is caused by extenuating circumstances including illness of
6 the applicant, as defined by rule, the delinquent fee may be waived by the board.
7 Whenever any new license is granted to any person pursuant to the provisions of sections
8 334.1000 to 334.1048, the board shall, upon application, issue to such licensee a certificate
9 of registration covering a period from the date of the issuance of the license to the next
10 renewal date without the payment of any registration fee.

11 2. The board shall set the amount of the fees which sections 334.1000 to 334.1048
12 authorizes and requires by rules promulgated pursuant to chapter 536, RSMo. The fees
13 shall be set at a level to produce revenue which shall not substantially exceed the cost and
14 expense of administering sections 334.1000 to 334.1048.

334.1042. 1. The board may refuse to issue or renew any certificate of registration
2 or authority, permit, or license required pursuant to sections 334.1000 to 334.1048 for one

3 or any combination of causes stated in subsection 2 of this section. The board shall notify
4 the applicant in writing of the reasons for the refusal and shall advise the applicant of the
5 applicant's right to file a complaint with the administrative hearing commission as
6 provided by chapter 621, RSMo. As an alternative to a refusal to issue or renew any
7 certificate, registration, or authority, the board may, at its discretion, issue a license which
8 is subject to probation, restriction, or limitation to an applicant for licensure for any one
9 or any combination of causes stated in subsection 2 of this section. The board's order of
10 probation, limitation, or restriction shall contain a statement of the discipline imposed, the
11 basis therefor, the date such action shall become effective, and a statement that the
12 applicant has thirty days to request in writing a hearing before the administrative hearing
13 commission. If the board issues a probationary, limited, or restricted license to an
14 applicant for licensure, either party may file a written petition with the administrative
15 hearing commission within thirty days of the effective date of the probationary, limited or
16 restricted license seeking review of the board's determination. If no written request for a
17 hearing is received by the administrative hearing commission within the thirty-day period,
18 the right to seek review of the board's decision shall be considered as waived.

19 2. The board may cause a complaint to be filed with the administrative hearing
20 commission as provided by chapter 621, RSMo, against any holder of any certificate of
21 registration or authority, permit, or license required by sections 334.1000 to 334.1048 or
22 any person who has failed to renew or has surrendered the person's certificate of
23 registration or authority, permit, or license for any one or any combination of the following
24 causes:

25 (1) Use of any controlled substance, as defined in chapter 195, RSMo, or alcoholic
26 beverage to an extent that such use impairs a person's ability to perform the work of any
27 profession licensed or regulated by sections 334.1000 to 334.1048;

28 (2) The person has been finally adjudicated and found guilty, or entered a plea of
29 guilty or nolo contendere, in a criminal prosecution pursuant to the laws of any state or of
30 the United States, for any offense reasonably related to the qualifications, functions, or
31 duties of any profession licensed or regulated pursuant to sections 334.1000 to 334.1048,
32 for any offense an essential element of which is fraud, dishonesty, or an act of violence, or
33 for any offense involving moral turpitude, regardless of whether sentence is imposed;

34 (3) Use of fraud, deception, misrepresentation, or bribery in securing any certificate
35 of registration or authority, permit, or license issued pursuant to sections 334.1000 to
36 334.1048, or in obtaining permission to take any examination given or required pursuant
37 to sections 334.1000 to 334.1048;

38 (4) Misconduct, fraud, misrepresentation, dishonesty, unethical conduct, or

39 unprofessional conduct in the performance of the functions or duties of any profession
40 licensed or regulated by sections 334.1000 to 334.1048 including, but not limited to, the
41 following:

42 (a) Obtaining or attempting to obtain any fee, charge, tuition, or other
43 compensation by fraud, deception, or misrepresentation; willfully and continually
44 overcharging or overtreating patients; or charging for visits to the naturopathic physician's
45 office which did not occur unless the services were contracted for in advance, or for
46 services which were not rendered or documented in the patient's records;

47 (b) Attempting, directly or indirectly, by way of intimidation, coercion, or
48 deception, to obtain or retain a patient or discourage the use of a second opinion or
49 consultation;

