FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Social Services - Division of Medical Services**, the **Department of Mental Health**, the **Missouri Consolidated Health Care Plan**, the **Department of Insurance**, and the **Missouri Department of Conservation** assume this proposal would not fiscally impact their agencies.

Officials from the **Department of Health and Senior Services (DOH)** assume this proposal would not fiscally impact their agency. DOH states if an impact were to result, funds to support the program would be sought through the appropriation process.

Officials from the **Department of Transportation (DHT)** assume this proposal does not require insurance carriers or self-insured plans to cover drugs if purchased or acquired in Canada. As a result, the DHT assumes DHT or the Highway and Patrol Medical Plan would not have a fiscal impact as a result of this proposal.
