

HB 1550 -- Workers' Compensation

Sponsor: Burnett

This bill makes changes to the laws regarding workers' compensation. The bill:

- (1) Extends benefits to real estate agents and direct sellers;
- (2) Requires insurance companies to provide detailed claim and financial information to the Division of Workers' Compensation when required, to operate a physical office within the state, and to have all Missouri claims adjusted by a person in this state; and
- (3) Prohibits corporations with no more than two owners who are also the only employees from withdrawing from workers' compensation provisions.
