

HB 565 -- Regional Taxicab Commission

Sponsor: Oxford

Currently, four of the eight members of the regional taxicab commission must be representatives of the taxicab industry, and the chairperson may be a taxicab industry representative. This bill prohibits representatives of the taxicab industry, their spouses, or anyone with a financial interest in the industry from serving on the commission. An advisory committee, comprised of five taxicab industry representatives, is established.
