FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

This proposal exempts the licensing requirements for massage therapists licensed in other states who wish to provide services in this state if their licensing requirements are equivalent to those in this state, they are incidentally teaching massage therapy, or they are providing services in conjunction with disaster relief.

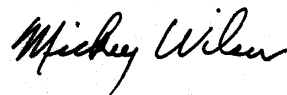

The proposal requires persons from other states providing massage therapy at special events to obtain a special events massage therapy permit from the Board of Therapeutic Massage and Bodywork prior to providing services.

The proposal also removes the requirement that massage therapists display their license number on advertisements.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
