81 5. (1) In the 1993-94 school year and all subsequent school years, pursuant to section
82 10(c) of article X of the state constitution, a school district shall adjust upward its operating levy
83 for school purposes to the extent necessary for the district to at least maintain the current
84 operating expenditures per pupil received by the district from all sources in the 1992-93 school

86 effect subsequent to the 1980 tax year, or the minimum rate required by subsection 2 of section
87 163.021, whichever is less.

101 (3) For any school district which meets the eligibility criteria for state aid as established
102 in section 163.021, but which under subsections 1 to 4 of this section receives no state aid for
103 two successive school years, other than categorical add-ons, by August first following the second
104 such school year, the commissioner of education shall present a plan to the superintendent of the
105 school district for the waiver of rules and the duration of said waivers, in order to promote
106 flexibility in the operations of the district and to enhance and encourage efficiency in the delivery
107 of instructional services. The provisions of other law to the contrary notwithstanding, the plan
108 presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil
109 testing requirements pursuant to section 160.257, RSMo. Further, the provisions of other law

115 (4) In the 1993-94 school year and each school year thereafter for two years, those
116 districts which are entitled to receive state aid under subsections 1 to 4 of this section shall
117 receive state aid in an amount per eligible pupil as provided in this subsection. For the 1993-94
118 school year, the amount per eligible pupil shall be twenty-five percent of the amount of state aid
119 per eligible pupil calculated for the district for the 1993-94 school year pursuant to subsections
120 1 to 4 of this section plus seventy-five percent of the total amount of state aid received by the
121 district from all sources for the 1992-93 school year for which the district is entitled and which
122 are distributed in the 1993-94 school year pursuant to subsections 1 to 4 of this section. For the
123 1994-95 school year, the amount per eligible pupil shall be fifty percent of the amount of state

124 aid per eligible pupil calculated for the district for the 1994-95 school year pursuant to

 129 percent of the amount of state aid per eligible pupil calculated for the district for the 1995-96
 130 school year pursuant to subsections 1 to 4 of this section plus twenty-five percent of the total
 131 amount of state aid received by the district from all sources for the 1992-93 school year for
 132 which the district is entitled and which are distributed in the 1995-96 school year pursuant to
 133 subsections 1 to 4 of this section. Nothing in this subdivision shall be construed to limit the
 134 authority of a school district to raise its district operating levy pursuant to subdivision (1) of this
 135 subsection.

136 (5) If the total of state aid apportionments to all districts pursuant to subdivision (3) of
 137 this subsection is less than the total of state aid apportionments calculated pursuant to
 138 subsections 1 to 4 of this section, then the difference shall be deposited in the outstanding
 139 schools trust fund. If the total of state aid apportionments to all districts pursuant to subdivision
 140 (1) of this subsection is greater than the total of state aid apportionments calculated pursuant to
 141 subsections 1 to 4 of this section, then funds shall be transferred from the outstanding schools
 142 trust fund to the state school moneys fund to the extent necessary to fund the district entitlements
 143 as modified by subdivision (4) of this subsection for that school year with a district entitlement
 144 proration factor no less than one and such transfer shall be given priority over all other uses for
