FISCAL ANALYSIS

ASSUMPTION

Officials of the **Department of Revenue** assumes if they were to enter into an agreement to collect the tax, they could handle the additional workload with existing resources.

Oversight assumes if the Department of Revenue collects the sales tax, the DOR would retain a 1% fee for collecting the tax. The amount of money generated by the 1% fee is indeterminable and is unknown. Oversight will show fiscal impact to the State's General Revenue Fund as \$0 to Unknown. The impact would be \$0 if the city would collect it's own sales tax.

Officials of the City of Independence stated that a portion of the revenue would be recommended to operate the National Frontier Trails Museum, a facility owned by the State and operated by the City of Independence. The remaining funds would be used for tourism related activities.

Officials estimate that a 2% restaurant tax would generate \$2.6 million annually.

Oversight assumes there would be two trust funds established. The Museum Trust Fund would be used for museum related purposes and the Tourism-Related Trust Fund. All funds would be appropriated by the City Council

ASSUMPTION (continued)

Because Oversight does not know what appropriation amounts would be directed to each fund, therefore, fiscal impact will be shown as Unknown.
