#### **FISCAL ANALYSIS**

### **ASSUMPTION**

Officials from the **Missouri Consolidated Health Care Plan** assume the proposal will have no fiscal impact on their organization.

Officials from the **Department of Public Safety (DPS) - Director's Office** defer any cost estimates or comments to the Office of Administration and the Missouri Consolidated Health Care Plan since health care premiums and insurance matters are handled through those agencies.

Officials from the **DPS - Missouri State Highway Patrol** defer to the Missouri Department of Transportation for response regarding the potential fiscal impact of this proposal on their organization.

Officials from the **Missouri Department of Transportation (DOT)** state the proposal would have no fiscal impact on the DOT or Missouri Highway and Transportation Commission since the proposal only applies to HMOs and health insurers and not to self-insured governmental plans.

Officials from the **Missouri Department of Conservation (MDC)** state the proposal would not impact MDC or the MDC insurance plan as the proposal does not appear to apply to self-insured government plans.

# <u>ASSUMPTION</u> (continued)

Officials from the **Department of Social Services - Division of Medical Services (DMS)** state the proposed legislation requires health maintenance organizations and health insurers to charge enrollees the lesser of the co-payment or the actual cost of a prescription drug. The proposal will not have a fiscal impact on the DMS.

Officials from the **Department of Insurance (INS)** state the INS estimates 160 insurers and HMOs would be required to submit amendments to their policies to comply with the legislation. Policy amendments must be submitted to the INS for review, along with a \$50 filing fee. One-time additional revenues to the Insurance Dedicated Fund are estimated to be \$8,000.

Additional staff and expenses are not being requested with this single proposal, but if multiple proposals pass during the legislative session which require policy for reviews, the INS will need to request additional staff to handle the increase in workload.

### This proposal would result in an increase in total state revenue.

FISCAL IMPACT - State Government	FY 2006 (10 Mo.)	FY 2007	FY 2008
INSURANCE DEDICATED FUND	,		
<u>Income - Department of Insurance</u> Form filing fees	\$8,000	<u>\$0</u>	<u>\$0</u>
ESTIMATED NET EFFECT ON INSURANCE DEDICATED FUND	<u>\$8,000</u>	<u>\$0</u>	<u>\$0</u>
FISCAL IMPACT - Local Government	FY 2006 (10 Mo.)	FY 2007	FY 2008
	<u><b>\$0</b></u>	<u>\$0</u>	<u><b>\$0</b></u>

### FISCAL IMPACT - Small Business

The proposal could impact small businesses that provide insurance to their employees if the cost of premiums increases as a result of the proposal.

### **DESCRIPTION**

This proposal specifies that if the usual and customary retail price of a drug is less than the co-payment applied by a health maintenance organization or health insurer, then the enrollee is only required to pay the usual and customary price of the prescription drug.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
