

HB 1677 -- Child Custody

Sponsor: Jackson

This bill prohibits state agencies or child placing agencies from placing a child, either permanently or temporarily, with any person who is involved in a sexual relationship with another person but is not married to that person or with any person who asserts a marital relationship to another person to whom the person is not lawfully married under the laws of the State of Missouri. The state agency or child placing agency has a duty to ask the person about the existence of such a relationship.
