244 sales and use taxes on purchases pursuant to the laws of the state in which the entity is located.
245 Any contractor making purchases on behalf of such entity shall maintain a copy of the entity's

247 exempt entity to the contractor is later determined by the director of revenue to be invalid for any
248 reason and the contractor has accepted the certificate in good faith, neither the contractor or the
249 exempt entity shall be liable for the payment of any taxes, interest and penalty due as the result
250 of use of the invalid exemption certificate. Materials shall be exempt from all state and local
251 sales and use taxes when purchased by a contractor for the purpose of fabricating tangible
252 personal property which is used in fulfilling a contract for the purpose of constructing, repairing

EXPLANATION: Subdivision (37) of subsection 2 of this section expired June 30, 2003.

171.033. 1. Except as provided in [subsections 3 and 4] **subsection 3** of this section, no school district shall be exempt from any requirement to make up any days of school lost or canceled due to inclement weather, unless that school district schedules at least two-thirds as many make-up days for a school year as were lost in the previous school year, which days shall be in addition to the school calendar days required for a school term by section 171.031.

2. If, after using the make-up days referred to in subsection 1, a district does not meet the requirement for a term of one hundred seventy-four days of actual pupil attendance, it shall be required to make up no more than eight additional days of school lost or canceled due to inclement weather and half the number of days lost or canceled in excess of eight days.

3. [In the 2002-03 school year, a school district may be exempt from the requirement to make up days of school lost or canceled due to inclement weather occurring after November 20, 2002, in the school district, but such reduction of the minimum number of school days shall not exceed five days when a district has missed more than seven days overall, such reduction to be taken as follows: one day for eight days missed, two days for nine days missed, three days for ten days missed, four days for eleven days missed, and five days for twelve or more days missed. The requirement for scheduling two-thirds of the missed days into the next year's calendar pursuant to subsection 1 of this section shall be waived for the 2003-04 school year.

18 4.] The commissioner of education may provide, for any school district in which schools
19 are in session for twelve months of each calendar year that cannot meet the minimum school
20 calendar requirement of at least one hundred seventy-four days and one thousand forty-four hours
21 of actual pupil attendance, upon request, a waiver to be excused from such requirement. This
22 waiver shall be requested from the commissioner of education and may be granted if the school
23 was closed due to circumstances beyond school district control, including inclement weather,
24 flooding or fire.

25

26 EXPLANATION: Subsection 3 of this section is ineffective by its own provisions; it exempts
27 schools from the make-up days requirement for the 2002-03 and 2003-04 school years:

28

43 (8) "Health service area", a geographic region appropriate for the effective planning and
44 development of health services, determined on the basis of factors including population and the

76 working drawings and specifications, and any arrangement or commitment made for financing;
77 but excluding submission of an application for a certificate of need.

78

79 EXPLANATION: Subdivision (7) of this section is ineffective; the expiration of certain
80 certificate of need provisions makes the definition of "health care facilities" unnecessary.

81

197.318. 1. [The provisions of section 197.317 shall not apply to a residential care
2 facility I, residential care facility II, intermediate care facility or skilled nursing facility only
3 where the department of social services has first determined that there presently exists a need for
4 additional beds of that classification because the average occupancy of all licensed and available
5 residential care facility I, residential care facility II, intermediate care facility and skilled nursing
6 facility beds exceeds ninety percent for at least four consecutive calendar quarters, in a particular
7 county, and within a fifteen-mile radius of the proposed facility, and the facility otherwise
8 appears to qualify for a certificate of need. The department's certification that there is no need
9 for additional beds shall serve as the final determination and decision of the committee. In
10 determining ninety percent occupancy, residential care facility I and II shall be one separate
11 classification and intermediate care and skilled nursing facilities are another separate
12 classification.

13 2.] The Missouri health facilities review committee may, for any facility certified to it
14 by the department, consider the predominant ethnic or religious composition of the residents to
15 be served by that facility in considering whether to grant a certificate of need.

16 [3. There shall be no expenditure minimum for facilities, beds, or services referred to in
17 subdivisions (1), (2) and (3) of section 197.317. The provisions of this subsection shall expire
18 January 1, 2003.

19 4.] 2. As used in this section, the term "licensed and available" means beds which are
20 actually in place and for which a license has been issued.

21 [5. The provisions of section 197.317 shall not apply to any facility where at least
22 ninety-five percent of the patients require diets meeting the dietary standards defined by section
23 196.165, RSMo.

24 6.] 3. The committee shall review all letters of intent and applications for long-term care
25 hospital beds meeting the requirements described in 42 CFR, Section 412.23(e) under its criteria
26 and standards for long-term care beds.

27 [7. Sections 197.300 to 197.366 shall not be construed to apply to litigation pending in
28 state court on or before April 1, 1996, in which the Missouri health facilities review committee
29 is a defendant in an action concerning the application of sections 197.300 to 197.366 to
30 long-term care hospital beds meeting the requirements described in 42 CFR, Section 412.23(e).

