To repeal sections 301.147, 307.350, 307.353, and 307.355, RSMo, and to enact in lieu thereof four new sections relating to motor vehicle registrations.

Be it enacted by the General Assembly of the state of Missouri, as follows:

Section A. Sections 301.147, 307.350, 307.353, and 307.355, RSMo, are repealed and
2 four new sections enacted in lieu thereof, to be known as sections 301.147, 307.350, 307.353,
3 and 307.355, to read as follows:

301.147. 1. Notwithstanding the provisions of section 301.020 to the contrary,
2 beginning July 1, [2000] **2005**, the director of revenue may provide owners of motor vehicles,
3 other than commercial motor vehicles licensed in excess of twelve thousand pounds gross
4 weight, the option of [biennially registering motor vehicles] **biennial motor vehicle registration**
5 **and the option of four-year motor vehicle registration. For biennial registrations**, any
6 vehicle manufactured as an even-numbered model year vehicle shall be renewed each
7 even-numbered calendar year and any such vehicle manufactured as an odd-numbered model
8 year vehicle shall be renewed each odd-numbered calendar year, subject to the following
9 requirements:

10 (1) The fee collected at the time of biennial registration shall include the annual
11 registration fee plus a pro rata amount for the additional twelve months of the biennial
12 registration;

13 (2) Presentation of all documentation otherwise required by law for vehicle registration

EXPLANATION — Matter enclosed in bold faced brackets [thus] in this bill is not enacted and is intended to be omitted in the law. Matter in boldface type in the above law is proposed language.

14 including, but not limited to, a personal property tax receipt or certified statement for the
15 preceding year that no such taxes were due as set forth in section 301.025, proof of a motor
16 vehicle safety inspection and any applicable emission inspection conducted within sixty days
17 prior to the date of application and proof of insurance as required by section 303.026, RSMo.

18 **2. For four-year registrations, any vehicle manufactured as an even-numbered**
19 **model year vehicle shall be renewed every other even-numbered calendar year and any**
20 **such vehicle manufactured as an odd-numbered model year vehicle shall be renewed every**
21 **other odd-numbered calendar year, subject to the following requirements:**

22 **(1) The fee collected at the time of four-year registration shall include the annual**
23 **registration fee plus a pro rata amount for the additional thirty-six months of the four-year**
24 **registration;**

25 **(2) Presentation of all documentation otherwise required by law for vehicle**
26 **registration including, but not limited to, a personal property tax receipt or certified**
27 **statement for the preceding three years that no such taxes were due as set forth in section**
28 **301.025, proof of a motor vehicle safety inspection and any applicable emission inspection**
29 **conducted within sixty days prior to the date of application, and proof of insurance as**

31 **3.** The director of revenue may prescribe rules and regulations for the effective
32 administration of this section. The director is authorized to adopt those rules that are reasonable
33 and necessary to accomplish the limited duties specifically delegated within this section. Any
34 rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is promulgated
35 pursuant to the authority delegated in this section shall become effective only if it has been
36 promulgated pursuant to the provisions of chapter 536, RSMo. This section and chapter 536,
37 RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to
38 chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are
39 subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed
40 or adopted after July 1, 2000, shall be invalid and void.

41 **[3.] 4.** The director of revenue shall have the authority to stagger the registration period
42 of motor vehicles other than commercial motor vehicles licensed in excess of twelve thousand
43 pounds gross weight. Once the owner of a motor vehicle chooses the option of biennial
44 registration **or four-year registration**, such registration must be maintained for the full
45 twenty-four **or forty-eight** month period.

307.350. 1. The owner of every motor vehicle as defined in section 301.010, RSMo,
2 which is required to be registered in this state, except:

3 (1) New motor vehicles which have not been previously titled and registered, for the
4 two-year period following their model year of manufacture;

5 (2) Those motor vehicles which are engaged in interstate commerce and are
6 proportionately registered in this state with the Missouri highway reciprocity commission,
7 although the owner may request that such vehicle be inspected by an official inspection station,
8 and a peace officer may stop and inspect such vehicles to determine whether the mechanical
9 condition is in compliance with the safety regulations established by the United States
10 Department of Transportation; and

11 (3) Historic motor vehicles registered pursuant to section 301.131, RSMo;

