AN ACT

To amend chapter 393, RSMo, by adding thereto one new section relating to recovery of certain costs by utilities.

Be it enacted by the General Assembly of the state of Missouri, as follows:

Section A. Chapter 393, RSMo, is amended by adding thereto one new section, to be
2 known as section 393.1010, to read as follows:

**393.1010. The public service commission, upon application, shall authorize an
2 electric corporation to recover the actual costs incurred by a utility's prudent expenditures
3 for security measures and insurance incurred after September 11, 2001, and reasonably
4 required to comply with requirements or guidelines of the U.S. Department of Energy, the
5 U.S. Department of Homeland Security, the Nuclear Regulatory Commission, the Federal
6 Energy Regulatory Commission, the North American Reliability Council, the Missouri
7 office of homeland security, and the Missouri public service commission to protect the
8 utility's electric generation, distribution, and transmission assets by periodic adjustment
9 to the utility's customers bills. Recovery may include security measures for computer
10 systems used in the generation, transmission, and distribution of electrical energy and
11 other operations and control systems. The application shall be subject to such procedures
12 and conditions, including review in an expedited manner, of the prudence of the
13 expenditures and the reasonableness of the measures, as the commission deems
14 appropriate. Such application and request shall be confidential and subject to protective
15 order of the commission.**
