

## HB 483 -- Transportation Development Districts

Co-Sponsors: Byrd, Fares, Donnelly, Stefanick, Munzlinger, Shoemaker (8)

This bill establishes an alternative method for creating a transportation district.

Any two or more local transportation authorities which have adopted a resolution calling for the joint establishment of a district may file a petition in circuit court requesting the creation of a district.

The proposed district area must be contiguous and may contain all or any portion of one or more municipalities and counties. Property separated or connected by public streets, easements, or rights-of-way will be considered contiguous.

The content requirements of the petition, petition language for voter approval, number of board of directors, board of directors' qualifications, and appointment of board advisors are spelled out in the bill.
