DESCRIPTION

Currently, a person who provides assessment services for the state in sexual offender cases cannot be related within the third degree of consanguinity or affinity to any person who has a financial interest in a sex offender counseling program. The proposed legislation would remove that prohibition when there is only one qualified service provider within a reasonably accessible distance from the offender or when the only providers available within a reasonable distance are related within the third degree on consanguinity to any person who has a financial interest in the service provider.

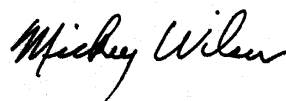

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
