### **FISCAL ANALYSIS**

#### **ASSUMPTION**

Officials from the **Department of Public Safety – Missouri State Highway Patrol** assume the proposed legislation would have no fiscal impact on their agency.

Officials from the **Office of State Courts Administrator** assume the proposed legislation would have no fiscal impact on the courts.

Officials from the **Office of Prosecution Services** assume the proposal would not have a significant direct fiscal impact on county prosecutors.

Officials from the **Office of the State Public Defender (SPD)** assume existing staff could provide representation for those few cases arising where indigent persons were charged with criminal use of property by operating audiovisual recording devices while in a movie. Passage of more than one bill increasing penalties on existing crimes or creating new crimes would require the SPD to request increased appropriations to cover the cumulative cost of representing indigent persons accused in the now more serious cases or in the new additional cases.

ASSUMPTION (continued)

Officials from the **Department of Corrections (DOC)** assume this proposal creates the criminal use of property by operating audiovisual recording devices while in a movie, punishable by up to a class D felony.

Currently, the DOC cannot predict the number of new commitments which may result from the enhancement of the offense(s) outlined in this proposal. An increase in commitments depends on the utilization by prosecutors and the actual sentences imposed by the court.

If additional persons are sentenced to the custody of the DOC due to the provisions of this legislation, the DOC will incur a corresponding increase in operational cost either through incarceration (FY04 average of \$38.37 per inmate per day, or an annual cost of \$14,005 per inmate) or through supervision provided by the Board of Probation and Parole (FY03 average of \$3.15 per offender, per day or an annual cost of \$1,150 per offender).

The following factors contribute to DOC's minimal assumption:

- DOC assumes the narrow scope of the crime will not encompass a large number of offenders;
- The low felony status of the crime enhances the possibility of plea-bargaining or imposition of a probation sentence; and
- The probability exists that offenders would be charged with a similar but more serious offense or that sentences may run concurrent to one another.

In summary, supervision by the DOC through probation or incarceration would result in additional costs, but DOC assumes the impact would be \$0 or a minimal amount that could be absorbed within existing resources.

<u>FISCAL IMPACT - State Government</u>	FY 2006 (10 Mo.)	FY 2007	FY 2008
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>
<u>FISCAL IMPACT - Local Government</u>	FY 2006 (10 Mo.)	FY 2007	FY 2008
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

The proposed legislation would also create the offense of criminal use of real property through the misuse of audiovisual recording devices. A person who would knowingly operate the audiovisual recording function of a device at a movie without proper consent from certain individuals is guilty of criminal use of real property.

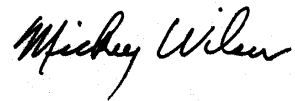

The proposal would not prohibit law enforcement from operating audiovisual recording devices during the course of their authorized activities. The owner, authorized agent, or employee who alerts law enforcement authorities would not be liable in any civil action arising out of detaining a person believed to have violated this section, unless the plaintiff can show that such measures were unreasonable or the period of detention was unreasonably long.

The proposal would make criminal use of real property pursuant to this section a class A misdemeanor unless it is a second or subsequent offense, in which case it would be a class D felony.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