50 (c) Willfully and continually performing inappropriate or unnecessary treatment,
51 diagnostic tests, or medical or surgical services;

52 (d) Delegating professional responsibilities to a person who is not qualified by
53 training, skill, competency, age, experience, or licensure to perform such responsibilities;

54 (e) Misrepresenting that any disease, ailment, or infirmity can be cured by a
55 method, procedure, treatment, medicine, or device;

56 (f) Performing or prescribing naturopathic services which have been declared by
57 board rule to be of no naturopathic value;

58 (g) Final disciplinary action by the board or licensed hospital or medical staff of
59 such hospital in this or any other state or territory, whether agreed to voluntarily, and
60 including, but not limited to, any removal, suspension, limitation, or restriction of the
61 person's license or staff or hospital privileges, failure to renew such privileges or license
62 for cause, or other final disciplinary action, if the action was in any way related to
63 unprofessional conduct, professional incompetence, malpractice, or any other violation of
64 any provision of sections 334.1000 to 334.1048;

65 (h) Signing a blank prescription form or dispensing, prescribing, administering,

148 existence of an unsanitary condition in the office of a naturopathic physician or in any
149 health care facility to the board, in writing, within thirty days after the discovery thereof;

150 (18) Being unable to practice as a naturopathic physician or with a specialty with
151 reasonable skill and safety to patients by reasons of naturopathic incompetency, or because
152 of illness, drunkenness, excessive use of drugs, narcotics, chemicals, or as a result of any
153 mental or physical condition. The following shall apply to this subdivision:

154 (a) In enforcing this subdivision the board shall, after a hearing by the board, upon
155 a finding of probable cause, require a naturopathic physician to submit to a reexamination
156 for the purpose of establishing his or her competency to practice as a naturopathic
157 physician or with a specialty conducted in accordance with rules adopted for this purpose
158 by the board, including rules to allow the examination of the pattern and practice of such
159 naturopathic physician's professional conduct, or to submit to a mental or physical
160 examination or combination thereof by at least three naturopathic physicians, one selected
161 by the naturopathic physician compelled to take the examination, one selected by the
162 board, and one selected by the two naturopathic physicians so selected who are graduates
163 of a professional school approved and accredited as reputable by the state association
164 which has approved and accredited as reputable the professional school from which the
165 licensee graduated;

166 (b) For the purpose of this subdivision, every naturopathic physician licensed
167 pursuant to this chapter is deemed to have consented to submit to a mental or physical
168 examination when directed in writing by the board and further to have waived all
169 objections to the admissibility of the examining naturopathic physician's testimony or
170 examination reports on the ground that the examining naturopathic physician's testimony
171 or examination is privileged;

172 (c) In addition to ordering a physical or mental examination to determine
173 competency, the board may, notwithstanding any other law limiting access to medical or
174 other health data, obtain medical data and health records relating to a naturopathic
175 physician or applicant without the naturopathic physician's or applicant's consent;

176 (d) Written notice of the reexamination or the physical or mental examination shall
177 be sent to the naturopathic physician, by registered mail, addressed to the naturopathic
178 physician at the naturopathic physician's last known address. Failure of a naturopathic
179 physician to designate an examining naturopathic physician to the board or failure to
180 submit to the examination when directed shall constitute an admission of the allegations
181 against the naturopathic physician, in which case the board may enter a final order
182 without the presentation of evidence, unless the failure was due to circumstances beyond

183 the naturopathic physician's control. A naturopathic physician whose right to practice has
184 been affected pursuant to this subdivision shall, at reasonable intervals, be afforded an
185 opportunity to demonstrate that the naturopathic physician can resume the competent
186 practice as a naturopathic physician with reasonable skill and safety to patients;

187 (e) In any proceeding pursuant to this subdivision neither the record of proceedings
188 nor the orders entered by the board shall be used against a naturopathic physician in any
189 other proceeding. Proceedings pursuant to this subdivision shall be conducted by the
190 board without the filing of a complaint with the administrative hearing commission;

191 (f) When the board finds any person unqualified because of any of the grounds set
192 forth in this subdivision, it may enter an order imposing one or more of the disciplinary
193 measures set forth in subsection 4 of this section.

