

HS SCS SB 1196 -- FIREWORKS REGULATION

This bill changes the definitions and permit requirements for displays or proximate fireworks and where fireworks can be stored and ignited. It increases the fees the State Fire Marshal charges for permits and changes the distribution of the fees between the General Revenue Fund and the Fire Education Fund.

Any false statement or declaration made on a permit application may result in the State Fire Marshal refusing to issue a permit for up to three years. Civil penalties are established for anyone who manufacturers, sells, offers for sale, ships, or causes fireworks to be shipped into the state without possessing the applicable permits.

All costs associated with an adjudication of rights pursuant to the bill will be placed upon the defendant.
