### FISCAL ANALYSIS

#### ASSUMPTION

Officials from the **Department of Health and Senior Services (DOH)** state the proposal is not expected to fiscally impact the operations of the DOH. If a fiscal impact were to result, funds to support the program would be sought through the appropriations process.

Officials from the **Department of Economic Development - Division of Professional Registration (PR)** state the Board of Pharmacy obtained the costs the Dental Board incurred when its well-being committee was set up and applied the cost per licensee to the number of licensed pharmacy professionals. The PR estimates the cost of setting up and operating a pharmacy well-being committee to be \$194,865 per year (\$8.29 cost per dental professional licensee X 23,506 licensed pharmacy professionals). The PR also states there would have to be contracts bid out periodically to maintain this committee and they reserve the right to increase pharmacy license fees to cover costs.

**Oversight** assumes the Board of Pharmacy would adjust the pharmacy licensing fees to cover the costs of this program.

Officials from the **Office of Secretary of State (SOS)** state the fiscal impact for this proposal to the SOS for administrative rules is less than \$1,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs.

ASSUMPTION (continued)

However, the SOS also recognizes that many such proposals may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the SOS can sustain within its core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the Governor.

<u>FISCAL IMPACT - State Government</u>	FY 2007 (10 Mo.)	FY 2008	FY 2009
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

<u>FISCAL IMPACT - Local Government</u>	FY 2007 (10 Mo.)	FY 2008	FY 2009
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT - Small Business

Small business pharmacies could be impacted by this proposal if license fees are increased.

DESCRIPTION

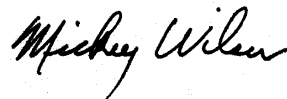

This proposal allows the Missouri State Board of Pharmacy to establish the Well-being Committee to aid pharmacists who suffer from illness, substance abuse, mental illness, or physical impairments. The board will enter into contractual agreements with nonprofit corporations for the purpose of creating, supporting, and maintaining the committee. All communications involving the licensee and the committee are confidential and not considered public records. The board may refuse to issue a license or permit, or as a condition of renewal, require the person to submit to treatment by the well-being committee.

The committee may disclose information about an impaired licensee when it is necessary to further the intervention, treatment, or rehabilitation of the licensee; the release is authorized by the licensee; the committee must make a report to the board; the information is subject to a court order; or the information is subject to discovery as evidence in a civil, criminal, or administrative proceeding.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
