FISCAL ANALYSIS

ASSUMPTION

Officials of the **Department of Transportation** assume that if the City of Warrensburg were to annex an area along a road or highway, the department would be required to relocate city boundary signs located along state routes around the City of Warrensburg.

Officials assume they would remove and install the new city limit/speed limit assembly in the new location. Officials assume only one new assembly would be required at a cost of \$340 per assembly. Therefore officials estimate a one-time cost of \$340. Officials stated that if a speed study were conducted, the cost would be absorbed with existing resources. Cost would be to the Road Fund.

Officials of the City of Warrensburg did not respond.

Oversight assumes that the decision to annex would be discretionary, and any cost of annexation would be absorbed by the City of Warrensburg **Oversight assumes that the Department of Transportation would be able to absorb cost. Therefore, cost to Department of Transportation will be shown as \$0.**
