

HB 1761 -- Contributions to the Department of Elementary and Secondary Education

Sponsor: Cunningham (145)

This bill creates a method to donate \$5, \$10, or \$25 of an individual's or corporation's income tax refund to the Department of Elementary and Secondary Education's State Public School Fund. The bill also permits separate donations to be sent in with the payment of taxes. When the total of contributions reaches \$1 million, moneys may be distributed to the school districts indicated on the tax forms. The funds will not be distributed through the funding formula.
