

HB 661 -- Sales Taxes for Museums

Sponsor: Schaaf

This bill allows Andrew County, upon voter approval, to impose an additional sales tax of 0.2% to fund museums in the county.

The governing authority of the county can authorize an existing museum board in the county to spend the revenue collected from this tax. The bill establishes a museum board, in the event that none exists in Andrew County. The board will have six members, three from each of the two major political parties in the county. The bill outlines how board members are selected.
