

HB 383 -- Sovereign Immunity

Sponsor: Pratt

This bill repeals sovereign immunity for the proprietary functions of multi-state compact agencies. The remedy against a public entity for injury, death, or property damage arising from the negligent acts or omissions of a public employee is exclusive of any other civil action or proceeding for money damages by reason of the same subject matter against the employee or the employee's estate. Any other civil action or proceeding for money damages that arises out of or is related to the same subject matter against the employee or the employee's estate is precluded without regard to when the act or omission occurred.
