

HB 803 -- Construction and Maintenance of Highways

Sponsor: Lipke (157)

This bill requires that when the State Highways and Transportation Commission acquires real estate through eminent domain the restriction or loss of access to any adjacent highway be considered when assessing damages. "Restriction or loss of access" includes the prohibition of making right or left turns into or out of the real estate involved, if access was present before the proposed improvement was built.

The bill contains an emergency clause.