12

13 shall submit such vehicles to [a biennial] **an initial one-time** inspection of their mechanism and
14 equipment in accordance with the provisions of sections 307.350 to 307.390 and obtain a
15 certificate of inspection and approval and a sticker, seal, or other device from a duly authorized
16 official inspection station. The inspection, except the inspection of school buses which shall be
17 made at the time provided in section 307.375, shall be made at the time prescribed in the rules
18 and regulations issued by the superintendent of the Missouri state highway patrol; but the
19 inspection of a vehicle shall not be made more than sixty days prior to the date of
20 **initial** application for registration or within sixty days of when a vehicle's registration is
21 transferred. [Any vehicle manufactured as an even-numbered model year vehicle shall be
22 inspected and approved pursuant to the safety inspection program established pursuant to
23 sections 307.350 to 307.390 in each even-numbered calendar year and any such vehicle
24 manufactured as an odd-numbered model year vehicle shall be inspected and approved pursuant
25 to sections 307.350 to 307.390 in each odd-numbered year.] The certificate of inspection and
26 approval shall be a sticker, seal, or other device or combination thereof, as the superintendent
27 of the Missouri state highway patrol prescribes by regulation and shall be displayed upon the
28 motor vehicle or trailer as prescribed by the regulations established by him. The replacement of
29 certificates of inspection and approval which are lost or destroyed shall be made by the
30 superintendent of the Missouri state highway patrol under regulations prescribed by him.

31 2. For the purpose of obtaining an inspection only, it shall be lawful to operate a vehicle
32 over the most direct route between the owner's usual place of residence and an inspection station
33 of such owner's choice, notwithstanding the fact that the vehicle does not have a current state
34 registration license. It shall also be lawful to operate such a vehicle from an inspection station
35 to another place where repairs may be made and to return the vehicle to the inspection station
36 notwithstanding the absence of a current state registration license.

37 3. No person whose motor vehicle was duly inspected and approved as provided in this
38 section shall be required to have the same motor vehicle again inspected and approved for the
39 sole reason that such person wishes to obtain a set of any special personalized license plates
40 available pursuant to section 301.144, RSMo, or a set of any license plates available pursuant

41 to section 301.142, RSMo, prior to the expiration date of such motor vehicle's current
42 registration.

43 4. Notwithstanding the provisions of section 307.390, violation of this section shall be
44 deemed an infraction.

307.353. Other provisions of law notwithstanding, [no person shall be required to have
2 a biennial vehicle inspection during a registration period which exceeds two years.] the
3 inspection required at the beginning of the registration [period] **of a motor vehicle** shall be valid
4 for the entire [registration] period **such owner possesses the vehicle, and no subsequent**
5 **inspections of the vehicle shall be required unless such vehicle is sold or transferred to**
6 **another person.**

307.355. 1. No state registration license to operate the type of vehicle required to be
2 inspected by section 307.350 may be transferred or issued [during a biennial registration year in
3 which the vehicle is required to be inspected] unless the application is accompanied by a
4 certificate of **initial** inspection and approval issued [no more than sixty days] prior to the date
5 of application, or in the case of school buses, which will be required to be inspected annually as
6 provided in section 307.375, except:

7 (1) The director of revenue may transfer or issue a state registration license to the type
8 of vehicle required to be inspected by section 307.350 without a certificate of inspection and
9 approval accompanying the application if the director has satisfactory evidence that the vehicle
10 was not in the state of Missouri at any time during the sixty days prior to the date of application;
11 however, the owner of every such vehicle must submit the vehicle for inspection and obtain a
12 certificate of inspection and approval within ten days after the vehicle is first returned to the state
13 of Missouri;

14 (2) The director of revenue shall renew a vehicle's registration license without a
15 certificate of inspection and approval accompanying the application if satisfactory documentary
16 evidence is presented at the time of application that the license being renewed was properly
17 transferred within a six-month period prior to the expiration of the license being renewed or that
18 the vehicle for which the registration is being issued was issued a registration for a period of less
19 than one year for the registration period just expiring.

20 2. If due to interstate operation a commercial motor vehicle as defined in section
21 301.010, RSMo, or a trailer of the type required to be inspected is required to obtain full fee
22 registration in this and any other state during the same calendar year, no Missouri certificate of
23 inspection and approval is required if the vehicle bears evidence that a current valid inspection
24 sticker or decal was issued by such other state in which the vehicle is registered; provided that
25 the sticker or decal issued by such other state is valid for the registration period in this state.

26 3. After a commercial motor vehicle as defined in section 301.010, RSMo, has been

27 registered for the current year, no certificate of inspection and approval is required when a local
28 commercial motor vehicle license is changed to a beyond-local commercial motor vehicle license
29 or when the licensed gross weight is changed during the licensed period.
