DESCRIPTION

This proposal would require a governor-elect to form a gubernatorial inaugural committee, which would be subject to all the requirements of the campaign finance disclosure laws. The House of Representatives and Senate would form legislative inaugural committees to receive and accept contributions, monetary and in-kind, to be used solely to support legislative inaugural activities. The committees would be subject to all reporting requirements, penalties, procedures, limitations, and obligations of candidate committees and of candidates for offices in the House of Representatives. No public funds could be spent on a gubernatorial inaugural activity until the committee was formed. The expenditure of public funds would not be subject to the contribution limitation in section 130.032. Any funds remaining in a committee's account would escheat to the state.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
