

HB 1294 -- Public Water Supply Districts

Sponsor: Rector

This bill prohibits the curtailing or limiting of service provided or made available through public water supply districts by annexation of the area served by the district into a municipality or inclusion of the area served by the district in a municipality's extraterritorial service area during the term of any general or special obligation bonds of the district or of any contractual obligations of the district greater than \$25,000 for debt that pertains to infrastructure, fixed assets, or obligations for the purchase of water.
