FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Economic Development - Division of Professional Registration** stated this proposal, in its present form, would have no fiscal impact on their agency. The Dental Board already issues the permits outlined in the proposal.

Officials from the **Secretary of State's Office (SOS)** assumed the rules, regulations and forms issued by the Department of Economic Development could require as many as 4 pages in the *Code of State Regulations*. For any given rule, roughly half again as many pages are published in the *Missouri Register* as in the Code because cost statements, fiscal notes and the like are not repeated in the Code. These costs are estimated. The estimated cost of a page in the *Missouri Register* is \$23. The estimated cost of a page in the *Code of State Regulations* is \$27. The actual costs could be more or less the SOS's estimated cost of \$246 for FY 2005. The impact of this legislation in future years is unknown and depends upon the frequency and length of rules, filed, amended, rescinded or withdrawn.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process. Any decisions to raise fees to defray costs would likely be made in subsequent fiscal years.

<u>FISCAL IMPACT - State Government</u>	FY 2005 (10 Mo.)	FY 2006	FY 2007

<u>FISCAL IMPACT - Local Government</u>	FY 2005 (10 Mo.)	FY 2006	FY 2007

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

This proposal requires that all dentists who prescribe and administer deep sedation or general anesthesia agents in the course of providing dental services to possess a conscious sedation permit issued by the Missouri Dental Board. The board is authorized to promulgate rules specifying the criteria by which these sedation permits may be issued.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
