### AN ACT

To repeal section 306.030, RSMo, and to enact in lieu thereof two new sections relating to the state water patrol.

---

*Be it enacted by the General Assembly of the state of Missouri, as follows:*

Section A. Section 306.030, RSMo, is repealed and two new sections enacted in lieu thereof, to be known as sections 306.030 and 306.185, to read as follows:

306.030. 1. The owner of each vessel requiring numbering by this state shall file an application for number with the department of revenue on forms provided by it. The application shall contain a full description of the vessel, factory number or serial number, together with a statement of the applicant's source of title and of any liens or encumbrances on the vessel. For good cause shown the director of revenue may extend the period of time for making such application. The director of revenue shall use reasonable diligence in ascertaining whether the facts stated in such application are true, and, if satisfied that the applicant is the lawful owner of such vessel, or otherwise entitled to have the same registered in his **or her** name, shall thereupon issue an appropriate certificate of title over [his] **the director's** signature and sealed with the seal of [his] **the director's** office, procured and used for such purpose, and a certificate of number stating the number awarded to the vessel. The application shall include a provision stating that the applicant will consent to any inspection necessary to determine compliance with the provisions of this chapter and shall be signed by the owner of the vessel and shall be accompanied by the fee specified in subsection 8 of this section. The owner shall paint on or attach to each side of the bow of the vessel the identification number in a manner as may be

17 visible. The number shall be maintained in legible condition. The certificate of number shall  
18 be pocket size and shall be available at all times for inspection on the vessel for which issued,  
19 whenever the vessel is in operation. The operator of a vessel in which such certificate of number  
20 is not available for inspection by the state water patrol or, if the operator cannot be determined,  
21 the person who is the registered owner of the vessel shall be subject to the penalties provided in  
22 section 306.210. Vessels owned by the state or a political subdivision shall be registered but no  
23 fee shall be assessed for such registration.

24         2. Each new vessel sold in this state after January 1, 1970, shall have die stamped on or  
25 within three feet of the transom or stern a factory number or serial number.

26         3. The owner of any vessel already covered by a number in full force and effect which  
27 has been awarded to it pursuant to then operative federal law or a federally approved numbering

29 state in excess of the sixty-day reciprocity period provided for in section 306.080. The  
30 recordation and payment of registration fee shall be in the manner and pursuant to the procedure  
31 required for the award of a number under subsection 1 of this section. No additional or substitute  
32 number shall be issued unless the number is a duplicate of an existing Missouri number.

33         4. In the event that an agency of the United States government shall have in force an  
34 overall system of identification numbering for vessels within the United States, the numbering  
35 system employed pursuant to this chapter by the department of revenue shall be in conformity  
36 therewith.

38 be public records.

39         6. Every certificate of number awarded pursuant to this chapter shall continue in force  
40 and effect for a period of three years unless sooner terminated or discontinued in accordance with  
41 the provisions of this chapter. Certificates of number may be renewed by the owner in the same  
42 manner provided for in the initial securing of the same or in accordance with the provisions of  
43 sections 306.010 to 306.030.

44         7. The department of revenue shall fix the days and months of the year on which  
45 certificates of number due to expire during the calendar year shall lapse and no longer be of any  
46 force and effect unless renewed pursuant to this chapter and may stagger such dates in order to  
47 distribute the workload.
