### **FISCAL ANALYSIS**

#### **ASSUMPTION**

Officials from the **Department of Public Safety – Missouri State Highway Patrol** assume the proposed legislation would have no fiscal impact on their agency.

Officials from the **Office of State Courts Administrator** assume the proposed legislation would have no fiscal impact on the courts.

Officials from the **Office of State Public Defender (SPD)** assume increasing penalties of existing crimes increases the difficulty of existing cases handled by the SPD. The exact number of cases affected is too uncertain to provide a definitive dollar amount of fiscal impact. Since the amount of impact is uncertain, the SPD cannot assume existing staff will be able to provide representation in these cases. However, once the true fiscal impact is determined, the SPD will reassess the impact of this legislation. Passage of more than one bill increasing existing penalties or creating new crimes will require increased appropriations for the SPD.

ASSUMPTION (continued)

Officials from the **Department of Corrections (DOC)** assume this bill increases the punishment for failing to register as a sex offender. Penalty provisions are elevated for up to a class C felony when priors exist.

Currently, the DOC cannot predict the number of new commitments which may result from the creation/enhancement of the offense(s) outlined in this proposal. An increase in commitments depends on the utilization by prosecutors and the actual sentences imposed by the court.

If additional persons are sentenced to the custody of the DOC due to the provisions of this legislation, the DOC will incur a corresponding increase in operational cost either through incarceration (FY03 average of \$38.10 per inmate per day, or an annual cost of \$13,907 per inmate) or through supervision provided by the Board of Probation and Parole (FY03 average of \$3.15 per offender per day, or an annual cost of \$1,150 per offender).

In summary, supervision by the DOC through probation or incarceration would result in additional unknown costs to the department. Eight (8) persons would have to be incarcerated per fiscal year to exceed \$100,000 annually. Due to the narrow scope of this new crime, it is assumed the impact would be less than \$100,000 per year for the DOC.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

The proposed legislation would increase the punishment for failing to register as a sex offender from an A misdemeanor to a D felony for the first offense and from a D felony to a C felony for the second or subsequent offense.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
