

HB 1356 -- Special Consultants on Retirement

Sponsor: Skaggs

This bill allows members of the Highways and Transportation Employees' and Highway Patrol Retirement System (HTEHPRS) and the Missouri State Employees' Retirement System (MOSERS) who retired prior to July 1, 1990, to be appointed and employed by the board of trustees as special consultants on problems of retirement, aging, and other state matters.

As special consultants, retired members will receive on a monthly basis an additional \$5 multiplied by the member's number of years of creditable service.
