FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Corrections** and the **Department of Public Safety – Missouri State Highway Patrol** assume the proposed legislation would have no fiscal impact on their agency.

Officials from the **Office of State Courts Administrator** assume the proposed legislation would have no fiscal impact on the courts.

Officials from the **Office of Prosecution Services** assume the proposed legislation would have no fiscal impact on prosecutors.

ASSUMPTION (continued)

Officials from the **Office of State Public Defender (SPD)** assume the proposal adds chapter 573 offenses (pornography and related offenses) to the list of offenses for which a person must register as a sexual offender. The exact number of cases affected is too uncertain to provide a definitive dollar amount of fiscal impact. Since the amount of impact is uncertain, the SPD assumes existing staff will be able to provide representation in these cases initially. However, once the true fiscal impact is determined, the SPD will reassess the impact of this legislation. Passage of more than one bill increasing existing penalties or creating new crimes will require increased appropriations for the SPD.

Officials from the **Boone County Sheriff's Department, Greene County Sheriff's Department,** and the **St. Louis County Police Department** did not respond to Oversight's request for fiscal impact.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

The proposed legislation would add several pornography offenses to the list of offenses which require a person to register as a sexual offender. The proposal would also clarify that a plea of nolo contendere is considered the same as a plea of guilty in terms of the sex offender registry.

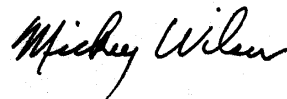

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
