

HB 277 -- Community Improvement Districts

Sponsor: Wright

This bill allows the City of Springfield, when requested by a property owner, to hold a public hearing for the removal of real property from a community improvement district or to have a parcel of property within the district re-zoned.

The bill allows the property to be removed from the district or re-zoned if the district's board of directors consents to the action, the district can meet its obligations without the revenue generated by or on the property, and the public hearing is properly conducted.
