

HB 1254 -- Buyers Guides

Sponsor: Bland

This bill requires used motor vehicle dealers to display a buyers guide on any used motor vehicle offered for sale. The guide must contain any federal requirements, a line for the buyer's signature acknowledging receipt of the guide, and the closing date of sale. Dealers will be required to give the buyer a copy of the signed buyers guide and keep one for their records. Dealer records will be subject to inspection by the Department of Revenue.

A buyer may cancel the sale of a vehicle within 30 days if these requirements are not met. The bill spells out the return provisions.

The department will be required to establish and maintain a statewide toll-free number for receiving complaints of violations and may institute an investigation to determine whether a dealer is complying with the provisions of the bill.
