FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Public Safety – Director’s Office** assume the proposal would have no fiscal impact on their agency.

Officials from the **Office of State Courts Administrator** assume the proposed legislation would have no fiscal impact on the courts.

Officials from the **Department of Public Safety – Missouri State Highway Patrol (MHP)** assume there are three individuals who may qualify for restitution. MHP estimates the total payments to total \$875,000. MHP assumes payments of \$36,500 per person per year would reach \$109,500 per year. Since MHP cannot estimate how many individuals will receive restitution, officials assume the impact may be from \$0 to \$109,500 per year.

Officials from the **Office of the Attorney General** did not respond to Oversight’s request for fiscal impact.

DESCRIPTION

The proposed legislation allows any individual exonerated due to DNA testing to file for restitution payments one year after August 28, 2006, or within one year of his or her release from confinement, whichever occurs later. Currently, the petition must be filed within one year of the release from confinement after August 28, 2003.

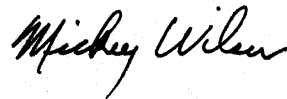

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
