

HB 1186 -- Liquor Control

Sponsor: Johnson (47)

This bill allows the Supervisor of Alcohol and Tobacco Control to issue certain temporary and special permits for caterers. A temporary permit effective for 120 consecutive hours or less costs \$10 for each calendar day. This permit replaces the current \$10 per day permit. A special license effective for a maximum of 50 days during a calendar year costs \$500. A special license effective for an unlimited number of days during the year costs \$1,000. Caterers issued a special license or permit must notify the supervisor of the location of each function three business days in advance.