194 3. Protocols and standing orders shall be in writing and signed and dated by a
195 naturopathic physician prior to their implementation.

196 4. After the filing of such complaint before the administrative hearing commission,
197 the proceedings shall be conducted in accordance with the provisions of chapter 621,
198 RSMo. Upon a finding by the administrative hearing commission that the grounds,
199 provided in subsection 2 of this section, for disciplinary action are met, the board may,
200 singly or in combination, warn, censure, or place the person named in the complaint on
201 probation on such terms and conditions as the board deems appropriate for a period not
202 to exceed ten years, or may suspend the person's license, certificate, or permit for a period
203 not to exceed three years, or restrict or limit the person's license, certificate, or permit for
204 an indefinite period of time, or revoke the person's license, certificate, or permit, or
205 administer a public or private reprimand, or deny the person's application for a license,
206 or permanently withhold issuance of a license or require the person to submit to the care,
207 counseling, or treatment of naturopathic physicians designated by the board at the expense
208 of the individual to be examined, or require the person to attend such continuing
209 educational courses and pass such examinations as the board may direct.

210 5. In any order of revocation, the board may provide that the person may not apply
211 for reinstatement of the person's license for a period of time ranging from two to seven
212 years following the date of the order of revocation. All stay orders shall toll this time
213 period.

214 6. Before restoring to good standing a license, certificate or permit issued pursuant
215 to sections 334.1000 to 334.1048 which has been in a revoked, suspended, or inactive state
216 for any cause for more than two years, the board may require the applicant to attend such
217 continuing education courses and pass such examinations as the board may direct.

218 7. In any investigation, hearing, or other proceeding to determine a licensee's or

219 applicant's fitness to practice, any record relating to any patient of the licensee or applicant
220 shall be discoverable by the board and admissible into evidence, regardless of any statutory
221 or common law privilege which such licensee, applicant, record custodian, or patient might
222 otherwise invoke. In addition, no such licensee, applicant, or record custodian may
223 withhold records or testimony bearing upon a licensee's or applicant's fitness to practice
224 on the ground of privilege between such licensee, applicant, or record custodian and a
225 patient.

334.1045. 1. Notwithstanding any other provisions of section 620.010, RSMo, to the
2 contrary, the board shall, at least quarterly, publish a list of the names and addresses of
3 all persons who hold licenses pursuant to the provisions of sections 334.1000 to 334.1048,
4 and shall publish a list of all persons whose licenses have been suspended, revoked,
5 surrendered, restricted, denied, or withheld. The board shall mail a copy of such lists to
6 any person, upon request.

7 2. Other provisions of chapter 610, RSMo, to the contrary notwithstanding, in
8 addition, the board shall prepare and make available to the public a report upon the
9 disciplinary matters submitted to them where the board recommends disciplinary action
10 except in those instances when persons possessing licenses voluntarily enter treatment and
11 monitoring programs for purposes of rehabilitation and, in these instances, only this
12 specific action shall not be reported with any other actions taken prior to, as part of, or
13 following voluntary entrance into such treatment programs. The report shall set forth
14 findings of fact and any final disciplinary actions of the board. Where the board does not
15 recommend disciplinary action, a report stating that no action is recommended shall be
16 prepared and forwarded to the complaining party.

334.1048. 1. Upon receipt of information that the holder of any certificate of
2 registration or authority, permit, or license issued pursuant to sections 334.1000 to
3 334.1048 may present a clear and present danger to the public health and safety, the
4 executive secretary or director shall direct that the information be brought to the board
5 in the form of sworn testimony or affidavits during a meeting of the board.

