FISCAL ANALYSIS

ASSUMPTION

Official from the **State Courts Administrator** assume this proposal would not fiscally impact their agency.

Official from the **Department of Social Services (DOS)** assume there is no fiscal impact to DOS. This bill claries that parenting plans are not required for children over age 18 even when there is a custody, visitation or support order in place. Parenting plans apply to dissolution and child custody cases and would not generally affect children in DOS care and custody.

Official from the **Department of Revenue (DOR)** assume this legislation modifies the provisions relating to parenting plans in child custody or child support proceedings. There is no impact to DOR.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

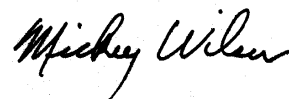

DESCRIPTION

Currently, a joint parenting plan must be submitted by both parties to a dissolution or modification action that involves child custody or visitation. This proposal makes the filing of the plan optional when the child is over the age of 18.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