31 8.] 4. Notwithstanding any other provision of this chapter to the contrary:

32 (1) A facility licensed pursuant to chapter 198, RSMo, may increase its licensed bed
33 capacity by:

34 (a) Submitting a letter of intent to expand to the division of aging and the health facilities
35 review committee;

36 (b) Certification from the division of aging that the facility:

37 a. Has no patient care class I deficiencies within the last eighteen months; and

38 b. Has maintained a ninety-percent average occupancy rate for the previous six quarters;

39 (c) Has made an effort to purchase beds for eighteen months following the date the letter
40 of intent to expand is submitted pursuant to paragraph (a) of this subdivision. For purposes of
41 this paragraph, an "effort to purchase" means a copy certified by the offeror as an offer to
42 purchase beds from another licensed facility in the same licensure category; and

43 (d) If an agreement is reached by the selling and purchasing entities, the health facilities
44 review committee shall issue a certificate of need for the expansion of the purchaser facility upon
45 surrender of the seller's license; or

46 (e) If no agreement is reached by the selling and purchasing entities, the health facilities
47 review committee shall permit an expansion for:

48 a. A facility with more than forty beds may expand its licensed bed capacity within the
49 same licensure category by twenty-five percent or thirty beds, whichever is greater, if that same
50 licensure category in such facility has experienced an average occupancy of ninety-three percent
51 or greater over the previous six quarters;

52 b. A facility with fewer than forty beds may expand its licensed bed capacity within the
53 same licensure category by twenty-five percent or ten beds, whichever is greater, if that same
54 licensure category in such facility has experienced an average occupancy of ninety-two percent
55 or greater over the previous six quarters;

56 c. A facility adding beds pursuant to subparagraphs a. or b. of this paragraph shall not
57 expand by more than fifty percent of its then licensed bed capacity in the qualifying licensure
58 category;

59 (2) Any beds sold shall, for five years from the date of relicensure by the purchaser,
60 remain unlicensed and unused for any long-term care service in the selling facility, whether they
61 do or do not require a license;

62 (3) The beds purchased shall, for two years from the date of purchase, remain in the bed
63 inventory attributed to the selling facility and be considered by the department of social services
64 as licensed and available for purposes of this section;

65 (4) Any residential care facility licensed pursuant to chapter 198, RSMo, may relocate
66 any portion of such facility's current licensed beds to any other facility to be licensed within the
67 same licensure category if both facilities are under the same licensure ownership or control, and
68 are located within six miles of each other;

69 (5) A facility licensed pursuant to chapter 198, RSMo, may transfer or sell individual
70 long-term care licensed beds to facilities qualifying pursuant to paragraphs (a) and (b) of
71 subdivision (1) of this subsection. Any facility which transfers or sells licensed beds shall not
72 expand its licensed bed capacity in that licensure category for a period of five years from the date
73 the licensure is relinquished.

74 [9.] 5. Any existing licensed and operating health care facility offering long-term care
75 services may replace one-half of its licensed beds at the same site or a site not more than thirty
76 miles from its current location if, for at least the most recent four consecutive calendar quarters,
77 the facility operates only fifty percent of its then licensed capacity with every resident residing
78 in a private room. In such case:

79 (1) The facility shall report to the division of aging vacant beds as unavailable for
80 occupancy for at least the most recent four consecutive calendar quarters;

81 (2) The replacement beds shall be built to private room specifications and only used for
82 single occupancy; and

83 (3) The existing facility and proposed facility shall have the same owner or owners,
84 regardless of corporate or business structure, and such owner or owners shall stipulate in writing
85 that the existing facility beds to be replaced will not later be used to provide long-term care
86 services. If the facility is being operated under a lease, both the lessee and the owner of the
87 existing facility shall stipulate the same in writing.

88 [10.] 6. Nothing in this section shall prohibit a health care facility licensed pursuant to
89 chapter 198, RSMo, from being replaced in its entirety within fifteen miles of its existing site so
90 long as the existing facility and proposed or replacement facility have the same owner or owners
91 regardless of corporate or business structure and the health care facility being replaced remains
92 unlicensed and unused for any long-term care services whether they do or do not require a license
93 from the date of licensure of the replacement facility.

46 of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section
47 and chapter 536, RSMo, are nonseverable and if any of the powers vested with
48 the general assembly pursuant to chapter 536, RSMo, to review, to delay the

9 attorney general does not approve, then the attorney general shall return the
10 agreement with additional proposed provisions as may be necessary to the proper
11 enforcement of the agreement as required to protect the state's legal interest. If
12 the attorney general does not respond within ten days, or in the case of any
13 agreement that involves an abatement of the taxpayer's tax liability, including