6 2. The board may issue an order suspending or restricting the holder of a certificate
7 of registration or authority, permit, or license if it believes:

- 8 (1) The licensee's acts, conduct, or condition may have violated subsection 2 of
9 section 334.1042;
- 10 (2) A licensee is practicing or attempting or intending to practice in Missouri; and
- 11 (3) Either a licensee is unable by reason of any physical or mental condition to
12 receive and evaluate information or to communicate decisions to the extent that the
13 licensee's condition or actions significantly affect the licensee's ability to practice, or

14 another state, territory, federal agency, or country has issued an order suspending or
15 restricting the holder of a license or other right to practice a profession regulated by
16 sections 334.1000 to 334.1048, or the licensee has engaged in repeated acts of
17 life-threatening negligence as defined in subsection 2 of section 334.1042; and

18 (4) The acts, conduct, or condition of the licensee constitute a clear and present
19 danger to the public health and safety.

20

21 The board or the administrative hearing commission shall serve the licensee, in person or
22 by certified mail, with a copy of the order of suspension or restriction and all sworn
23 testimony or affidavits presented to the board, a copy of the complaint and the request for
24 expedited hearing, and a notice of the place of and the date upon which the preliminary
25 hearing will be held. The order of restriction shall be effective upon service of the
26 documents required in subdivision (2) of this subsection. The order of suspension shall
27 become effective upon the entry of the preliminary order of the administrative hearing
28 commission. The licensee may seek a stay order from the circuit court of Cole County from
29 the preliminary order of suspension, pending the issuance of a final order by the
30 administrative hearing commission.

31 3. The board shall file a complaint with the administrative hearing commission with
32 a request for expedited preliminary hearing and shall certify the order of suspension or
33 restriction and all sworn testimony or affidavits presented to the board. Immediately upon
34 receipt of a complaint filed pursuant to this section, the administrative hearing commission
35 shall set the place and date of the expedited preliminary hearing which shall be conducted
36 as soon as possible, but not later than five days after the date of service upon the licensee.
37 The administrative hearing commission shall grant a licensee's request for a continuance
38 of the preliminary hearing; however, the board's order shall remain in full force and effect
39 until the preliminary hearing, which shall be held not later than forty-five days after
40 service of the documents required in subsection 2 of this section.

41 4. At the preliminary hearing, the administrative hearing commission shall receive
42 into evidence all information certified by the board and shall only hear evidence on the
43 issue of whether the board's order of suspension or restriction should be terminated or
44 modified. Within one hour after the preliminary hearing, the administrative hearing
45 commission shall issue its oral or written preliminary order, with or without findings of
46 fact and conclusions of law, that either adopts, terminates, or modifies the board's order.
47 The administrative hearing commission shall reduce to writing any oral preliminary order
48 within five business days, but the effective date of the order shall be the date orally issued.

49 5. The preliminary order of the administrative hearing commission shall become

50 a final order and shall remain in effect for three years unless either party files a request
51 for a full hearing on the merits of the complaint filed by the board within thirty days from
52 the date of the issuance of the preliminary order of the administrative hearing commission.

53 **6. Upon receipt of a request for full hearing, the administrative hearing commission**
54 **shall set a date for hearing and notify the parties in writing of the time and place of the**
55 **hearing. If a request for full hearing is timely filed, the preliminary order of the**
56 **administrative hearing commission shall remain in effect until the administrative hearing**
57 **commission enters an order terminating, modifying, or dismissing its preliminary order**
58 **or until the board issues an order of discipline following its consideration of the decision**
59 **of the administrative hearing commission pursuant to section 621.110, RSMo, and**
60 **subsection 3 of section 334.1042.**

61 **7. In cases where the board initiates summary suspension or restriction proceedings**
62 **against a naturopathic physician licensed pursuant to sections 334.1000 to 334.1048, and**
63 **such petition is subsequently denied by the administrative hearing commission, in addition**
64 **to any award made pursuant to sections 536.085 and 536.087, RSMo, the board, but not**
65 **individual members of the board, shall pay actual damages incurred during any period of**
66 **suspension or restriction.**

67 **8. Notwithstanding the provisions of this chapter or chapter 610, RSMo, or chapter**
68 **621, RSMo, to the contrary, the proceedings pursuant to this section shall be closed and no**
69 **order shall be made public until it is final, for purposes of appeal.**

70 **9. The burden of proving the elements listed in subsection 2 of this section shall be**
71 **upon the state board of registration for the healing arts.**
