FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Public Safety – Director’s Office, – Missouri State Water Patrol, – Division of Fire Safety**, and the – **Missouri State Highway Patrol** assume the proposal would have no fiscal impact on their agencies.

Officials from the **Office of State Courts Administrator** assume the proposed legislation would have no fiscal impact on the courts.

Officials from the **Office of Prosecution Services** assume the proposal would not have a significant direct fiscal impact on county prosecutors.

Officials from the **Office of the State Public Defender (SPD)** assume existing staff could provide representation for those few cases arising where indigent persons were charged with the revised crime of assault of a law enforcement or emergency personnel in the first, second, and third degrees to include jailors. Passage of more than one bill increasing penalties on existing crimes or creating new crimes would require the SPD to request increased appropriations to cover the cumulative cost of representing indigent persons accused in the now more serious cases or in the new additional cases.

ASSUMPTION (continued)

Officials from the **Department of Corrections (DOC)** assume this proposal, if passed into law, revises the crimes of assault of a law enforcement officer (LEO) or emergency personnel in the first, second, and third degrees by adding jailors. Expansion of these definitions are for crimes with existent penalty provisions of up to a class A felony.

The DOC cannot currently predict the number of new commitments which may result from the creation of the offense(s) outlined in this proposal. An increase in commitments depends on the utilization by prosecutors and the actual sentences imposed by the court. Passage of this proposal may increase the probability of arrest and/or conviction.

If additional persons are sentenced to the custody of the DOC due to the provisions of this legislation, the DOC will incur a corresponding increase in operational cost either through incarceration (FY04 average of \$38.37 per inmate per day, or an annual cost of \$14,005 per inmate) or through supervision provided by the Board of Probation and Parole (FY03 average of \$3.15 per offender per day, or an annual cost of \$1,150 per offender).

At this time, the DOC is unable to determine the number of people who would be convicted under the provisions of this bill and therefore the number of additional inmate beds that may be required as a consequence of passage of this proposal. Estimated construction cost for one new medium to maximum-security inmate bed is \$55,000. Utilizing this per-bed cost provides for a conservative estimate by the DOC, as facility start-up costs are not included and entire facilities and/or housing units would have to be constructed to cover the cost of housing new commitments resulting from the cumulative effect of various new legislation, if adopted as statute.

In summary, supervision by the DOC through probation or incarceration would result in additional unknown costs to the department. Eight (8) persons would have to be incarcerated per fiscal year to exceed \$100,000 annually. Due to the narrow scope of this new crime, DOC assumes the impact would be less than \$100,000 per year.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

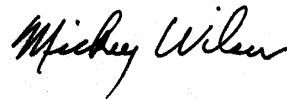

DESCRIPTION

The proposed legislation would expand the crime of assault of a law enforcement officer or emergency personnel in the first, second, or third degree to include jailors.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
