ESTIMATED NET EFFECT ON LOCAL FUNDS			
FUND AFFECTED	FY 2007	FY 2008	FY 2009
<b>Local Government</b>	<b>\$0</b>	<b>\$0</b>	<b>\$0</b>

### FISCAL ANALYSIS

#### ASSUMPTION

Officials from the **Department of Elementary and Secondary Education (DESE)** assume little to no impact on the department or local school districts. There may be some printing costs associated with modification of this language; however, the modifications would not prohibit the materials from including the latest medically factual information.

Officials from the **Department of Health and Senior Services (DOHSS)** state this proposal would not be expected to fiscal impact the operations of DOHSS. If a fiscal impact were to result, funds to support the program would be sought through the appropriations process

Officials from the **Poplar Bluff, Nixa, Francis Howell, Kansas City, Columbia, and Parkway School Districts** stated there would be no fiscal impact to their districts.

Officials from **Central Missouri State University** stated this proposal would not have fiscal impact on their role as sponsor of public charter schools.

A fiscal impact request was sent to the school districts of **St Louis, Maryville, Salisbury and others** who did not respond to a request for fiscal impact of the proposal.

**Oversight** assumes any minimal costs to DESE or the school districts can be absorbed with existing resources.

<u>FISCAL IMPACT - State Government</u>	FY 2007	FY 2008	FY 2009
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

<u>FISCAL IMPACT - Local Government</u>	FY 2007	FY 2008	FY 2009
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

This proposed legislation revises existing requirements for presenting information in public schools relating to contraception and sexually transmitted diseases. Students must be presented with the latest medically factual information regarding both the possible side effects and health benefits of contraception, including the success and failure rates for the prevention of pregnancy and sexually transmitted diseases. Students should know this information may be available from their previously designated family practitioner

Currently, curriculum materials must be made available for inspection prior to use. The proposal clarifies that the materials should be available one week before use and also requires that schools must make known the instructor's name and any affiliation with an entity involved with human sexuality instruction at least one week in advance. The parental notification and approval process of a child's participation is expanded.

No school district or charter school shall permit a person or entity to offer, sponsor, or furnish in any manner any course materials or instruction relating to human sexuality or sexually transmitted diseases to its students if such person or entity is a provider of abortion services.

The proposal also clarifies that its provisions are applicable to charter schools.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
