

HB 88 -- Highways and Transportation Fund

Sponsor: Ward

This bill creates a subaccount within the Highways and Transportation Department Fund for the purpose of paying a \$75 fee to any tow truck service which removes an abandoned vehicle from a roadway at the request of a law enforcement agency.

To be eligible for this fee, the tow operator must have held the vehicle for at least 30 days. If the tow operator has received this fee and obtains title and sells the vehicle, the tow operator must return the \$75 fee along with a \$25 service fee to the subaccount. The tow operator may retain the remainder of the proceeds from the sale.
