

HB 530 -- Health Insurance

Co-Sponsors: Schaaf, Harris (23), Jones, Fraser, Meiners,  
Campbell, Hilgemann, Yaeger, Hoskins, Bruns, Engler

This bill requires health insurers to cover phase I and phase II of clinical trials for cancer treatment. Current law requires coverage only for phase III and IV of these trials. The bill clarifies that this mandate of coverage does not apply to supplemental insurance policies.
