FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of Secretary of State (SOS)** assumed the rules, regulations and forms issued by the Department of Elementary and Secondary Education could require as many as 26 pages in the *Code of State Regulations*. For any given rule, roughly half again as many pages are published in the *Missouri Register* as in the Code because cost statements, fiscal notes and the like are not repeated in the Code. These costs are estimated. The estimated cost of a page in the *Missouri Register* is \$23. The estimated cost of a page in the *Code of State Regulations* is \$27. The actual costs could be more or less the SOS's estimated cost of \$1,599 for FY 2007. The impact of this legislation in future years is unknown and depends upon the frequency and length of rules, filed, amended, rescinded or withdrawn.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process. Any decisions to raise fees to defray costs would likely be made in subsequent fiscal years.

Officials from the **Department of Elementary and Secondary Education (DESE)** assume DESE would incur costs to upgrade the computer system to track appropriate certification data. Collecting another piece of data on test scores would entail more staff time. DESE does not

expect these costs to exceed \$100,000.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

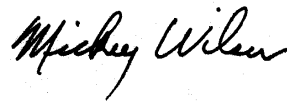

DESCRIPTION

This proposed legislation permits teachers who have attained certification through the American Board for Certification of Teacher Excellence to acquire Missouri certification based on State Board of Education rules. The State Board of Education is permitted to recognize certification through other federally approved teacher certification organizations at its discretion.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
